NEWARK, DELAWARE, OCTOBER 23, 1925

NUMBER 4

HOLD SEVENTH ANNUAL MEETING OF FACULTY CLUB

Mr. A. G. Wilkinson New President

The seventh annual meeting of the Faculty Club was held in the Club Rooms Monday evening of this week. Fifty-two of the seventy-five members were present.

The new professors were cordially welcomed to Delaware and were told that the club has done much toward creating the spirit of friendship which now exists in the faculty, thus giving the new members a better opportunity to become more closely acquainted.

Because of the absence of Doctor F. M. K. Foster, Doctor T. F. Manns, vice-president, was chairman. A letter from Dr. Foster, who is now affiliated with the English Department of the University of Wisconsin and President of the Faculty Club, was read. It follows:

"October 5, 1925.

"Gentlemen of the Faculty Club:
"Having deserted the Blue Hen's Chicks for a herd, swarm or colony (I don't know yet which word fits) of Badgers, I find myself in the position of having to send my swan song by mail with the hope that the Secretary will sing it for me. I hope very much that he will do me that favor, for there are a few things which I wish to say to you.

"First of all, I believe the Treasurer's report is a matter for congratulation. The sum of money which he has succeeded in setting aside for the replacement of equipment as it wears out is an excellent beginning. For several years the Club has attempted to do this but until this year has failed in the effort. The reason for the success this year is to be found in the fact that the Treasurer made up a budget for the year's expenses and that all concerned with the expenditure of money used no more than was allotted to them.

"In addition, I wish to thank the
(Continued on Page 4.)

DELAWARE LOSES TO SWARTHMORE

Safety In Last Quarter Wins
Closely Matched Game
For Visitors

Close to five thousand people, the largest crowd that has ever witnessed a football game on Frazer Field, last Saturday saw Old Delaware hold the stellar Swarthmore eleven to the score of 2-0, with the University of Delaware on the short end.

All went well with the Blue and Gold until the last few minutes of the final quarter, after holding the "Little Quakers" for downs on our three-yard line, Creamer was about to kick off when a Garnet player got through and blocked his kick while another Swarthmore man fell on the ball out of bounds. It was ruled a safety, and proved to be the only score of the game.

Delaware's plucky fight and brilliant defensive work was a great surprise to both the Swarthmore players and hundreds of fans. Only two weeks ago the Swarthmore men held
(Continued on Page 4.)

Club Meetings

The Ag. Club held its first real meeting of the year last week. Mr. Graham gave a very interesting talk on "How the things were being done at the Experimental Farm." He discussed the wheat, the corn, and the pasture. A short business meeting was held in which a definite program was arranged. The program includes speakers from all over the state. The idea of getting the speakers from the different parts of the state is to get the Club recognized more widely.

The Delaware Engineering Club has scheduled a series of interesting meetings and an educational trip. The regular program meeting of October 27 will be held, but the speaker has not been definitely decided upon. In the regular November meeting, the Club expects a speaker from the Portland Cement Company. On November 21 the members of the Club, who are in good scholastic standing, will go on an inspecting trip to the Delaware River Bridge. This is the first trip of the year, and President Bowers is making every effort to make it a success.

Coming Events

Saturday—Oct. 24—Football with Saint John's. 2.30.
Kappa Alpha Informal. Commons, 8.30.
Fraternity House Parties.
Monday, Oct. 26—Delaware College Glee Club. Wolf Hall, at 4 p. m.
Wednesday, Oct. 28—Fraternity Meetings.
Thursday, Oct. 29—Y. M. C. A. meets. Lounge Room, 6.45. Cider and Pretzels.
Friday, Oct. 30—Upsala Pep Fest. 7.30.
Junior Varsity vs. Newark High 3.45.
Saturday, Oct. 31—Junior Varsity vs. Salesianum, 1.30.
Varsity vs. Upsala College, 2.30.
Hallowe'en Dance, W. C. D., Commons, 8.30.

DR. C. L. PENNY DIES AFTER BRIEF ILLNESS

Had Served College For
Thirty-five Years

Dr. C. L. Penny, aged 70 years, professor of chemistry, passed away at his home in Newark at one o'clock Tuesday afternoon. Dr. Penny was stricken with uraemic poisoning at his home last Friday morning, and remained unconscious practically up until the time of his death. There were indications of improvement in his condition Tuesday morning, but he suffered a sudden relapse and the end came shortly after noon.

With the exception of Dr. George A. Harter, former president of Delaware College, and Professor Elisha Conover, professor of Greek and Latin, Dr. Penny was the oldest member of the University of Delaware faculty in point of service. He was graduated from Bucknell College and later took a post graduate course at the University of Heidelberg, Germany. He came to Delaware College as a member of the Agricultural Experimental Station in 1888 as a chemist. For many years he served in the capacity of state chemist. He also taught German in the college for a few years. Professor Penny was a member of the faculty of Pennsylvania State College in 1907 and 1908. He returned to Delaware as professor of chemistry in 1909 succeeding the late Dr. Theodore R. Wolf, for whom Wolf Hall is named.

Dr. Penny was a well known figure in Newark and was beloved by everyone in the town. He had a genial and friendly disposition that made him a host of staunch friends. He was a member of the Wilmington Country Club and had been an ardent golfer for years. He was also a member of several Chemical Societies including the American Chemical Society. Professor Penny was also a member of the Newark Presbyterian Church. He is survived by his wife, Mrs. Penny.

Dr. Hulihan Returns From Southern Trip

Dr. Hulihan returned Monday morning from a trip to North Carolina and Tennessee where he attended the Semi-Centennial of the opening of the University of North Carolina at Chapel Hill, North Carolina in 1875, and also the Semi-Centennial of the founding of Vanderbilt University, Nashville, Tennessee in the same year.

Dr. Hulihan reports that these meetings were attended by representatives of several hundred colleges and universities. In the educational conferences which marked these occasions addresses were made by distinguished men from all parts of the country: Dr. Vinson, President of the Rockefeller Foundation; Dr. Pritchett, President of the Carnegie Corporation; President Angell of Yale; Dr. John Finley of the New York Times; Dr. Paul Shorey of the University of Chicago; Dr. Simon Flexner of the Rockefeller Institute for Medical Research, and many others.

SOPHOMORES DEFEAT FRESHMEN IN MEET

Good Material Shown In
Ranks of First Year
Men

The Sophomores defeated the Freshmen in the annual track meet between the two lower classes. There were no record breaking times made in any of the events, however, the majority of the running races were closely contested. The final score was Sophomores 66, Freshmen 51. Angello, of the Freshmen, was high scorer, with two first places and one third for a total of eleven points; Paxson was second in total points scored with two first places, both in the hurdle events. In the low hurdles Paxson won the event by ten yards and was never headed after the start. The 100 was the most exciting of any of the events, Darlington of the Freshmen won from Roser by a scant inch. In the 220 Loveland of the Sophomores ran a beautiful race from Darlington. Roser came back in the 440 and won the event without having to extend himself. In the ½-mile and mile races the Freshmen captured five of the possible six places. Jerry Jones (Sophomore) won the half-mile with his characteristic final spurt. Murray ran a nice race and had little difficulty in winning.

In the field events Angello captured first place in the shotput and in the discus. Stein won the broad jump for the second year men. Collins placed first in throwing the javelin. The pole vault was won by Bonsall of the Freshmen. Jerry Jones won second place over his brother Tobey, who got third place. Tobey Jones showed
(Continued on Page 4.)

FRESHMAN LECTURE TO BE GIVEN BY Y. M. C. A.

Mr. Richard Perdew Will
Speak at the
Affair

Within the short space of two years' time the Y. M. C. A. of the University of Delaware has attained an enviable position as one of the leading organizations on the Campus. Its great interest lies in the work of the college, and it has taken upon itself the task of bettering the institution.

As a step towards greater cooperation of the student body, a Freshman lecture will be held on Thursday evening, October 29, in the Lounge Room, immediately after dinner. Sophomores and upper classmen, as well as Freshmen, are invited to attend. There is no religious discrimination, and men of all denominations are welcome. Refreshments will be served during the evening.

Richard Perdew, President of the Y. M. C. A. at Swarthmore College, will speak on the structure and function of the Y. M. C. A. Mr. Perdew, who is a Senior at Swarthmore, is very popular in collegiate circles and is well versed in "Y" affairs. Last summer he conducted a European tour, which was a marked success.

The Freshmen will elect a Freshman Cabinet, which is patterned after the major Y. M. C. A. Cabinet. It will regulate Freshman affairs at the University, and should prove beneficial to the newcomers. The meeting is designed primarily as a mixer, and all Freshmen should attend. Membership certificates and cards will be distributed at this time to those who have joined the organization. A membership drive is in progress at the present time.

Dr. Byrnes Recital Postponed Until Nov. 4

The recital which was to have been given at College Hour today by the Rev. Dawson Byrnes, of the Catholic University of Washington, was postponed on account of the death of Dr. Penny. It was announced by Dr. Hulihan that the Shakespearean Characterizations by Father Dawson would be given at the next Senior Assembly, which will be held at Wolf Hall on November 4th.

James Mannix, President of the Student Council, announced that if enough students signify their intention of attending the Delaware-Dickinson game on Thanksgiving, the railroad company will provide a special train at reduced rates.

DEBATING TEAM PLANS HEAVY SCHEDULE

Many Candidates Turn Out
To Win Places On
Varsity

Debating has become an established institution at the University of Delaware. This fact was definitely proven by the large turnout of forty or more men at the initial meeting of debating candidates on Thursday, October 15. The gathering was enthusiastic and eager to enlarge the work of last year's Freshman team in the form of a Varsity team. Professor Matthews, who presided, outlined the work for the coming year. He stated that preliminary trials will be held and that each man who desires will have a chance to demonstrate his ability.

The debating society was organized by the election of Joseph Craven as President and Leslie Moore as Secretary. An executive committee composed of Philip Cohen, chairman, August Walz, and B. Nobis was appointed by the president.

The outlook toward a successful team is very encouraging. Besides the entire Freshman team of last year, there are many able Freshmen who will contend for positions on the Varsity.

A schedule which will include several of the leading teams of the East is being arranged, and a match is pending with the University of Arizona, one of the strong Western teams. A trip which will take in some of the leading colleges of New England is also under contemplation. With the expected support of the entire student body, a successful season is assured.

ORGANIZED JUNIOR VARSITY FOOTBALL TEAM HERE

Will Play Newark High and
Salesianum in First
Two Games

A Junior Varsity football team will make its first appearance on Frazer Field in the very near future. In the past it has always been the custom that the only chance one had to play was on the Varsity eleven. If one didn't succeed in winning that great privilege he was simply "out of luck." In other words, there was no impetus to encourage the less fortunate ones to continue to come out and practice. It is true that school spirit should force them to do this but one has to admit that there is something to be reckoned with that lies deep under the surface of that thing which is known as school spirit. This year more men than ever before in the history of the college have come out to fight for positions on the varsity. Some, who had to lose out in the keen struggle, and these may find encouragement in the announcement of a Junior Varsity. The varsity manager is endeavoring to complete a schedule for this eleven. So far two games have been secured. The first will take place next Friday on Frazer Field with Newark High as the opponent. Newark will attempt to show some of the ability which has helped bring so many D. I. A. A. football crowns to their school. On the next day, Saturday, the strong Salesianum team of Wilmington will be the chief contender for the Junior Varsity's scalp. This game will be staged as a preliminary to the Delaware vs. Upsala game. Other games are in the process of being arranged, but as yet nothing definite can be said concerning them. The Junior Varsity is looking toward a hard schedule, but a prosperous season.

Track Schedule

The track schedule completed to date is as follows:

April 14.—Phila. Textile. Home.
April 27.—Haverford. Home.
May 8.—Interscholastics. Home.
May 15.—Union College. Home.
May 21-22.—Middle Atlantic States. Tentative.
Drexel. Tentative.

The managers of track deserve much credit for the way in which the events were handled in the Freshman-Sophomore meet. There was very little, if any, delay between events.

DELAWARE TO HAVE A SWIMMING TEAM

Have Splendid Material From Which To Form
A Successful Team

Notice To All Students

October 20, 1925.
Owing to the fact that changes have been made in the schedule of classes by the Schedule Committee, the original schedule cards of students in my office are inaccurate. I am therefore asking every student to fill out a new schedule card and return it to my office on or before Monday, October 26. Blank schedule cards for this purpose will be placed in Post Office boxes on Saturday morning, October 24. It is essential that students attend to this matter promptly.

George E. Dutton, Dean.

ST. JOHN'S NEXT ON FOOTBALL SCHEDULE

Fast Game Foreseen By
Sports Editor of
Review

Tomorrow, we meet St. John's College on the gridiron. The prospects for a victory appear favorable. Saint John's lost to Temple, 18 to 0, to Franklin and Marshall 26 to 7, and to Gettysburg 30 to 0. Delaware, on the other hand, held Swarthmore to the score of 2 to 0, beat Ursinus 6 to 2, and also St. Joseph's 13 to 6. If football "dope" means anything, the odds are surely in our favor. Of course, we cannot be too confident because of St. John's poor showing; we must remember that they were worthy opponents last year, and also two years ago. Last year, St. John's beat us six to nothing; and two years ago, the game ended without either team scoring. It is evident that there will be a spirited battle tomorrow.

The teams are about equal in weight, and both are in good trim. However, after last Saturday's game with Swarthmore, we can look forward to nothing but victory. It was the first game in which Captain Kramer and Hubert had played. Kramer had been warming the bench on account of a broken wrist; and Hubert was "out" because of a broken rib sustained in practice. Although the team had been playing good football prior to the Swarthmore game, the additional strength the two regulars contributed, was very evident. In the past week's practice these two players have been "showing up" even better than they did last Saturday.

On To Dickinson

A plan is under way whereby a special train may be hired to carry the students and alumni to Carlisle and return on Thanksgiving Day. As far as it is known at the present time, the train will leave Wilmington, Pennsylvania Station, at some convenient hour, passing through Newark (Newark Center) and arriving at the college town about an hour before the first whistle of the big game. It will be so arranged to be in Wilmington at an early hour in the evening.

The round-trip fare will be but six dollars; whereas, the regular fare is \$8.85. Much enjoyment may be derived from this holiday trip in chalking the train and striding the Delaware colors from end to end. The promoters of this affair aim to secure the names of three hundred persons who wish to go by train.

Although the majority of the students know about this trip now, the primary purpose of the writing is for the benefit of the interested alumni.

Steele New Cheer-Leader

From the several Freshmen who reported at the try-outs for cheer leading, Steele was chosen as a member of the staff. On Saturday afternoon he more than justified the choice of the other cheer leaders, by showing that he is fully capable of performing the duties of an active cheer leader.

The University of Delaware in its march toward general participation in athletics, has added another sport to its curricula of activities. Beginning this winter, Delaware will have its first swimming team. With the adoption of swimming by most of the leading colleges as an unusually valuable method of physical development, the merit of aquatic competition and games has sprung into the athletic lime-light.

Although the initial year is sure to be the hardest, a successful season is already being predicted by followers of the sport at Delaware. A large squad of candidates is expected in December when the first call will be issued. Although Delaware has never had a team before, the college can already boast of several stars. Four members of the Wilmington High School championship team are students at Delaware.

"Red" Reybold and Harry Maier, sophomores, were on the Wilmington High team for two seasons during 1922-1924. Edgar Reese and Bernard Nobis, starred on the Cherry and White aquatic outfit last year and have entered college this year. With such a nucleus to build around, a good team should be developed. Reese had an exceptionally successful season last year, winning second in the fifty yard dash in both the Swarthmore Interscholastics and the Individual National Interscholastic Championships at Columbia. He should be able to cop most of the sprints in the dual meets which Delaware will schedule.

The biggest difficulty will be to develop divers as none of the men in college have had any experience in this line.

The team will probably be managed
(Continued on Page 2.)

ALUMNI ASSOCIATION MEETING HELD LAST WEEK

Coach Forstburg Very Much
Pleased With Results
of Football Season

Head Coach Frank Forstburg was the principal speaker at the weekly luncheon-meeting of the Wilmington Chapter of the Alumni Association of the University of Delaware last week. Coach Forstburg told of the fine spirit of the boys and said that he was greatly pleased with the results of the season to date. He was particularly pleased with the large turnout of students for the football squad this fall. More than fifty are trying for berths on the team.

The coach spoke of his plan for a short schedule of about four games for the third team in order that interest may be sustained. Manager Donohue has several high and prep school teams on his tentative list.

Dr. W. Owen Sypher, head of the English Department, detailed to the members of the Alumni Association the number of changes made about the University since the opening of the year. He explained that with 284 students in the Freshman Class, ten sections in the English classes had to be made.

Assistant Coach Meyers, formerly of Brown University, spoke enthusiastically of the future of the Delaware football team and predicted a good season. He said he was highly pleased with conditions at Delaware.

Harry G. Lawson, president of the chapter, presided. The weekly prize was awarded to Evans Crossan. The attendance was one of the best since the inauguration of weekly luncheon meetings. Thirty members were present.

First Session of Kangaroo Court

The Kangaroo court, the terror of Freshmen who fracture "Bat" rules, will conduct its first session in about two weeks. Offenders who come before the tribunal will be sentenced by the Chief Justice, and sentence will be carried out by his able associates. Those who are fortunate enough to receive invitations are assured a pleasant time.

UNIVERSITY OF DELAWARE REVIEW
NEWARK DELAWARE

The University of Delaware Review is a newspaper, published on Fridays during the College year by the students of the University of Delaware, in which is presented the campus news.

Whereas, the University of Delaware Review is not a literary publication, nevertheless occasional attempts at literature will appear in its columns.

The editorial policy will change a trifle each year, as a new editor takes charge of the paper, but the basis of each editor's policy must always be to present the truth and to aid in the cultural expansion of the University.

Subscription \$2.00 per year. Single Copies 10 cents.

Entered at the Newark, Delaware, Post Office as Second-Class Matter.

Member of Intercollegiate Newspaper Association.

DELAWARE SPIRIT

The finest type of college spirit was in evidence at the Delaware-Swarthmore game last Saturday. Delaware was out in force to back as fine a team as ever fought for the Blue and Gold. An appeal for support crowded Frazer Field to the gates, with students, professors, alumni, and friends of the University—everybody.

The fact that we lost by a margin is incidental. The gods were unwilling for us to win. We supported a fighting team against a worthy opponent, and a fluke decided the game against us. The kind of backing we gave our men is the sort which should be displayed at every game. We have a team of which to be proud. It is possible for us to tender them the sort of support which will encourage them, and make them proud of us.

After a few more weeks have rolled around we will face Dickinson, our old rival, once more. Plans are under way to send a trainload of Delaware rooters to the Indian town. If we can show the same pep, the same fight, at that game that we showed a week ago, we'll carry off the honors. Sacrifice your Thanksgiving dinner and journey to Carlisle.

THE PACE THAT KILLS

The activity hound is a familiar figure on every campus. He is a joiner. He mixes with the right bunch and on account of the theoretical influence he is supposed to have with various organizations gets himself elected, to certain high offices. Quite often he is labelled the campus clown by those who stand off and smile. Sometimes he is a regular fellow with all the hearty blarney of a Babbitt and the executive ability of a real estate merchant.

Here is the plaint of a misfit who finds himself swept up in the swirl of campus currents. He says in *The University Daily Kansan*:

"Yes, I am swamped. But there seems no way out. The pace is set for me and I must follow it. If I don't the rest of the 'gang' will call me a 'stick' or a 'grind,' according to the part of this college life that I neglect. I am always in a hurry. Outside readings, problems and experiments must be in on time. Dates and appointments must be kept.

"I must not disappoint my parents or my organizations. They, too, seem to believe that I must keep up the pace or else be an utter failure. I want a certain per cent of everything, but I am not satisfied with the taste of such a mixture. If I give too much attention to activities I 'get kicked' by instructors and by those who believe that the ultimate aim is high grades. If I pay too much attention to high grades I 'get razed' by those interested in school politics, parties, publications, and so on and on.

"I haven't time! The Utopia of my soul, I believe, is a place where I can do as I please, when I please, and take all the time that I please in doing that thing without being rushed by this demon popularly called, 'college education.'"—The American Campus.

WHY JOHNNY GOES MARCHING HOME

One out of every three. Only thirty-five percent of those annually admitted to college ever achieve the goal of a degree.

Outside circumstances interfere in many cases, but university officials say that one-third of all casualties are simply a matter of Johnny's having flunked out. Extra-curricular activities, more than all other things, are blamed.

Dr. John Grier Hibben, president of Princeton University, says moving pictures, possession of automobiles, too great indulgence in outside activities and over-generosity of parents are the outstanding causes contributing to the failure of undergraduates.

A Williamette University professor says ten percent of all freshmen are mentally unfit, and should never enter the classroom. "Formerly," he says, "only bright-minded pupils came to college; now, forty percent of the high school graduates enter. Too many come not to grasp knowledge, but because a college education is considered a social necessity."

"Too little sleep, too much play, not enough study, too much leisure, fast eating and diversified thinking are factors that de-vitalize students and are responsible for the delinquent groups in every university," is the conclusion reached by Professor Howard of Northwestern University.

The *Trinity Chronicle*, while recognizing that lack of preparation and poor training are frequently responsible, points out that most failures result from a wrong conception and attitude on the part of entering freshmen. "The thought of hard work has been banished by what they have heard from college acquaintances who have returned home during holidays, primed to the gills with athletic news, and with tales of pranks, jokes and boasts of idleness. Hard work is never mentioned. The erroneous idea is

formed that college is a place where one spends four years in ease and enjoyment, with athletics, social-life and practical jokes as the major attractions."

Many failures occur because students have no adequate conception of *how to study*. One educator says the failure to guide and direct study is the weak point of our whole educational machine. Activities nowadays leave so little time for studious pursuits, that it is important for the student to learn to use to the greatest advantage whatever time he does save for this less-popular but necessary side of college life. Interesting in this connection is a recent book by William Allan Brooks on "How to Study" which has been issued by The American Student Publications in New York.—The American Campus.

The death of Dr. Penny is a sad blow to us all. For many years he gave his loyal and unstinted service to this University which he loved, winning the esteem and affection of all who were associated with him.

He was a man of the highest character and of the greatest talent—kind, genial, and unassuming. The example of his life has made an impression upon our minds, which time alone can efface.

Rifle Team Schedule
Includes Many Matches

It is of great interest to the student body of the University to learn that the Military Department has challenged a total of eighty-four schools throughout the United States and Hawaii. The list comprises every Senior Infantry R. O. T. C. unit in all of the nine corp areas. As to the exact number of matches to be shot, it is not known as yet because of the fact that no replies have been received; but, in all probability, the number will be well above seventy-five.

The matches will be shot during the period of February 7, 1926, to April 3, 1926, inclusive, one corps area being completed each week. A team of fifteen men will represent the University of Delaware, each shooting ten shots at slow fire in the prone, kneeling, standing and sitting positions, respectively. The range is to be fifty feet, and the best ten high scores will be the ones counted.

At the present time, the rifle team is not fully organized, but it will be only a short time until practice will be commenced. Captain F. K. Whittemore will have charge of the coaching of the men; and, when the amount of material is considered, the season will most likely turn out to be a very successful one.

The following universities and colleges are among those challenged: U. of Pennsylvania, U. of Pittsburgh, Georgia Tech, U. of Alabama, U. of Illinois, Virginia Military Institute, both the Northern and Southern branches of the U. of California, U. of Nebraska and U. of Hawaii.

Tug 'o War Soon
To Take Place

Last year a new phase of competition was instituted between the Freshman and Sophomore classes, the Freshman-Sophomore Tug of War. This event takes the place of the old "Flag Rush," and it is hoped that it will be carried on by the future classes. The Tug of War will be held November 2nd at the same spot on White Clay Creek as last year. The classes choose their teams, usually twenty men each, of their strongest men. These teams are lined up on the opposite banks of the creek, the captain of each team being in front of his men. At the signal, "Pull," both sides beginning tugging in an effort to drag their opponents through the creek. The side that pulls its opponents across the creek and upon its bank is declared the winner. Cider is served to the bystanders and participants.

Fraternity News

Last Saturday night, Sigma Nu held the biggest house party of its whole existence; it was the largest both figuratively and literally speaking. More pep was displayed than has ever before been witnessed in the vicinity of Newark Center; and seventy-five couples swayed and hopped to the lively jazz tunes. The music was superb for house party purposes, and the "Sigs" and their friends made good use of it until the patronesses, Mrs. Cooch, Mrs. Williams, and Miss Clark, chased them from the fascinating merriment, at midnight.

Student Council
News of Interest

The Student Council, which plays such an important part in our college activities, has made many plans for the coming year. At the next meeting of the Freshman class in College Hour Dr. Hulihan will explain the Honor System. The members of the Freshman class do not seem to realize the importance of the Honor System in Delaware. The Honor System is a tradition here and has been for many years. If the Freshman class does

not uphold this system it will show that the Freshman class is not keeping the traditions as other classes have done.

The Student Council has also planned the annual Freshman-Sophomore football game to be held on the Monday following the Haverford game. Glasser, who has played so well in all the football games so far, will coach the Freshmen. The "tug-o-war" has also been planned for November 2.

The Student Council has secured Mr. Edwards, of Wilmington, to lead the band.

The Student Council has purchased new records for the Lounge. Later in the year a collection will be taken up to help pay for these records.

DELAWARE TO HAVE
A SWIMMING TEAM

(Continued from Page 1.)

by Johnny Robbins, who worked up the idea and was largely instrumental in getting plans started. Robbins put the proposition before Dr. Sypherd and the matter was discussed and developed at the last meeting of the Athletic Council. No appropriation has been made as yet but plans are going ahead rapidly.

Robbins has been in touch with Leroy F. Sparks, physical director of the Wilmington Y. M. C. A., and although no definite settlement has been made, Sparks is expected to coach the team. If Delaware is successful in securing the services of Sparks, a good team is assured, for he is recognized as one of the leading swimming coaches in the East. He has built up one of the best teams in the country at Wilmington High School and is considered an authority on swimming, life saving, and water sports in general.

University of Delaware swimming teams will work under a tremendous handicap for several years at least, because of the lack of an adequate pool.

The pool in the old gymnasium is practically out of the question because of its size. Most colleges have tanks anywhere from sixty to one hundred feet in length, whereas Delaware's tank is but thirtyfeet long.

Another disadvantage must be borne also, that being the impossibility of installing a diving board because of the low ceiling.

After the Christmas holidays the team will be sent to Wilmington twice a week to practice.

It is hoped that with the adoption of swimming, plans for a new gymnasium will receive impetus. The new proposed gym will include a big

Art Exhibition At
The Memorial Library

This week the first Art Exhibition will be held in the Art Gallery of the Memorial Library. This exhibition is to be sent from the Pratt Institute of New York, the oldest industrial art school in the United States. The exhibition will be the work of the students. It was created and endowed by Charles Pratt, a practical and successful manufacturer in October, 1887. Mr. Pratt, a selfmade man, was deeply interested in educational matters and he attempted to found an institution in which all classes of people would be able to receive a thorough knowledge of the subject they desired. This school was severely criticized at first, because industrial art was an entirely new phase in the art world, both in this country and Europe, but this school has steadily grown until now six hundred day students are registered and an equal number of night students. Art courses are given to cover all branches of this field, either general or specific. In addition to the Art School, Pratt Institute maintains a School of Science and Technology, offering day courses in Industrial Mechanical Engineering, Industrial Electrical Engineering, and evening courses in similar and abridged subjects.

Miss Taylor, head of the Art Department and a graduate of the Pratt Institute, secured this exhibition, and every one is urged to attend it as it will prove very worthwhile.

Blue and Gold Book
Begins Campaign

The Klu Klux Klan, with its out of door mass meetings, crosses of fire, and heated speeches has nothing on a gathering on the Women's College Campus last Monday evening. An enormous bonfire flamed crimson and gold against the blackness of the sky. Elevated upon a soap box an orator held forth to a large and attentive audience grouped around the conflagration. With swallow tails flying in the wind and arms gesticulating wildly, the speaker exhorted at great length upon the virtues of the 1925-26 "Blue and Gold."

The Year Book staff was very fortunate in securing Dr. Alexandria Sperenzenda to present the subject to the members of the college. Dr. Sperenzenda has a charming personality, and is most convincing as a speaker. Due to his valiant endeavors, a large number of converts were added to the supporters of the "Blue and Gold." Music for the occasion was furnished by the Year Book Staff Orchestra. Many pleasing members were rendered for the entertainment of the assembled throng.

This mass meeting started the campaign for subscriptions for the Year Book of the classes 1925-1926. This is the first time that two classes have combined in editing an annual, and it promises to be doubly worth while.

Tuesday was observed as "Tag Day." Everyone subscribing to the "Blue and Gold" received a tag which she displayed prominently. By the number of badges worn, the staff feels that the campaign has started off splendidly. They hope for the continuance of well doing, and ask for the support of all members of the college.

Forum Interests Many

Forum on Wednesday afternoon was unusually interesting. Dr. George Messersmith, who has been the American consul at Antwerp, Belgium, was the speaker, and called his talk "Some of the Pleasures and Duties of An American Consul at Foreign Countries." Dr. Smith described conditions and odd circumstances at the centers from which immigrants left Belgium for our country. He told of his experiences with these people. Then he explained conditions of the trade between the two countries.

An exceptionally large number of both faculty and students attended and found the program even more interesting than they had expected it would be.

Naomi Dawson was hostess for the afternoon and the girls who assisted her by serving, were Eloise Rodney, Elizabeth Crooks, Trace Ellison, Mildred Webb.

Mysteries of the Campus

Why "He" likes "Her"?
Who are the Y. M. I. W.'s of W. C.?
Why Mr. Harrington doesn't scare some to death?
How the Saturday Midnight Bridge Club remembers what's trump?
Who got the music for Open Night?
When do Seniors work?
What's it all about?

The Scoop On the Progress
of the New Dormitory

The cold finger of criticism was pointed at the astounding fact that no comment on the work on the new Women's College Dormitory had been expressed. Such an oversight was greeted by the Editorial Staff with wailing and gnashing of teeth, and the instantaneous dispatching of a reporter to get a first class article on such an event. With the reportorial sense working hard here is the result:

The breaking of the ground for the new dining hall and dormitory of the Women's College, was commenced seriously, on Thursday, October 19. The new building will be joined to Sussex and will be known as New Castle. However, as to the immediate results which are to be reported, little can be said. About five hundred sods of grass have been turned up by two very noisy tractors. An intriguing pile of bricks—one hundred and seven in all—have been deposited in a westerly direction from the tennis court. Several boards are placed nonchalantly around, and a very noisy truck supplies the ozone with gasoline fumes.

Nevertheless, these preparations give everyone a sense of accomplishment. There is aroused in every person on the campus the feeling that one is living in one of the most important epochs of the history of the University. The spirit of progress—symbolized by the bricks and tractors—will receive the good wishes of every one interested in the campus.

The Women's College has a deep, dire secret which it is only hoping for a chance to divulge. It began early in the year, when many chairs were lined up against walls and mirrors were focused on feet rather than heads. For a month the students wore vacant looks, and made strange shuffling noises with their feet. Now their expressions have changed. The Enthusiasts of the Charleston have at last succeeded in making themselves appear pigeon-toed, knock-kneed and bow-legged and have originated the Charleston chorus. It's one rival is the Tiller Girls, but when a couple of laggards learn the last step, there are high hopes that contracts will start to appear.

The Hallowe'en Dance

It has been whispered about that a strange figure upon a broom flew over the campus the other night and dropped a three-cornered witch note upon the green. The mysterious lettering spelled out an invitation to a gathering of the spooks on the night of October 31st in Old Commons.

Sufficient grounds for divorce: snap ties, arm bands, night shirts, high shoes, insufficiency.

Dean Stimson, of Goucher College, Baltimore, Md., was the guest of Dean Robinson over the week-end.

Other guests at college over the week-end were: Mrs. Edward Murphy, Mildred Davis, Katherine Ladd; Dorothy Nunn, Marion Neide, Ruth Frazer, Florence Stidham, Ann Ralston, Katherine White, Helen Alexander, Hannah Cannon, all alumnae. Guests from Swarthmore were Misses Elizabeth McCabe, Wanda Veasey and Margaret Lewis.

And as usual, some of the men of the University were entertained during the week-end by fair maidens of the Women's College.

Ann Passmore and Linda Bassett saw Penn beat Yale last Saturday, while Kitty Addy and Marjorie Johnson rooted at the Navy-Princeton game.

Viola Williams spent the week-end in Rehoboth, Elizabeth Brady and Ann Jones in Middletown, Sara Chambers and Frances Ingram in

EDITORIAL

FOUNDER'S DAY

The eleventh anniversary of the Women's College will soon be due, and it is indeed fitting that the students of the Women's College be impressed with the importance of this day. The founding of a college is a tremendous undertaking, and the results are of a slow and tedious nature. Therefore when one considers the progress which our college is able to show after eleven short years of actual existence, there should be aroused a certain amount of pride in the college and its accomplishments.

We are, as members of the University, prone to shrug our shoulders at ceremonies, honoring such occasions. It is, however, an unworthy shrug. In the hurry of every day existence, there is not time to regard and show respect for the progress of the school. Therefore it is only right that one day in the scholastic year, the students will review the work which has been accomplished and the hopes which will some day be realized.

Such hopes are kept present before everyone by traditional ceremonies which bring to mind the fact that most events are commonplace things which pass, while ideals live on from year to year. Hence, the tree planting ceremony, the investment of the Seniors with their caps and gowns are a renewal of the ambitions which make our college worth while. Let there be a regard and respect for these processions which come forth yearly from Residence Hall and form for the traditional ceremonies. Let the students look upon Founder's Day as our most worthy and impressive tradition and strive to make it worthy of the ideals which it upholds and represents.

Philadelphia, Margaret Reese at Drexel in Philadelphia.

A Full Edition

"May I print a kiss on your lips?" I said,
And she nodded her sweet permission.
So we went to press, and I rather guess
We printed a full edition.

"Everything's jake"
when you
smoke P. A.

TRouble's a bubble, just as the song says.
And you can stick it with the stem of your old jimmy-pipe, filled to the brim with good old Prince Albert. A remedy? It's a specific! Ask any jimmy-piper who ever butted into trouble.

Cool as the zone-of-kelvination you read about in the refrigerator ads. Sweet as the kiss of spring on a winter-weary brow. Fragrant as locust blossoms. Soothing as a cradle-song. And—P. A. can't bite your tongue or parch your throat. The Prince Albert process fixes that!

Get on the sunny side of life with a jimmy-pipe and P. A. Tie a tidy red tin to trouble. Smoke the one tobacco that's got everything you ever wished for—Prince Albert. Quicker you get going, the sooner your worries will be over. Men who thought they never could smoke a pipe are now P. A. fans. You'll be a cheerleader too!

PRINCE ALBERT

—no other tobacco is like it!

Look at the U. S. revenue stamp—there are TWO full ounces in every tin.

HOLD ANNUAL MEETING OF FACULTY CLUB

(Continued from Page 1.)

Social Committee for all that they did last year. Having served on that Committee for a number of years, I know very well how much time and effort they had to spend to make the meetings and social functions a success. To them belongs all the credit and thanks of the Club for the programme of activities which was carried out last year.

"Lastly, I feel that I must call attention to the successful completion of the Rotation Pool Tournament. Having fought through a bitterly fought series of games, and having vanquished all our mighty custers, our Secretary-Treasurer emerged as champion. His name you will find properly inscribed upon the championship banner which is hung upon the wall of the Club Room. It has, indeed, been a successful year.

"To those of you who have just come to Delaware, I send a greeting of welcome and warning: welcome to a most enjoyable faculty community, and warning never to make a motion to adjourn the faculty meeting. To those of you with whom I worked and played, I send the hope that the years to come will be as happy and pleasant for you as were the eight years I spent among you.

"Sincerely yours,
Finley M. K. Foster."

An election of officers was held and it resulted as follows: President, Mr. A. G. Wilkins; Vice-President, Dr. E. B. Crooks; Secretary-Treasurer, Mr. Leo Blumberg; Executive Committee, Dean C. A. McCue, Mr. C. O. Houghton; Social Committee, Dr. W. M. Patterson, Mr. H. C. Reed, Mr. A. E. Tomhave.

The newly elected president in taking over the office stated that the Club was organized in February, 1919, and the Club Room was furnished by Mr. H. Rodney Sharp.

A message of sympathy was sent to Mrs. Penny in the time of her great trouble.

Several pleasing numbers were rendered during the course of the evening by the Faculty Club Sextette, composed of Prof. Ryden, R. W. Helm, Dr. E. B. Crooks, P. B. Meyers, W. E. Matthews and A. D. Cobb.

DELAWARE LOSES TO SWARTHMORE

(Continued from Page 1.)

the University of Pennsylvania to three touchdowns to their two. Authorities had the game "doped out" with Delaware on the short end of a 28-0 score.

Head Coach Forstburg and Assistant Coach Myers were lauded by both players and alumni alike on Saturday for the great work they have done in developing such a strong combination.

The game was a hard fought and clean one from the start to finish. There were but two penalties during the entire game, they being imposed for holding. The presence of Captain Kramer at center and his great defensive work seemed to inspire the other players. This was the first game of the season for both Kramer and Hubert, the former having been out with a broken wrist and the latter with a broken rib.

Both of these players remained in the game until near the end, but were pretty well used up when Coach Forstburg sent in substitutes. Kramer was kicked in the ribs and his face was rubbed in the mud, but his wrist was not hurt, and he is expected to be ready for the game with St. John's next Saturday.

Delaware took some "pep" out of the "Little Quakers" right at the

start. In the first three plays tried by Swarthmore, Delaware's forwards got through and downed the great Wilcox twice and Evans the other time for losses, compelling the Swarthmore men to punt.

Tackling by Delaware players throughout the game was deadly. Officials of the game remarked after the game that the tackling of Delaware was by far the best they have seen in any game in which they have officiated this season. Max Glasser is especially to be commended for his good work. He was on deck for almost every play, and some of his tackles were exemplary.

While Wilcox was either thrown for a loss or downed without making practically any gain at least two out of every three times he carried the ball, yet his work was the feature of the attack. Occasionally this great player would get loose and several times, once in the second period and two or three times in the last half, he knifed his way through the line for from 10 to 20 yard gains, after being apparently tackled several times. He was a hard man to stop, once he was started, but many times the Delaware ends and tackles did not let him get started. Outside of Wilcox, Shuster was the next best ground gainer for the visitors.

Creamer did most all of the punting for Delaware and more than out-punted Evans, Wilcox and Lippincott, who did the kicking for the "Little Quakers." The first half of the game was featured by a punting duel, and Creamer not only kicked well but handled Swarthmore's punts like a veteran.

Early in the second half Swarthmore started an attack that for a time, threatened to take the ball over the white line. Several plays brought the ball to Delaware's 35-yard line. But here the Blue and Gold held fast and Swarthmore was again foiled.

The break that paved the way for Swarthmore's two points came about the middle of the final quarter. With Wilcox carrying the ball and only a few yards to go to the Delaware goal, Coach Forstburg's proteges held, and the day was evidently saved.

Creamer then dropped back of his own goal line to punt near the north side of the field. The fans pressed close up on the kicker. When the ball was snapped Seymour dashed through the Delaware line and blocked the kick. The ball rolled over on the cinder path in a crowd of spectators, and Richards, of Swarthmore, fell on the ball. The officials at once declared it a safety and Delaware was given the ball on their 30-yard line. The game ended a few minutes later with the ball on Delaware's 35-yard line.

Swarthmore's lineup held like a stone wall, and their ends were especially strong in defense.

Delaware
Glasser left end Palmer
Coppock left tackle Clack
Reybold left guard Kochline
Kramer centre Richards
Owens right guard Ward
Torbert right tackle Best
Lohman right end Seymour
Creamer quarterback Castle
Weggenman left halfback Eckert
Loveland right halfback Evans
Hubert fullback Wilcox

Swarthmore
Safety—Swarthmore. Substitutions: Delaware—Barkley for Lohman; Rose for Hubert; Hubert for Rose; Draper for Reybold; Reybold for Kramer; Lohman for Barkley; Swarthmore—Shuster for Castle; Degroot for Evans; Lippincott for Degroot; Smith for Palmer; Lang for Seymour; McFeeley for Ward.

Referee—Wheeler, Haverford, Umpire—Guetter, Amherst, Head linesman—Davidson, Penn. Time of periods—15 minutes.

THE WORLD'S WORSE WEEKLY WIT

BY
Joe Cheeseman's Half-Grandpapa

The girls at W. C. D. have given up buying joke books to get a laugh. All they do now is just look around in the Hilarium—Ain't that a pretty name? What the hilarium yuh?

Once upon a time there was a monkey who didn't believe in Old Santa Claus; so they covered him with Shamrocks and called him Ireland.

She: Editor, would you mind telling me how I can remove a pair of warts from my map? I've tried sledge hammers and axle grease but of no avail.

Editor: Go get another face.

She: I left home when I was fourteen and married an Arts and Science man. We are happy—do you think it will last?

Editor: Sister, run down to the employment bureau and pick yourself a job.

She: I have never been kissed nor kissed—why is it?

Editor: Was your face in a quarry explosion or did you take up prize fighting?

Just to think as you read these words there is being born a future iceman, there is dying some mother's brother-in-laws' child by third marriage and that Wrigley is making six sticks of chewing gum! Think of it! No, don't think of it—just imagine it!

Alumni Visitors

Several members of the Theta Chi Fraternity, who were graduated from Delaware a few years ago, were back once more to cheer for the team of their Alma Mater when it gave Swarthmore such a hard-fought battle.

Among the older Alumni back were "Copper" Nelson, '20, who is now working for the Philadelphia Electric Co.; Harry Zimmerman, '22, now working as a chemist for the du Pont Co. at Deepwater; "Holt" Aikens, '21, now with the Electrical Supply Co., Wilmington; and "Red" Hearne, who graduated with the class of '13.
