Mr. George S. Messersmith,  
Mexican Light & Power Company,  
20 Calle de Gante,  
Mexico, D.F.

Dear Mr. Messersmith:

I thank you for your letter of August 24th about asking Mr. Dean to write to Mr. Stanton Griffis. I understand your point of view fully and appreciate why this suggestion might not be feasible or wise.

In connection with another matter - a successor for Mr. Brosens at Cade - Mr. Brosens had a talk with Mr. Mallory and the latter remarked that he did not consider himself "big enough for the job". Mr. Mallory suggested the name of Mr. Donnelly who is at present U.S. High Commissioner for Austria.

Mr. Heineman and Mr. Brosens would appreciate any information which you might have and any comments you may care to make about Mr. Donnelly.

With kind regards and thanking you again for your letter,

Cordially yours,

NS:ks  
cc: Mr. Heineman
