EXPERT HERE DETAILS NEW SOIL SYSTEM

Stelzer, Delaware Authority,
Classifies Crops in
1937 Program

SIMILAR TO 1936 PLAN Cases Specified Where Both Depleting and Conserving Credits Count

Classification of crops as soil-depleting or soil-conserving under the 1937 Agricultural Conservation Program for Delaware will be similar to the classification under the 1936 program, according to R. O. Stelzer, extension economist at the University of Delaware, who is in charge of the program in the state.

This year, however, provision is made for classifying the individual crops grown on the land rather than the land use, as was the case in 1936, Stelzer points out. In 1936, if land was used for the production of any soil-depleting crop, the entire acreage was classified as soil-depleting and any soil-conserving crop grown on the same land was ignored (except soil-conserving crops grown on land used for the production of wheat or truck crops). These latter crops were given a special classification.

Specifications Shown

This year, in specified cases, land on which both soil-depleting and soil-conserving crops are grown in 1937 will be counted once as soil-depleting and a part or all of the same acreage may also be counted as soil-conserving.

Another change in the classification of crops in 1937 provides that the acreage on which any small grain is harvested in 1937 will be classified as soil-depleting while, last year, small grain other than wheat, when grown with or followed by a legume, was classified as soil-conserving.

The following crops have been classified in the new program as soil-depleting:

Divisions Established

Corn (field, sweet, and popcorn), sorghum when harvested, and truck and vegetable crops, including also melons, strawberries, potatoes, and sweet potatoes.

Small grains: wheat, oats, barley, rye, buckwheat, and grain mixtures; out for grain or hay.

Summer legumes: Soybeans, field peas, and cowpeas; harvested for grain, hay, or forage, except that, for 1937, summer legumes grown as emergency hay crops on an acreage not in excess of that determined by the County Committee to be required to replace a shortage of feed on the farm caused by drought in 1936 or (Continued on Page 6)

50 WOMEN HERE FOR AUX. MEET

More than fifty members attended the county meeting which followed the regular business session of the J. Allison O'Daniel Unit of the American Legion Auxiliary held Monday night. The local meeting was presided over by Mrs. F. Allyn Cooch.

Mrs. A. E. Bonner, first vice-president of Delaware City, was in charge of the county meeting and introduced Mrs. John R. Fader who welcomed the guests on behalf of the department and the local unit.

The guest speaker of the evening was Dr. Douglas M. Gay, of Wilmington, who gave an illustrated talk on "Fight Cancer With Knowledge." He stated that the "only recognized methods of treatment are surgery, X-ray and radium."

Entertains with Songs

Mrs. Richard L. Cooch, of Newark, accompanied by Miss Nell Wilson at the piano, rendered the following vocal selections: "Winter," "Have You Seen But a Shy Little Girl," and "In the Luxembourg Gardens."

Mrs. Sue Scriber, rehabilitations chairman for the department; Mrs. Helen Paige, department treasurer; Mrs. Therese Gallagher, radio chairman; Mrs. William N. Cann, president of Delaware Unit No. 1, all of Wilmington; and Mrs. Katharine Murbey, constitution and by-laws chairman, of New Castle, gave reports on their work.

Other reports were given by Mrs. Mary Gabriel, Mrs. A. E. Tomhave, Mrs. Leon Case, and Mrs. Conrad K. Lewis, department secretary.

NAMED CONSULTANT

R. W. HEIM

State director of vocational education and professor of the subject at the University of Delaware, Mr. Heim was named consultant ex-officio for the Educational Policies Commission at Washington last week.

STATE DIRECTOR GIVEN NEW POST

Heim to Serve as Consultant
On Educational Body
At Washington

Professor R. W. Heim, Newark, state director of vocational education and professor of vocational education at the University of Delaware, has accepted an appointment as consultant ex-officio for the Educational Policies Commission at Washington, D. C.

The Educational Policies Commission, which was appointed late in 1935 by the National Education Association and the Department of Superintendence for a five-year term to draft a long-range program of action for the improvement of American education, is obtaining the advice and support of educational agencies in the United States in carrying out its program.

Aid Is Enlisted

Professor Heim, who, last fall was elected president of the Delaware State Education Association, has been asked to serve as consultant ex-officio to the commission in order to aid them by expressing opinions of issues brought up by the commission, by raising issues to be considered by the commission, and by reporting conclusions of education committees to the commission.

Professor Heim's appointment is for his term of office as president of the Delaware State Education Association.

Dr. Douglas Gives Talk On Russia at Century Club

Dr. John Douglas, pastor of Roland Park Church, Baltimore, Md., was the guest speaker at the regular meeting of the Newark New Century Club Monday afternoon. He spoke on "My Impressions of Russia."

Dr. Douglas wished it clearly understood that his remarks represented purely personal opinions. He found evidence in his travels that a real religious feeling still exists in the hearts of the people, in spite of the opposition by the governing body. The danger, according to Dr. Douglas, appears to lie in the training of the youth to scorn religion.

Mrs. Douglas Mylrea sang a group of Russian folk songs, upon which she gave explanations and comments as to the meaning of the music.

Mrs. Lester Tarr will give a paper on current events at the meeting February 15. The dramatic sketch which was presented at New Castle will be repeated and there will be music by club members. Later in the month there will be an evening musicale and dance.

Epworth League Plans Fund-Raising Program

The Epworth League of the Newark M. E. Church will give a two-hour entertainment in the social hall of the church on Monday, February 15, at eight o'clock. Proceeds will be used to send delegates to the annual Youth Conference which will be held in St. Paul's M. E. Church, Wilmington.

Miss Myra Hall is in charge of the entertainment assisted by Alice Sheldon, Martha Moore, Florence Stengel and Bud Wilson.

FREEZER MEN LAY PLAN OF ASSOCIATION

Counter Operators Unite at
Two-Day Session Here;
Officers Named

T. A. BAKER IN CHARGE

Operators of counter ice-cream freezers, meeting at the University of Delaware, last week, formed the Inter-State Counter Freezer Association with members from southeastern Pennsylvania, southern New Jersey, Delaware, Maryland, and the District of Columbia.

The new organization, which was formed to promote proper sanitary regulations for counter freezer operation, to give counter freezer operators an opportunity to keep in touch with new developments, and to check legislation affecting counter freezer operators, is headed by E. E. Hanna, Wilmington, who was elected the first president.

Keith Also Named

W. F. Keith, Smyrna, Del., was elected vice-president of the organization while the following were named vice-presidents for their respective states: Ray Brasure, Georgetown, Md., and J. J. Ravert, Robeson, Pa. Mrs. C. E. Schofield, Tacoma Park, Md., was named secretary-treasurer.

The new organization was formed at the conclusion of a school for counter freezer operators held Thursday and Friday of last week at the University of Delaware.

Equipment Demonstrated

Counter freezer equipment operation was demonstrated at the school and talks were made by the following: C. S. Clark, secretary-treasurer of the National Counter Freezer Association, Chicago; Prof. W. F. Lindell, of the engineering school at the University; G. L. Gibson, of the Mills Novelty Company, manufacturers of counter freezer equipment, Chicago; and G. M. Brink, Keystone Dairies, Philadelphia. Professor T. A. Baker, of the animal industries department at the University of Delaware, was in charge of the sessions of the school and led several discussions.

Magistrate Warns Dog Owners About License

Magistrate Daniel Thompson last week called the attention of local dog owners to the state law which requires new licenses for animals on or before March 1.

According to the code used by the Board of Game and Fish Commissioners since 1927, any dog over four months of age is subject to a license tax of \$1 annually. The fee is due on January 1 and must be paid on or before March 1. Failure to abide by the law makes owners liable to fine.

Game wardens working in this section last year made a record number of arrests on charges of non-licensing of dogs.

Baby Daughter Born

Rev. and Mrs. Henry G. Welton, 303 W. Main street, are receiving congratulations on the birth of a daughter, Priscilla Ruth, on January 29, at the Presbyterian Hospital, Philadelphia. The couple have an older daughter, Betsy.

Horticulturist Offers Suggestions For Treatment of Plants in Houses

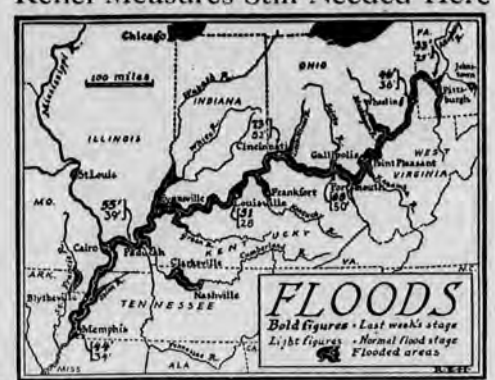

House plants that lose their leaves may be suffering from a variety of ills and mistreatment, states Dr. Louis R. Detjen, professor of horticulture at the University of Delaware. "Defoliation is caused," he said, "by sudden changes in temperature, by shock from transplanting when the plant is in vigorous growth, by changing from a strong sunlight to a dark place and by drafts."

Browning of the leaf tips is another sign that something is wrong, he pointed out. It may be due to improper watering, dry atmosphere, exposure to drafts or cold air, or insects. If the leaf tips of apodistria are turning brown, the water put in the pot may not be penetrating the ball of earth about the roots of the plant or the plant may have been exposed to excessive heat.

Worms In Earth

On palms, browning of the leaf tips is often caused by worms in the earth

Relief Measures Still Needed Here

FUNDS NEEDED BY BODY HERE

Visiting Nurse Association
Appeals for Support;
\$2500 Asked

Their resources nearly drained by heavy demands last year, officers and directors of the Newark Visiting Nurse Association are seeking ways and means of increasing the organization's income.

Bills for the current year were mailed to 50 regular subscribers this week with a request that returns be made promptly and, where possible, larger than in the past.

Expenditures in 1935, according to Mrs. C. O. Houghton, president, were greater than in any previous year since the body was founded in 1926.

Made 3,208 Calls

Alice M. Leak, registered nurse employed by the association, made a total of 3,208 calls in 1935, including 2,342 nursing visits and 866 instructive stops.

With the town's population growing every year, demands on the association, which is almost strictly a charitable institution, have been increasing in proportion. Membership, however, states Mrs. Houghton, has not kept pace with demands. Funds have remained nearly uniform while expenditures have greatly increased.

Insurance Support

Membership in the association consists of local industrial organizations, fraternal groups, clubs and some individual patrons. Limited contributions are received annually from the State Board of Health, Metropolitan Life Insurance Company and the Equitable Assurance Society.

Following a request by citizens in 1926, the late S. J. Wright, assisted by Dr. Wallace M. Johnson, was instrumental in forming the association. Officers, many of whom have served since the founding, consist of the following:

Mrs. Houghton, president; Dr. G. W. Rhodes, vice-president; Mrs. E. L. Richards, secretary; and C. C. Hubert, treasurer. Directors are Dr. J. R. Downes, Miss M. Elsie Wright and S. J. Turner.

FLOOD RELIEF IS CONTINUED

Cash Donations Are Boosted
To \$978.21 As Other
Organizations Give Aid

Contributions by local residents for the relief of flood sufferers did not slow down this week, according to the announcement made by Mrs. Walter Hullahen, chairman of the local Red Cross branch and leader of the drive for the benefit of flood refugees.

Mrs. Hullahen stated last night that the total of \$530.64 collected last week had swelled to \$978.21 and the amount was expected to pass the \$1,000 mark within a few days.

The local Red Cross leader received official notification of the urgent need for relief last Saturday evening and lost little time in organizing Newark agencies for the drive.

Necessities Collected

Aided by the local Boy Scout troop, Commander J. Q. Smith of the American Legion Post No. 10, supervised the collection of food, clothing and other necessities from local residents Tuesday night and succeeded in acquiring about 40 cartons of garments and shoes for immediate dispatch to the Wilmington Red Cross Chapter.

According to C. Vernon Steele, secretary of the Town Council, between 1,500 and 2,000 articles have been sent to date.

Outlying communities continued to solicit flood aid as correspondents reported the collection of money, food, clothing, etc. was still being carried on.

Mrs. Hullahen announced additional cash receipts from the Continental Diamond Fibre Co. and the Newark Public Schools. Other organizations contributing this week were: the Young Women's Missionary Society; Minnehaha Tribe No. 23; Orpak Rebecca Lodge No. 12; Pythian Sisters; Dairy Maids; Oriental Lodge No. 12; Business Women's Club; the Newark M. E. Church; White Clay Creek Church; Ladies of the Golden Eagle; New Century Club and the Newark P. T. A.

Visiting Nurse Reports 263 Visits For Jan.

Miss Alice Leak, visiting nurse for this section of New Castle County, reported a total of 263 visits for the month of January, including 233 nursing and 30 instructive calls.

Kinds of cases listed were: prenatal 2, visits 2; diabetes 1, visits 83; la grippe 8, visits 32; pneumonia 3, visits 8; paralysis 2, visits 20; apoplexy 3, visits 15; cancer 3, visits 11; arthritis 2, visits 12; appendicitis 2, visits 5; heart and kidney 3, visits 12; abscess of ears 1, visits 5; abscess of jaw 1, visits 3; miscellaneous cases 19, visits 28. Sixteen treatments were given. State work included one baby clinic every Wednesday with an average attendance, lessened by stormy weather, of 15.

Missionary Meeting

The February meeting of the Young Women's Home Missionary Society of the Newark M. E. Church will be held at the home of Mrs. Iva Mumford, Kells Ave., on Monday evening, Feb. 8, at 8 o'clock. The hostesses will be Mrs. Mumford and Mrs. Harvey Boyce.

COUNCIL SET ON PLAN FOR TREE LIMITS

Town to Supervise Planting

Special Committee

REQUEST EXPERT HELP

Announce Clean Up Days for
Feb. 17 and 18; Town
Books To Be Audited

The supervised planting of trees on uniform dates will be inaugurated this year on several recently opened and unshaded streets in Newark, it was brought out at the February meeting of the Town Council Monday night. Action to that effect and the purchase of young trees was taken several months ago.

Mayor Collins' tree-planting committee, consisting of Councilmen Charles C. Hubert, chairman, C. Emerson Johnson and Herman T. Wolaston, has been asked to submit recommendations at the March session.

The committee will likely enlist the support of L. R. Detjen, a forester connected with the University of Delaware and a resident of Old Oak Road, one of the streets falling under the plan; Dr. Robert E. Price, 54 Winslow Road, who urged such a plan last year; and William Wilson, Sr., 52 Kells Avenue, who placed the idea before the council.

Last Session Short

In addition to the tree-planting committee, Councilmen George E. Ramsey, John F. Richards and George F. Ferguson, along with Mayor Collins, rounded out the full membership of the governing body at the February gathering. Town Engineer George C. Price and Secretary-Treasurer C. Vernon Steele were also present.

The 1-hour session was one of the shortest council meetings in more than a year. Nothing debatable was offered other than a brief round-table discussion of the forthcoming audit of the town's books.

Committee Named

Although a proposal from Mack & Company, a Wilmington firm of certified public accountants, was received with favor by three councilmen, no motions for adoption were made.

It was finally decided to again employ local people to do the job. F. Allyn Cooch and Mrs. Pauline (Morris) Ewing were named for the auditing work.

Mayor Collins designated Feb. 17 and 18 as clean-up days for the month.

DRAMA GROUP TO GIVE PLAY FRIDAY

Practice for the production, "The Dead Sister's Secret or Gold in the Hills," to be presented by the University Drama Group in Mitchell Hall, Friday night, has been under way for several weeks and the members of the cast are now well acquainted with their parts in the old fashioned melodrama.

Caroline Cobb, cast as Nellie, the lass who barely escapes a fate worse than death, is an experienced actress in amateur theatricals while Lawrence Willson, of the University of Delaware faculty, the hero, is well-fitted for the part. Justin Steel is cast as the villain.

Cast Should Please

The remainder of the cast, all members of the Drama Group, which is composed of members of the university faculty and their wives together with others interested in dramatics and living in or near Newark, is well chosen and according to G. Taggart Evans, Newark, who is coaching the play, should bring many loud cheers and hisses from the audience.

Mrs. Richard L. Cooch is production manager for the play. Committees in charge of the various phases of the production are as follows: properties, Mrs. G. Taggart Evans, chairman, Mr. and Mrs. A. D. Cobb, Mrs. Perry Arnold, Mrs. G. R. Sinclair, Mrs. T. D. Mylrea, Mrs. Paul Musselman, Miss Ethel Campbell, Mrs. James Hastings, and J. R. Gould; costumes, Miss Jane Newcomb, chairman, Miss Pearl MacDonald, Mrs. A. S. Eastman, Mrs. A. (Continued on Page 6)

Lesson for February 7

JESUS THE LIGHT OF THE WORLD.

LESSON TEXT—John 8:12, 31, 35; 9:1-11.
GOLDEN TEXT—I am the light of the world; he that followeth me shall not walk in darkness, but shall have the light of life.
PRIMARY TOPIC—When Jesus Passed By.
JUNIOR TOPIC—When Jesus Passed By.
INTERMEDIATE AND SENIOR TOPIC—How Jesus Is the Light of the World.
YOUNG PEOPLE AND ADULT TOPIC—Walking in the Light With Jesus.

"The Light of the World Is Jesus!" Who does not remember with what delight we as children sang "Come to the light, 'tis shining for thee..." The Light of the world is Jesus. How precious was the truth that thus flooded our souls. Jesus was the light, and just as the sunlight shed its glory on an awakening world at dawn, so he shed abroad the light of God in the hearts of men. The writer of these lessons pens these words with the prayer that as this portion of God's Holy Word is studied and taught, the light may break forth on many a soul caught in the bewilderment of this dark world.

Our study centers around three simple words fraught with beauty and rich in meaning.

I. Light (John 8:12).
The text says, "Then spake Jesus," "When? Just after he had silenced the hypocritical accusers of a woman taken in sin, and had spoken the word of peace to her troubled soul. She was to 'go and sin no more' because she had met him who is the 'Light of the World.' They that follow him 'shall not walk in darkness'; they are the children of light, they have the very light of life.

II. Freedom (vv. 31, 32).
Free! Four letters, but what depth of meaning! Chains have fallen off, prison doors are open. The one who was bound is free.

But here we are concerned with an even more important liberty, the freedom of the soul. Many there are who loathe their independence but who are naught but slaves. Jesus said, "Whoever committeth sin is the servant of sin" (John 8:34), not its master.

How shall they be freed? Note three things in these verses. (1) A condition. "If ye continue in my word." This means not only a profession of faith but a daily appropriation and realization of his truth in life. (2) A promise. "Ye shall know the truth." The philosophers of men profess to be seeking after truth but how few there are who look to the one place where it can be found—in Jesus Christ. (3) A result. "The truth shall make you free." Truth always sets free. Men are enslaved because, as in some foreign lands, they have not had the opportunity to learn the truth (we have failed to send it) or because they have rejected it.

III. Vision (John 9:1-11).
This is one of the most instructive passages in Scripture. A man born blind is seen by Jesus. His disciples note his intent and begin to theorize on a theological question. They had learned so little of the compassionate spirit of Jesus that they saw in this blighted life only an illustration of a theological theory. May God help us that we may never be so blind.

Jesus goes at once to work. He was in the world to do the works of God. He and the Father always work. Let us follow his blessed example. "The King's business requires haste." Let us work "while it is day, the night cometh when no man can work."

By a loving and gracious act, Jesus stirs in the heart of the man that faith which causes him to go, to wash, and, glory to God, he sees! Such a personal experience of the divine power of the Son of God leaves no doubt in the man's mind that the one who caused him to see "is a prophet." All of a man's doubts concerning the deity of Jesus Christ disappear when he becomes his Saviour.

Read the remainder of the chapter and note how this man's faith is victorious in the face of trials, persecution, and even of excommunication; for outside the temple he met Jesus and takes him as his Lord. As Dr. Scroggie puts it, "His excommunication was a promotion. He went from the synagogue to the Saviour."

Thinking of Self Only
Show me the man who would go to heaven alone, and I will show you one who will never be admitted there.—Fettham.

Laws to Fit the People
Laws should be like clothes. They should be made to fit the people they are meant to serve.—Clarence Darrow.

Divine Confidence
Divine confidence can swim upon those seas which feeble reason cannot fathom.—W. Secker.

Beware of Hypocrisy
There is nothing against which our Lord warns us so terribly as hypocrisy.

Delaware Battery & Ignition Company, Inc., Offers Motorists Best Service Under Tracy

Today finds specialization in great demand and those who are equipped to meet the exacting and stringent requirements of their customers invariably fill positions of consequence in their respective areas.

Delaware Battery and Ignition Company, Inc., of 320 French Street, Wilmington, ranks high in the life of the district and also holds the favor and esteem of a long list of clients since it features a general service in battery and ignition work that is unrivalled

in the region.

Carburetors and fuel pumps are repaired and made to operate more efficiently by F. Tracy, manager of the station for the last year and associated with the company over a period of nine years.

Willard battery service is a feature of the firm's daily endeavor, while Goodyear tires and a complete stock of automobile accessories round out the impressive business scope.

Collins Joined Jewelry Trade as Boy of 14 And His Modern Shop Reflects His Efforts

Specialization is one of the commanding needs of today and those interested in providing their customers with the best must attain the heights in some particular department of their calling to gain full recognition.

Associated with the jewelry business since shortly after he entered his teens, Howard R. Collins was well qualified to establish his own business at 804 Shipley Street, Wilmington, in 1921.

His special interest in the business is reflected in the fact that he has been studying gemology for the last two years and has become a well-

known authority in this phase of the work.

Gems, precious stones, jewelry of all kinds, watches, clock, silverware and novelties are contained in the vast stock of the Collins store, while a general repair service is also offered to round out a full complement. Beautiful diamond mountings and engagement and wedding rings are much in evidence there.

Secretary of the Maryland, Delaware and District of Columbia Jewelers Association, Mr. Collins is also a member of the I. O. O. F.

Arden Weavers Among Distinctive Firms Of Kind With Choice of Materials Offered

Unusual in the general business firmament of its area, Arden Weavers, of Arden, is one of the truly distinctive enterprises.

Weaving on hand looms is the work of the firm which began its career in a converted stable, but 10 years ago Mrs. Herbert W. Mason removed her six-year-old firm to a new building which has housed the constantly growing concern ever since.

Experimentation has borne fruit in the firm's progressive strides and the use of vegetable dyes has brought

about many unusual colorings in the various materials woven at the Arden location.

An interior decorator by profession, Mrs. Mason has a thorough knowledge of color schemes and often leads the mode in new and fancy designs and unique colors.

Table linens, dress and coat materials, upholstery goods, babies' blankets, draperies, shopping and knitting bags and men's ties are included in the vast and selective complement of Arden Weavers.

Economy Co. Lives Up To Its Firm's Title

With a scope of service that is complete to the last detail, Economy Paint and Wallpaper Company has lived up to its name in offering the highest quality products for less.

The firm has stressed low prices and highest quality products in its eight-year career under Hyman and Emil Cohen, brothers, while the indi-

vidual features which have been contained in its roster have furthered the interests of everyone.

Throughout New Castle County, the Eastern Shore and southern section of the state the firm maintains its prompt and efficient delivery service, with two trucks used to cover the area.

Latest designs of wallpaper are contained in stock, while Moleta paint products, paperhanger's and painter's

Delaware Land Co. Achievements Built Westover Hills in Decade; Beautiful Homes and Del. Country Club Make Area Showplace

Building for permanency and holding a reputation of unusual proportions as a direct result of the accomplishments which have been made over a span of 11 years, Delaware Land Development Company, with headquarters in Delaware Trust Building, Wilmington, rightfully deserves the unusual approval and commendation which have come to it.

Four hundred acres in Westover Hills were purchased by the firm in 1926 and development work started immediately.

The original purpose, which has been followed to the letter, was to make the area a select and distinctive district of Wilmington, where beautiful homes would be built and give the entire region a new aspect.

Today homes ranging in price from \$15,000 to \$60,000 have been built and are occupied by many of the better known families of the state.

Wilmington Country Club stands on grounds leased from the Delaware Land Development Company.

Each year finds new steps being made to add to the general surroundings of the community, with new subdivisions being equipped with streets, lighting facilities and other aids which make the area desirable.

One of the reasons for the exclusivity which exists in Westover Hills is the supervision and careful scrutiny given all building operations.

Inspection is made of every step of home construction to ascertain that

supplies and similar items are always available.

Economy Paint and Wallpaper Company is situated on the southeast corner of Fourth and Orange Streets, Wilmington.

Fell Line of Pet Food Is Standard of Area

Beautiful canaries which brighten the household and add a note of liveliness to their surroundings are found at Lewis S. Fell, Inc., 109 West Fourth Street, Wilmington.

The store has been a Mecca for pet owners for the last two-score years and through the personal application and sincere endeavor of Lewis S. Fell has held its position of individuality through the years.

Mr. Fell handles only the finest selection of birds and the reputation established by the shop for its beautiful canaries is a direct credit to the management.

About eight leading brands of feed for birds, dogs and cats are contained in the copious stock of the Fell shop, with Mr. Fell always available to give advice and make suggestions where good feline or canine specimens may be purchased, as he does not have them in stock.

His son, Dr. Harvey L. Fell, is at the shop every day from 2 to 3 o'clock. He was graduated in animal husbandry from the University of Delaware and as a veterinarian from the University of Pennsylvania.

Delaware Hide and Fur Buys and Sells Widely

Developed along highly standardized lines and offering a service of many parts for the benefit of a long list of clients, Delaware Hide and Fur Company, Inc., of 218 Tattall Street, Wilmington, has shown the way to others in its field.

Abraham J. Sklut had his own ideas about managing a firm of this kind when he founded the business in 1912. Fourteen years later the business was incorporated and has enjoyed added prestige since then.

Four years ago the business removed from South Market Street to its present address.

Hides and furs are purchased by Mr. Sklut from trappers and dealers in Delaware and various parts of the United States. These are sold widely, with most of the furs going to New York and large quantities of hides finding a ready market in Boston.

About seven workers are kept busy in Delaware Hide and Fur Company, Inc., while two trucks are operated.

B. and O. Lunch Open Every Day and Night

The aroma of fine food and piping hot coffee predominates at B. and O. Lunch, 1616 Delaware Avenue, Wilmington, with Theodore Toulafidas giving his every attention and effort to improving the service and quality products much to the satisfaction of the large patronage which the restaurant enjoys.

Only the best meats, vegetables and fruits are purchased by Mr. Toulafidas and are prepared in a modern, sanitary kitchen by competent chefs. Dinners are the big feature of the

menu and have found approval among confirmed epicures. Sandwiches, light lunches and short orders are also included to round out a complete and impressive menu.

Mr. Toulafidas has been engaged in the restaurant business for 15 years and has been located at his present address for all but six years of this span of time.

The restaurant is always open.

Cedarbrook Poultry Is Favored In Cities

The demand for poultry is constantly increasing and among the enterprises which have placed at the disposal of the public a full selection of fowl is Cedarbrook Poultry Farm, of Cedars, three miles west of Wilmington.

Headed by Arthur L. McCabe, who is aided by his father, Isaac McCabe, and his sister, Miss Hester A. McCabe, the business has grown in size and consequence during its seven years of activity to win and hold the confidence and esteem of all.

Dealing with farmers in the neighborhood on a share basis while buying directly from others, Mr. McCabe handles large quantities of Barred and Plymouth Rocks, White Wyandottes and other popular breeds.

Turkeys, ducks, guineas and other fowl are also in stock.

Dressed poultry is featured, but live birds are also sold.

Retail markets in Wilmington, Philadelphia, and other metropolitan areas take most of the output, while many persons who call at the farm also find the stock and service to their liking.

About 2,000 birds are usually on hand, with a stock of strictly fresh eggs also available.

Charis of Wilmington Is Margolis Manager

Women who appreciate the best foundation garments and a service of unusual merit and consequence in connection with correct fittings of the beneficial aids to health and form value the work of Charis of Wilmington, located at 724 Market Street.

Mrs. Bessie Margolis, who became manager last May, has been identified with the firm and its activities for the last 11 years, serving in managerial capacities in Tacoma, Wash., and Hackensack, N. J.

She has two competent assistants in the shop, both of whom are thoroughly familiar with Charis service, while six outside representatives are engaged in measuring women in their own homes and assuring them a perfect fit in every type of foundation garment.

Most of the best materials, Charis products are prepared in a plant devoted exclusively to this work and when the garment is finished it is shipped to the Market Street location and the customer is then called to the shop where fitting and adjustment are completed.

Greenstreet Body Work Approved by Car Owners

Commanding a position in the life of the area as a result of the wide range of service which it provides and capable management behind it, Rudolph Greenstreet, Inc., of Fortieth and Market Streets, Wilmington, holds the esteem and confidence of a large list of clients.

During the last 14 years the automobile body repair shop has added constantly to its progressive program and has established itself as one of the leading lights in its work.

Wrecked cars are rebuilt to look and run like new, while a general service of body and fender work is provided to round out a complement

which illustrates the management's ideal that no task is too large or too small.

Authorized station for refueling with Duco and Dulox, the firm has extended a guarantee on all work which proves that Rudolph Greenstreet is equipped to meet the most stringent requirements of the public. He has six workers but plans and oversees every job.

MUNCH HEADS SEMI-ANNUAL SALES DRIVE

Wilmington Commercial Body
Cooperating in "Dollar
Day" Wednesday

POLICE AID MOVEMENT

The forty-second semi-annual "Dollar Day" to be conducted under the auspices of the mercantile section of the Wilmington Chamber of Commerce will be held on Wednesday, Feb. 10. Merchants there are preparing to make it the finest and most outstanding of all, from the viewpoint of the conservative shopper.

Edward A. Munch, chairman of the mercantile section's cooperative sales committee, under whose direction the "Dollar Day" will be conducted, states that a survey he just has completed of preparations of merchants for the event shows that never in the long history of these semi-annual sales events, have arrangements been made to present to shoppers such bargains and such values.

Police to Cooperate

The cooperation of the Wilmington Bureau of Police has been accorded gladly to protect out-of-town buyers from parking restrictions, and there is published in this issue of this paper a coupon, which, if cut out by the shopper and affixed to the windshield of automobiles, will permit parking as long as necessary in Wilmington on "Dollar Day," without interference.

This year, more than a hundred of Wilmington's leading mercantile establishments are participating in the event, and, after weeks of quiet but vigorous and careful preparation through thorough combing of wholesale markets and laying plans for drastic reductions on their present stocks, will be prepared to offer to shoppers from all over the Del-Mar-Va Peninsula and adjacent counties of Pennsylvania and New Jersey heretofore unattainable values.

Will Display Emblem

Official "Dollar Day" stores, as usual, will display a distinctive emblem and price cards, both of which will bear the copyrighted emblem of the Chamber of Commerce. Shoppers are urged by the Committee in charge to shop in those stores displaying these uniform signs and price tickets as they designate those merchants officially participating in the event.

All Wilmington stores participating in "Dollar Day" will be open at 9 o'clock and are arranging for extra sales people to prevent the necessity of anyone waiting. Merchandise to be offered will meet the most discriminating taste and the entire range of pocketbook "sizes."

The committee in charge have made it clear that "Dollar Day" will be held on February 10th, regardless of weather conditions. It neither will be postponed, nor will "Dollar Day" merchandise bargains be available before or after that date.

Firmin Swinnen, Noted Organist, Here February 9

Firmin Swinnen will give another of his popular organ recitals in Mitchell Hall at the University of Delaware on Tuesday evening, Feb. 9, at 8 p. m., under the auspices of the University Hour Committee. No admission fee will be charged.

Included in the program will be one of Bach's famous improvisations as well as one of his fugues, the "Fugue" from Tchaikowski's great "Symphony Pathétique," and as a closing number the magnificent "Finale" from Dvorak's "New World Symphony."

The complete program is as follows: "Concert Overture" by Maitland, "Minuet in D Major" by Mozart, "The Bells of St. Anne de Beaupre" by Russell, "Siciliano," "Choral-Prelude: Have Mercy, O Lord," and "Fugue in G Minor" by Bach, "Aria" by Lotti, "Finale" from SYMPHONY PATHÉTIQUE by Tchaikowski, "The Music Box" by Lladow, "By the Waters of Minnetonka" by Laeurance, and "Finale" from the NEW WORLD SYMPHONY by Dvorak.

Presbyterian Body Names Supper Date

The Women's Home and Foreign Missionary Society of the First Presbyterian Church will hold a covered dish supper in the lecture room of the church on Thursday evening, Feb. 11, at six o'clock. Friends of the society are urged to attend.

The date is the regular meeting night of the group which will be under the direction of Mrs. Charles Bryan and associates.

NEWPORT AND STANTON GET BETTER ROAD

Contract for Widening Goes
To Dover Firm; Sidewalk
To Be Extended

AID FLOOD SUFFERERS

By Miss Emma S. MacLary

Newport, Feb. 4.—The Delaware State Highway Department, having recently asked for bids on re-building the Newport-Stanton Turnpike, has awarded the contract to George & Lynch, of Dover. The contract is for \$94,561, being the lowest bid, and includes the re-building and widening of the road to a 20-foot concrete highway. The present road width is 16 feet and the additional four feet is to be gained by finishing the road edges with concrete.

It will not be necessary to go beyond the present road boundaries. A concrete sidewalk will be laid from Newport to Silview and Tuxedo Park. A portion of this walk is now in place, but owing to the inability of the Levy Court at the time to gain right-of-way along certain property, the sidewalk was never completed.

Bridge Widening Starts

There will be three bridges widened between Newport and Stanton, and work is now under way on this project. It is expected the work will be completed by April 1, depending on weather conditions.

The rebuilding and widening of this highway was made doubly necessary because of the added traffic anticipated when the Delaware Park race track at Stanton is put into operation.

Residents of Newport have been actively engaged in collecting food, clothing, money, etc. for the flood sufferers. The Minquas Fire Company members have solicited the town for donations, and have seen to it that the material was delivered to Red Cross headquarters in Wilmington.

Grades Boost Total

Individual grades of the Krebs School handled donations from their group, and turned over large contributions of money, clothing and canned goods to the fire company. The Newport Woman's Club has appealed to members to bring donations to the meeting this week. A special offering was received at the Newport M. E. Church and Sunday School on Sunday, and \$28.00 was donated for the Red Cross.

The Red Cross First Aid Training Class of the Minquas Fire Company held its second session this week, and now has an enrollment of 14 members. The class meets every Wednesday evening in the fire house, and Arthur M. Potter, executive secretary of the American Red Cross, Delaware Chapter, is the instructor. A Red Cross First Aid Station was established by the Minquas Fire Company about a year ago.

Junior Medal Contest

Under the Religious Educational Department of the W.C.T.U., a Junior Medal Contest will be held in the Newport M. E. Church on Sunday evening, Feb. 14, at which time eight children of the Newport Sunday School will participate. The contest is being arranged by Mrs. Marion Green, who is coaching the entrants. Those participating are: George Wright, Richard Lynam, Richard Morris, Donald Hamill, Edward Cunningham, Gordon Nevin, Charles Bratton and Charlotte Mahan. Judges will be Miss Lela Lynam, Miss Bessie Lynam and Mrs. Fred Benoit. Miss Emma Campbell, regional director of educational work in the W.C.T.U., will be present.

McCoy Retains Charge

The last quarterly conference of the year was held by the Newport M. E. Church Monday evening, in the Church House, with Dr. Walter E. Gunby, District Superintendent, presiding. There were thirty church officials present. Reports were made by the presidents of the various organizations. The nominating committee presented its list of officers selected, and the conference confirmed the appointment of the board of stewards as well as various chairmen of committees for the ensuing year. The Rev. J. C. McCoy, pastor, was unanimously invited to return for his fourth year. It was reported the church is in good financial standing, and also shows an increase in membership.

Arthur G. Craig, chairman of the building committee for the church addition, reported that the committee had in hand 51 paid-up subscriptions for monthly contributions to this fund. He announced that the Fund Raising Campaign will be brought to a close with a dinner meeting on March 4.

Valentine Party Plans

A valentine party will be held in

the Newport M. E. Sunday School for the benefit of the Fund Raising Committee on Friday evening, Feb. 12. The committee in charge comprises Mrs. A. M. Craig, Mrs. Leonard Lynam, Mrs. F. H. Webb, Mrs. Harry Palmer, and Mrs. Lorraine Harvey. The Women's Bible Class of the

Newport M. E. Sunday School will hold an oyster supper on Thursday evening, Feb. 18, in the Newport Woman's Club Building.

Clothes baskets should be kept clean by lining them with washable material, such as oilcloth or muslin, or with heavy paper that can be re-

newed readily. Oilcloth is preferable if the basket is to be placed on the ground where dirt and moisture might enter the crevices.

IMPROVEMENT SOCIETY HAS SUPPER PLAN

White Clay Creek Body Will Stage Affair Feb. 24; Auto Victim Recuperates

GRANGE MEETING HELD

By Miss Sara A. Pennington
Merrill, Feb. 3.—At the meeting of the White Clay Creek Improvement Society held Jan. 27, at the home of Mr. and Mrs. Levi Murray, arrangements were completed for a covered dish supper to be served in Harmony Grange hall on February 24, with Mr. and Mrs. L. H. Pennington as the hosts.

The committee in charge is: Mrs. Della Othson, Mrs. Pennington, Mrs. George Allcorn, Miss Iva Eastburn, Miss Elizabeth Brown, and Mrs. Mary Smally. Following the supper, there will be a meeting of the society and a program of entertainment. The society contributed \$5.00 to the Visiting Nurses Association and \$10.00 to the Red Cross for the flood sufferers.

Program Presented

The program was in charge of Mrs. George Allcorn and consisted of a recitation by Elizabeth Bradley, vocal solo by Doris Allcorn, recitation by Laura Jane Vought, skit, "Counting the Eggs," by Mr. George Allcorn and Miss Helen Dean, an original alphabet rhyme by Mrs. Joseph Vought, and recitation by Romaine McCormick.

Past Supreme Chief Lewis W. Colmery, Supreme Deputy Grand Templar of Delaware Gertrude V. William, Mrs. Lewis Colmery, Mr. Lawrence B. Colmery, Miss Rachel Greenplate, and Mr. William Greenplate were guests at the installation meeting of Wyoming Castle of Knights of the Golden Eagle at Wyoming, on Friday evening.

Auto Victim Returns

Miss Madeline E. Johnston was able to return to her home, Milltown Road, on Tuesday from the Wilmington General Hospital where she has been a patient since Friday evening suffering from severe bruises of the head and body as a result of an automobile collision at the intersection of Limestone Road and Capital Trail. Miss Johnston's car was completely demolished when it was struck by a machine driven by Peter Lucas. The accident has been investigated by the state police.

Mr. Edwin Greenplate spent the week-end in Philadelphia.

Miss Ruth Ball was a guest last week of Mr. and Mrs. Edwin Ireland in Chester, Pa. Mr. and Mrs. George K. Ball were Sunday dinner guests at the Ireland home.

Birthday Dinner Given

Mrs. Harry Brackin entertained at a birthday dinner on Sunday for her husband who celebrated his fifty-fourth birthday anniversary on Jan. 27. Those present were: Miss Ruth Seamore, Mr. Elwood Brackin, Mr. and Mrs. Albert Biddle, Mr. Harry Brackin, Jr., Mr. and Mrs. Brackin. Sunday evening visitors were: Mr. and Mrs. Charles Skinner, Miss Dorothy Skinner, Walter and Charles Skinner, Mr. Edwin Jefferies of Philadelphia has been a guest at the home of Mr. and Mrs. William Collins.

Local relatives and friends of Mr. and Mrs. James Greenplate of Newark are congratulating them on the birth of a son born January 31, in the Wilmington General Hospital. Mr. Greenplate is the son of Mr. and Mrs. Robert Greenplate on Fairview-Corner Ketch Road.

Grange Meeting Held

Harmony Grange held its weekly meeting Monday evening with more than sixty-five in attendance. Notification of the tour of the miniature traveling harrow and roller was read informing the local order that Rose Hill Grange would bring the implements of friendship and goodwill to it and in turn Harmony will take them to Pencader. Greetings from St. Petersburg, Florida, were read from Mr. and Mrs. Leslie Derickson, members, who are vacationing there until March.

The program comprised the following numbers: Piano solo by Miss Rachel Porter, readings, "The Ground Hog and His Shadow," "Friends," and "The Home Builders," by Mrs. Harry Brackin; pantomime, "The Silent Workers," by eight young women and men; impersonations and skits given by Mr. Freeman Loeffel who was assisted by several of the Grange members. Next week, there will be a surprise program.

Miss Dorothy Colmery was guest of honor at a birthday dinner served at the home of her grandparents, Mr. and Mrs. Lewis W. Colmery on Jan. 24. The guests included: Mrs. Emma Craven, Mrs. Albert Craven, Mrs. Sarah Petty, Mary Emma Petty, Mr. and Mrs. L. B. Comediennes in "Dead Sister's Secret"

Barnmaids in "The Dead Sister's Secret or Gold in the Hills," the above trio consists of (reading left to right): Mrs. G. Taggart Evans, Mrs. W. D. Holton and Mrs. George T. Boli. The drama from the "Gay Nineties" will be presented at Mitchell Hall Friday night by the University Drama Group. Advance ticket sales indicate a record audience for the performers.

Teacher Association at its meeting January 28, made plans for the students of Milford Cross Roads to have their yearly dental correction work done in Wilmington. The children will begin their weekly visit this week. In order to finance this health project, a bingo party was arranged for February 10. The program was contributed by the women members. Mrs. Leonard Nelson, Mrs. Anna Cameron, Mrs. Walter Newton gave the play "The Awkward Maiden." Mrs. Elsie Johnston had the journal and Mrs. George Allcorn, jokes.

Students of Harmony School collected canned goods, clothing and money for the flood area on Friday and again on Monday. They had in their collection, 2 boxes of wearing apparel, 13 cans of food, and \$6.20 in money. There are only sixteen students and each one has worked extremely towards aiding the sufferers.

Society Entertained

A social meeting was enjoyed Tuesday evening by members of the White Clay Creek Young People's Society with Miss Iva Eastburn as hostess.

Members of the Helping Hands class of Ebenezer M. E. Church met Tuesday at the home of Mrs. Carl Nelson and worked on their name quilt. Those present were: Mrs. Nelson, Mrs. J. B. Patterson, Mrs. Amelia Norton, Miss Bertha Kirk, Mrs. Elsie Davis, Mrs. Anna Ray Major, Miss Alma Johnston. The class contributed \$3.10 to the Red Cross for the flood relief area.

Landenberg

By Mrs. John Jagger

The Junior Epworth League held a bake on Saturday morning and as a result their treasury has had \$8.42 added to it.

Donald Crossan is nursing a sore finger caused by coming in contact with a sausage grinder.

The class of Willing Workers met with Mrs. Paul Trimble on Tuesday afternoon. They contributed \$5 to the relief fund. The following officers were elected for the ensuing year. President, Mrs. Robert McMillan; secretary, Mrs. Raymond Bracken; treasurer, Mrs. William Hufnel.

Refreshments were served to the following: Mrs. Robert McMillan, Mrs. J. D. Fernan, Mrs. E. J. Hoopes, Mrs. Raymond Bracken, Mrs. William Hufnel, Mrs. Norman Pennington, Miss Ella Crossan, Mrs. John Jagger, Mrs. John Lefevre, Mrs. Ernest George, and Mrs. Paul Trimble.

The regular monthly meeting of the Building and Loan Association was held on Monday evening.

Mr. and Mrs. Howard Cox of Hockessin spent Friday evening with Mr. and Mrs. John Jagger.

Landenberg village contributed a generous share of funds and food for the relief of flood victims in the Ohio and Mississippi River Valleys. A truck loaned by Sheehan Brothers called at different homes on Tuesday and collected more than 300 cans and jars of food and \$91.50 in cash. The goods and money were delivered to the Legion building in Kennett Square and then taken to Philadelphia for redistribution to the flood area.

PREACHER IS VOTED BOOST; KEEPS PLACE

Green Invited to Remain at Christiana Church; Salary Given Lift; Club Meets

RECEIVE NEW MEMBERS

By Mrs. Edna A. Dickey
Christiana, Feb. 3.—A large crowd attended the "Old Hymn Service" held at the Christiana M. E. Church last Sunday evening. Preceding the singing of each hymn, Rev. Green related something of the author and the reason for the writing of the hymn.

Services next Sunday will be: Sunday School at 10 o'clock, Walter Miller, superintendent. At the morning worship at 11 o'clock, Holy Communion will be administered by the Rev. J. Harry Wilson, assisted by Rev. Green. This will be the last communion service for this conference year. In the evening at 7.30, a candle light service will be held. This type of service is always very impressive.

Preacher Voted Increase

A Boy Scout meeting will be held on Friday evening at the school.

A special congregational meeting was held at the Christiana M. E. Church last week, at which time it was voted to increase the minister's salary to \$1,200. Rev. Richard M. Green has been unanimously invited to return for the eighth year.

The regular monthly meeting of the Christiana Improvement Association was held on Tuesday evening. Matters of interest to the town were discussed. This organization maintains the street lighting system.

The second class meeting in parliamentary law will be held on Thursday evening in the school at 7.45. Mrs. Ethel Booth is the instructor. The class last week was very worthwhile and more are urged to join.

A large amount of clothing and money has been sent from Christiana and vicinity to Red Cross headquarters in Wilmington for relief in the stricken flood areas. The Churches, P. T. A., Fire Company and Improvement Association cooperated in this work.

McCauley A. Visitor

Mr. C. E. McCauley, Boys' 4-H Club agent of New Castle County, visited the school on Monday afternoon and held a meeting with the boys. At the January meeting of the 4-H Club of the school held last Friday, 14 new members were initiated, making a total membership of 68. Miss Laura Rutherford was present and congratulated the club on being the first one in New Castle County to have completed its programs for the year.

Reports for the third marking period of the school will be issued on Wednesday.

A safety council meeting will be held in the auditorium of the school on Friday afternoon at 2 p. m. Albert Thorp, president, will preside. Nellie Dever is the secretary. James Ashton

of the Delaware Safety Council will be present and talk on safety and will show safety moving pictures.

The school welcomes back George and Richard Bush.

Two Plays Planned

At the assembly program next Friday pictures will be shown depicting the development of industries in America.

Extensive plans are being made for the presentation of the two plays, "The Mystery of the Tapping Keys" and "The Great Plummer Breach of Promise Suit" to be presented in the school next Friday evening at 8 p. m. These plays are being sponsored by the P. T. A. under the direction of the Bureau of Adult Education, Miss Clara Jones, instructor.

Mrs. Alma Cannon who is critically ill with pneumonia is reported to be a little improved. Mrs. E. L. Rypins, a daughter, of Seattle, Wash., is expected to arrive on Thursday.

Mr. Vincent Cannon who has also been ill is able to be out again.

Mr. and Mrs. Lynam McDowell entertained at dinner on Sunday the following guests: Rev. and Mrs. Richard M. Green, Rev. and Mrs. J. E. Layton of Holly Oak, Mr. and Mrs. Thompson Eastburn, Mr. and Mrs. Henry Eastburn, Warren Eastburn and Thompson Eastburn, Jr.

Fourth English Reading

Professor C. Robert Kase will give the fourth reading to be presented this winter by the English department of the University on Monday evening, Feb. 8, at 7 o'clock, in the Hilarium of the Women's College. His subject will be "Great Scenes from Great Plays." The department extends to everyone a cordial invitation.

FEBRUARY 4, 1937

IF

If . . . your efforts are criticized, you must have done something worth while, and you may earn something valuable.

If your business rival plays more golf than you do, you have more time to attend to his customers than he has.

If your neighbor drives a better car than you do, that doesn't make your old car any the worse.

If someone calls you a fool, go into silence. He may be right.

If your competitor gets business by unscrupulous methods, he can't hold it that way.

If the world laughs at you, laugh right back at it. It's just as funny as you are.

Council Set On Plan For Tree Limits

(Continued from Page 1)
\$110 in fines, during January, no collections were reported by Magistrate Daniel Thompson. All offenders received jail sentences in lieu of settlement, the first time such a situation has occurred in Mayor Collins' 8-year term.

Loans from local banks limited to \$30,000 for the retirement of bonds due in 1937, amounted to \$23,000, the mayor reported.

Property damage and liability insurance was placed through Louis T. Jarmon, 49 Kells Avenue, representing the Farm Bureau Mutual Auto Insurance Company of Columbus, O.

New Pump Purchased
Water department records showed that 144 additional houses had been metered in January, which brings the total to 65 per cent of the homes and buildings being served.

Councilman Ramsey realized the reward of many efforts to have a gasoline driven pump purchased for the water department. A portable affair, the pump will be used principally for expediting repairs to broken mains.

Public notice of interruption in electrical service, when known in advance, was strongly urged by Councilman Johnson. He cited a recent case where users were inconvenienced for a short period while scheduled repairs were being made.

The town's bank balance on Feb. 1 was \$22,696.46 with January expenditures placed at \$6,302.69.

Expert Here Details New Soil System

(Continued from Page 1)

1937 may be disregarded in classifying the land on which such crops were grown.

Bulbs and Flowers

The following crops which help to build up or improve the soil, have been classified as soil-conserving:

Biennial and perennial legumes: Sweet, red, alsike, white, and mammoth clovers; alfalfa; and sericea.

Summer legumes: Soybeans, field peas, and cowpeas, when not harvested for grain, hay or forage.

Miscellaneous legumes: Vetch, Austrian winter peas; bur clover and crimson clover; annual varieties of lespedeza.

Annual grasses: Sudan, millet, and Italian ryegrass, not harvested for hay or seed.

Perennial Grasses

Bluegrass, Dallis, redtop, timothy, orchard grass, and mixtures of these.

SMALL GRAINS: Rye, oats, barley, wheat, buckwheat, and grain mixtures, when not cut for grain or hay, provided a good growth is left on the land. (If plowed under or if a good growth is not left on the land the crop will be disregarded in classifying the land on which grown, except as otherwise provided.)

FOREST TREES: planted on crop land since January 1, 1934.

SWEET SORGHUMS, not harvested.

The entire acreage of land used for the production of a soil-depleting crop and on which a soil-conserving crop also is grown in the same year will be counted once as soil-depleting and a portion or all of the same acreage also may be counted as soil-conserving, as follows:

Mixtures of Legumes-Crops
The entire acreage on which mixtures of legumes and soil-depleting crops (winter legumes and small grains) are harvested together shall be classified as soil-depleting, and one-half the same acreage also shall be classified as soil-conserving, provided not less than 50 per cent of the total growth harvested consists of such legumes.

The entire acreage of legumes classified as soil-conserving (including summer legumes not harvested for grain, hay or forage) or of such a legume or perennial grass following a soil-depleting crop harvested in the same year shall be classified as soil-depleting. Also one-half the same acreage shall be classified as soil-conserving. Clovers or other legumes following small grains are typical of this group. If the legume is an annual winter legume, the entire acreage also will be classified as soil-conserving.

Green Manure Crops

If specified crops are plowed under as green manure after having attained at least two months' normal growth on land from which a commercial vegetable is harvested in the same year, the entire acreage of commercial vegetables shall be classified as soil-depleting and the entire acreage also shall be classified as soil-conserving. This provision is similar to a provision in the 1936 program.

Land not used for the production of a soil-depleting crop or a soil-conserving crop and devoted to the following uses shall be classified as neutral.

Vineyards, tree fruits, small fruits, bush fruits, nut trees, and nursery stock not interplanted. Any portions of the area which is interplanted shall carry the classification and actual acreage of such interplanted crop.

Idle crop land, cultivated fallow land, roads, lanes, lots, yards, and other similar non-crop land, and woodland, other than cropland planted to forest trees since Jan. 1, 1934.

Continental Manager To Leave for New Position

Lester W. Tarr, general manager of the Continental-Diamond Fibre Company, has resigned to accept a position with the United Car Fastener Company with headquarters in Cambridge, Mass., it was announced this week.

Mr. Tarr had been connected with the local company for 12 years. He is a chemist and previous to going with the fibre company, was a member of the University of Delaware faculty.

Local Man Is Fined By Elkton Magistrate

Francis Steele, a young man residing near Newark, was fined \$100 and costs Tuesday night by Police Magistrate Walter C. Miller, of Elkton, on a charge of operating a car while under the influence of liquor.

He was arrested early last month when he collided with a car driven by Mrs. Harold Anderson on the Elkton-Cherry Hill Road.

Mrs. Anderson and other women in her machine were badly injured while both cars were badly damaged. Mrs. Anderson has been under treatment up to last week at the Union Hospital, Elkton. Steele also underwent treatment at the institution at the time of the crash.

D. A. R. Meeting

Coch's Bridge Chapter, D. A. R., will meet at the home of Mrs. Harvey B. Steele, 31 Amstel avenue, on Saturday afternoon at two o'clock.

Newark Schools Plan to Produce Well-Known Play

On Thursday evening, February 11, Newark drama enthusiasts will have the opportunity of seeing a unique and highly polished performance of Frank Ballard's delightful comedy, "Ladies of the Jury."

Under the capable direction of Miss Ann Stauter, the dramatic group of the Newark school faculty has selected for its annual production, in the school auditorium, this comedy described by Ashton Stevens as the play with "wit enough to reward it with twenty curtain calls."

Under Miss Stauter's fine coaching, the faculty drama group has established for itself a notable reputation in play production through its performance several years ago of "Mrs. Wiggs of the Cabbage Patch" and its colorful presentation last year of "David Copperfield."

Extensive Cast

The scenery, depicting the interior of a picturesque and historic court house in a small New Jersey town, has been constructed by Jack Mohr, whose expert technique in stage construction has had much to do with the fineness of the group's past productions.

Included in the cast are the Misses Virginia Harrington, Dorothy Cloud, Rose Leary, Minnie Smithers, Ann Gallaher, Ann Chalmers, Sallie Hinkle, Verna Valance, Sara Davis, and Rebecca Kirk, and Messrs. Robert Kern, William Gillespie, Ralph O'Connell, John Phillips, O. R. Suttles, John Monroe, Jack Mohr, Stanley Gibbs, Massey Tonge, Leon Beuhler and Maurice Overly.

Local Chauffeur Injured In Auto Crash Tuesday

Howard Congo, colored, of Newark, is now in the Homeopathic Hospital, Wilmington, following a collision with an auto driven by Harvey P. Lee, also of Newark, at the intersection of Coch's Bridge Road and the Welsh Tract Church road early Tuesday night.

Congo, a chauffeur in the employ of Mrs. H. B. Wright, driving his own car, sustained a fractured knee cap, cuts and bruises and after receiving treatment from Dr. Wallace M. Johnson was removed to the hospital in the Newark ambulance.

State Highway Officer M. G. Leisure, who investigated the case, took Lee before Magistrate Daniel Thompson who held him under \$500 bail for a further hearing, March 17, on a charge of reckless driving. Both cars were badly damaged.

ROAMIN' WITH
RUTLEDGE

Watch This Guy

Now that the revival of the Eastern Shore baseball circuit is well on the road to becoming a reality, somewhat of a scramble for outstanding and likely looking playing material throughout the Delmarva Peninsula can be expected.

Six teams have given positive indication of starting the season, with Crisfield and Pocomoke City handed hopes of franchises to make the loop an 8-club affair.

All playing material will not come from the immediate or surrounding sectors, not even a large portion of it, in fact, but there will be many "local" boys wearing Eastern Shore spangles.

Which brings to mind the fact that a gentleman named Joe Cambria has been mentioned rather prominently as the sponsor of the Salisbury team. This is a hint for "local" players to count a million and ten ere they sign any documents presented by Cambria, a Baltimore laundry owner, or any of his agents.

"THE ROAMER"

He's Notorious

Although he has been permitted to operate teams in organized baseball for many years, Cambria's reputation as an employer bears a stench closely akin to that of a skunk.

At least three players—Freddie Baldwin and Nelson Bell, Aberdeen, and Harold Koppe, Perryville—known more or less to fans in the Bi-State League and each of whom performed at one time or another for Cambria, will testify as to the Baltimorean's shiftness. In each instance the expert in Cambria's clutches will state that certain shortages existed in pay envelopes under that of promised standards.

Another case of the same kind, which the writer is more than familiar with, involves Rolf (Swede) Carlson, late of the University of Pennsylvania, the Baltimore Orioles and a former outfielder with Cambria's Hagerstown Middle Atlantic League team in 1931. An outstanding member of the current Penn A. C. baseball squad, Carlson would still like to collect some salary which Cambria failed to pay him at Hagerstown.

Owned Albany

Closely associated with Clark Griffith's Washington interests, Cambria is reputed to have owned the Albany franchise in the International League for the last several years. He still operates the Trenton team in the New York-Pennsylvania wheel.

Shortly prior to Christmas, when reports were being circulated that he planned to sell the Albany rights to the New York Giants, who would move the club to Jersey City, Cambria issued a solemn promise to the mayor and people of Albany that no such deal would take place, according to published accounts.

Hardly had the "promise" passed through the presses, however, before it was announced from New York that the Giants were negotiating with Travis Jackson to manage their team in Jersey City, a franchise which had been bought from Cambria and was being moved from Albany.

There's no doubt about it, Cambria's a great guy—for aspiring ball players to duck. He's certainly no credit to the game.

R-W-R

Race Is Close

A double setback suffered during the week, when he dropped matches to Tommy Riale and Jimmy Martin, cost Fred Brown his lead in the Tri-State Pocket Billiards League race which has suddenly grown hotter than a Communist orator.

Well past the halfway point, seven of the eight entries still have a chance to win. Three men are deadlocked for the lead, due in no small part to a surprising defeat young Don Cunningham handed Tubby Ringler at Oxford on Tuesday. Jack Fossett and Tommy Riale are tied a bare half game behind the leaders, while Cunningham and Huss can still make it interesting.

FIVE MERMEN LOST BY COACH
BARDO; CAGERS KEEP STRIDE

Mentor Clark Suffers Only One Temporary Ineligibility; Swartz, Frankofsky, Snyder, Applegate and Gregg Lost to Swimmers; Quintet In Action Saturday

By Bill Fletcher

Mid-year examinations turned their heaviest barrage on the University of Delaware swimming team as two stars descended to Davy Jones and three others were capsized.

Cagers Come Through

While the already handicapped mermen were being submerged to almost a point of inaction, Coach Lyl Clark's cage squad came through the semi-annual ordeal in fine shape with only one temporary loss to the ranks. Bruce Lindsay has been, for the time being, taken off the eligible list pending the outcome of a re-examination.

Heimie Swartz, Frank Frankofsky, and Bob Snyder, three mainstays of the Blue Hen tank churners, culminated their action in the Taylor pool by virtue of poor academic performances. While Swartz was placed on the ineligible list, Frankofsky and Snyder were forced to leave school. Applegate and Gregg, two of Coach Bardo's most promising proteges, were also rendered ineligible. Frankofsky will also be missed by the grid squad.

Outstanding Diver

Of this group, Swartz will be the most missed due to his ability in the diving event in which he topped most of the first places last year. During the 1936 campaign, he came within one point of tying Harry Wilson's pool record and was expected to surpass the 95-point mark this year. He was also used several times in the backstroke and relay events.

Frankofsky, a freshman last year, was expected to annex points in the dashes and in the relay. Three Blue Hen toasters and one track prospect fell by the wayside as Ernie George, Ed Graham and Eric Viden were eliminated from baseball activities and Bob Ramsey was deprived of his eligibility for track participation.

Lose Embryo Star

Graham, an outfielder, was expected to be a big help to the Hens on the diamond this spring. While at Caesar Rodney High School, Graham was a member of the team which capped the state championship. He has also played with several well-known independent clubs.

Coach Clark's cage team will resume its battles on Saturday when West Chester State Teachers College will furnish the opposition. Bucknell will follow on Wednesday, February 10, and Dickinson on Friday, February 12. All three games will be played on the home grounds.

On Monday, the splashers from West Chester Teachers College will oppose Coach Bardo's depleted stock of swimmers in the local tank.

Sixteen Entries
Participate For
Awards at Traps

With Jordan breaking 39 clay pigeons out of 47 shots, followed by Smith, 29x44; Jackson, 22x27, and Little, 31x37, the first of a series of shoots being sponsored by the Newark Baseball Club was held last Saturday at Dameron's Field. Sixteen marksmen vied for assorted prizes.

Little was the big winner of the day carting home a pair of chickens and a pair of guineas. Jordan captured three prizes, two went to Collins, while Paul Whiteman and Jackson were single award winners.

Shoot Every Week

With weather permitting, the marksmen will vie every Saturday afternoon, Jack Edmanson, manager of the shoots, announced.

Following are the individual scores: Jordan 39x47, Spry 24x43, Collins 15x27, P. Whiteman 17x29, Argo 4x6, McCarns 25x42, R. Whiteman 12x26, Smith 29x44, Everett 12x22, K. Whiteman 6x10, Little 31x37, Jackson 22x27, Cornog 16x25, Lawson 6x10, Edmanson 11x18 and Norton 2x5.

Notes on the Game

By Coach HARRY W. SIMESTER

Brothers College, Drew University, Quintet MADISON, N. J.

OFFENSIVE PLAY

A dependable scoring punch—the answer to every coach's prayer—is possible without a vast assortment of plays. As a matter of fact, the team with a few simple plays skillfully selected and executed is more effective than one with a complicated array in which quality has been sacrificed for quantity. A team thoroughly grounded in the fundamentals, that knows a few good set-plays, needs just two vital watchwords to govern their use: decision and precision.

Right Play and Time

Decision: Selecting the right play the moment it is needed. The player who calls the signals must be trained to size up instantly his opponents' weakness. But he must be clever enough to play through that weakness only when it is essential to score, and not so frequently as to point out the gap to the opponents. The field general must also be able to discover why a certain set-play fails, and to correct the fault before it does irreparable damage. If the correction proves impossible, he must avoid that play. He must direct his men to capitalize on each and every opportunity provided by the opponents.

Perfect Timing Needed

Precision: Perfect timing by every member of the team. Tip-off plays are useless without control of the tap both at center and on held balls, and when the guards and forwards do not know how to convert an advantage into a score. First of all, be sure no one will point the plays; make all the set-ups appear similar at the start. Then be certain every player knows every position of every play, down to the ground. For out-of-bounds set plays the ability of every man to jump into any of the five positions is particularly essential. Each man, for instance, should be able to fake a cut for a pass, thereby drawing an opponent out of position and shaking a team mate into the open. To begin with, walk your men through the various set-plays, until understanding and confidence gradually increase the speed. Work it up to a whirlwind attack; but don't let it get careless!

Next week—Offensive Plays.

West Nottingham Also Meets Defeat; Dover Presents Obstacle Friday

STATE EGNOR DROPPED

Handing a not-too-strong West Nottingham Academy team a lacing on the Tome School court last Saturday and taking Conrad High into camp by a 21-17 count here Tuesday, the Newark High School basketball array marked up a young winning "streak" during the week. The pair of triumphs gave the Jackets three victories against six defeats for the season.

That the "streak" may die in the embryonic stage, however, exists in the fact that a Dover team boasting 18 consecutive triumphs will form the opposition in the Capital City Friday night.

Egnor Is Dropped?

Although official information has not been forthcoming, it is reliably reported that Robert (Bones) Egnor, captain of the football team last fall and acting captain of the court delegation, has been dropped from the squad for breaking training rules. He did not play against Conrad on Tuesday.

The most experienced man on the team, Egnor's absence will likely be felt in a big majority of the remaining games on the schedule.

Following the Dover tilt Friday, the Jackets have three games at home—West Nottingham, Tuesday; Wilmington, Friday, Feb. 12; and Dover a week later.

Finish at Claymont

The last three games on the slate will find the high school passers performing on foreign floors. P. S. du Pont, Feb. 23; New Castle, Feb. 26; and Claymont, March 5, complete the card.

Coach Gillespie's faculty team reversed the order of things on Tuesday when Conrad's teachers were beaten, 20-19, in a tight contest. It was the local faculty's second victory of the New Castle County League race. The teachers play the league-leading Ferris School mentors there next Tuesday.

Elkton Wins Exhibition
Match at Legion Alleys

Rolling up a total score of 2688 pins in three games, the Elkton team of the Wednesday Night Bowling League downed an Aberdeen combine at the Legion Alleys Saturday night. The visitors scored a total of 2478 pins.

"Bottles" Marquess was the star of the match with an individual score of 589 although three of his mates were above the "500" mark. J. Day and C. Day of Aberdeen had respective scores of 532 and 525.

Welker Cochran Will Appear At State Next Week; Is Balk-Line Titlist

EXPECT RECORD CROWD

By "Cue Keeley"
The supreme personality in billiards, the present champion of the world at the balk-line game, and winner of two world's championship tournaments at three cushions, will be presented to carom lovers in an entertaining and instructive exhibition at the State Parlors on Friday, Feb. 12, when Welker Cochran will appear in a special match with Jimmy Martin, followed by a point tilt at three cushions.

Ranks With Leaders

In addition to vice winning tournaments at three cushions against the pick of the world, Cochran has held the balk-line title whenever Hoppe or Schaefer suffered the slightest lapse from top form. And Cochran showed them a little form of his own in winning the world's title in 1927 at Washington, D. C., with a grand average of over 57 per cent. Hopelessly behind, apparently, in a match with Eric Hagenlacher, he amassed a cluster of 407, to overtake the German and win the title in the following inning with another big run close to the double century mark.

Thing of Beauty

A summary of his high breaks at balk-line and his three cushion exploits would be a mere success of figures. His style of play is a thing of beauty, his stroke machine-like precision. And with it all his affability gains him admirers by the thousands. Cochran will devote at least twenty minutes to personal instruction free of charge on the fundamentals of billiards.

Defeated in their two opening games last week at Rehoboth on Thursday and at Wilmington on Saturday, the Newark Yellowjackets, independent basketball team, will travel to Cambridge, Md., Saturday night in quest of their first victory.

Champ Is Swamped by Martin And Riale; Ringler Blows Golden Opportunity

THREE TIED FOR LEAD

Seven Figure in Title Hunt As Race Passes Halfway Mark; Hanna Trails

By "The Roamer"
The leading trio in the Tri-State Pocket Billiards League are deadlocked in first place tighter than a sailor on shore leave as the result of an upsetting week.

Starting with a 125-54 lacing which Tommy Riale slapped on Champion Fred Brown at Rising Sun last Thursday night, later developments of the week served to scramble the race into a wide-open affair. Three men are tied for first place, two are deadlocked a bare half game behind, and two others still have a great chance of overtaking the pack.

Ches Huss, Oxford, who ranks seventh for the nonce, is only two games out of the lead with seven matches yet to be played. Which indicates that things have been happening in a big way and that loads of fireworks are still to be set off.

Champ in Slump

Appearing here Tuesday night, Brown dropped his second match in less than a week and his second start of the season to Jimmy Martin. His game was way under par in the local canto.

Newark's "Grey Eagle" and co-hope with Jack Fossett for notching the title, likewise had little to offer by way of championship form in the Tuesday night fuss.

Off to a lead of 79-27, Martin suddenly went into a tailspin that opened the way for Brown to reduce the margin by a series of short rallies. Martin's best run for the night was 17, while the loser twice completed strings of 13.

Ringler Blows Chance

Tubby Ringler, performing on his home table at Oxford, muffed a golden opportunity to move into full possession of first place when 17-year-old Don Cunningham handed him a 125-92 reverse on Tuesday.

Grady's 8 Bowling Alleys Headquarters For Many of Biggest Leagues in City Area

Where sportsmen meet, Grady's Bowling Alleys, at Eighth and Orange Streets, Wilmington, has become one of the most famous enterprises of its kind in the East.

But it also holds another sectional distinction, as many players have acclaimed its equipment and facilities second to none in this section of the country.

Leading leagues bowl there nightly, while ladies' leagues also take advantage of the eight well-kept alleys to show their best game.

Augmenting the alleys are two billiard tables and eight pocket billiard tables, also providing excellent facilities and the best equipment for those

who enjoy the ancient green-felt game.

Jimmy Caras, world's champion billiard player, and Willie Mosconi, veteran of two world tournaments, put on an exhibition at Grady's recently and played to a crowd of 500 spectators, while as many more were turned away.

The alleys have a gallery capacity for spectators of 100, while as many as 150 interested billiard enthusiasts can watch cue competition.

William Grady has been associated with the alley and cue games for 30 years and has had ample experience to make his place truly distinctive.

Delaware Scrap and Salvage Co. Stocks Countless Strural Needs for This District

With a stock of new and used steel always on hand to meet the demand of contractors, builders, and others, Delaware Scrap and Salvage Company, of 106 to 110 Orange Street, Wilmington, has placed itself among the select members of its field.

A year ago Isidor Riebmman established the business with versatility as one of its major assets and providing the type of service which assures satisfaction brought the concern to its present tier.

I beams, channels, plates, angles and pipe are offered in wide assortment. The most exacting purchaser is certain to find something to meet

his needs at Delaware Scrap and Salvage Company.

Within a radius of 50 miles of Wilmington Mr. Riebmman buys and sells all kinds of scrap metals and used steel and iron construction requirements. With this extensive contact in the industry he is certain to please all who call upon him.

Dismantling plants, boilers and similar structures and industrial aids, he utilized the best methods and assures entire satisfaction for every one.

Three trucks are owned and operated by Delaware Scrap and Salvage Company to speed service.

Betty Floral Firm is State's Largest With Impressive Services Provided

A complete floral service is available to residents of Wilmington's metropolitan area through J. Elmer Betty, Delaware's largest retail grower of flowers.

His shops have gained approval from transients as well as from residents in the area and through the personal application of Mr. Betty and his sons, John, Charles and Paul Betty, the firm has gained the heights.

The firm maintains offices and a store at 407 Delaware Avenue, white duPont Flower and Gift Shop, in the duPont Building, is one of the best known locations of its kind.

The showplace of the entire region, Betty's conservatory, with 100,000 square feet of glass covering flowers and plants of every description, is known to thousands who pass it on Lancaster Pike, at Silver Brook.

New demands have taxed the facilities and stock of the greenhouses and this Summer will find extensive additions being made to accommodate increased business.

Members of the Florists Telegraph Delivery association, the Betty shops are equipped to send flowers to any part of the world within two hours.

Juniors Plan To Mark Birth of Abraham Lincoln

"Members of the American Flag Council No. 28, Jr. O. U. A. M. re-

turned strong to their council chamber Monday night after the anniversary celebration last week," said A. Neal Smythe, publicity chairman for that organization, in an interview this week.

"We appreciate the kind remarks of our guests at that time and hope to have a larger and more varied evening of pleasure for our next celebration," he continued.

"Next Monday night will be 'Abe Lincoln Night,' Mr. Smythe continued further, "and all members will have remarks on this great man."

James Kirk and Tony Davis will render a duet as part of the entertainment.

"Well boys," he concluded with a grin, "get your bibs cleaned as we go to Delaware City Friday night where Brother Devonshire will install the officers of Old Glory."
