Hon. George W. Messersmith,  
Assistant Secretary of State,  
Washington, D. C.

Dear Messersmith:

Thanks a lot for yours of May 12. Some fruit seems to be coming from the letters and clippings I sent out. I enclose you herewith a couple that have come in this morning's mail. Likewise I have a letter from W. W. Waymack, of the Des Moines Register and Tribune, saying that he will editorialize on the subject very shortly.

I noticed last week an admirable editorial by Felix Morley in the Washington Post upon the subject. And likewise I note that there seems, in published newspaper dispatches, every likelihood that there will be prompt affirmative action upon the recommendation. That is fine.

With all good wishes, I remain

Faithfully yours,

encl.
