NUMBER 34

NEW DORMITORY OCCUPIED THIS WEEK

Building on East Side of "The Green" Complete--All the Rooms Engaged in Advance by the Students

The first of the new dormitories in the general development plan of Delaware College, was thrown open to the student body today, when rooms on the third floor of the north wing were pronounced ready for occupancy. All the rooms, it is announced, will be ready by September 21st. This, with Wolf Hall, and The Commons, comprises a group of three new buildings to be used for the first time at the opening of the College this week. The new dormitory, situated at the northern end of the eastern boundary of "The Green," as the new campus is called, cost \$100,000. It is the first of four, two of which will be on either side of "The Green," and accommodates fifty-ninemen. Modified colonial design has been employed by the architect, and the building stands a model in symmetry, regularity, dignity, and simplicity, which this type represents.

The structure, 160'x30 1/2 feet, is built as two distinct buildings, designated as the north and south wings, between which there is no communication. Although the buildings have been made fire-proof in every way known to modern construction, the solid wall has been employed by the architect both as an added precaution against fire and as a means of securing quiet in the halls, and thus in the study rooms. The south wing rises to a height of four storeys.

The building, as is true of all those in the comprehensive plan of Mr. Frank Miles Day, the architect, is a combination of the best found in colonial architecture. Mr. Herbert S. Wise, author of the book, Colonial Architecture for those about to Build, a handsome illustrated volume, covering colonial buildings in Pennsylvania, New Jersey, and Delaware, is on the staff of Day and Klauder, and his knowledge of detail in colonial architecture has entered

The sharply pitched roof is of unfading green slate, carefully selected, some of the shingles being three-fourths of an inch in thickness. "In many instances four or five were discarded to get one," the writer was told this morning, when viewing the building. Quaint twin chimneys, (Continued on Page 4)

SUNDAY SCHOOL WORKERS IN CONVENTION

Two Hundred And Twenty-five Entertained At Luncheon

The twentieth annual convention of the Mill Creek Hundred Sunday School Association was held in the White Clay Creek Church last Thursday, September 13th. Luncheon was served by the ladies of the church to 225 guests. Leroy E. Pennock, president of the association, presided, and an especially strong program was presented. The Association is interdenominational, and delegates were present from every church in the Hundred.

The program opened with devotional exercises, led by Rev. John Blake. Rev. David Reed, pastor of the White Clay Creek Church, followed, with words of welcome and he was responded to by the Rev. J. P. Otis. Solos during the day were rendered by Miss Marion Smith, Mrs. Hogan, and Mrs. Robinson. Features of the morning session were addresses, How to Conduct a Successful Sunday School in a Rural Church, by the Rev. Mr. Parks, of St. James P. E. Church, Stanton, and Making the Sunday School Attractive for Young People, by Miss Jefferis.

The meeting in the afternoon opened with a song service at one-thirty. Addresses were made by Mr. Crabbe, superintendent of the Anti-Saloon League of Delaware and Maryland, and by Rev. Harry Ferguson of Philadelphia, the latter choosing as his subject, Kingdoms Lost and Won. Mr. Elmer Carey of Wilmington, also spoke on "A Revival of Religion in the Sunday School."

Local Registrant Appeals To The President

While a number of registrants from various sections of the country have appealed direct to President Wilson for exemption from the new Draft Army on various grounds, as far as can be learned only one such appeal has been made from the rural New Castle County District.

This appeal is made by Frederick J. Pohl, formerly an instructor in the English Department at Delaware College. Mr. Pohl is well known in Newark as registered here last spring. He severed his connection with the college at the close of the college year after which he and a friend are said to have rented a tract of 12 acres in Cecil County which they tilled during the summer.

Mr. Pohl having registered in Delaware filed a claim with the District (State) Board of this State for exemption on occupational grounds. This claim was refused, after which, it is said, he attempted to file a dependency claim before the Local Board but this was also refused on the ground that he had previously made an appeal through the District Board direct to the President. This latter appeal for exemption is said to be on the ground that he is a conscientious objector. It is understood that President Wilson has not acted on appeals of this character as yet.

Only for the appeal he made to the President, Mr. Pohl would have been one of those who left for Camp Dix today.

New Commandant Arrives At Delaware

Colonel Edwin P. Pendleton, the new military instructor at Delaware College, arrived in Newark this week. Colonel Pendleton is a graduate of West Point, Class of 1879. He is the first to occupy the new quarters in "The Commons,"

Catsup Kitchen Short of Tomatoes

CROP NOT SUFFICIENT TO RUN PLANT AT CAPACITY

Will Start Canning Beans In Short Time

Owing to the shortage of the tomato crop the Newark Catsup Kitchen of the P. J. Ritter Conserve Company is not being run at full capacity, just at a time when the season should be at its height. Manager Reynolds, in charge of the local plant, stated this morning that it depends largely on the weather how the remainder of the crop turns out. A few more days like today, he stated, would be of great benefit to the tomato crop in this vicinity.

The tomatoes have been a disappointment this year, Mr. Reynolds stated, both as to quantity and quality. This time last year the glut was on and the plant had trouble in handling the acreage contracted for. About 700 acres were contracted for this year and at the present time the plant is putting up only about 1200 cases of catsup daily when the capacity is 2500 cases. Nearly 100 persons are now employed at the plant.

The last of the tomatoes, it is expected, will come in the last of October. Last year the last delivery was handled on November 2nd. The company has its entire output for this year sold and could have sold much more had the crop been better.

The local plant will also can lima beans this year and a start will be made on this product in a short time.

The company has had very little trouble with farmers not fulfilling their contracts.

SOLDIERS LEAVE NEWARK

Encamped At State Rifle Range, Near New Castle

The Delaware regiment went into Camp last Saturday, at the State Rifle Range, near New Castle, after six weeks' spent in various armories throughout the State. The two companies from Newark left town about eight a. m., and were the first to reach camp.

Visitors to the Rifle Range on Sunday report a beautiful camp site. The Company Streets run east and west, giving a full view of the broad Delaware. The men report themselves comfortable aside from the lack of showers, the cool weather of the past week making unpleasant bathing in the river.

W. R. Powell, of Newark, treated the two companies to ice-cream last evening.

Commissioner Spaid Addresses Teachers

At First Institute In duPont School

The first teachers' institute, under the direction of the new State Commissioner of Education, A. R. Spaid, was held in the duPont School, near Wilmington, last Saturday. Miss Bruebaker, vice-principal of the Newark school, and Miss Latham, Miss Agnes Medill, Miss Mary Hofferker, and Miss Katharine Heiser, attended the meeting.

Mr. Spaid urged the importance of community meetings, and the spread of the gospel of consolidation, the teaching of patriotism and physical preparedness and the importance of keeping children at their lessons.

Shipyard On Hog Island

The Emergency Fleet Corporation on Friday awarded the contracts for constructing a Government owned shipyard on Hog Island in the Delaware River at a cost of \$20,000,000 and the building therein of 50 steel merchant vessels. Two other yards will also be constructed, one on Newark Bay and the other at Chester, Pa.

School Gardens Yield \$227 Worth

THIRTY CHILDREN COMPLETE THE WORK

Prizes to be Awarded This Week

Children of the School Garden Class, under the direction of Miss Agnes Medill, handed in their reports for the season just closing this week. Their figures show that the land under their cultivation yielded \$228.00 worth of vegetables, an increase of \$75.00 worth over those raised last year. One boy, alone raised on his plot, 50x40 feet, \$20.00 worth of potatoes.

The land for the gardens on Academy Street extended, opposite the school building, was offered, rent free, through the efforts of Professor Hayward, by the trustees of Delaware College. Beyond this the children received no financial help whatever. They earned the money, by a bake and moving picture benefit, for the purchase of seeds, plants, and implements. Twenty-two boys and eight girls reported on Monday, having carried to a conclusion the season's work.

The young gardeners are busy clearing the land this week. On Thursday, September 27th, prizes of \$2.50, \$2.00, \$1.50 and \$1.00 will be awarded the boys, and three, \$1.50, \$1.00, and \$.50, each, to the girls showing the best results.

Colleges To Open With Large Classes Tomorrow

Final details are being worked out, today for the re-opening of Delaware College and the Women's College tomorrow. All the members of the faculties of both institutions, including those who return and new ones appointed, are now in Newark ready for the work tomorrow. Most of the week will be devoted to organization but everything will be running smoothly by the first of next week.

Professor Short, chairman of the Entrance Examination Committee of Delaware College, stated this afternoon that more than 90 applications had been received and that the prospects were for a freshman class at Delaware of more than 100. Most of the applicants are well prepared. Of those examined up until this time it was estimated that about 50 percent will take the engineering courses, 30 percent arts and science and 20 percent agriculture.

Prospects are also bright for a large class at the Women's College, where about 40 applications had been received.

Large Crop From College Orchard

The peach season at the college farm will end today and according to incomplete figures of Professor Charles A. McCue, horticulturist, the total crop this year will be about 6000 baskets. It has been a successful crop for the farm in every particular. The crop was sold to C. M. Cella, fruit dealer of Wilmington. While the crop may not have been as large as last year the quality of the fruit was probably better. The orchard is now ten years old and this made the sixth season for the Alberta's and the fifth for the Belle of Georgia. Out of about 1000 trees only about 30 will be lost this year by disease and from other sources. Nitro of soda has proved, according to Professor McCue, a success as a fertilizer.

Subject To Call Next Summer

Dr. Mechling, who took the professional examination in Wilmington last spring, and was commissioned a First Lieutenant in the Dental Officers' Reserve Corps, U. S. Army, has received notice from the Surgeon General's office that he will not be called into active service before next summer. Dr. Mechling will now devote his entire time to his large and growing practice in Newark.

RURAL NEW CASTLE SENDS 86 MORE MEN TO WRIGHSTOWN

Conscripts Make Fine Showing As They March to Station Lead by E. P. Jolls, Delaware College Graduate

The second contingent for the new National Army from the Rural New Castle County District was sent to Camp Dix, Wrightstown, N. J., this morning. In this contingent there were 86 men representing 40 percent of the entire quota. A list of all men ordered to report to the Local Board today is printed on Page 2.

The men went away without any demonstration. They marched to the P. B. & W. Station, but without music. Although friends and relatives of many came to Newark to bid them farewell there was no organized send-off in honor of their departure. While it was probably the most important day in the lives of these 86 men, who in a few months may be in France, the fact that they came from all parts of the county and only a comparatively few were Newark boys is probably accountable for the failure of citizens of the town to give them a send-off. Members of the Exemption Board did everything possible for the comfort of the men and were at the station to see them off.

The members of the Local Board were much pleased with the way their plans for sending the men away worked out. There was not a serious hitch in the arrangements and it was necessary to use but five alternates to make up the 86 men. Out of respect to a suggestion from Provost Marshal General Crowder made through Governor Townsend, the two local hotels and wholesale house closed as far as the sale of liquor was concerned, from 4 o'clock yesterday afternoon until 9 o'clock this morning.

The conscripted men reported to the Local Board at 4 o'clock yesterday afternoon. All but about 15 returned to their homes for the night but everyone of the entire number reported to headquarters on time this morning. E. P. Jolls, a Delaware College graduate, and son of former Clerk of the Orphans' Court, Joseph C. Jolls, of Middletown, was appointed by the board leader for the contingent. George Madden, of New Castle, a Delaware College student, Leslie George, also of New Castle, son of Recorder of Deeds A. V. Leslie George, and James J. Walker, of Middletown, were named assistant leaders.

Shortly before 9 o'clock this morning Leader Jolls got the conscripts in formation on the college campus and marched them to the station. At the station many relatives and friends had congregated and there were some sad scenes as the train pulled out. At the station the roll was called by Mr. Jolls and everyone of the 86 men answered, "present." There was a special car on the 9.28 train which at Wilmington was placed on a special train that carried the entire Delaware contingent to Camp Dix without charge.

J. Pilling Wright, Dr. W. Owen Sypherd and Dr. Walter H. Steel, were all at the station to assist with the final details. The men all seemed to be in good spirits and made an excellent appearance as they marched down Depot Road.

OLD PAPERS COLLECTED TOMORROW

Red Cross Headquarters Moved To Elliott Building

Papers and magazines, saved for the benefit of the Red Cross, will be collected tomorrow, September 20, by members of the local committee. Residents are requested to tie magazines and newspapers separately, tying across both ways, on the bundle. Place the bundles in a conspicuous place on the porches. If the weather is unfavorable on Thursday the collection will be made the day following.

Red Cross headquarters have moved this week to the Elliott building, directly opposite the former rooms on Main Street. A handsome couch cover, requested by the hospitals for the use of convalescent soldiers, has been presented this week by Mrs. W. H. Hilton. The cover which is hand-knitted, is made in variegated squares measuring six and one-half inches. These are joined with a crochet stitch in black. The effect is wonderfully striking. The cover will be displayed at headquarters during all of this week, and a cordial invitation is extended the public to visit the rooms and see it.

Help Quartered In Dr. Steel Property

The property recently sold by Dr. W. H. Steel, to the trustees of Delaware College, is being furnished this week, for the use of eleven women employed in taking care of "The Commons" and the new dormitory, under the direction of Miss Caldwell.

New Professor Named

Reinhold Eugene Saloski, a graduate of Harvard University, where he was also an instructor in German for one year, has been appointed assistant professor in Modern Language at Delaware College. Professor Saloski, comes to Delaware highly recommended. He formerly taught at Kingswood, West Virginia, High School and also the New York City High School.

Accepts Position With New Company

H. F. Ferguson, formerly of Newark, and a graduate of Delaware College, Class of '04, has resigned as Superintendent of Power of West Penn Power Company of Pittsburgh, to accept the position of Electrical Engineer of the Republic Railway & Light Company, of New York. The R. Ry. & Lt. Co. are doing a general engineering business and at present have several million dollars worth of work on hand. Mr. Ferguson will be located in Youngstown, Ohio.

OBITUARY Virgil Gray

Virgil Gray, aged 43 years, died in the Homeopathic Hospital, Wilmington, last Thursday, September 13th. Mr. Gray had been a sufferer for over a year. He is survived by a wife and ten children. The deceased was one of the most successful farmers of the neighborhood, having bought and developed the old Bee property, on the State road, south of Newark.

Funeral services were held from the late residence on Sunday at seven p. m. Interment on Monday at the Forest Grove Cemetery, Snow Hill, Md.

Grace Richards Clark

Grace Richards Clark, aged 23 years, died suddenly at the home of her parents, Mr. and Mrs. John F. Richards, last Thursday afternoon, September 13th. Mrs. Clark has been suffering for two years with diabetes, but until Wednesday of last week it was not known that her condition had grown more serious. On Tuesday she attended to her usual household duties. Wednesday, however, not feeling so well, she stayed in her room, taking a sudden turn for the worse Wednesday evening, and dying about four the following afternoon.

The deceased was the widow of Rees Clark, who died of typhoid fever about four years ago. Funeral services were held from the residence of her parents in Newark on Sunday afternoon. Interment in Glebe Cemetery, New Castle.

A daughter, five years old, three sisters, and two brothers survive.

Books As Memorials

IN BOOKS WE FIND THE DEAD as it were living; in books we foresee things to come; in books warlike affairs are methodized; the rights of peace proceed from books. ¶ All things are corrupted and decayed

with time. ¶ Saturn never ceases to devour those whom he generates; inasmuch that the glory of the world would be lost in oblivion if God had not provided mortals with a remedy in books. ¶ Alexander, the ruler of the world; Julius, the invader of the world and of the city, the just who in unity of the person assumed the empire in arms and arts; the faithful Fabricius, the rigid Cato, would at this day have been without a memorial if the aid of books had failed them. ¶ Towers are razed to the earth, cities overthrown, triumphal arches molded to dust; nor can the King or Pope be found upon whom the privilege of a lasting name can be conferred more easily than by books. ¶ A book made, renders succession to the author; for as long as the book exists, the author remaining immortal, cannot perish.—De Bury.

THE BOOK OF KELLS, which was printed in the Seventh Century, is a memorial to the Good Monk Columba, and will live for a long time to come—perhaps never die. ¶ The Craftsmen of Kells have just finished a beautiful book—"Creed and Deed"—which they hope will be a memorial to this Institution.

New Dormitory Occupied This Week

(Continued from Page 1)
copied, it is said, from an old house in New Castle, are conspicuous at the ends of each wing, a feature which shows to advantage in the cozy fireplaces found in many of the rooms.

No less satisfying than the exterior are the rooms within, where good taste, homeliness, comfort, and refinement are apparent on every hand. The dormitory is so planned that every room is an outside room, and is flooded with sunlight for half of the day. There are thirty-seven single rooms in the building, and twelve suites, each including a study and two sleeping rooms, a combination so arranged that the occupants have the advantage of five windows. Prices, including furniture, heat, light, water, and janitor service, range from \$40 to \$80 per year, a fact which puts the attractive

new building in the hands of practically every boy who attends college. The walls are finished in natural sand color, with doors, base boards, and sashes of birch, finished in brown mahogany. The entire building has been furnished by the Ford-Massey Company of Wilmington, each room containing a single bed, a study table, two chairs, and a chiffonier. The student furnishes the cover and linen. A spacious closet, with two deep shelves, and ample hanging room, is built in every room. Every door is equipped with a neat mail fixture, and letters and papers will be distributed direct to the rooms.

A large lavatory, centrally located, appears on the first, second, and third floors of each wing. Here the architect has been lavish in finishing and fittings. The walls are of solid Vermont marble and all the fittings are equally attractive. Two showers, with hot and cold water attachments, and three large basins, have been placed in each wash room.

Walls, in the corridors throughout the building, are of Kittanning brick. The stairways are of steel, with blue-stone treads. The building is heated from the central heating plant of Delaware College. Pipes running in the basement the entire length of the building, have been prolonged to Wolf Hall, so that the heating basement apparatus, encased in a vault, is complete for the dormitory which will adjoin the one recently finished. R. C. Ballinger Company of Philadelphia, is the builder of the building.

Grading, surrounding the dormitory, is rapidly nearing completion. The level of "The Green," on which the building stands, is eight feet lower than Main Street. According to the plan of the architect a high brick wall will run, in true colonial fashion, in a straight line from building to building. Spacious stairways with wide, easy treads, and massive marble balustrades, flank the wall, and lead from Main Street to the flagstone walks which are to run the length of the new campus. A feature of the wall is the arches, seen on either side of the steps. These are pure colonial in design and exact reproductions of those found in a similar wall surrounding a beautiful colonial home in Charlottesville, Virginia.

The work of razing the property formerly owned by R. T. Jones will be begun this week, and the front wall, with the second stairway on the west side, will be built across the entire front, at once.

In order to preserve the unity of the plan, flagstone, the architects declare, should be used on all the approaches to the building. Consequently flagstone, purchased at the price of \$25.00 per slab, has been laid in front of the dormitory on Main Street. Although there is a town ordinance forbidding the laying of any paving other than concrete, it is hoped a special ruling on the part of the Council of Newark will allow the flagstone to remain as planned by the architects.

New Professor's Book Receives Favorable Comment

Dr. Fred Emerson Clark, formerly at the University of Michigan who is to establish the new course in Business Administration

arrived in Newark this week and will be followed in a short time by his family, now in Illinois. This new course is expected to be one of the most popular at Delaware College and in Dr. Clark the college has an able teacher with considerable experience in this line. The current issue of The American Economic Review contains favorable comment of a book recently written by Dr. Clark on "The Proposes of the indebtedness of American Cities, 1880-1912." In commenting on the book the Review says "The summary of the book points out: first, the noticeable increase in number of cities that report debts for the same purposes; second, the growth of total indebtedness in the North Atlantic and Western Sections as compared with the static conditions in the North Central section; and third, the fact that the per capita bur-

den of indebtedness tends to increase with the growth of population."

"Mr. Clark has done a careful, lucid piece of work. There are numerous valuable tables throughout the text. A very wise suggestion is implied in several places—the need of more efficient accounting methods and of similarity in items included under the term 'miscellaneous'."

Prominent Men

Attend Funeral

Prominent men from all parts of the State attended the funeral last Thursday afternoon of Dr. Arthur T. Neale, who died on Monday, September 10th, at his home near Newark. Services held at the late residence were conducted by the Rev. W. P. Haupt, rector of St. Thomas P. E. Church, and interment was made in White Clay Creek Cemetery. The honorary pallbearers were Dr. George A. Harter, Professor Charles L. Penny, Dr. Samuel C. Mitchell, Professor Elisha Conover, John C. Higgins, Henry Higgins, Daniel Corbit, Alexander P. Corbit, S. D. Townsend and Chancellor Charles M. Curtis. The active pallbearers were E. W. Dawson, Hervey Walker, John T. McKeown, John P. Armstrong, J. Brooks Allen, Daniel Thompson, Ernest Frazer and William P. Peach.

St. Thomas Church Choir

Visits Masonic Home

Members of the choir of St. Thomas P. E. Church, the Rev. Walter G. Haupt, rector of the Church, and some members of the congregation on Sunday afternoon visited the Masonic Home, near Wilmington. Mr. Haupt gave a short address and the choir sang several selections. The visit was greatly appreciated by the twelve guests of the Home who gave the visitors a cordial invitation to return again. The trip was made by automobile and was arranged by former Senator David C. Rose, a vestryman of St. Thomas Church and also a trustee of the Masonic Home.

Will Present Portrait Of Professor Robinson

Announcement has been made by Mrs. Robinson of No. 919 Jefferson street, Wilmington, that she will present to Delaware College a portrait of her late husband, Professor Frederic H. Robinson, for many years professor of civil engineering at the institution. Professor Robinson retired from the faculty of the college in June, 1916, when the board of trustees made him professor emeritus. He died last spring.

The portrait, painted by C. S. Hammit of Wilmington, is being displayed this week in the M. F. Davis store window, Wilmington. Dr. S. C. Mitchell has appointed the following committee to arrange for receiving the portrait: Dr. George A. Harter, Professor Charles L. Penny and Professor Merrill V. Smith, representing the faculty, and Professor Clarence A. Short and Harry Maier of Wilmington representing the Alumni Association. The date for the presentation of the portrait and just where it will be placed are matters that have not been definitely decided as yet.

Engagement Announced Last Friday

Mr. and Mrs. L. K. Bowen, at a party given last Friday afternoon, announced the engagement of their youngest daughter, Miss Katharine Garrett Bowen, to Captain Horace Vandever Cory, Q. M. R., now stationed at Camp Gordon, Atlanta, Ga. Captain Cory was formerly professor of poultry husbandry at Delaware College. Miss Bowen is a junior at the Women's College of Delaware, and expects to complete her college course.

At the announcement party all the decorations were military, tiny khaki tents converting the table into a miniature camp. The ice cream served was made in the molds of cannon and ships.

Among the guests were Mrs. Homer H. Ewing, Miss Beatrice Foulk, of Wilmington; Mrs. Earl A. Taylor of Trenton, N. J.; Misses Anna Gallagher, Marion Gallagher, Dora Law, Edith Spencer, Cornelia Pilling, Alice Evans, Bessie Whittingham, Edith Whittingham, Olive Heiser, Margaret Cook,

Marion Campbell, Mary Mitchell, Elizabeth Wright, Mrs. Ernest Wright and Miss Elizabeth Brown of Elkton, Md.

Social Notes

Miss Eleanor Duffy entertained on Tuesday afternoon, in honor of her guest, Miss Margaret Baker, of Philadelphia. The party included the Misses Mabel and Margaret Davis of Wilmington, Misses Elizabeth Wright, Mary Mitchell, Bessie and Edythe Whittingham, Alice Evans, Edith Spencer, of Newark; and Miss Elizabeth Dawson, of Elkton.

Mrs. Harry Hayward entertained at two informal sewing parties last Friday and Saturday afternoons, in honor of Professor Hayward's mother of Lockport, N. Y. About twenty guests were present on each occasion.

Miss Alice Evans entertained a number of friends at an informal sewing party last Saturday afternoon. Among the guests were Mrs. C. R. Taylor, Miss Spencer, Miss Katharine Wilson, Misses Edythe and Bessie Whittingham, and Miss Mary Mitchell.

Mr. and Mrs. R. T. Jones entertained last Thursday evening, in honor of Mr. and Mrs. R. C. Hill, Jr., whose marriage was announced in last week's paper. Owing to the fact that Mr. Hill has been selected for military service, the hostess employed red, white, and blue, in her decorations. A large bouquet of red, white, and blue asters adorned the table in the dining room, the place cards were decorated with shields, and favors, with miniature Stars and Stripes.

Among the guests were the Misses Heiser, Mr. T. F. Armstrong, of Newark; Mr. Walter C. Anderson of Jersey City, and Mr. William H. Walker of Dover.

Residents of New Castle last Tuesday witnessed a flight of airplanes over the city, at heights of from 250 to 550 feet. Three went south in the morning and three north in the afternoon.

Beautiful Begonias in Bloom

Mrs. W. H. Taylor, South College Avenue, has blooming at the present time, a beautiful collection of begonias. The waxen-white petals of one specimen, measure five inches. Five beautiful varieties were in bloom this morning in lavender, deep garnet, brick red, and a deep old rose colors.

Delaware Crops Ahead Of Ten Year Record

Crop conditions in Delaware on September 1 were 4.5 percent better than the average for the past ten years on that date, but 2.2 percent below the estimated condition on August 1 of this year, according to a report just issued by the Department of Agriculture. For the entire United States the average condition of all crops is 2.5 percent better than for the ten-year average, and is 2.7 percent better than for one month ago. So Delaware is well ahead of the national ten-year average, but is distinctly the loser in the comparison.

William W. Black, freight agent at Laurel and a past grand master of the Grand Lodge A. F. & A. M. of Delaware, while returning from a visit to his brother at Principio, Md., was stricken with paralysis, on train between Wilmington and Laurel, on Sunday night of last week. His sister and a nurse are attending him at the Laurel House. His condition is reported critical but hopes are entertained of his recovery.

Pushing Ship Canal Project

Leading residents of Wilmington and rural New Castle County at the suggestion of Senator Saulsbury met on Thursday afternoon in the judges chambers in the new Court House and selected a committee to work for the purchase of the Chesapeake & Delaware Canal by the Government and its conversion into a sea-level waterway. The committee is composed of Judge T. Bayard Heisel, Governor Townsend, May or John W. Lawson, Charles D. Bird, Edwin R. Cochran, Richard S. Rodney, John C. Higgins, Jefferson B. Ford, T. Roseby McMullen, Philip Reybold and Dr. Samuel Chiles Mitchell. Judge Heisel was chosen chairman and Mr. Rodney secretary. The main purpose of the committee will be to learn the probable cost of the ground, estimated at 923 acres, needed for enlarging the canal in the event of the Government acquiring the present canal by condemnation as authorized by Congress. The land required for the canal's enlargement would have to be obtained by gift or purchase and donations might be obtained from owners of property along its route. After considerable discussion of its objects the committee adjourned, subject to the call of its chairman.

ANIMALS AT RICHARD'S CIRCUS

Trainer Tells of Methods Employed In Teaching Them To Perform Before Public

Those who visit the R. T. Richard's Supreme Show of the World when it exhibits Newark September 26 on the Albert Lewis Field on Academy Street, will marvel at the absolute control over the wild beasts displayed by Paul Johanning. He makes ferocious lions perform like actors in a play and always he is their supreme master.

Johanning has studied wild animals since boyhood. For years he was a hunter and trapped in Africa and it is conceded by all animal men that he is the master of their line.

"It takes more than one quality to make a good animal man," says Johanning, "but patience is the most important of all and it is a quality that every trainer must possess before he can accomplish real results. The general method of all animal training is the same. Individual trainers may work along lines peculiar to themselves; some may believe in practice and coercive methods and others may

"No man who is not a real lover of animals and a student of animal nature can hope to win success as a trainer. He must be a teacher in the highest sense of the term, and he must regard his animal charges as pupils pure and simple."

In spite of more than one escape from "bad" animals, Johanning says he would rather handle any animal than a powerful bear—the Alaskan Kadiack bear as an example.

The Store that Saves you Money SNELLENBURG'S MARKET AND SEVENTH STREETS

Store Opens 8 a. m.

Closes 6 p. m.

Saturdays 9.30 p. m.

Our "quality only" policy in merchandise is to safeguard your interests, whatever you buy here is sure to be worthy, and good value at the price. If you don't find it so after wearing it, our satisfaction guaranty gets your money back cheerfully.

NEW FASHIONS IN MEN'S AND YOUNG MEN'S SUITS

Men who know and want the best—there are many such men—should not fail to see this season's models of Snellenburg Clothes. Not only are the models decidedly new and the fabrics largely varied but we can fit men of any figure with the same accuracy; big men, stout men, tall men or regular sizes; they're all the same to us when fit is involved.

\$15, \$18, \$20, \$22, \$25

For the young men, the new fashions are distinctive in design and model, and the best points of favor with young men are well brought out. The high chested, back-trailing types which are developed on military lines; belt styles, plait and yoke styles. College and high school men, young business and professional men, all find the Snellenburg Store their place.

\$15, \$18, \$20, \$22, \$25

In noting these prices it will be well for you to remember that owing to the fact we manufacture our own clothing—thereby saving the "middleman's" profit—our prices are from 25 to 33 1-3 percent less than those of most stores. But also bear in mind, that the quality is of the same high standard which characterizes the Snellenburg Store.

REGARDING THAT NEW HAT

It's usually considered a pretty hard job to pick out a hat. When you see our large and varied selection and get our expert service, you will have changed your mind—you'll say it's easy—and really, it is.

Many stylish and just-a-little different models are prominent in our assortment and the moderate prices make them all the more desirable.

\$2.00, \$3.00, \$3.50

For the man desiring "something better" we have a most wonderful assortment of the good, old reliable Stetsons at \$4.00, \$4.50 and \$5.00, including their new feature hat the "Stetsonian."

YOUR KNOWLEDGE CONCERNING SHOES

Probably you have but a vague idea as to what goes to make a good shoe—what to expect from a shoe—what you should pay for a shoe—that is why it is usually hard for you to decide when you go to purchase a pair; in other words you are afraid you are not getting full value for your money. That is only natural, but you need never hesitate when you buy REGAL SHOES.

\$6.50, \$7.00, \$7.50, \$8.00, \$8.50, \$9.50, \$10.00

It can truthfully be said that they represent the highest degree of perfection in shoe making and for every dollar you spend for them, you get 100 cents worth—full value—and they have the "looks," too—that snappy appearance so much desired in a pair of shoes. Wear, style, moderate prices and—oh, yes, absolute comfort. A combination that's really hard to beat.

We suggest that parents bring their boys to us when they need shoes. Our boys' shoes are the kind that wear—they survive the hard knocks. \$2.75 to \$4.50.

Cecil Democratic Nominations

The Democratic primaries held on September 11, drew a total vote of about 2,000, much below the normal party strength. The Crothers faction, former followers of Blair Lee, won out over the supporters of Governor Harrington and the State Organization. Omar D. Crothers defeated John H. Kimble for State Senator by about 400 votes. Others nominated were: F. H. Leffer, John Anderson and George Atkinson for the House of Delegates; J. Wesley McAllister for Sheriff; George Benson for County Treasurer, H. E. McCordell, for Assistant Treasurer; Irvin G. Griffith and George R. Ewing, for Long and Short Term County Commissioners; C. C. Brskaw, Robert Ferguson and S. J. Keys, for members of the State Central Committee.

Mrs. Edward H. Strahorn

The funeral of Mrs. Anna Mary Strahorn, wife of Edward H. Strahorn, of the Appleton section, was held on Friday with services at Head of Christiana Church and interment in the adjoining cemetery. Mrs. Strahorn, who was Miss Anna Mary West, died about midnight on August 10, aged 65 years, at the home of her daughter, Mrs. Edna Foote, on Church Street, Elkton, where she had been visiting for some weeks. Her death was due to a complication of diseases. Her husband, four daughters, Mrs. Frank Pratt of Kemblesville, Mrs. Clarence E. Foote of Elkton, Mrs. Cecil W. Ferguson of Parlin, N. J., and Miss Elizabeth Strahorn and three sons, J. G. Strahorn of Youngstown, Ohio, Isaac W. of Elkton, and Harry W. of Fair Hill, survive her, as also a sister, Mrs. Sarah Weir of Phoenixville, Pa.

Death Of Henry B. McIntire

Henry B. McIntire, a former Chief Engineer of the Wilmington Water Department, died at his home, 427 North Broome Street, on August 11, aged 75 years. For several years he was in the service of the Washington D. C. Water Department and later became an accountant for the P. B. & W. R. Co., retiring two years ago. Three sons and six daughters survive him. He, a 32nd degree Mason, a Knight Templar and a member of Oriental Lodge A. F. & A. M., which had charge of his funeral, which was held on Friday with interment in Wilmington and Brandywine Cemetery.

Found Dead From Gas Fumes

Karl Furche, aged 55, a lodger at the house of Mrs. A. Cohen, 519 West Third Street, Wilmington, was found dead from inhaling gas fumes on Thursday morning. He went to his room on Wednesday night about 10 o'clock. An hour later other lodges smelled gas. Fred Plumb forced Furche's room door and found gas escaping from an open jet, and the windows closed. He shut off the flow and

TENT THEATRE ON DELAWARE AVENUE

Popular Play In Newark On Friday

Successful in its tenth season can be said of few plays but it can be said truthfully of "Human Hearts." A drama which provides healthful recreation for the public and which seems to instruct while appearing in the form of amusement, is a boon to any community. So young and old alike find much in this beautiful living story to think over and enjoy long afterwards. Rich in incident, in its variety of characters, in its stage settings, it is one of the few

attractions of great merit on the road. The spectator is carried into the delightful atmosphere of life in the Hills of Arkansas. The trouble which falls upon the simple folk of the Logan Farm, reminds one of the line—"The Trail of the Serpent." The author has

struck many true notes in this play and the well chosen cast blend their harmonies with fine effect.

"Human Hearts" will be presented at Newark on Friday, September 21st, in the tent theatre, on Delaware Avenue opposite the baseball grounds. —Adv.

Where Thousands See It Daily

The Bell directory is the most used book in town—it's the book to which you turn when there's a telephone call to make or an address to look up or a name or initials to verify. The *Index of Advertisers* is a means for locating the man who offers for sale what you want to buy when you want to buy it—perhaps a man you've never heard of.

And how about YOUR goods or services? Are they advertised in the telephone directory pages and listed in the Index? Are you "displaying your wares" in the show-window that is at every telephone user's elbow, every day in the year?

Now's just the time!

Gunning Season is at Hand

The crack, crack, of the rifles is heard on the river shores, and the sportsmen return at night with delicious morsels in their game bags.

Don't, because of strenuous days, forego YOUR gunning trip. Get together your gun and cartridge belt, and your ammunition. And, by the way, ask the next group of sportsmen you hear swapping tales, how many of them carry Winchesters.

NEWS OF THE NEIGHBORHOOD

As Reported by Correspondents for THE POST

APPLETON

Rev. Mr. Reed of White Clay Creek, preached at Head of Christiana on Sunday.

During part of last week Miss Mary Kimble acted as substitute at School No. 4. The school opened with a good attendance.

Mr. and Mrs. Joseph Gallaher of Cherry Hill, recently visited Mr. and Mrs. Paul.

S. T. Kimble and family returned to Washington, D. C., last week. Mr. Kimble has resumed his duties at Eastern High School.

This community has met with a great loss in the death of Anna Mary (Pennypacker), wife of Edward H. Strahorn. Her funeral was held on Friday, September fourteenth. The services were conducted by the Rev. Mr. Minker of Kemblesville, Pa. The attendance was very large, and the floral tributes many and beautiful. Interment was made in the cemetery at Head of Christiana.

KEMBLESVILLE

Mrs. Louisa Sentman of Wilmington, and Mrs. Maggie Jamison of Newark, spent a few days of last week with Mrs. Mary McMillan.

Miss Elsie R. Pearl was suddenly called to her home, in West Grove on Sunday, on account of the serious illness of her young sister.

Mr. Jas. F. McMullen and family attended the funeral of Mrs. Grace Clark at Newark on Sunday.

Mr. Geo. W. Batting of Wilmington, spent the week-end at his home in Kemblesville.

Mrs. Mary McMillan is visiting at the home of Mr. and Mrs. Ernest Campbell, Newark.

Miss Mame E. Wickersham of Avondale, spent the past week with Mrs. Maggie B. Good.

Miss Helen W. Batting has entered West Chester State Normal.

Mr. Stanley Q. West left on Monday for Philadelphia, where he will resume his studies at Jefferson Medical College.

Rumor has it that A. C. Mearns, who disappeared from his home on July 17th, has been located in Lancaster, Pa.

Misses Elizabeth and Amelia Peck have entered Goldey College, where they are taking a business course.

Master Donald and Clyde Foote of Elkton, spent a few days with their uncle, Chas. L. Foote.

STRICKERSVILLE

As Mr. William Passmore was crossing an empty straw mow last week he made a misstep and a serious accident was averted only by his activity. He had no bones broken, but was badly bruised and scratched.

Major Clinton Garrett has returned to Linden to his duties at The Kentucky Military Institute.

Miss Anna Singles has taken up her duties again at Radnor public school.

Mr. Sherman Dayett lost another cow Saturday. The animal was struck by the train on the Pomeroy road.

Misses Dora and Irene Singles on Monday attended the funeral of John Hearn, who was killed by an automobile, in Wilmington, last Friday.

Miss Mary Ottey spent one day last week with her aunt, Miss Dixon.

IRON HILL ITEMS

Miss Marion Law of Newark, Del., was the week-end guest of Miss Helen Slack.

Mr. J. S. Pomeroy of Ridley Park, Pa., spent Sunday with friends here.

Miss Myrtle Miller of Newark, Del., was the guest of Iron Hill friends, Sunday.

The weather man seems to regard the promised contest between the Iron Hill Regulars and the Continental team, with great disfavor, as Saturday was the second time he has spoiled the fun. We do not know how the Continental Boys took it but we do know that our boys were disappointed.

Mrs. Etephen Ash visited her son, Lewis Ash, at the State Camp at New Castle, Sunday.

Mr. and Mrs. Harvey Mitchell of Barksdale, Md., spent Sunday with friends here.

Mr. Paul Dennis of Stanton, Del., was the guest of friends here, Sunday.

CONTINENTAL WILL MEET PARK A. C.

APPEAL TO "BOB" FOLWELL TO HELP FIND COACH FOR DELAWARE

With the football season not yet open and the last two games scheduled by the fast Continental baseball team postponed because of rain local sports have had a quiet two weeks.

There promises to be plenty of excitement for the fans however, on Saturday when Continental is scheduled to play a double-header with Park A. C. of Wilmington. The two teams were scheduled last week but rain interfered. The coming contest has caused much comment and there should be a large turnout. Park A. C. has lost but two games this season and won 19. One defeat was by Continental early in the season.

The football situation at Delaware as far as a Coach is concerned is unchanged. No one has been secured to take the place of Lieutenant McAvoy although Dean Smith, chairman of the Athletic

Council and other members of the Council are making every effort to get a capable man for the position. Dean Smith, several days ago, went to Dover to see Senator (Buck) Wharton, but the latter was in Florida. It is thought that Senator Wharton, who is looked on as one of the best coaches in the country, and who has helped coach U. of P. teams for several years, will help Delaware out if he returns home in time.

Dean Smith has also written to "Bob" Folwell, the noted head coach at U. of P., inquiring if he can recommend anyone to assist the Blue and Gold, but has not heard from him yet. The Coach matter is expected to be definitely settled before another week.

The much talked of game between Continental and Iron Hill will be played Saturday, September 29.

WHEAT PRICES TO HOLD

Railroads Urge Farmers To Dispose Of Crop Now

Fairfax Harrison, chairman of the Railroads' War Board, authorizes the following:

We are assured that the price of wheat determined by the President will be maintained throughout the year by the food administration and that there can be no objective in holding wheat. In fact, the farmer saves interest and deterioration by marketing early.

At the present time the railways can handle more wheat to storage points for ready distribution and to mills to be manufactured into flour for domestic consumption and exportation to our Allies, where it is much needed, and for which ships are available at ports. The railways wish to appeal to the farmers to bring their wheat to market now. Later in the fall the handling of many more products will cause congestion and delays.

The railways are now being operated in common to serve the entire community. The demands for movements of military and supplies will be an increasing burden. Therefore, the railways must have the co-operation of the entire community.

W. C. T. U. OPENS COUNTY HEADQUARTERS

Wilmington Building Remodeled To Meet Needs

County headquarters have been established at 1014 Washington street, Wilmington, by the Woman's Christian Temperance Union of New Castle county, Mrs. Mary B. Donnell, of Newark, president. The house was purchased and remodelled to suit the needs of the work. In addition to an attractive office on the ground floor there is an assembly room, a din-

ing-room and kitchen, which will make it possible for the various unions to hold business and social meetings there and even to serve a small-sized "spread."

The date of the formal opening has not as yet been announced, but the recently appointed executive secretary, Miss Rieta M. Emerson, is on duty and plans are being perfected.

For a long time the union has felt the need for a center at which to focus their accumulated information, records and literature, and from which to announce their policies and plans. It is their purpose to make of this building truly a headquarters for temperance work along all lines.

The other officers of the county organization are: Miss Lillie B. Williams, corresponding secretary; Mrs. Elsie Crouch Fisher, recording secretary and Mrs. A. Laura Truax, treasurer.

Damaged Auto Stripped Caught

John G. Gray, the well-known Wilmington attorney, early on Sunday morning of last week, went from his home along the Philadelphia pike, north of the city, in scant attire and carrying a shot gun in pursuit of parties were stripping an automobile left damaged in front of his home which he had promised to watch for its owner. As he approached the parties fled and as they refused to halt he fired in the air. One of them, Thomas Byrne, aged 15, stopped and surrendered but his companion reached a waiting car down the road and disappeared. Byrne was turned over to policemen. The car had been pretty well stripped of movable parts.

Fire Plotters Foiled

A Rehoboth Beach special says that one of the watchmen at the Atlantic Cannery, of which Governor Townsend is principal owner, frustrated by timely dis-

covery early on Friday morning, an incendiary blaze which might have destroyed the large plant and its heavy stock of tomatoes and other canned vegetables. Kindling and oil-soaked rags to start the blaze were found, it is said, at the end of the stock room. Two other canneries within a five mile radius were burned recently, supposedly by alien incendiaries.

Camp In Car Near Home

Going from Wilmington to their home near Greenwood in an automobile on a dark and rainy night last week Richard Willey and family had an odd experience. The car having come to a sudden stop, Mr. Willey found he was off the direct road and in what appeared a strange section. The gasoline tank was empty and he set out to find a house where he might obtain a supply. He tramped about for several hours and after dawn found he was in the rear yard of a house on his own farm. His car was in sight on a back road which he had turned into in the darkness. The family were none the worse for their enforced stay in the car so near home.

Heavy Fine For Auto Crash

Charged with assault and battery and violating the auto speed law, Thomas Lynch, proprietor of the Columbus Inn, was fined in the City Court in Wilmington on Wednesday \$225 with costs added. While speeding along Delaware Avenue his car struck Charles Griffin's milk wagon. The wagon was smashed and Griffin was thrown through its roof requiring treatment at the Homeopathic Hospital. Lynch sped on but Leonard Rash, a taxicab driver, followed him and got the number of his car. Lynch and arrested. \$200 of the fine was imposed for assault and battery and \$25 for violating the speed law.

BELASCO PLAY IN WILMINGTON

"Tiger Rose" Presented On Friday And Saturday

Wilmington theatre goers will again have the opportunity of witnessing David Belasco's latest production, "Tiger Rose," a play of the great Northwest, by Willard Mack, when it is presented at the Playhouse for a return engagement on Friday, September 21st, for two nights and a Saturday matinee, after which it will be taken to the Lyceum Theatre, New York, for the season.

With memories of "The Girl of the Golden West" and his other scenic triumphs, theatregoers will welcome Mr. Belasco's return to the field of his earlier successes, after his signal success in comedy with "The Boomerang," which is now in its third year of consecutive performances, and "Polly With A Past," now the reigning success of the season in New York at the Belasco Theatre.

For his central figures the author has taken a French-Canadian girl and young American engineer and surrounded them with a group of sturdy, red-blooded characters. The Canadian Northwest Mounted Police also move through the story, which is described as one of absorbing interest.

In casting the play Mr. Belasco has gathered together a number of distinguished players, among them Lenore Ulrich, William Courtleigh, Thomas Findlay, Pedro de Cordoba, Edwin Holt, Calvin Thomas, Fuller Mellish, Willard Mack, Arthur J. Wood, Edward Mack, Jean Ferrell and Chief Whitehawk.

Jackie Saunders Threatens To Eat 400 Ostriches

Miss Jackie Saunders, "tomboy of the screen," who is starred in a new Mutual love drama, "The Checkmate," beginning at the Opera House on Thursday evening, owns 400 ostriches but she declares they aren't worth as much to her as so many barnyard fowl.

"I tried to eat an ostrich egg once," said Miss Saunders the other day, "but it tasted like fried mush and that's a thing I hate. Besides nobody wears ostrich feathers now, so what's the use. Those ostriches are a dead load."

Miss Saunders took an ostrich farm ten miles from Santa Barbara in satisfaction of a mortgage. The young woman insists that if food continues to go up in price she will eat the ostriches. —Adv.

PROGRAM WEEK BEGINNING

THURSDAY, 20th

Jackie Saunders (The Tom-boy of the screen) in "CHECKMATES," a good, wholesome, entertaining rural drama in five acts. Miss Saunders should be remembered for her wonderful acting in "The Wild Cat."

FRIDAY, 21st

Lillian Walker in "DOLLARS AND THE LAW," a five-act drama of theft. This production contains a number of scenes of a terrific thunder and lightning storm. The electric flashes in the sky are photographed in a most realistic manner and the lightning effects when the flashes light up the room are remarkable clear and true.

SATURDAY, 22nd

Barney Bernard in "PHANTOM FORTUNE," a five-act comedy drama. Also, News and the first chapter of "Fighting Trial."

Note: The first chapter of "Fighting Trial" will be repeated Thursday, September 27th, and one chapter each Thursday until the completion of the serial—fifteen weeks.

MONDAY, 24th

Dainty Marguerite Clark at her best in "MOLLIE-MAKE-BELIEVE," a five-reel Paramount comedy-drama. Though the story is essentially romantic and comic in its main theme, there are some remarkably touching pathetic scenes and powerful dramatic incidents which combine to make "Mollie-Make-Believe" an exceptional photoplay.

TUESDAY, 25th

John Barrymore in "THE RED WIDOW," a superbly clever photoplay adaptation of the celebrated comedy. Also, Pearl White in "The Fatal Ring," in which is revealed the secret of the key to world power, for which the Violet Diamond is necessary.

WEDNESDAY, 25th

Emmy Wheaton in "THE DUTCHESS OF DOUBT," The theme of this drama is, do clothes make the woman? Many of the scenes for this photoplay were made at Palm Beach and St. Augustine, Florida. Beautiful settings and costumes are shown.
