Thursday April 23. 59

Dear Dianne - Just a few words before I turn in for the night. The rainy season seems to have started early this year for we have had rain all week. Tomorrow we go to Cuernavaca and have three couples staying with us until Friday.

We have decided, if all is well, to leave here Thursday May 7 for Houston where we will be at the Seamer Hotel until Tuesday morning May 12 when we fly to Washington. There will be I hope at the Condonia Hotel until Sunday May 17 when we go to New York by train. I am spending this time in Washington as I have some people who want to see me, and others whom I want to see. If Foster Dallas is able to see me, I want to spend a few moments with him and his wife, for I have known him since 1914. We will be in New York very little time as we want to leave for

Montreal the night of the 20th or 21st or perhaps
as early as the night of the 19th May. From Montreal
we ^{will} come of the people here, and after Toronto
we leave Toronto the night of the 29th May for either
New York or Boston by train. The chances are that
we will go from Toronto to Boston direct, the
night of the 29th May. We want to see Marion's
family at Haverley for 4 or 5 days and then go
on to New York. That would get us to New York
the first week of June. We hope to see you
at your convenience then. Of course I will
run out to Greenwich for a few hours on the
way to Montreal - perhaps on the 19th or 20th May.

Profer has been here for a few days and
has left again for Newark where he is to make
a speech on Monday next. Just what he

has in mind doing in the way of a new job.
I haven't the slightest idea - I don't know if it is
political or business - but that he is planning to leave
Mexico soon. I feel very sure. I will tell you my ideas
when we pass thru Mexico on our way to Central
+ by that time I think I will know. He is seeking
remembrance personal publicity these days.

The situation in Mexico is so complex that I
shall have to tell you about it when I see you
as it would take a book by letter. In any
event things do not look good.

Marcia is well. I think I have got rid
of this nervous infection but am having another
cultural mode. My main trouble is that I do
not get back my strength and am very thin.

It will do both Marion me good, I hope, to
be out of Mexico, and the altitude for some
weeks.

I do hope Bettie has rapidly recovered from
her operation and that you are all well. We
shall be so happy to see you again.

Marion gives us love and all good wishes
to you all — Faithfully
