NEWARK, DELAWARE, THURSDAY, MAY 11, 1933

NUMBER 14

COMMUNITY SING TUESDAY EVENING HUGE SUCCESS

Several Hundred Hear Fine Musical Program In High School Auditorium

One of the most musical programs ever to be produced in Newark by local talent was given on Tuesday evening in the Newark High School Auditorium in observance of National Music Week, sponsored by the American Legion Auxiliary and joined by all other organizations in the town.

Mrs. George Jones, member of the American Legion Auxiliary, who had hoped for such a program for a number of years, heard the fulfillment of her idea Tuesday evening. Mrs. Jones is organized at the Newark M. E. Church and keenly interested in everything musical.

The following persons were responsible for the program: Alex D. Cobb, Mrs. George L. Jones, Mrs. S. Paul Wiers, Mrs. Helen Russell and Mrs. S. Brinser.

The singing by the audience was led by James C. Hastings.

Selections by the Continental-Diamond Fibre Co. Band, led by David W. Chalmers, one of Newark's well-known musicians; selections by the Glee Club of the Women's College, under the direction of Miss Russell; the solo by Mrs. T. Reese Griffin; the program rendered by the Choral Club of the Newark New Century Club, under the direction of Mrs. S. Paul Wiers; the High School Orchestra, led by Supt. Ira S. Brinser, were considered by the audience to be the finest program ever rendered in Newark.

Members of the Choral Club taking part were: Mrs. C. M. Myers, Mrs. Harry H. Cleaves, Mrs. J. R. Ernest, Mrs. J. M. Barnes, Mrs. Arthur Hauber, Mrs. Lee L. Lewis, Mrs. Glenn Skinner, Mrs. A. D. Cobb, Mrs. H. W. Davis, Mrs. Paul Lovett and Mrs. Gerald Gilligan.

The surprise part of the program were the selections given by Lewis James Howell and his wife, Nina Prettyman Howell, of Philadelphia. Mr. Howell has several vocal students in Newark.

It has been suggested and we hope it will become a reality that a program of this type will be rendered at least twice yearly. A Christmas program, we believe, would be very appropriate and appreciated by all music lovers.

Every one and all organizations that cooperated to make this program the huge success that it was, are to be congratulated and commended for the smoothness of this performance.

Miss Nell Wilson, Mrs. George Jones and Miss Sallie Hinkle were the accompanists at the piano during the evening.

Fifty-Seventh Organ Recital at Mitchell Hall

The Fifty-seventh Organ Recital by Firmin Swinnen will be held in Mitchell Hall, University of Delaware, May 15, at 8 p. m. (D. S. T.). The program follows:

1. Fantaisie on Carmen G. Bizet
2. Elegie J. Massenet
3. Menuet a L'Antique I. Paderewski
4. Prelude in C Sharp Minor S. Rachmaninoff
5. The Unfinished Symphony F. Schubert
6. Miserere G. Verdi
7. My Heart at Thy Sweet Voice C. Saint-Saens
8. Symphony No. 6 (First Movement) Ch. M. Widor

FIFTY-ONE COURSES TO BE TAUGHT AT SUMMER SCHOOL

To Begin June 26th and Continue Until June 4th

Summer sessions of the University of Delaware starts on June 26 this year, and continues until August 4, with a faculty of 28, most of whom are of the regular staff of the University.

Fifty-one courses will be taught and all will be accepted toward a Baccalaureate Degree by the University of Delaware and most of the colleges in the country. No special examinations are required for entrance.

Director of the Summer session will again be Professor William A. Wilkinson, Director of Education of the college. All applications for admittance are to be addressed to him. The others on the faculty are: President, Dr. Walter Hüllihen; Dean of Women, Miss Rena Allen, associate professor of Education; business administrator, Arthur G. Wilkinson; assistant business administrator, Miss Edwina Long; director of dining halls, Miss Mary E. Reed.

LIONS CLUB TO GIVE MINSTREL TUESDAY EVENING

School Children to Have a Treat

Tuesday, May 16th, the Great Big Roaring Lions Club Minstrels will be given to the school children of Newark at High School Auditorium at 7:30 p. m.

Many of our youngsters do not know the meaning of the word "minstrel" in the sense of the shows of olden days.

Low Dockstadter and George Primrose, the famous minstrels the old folks knew, will be presented in the program in a portrayal of song and comedy.

This show is for the children of Newark and the Lions Club and the Club will be assisted by the Faculty of the Newark High School. Being a far different arrangement than the ordinary set up, the show promises to be a howling success right up to the last minute.

A specialty has been introduced at the last minute that has greatly added to the original program, but we are forbidden to tell about it so that it will be a complete surprise. The characters are taken by Lions Brinser and Fader.

If you have a "kiddie" or son or daughter in school be sure to arrange for them to attend this Minstrel Show, which is given free of all charge for the young folks of our schools.

We hope to be able to print a summary of the show next week, but the young folks can tell you about it too. The cast is especially casted and the

show arranged particularly for the Lions and school children.

Following are the specialists and cast:

The Judge—Richard Cooch
Court Clerk—J. Pierce Cann
Chief Ham—J. R. Downes
Officer Bones—L. N. Sheaffer
Rastus Coke—Weldon Waples
Sam—John Phillips
Charlie Wilson—M. H. Sigmund
J. H. Hollingsworth
George Primrose—Wayne C. Brewer
Low Dockstadter—John R. Fader
Saftevalve Washington—J. Q. Smith

Balladists—
George Danby, Alex. D. Cobb

Specialty Performers—
Lions Brinser and Fader

Ensemble—T. A. Baker, R. L. Burnett, E. B. Crooks, John Dennison, W. H. Evans, R. S. Gallaher, Wm. Johnson, R. T. Jones, P. D. Lovett, P. K. Musselman, D. O. McClintock, J. McVey, Geo. W. Rhodes, E. L. Richardson, Geo. Schuster, Daniel Stoll, R. L. Cooch, A. J. Strickoll

The High School Faculty are ably assisting the Club in bringing this calibre of entertainment to the auditorium to entertain their students.

The Minstrel Program Committee is made up as follows: Properties and Arrangements for Show, E. L. Richards, R. S. Gallaher; Music, I. S. Brinser, A. D. Cobb; Production and Comedy, J. Q. Smith, chairman.

are a number of works by Max Lieberman, for 30 years president of the Academy of Art of Berlin, Kaethe Kollwitz, well known for her portrayals of the proletariat, Hans Jaeger whose poetical wood cuts are well known in this country. Various schools are shown ranging from the conservative and the impressionistic to the expressionistic and abstract art of Kandinsky. The exhibit is open daily free of charge, from 9 until 4:30. Sunday, 2 to 5. It will close on May 17th.

FLOWER SALE

The Ladies Aid Society of the Methodist Episcopal Church will hold a flower sale on Saturday in front of the church.

Mayor Collins Endorses "Poppy Day"

Recognizing that victory for America in the World War was purchased at a frightful cost in lives and suffering, and that the citizens of Newark, together with all other citizens of our country, owe a lasting debt of gratitude to those who sacrificed life and health to make that victory possible, I deem it fitting that the citizens of our city should once each year honor the dead and aid the living by wearing the Memorial Poppy of the American Legion and the American Legion Auxiliary. The poppy is recognized throughout the world as the symbol of World War sacrifice. All contributions made for the flowers are expended for the welfare of the living victims of the war. Wearing the poppy performs the dual purpose of paying tribute to the dead and contributing to the welfare of the living.

Now, therefore, I, Frank Collins, Mayor of the Town of Newark, do hereby proclaim Saturday, May 27, "Poppy Day." I urge that all citizens of Newark observe this day by the wearing of a veteran-made poppy. I further urge that the citizens of our town, who gave so gallantly of their services and so liberally of their substance during the war, remember on this day those who were called upon to give that treasure, their health and strength, and when purchasing a poppy be as generous as their means will permit in order that the women of the Auxiliary may continue their work of mercy and relief during the coming year.

(Signed) FRANK COLLINS,
Mayor.

"PEER GYNT" THEME FOR W. C. D. MAY DAY SATURDAY

Margaret Morris To Be Crowned Queen At Colorful Affair To Be Held In Front Of Science Hall

The annual May Day pageant will be held on the Women's College campus in front of Science Hall at three o'clock, Daylight Saving Time, on Saturday, May 13. Plans have been made for a pageant which will be more elaborate and finished than any former production. Peer Gynt has been selected for the theme. Grieg's music will be used for the dances and orchestra music. The story as told by Ibsen will be pantomimed in parts by a large cast. The interpretation of the story in music, dancing, and pantomime will be presented as entertainment before the May Day Court.

Margaret Morris is to be the May Queen; Esther Wright is Maid of Honor; Catherine Broad, Senior Duchess; Marguerite Wentz and Ann Griffith, Junior Attendants; Frances McGee, Sophomore Duchess; Vera McCall and Elinor Townsend, Sophomore Attendants; Virginia Wilson, Freshman Duchess; Margaret Waples and Elinor Clay, Freshman Attendants.

The role of Peer Gynt will be portrayed by Betty Weber; Sarah Clements will be the bride, Ingrid; Catherine Shellender, the bridegroom; Betty Smith, Solveig; and Dorothy Hudson, fiddler. Helen Layton, Mary Vinyard, and Viola Phillips will be the Satyr

girls; Mildred Wheeler will be the Lady in Green; Phyllis Chambers, the Mountain King; Elizabeth Kelly, the Head of the Elves; Vera McCall, Anitra; Thelma Humphries, the Catter's Wife.

The entire production is under the direction of Miss Beatrice Hartshorn and Miss Shirley Cogland, members of the Department of Physical Education. The student committee which assisted in the planning and the production is composed of Elizabeth Wilson, chairman; Marguerite Wentz, representing the Student Executive Council; Margaret James, Glee Club; Mary Lynch, Home Economics Club; Dorothy Deiser, Dramatic Board; Martha Stanton, Athletic Association; Margaret Tyler, Y. W. C. A.; Sarah Clements, Social Committee; and Marjorie Slider, Press Club. Sarah Clements, assisted by Alice Breme, arranged the story and pantomime as it is to be presented; the dramatics are directed by Marjorie Slider and Marjorie Slider. Miss Helen Russell, director of music, and the College Orchestra and Glee Club have arranged for the music.

The costumes are ready, the dances have been learned, the music has been thoroughly prepared, the Court is anxious, and the whole student body is hoping for May Day weather.

DISABLED VETERANS PREPARE V. F. W. BUDDY POPPIES

Colonel Samuel J. Smith, Department Commander of the Department of Delaware, Veterans of Foreign Wars, and a prominent citizen of Newark, has issued the following statement in connection with the annual sale of V. F. W. Buddy Poppies by the Lieut. J. Allison O'Daniel Post, 475, V. F. W.

"During the week prior to Memorial Day, throughout the entire nation, this organization of America's overseas ex-servicemen will participate in the Twelfth Annual Buddy Poppy distribution, the primary object of which is to pay tribute to the nation's honored dead.

"Every poppy to be sold during that period by posts of the Veterans of Foreign Wars has been made by disabled veterans confined to government hospitals.

"The aim of the V. F. W., 'to honor the dead by helping the living,' established this method of producing the little red blossoms with silken petals in 1923, when a national encampment of the organization ruled that only those poppies made by disabled ex-servicemen were to be distributed by the V. F. W.

"The Buddy Poppy brings its annual reminder, 'Let us forget,' and constitutes the V. F. W. appeal in behalf of comrades and their dependents in distress. Proceeds are used exclusively for relief purposes. Local relief work

among disabled and unfortunate veterans, veterans' bureau service work in their behalf, military funerals and the maintenance of graves absorbs all but one cent of the proceeds from each poppy. This goes toward the maintenance and development of the V. F. W. National Home at Eaton Rapids, Michigan, an undertaking created for the care of orphans of deceased comrades. The Home assumes responsibility for the rearing of these children to become useful, patriotic American citizens, gives them all the facilities of a public and a high school education, and an opportunity to learn a vocation or prepare themselves for professional endeavors.

"Another interesting feature in connection with the production of Buddy Poppies by disabled heroes in government hospitals," said Colonel Smith, "is the fact that convalescent patients are thereby provided with a means of earning a small income of their own. In addition, hospital authorities have endorsed the practice as a distinct asset to the treatment these patients are undergoing, as it keeps their minds occupied and free from spells of melancholia or mental depression.

"The cooperation and support of every citizen of Newark is requested in this worthy venture which will be conducted here by Harry A. Kelley, Commander of the local post of the V. F. W."

Junior Prom of Newark High School

Special to The Newark Post.

Friday night, May 12, at 8 p. m., Standard Time, students and graduates of the Newark School will dance in the gymnasium to the accompaniment of the music from Lou LaPaix's ten-piece orchestra. The members of the Senior Class will be the guests of the Junior Class and the Newark School at this annual affair. The Junior Class, despite a limited budget is working very hard to make this affair an enjoyable and successful occasion. It is hoped that as many of the graduates of the Newark School as possible will avail themselves of this opportunity of meeting old friends and making new ones Friday night in the Newark School Gymnasium.

ATTENDED DIOCESAN CONVENTION AT SEAFORD

Rev. Andrew Mayer and Mr. M. M. Daugherty attended the annual Diocesan Convention of the Protestant Episcopal Church at Seaford on Tuesday and Wednesday, as representatives of St. Thomas' Church.

Mrs. Walter Geist, Mrs. Joseph W. Cristador and Mrs. Dare C. Danby, of the Women's Auxiliary of St. Thomas' Church, attended the sessions of the Annual Meeting of the Women's Auxiliary of the Diocese, in Seaford on the same days.

Clean-Up Day
Wednesday, May 17th

JUNIOR MUSIC CLUB OBSERVES MUSIC WEEK

On Saturday, May 6, in observance of Music Week, members of the Newark Junior Music Club, with other clubs of the State, were guests of the Wilmington Chapter of the Junior Department of the Delaware Federation of Music, at the Y. M. C. A., Wilmington. Each club took part in the musical program.

Little Miss Ernestine Gillespie gave a reading, "Welcome."

The Newark Junior Music Club, counselors, Miss Nellie Wilson, Miss Helen Gregg, Mrs. Margaret Cann, Mrs. Burton R. Cole, Charles Edwards, as their part presented the program: Piano duo, "March Militaire," Adelta Dawson, Margaret Dawson; piano duo, "Hungarian Dance," Helen Cronhardt, Leona Hahn; Norwegian folk dance, Ann Hamilton, Jane Roberts, Mary Wilson, Margaret Shumar; piano sextet, Mary Louise Lewis, Jean Lewis, Olive Lomax, Ann Richards, Betty Mumford, Mary Alice Hancock.

George Pearce, Jr., Elected President of Student Council

George Pearce, Jr., of Wilmington, has been elected president of the Student Council of Delaware College, University of Delaware, for the next college year. This is one of the highest honors that a student can receive from the student body. Mr. Pearce is also president of the Kappa Alpha Fraternity and has been active in numerous college activities during his three years in college.

MAY 27 TO BE OBSERVED AS "POPPY DAY" BY AMERICAN LEGION

Newark will observe "Poppy Day" this year on May 27, the Saturday before Memorial Day. It has been announced by Mrs. Harry S. Gabriel, chairman of the poppy committee of J. Allison O'Daniel Unit of the American Legion Auxiliary. The Unit is making extensive preparations for the observance of the day and is hoping for the full cooperation of all other organizations and individuals.

Memorial poppies, to be worn in honor of the World War dead, will be made available to everyone in the town by volunteer workers from the Auxiliary Unit. Organization of the workers is going forward rapidly and the Unit expects to have its "poppy girls" in all parts of the town throughout the day. The flowers for the sale have been ordered from a veteran's hospital where they have been made by disabled World War veterans.

Poppy Day is the day for personal

tribute to the men who lost their lives in the country's service. It is a day when all can show that they still remember and honor the sacrifices made by those who defended America during the great war crisis, and that they are carrying on for America in time of peace. The poppy is a patriotic symbol which means honor for the dead and service for the living.

No price will be asked for the American Legion Auxiliary poppies. The Auxiliary wants everyone to wear a poppy and to contribute to the flower according to his means. All contributions will be used for relief work among the disabled veterans and their families, the bulk of the money going to support the relief activities of our local Auxiliary Unit among needy families in this town. A large proportion of last year's proceeds was turned over to the local Welfare Committee, in order to avoid duplication of aid.

C. B. EVANS' CONDITION STILL SERIOUS

According to the latest reports this afternoon, the condition of Mr. Charles B. Evans still remains serious. His many friends are still hoping for his early recovery.

SEAFORD BOYS ATTEND PARADE AT EASTON

Firesmen from all parts of the Peninsula, including 25 members of our local company, their uniforms spic and span and equipment all shined up for competition in the parade, gathered in Easton for the annual convention of the Del-Mar-Va-Easton Shore Firemen's Association. Practically all of the larger towns of lower Delaware were represented.

Maj.-Gen. Smoedley D. Butler, U. S. M. C. (retired); Howard Travers, chief of the Baltimore Fire Department, and George W. Colburn, of Princess Anne, former president of the group, were the speakers.

MUSIC WEEK CELEBRATED BY NEWARK LIONS

The Newark Lions Club celebrated National Music Week on Tuesday evening at their regular meeting. Joseph M. McVey, chairman, was instrumental in having Lewis James Howell and his wife, Mrs. Nina Prettyman Howell, of Philadelphia, as entertainers. They gave a delightful program of songs and recitations.

Annual Inspection of the R. O. T. C. Held Today

The annual inspection of the R. O. T. C. at the University of Delaware will take place on Thursday of this week. The entire battalion will turn out for the inspection which is to be made by regular Army officers.

MOTHERS CLUB TO MEET AT SCHOOL WEDNESDAY MAY 17

The Mothers' Club of the Newark Public School will meet Wednesday, May 17, at 2 o'clock, D. S. T., in the sewing room of the Home Economics Department. All mothers and friends of the school are invited to join.

No Beer for Students At U. of D. Is Decree

President Hüllihen Cites Ruling Made 20 Years Ago

"No beer for the boys!"

This was the announcement of Dr. Walter Hüllihen, president of the University of Delaware, Tuesday morning. Under a ruling of the board of trustees of the University made about 20 years ago, students are not allowed to drink wine, whisky or beer in their dormitories or fraternity houses.

President Hüllihen pointed out that no drinking could be allowed at least until the meeting of the board of trustees early next month.

Trampled to Death by Two Horses

Levin D. Bethard, 58 years old, former conductor with the Philadelphia Rapid Transit Company, was trampled to death, Tuesday night, by two horses at the Elk Mills freight station of the Baltimore and Ohio Railroad.

Mr. Bethard, who was spending some time on the dairy farm of Mr. and Mrs. L. F. Truitt, Mrs. Truitt being a niece, was helping L. F. Truitt, Jr., 17, in unloading lime from a freight car when the horses took fright at a passing train. Bethard attempted to stop the horses from running away when he was knocked down and trampled, his chest crushed and lungs punctured. The man was hurried to Union Hospital, where he died shortly after being admitted.

NEWARK BOYS TO PLAY TWILIGHT GAME THIS FRIDAY EVENING

The Newark baseball team, managed by "Shorty" Chalmers, will play Newport tomorrow evening, game starting 6:30, D. S. T. It will also play Providence this Saturday at 3:30, D. S. T. Both games being played on the Continental-Diamond field. These games should be good games and the public is invited to witness them.

REPEAL CONVENTION FACTS

How the Delegates Will Be Chosen and Voted For, and How They Will Function

Delaware is having its first experience with the convention method of deciding for or against a proposed amendment to the Federal Constitution. This opportunity, provided for in the Constitution itself, gives the people direct voice, now, in deciding for or against Repeal of the 18th Amendment.

Delaware's vote on ratification will be recorded at a State Convention to be held at Dover on June 24th next. The Legislature has made full provision for the election of delegates to this convention, by a recent law. Under this law the Governor issued a proclamation calling the convention and setting forth the terms and conditions of election under the law.

The Women's Organization for National Prohibition Reform, in cooperation with the Association Against the Prohibition Amendment, and in consultation and accord with groups of citizens favoring Repeal, all over the State, are selecting the required number of delegates in the three counties and are placing these names on the proper petitions to be circulated among the people.

Interest has been so great in the preliminary instructions sent out to members and workers of the two organizations, that the essentials of these instructions are here printed for the convenience and information of the public.

Facts Regarding the Repeal Convention

The convention will be composed of 17 delegates to be elected at large at a special election called by Governor Buck for May 27.

The election will be like any general election, and voters will go to their regular polling places.

"Elected at large" means that the delegates who are "for repeal" will be voted for as a group by all the voters in the State who believe in repeal, and that the delegates "against repeal" will be voted for as a group by all the people in the State who are against repeal.

On the ballot in the first column will be 17 names of delegates who stand for repeal. "For Repeal—For Ratification" will be at the top of this column. The voter who supports

repeal will put a cross-mark in the large square at the top of this column.

In the second column on the ballot will be names of 17 delegates who stand "Against Repeal—Against Ratification." The voter against repeal will put a cross-mark in the large square at the top of this column.

The third column, which is a mere matter of form and will be disregarded by the voter, will probably contain no names.

In order that citizens in favor of repeal may put the names of their delegates on the ballot; and in order that citizens against repeal may also put the names of their delegates on the ballot, provision has been made in the Convention Law that each side may choose as follows: From New Castle County repeal supporters may nominate 7 at large; those against repeal may nominate 7 at large. In Kent County 5 are to be nominated by each side, and in Sussex County 5 from each side.

Separate Petitions
The delegates must be nominated by petition. The delegates intending to support the repeal ticket will be on separate petitions from the delegates proposing to vote against repeal at the convention.

The petitions, by requirement of the law, must have names of delegates who are qualified citizens, resident in the county, and a statement clearly setting forth on the repeal petition that each delegate is "For Repeal" and on the petition "Against Repeal," that each delegate is against repeal.

Each petition must have the signatures of 100 registered citizens resident in the County from which the delegates are chosen. This means that if only one name is on a petition, 100 signatures is the minimum. It takes 700 signatures to legally file separate petitions for the 7 names required for New Castle County; and 500 for each of the other two counties. Each signer can sign only for the number of delegates required for his County, whether on individual petitions, or all on one petition.

A qualified voter in any county can sign petitions for only the number of delegates allowed by the law for that county; that is, for 7 in New Castle County, for 5 in Kent, and for 5 in Sussex.

The delegates for each county, irrespective of where they live in the county, represent the whole county. As far as the law is concerned, all the delegates for each county could live in the same district of that county.

Insert Names of Delegates
The Clerk of the Peace in each county to whom the petitions must be addressed, is required to put on the ballot in the "For Repeal" column, the names of those delegates in his county who have the largest number of bona fide signers on a legal petition. The law makes the same requirement in regard to the delegates "Against Repeal."

On the ballot as used in the election, the full 17 delegates thus nominated from the three counties on each side of the issue will appear in their respective columns.

Under these provisions, each side, "For" and "Against," is assured that its chosen delegates in any county will have their place in their column of the ballot clearly marked.

The foregoing makes clear that there is no competition in regard to petitions between the "For Repeal" supporters and the "Against Repeal" supporters. Each side "For" and "Against" files its representatives for their respective places on the ballot just as electors for the President of the United States are put at the head of party columns on a Presidential election ballot.

The closing date for filing petitions is May 11.

In order to vote no further registration is necessary for citizens who were registered last fall, nor for those who registered this spring in the City of Wilmington. For any who were not thus registered, or who have come of age in the meantime, there will be a registration in the three rural counties (but not in Wilmington), on May 13.

There will be a State-wide registration, including Wilmington, on May 16.

All who have registered on or before May 16 are qualified to vote in the repeal election.

(The registration day on May 20 in the rural counties qualifies for local option only. This date is too late to comply with the "10 days before election" restriction of the Convention Law.)

College Farm Poultry Houses Good Models

Poultry men and women of New Castle County who are expecting to build poultry houses this year should first visit the Poultry Farm at the University of Delaware Experimental Farm near Newark, to inspect the type of buildings being used there. The chickens are under the management of C. W. Mumford who states that the buildings housing the birds at the farm are not fancy, but practical, and can be copied and built by any interested poultryman.

"We have found," continues Mr. Mumford's statement, "that many poultrymen build their houses first, and then after seeing the houses at the farm, want to change or remodel them to be like ours. If the prospective builder inspects the poultry buildings at the farm first, I believe he can save money in his construction and still have up-to-date houses and appliances without frills."

Tire Prices Going Higher Buy Now! Save Money! Equip with Firestone

TIRE prices have joined the upward trend. We believe they will advance again—in fact, increasing prices of rubber and cotton are sure to bring higher tire prices. Get your tire requirements NOW while we are selling Firestone Extra Quality Tires at these low prices. BUY TODAY! SAVE MONEY!

THE MASTERPIECE OF TIRE CONSTRUCTION

GET OUR liberal trade-in allowance for your old tires in exchange for Firestone High Speed Tires — The Gold Standard of Tire Values. For very little money we will equip your car with Firestone Gum-Dipped Tires — the safest Tires in the World. They have the patented Extra Values of Gum-Dipping and Two Extra Gum-Dipped Cord Plies Under the Scientifically designed Non-Skid Tread — to give you MOST MILES PER DOLLAR.

Don't risk accident another day with inferior or dangerously thin, worn tires. Trade them in today for Firestone High Speed Tires — the Tires that have won the 500-mile Indianapolis race for thirteen consecutive years — tires that are made by master tire builders. REMEMBER — your brakes can stop your wheels, but your tires must stop your car.

The GOLD STANDARD of Tire Values

Announcing the NEW Firestone SUPER OLDFIELD TYPE

This tire is the equal of all standard brand first line tires in Quality, Construction and appearance. Sold at a price that affords you real savings.

FIRESTONE OLDFIELD TYPE

Newark New Century Club News

Club To Hear Dr. Claude Uhler On Juvenile Delinquency

Dr. Claude Uhler, Assistant Clinical Director of Delaware State Hospital, will speak on Juvenile Delinquency before the Newark New Century Club next Monday afternoon. In addition to this address, several reports will be read by chairmen of committees upon their work for the year.

The Newark New Century Club sent their chorus to assist with the musical program given at the High School to celebrate Music Week. Mrs. S. Paul Wiers directed and Miss Nell Wilson accompanied the chorus. The chorus sang "Cradle Song" by Joh. Brahms, "Calm as the Night" by Carl Bohm, "By the Waters of Minnetonka" and "Wi-Um" by Thurlow Lurance. The chorus consisted of Mrs. C. M. Myers, Mrs. Harry Cleaves, Mrs. J. R. Ernest, Mrs. G. L. Schuster, Mrs. P. B. Myers and Mrs. Tarr have resigned. There will be three new members appointed soon. It is with deep regret that the resignation of these ladies has been accepted for they have rendered invaluable service the past few years in leading the reorganization and recataloging of the Town Library.

The Executive Board has appointed Miss Elsie Wright house chairman, Mrs. J. Irving Dayett treasurer, and Mrs. E. B. Crooks second vice-president.

The ways and means committee is sponsoring a Rummage Sale at the Club House Thursday and Friday of this week.

Senator Clark Wants People To Burn Alcohol Others Want to Make It Legal to Drink It

"Most Iniquitous Piece of Legislation in the Annals of Motordom"

Opposition to proposed Federal legislation requiring motorists to use a percentage of alcohol in his gasoline was voiced in Washington late last week by the American Motorists' Association.

The measure, introduced in the Senate by Senator Clark, and in the House by Representative Schallenger, provides that gasoline must be blended with alcohol. The measure further provides that a motorist who does not use an alcohol-blend motor fuel would be penalized, under the terms of the measure, by having superimposed a maximum three-cent gasoline tax in addition to the now-existing one-cent Federal gasoline tax and the State gasoline taxes, which motorists are now paying.

The proposed legislation was branded by J. Borton Weeks, President of the American Motorists' Association, as the "most iniquitous" piece of legislation in the annals of motordom.

"The proposal that a motorist must use an alcohol-blend motor fuel, or suffer the penalties of a maximum three-cent per gallon gasoline tax, in addition to the existing one-cent Federal gasoline tax and the State gasoline tax is the most preposterous attempt ever made to tax the motorist," President Weeks declared.

"It is a most insidious piece of Federal legislation being fostered by the alcohol manufacturing industry, using the farmer as a smoke-screen. Ostensibly the measure is designed to aid the farmer by converting the farmer's corn surplus into alcohol, thus in theory affording the farmer an outlet for his corn surplus."

"The legislation is a direct attempt by the Federal Government to aid one industry by taxing another. Simply because a market for alcohol does or does not exist is no reason for its invasion by legislative means. Proponents of a motor-fuel blend claim for it a superiority. If alcohol-blended fuel is superior, it will require no act of Congress to force its use by the motoring public," President Weeks declared.

It is estimated that use of alcohol blended fuels will increase motor fuel cost from \$100,000,000 to \$300,000,000 annually. Whatever the alcohol industry makes out of such legislation, must come from the motorists' pocket, it is pointed out by the A. M. A.

Spring Car Care Aims For Safety and Efficiency

This year Spring car care has two important aspects—the usual steps for increased efficiency, and elimination of the unsafe factors that caused an increased number of accidents last year, according to the Fader Motor Co., Firestone Dealers. They give here suggestions from their experience with thousands of motorists. They take up the matter of safe tires first, advising that tire prices are bound to go up and now is the time to save money.

"It will come as news to many motorists that an old or worn tire is less safe now than at the height of Winter; from now on tires will run hotter, and heat is their greatest enemy," he said. "Blowouts will be more common."

The axiom that any car is only as safe as its tires is one that motorists should keep in mind, Mr. Fader, of the Fader Motor Co., asserts. Unlike brakes and headlights, there are no legal specifications as to what is a safe tire. There is, however, a common-sense definition—a tire with the non-skid tread worn off or a tire worn down to the fabric is unsafe.

"Such tires should be replaced for safety of yourself and other motorists if for no other reason," he said. "But actually it will cost you less money to replace worn tires than wait until they are punctured or go flat. The last 1000 miles in the average tire is worth only 39 cents, based on today's prices and mileages. New Firestone tires have extra values at no extra cost, and they will improve

the appearance and handling of your car, give added safety, and cost you less in the long run.

"The brake lining on thousands of cars is now worn to a wafer-like thinness. It is past the normal expectancy. The brake drums are being damaged. It will amaze you to find how much safer your car 'feels' with new lining, such as that recently announced by Firestone—that is impervious to moisture, is a new revelation in 'soft pedal' control, and sets new standards of long wear."

"The battery has been under a strain in cold weather, and by spring is probably in a weaker condition. Its charging rate should be checked and the generator adjusted for summer driving. At the Firestone Battery Factories—which are considered the most efficient in the world—observation of batteries in test cars prove that battery testing extends the life and service of the batteries."

"The worn windshield wiper should be replaced. Lights should be inspected. Radiator hose and fan belt should be inspected and the radiator flushed and foreign matter removed with a dependable compound such as Firestone Radiator Cleaner."

"If your spark plugs are worn—thus wasting a gallon of gas in every ten—it will pay you to give them attention. In replacing plugs that have gone 10,000 miles, and putting in new Firestone Spark Plugs you will see a vast improvement in performance of your car."

FOOD SALE AND BAKE

The Women's Guild of St. Thomas' Church will hold a bake and food sale Saturday, May 13th, in Motherall's store, from 9 to 12. Orders will be taken in advance by calling 455.

Clean-Up Day
Wednesday, May 17th

Successful Track Season at Newark High School

Special to The Newark Post.

To date, the members of the Track Team of the Newark School have covered themselves with glory. For the first time in the history of the school the Penn Relay Team captured first place in their race. The race was well run with Ross McVey lead-off man, Ernest Smith No. 2, Woodrow Singles No. 3 and Earl Wright anchor man.

Saturday, on Frazer Field, a team composed of Ross McVey, Wm. Dean, Ernest Smith, Earl Wright, Eric Mayer, Woodrow Singles and Wm. Brimjoin earned 22 points to lead the way in Class C and win the cup in that division. It has not been since 1920 that a Newark Team was successful in the Delaware Interscholastics. The relay team, composed of Eric Mayer in the 220, Woodrow Singles in the 220, Ernest Smith in the 440, and Ross McVey in the 440, assured us of first place in the meet, when they outlasted the field to win in good time. Other winners were: Earl Wright in the half mile; this race was one of the most thrilling of all during the day; both Earl and his very close competitor collapsed at the finish line; it was one of those diving finishes that won for Earl. Eric Mayer won his heat of the 100-yard dash handily and came through for second place in the final. The judges had a difficult time trying to determine whether Eric or the Delmar boy had won; but finally decided that the Delmar runner had nipped Eric at the tape and won the race.

Wm. Dean took a second in the shot put with a heave of nearly 40 feet and took third in the running broad jump.

The next meet is the New Castle County Meet, to be held this Friday on Frazer Field, and again the Newark Team should give a very good account of itself.

Sons of Delaware To Visit Newark

The Sons of Delaware of Philadelphia will pay their annual visit to the University of Delaware on Saturday.

The group will motor here arriving in time for the baseball game between Delaware and Temple University. They will also attend the May Day exercises at the Women's College.

Saturday evening they will attend a dinner in Old College at which they will be addressed by Prof. S. S. Hubner, of the Wharton School of Finance at the University of Pennsylvania on "Business Depressions and their Solution." Dr. G. Harlan Wells, president of the society will preside.

A musical program will be presented, including violin solos by Miss Dorothy Hudson and cornet solos by Master Roland Hudson, accompanied by Prof. Charles Van Lear, of Seaford.

American Legion Hears Talk On Safety

Legionnaire Tom Ingham was chairman of entertainment at the meeting, May 9, and had as his guest speaker Mr. J. H. Ashton, Assistant Manager of the Delaware Safety Council, who gave an illustrated talk on the work of the Council.

Mr. Ashton presented an interesting outline of unnecessary accidents and of safety in the home and highways.

"Accidents," said Mr. Ashton, "have taken a greater toll of deaths than the wars of the United States from the Revolution to and including the World War."

A report of the meeting of the Mayor's Memorial Day Committee was made by Commander Brinser.

Poppy Day is the day for personal in Newark have been especially interesting and instructive and those Legionnaires who have not attended these meetings are missing something worth while.

Interscholastic Field and Track Meet Draws Large Crowd

The annual interscholastic field and track meet attracted a large number of visitors to the University of Delaware last Saturday despite the adverse weather conditions. Most of the Delaware high schools that are members of the D. I. A. A. competed in Class C, which was restricted to those schools. Newark high won the meet in this class while Delmar high was second. During the afternoon the visiting high school students were guests of the Athletic Council and were taken on an inspection trip of the college property.

140 Engineering Instructors Visit University

About 140 engineering instructors in various universities and colleges attended the spring meeting of the Middle Atlantic Section of the Society for the promotion of Engineering Education at the University of Delaware last Saturday. Allan L. Cullimore, former Dean of Engineering at Delaware and now president of an engineering school in Newark, N. J., presided at the meetings as chairman of the section. The visitors were guests of the University at dinner at the Women's College that evening.

Hold Meeting to Stimulate Interest in World Affairs

To stimulate interest and knowledge in World affairs among students a Model World Economic Conference was held by students of the University of Delaware in Mitchell Hall, Tuesday of this week. The affair had been arranged by Dr. J. S. Gould, head of the Economic Department of the University. The students elected their own delegates to the conference and conducted the debates on various international questions.

EARLY BROODING OF TURKEY POULTS

By Prof. H. D. Munroe

Do not crowd turkey poulters or brood too many in a flock. One hundred poulters to a 10x12 brooder house is an ideal flock.

The brooder stove should be started forty-eight hours the poulters are placed around it. A temperature of 90 degrees to 95 degrees at the edge of the hover, two inches from the floor, is correct for the first week.

Each week the temperature should be decreased 5 degrees until 70 degrees is reached. It should then be held at this point until the poulters are well feathered and have learned to roost.

Night crowding or piling is a common complaint where turkeys are brooded artificially. A low perch or roost should be placed near the brooder while the poulters are young and every inducement made for early roosting. Poulters on roosts will not crowd.

Y. W. C. A. Council and Girl Reserves To Hold Mother-Daughter Banquet

The Newark Girl Reserves and the Women's Council will hold a Mother-Daughter supper in the recreation room of the Methodist Church this evening, Thursday, May 11. The committee in charge are: Decorations, Margaret Dawson, Anna Hayes, Betty Tarr, Maggie Campbell, Mary Hayes and Alice Battersby; Music, Marylee Schuster, Virginia Hurlock; Tickets, Gladys Beck, Jean Barnes. Each club will put on some entertainment for the program.

The Dover Y. W. C. A. Council and Girl Reserves are sponsoring a Mother-Daughter dinner on Tuesday, May 16, at 6:00 p. m., in the recreation room of the Dover Presbyterian Church. Miss Rachel Taylor, Director of Art, State Department of Public Instruction, will be the speaker for the occasion. Miss Marian Breck will act as the toastmistress. Each of the Dover Girl Reserve clubs will have part in the program. The Girls Glee Club of the Dover Public Schools will sing during the evening under the direction of Mrs. Holmes, the supervisor of music. Mrs. John Shilling has charge of the arrangements with the assistance of the following committee: Mrs. Stanley Woodhead, Mrs. Herbert Smith, Mrs. L. J. Miles, Miss Marie Artis and Mary Walton, Jeanne Brula-

Camp publicity for the Business Girls dates at Camp Otonka this summer are ready for distribution. A week end, July 1st and 2nd, with the privileges of remaining over the Fourth if possible, will be the first occasion for Business Girls. A week from August 26th to September 2nd (or over Labor Day) will offer an interesting vacation for late summer.

The announcement of Camp Otonka dates for teen age girls will soon be available. Information about the camp dates and fees may be secured from the District of Delaware Y. W. C. A. office in Dover.

PERSONALS

Mr. and Mrs. Charles McFarland, of Millville, Del., have returned home after a visit with Newark friends.

Mrs. E. H. Starn and Mrs. L. Rosen and daughter, of Woodhaven, N. Y., enroute home from a visit in Norfolk, Va., were over-night visitors with Mrs. J. W. Cristadoro, Friday of last week.

Mrs. H. G. Allen, of Jamaica, N. Y., Mr. R. Pendergill, of S. Ozone Park, N. Y., and Mr. J. R. Moss, of Franklin Square, N. Y., were Sunday visitors with Mrs. J. W. Cristadoro. Mrs. J. R. Moss returned home with her after a ten-day visit here with her parents, Mr. and Mrs. Fred Massieotte, and her aunt, Mrs. Cristadoro.

Mr. and Mrs. Marshall Ramsey, of Wilmington, were dinner guests of Mrs. Ramsey's mother, Mrs. Dare C. Dancy, Saturday.

Little Miss Nancy Carman entertained a group of school chums at a birthday party at the home of her grandparents, Mr. and Mrs. Harvey Forest, on Monday, May 8th.

Miss E. Corinne Berry, a senior nurse at the University of Pennsylvania Hospital, Philadelphia, is spending a month's vacation with her parents, Mr. and Mrs. Wm. I. Berry.

Misses Pauline Robinson and Ruth Mercer and Ernest Cornog attended the horse races at Pimlico, Md., on Saturday.

Mr. and Mrs. Lambert Ivens, Jr., and daughter, of Philadelphia, visited Mr. and Mrs. Lambert Ivens, Sr., on Sunday.

Mr. and Mrs. Ellis Foster and family visited Rock Hall, Md., on Sunday.

Mrs. William Lasher, of Wilmington, visited her daughter, Mrs. E. B. Crooks, this week.

Mr. and Mrs. Herbert Reynolds were the dinner guests of Mrs. Anna Morrison on Sunday.

Dr. and Mrs. P. K. Musselman and daughter Barbara spent the past week-end at Philadelphia and Perkasie, Pa.

Mrs. Laura Harlan, of West Main street, spent Sunday at Kelton, Pa.

Waldo Lovett spent Sunday at Pottstown, Pa.

Mrs. P. K. Musselman and Mrs. Walter D. Holton spent Wednesday in Philadelphia.

Mr. Thomas Cronin, of Philadelphia, has returned home after a visit with Mrs. John Doyle and family.

Mrs. Charles Eissner, Mrs. William Marrs, and Miss Edna Moore spent Monday and Tuesday of last week at Georgetown.

Mrs. L. N. Caley, of Philadelphia, is visiting her daughter, Mrs. P. K. Musselman.

Mr. and Mrs. George Brinhurst, of Viola, Del., visited in Newark on Saturday.

Dr. P. K. Musselman and Mrs. Weldon Waples are in Baltimore today.

Mr. and Mrs. Archer Griffin and daughter, of Wilmington, were guests of Mrs. Dare C. Dancy on Sunday.

Miss Ann W. Chalmers will attend the May Day exercises at Temple University on Saturday.

Mrs. Pusey Pemberton, who was operated on at the Wilmington General Hospital last Friday, is doing very nicely.

The card party held by the N. H. S. Alumni Association last Tuesday night was a success, about \$22.00 was cleared.

A. G. Wilkinson, of the U. of D., will be among the Delawareans who will attend the dinner of the New York chapter of the Delaware College Alumni Association to be held at the New Yorker Hotel, in New York, tonight.

Miss Martha Jaquette, daughter of Mr. and Mrs. David Jaquette, a Junior at the Women's College, who was operated on last Saturday at the Delaware Hospital for mastoids, is doing very nicely.

Patsy Ann and Raymond Chalmers spent the past week-end with their aunt, Mrs. J. Harvey Dickey.

Mrs. U. S. Day is spending several days at the Hotel Lexington, New York City.

Mrs. Mary R. Stewart, of near Newark, is visiting her daughter, Mrs. Elmer P. Corrie, at Smyrna.

Dr. Samuel Chiles Mitchell, former president of the University of Delaware, officiated Saturday at the wedding in the Cannon Memorial Chapel of the University of Richmond, where he is now a member of the faculty, of Miss Evelyn Moore Boatwright, daughter of Dr. and Mrs. Frederick Boatwright, of the University of Virginia, and Donald Paul Lynch, of Fairfield, Conn.

Miss Betty Johnston, a student at Friends School, entertained three of her school mates at her home in Newark, Friday night. They were the Misses Fay Lauritsen, Modesta Hance and Betsy Bullock. In honor of her guests Miss Johnston gave a dance at the home of her parents, Mr. and Mrs. John K. Johnston.

H. Du Val Cleaves, son of Mr. and Mrs. Harry H. Cleaves of Kells avenue, received bruises and lacerations when the bicycle he was riding struck the curb last Friday night, on South College avenue.

Miss Barbara Bonham, Miss Dottie Holton and Donald Wilson were among the guests at the dance given on Saturday evening at the Wilmington Country Club for members of the school set.

Mr. and Mrs. George McCafferty and Miss Lavenia McCafferty, of Philadelphia, spent the past week-end with Newark relatives.

Mother's Day at Methodist Church

Mother's Day will be fittingly celebrated next Sunday at the Newark Methodist Church. At 10.00 a. m. the Church School will meet and there will be special features in the several departments. At 11.00 there will be a special service with the sermon, "Rizpah; or Militant Motherhood." At 8.00 p. m. in the Social Hall there will be a presentation of "Living Pictures of Mothers of Yesterday and Today," interspersed with incidental recitations, solos, violin selections and special hymns. The program follows: Hymn, "For the Beauty of the Earth"—Congregation.

Prayer.

Offering.

Address of Welcome—Mr. Dawson.

Picture of "Hannah, Samuel, and Eli, the Priest."

Recitation, "The Bravest Battle,"—Mary Wilson.

Picture, "Eunice, Timothy, and Lois."

Solo, "O Mothers Dear"—Dorothy Fell.

Picture, "Cornelia and Her Sons."

Hymn, "My Mother's Day"—Congregation.

Picture, "Monica, Mother of St. Augustine."

Hymn, "Faith of Our Mothers"—Congregation.

Recitation, "The Breaking Waves Dashed High"—Martha Moore.

Picture, "Mary, Mother of Washington."

Violin Solo, "My Faith Looks Up to Thee"—Mr. Davis.

Picture, "A Pioneer Mother."

Hymn, "America the Beautiful," Congregation.

Curtain drawn, showing empty frame: Older Mothers appear; Younger others appear.

Responsive Scripture Reading, Mr. Dawson and the Congregation.

Hymn, "Motherhood"—Congregation.

The Benediction.

HEAD OF CHRISTIANA

AD PENCADER CHURCHES

Services Sunday at Head of Christiana Presbyterian Church, the Rev. Henry G. Welton, minister, will be held on Standard Time, with Sunday School at 10 o'clock; morning service at 11, when the pastor will preach on "The Mother of Timothy." Christian Endeavor will begin at 6.30, with Walton Mason as leader.

Pencader

Services Sunday at Pencader Presbyterian Church, the Rev. H. G. Welton, minister, will be Sunday School at 1.30, standard time, worship service at 2.30, theme, "A Mother's Faith Revealed in Her Son."

SUPPER AND FESTIVAL

The Ladies' Aid Society of the Newark M. E. Church will hold its annual supper and festival in the dining hall of the church, Thursday, June 1st, 5 to 8 p. m. Strawberries and cream included with the supper.

CARD AND BINGO PARTY

A card and bingo party will be given for the benefit of the St. John's Church in the New Century Club building on Wednesday evening, May 17, at 8.30.

BAKE

The members of Orpah Rebekah Lodge No. 12 will hold a bake on Saturday morning, May 13th, beginning at 9 o'clock, on the porch next to the new ice cream store. Cakes, pies, chicken salad, potato salad, etc., will be for sale.

BINGO PARTY

On Thursday evening, May 18th, at 8 o'clock, Welsh Tract Parent-Teacher Association is holding a bingo party at Sweatman's garage on the Christiana highway, near Cooch's Bridge. As this is the last affair the Association will hold this season, we would be glad to have as many come as possible.

Prizes will be given, refreshments served, and a small fee collected at the door.

CARD PARTY

Special to The Newark Post. A card party will be held Friday night, May 12, in the Wollaston Building, for the benefit of the Veterans of Foreign Wars Baseball Association, who now play in Cecil County League, representing Newark. Refreshments.

May Day Chairman

MISS ELIZABETH H. WILSON

Miss Elizabeth H. Wilson, daughter of Mr. Waldo Wilson of Wilmington, and niece of Mrs. E. C. Wilson of this town, is chairman of the committee in charge of the May Day pageant to be presented Saturday afternoon, May 13, at the Women's College. Miss Wilson, who is a Senior, has been a member of the May Day Committee each year since she has been in school.

As first vice-president of the Student Government Association, Miss Wilson was in charge of the recent parent-student day of the Women's College, and was toastmistress for the dinner. She has also been third vice-president and treasurer of the student government association.

She has had a part in almost every phase of dramatic production, and is a member of Puppets, Women's College honorary dramatic society. Athletics have not been neglected, as Miss Wilson has been on the class teams for hockey, baseball, swimming and basketball. A membership on the Y. W. C. A. cabinet and business manager of the Blue and Gold, class book, are other positions which she has held.

MEMORIAL EXERCISES BY

J. O. U. A. M. AT DENTON, MAY 28

Special to The Newark Post.

Your itinerary for Sunday afternoon, May 28th, should place you in Denton at one o'clock, sharp, to view the mammoth parade and impressive memorial services being put on by the Junior Order of the United American Mechanics, assisted by the American Legion and all other fraternal organizations of Caroline county. Additional attractions are two bands, motor boat and an outboard motor boat parade. Watch this column next week for further and more accurate information of this impressive program.

Clean-Up Day

Wednesday, May 17th

Film Shows Work of Veterans for Orphans

Through the courtesy of the management of the State Theatre, the Veterans of Foreign Wars are showing a three-minute reel of just what is being done for the kiddies of ex-service men who have paid the supreme sacrifice. This home is located at Eaton Rapids, Michigan, and is maintained almost wholly through the sale of poppies.

Our poppies for this year were made by Joseph Falk, in the U. S. Veterans Hospital, at Northport, L. I. N. Y.

Help us keep this good work up by buying a Buddy Poppy.

Will all Veterans, who are getting compensation or pension, regardless of what organization they belong to, get in touch with J. Harold Harrington, 94 Wilbur street, as the V. F. W. are going to present to our next Congress the exact harm that will occur from these cuts in pensions.

IMPROVED SUNDAY SCHOOL Lesson

Lesson for May 14

JESUS ASSERTS HIS KINGSHIP

LESSON TEXT—MATTHEW 24:1-14.
GOSPEL—MATTHEW 24:15-35.
PSALM—PSALM 110.
REVELATION—REVELATION 19:11-16.

PRIMARY TOPIC—Jesus.
STORY TOPIC—King of All Kings.
BIBLE TOPIC—Jesus as King.
LIFE TOPIC—Jesus as King.
LIFE TOPIC—Jesus as King.

1. Jesus Officially Presented to the Jewish Nation as Their King (vv. 1-14).
It is hardly proper to designate this as the "triumphal entry" for it was only a triumph of appearance. It was rather a triumph of appearance. It was rather a triumph of appearance. It was rather a triumph of appearance.

2. The preparation of the disciples (vv. 15-17).
Two disciples went to bring the donkey to find it and how to answer the owner's inquiry.

3. The obedience of the disciples (vv. 18-20).
Without asking the reason why they went at Christ's bidding. The command may have seemed strange and unreasonable, but they obeyed without question.

4. The entry into Jerusalem (vv. 21-23).
The disciples put their garments upon the colt and Jesus sat upon it. This action showed their recognition of Jesus as their Messiah, the King of Israel.

5. The action of the multitude (vv. 24-26).
Some spread their garments in the way, others who had no garments threw down branches. This was in fulfillment of a prophecy given some five hundred years before (Zechariah 9:9). They uttered the cry which the prophet predicted.

6. The prediction of the first coming (vv. 27-29).
Jesus said that the prediction of the first coming was thus literally fulfilled, we can be assured that those concerning his second coming will likewise have literal fulfillment. The prophecy of Zechariah 9:9 will be just as literally fulfilled as was that of Zechariah 9:9.

7. The action of Jesus (v. 31).
Upon entering the temple he looked upon all things, but as it was evening, he with the twelve withdrew to Bethany.

8. Jesus Exercising Kingly Authority (vv. 32-34).
The barren fig tree cursed (vv. 32-34). The fig tree is typical of the Jewish nation. The fruit normally appears on the fig tree ahead of the leaves. The presence of the leaves is assurance of fruit. This was an act of judgment upon Israel for their refusal to be the chosen people without the fruits thereof.

9. The temple cleansed (vv. 35-39).
The various sacrifices many oxen, sheep, and doves were needed. It was profitable for people from distant parts to bring their sacrifices with them. They brought money, therefore, they bought the animals needed. This privilege was provided in the Jewish law (Leviticus 14:24-26). In such cases exchange was necessary. However, when men used it as an opportunity for gain, it became an offense to God. It defiled his house. Jesus made a source of cords and drove out the money changers (John 2:15), overthrowing their tables and pouring out their money. By this act he declared himself to be the Lord of the temple and one with God. The scribes and chief priests grasped the meaning thereof, for they were aroused to murderous hate and sought to destroy him.

10. Jesus' Authority Challenged (vv. 40-46).
By whom (vv. 27, 28). The chief priests, the scribes, and the elders demanded that he show by what authority he accepted the honors of the Messiah and by whom he was given the right to end out the money changers.

11. Jesus' answer (vv. 29, 30).
He responded to their challenge by a question which placed them in a dilemma. Since John was his forerunner, the commission of John and Jesus was the same source. If John's commission was from heaven, Christ's commission was from heaven likewise. If they had accepted John's message, they would have been ready to accept his. They were powerless to destroy him because the people accepted John as having been sent from heaven.

12. The answer of the chief priests and scribes (vv. 31-33).
Perceiving the force of the dilemma in which they were placed, they confessed that they did not know the source of John's commission. These rulers had no affection for Jesus so they rejected his message and sought to destroy him.

13. Living Our Belief.
The Chinese, whose quaint confession of faith, "I am reading the Bible now and believing it," had a better conception of what is involved in being a Christian than many professed believers of long standing.—Outlook.

14. Cannot Roof Us In.
Ratan may build a hedge about us, and fence us in, and hinder our movements, but he cannot roof us in, and prevent our breaking up.—J. Hudson Taylor.

Facts for Farm Folks

Written by
AGRICULTURAL AUTHORITIES

PROVIDE CLEAN GROUND FOR CHICKS

By Prof. Paul G. Riley

A great deal has been said about clean grounds for brooding chicks, but very little has actually been done. A definition of clean ground is as follows:

Ground on which no chickens have run for a period of at least two years. The ideal arrangement is to have three small brooding lots, which are fenced and on which no chickens are allowed to run except as each lot is used to brood a crop of chickens each third year and either cultivated or

preferably kept in grass during the other two years.

On some farms this is impractical, and on a great many more farms the owner thinks it is impossible. As a suggestion, why not have two gardens—one which is used one year for the garden and the second year for brooding the chicks? The garden can usually be sown in the fall and makes a fairly satisfactory pasture for the chicks in the spring.

Where portable brooder houses are used the chicks after they are twelve to fourteen weeks of age, following the time when the cockerels are sold, can be moved out into an adjoining field close to the house. This arrangement will be found to be successful.

No Biddies Furnished by Temporary Emergency Relief Commission

Unfounded rumors that have been circulated about lower Delaware, to the effect that the State Temporary Emergency Relief Commission would furnish baby chicks to whoever would apply for them, resulted in prompt action by the commission at its meeting in Wilmington, last Friday.

When the commission met there had accumulated more than fifty letters from residents of Delaware, mostly from Sussex county, asking the commission to furnish them with "biddies," with which to start a chicken farm, or restock their farms with young chicks.

The matter was given serious consideration, but due search of the act creating the commission failed to reveal to any member where that body had authority to furnish baby chicks for this purpose. The members decided that such requests did not come within the realms of relief work as understood by the commission and the applications were refused.

Where the rumors originated are not known, but from the appeals made to the commission the requests were pretty general. They ranged from requests for twenty to fifty chicks, up into many hundreds of chickens, some appeals ranging from three to five hundred baby chicks a person, it is stated.

The commission approved the budgets for May, involving expenditures for sewing units and direct relief orders for all three counties. March it was believed would be the peak in the work of direct relief, but orders sought through April, it is believed, will show equally as heavy demands.

The amount approved for May, is slightly under that expended for March and April.

The commission approved of three work relief projects—one about the Dover High School grounds, one about the State College for Colored Students and the third about the school at Concord.

The commission members were pleased with the reports concerning the health of the young single men, between 18 and 15 years of age, who have enlisted in the emergency conservation program, provided by the government, which embraces work in the forests of the United States. Recruits from New Castle and Kent counties were found to be in splendid condition, and less than half dozen were refused after the first examination for some physical deficiency.

Government army officers who inspected the young men, were high in their praise of them and stated they should show even more improved health conditions at the termination of their six months work in the woods.

These contingents, the first of the allotment of 500 from Delaware, are now in training at Fort du Pont, where they will remain until they are conditioned for forest work. Nearly half of the five hundred to which this state has been assigned are now under tents at the army post at Fort du Pont. Each youth who enlisted did so voluntarily, and agreed to have \$25 of the monthly wages they will receive deducted and returned for use of the parents and relatives at home, whom they are trying to support.

One Million Automobile Accidents Last Year

According to the Delaware Safety Council at the present rate of accidents involving injuries, some one million during last year, manufacturers may reasonably expect that each car they sell will eventually be involved in one or more accidents. Statistics indicate that the human element is by far the greatest factor in automobile accidents. Car manufacturers should, therefore, endeavor to bolster up the abilities of drivers in order that they may overcome their present deficiencies. Since the motor vehicle inspections have frequently indicated that as many as 50 per cent of the brakes and 60 per cent of the headlights were out of adjustment, the manufacturer should endeavor to make his vehicles as easy to maintain and as automatic in adjustment as possible. It is a conceded fact that the operator must have adequate visibility, steering and deceleration. He should be able to keep his wheels on the ground and should not be distracted by the operation of his car.

He should be so seated while operating that he can comfortably give visible signals. He should be provided with an adequate supply of fresh air, protected against fire and in case of accident should be protected by the car body from as much damage as possible. Considering the amount of visibility of traffic conditions from the driver's seat, we will easily ascertain that the position of the driver's eyes in the car must be used as a basis for determining his visibility. The tendency to have motorists sit lower in the car frequently means that the driver's eyes are almost as low as the cow with the result that he cannot see his fender or any object within ten feet of the car. This situation can probably be improved by lowering the cowl and by lowering the steering wheel so that one can see over it, or by reducing the size of the rim and the number and size of the spokes.

Another horizontal obstruction particularly for tall motorists is the sun visor. This situation has recently been improved by moving it inside the car and making it adjustable. The pillars which support the windshield are a common vertical obstruction which can be materially reduced. A difference of one-fourth of an inch in width when close to the driver's eye will increase the blind spot at fifty feet by several feet. Top supports come in almost the same category although visibility behind the front seats is not needed as frequently as in front and there are probably more structural difficulties involved.

Clear windshields are obviously necessary. The method of mounting is probably responsible for many cracked windshields which soon collect dirt. Some of the earlier non-shatterable glass apparently leaked air around the edges and caused discoloration. Windshield wipers have been improved and when two are used satisfactory visibility is obtained.

Pharmacist Examinations Open

The United States Civil Service Commission will accept applications until May 23 for the positions of junior pharmacist and assistant pharmacist to fill vacancies in the United States Veterans' Administration and in the Public Health Service.

The entrance salary for junior pharmacist is \$2,000 a year, and for assistant pharmacist \$1,520 a year. The salaries named are subject to a deduction of not to exceed 15 per cent as a measure of economy, and a retirement deduction of 3 1/2 per cent.

Applicants must submit evidence that they are full-licensed pharmacists, such license having been obtained as the result of examination before a State board of pharmacy. Certain specified education and experience are also required.

All States except Iowa, Maryland, New Hampshire, Vermont, Virginia, and the District of Columbia have received less than their share of appointments in the apportioned departmental service at Washington, D. C.

Full information may be obtained from the post office.

Rights of Pedestrians Must Be Considered by Autoists

The rights of pedestrians in connection with country highways must be considered as correlative with and of equal importance to the rights of the vehicular users of the highway, according to a report made by Dr. C. M. A. Stine, vice-president of Public Safety for the Delaware Safety Council, before the regular semi-monthly meeting of the council's directors in the Hotel duPont-Biltmore. Accident statistics reveal that twice as many pedestrians are involved in accidents while walking on the wrong side of the roadways with traffic as are involved if the proper safety precautions are adhered to and the pedestrian uses the left side of the roadway and walks facing traffic. According to Dr. Stine, the pedestrian is rapidly becoming safety conscious and the percentage of accidents due to faults of pedestrians are decreasing while accidents resulting from faults of motorists are gradually increasing. The economic slump tends to increase pedestrian peril. The highways of our country are the pedestrian thoroughfares of thousands of city folk seeking recreation, thousands of jobless men searching for work, farmers and road workers. For lack of pathways along the highways these citizens will be forced to walk along our automobile highways, thereby endangering not only their own lives but the motorist's life as well. The pedestrian is forced to make the best of a bad situation. He has been, it would seem, of trifling importance to the State Legislature ever since the automobile became the major factor in transportation. An analysis made by the committee on highway sidewalks of the American Society of Municipal Engineers revealed that only seven States, including the State of Delaware, have any provision for State expenses in building sidewalks along the highway.

The jostle and struggle between the driver and pedestrian had been for many, many years a fixed condition, quietly accepted by the multitudes. The driver, on his part, believed that the street belonged exclusively to him and he sat on his throne as one beyond the law.

The citizens went daily, with more or less courage, through greater perils and dangers than an arctic explorer . . . or a hunter of dangerous wild beasts would encounter, glad at times to gain the curb, frequently escaping a violent and cruel death by a hair's breadth.

PUBLIC SALE Household Goods

LEGION TO SUPPORT JUNIOR BASEBALL AGAIN

Candidates to be Registered Friday, May 19, 6.30 P. M.; Strong Team Anticipated

For the third successive year Lt. J. A. O'Daniel Post of the American Legion will sponsor a Junior baseball team.

This is a nation-wide activity of the American Legion and the interest in this movement is evidenced by the large increase in the number of boys taking part. Last year nearly four hundred thousand boys played baseball and some of the leading men industries of the country and each year sees an increasing number participating.

The first call for candidates is set for Friday, May 19, at 6.30 p. m., at the Post rooms, Old Academy Building, when boys between the ages of 12-17 will be registered.

Last year fifty boys competed for places on the team and it is hoped that this year will see every boy in Newark within the age limit trying out for the squad.

Geo. L. Baker is chairman of the committee and will be assisted by a large number of Legionnaires.

A. E. Tomhave, who successfully managed the previous teams, has been appointed State Athletic Officer of the Legion, but will devote as much time as possible to assisting with the Newark squad.

Unworthy Cases Not to Get Relief from State Temporary Emergency Relief Commission

Because of the heavy expenditures for work and relief during the first seven months, since the State Temporary Emergency Relief Commission has been functioning, the commission at its meeting in Wilmington last Friday, May 5, directed all of the heads of units and county directors to eliminate anything that was not needed for providing help for the unemployed, in order that there might be funds enough to carry on until November 1.

Complaints coming to the commission from every county, concerning those now receiving relief, and who have, according to this evidence, refused to accept work when it was offered them, spurred the commission to renewed activity and to have the relief workers exercise more rigid investigation of these instances.

Walter Dent Smith, Director for Wilmington; Mrs. W. R. Gauthro for rural New Castle County; Mrs. James H. Hughes for Kent County; and Landreth L. Layton for Sussex County, were asked to have reports from their units ready for this week's meeting, so that wherever it is possible unworthy causes may be eliminated. Persons learning of cases where relief orders have been furnished unemployed who have refused to accept work, are requested to report the names and addresses in writing to the Directors in each County so that the cases may be investigated.

The commission also went on record as opposing House Bill 467, which provides \$50,000 for purchase of forestry lands in Delaware. According to reports coming to the commission, instead of Delaware receiving hundreds of thousands of dollars in return for such purchase, in the way of work, less than half this fifty thousand dollars will actually be spent in the state should such bill be approved by Governor Buck. In a resolution adopted unanimously, the commission went on record as follows:

"Be It Resolved, That the Relief Commission suggest to Governor Buck that he return House Bill No. 467 to the General Assembly without his approval, inasmuch as it is now the opinion of the Relief Commission, after further consideration and receipt of detailed information from the Federal Department of Labor, that it is not in the public interest to appropriate relief funds to the purchase of lands for state parks, and be it further

"Resolved, That publicity be given in the newspapers of the State to the attitude of the commission on this matter."

In discussing this situation, Jasper E. Crane, chairman of the Commission said:

"Although the impression has been gained that a forestry camp in Delaware would create the expenditure by the Federal Government of several hundred thousand dollars in this State, further information shows that the actual expenditures would be very small indeed. A forestry camp, if not more than 5,000 acres would be very small indeed. A forestry camp, if not more than 5,000 acres were available, would not employ more than 200 men. From the Department of Labor figures the cost of feeding these men would be 33c per man per day or a total of \$12,000.00 for 200 men in six months which is the enlistment period. Most of this \$12,000.00 would probably be spent in Delaware. Expenditures which would be made in the State for clothing maintenance; medical service; motor transportation; welfare supplies and personal expenditures of the campers are estimated from the Department of Labor's official letter to total 35c per man per day, or \$12,750.00 in a camp of 200 men in the six month period.

"Thus it now appears that total moneys to be spent in Delaware by the creation of a forestry camp here, would not exceed \$25,000.00. The unanimous opinion of the Relief Commission is that it would be against the public interest to spend \$50,000.00 of relief funds for the acquisition of land to obtain as a result, the expenditure of only one-half of that amount of money in the State, and that not specifically for relief but only incidental thereto.

"If no forestry camp is established in Delaware, the full quota for Delaware of 500 men will have the opportunity of serving in camp, and their allowances to their dependent, a minimum of \$25.00 per man per month, will be received by Delawareans and be as helpful to the relief situation

HISTORY OF THE NEWARK NEW CENTURY CLUB

(Continued from Last Week)

One of the first Civic undertakings was the purchase of a street sprinkler costing \$300, paid for through sales and benefits, and maintained by a house to house canvass for yearly funds. At the end of 5 years the Club committee appeal to the Town Council to relieve them of the operation of the sprinkler. Later on the sprinkler was sold for \$150. One might digress at this point and write a whole chapter entitled "Adventures with the Street Sprinkler."

Other civic enterprises were the purchase and placing of trash cans along the streets, where most needed. The Town Council was asked to enforce the law in regard to cleaning cess pools and stables every ten days to prevent the breeding of flies. In 1910 the club voted \$10 to aid a preliminary survey for town sewage.

The Club has always stood strongly for sanitation and cleanliness. In 1915 the Educational Committee organized a Parent-Teachers Association in connection with the schools and stood solidly back of it while it functioned.

A Welfare Committee was appointed in 1920 to serve with the Town Committee to help the needy. This committee of six members had \$45.00 at its disposal and with the cooperation of the Churches and various organizations of the town was able to take care of all the cases which came to them. Today there are 15 workers and it takes several thousand dollars to meet the bills. From a list of 10 families, the work has grown to caring for over 60 families who are unfortunate. The original idea of the committee was to help clothe the children so that they might be kept in school. Bottled milk was furnished to undernourished children in the elementary grades. Today entire families are cared for with food, clothing, fuel, medicine and whatever they need. In connection with this work a dental clinic was found necessary. In 1930, Mrs. Wm. R. Wilson, Chairman of Welfare, organized a free Clinic in the room over the Council Chamber. Dr. P. K. Musselman, the local dentist, gives one hour of his time every two weeks. Mrs. G. D. Plummer, a member of the Club, acts as nurse, and another member of the committee acts as secretary and makes appointments for the children. This has proved to be an invaluable service for health, since a large number of parents and children would be unable financially to receive dental treatment in these times. The Red Cross gave \$50 to pay for fillings.

(Continued Next Week)

I. O. R. M. AND D. OF P. TO ATTEND CHURCH SERVICES

Minnehaha Tribe, No. 23, I. O. R. M., and Mineola Council, No. 17, Degree of Pochontas, will attend divine services at the Presbyterian Church on next Sunday evening, at 7.45 o'clock. Members are requested to

meet at their respective halls at 7 o'clock and attend in a body.

Tonight (Thursday) a delegation from Minnehaha Tribe will visit Little Bear Tribe to witness a class adoption. Last Tuesday evening the degree team practiced and are getting ready for a busy summer.

"Health" during the entire school year. Echoes from the State Convention held in Dover recently will be heard when the local association meets next Wednesday evening, May 17, at 8 o'clock, standard time.

As the health project, correction of dental defects, has been brought to a close, Mrs. Cunningham, program chairman, will turn the greater part of the evening over to the children who will present an interesting program.

The school choir will sing several selections, after which Carolyn Guthrie in a recitation will give her idea of success. Betty Ayars will recite "Just Pretend"; Edward Kwiatkowski, "I Wonder"; Everett Brown, "My Penny"; and Ruby Brown, "Three

Improved Cord Defeats Tire Fabric Fatigue

Dealer Says Supertwist Absorbs 22,500 Flexings Hourly in Ordinary Driving

Improved cord for tire fabric has been one of the most important factors in increasing tire mileage, in the opinion of Henry F. Mote, local Goodyear dealer.

"The most talked-of and widely imitated cord is the Goodyear Supertwist, a patented cord which stretches up to 61 per cent farther than ordinary cord," Mr. Mote declared. "This is important since it has been long realized that one of the major causes of tire failure is 'fabric fatigue' which causes breaks in the 'shoulder' or sidewall of the tire. Supertwist cord is specially constructed to withstand constant flexing by springing back to normal position after each movement of the tire carcass thereby increasing the life of the tire," Mr. Mote explained.

"Few motorists realize that while driving 35 miles per hour a tire flexes between 375 and 425 times per minute, or a minimum of 22,500 times per hour and at higher speeds there is even more flexing," Mr. Mote said. "Before Supertwist fabric was developed by Goodyear, flexing breaks, or fabric failure due to fatigue, were the cause of 95 per cent of all tire adjustments, but now less than two per cent of replacement adjustments are the result of such breaks," Mr. Mote pointed out.

Mr. Mote has a unique testing machine in his store which impressively demonstrates the unusual qualities of Supertwist cord.

MILFORD CROSS ROADS SCHOOL NEWS

The Milford Cross Roads P.-T. A. has concentrated on the subject of

"What's this gadget?" he asked
—and we sold him 4 new tires

Goodyear All-Weather

4.40-21	...	\$5.85
4.50-21	...	6.50
4.75-19	...	7.00
5.00-19	...	7.60
5.25-18	...	8.50
5.50-19	...	9.70
6.00-20	...	11.40
6.50-19	...	13.60

The "gadget" is a little machine that shows the difference between ordinary cord, used in other tires, and Supertwist cord, used in Goodyear tires. That difference is in the stretch and come-back—you can see how Supertwist cord stretches and comes back, how the cord in other tires loses its life and elasticity. It takes about 3 minutes to tell the story—but as this customer said—"If every car owner could see that demonstration, there wouldn't be anything used but Goodyear Tires."

NEWARK, DEL.

Little Sisters.

William Kwiatkowski will tell in a clever way of his trips to the dentist. Scottie Guthrie will entertain with a poem called "Lights." Stanley Kwiatkowski will tell about "My Song." A group of children, Daniel Reed, Howard Lloyd, Edwin Brown and Betty Reed will discuss "The New Program" at the school.

Then there will be a vocal duet, "O Happy Hours," by the Rhoades sisters. Lillard Brown will give his idea of good sportsmanship in games.

The play "What Might Have Been," with a cast of three characters: "Daisy," Annie Kwiatkowski; "Perry," Paul Ayars, and "Aunt Bella," Agnes Kwiatkowski, is full of humor.

Everyone will be sure to enjoy "Dr. Ray's First Patient," as acted by Charles Nelson as "Doctor Ray"; Wilson Cunningham, "Mr. Perkins"; Kathleen Starkey, "The Lady"; Edgar Jaquette, the "Policeman"; Betty Hollingsworth, "Mae Brown," and Scottie Guthrie, "John."

"From Down East" will bring forth laughs from start to finish. Paul Nel-

son will be "Jeremiah Pike"; Carolyn Guthrie, "Susannah Pike"; Betty Hollingsworth, "Arabella"; Edith Brown, "Mary," and Lewis Fisher "Algernon Westfield."

The program will close with the May Day exercises when Anna Kwiatkowski will be crowned as Queen by the May-King, Paul Nelson. Little Doris Starkey will be the crown bearer, Ruby Brown and Betty Reed will carry the Queen's train.

The Queen's attendants will be Betty Hollingsworth, sixth grade; Edgar Jaquette, fifth grade; Edith Brown, fourth grade; Anna Rhoades, third grade; Edward Kwiatkowski, second grade, and Betty Ayars, first grade.

A solo dance will be given by Ellen Rhoades. The "Swiss May Dance" will be interpreted by Carolyn Guthrie, Charles Nelson, Ellen Rhoades and Scottie Guthrie.

The children will do their best to entertain you next Wednesday evening, May 17. Remember the hour, 8 o'clock, and remember that the program begins on standard time.

WE ARE READY

FOR THE BUSINESS THAT WILL DEVELOP IN 1933

Our stocks are quite complete which assures prompt delivery of orders.

Full Length Window Screens, 1½ in. No. 1 White Pine, Bronze Wire. Prices are amazingly low for these best quality screens.

Screen Doors, 1½ in. thick No. 1 White Pine. Lowest prices ever offered for quality doors. Phone us for prices on sizes you require.

Moore's First Grade House Paints and Moore's Barn Paints at unusually low prices.

Three-hole Posts and Rails made from West Virginia unblighted Chestnut.

Our Stocks of Lumber and Millwork are most complete and we will gladly assist you with every building problem. Call on us for catalogues or any information you desire.

Larro Feeds - Bull Brand Feeds - Armour Fertilizers - Wheeling Wire Fencing - Poultry Netting - Insect Screen Cloth - Hardware Trellises - Arbors - Gates, Etc.

Our Motto—Super Quality - First Class Service
