

NEWARK POST

VOLUME IX

NEWARK POST, NEWARK, DEL., MAY 8, 1918

NUMBER 15

White Clay Goes Over the Top

Honor Flag Waves on Main Street near South College Avenue

One Thousand Subscribers in District

An honor flag, presented by the Treasury department of the U. S. Government waves over the streets of Newark, as a result of the response of citizens in the Third Liberty Loan campaign, which closed on Saturday. Local committees, determined to put White Clay over the top worked with enthusiasm until the closing hours of the campaign. At three o'clock Saturday the district had \$44,000 to go. A large subscription from a patriotic townsman, however, it developed, had been held until the last hour, and great enthusiasm prevailed at headquarters when this was reported about four o'clock. Honors go to Mr. Daniel Thompson in the district between College Avenue and the B. & O., including sections of the town within this belt, both north and south of Main Street, for reporting the largest sales—a total of \$28,200. The returns by districts follow:

No. 1. N. N.	
Wright	\$15,950
E. J. Wilson	7,800
No. 2. A. L. Beals	\$23,750
Mrs. Koehler	18,800
No. 3. G. W.	250
Rhodes	18,550
Mrs. J. P. Cann	9,600
No. 4. Daniel	3,000
Thompson	28,200
Mrs. Bonham	6,000
No. 5. E. B.	34,200
Frazer	19,400
Mrs. Penny	3,750
No. 6. F. Clark	23,150
No. 7. J. P. Cann	5,950
Mrs. Rowan	6,500
No. 8. K. R.	7,200
Greenfield	17,300
Mrs. Blake	1,500
No. 9. Truxton	18,800
Boyce	5,000
No. 10. F. W.	20,750
Lovett	6,500
Mrs. Whittingham	4,500
Mrs. Wright	4,100
Banks	15,100
Total	\$21,500

The above amount represents the subscriptions of approximately 1,000 persons. An effort is being made to print a complete honor roll in next week's paper.

The following letters have been received by Dr. Mitchell, chairman of the Liberty Loan Committee for White Clay Creek Hundred.

Philadelphia May 4, 1918
Dr. Samuel C. Mitchell
Newark, Delaware

Dear Sir:

We are shipping you by Parcel Post one Honor Flag which has been awarded to Newark, Delaware.

Newark, Delaware, has advised us they have passed their quota with subscriptions from ten percent of the population.

Will you please see that this flag is delivered to them with the congratulations of the Third Federal Reserve District.

Very respectfully,
W. E. Norton
Director of Publicity
Third Federal Reserve Dist.

Philadelphia
May 4, 1918
Dr. Samuel C. Mitchell
Newark, Delaware

My dear Doctor:

It is with great pleasure that I am sending you, under separate cover, Honor Flag for Newark, Delaware.

Many congratulations for Newark going over the top.

With kindest regards, I am
Most sincerely,
Advisory Committee
for Delaware
By H. Kinney.

COUNCIL NAMES TOWN CLEANING DAYS

Routine Business Transacted

Only routine business was transacted at the regular Council meeting held on Monday evening. The treasurer reported a balance on hand of \$1,490.01 and bills were ordered paid amounting to \$1,117.05. The secretary of the Board of Health declared a number of properties in an unsanitary condition. He was in turn instructed by Council to notify the owners to make sewer connections at once. It was decided to resurface all streets of the town built by other than the "Penetration" process. May 16th and 17th were named as town cleaning days.

Joins Engineer's Camp

Ernest S. Wilson, of Wilmington, a senior in the engineering course at Delaware College left today for Camp Lee, Petersburg, Va., to enter the Engineers Training School there. "Ernie" Wilson, is one of the most popular students in college and is held in high esteem by students and faculty alike. He played several years on the football team and captained the team last fall. He was also manager of the basketball team this year. In addition to sports "Ernie" Wilson has also been prominent in most college activities and was the first president of the Student Government Association.

W. C. T. U. Buys Bond

The W. C. T. U. of Newark purchased last week a fifty dollar Liberty Bond.

A Shot At The Kaiser

At a regular meeting of Ivy Castle, Number 23, Knights of the Golden Eagle, held on April 27th, the Keeper of Exchequer was instructed to buy five one hundred dollar Liberty Bonds.

Demonstration of Double Knitting

Miss Long will demonstrate the knitting of two socks at once, by the use of two threads and one pair of needles, at Red Cross headquarters, in the Elliott building on Main Street, on Friday afternoon at four thirty. All who are interested are welcome.

Pay Your Dues

The dues of all those who joined the Red Cross in the drive of last May are now due. Members are requested to pay their dollar before May 15, either to the chairman of Red Cross, Miss Maxwell, or at headquarters any afternoon this week.

Summer School Opens July Eight

The Summer School for Teachers at Delaware College will open on July 8th and continue for six weeks. A number of special courses will be offered by the college in co-operation with the National Security League. Announcement of definite courses will be made in the near future.

Parent-Teacher Meeting at Welsh Tract

A meeting of the Parent-Teachers Association of Welsh Tract will be held in the schoolhouse on Wednesday afternoon, May 22, at three o'clock. The program for the meeting will be announced in a later issue.

ILLUSTRATED LECTURE TODAY

"Over There" Discussed by Miss Vanderflie

On Wednesday at 4:30 P. M. at the Newark Opera House, Miss Hendrick Cander will lecture on the subject "Over There." The lecture will be illustrated by moving picture films, shown for the first time in this country. The usual admission will be charged and the proceeds will go to the fund for Belgian widows and orphans.

THREE SONS IN THE SERVICE

Eldest Son About to Sail for France

The honors of Newark in war service go to Mr. and Mrs. N. T. Davis, of Deandale, who have three sons in Uncle Sam's army: John Davis, of the 115th First Artillery Company, stationed until recently at Camp Sevier, S. C.; Wilkins Davis and Charles Davis, with the Delaware Pioneer regiment, at Camp Dix, New Jersey. The oldest son, John Davis, resided in Newark until five years ago, when he went to visit relatives in Memphis, Tenn. The sunny south seemed to appeal to him and he obtained a position in Memphis and remained there until the Tennessee boys went to the Border. Immediately upon the declaration of war against Germany he rejoined his regiment and has since been in training in South Carolina. Sergeant Davis, on a ten day's leave, spent last week with his parents in Newark. He expects to sail for France in the near future.

Wilkins Davis, widely known here, held a position with the Farmers' Trust Company of Newark, when Company E of which he was a member, was called for Border service in New Mexico. After eight months in the southwest he resumed his former position, to answer the summons a few months later, when war was declared in April. He is at present a sergeant in Company M, First Delaware Pioneers, stationed at Camp Dix.

Charles Davis, the youngest brother, was employed on a farm near Iron Hill last Spring, and enlisted in E Company when the drive for recruits was made early last summer. He is in the same Company M, at Camp Dix. Newark is proud of the three sons and the best wishes of this community will follow wherever duty may call them.

NEST EGG GROWS INTO BOND

Interesting Outcome of Child's Thrift

An incident, inspiring to the thousands of boys and girls enrolled in the Fig and Liberty Club work, during the war was revealed in the Liberty Loan campaign which closed on Saturday, when Mrs. J. B. Lutton purchased a one thousand dollar Liberty Bond with the proceeds from the sale of a cow, owned when a child.

Mrs. Lutton when a little girl, was presented with an unpromising calf by a neighbor of the family. "If you take the calf away you can have it," she was told by the farmer. "I'd rather have the milk." The child took the man at his word. The calf was taken to her home, where she raised it, selling the cow for forty dollars. The sum was deposited in a Trust Company in Wilmington until the opening of the Savings Fund here when it was transferred to Newark.

The money so earned, undisturbed all these years, has amounted to something over a thousand dollars. Mrs. Lutton, as a fitting climax to the unusual circumstances, invested the sum in a one thousand dollar Liberty Bond last week, through the local Women's Committee.

Graduates From School of Aeronautics

Oliver Suddard has recently graduated from the School of Military Aeronautics, at Austin, Texas, and transferred to the Radio School of Columbia University, New York. He spent the last week-end at his home near Newark, after an absence of nearly six months.

Ag Club Entertains

A reception-smoker, in honor of the faculty and senior members of the "Ag" Club of Delaware College was given last Monday evening. Short talks were given during the evening by Dean Hayward, Professors Grantham, McCue, and Pailthorpe.

PURE BRED DAIRY CLUB ORGANIZED

Boys and Girls to Help Develop Herds

The boys and girls of New Castle County between the ages of 12 and 18 years will have the opportunity of raising pure bred dairy cattle under the direction of the Extension Department of Delaware College.

Last March the Farmers' Trust Company of Newark and the National Bank of Odessa with the assistance of County Agent Bausman purchased three car loads of pure bred Holstein cattle from Livingston county, Michigan, and distributed them among the farmers of the county at cost. Now, the boys want to raise pure bred dairy cattle.

County Agent Bausman and State Club Leader Martin co-operatively offer the following dairy contests to the end that the pure bred dairy cattle business may become more fully developed:

First Year—This contest shall start when the young calves are first purchased and end with a Club Show held when the calves are approximately one year old.

Second Year—This contest shall start when the calves are approximately one year old and end with a Club Show just before they are due to freshen.

Third Year—This contest should start when the heifer freshens and continue through her first lactation period, at which time a Club Show should be held.

As it is the plan to have this project link up closely with the pure bred dairy cattle project already launched, these calves will be purchased when about six months of age from Livingston County, Michigan, the same center from which the cattle were purchased. These calves will cost approximately \$75 to \$100 each. Although this is a good price for a calf six months of age, yet they will be calves that are not only registered but have dams that have produced good records and sired by famous bulls. Already there are several boys who have made application for a calf and they say that they want to help develop the dairy business of New Castle County and thus supply the boys "over there" with nutritious food and meet this big demand for pure bred dairy cattle that is certainly coming as soon as this war ends.

The two banks of the County will probably buy the calves and put them out to the boys and girls at cost. It is the plan that each boy purchase and own his own calf. The banks will gladly arrange this with him.

As the majority of the boys and girls are interested in Holsteins it is probable that the first car load will be made up of this breed of calves. However, if there is a sufficient demand for calves of the other breeds, arrangements will be made by which they can be provided.

All boys and girls of New Castle County who are interested in one of these pure bred calves will please see their school teacher, County Agent Bausman, or State Club Leader Martin of Newark for further information.

As the calves will be purchased during the month of June it is desired that every application be in the hands of Mr. Martin or Mr. Bausman by June 1, 1918.

DELAWARE TRIPLES QUOTA IN BOND SALES

Forty Thousand In State Subscribe

The State of Delaware through a Liberty Loan subscription made in the closing hours of the campaign, will receive the highest honors of any State in the Union—two stars in the Honor Flag for tripling the minimum quota assigned it in the national campaign. The DuPont Company, through its last hour subscription has brought this honor to the State. By this the total for Delaware will be upwards of \$25,000,000 and more than three times the minimum quota.

At the beginning of the loan campaign, the duPont Company (Continued on Page 4)

SONS OF DELAWARE TO COME HERE

May Reunion to be Held at the College

The Sons of Delaware have accepted the invitation of Delaware College to spend the afternoon and evening of May 25th here. About two hundred loyal Delawareans who now reside in Pennsylvania, are expected to attend the reunion which is held annually in the home state. E. B. Frazer, mayor of Newark, and a member of the Board of Trustees of Delaware College, assisted by H. R. Sharp, of Wilmington, is in charge of arrangements. The guests will visit the Farm and later inspect the new College buildings. Dinner will be served in the main dining room of Old College Hall at six o'clock. Governor Townsend has been asked to be present and be one of the speakers.

Mr. Willets, the president of the Carr Exchange National Bank of Philadelphia, is president of the organization.

Well Known Author Visits Newark

Mr. and Mrs. J. D. Porter of Cambridge, Mass., took dinner Sunday and spent the night at the Sundown Restaurant. Mrs. Porter is widely known as Eleanor Porter, the author of Pollyanna, one of the most widely read books of the last decade.

DELAWARE CHEMISTS TO MEET HERE

Two Hundred Guests Expected Saturday

The Delaware Section of the American Chemical Society will hold their May meeting as the guests of Delaware College on Saturday afternoon and evening, May 11th. The American Chemical Society is a national association of chemists. It has about 11,000 members and is the largest organization of its kind in the world. The Delaware Section was organized about six months ago with the State of Delaware and Salem County, N. J., as its territory and already has about two hundred members.

On this occasion the members who will be accompanied by their wives will spend the afternoon visiting the Women's College and the various departments of Delaware College as well as the Interscholastic Field meet on Frazer Field. Dinner will be served in Old College Hall at 6 o'clock. At 8 P. M. the regular meeting will be held in Wolf Hall, at which Professors Robertson Matthews of Cornell University will speak on the relation of colleges to war work. Short addresses will also be given by other prominent speakers. This is to be an open meeting and all who are interested are cordially invited to attend.

The officers of the Delaware Section are: Chairman, Lammot duPont; vice chairman, J. G. Meleny; General Chemical Company; secretary, Dr. R. P. Calvert, duPont Experimental Station; treasurer, D. S. Ashbrook; Joseph Bancroft's Sons; chairman membership committee, F. W. Barker, Jr., National Aniline and Chemical Company; Marcus Hook, Pa.; chairman entertainment committee, D. S. Ashbrook; chairman program committee, R. P. Calvert; counsellors, C. M. Stine, Chemical Department duPont Company and Firman Thompson, Delaware College.

Vestrymen and Guild Officers Elected

At a congregational meeting held at St. Thomas' P. E. Church last Monday evening the following vestrymen were elected: Alfred A. Curtis, senior warden; G. A. Harter, junior warden and treasurer; Lee Rose, secretary; D. C. Rose, Charles Colmery, George Dobson, W. H. Dean, Morris Mitchell, and L. K. Bowen.

Officers for the Guild were elected the same evening as follows: D. C. Rose, president; W. H. Dean, vice president; Miss Lillie Getty, treasurer; Mrs. Howard Jester, secretary.

Funeral services will be held from the late residence on Thursday at two o'clock. Interment in the Head of Christiana Cemetery.

Interscholastic Meet at Delaware

Representatives of Delaware High Schools to Visit Here Saturday

Two Hundred Contestants Entered in Events

The Fourth Interscholastic Track and Field Meet, to be held at Delaware College on Saturday afternoon, May 11, promises to be the most successful meet in every respect ever held at the institution. In addition to the contest between high schools and preparatory schools, there will be an inter-collegiate contest between Delaware College and Muhlenberg College. There are 214

SUBJECTS FOR COMMENCEMENT ESSAYS

Urged by the Women's Committee of the Council of Defense

The Woman's Committee of the Council of National Defense, feeling that it is essential to our future welfare to have the young people of today understand and appreciate the issues and the democratic principles involved in the present war, has requested that the Delaware Committee assist graduating classes this year with the preparation of commencement themes and orations on subjects related to the war.

The Committee at Washington in co-operation with the local State Committee, which has headquarters in the Public Library Building in Wilmington, is prepared to furnish material and to let students know where information on such subjects can be secured. A request to Miss Martha Evans Martin, 1814 "N" Street, N. W., Washington, D. C., on any of the following suggested topics for commencement themes or orations, will bring the necessary information.

Help with material on some of these subjects may also be secured from the Secretary of the Delaware Woman's Committee, Miss Jeannette Eckman, Library Building, Wilmington, and from Dean Winifred J. Robinson, Chairman of Publicity and Education, Newark. (See list of subjects attached.)

INCOME TAX**BILLS IN MAIL**

Revenue to Go for Roads and Schools

That Delaware's State Treasury will be enriched by nearly \$400,000 as a result of the new income tax law passed at the last regular session of the General Assembly in 1917. This result is indicated by the figures already compiled in the state treasurer's office, and the work is not yet completed. The tax returns so far compiled total \$338,874.39, which figure will be considerably increased by the time the work is entirely completed. The returns were filed with the state treasurer prior to March 1, and since that time the office force has been kept busy figuring on the amount due the state from each taxable and making the totals. Agricultural occupations were exempt from the tax.

There is a great variety in the amounts due the state from various Delawareans whose incomes are taxed. Some incomes barely exceed the \$1,000 exemption, and will be taxed but a few cents, while others will reach well up into the thousands. The average tax paid, however, will range between \$15 and \$25.

If the total amount of revenue derived by the state this year from the income tax reaches \$400,000 the newly created State Highway Department will receive \$150,000.

to expend for good roads. When the state income tax law was passed in 1917 a companion bill was passed providing how the revenue from the income tax should be expended. The largest portion of the revenue will be used for the benefit of the public schools, the majority of which stand greatly in need of financial assistance. The law provides that \$250,000 shall be devoted to the schools, and the remainder to go to the Highway Department. The companion law is as follows:

"The total amount of money raised each year, and from year to year, by an act entitled 'An Act to Amend Chapter 6 of the Revised Code of the State of Delaware, by Providing for an Income Tax,' be and the same is hereby appropriated annually to and for the uses and purposes of the State Highway Department, and shall be credited by the state treasurer to the State Highway Department, and shall be disbursed by him as other moneys appropriated for the uses of the said State Highway Department, as provided in an act entitled 'An Act to Create a State Highway Department, Establishing a System of State Highways, and Providing for the Improvement and Maintenance Thereof, and the Appropriating and Borrowing of Money Therefore.'"

In addition to the revenue from the income tax, the State Highway Department will receive this year all but \$50,000 of the money received by the state treasurer from the registration of motor vehicles and the licensing of operators thereof, and after this year will receive all of the revenue derived from motor vehicles, which will amount to several hundred thousand dollars.

With such a large amount of revenue available annually for good roads, there is no reason why Delaware should not take a place in the list of states with the best roads in the country, instead of being notorious for its miserable highways as at present.

The state treasurer is now sending out bills for the income tax. The law provides that all taxables must be notified of the amount they are assessed not later than June 1 of each year, and the amount due shall be paid to the state treasurer not later than June 15. On all income taxes due and unpaid after June 15 five percent will be added, and interest at the rate of one percent per month for the time it remains unpaid.

While the state treasurer's office would not, of course, give out the names of the largest income tax payers, it is known that some citizens will have to pay considerable sums.

When the government tax on charters went into effect it was believed that a large portion of Delaware's revenue on incorporations would fall off and that the income tax revenue would take its place. There has been no noticeable falling off of incorporations; however, therefore the additional revenue from income tax will be clear gain, and will add greatly to Delaware's financial standing and will enable the state to place its schools and public highways on a plane with the best in the Union.

Our Money Not Wasted

All of the money being expended for war purposes is not going to be a waste. Some of it is going to be shot away; some of it is going to be sunk at sea; some of it is going to be invested in machinery that will be useless in time of peace.

But a very great portion of it is being spent for things that will be as valuable when peace comes as now, though not so imperatively needed then—ships for instance. And as for the immense amount spent in adapting our manufacturing plants to war purposes, it is estimated that 90 percent of our war machinery can and will be used for other manufacturing work after the war.

The invisible and intangible forces, the moral forces of the world, the soul and conscience of mankind are fighting on our side.

Liberty Bond Issues to Date

There are at present issued and outstanding four issues of Liberty Bonds, and soon there will be six issues. They are as follows:

1. The original bonds of the First Liberty Loan; these bear 3½ percent interest and mature June 15, 1947, but are redeemable at the Government's option on or after June 15, 1932. They have a conversion privilege.

2. The original bonds of the Second Liberty Loan; they bear 4

percent interest and mature November 15, 1942, but are redeemable at the Government's option on or after November 15, 1927. They have a conversion privilege.

3. Bonds of the second issue which have been obtained by conversion of bonds of the first issue into bonds of the second; they bear 4 percent interest and mature June 15, 1947, but are redeemable on or after June 15, 1932. They have a conversion privilege.

4. The original bonds of the Third Liberty Loan; they bear 4½ percent interest and mature September 15, 1928, and are not redeemable until maturity. They have no conversion privilege.

The other two issues which will soon be outstanding will be 4½ percent bonds obtained by the conversion of bonds of the first issue, and 4½ percent bonds obtained by conversion of bonds of the second issue, into bonds of the Third Liberty Loan. They will have no conversion privilege.

The Debts of the Warring Nations

The London Economist for February places the total gross debt of Great Britain at \$5,678,600,000 pounds (\$27,636,000,000).

The French minister of Finance in presenting the budget for 1918 estimated the public debt of France on December 31, 1918, at 115,166,058,000 francs (\$22,227,000,000).

The public debt of Italy at the end of 1917 is estimated at about 35,000,000,000 lire (\$6,676,000,000).

The debts of the Central Powers are estimated as follows: Germany, \$25,408,000,000; Austria, \$13,314,000,000; and Hungary, \$5,704,000,000.

Our own public debt is now around \$8,000,000,000, but more than half of this amount has been loaned to our Allies and will be repaid us. It is estimated that of the total net expenditures of the United States for the fiscal year of 1918, exclusive of our advances to our Allies, more than one-half will be defrayed by taxation.

Indian's Remains Exhumed

Bones supposedly of one of the Indians who took part in the massacre of settlers at Zwaanendale-blockhouse, on the site of the present town of Lewes, were uncovered while workmen were digging a cellar under the home of William Hocker. The Indians killed all of the whites.

In the last year or two, since cellars have been made for steam-heating plants, a number of Indian relics have been uncovered.

BARNUM & BAILEY CIRCUS COMING**Greatest Show To Exhibit In Wilmington**

Once again the glad tidings are being spread broadcast telling of the coming of Barnum & Bailey's circus. The greatest show on Earth, it is announced, will positively be exhibited within easy traveling distance this season and, as usual, a large percentage of the population will declare a holiday to visit the show.

The big circus will exhibit in Wilmington on May 19.

It is promised that nothing to compare with the present Barnum & Bailey performance has ever before been seen under canvas. New and novel features have been imported from abroad and a program of events, thrilling, educational and screamingly funny, will occupy every instant in three rings, four stages, the riggings above the hippodrome surrounding for more than three hours.

There is a new and gorgeous pageant entitled, "Aladdin and His Wonderful Lamp," in which nearly 1,400 persons and one thousand animals appear in magnificent costumes rivaling the dress of the people of the famous "Arabian Nights" story. This will be followed by a host of acts in all parts of the great enclosure. There will be sixty clowns, a greatly increased menagerie of wild and untamed animals, four great herds of elephants, several caravans of camels and many recently born baby animals.

The free street parade, which will start from the circus lot at 10 o'clock on the morning of circus day, is entirely different from anything of the kind ever shown before. It will be three miles in length and there will be bands on foot, on horseback, and riding on top of wagons of red and gold. There will be six bands in all and they will be assisted by three steam calliope and an electric piano.

With the largest tent in the history of all circuses, the Barnum

and Bailey circus promises this season to make good again its boast that it is the Greatest Show On Earth. Five railroad trains comprising 98 railroad cars, will be required to transport its paraphernalia, and more than 750 horses will be used to transfer its wagons from the railroad yards to the show lot.—Adv.

FARM BUREAU NOUNCE

Various Projects Saturday's

The executive committee of the New Castle County Farm Bureau met in the office of the Bureau, Wednesday evening, at 8 o'clock by President Dickey. Secretary Dickey read the minutes of the meeting. The report on membership showed a decided increase in membership since the previous meeting. Several bills were introduced, including a bill to amend the Constitution and a bill to establish a Farm Bureau in each county. The Farm Bureau will be represented in the next two weeks at the annual meeting of the New Castle County Farm Bureau at the call of the President of the Bureau. The meeting will be held at the office of the Bureau as far as possible, the exact date to be determined by the executive committee.

The following program was adopted at the meeting:

1. Dairying and Farm Management.

To encourage dairying and farm management.

2. To organize and maintain a Farm Bureau in each county.

3. To secure legislation to protect the interests of agriculture.

4. To secure legislation to protect the interests of agriculture.

NEWARK

AMERICA—THE SYMBOL OF FAITH AND HOPE

By GEO. W. GOETHALS
Acting Quartermaster General

EVERY American citizen should be proud of the American Red Cross. It is daily, indeed hourly, giving an example of mercy to the whole world. Through its operations the suffering of soldiers and civilians is being alleviated.

The American people should continue to support the American Red Cross. Through it they are helping their own men and helping the allies. Through it they are making America the symbol of faith and hope in a distracted world

GEO. W. GOETHALS,
Acting Quartermaster General.

FARM BUREAU ANNOUNCES PROGRAM

Various Projects Outlined at Saturday's Meeting

The executive committee of the New Castle County Farm Bureau met in the office of the Bureau of Labor, Wednesday, May 1. The meeting was called to order at 2:00 o'clock by President J. T. Shallcross. Secretary Mrs. Mary E. Dickey read the minutes of the last meeting. The report of the Secretary on membership indicated that

there was a decided increase in membership since the last meeting. Several bills were allowed and the Secretary was instructed to draw on the Treasurer for the same. The Constitution and By-Laws of the Farm Bureau were gone thru and each paragraph discussed. The whole of the Constitution and By-Laws will be published in the county papers within the course of the next two weeks. It was decided that future meetings would be held at the call of the President, in the office of the Bureau of Labor. So far as possible, these will be held on Saturday afternoons. From the great quantity of work that is upon the executive committee, it is probable that these meetings will be held at least once a month.

The following program of work which was adopted at the final organization meeting of the Farm Bureau was discussed in detail by the executive committee:

1. Dairying and Live Stock.

2. To encourage the projects already launched or importing into the County will breed dairy cattle; encourage more cow raising associations; holding dairy cattle feedings; demonstrations; the establishment of bull associations; encourage the organization of boys and girls' clubs; good dairy cattle.

3. Education and Extension to the control of extension in state, cities, towns and working into the educational system, and to improve marketing markets in the community.

4. To produce more and better by co-operation with the county extension agent placed in the State to advise to suppress plant diseases, insect action, vermin, etc. of more effective and balanced actions in production.

5. Farm Management.

To see before the farmers of the County the merits of the County Farm Loan Association and to

extend the use of the farm record books prepared by Delaware College.

b. Community co-operation in the using of more labor saving methods and machinery.

3. Soils, Crops, and Fertilizers.

a. The extensive use of legumes for hay and green manure, a systematic use of legumes in the rotation, and saving of barn yard manure and more profitable application.

b. Familiarizing farmers over the county with poor condition of seed corn and suggesting means of securing sound seed, demonstrations in the control of sticking smut and wheat weevil.

c. Co-operative purchasing of nitrate of soda from U. S. Government at cost thru local communities and holding demonstrations showing value of fertilizer to various crops.

4. Labor.

In view of the proposed plan of a committee representing the various federal departments of employment service in Delaware which are establishing county offices for labor distribution, the farm bureau thru its community and executive committees should co-operate in every way possible to aid the farm labor shortage of the county.

5. Fruit, Truck and Poultry.

To hold demonstrations in the various communities on emergency sprays, the cultivation and cover crops, pruning, dusting, to encourage the raising of disease resistant varieties of vegetables and the control of vegetable diseases. Setting before our farmers the importance of keeping records on the flock, improved methods of feeding, the control of diseases and the curing of the unprofitable birds.

6. Boys' and Girls' Club Work.

During the present year the Boys' and Girls' Club of Delaware will make a study of the following objects in a large project known as Home, Horse and School Guards, pure bred dairy cattle, pigs, and poultry.

7. Dairying and Dairy Advertising.

8. To teach better methods of child care; to show the importance of sanitary measures in home and teacher life and how these may be obtained to teach the relation of food to health and the value of good food habits.

9. Health Conservation.

To teach better methods of child care; to show the importance of sanitary measures in home and teacher life and how these may be obtained to teach the relation of food to health and the value of good food habits.

8. Home Record Keeping.

The establishment of a simple system of household accounts by which the housewife may have a knowledge of the receipts and expenditures of the home.

9. Food Conservation.

To teach the substitution of foods which are plentiful or which can not be shipped for those needed by our soldiers or allies.

To teach the proper balancing of the diet when these foods are used.

To encourage the use of perishables.

To assist in the preservation of perishables by means of canning and drying, so that no food shall be wasted.

Under the Farm Labor, of which Mr. Griffin Ellison is chairman, a lengthy discussion followed. Mr. Stengle, Farm Labor Specialist, discussed briefly the labor situation. It was moved and carried that the labor chairman should represent the Farm Bureau in the meetings of the Council of Defense Labor committee. A committee was appointed to interview the District Board requesting the Board that in cases where the farmer had secured a deferred classification for his farm men that before the man severed his relations with the farmer he be required to show reason for his changing positions. In case he had no reasons it would be optional with him to remain on the farm or be subject to the draft. In regard to the Labor Specialist who has been recently appointed to investigate the farm labor conditions in the state, it was thought that it would be well for him to get in close touch with the farmers at their meetings and elsewhere and determine the exact labor situation, as well as make estimates for the amount of labor that will probably be needed during the coming harvest seasons and report these facts to the Government Employment Service in Wilmington. It is thought that by some organized system that the farmers can be supplied with abundance of labor during our harvest seasons.

The County Agent was instructed to look after a Farm Bureau booth at Farmers' Day to be held on the College Farm. The idea of this booth is to set before the farmers of the county the work that is being done by the various chairmen of the Farm Bureau. It was also thought well that the chairmen of the Executive Committee have charge of the inspection trips over the farm that day.

NEW RULES ADOPTED BY STATE BOARD

At Recent Meeting In Dover

Delaware's State Board of Education, at its last meeting, adopted the following rules and regulations which have the force of school laws and are to be observed by all parties concerned:

First—School holidays: The following holidays, with full pay to teachers, are hereby established.

Thanksgiving Day and the following Christmas holidays, including the day before Christmas and New Year's Day.

Good Friday and Easter Monday for all teachers whose contracts call for a school year of nine or ten months.

Such days as Columbus Day, Lincoln's Birthday, Washington's Birthday, Arbor and Bird Day, Memorial Day and Flag Day, are not school holidays, but special days set apart for a special purpose.

Teachers are urged to emphasize the importance of these days with appropriate exercises in the schools.

Second—Serious illness of

teachers while in service: In case of illness during the school year a teacher shall be allowed half for the first week, full pay for the second and third weeks. After four weeks no pay shall be allowed.

During the time a teacher is ill, a substitute teacher shall be provided for the school at the expense of the local school board.

The salary of a qualified substitute teacher shall be 90 percent of the regular teacher's salary.

Third—Pay for teachers when schools are unavoidably closed.

Teachers shall receive full pay for the length of time schools may be closed on account of contagious or infectious disease, or for any other reason over which the teacher has no control.

The State Board has also re-

vised its rules to conform to the new law.

Dover High School, Dover; Sussex county, high schools at Seaford and Georgetown.

Examinations will be given as follows: Limited elementary certificate, reading, writing, spelling, geography, United States history, arithmetic, Constitutions of United States and Delaware.

Limited secondary certificate: Grammar, English and American literature, rhetoric and compositions, arithmetic, algebra, plane geometry, school management.

Examinations will also be held at the same places as mentioned above on April 27 with the following subjects:

Limited elementary certificate—Drawing, grammar, physiology and hygiene, primary methods, school management nature study, agriculture.

Limited secondary certificate—United States history, general history, Constitutions United States and Delaware, hygiene, physics, physical geography, zoology or botany or chemistry, secondary methods of teaching.

Examinations will also be held for colored teachers of the State on April 20 at the following places: New Castle County, Howard High School, Orange street above Twelfth, Wilmington; Kent County, Capital School building, Dover; Sussex County, Public School, Greenwood.

The examinations for the colored teachers will include the limited elementary certificate as taken by the white teachers on April 27, and the limited secondary certificate as taken by the white teachers on April 6.

It is desired by State Commissioner of Education A. R. Spaid as well as the county superintendent that graduates of the High Schools for the present year contemplating teaching appear for the examinations set for this month. Any person now substituting for a reg-

ular teacher must take the examination in April or he or she will not be allowed to teach any longer.

Married women, whose household duties will permit, will be welcome to teach in the Delaware schools next year, especially those who have had college or normal school training. This request is made because of the feeling that there will be shortage of teachers next year. They will, of course, be compelled to take the examinations and should attend the Summer School to refresh themselves on branches in which they may have not studied for several years.

Where Accuracy Means Dollars to You

NO matter how good your seed corn—or how carefully you prepare the soil—you can't have a perfect corn crop unless your planter has a perfect drop!

We invite you to inspect the J. I. Case—the world's most accurate corn planter. We want to show you why it drops 20 more perfect hills out of every 100. Why it brings you 7 more bushels per acre.

Why it makes you \$350.00 more profit for every 40 acres you plant.

This will place you under no obligation to buy whatever. You owe it to yourself to inspect this planter that pays its cost several times over the first year you use it! Come in any time—we shall be glad to show you point by point the mechanism of this planter. It's a wonder!

FIRST GUN OR BARRAGE FIRE

Only a casual acquaintance with conditions in Sussex convinces one of the decided and determined opposition to the return of Mr. Saulsbury to the Senate. But not until last week have we seen any public expression, when James M. Truwell of Georgetown announced himself as a candidate. Modest, unassuming as Truwell always is, there is back of his statement a determination that will figure strongly in Democratic Councils. He has friends, knows men, has a sympathetic understanding of Delaware conditions and has ability. He has no organization except that won on merit and experience in leadership in county affairs of his party.

Nor do not think this is the expression of any personal dream of his own. It represents a movement of no small strength in his own county and will be greeted with approval on up through the State. Just what effect this announcement will have is just yet difficult to reckon. Certainly, as the first gun of the campaign, it is being greeted with loud applause. And more significant still, there is a quiet approval from the thinking leadership of the party. Whether this is the beginning of a direct drive from Sussex into Saulsbury's trenches or merely barrage fire for some other candidate is not yet shown. But certain it is that the battle is on and Truwell will start over the top with a considerable following.

PRACTICAL AID

A word of appreciation is due local advertisers of the Liberty Loan Drive. The success of the campaign throughout the state and nation is in no small degree due to publicity and advertising. Every bit of available space possible has been given by the press. Assisting in this, several of our citizens and advertisers contracted for space in the Post. Local advertisers who boosted the campaign by paying for insertion of National Ad. service were Continental Company, E. L. Richards, G. Fader, Geist and Geist, and G. W. Rhodes.

The Post management here expresses appreciation and recognition for this generous support to the Campaign.

BE DEFINITE

School Problems, College policies, public service institutions, are just now occupying serious, if not always sane, attention. The upheaval caused by the War has of course brought to our attention new questions. But the War is not the sole cause of our unrest. In every fact it is not the main cause for all this disturbance. The War, with its attending problems, has only served to make prominent the defects in our internal organizations. And these defects heretofore not disclosed to the public mind are now seen to be so pronounced that we fear the strain incident to this crisis. But let us deceive ourselves and others no longer and excuse ourselves under cover of War emergencies as the cause of all our evils.

Schools, Colleges, and Public Utilities are all Emergency institutions and instead of retrenchment, we should rather put on full speed ahead. Short sighted and extremely rural indeed to slack speed or output now. Let us rather own up to past sins and mistakes and proceed along definite lines. Let us get away from public opinion, weather vain policy and conduct public affairs in public way. Let us, rather than cover our difficulties, admit them and ask for assistance. With definite outlines, we can meet the War situation. Further rather than be an added burden to the strain, we can be a force in the life of the State and in service of our country.

Bond at Every Farmhouse

There is a Liberty Bond, third issue, in every farm house in Red Lion hundred. Red Lion hundred was allotted \$74,000 as its quota to raise for the Liberty Loan, and before the campaign ended the hundred had exceeded that amount.

Through the canvassing of the Women's Liberty Loan Committee, every farm house in the hundred has bought at least one of the bonds, a record probably unprecedented in the United States.

State Fair Officials Announced

Officials of the Delaware State Fair have their 1918 premium list issued and they are now being sent to former exhibitors. The Department superintendents and assistants for this year's Fair are as follows:

Women—Miss Emeline Derickson.

Children—Mrs. Frederick C. Snyder, Miss Margaret Snyder, Miss Ethel Snyder.

Fruits—R. G. Buckingham.

Vegetables—Frank F. Yearsley.

Grain and forage crops—Fred

erick C. Snyder and Lawrence A. Othoson.

Horses and mules—Alexander Corbit, Joseph Davidson, William duPont, Lambert Foulk, Joseph H. Gould.

Poultry—Charles C. Speakman, S. Haileck duPont.

Cattle—James R. Mahaffy, V. M. D.

Sheep and swine—Charles Megginson.

Carriages and farm machinery—William P. Peach.

Governor Sends Congratulations

John S. Rossell, chairman of the New Castle County Liberty Loan Committee, has received the following telegram from Governor Townsend:

"With confidence founded on the past, with determination shown by your committee and with the practical aid and inspiration of the women of the State, your success really could have been well forecasted at the opening of the campaign. Delaware still holds true to her tradition in the nation's service. The first star in Liberty's flag again belongs to Delaware. Congratulations to you personally for your work. You must be proud indeed—and rightfully so. White Delaware has done no more than she should; it is with pride we record that all our citizens can so co-operate as to do more than than is asked. —Congratulations again!"

"John G. Townsend,
Governor of Delaware."

PERSONALS

Mrs. Martha M. Wiggins of Wilmington, spent several days visiting relatives and friends near Newark.

Miss Patience Thompson of Wilmington, spent the week-end with Mrs. James Morris near town.

Miss Brita Buskingham of Hockessin, spent the week-end with Miss Adelaide Lewis.

Mrs. C. A. Taylor with her baby daughter, Hannah, has returned to her home in West Philadelphia, after an extended stay in Newark.

Miss Anna Miller spent the week-end with her sister, Miss Myrtle Miller, at Trenton, N. J.

Miss Bella Regan of Hickory Hill, is visiting her sister, Mrs. Raymond Phillips.

Mrs. W. E. Hegeman has been visiting friends in New York, the past week.

Miss Mary Chalmers is spending the week with her aunt, Mrs. Elmer Corrie, in Wilmington.

Mrs. Harry Hershey of Harrisburg, Pa., is the guest of her grandparents, Mr. and Mrs. Amos Osmond. Mr. Hershey of the U. S. National Army, stationed at Camp Meade, spent Sunday in Newark.

Ralph Osmond and family, of Concordville, Pa., visited his parents, Mr. and Mrs. Amos Osmond on Sunday.

Mrs. H. B. Wright left today to spend some time with her daughter, Mrs. L. B. Jacobs, Morrison, Virginia.

Motor From Florida

Mrs. Nan B. Kennedy and Mr. and Mrs. Ginty of St. Augustine, Florida, spent last night with the former's mother, Mrs. Evan W. Lewis. The party had motored from Daytona, Florida, and were bound for Atlantic City, where Mrs. Kennedy will open her hotel, "Kentucky," within the next few days. The tourists pronounced Delaware roads the worst they had encountered between here and Florida.

SUPPER-DANCE AT CLUBHOUSE

Hostess Delights Guests With Original Manner of Entertainment

Miss Elizabeth Wright entertained about sixty guests last Saturday evening, at a supper-dance held at the New Century Clubhouse. The main hall was attractively decorated for the occasion with laurel, potted plants, and American flags. Supper was served by M. A. McGovern, in the dining hall, which by an abundance of spring blossoms had been converted into a bower of springtime. Pink papers, in Colonial candlesticks, decorated with great bows of pink tulips, lighted the room.

Invitations had been issued to a Follage Party, and each guest, upon arrival was presented with a "Home Smileage Book," which contained coupons, admitting the holder to the events of the evening. The "Books" which were numbered, were distributed first to the ladies, who following the instructions of the rhyme on the flyleaf, searched for the corresponding number on the place cards down stairs; then stood behind the chairs. The men followed, each carrying out the admonition of the rhyme in his book.

"On the following page is your number. You'll find your partner's the same. See that all the 'Smiles' are taken tonight, And that she's gloriously glad that she came."

The dances were listed as "Smiles," on the program, and the supper as "Smileage Mess." The covers were decorated with a red, white, and blue band, and finished with blue silk cords and pencils.

Mrs. S. J. Wright, Mrs. C. A. Short, Mrs. John Pilling, Dean Robinson of Newark, and Mrs. H. S. Golday of Wilmington, chaperoned the party. The invited guests were Mr. and Mrs. J. P. Wright, Mr. and Mrs. Ernest Wright, Miss Margaret Smith, of Salisbury, Md., Misses Olga Seifert, Mary Davis, Kathryn Jackson, Margaret Gray, Ruth Messick, Dorothy Newton, Calista Feely, Emily Frazer, Elizabeth Houston, Mary J. Mason, Kathryn Bowen, Bessie Whittingham, Mary Mitchell, Alice Evans, Eleanor Duffy, Cornelia Pilling, Edith Spencer, Lillie Ferguson, Elizabeth Houston, Alice Anna Rouse, Misses Mitchell, Evans, Wilson, Loose, Harry and John Alexander, Donoho, Geppin, Downing, Sum-

walt, Handy, Colpitts, Bowen, Swing, McWhorten, Hearn, R. Poole, J. Poole, Dean, Lynch, Sipple, Germon, Myers, Terrell, Graves, Lord, and Goroy.

Former Newark Girl Weds

The wedding of Ethel May Jervis, daughter of Mr. and Mrs. Franklin H. Jervis, and the Rev. Raymond W. Cooke, now a Lieutenant in the army, took place at the home of the bride, No. 1020 Gilpin avenue, Wilmington, last Thursday evening. The Rev. George A. Cooke, father of the groom, assisted by the Rev. E. H. Collins and the Rev. C. C. Harris, performed the ceremony. Miss Mary Beardslee played the wedding march. The bride was unattended.

The house was decorated with palms and cut flowers and the wedding party stood under an American flag. Following the ceremony a reception for the immediate family, and a few friends was held.

Lieutenant Cooke will return shortly to Camp Custer, Battle Creek, Mich., where he recently completed the infantry course in officers' training. He formerly was pastor of the Stanton M. E. Church. He is awaiting an assignment to military duty as an officer.

Mrs. Cooke who is well-known in Newark where she lived for many years, for the present, will continue to live with her parents.

Euchre And Dance Friday Evening

Tickets are being sold for the progressive euchre and dance to be given in the New Century Club on Friday evening, May 10th, under the direction of Mrs. Tyson for the benefit of the building fund. A cordial invitation is extended to everyone.

Annual G. A. R. Encampment

The 38th annual encampment of the Department of Delaware, G. A. R., met on Thursday, at Irish-American Hall.

Department Commander James T. Alexander presided. The 16 posts now number 284 comrades, as against ten times that number at the time of the organization of the body, and 60 were in attendance.

Reports from the member posts were received at the morning session, and the department report was submitted by the assistant adjutant-general, G. A. R., J. S. Litzenberg, and approved.

Loss by death during the past year was 39, and the total voting strength at present is 129.

The report states: "The members are getting along in years, many of them very feeble and unable to attend the meetings or carry on the G. A. R. work; hence those of us who are able must close our ranks, touch shoulder to shoulder and hold on to our department as long as we can. Our fighting days are past, but we can close our eyes and see in imagination our grandsons in the ranks, side by side, with the grandsons of the men we fought as foes from '61 to '65, and almost hear their shouts, as with Old Glory in front they hurl themselves on their, and our common foe, today."

A lunch was served by the Ladies' Auxiliary at noon.

CLUB LEADERS' CONFERENCE AT WOLF HALL

All Parts of State Represented

Twenty-two club leaders from all parts of Delaware attended the all day conference held at Wolf Hall last Saturday, and participated in the round table discussions. The occasion was a Club Leaders' Conference, planned by the extension department of Delaware College.

In the forenoon Prof. H. B. Hendrick of Washington discussed "The Ear Marks of Club Work," and gave the following as essential requirements: (1) A local club organization, (2) A definite program for every meeting, (3) An annual exhibit of club products, (4) A judging team, (5) A demonstration team, (6) A final report and story on how the project was conducted, (7) An achievement program.

Prof. Hendrick demonstrated the process of preserving eggs in Water-glass, as a typical demonstration for a regular poultry club meeting. Agnes P. Medill, Assistant State Club Leader, lead a round table discussion on Some Permanent Results of the Liberty Food Clubs in Delaware.

In the afternoon, Dean H. Hayward of Delaware College spoke on the Importance of Boys' and Girls' Extension Work, and emphasized

the great responsibility of leaders in carrying out Junior Extension Work. Miss Grace Goodpasture of Washington, discussed Social and Economic Aspects of Club Work. Theodore T. Martin, State Club Leader, discussed Club Work in Relation to the County Farm Bureau to the end that the local communities may determine what home projects shall be taken up, and so that local leadership can be secured before club work is attempted.

It was stated that there are now 315 members in the Liberty Food Clubs, and over 500 members in Garden, Poultry, Corn, Pig, Canning and Calf Clubs. Two State Leaders from Delaware College, two County Leaders, four Assistant County Leaders, and about twenty Local Volunteer Leaders manage these clubs in Delaware.

NEWS OF THE NEIGHBORHOOD

As Reported by Correspondents for THE POST

APPLETON

Sunday School at Head of Christiansburg next Sabbath at 1:30 P.M.; preaching at 2:30. Invite your friends and be sure to attend.

Mr. and Mrs. Casner lately enjoyed a visit from their son, who is stationed at Camp Dix.

Mrs. S. Teresa Kimble and daughter, Miss Ida, were recent guests of Mrs. E. B. Blackson, of Wilmington, and Rev. and Mrs. W. L. Cain, of Westchester, Pa.

Messrs. Phineas Peterson and Gustavus Blackson, of the 154th Depot Brigade, write interesting accounts of life at Camp Meade, where they are located.

Mrs. Hilda Carender of Iron Hill was a week-end visitor at the home of her grand parents, Mr. and Mrs. Wm. Carender.

Mr. and Mrs. Warren Johnston recently entertained relatives and friends from Head of Sassafras.

Miss Emma Morgan, one of our public school girls, eleven years of age, crocheted four wash cloths, which went in comfort kits to Camp Meade, on April 29.

Last week, Master Finley Bunting celebrated his seventh birthday anniversary, at the home of his parents, Mr. and Mrs. Harry Bunting. A very fine birthday cake was a pleasing feature of the day.

Miss Kimble has resigned her duties as teacher of the "True Blue" class at Jackson Union Sunday School.

On Monday evening, April 30, Dr. J. R. McElroy and Mr. Warren Haines, both of Cecil County, addressed an audience at Jackson Hall, in behalf of the Third Liberty Loan. On Friday evening, Mr. Haines addressed Appleton Social Club on the same subject. The subscriptions resulting from the two meetings amount to \$1,250.

KEMBLESVILLE

Bear in mind the illustrated lecture in Willard's Hall on Friday evening, May 10th, in behalf of the young folks. A good time is promised. All are invited.

Mrs. H. W. Swain was taken seriously ill while attending church service on Sunday afternoon. Dr. Aaronoff was hastily summoned and at this time she is somewhat improved.

EAT POTATOES AND SAVE WHEAT

Decrease in Grain Shipments Puts Allies' Soldiers in Peril.

BE A "STOMACH" PATRIOT

Lets Use the Tuber Now, Export the Cereal and Lick the Kaiser.

America has fallen behind in its shipments of food to Europe. We must make up our obligations now by sending more cereals, especially wheat. Eating potatoes is one way to increase the supply of wheat.

We have the potatoes—millions of bushels are available now; they won't be as good three months from now. To conserve both wheat and potatoes—eat potatoes now—and get such an enthusiasm for potatoes that next year's production will beat this year's.

Our comrades across the sea need wheat. They need every bit we have in this country. What would Germany do under these circumstances? If the Hohenzollern family demanded wheat for the preservation of autocracy the German people would be compelled to send the last grain and they would be compelled in the name of autocracy to eat potatoes.

We can improve on that. Of our own free will we can send wheat for liberty; out of love for our fellows we can eat potatoes for democracy.

No able-bodied true American will object to potatoes as a substitute at the noon or evening meal. A popping baked potato, a hot, dry, boiled potato, a mound of creamy mashed potatoes, a rich, brown potato cake, or a well-seasoned stuffed potato will satisfy any normal person. Substitute now cheerfully, for the time is not far distant when you must sacrifice whether you will or no. Therefore, take the training.

BREAD CARDS IN FRANCE

Even Babies Limited Because of Serious Shortage Abroad.

France has just established a new regime of bread consumption. From now on bread will be strictly rationed through all of France on the following basis:

Children less than three years old, 3½ ounces per day.

Children from three to thirteen years old, 7 ounces.

Persons from thirteen to sixty years old, 10½ ounces. (Hard workers in this age class receive 3½ ounces more).

Persons over sixty years old, 7 ounces.

This ration is about two-thirds of the bread allowance heretofore maintained. The fact that bread constitutes over one-half the diet of the French nation and the further fact that the price of meat is such as practically to prohibit its use by a large part of the population make these figures highly significant of the extent to which the French people are going in their efforts to restrict food consumption.

EXCEPTIONS TO 50-50 RULE

Last Rulings Regarding Whole Wheat, Graham and Mixed Flour.

The first of these concerns graham flour and whole wheat flour. Both of these, because of the process of milling, use a larger percentage of the wheat berry than regular wheat flour, i.e., a bushel of wheat will make a greater weight of graham or whole wheat flour than it does of the ordinary wheat flour. In other words, graham and whole wheat flours are in themselves making wheat go farther. For that reason, a person buying a certain number of pounds of graham flour or whole wheat flour, need get only 3½ of that weight in substitutes.

The second exception applies to mixed flours. When any mixed flour contains 50 per cent or more of ingredients other than wheat, it may be sold alone, for it is observing the 50-50 rule in itself. But if this mixed flour contains less than 50 per cent of substitute ingredients, that difference must be made up by other purchases.

For instance, suppose a person bought four pounds of mixed flour composed of three pounds of wheat flour and one pound substitutes. Along with that mixed flour he would have to buy two pounds of some of the specified substitutes. In so doing, he would be carrying out of that store, a total of three pounds of wheat and three of the substitutes.

The mere fact that part of the substitutes had been mixed with the wheat before it was bought would not matter at all, because the pound-for-pound, or 50-50 principle would still be operating.

Reduction, Production—the 1918 watchwords.

It doesn't matter who started this war, Uncle Sam will finish it.

Uncle Sam is in a race against Germany for ships and food—Are you with him?

The Allies are all in the same boat, a long way from shore and on limited rations—and Uncle Sam is running the relief ship.

Wm. Huggins spent last week with Everett Huggins of Bellemore.

The girls of this neighborhood have contributed ten dollars to the Red Cross.

Mr. and Mrs. Shoemaker of Philadelphia, Mrs. Mattie Morrison of Wilmington, are spending sometime with Mr. and Mrs. Delaware Laws.

Mrs. Wm. Huggins and daughter, Miss Pearl, and Mr. David A. Ward spent Tuesday in Wilmington.

Mr. and Mrs. Newton Mahan and F. V. Dayett spent Friday with Mrs. R. A. Delbert of Elton.

Mr. J. Lee Cannon of Newport, was a Glasgow visitor Sunday.

Mr. and Mrs. Samuel Reed and daughter, spent Sunday with his parents, Mr. and Mrs. Robert Reed of Newark, Del.

Private Langford of the British army, gave a very interesting talk in Glasgow Hall on Wednesday afternoon. The speaker was introduced by Mrs. Ridgely of Dover, State Chairman of the Women's Third Liberty Loan. The members of the committee of Pencader Hundred, have done wonderful work within the last week.

We have the potatoes—millions of bushels are available now; they won't be as good three months from now. To conserve both wheat and potatoes—eat potatoes now—and get such an enthusiasm for potatoes that next year's production will beat this year's.

FIRST BALL GAME SATURDAY

Between Continental and Rising Sun

The Continental Fibre Company baseball team will play the strong Rising Sun (Md.) team on the Delaware Avenue grounds Saturday afternoon. Several former Tri-County League players are with Rising Sun this season, and the game should be an exceptionally fast one. Fenn, the well-known southpaw, will do the twirling for Rising Sun and Taylor will catch him. The battery for Continental will be Gray and Draper. The Continental has a well balanced team and is out for even a better record this year than the one made last season. In addition to the battery the line-up will probably be, Lovett, first; Moore, second; Robinson, third; Harrigan, shortstop, and Roberts, Dawson, and Fulton in the outfield. The game will be started at 3:30 o'clock and a large crowd is expected. This will be Continental's second game of the season.

SPIRITED BALL GAME

High School Freshmen Win From Grammar Grades

The High School Freshmen won from the Grammar School in an interesting game on Friday, May 3, 1918. Hoffecker pitched a fine game, striking out twenty men. Score by innings:

R. H. E.
H. S. F. 0 0 0 0 6 0 2 1—9 12 6
N. G. S. 0 0 1 0 0 0 1 0 2—4 6 11
Batteries: Hoffecker, Armstrong, Evans; Fosset, Major.

Special Speaker At Missionary Meeting

Mrs. Mary Wheeler of Wilmington, will address the Newark Auxiliary of the W. H. M. S. of the M. E. Church on Friday afternoon, May 10, at 2:30. The meeting will be held at the home of Mrs. R. T. Jones. Miss Wheeler wishes to meet each member of the auxiliary.

Mary T. Williams,
Secretary.

Ambulance In Coming Campaign

The Delaware College ambulance has been invited to take part in the Red Cross drive for \$100,000 to begin on May 20th. Knowles Bowen, chief of the Ambulance Corps, will be in charge, the duty assigned by the State chairman, Mr. Henry P. Scott, being the distribution of all material used in the campaign, the transportation of speakers, etc. The drive will be in uniform and the ambulance itself a visible indication of the work of the Red Cross organization.

Committee Meeting Held Today

A meeting of the Committee on Instruction of the Delaware College Board of Trustees, composed of Henry Ridgley, chairman; Dr. S. C. Mitchell, C. B. Evans, C. J. Scott, L. W. Mustard, and S. H. Messick, was held at the Hotel du Pont, this morning. The subject of consideration was the resignation of several members of the faculty, and the filling of these vacancies.

News Items From the Women's College

Annual Elections Annual elections are beginning. Saturday chapel period was devoted to brief talks as to the duties of Student Government officers. Miss Caudell, Miss Anna Scott, and Miss Helen Bishop spoke. Monday evening the Dramatic Club held its election, with the following results:

President, Miss Ruth Messick; Vice President, Miss Gladys Walton; Secretary, Miss Charlotte Easby; Business Manager, Miss Margaret Reynolds; Chairman Membership Committee, Miss Lillie Ferguson; Chairman Program Committee, Miss Alice Roop; Chairman Costumes and Scenery, Miss Margaret Gray.

The recently elected officers of the Athletic Association follow: President, Miss Catherine McGraw, '19; Vice President, Miss Dora McElwain, '20; Secretary, Miss Anne Van Sant, '21; Treasurer, Miss Margaret Reynolds, '20; Custodian, Miss Esther Dodson, '21.

Sophomore Night

Sunday evening the Young Women's Christian Association meeting was in charge of the Class of 1920. The subject was "Brighten the Corner." Miss Kathryn Jackson led, and Miss Eleanor Duffy sang a solo.

Chapel Exercises

Miss Margaret Groves, '21, gave an interesting talk on "Life in the Navy in the Civil War," on Monday morning, April 29. She compared the customs of today with those in '61, and also gave a clear account of the different rations given at both times. A meeting of the College Athletic Association was also held at this time. Plans for the first Field Day were discussed. Miss Mary Bigelow, physical director, encouraged the students to enter the sports and bring glory to their classes.

Tuesday Professor Clark spoke on various factors in winning the war. He dwelt also on changing conditions of labor, and pointed out work that must be done in the educational fields.

Wednesday's talk by Private Langford, of Andover, Massachusetts, has been noticed elsewhere.

Friday, Mr. Koehler, principal of the Newark High School, gave a most interesting talk on the development of our American School System.

Draft Contingent Transferred to McClellan

The Delaware men who on May 1, went to Fort Slocum, N. Y., sixteen of whom started from Newark, in the draft contingent, have been transferred to Camp McClellan at Anniston, Alabama. They will be attached to the 29th division at that camp. The Delaware boys passed through Newark over the Baltimore and Ohio railroad on Monday evening.

WAR POSTERS SOLD

One Presented to Women's College

A feature of the Liberty Loan campaign in Delaware was the sale of War Posters designed by Delaware artists. Mrs. Nowland purchased the Hopkins painting, "Follow Me," N. C. Wyeth's "Over the Top" was purchased by interested friends and subscriptions from Y. M. C. A. members amounting to \$35.00. The Ethel Brown poster, "Delaware Awake," is to come to the Women's College at Newark, the gift of the Wilmington Women's Liberty Loan Committee. Mrs. Henry Ridgley, state chairman, has written Mrs. William G. McAdoo, suggesting that this be used, with the lettering changed, as the official poster of the Women's Committee in the next Loan drive.

The three large posters were sold for \$250 each, and the four smaller ones were auctioned at The Playhouse Friday night for \$410.

Printers Work Overtime

Washington, May 6.—To supply Liberty Bonds to subscribers promptly, extra shifts of printers were set to work today by the Bureau of Engraving and Printing, and it is planned to deliver all bonds within two weeks. About 18,000,000 bonds already have been printed and more than 100,000,000 have been distributed throughout the country by the treasury.

Secretary McAdoo formally announced tonight that in accordance with right reserved when he opened the third loan, he would make

allowments of all subscriptions in full.

The total of subscriptions tabulated by the treasury tonight was nearly \$3,500,000,000, and nearly a half billion more probably will be reported before the total is announced sometime after next Monday.

GOVERNMENT ASKS COLLEGE MEN TO REGISTER

Working Plans Explained by Charles Warner

This summer every healthy college student who is not receiving military training ought to be at work.

Hard physical work is the best recreation a student can get, and while our country is at war it is a disgrace for anyone who can work to spend his time in idleness or play.

Every man who has ever done any work on a farm owes it to his country and to our allies to work on a farm this summer. The world is short of food. American farms must supply the demand.

Those who can not be of use on the farms can find other valuable work. Students skilled in any trade can probably find place in some war industry. For unskilled or "common labor" there is great demand in certain parts of the country where important war work is being done. The college student should not expect or ask for anything very glorious in the way of summer vacation service. The country wants of him hard work, possibly in an insignificant position, with no reward or recognition coming to him other than fair wages and his own satisfaction in taking his part in the great fight.

The conditions surrounding farm work and "common labor" are not particularly attractive. The work is hard. There is little in it that appeals to the imagination. The national significance of the particular job to be done is not easily apparent. Nevertheless, the man on the farm or the common laborer who is working in connection with a Government contract is serving his country to his utmost. The most illustrious general is doing no more.

Primarily, the duty to find a place to work rests on the student himself. The Government is ready to help him find a chance to work. It will find places for many students; the others should use their own initiative and find places for themselves.

To help you find a place, the United States Government is asking you to enroll in the Collegiate Section of the Public Service Reserve, which is the recruiting branch of the United States Employment Service of the Department of Labor. There is an officer in your college in charge of the work. Through him the Employment Service of the United States, which is looking up places on the farms and in industries, is put at your service. It will have positions ready for some men as soon as they leave college.

If you do not find a place to work before you leave college, you should, on getting home, report at once to your State director of the Public Service Reserve. A list of

such State directors is printed herewith. Your record card will be sent to your State director and he will do what he can to tell you how to help our country.

If you will work on a farm, be sure to report also to the County Agricultural Agent for your county. You can reach him through your local postmaster.

This summer do not figure on what you want to do, or don't want to do. Consider only what your country needs of you. Thus only can you really serve.

State director of the U. S. Public Service Reserve Warner, 6th and King streets.

THE MELTING OF MOLLY

At Playhouse Next Week

It is a highly talented company that the Messrs. Lee and J. J. Shubert have provided for the fare with music, "The Melting of Molly," which will be the attraction.

at the Playhouse, Wilmington, Delaware, five days commencing Monday, May 13, with matinee Thursday. Among the important feminine members of the cast are Florence Nash, Gloria Goodwin, Helen Tracy, Nellie Fillmore, Vera Roehm, and Dorothy Klewer. Florence Nash who leads the cast is one of the most delightful comedians of our time. Some of her musical comedy hits were made in "Miss Hook of Holland," "The Pied Piper" with De Wolf Hopper, "Algeria," and "Sweet Sixteen." Gloria Goodwin, a charming beautiful young girl was last season featured in "Love O'Mike"; Helen Tracy will be recalled on account of her appearance in the classic drama; Nellie Fillmore's biggest hit was made in "The Country Boy"; Vera Roehm made great success as the athletic girl in "Doing Our Bit," and Dorothy Klewer was lately seen in "The Squab Farm." Important male members of the cast are Harry Davenport, George Trimble, Charles Dickson, Alan Edwards,

Irving Beebe and Charles Burrows. In addition there will be a battery of beautiful young ladies—an added pleasure prospect for a delightful evening's entertainment.
