Thanks letter and

and copy of

Dear Dannie:

Some time after I returned from the Argentine I wrote a note to Bill Arnold and I think I sent you a copy. With one of the letters which Brosens sent you he sent a slip saying that a friend of mine had received a letter from me and that it had undoubtedly been opened in the mail, as I had anticipated it would be. I am sure he had reference to the letter which I wrote Bill Arnold and which Bill undoubtedly showed to Brosens.

Since last Wednesday I was confined to bed with a very bad cold, mostly in my throat. I had not entirely recovered from the grippe which I had in New York and finally last Wednesday I had to give up and stay in bed. They filled me up with penicilin and streptomycin and by Sunday I was over the worst, but now I am feeling the results of the injections. It seems that these injections leave you very flat and yesterday and today I feel like a rag, but I am sure that I will be over it in another few days and I hope this time definitely, as I decided the only way to get rid of the remains of this grippe was to really stay in bed.

I had the opportunity while I was home in bed to do quite a lot of work, and I thought it might be useful to write another letter to Bill Arnold in reply to one I got from him dated May 8. I am therefore sending you herewith a copy of a letter dated May 8 which I have received from Arnold and which was undoubtedly read by the censor in the Argentine before it left. I am also sending you herewith a copy of the letter which I am sending Bill Arnold and I feel sure that it also will be read in the Argentine before Bill sees it. I of course had that in mind when writing the letter, as I am sure he did when he wrote me under date of May 8.

While I feel sure that Bill Arnold will show my letter to Brosens, I am sending you herewith an extra copy of my letter to Arnold in case you may wish to send it to Brosens by some safe channel.

I am very much afraid that you worked too hard while you were at Virginia Beach, but in any event it was a change. I am sorry that Hettie and Edna could not stay with us while they were here, but we did have almost half their time with us at Cuernavaca. I think both of them enjoyed their stay and I quite understand that they wanted to stay with Jimmy and June where they could be near the children.

June was ill for a few days but she is much better. I think it was a nervous stomach or something of that kind. It is something which she had had before, so it is nothing serious. June's father and mother are here and we are going there to a party tomorrow night which Jimmy and June are giving.

We are very busy here. Marlon joins me in affectionate good wishes to you all.

Cordially and faithfully yours,

George S. Messersmith
