## 36 MEMBERS IN 36TH NEWARK SENIOR CLASS

School Graduates Will Receive Diplomas Tomorrow Night; Dr. Park Huntington, The Speaker

### CLASS NIGHT

The thirty-sixth graduating class of the Newark High School, which, incidentally, numbers thirty-six members, started its commencement activities Sunday evening with the baccalaureate service, which was given by Dr. R. B. Mathews in St. Thomas church. Graduation will take place, tomorrow night, at 7:30, standard time, in Wolf Hall. Last night Class Night exercises were given in Wolf Hall.

Warren Bunting, president of the class, presided at the Class Night exercises. He greeted the guests of the class and then introduced the various participants on the program. The stage of Wolf Hall was decorated with a trellis of roses, with the class members in the center. The Hall was packed to its full standing room capacity.

Lillian Brown, class historian, gave an interesting running account of the high lights of the class activities in the four years of high school life. She stated that it was the first class to spend all four years in the new building.

The class will, given by Mary Doordan, was signed, sealed and delivered in formal legal style. It was full of ever personal quips aimed at the graduating class, next year's seniors and the faculty.

The class prophecy, given by Curtis Potts, who was assisted by Alice McCormick and Margaret Wilkinson, was presented in a unique skit. The scene was a room with a radio. Potts, a radio announcer, was heard over the radio broadcasting the whereabouts and occupation of each member of the class. Some of the prophecies were apparently embarrassing.

Harry Draper presented gifts to the class, and in turn received one himself. Each gift was a sly innuendo aimed at the recipient. After the humorous gifts were bestowed, Mr. Draper presented gifts to Mr. Brinker, Mr. Barker and Mr. Meloy in token of appreciation for their interest and help.

The class song concluded the program. It was sung by the entire class with Curtis Potts leading. The music of the song was written by Roberta Deak, and the lyrics by Roy Walton. Both are members of the class.

Dr. Park W. Huntington, prominent Lutheran clergyman of Wilmington, will be the speaker at the commencement exercises, tomorrow night. The subject of his address will be "A True Life Program." Dorothea Chalmers will deliver the valedictory; Warren Bunting will be salutatorian; and Margaret Wilkinson will deliver the class oration. H. Harrison Gray, president of the Board of Education, will present the diplomas.

## DELAWARE DESIGNATED DISTINGUISHED COLLEGE

Major Robert P. Glassburn, U. S. A., commander of the R. O. T. C., and instructor in military tactics at the University of Delaware, was notified by the War Department Saturday, that the University of Delaware has been designated a distinguished college in military.

This rating is the result of the fine showing made by the R. O. T. C. of the university when inspected by army officers designated by the War Department several weeks ago. This is the first time since 1926 that this university has received this high rating.

The rating gives Major Glassburn the authority to select two honor graduates in the R. O. T. C., and for this honor he named Richard W. French, of Richardson Park, who is cadet major of the R. O. T. C., and Robert Burton, of Philadelphia, who is captain and adjutant in the battalion.

## GINTHER BREAKS COURSE RECORD

Shoots 66 Over Par 70 Newark Course To Break Par For First Time In History Of The Club; First Round A Sensational 32

"Eddie" Gintner, professional at the Newark Country Club, set a new record for the club course, last Thursday, when he turned a sensational 66 for the par layout. This is the first time that any player has broken par over the course. Both Gintner and Alec Tait, of the Wilmington Country Club, had previously played the course in par figures. "Eddie" was playing with Dr. W. O. Sypher when he made his record score.

"Eddie's" first round was the sensation of the performance, for he turned in three "birds" and six pars for a scintillating 32. He shot one under par on the 511 yard first, the 123 yard second and the 487 yard sixth. On the second round he again got three birds; on the first, the 288 yard third, and on the sixth; but took one over par on the second and on the 430 yard seventh. The other four holes he made in par figures, giving him a 34 for the nine.

The scheduled team match between Newark Country Club and Kennett Square Country Club, which was to have been played at Kennett, Saturday, was postponed because of the weather and another date for the match will be arranged.

On Sunday, H. A. Turner, Jr., shot a 79 to take the silver spoon for low gross score.

Last Thursday Dr. Walter Hullahen entertained the members of the Wilmington Rotary Club, at golf, at the Newark Club, and later gave a dinner in Old College.

On Sunday the Delaware Alumni Association held a "Kicker's Handicap" tournament on the Newark links.

### WESLEY GRADUATES 25

At the commencement exercises of the Wesley Collegiate Institute, Dover, held last night in the school gymnasium, a class of 25 received diplomas. The Reverend Samuel McWilliam, D. D., pastor of the Asbury M. E. Church, Salisbury, Md., made the graduation address.

At the annual meeting of the Board of Trustees, Tuesday, reports showed much progress in the work of the institution under Prof. Clarence A. Short, president.

It was announced that the institute had this year completed its school year without a deficit. It was felt that the year had been in every way successful.

After that date a penalty of 5 per cent of the amount of the license will be added for each month of delinquency in filing an application. Applications may be filed at Magistrate Thompson's office.

## RICH TROPHIES FOR TRAP SHOTS

Best Shotgun Talent In Country To Compete For Handsome Prizes In Delaware State Tournament At Yorklyn Gun Club

Famous trap shots from many states are warming up today for the Delaware State championship tournament, to be held at the Yorklyn Gun Club, tomorrow and Saturday. Indications are that a large quota of local shooters and a number of sportsmen from distant places will be on hand to get the lay of the land and to key up shooting eyes and trigger fingers in the practice affair.

It is probable that Price Jackson, crack Newark wing shot, will take part in some of the Friday and Saturday afternoon events.

While the Delaware classic will be held under the auspices of the Delaware State Sportsmen's Association, it is also of a national character. It is officially designated as a "registered tournament" by the Amateur Trapshooting Association, the governing body which stands in similar relation to trapshooting as do the central organizations of tennis and golf.

That the Amateur Trapshooting Association considers the Delaware shoot one of the most important of the year is shown by the contribution of the handsome and valuable prizes which will be added to the family silver chests of the winning shooters. A telegram received by J. C. Guenver, secretary of the tournament committee, advises of the shipment of the sterling silver prizes as follows: Vase for singles champion; plate for handicap champion, plates for doubles champion, vase for all-around champion, mayonnaise bowl and ladle for ladies champion. All of these trophies are of handsome design and are believed to be the finest ever offered in a state tournament. The prizes contributed by the A. T. A. and the several state titles are for residents of Delaware only.

Shooters from other states, however, will be well rewarded by trophies offered by the Delaware State Sportsmen's Association, which will act as host to visiting sportsmen. The principal ones of the many prizes, which will be open for competition by the big field of resident and non-resident trapshooters, equal in beauty and value the expensive gifts put up by the A. T. A. Included in the long list of sterling articles are the following: 200 target event, four classes—first each class, flower basket; second each class, candle sticks; night targets event, three classes, Lewis system—first each class, bonbon set; second each class, steak set; Delaware (Continued on Page 4.)

## HOMEMAKERS TO PICNIC JUNE 20

County Home Demonstration Club Members Will Spend Day At University

Great preparations are being made for the awarding of the ten prizes to the women who made the greatest improvement in their kitchens since the contest began in New Castle County in April. Three other prizes will be given to those who wrote the best story of what they did and how they did it.

To properly recognize the work that these women, and many others who were not in the contest, have done this year to better their homes and lighten their burdens as homemakers, an Achievement Day has been planned at the University of Delaware, Newark, June 20th. Every homemaker in the county is invited as this work has been done under the supervision of the County Home Demonstration Agent, Mrs. Kate H. Daugherty.

Come about ten o'clock and bring with you three sandwiches for each person who comes with you, and one other dish of either a salad, dessert, or vegetable. All food will be placed on long tables together. Bring a cup, fork, spoon and plate for each person. Ice cream, coffee and milk will be furnished.

In the forenoon, a general good time will be had with games, recreation and interesting exhibits to look over. In the afternoon there will be greetings from several officials of the University, a short talk on Home Management by Mrs. Marion C. Bell, of the New Jersey Agricultural College and lastly the awarding of the prizes to the winners.

Plan your week so that you can attend this good program and holiday.

## Elkton

Class night was held in the New Theatre, Elkton, Tuesday evening by the Seniors of the Elkton High School.

Trapped aboard the blazing yacht, Charlo, which was burned to the water's edge while passing through the Delaware and Raritan Canal, Miss Dolly Pratt, of Elkton, who was accompanying Dr. and Mrs. Charles R. Hughes and their two children, of Philadelphia, narrowly escaped death Friday afternoon. They were saved when one of the boat hands on the yacht jumped into the canal with a tow rope between his teeth, swam ashore and made it possible to pull the craft to shore, where the party were taken off safely. So rapidly did the flames spread that nothing was saved. Miss Pratt lost her entire wardrobe.

The large clock in the show window of J. J. Minster and Sons, Elkton jewelers, wound up and placed there a week ago, on the face of which appeared the photographs of the twenty-two members of the graduating class at the Cecil County High School, Elkton, stopped running Thursday night. The girl's picture nearest the minute hand was Miss Margaret Shallcross, and the boy's picture nearest the hour hand was Nicholas Lanzalone. Each of them will be presented with a watch.

The Girl Reserves served a most delightful Mother-Daughter supper last Wednesday evening in Eagles' Hall. The room was prettily decorated with crepe paper in blue and gold, the club colors. The long table had a huge vase of roses as a centerpiece; and each present found at her plate a unique and attractive program, place-card and favor. Mrs. R. Earle Dickey acted as toastmistress, and after the remains of the feast had been cleared away the following program was carried out, interrupted frequently by club songs of all sorts: Address of welcome to the mothers, Elizabeth Moore; response for the mothers, Mrs. H. A. Phelps; talks by Miss Ruth H. Kemp, of Dover, and Mrs. Preston W. Spence, Jr., and the main speech of the evening, a most interesting and helpful one, by Mrs. J. S. Hammond,

of Wilmington. Those present at the supper were: Mrs. P. W. Spence, Sr., and Mrs. J. S. Hammond of Wilmington; Miss Ruth H. Kemp of Dover; Mrs. R. Earle Dickey, Mrs. P. W. Spence, Jr., Mrs. John W. The church was beautifully decorated for the occasion with both wild and garden flowers and greens, and music for the occasion was furnished by the school orchestra under the direction of Mr. Harold Barker, of Newark. There were three graduates, Elsie Ware, Bayard Bush and Frank Thorp. The program follows: "America," by orchestra; invocation, Rev. Preston W. Spence, Jr., pastor of Christiana M. E. Church; song, "Voice of the Wood," by the school; essay, "Our Country," Elsie Ware; a march, "Progress," by the orchestra; essay, "Our Neighbor on the North," Bayard Bush; song, "O Come, Come Away," by the school; essay, "Our Neighbor on the South," Frank Thorp; "Battle Hymn of the Republic," by the orchestra; recitation, "The Fairies of Caidon Low," Eleanor Delecollo; song, "Echo," Bayard Bush; "Responding Echoes," Elsie Ware and Joseph Delecollo; recitation, "Little Bell," Sylvia Phelps; selection, "Playmates," by the orchestra; address of the evening, Rev. Moore, is working hard to make this the most successful carnival to date.

Plenty of excitement was furnished the people of this quiet hamlet last Thursday evening, when a fire of unknown origin completely destroyed the roof and upper story of the log-house owned and occupied by David Holland, one of the oldest and most respected colored residents of this place. Both engines turned out in answer to the alarm, but there was considerable delay in getting a stream on the fire on account of its being low tide, with naturally very little water in the creek. The firemen, however, did excellent work when they did get the water, as is shown by the fact that so much of the house was saved.

government, and industry, and cited interesting examples to show that there was no limit to the size of structures or machinery that could be built when needed. He said that the need today was not for more scientific knowledge, but rather for a greater knowledge of economics, sociology, and government. He explained that we could produce abundantly, but we could not distribute fairly, the results of this production, had we so far been able to raise the masses of the people to higher ideals of existence to which they may aspire through improved conditions of living. Dean Kimball concluded by stating that there was a great need for intelligent leaders, who could recognize the old humanities and the ancient virtues and put them in force in the modern scheme of things.

Dean Dutton and Dean Robinson announced the winners of prizes and scholarships, and Dr. Hüllihen awarded the degrees and diplomas. No honorary degrees were awarded, but one graduate degree, a Master of Science, was conferred on Albert V. Krewatch. The exercises were opened by an invocation by the Reverend W. W. Harris, of St. Georges, and closed by a benediction by the Reverend William H. Revelle.

Following the commencement exercises, the commencement luncheon for the graduating class was held in Kent Hall, the Women's College.

### THE LAST OPPORTUNITY OF SERVICE

When a loved one has passed on to eternity, there is but one opportunity of service that remains—to mark the burial place with a monument that bespeaks your love and expresses the dignity and nobility of the character of the departed.

Such monuments are fashioned by the expert craftsmen, J. Jos. Ayars, of Lancaster and Cleveland avenues, Wilmington, Delaware, hewn out of the most lasting materials. Each is of the highest expressions of memorial art.

There is a wide selection of choice between different types of stone and styles of monument. These monuments remain unaltered despite rain or sleet—they form everlastingly beautiful memorials to those who have passed on.

Mr. Ayars is equipped to prepare unpretentious or large monuments at prices very slightly above cost.

When a monument is ordered there you may be sure that you are marking the grave of the departed with an exquisitely carved, dignified and lasting memorial.

Let Mr. Ayars call on you and present you with lists and prices on the hundreds of types of monuments with which he will acquaint you. Especially ask him about the newer style lettering which is now so much admired—that of the shaded beginning and ending letters.

### BLUE HEN TEA ROOM IN SUMMER APPAREL

The Blue Hen Tea Room has assumed its summer garb with its blooming flower boxes and awnings, and Mrs. H. D. The kitchen has recently been equipped with a General Electric Refrigerator and this is being used in the preparation of frozen dainties.

With the closing of the University, the Blue Hen will try to maintain a daylight saving time schedule, and asks that persons wishing late dinners make reservations in advance.

### SAFE DEPOSIT BOXES ARE A NECESSITY

The necessity for every home owner having a safe deposit box, is pointed out by the Security Trust Company, of Wilmington. These boxes which are obtainable at many prices, according to the demand, come small enough to cost but a trifling fee where they are but a few papers to be kept.

Recently a man who neglected to have such a box was the victim of robbers who took the papers that he should have stored in a safe deposit box. The only way to be safe is to rent such a box. The safe deposit department of the Security Trust is one of the most modern and burglar and fireproof in the country.

### ART STONE FORCE ON OVERTIME SCHEDULE

Operating with an augmented force, the Art Stone and Tile Company, formerly the Artificial Stone and Tile Company, of 2500 West Fourth street, Wilmington, has found it necessary to work on an over-time schedule, due to the many large contracts on hand. Arthur Pavoni, who is head of this concern, said yesterday, that it was the busiest period he had had since he entered the business.

While there are a number of tile contracts on hand, chief among which are those for the Emelea P. Warner Junior High School, four bathrooms in as many homes at Twenty-third and Franklin streets for Emil Topkis, and a residence being constructed by Claude Banta, near Penny Hill, the cast stone department has been unusually busy. This product, which is manufactured in a modernly-equipped shop, is being widely used not only in Wilmington, but a number of out-of-town points. At the present time it is being shipped to Chester, Pa., where it is being used for two large operations.

### TRANSPORTATION

Money is the greatest medium which one can use to secure results in almost anything. However, the greatest single thing that has brought nations together, the thing that has made possible the fullest relationship between nations and all peoples of transportation.

The single greatest factor in transportation is time. We can all remember the old days of the horse and buggy, then the automobile, now the aeroplane, and what next?

The greatest of all transportation systems has been the railroads, they did not fully realize what the trucks meant to their business; it has only been within the last year or so that the railroad companies have recognized the trucks as a great mover of merchandise, especially for short hauls.

The little old truckman represents the pioneer in this new transportation link. Mr. G. G. Warrington, of 1023 Lombard street, Wilmington, is one of these pioneers, one who also has kept up to date in equipment, and has built a reputation for reliable hauling and reasonable prices. No reader of this paper will go wrong in obtaining from Mr. Warrington a price on any trucking, no matter how small or how large the job may be.

Every generation laughs at the old fashions, but follows religiously the new.—Thoreau.

### ANNUAL MEETING OF BEST LOCK STOCKHOLDERS

The first annual meeting of the stockholders of the Best Lock Corporation of Delaware will be held in the auditorium of the Wilmington New Century Club, 1014 Delaware avenue, Wilmington, Saturday afternoon, at 2 o'clock.

A resume of the company's progress and development will be given as well as a brief history of the Best Universal Lock Company, which is in Seattle, Wash., and whose assets have been taken over by the local concern. The Seattle factory will continue to be operated as a branch.

Motion pictures of the Pacific coast plant's machines in action will be shown and will give the people a clear idea of the development and progress made. It will also give some insight as to the possibilities of the automatic machines now being designed by Frank E. Best, president of the corporation, for the Wilmington factory, which will make the junior core for automobiles, filing cabinets and other equipment needing small locks.

Although only stockholders will be permitted to vote, anyone interested is invited to attend the meeting.

### PERFECTION SELLS THREE CARLOADS INCUBATORS

So well-known have become the incubators manufactured for the Perfection Incubator Company, at the foot of Orange street, Wilmington, that a great many advance orders have already been written on the books. Only within the past few weeks, contracts were completed for three carloads, to be sent to various parts of the country next fall.

John MacLeod, vice-president of the company, who recently returned from a trip among customers and prospects in New York State, booked a great many orders. He stated that conditions among the poultry raisers were good and that many of them were enjoying the best business in many years.

Had we not faults of our own we should take less pleasure in observing those of others.—Rochefoucauld.

**Christian Science Churches**  
"God, the only Cause and Creator" was the subject of the lesson-sermon in all Churches of Christ, Scientist, on Sunday, June 9.  
Golden Text: "By the word of the Lord were the heavens made; and all the host of them by the breath of his mouth." (Psalms 33:6.)  
Among the citations which comprised the lesson-sermon was the following from the Bible: "Thou art worthy, O Lord, to receive glory, and honor, and power: for thou hast created all things, and for thy pleasure they are and were created." (Revelation 4:11).  
The lesson-sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Advancing to a higher plane of action, thought rises from the material sense to the spiritual, from the scholastic to the inspirational, and from the mortal to the immortal. All things are created spiritually. Mind not matter is the Creator."

**SPECIAL EGG SHOW FOR 4-H CLUB MEMBERS**  
The long debated question, "Which came first, the hen or the egg," has never been satisfactorily answered. It would seem, however, that officials of the Delaware State Poultry Association in appointing a committee to stage a special egg show for 4-H Club members, in connection with the Delaware State Poultry Show, to be held at Milford, December 3d, 4th and 5th, have rather distinctly implied that relative importance the egg ranks above the hen.  
As evidence of this decision in favor of the egg this special egg show committee has adopted the unique slogan "You may get a few good eggs from a poor hen, but you'll never get even a poor hen from a bad egg."  
The committee in charge of this 4-H Club egg show consists of C. C. Hudson, Frankford, as chairman, and Denny Pleasanton, Dover; Mrs. Horace Dennison, Hockessin; Miss Anne B. Moore, County Club Agent, Georgetown; Miss Helen Comstock, County Club Agent, Dover; George M. Worrlow, County Club Agent, Newark; and A. D. Cobb, State Leader of County Agents, University of Delaware, Extension Service, Newark. Later in the season several club members from each committee will be added to the committee.

Classes for eggs will be based upon the market grades usually defined at the markets to which Delaware eggs are shipped, and it is believed that this will be the first egg show in the entire country where this classification has been offered. White eggs and brown eggs will be shown separately and will be divided into classes for Extras, Medium and Small eggs. The prizes offered will be \$3.00, first; \$2.00, second; \$1.00, third, and 50 cents, fourth in each class.  
Each entry will consist of one dozen eggs and any 4-H Club member may enter one dozen eggs in each of the six classes.  
Information as to the market requirements of each grade of eggs will be prepared by H. S. Palmer, Poultry Extension Specialist of the University of Delaware, and furnished to 4-H Club members through the County Club Agents.  
The committee in charge hopes to have 500 dozen eggs entered for competition, and has set the following quotas for each county as follows: Sussex 300 dozen, Kent 100 dozen, and New Castle 100 dozen. No entry fee will be charged, but the eggs are to become the property of the show and will be sold to help defray the show expenses and to raise funds to send a 4-H Club Poultry Judging Team to represent Delaware at the Madison Square Garden Poultry Show in New York City in December.

The members of this judging team will be selected at a judging contest held at the Delaware State Poultry Show in Milford on December 5th.  
Every 4-H Club member in the state is eligible to enter eggs in this show and it is expected to be the biggest educational feature of this year's State Poultry Show.

## Lodge Notes

JR. O. U. A. M.

Councilor Amos Norton presided over a busy session of the American Flag Council, No. 28, Jr. O. U. A. M., last Monday evening. Special prizes committee gave a very gratifying report. Nominations of officers were opened and will continue for next meeting. Election takes place Monday evening, June 24.

Next Sunday morning, June 16, at 10:30, daylight time, the Council will meet at the hall in a body to attend services in the Ebenezer Church. Rev. Oliver Collins, pastor, is a strong Junior Mechanic and will have a special message for all. Come one, come all, a royal welcome awaits us. —A. Neal Smyth, Jr. Past Councilor.

## Flag Day, June 14

Every civilized nation symbolizes its governmental ideas. The story of the origin and growth of the Stars and Stripes is the story of American patriotism. Patriotism constitutes the very soul of a Republic. The forty-eight stars represents our Union and the stripes symbolize the enduring attributes of this Union.

It should be remembered that Old Glory becomes more and more precious in proportion to the spirit of loyalty cherished by our citizens. We know the awful cost of this flag, we know its protecting influence, we know its message to all the people of the earth. Let it be carried in time of war and in time of peace consecrated to the ultimate reign of human justice.

We, the members of the American Flag Council, No. 28, Jr. O. U. A. M., in session on Monday evening last, realize June 14 to be the National Flag Day, the many lives sacrificed for its cause, the suffering of thousands, and the great victories achieved. The Council urges that the Flag be displayed in a fitting manner on Flag Day, June 14, from our Schools, Colleges, public business houses and all the homes of our town.

Flag Committee,  
Amos Norton, Councilor,  
John Lewis, Asst. Rec. Sec'y,  
A. Neal Smyth, Jr. Past Councilor.

COMING—"THE DUKE STEPS OUT"

He **KNEW** they  
would be in safe hands

HE knew because he had seen it work. As head of one of the largest trust companies in the Middle West he had seen what it meant to families for them to have the guidance of organizations like his own—to have experienced counsel in the careful handling of money—sound advice on investments—warm personal interest in their welfare.

When he came to make his own will, he wrote,

"I have had every opportunity, over a period of years, to know the manner in which this company manages estates and trusts for others. I have full confidence in the capacity and integrity of the company to manage my estate judiciously and capably after my death. It is for that reason that I have named it as my sole executor and trustee. I recommend that my wife and children defer to its judgment in all matters connected with the administration of my estate."

We, too, have seen the benefits to the families of our customers who have named us rather than an individual, as their executor and trustee. We urge you with perfect confidence to follow this same course—to make your will and to appoint us as executor and trustee.
