STATE OF DELAWARE—EXECUTIVE DEPARTMENT, Dover, Del.,

April 14, 1931.

*To the Honorable, the Members of the House of Representatives of the  
103rd General Assembly,*

Dover, Delaware.

GENTLEMEN:

As the hands of the clock draw near the hour for adjournment of the 103rd General Assembly, I take this means of expressing to you, my deep appreciation of the co-operation and assistance you have offered me throughout the session. Furthermore, I can not speak too highly of the efforts put forth to enact as you have, much important legislation of direct benefit to the general public, especially the taxpayers. In the interest of the latter I recall with satisfaction that you have approved five measures which when considered together will result in a saving of nearly a million and a half to the taxpayers in the State.

As a Body you will likely be criticized for your generous appropriations on behalf of new public buildings for the Capitol and State institutions. It is my desire to share such criticism with you for I have encouraged much that you have done in this connection, believing as I do that with funds in hand there can be no better time to place them in circulation in an effort to reduce unemployment at home and improve business conditions throughout the State.

I repeat I am greatly pleased with the outstanding record you have made in enacting so much constructive legislation and the responsibility that now is mine, to see that the Treasury is not overdrawn, I willingly accept with such assurance as a forecast permits, that before my successor takes office the bonded debt will have been entirely paid and several million dollars put back in the Treasury.

Again I thank you for your considerate and valuable support, and with assurance of every friendly regard, I beg to remain

Respectfully yours,

C. D. BUCK,

*Governor.*
