Dear Mr. Messersmith :-

I would feel very much a "slacker" if I didn't write to tell you how much I personally resent the monstrosly unfair news articles that have been published recently in European editions of American papers respecting the "Einstein" affair.

But it was comforting indeed to see the splendid action taken by the American Chamber of Commerce together with the other two American Organizations in Germany. And I am certain that you and your most efficient office in Germany will emerge from this situation with even more credit than is usually given for a job continuously well done.

With my kindest personal regards to you and Mrs. Messersmith from myself and Mrs. Wolf, I am

Respectfully yours

GEO. W. WOLF
