PRICE FIVE CENTS

MUSIC SOCIETY TO PRESENT EGON PETRI

Celebrated Pianist To Appear Here Next Thursday

What will probably prove one of the outstanding musical events here this season will take place next Tuesday night when the Newark Music Society presents Egon Petri, internationally known pianist, to the Mitchell Hall at 8:15 p. m. The program will include selections from Bach, Beethoven, Debussy, Prokofiev and Chopin.

The master pianist, Egon Petri, was featured in the "grand manner" from birth. His father, Henri Petri, was a famous violinist and the leader of a string quartet which bore his name and which played all over Europe. His mother's singing was admired by Liszt. Their friends were the musical greats of the day, and their home was often the center of gatherings that included such luminaries as Brahms, Greig, and Tchaikovsky.

Young Petri was a pupil of the great Teresa Carreno. As Professor of Piano at the Royal College, in Manchester, England, Petri played annually under the baton of the celebrated Hans Richter (Richard Wagner's assistant at Bayreuth) who proposed him as his successor.

In 1902, Egon Petri made his debut as a concert pianist in Germany and Holland, playing twice that year at the Dutch Court. Since that time he has toured all over Europe and the United States. At present, he is pianist in residence at Cornell University with the rank of professor.

NEWARK STUDENTS IN MODEL UNO CONFERENCE

Leaders In Youth Meet At Temple University

Robert Boyden and Richard Evans of Newark High School assumed leadership in the model Youth's United Nations Conference sponsored by Temple University and held there last Wednesday. A group of other students from the local high school also attended.

The purpose of the conference, as stated by Dr. Robert Johnson, president of Temple University, was to give youth to think about, to understand, and to prepare to assume responsibility in the proper execution of world problems. With this in mind, discussions on such subjects as atomic energy, the control of international trade routes, the curbing of the arms of the big three, and the internationalization of a police force were conducted.

It was over one of these four conferences that Robert Boyden presided. Guided by the discussion, Dick Evans, chairman of the New Zealand delegation. Many members of which were classmates at Newark High School, spent half hour of this conference broadcast by station WIBG over an international hook-up.

The meeting climaxed a series of similar conferences held throughout the year and presided over by each of the four presidents.

Other students who attended from Newark were: Catherine Hughes, Thelma Rose, Pearl Rose, Robert Irwin, Samuel Balucus, and Thomas Silk. The group was accompanied by Miss Anne Schaefer of the high school faculty.

Parking Lot Planned For Area Behind Main St. School

A town parking lot may be established soon in the vacant area behind the old Main Street school, it was announced yesterday by Newark school officials, who have granted the town the use of the property for that purpose.

Announcement was made several days ago following the February Council meeting that officials were establishing a parking lot on Main Street to relieve constant congestion on the thoroughfare.

Soloist At Century Club

Mrs. Kurt Wohl

MRS. K. WOHL IS SOLOIST AT CENTURY CLUB MEET

Women Hear Recital By Noted Concert Pianist Here

Members of the Newark New Century Club and their guests enjoyed a memorable musical experience Monday afternoon, when Mrs. Kurt Wohl, noted concert pianist and staff member of the Princeton University School of Music, gave a recital.

Mrs. Wohl, who is a resident of Newark, included in her first group Mozart's "Konzert Rondo" in D Major; Mozart's "Fantasie in d minor"; and the Bach-Busoni "Chaconne".

Following the intermission, Mrs. Wohl performed Beethoven's "Sonata opus 78"; Chopin's "Berceuse opus 57" and the Liszt-Paganini Etude, "La Chasse". Her encore was the ever popular "Valse in G flat Major opus 70 Number 1" by Chopin.

Mrs. Wohl plays with sound musicianship. She has fine insight into the interpretation of both classic and romantic composers. Her tone is liquid and mellow, changing with utmost ease from fresh delicacy to amazing brilliance. Her Bach-Busoni "Chaconne" has all the grandeur and power which the original "Chaconne" for violin and lamentable viola version lack.

Newark cordially welcomes this superb and gracious artist and anticipates hearing her many times.

Tea was served by Mrs. James McNeal and her committee: Mrs. Herbert Weir, Mrs. Paul Rinard, Mrs. A. B. R. Smith, and Mrs. Middleton Hanson. Novel decorations included a replica of Lincoln's cabin made of gingerbread. Mrs. Earl Armstrong and Mrs. Richard Snyder poured.

FIRE SIREN BREAKS DOWN ON MONDAY

Temporarily Replaced By Air Siren

Newark's fire siren broke down Monday when an alarm was received from the farm of Chester E. Ewing on Oglethorpe Road. Volunteers on hand at the time ran out the engines and sounded the apparatus sirens until enough men arrived to man the vehicles.

The fire proved to be a grass blaze with no damage.

Later Newark's large air raid siren was hooked up to take the place of the old siren and will be used while the old one is being repaired.

Saturday the company was called out three times. The first was a grass fire on Dallow Road and the second a grass fire on the farm of former Judge Hugh M. Morris at Polly Drummond Hill, north of Newark. There was no damage in either case.

The third call was a field fire that started along the Pennsylvania Railroad and burned over a large area back of George Read Village and a number of houses on East Main Street. The firemen used their large hose and plug streams to extinguish the blaze.

ROTARIANS BACK MOVE TO INCREASE TEACHER PAY

Favor Pay Boost In Letter To School Board

A letter urging that means be found to increase the salaries of teachers at the Newark schools has been forwarded by the Directors of the Newark Rotary Club to the Newark Board of Education. Decision to send the letter was made at a Director's meeting Friday night.

The Rotarians thus become the third town organization to go on record publicly as favoring a salary rise for Newark school employees. The Newark P. T. A. and Lions Club previously voiced their approval of the move.

Unanimously agreeing that the present salary scale for teachers here was not adequate to retain services of competent personnel, the Rotarians' letter approved the plan to increase local taxes if necessary in order to supplement state funds, although it was pointed out that before such tax measures be adopted efforts should be made to secure proper allocation of funds from the State Board of Education in order that Newark will not bear a larger burden than other communities in similar circumstances.

Text in part of the letter to the board follows:

(Please turn to page 8)

YOUTH'S PROBLEMS DISCUSSED AT SCHOOL

Judge Bale Is Speaker At Assembly On Tuesday

Asserting that the student body of the Newark High School was one of the finest he had seen during his lecture tour throughout the country and expressing his conviction that American Youth of today is as fine as that of any other generation, Judge Fred Bale, former Prosecutor in the Juvenile Court of Columbus, Ohio, spoke on the importance of youth today as citizens of tomorrow at the school assembly here Tuesday.

Judge Bale has made a study of the traits of children known as "The bad kids" and the conditions in society influencing such children. He spoke authoritatively from first hand experience, few speakers being better equipped to discuss the problems of youth in these bewildering post-war days.

He has had contacts with children of all kinds and from all conditions in life. He talks are not pessimistic or gloomy but are of the hard-hitting, fight-back type that inspire his listeners to better things. He has humor, wit, pathos, eloquence, fearlessness, utter sincerity, and dramatic power.

He believes that a single ounce of foundation of character in a child is worth a ton of reformation in a criminal or an adult failure of any kind.

His message on "Tomorrow's Citizens Today" covered the Juvenile delinquency problems powerfully, constructively and convincingly; and he appealed to the Newark boys and girls to use their own intelligence in making decisions, pointing out the dangers of following the crowd right or wrong.

Backing his argument with statistics, he showed the danger of the use of alcoholic beverages.

Colored Veterans Organize Local American Legion Post

Twenty-seven colored veterans of Newark are listed as charter members of the Isaac Watson Post, American Legion, recently formed and awarded their charter making the fifth colored post in the State.

Officers elected at an organization meeting of the newly formed Post are: Joe Williams, commander; Edward Wright, first vice-commander; Randolph Lane, second vice-commander; Elwood Roy, adjutant; Clarence Spencer, Jr., finance officer; George Wilson, historian and Charles Roy, chaplain.

Of the group, Joe Williams is the only veteran of World War I, the other officers are all recently returned from the U. S. Armed services and participated in World War II.

TEACHERS' PAY RISE CONSIDERED BY BOARD

Approval Of School Building Plans By State Board Announced

Problems of raising teachers' salaries, construction of the new school building, and maintenance and amortization of outstanding bonds were considered by the Newark School Board at its Monday night meeting.

On the much-discussed question of raising teachers' salaries here, representatives of the American Legion, Lions Club, P. T. A. and the Junior Chamber of Commerce, who were present to urge adoption of an increase, were told by the school board members that salaries and maintenance needs for the school year 1946-47 indicated that state funds appropriated for the period must already be supplemented by local funds to the extent of \$11,000 to cover salary increments now planned. This does not, it was said, provide for "raises" but merely increases now called for in teachers' contracts for which state funds are not available.

In view of this situation, the representatives were advised to sound out public sentiment further on the question of voting for additional taxes to raise the entire pay rate.

When this is done, the Board agreed to hold a special meeting to weigh the matter of a referendum which will (Please turn to page 8)

DELAWARE GUARD TO GET PLANES

Guard To Be Double Pre-War Units

Tentative allotment figures for the reconstituted National Guard, announced yesterday by the War Department make provisions for giving Delaware — for the first time — a military air squadron, and also double the state's pre-World War II guard personnel.

Delaware is allotted 312 officers and men for its air force. For its ground forces it is allotted 2,382 officers and men. Brig.-Gen. Paul R. Rinard, adjutant general of Delaware, said last week at his home here, that the latter figure probably will be divided between coast artillery and anti-aircraft artillery.

The combined figures of personnel, 2,694 officers and men, he said, approximately doubles the numerical strength of the "old" National Guard in Delaware.

ROTARIANS HEAR TALK ON PAINTS

Dr. Vannoy, DuPont Expert Addresses Club

Dr. W. G. Vannoy, head of the pigment department at DuPont, discussed "Modern Outside House Paints" at Monday's meeting of the Newark Rotary Club. Program chairman was Holger Schaumann.

Comparing various types of standard house paints for such qualities as color retention, age resistance, and durability, Dr. Vannoy explained that tests proved white lead, usually regarded as the best in house paints was actually among the worst as regards all these qualities. Titanium Dioxide had proved to be somewhat better, he said, while the new Titium Mixture, recently developed by DuPont, had turned out to be the best produced thus far. Dr. Vannoy accompanied his talk with slides taken of houses in Delaware illustrating comparative durability of various paints over the same period of time.

Visitor at the meeting was Vernon Messer, guest of Clarence Oehlertree. Next week's speaker will be Dr. W. Earl Armstrong, dean of the school of Education, University of Delaware, who will discuss "Education and General Welfare".

Funds For New \$4300 Town Ambulance Sought In Drive

The town ambulance drive began here Tuesday with volunteer solicitors from the Aetna Hose, Hook and Ladder Company engaging in house to house canvassing.

Deadline for the drive is next Thursday. It is hoped sufficient funds will be received by then to cover the cost of a new \$4300 ambulance for the town.

As pointed out by drive officials, the maintenance of efficient ambulance service for the town is of direct concern to every citizen and a contribution of a dollar or so from every resident will insure the campaign's success.

Solicitors for the fire company will carry proper identification, it was said. Checks should be made payable to the Newark Ambulance Fund.

RED CROSS DRIVE ZONE HEADS ARE SELECTED

Zone Captains For Red Cross Drive Appointed By Dr. Downes

Zone captains for the Newark Red Cross drive, which will open here March 1, were named this week by Dr. John R. Downes, general chairman, as final plans for the campaign were completed by the committee.

As in previous drives, Christians and other nearby communities are included in the Newark area. Ralph Hawthorne of Oglethorpe is the member of the committee in charge of selecting captains for the Christians area.

Zone Captains selected by Dr. Downes are as follows: Zone 1A — Miss Elsie Hopkins and Miss Eleanor Roberts; 1B — Mrs. A. E. Wyatt; 1C — W. J. Lovett; 2A — Mrs. Ralph Smith and C. R. Hollister; 2B — L. Fagerlund; 2C — Mrs. Louise W. Dayett; 3B — Mrs. May B. Leasure; 4 — Mrs. Norbert J. Caswell, Jr.; 5 — Mrs. Taggart Evans; 6 — Miss Freda Ritz; 7 — Dr. R. O. Bausman; 8 — F. J. Strickland; 9 — Miss Dorothy Murray.

10A — Mrs. Reamer Argo, Mrs. Ray Barnett, Mrs. Earl Cooch, and Mrs. H. C. Reed; 10B — Mrs. Edward Githner; 11 — Mrs. E. B. Milburn; 12 — Mrs. Mildred Mason; 13 — Mrs. Olive M. Ryland; 14 — Mrs. Walter Newton and Mrs. C. P. Hearst; 15 — Miss Edna Campbell and Elmer Ellison; 16 — W. J. Ellis; 16B — Francis Lindell; 17A — Mrs. Edith G. Dale.

17B — Miss May Gibson; 18 — John Hopkins; 19A — Mrs. Benjamin McCormick; 19B — John Hopkins; 20 — Mrs. L. F. Stantis; 21 — John Hopkins; 22 — F. C. Evans; 23 — F. C. Evans; 24A and 24B — John Hopkins; 25A — Norman Battersby.

25B — Miss Dorothy Burton; 26 — Mrs. J. F. Daugherty; 27 — Mrs. G. C. Webber; 28A — Mrs. R. H. Snyder; 28B — Mrs. R. H. Snyder; 29 — Miss Edwina Long; 30 — Mrs. Dorothy Patterson; 31 — Stanley Gibbs; 32 — J. M. Garner; 33 — Mrs. J. M. Garner; and 34 — Mrs. George Haney and F. C. Evans.

Christians, Miss Elsie Webber; Bear, Mrs. C. J. Highfield; Oglethorpe, Mr. G. D. Lynch; Sunny Side, Mrs. E. T. Cave; Salem, Mrs. David McMullen; Ball Run, Mrs. Bickling; and Special Gifts, Miss M. E. Webber.

E-52 PLANS NEW DRAMA

Will Give Prize Play

Having only recently been released for amateur production, Thornton Wilder's Pulitzer-Prize play, "The Skin of Our Teeth", will be the thirty-third production of the E-52 Players according to an announcement made Feb. 19 by Dr. C. K. Kase, Director of Dramatics at the University of Delaware.

The play goes into rehearsal this week with performance scheduled for March 21 and 22 in Mitchell Hall on the University campus.

This is the second, Pulitzer - Prize play by Wilder to be presented by the E-52 Players. "Our Town" by the same author was produced prior to the war and proved to be one of the group's most successful productions.

"The Skin of Our Teeth" is even more unconventional in its form than "Our Town". It ran for almost 400 performances in New York City and has been recognized as one of the most exciting contributions to the American Theatre in the past ten years.

JAYCEES DISCUSS PLAY PLAN FOR NEWARK

Recreation Program On Full-Time Basis Is Described

Possibilities for a year-round recreational program for Newark were discussed by George M. Sorgesson, executive secretary of Recreation Promotion and Service, Inc., of Wilmington, at the dinner meeting of the Newark Junior Chamber of Commerce last Thursday evening in the Deer Park Hotel. President J. M. Garner, Jr., presided.

Citing as examples communities smaller than Newark which have already adopted programs under full-time recreational directors, Sorgesson detailed a plan which would include a fully equipped playground and similar facilities for young children; athletic leagues, dances, etc. for teen-agers; and entertainment and hobby groups for adults. Various types of part-time programs that could be adopted were also described by the speaker.

Mr. Sorgesson was introduced by Wilmer E. Shue, superintendent of Newark schools, who also gave a brief summary of progress on the building program planned for the Newark School District.

Members of the Jaycees will make a tour of the Curtis Paper Mill under Kingston Watt following their next dinner meeting on February 23.

CUB, SCOUT DINNER AT M. E. CHURCH

Advancements And Awards To Be Presented

The Blue and Gold Dinner in the Sunday School room of the Newark Methodist Church, tonight at 6:15, marking Newark's observance of National Boy Scout Week is the first joint Cub-Scout-Parent affair to be held here.

Sponsored by the J. Allison O'Daniel Post No. 10, American Legion, the dinner will be attended by local Cubs, Scouts, Leaders and their parents with an excellent program arranged for their benefit.

Highlight of the affair will be presentation of advancement and awards to the following:

Cub Pack No. 55: —William Doyle and Dick Lawrence to Wolf; Wayne Sparks to Webelos; Arrow Points and Service Pins to Dick Lawrence, Eric Schaumann and William Thompson. Cub Pack No. 56: — John Lacher and John McDowell to Wolf; Donald Miller, Percival Roberts and Charles Skinner to Bear; James Draper, Kenneth Kadow and Charles Kase to Lion; Richard H. Milburn to Webelos; Arrow Points and Service Pins to Benjamin Day and Glenn S. Skinner.

Scout Troop 55: — Harold Folk to First Class; Merit Badges to Harold Folk, Douglas Rankin and Robert Thompson; Andrew Evans to Star Scout; Douglas Rankin and Robert Thompson to Life Scout.

Scout Troop 56: — Ralph Barrow, Clarence Lemmon, and Francis McCann to second class; Merit Badges to Raymond Knox, Clifford Moore, Edmond Stout, Joseph Stout, and Donald Knauss; Raymond Knox and Clifford Moore to Star Scout; Donald Knauss to Life Scout.

Funeral Rites For Mrs. Mary Grant

Mrs. Mary Grant, 89, died Thursday night at the home of her son, the Rev. W. S. Grant, 727 East Twenty-second Street, Wilmington.

Mrs. Grant, who lived in Newark with a daughter, Mrs. Blanche Ritchie, had been visiting her son and daughter-in-law in Wilmington for about a week. Mr. Grant is pastor of Trinity Methodist Church. His mother was a native of Pennsylvania but had lived in Delaware most of her life.

In addition to Mr. Grant and Mrs. Ritchie, Mrs. Grant is survived by two daughters, Mrs. Cora Pedrick of Salem, N. J., and Mrs. Myrtle Hahn of Wilmington; 16 grand-children and 14 great-grandchildren.

Funeral services were in Cherry Hill Methodist Church with Dr. A. J. Jackson of Newark Methodist Church officiating. Interment was in the adjoining cemetery.

LIMA BEAN CANNING IN DELAWARE RANKS HIGH

**One In Every
Five Cans Is
Packed In Del.
Figures Show**

On every can of green lima beans produced in the United States, the odds are about one to five that it was packed in Delaware. According to E. P. Brasher, Head of the Horticulture Department, University of Delaware, more small-seeded green lima beans are canned in this State than in any of the other forty-eight.

Agricultural statistics of the U. S. Department of Agriculture state that farmers of Delaware grew an average of 8,560 acres of processing lima beans annually for the ten-year period, 1932-41. This was approximately 23 per cent of all the processing lima beans produced in the United States during that period. During the past few years, the acreage of this crop was greatly increased, until in 1945, about 16,000 acres were harvested, yielding almost 1800 pounds of shelled, green lima beans per acre, or about seven tons for each square mile in Delaware. This yield is 600 pounds per acre greater than the ten-year average.

The lima bean production area of Delaware is confined to the sandy soil of the southern part of the state, says Brasher. Individually farmers may grow as few as ten acres, or as many as several hundred. On each farm, about six plantings are made. They begin about May 15 and end about July 5, so that the harvest season may be lengthened and more beans shelled per viner.

The average farmer plants beans in rows 30 to 36 inches apart, using 40 to 45 pounds per acre. He applies about 400 pounds of commercial fertilizer per acre and uses some manure if available on his own farm. He usually cultivates his crop three or four times and does no hand hoeing. In a normal season he will harvest about 1200 pounds of green shelled beans per acre.

Lima bean growers endeavor to harvest their crop at a stage of development when they can receive the largest net return. This stage, although debatable, is thought to be when about 90 percent of the beans are green. Beans which grade 95 per cent green command a higher price, but the yield per acre is probably reduced when they are harvested at this early stage. As the percentage of white beans increase above 10 per cent, the prices drop sharply.

U. OF D. DRIVE CHAIRMEN ARE NAMED

**Opening Nears
For Development
Fund Campaign**

Miss Gertrude B. Draper will serve as alumnae chairman and William G. Ott as alumni chairman for the University of Delaware's first annual Development Fund Campaign, preparations for the opening of which are nearing completion, it was disclosed this week.

Miss Draper graduated from the university in 1937 and Mr. Ott in 1932. The former resides in Wilmington and the latter in Marshallton.

The goal for the Development Fund Campaign which is expected to begin within a few days is to raise not less than \$50,000 from alumni, alumnae and friends of the university to help meet more urgent needs of the institution for which federal and state appropriations are not available, it has been announced.

Warren C. Newton of Bridgeville, a graduate in the class of 1916 and now vice-president of the University Board of Trustees, is the general chairman of the Development Fund.

LESSON- SERMON

GROWTH IN COUNTY BREEDERS' ASSOCIATION

**55 New Members
In '45 Reported
At Annual Dinner
Meeting Here**

A steady membership growth with 55 new members joining last year was reported at the fourth annual dinner meeting of the New Castle Cooperative Artificial Breeding Association.

Speakers were Delmar Young, extension dairyman; J. W. Webster, New Castle County agricultural agent; and G. M. Worrlow. Mr. Worrlow gave a brief resume of the association's operations since its origin four years ago. Mr. Young emphasized factors necessary in the operation of such a program.

Mr. Webster described the benefits of the artificial breeding program. Glenn Shoun, inseminator for the association, reported that 858 cows were inseminated in 1945, a 25 percent increase over 1944.

Chairman Paul Mitchell of Hockessin, presided. Fred Martenis of Elkton R. D. 1 was toastmaster and introduced the following guests: J. Z. Miller of Elkton, Cecil County agent; William Tarbell of Dover, Kent County agent; Dr. E. L. Symington, Dr. T. A. Baker, Miss Nancy Kelly, home demonstration agent; Edward Schabinger, assistant county agent; Maurice B. Field, 4-H county agent, all of Newark.

AWARDS BY TROOP 56

**6 Advanced
In Rank**

At the Cooch's Bridge District Court of Honor held in Richardson Park Elementary School, Mr. Paul D. Lovett, newly-elected president of the Del-Mar-Va Peninsula Council, presented the following members of Troop 56 with advancements in rank:

Second Class — Ralph Barrow, Clarence Lemon, Francis McCann; Star Scout — Raymond Knox, Clifford Moore; Life Scout — Donald Knauss. Fifteen merit badges were awarded to the following: — Edmund Stout, Civics; Joseph Stout, Civics; Raymond Knox, Athletics and Plumbing; Clifford Moore, Athletics, Personal Health, Public Health, Firemanship, Handicraft, Leathercraft; Donald Knauss, Firemanship, Safety, First Aid, Athletics, and Leathercraft.

At the knot tying contest, Yeoman Jack Fossett represented Troop 56.

The troop, through Scoutmaster John Cronin, was awarded the Red Star for the coming year.

At the last meeting, ceremonies were held for transfer of William Redding a former scout of Rising Sun, Md., to Troop 56. Clifford Moore, a member of the Senior Patrol, was transferred to the U. S. S. Growler, Sea Scout Patrol.

... Thanks to our Having Planned for Adequate Wiring"

You, too can enjoy the unlimited help and convenience of any number of powerful, dependable electric servants—right at your fingertips—if you plan ahead wisely. Whatever your present home plane may be—whether to remodel or build, one of the most important factors to consider in your planning is Adequate Electric Wiring. Careful consideration now assures that your home will be equipped with sufficient electrical circuits and outlets to take care of your present needs and of your future requirements. Thus you eliminate the problem of costly re-wiring later on. A very useful free booklet—"Manual of Better Home Wiring"—

is yours for the asking. We believe you'll find the information it contains extremely valuable to you. Stop in for a free copy or mail the handy coupon below.

Please send me a free copy of booklet—

DORMITORY UNITS ARE OFFERED U. D.

60 Units At Elkton Made Available

Sixty dormitory units at Elkton, Md., seven and a half miles from the University of Delaware, will be made available for veterans who are students at the university, it was announced yesterday by the Federal Public Housing Authority.

Charles E. Grubb, business administrator of the university, who is in charge of housing at the institution, said that the facilities had been requested in December when it became evident that more student housing would be needed.

If the dormitories were used, they would be occupied by men students only, and daily transportation would have to be provided, it was pointed out.

While the units will not be used for students who registered for the semester which began a week ago, the university hopes they will remain available for use in September, or in case veterans are admitted in the middle of the present semester.

GUIDANCE FOR VETS TO BE OFFERED

University To Operate Center in Wilm.

A Veteran's Guidance Center, operated by the University of Delaware and equipped to handle 10 to 15 cases a day will be established at the Charles B. Lore School, Wilmington, about March 15, it was learned this week. The bureau will be staffed by about seven persons, four or five from the University and three from the Veterans Administration.

The agency will have an adviser and a clerk-stenographer at the center, while the university is expected to provide a director for the center, two appraisers—similar to advisers—and a psychometrist to administer aptitude tests.

The center will test and interview veterans to help them choose their life-time work. After the employment objectives are fixed, the chief of vocational rehabilitation and education at the regional office of the VA will review the decision and help the veteran obtain the training he may need to reach his objective.

Four Newark Men Are Discharged; One Enlisted

Four Newark men received honorable discharges this week from the Naval Separation Center at Bainbridge, Md., according to word received here. They were: Pierce E. Twed, RDM third class; Robert J. Slack, Signalman first class; George E. Binder, Jr., EC third class; and Charles B. Rose, EM third class.

One induction from the town, that of James P. Quarles, was also reported at Ft. Monmouth.

Grade 5A Presents Plays At Assembly

Two plays were presented by Mrs. Mitchell's 5A class at an assembly program on Wednesday. The plays were "The Princess Who Laughed Too Much" and "The Golden Goose".

The students made the scenery and brought in their own costumes. A corsage was presented to Mrs. Mitchell.

59 NAVAL RESERVE UNITS TO BE FORMED

New Program Now Pending Congressional Legislation

Organization of 59 divisions of the U. S. Naval Reserve is being considered for 19 cities in the Fourth Naval District, Captain W. G. Beecher, USN, Director of Naval Reserves for the District announced today.

The new program proposed by the Navy Dept., and now pending congressional legislation and appropriations is designed to insure a Ready Reserve of officers and enlisted men sufficient to man ships and shore stations of the United States Navy in 10 days.

The streamlined reserve program calls for five major organizations in the over-all reserve forces. These five units are classified as the Naval Reserve, including both surface and aviation forces, the Merchant Marine Reserve, the Reserve Officers Training Corps, the Fleet Reserve and the Honorary Reserve.

It is planned that the Naval Reserve will consist of two components, the Ready Reserve and the Standby Reserve. Under the Ready component, 675 divisions will be organized, each composed of 13 officers and 200 enlisted men. The Navy plans to have 8,775 officers and 135,000 men available in the event of a national emergency. In line with the Navy's ship preservation program these trained men will be able to place ships of the fleet in operation within 10 days.

Proposed sites for the 59 divisions within the district and the number of divisions in each city are as follows: Philadelphia, 18; Atlantic City, 1; Camden, 2; Wilmington, Del. 2; Allentown, 3; Altoona, 2; Chester, 1; Erie, 2; Harrisburg, 3; Hazelton, 1; Johnstown, 1; McKeesport, 1; Pittsburgh, 11; Reading, 2; Scranton, 3; Wilkes-Barre, 3; Williamsport, 1; York, 1; Lancaster, 1.

EBENEZER METHODISTS

To Observe 'Laymen's Day'

"Laymen's Day", which will be observed this Sunday in Methodist churches throughout the world, will be honored with special services at 11 o'clock at the Ebenezer Methodist Church here. The men of the church will be in charge.

Theme of the service, which will be directed by A. D. Fisher, Lay-Leader of the Church, will be "Our Timeless Mandate: To Serve, To Seek, To Save."

The opening prayer will be given by Robert Major, the responsive reading by Gilbert Unger, and the scripture lesson by Amos Norton. Three short talks on the Day's theme will be given by Albert Humphries, Paul Nelson, and Bernard Pownall. The male quartet will present special music.

TROOP 56 ACTIVITIES

Honoring Scout Week

One of the outstanding events of Boy Scout Week, Feb. 8th to 14th, was observed by Troop 56 Sunday, Feb. 10, when the scouts attended St. Thomas' Episcopal Church. The Rev. Wm. H. Hanckel, in his sermon, spoke to the boys on the subject, "Honor."

The annual window display has been set up in Rhodes Drug Store. Planned by Senior Patrol leaders Don Knauss and Clifford Moore, assisted by Patrol leaders Joe Brown, Ed Stout, Joe Stout, and Phil Harrison the display illustrates some of the things Boy Scouts do.

At a recent Court of Honor held in Richardson Park Troop 56 was one of the few troops in the Coach's Bridge District to be awarded the Red Star for 1946.

GRANGE MEETING

Eight Join Pencader Group

Eight new members were voted into the Pencader Grange at their Monday night meeting in the grange hall, attended by 32 members. Initiation ceremonies will be held next week.

A contest to raise funds for the Music Club of the group will be held with Clifton Ellis in charge. Interest in the scrap book contest was reported increasing, with Ed Doyle donating paper for the book.

The music club announced that Mrs. Pedrick of New Castle will be its new instructor and director. A concert by the group is planned for May.

Greetings were extended Mr. and Mrs. Ellis on their 22nd wedding anniversary and also to Valentine Waldo on his birthday.

The evening's program consisted of guitar selections by Julia Nemes; numbers by the Men's Chorus; a travel talk by Linwood Conner, recently returned from Mexico, and a violin solo by Valentine Waldo. Refreshments were served at the conclusion of the meeting.

504 Army-Owned Plants Are Declared Surplus

Undersecretary of War Kenneth C. Royal this week announced that 504 government-owned industrial plants, which cost \$3,959,000,000 and were used by the War Department have been declared surplus and have been or are being disposed of.

Of another 124 government-owned plants 37 are considered potentially surplus but cannot be released until production contracts have been terminated.

Twelve have been converted to non-industrial military installations, such as active depots and warehouses.

VETERANS ARE TROOPING BACK

to their old jobs, or better ones, with us

They knew, when they left for war, that their jobs with the telephone company would be held for them. And now they're trooping back, these men and women, to their old jobs with us, or even better ones.

What's more, they all get the pay increases they would have got if they hadn't gone to war.

In addition, many veterans not formerly with the company are working for us today.

And we must hire many hundreds of girls—experienced or inexperienced—for countless jobs brought about by the expanding service.

MEANWHILE, THE SHOW MUST GO ON.

Telephone service must be maintained even while it is improved, and we are determined to let nothing bar us from restoring the pre-war standards of service and from introducing you to even finer standards to come . . . just as soon and as fast as we possibly can.

Our \$5,500,000 expansion program is a part of the Bell System's two-billion-dollar expansion program. The whole thing is national in scope. It has to be, for the finer and faster service you will enjoy in Delaware is closely meshed with the finer and faster service others will enjoy in every state in the Union.

Our expansion program—don't forget it—is under way.

Here are
THE THREE OBJECTIVES
of our
\$5,500,000*
EXPANSION PROGRAM

1. To end all waiting lists for telephone service.
2. To provide the people of this State—city people and farmers—with finer and finer telephone service.
3. To make available the many new developments in communication, pioneered by the Bell Telephone Laboratories.

*Part of the Bell System's two billion dollar Expansion Program.

STUDENTS HERE VISIT ART MUSEUM

Group Views Period Styles In Philadelphia

Miss Mildred Stahlnecker, teacher of home economics, at the local high school, took the girls from her classes to the Philadelphia Art Museum Tuesday to study the period furniture on display there.

Examples from many periods and many countries were included in the collection studied by the group. The girls moved from rooms showing the elegance of the Louis XIV and XV periods to those dominated by the simplicity of the early American colonial era. One room in the collection of the colonial American styles was taken from a home in Philadelphia where George Washington often had stayed when visiting that city.

The Pennsylvania Dutch Colonial room, because of its quaintness and because it was used by Walt Disney for one of the settings in "Snow White and the Seven Dwarfs", thrilled the girls.

Another room recently presented to the museum by Horace Lorimer and dedicated by Lord Halifax last year, contained furniture taken from a room in which all of the prime ministers of England had stayed during visits to London.

Among the girls who went were Pearl Ross, Catherine Highfield, Jackie Davis, Jean Egan, Dorothy Keeler, Mildred Varnant, Betty Riley, Gertrude Roper, Helen Jeyak, Delores Amos, Nancy Baylis, Ramona Benson, Doris Creswell, Dorothy Dempsey, Marian Fleming, Anna Kelly, Lois Matthews, Virginia Cleaves, Kay Spide, Ray Morrison, Jean Pennington, and Betty Musser.

WRITING CONTEST AT UNIVERSITY

A creative writing contest for all undergraduate students now enrolled at the University of Delaware was announced this week by the University English Department.

Contestants may submit poetry, short stories, essays, or plays thus affording them unusual freedom in choice of material form.

Three judges, only one of whom will be a member of the University staff, are to be named later. Announcement of the contest winners will be made at a University assembly to be held during the period of May 5 to May 19, which are the dates selected for this year's Delaware Festival of Arts.

Suitable contest contributions will be printed in the Caldon, the undergraduate literary publication which is to be revived this spring after having been discontinued during the war.

Entries should be submitted to Mrs. Sara Baldwin Rogers of the English Department staff not later than April 5.

Two Original Plays Given At Assembly By Third Grade

Mrs. Della W. Cashell's grade 3 presented an assembly program Wednesday afternoon in the Newark Public School.

Following the Bible reading and flag salute, an original play "Learning About George Washington" was given. Songs heard were: "Betsy Ross, Our Flag, America, The Beautiful, and the Minuet."

Also featured on the program were: Dance—minuet, flag drill, and a rhyme—chopping down the cherry tree.

An original play "Tom And The Princess" were given. Those taking part in the assembly were: Mary Konig, Elizabeth Ann Robinson, Howard Joiner, Eugene Stultz, Charles Hummel, Doris Records, Mary Boyer, Fred Main, Edith Streets, Wayne Wilson, Stanley Ferguson, Ronald Burris, Gino Retti, Sam Smith, Thelma Dill, John Lofland, Ronnie Joiner, Edward Reed, Alyce Sidwell, John Dwyer and Eleanor Todd.

TO HONOR VETS WITH BANQUET

Ebenezer Methodists Plan Fete

Over seventy guests are expected to attend a turkey dinner for veterans and servicemen of Ebenezer Methodist Church to be held March 1 at 6:30 p. m. in the Church. The forty veterans, honored on the church's service flag, have been invited to the affair which is being sponsored by the Men's Bible Class.

All servicemen will be guests of the church; tickets are available for the general public.

Principal speaker will be Lt.-Col. Park W. Huntington, chaplain, U. S. Army, now stationed at Fort Dix. George Lee will be guest soloist and lead in a song fest.

Rev. George Goodley, a former pastor of the church and recently discharged from the army where he was a chaplain in the Air Corps will give the invocation.

Welcomes will be expressed by Samuel Little, president of the Official Board; Lindsay Greenleaf, superintendent of the Sunday School; and Robert Major, president of the Men's Bible Class. Mr. Little will be toastmaster.

The pastor will speak on behalf of the entire church.

Missionaries To Speak At Bible Presbyterian Church

The Bible Presbyterian Church will have a special Missionary Program on Sunday, February 24, in cooperation with the Independent Board for Presbyterian Foreign Missions. On Friday and Saturday of this week the Church will cooperate in a Missionary Rally with the First Independent Church of Wilmington, and on Sunday, missionaries connected with the Rally will speak in the local church.

At the morning service which begins at 11 o'clock, the Rev. Albert Dodd, D. D., a missionary to China for many years, will be the speaker. Dr. Dodd has served several terms on the field and was in China as a teacher at the China Bible Seminary, at the outbreak of the War. He is a man of years and yet speaks with great forcefulness and will hold the interest of young and old alike.

The evening service begins at 7:00 when the speaker will be the Rev. Homer Emerson who has been a missionary to South America, having served one term in Peru. Mr. Emerson is a young man of real ability and will bring a message with a great challenge.

The other services of the church will be: Sunday School at 10 a. m., under the direction of Mr. H. Lloyd Yarnell, Superintendent, with classes for all ages. The Young People will meet at 6 p. m. with Miss Jessie Gruwell as the speaker.

'World Day Of Prayer' To Be Marked In Newark Churches

Members of various Newark Churches will observe the "World Day of Prayer" on March 8 with joint services to be held in the First Presbyterian Church of Newark at 2 p. m. Theme for the service will be "Things That Make For Our Peace."

Mrs. G. Emmett Kauffman of St. Thomas' Church will act as leader. Plans for the service were completed at a meeting recently of women representatives of several churches held at the home of Mrs. James L. Nichols.

AETNA COMPANY HAS 57 YRS. OF SERVICE

February Marks Over Half Century Of Fire Fighting For Local Unit

With little fanfare, the Aetna Hook and Ladder Company, one of Delaware's foremost volunteer fire companies, this month entered its fifty-seventh year of fire fighting in Newark—a record which if translated into terms of lives and property saved would be incalculable.

Backbone of the company is the roster of 150 volunteer members who freely give their time to fight their neighbors' fires. One of the best equipped fire fighting organizations in the state, the Aetna has three engines and an ambulance.

The company operates with annual financial assistance from the state, the county, and the community, amounting to approximately \$3,500. Its members who are residents of Newark, pay \$3 per year dues.

One of Delaware's most colorful chiefs is Elmer J. Ellison of the Aetna company, whose fireman's career since the dawn of the twentieth century has included well over 3,000 blazes in Newark and nearby rural communities.

The fire district extends from Cochran's store just outside of Newark, to Glasgow, to the Maryland Line, and to the Pennsylvania, and often times across the state lines because this company is often closest to the scene. During its 56 years of operation the company has never lost a man, and the casualties among the fire fighters have been very few.

It was December 17, 1888, just after Newark installed a water system that the town decided to have a fire company. With \$250 and 44 active members the Aetna Hook and Ladder Hose Company received a charter from the state in February, 1889. Next, a hand drawn loose reel was purchased, "fire-watching" was set up.

John L. Frick of South College avenue is the only living charter member of the company.

The Newark company purchased its first horse-drawn piece of equipment in 1905, the same year there was also purchased a 120-pound bell to call the fire alarm that brought the volunteer fighters into the streets to catch the engine as it raced on by.

In 1921 the ground for the present building was purchased on the corner of South Academy street and Delaware avenue, just across from the old buildings. The following year the building was completed. Besides the space for the engine, there was a clubroom for the members of the company, a library, a small kitchen, and other rooms for relaxation.

Chief Ellison states that the largest fire ever fought by the company was in 1918 when the Jacob Thomas Wall Paper plant burned.

Mexico's \$7,000,000 Debt to U. S. Paid in Full

Mexico's final installment of \$500,000 on her \$7,000,000 debt to United States citizens for losses during the Mexican revolution has been paid, the foreign office announced last week. Payments to France and Great Britain covering their losses also will be completed this year, the announcement said.

3 NAMED TO CHEMISTRY STAFF AT UNIVERSITY

Assistant Professor And 2 Research Men Appointed

Announcement was made this week by Dr. A. P. Colburn, head of the Chemical Engineering Division, University of Delaware, of the appointment of an assistant professor of chemical engineering and of two research fellows in the same field.

Captain Olaf P. Bergelin has been named to the assistant professorship and is expected to assume his new duties about March 1. The addition of Captain Bergelin to the chemical engineering staff will strengthen it not only with respect to undergraduate teaching but also in the field of research. Dr. Colburn said, in addition to his instructional duties Captain Bergelin will direct an extensive research project on heat exchangers. This project is being supported by several industrial organizations which manufacture and use equipment of this type.

Those who have been named for chemical engineering research fellowships are George A. Omohundro and Myron DeFries.

A graduate of Purdue University, Omohundro was a fellow at the University of Delaware from 1941 until he

received a commission in the Naval Reserve in July, 1942.

DeFries is a graduate of City College of New York, and is conducting research on mechanical properties of plastics.

Captain Bergelin, it was stated, will replace Dr. E. M. Schoenborn, who left the University last November to become head of the chemical engineering department at North Carolina State College.

Captain Bergelin is at present serving as operations officer of the Corps of Engineers in the U. S. Engineer Office, Wilmington, Del.

Educated at the University of Michigan, Captain Bergelin majored in mathematics and chemical engineering and was finally awarded a Doctor of Science degree by that institution.

Newark Students See "Life With Father"

About forty members of the Dramatics Club and eighteen members of the Junior class of the local high school attended the Wednesday afternoon performance of "Life With Father" in the Playhouse in Wilmington. Miss Ann Stauter and Mrs. Ethel Terrell of the faculty accompanied the group.

The play, taken from Clarence Day's well-known book, will be used as a basis of study for both groups.

Newark Schools Give Psychological Tests

Psychological tests were administered to all students in the local high school this week by Mr. Frederick Kutz, principal.

The purpose of the tests was to gain a better understanding of the boy and girl so that the school will be able to serve his interests more effectively.

The results will be used in giving advice and guidance to students. The tests will not count at all in determining scholastic citizenship grades, it was said.

Services Held Tuesday For William H. Huggins

Funeral services were held Tuesday for William H. Huggins, aged 75, who died Saturday at his late residence, 24 West Delaware Avenue. Interment was in Pencader Presbyterian Cemetery, Glasgow.

Mr. Huggins is survived by his wife Bertha L. Huggins and a daughter, Mrs. William Wilson, of near St. Georges. Two grandchildren also survive: Mrs. Hazel Brown and Raymond Wilson.

Born in Glasgow, Mr. Huggins worked for some time as a wheelwright and later transferred to the painting and paper-hanging trade, from which

he retired about a year ago. He first came to Newark about 25 years ago.

Afternoon Services At Head Of Christiana

Services will be held in the afternoon at the Head of Christiana Presbyterian Church Sunday. Sunday School will begin at 1:30 and the regular church service will follow at 2:30 p. m.

Frank H. Butterworth, superintendent, will be in charge of the Sunday School, with the classes studying the lesson "Home Foundations for National Greatness."

The pastor, Rev. Evan W. Renne, will deliver the fifth in a series of sermons based on the Lord's Prayer at the Church service. His subject will be "Our Daily Bread". The choir will present special music.

Mrs. Carlton E. Douglass has returned from a recent visit with her daughter, Miss Alice Douglass, of Montclair, New Jersey and a short visit in Atlantic City.

Mr. Emory Brown and his sister, Mrs. Ella Cox, have returned to their home on Elkton Road, after having visited relatives in Johnson City, Tenn.

Radar May Disclose Moon's Secret to Man

Radar may soon be used in an attempt to unlock some of the secrets of the moon.

With exploratory trips to the moon still in the fantasy stage, British scientists are planning to scale the mountains and plumb the valleys of the earth's satellite by radio waves from the comfort of their laboratories.

Sir Edward Appleton, secretary of the Department of Scientific Research, predicted information concerning the moon's surface may be obtained by bombarding it with radio waves and recording changes as they are reflected.

CARD OF THANKS

Mr. J. Leonard Lewis of 341 East Main Street who is now convalescing at his home wishes to express his appreciation for the kindness shown him in his recent illness.

MR. J. LEONARD LEWIS

CARD OF THANKS

NEWARK, DELAWARE

Alimony is a married man's cash surrender value.

Talk is cheap... but it isn't always cheap talk. Much of the talk going the rounds these days has to do with increased teacher salaries, new school buildings, community parking lots and revival of summer playground and recreational facilities... all of which are definitely meritorious and expensive.

If all these projects materialize the way their enthusiastic sponsors predict, Newark will truly be a greatly improved community... particularly from a youth educational and recreational standpoint.

Similarly, all these projects are of long standing need... all have been proposed, discussed and abandoned before. We only hope that their revival doesn't again end in nothing but talk.

A referendum on increased taxation to provide funds for teacher salaries and a new primary building seems imminent in the near future... with the local school board and the State Board of Education approval. This is as it should be. If taxpayers of the school district want these sufficiently to approve the referendum and pay the tariff, both the town and many future generations will reap the benefit of their munificence.

Another worthy project under discussion for revival during the summer months, is the summer playground and recreation for children of the community. Abandoned the past few years, this project was maintained here for a number of years without ever achieving spectacular success... other than the swimming pool.

Sponsored by the Junior Chamber of Commerce — Newark's newest and most active civic organization — revival of a bigger and better recreation program for the children may well be undertaken this summer, under the direction of a qualified supervisor. Any such program sufficiently diversified to arouse and hold the children's interest throughout the summer would be a decided and welcome asset.

Current rumors that Irv Fisher (former proprietor of the News Stand) has bought the Deer Park Hotel are not true.

Newark's fantastic real estate values continue in their ascendancy with would-be sellers asking unbelievable prices, often 100% in excess of reasonable values.

A few outstanding examples are: the contractor who erected several brick bungalows on East Park Place, about three years ago, designed and intended to sell for \$6,000, now asking up to \$8,575... a Delaware Avenue frame building purchased five years ago for \$3,500, now being offered for \$10,000... two modern two-story abodes recently thrown up out of mostly salvaged materials, snatched up for \$10,000... a lovely brick bungalow built about seven years ago for \$7,000 reported sold for \$13,500... all of which proves that some people have more dollars than sense.

J. J. Paulman, Kaiser-Frazer automobile agent for Newark, has leased the modern, new brick building recently erected by George L. Martin, at 173 East Main Street.

It is reported that Kaiser-Frazer cars will be available in March... which we doubt. But, if they are, Mr. Paulman will sell a mess of them while other dealers sit hopelessly by and gnash their teeth. Some local auto dealers have had 1946 models on display for nearly four months but aren't yet able to quote prices... or make any kind of delivery commitments.

Heard that C. Harold Sheaffer, who purchased the late S. J. Wright property at 249 East Main Street, is going to convert it into apartments.

Newark Board of Education has approved the Town Council's use of the lot behind the Main Street school building for a public parking lot... which checks that right back to the Town Council.

William H. Walker, Jr., has purchased the Owen's Apartments, at 175 West Main Street, from Dr. P. K. Musselman.

Surprising and gratifying that so many returned service men, who received the Post complimentary while in the service, are showing their appreciation by sending in paid-in-advance subscriptions upon their return home.

If present hopes for a new primary school building materialize, the building will be erected on the south end of the athletic field, facing Lovett Avenue.

If you want to spend a DULL evening, try wading through "Brideshead Revisited". Recommended reading: "Arch of Triumph", "The Foxes of Harrow" and "The King's General", despite a recent unfavorable Time Magazine review of the latter.

Residents of Linden, Center, Choate and Chapel Streets wondering why twice-a-day mail delivery has not been reinstated now that local postoffice personnel is back on a pre-war basis... is this another idiotic idiosyncrasy prohibited to our first-class postoffice rendering third-rate service under antiquated regulations where the customer is never right... except in the case of Esquire?

George Winckler wants to know who lost in this transaction: "A man stopping at a small hotel gave the proprietor a \$100 bill to keep in his safe until morning."

"Hard pressed for cash, the hotel keeper 'borrowed' the \$100 to pay his butcher. The butcher grabbed the C-Note and gave it to his tailor for a long

overdue account. The tailor hastened to the hotel and paid an obligation of \$100 with the same bill whereupon the overjoyed hotel-keeper replaced the bill in his safe.

"Next morning, the guest asked for his money and began tearing it up, remarking to his astonished host: 'That's all right, the bill is counterfeit. I just wanted to see if you were trustworthy.'"

JACKETS TO FACE FRIENDS QUINTET FRI. AFTERNOON HERE; MEET SALLIES TUES.

Newark Tops Smyrna Here Thursday 44-36; Goes Down For Second Time Before Conrad 40-29 On Friday; Topped By Claymont Tuesday 43-35

Edging temporarily back into the win column last Thursday when they topped Smyrna 44-36, Newark high courtmen faltered in two subsequent starts the past week, going down before Conrad last Friday night 29-40 and bowing to Claymont 35-43.

Following a game with Friends school early tomorrow afternoon, the Jackets will resume hostilities with Salesianum next Tuesday. The Friends game originally scheduled for 3:15 has been moved up to 1:30, due to the fact that classes will be suspended on Washington's birthday.

M.C. SHEA IS NAMED RACE TRACK OFFICIAL

Appointed Secretary At Delaware Park Track

M. C. (Ty) Shea has been appointed Racing Secretary for Delaware Park where the 1946 meeting begins May 29. In addition to the regular flat racing duties, Mr. Shea will also handle the steeplechasing track, according to an announcement from Bryan Field, general manager of the Delaware Steeplechase and Race Association.

One of the best known figures in Maryland racing for many years, Mr. Shea is the Racing Secretary at Narragansett Park in Rhode Island, and a steward at Gulf Stream Park in Florida. He also has occupied responsible posts in Maryland, and other states. Previously Mr. Shea had been assistant racing secretary at Delaware, and goes into his new position by unanimous vote of the Delaware Park Executive Committee, consisting of Donald P. Ross, J. Simpson Dean, William duPont, Jr., and Harold S. Schull.

Succeeding Mr. Shea as assistant racing secretary at Delaware Park is J. Gilbert Haus. Mr. Haus has been a judge at Delaware as well as at Garden State and Fimlico. He holds the post of assistant racing secretary at Laurel, and for many years has been the aide of Edward J. Brennan at hunt club and steeplechase meetings as well as at Maryland half-mile meetings.

Mr. Brennan, Racing Secretary at Delaware Park in recent years, goes on for 1946 to become general manager at Monmouth Park in New Jersey, and carries with him the warmest good wishes of his old Wilmington colleagues.

BENEFIT BY LODGE

Eastern Star To Sponsor Film

A movie benefit, sponsored by Newark Chapter No. 10, Order of the Eastern Star, will be given next Monday and Tuesday at the State Theatre. The film will be "Too Young To Know", with Joan Leslie and Robert Hutton.

Tickets are on sale at: Neighbors Drug Store, Rhodes Drug Store, Wolf Hall (Mrs. Florence Fader), Curtis Paper Mill (Miss Rae McMullen), Continental Fibre Co. (Miss Ella Steel and Ethel Gregg), Newark Schools (Mrs. Catherine Gibbs, Miss Ann Gallaher).

Members of the committee are: Mrs. Stanley Gibbs, Mrs. Sadie Webb, Mrs. Lillian Maxwell, Miss Ann Gallaher, Mrs. Virginia Correll, Miss Rae McMullen, and Miss Vivian McMullen.

8th Army Prepares 40-Point Men's Return

U. S. Eighth Army officials in Yokonaha announced this week enlisted men with more than 40 discharge points, or two years' service as of June 30, will start moving into replacement depots Friday, and they are expected to be homebound bound within the next two or three months.

overdue account. The tailor hastened to the hotel and paid an obligation of \$100 with the same bill whereupon the overjoyed hotel-keeper replaced the bill in his safe.

"Next morning, the guest asked for his money and began tearing it up, remarking to his astonished host: 'That's all right, the bill is counterfeit. I just wanted to see if you were trustworthy.'"

Dinner Party Given Bowling Loop Winners

Raymond Elliott, manager and owner of the Newark Sunoco service station, entertained members of the Sunoco bowling team at a fried chicken dinner at his home last night in honor of their winning the first place in the Friday Night Bowling League. The Sunoco team won 42 games and lost 6 in the series.

Members of the team present were: Ralph McGeown, Howard E. Cresswell, Charles M. Eisner, H. C. Herdman, Joseph Bryan, and Jack Hopkins.

Other guests were: C. Harold Sheaffer, Thomas S. Schultz, August Muller, Dave Julians, LeRoy C. Hill, and Officer Samuel Bryan, Mrs. Raymond Elliott, Sgt. Howard Tibbett of the Newark Police Department, and Magistrate John H. Rumer.

STANDINGS FOR WEEK IN INTRAMURAL COURT LOOP

Penn Team Beats Navy; Notre Dame Tops DePaul

Intramural basketball league matches were resumed last week with Penn trouncing Navy 18-13 and Notre Dame squeezing out a close one over DePaul 11-14. Both games were played on Friday.

Boyd and Tyler were the top scorers for Penn in the first game, both getting five counters, while in the second game Walker was the standout for Notre Dame, with 10 points.

On Tuesday, the 12th, the Oklahoma Aggies swamped Delaware 22-9. Something of an upset occurred in the earlier game when Yale whipped league leading Notre Dame 21-14, but the game was later forfeited to Coach Sam Talucci's charges when it was discovered that Yale had been using several ineligible players — already members of other league teams.

DELAWARE CAGERS TO MEET PMC FOR SECOND TIME THIS SEASON ON SATURDAY AWAY

Hens Avenge Two Former Defeats This Week; Turn Back Washington College 47-40 On Wednesday; Top Johns Hopkins 34-32 On Friday

P. M. C., previously routed 53-40 by the University of Delaware courtmen, comes up again on the Blue Hen agenda Saturday night. This time the Hens will invade the soldiers home dig at Chester.

Revengeing themselves for two former defeats and balance their record at six wins and losses, the Hens reigned supreme in their home roost this week as they turned back Washington College 47-40 last Wednesday and followed up with a 34-32 victory Friday night over Johns Hopkins.

In the latter win, the Hens surprised the Blue Jays by taking a lead in the first quarter and maintaining the advantage throughout the game. It was by no means a breeze, though. Delaware saw its lead whittled down by the battling Johns until the fourth quarter, when the Hens, led by a slim 15-14 count at the time, in the third quarter, the Hens topped their opponents by four points and staged of a last-minute rally by the Johns to win.

Newell Duncan and Dick Gross divided 21 of Delaware's 34 points between them, with Duncan flinging in eleven and Grossman 10.

Against Washington, the Hens, the same stiff opposition and with their first quarter 12-9 lead, came down to a single point 23-22 advantage at half-time. In the fast-stepping quarter, the lead alternated several times until the Blue and Gold finally took command with a 38-32 advantage at the fourth quarter. Newell Duncan was again the standout for Delaware, tabling 19 points.

James F. Finerty, aviation radioman, first class, 1321 Linden Street, winner of the Air Medal for torpedo-bomber raids on Pacific islands, has been discharged at Bainbridge, Md. He is the husband of the former Bessie Miller of Newark.

In the Navy for 42 months, he served with Torpedo Bombing Squadron 18, known as the Carrier Clown Squadron, aboard the carrier Intrepid. He took part in the Second Battle of the Philippine Sea, the invasions of Okinawa, Palau and the Philippines, and in neutralizing raids on Formosa.

His plane was once forced down at sea but the crew was picked up by a destroyer after only an hour on a life raft. Finerty wears the American theatre ribbon, the Asiatic-Pacific theatre ribbon with three stars, the Philippine Liberation ribbon with two stars, and the Good Conduct Medal.

OFFICERS NAMED BY DAUGHTERS OF PATRIOTS

Women's Group Hears Reports At Business Meet Recently

Officers for a three-year period were elected and annual reports heard at a business meeting of the Daughters of Founders & Patriots in the Hob Tea Room recently, with Mrs. William Hussey Adams, Sr., presiding.

Following the president's report given by Mrs. Adams, the following officers and committee heads read reports: Mrs. Edward W. Cooch, vice president, on the nominating committee's slate; Miss Elizabeth Bootes Clark, registrar, on membership; Miss Mary R. deVou, color bearer's report.

Historian's report was read by Miss Betty Newkirk, along with a report on the war service record of members. It was decided to write to the National Society to ascertain if sons, daughters or nephews of deceased chapter members are eligible for inclusion in the service records.

Chairman on Hidden History, Mrs. Harry Clark Boden, reported that the manuscript of the old Pittsgrove Church, Salem County, N. J., is now in her hands and will be circulated in the various historical societies shortly. She asked that thanks be extended those responsible for the work.

It was also decided that several volumes of "Kent County Probate Records" and "Delaware Archives", vol. 1, 2, & 3 be presented to the national chairman of the Preservation of Records.

Delegates to the General Court in Atlantic City in May were appointed as follows: Mrs. Adams, president, and Mrs. Cooch, vice-president, to represent the Delaware Chapter with Miss Newkirk, Wilmington and Miss Elizabeth Bootes Clark as alternates. Third delegate will be Mrs. J. Pilling Wright, with Mrs. Leonard G. Runstrom, Atlantic City, as alternate.

The following officers, presented by the Nominating committee under Miss Elizabeth Bootes Clark, were elected: Mrs. Edward W. Cooch, president; Mrs. Glenn S. Skinner, 1st vice-president; Mrs. Victor duPont, Jr., 2nd vice-president; Mrs. Robert B. Rayer, registrar; Miss Elizabeth Bootes Clark, corresponding secretary; Miss Mary R. deVou, treasurer; Mrs. Carlton P. Bardsley, historian; Mrs. Lewis Rumford, chaplain; Miss Marian Everett, color bearer.

The officers were elected for a three-year period effective in May.

At the meetings' conclusion, Miss Clark and Miss Newkirk served tea, with Mrs. Harry Clark Boden at the table.

LEADING 4-H CLUB GIRL FOR COUNTY TO BE NAMED

Girl With Best Record To Be Selected By County Heads

Who will be the most outstanding "all around" 4-H Club girl in this county for 1946? That question will be answered when the county club officers select the highest rating participant in the National 4-H Girl's Record award program.

The girl who has the best record will receive a gold-filled medal in recognition of her "general excellence" in all 4-H home economics projects. Her record may show she has made, repaired or remodeled her home surroundings and improved her room. She may have raised a garden, preserved foods and prepared the family meals. Rounding out her achievements, she will have cooperated in group 4-H activities, given demonstrations and talks on 4-H before community groups, and may have participated in home economics judging. She will have maintained a creditable record in school and developed good health habits.

The best county-winning record may be considered by the state club office for the state award, which is an all-expense trip to the 25th Anniversary National 4-H Club Congress in Chicago, December 1 to 5. If named state winner, the girl is eligible to try for a national award of \$200 college scholarship, six of which are being offered. Montgomery Ward is providing all awards in this program for the 24th consecutive year.

Last year's state winner in Delaware was June Warrington of Greenwood County winner was Hazel Sapp of Kent County.

Fallis F. Rees To Be Guest Of Habib Temple

Fallis F. Rees, Denver, Colo., Imperial Prince of the Dramatic Order Knights of Khorassan will be a guest of Habib Temple 205, Wilmington Saturday it was announced by Frank N. Durnall, Newark, Royal Vizier of the organization.

A banquet will be served in his honor at the Hotel Rodney at six o'clock. At eight Mr. Rees will be the principal speaker at a meeting in the Pythian Hall at 906 West Street. This meeting will be open to all members of the Knights of Pythias, the Pythian Sisters and to the public. Entertainment will be given and refreshments served following the address of the evening.

Teachers' Pay

(Continued from Page 1)

cover the building program, salaries and maintenance questions simultaneously.

Approval of the plans for Newark's new elementary school building by the State Board of Education was also announced at the meeting. Next step in the project will be to submit to a referendum the matter of a bond issue to finance the program. It is estimated that between \$275,000 and \$300,000 in bonds must be issued to carry out the program. This will supplement the \$133,000 already on hand.

Other obligations now outstanding include the 1922 bond issue in the amount of \$150,000 which has three annual \$6,000 payments yet to be met. The \$60,000 bond issue of 1942 will begin amortization in 1947 with 15 yearly payments of \$4,000.

It was further announced regarding the building program that the Delaware Avenue school will be abandoned once the new elementary building is completed.

In a resume of the housing situation at the school it was said that the Delaware Ave. school houses eight classes as follows: four sections of first grade, three sections of second grade, one section of third grade.

Two additional sections of third grade and three sections each of fourth, fifth and sixth grades are housed in the high school building. These, plus the entire Junior-Senior high school, greatly overtax the facilities there. Crowding has become such a problem that the vocational agricultural classes must meet in the old Main Street building.

Sections of grades one to six averaged more than forty pupils per room at the beginning of this school year. Many sub-standard rooms are now being used in order to accommodate all the children, it was said. Playground facilities for the elementary grades housed in the high school buildings are sadly lacking, it was also pointed out.

Improvements on the playground at the Delaware Ave. school were noted, where the area was covered this week with limestone chips replacing the cinder surface.

Concerning problems of maintaining a competent staff, it was said that more than twenty teacher replacements and changes have been made in the Newark schools this year. Teacher replacements are still difficult to find, it was said.

The industrial arts or school shop has not yet been reopened for want of an instructor. Since the lure of much higher salaries in other fields finds few young people in teacher training schools, it does not appear that any noticeable relief in teacher replacement will be felt before 1950, it was said. Meanwhile, school enrollments are on the increase. There are 136 children enrolled in the first grade at Newark this year.

Rotarians

(Continued from Page 1)

"It was unanimously agreed that the present salary scale is not adequate to secure and retain the services of competent personnel. We believe that means must be found adequately to compensate those of our school employees whose services warrant such increases and to secure better teachers.

"If necessary we are in favor of local taxation to supplement State funds. Before going on record as favoring such taxation, however, we feel that an effort should be made to secure a reasonable and proper allocation of funds from the State Board of Education so that Newark does not locally bear a larger proportion of expense than other localities similarly situated. Where schools are supported by tax funds, we see no reason why one school district should receive a larger allocation of funds per pupil than other school districts in the State.

"We submit these views for your consideration."

Estate of Charles T. Potts Deceased. Notice is hereby given that Letters of Administration upon the Estate of Charles T. Potts late of White Clay Creek Hundred, deceased were duly granted unto Leon A. Potts on the Eighteenth day of February A. D. 1946 and all persons indebted to the said deceased are requested to make payments to the Administrator without delay, and all persons having demands against the deceased are required to exhibit and present the same duly probated to the said Administrator on or before the Eighteenth day of February A. D. 1947 or abide by the law in this behalf.

Address: Hoffman and Hoffman, Attorneys-at-Law, North American Building, Wilmington, Delaware.

Leon A. Potts, Administrator

DELAWARE FARM FRONT THIS WEEK

Dairy Supplies, Except Butter Are Increasing

With dairy supplies increasing seasonally, the gap between supply and demand at current prices, except for butter, is expected to disappear by midsummer. Under present price ceilings, prices received by farmers for whole milk may average slightly lower in 1946 than in 1945, while butterfat prices will be about unchanged. If price ceilings are raised or removed, moderately higher prices for whole milk and materially higher prices for butterfat are expected.

Processor subsidies on cheddar cheese will be discontinued effective February 1. The removal of the subsidy will be accompanied by increases in wholesale price ceilings on cheddar cheese of 3 1/2 to 4 cents per pound and in retail ceilings of 5 cents. This will not immediately affect prices received by farmers for milk in cheese areas, since cheese supplies probably will continue short of demand until midyear. By then, cheese supplies may be sufficient to meet demand at or somewhat below the new ceiling prices.

Delaware farmers harvested 41,550 acres of truck crops (fresh market, and processing) in 1945. This is about 6 per cent less than that harvested in 1944, according to the Delaware Crop Reporting Service of the U. S. Department of Agriculture. In the fresh market truck crops, decreases occurred in the strawberries and watermelons and an increase in asparagus acreage. The other crops in this group were unchanged from a year ago. An increase in acreage of tomatoes and sweet corn.

Yields per acre of trucks in 1945 were generally above those of last year except for tomatoes, strawberries, and watermelons. Except for cantaloupes, prices last year were better than in 1944. The decline in total value of truck crops is entirely due to the decrease in production of tomatoes for canning.

Nearly 400 Delaware farmers soon will get service from the Delaware Rural Electric Association at Greenwood, which recently was allotted \$163,000 in loan funds by REA to build 126 miles of lines. Rural Delaware, an important truck and poultry-raising area, is still less than 60 percent electrified after many years of power development in the state's urban areas.

A recommendation that orders should be placed immediately for containers for berries, fruits and vegetables has been issued by the U. S. Department of Agriculture. Production of such containers generally is far below normal and may not materially improve. Producers were urged immediately to anticipate their requirements and place their orders early. Delivery of containers should be accepted whenever and wherever they are available. The recommendation was particularly directed to berry growers and shippers in the South, East and Mid-west whose crops will be ready for market early this spring. Inability to secure crates and cups should be reported promptly to the Fruit and Vegetable Branch, Production and Marketing Administration, U. S. Department of Agriculture, Washington 25, D. C. While there is no assurance that the supply of containers will be adequate to meet all demands, the Branch will try to locate and direct movement of new and used containers to areas of extremely short supply.

Loans on 1945 wheat called March 1, 1946. The call date for 1945 wheat loans has been moved forward one month to March 1, 1946, it was announced today by C. E. Ocheltree, State Director of the Production and Marketing Administration. During the past harvesting season, a total of 275 loans were made on 141,663 bushels of wheat for an amount slightly over \$227,000, as compared with 608 loans on 330,000 bushels of the 1944 crop for an amount of \$535,000.

The above comparison emphasizes indirectly the shortage of wheat for livestock feeding and for human consumption, and provides the reason for advancing the date of calling the wheat loans made through the County ACA Offices on the 1945 crop of wheat. The normal date for liquidation of the loans in April 1, but because of the critical situation with regards to wheat in particular, farmers are requested to liquidate their loans before March 1, and are being offered 15 cents per bushel above the loan value of their wheat, less what insurance, storage, and interest charges may have accrued against it.

On March 1, the Commodity Credit Corporation automatically assumes ownership of that wheat remaining on loan and settlement will be made at the above mentioned rate.

Mr. Ocheltree stressed the fact that any farmers who wish to take advantage of the more favorable terms being offered locally may liquidate their loans during February, and pay off the charges made by Commodity Credit Corporation.

NOTICE TO CONTRACTORS
State Highway Department of the State of Delaware
CONTRACT NO. 807
Trailer Park Buildings
Indian River Inlet,
Sussex County

Sealed proposals for combined General Construction, Heating, Plumbing, and Electrical Work for the Trailer Park Buildings, to be erected at Indian River Inlet, Sussex County, Delaware, will be received by the State Highway Department at its offices in Dover, Delaware, until 2:00 o'clock P.M. E.S.T., February 27, 1946 and then at the said offices publicly opened and read.

The Information for the Bidders, Form of Bid, Form of Contract, Drawings, Specifications, Form of Bid Bond, and Form of Performance Bond may be obtained after February 11, 1946, at the offices of the Architect upon payment of \$25.00 for each complete set. Any Bidder upon receiving such set promptly and in good condition, will be refunded his payment, and any Non-bidder upon so returning such set will be refunded \$10.00.

The State Highway Department reserves the right to waive any informalities in or to reject any or all bids. Each proposal must be accompanied by a surety bond, certified check, or money to the amount of at least ten (10) per centum of the total amount of the proposal. Performance of contract shall commence within ten (10) days after execution of the contract and be completed as specified. Monthly payments will be made for ninety (90) per cent of the construction completed each month.

Bidders must submit proposals upon forms provided by the Architect. The envelope containing the proposal must be marked "Proposal for the construction of State Highway Contract No. 807."

The contract will be awarded or rejected within twenty (20) days from the date of opening proposals.

THE NEWARK POST

VOLUME XXXVII Number 2

The Newark Post, Newark, Delaware. Thursday, February 28, 1946

PRICE FIVE CENTS

DR. SYPHERD OUTLINES PLANS OF UNIVERSITY

Campus Needs Are Cited By Speaker At Alumni Dinner

The University of Delaware aims at being the leading small college in the country. This expectation was voiced by Dr. Owen Sypherd at the Alumni Association dinner at the Hotel duPont last Saturday night. The enrollment, he said, would probably never go above 1,500.

Although the peak of the building program has been reached, Dr. Sypherd said, there are still some facilities needed, including a chemical laboratory annex to Evans Hall on which construction will begin as soon as conditions permit.

Also, there is a growing need, he said, for a music hall and fine arts building and special dormitory facilities for men and women. In addition, he recommended a university center similar to Houston Hall at the University of Pennsylvania.

Among other speakers were Warren C. Newton, 1916 alumnus and vice-president of the university board of trustees, and John N. McDowell, university public relations director.

John M. Cherpack, alumni president, presided with Deputy Judge J. Caleb Boggs of the Family Court as toastmaster.

A surprise feature of the program was presentation of the Governor's Medal to Lieut.-Gen. Eugene Reybold, 1903 alumnus and former Chief of the U. S. Army Engineers.

With more than 300 present, attendance at the banquet was one of the largest on record. During the evening, the Stanley Arthur portrait of Maj.-Gen. John W. O'Daniel was on view.

TOWN PLANS 'WORLD DAY OF PRAYER' OBSERVANCE

Church Groups To Hold Joint Services Here Friday, March 8

Services observing "World Day of Prayer" will be held jointly by members of various churches in Newark and vicinity in the auditorium of the First Presbyterian Church at 2:00 p. m. on Friday, March 8.

Mrs. G. Emmett Kaufman of St. Thomas' Episcopal Church will preside with Mrs. T. D. Mylrea in charge of a combined choir composed of members from several Newark Churches.

Mrs. Claude P. Hearn, Mrs. Oscar Elliott, Mrs. Paul K. Musselman, Mrs. J. Harvey Dickey and Mrs. John Paek. The World Day of Prayer projects will include: migrant work, Indian schools, Christian literature and Christian mission colleges. The offerings of the day will be used in promoting these works.

Four Seniors Here Try For Pepsi-Cola Scholarship

Four seniors from the local high school took competitive examinations for the scholarship awarded annually by the Pepsi-Cola Company to a student in each state. The Newark students competing were: Richard Evans, Robert Royden, Thelma Thompson, Iphigene.

The scholarship includes tuition and other major expenses to any college or university selected by the winning student. The examination is open only to those students who are judged most likely to succeed by their classmates.

EXCUSE, PLEASE

An article appearing in this paper last week erroneously stated that James F. Finerty, recently discharged serviceman, was the husband of Mrs. Beanie Miller. Finerty is the husband of the former Miss Evelyn Miller, daughter of Mrs. Beanie Miller, East Delaware avenue.

Last Call For Ambulance Fund Contributions Issued

While response to the ambulance fund drive, which opened here last week, was reported to be highly satisfactory, officials urged residents to make every possible contribution before the wind-up of the campaign within the next few days.

A final spurt will put the fund over the quota, it was said.

In emphasizing the importance of the program, Aetna officials stressed the fact that the drive is purely a fire company project and dependent on public support. To clear up some confusion on this score, it was pointed out that the ambulance is not official town property, but is owned and operated exclusively by the Aetna company, which cannot count on town funds to support the work. It is, therefore, necessary to secure voluntary contributions from the public.

DR. C. J. REES IS AWARDED MEDAL FOR WAR SERVICE

University Math Head Lauded For Work With Air Forces In China

Dr. Carl J. Rees, head of the Department of Mathematics at the University of Delaware, has been awarded the Medal of Freedom for meritorious service and performance of duty in support of offensive military operations of the 14th Air Force in China. Presentation of the medal was made to Dr. Rees at a university assembly held last Thursday morning in Mitchell Hall by Col. Jay E. Gillfillan, professor of military science and tactics and commandant of the A. S. T. R. P. at the University.

Although a civilian Dr. Rees had the assimilated rank of colonel and served as an operations analyst with the 14th Air Force from Aug. 9, 1944 to Nov. 7, 1945.

The Medal of Freedom is a decoration established as a medium for rewarding or recognizing individuals who have performed meritorious acts or services which have had a direct beneficial result on our military operations. It may be awarded only to non-military personnel who have served outside the continental limits of the United States.

The award was made to Dr. Rees by direction of President Truman.

With the presentation of the Medal of Freedom, it was also disclosed that Dr. Rees was last month awarded the War Department's Certificate of Appreciation for patriotic service in a position of trust and responsibility.

Gen. H. H. Arnold, commanding general of the Army Air Forces, in a letter directing that acknowledgement of the services of operations analysts be made, stated that operations analysts comprised some of the ablest analytical minds of the country.

As a result of General Arnold's letter, Dr. Rees received a letter from Col. W. B. Leach, chief of operations analysis, which expressed the appreciation of the Air Forces for his fourteen and one-half months of loyal and exemplary service.

A veteran of World War I he is also the author of several articles and books.

E-52 PLAY MARCH 21-22

Casting Is Completed

Casting has been completed for Thornton Wilder's Pulitzer Prize Play, "The Skin of Our Teeth," which will be presented in Mitchell Hall on the University of Delaware campus on March 21 and 22 as the 34th production of the E-52 Players. It was disclosed yesterday.

The play is being directed by Dr. C. R. Kase who will also take the part of Mr. Fitzpatrick, the stage manager. Although he has appeared on the Mitchell Hall stage in a number of productions of the University Drama Group of Newark, this will be Dr. Kase's first appearance in any E-52 production.

Miss Dorothy Catts is the assistant director and Mrs. C. R. Kase is advisor on costumes.

Sybil Levenson of Washington, D. C., will play the part of Mrs. Antrobus, and Charles Rogers, of Sayville, N. Y., has been cast as the announcer. Both have been cast as the announcer. Both of these students appeared in "The Great Big Door Step," the last major production of the Players.

RED CROSS CAMPAIGN WILL OPEN HERE TONITE

Dinner At Methodist Church To Mark Opening

Newark's Red Cross drive will open officially tonight with a subscription dinner for the campaign captains and committee members in the Methodist Church at 6:00 p. m.

Final plans will be outlined and materials distributed to solicitors by Dr. J. R. Downes, general chairman, following the dinner. Four members from the Wilmington headquarters will be present to assist in drawing up details, it was said. A short movie will conclude the program.

The special gifts committee under the direction of J. K. Johnston and the Biochemical Foundation have already begun their campaigns, it was reported.

The goal for this year's drive has been set at \$7,500. The sum is needed not only for Red Cross activities in the state, but for work areas abroad where troops are still located.

A meeting of drive captains is scheduled for Sunday, March 10 at 6:30, by which time, it is expected, the campaign in Newark and suburban areas will be completed.

The drive will cover not only Newark and the surrounding area, but also the towns of Christiana, Oglethorpe, Bear, Sunnyside, and Glasgow, officials said.

3 MAJOR FIRES ARE REPORTED

House And Barn Razed At 'Grand View'

Three major fires were reported in the Newark area the past week, two of which occurred on successive days at the "Grand View Farms" owned by George and Harold Beley.

Origin of both fires, which resulted in a total damage of \$15,000, is still undetermined.

The first occurred Saturday destroying the 21-room frame house, which had been undergoing repairs in preparation for use as a dormitory for university students. The Newark and Elkton fire companies were called but were handicapped by a scarcity of water.

At four o'clock Sunday morning the companies were called to the same place when the barn caught on fire, burning rapidly. Damage, which included destruction of 75 tons of hay and feed, was set at \$5,000.

On Monday afternoon, a defective chimney is believed to have started a blaze which finally gutted six pre-revolutionary stone houses at Elk Mills, between Elkton and Newark, for a total loss of \$16,000.

Two of the houses were occupied by the families of Mr. and Mrs. John Lawson and Mr. and Mrs. Grover Ruark. All managed to escape with most of their furniture.

Major William Ray Baldwin, owner of the buildings, called the Elkton fire company and later the Aetna company, but high winds fanned the flames, and the firemen were unable to prevent their spread.

Early Monday morning, the coal station on North College Avenue near the Hollingsworth Lumber Company caught fire but was promptly extinguished by local firemen without damage. A train engine spark is believed to have been the cause.

Gillespie Named To Staff Of Mercersburg Yearbook

William G. Gillespie, son of Mr. and Mrs. W. K. Gillespie of 15 Lovett Avenue has been appointed a member of the board of the Karux, yearbook of The Mercersburg Academy, according to an announcement made recently by David F. Chapman, head of the Academy History department and advisor to that publication.

Appointments to the staff of the Karux are made each year after extensive tryouts. The publication is one of the outstanding yearbooks in the preparatory school field, having won the gold medal award a number of times at the Columbia Interscholastic Press Conference.

OFFICERS, DIRECTORS NAMED BY C. OF C. HERE

Rittenhouse Is President; Theo. Jones Vice-President

C. E. Rittenhouse was elected president, Theodore S. Jones, vice-president, and W. S. Hamilton, secretary and treasurer, of the Newark Chapter of Commerce at a dinner meeting last Thursday evening in the Country Club, at which directors for the coming year were also named.

Directors for the year selected by the nominating committee and elected without opposition from the floor, are: George Jackson, George Haney, H. E. Hollingsworth, and Theodore S. Jones.

The nominating committee consisted of Jerome Weinberg, F. S. Jones, and Weldon C. Waples.

Speaker of the evening was Clarence Fulmer, principal of Wilmington High School, who discussed international relations and America's position on the world scene.

Highlight of the evening's entertainment was a presentation of "Marian's Marionettes," by Marion Myer, of Wilmington, who constructs, costumes, and operates the puppets.

ASTRP HEAD ORDERED TO NEW DUTY

Gillfillan To Leave University

Colonel Jay E. Gillfillan, who has served as Professor of Military Science and Tactics and Commandant of the ASTRP at the University of Delaware since November 28, 1945, has received orders transferring him to other duty. It was announced this week.

Now on leave, Colonel Gillfillan will report at Ft. Belvoir, Va., next week for a special ten-day course designed for commanding officers of R. O. T. C. units. He will then attend a twenty-day session for R. O. T. C. administrators at the Infantry School at Ft. Benning, Ga. Following completion of these courses, Colonel Gillfillan will become Professor of Military Science and Tactics at the University of Vermont, Burlington, Vt., where he previously served a tour of duty.

Captain Donald R. Morton, Jr., has assumed Col. Gillfillan's duties at the University of Delaware and will continue to serve in that capacity until a new Professor of Military Science and Tactics is assigned to the University. Captain Morton held the same post from November 1 to November 28, 1945, during the period following the retirement of Colonel D. M. Ashbridge and prior to Colonel Gillfillan's arrival in Newark.

BISHOP TO CONFIRM 10 ON SUNDAY

Confirmation Services At St. Thomas'

The Sacrament of Confirmation will be administered to a class of ten by the Rt. Rev. Arthur R. McKinstry, Bishop of Delaware, at St. Thomas' Episcopal Church, beginning at 11 o'clock Sunday morning. The services will be held in conjunction with the celebration of Holy Communion.

The class, which will be presented by the Rev. William H. Hancel, is one of the largest to be confirmed in many years.

Special music arranged for the occasion includes: organ prelude—Agnes Dei; Bizzet; Offertory—O, Lord Most Holy, Franz Abt; postlude—Fugue in A Minor, Bach.

Just prior to the laying on of hands the Bishop and choir will sing antiphonally the "Veni Creator". Other music appropriate to the service will be offered.

The sermon will be delivered by Bishop McKinstry.

Drama Of Teen-Age Life Given At School Assembly

"The Pampered Darling", a delightful play about teen-age life and its various complications, was presented at an assembly in the local high school yesterday by Raymond Justin's eleventh grade.

The cast included: Connie Gibbons, Patsy Chalmers; Janet Gibbons, Catherine Highfield; Victor Gibbons, Paul Kreamer; Mrs. Perkins, Lynette Steinouer; Norman Evans, Jack Fossett; Jessica Bacon, Joan Ross; Annabella Green, Jackie Davis; Joy Gaylord, Helen Mae Wollaston; Dr. Rudolf Van Hapsburger, John Dougherty; Dudley Field, Alton Haney; and Floyd Davis, Tommy Phillips.

UNIVERSITY PRESIDENT IS ELECTED BY TRUSTEES

Dr. W. S. Carlson, Now Dean At University Of Minn., Is Named

Dr. William S. Carlson, 40, now dean of records and admission at the University of Minnesota, has been appointed president of the University of Delaware and will take office probably in July, it was announced last week by former Judge Hugh M. Morris, president of the board of trustees.

The selection was approved unanimously by the board of trustees.

Dr. W. Owen Sypherd, who has been acting president for nearly two years following the death of Dr. Walter Hulihan in April 1944, has been elected to serve as president until Dr. Carlson takes over.

When Dr. Carlson assumes his duties, Dr. Sypherd will be named university professor, responsible only to the president, an honor merited through his long service to the institution. This position is a unique one, created in only a few universities. Dr. Sypherd will reach the automatic retirement age in June, 1947. Before becoming acting president he served as head of the English department.

Dr. Carlson will be the youngest president in the history of the University of Delaware and probably one of the youngest college presidents in the country. He is an author, scientist, educator and former colonel in the Army Air Forces.

Because of his particular qualifications as an authority on the Arctic and master of seven languages, Dr. Carlson was called by the War Department in August 1941.

Although primarily an educator and a scientist, Dr. Carlson's accomplishments cover a wide field. As a writer he has made contributions to technical and educational journals and his one full-length book, "Greenland Lies North," published by MacMillan Company in 1940, was given excellent reviews by the New York Times, The Saturday Review of Literature, and other publications.

LT. INGHAM RAISED TO COMPANY C.O.

Now Commands Anti-Tank Unit In 32nd Division

1st Lt. Frederick L. Ingham, has been promoted to Company Commander of Anti-Tank of 128 Infantry Regiment of the 32nd (Red Arrow) Division, it has been announced in a report from the Eighth Army in Yamaguchi, Japan.

1st Lt. Ingham enlisted in the army as a private in October 1942, took Basic Training at Camp Edwards, Mass., while there he was selected to attend O. C. S. at Camp Davis, N. C. He was commissioned in July 1943, and assigned to the 842 Anti-Aircraft Bn. at Camp Stewart, Ga. In May 1944, Lt. Ingham transferred to the Infantry and was assigned to Fort Meade, Md., as Adjutant of the 12th Infantry Bn. In June 1945 he was promoted to 1st Lt. and shortly thereafter sent overseas.

He joined the 32nd on Luzon, P. I., and was assigned as Platoon Leader with Anti-Tank Company of the 128th Infantry of the 32nd Division.

The 32nd is currently attached to the Eighth Army doing occupational duty in Japan.

Lt. Ingham is the husband of Mrs. Julia D. Ingham who resides at 192 S. College Avenue.

LIONS POLL MEMBERS ON SCHOOL TAX QUESTION

Club Considers School Board's Proposals On Teacher's Pay

The Newark Lions Club is conducting a poll of its members this week on the question of levying a school tax which will provide for raises in teachers' salaries here. The proposed new rate is 39c on \$100 of assessment, which will cover all phases of the school program.

The move was decided upon following last week's School Board meeting at which Lion representatives along with members from other local civic organizations were told that a deficit of \$10,000 already exists for the 46-47 school year, which must be met through local taxation. The deficit is due chiefly, it was said, to failure on the part of the state to provide funds for increments to which teachers are entitled by law.

The board advised the representatives to test public sentiment further on the question of conducting a referendum which will provide for the deficit, plus an adequate teachers' pay raise, along with funds to back a new bond issue for the school building program.

It is estimated that a rate of 39c on \$100 of assessment will be necessary to cover all phases of the program, with 10c going for the existing deficit. The proposed new rate represents a jump of 27c over the current rate of 12c which will mean an increase of \$270 for each \$1000 of assessment.

UNIVERSITY PUBLICITY AIDE NAMED

Winifred Taylor To Be Assistant To J. McDowell

Lt. Winifred B. Taylor, U. S. N. R. of Wilmington has been selected as Assistant Director of the Office of Alumni and Public Relations at the University of Delaware, it was announced yesterday by John N. McDowell, Director of that office. Now on active duty in Hawaii it is expected that Lt. Taylor will be released within the next few weeks and will assume her new duties shortly after April 1.

Lt. Taylor will also serve concurrently as Executive Secretary of the Alumnae Association, it was stated. In that capacity she relieves Miss Edith A. McDougall who has served as Alumnae Secretary since 1928. An instructor of mathematics and physics at the University of Delaware, Miss McDougall resigned as Executive Secretary effective last January 1 when the Office of Alumni and Public Relations was established.

Graduated with distinction from the University of Delaware in 1941, Lt. Taylor was a teacher of English at the Henry C. Conrad High School, Richardson Park, from September 1941 to September 1942 when she resigned to enter the WAVES. She was one of the first women from Delaware to volunteer for naval service.

After completing the training school course for WAVES Officers, Miss Taylor was commissioned an Ensign on January 8, 1943. She has since received two promotions.

LIONS HEAR MUSICIANS

Guests At Weekly Meet

A musical program, with Orville Little and Valentine Nardo as guest musicians, was given at the Weekly Lions Club Meeting Tuesday night, with president T. D. Smith, presiding. Program chairman was Ed Shakespeare.

Detail discussions of the proposed referendum on a school tax increase were held.

An informal directors meeting was held following the music program. A special meeting of the directors is scheduled for tomorrow evening at the residence of President Smith. It was announced.

A business meeting is scheduled for next Tuesday, it was said.

FELLOWSHIP IS AWARDED UNIVERSITY

Chemical Eng. Dept. Gets Post Graduate Grant

The fellowship committee of the du Pont Company has awarded a post-graduate fellowship in chemical engineering for the academic year, 1946-47 to the University of Delaware. It was announced this week by Dr. W. Owen Syphard, university president.

The University is among the 15 designated for the chemical engineering award which provides \$1,200 for a single person and \$1,800 for a married recipient. In addition there is an award of \$1,000 to the university to cover fellowship fees and other expenses as well as added funds for use as the chemical engineering department sees fit.

Dr. A. P. Colburn, head of the chemical engineering department at the University of Delaware, acknowledged the grant with the statement that it is especially welcome in view of the recent growth in graduate work in this division. Many applications for fellowships have been received lately from returned servicemen and men formerly employed in war industries, he revealed.

Dr. Colburn regards the duPont fellowship as one of the most advantageous supports from industry that the university has ever received. The actual project on which the fellowship will be used is not decided. However, it is expected it will be in one of the fields in which the chemical engineering department is specializing: namely, distillation, heat transfer, combustion and plastics.

Local Sailor Is Discharged This Week

John R. Couden, Sonoran second class, has been honorably discharged from Naval service at the separation center, Bainbridge, Maryland. Couden, who was last stationed at San Diego, Calif., has been in military service 35 months.

NEWS OF PRIMARY GRADES

Farm And Nature Studies Occupy Children

If your first-grade son suddenly wants to become a dairy farmer, don't be surprised, writes Carol Maden of the High School News staff. It's probably because all three sections of the first grade are studying the farm and its occupants.

For instance, Miss Sarah Stolt's class soon expects to visit a farm and they have been preparing for the trip.

Mrs. Emma Justin's class is also interested in the farm. They have been making a frieze on farm animals and have also started a book on the same project.

The second grade, under the guidance of Miss Jennie E. Smith, are getting ready for the spring. The classroom is equipped with feeding stations which the children have built, and a variety of colored birds are used to illustrate the meaning of such words. Miss Smith is planning to teach the care of birds.

The holidays in February have inspired the third grades to devote some of their time and effort to the study of the lives of such great men as George Washington and Abraham Lincoln. Pictures and silhouettes of Washington have been made.

Mrs. Dale Nichols has just completed a study of the Eskimo. In this connection they have built a sand table. Next, they are going to study the United States. Who knows, perhaps a future congressman or senator is being developed?

Miss Betty Frying has introduced her third graders to a study of birds also. The children have already erected a bird table and are beginning to make booklets.

Miss Irene Wilkinson's Freshmen are preparing a play for their assembly program.

Faith Seminary Night At Bible Presbyterian

The regular services of the Bible Presbyterian Church will be held on Sunday morning, and a special service with Faith Seminary students and faculty at night.

Services in the morning will commence with Sunday School at 10:00 A. M. at which time the International Sunday School Lesson will be studied by all ages. The regular morning worship service will be held at 11 o'clock when the Pastor, Rev. Thomas Cross, will preach on "Training Our Children."

The Young People will meet at 6 p. m. under the direction of Mr. G. Howell Gerow. A meeting of special interest has been planned for this hour. The Faith Seminary Quartette will have charge of the music and message.

At 7:00 p. m. the Evening Worship will begin, in charge of a Faith Seminary deputation team. The speaker will be Prof. John W. Sanderson, professor of Systematic Theology. He has visited the local church before and was well received. He is a young man and a forceful speaker. The quartette will assist in the service by rendering several selections.

The new Children's Bible Hour, a mid-week service for children, will begin on Wednesday at 3:30 p. m. All children of school age are cordially invited to attend. The children will be dismissed promptly at 4:30.

LESSON-SERMON

First Church of Christ, Scientist, at 1201 Van Buren Street, Wilmington. Morning Service 11:00 a. m., Sunday School 11:00 A. M., Wednesday evening Service 8:00 P. M.

On Sunday, March 3, Lesson-Sermon, "Christ Jesus."

PROCLAMATION

WHEREAS, this nation has brought to a victorious conclusion the most desperate struggle in the history of our country and the task that now confronts us is to maintain a lasting peace together with a spirit of good will and cooperation, and

WHEREAS, a maximum number of enlistments in the Regular Army is necessary in order to release men who desire to return to civilian life and have had long and arduous war service and to provide a strength adequate for occupational and domestic duties, and

WHEREAS, the Regular Army offers to young men the opportunity to enlist in the Army at a time when we must maintain our national security, and

WHEREAS, a call for enlistments is hereby directed to young men of 17 to 34 years of age, and

WHEREAS, the City of Newark has taken its place in all patriotic causes:

NOW, THEREFORE, I, proclaim in the interest of National Security, that all young men take advantage of the opportunities offered by the Regular Army and enlist at the Newark Recruiting Station.

Mayor

NEXT SUGAR COUPON DUE ON MAY 1ST

Latest Data On Sugar Rationing

The OPA District Office in the Pennsylvania Building has received numerous requests as to when the next sugar ration coupon, in ration book No. 4, may be used, Charles W. Herdette, State Director of OPA, announced today.

Unless some change is made due to any possible improvement in the sugar situation, the next sugar coupon cannot be used before May 1st. It is impossible for the OPA to determine any possible improvement in the sugar situation until the spring sugar crop is actually on hand in this country. This sugar supply is expected during March and April. As it is quite possible that there will be no improvement, consumers should continue to restrict their use of sugar to the present allowance which is 5 pounds per 4 months per person in ration book No. 4.

The District Office has also had many requests as to replacement of the present book No. 4, as No. 39 sugar coupon is the last sugar coupon in the book. Beginning May 1st, No. 49 spare coupon will become the correct coupon for the purchase of sugar. The remaining spare coupons, in the ration book, will continue to be used as sugar coupons. Therefore, the present ration book No. 4 will be used for sugar rations until the end of the Sugar Rationing Program.

Much of the public has misunderstood the issuance of new type sugar books thinking that they are to replace ration book No. 4. These new type sugar ration books are being issued only to discharged servicemen and women, and to new born babies. They correspond to the spare stamps remaining in ration book No. 4.

HINTS FOR PLANNING VEGETABLE GARDENS

E. P. Brasher Draws Up Information For Gardeners

The 1946 vegetable gardening season is rapidly approaching, which means that millions of gardeners all over the country are looking at the pretty pictures in the seed catalogues and selecting their favorite vegetables and varieties to include in their garden. These gardeners realize that certain vegetables will retail at a high price and will often be hard to find on any market in 1946. They are, therefore, planning to grow their own.

If you are one of the millions that are going to have a garden this year, why not draw a plan of that garden well in advance of the planting season. Such a plan will help you to produce the maximum amount of produce from a given area, to keep a constant supply of your favorite vegetables available, and to know what materials will be needed so that advance purchases can be made.

The plan need not be elaborate — the simpler the better, as long as it contains the essential information to guide the actual work. It should be flexible enough to allow necessary changes, but at the same time provide a definite pattern for the work.

Since every garden must be planned individually to fit the space available, the family food needs, and family likes and dislikes, there can be no one plan that will fit the needs of every family. However, plans should be made so that the space and time available can be utilized to meet as many of the family needs as possible. Important points to include in the paper plans are: (1) the amount and kind of each vegetable to plant, (2) the locations of each crop in the garden, (3) planting distances, (4) the variety of each vegetable to plant, (5) the probable planting dates, (6) succession crops, (7) intercrops or companion crops.

Kin Of John Alden, 105, Credits Clean Living

John Alden Howell, a descendant of John Alden of early American history, observed his 105th birthday anniversary — an achievement he attributes to clean morals, temperate living and abiding faith in the Scriptures.

"When things go wrong, I just smile and control my temper," said the self-styled oldest living Confederate veteran who fought as a captain with Gen. Stonewall Jackson in the Civil War.

Born at Waynesville, N. C., he practiced law and then was a banker. He was a cousin of the late Clark Howell, editor of the Atlanta Constitution. One of his sisters, Mrs. B. C. Smathers was the mother of former Senator William Smathers of New Jersey while another of her sons was former Judge Frank Smathers, of Miami, Fla.

Welfare Head To Speak At New Century Club

Miss B. Ethelda Mullin, head of the Family Society of Wilmington, will discuss social problems and family relations at the bi-weekly meeting of the Newark New Century Club on Monday afternoon.

Mrs. Walter Hullihen, chairman of Business and Welfare, will be in charge of the program.

Hostess for the meeting will be Mrs. R. W. Heim.

SAFETY TALK BY STUDENT

Herbert Stone Speaks Before Safety Council

Herbert E. Stone, Jr., member of the Junior class at the Newark High School, addressed a meeting of the Safety Council's Board of Directors Tuesday afternoon in the Hotel duPont, Wilmington. His talk demonstrated how the individual driver's respect, responsibility, foresight and good reasoning provides for the general safety of the highways.

A general discussion of student driving problems was held at the conference, at which two other students from nearby high schools were present. The relationships between flying and driving, general function of instruments and the value of self-control were stressed.

For several years the Safety Council has encouraged the work, sponsoring a driver's course at the local high school and others in the state. The training enables the student to obtain a basic and thorough knowledge of automobile operation.

George Anderson, Newark's instructor in the course and Wilmer E. Shute, superintendent of schools, were also present.

NOVEL STUDY BY 5TH GRADERS

Construct Model Of Early Town

Thirty fifth graders at the Newark School are reliving the lives of their Pilgrim ancestors these days in a realistic study of that era being conducted by their teacher Miss Mary Melvin. Based on the construction of accurate models by the pupils, the study covers every phase of early Pilgrim society.

A replica of a Pilgrim's home and a complete section of an early New England village made from soap and cardboard have been constructed. Those

taking part in the work were: Barbara Joe Wakefield, Lorine Thornton, Edwina Carkin, Catherine Moore, Sandra De Farr, and Bobby Townsend. A model of a village lamplighter was made by Charles Skinner.

Additions to the village is a miniature Indian fort, replica of one of the first forts erected in America. The model was built by Bobby Roberts, Danny Palmer, and Billy Sprecher. Another model fort was made by Irene Moore.

Pilgrim dress and customs were studied also through the use of model figures. Doll-makers were: Daniel Mielke, Babette Roberts, Marguerite Tierney, Diane Smith, Sandra De Farr, Jacqueline Carkin, Marian Smith, Mary Lou Murray, and Lenore Lowe.

Model whipping posts, stocks, and a town commons were constructed by Marcia Warwick, Eugene Wollaston, Don Miller, Edward J. Sabolowski, Bill Thompson and Peter Mihalova.

Others taking part in the project were: Eileen Folk, Dolores Lloyd and Norma Buckley.

NEWARK DAIRIES

Samples of milk taken from delivery trucks of Newark Dairies, February 16, 1946, for testing by the Health Department report as follows:

	Fat %	Bacteria Count	Sediment Test
A Milk	4.75	2,500	Clean
B Milk	4.60	3,000	Clean

Note: Required by law, Fat 3.5%, Bacteria not over 50,000.

We receive our milk from seven farms in this neighborhood. Our eight plant employees homes are in Newark. Two of them have only recently returned from the U. S. Armed services overseas.

We are proud of our product and our service . . . and, we thank our patrons for their support of this community industry.

Who will put up the money
for our

\$5,500,000 EXPANSION PROGRAM?

The public . . . Men and women in every walk of life . . . Housewives and widows . . . School teachers and professors . . . Business men and doctors . . . Merchants and lawyers . . . Telephone subscribers and those who are waiting for telephone service . . . Telephone company employees . . .

The people who will put up the money for the Bell System's two billion dollar expansion program, of which ours is a part.

The same sort of people as the 680,000 who have invested their savings in the stock of the American Telephone and Telegraph Company.

They're small investors. The average number of shares held by each of them is 29. More than half of them have held their stock for 10 years or more. Not a one of them holds as much as one-half of one percent of the total stock.

There you have the answer to where the money's coming from.

BUT WHY?

Because people have faith in the future of the telephone business, in its integrity and progressiveness, in its stability, and its ability to continue to safeguard their savings and to earn enough to give them a reasonable return on the money they invest.

Because people know that the telephone business never marks time. From the gigantic Bell Telephone Laboratories and the amazing developments that are pioneered there to the construction gangs in the smallest communities, finer and finer telephone service is ever the goal.

WE'RE ON OUR WAY TO THAT RIGHT NOW. Our \$5,500,000 expansion program, calling for more jobs, more facilities, and better service, is going full speed ahead.

Here are
THE THREE OBJECTIVES
of our
\$5,500,000*
EXPANSION PROGRAM

1. To end all waiting lists for telephone service.
2. To provide the people of this State — city people and farmers — with finer and finer telephone service.
3. To make available the many new developments in communication, pioneered by the Bell Telephone Laboratories.

*Part of the Bell System's two billion dollar Expansion Program.

KIWANIS CLUB ENTERTAINS

On the invitation of Mr. A. G. Wilkinson, the Kiwanis Club of Wilmington will visit the Delaware College and banquet in the Commons. An address of welcome will be delivered by Dr. Walter Hulihan. A very attractive program has been arranged which includes solos by Miss Graybill and Mrs. J. Pearce Cann. Recently several get-together meetings have been held by local Kiwanians, consisting of George L. Townsend, Jr., H. L. Bonham, W. E. Holton, Louis Klee, J. Wirt Willis and A. G. Wilkinson.

FIRE COMPANY ELECTS

The Aetna Hose, Hook and Ladder Company, at a recent meeting elected the following officers for the ensuing year.

President, S. B. Herdman; vice-president, Charles L. Medill; secretary, Charles W. Colmery; treasurer, Arthur L. Beals; fire recorder, Frank M. Lutton; chief, E. Clifford Wilson; first assistant chief, Charles P. Steele; pipeman, Wilmer Renshaw; George I. Durnall, Robert H. Crowe, Orville Little and Robert Gregg; directors, Robert S. Gallaher, Edward J. Bailey, Ernest Frazer, Frank M. Lutton and George I. Durnall.

PROPERTY CHANGES

W. S. Armstrong, auctioneer, sold at public sale last Saturday, the William Woods property on North Chapel Street to Mrs. Martin Doordan.

The Newark Trust Co. has sold the Crossan property on East Main Street, occupied by Mr. Whitten to William H. Cook, and the property of Mrs. O. W. Leverage, on Prospect Avenue, to Samuel Slack.

BARACA SUPPER GIVEN

One hundred and one members of the Baraca Auxiliary of the Presbyterian Church enjoyed the monthly supper given by that organization in the lecture room of the church last night.

The committee in charge consisted of Mrs. Charles W. Dunlevy, chairman, Mrs. Pierce Whitcraft, Mrs. Thomas J. Green, Mrs. H. N. Reed, Mrs. Ed. Steele, and Mrs. William J. Rowan. The occasion also marked the birthday anniversary of Mrs. Charles A. Bryan. **BISHOP COOK VISITS ST. THOMAS** Bishop Philip Cook paid his first official visit to St. Thomas' Church last Sunday. He celebrated corporate communion at 8 o'clock, visited the Sunday School for a short time at 10 o'clock, and at 11 o'clock preached. At this service he also confirmed a class of five, four of whom were the Churchman sisters, Misses Rebecca, Catherine, Dorothy and Caroline, daughters of Mr. and Mrs. Charles Churchman. The other member of the class was William Van Ehen.

WEDS SELBYVILLE GIRL

Announcement was made last week of the marriage of T. Raymond McMullin, of Newark, and Miss Lettie P. Long, of Selbyville. The young people were quietly married at Bethesda M. E. Church last Thursday evening by Reverend V. P. Northrup.

The bride is well known in Newark. She attended Women's College last year and has been a member of the faculty of the Middletown schools this year.

CENTURY CLUB CALENDAR

The program committee of the New Century Club has announced the following program for this and next months. January 18th, Home Economics Day, in charge of Miss Alice Kerr. January 25th, paper, Louisiana, Mrs. R. W. Heim. Feb. 1st, Current Events, afternoon in charge of Miss Jane Maxwell. Feb. 8th, Spanish Missions in the Southwest, Mrs. George Medill. Feb. 15 will be an open date. Feb. 22nd, ex-president's day, with program in charge of Mrs. John Pilling.

PERSONALS

Mrs. George Carter spent Tuesday with the Misses Ash at Elkton.

Mr. and Mrs. A. G. Wilkinson entertained at dinner last week. The guests were Mr. and Mrs. J. L. Coyle, Mr. and Mrs. Fred Walls and son, Dover, Mr. and Mrs. E. Weldin and Miss Pauline Weldin, of Wilmington, and Miss J. Wall, of Berlin, Md.

C. P. Wollaston is recovering from a severe attack of congestion of the lungs.

Mr. Leslie Snyder and daughter, Lillian, were recent visitors in Harrisburg and Philadelphia.

Mr. and Mrs. J. L. Coyle entertained at dinner recently. The guests were Mr. and Mrs. A. G. Wilkinson and Miss Irene Wilkinson, Mr. and Mrs. E. F. Weldin and Miss Pauline Weldin, Mrs. Bartow, Sr., Mr. and Mrs. Edward Bartow, Mr. Brown, Miss Frances Bartow, Mr. Fred Bartow, Miss Sarah

Coleman of Wilmington, Mr. and Mrs. George Woodward, of Philadelphia, Mr. and Mrs. Fred Walls and son, of Dover, Miss Jennie Walls, of Berlin, Md.

Russell H. Morris, formerly trust officer for the Newark Trust Company, now stationed at Wyoming, Del., was a Newark visitor over the week-end.

Harry L. Bonham leaves tomorrow morning for Fort Myers, Florida, and other points in that vicinity, where he will spend a month.

Charles M. Eissner, of Harrisburg, formerly inspector at the American Vulcanized Fibre Plant, was recently transferred back to the Newark plant.

Mr. and Mrs. Pierce K. Crompton spent the week-end visiting their parents, Mr. and Mrs. Frank Crompton and Mr. and Mrs. Albert L. Lewis.

Additional Society

NEWARK MOTHER'S CLUB TO MEET WITH MRS. COX

The Newark Mother's Club meets this Tuesday evening at 8:15 with Mrs. C. M. Cox, 44 West Delaware Avenue.

The program will be a demonstration in home nursing by Mrs. William B. DeLong.

Mrs. William Young will assist Mrs. Cox as co-hostess.

LADIES BIBLE CLASS WILL MEET SUN. A. M.

The Ladies Bible Class of the First Presbyterian Church will meet at 9:45 this Sunday morning to discuss the book of Joshua. The topic for discussion will be "entering and possessing a new land".

PERSONALS

Mrs. Goldie McFarlin of 118 Haines Street has returned to her home after having been a patient in the Memorial Hospital, Wilmington.

Mr. and Mrs. Thomas Buckley are receiving congratulations on the birth of a son, born February 20, in the Memorial Hospital, Wilmington.

Mr. and Mrs. John Sutton of Locust Grove were dinner guests on Sunday at the home of Mr. and Mrs. Orville Otty, Nottingham Road.

Mr. and Mrs. Ed Doyle of Wyoming Road entertained Mr. and Mrs. Henry W. Brooks and Mr. and Mrs. Melvin Brooks on Saturday evening.

Mr. and Mrs. Oliver Watkins and Mr. and Mrs. Roger Watkins of near Newark were dinner guests Sunday of Mr. and Mrs. Raymond E. S. Watkins, Chesapeake City.

Mr. and Mrs. F. M. Stern and Miss Mary Dudley of Norfolk, Virginia were week-end guests of Mr. and Mrs. Harold Stanley, Delaplane Manor.

Mrs. James Beers of near Newark is recuperating from an operation performed at the Memorial Hospital last week.

Congratulations are being extended to Mr. and Mrs. Thomas Davis on the birth of a son, born February 23, in the Delaware Hospital, Wilmington.

Mr. and Mrs. Al Kish of South Chapel Street spent the week-end in New Jersey and while there Mr. Kish will obtain his demit from the Dorothea Grange transferring to the Penedet Grange No. 60.

Mrs. Charles Cooper, Mrs. John Z. Miller and Mrs. Maurice Fields attended an instruction course for camp leaders held at the Girls Scout Country Center at Grantland, Delaware this past week-end and are now qualified as licensed leaders. Any troop planning to visit the country Center for overnight must be accompanied by a licensed leader.

Mrs. Robert Rohm and Mrs. Fannie I. Rohm of West Park Place were hostesses on Monday evening to the members of the Ladies Bible Class of the First Presbyterian Church. Eighteen members were present and a program of games and refreshments followed the business meeting.

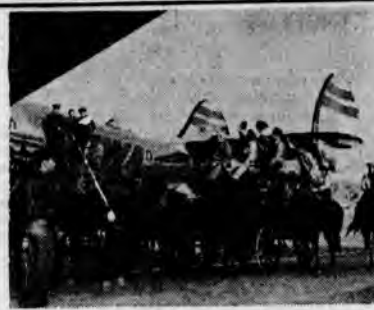

Mrs. Lee Lewis of East Main Street will be hostess on Monday evening to the monthly meeting of American Legion Auxiliary.

The Executive Board of the Womens Auxiliary of the First Presbyterian Church met on Wednesday at the home of Mrs. H. N. Reed, West Main Street.

In The WEEK'S NEWS

FIRST RADIO—Orson Welles, radio, stage and screen star, receives one of the first Lear Home Radio sets from Nate Mast, merchandise manager of Lear, Incorporated, as he arrives in Chicago for one of his Sunday afternoon commentary broadcasts over American Broadcasting Company network, sponsored by Lear Radio.

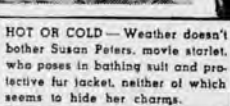

OLD AND NEW—Historic stagecoach carries passengers to Nevada airfield to board one of country's largest airliners in ceremony presided over by Sen. Pat McCarran.

HOLIDAY "FLOWERS" MODERNE—Artificial silver grapes and silver leaves—such as no floral ever grew—form this sparkling, ultra-modern centerpiece for formal dinners in the modern home. It can be sent by wire via member shops of Florists' Telegraph Delivery Association.

NO WEDDING BELLS—Nor even wedding cake, for Louise Flores and Robert Burrows, each just 18. Though prospective bridegroom has stars for six major battles, he was too young to get married without mother's permission.

HOT OR COLD—Weather doesn't bother Susan Peters, movie starlet, who poses in bathing suit and protective fur jacket, neither of which seems to hide her charms.

QUADRUPLTS—Quadruplet calves shown at Chicago Union Stockyards, are four little calves which get the best of care, and show it in national stock show exhibition.

ST. PATRICK DAY DANCE

Nylons To Be Prizes

Six pairs of nylon hose will be among the prizes offered at the annual St. Patrick's Day Frolic and Dance to be given by the Men of St. John's R. C. Church at the New Century Club on March 18. The affair is under the direction of William Clancy.

It was also reported this week by parish spokesmen that a new altar rail was placed in service for the first time last Sunday, together with a new baptismal font and Paschal candle holder. Completing the group will be a holy water font and poor boxes which will be installed later. All the items are of wrought iron and are gifts to the church.

It was further announced that the ladies of the parish will hold a card party for the benefit of the school fund at the New Century Club today.

Morning Services At Head Of Christiana

Services will be held in the morning at the Head of Christiana Presbyterian Church on Sunday. Sunday School will begin at 10 a. m. and the morning worship at 11 a. m.

Frank H. Butterworth, superintendent, will be in charge of the Sunday school. The classes will discuss "Entering and Possessing a New Land."

The pastor, Rev. Evan W. Renne, will deliver the sermon at the morning worship service on the subject "Our Debt and Our Debtors." The choir will present special music. All are welcome.

Public Hunting Tract Leased In Sussex

The Assawoman Bay Tract, a property covering 1,400 acres of land in Sussex County about 25 miles south of Rehoboth Beach, has been leased by the Delaware State Game and Fish Commission from the U. S. Department of Agriculture for use as a public hunting ground. The site borders on the Delaware-Maryland line, and takes in both sides of Miller's Creek.

Announcement of the lease for a 99-year period was made by W. M. (Buck) Davis, Odessa; H. Henry Hazel, Dover, and Leland S. White, Seaford, members of the commission.

The tract, directly behind Fenwick Island, will provide one of the finest public hunting areas in the state, according to Frank A. Lawson, chief game and fish warden. He said, rabbit and quail hunting is available in the winter and fishing and crabs in the summer. Picnic grounds and sand beaches line a large portion of the tract.

BENEFIT PLANNED BY H. S. ALUMNI

Proceeds To Be Used For Senior Dance

A movie benefit will be held by the Newark High School Alumni Association at the State Theatre next Monday and Tuesday, proceeds of which will be used for a dance and banquet for members of the senior class at the school.

The picture will be "That Night With You", starring Franchot Tone and Susanna Foster.

The committee includes: Miss Leah Otley and William K. Richardson, co-chairmen, assisted by Phoebe McBerly, Mrs. Robert Dutton, Jr., John Rothrock, Albert Clark, Ann Richards Hilda Robinson, Jean Runk, Lois Detjen, Helen Tierney, Mrs. R. T. Jones, Mr. and Mrs. F. Allyn Couch, Jr., Sally Woolleyhan, Ann Gallaher, Angelo Cataldi, Edgar Messick, Paul Martin, Pauline Bridgewater, Mrs. J. Harvey Dickey, Ann Chalmers, Sarah Steele, Eleanor van Sant, Tom Foster, and Mrs. Edward Ginter.

Officers of the association are: William K. Richardson, president; Leah Otley, vice-president; Mrs. Edward Morgan, recording secretary; Mrs. John Daly, corresponding secretary, and Miss Jean Runk, treasurer.

NEWS ABOUT LOCAL BOYS IN SERVICE

Private William W. Miller returned to his home this week following his honorable discharge at Fort Dix. He has been in the service for three years serving in the Philippines for over a year with the engineers. Private Miller is the son of Mr. and Mrs. William Miller, 29 Delaware Avenue.

William Blandy Pie who enlisted in the Navy this month is stationed at Camp Perry, Va. for his boot training. He is the son of Mr. and Mrs. Paul E. Pie, Sr., of West Main Street.

Harvey E. Spence recently discharged from the army after spending twenty-nine months in the South Pacific has returned to Seattle, Washington after visiting six weeks with friends and relatives here. He is also the grandson of Mrs. Harvey Spence and the late Mr. Spence.

CARD AND BINGO PARTY WED. EVE. MARCH 13

Mineola Council Degree of Pochantas will conduct a card and bingo party on Wednesday evening, March 13 in the Odd Fellows Building.

Games will start at 8:15 and will be under the direction of Mrs. Sara E. Tryens.

WOMEN'S BIBLE CLASS REGULAR MEETING

The members of the Women's Bible Class of the Newark Methodist Church invite you to attend their meeting on Sunday, March 3, to discuss the topic of "God's use of a fully consecrated man for the guidance, blessing and inspiration of a nation which finds itself in the midst of many temptations."

Final Clearance of Winter Dresses

Pauline Bradford
39 E. Main St.

REGULAR MEETING OF CIRCLE GROUPS

The regular meeting of the Circle Groups of the Woman's Society of Christian Service of the Newark Methodist Church will meet this Tuesday as follows:

Circle No. 1 with Mrs. Frank Jamison as leader meets Tuesday evening, March 5, at 8 p. m. at the home of Mrs. Ernest Gillespie, 94 East Main Street. Mrs. Mildred Sharp will be the co-hostess.

Circle No. 2 with Mrs. Earl Armstrong as leader meets Tuesday afternoon, March 5, at 2 o'clock at the home of Mrs. W. Skoglund, 25 Amstel Avenue. The co-hostess is Mrs. Wilmer Shue.

Circle No. 3 with Mrs. James McNeal as leader meets Tuesday afternoon, March 5, at 2 o'clock at the home of Mrs. Oscar Elliott, Elliott Heights. Mrs. J. Oliver Koelig, Sr., is co-hostess.

Circle No. 4 with Mrs. Howard Patchell as leader meets Tuesday evening, March 5, at 8 p. m. at the home of Mrs. Arthur Ayers, 722 South Academy St. Mrs. Sara Calhoun and Mrs. Emma Bixler will be co-hostesses.

Circle No. 5 with Mrs. Irvin Crow as leader meets Tuesday evening, March 5, at 6 o'clock at the church for a covered dish supper. Mrs. W. Rupp, Mrs. Mary Willis, Mrs. Phoebe Marshall and Mrs. Oliver Koelig, Jr. will be co-hostesses.

Circle No. 6 with Mrs. Louise Kenworthy as leader on Tuesday evening, March 5, at 8 o'clock at the home of Mrs. Elaine Allen, 243 East Park Place. Co-hostesses will be Mrs. Jean Baker and Mrs. Louise Kenworthy.

Circle No. 7 with Mrs. Francis Lindell as leader will meet on Tuesday evening, March 5, at 8 p. m. with Mrs. Edgar Riley, 24 Choate St. The co-hostesses will be Mrs. Eva Smith and Mrs. Jessie Blake.

Circle No. 8 with Mrs. W. S. Carter

as leader will meet Tuesday evening, March 5, at 8 o'clock at the church in the dining hall with Mrs. N. E. Hill and Mrs. Earl Moore as co-hostesses.

PENCADER GRANGE

Card Party Is Planned

Prizes were awarded at a Washington's Birthday party held by the Pencader Grange in the grange hall Friday night. Jeannette Brooks, youth committee chairman, was in charge.

Two pounds of butter will be charged off at a meeting of the group's music club tomorrow night. A concert by the group planned for May will be arranged by Mrs. Pedrick, director.

A card party will be held Saturday night in the hall at 8:00 p. m. under direction of the Home Economic Committee. Assisting will be: Mrs. Bertha Ford, Mrs. Lucy Butler, Mrs. Josephine McDaniel, Mrs. Florence Brown and Mrs. Audrey Brooks. Prizes and refreshments will be given.

The semi-monthly meeting of the grange will be held Monday night, with Al Kish as speaker. A literary program is planned.

Miss Lucille Moore of Olean, Virginia has returned to her home after having been a house guest of her uncle and aunt, Mr. and Mrs. Linwood Waldrige, 136 East Main Street.

NEWARK, DELAWARE

Understand Jack Edmanson is instrumental in promoting Newark's active participation in the Susquehanna Baseball League this summer with Newark already granted a franchise and tentatively lining up players. More about this anon. also gratified to learn that the American Legion sponsored Junior Legion Baseball League will again function throughout the State this summer under new and capable supervision.

William Southgate (Shack) Martin will coach the Blue Hen nine in its quest of diamond honors in the Middle Atlantic States conference. "Shack" already has started light batting practice and will inaugurate daily practice sessions on Monday when no less than thirty-four candidates are expected to report.

The Blue Hen '46 schedule includes sixteen games with only two of them non-league opponents. The first game scheduled will be with the University of Connecticut on the Delaware diamond. The complete schedule will be published on the sports page next week.

"The Arkansaw Toxins Cat," a journalistic highball run by a heathen named Jefferson David O'Rear, has as its principle: "The Elevation of Horse Thieves and Public Morals; It Believes in one Country, One Flag and One Wife . . . at a Time."

Lifted from the aforementioned publication are the following:

Sam (at the stage door): "Is the fan dancer in her room?"

Watchman: "Yep, son, she's found in the rear."

Sam: "I know that, but is she in her room?"

Also:

Papa Glow-Worm: "Now, children, as we fly through the dark woods, don't turn on your lights or the bad old owl will get you."

Little Glow-Worm: "But, papa, when I gotta glow, I gotta glow."

Town Engineer George Cleaver Price and Street Superintendent Elmer Ellison reestablishing the one-hour parking signs on the North side of Main Street last week . . . due to many complaints about lack of parking space on the main stem.

Meeting of the Town Council, next Monday night, may prove interesting if that august body follows through and approves opening of a community parking lot behind the Main Street school building and adopts the town zoning restriction that will be submitted.

Backers of the "More Pay For School Teachers" movement might be benefited by listening to the American Town Meeting of the Air, over radio station WJZ at 8:30 tonight.

Anybody finding or harboring a stray, female Persian cat, answering to the name of "Puff" would do Vic Willis a favor by returning said feline to him.

Charles Cranston just released from the armed service, will begin tomorrow upon his new civilian duties as assistant agronomist to Claude Phillips, at the University of Delaware.

Theo. S. Jones' radio shop has been moved from 136 East Main Street to across the street to 139 East Main, which building he recently purchased.

A young ensign, very insistent about obtaining a leave, the ensign replied, "My wife is expecting a baby." The commander replied: "Listen, young man, you are only necessary at the laying of the keel; for the launching you are entirely superfluous."

Newark's own telephone directory will make its appearance in about two weeks, with each telephone subscriber receiving a copy gratis . . . and, we hope, it will be free of mistakes than the Wilmington parent book which, incidentally, a lot of people haven't yet received for 1946 — excepting business houses.

John A. Livingstone, Storekeeper in Uncle Sam's Navy stationed at Bayonne, N. J., expecting to be released at Bainbridge Separation Center shortly after March 15.

Annual town election only a little more than a month off. Members whose terms expire in April are: Charles C. Hubert, president, John S. Hopkins, Herman Wollaston and John F. Richards . . . it's an even money bet that they're all candidates to succeed themselves, without opposition.

A. William (Flash) Fletcher, former sports editor of this newspaper, back home and in civvies after a hitch spent with cavalry in the Pacific area.

Main reason why Henry Jackson may be the best model gardener in town is that he works at it . . . year round. His diminutive plot in the rear of his Centre Street residence annually presents the most flourishing and prolific results, per square foot, of any similar area outside of state or government supervised plots.

Contributions to the new Ambulance Fund of the Aetna Hose, Hook and Ladder Company needed, sought and welcomed . . . kick in, Bud, it may some day be of more value to you than all the money in the world.

Truth behind rumors that the Deer Park Hotel is, has been or will be sold is: Harry Williamson has acquired an interest in the establishment with Mrs. McKelvey retaining control. Harry will conclude seventeen years association with the Continental-Diamond Fibre Company next month and then devote his time and efforts towards promotion and operation of the Deer Park . . . and, may Dame Fortune smile brightly on his endeavor.

NEWARK SET FOR TWO MORE GAMES THIS WEEK; CLOSES SEASON WITH OXFORD TUES.

Faces Middletown High Away Today; Follows With P. S. duPont Tilt On Friday; Oxford Game Next Tuesday Marks Official End of '46 Season

With a final three-game spurt, which will include tilts with Middletown, P. S. duPont and Oxford in quick order, Newark High's coultmen will file their 1946 season away in history next week, the Oxford game marking the official close of the schedule.

All three games will be played away, with the Jackets taking on Middletown High this evening. The duPont fracas will follow on Friday night, and the Jackets will conclude with the Oxford game next Tuesday.

LATEST STANDINGS IN SCHOOL COURT LOOP

Notre Dame Tops Navy To Improve Grip On Loop Lead

Notre Dame's namesakes lightened their hold on the lead in the intramural court league at the Newark School with a 14-7 triumph over Navy last Tuesday. The same afternoon Penn triumphed over the Oklahoma Aggies 12-10 to take over undisputed possession of second place with 4 wins and 2 losses. Nelson was top scorer for the N. D.'s with six points.

Friday's games were postponed until the latter part of this week. The play-offs in the league are scheduled for mid-March.

The standings to date are:

W L	G F P	W L	G F P
Notre Dame	6-0	F. Diver	6 13 62
Penn	4-2	B. Boyer	0 0 0
St. Mary's	3-1	B. Boyer	0 0 0
DePaul	3-2	J. Boyer	0 0 0
Aggies	2-3	T. Boyer	0 0 0
Yale	1-4	T. Boyer	0 0 0
Navy	0-5	D. Diver	0 0 0

The box scores:

NOTRE DAME	NAVY	G F P	G F P
Irwin	0 0 1	Ferris	0 1 1

BEAGLE DERBY DAY SATURDAY

Trials Will Open At Nine

Derby Day will be held this Saturday by the Eastern Federation of Beagle Clubs and the Atlantic Association of Beagle Clubs on the Eastern Beagle Club grounds at Milford Cross Roads. Trials will start at 9 a. m.

Ribbons and prizes will be given to dogs placing in the stakes. Any hound whelped after January 1, 1945 is eligible, providing its owner belongs to one of the above member clubs. Entry fee is \$3.00.

A turkey dinner will be served in the clubhouse by the ladies committee, it was announced.

The regular A. K. C. Sanctioned Class B field trials of the Eastern Beagle Club will be run over the Milford Cross Roads course on Sunday, March 3, it was announced.

Farmers Urged To Join Conservation Program

New Castle Co. Farmers are once more urged to take advantage of the 1946 Soil Conservation Program.

B. T. Hopkins, Chairman of New Castle County Committee wishes to announce, "March 31st, is the last day you may sign your 1946 Farm Plan, and thus be eligible to receive the benefits of the Program. You are urged to come at once to the County Office and take care of this matter. Do not wait until it is too late."

U. S. Supply Of Butter Only Two Days Ahead

The nation's butter supplies have dropped to less than 15,000,000 pounds and the American Butter Institute recently estimated this is only about two days ahead.

D. K. Howe, president of the institute, asserted at Omaha that this supply, down sharply from 50,000,000 at the first of the year, was "dangerously low."

As of Feb. 23, the government estimated butter stocks at principal storage points at 14,500,000 pounds and said a considerable portion of that belongs to the government.

"It's getting worse and something must be done immediately," Howe said. He contended the OPA policy discourages production of butter, commenting:

"There is a ceiling on everything but sweet cream, and butter fat is going to products other than butter."

KEGLERS HERE WIN HONORS IN WILMINGTON

Adams, Hopkins And 2 Whitemans Among Leaders In Bowling Tourney

Several local keglers won honors in the recent Wilmington Bowling Association Championship Tournament held in Wilmington.

Foremost among the home boys was Morris Adams, manager of the Newark Bowling Center, who took top honors along with his partner Clifton, of Wilmington, in the Class A. Doubles, with a score of 1261.

Morris was also tournament winner in the All-Events Class with a score of 1845. The figure is the total of Morris' scoring in the team, doubles and individual events.

P. Whiteman and K. Whiteman also were standouts in the tourney, winning sixth and seventh place honors respectively in the Class A. individual play, while K. Whiteman and Clarence Hopkins joined forces to take 10th place in the Class B. doubles. Hopkins also won ninth place in the Class B. singles.

In a special match last week at the local alleys, the Newark keglers took over Elktion Fire Company by a breezy 100 points. Morris was the top pinster for the local aggregation with a record of 193-192-238 for a total of 623.

The scores:

Newark	Elktion Fire Company
P. Whiteman	170 187 168-525
Elstoner	187 174 179-540
McKeown	163 161 207-531
Beers	162 160 159-501
Adams	193 192 238-623
Totals	880 874 951-2703

Newark	Elktion Fire Company
Dunbar	180 132 203-515
Rambo	148 149 164-461
Blanchfield	156 201 165-522
Phillips	169 201 211-581
Boulden	178 177 171-526

DELAWARE WILL END COURT SEASON HERE ON SATURDAY AGAINST WEST CHESTER S. T.

Hens' Win 48-41 Over Drexel In Final League Game; Conference Record Now Stands At Five Wins and Losses; Year Record Thus Far Is 7 Wins and 3 Losses

The University of Delaware court five will wind up its basketball season this Saturday night before the home fans as they meet the Ram quintet from West Chester State Teachers.

Following the Hens 48-41 victory Tuesday night on the H. House over Drexel, which was their tenth and final game in the Southern Division, Delaware's league record stood at five wins and five losses, while their overall record for 14 games stood at seven wins and seven losses.

In the Drexel victory Tuesday night the Hens' record at the University of Delaware was 10-10. The action, leading 40-30 at the quarter, with a score of 14-12 in the fourth quarter, Drexel was three points on the Delaware, but later was not in trouble. The Hens led the Blue Hen scoring with 14 points.

Against P. M. C. on Saturday, Hens opened confidently, making a 16-8 lead in the opening period. But C. suddenly came in late and the dazed Hens falling 23-22 at the time. The former finally won 41-41.

In the Haverford game last Wednesday, Delaware maintained what was a comfortable lead through the game in the early part of the quarter led 40-35. But Haverford tied to win a single point 41-41.

Speakers at the meeting, in addition to Mr. Long, were Carl R. Frech, vice-president and general manager of the company and Richard E. Thomas, division plant superintendent. James O. Crawford, district plant superintendent, was chairman.

Steinouer was presented with an engraved wallet by Russell P. Long, general plant manager of the company. He was one of two men who have completed 150,000 miles for safe driving. The other man was Harry L. Glisco, of Milford.

In addition, 23 other members of the safety club were presented with cards indicating the completion of another year of safe driving.

Speakers at the meeting, in addition to Mr. Long, were Carl R. Frech, vice-president and general manager of the company and Richard E. Thomas, division plant superintendent. James O. Crawford, district plant superintendent, was chairman.

DELAWARE FARM FRONT THIS WEEK

Combined Weed Killer And Fertilizer

Combining a weed killer, a fertilizer and a fungicide in solution for single application to grass and possible other crops begins to look like a feasible short cut, says scientists of the USDA.

Experiments at the Plant Industry Station had shown that the 2,4-D in concentration strong enough to kill weeds (1-1/2 parts to 1,000) sharply cut the rate of growth of an established mixture of Kentucky bluegrass, clover and redtop. To overcome the setback of retarded growth by making the grass grow faster later and by protecting it against damage by frost, the experimenters added urea, a common source of nitrogen, and Ferimate, a well known fungicide. As no grass in the test was under attack by any fungus disease the use of Ferimate was simply to discover whether its presence would make the mixture bad for the grass.

August application of 2, 4-D was as good as when used alone. As a result of killing the weeds and feeding the turf, the yield of valuable herbage increased 40 to 131 per cent during two months. So far only a part of the fungicide factors have been uncovered, but it has been shown that the presence of Ferimate doesn't interfere with the weed-killing, nor with the fertilizing. The results give good reasons to expect a more economical method of doing these three jobs in the growing of grass and small grain and possibly some other close-growing crops not readily damaged by 2, 4-D.

A sign of farm prosperity and also a warning of inflation danger can be seen in a recent report on country bank deposits. Total deposits in the country banks of 20 leading farm States increased by nearly two and one-half times between January, 1940, and July, 1945, according to statistics gathered by the Department of Agriculture. Added to these deposits as financial reserves for farmers were an estimated four and one-half billion in war bonds held by farmers last July 1.

With feed supplies short, Secretary of Agriculture Anderson urges farmers to: — Feed less grain to hogs and beef cattle, cull poultry flocks, raise fewer chickens and turkeys this year, maintain milk production, and above all, market farm animals when they are ready for market.

"If we do not begin now to husband our reduced supplies of feed, it won't be long until livestock is forced off the farms in many areas for lack of feed," the Secretary said. "...We can get by it—and I repeat IF—all farmers and feeders do the things that are necessary."

Delaware turkey growers intend to

raise 117,000 turkeys in 1946, according to a report of the Bureau of Agriculture Economics, USDA. This is 95 percent of the number raised in 1945, which was estimated at 123,000.

The number of turkey hens on hand on January 1, 1946, was 17,000, as compared with 15,000 hens at the beginning of 1945. This was an increase of 12 percent.

A smaller turkey crop over the whole country is expected for this year, with turkey growers planning to raise 42,445,000 birds. This is the first time a decrease has been planned since 1941. Some difference between January 1 intentions and actual performance is expected depending on the availability and prices of feed, and prices of hatching eggs and poults.

A record number of breeder hens is expected in the United States for this year. With a 15 percent increase in breeder hens on January 1, 1946, as compared with the first of 1945, the supply of eggs for hatching will be much greater than will be required to produce a turkey crop of the size in prospect in 1946.

World meat output in 1945, excluding Asia and relatively unimportant countries in Africa and Latin America, totaled about 59,300,000,000 pounds, according to a U. S. Department of Agriculture report prepared by the Office of Foreign Agricultural Relations. This represents a drop of 6.8 billion pounds from 1944 and of 6.5 billion pounds from the prewar (1934-1935) average.

The reduced output in 1945 reflects the war losses of livestock in European areas; declining feed supplies in many countries; unfavorable pasture conditions, especially in the Southern Hemisphere; and in the case of port production, less favorable feed-hog ratios at the time of breeding.

When United States flour mills, under new wheat conservation measures, begin milling flour containing 80 percent of the wheat on March 1, this country still will have a lower milling percentage than most of the rest of the world, according to the USDA. In practically all of Europe and Russia, wheat flour extraction rates for bread are 85 to 90 percent, according to reports received by the Office of Foreign Agricultural Relations. In a few countries, the extraction is even higher. South Africa, for instance, has had a wheat flour extraction rate of 96 percent for the past four years, and the extraction rate for corn is 100 percent. In addition to the higher extraction rate, in many countries there are considerable quantities of rye and coarse grains such as corn and barley added to the flour.

NATIONAL 4-H WEEK TO BE MARKED BY STATE CLUBS

To Begin Work On 1946 Goals; Observance To Open Saturday

Preparations are underway among the 1,615 4-H boys and girls in Delaware for the observance of National 4-H Club Week which begins Saturday and continues until the 10th.

During this period, clubs all over the country will discuss and begin work on their 1946 win-th-peace goals.

Delaware 4-H members are proud of their job of production and conservation during the war. Last year these club members grew gardens with a value of \$21,192.81; canned 11,825 quarts at a value of \$5,323.06; raised poultry with a value of \$12,220.88; cooked 9,369 meals; made, repaired, and modeled 2,155 garments, at a saving of \$3,166.81 and had dairy projects worth \$8,091.37.

Eight national winners of the contests were chosen to go to the National 4-H Club Congress last December. They were Nancy Brittingham, Marshallton; June Warrington, Greenwood; Madeline Wheatley, Seaford; Barbara Thompson, Hockessin; Betty Anne Dennison, Hockessin; Walter Patterson, Newark; Kenneth Hall, Middletown; Bayard Steele, Marshallton, and Philip Pierson, Hockessin. Pierson was also one of the eight national winners of \$200 scholarships in the soil conservation contest. Also attending the congress was Jane Grove, Milford, selected as an outstanding local leader.

CAR OWNERS TO REGISTER WITH STATE

New Schedule Of Registering Changes Fees

Motor vehicle owners whose registrations expire on March 31st are being advised to examine their present registration card to determine the amount of the fee for the renewal of their registration before mailing their checks for the renewal, according to George S. Williams, Motor Vehicle Commissioner.

Under the new schedule of registration fees, which became effective last July, if the top weight shown on the registration card is 4,000 pounds or less, the fee is \$8.00. If the top weight shown is more than 4,000 pounds, the fee is \$12.00.

Mr. Williams pointed out that since the largest percentage of registrations expire on March 31st, it means that the largest portion of the owners of the registrations will benefit by the new rates at this time.

"Likewise," stated Mr. Williams, "it means that the owners of the registrations will be making application for renewal for the first time under the new rates and if they will follow the formula outlined above they will have no difficulty in determining the fee they must pay."

While discussing the new rates Mr. Williams pointed out that whenever a check for a renewal of a registration is received for the wrong amount, it is necessary for the Department to return the check without the renewal.

"Because of this," Mr. Williams suggested, "those persons who are applying by mail for both the renewal of their registration and their driver's license, should use separate checks for each item because if the check for the registration renewal fee is in error, the driver's license, which costs one dollar, could be handled separately."

STATE GETS DOCUMENTS

Penna. Returns Colonial Records

The state of Delaware early this week received a surprise package of valuable colonial documents from the commonwealth of Pennsylvania — in accordance with an agreement forced upon Pennsylvania 145 years ago.

The package contained 68 original papers dealing with land surveys and land warrants, mostly for areas in New Castle County.

The papers are now being studied, catalogued and filed by Leon DeValinger, state archivist — but behind it all is the story of a "strong arm" method used by Delaware's General Assembly in 1801 to force Pennsylvania to give up hundreds of original documents that really belonged to Delaware.

Senior Class Play Set For March 22-23

Newark High School seniors have started rehearsals on their annual class play, which this year will be "Pride and Prejudice," a drama based on Jane Austen's much-loved novel, and will be presented March 22nd and 23rd. Miss Ann Stauter is directing a cast recently selected by members of the faculty, which includes: Catherine Hughes, Robert Lawrence, Samuel Talucci, Jean Hillman, Shirley Ritchie, Robert Boyden, Catherine Duffey, Thelma Bryant, Pearl Rose, Bernice Jeffrey, Thomas Silk, Richard Evans, Betty Sue Armstrong and Earl Walker.

CONTEST TO OPEN FOR HOME MAKERS

Competition In Kitchen Improvement Announced

The rural homemakers of Delaware are eligible to enter a kitchen improvement contest, announces Miss Louise Whitcomb, home management specialist for the University of Delaware. Plans for the contest, which is under the direction of the University's Extension Service and the U. S. Dept. of Agriculture, are as follows:

The County Home Demonstration Agent will conduct the contest in each county, and will select the judges, take them to score the kitchens, give such suggestions or information as is needed by the contestant in making improvements. Any rural homemaker wishing to enter the contest should contact the Home Demonstration Agent and fill out an enrollment card.

The contest will begin on April 1, 1946, and will end September 30. All applications for enrollment must be in the Home Demonstration Agent's office not later than March 31, 1946.

Two classes of kitchen improvements have been named, and a contestant may enter either one. Class I includes kitchens making the greatest improvement in proportion to the expenditure, with cost not to exceed \$25.00. In Class II, the expenditure may be \$25 and over. In both classes, the scoring will be done on the basis of greatest accomplishment in proportion to cash expenditure.

Each contestant is free to make as many improvements as she chooses, but an itemized account must be kept of all changes made and the money spent. No expense need be recorded for the use of materials on hand and for voluntary labor, although an itemized list must be made of the same.

All kitchens entered in the contest will be scored before any improvement is made on them, and again at the end of the contest to determine the percentage of improvement made. The first scoring will be done between April 1 and April 15; and the final scoring will take place between Sept. 1 and Sept. 15. Prizes will be announced at the March meeting of the Home Demonstration Clubs, and all rural homemakers are invited to attend these meetings and sign up for the kitchen contest.

LECTURE SERIES

On Marriage At University

A series of five lectures on Marriage and related problems, it was announced yesterday, will be given for students at the University of Delaware beginning on March 6. The lectures will be given by different persons from New York, Pennsylvania, and Delaware, each a recognized authority on the particular phase upon which he will lecture.

The series will be similar to an elective extra-curricular course and therefore is available only to students presently enrolled at the University.

The first will be given on Wednesday, March 6 by Dr. Elaine Knowles of Teacher's College, Columbia University, New York City, on the subject of "Common Sense in Marriage."

Dr. Ray Abrams of the Sociology Department of the University of Pennsylvania will lecture on "Problems of Dating and Courtship" on March 12 and the third lecture on March 18 entitled "Personality Adjustment in Marriage" will be given by Dr. M. A. Tarumian, prominent Delaware neuro-psychiatrist.

On March 27, Dr. Lovett Dewees of Ardmore, Pa. will present the fourth lecture, his subject being "Sex Relationship and Parenthood."

The final lecture on "What is Happening to Marriage" will be delivered by Dr. James H. Bossard, well known sociologist from the University of Pennsylvania.

ACTIVITIES OF LOCAL GUARD UNIT OUTLINED

Inspection Weekly Dances Are Organized

An outline of activities planned by Newark's Company G of the Delaware State Guard was released this week by Captain W. E. Donnell, commander. On Wednesday, a battalion inspection will be held in preparation for the quarterly State Inspection on April 3. Both are a prelude of the Federal Inspection to be conducted by regular army officers to determine the state of training of the local unit. The public is invited to attend. Company "G" won the State Inspection Award for the last quarter.

On March 15, the first in a series of Friday night dances to be held from nine to twelve will be given, with the Jolly Rangers furnishing modern and western music.

The company is firing two teams in the inter-company rifle matches made up of Red and Blue Leagues. The next match is scheduled for tonight with the local unit meeting Company F in the Blue League in Wilmington.

The unit basketball team is set for a return match with the Dover Legion outfit here on March 8. Following liberalization of eligibility rules permitting one non-member to play, the team has shown considerable improvement.

Home games are played after Drill on Wednesday nights at 9:15. The home team is required to furnish one official, timekeeper and scorekeeper. Local assistance would be appreciated, it was said.

A report for the past two months shows that the company has lost thirteen men by induction or enlistment, while five men have been placed on the inactive list.

Returning veterans are invited to visit the Newark Armory on Wednesday nights. Those interested in joining the Guard may contact Captain Donnell, 1st Lt. Jack Reeves, or by writing the company, Box 276, Newark.

PLAY BY 2ND GRADE

Cast Is Listed

The A section of the second grade, under the direction of Miss Jean Marvel, recently gave a play called "Uncle Wiggley's Valentine Party."

The cast consisted of the following: Announcer — Bucky Buckingham; Uncle Wiggley, David Ottey; Nurse Jane Fuzzy Wuzzy, Joyce Moore; Fuzzy Fox, Allen Foster; Woogy Wolf, Robert Knighton; Neddle and Teddie Stubtail, Wayne Holmquist and Gene Lloyd; Sammy Littletail, Jimmy Martin; Suzy Littletail, Ruth Ann Rust; Baby Bunt, Earl Brown; Arabella Chick, Betty Jane Moore; Ronald Rooster, Johnny Reed; Buddy Pig, Bobby Thornton; Bessie Cow, Zelma Crossan; Jacko and Jocko Kinkytail, Joe Herverin and Billie Bixler; Lulu Wibblywobble, Jeanette Carey; Other animal children, Alma Morris, Kenny Tweed, Wallace Harrington, David Sweetman, George Pemberton, and George Foraker.

The dancers were Joan Lawson, Helen Lloyd, Glenda Jenkins, Gladys Kelly, Robert Folk, Francis Reed, Lanny List and Arthur Johnson.

CERTIFICATE OF REDUCTION OF CAPITAL

by proceedings under Section 28 of the General Corporation Law of the State of Delaware.

HAJOCA CORPORATION, a corporation organized and existing under the General Corporation Law of the State of Delaware, DOES HEREBY CERTIFY as follows:

(1) That at a meeting of its Board of Directors duly held and convened, a resolution was adopted setting forth a proposed reduction of the capital of said corporation in the manner and to the extent hereinafter set forth and calling a meeting of the stockholders having voting powers for the consideration thereof.

(2) That thereafter at the meeting of the stockholders of the above named corporation so called, upon at least twelve days' notice, given in accordance with the by-laws thereof, for the purpose of voting upon the question of reducing its capital, a resolution was duly adopted by the holders of record of a majority of the outstanding shares of stock of the corporation, having voting powers, to reduce the capital of the corporation by the amount of One Million forty thousand Dollars (\$1,040,000.) in the following manner:

By the surrender and cancellation of Certificate for Ten thousand four hundred (10,400) shares of the Preferred Stock of the corporation, having a par value of One Million forty thousand Dollars (\$1,040,000.) and thus retiring the outstanding shares of Preferred Stock accordingly.

The resolution so adopted provided that an amount not exceeding that part of the capital of the corporation represented by the shares so retired may be charged against the capital of the corporation in respect of such shares.

(3) That the Certificate of Incorporation prohibits the reissue of said preferred shares so retired, and pursuant to the provisions of Section 28 of the General Corporation Law of the State of Delaware, upon the filing and recording of this certificate as therein provided, the Certificate of Incorporation of said corporation shall be amended so as to effect a reduction in the authorized preferred stock of the corporation to the extent of One Million forty thousand Dollars (\$1,040,000.) being the aggregate par value of 10,400 shares of preferred stock so retired.

(4) That the assets of the corporation remaining after such reduction are sufficient to pay any debts, the payment of which has not been otherwise provided for.

IN WITNESS WHEREOF, said HAJOCA CORPORATION has caused its corporate seal to be affixed and this certificate to be signed by Wm. A. Brecht, its President, and Benjamin Cadbury, its Secretary, this 15th day of February, A. D. 1946.

W. A. BRECHT, President BENJAMIN CADBURY, Secretary HAJOCA CORPORATION CORPORATE SEAL

1927 DELAWARE STATE OF PENNSYLVANIA COUNTY OF PHILADELPHIA

BE IT REMEMBERED that on this 15th day of February, A. D. 1946, personally came before me, a Notary Public in and for the County and State aforesaid, Wm. A. Brecht, President of HAJOCA CORPORATION, a corporation of the State of Delaware, the corporation described in and which executed the foregoing certificate, known to me personally to be such, and he, the said Wm. A. Brecht, as such President, duly executed said certificate before me and acknowledged the said certificate to be his act and deed and the act and deed of said corporation; that the signatures of the said President and of the Secretary of said corporation to said foregoing certificate are in the handwriting of the said President and Secretary of said company respectively, and that the seal affixed to said certificate is the common or corporate seal of said corporation.

IN WITNESS WHEREOF, I have hereunto set my hand and seal of office the day and year aforesaid.
