On motion of Mr. Holcomb, the House took a recess until 2 o'clock, p. m.

Same Day---2 o'clock, P. M.

House met at expiration of noon recess.

The State Librarian, being admitted, presented a message from the Governor,

Which, on motion of Mr. Warren, was read as follows:

State of Delaware,  
Executive Department.

To the Senate and House of Representatives in General Assembly met:

In my biennial message presented at the opening of the present session among the liabilities of the State I enumerated 75 bonds of the denomination of \$1,000 each, of the issue of 1891, payable 1901, aggregating \$75,000. These bonds, pursuant to the act of 1897 providing for the issue of 245 bonds, were ordered paid, and were paid on January 1, 1898, and since that time have been erroneously stated among the liabilities enumerated by the State Treasurers. No interest has been paid on these bonds since 1897, and no financial disadvantage has accrued to the State from such erroneous statement, except that the apparent liabilities of the State have been, since January 1, 1898, \$75,000 more than they actually were.

The 250 bonds of the denomination of \$1,000 each of the issue of 1897, payable June 1, 1907, redeemable in whole or in part on any first day of June or December in or after the year of 1897, are still unpaid and constitute the only obligations of this State which are now redeemable. These bonds must be paid on June 1, 1897, and I would recommend, as the statute under which they were issued permits of their redemption by instalments, that proper legislation be enacted at this session of the Legislature, looking to their gradual and early redemption. I know of no better financial principle than that of paying debts when the cash for this purpose is on hand, and no State can find any safer investment for its surplus funds than the redemption of its own obligations, especially when they are so near maturity as these are.

The report of the State Treasurer shows a cash balance to the credit of the general fund of over \$80,000 on November 30, 1902, and an estimated excess of receipts over expenditures for the year 1903 of \$100,000, and we can reasonably expect the same healthy condition for the year 1904. So that the Treasury should be in condition to redeem this whole issue of bonds during this and next year.

In order to save interest and redeem these bonds gradually and without an excessive strain on the Treasury at any one time, I would recommend that these bonds be redeemed as follows: Bonds numbers 1 to 50 inclusive on June 1, 1903, bonds numbers 51 to 125 inclusive on December 1, 1903, bonds numbers 126 to 175 inclusive on June 1, 1904, and bonds numbers 176 to 250 inclusive on December 1, 1904.

I would also recommend that the Governor be given discretion to change the numbers of the bonds to be so redeemed if at any of the above-named dates the condition of the Treasury will not warrant the payments so provided for by reducing the number of the bonds to be redeemed and adding the number so reduced to the next payment if the condition of the Treasury is then such as to warrant the increased payment. I have had prepared the necessary legislation to carry out the above recommendations, and it will be submitted to your bodies for your approval and I feel sure that it will receive your careful attention.

If the legislation so recommended should meet your approval and be enacted into law, and the bonds be redeemed as herein outlined, the total bonded debt of the State on January 1, 1905, except the bond of the school fund and the certificate of indebtedness to the Trustees of Delaware College, which are practically debts owed by the State to itself, will amount only to \$280,000, whereas the balance due on the railroad mortgages owned by the State aggregates \$385,000 or \$105,000 in excess of the said total bonded debt held by outside investors. The bonds representing this debt are redeemable as follows: \$35,000 in 1906, and \$245,000 in 1922.

JOHN HUNN, Governor.

On motion of Mr. Flinn, the special message of the Governor, in regard to the suit now pending between the States of New Jersey and Delaware in the Supreme Court of the United States was read as follows:

To the Senate and House of Representatives of the State of Delaware in General Assembly met:

I herewith transmit for your information an official communication from the Attorney General to the Governor, relating to the suit now pending between the States of New Jersey and Delaware in the Supreme Court of the United States.

As set forth in said communication, I have, in my message upon this subject at the last General Assembly, expressed the opinion that the above-mentioned case involved interests of the highest value and importance to this State, concerning as it does the territorial limits and jurisdiction thereof. The last General Assembly, by its joint resolution referred to in the accompanying communication of the Attorney General, authorized the vigorous defense of the rights of the State in this behalf. At the same time, it is entirely appropriate and fitting that the chosen representatives of the people, now gathered in General Assembly in this State, should consider any just suggestion of the settlement of this long standing controversy with our neighboring State, upon terms which may be wholly consistent with the dignity, rights and interest of this State.

In accordance, therefore, with the suggestion of the Attorney General, I now recommend that the Senate and House of Representatives do appoint a special joint committee to consider and advise with the Attorney General and special counsel for this State concerning the proper disposition of the said territorial controversy between this State and the State of New Jersey.

JOHN HUNN, Governor.

Wilmington, Delaware,

January 31, 1903.

To his Excellency,

JOHN HUNN, Governor of the State of Delaware.

Dear Sir :—It becomes my official duty again to direct your attention to the litigation which has long been pending in the Supreme Court of the United States, between the States of New Jersey and Delaware, concerning which I addressed you in February, 1901. This litigation, as I then stated, grew out of legislation in our State, prohibiting persons who were not citizens of Delaware from fishing within certain limits which were claimed to be within the exclusive jurisdiction of our State, and over which limits the jurisdiction of our State has, from time immemorial, been asserted and maintained.

The act in question was passed on March 28th, 1871, being Chapter 72 of Volume 14, Laws of Delaware, and such parts of which as are now in force can be found on page 467, &c., of the Revised Code as published in 1893. The jurisdiction in question is that claimed by the State of Delaware over the waters of the Delaware River to low water mark on the New Jersey shore, within the limits of the twelve mile circle having its center at the Court House at New Castle, and an arc of which circle constitutes the northern boundary of this State.

The enforcement of the provisions of the act of March 28th, 1871, by the arrest of citizens of New Jersey engaged in fishing within that portion of Delaware River lying within the twelve mile circle, was promptly opposed by the authorities of that State, with a claim of jurisdiction over said river east of the middle line, and of the legal right of her citizens to fish on the New Jersey shore of the river without the license of Delaware, either within or without the said circle.

During the year 1872, the then Executives of the two States had certain correspondence and conferences over this controversy, the result of which was their recommendation to the Legislatures of their respective States that commissioners should be appointed on the part of each to settle the matter in dispute. Upon such recommendation, a joint commission, consisting of three members from each State, was appointed by legislative authority, and the General Assembly of this State suspended the

law of 1871, pending the negotiations between such commissioners.

These joint commissioners having failed to reach a satisfactory basis of settlement of the matter in controversy, the commissioners from this State reported to the Executive in 1874, their failure to arrive at a satisfactory settlement of the matter in dispute, and delivered a statement asserting and vindicating the claim and title of Delaware. On March 26th, 1875, the General Assembly of this State adopted a joint resolution, declaring that the commissioners on the part of this State having fully performed their duties and reported the results of their labors, were relieved of further duty as such commissioners. This joint resolution appears in Chapter 249, Volume 15, Laws of Delaware. The effect of this resolution was to abrogate the authority of such commissioners, to terminate their negotiations, and to revive the suspended license laws. Such license laws were thereafter enforced by the authorities of this State and the original conditions resulting therefrom recurred. As the result of this state of affairs, New Jersey, in pursuance of leave granted, on March 13th, 1877, filed a Bill in Equity in the Supreme Court of the United States to restrain the State of Delaware from the exercise of its jurisdiction.

Prior to the filing of said Bill in Equity, your predecessor, Honorable John P. Cochran, then Governor of the State of Delaware, on the second day of January, 1877, addressed and delivered to the General Assembly his message, in the course of which he recited the foregoing historical facts and informed the General Assembly of the purpose, as communicated to him by the Governor of New Jersey, of said State to commence proceedings in the Supreme Court of the United States. In concluding his discussion of the subject, Governor Cochran said:

"If this proceeding shall be taken by New Jersey, it will be incumbent upon the General Assembly at its present session, to make adequate provision for the proper vindication of that rightful claim of title and jurisdiction which, I believe, has never before been denied by New Jersey, but which, on the contrary, is uninterruptedly asserted and maintained by the State of Delaware for the space of nigh two centuries, and I would respectfully recommend that such legislation be had as will meet all exigencies likely to arise, pending the litigation."

As a result of this Message of Governor Cochran, the Gen-

eral Assembly, on the twenty-sixth day of January, 1877, adopted joint resolutions, reciting the claim of this State to the owner- and exclusive jurisdiction of that portion of the Delaware River which is included within a circle of twelve miles radius, taking the Court House in the City of New Castle as a central point, and declaring,

“That the Attorney General be, and he is hereby authorized and directed to cause his appearance, in behalf of this State, to be promptly entered upon the record of the said suit in the Supreme Court of the United States, whenever the same shall be commenced by the State of New Jersey. And be it further resolved, that the Governor be, and he is hereby authorized to employ, in behalf of the State, additional counsel to assist the Attorney-General in the defense of the said suit.” —

These resolutions are contained in Chapter 504, Volume 15, Laws of Delaware.

In pursuance of said resolutions and authority, the Governor subsequently, from time to time, appointed Messrs. Thomas F. Bayard, George Gray and George H. Bates, as Counsel to represent the State in this cause. Subsequently, Mr. Bayard withdrew from his position as Counsel, upon his appointment as Secretary of State of the United States. Mr. George Gray has since been appointed United States Circuit Judge. Of the original counsel in the cause, Mr. George H. Bates now remains.

In February, 1901, I received communications from the Clerk of the Supreme Court of the United States, from the Honorable Samuel H. Grey, then Attorney General for the State of New Jersey, and from the Honorable George H. Bates, the special counsel for the State of Delaware, calling my attention to the cause, and communicating to me the order of the Supreme Court that the cause before it should be forthwith proceeded with. Upon a conference with Messrs. Grey and Bates, and upon the examination of the record of the cause, it appeared that the State of Delaware must take the next step in the action, by filing its answer to the Bill of Complaint of New Jersey. Inasmuch as the State of New Jersey had not theretofore been pressing its suit against this State, under a written agreement of counsel filed in the cause, no Answer for the State of Delaware had theretofore been filed.

On February 14th, 1901, I addressed you, reciting the history of the controversy, and suggesting that you send to the General

Assembly a message, embodying the facts set forth in said report, and that you recommend the passage of a joint resolution by the General Assembly then in session, which should reiterate the authority of this State to defend said action to its termination, and renew its statement of confidence in the position heretofore assumed in said controversy by this State. Thereupon, you sent the following message to the Senate and House of Representatives:

"I have received and herewith transmit for your information a communication from the Attorney General relating to the suit now pending in the Supreme Court of the United States, between the States of New Jersey and Delaware. It is unnecessary for me to enlarge upon the importance of this report. The unanimity with which the people of this State, through various General Assemblies and Executives, have always defended the integrity of the jurisdiction, territory, and sovereignty of this State in this controversy, constitutes a just guide for present action. I cannot bring myself to believe that the present generation of Delawareans will, when properly advised on the subject, find themselves less sensitive and earnest in maintaining the rights of the State than the generations which have preceded us. It would seem that if the controversy is ever to be settled finally, it could not be placed in a position of greater advantage than to embrace the present opportunity to have it forever set at rest by the decision of that tribunal which, under the Federal Constitution, is competent to sit in judgment between sovereign States. From personal conference with the Attorney General and Counsel who have heretofore represented the State in this litigation, and from such investigation of the case as I have been able to make, I believe that the interests of the State have been carefully guarded in the past; and that such interests will be fully protected in the future by such of the existing Counsel for the State as are now living and as are now free to act in her behalf, together with the Attorney General of the State.

"I therefore recommend that the General Assembly renew its declaration of purpose, not to abandon the vindication of its sovereign right and title to the territory which immemorially has been conceded to be a part of its domain, and that it shall make such provision for the further defense thereof against what must be considered the unfounded pretensions of the State of New Jersey, as will comport with the honor, dignity and best interests of the State."

Acting upon the suggestion of this message, the Senate and House of Representatives adopted the Joint Resolution, which was approved February 26th, 1901, and which appears at page 531, Volume 22, Laws of Delaware. This resolution, after reciting that the said General Assembly was desirous to maintain the claims of this State set forth in the Joint Resolution passed January 28th, 1877, to exclusive jurisdiction over that portion of the Delaware River which is included with the circle of twelve miles radius, taking the Court House in the City of New Castle as a central point, declared:

"That the Attorney General and much of the special counsel heretofore appointed to assist him, as are now free to act in said behalf, be and they are hereby instructed to maintain the defense of said suit, and they are hereby authorized to take such steps therefor as may be necessary."

In due course the Answer of the State of Delaware was prepared and duly filed in the Supreme Court of the United States, and a copy of which Answer I herewith send you. Issue has been joined upon the pleadings by the State of New Jersey. The case has, therefore, now arrived at the stage when proof may be produced. No testimony has been taken. The preparation and presentation of this testimony, both on the part of New Jersey and upon the part of the State of Delaware, will entail the production of ancient original documents, which are distributed probably mainly between London, England, and Albany, N. Y. There may be some few records in the archives of the various counties of this State—chiefly New Castle County. The proper production of this testimony will entail very considerable expense.

Owing somewhat to the expiration of the term of the Hon. Samuel H. Grey, late Attorney General for the State of New Jersey, and the succession of the Honorable Thomas N. McCarter, present Attorney General for said State, and the necessity which Mr. McCarter found himself under to familiarize himself with the case, the actual taking of testimony has not begun. There has recently come from the Supreme Court of the United States an intimation that the case must advance.

On the 27th inst. there was a conference between the Attorney Generals of New Jersey and Delaware, together with the Honorable George H. Bates, associate counsel for the State of Delaware, for the purpose of expediting the progress of the

cause. Upon a full consideration at this conference of the difficulties and probable cost of the production of proof upon each side of the controversy to sustain the allegations in the Bill and Answer, and upon a somewhat careful consideration of the history and bearing of the controversy upon the citizens of the two States interested in the cause, it was agreed between Counsel for the two States to again make an attempt to equitably determine and settle the rights of Delaware and New Jersey to the disputed territory, and if possible to adjust all differences between the two States arising out of Delaware's territorial claim, in a manner satisfactory to both States.

In my former official communication to you, under date of February 14th, 1901, certain reasons were set forth which justified confidence in the validity and strength of the claim of the State of Delaware to the territory in question. The very laborious and critical examination of ancient documents and reprints thereof, made by the Attorney General and Mr. Bates, associate Counsel for Delaware, which preceded the preparation of the somewhat voluminous Answer of the State which was filed in the said cause, has greatly strengthened the belief and reliance of Counsel for this State upon the justice of her claim. Notwithstanding this well grounded hope that the State of Delaware would be ultimately successful in the suit now depending in the Supreme Court of the United States, yet if the entire controversy between the two States can be settled out of Court in a manner creditable and satisfactory to both States, it would seem the part of good reason to attempt to make such a settlement.

At the conference above mentioned, between counsel for the two States, it was agreed that the Attorney Generals and associate Counsel of the respective States should confer with the Executive and Legislative authorities of Delaware and New Jersey respectively, in order to ascertain the sentiment of the said authorities of the two States concerning the settlement of the cause upon lines to be hereafter determined.

In view of the foregoing, I would therefore advise you to send to the General Assembly a message, recommending the appointment of a special joint committee of the Senate and House of Representatives to consider and advise with the Attorney General and special Counsel for this State concerning

the proper disposition of the said territorial controversy between this State and the State of New Jersey.

I remain, yours very truly,

HERBERT H. WARD,  
Attorney-General.
