\$ DAYS PROMISE TO BE GALA EVENTS

Many Merchants
Cooperating
To Provide
Bargains

More than thirty Newark stores and merchants have already signified their intentions of participating in Newark's bigger and better Dollar Days sales events to be staged throughout the community on Friday and Saturday, August 2 and 3.

This year's gala bargain days show every indication of being the best yet held here with everyone showing intense interest and endeavoring to outdo the other in offering truly attractive bargains for the many thrifty shoppers who will throng Newark's streets and stores on these two days.

Mayor Frank Collins has issued a proclamation declaring these days as Visitor's Days in Newark and endorsing the occasion. He also points out the necessity of observing traffic ordinances in order to relieve congestion to the minimum.

Large, orange and black placards proclaiming the event have been distributed and will be displayed in the store windows of each participating store—shop in these places for Dollar Days bargains. The committee on arrangements, headed by M. Pihlrick, consists of George F. Jackson, Herman Handloff and Dr. George W. Rhodes.

Again sponsored by the Newark Chamber of Commerce, Dollar Days are open to participation to all merchants in town. There is no obligation or cost entailed in their participation. They are only required to so announce their cooperation in this newspaper and use whatever advertising they desire at the regular advertising rate. Placards and price tags will be cheerfully supplied by applying at Jackson's Hardware Store.

Several thousand circulars announcing the events and carrying advertising messages from the many merchants taking part, will be distributed throughout this part of the county and other adjacent sections on Tuesday of next week. The special Dollar Days edition of this newspaper will be issued, as usual, on Thursday and will be delivered to subscribers on Friday morning.

All Newark shoppers are urged to do their shopping as early as possible in order to have the wide selection of stocks to choose from. Literally hundreds of rural and out-of-town shoppers will descend upon the shopping center Friday morning and engage in their annual bargain-hunting jamboree.

Merchants desiring to advertise in the Dollar Days circulars and Special Edition of this newspaper still have time to do so if they will telephone 4941. Friday is the last day on which copy for publication in this issue can be received.

A complete list of all places of business participating in Dollar Days will be published next week. Wait for it—watch for it—read it and patronize those merchants who are making this event possible.

DEFENSE ADDRESS

Dr. G. E. Landt
Speaker At
Rotary Session

Dr. G. E. Landt, technical director of the Continental-Diamond Fibre Company, spoke on defense and preparedness at the regular weekly meeting of the Newark Rotary Club, held Monday night at the Deer Park Hotel.

Four thoughts were developed by Dr. Landt as being necessary for proper defense. First, the best defense is a good offense. He went on to show that modern warfare defenses such as the Maginot Line and waiting in trenches is no defense against modern technical tactics.

Second, that the old ideas of warfare have been definitely overthrown by new and fresh developments.

Third, an important item in defense is the state of mind of the country and the economic strength.

Fourth, there must be adequate staff work in the arm, staff that is active, alert and up-to-date in all methods of modern warfare, including equipment, tactics, and technical knowledge.

WHEAT LOAN RATES SET FOR STATE

AAA Offices Will Handle Arrangements

The 1940 wheat loan rate for Delaware farmers in New Castle and Kent Counties is 76 cents per bushel on No. 1 soft red winter wheat and the loan rate for Sussex County farmers is 75 cents for the same grade of wheat, according to R. O. Stelzer, executive officer for the Agricultural Adjustment Administration in Delaware. The loan rate for the No. 2 wheat is one cent less than for the No. 1 grade and the rate for No. 3 wheat is three cents less than for the No. 1 grade in each Delaware county.

Stelzer says that Delaware wheat farmers who participate in the 1940 AAA farm program are assured of the storage.

loan rate price plus the 1940 wheat conservation and parity payments for each bushel of their wheat this year regardless of market price.

Conservation and parity payments which farmers may earn on the normal yield of their allotments total 19 cents. Thus those farmers who keep within their allotments, have average yields and take out wheat loans will receive about 88 cents per bushel for this year's crop of No. 2 garlicky wheat.

The presence of wild garlic and smut in wheat results in deductions from the loan rate. Light garlicky wheat is docked two cents per bushel while garlicky wheat will have a deduction of six cents per bushel. The loan rate deduction for light smutty wheat is three cents and for smutty wheat, six cents. These deductions apply to all wheat grades.

As in previous years, the wheat loans will be made by the Commodity Credit Corporation. All 1940 loans will be demand loans and the interest rate will be three per cent.

Farmers may make arrangements at the county AAA offices for taking out loans soon after harvest. At the same time farmers can check with the county officers to find out which elevators have been approved for wheat storage.

ROBIN HOOD TO PRESENT "DRACULA"

After four successful weeks of comedy, the Robin Hood Theatre, Arden, will present "Dracula," beginning Tuesday, July 30, and continuing through Saturday, August 3.

Frank Raymond, leading man at the summer theatre, will play Count Dracula. The setting is a London Sanatorium for mental patients. Lucy Seward, daughter of the physician in charge, is suffering from a weird illness, but without apparent cause. Dr. Van Helsing, specialist in obscure diseases, suspects that Lucy is a victim of a vampire, which, according to old legends, is an undead soul, grave-bound by day but at night free to roam the earth, sucking the blood of defenseless humans. The problem becomes how to defeat Dracula.

Supporting roles are played by Izetta Jewel, Jr., James Sherman, Sydney Riggs, Burton Malory, Sidonie Espero, Millard Dowling and Roland Currie. The play is being directed by Charles Mendick.

HOT TIPS FOR WORLD'S FAIR TRIPS

BY CHOLLY LASHER

SET OUT to learn why so many folks are saying, "Hotel Pennsylvania is the place in New York for World's Fair visitors." Here's the glad news. . .

This great 2200-room hotel is *tips* in location. A *passageway* to Pennsylvania Station saves taxi fares and confusion. And special electric trains zip you to the Fair in 10 minutes for 10 cents. *Broadway's* one block away!

Next, I learned that you folks get a single room with private bath for \$3.50. Take your wife and it's only \$5.00. Bring the children, and you get a "family" room at surprisingly low rates. Better yet, on the "\$10. Week-end

Plan," both you and the Mrs. get a double room with bath for two full days and a night . . . *plus* a wonderful dinner at either the gay Pennsylvania Roof (Jimmy Dorsey plays for dancing!) or right at the Fair in the enchanting Roman House Restaurant . . . *plus* a fine breakfast in the Hotel . . . *plus* admissions to the Fair and to one principal attraction—all for a *ten dollar bill*. Include the youngsters for only \$3.00 each. If you *must* go alone, it's only \$6.00, single.

By auto, the Hotel's a *cinch* to reach. Special garage rates, too! For reservations, write or wire the Hotel. Or just "drop in."

I've seen 'em come and go!

I remember the day when you could take your choice of fifty or sixty different cars—but I couldn't tell you the names of half of them right now! Today, a car has to have plenty on the ball to get the public cheering for it.

That's why this new Mercury 8 impresses me—it looks to be a "natural" from the word go. Look at the way it's selling! 50,000 cars its first year—right up into the "top ten"—and still climbing! No other new car on the records ever did that!

You can see why I'm thanking my lucky stars that I'm handling this world-beating new car. Drop in and let me put it through its paces for you. Demonstrating the Mercury isn't work for me. It's fun!

WE DELIVER

Flashes By Bill Fletcher

DESPITE THE HEAT, WE HAD planned a little discussion about football, but even after a half-hour talk with the University of Delaware's new grid mentor, Bill Murray, we find composition material as scarce as aliens on the British Isles.

WE'D LIKE TO DUST OFF OUR trumpet and herald the prediction of an undefeated season or at least victories in the majority of the games.

We'd like to pass on to you: Bill Murray sez—This is going to be a great year. But he doesn't.

He'll talk and he'll talk... he's pleasant... looks a little like Hollywood's Robert Young and seems to have (you never can tell) all these coaches (all they get on the field) a pleasant disposition... he's sincere and from all appearances capable—but he'll promise nothing, predict nothing and has apparently decided to let his "actions speak louder than words."

One thing he did say which we'll pass on to you—the Hens' 1940 team will be a familiar team with its nucleus formed by members of last year's squad. Just what will supplement this nucleus remains to be seen.

BLUE AND GOLD GRID FANS (ardent ones we hope by November 21) will in all probability have an opportunity to see a Turkey Day clash with Lebanon Valley at Wilmington Park.

Unexpected generosity on the part of the university officials who handed students a vacation starting the Wednesday before Thanksgiving Day and extending until the following Monday, resulted in the game's being tentatively moved up from Saturday. With no students in Newark, it was decided that a larger crowd could be drawn and accommodated at the Wilmington field. The change still awaits the approval of the athletic council.

There's still some doubt about the scene for the annual Pennsylvania Military College clash and still a possibility that it may again be held in Atlantic City's Convention Hall.

If the shore proposition fails to materialize, this is another battle that may be moved into Wilmington and with Johns Hopkins officials hollering for the Baltimore site, only two games, Ushinus and Drexel, appear slated for Frazer Field.

LOCAL KIDS WILL AGAIN BE given an opportunity to match their skill in a swimming meet which will be staged by Ralph (Irish) O'Connell in the University of Delaware pool.

Last year's competition aroused so much interest and attracted so much attention from townspeople that it certainly proved worth repeating. Efforts next Thursday will not go unrewarded as in 1939 for high-point scorers will receive medals for their achievements.

TWO TELEPHONE CALLS THAT we received this week, we pass on to you.

The second came last night from Walter who has been working for the past month to stage a marathon race here. According to Walter, 31 local runners had announced themselves as probable starters, twenty-six of this group had definitely stated they would participate.

Only six, including Walter, showed up for the event which was slated to be held last night and which was called off due to a lack of competitors.

Walter was plenty burned up and you can't blame him—after all his solicitation of merchants in the town had brought forth a generous response—enough to take care of three cups and seven medals for the first ten to cross the line.

"They'd run for a keg of beer," Walter yelled at us, "but turn down the chance to participate in a good, honest sport."

HE FURTHER STATED THAT THE race will be run in the near future with last night's absentees barred from the running. Only White, Ren George, Drexel Harrington, Joe Moore, Zebulon Goodyear, and Phil Cornog, the footmen who turned out, and those who made no definite assertion that they would run, will be eligible for the next grid.

The first call came yesterday afternoon from Jack Edmanson, manager of Newark's entry in the New Castle Baseball League, who seemed not so burned up but no less disgusted.

After nursing the local outfit through the major part of the schedule, a lack of interest on the part of his players has forced Jack to throw in the sponge.

An emergency call for funds last week when it was declared that financial support must be guaranteed or else—was generously answered by George Jackson, local hardware merchant.

But even George can't help Jack in his present predicament—after all he's soiless.

Everything happens at once, it seems, but let's hope something happens real quick to restore the enthusiasm to these two sportsmen's hearts.

HERBENER ROLLS 300 GAME IN MATCH

Continental Team Walks Off With Summer Title

Harry Herbener, captain of the Continental-Diamond Fibre Company pin team, winner of the Tuesday Night Summer League, brought the season to an auspicious close Tuesday evening when he rolled a perfect 300 game at the Boulevard Bowling Center.

In leading his quintet to a final conquest over Clover Dairy No. 1, Herbener turned in the second perfect score to be marked up at the Wilmington alleys and was awarded a prize of \$25.

Three other members of the local outfit, Kinsey Whiteman, Jack Barrett, and Jake Hogan, also won cash awards. Whiteman, with a mark of 177.6, won \$4 for the league's top average; Barrett, with the second high average of 176.9, won \$3, and Hogan, with the high single game of 231, was presented a prize of \$3. Herbener, with his 300 score, was not eligible for the latter award because he failed to roll in the required number of games. George Moody, of Clover Dairy No. 1, with a score of 646, won the prize for three high games.

Other members of the local contingent were: Charlie Tasker, Harry B. Williamson, Jr., Clarence H. Hopkins, and Tom McDaniel.

In taking the championship, Continental marked up 52 games in the win column while losing only 4, while Clover Dairy No. 1 took second honors with 44 victories against 12 losses.

RACES AT BEL AIR

A ten-day racing card got underway yesterday at Bel Air, Md., under the sponsorship of the Harford County Fair Association. Race Secretary Edward J. Brennan has arranged an attractive program for the final lap of the summer racing season.

More than 900 horses will strive for the purses. Of these, 600 are occupying stalls at Bel Air. The remainder are quartered at Pimlico and Timonium.

A grandstand seating 8,000 and a modern clubhouse, both lined with 100 private boxes will help make turf fans comfortable.

Officials named by the Maryland Racing Commission are: Stewards, James T. Wolfe, Marion Staylor, and Edward J. Brennan; placing judges, Matthias C. (Ty) Shea, John J. Turner, Sr., and Wilmer Brinton; judges, Earl Burken, J. E. Burke, and Henry Carroll; timer and paddock judge, William Shrewbridge, clerk of scales, John Brennan; starter, Ira Gregory.

STOCK CAR PRELIMS TO BE STAGED SUNDAY

36 Drivers To Compete In Finals On August 4

As a forerunner to the second annual AAA 200-Mile All-American Championship stock car auto race, set for Sunday, August 4, stock car qualification races will be held next Sunday afternoon, July 28, when a score of drivers will be selected at Langhorne Speedway for the big classic in early August.

Stock car drivers from a zone within 400 miles of Philadelphia are required to run for their right to finally compete, while distance drivers will be given a final chance ahead of the regular race day.

An innovation for Sunday's races will be that for "a half a dollar," race fans of the East will be afforded a grandstand seat for the ten-mile heat races, the lowest scale to ever prevail at Langhorne. As at Indianapolis, thousands are expected for the preview competition.

Among drivers from the big field who are expected to assuredly be designated for August 4, are Ted Horn, Everett Saylor, Mark Light, Ted Myquist, Manuel Cooper, Joe Littlejohn, Bert Ross, Walt Keiper, Dan Goss, Bill France, Bob Baker, Tom Kinney, Bill Strauss, Bud Irwin, Bud Woodward and Tommy Elmore. Many others, "gentlemen drivers," and newcomers to stock car racing will have to fight it out to get in the final chosen 36, who will breeze along in the 200 mile grind hoping for ultimate victory.

Light won the race last year with Walt Keiper, Bert Ross, Henry Banks, Bill Shoop, Ted Nyquist, Mike Felber, Slats Frerich, Ken Hickey, Frank Smith, Bob Cooney and the late Larry Beckett, following in order to twelfth place. Nyquist set several world's records, at which the boys will be shooting this year.

Promoter Ralph Hankinson, the only one who is granted an AAA sanction for stock car races, is looking for the largest crowd in his ten years operation of the big mile oiled bowl, the most famous race course in the United States outside of Indianapolis.

LOOKING UP

Returning from a Western trip, during which they chalked up 6 victories against 9 defeats, the Phillies are ready to put up a battle on their own diamond for the seventh place notch in the standings.

Encouraged by the hitting of the club in the three games played in Chicago, Doc Prothro believes his charges are due to win some of the close games that have been going to the opposition. Of the nine games dropped on the trip just finished, three were lost by one run and in four of them, 2 runs was the margin of victory.

In the 15 games played away from the home orchard, the Phils hit for a team average of .270 with Merrill May and Johnny Rizzo setting the pace for the rest of the club. The third sacker's neat .330 is among the best in the senior circuit, and Rizzo has boosted his to an even .300 while he continues to make those circuit clouts, adding three on the road, to bring his total for the season to 13 and 9 since wearing a Phillies uniform.

STEWART APPOINTED HEN GRID ASSISTANT

Murray Names Furman Star To Take Over Line Coaching

Flucie L. Stewart, director of athletics at Appalachian State Teachers' College, Boone, N. C., has been appointed Bill Murray's assistant coach of football at the University of Delaware this fall, it was announced last Saturday.

The new assistant will be line coach in football and will also be head basketball coach of the Blue Hens.

A graduate of Furman University in 1933, Stewart went to Appalachian five years ago, after three years of successful coaching of freshman football, varsity basketball and baseball at Furman where he was affiliated with Head Coach "Dizzy" McLeod. In his first four years at Appalachian he was co-coach with Kidd Brewer and became director of athletics last year upon Brewer's resignation.

In 1939, under Stewart's direction, Appalachian won nine games and lost once on the gridiron, bowing to Rollins College for the lone reverse. He also coached the Appalachian basketball team to the North State Conference championship, winning 18 out of 20 games. His football team amassed 269 points to its opponents' 33.

As line coach under Brewer, Stewart was regarded as one of the most able in North Carolina. In 1935, only 29 points were scored against the Mountaineers and in 1937 they were undefeated and undefeated in 1937. Only one defeat was handed Appalachian in 1935, and again in 1938, while nine victories were scored in each of the seasons.

Stewart's athletic career began at Furman in 1929, after he had made all-state tackle with the Strawn Texas High School. He was all-state football end at Furman during his junior and senior years and in his senior year received honorable mention on the Associated Press All-American team. He was also presented with the Hale's Trophy by Greenville, S. C., where Furman is located for being the most valuable Furman player.

At Furman, Stewart was a member of the Purple Hurricane basketball team which was undefeated in 1929-30, and which won the state championship two years in succession. He also served as first string pitcher and first baseman on Furman baseball teams.

A member of the board of directors of the National Association of Intercollegiate Basketball, Stewart is 31 years old and is married.

ONE OF 15 TRUCKS OWNED BY GOVERNMENT

State Is Largest User Of Highways For Commerce

Commenting today on the increasing importance of highway transportation in carrying out the functions of government, H. V. Daniel, secretary, Associated Petroleum Industries of Delaware, pointed out that under normal conditions the largest commercial user of the highways is government.

"In Delaware, one in every fifteen trucks is owned by government," Mr. Daniel declared. "In addition to the current use of our highways by the federal government in the handling of mail and its present military transport, the state owns hundreds of motor vehicles and cities and counties could not carry out their multiple functions without the use of highway transportation."

"National defense measures are largely predicated on an impressive expansion of our air forces and mechanized land units. This will inevitably place a heavy burden on our highway system but, inasmuch as this system includes over 1,800 miles of improved and surfaced roads, the anticipated expansion of our mobile land forces and the inevitable maneuvering tactics associated with combat training will, it is believed, be met."

In no way hamper the orderly flow of normal passenger and freight traffic made possible by our large and flexible highway system.

"The terrain of our state lends itself to military exercises and the entire state will make an ideal proving ground for our expanded mechanized forces. As government use of our highway system increases, the necessity for maintaining these facilities in the best possible condition becomes apparent and imperative. Diversion of highway funds to other purposes must be curbed sharply and the monies devoted to a purpose which will admirably serve our national defense program—keeping our highway system in perfect condition."

LEGION SERIES DEADLOCKED

Locals Pound Out 16-1 Win Over Rivals

Newark's J. Allison O'Daniel Post representatives threw the American Legion Junior baseball championship series into a three-to-three deadlock last Friday when the local tossers walked Delaware Post No. 1, of Wilmington by a 16-1 count.

Every man in the winners' lineup contributed to the 16-hit attack, while the Wilmington contingent was held to three safeties by Thorpe, local hurler. After giving up one run in the first inning, the Newark moundsman pitched shutout ball for the remainder of the game.

IN REVIEW

War Strikes Newark

War struck Newark this week in a real practical way. An agent for the Allies was in town looking for horses for war shipment. It is understood he met with but little success. One farmer having four young horses, measuring according to standard required refused sale. Although the horses are in the market, our rural friend did his part in stopping the war in a real practical way, by refusing to sell for such purposes.

Farm after farm in this State may be visited with the same result. The old rural joke has been kept of honor when the products of his labor are in question. In this commercial day of wealth irrespective of the means, it is refreshing to find some tiller of the soil refusing to be a party to the slaughter of nations. Our own country, in danger, such as he would be on the firing line. Bless the farm, anyway!

Camping Trip

Thompson; topic, "The Red Man as Teacher and Learner," Miss Esther Ferguson, leader, assisted by Mrs. George Ferguson, Enigma, Mrs. H. B. Wright. Miss Roberts recited two selections.

Misses Nellie Wilson and Miss Elizabeth McNeal favored us with piano solos. At the close of the meeting refreshments were served and a pleasant time enjoyed.

On Motor Trip

Levi H. Cooch, County Agricultural Agent, accompanied by Mrs. Cooch, started on Monday in his car on a two weeks' pleasure trip to Buffalo by way of Harrisburg, Ithaca and Niagara Falls. Part of the route will be the same as that traveled in horse and carriage by the grandparents of Mrs. Cooch on their honeymoon—a record of which, with descriptions of the country passed through, is in the possession of Mrs. Cooch.

St. Thomas Picnic

Sunday School of St. Thomas' Episcopal Church held its annual picnic today near Welsh Track Church and the young folks had a merry time with their games in the grove. Prizes were presented to the visitors and there was a bountiful supply of ice cream and other things dear to the hearts of the young. Scholars and teachers are indebted to David C. Rose, Thomas Claringbold, Dr. Houchin, Daniel Thompson, and Dr. A. Lee Porter for the use of their automobiles.

PROBATION BOARD IN DRIVE FOR FUNDS

Chief Justice Appeal For Public Support

According to Chief Justice Daniel J. Layton of the Supreme Court, and chairman of the Delaware Committee of the National Probation Association, probation has thus far been recognized as the most effective means of handling youthful offenders.

In appealing for funds on behalf of the association in connection with its annual membership campaign, Judge Layton says:

"The changes sweeping over us today are in many instances having disastrous effects on the youth of our country. The lives of numberless young people are being disorganized or uprooted, laying up a heavy liability for the future.

"In trying to help bring order out of chaos in the delinquency and crime field, the National Probation Association is working to develop in every community well organized probation departments which will not only rebuild tens of thousands of individual young lives, but save the country, the state, the city, every taxpayer, in fact—the enormous expense of maintaining an ever increasing criminal population.

"Every dollar spent now in this preventive work will save many dollars of the taxpayers' money in the immediate present as well as in the dangerous future. It costs far less to set a delinquent straight than to house a hardened criminal.

"The Association has given active assistance in developing probation in our own state. Its continued assistance is needed here and should be extended to other cities and states throughout the country.

Contributions should be made payable to the National Probation Association and sent to David S. Foster, vice president, Wilmington Trust Company.

Other members of the Delaware committee of the association include: Judges Richard S. Rodney, Charles Sudler Richards, Frank L. Speakman, Charles L. Terry, and Messrs. Charles L. Harmonson, Robert H. Richards, and Robert G. Houston.

The national officers of the association are: Timothy N. Pfeiffer, president; and Judge George W. Smyth, vice president; Henry deForest Baldwin, treasurer and Charles L. Chute, executive director.

The members of the selection committee, Dr. Harry V. Holloway of Dover, John W. Noble of Easton, Dean Frederic G. Livingood of Washington College, and Frederic S.
