## ETS URGED TO SUPPORT POPPY DAY

Red Memorial Flowers On Sale Here May 21-22

Who served in the first World War were urged to be first to put on poppy on Poppy Day, next Saturday. A message issued today by Paul D. Allison, Commander of the J. Allison Post of The American Legion, calling the service and sacrifice of the men who fought for America fifty-five years ago. Commander Allison said:

"We are again being called upon to give their lives for America, as did our fathers in 1917 and 1918. Our boys and our neighbors boys are fighting for them. Our hearts are heavy for them. These young men are meeting the same fate as those other young men we left beneath the stars of France twenty-five years ago."

## SUMMER STYLE SHOW AT CENTURY CLUB MAY 17

Local Models To Display Bird-Speakman Fashions

Professional models and members of the local community will demonstrate spring and summer fashions at the style show which will be held at the Newark New Century Club on Monday, May 17, 1943, at 2 o'clock. The style show will be presented by Bird-Speakman, Inc. of Wilmington.

Mrs. Robert T. Jones, chairman of the War Stamps and Bonds Committee, will be in charge of the program. In order to boost the sale of stamps and bonds, there will be an admission charge of the purchase of 50c in War Stamps. The meeting will be open to the public and non-club members will be asked to contribute half of their admission charge to the Club War Bond Fund.

Among the models will be Mrs. J. P. Cann, Mrs. Rollo L. Taylor, Mrs. Allan F. Ferver, Mrs. A. W. Perry, Mrs. E. M. Schoenborn, Miss Mary Frances Anderson, Miss Laura Renshaw, Mrs. Leonard Fossett, Miss Thelma Green and Miss Mary Edith Boyce. Bird-Speakman will sell apparel at the club house until 5 o'clock. Music will be furnished by Miss Nell Wilson.

## RABBI FINE SPEAKER AT LIONS CLUB

Meetings Resumed At Country Club

The Newark Lions Club held their second meeting back at the Country Club Tuesday evening and heard an inspiring talk by Rabbi Alvin Fine of Temple Beth Emeth, in Wilmington.

An exceptionally-gifted speaker, Rabbi Fine discussed the Ideals of America in a thoroughly interesting and worthwhile message. Rabbi Fine, who was introduced by Herman Handloff, program chairman for the evening, is from Portland, Oregon. He was ordained at the Hebrew Union College, in Cincinnati, and has been Rabbi at the Temple Beth Emeth for the past nine months. He recently enlisted in the Army as a chaplain and expects to be inducted in June.

John R. Fader reported War Bonds and stamp sales at the meeting as follows: bonds, \$450.00; stamps, \$8.00 for a total to date of: bonds, \$15,010 and stamps, \$185.95.

A. W. Perry lead members in group singing with Miss Lois Mae Tomhave serving as pianist.

M. James Parsons will be program chairman for the meeting next Tuesday evening.

## Council Honors Newark Men In Service

Photo by J. H. Rumer

Pictured above is the recently erected Honor Roll paying tribute to all Newark men in the service of their country. Erected on the lawn of the Newark Academy by the Town Council, the board bears names of nearly 600 local boys in various branches of the armed services. Additional names that should appear on this board should be plainly written on a government postal card and mailed either to the Newark Post or to the Town Council.

## SUNDAY PROGRAM AT CENTER

War Workers To Observe American Day On May 16

Mother's Day was the theme around which the program at the Community Service Center was built for Sunday night, May 9. Cards were sent to all the War-Workers who live in Newark, and the response was gratifying.

A Committee composed of Miss Marge Feazell, Miss Ruth Safran, and James Greenwood assisted Miss Elva Wells, hostess for the evening, in planning the program. A reading, singing, and games helped to make the evening enjoyable. No small part was played by Oscar Johns who supplied the piano accompaniments for the program. Mr. Johns is an experienced musician who is doing war work.

While Miss Feazell posed behind a screen in a silhouette of Whistler's "Mother," Miss Ruth Safran read a poem which she had written for the occasion.

Sunday, May 16, is by decree of the President of the United States "I Am An American" day. A program suitable to this day will be given at the center beginning at 7:30 P. M.

## BACKYARD POULTRY SCHOOL NEXT WEEK

One-Day Course Opens May 22 At Wolf Hall; Public Invited

A school for backyard poultry growers will be held at the University of Delaware on Saturday, May 22.

According to A. E. Tomhave, the department of animal and poultry industry is conducting this one-day school especially to teach backyard poultrymen the best methods of raising poultry under these conditions. To contribute most of the family food production program it is necessary that such flocks be produced efficiently, and that none of the limited poultry feeds be wasted.

The school will begin at 9:30 in the morning in the Wolf Hall Auditorium at Newark. Tomhave suggests that each person bring a picnic lunch so that all can eat together at the University Poultry Farm, where accommodations will be arranged. The afternoon program of the school will be conducted at the farm. Milk from the University Dairy Herd will be served.

So that ample facilities will be available, all who plan to attend are urged to notify the department of animal and poultry industry of their intentions so that ample facilities can be prepared. A complete program of the school will be mailed upon request to persons who are interested in attending.

The program will include discussions of such problems as choosing stock, caring for baby chicks, use of ranges for baby chicks and laying hens, care and management of flocks, and disease control, all in relation to the backyard or small flock, by poultry specialists of the University.

There will be demonstrations on how to kill and prepare poultry for home consumption, and how to choose which chickens to use for meat and which are best to save for laying purposes.

The session will conclude with exhibits and a tour of the University Poultry Farm about 3:30 in the afternoon.

The public is invited to attend.

## MUSIC WEEK PROGRAM AT SCHOOL

## NEWPORT SCHOOL IN SESSION SATURDAY

### Woman's Club To Present Music Program

Newport, May 13th — D. J. Richey, Principal of the Krebs School, announces that the school will be in session on Saturday, May 15th, in order that the necessary number of days may be completed on June 9th, and a conflict with Conrad High School Commencement date avoided. This was done because many families have children in both schools, and would naturally want to attend Commencement Exercises at both schools. If the weather permits on the 15th of May, the Krebs Schools Field Meet and the class picnics will be held; if weather is unfavorable, classes will be held as usual.

At the May meeting of the Parent-Teachers Association, an exhibit of articles made by pupils of the Krebs School will be displayed for viewing by the parents.

Mrs. A. M. Munn, Director of the Krebs School Kindergarten, states that her pupils have just completed their study in which they have learned to tell time. They are also studying about birds, and have learned a poem about the Blue Jay.

Nature Studies have proved very interesting to the pupils of the Primary grades. Mrs. Ruby Porter's first grade pupils are working on their Victory Gardens at the school, and Mrs. Grace Magulgan's second grade is taking nature walks and visiting the gardens.

Third Grade pupils of the school, under the direction of Mrs. Elsie Lynch, teacher, made ration book holders for Mother's Day. Miss Dorothy Thompson's third and fourth grade groups are making posters and pastel pictures with blended colors. Miss Alma Spencer's fifth grade pupils are studying the Western States.

In keeping with Music Week observance, the Newport Woman's Club will present a Musical program on Wednesday evening, May 19th in the Club House. The public is invited. Mrs. Charles Bratton is chairman of arrangements.

The Quarterly session of the New Castle County Pomona Grange will be held at Newport, in the Newport Woman's Club Building on the evening of June 3rd. Edward S. Megkinson, Master of the New Castle County Pomona, will preside.

Dr. Merritt Burke who has been a patient at the Wilmington General Hospital has returned to his home.

Mrs. J. Perkins Groome is a patient at the Memorial Hospital.

Mrs. Annie Hall is confined to her home by illness.

Delaware Grange of Newport met this week for its monthly session. H. E. Gregg was installed as Overseer, and Mrs. Barton Hopkins was elected and installed as Ceres of the Grange, to fill the unexpired term of Mrs. Edna Pordham, deceased. The Grange adopted resolutions on the death of Mrs. Pordham, and draped its charter in her honor.

Cash sales of War Stamps and Bonds for this week at the Krebs School totalled \$236.15 with Mrs. Margaret Ford's and Miss Dorothy Thompson's grades having 100 percent purchases. Mrs. Dorothy Wharton's first and second grades were the heaviest purchasers of stamps for the week, having bought a total of \$89.55. Mrs. Elva Bogla was in charge of the weekly sale of the stamps at the school.

Officers elect of the Methodist Youth Fellowship group will be installed on Sunday evening, May 16th at 7:30 with the young people in charge. District officers will be in charge of the installation. The Rev. R. S. Hodgson, pastor, will assist with the service. Charles Bratton is the newly elected President of this group.

### Knights of Golden Eagle Will Initiate Saturday

Ivy Castle No. 23, Knights of the Golden Eagle held their regular weekly meeting on Saturday night in Fraternal Hall with Noble Chief Harvey Shepherd presiding over the meeting.

Plans were made to initiate a class of candidates at the regular weekly meeting this Saturday night.

The lodge purchased a nine hundred dollar war Bond.

Q. May I later change the type of work I am doing?

A. Yes. You may submit a request to your Commanding Officer to be forwarded for consideration.

Q. Do I pay my own way to training school?

A. No. Your transportation is paid by the Navy.

## ASPARAGUS READY FOR CANNING

Instructions Available At Extension Office

The first crop ready to can in Delaware is asparagus. In some sections it is ready right now, and soon will be in the rest of the State. Most of the asparagus grown in Delaware is of the green variety, according to Miss Pearl MacDonald, extension nutritionist for the Delaware Agricultural Extension Service. It is classed with the leafy green vegetables which are so necessary to good nutrition. For this reason, every family will want to can some asparagus for winter use in order to keep up daily diet requirements of green vegetables throughout the year.

Miss MacDonald has prepared in mimeographed form instructions for canning asparagus, available through the Extension Service, or county Extension offices at Newark, Dover, or Georgetown. You can be sure that your asparagus will keep by following these instructions.

Asparagus should be canned when the stalks are young and tender, and should be picked and canned the same day. This means that equipment must be ready ahead of time to avoid delay when the crop is ripe.

Miss MacDonald is now preparing a canning bulletin giving complete instructions on canning all of Delaware's important fruits and vegetables. Watch for further announcement of this bulletin—it will be available through county extension offices. Information is complete for benefit of those who have not canned before—they can do an efficient job by following instructions carefully—and there will be new ideas for experienced canners.

The special instructions on asparagus have been made up since the new bulletin will not be available in time for this important crop.

### Oil Burner Conversion Not Sought This Year

Price Administrator Prentiss M. Brown announced this week that home owners will not be asked to convert oil burners to coal or wood for the coming winter.

This constituted a major reversal of last winter's oil policy. Brown said "while the fuel oil shortage remains serious—even critical in places—the supply of coal and wood that can be made available in certain areas has been reduced to the point where it is now inadvisable to force further conversion of certain types of burners to these fuels."

He said other reasons for the change of policy was the lack of local coal delivery facilities, the shortage of materials for conversion, and the manpower shortage making it difficult to get conversion equipment installed.

## SOYBEAN VALUE, IN WARTIME

### Lowly Bean Has Numerous Valuable Uses

Soybeans are one of the best annual crops grown in Delaware.

Right now they are important in the national war effort, because they furnish large amounts of fats and oils used in production of industrial products and munitions. Several other sources of these materials have been cut off.

For the general farmer, however, their importance lies in their value as hay and silage, as grain, as for soil improvement, according to C. E. Phillips, forage crop specialist for the Delaware Agricultural Extension Service. As hay and silage they furnish large quantities of highly digestible food of 15 to 20 per cent protein. Their feed value as grain is 41 to 45 per cent protein and 16 to 19 per cent fat. And they add large quantities of available nitrogen to the soil, which is of unusual importance during the emergency when commercial nitrogen is scarce.

Unless soybeans have been grown on the field within a year or two, inoculation is essential. Soil from a soybean field or a commercial culture can be mixed with seed before seeding.

200 to 400 pounds of 2-8-10 or 0-12-12 fertilizer are recommended per acre, to be applied before planting if seed is broadcast or with fertilizer attachment if planted in rows with corn planter.

Soybeans respond well to liming.

For all purposes except oil production, Wilson Black is the best variety. Manchito is best for oil production. Other varieties in order of preference are Scioto, Mandell, Ohio Manchito No. 1, Illini, and Dunfield.

Soybeans should be planted between May 10 and June 10 for grain or hay, and up until July 1 for soil improvement.

### Workhouse May Add More Women Guards

The original quota of four women guards at the New Castle County Workhouse has been doubled and there is a possibility it will be tripled soon, according to Warden Elwood H. Wilson.

The eight women, employed on guard towers at the prison and capable of using machine-guns and rifles if necessary, work 48 hours weekly. They are employed eight hours daily, six days a week. It is probably an all-woman guard could be maintained 24 hours a day if 12 women are engaged. However, Warden Wilson said, none will be employed inside the prison.

Women were first employed in the prison last many men to do the plants. So successful did the experiment prove that several out-of-state prisons have inquired about the plan.

You're robbing no one when you paint. You may rob your own home of vital protection if you don't. Keeping your home in repair is part of your contribution to the war program. Priority-free, paint is "one of the most important ways to protect existing homes", preserve values and materials irreplaceable until war's end. How about an inside job this Spring? ## SERVICE MEN DANCE AT NEWPORT

Formal Dance  
May 21

Newport, May 13th — The weekly Service Center Dance was held in the Masonic Hall, Newport, Friday evening. The affair was attended by service men of the New Castle County Air Base and young women dance partners. Music for dancing was furnished by the Al Morris Orchestra.

Mr. Irwin Joffe was Master of Ceremonies for the evening, and was assisted by Mr. Leslie Mahan.

Hostesses of the evening were members of the Newport Woman's Club, and included Mrs. Edward Bratton, Mrs. Alfred Johnson, Mrs. A. C. Hall, Mrs. Harrison Day, Mrs. John Veit, Mrs. Alvin Ruth, Mrs. Otha Selby, and Mrs. F. H. Webb, who provided and served refreshments.

Next, Hoskins, in charge of Recreation Activities at the Base extended an invitation to the officials of the Center to spend next Wednesday evening at the Base, and bring a group of young women for a dance. The invitation was accepted.

A Formal Dance will be held at the Newport Center on Friday evening, May 21.

Hostesses for next Friday evening will be members of the Young Women's Progressive Club of Newport.

Guests Friday evening were Mr. David Johnson and Mrs. Kenneth Albrecht, both of North Carolina, who arrived for the wedding of their niece, Miss Margaret Biscoe of Woodcrest, which will take place Saturday evening.

Miss Biscoe and Lieut. David Johnson of the New Castle County Air Base were married Saturday evening at the home of Miss Biscoe in Woodcrest. Miss Biscoe is one of the young women dance hostesses at the Center.

**New Milk Ceiling Authorized By O.P.A.**

The New York regional Office of Price Administration today authorized an increase of 35 per hundred-weight in the maximum price distributors may pay for class one fluid milk in the Wilmington area. The new ceiling is \$1.00 per hundred-weight for milk of 46 percent butter fat content. The Wilmington area includes that part of the State of Delaware which lies north of the Chesapeake and Delaware canal.

The order does not authorize an increase in wholesale and retail prices and OPA emphasized that consumers will not be required to pay higher prices. "The order," the OPA said, "is in accordance with the President's hold the line policy."

The OPA explained that the adjustment was necessary to prevent the diversion of milk to higher paying markets.

**Dramatic Assembly At High School**

The assembly program on Wednesday morning at the Newark High School was in charge of Miss Minnie Smithers and consisted of a dramatic production entitled "Mushrooms Coming Up."

Sylvia Reed was the announcer and those taking part were: Patricia O'Leary, Jane Fouracre, Helen Grant, Edna Greenplate, Catherine Hughes and Betty Perry.

Music was furnished by the High School orchestra, directed by Frederick S. Kutz.

## STOCKYARD WORKER INVESTS 16% OF PAY IN WAR BONDS

Says his war-bond money is helping army to travel on a full stomach

Micleslou Sveiskowski

Micleslou Sveiskowski was 18 years old when he came to America from Lithuania.

That was 33 years ago.

Today, he proves how American he is by investing every penny he can in War Bonds and Stamps. He's doing it for his son who was with MacArthur in the Philippines . . . and for every father's son who is fighting this war for America.

"I'm working harder than ever at my job to keep our army supplied with healthful meats. And I'm buying more and more bonds every month, because that's another way I can help fight this war," says Micleslou. "Why, this month 16 percent of my pay went into War Bonds."

That's the way lots of people can fight this war. With Bonds. With nickels, dimes and quarters and dollars.

Boost your Bond buying through the Payroll Savings Plan by every penny you can, right now . . . today!

You've done your bit—now do your best!

## Christiana School News

At the regular assembly last week Mr. Harold Gray from the War Saving Stamp Staff in Wilmington presented the "Schools At War Flag."

Mrs. Arthur Vandepoele, who has done much to encourage the sale of defense stamps in the school, was present to receive the flag. She in turn presented it to Principal Allen L. Jones, who accepted it on behalf of the faculty and student body. The flag consists of the Minute Man surrounded by thirteen stars. This figure is in blue placed on a white background. This flag has been awarded to the school for outstanding effort in the purchase of defense stamps.

Mrs. Arthur Vandepoele is at the school every Wednesday afternoon to supply children with stamps. She has taken it upon herself to be at the school every Wednesday since the first week in October. It has become a part of our regular school activity and the children on their own volition bring in their money and make their purchases each week. Amounts ranging from \$30 to \$60 have been subscribed at one time by some pupils.

The graduating class will hold a dance in the school auditorium on Friday night, May 14th. The public is invited to attend this activity between the hours of 8 to 12.

**Art Assembly At School**

Miss Mildred Burney, art director at the Newark High School sponsored an art assembly this morning at the school for the intermediate grades.

Miss Edith L. Mitchell of Dover, state director of art was the guest speaker and she showed technicolor movies of schools art programs.

## Music Instructors Visit Newark Public Schools

Music week at the Newark High School was observed last Friday when Glenn Gildersleve, state director of music; Professor Anthony J. Loudis, director of music at the University of Delaware and Miss Eleanor Henshaw, instructor of music at the Greenwood School, were visitors at the local school.

Special programs were given for the visitors by the high school band, orchestra, mixed chorus, Girls Glee Club and the cadet band.

Special programs were given by the seventh and eighth grades in observance of music week in the regular Friday music hour.

## BROILER OUTLOOK FAVORABLE

Low Protein Mash Feeding Satisfactory

A study recently completed at the Delaware Agricultural Experiment Station indicates that broilers will make excellent gains on mash of only 16 per cent protein, says Edmund Hoffman, assistant research poultryman. It is important, however, to give the broilers a good start on a 20 per cent protein mash for the first four to six weeks and then change over to a low protein diet for finishing.

Broilers at the Experiment Station Poultry Farm gained as fast when fed 21 per cent mash the first six weeks, then 18 per cent to eight weeks, and 16 per cent mash from eight weeks to finishing time as those fed a 21 per cent mash throughout the feeding period.

Although broilers on low protein mash usually consume slightly more feed, in this case feed consumption per pound of gain was about equal in both groups.

The broilers finished on the low protein mash saved one pound of critical feedstuff such as dried milk, meat scrap, soybean oil meal, alfalfa leaf meal, per broiler.

In view of the results of this study, it seems perfectly possible to stretch our already short supplies of protein so that more broilers can be fed and at the same time secure prewar quality and growth rates by finishing them on a low protein mash.

## WAR FOODS 1943 A.A.A. PROGRAM

Farm Objective Is Production And Improvement

Delaware farmers cooperating under the 1943 Agricultural Adjustment Agency program have as their objective the maximum and balanced production of war foods and the conservation of the State's soil resources. C. E. Oehlert, chairman of the Delaware Agricultural Adjustment Agency, declared today.

They, together with 6,000,000 other American farmers, have designed their AAA war production program and Farm Plans to maintain prices at a level both fair to the consumer and profitable to the producer, to prevent the depletion of the nation's soil fertility to balance the livestock population with the feed supply, to increase the yield of every crop acre, to improve the nation's pasture land, to conserve and rebuild the forest resources, and to make it possible for farmers to produce critical war crops instead of luxury foods.

This year corn and wheat may be planted in excess of the farm's allotment without deductions from AAA benefit payments if the farmer plants 90 percent of his war crop goal.

Payments of \$50 per acre will be paid for vegetables for the fresh market and of 50 cents per bushel for Irish potatoes on the normal yield of the grower and for that part of the farm's acreage between 90 and 110 percent of its war goal. Where three acres are planted the potato payment will be on the normal yield of one acre.

Support prices have been provided for soybeans, Irish and sweet potatoes and canning crops.

## Clean-Up Days, Tin Can Collections Next Week

Monday, May 17 has been designated by the Town Council as collection day for flattened tin cans in Newark.

Wednesday and Thursday, May 19 and 20 are monthly Clean-Up Days. All residents are urged to have prepared tin cans and rubbish in containers placed in front of their homes on the respective days as trucks will make only one collection.

## "WE TAKE ASPIRIN TOO"

Says Local Rationing Board

**Rationing Board Explains It Is Only Trying To Do A Task According To The Rules**

TO THE 25,000 PEOPLE SERVED BY BOARD NO. 212.3:

Retired OPA Chief Leon Henderson, during his tenure of office, dubbed a "Softie" a guy who'd resigned from a Rationing Board to join the Commandos.

You say rationing is a headache! We agree. But you aren't the only ones taking aspirin. Stop and think about us in the Rationing Board. Your individual problem is, of course, more important to you than to anyone else. But your problem is also our problem because that's our job and we are in the office to serve you. We want to do it to the best of our ability and within the Government regulations which we are obliged to work under. These regulations make it impossible, often, to give you what you want. But, we do not make the regulations. We are under oath to the Government to carry them out—and do our duty.

We are told that we are fast losing friends in the community because we are doing our duty as we understand it! Are the ties of friendship no stronger than that? Are we to be condemned because of the things we do in the line of duty? What price friendship — 16 "B" coupons? We doubt if you would like to have our jobs. But we don't want to trade with you either. We like the work and feel we are making our direct contribution to the War effort. But we want you to keep in mind:

Rationing is one of the biggest jobs the Government ever undertook. The rules have flaws in them, to be sure, but they are being corrected all the time. They may never be perfect but even if they do hurt, the slight sacrifice is nothing compared to a front line position in Tunisia. Rationing is beneficial to you and your neighbor alike. Rationing is necessary because none of us can have as much of anything today as in normal times. Without it, the chiseler, the hoarder, and the selfish among us, gets his and others don't. The rules of rationing are complicated and yet it's our job to keep up-to-date on them. It's a headache.

Our Board serves about 25,000 people. We handle rationing of gasoline, tires, fuel oil, autos, bicycles, sugar, coffee, shoes, rubber boots, processed foods and meats. The detail of work is tremendous. The regular clerks, the board members and volunteers have their hands full to administer it. When you have a problem or there is delay in getting what you want, please remember that your case is only one of many hundreds. Call us up about it, if you need to. Sure! But don't call us down. Don't swear at us on the phone. Don't tell us you sent your application in three weeks ago when it was only five days ago. We date everything as we receive it you know. Give us a break—remember that we are human and, therefore, fallible. We do make mistakes but we are ready to correct them. Delays will occur, mostly beyond our power to avoid but we try to be prompt.

Often the information you give us on an application is incomplete or not plain. Read the questions before you attempt to write the answers. We are not mind readers. And lastly; Keep in mind that the whole U.S.A. is rationed, not just our district. You know why! The sooner you and your neighbor quit griping about it (if you are a griper) the sooner it will be working 99 percent. (There will always be a few who think they are entitled to more than others.) Too, it will help speed the day when your boy will be back again, God bless him!

\*\*\*

Your Rationing Board office is open every week day from 11 to 5. We are your servants. Use us, but try not to kick us around.

### REMOVE THE MILLSTONE

The Florida National Bank of Jacksonville has been running some striking newspaper advertisements on the necessity for changing the Federal income tax laws to meet present-day needs of the taxpayers. One of its recent advertisements said:

"Remember how a few years ago the government solemnly talked about 'Freedom from debt . . . freedom from want . . . freedom from fear, etc?'"

"The 'Freedoms' theory is a great one—but why doesn't Uncle Sam practice it with income taxes? Instead of freeing his taxpayers from debt and fear, the present income tax system perpetuates a peculiar type of peonage because the taxpayer is never out of debt."

"Last year's income taxes hang around his neck like a millstone. Let's adopt the pay-as-you-go plan now and make the 'Freedoms' an actuality rather than a pretty theory."

### FREIGHT BY FLIGHT

A year ago the handling of the "air cargo" was in the trial stages. Air ships were increasing their loads of mail, express and freight, and the growth of the "freight by flight" was almost unbelievable. But now the figures are added and reported. The air lines increased their cargoes 108 percent in 1942 over 1941.

The domestic air lines carried a total of 40,101,657 pounds of express and flew 40,096,554,805 pound miles of mail. The revenue passenger miles flown in 1942 were 1,398,042,146.

The air lines under contract with the armed forces, are engaged in transport services to the principal battle fronts of the world—men and boys from your own locality.

## Letters From Men In Service

Christiana Sector, Miami Beach, Fla.  
Civilian Defense.

Dear Mr. Phillips:

I wish to express my appreciation to you and the other members for the lovely box which you so generously sent me. It was very kind and thoughtful of you to remember me. I think my room mates enjoyed it as much as I.

We are all fighting that our nation may retain its freedom which we Americans treasure so dearly. This freedom cannot be had until all forms of dictatorship and hatred are disposed of. We are determined to accomplish this goal for we are a proud and powerful nation.

Thanks again for the box of food and may victory soon be ours.

Sincerely,

Pvt. James R. Ward.

## Weekly Sermon

Our Advocate  
By the Rev. P. B. Fitzwater, D.D., Director of Pastors Course Moody Bible Institute, Chicago.

Text: "We have an advocate with the Father" — 1 John 2:1.

It was not enough that Jesus Christ lived a perfect life and died to make atonement for sin. The Savior needed by sinners is the resurrected and living One who can continue His work on their behalf.

What are Christ's qualifications as Advocate with the Father?

First, He is the very Son of God—the One of God's election. "Christ glorified not himself to be made an high priest; but he that said unto him, Thou art my Son, today have I begotten thee" (Heb. 5:5). Because we are assured that our representative in heaven is God's choice and that He is the very Son of His love, we know His ministry is acceptable and efficacious.

Second, His office is unending. "Thou art a priest forever" (Heb. 5:6). "Jesus Christ the same yesterday, and today, and forever" (Heb. 13:8). "Who is made, not after the law of a carnal commandment, but after the power of an endless life" (Heb. 7:16).

Third, Christ is personally sinless. "For such a high priest became us, who is holy, harmless, undefiled, separate from sinners, and made higher than the heavens" (Heb. 7:26-28). Being sinless He needs to make no offering for Himself; and because of His sinlessness He has a commanding influence before the throne of God.

Fourth, He is sympathetic. "For verily he took not on him the nature of angels; but he took on him the seed of Abraham. Wherefore in all things it behooved him to be made like unto his brethren, that he might be merciful and faithful high priest in things pertaining to God, to make reconciliation for the sins of the people. For in that he himself hath suffered being tempted, he is able to succor them that are tempted" (Heb. 2:16-18).

He knew the temptations and trials of childhood, the stress and strain of adolescence. He was a laborer. He knew the trial of poverty. He knew the temptation of being exalted. He knew the trials of fiery opposition. As He pursued His task, He became hungry and weary. How wonderful we have a Man in the glory who can sympathize with us. There is no place where earth's sorrows are more felt than in heaven. There is no place where earth's failures have such kindly judgment given.

"Wherefore he is able also to save them to the uttermost that come unto God by him, seeing he ever liveth to make intercession for them" (Heb. 7:25).

SURE SHOT

Pfc Olan A. Thomas, stationed at Central State College, Edmond, Oklahoma, sent me a card this week and requested that I say "Hello" to everyone in Newark for him.

Olan says on his card that he is kept real busy. His hours are 7:30 a. m. to 11 p. m. (It is a wonder that John L. and his C.I.O. have not thought to unionize the armed forces). Olan says that he has off from 2 to 4 in the afternoon. The food is the best in the world and while I really love the Army, I also love someone in Newark, he goes on to say.

Olan also said that he was receiving Commando training and was just waiting for the Game Warden to declare OPEN SEASON ON THE JAPS. He says, remember me to You-Know-Who.

Something should be done about the Air Raid Signals. Many people don't seem to realize that a long steady blast on the air raid siren, whistle or both is the Blue signal. This Blue signal means that enemy planes are probably coming your way. Blackout your homes. If you are in your car, switch your lights to the low beam and proceed with caution.

When you hear the series of short blasts on the siren or whistle—that is the Red or danger signal and that means to keep lights blacked out and if you are in a car, pull over to the side of the street or road, turn all lights out and get out, and go to the nearest air raid shelter. If you are walking, go to the nearest air raid shelter and above all—get off the streets.

After the Red signal there is a second Blue signal and that is not the ALL-CLEAR. The funny thing about the whole setup is that homes, stores and factories have to be blacked out and automobiles can proceed with their low-beam lights (if they have a low beam light).

One lady complained and I think justly so that the air raid warden found fault with a little streak of light at her home and while he was talking with her a car came along and lit up the whole street. The idea of cars traveling with lights seems to spoil the entire setup. Of course enemy planes would not be looking for car lights. They would only look for home lights to be burning.

And then there are the trains that roar through our town with all their lights on. It seems to me that they could at least draw the shades on the cars.

We are told that Field Marshall Erwin Rommel has returned to Germany due to sickness. No ain't that just too bad. We wonder if there are not a lot more sick ones in Germany. We are also told that he has been decorated with the Iron Cross. Had he stayed in Africa some of the Yanks might have nailed him to the cross. Adolph will be the sick one when the boys march through Berlin.

The American Federation of Teachers have been organized in Wilmington. What next? Why don't the school children organize a union and the first thing they don't like they could also go on a strike and if they did not like the teacher they could go to John L. Lewis and have everything taken care of. It is all just too silly for words. Or else it is just another racket. In this new union the dues are governed by the size of your pay check. That part makes us sure that it is a racket. The sophomores at the high school disregarded my appeal that they use Campbell's Commandos for music at their dance. Well that is too bad, when you might have had real good music, but of course an out of town band can play better. That is why he has to go out of town to get the good jobs that he is getting. Possibly the senior hop will want some good music and they might be induced to use some of our local musicians.

Spectators at the model airplane contest stated that the owner of the plane that flew to near Oglethorpe could travel nearly as fast as the plane. When the plane took off the boy took off too. Delaware's baseball team did not show up so hot on Monday. Errors cost the Hens the game but Coach Martin took it in good spirits. He just said wait 'till by boys go to Chestertown Saturday and then things will be different. Here's hoping Coach.

The American Legion will sponsor the Junior Legion baseball league again this year it was stated by members of the local post. Students at the Newark High School have started another worthwhile movement. This week under the direction of Dr. Carl J. Rees, chief observer at the Possum Park Observation Post and Professor Frederick B. Kutz, director of music at the school and himself a airplane spotter, the Airplane Spotters Cadet Corps was formed with about 32 students as members. Dr. Rees and Professor Kutz should each get a medal from the day captains association.

## Johns Hopkins Wins Mason-Dixon Meet

Nosing out Catholic University by less than three points, Johns Hopkins University won the annual Mason-Dixon Conference track and field meet at Baltimore on Friday. Johns Hopkins garnered 68 1-3 points to the 65 1-2 points rolled up by Catholic U the defending champion. Loyola was third with 33 2-3 points and Galathea was fourth with 30 1-2 points. Bridgewater had 23 points and American University followed with two points. Delaware trailed in the tail position with one point.

## FEED IS DISCUSSED AT MEETING OF DEALERS

Feed Situation Is Considered Serious By Dealers

Delaware Feed dealers and cooperative members met at the University of Delaware last week and discussed the feed situation and problems facing the farmers.

The meeting was called to order by A. Wesley Perry who explained the purpose of the meeting and introduced Kay Woolman of the Red Comb Mills who gave a word picture of the National Feed situation. Mr. Woolman emphasized to the group that the feed situation is very serious and said that if dealers don't allot feed, the government will probably do it their way.

George M. Worrlow, Associate Director of Extension, spoke of the feed situation in Delaware and seconded Mr. Woolman's statement in regard to the national feed situation.

Arthur E. Tomhave, Animal Industry Specialist of the University of Delaware conducted a question and answer program.

The following committees of the Delaware Feed Committee and Feed Dealers Cooperative were appointed: James L. Stafford of Middletown; J. Irvin Dayett, Newark; H. Wilson Price, Middletown; and Roy Donovan, Smyrna. The finance committee members are: J. Irvin Dayett, Newark; Clarence Collins, Hockessin and Jacob Correll, Newark.

## TEACHERS DEFEAT BLUE HENS

Rams Score 11 to 6 Win Over Delaware

A revamped Blue Hen baseball team, carrying many new players, comparatively inexperienced, due to the mid-season graduation, gave a fair showing on Friday when they were defeated by the Rams by the score of 11 to 6, having previously sent the same rival team down to defeat in an early season contest.

The Hens were held scoreless by Bob Parrott, the Teacher's veteran hurler for four frames, garnering their first tally in the fifth. The Ram senior pitched good ball, chalking up six strikeouts.

Charley Griffith, Delaware center fielder, led both teams in hitting with three singles, while McWhinney hit a home run and Jim Gilson clouted a triple for the Blue Hen team.

## 30-Day Fall Race Meet In Prospect For Pimlico

Pimlico's fall racing season will be decided at a meeting of the State Racing Commission probably next week. Late last week, Governor O'Connor signed a bill, passed at the last session of the General Assembly, which would allow the commission to assign up to 50 days of racing to any single track as long as the total in the state did not exceed 100 days. Formerly no more than 30 days at one track was permitted.

The change would allot Pimlico another 30 days of racing in the fall if approved by the Commission. Maryland Jockey Club officials have disclosed that the total mutual handle for the 15 days of the regular racing season at the track was \$10,090,934.

Despite transportation difficulties and an earlier post time, this was more than 20 per cent higher than last spring's total and represented a daily average of \$672,865. During Pimlico's 12-day meeting last year a total of \$6,689,199 went through the mutual windows for a daily average of \$557,433.

## MODEL AIRPLANE CONTEST HELD

Jim McNeal Completes Official Flights

The Newark Model Airplane Club held their postponed model contest on Saturday afternoon at the field on South Chapel Street about a half mile south of the Pennsylvania Railroad tracks. Originally scheduled for April 25 the contest was postponed due to high winds.

Jimmy McNeal completed his two official flights, the first was 44 seconds and the second was a 56 second flight with a score of 100 in the gas model class.

Danny Hamilton's plane made a 43.6 flight with a crash landing. No serious damage was done to the plane.

Graham Lomax's gas model made a spectacular journey of a mile and a half, nearly to Oglethorpe in 92 seconds. Bill Hamilton got in one official flight of 25.5 seconds but his record is not complete as two official flights are required.

Only two rubber band model planes were entered in the contest on Saturday. Richard Meixell of Delaware City received first prize in this class for his three flight average of 59.2 seconds. His flights were 19.2 seconds, 22 and 18 seconds. John Golder's rubber band model had a slight accident in the morning and he was unable to make any good flights.

The glider models were not given a chance to compete as darkness set in and several of the gas models failed to complete their two required flights. It was stated that the contest will be resumed this Saturday if weather conditions are favorable.

J. Raymond Justin, a member of the high school faculty, is sponsoring the club and acting as advisor. William S. Hamilton and Lewis W. Knowles, Jr., of Wilmington acted as judges. Mr. Knowles is proprietor of the Wilmington Model Shop.

## Packages For Soldiers Sent Without Approval

The War Department announced this week that it is no longer necessary for a soldier serving abroad to obtain the approval of his commanding officer before he can receive a package from home.

The Army postal service will now permit the mailing of packages to soldiers overseas providing a request is received from the soldier and that the envelope bearing the A.P.O. cancellation mark is presented at the time of mailing.

The regulation will become effective as soon as postmasters throughout the country can be notified of the change.

## SHOREMEN WALLOP DELAWARE

Bogovich's Triple Is Lone Bingle In 10 to 0 Defeat

Washington College batted out an easy victory over the Blue Hens Monday afternoon on Frazer Field when they shutout the University of Delaware team 10 to 0.

Jim Gray, hurling for the Shoremen limited the Hens to one hit in the entire game. Ten errors on the part of the Hens was responsible for the one sided score.

Gray held the Blue Hens hitless for six frames, until, with two down in the seventh, Hugh Bogovich drove a deep triple to left-center. He was thrown out at the plate, however, when he tried to score.

Tom McWhinney started on the hill for Delaware, and pitched good ball for four frames. The three runs the Shoremen scored in the second were helped across by a trio of infield misplays. In the fifth, the Retrievers began to tap the Hens soph for solid blows, three runs tallying in that frame when Norm Tarr got a home run on a misjudged liner with two abroad.

Again in the seventh, two hits, interspersed with Hen infield errors brought two more runs across. Their final tallies came in the eighth when Gray knocked two teammates home with a triple to right-center. At this point McWhinney was relieved by Bogovich, and the Turtle Creek southpaw retired the last five men in order.

## DEDICATE FLAG AT STANTON SUNDAY

Gov. Bacon  
Lauds Residents  
For Honoring  
102 Service Men

Stanton, May 13th — The dedication of a service flag honoring 102 service men took place Sunday afternoon at Stanton, with appropriate exercises. Town officials, firemen from neighboring towns, Civilian Defense Groups, and school children participated in the exercises which were attended by about 1500 people.

Mr. and Mrs. Harry D. Boulden donated the large American Flag as well as the Service Flag, and erected the pole on the Boulden property, at Main Street and the Newark-Christiana Road intersection.

Mrs. Nora Rice was Mistress of Ceremonies and presented the speakers. The Rev. Frank O. Baynard, pastor of the Stanton Methodist Church, made the invocation. Capt. Wm. A. Leach of the Delaware State Guard of New Castle, assisted with program plans.

Governor Walter W. Bacon praised residents of Stanton who were active in the arrangements for the dedication of the flag honoring the men from the Stanton community who were serving their country in this conflict. He said the flag would not only remind this community of the boys and girls from this community but of the heart aches through which the parents and relatives are passing.

The Rev. Ralph L. Minker, County Civilian Defense Coordinator, extended congratulations to those whose plan it was to set up the service flag in the community. He commented that people at home must redouble their effort and do everything possible to take care of the home front, so those in service will never feel we are letting them down.

The flag raising was conducted by the Stanton Boy Scouts, after which the band played "Star Spangled Banner."

Pupils of the Stanton School sang "God of our Father" and "America, The Beautiful."

Mrs. Betty Abbott sang "God Bless America."

Adjutant-General Paul R. Rinard said we must not dissociate ourselves from the fact that we are a part of the Army of Democracy. He said whenever you depart from your effort to fall to report for work or to your Civilian Defense organization, or chisel from rationing—you are a deserter in the face of the enemy.

Prof. C. W. Cummings of the Conrad High School said we must keep this community so that when these boys come back home they will find here the things they hope to find; that it is home in the same old way, that our churches, schools and civic organizations have continued to operate in the same manner.

The Rev. E. Kenneth Albaugh, rector of the St. James P. E. Church, Stanton, pronounced the benediction. A parade preceded the flag raising, the formation taking place at the entrance to the town on the Stanton Highway. In the procession were The American Legion Color Guard; Conrad High School Band; town officials; Civilian Defense groups; St. Anthony's Band of New Castle; Company E of the Delaware State Guard of New Castle; the Minquas, Mill Creek and Christiansa Fire Companies with apparatus; Stanton School pupils who carried banners — "We buy stamps and Bonds, showing total sales in the school of \$4,579.55."

The names of the boys represented by stars in the flag were announced by Mr. Merritt Newcomb, as follows:

One gold star, placed in the flag in honor of Harold O. Swift, aviator, who was drowned when his plane fell while on patrol duty. Mrs. Swift was a guest of honor.

There was one large blue star with the number of men — 102 — beneath, representing:

"You're telling me!---  
To-morrow is worth  
working and saving for!"

Every morning as I'm swinging along  
to work . . . . .  
I'm thinking about tomorrow . . . .  
with Bill back, and being in that  
home we've planned . . .  
and the right to do things the  
way we've always done them—the  
American Way.

So what am I doing about it?  
I'm doing the best I can—like millions  
of other American women—  
I'm working every day in an important  
war job—and  
I'm saving—putting every cent I can  
into War Bonds.

I'm laying it away for that home  
with Bill . . . that victory  
home of ours which is going to have more comforts  
and conveniences than we imagine possible.

And I figure, the more I invest in  
War Bonds, the more I'm helping to get this war  
over and bring Bill back to me.

That's why Tomorrow, the tomorrow  
when Peace comes to America, is big to me—more  
than anything else, worth working and saving for.

## WILMINGTON TO OBSERVE AMERICAN DAY RALLY

Plan Exercises In Rodney Square On Afternoon Of May 16

The privilege of American citizenship and the right to express the true sense of political freedom through the secret ballot in city and community, state and national elections, will be emphasized at the "I Am An American Day" observance to be held in Rodney Square in Wilmington at 4 o'clock Sunday afternoon, May 16.

Joining with the rest of the nation and, in accordance with proclamations of President Roosevelt, Governor Walter W. Bacon and Mayor Albert W. James, prominent federal, state, municipal, and educational, and civil and military authorities will contribute to the success of the observance.

All residents of the State are asked to participate in the rally, of particular significance in the period of titanic struggle for continuance of the democratic form of government against forces of dictatorship, servitude, and mass murder.

Especially invited to attend the ceremonies and to be given places of honor in Rodney Square are the first voters, men and women who have reached their majority and right to vote, within the past twelve (12) months, and those foreign born residents of our State who have become naturalized citizens through the U.S. District Court within the past year.

Feature of the ceremony will be the presentation of naturalization certificates by officials of the U. S. District Court, District of Delaware, on the steps of the Public Building on the east side of Rodney Square.

Music for the occasion will be provided for by massed bands of schools of Wilmington and New Castle County, Fort Miles, Fort duPont, and the New Castle Army Air Base.

The program, to start at 4:00 p. m., Sunday, May 16, 1943, follows:

Invocation, the Rt. Rev. Arthur R. McKinstry, Bishop of the Episcopal Diocese of Delaware; massed bands, "America"; welcome by Governor Bacon and Mayor James; massed bands, "Columbia: The Gem of the Ocean"; introduction, Judge Paul Leahy, U. S. District Court, brief address, following administration of the oath of allegiance to the new citizens and first voters and congratulate them on their citizenship and majority.

The U. S. Flag will be turned over to the incoming class of foreign born residents who will study in preparation for citizenship, and the salute to the flag will follow. The massed bands will play "The Stars and Stripes Forever."

In a second portion of the program copies of the Constitution of the United States will be presented to members of the newly naturalized class of citizens by representatives of the American Legion and the Wilmington Lions Club.

The benediction will be by the Right Reverend Edmond J. Fitzmaurice, Bishop of the Catholic Diocese of Wilmington.

It was estimated some 16 bands, school and military, will participate in a brief parade up King Street past the Public Building, and to positions in Rodney Square. Massed bands will form at the foot of the statue of Caesar Rodney, on the west side of Rodney Square.

Announcement will be made at the rally of the results of an essay contest for Wilmington school children on the subject of "Why I Am Glad to be an American."

Arrangements are being made by a committee consisting of Governor Bacon and Mayor James, honorary chairman; Gerrish Gassaway, general chairman, and officials of various civil, military, judicial and educational boards.

### Herbert Drake Funeral Services

Private funeral services were held last Saturday afternoon for Herbert Armitage Drake, 97 years old, oldest member of the New Jersey Bar, and the father of Miss Quaesita C. Drake, a professor of chemistry at the University of Delaware, in the First Unitarian Church in Philadelphia. He died Wednesday at his home, 4142 Parkside Avenue, Philadelphia.

In addition to Miss Quaesita Drake, Mr. Drake is survived by another daughter, Miss Beata V. Drake, librarian at the U. S. Chamber of Commerce. Despite his age, Dr. Drake has remained active and on Feb. 12, 1941, he addressed the annual Lincoln's Day dinner of the United Republican Club in Pensauken, N. J.

His wife, Sada, who died in 1941, at the age of 90, was an authority on Lincoln and attended the funeral of the martyred President in Springfield, Ill. Mr. Drake had seen him in life and knew many anecdotes about him.

### LESSON-SERMON

"Mortals and Immortals" is the subject of the lesson-sermon of First Church of Christ, Scientist, at Park Place and Van Buren Street, Wilmington, Sunday, May 16, 1943.

### MRS. MARY CHALMERS DIES

Word has been received here of the death of Mrs. Mary Chalmers, widow of James Chalmers, in Philadelphia on Wednesday. Mrs. Chalmers is survived by three daughters and two sons, all of Philadelphia, except one son, Talbert Chalmers of near Newark. David C. Chalmers of Delaware Avenue and William Chalmers are brothers-in-law of the deceased.

## IN REVIEW

25 Years Ago

Newark Goes Over The Top Honor Flag Waves on Main Street near South College Avenue

An honor flag, presented by the Treasury department of the U. S. Government waves over the streets of Newark, as a result of the response of citizens in the Third Liberty Loan campaign, which closed on Saturday. Local committees determined to put Newark over the top worked with enthusiasm until the closing hours of the campaign.

At three o'clock Saturday the district was \$44,000 to go. A large subscription from a patriotic townsman, however, it developed, had been held until the last hour, and great enthusiasm prevailed at headquarters when this was reported about four o'clock. Honors go to Daniel Thompson in the district between College Avenue and the B. & O., including sections in town within this belt, both north and south of Main Street, for reporting the largest sales—a total of \$28,200.

Total sales were \$201,550.

**Graduates from School of Aeronautics**  
Oliver Suddard has recently been graduated from the School of Military Aeronautics, at Austin, Texas, and transferred to the Radio School of Columbia University, New York. He spent the last week-end at his home near Newark, after an absence of nearly six months.

**W.C.T.U. Buys Bond**

The W.C.T.U. of Newark purchased last week a fifty dollar Liberty Bond. At the regular meeting of Ivy Castle Number 23, Knights of the Golden Eagle, held on April 27th, the Keeper of the Exchequer was instructed to buy five one hundred dollar Liberty Bonds.

**Summer School Opens July Eight**

The summer school for teachers at Delaware College will open on July 8 and continue for six weeks. A number of special courses will be offered by the college in co-operation with the National Security League. Announcement of definite courses will be made in the near future.

**Three Sons In The Service**

The honors of Newark in war service go to Mr. and Mrs. N. T. Davis of Deandale, who have three sons in Uncle Sam's army: John Davis of the 15th First Artillery Company, stationed until recently at Camp Sevier, S. C.; Wilkins Davis and Charles Davis, with the Delaware Pioneer Regiment, at Camp Dix, New Jersey.

Newark is proud of these three sons and the best wishes of the community will follow wherever duty may call them.

**Music In The Schools**

The program at the New Century Club next Monday afternoon will be in charge of Mrs. C. O. Houghton and Miss Shephardson, who will demonstrate beginning with the first grade children the method of teaching music in the schools. The program will begin promptly at 2:30. The meeting is open to the public and a cordial invitation is extended to everyone.

**Supper-Dance at Clubhouse**

Miss Elizabeth Wright entertained about sixty guests last Saturday evening with a supper-dance held at the New Century Clubhouse. The main hall was decorated for the occasion with laurel, potted plants, and American flags. Supper was served by M. A. McGovern, in the dining hall, which by an abundance of apple blossoms had been converted into a bower of springtime. Pink tapers, in Colonial candlesticks decorated with great bows of pink tulle, lighted the room.

**High School Play Great Success**

The play "Every youth" presented by the pupils of the Newark High School last Friday evening, under the direction of Miss Ethel Brubaker, was a splendid success. One hundred and forty dollars was realized for the benefit of the Athletic Association. Congratulations are due the director and every member of the cast for the splendid production.

In the cast were: Harry Rossland, Wallace Cook, Granville Robinson, Paul Steel, Johnson Rowan, Carl Riley, Arunah Armstrong, Martha Wollaston, Sara Lovett, Anna Patchell, Edna Green, Elizabeth McNeal and Marian Gallaher.

**Citizenship Day Service**

Services at the Head of Christiana Church will be held in the morning on Sunday, May 16.

Sunday School will begin at 10 o'clock and the lesson topic will be "Christians Crossing National and Racial Barriers."

The morning worship service will be held at 11 o'clock and there will be a special program in keeping with Citizenship Day.

Special music will be presented by the choir and the minister, Rev. Evan W. Renne, will deliver the sermon. His subject will be "A Citizen of Two Kingdoms". Everyone is cordially invited to worship at these services on Sunday.

Rev. Renne states that "we need to be reminded of our privilege and duty as American citizens and as Christians today."

## LOCAL UNIT MAY REVOKE GAS BOOKS

Ration Boards Given Increased Power By O.P.A.

"To assure fair and efficient enforcement" of rationing regulations, the Office of Price Administration has increased the power of local rationing boards to revoke gasoline rationing of motorists and other users.

In the past, reports of violations have been referred to local boards to district OPA offices for investigation. The cases, in most instances, were then returned to the local boards for hearing and disposition.

Any ration holder threatened with loss of all, or part, of his ration must receive a public hearing upon request, the agency emphasized today.

Ration coupons may be suspended or revoked by local boards without consulting the district office or without a hearing only when the board finds the holder is not entitled to the ration on the basis of facts stated in his application or when the Office of Defense Transportation certifies a ration holder has violated ODT regulations.

## CLEANING CIRCULAR

Offers Aid On House Cleaning

A new 10-page mimeographed circular called "Housecleaning Suggestions, Materials and Methods," by Miss Louise R. Whitcomb, home management specialist for the Delaware Agricultural Extension Service, has just been made available to homemakers. A copy may be obtained free on request from county extension offices.

In commenting on this circular, Miss Whitcomb said she felt that this year there would be more necessity than ever for good management, since housecleaning must be done along with victory garden work, preparation of meals, and various other jobs which wartime conditions have made harder for the homemaker. But cleaning must not be neglected, since equipment and furniture cannot be replaced as long as manufacturers are producing necessary war equipment, and they must be made to last as well as possible.

You may not have time to do all the cleaning you would like to do. List all cleaning jobs, then cross off all which are not essential to the health and comfort of the family or the preservation or efficiency of the equipment. Plan with your family who will do the work and when.

Frequent brushing of walls, woodwork, curtains, draperies, and upholstered furniture postpones use of soap and water and takes less effort than washing.

When it is time for thorough cleaning, though, Miss Whitcomb's new circular will help you to proceed without waste of materials or time. It includes tested recipes for homemade cleaners and directions for their use.

## P. ROBERTS ON PAROLE BOARD

Assumes New Duties June 1

Percival R. Roberts of near Cooch's Bridge, has been appointed secretary of the State Board of Parole, succeeding James W. Robertson, and will begin his new duties June 1, it has been announced by Newlin T. Booth, president of the board.

Mr. Roberts, 63, was born in Washington, Lancaster County, Pa., and came to Delaware in 1899. He attended Goldey College, University of Delaware and Swarthmore College, from which he holds a master of arts degree in chemical engineering.

His first job was with the F. Blumenthal Company, as analytical and consulting chemist, a position he held from 1906 to 1912. In 1913 he went to work for Rohm and Haas, chemical concern, spending a year at the company's office in Darmstadt, Germany. Later he was associated with G. Levor and Company, leather manufacturers of Gloversville, N. Y., the duPont Company, and the Electric Hose and Rubber Company. In 1933 he became associated with the office of County Treasurer and Receiver of Taxes Walter Burris and remained there until his appointment. He is known for his philanthropic work and has taught several subjects to prisoners at the Workhouse. He will receive \$2,400 a year as secretary of the board.

## MENINGITIS INCREASING

Report Reveals 32 Cases In 1943

The State Board of Health announced Saturday that there had been 32 cases of meningitis in Delaware during 1943 in contrast to four for the corresponding period of last year. Seven cases of the disease were reported during the past week.

Since that time, the Wilmington health board reported two additional cases.

The state board reported a total of 91 cases of communicable diseases for the past week against 134 for the previous week. Other cases included for the past week are: Measles, 75; chicken pox and tuberculosis, three each; mumps, two, and pneumonia, one.

Wilmington reported 28 cases and rural New Castle County, 49. Kent County announced 11 cases and Sussex County had three cases.
