

UNIVERSITY OF  
2001-2002

# De la Torre

UNDERGRADUATE &  
GRADUATE CATALOG

2001-2002

## On the cover

**Stairway to Success.** From the start of their undergraduate careers at the University of Delaware, students are encouraged to think about their future successes. Whether they are searching for that perfect job right after graduation or further learning at a top institution, the education students receive at UD provides the right foundation for entry into the "real world."

With its prime location in the Corporate Capital of America, the University is a wonderful place for students to learn, to gain professional experience, and make connections with some of the top names in business today. One such name is MBNA America whose generous gift to the University led to the construction of the MBNA Career Services Center on Academy Street.

Start your next step to success by reviewing the *2001-2002 Undergraduate & Graduate Catalog*. You may find a new course or degree option that will help you move ahead. Your climb to the top will be challenging but rewarding with assistance from your advisors, the professionals at the MBNA Career Services Center and other support services on campus, and wise words found within these pages.

### **Bulletin of the University of Delaware (U.S.P.S. 077580)**

Volume 100 Number 1 July 2001

Is published semi-monthly in July, monthly in December and April by the University of Delaware, 222 South Chapel Street, Newark, Delaware 19716. Periodicals postage paid at Newark, Delaware 19711. POSTMASTER: Send address changes to Bulletin of the University of Delaware, Admissions Office, University of Delaware, Newark, Delaware 19716.

The Undergraduate and Graduate Catalog, published annually in print and online formats, is intended for use by students and faculty at the University. It contains academic policies, regulations, and procedures; a listing and description of all courses; descriptions of degree requirements; and lists of faculty and administrators. You can access the online catalog anytime at <http://www.udel.edu/catalog/>.

All new students admitted to the University receive a copy of this catalog during New Student Orientation. Additional copies may be purchased at the University Bookstore or by mail order. Copies are also available for examination at area high school guidance offices, the University Admissions Office, and the Graduate Studies Office. The University of Delaware will be pleased to supply copies, without charge, to any high school guidance office upon request.

The University of Delaware reserves the right to make changes in the regulations, charges, and curricula listed in this publication at any time without prior notice, although efforts to publicize such changes will be made.

*Undergraduate & Graduate*

2001-2002

# A MESSAGE TO STUDENTS

Your decision to attend the University of Delaware is an important one. That choice may have been based on recent college guides, such as the *Fiske Guide to Colleges*, which said, "If you're looking for an all-American, traditional college experience, take a gander at the University of Delaware." Or, you may have been influenced by our beautiful campus, which the *Princeton Review* called "absolutely the most gorgeous campus anywhere." Or, you might be following in the footsteps of family members or friends.

Perhaps you were attracted by the quality of our academic programs, such as the award-winning University Honors Program, whose graduates have won many national and international honors, including the Rhodes Scholarship, the Truman Scholarship and the Mitchell Scholarship.

Or, your decision may have been influenced by some of the many distinctions the University has achieved in the last few years, such as being cited by *U.S. News and World Report* as one of the country's top 25 public institutions, being named second among "America's Most Wired Colleges" in *Yahoo! Internet Life Magazine* or being called a "best buy" by *Money* magazine.

One of the best reasons for choosing Delaware is our commitment to provide you with the tools and resources to reach your goals. That commitment has been recognized in several ways. In recent national surveys, UD student responses have been significantly more positive than national averages and, at the same time, more positive than UD student responses of even five or ten years ago. Students ranked us highly in such areas as registration procedures, variety of courses offered, out-of-class availability of instructors, library facilities and services, computer services, classroom facilities, laboratory facilities and general condition of buildings and grounds. And, in a recent survey, our alumni responded overwhelmingly that they would want their children to attend UD.

That positive feeling about the University of Delaware is nowhere more evident than in the success we already have achieved with the Campaign for Delaware, the first comprehensive capital campaign in the institution's history. The five-year campaign began in October 1998 with a goal of \$225 million, and that original goal was surpassed less than halfway through the campaign. This campaign, which is continuing through its original five-year term, has proved an excellent opportunity for our many alumni and friends to demonstrate the high esteem in which they hold this institution and their desire to be involved in ensuring its continuing success in the new century.

As you begin the task of turning your dreams into reality and of forming your own very special relationship with UD, this catalog is an important first tool. Use it – and all of the University's resources, from the library to our prestigious faculty – as jumping-off places, stimuli to help you think of new and ever-more-challenging goals.

Know that all of us in the University of Delaware community are committed to doing whatever we can to help you succeed in attaining your goals.

Sincerely,

A handwritten signature in dark ink that reads "David Roselle". The signature is fluid and cursive, with the first name "David" and last name "Roselle" clearly legible.

David P. Roselle  
President

# UNIVERSITY CALENDAR

## FALL SEMESTER 2001

*Monday, August 6*

Late registration and change of registration begins via UDPHONE and website.

*Saturday, August 25*

Residence halls check-in for new students: 8:00 a.m. to 4:00 p.m.

Fall DelaWorld Phase II begins.

*Sunday, August 26*

Residence halls check-in for returning students: 9:00 a.m. to 9:00 p.m.

*Monday, August 27*

New Student Convocation: 11:00 a.m.  
Advisement and registration.

*Tuesday, August 28*

Classes begin at 8:00 a.m.

*Friday, August 31*

Deadline for admission to doctoral candidacy for degrees to be conferred in December 2001.

*Monday, September 3*

Labor Day Holiday, University offices closed; classes suspended.

*Tuesday, September 11*

Last day to register or to add courses. After this date, tuition and a one-time \$20 processing fee will be charged for change of registration; students withdrawing from courses will receive a grade of "W" on permanent record.

Deadline for undergraduate students for completion of deferred examinations and incomplete work (grade I) from Spring Semester 2001 and 2001 Summer Sessions.

*Monday, September 17*

Deadline for filing application for *graduate degrees* to be conferred in December 2001.

Rosh Hashanah begins at sundown; continues next two days – See policy on excused absence in the Academic Regulations chapters of this catalog.

*Wednesday, September 26*

Yom Kippur begins at sundown; continues following day – See policy on excused absence in the Academic Regulations chapters of this catalog.

*Monday, October 15*

Freshman midterm marking period ends.

*Friday, October 19*

Deadline for *graduate students* for completion of deferred examinations and incomplete work (grade I) from Spring Semester 2001 and 2001 Summer Sessions.

*Monday, October 22*

Registration begins for Winter Session.

*Friday, October 26*

Fall Break; classes suspended.

*Tuesday, October 30*

Last day to change registration or to withdraw from courses without academic penalty.

*Monday, November 12*

Deadline for receipt of *doctoral dissertations and executive position papers* for degrees to be conferred in December 2001.

*Thursday, November 15*

Undergraduate admission application deadline for freshmen and transfer students entering Spring Semester, 2002. Registration for Spring Semester 2002 begins.

*Monday, November 19*

Deadline for receipt of *master's theses* for degrees to be conferred in December 2001.

*Wednesday, November 21*

Thanksgiving recess begins at 5:00 p.m. Classes starting at or after 5:00 p.m. will not meet.  
Residence halls close at 7:00 p.m.

*Thursday, November 22*

Thanksgiving Day, University offices closed; classes suspended.

*Friday, November 23*

Holiday, University offices closed; classes suspended.

*Sunday, November 25*

Residence halls open at 2:00 p.m.

*Monday, November 26*

Classes resume following Thanksgiving recess.

*Monday, December 3*

Deadline for graduate admission applications for Spring Semester 2002.

*Wednesday, December 5*

Last day of classes; classes end at 10:00 p.m.

*Thursday, December 6*

Reading day (no examinations, test or quizzes are allowed).

*Friday, December 7*

Final examinations begin.  
Grades due in Registrar's Office 72 hours after scheduled examination or last class meeting when no final examination is given.

*Saturday-Sunday, December 8, 9*

Reading days (no examinations scheduled).

*Friday, December 14*

Final examinations end.  
Residence halls close at 10:00 p.m.

*Saturday, January 5*

January Commencement.

## WINTER SESSION 2002

*Monday, October 22*

Registration for Winter Session begins.

*Tuesday, November 13*

Late registration and change of registration begin via UDPHONE and Web.

*Thursday, December 13*

Fee payment deadline for Winter Session.

*Tuesday, January 1*

Residence halls check-in: 2:00 p.m. to 9:00 p.m.

*Wednesday, January 2*

Classes begin at 8:00 a.m. Late registration begins.  
Residence hall check-in for Winter Session walk-ins, 9 a.m. to 5 p.m.

*Monday, January 7*

Last day to register or to add courses. After this date, tuition and a one-time \$20 processing fee will be charged for change of registration; students withdrawing from courses will receive a grade of "W" on permanent record.

*Tuesday, January 15*

Deadline for graduate admission recommendations from departments for Spring Semester 2002.

*Monday, January 21*

Martin Luther King Day, University offices closed; classes suspended.

*Tuesday, January 22*

Last day to change registration or to withdraw from courses without academic penalty.

*Friday, February 1*

Deadline for admission to *doctoral candidacy* for degrees conferred in May 2002.  
Last day of classes.

*Saturday, February 2*

Final examinations.  
Grades due in Registrar's Office 72 hours after scheduled examination or last class meeting when no final examination is given. Students leaving after Winter Session must check out of the Residence Hall by 7:00 p.m.

*Wednesday, May 15*

Deadline for filing application for *graduate degrees* to be conferred in August 2002.  
Last day of classes; classes end at 10:00 p.m.

*Thursday, May 16*

Reading Day; evening examinations will be scheduled; grades due in Registrar's Office 72 hours after scheduled examination or last class meeting when no final examination is given.

*Friday, May 17*

Final examinations scheduled in the morning; reading period in afternoon and evening.

*Saturday-Sunday, May 18-19*

Reading Days; no required examinations, test or quizzes are allowed.

*Friday, May 24*

Final examinations end.  
Residence halls close at 10:00 p.m. for nongraduates.

*Saturday, May 25*

Commencement.  
Residence halls close at 5:00 p.m. for graduates.

*Monday, May 27*

Memorial Day. University offices closed.

## FIRST SUMMER SESSION 2002

*Monday, April 8*

Registration for 2002 Summer Sessions begins.

*Sunday, June 2*

Residence hall check-in for 5 and 7 1/2 week sessions; noon to 5 p.m.

*Monday, June 3*

Classes begin.

*Thursday, July 4*

Holiday, University offices closed; classes suspended.

*Friday, July 5*

Classes end, 5 week Summer Session.

*Saturday, July 6*

Final examinations; 5 week Summer Session. Students attending 5 week Summer Session to check out of residence halls by 7:00 p.m.

*Monday, July 22*

Classes end, 7 1/2 week Summer Session classes meeting Monday/Wednesday.

*Tuesday, July 23*

Classes end, 7 1/2 week Summer Session classes meeting Tuesday/Thursday.

*Wednesday, July 24*

Final Exams, 7 1/2 week Summer Session classes meeting Monday/Wednesday.

*Thursday, July 25*

Final Exams, 7 1/2 week Summer Session classes meeting Tuesday/Thursday.  
Students attending 7 1/2 week sessions to check out of residence halls by 7:00 p.m.

## SECOND SUMMER SESSION 2002

*Monday, July 1*

Deadline for *graduate admission* applications for admission to the fall semester 2002 (some departments have earlier deadlines).

*Monday, July 8*

Summer classes begin.

*Monday, July 22*

Deadline for submission of *doctoral dissertations and executive position papers* for degrees to be conferred in August 2002.

*Monday, July 29*

Deadline for submission of *master's theses* for degrees to be conferred in August 2002.

*Friday, August 9*

Summer classes end.

*Saturday, August 10*

Final examinations; residence halls close for 2nd Summer Session at 7:00 p.m.

**SPRING SEMESTER 2002***Thursday, November 15*

Undergraduate admission application deadline for freshmen and transfer students entering Spring Semester, 2002.

Applications received after this date will be reviewed on a space available basis.

Registration for Spring Semester 2002 begins.

*Monday, December 3*

Graduate admission application deadline for Spring Semester, 2002.

*Tuesday, January 1*

Undergraduate readmission application deadline for Spring Semester, 2002.

*Monday, January 7*

Fee payment deadline for Spring Semester, 2002.

*Tuesday, January 15*

Deadline for graduate admission recommendations for Spring Semester, 2002.

*Thursday, January 17*

Spring DelaWorld Phase I.

*Tuesday, January 22*

Late registration and change of registration for advance registered students begins via UDPHONE and Web.

*Friday, February 1*

Deadline for admission to *doctoral candidacy* for degrees to be conferred in May 2002.

*Sunday, February 3*

Residence halls check-in 2:00 p.m. to 9:00 p.m.

*Monday, February 4*

Spring DelaWorld Phase II.

Classes begin at 4:00 p.m.

Residence halls check-in 9:00 a.m. to 5:00 p.m.

*Friday, February 15*

Deadline for filing application for *graduate degrees* to be conferred in May 2002.

Undergraduate admission application deadline for freshmen entering Fall Semester 2002.

*Monday, February 18*

Last day to register or to add courses. After this date, tuition and a one-time \$20 processing fee will be charged for change of registration; students withdrawing from courses will receive a grade of "W" on permanent record.

Deadline for *undergraduate students* for completion of deferred examinations and incomplete work (grade I) from Fall Semester 2001 and 2002 Winter Session.

*Friday, March 1*

Deadline for *graduate students* for completion of deferred examinations and incomplete work (grade I) from Fall Semester 2001 and 2002 Winter Session.

*Friday, March 29*

Freshman midterm marking period ends.

Spring recess begins at end of classes. Residence halls close at 7:00 p.m.

*Monday, April 1*

Deadline for *graduate admission* applications for admission in June 2002.

*Sunday, April 7*

Residence halls open at 2:00 p.m.

*Monday, April 8*

Classes resume at 8:00 a.m. following spring recess.

Registration for Summer Sessions 2002 begins.

*Monday, April 15*

Deadline for receipt of *doctoral dissertations and executive position papers* for degrees to be conferred in May 2002.

Registration for Fall Semester 2002 begins.

*Monday, April 22*

Last day to change registration or to withdraw from courses without academic penalty.

Deadline for receipt of *master's theses* for degrees to be conferred in May 2002.

*Wednesday, May 1*

Deadline for admission to *doctoral candidacy* for degrees to be conferred in August 2002.

Undergraduate admission application deadline for transfer students entering Fall Semester 2002.

*Friday, May 3*

Honors Day. Modified class schedule.

# THE UNIVERSITY

- **Tradition and Innovation – Our History and Our Future**
- **Diverse Colleges and Extensive Degree Programs**
- **Our Academic Calendar Offers Flexible Scheduling**
- **Teachers Who Teach**

- **Students Are Our Focus**
- **Our Unique Research Opportunities**
- **Cooperative Programs With Other Institutions**
- **Keeping Informed and Involved**

## TRADITION AND INNOVATION – OUR HISTORY AND OUR FUTURE

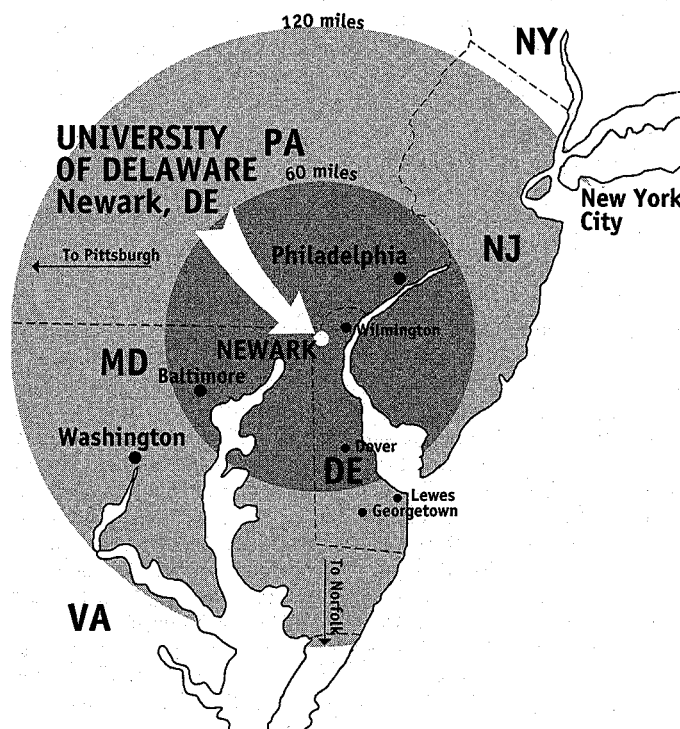

One of the oldest institutions of higher education in the country, the University of Delaware combines tradition and innovation, offering students a rich heritage along with the latest in instructional and research technology.

The University traces its origin to a small school in New London, Pa., opened in 1743 by the distinguished Colonial scholar, the Rev. Dr. Francis Alison. By 1765, the school had been moved to Newark, Del., where it received a charter as the Academy of Newark from Thomas and Richard Penn in 1769. The State of Delaware chartered the school in 1833, and the institution was renamed Delaware College in 1843. A Women's College was opened in 1914, and in 1921, the two coordinate colleges were officially named the University of Delaware.

Graduate programs leading to a master's degree have been available since before the turn of the century. Doctoral programs have been offered since the 1940s. Currently, the University offers more than 80 different programs leading to a master's degree and over 40 different programs leading to a doctoral degree through 46 departments in the seven instructional colleges. In 1999-2000, 709 master's degrees and 164 doctoral degrees were conferred.

Today, there are more than 100,000 active University of Delaware alumni who live in every state of the U.S. and more than 75 foreign countries. The Class of 1995 included the University's 100,000th graduate.

A private university that receives public support, the University of Delaware joined the ranks of historic land-grant colleges in 1867. Today, it is a land-grant, sea-grant, space-grant and urban-grant institution. Midway between Philadelphia and Baltimore, the main campus is located in Newark, Delaware, a suburban community of 30,000. But, courses are offered statewide, at locations including Wilmington, Dover, Milford, Georgetown, and Lewes. In addition to full-time and part-time educational opportunities, the University offers a rich array of public lectures, exhibitions, performances, service programs and athletic competitions. The UD also is home to a unique training program for world-class figure skaters.

The campus is a place of great beauty. In recent years, special enhancements have included renovations to classrooms, laboratories and virtually every building on campus, as well as new research facilities such as the Allan P. Colburn Laboratory for chemical engineering and the Lamont du Pont Laboratory for chemistry, biochemistry and marine studies.

The University recently opened MBNA America Hall—a new facility for the College of Business and Economics, and Gore Hall—a major classroom building that completes the historic campus mall. In

addition to new construction, the University has an ongoing commitment to the restoration and renovation of historic buildings that are a special part of the central campus—a commitment recognized and praised by several external organizations.

The University works cooperatively with the area's unique cultural and technical institutions, and it provides the finest library facilities in the state. Recently, the University was honored as a national model for its exemplary campuswide technology network, incorporating video, data and voice, and for the use of that network to enhance teaching, learning, research, administration, and community service.

**Mission Statement.** The central mission of the University of Delaware is to cultivate both learning and the free exchange of ideas. To this end, the University provides excellent undergraduate and graduate courses of study in a variety of disciplines. Our graduates should know how to reason critically and independently yet collaborate productively. They should understand the cultural and physical world, communicate clearly in writing and speech, and develop into informed citizens and leaders. The University faculty has a strong tradition of distinguished scholarship, research, and teaching, which is grounded in a commitment to increase scientific, humanistic, and social knowledge for the enrichment of the larger society. A state-assisted, privately-governed institution, the University of Delaware was founded as a private academy in 1743, received its collegiate charter from the state in 1833, and was designated one of the nation's historic land-grant colleges in 1867. The University works cooperatively with the area's unique cultural and technical institutions; it provides the finest library in the state and offers the region's people a rich array of public lectures, exhibitions, performances, service programs, and athletic competitions. The University strives for an atmosphere in which all people feel welcome to learn, embracing creativity, critical thinking, and free inquiry, and respecting the views and values of an increasingly diverse population.

**Statement of Responsibility.** The University of Delaware community values both personal and academic freedom. All members of the campus community have the personal responsibility to promote an atmosphere of civility in which the free exchange of ideas and opinions can flourish. We do so by learning from individual and collective differences and by respecting every human being.

**A Commitment to Diversity.** The University is committed to creating an educational community that is intellectually, culturally and socially diverse, enriched by the contributions and full participation of persons from many different backgrounds. As part of that effort, two special commissions have been assembled to promote gender equity and racial diversity: The Commission on the Status of Women and the Commission to Promote Racial and Cultural Diversity. Composed of students, faculty, and professional and salaried staff, these commissions work to create a climate that encourages all members of the University community to respect and appreciate individual and cultural differences, to promote equity for people of different backgrounds in all areas of University life, and to enhance the curriculum by including the perspectives of different races, cultures and genders. The commissions, members of which are appointed by the President, also identify problem areas and make recommendations for positive changes.

---

## DIVERSE COLLEGES AND EXTENSIVE DEGREE PROGRAMS

---

**A**cademic degree programs are administered by seven colleges at the University. Six of them (Agriculture and Natural Resources; Arts and Science; Business and Economics; Engineering; Health and Nursing Sciences; Human Services, Education and Public Policy) offer both undergraduate and graduate degrees. The remaining col-

lege, Marine Studies, offers graduate degrees only. A complete list of our extensive undergraduate and graduate degree programs is presented on pages vi-xi of this catalog.

Through the Parallel Program, a special partnership between the University of Delaware and Delaware Technical & Community College, students can earn credits toward University degrees at campuses in Wilmington, Dover and Georgetown. The Division of Continuing Education extends the opportunities of the University to students throughout the state.

Since 1921, the University has been accredited by the Middle States Association of Colleges and Secondary Schools. Professional accreditation also is held in Accounting, Agricultural Engineering/Engineering Technology, Athletic Training, Business Administration, Chemistry, Clinical Psychology, Dietetics, Education, Engineering, Medical Technology, Music, Physical Therapy, and Nursing.

---

## OUR ACADEMIC CALENDAR OFFERS FLEXIBLE SCHEDULING

---

**T**he University of Delaware follows a semester plan. Fall semester usually begins in early September and ends in mid-December. The spring semester begins in early February and ends in late May. During winter and summer sessions (described below), students may participate in off-campus field experiences, special projects for credit and a number of non-credit activities—as well as regular academic courses. Classes are offered from 7:00 a.m. to 10:00 p.m. During pre-registration, students may indicate preferred class times. For more information on fall and spring semesters, call the Registrar's Office at (302) 831-2131.

The Summer program begins the first week of June and features two consecutive five-week sessions, as well as some classes that meet for 7-1/2 weeks. Winter Session is held in January and early February.

During Winter and Summer sessions, students may earn up to seven credits to accelerate progress toward a degree, to focus on a single subject, or to synchronize their course schedule with the sequence of fall and spring course offerings.

Besides on-campus courses, the Winter and Summer offer travel study programs both abroad and within the U.S. (Read more about Study Abroad Programs in the "Opportunities to Enrich Your Undergraduate Education" chapter.) Special sessions also allow students to complete popular courses that may be in high demand during regular semesters. The Library, Student Centers, Housing and Dining Services, Carpenter Sports Building and other support services are active during special sessions. Cultural activities including films, concerts, bus excursions and lectures are also available.

Before the registration period for each special session, students receive booklets containing detailed information and course listings. Winter session booklets are available on the first day of Fall classes, and registration begins in mid October. Summer session registration typically begins in early April. For more information, call the Office of International Programs and Special Sessions, (302) 831-2852, <http://www.udel.edu/fanjoy/special-sessn.html>

---

## TEACHERS WHO TEACH

---

**A**mong more than 900 faculty members at the University of Delaware, 87 percent hold the doctoral or terminal degree in their field. They hold office in national and international professional associations, they serve on scholarly editorial boards, including the board of the University of Delaware Press, and they are invited to lecture at institutions around the world. In any given year, faculty honors may include Guggenheim fellowships, Alexander von Humboldt-Stiftung awards, Fulbright fellowships, and election to the

National Academy of Engineering (NAE) and the National Academy of Sciences. In 1998, for example, the College of Engineering boasted four NAE members, seven Presidential Young Investigators and eighteen named professorships.

Delaware faculty constantly strive to improve their performance as teaching scholars. The University's Center for Teaching Effectiveness encourages professional development by annually awarding grants to faculty members who propose innovative strategies, such as incorporating new multi-media teaching technologies.

## STUDENTS ARE OUR FOCUS

**S**tudents are the focus of the University's academic programs. In fall 2000, 20,888 students were enrolled, including 16,110 undergraduate students, 2,962 graduate students, and 1,816 students in the Division of Continuing Education. Of the undergraduate total, 612 were enrolled in the University's Parallel Program with Delaware Technical & Community College.

Entering 2000 freshmen typically ranked in the top quarter of their high-school graduating classes. Their average SAT verbal and mathematics scores were well above the national average for college-bound students.

Although Delaware class size can range from a minimum of one student (in independent study) to a large lecture class of 300, 64 percent of class sections have fewer than 30 students. Many members of the faculty, including distinguished professors, teach freshman-level courses, ensuring that students have early contact with eminent scholars. At the same time, the presence of able graduate students enhances undergraduate programs by providing educational models for students aspiring to advanced degrees.

## OUR UNIQUE RESEARCH OPPORTUNITIES

**W**hile some institutions provide only limited research opportunities for undergraduates, a long-standing tradition at the University of Delaware encourages hands-on laboratory experience for students. Every year, an increasing number of undergraduates work with faculty researchers on independent-study and honors-degree projects, or as part of the Undergraduate Research Program. In 2000, for example, this program served about 500 undergraduates, who tackled projects ranging from the cardiovascular function of turtles to fusion-bonding of composite materials. (Be sure to read more about the Undergraduate Research Program in the "Opportunities to Enrich Your Undergraduate Education" chapter.)

Graduate students at Delaware make a major contribution to the University's objectives of creating, synthesizing, and disseminating knowledge. Through formal courses, seminars, independent studies, and research projects, students are introduced to existing knowledge in their fields and are provided with the principles and techniques for independent thinking and research. Some graduate students are supported under faculty research grants from outside agencies.

Campus-wide, the University conducts a wide variety of basic and applied research. Additionally, because the University cooperates with other research institutions, industry, major laboratories, and neighboring museums, students have access to an even wider range of advanced research facilities. Research funding is provided by federal grants, state and industrial contracts, foundation grants, University funds and other sources. The Delaware Research Partnership uses state funds to attract matching grants from industry in support of University research that promises to enhance the state's economic development. The University of Delaware Research Foundation (UDRF), a nonprofit foundation chartered in 1955 to support University research, awards grants in science and engineering to young faculty investigating promising ideas.

The University of Delaware Press, a nationally recognized scholarly press, publishes the work of authors in many fields, including that of faculty members at this University.

Read more about research opportunities in the chapter "Research Centers, Institutes, and Special Facilities."

## COOPERATIVE PROGRAMS WITH OTHER INSTITUTIONS

**Academic Common Market.** The University of Delaware participates in the Academic Common Market, an agreement among 15 member states of the Southern Regional Educational Board (SREB). The agreement enables students to pursue unique majors offered at publically-funded institutions in the SREB states while paying in-state tuition. For more information on program benefits and participating states and institutions, contact the Southern Regional Educational Board, 592 10th St. N.W., Atlanta, GA 30318-5790; Phone: 404-875-9211; Fax: 404-872-1477; <http://www.sreb.org/>.

**Biosphere 2/Columbia University.** The University of Delaware has joined in a partnership with Biosphere 2, Columbia University's well-known center for environmental science and policy studies. Under the partnership, UD undergraduates may attend Biosphere's academic programs either for a full semester or in a variety of summer programs and earn credit toward their UD degrees. For more information, see the chapter "Opportunities to Enrich Your Undergraduate Education" in this catalog.

**Henry Francis du Pont Winterthur Museum, Eleutherian Mills-Hagley Museum and Library, Longwood Gardens.** The College of Arts and Science cooperates with the Henry Francis du Pont Winterthur Museum and the Eleutherian Mills-Hagley Museum and Library in providing graduate study in art conservation, early American culture, and American economic, technological, and business history. In the College of Agriculture and Natural Resources, a program in ornamental horticulture was initiated in September 1967 in cooperation with the Longwood Gardens.

Graduate students in the Early American Culture program work in the Henry Francis du Pont Winterthur Museum, which contains one of the largest collections of American art, including furniture, ceramics, textiles, folk art, silver, glass, and paintings. The Museum is open to Winterthur Fellows for museum training and to both fellows and staff for research.

**ORAU.** Since 1980, students and faculty of the University of Delaware have benefited from its membership in Oak Ridge Associated Universities (ORAU). ORAU is a consortium of 86 colleges and universities and a management and operating contractor for the U.S. Department of Energy (DOE) located in Oak Ridge, Tennessee. ORAU works with its member institutions to help their students and faculty gain access to federal research facilities throughout the country; to keep its members informed about opportunities for fellowship, scholarship, and research appointments; and to organize research alliances among its members.

For more information about ORAU and its programs, please visit the ORAU Home Page at <http://www.orau.org/>.

**SURA.** The University of Delaware is a member of Southeastern Universities Research Association (SURA), a consortium of 53 universities in 15 southeastern states and the District of Columbia. The organization's purpose is to serve as an entity through which colleges, universities, and other organizations may cooperate with one another and with government and other organizations in acquiring, developing, and using laboratories, machines, and other research facilities and in furthering knowledge in the physical, biological, and other natural sciences and engineering. Further information about SURA can be found on the World-Wide Web at <http://www.sura.org>.

---

## KEEPING INFORMED AND INVOLVED

---

The Office of Alumni and University Relations conducts programs and activities for diverse constituencies, keeping our alumni connected to the rest of the University community. A number of major campus events, including Homecoming, Convocations and Commencements, New Student Convocation, Honors Day and the University's Performing Arts Series, are presented by this office.

The office serves as the liaison to the more than 115,000 alumni worldwide and to the Alumni Association and its board of direc-

tors. Additional alumni services include organization of annual class and special interest reunion activities, recognition ceremonies for outstanding alumni achievements, and a national alumni club program.

The office also serves as liaison to the Parents Association and its board and presents the annual Freshman Parents Weekend and Parents and Families Weekend and other parent programs.

# RESEARCH CENTERS, INSTITUTES AND SPECIAL FACILITIES

- Agricultural Experiment Station
- Bartol Research Institute
- Center for American Material Culture Studies (CAMCS)
- Center for Applied Coastal Research
- Center for Applied Demography and Survey Research (CADSR)
- Center for Applied Science and Engineering in Rehabilitation (ASEL)
- Center for Archaeological Research
- Center for Biomedical Engineering Research (CBER)
- Center for Catalytic Science and Technology
- Center for Climatic Research
- Center for Community Development and Family Policy (CCDFP)
- Center for Composite Materials (CCM)
- Center for Disabilities Studies (CDS)
- Center for Drug and Alcohol Studies
- Center for Energy and Environmental Policy (CEEP)
- Center for Historic Architecture and Design (CHAD)
- Center for International Studies (CIS)
- Center for Molecular and Engineering Thermodynamics
- Center for Remote Sensing
- Center for the Study of Marine Policy
- Center for Teaching Effectiveness
- Cooperative Extension System
- Delaware Biotechnology Institute
- Delaware Center for Teacher Education (DCTE)
- Delaware Education Research and Development Center
- Delaware Geological Survey
- Delaware Transportation Institute
- Disaster Research Center
- The Financial Institution Research and Education Center (FIRE)
- History Media Center
- Institute for Public Administration (IPA)
- Institute for Transforming Undergraduate Education (ITUE)
- Institute of Energy Conversion
- Mathematics & Science Education Resource Center (MSERC)
- Office of Educational Technology
- University of Delaware Press
- Water Resources Center

The University maintains a number of research centers and institutes that focus on a variety of subjects relevant to advanced scholarly investigation of special interest to the faculty and the public. The research and activities of these special units greatly enhance the graduate program offerings at the University.

The University is also headquarters for such scholarly and professional organizations as the American Philosophical Association, the Mid-Atlantic Association of Museums, and the Urban Affairs Association.

## AGRICULTURAL EXPERIMENT STATION

The Experiment Station serves as the research arm for the College of Agriculture and Natural Resources, conducting research, fundamental and applied, in all phases of agriculture and rural life. By performing this function, it not only contributes to increased and efficient production and to improved marketing of agricultural products, but it serves to stabilize production by developing practices and techniques designed to protect crops and livestock against diseases, pests, and certain physical forces of

nature. A majority of the professors in the College of Agriculture and Natural Resources have appointments in the Experiment Station.

Students find many opportunities to work with these professors in independent study projects that introduce them to biological, economic, and engineering technology research in the agricultural disciplines. Advanced undergraduates often gain valuable experience working for a professor in a laboratory or in the field on Experiment Station-sponsored research. For more information, please see [http://ag.udel.edu/second\\_level/research/agricultural\\_experiment\\_station.htm](http://ag.udel.edu/second_level/research/agricultural_experiment_station.htm).

## BARTOL RESEARCH INSTITUTE

The Bartol Research Institute is a unit in the College of Arts and Science. It is housed in the H. Rodney Sharp Laboratory, a building that it shares with the Department of Physics and Astronomy. The primary function of the Institute is to carry out forefront scientific research, with a primary focus in physics, astronomy and space sciences. It

also participates fully in the University's Joint Graduate Program in Physics and Astronomy.

Research areas in which Bartol is especially active include cosmic rays, the interplanetary medium, planetary magnetic fields, condensed matter physics, stellar physics, nuclear theory, elementary particle theory, particle astrophysics and cosmology. In addition to its laboratories on the Newark campus of the University, Bartol operates experimental facilities in Antarctica, Greenland and northern Canada.

Bartol also administers the NASA Space Grant College Program, a consortium of ten institutions of higher learning in the region. Detailed information on Bartol's various research programs as well as undergraduate and graduate research opportunities can be found at the Institute's web site (<http://www.bartol.udel.edu>).

---

## **CENTER FOR AMERICAN MATERIAL CULTURE STUDIES (CAMCS)**

The Center for American Material Culture Studies (CAMCS) builds on the University of Delaware's distinguished international reputation in the interdisciplinary study of American material and visual culture. The Center for American Material Culture Studies promotes the learning from and the teaching about all the objects and images people make and the ways people act upon the physical and visible world. Through the Center, students and teachers examine material objects as living artifacts, as texts and contexts, to better imagine, interpret, and appreciate the world we inhabit; experience American material and visual culture in a dynamic learning, teaching, research, and public service environment; participate in seminars, field-based research ventures with institutional partners and state, regional, and national organizations; and contribute to the national effort in documentation, interpretation, preservation, and teaching of American material and visual culture. The Center offers an interdisciplinary minor and internships for undergraduates, a January international study trip for a selected group of graduate students, competitive graduate student research assistantships, and signature courses in material culture, design history, and visual culture. The Center's programs reach in to its University partners ranging from the humanities to the performing and studio arts, and reaching out to the larger public and scholarly community.

---

## **CENTER FOR APPLIED COASTAL RESEARCH**

Established in 1989 within the Department of Civil and Environmental Engineering, the Center for Applied Coastal Research offers one of the nation's foremost graduate programs in coastal and ocean engineering, leading to both master's and doctorate degrees. To achieve its mission to maintain an intercollegiate regional center for research in coastal and nearshore problems, the center provides state-of-the-art research equipment and prompt technology transfer of knowledge to industry and government. Center participants provide a wide range of expertise and include members of the Civil and Environmental Engineering faculty, as well as individuals from the Department of Geology, the College of Marine Studies, the Stevens Institute of Technology, the U.S. Naval Academy, Cornell University, University of Rhode Island, Penn State, and Drexel University. For more information, please see [www.coastal.udel.edu](http://www.coastal.udel.edu)

---

## **CENTER FOR APPLIED DEMOGRAPHY AND SURVEY RESEARCH (CADSR)**

The Center for Applied Demography and Survey Research (CADSR), part of the College of Human Services, Education, and Public Policy, functions in three basic ways:

- as a subcontractor to University faculty and professional staff members who hold research contracts;
- as a prime contractor to other units of the University, to federal, state, and local government agencies, and to private firms;
- as an archive of numerous local and national data bases.

CADSR is organized to provide the following types of services: (1) sample and questionnaire design, (2) data collection and survey management, (3) coding, editing, and data entry, (4) software development and access to package programs, and (5) archive and dissemination. Together these services form a complete package that can be offered in part or as a whole to the client. For more information, please see <http://www.cadsr.udel.edu>

---

## **CENTER FOR APPLIED SCIENCE AND ENGINEERING IN REHABILITATION (ASEL)**

The Center for Applied Science and Engineering in Rehabilitation (ASEL) is an internationally recognized interdisciplinary center comprising laboratories devoted to activities linking science, technology, and disability. The center conducts basic and applied research leading to the development of technologies for people with disabilities, evaluates the effectiveness of tools and techniques in increasing functional abilities, fosters innovation in effective use of and promotes access to technology applications for persons with disabilities, and disseminates outcomes stemming from center activities. Current research projects investigate: 1) new communication devices that employ artificial intelligence and natural language processing; 2) alternative representations of language (e.g., graphics and animation); 3) new speech interfaces for communication; 4) computer tutoring systems for speech and writing; 5) biomechanical devices for restoring/augmenting motor function. Other projects address the availability and effective use of assistive technologies; these include the operation of Assistive Technology Resource Centers in each of Delaware's counties, policy initiatives aimed at improving access to and funding for devices and services, and training and technical assistance efforts promoting technology use at home, in school, at work, and in the community. Outcomes of Center activities are disseminated through publications, a website, meetings, and targeted technical assistance at the local, state, national, and international levels. For more information, please see <http://www.asel.udel.edu>

---

## **CENTER FOR ARCHAEOLOGICAL RESEARCH**

The Center for Archaeological Research is part of the Department of Anthropology in the College of Arts and Science. With its focus on the prehistoric and historic archaeology of the Middle Atlantic states of Delaware, Maryland, Virginia, Pennsylvania, and New Jersey, the center provides opportunities for undergraduate and graduate students to participate in archaeological fieldwork and laboratory analysis through field schools and sponsored research programs. Research activities of the center have been sponsored by a number of state and federal agencies. Current sites under study range from a 10,000-year-old Paleo-Indian hunting camp in Southern Delaware to a 3,000-year-old Woodland period hamlet in central Delaware, to a mid-17th-century plantation on the Eastern Shore of Maryland, to mid-19th-century tenant farms in Northern Delaware. Opportunities for multi-disciplinary research are available and include applications of remote sensing in archaeology (Center for Remote Sensing) and paleoenvironmental studies (Department of Geology). For more information, please e-mail [jcluster@udel.edu](mailto:jcluster@udel.edu)

## **CENTER FOR BIOMEDICAL ENGINEERING RESEARCH (CBER)**

The Center for Biomedical Engineering Research (formerly known as OBEC, the Orthopedic and Biomechanical Engineering Center) is an interdisciplinary center whose mission is to provide engineering science and clinical technology to reduce the impact of disease on the everyday life of individuals. It was created to provide an appropriate forum and infrastructure to promote the interaction of researchers from the university and the medical community. As such, it serves as a research umbrella under which researchers from a variety of fields can work together and interact. CBER builds on a history of interaction between the A.I. duPont Institute, the Department of Mechanical Engineering, the Department of Physical Therapy, and the Sports Science Laboratory. The A.I. duPont Institute is a modern children's hospital that has extensive clinical and diagnostic facilities. In addition, research collaboration has been established with several other hospitals and medical facilities. Through the Department of Mechanical Engineering, CBER researchers have access to an array of computer hardware and software, a variety of mechanical testing equipment, and a complete machine shop. The Sports Science Laboratory houses a state-of-the-art motion analysis facility complete with 4 high-speed cameras, 2 multi-axis force plates, an EMG telemetry unit, and a variety of computer and ancillary equipment. The laboratory can be configured to study almost any type of motion. The Motion Analysis Laboratory in the Physical Therapy Department is similarly equipped with a VICON-based system. Presently, a number of research topics are being addressed. Several examples are: a study of knee ligament injuries, design and control of robotic manipulators for the disabled, position and force measurements during athletic activities, characterization of neuromuscular mechanisms for knee-joint stability, evaluating the effects of surgery on gait, lung deposition of aerosol particles, testing of surgical and protective devices, modeling the fatigue properties of skeletal muscle, and design of an advanced composite hip replacement. For more information, please see <http://www.cber.udel.edu>

## **CENTER FOR CATALYTIC SCIENCE AND TECHNOLOGY**

The center educates graduate and undergraduate students in catalytic science and engineering in a laboratory that includes postdoctoral fellows and visiting scholars from industry and other universities. Center research involves reaction engineering, surface science, materials preparation, modeling, and surface characterization. Other work is directed toward disseminating knowledge of state-of-the-art catalysis research through preparation of short courses, textbooks, research publications, software, special seminars, and presentations at technical meetings. Students under center auspices may complete research required for the master's or Ph.D. degree in chemical engineering or in chemistry. For more information, please see <http://www.che.udel.edu/ccst/>

## **CENTER FOR CLIMATIC RESEARCH**

A University-wide Center for Climatic Research was established in the Department of Geography in 1978. The purpose of the center is to bring together scientists from the University community who are working in either basic or applied climatology to share their research ideas and to undertake interdisciplinary studies. The center serves to emphasize the University's commitment to develop meaningful research in climatology, and it provides an organization to attract outside funding. Current research includes studies of global climate change, the role of the landsurface in climate change, impacts of cli-

mate change on human health and water resources, glacier dynamics, hydroclimatology of South America, relationships between snow cover and weather patterns, and influences on the permafrost. For more information, please see <http://www.udel.edu/geography/climate.html>

## **CENTER FOR COMMUNITY DEVELOPMENT AND FAMILY POLICY (CCDFP)**

The Center for Community Development and Family Policy (CCDFP), part of the College of Human Services, Education, and Public Policy, focuses on those aspects of social policy that are related to the distribution of social and economic opportunity and well-being among individuals, families and communities. CCDFP provides opportunities for graduate and undergraduate students to pursue interdisciplinary research in the areas of local and community-based social and economic development, housing, poverty, crime, urban and neighborhood planning and governance, family theory, family support and empowerment, family legal and policy regulation, and the utilization of nonprofit and private resources for community development and nonprofit leadership.

CCDFP supports graduate instruction and conducts research, training, and technical assistance in a highly interrelated and mutually supporting manner for the fourfold purpose of 1) generating knowledge about the nature and causes of poverty and inequality, 2) preparing graduate and undergraduate students and practicing professionals to become effective agents of positive social change, 3) aiding communities, nonprofit organizations and public agencies in the design and application of policies and programs which address the needs of lower-income persons, and 4) disseminating knowledge and skills that will improve the capacity of public, nonprofit and private organizations to address problems of poverty and inequality.

## **CENTER FOR COMPOSITE MATERIALS (CCM)**

Founded in 1974, the Center for Composite Materials (CCM) is an internationally recognized, interdisciplinary center of excellence for composites research and education. The Center is dedicated to educating scientists and engineers, conducting basic and applied research, and developing and transitioning technology for the composites community. Supporters include a variety of national and international companies, federal agencies, and the State of Delaware.

CCM's 34,000-square-foot Composites Manufacturing Science Laboratory houses state-of-the-art fabrication, characterization, testing, and computational equipment. More than 25 faculty members, 40 graduate students, and 35 undergraduates are currently affiliated with the Center through the College of Engineering, the Departments of Physics and Astronomy and Chemistry and Biochemistry, and the College of Business and Economics. (While the Center plays an active role in education, degrees are earned through the academic programs of the various affiliated departments, not through the Center. Students should consult the departments in which they are interested for information on degree programs and application requirements.)

CCM has developed core competencies in a number of composites science and engineering areas, including liquid molding, textile preforming, novel thermoset processing, thermoplastic processing, joining, interphase science, sensing and control, and cost modeling. Application areas include the traditional aerospace and automotive industries as well as a growing initiative for composites for infrastructure repair, rehabilitation, and construction. The current research program addresses five broad theme areas: materials and synthesis, mechanics and design, processing science, sensing and control, and performance.

Students at all levels are active participants in interdisciplinary CCM research teams; in addition to a solid grounding in the fundamentals, composites students at Delaware are exposed to practical

insight into the solution to real-world engineering problems. They also have the opportunity to interact with visiting students, faculty, and researchers from industry, government agencies, and universities throughout the world. Both graduate and undergraduate students gain valuable experience in documenting their work in conference proceedings, journals, and even patents.

CCM has a unique collaboration with the University's Undergraduate Research Program that promotes cross-disciplinary education. Students may participate through the University's Science and Engineering Scholars Program, CCM's summer internship programs, CCM Senior Research Fellowships, or employment as an Undergraduate Research Assistant at the Center during the academic year.

Detailed information about the Center's various research programs and opportunities for graduate and undergraduate students can be found at the Center's web site (<http://www.ccm.udel.edu/>).

---

### **CENTER FOR DISABILITIES STUDIES (CDS)**

The Center for Disabilities Studies (CDS), part of the College of Human Services, Education, and Public Policy, focuses its efforts on improving the quality, quantity, and range of public and private services and supports available in Delaware for individuals with disabilities and their families. Through research, advocacy, and service activities, CDS increases the capacity of individuals, agencies and organizations to provide quality services; promotes systemic improvements in policy and service delivery; and builds collaborative relationships with other organizations that enable people with disabilities to achieve their personal goals of greater independence, productivity and participation in their communities.

Working with faculty from many disciplines, CDS supports an 18-credit undergraduate minor in disabilities studies and a graduate level certificate course during the summer. CDS also offers opportunities for both undergraduates and graduate students to work with faculty and staff on special projects. For more information, please see <http://www.udel.edu/chep/cds>

---

### **CENTER FOR DRUG AND ALCOHOL STUDIES**

The Center for Drug and Alcohol Studies was established at the University of Delaware in 1991 to facilitate collaborative research and publishing on substance abuse among social and behavioral science faculty, professional staff, and students. Administered by the University's Department of Sociology and Criminal Justice, the center is funded primarily through sponsored research grants and contracts.

The principal mission of the Center for Drug and Alcohol Studies is the production, dissemination, and utilization of scientific knowledge in two broad areas:

- the etiology, patterns and consequences, and prevention and treatment of drug and alcohol abuse; and,
- the epidemiology of HIV/AIDS and other sexually transmitted diseases, and the prevention of HIV disease among high-risk populations.

Other center objectives include:

- training graduate and undergraduate students in substance abuse research and associated quantitative and qualitative methods;
- serving as a substance abuse research information repository for students and colleagues seeking statistical and ethnographic data for secondary analysis;
- providing technical assistance to colleagues and local agency personnel seeking federal grant support for prevention and treatment programs;
- sponsoring lecture and colloquia series, workshops, and conferences for members of the University community, the substance abuse and AIDS fields, and the public at large.

---

### **CENTER FOR ENERGY AND ENVIRONMENTAL POLICY (CEEP)**

The Center for Energy and Environmental Policy (CEEP), part of the College of Human Services, Education, and Public Policy, conducts interdisciplinary research and supports graduate study on the interlocking issues of energy, environment and development. Work in CEEP is guided by theories of political economy and technology, environment and society. Research programs currently organized in CEEP include comparative energy and environmental policy, environmental justice, global environmental change, energy efficiency and renewable energy applications, water conservation and management, and sustainable development strategies.

CEEP is composed of an internationally diverse faculty, professional staff, and graduate student body with backgrounds in a variety of disciplines including political science, economics, geography, philosophy, environmental studies, and engineering. In conjunction with its research program, center faculty work closely with graduate students, supervising internships, theses, and dissertations. Graduate areas of specialization in technology, environment and society, and energy and environmental policy are supported at the master's and doctoral levels.

CEEP faculty and staff are general editors of an annual book series entitled Energy and Environmental Policy and serve as advisors to the Chinese State Environmental Protection Agency, the Korea Federation of Environmental Movements, the India Renewable Energy Development Agency, and the U.S. National Renewable Energy Laboratory. CEEP also provides technical assistance to international, federal, state and local institutions. CEEP has research and exchange agreements with European, Latin American, African, and Asian universities and research institutes. For more information, please see <http://www.udel.edu/ceep>

---

### **CENTER FOR HISTORIC ARCHITECTURE AND DESIGN (CHAD)**

The Center for Historic Architecture and Design (CHAD), part of the College of Human Services, Education, and Public Policy, addresses issues related to historic preservation through an integrated, interdisciplinary program of research and public service focusing on historic architecture and landscapes; design issues of the built environment and material culture; documentation of historic properties and computer applications to documentation; research on the physical properties of cultural and historic materials; historic preservation planning and policy at national, state, and local levels; and advocacy for historic resources. CHAD also supports undergraduate study in historic preservation through the Department of Consumer Studies and graduate study in historic preservation at both the master's and doctoral levels through the School of Urban Affairs and Public Policy and in conjunction with other cosponsoring departments and programs. CHAD manages the Laboratory for the Analysis of Cultural and Historic Materials and is a cosponsor of the Historic Costume Collection managed by the Department of Consumer Studies.

In addition to the Department of Consumer Studies and the School of Urban Affairs and Public Policy, CHAD is co-sponsored by the departments of Art Conservation, Art History, Geography, and History as well as the Program in Museum Studies and the Wintertur Program in Early American Studies in the College of Arts and Science and the departments of Civil and Environmental Engineering and of Mechanical Engineering in the College of Engineering.

## CENTER FOR INTERNATIONAL STUDIES (CIS)

The Center for International Studies aims at enhancing international-mindedness at all levels in the College of Arts & Science in the University of Delaware. It promotes and supports faculty involvement in international research, teaching, and other professional activities. It works with academic units and programs in furthering international education on campus, preparing our students with the global awareness they will need to function successfully in an increasingly interactive world.

As a service to the State of Delaware and the immediate community in the region, CIS will work in conjunction with area public and civic organizations, and with the private sector in nurturing a community of scholars, students, and citizens that is alive to the opportunities and challenges of the world of today.

In pursuit of this objective, CIS will take concrete steps to encourage and promote research in international studies by members of the faculty and graduate students. A Fellows Program has already been put in place to support research across disciplines. The Center hopes to institute scholarly exchanges and a visiting scholars program in the not-too-distant future.

For our undergraduate students, CIS will help to bring about a broader spectrum of courses with a higher proportion of international contents. It seeks to increase the participation of Arts & Science students in study abroad programs. For students unable to study abroad, CIS hopes to provide them with a rich international experience on campus by means of various programmatic activities, lending support to existing programs and initiatives, such as environmental and migration studies, and by means of mainstreaming and developing the programs in African, Continental European, East Asian, and Latin American Studies.

To further enhance the "international culture" of this University, and to increase the College's contribution to this enterprise, the Center will work with other bodies on campus to raise the proportion of international students, and to recruit as well as to retain members of the faculty engaged in international studies. Within the framework of its mission, CIS is committed to enhancing all forms of diversity on campus.

For more information, please contact Dr. David Pong, Acting Director, Center for International Studies, at (302) 831-0799.

## CENTER FOR MOLECULAR AND ENGINEERING THERMODYNAMICS

Thermodynamics is at the very center of chemical engineering practice. The Center for Molecular and Engineering Thermodynamics, CMET, a research unit within the Department of Chemical Engineering, serves as a focal point stimulating collaborative experimental and theoretical research and encouraging the development of new educational materials, textbooks, monographs, and regular and short courses, in all areas of thermodynamics and also maintains state-of-the-art thermodynamics laboratories.

Research at the Center is conducted by the faculty, their undergraduate and graduate students, postdoctoral fellows, visiting scientists, and research professionals. Students are deeply involved in the Center research, which is being carried out with the support of industrial and governmental grants and contracts. Current projects involve studies of applied and statistical thermodynamics and computational chemistry including the use of supercomputers, the measurement of vapor-liquid equilibrium, environmental thermodynamics, the thermodynamic properties of polymeric materials and proteins, structure and phase behavior of complex fluids, surfactants and colloid science, transport phenomena, high-temperature aqueous solutions, and thermodynamic properties of biological compounds. Of special interest are applications to the purification of pharmaceuticals and other biological materials.

The Center's laboratory facilities provide students access to and training in the operation of modern equipment including supercomputers, surface forces apparatus, laser light, x-ray and neutron scattering, various spectroscopic techniques, and a wide variety of equipment for the measurement of phase equilibria and physical properties.

Through their involvement in research for their thesis projects, graduate students associated with the Center for Molecular and Engineering Thermodynamics earn either a Master's or Ph.D. degree in chemical engineering. For more information, please see <http://www.che.udel.edu/cmet/>

## CENTER FOR REMOTE SENSING

The Center for Remote Sensing serves as a focal point for basic and applied research on remote sensing of the physical, geological, and biological properties of the oceans and the coastal zone. Since 1972 it has trained about 200 specialists from 14 countries in various aspects of remote sensing, coastal management and the environmental sciences. The Center specializes in interdisciplinary research and training, with emphasis on coastal processes and marine resources, and ocean-atmosphere coupling. Research vessels, aircraft, and satellites equipped with multispectral, infrared, and microwave sensors are used for gathering data. Interactive digital computer systems are employed to analyze and enhance the satellite imagery. In addition to course work, graduate students write theses or dissertations on satellite oceanography, global climate change, optical physics of coastal waters, wetland productivity and health, pollutant drift and dispersion, watershed land use and pollution run-off modeling, and applications of remote sensing and GIS to coastal resource management. This research is supported by the National Science Foundation, NASA, NOAA, ONR, EPA, AID, companies and private foundations. The Center has conducted coastal and ocean studies in the United States, South America, and Asia. It has provided training to scientists and students from Germany, Spain, Turkey, Egypt, India, Lebanon, Japan, China, Korea, Australia, Costa Rica, Peru, Ecuador, Argentina, Canada, and the United States. For more details, call Dr. Vic Klemas, Director, Center for Remote Sensing, at (302) 831-8256 or Dr. X-H. Yan, Associate Director, at (302) 831-3694.

## CENTER FOR THE STUDY OF MARINE POLICY

Since 1973, the Center has conducted research on a wide range of marine and environmental policy subjects at international, national, regional, and local levels; organized conferences and publications; provided policy advice to government agencies and other entities; and hosted postdoctoral visitors. Research at the Center is carried out by its co-directors in association with other marine policy faculty, other UD natural and social scientists, scholars at other universities, postdoctoral fellows, and graduate research assistants.

**Examples of research:** International environmental negotiations related to the 1992 Earth Summit; implementation of Earth Summit agreements on global climate change, biodiversity, integrated ocean/coastal management, sustainable development of island states and inter-jurisdictional fisheries; policy opportunities and constraints facing the environmental technology industry; conceptual framework for multiple-use ocean management; regional approaches to ocean management; policy issues in marine biotechnology; impacts of sea-level rise in coastal communities; design for national ocean policy; ocean/coastal management issues in the Mid-Atlantic; development of a policy framework for governing offshore marine aquaculture; remote sensing and managing ecosystem health; coastal erosion policies for Delaware.

The Center provides a variety of policy analysis and scientific advice services to governmental and non-governmental entities such as

the World Bank; Intergovernmental Oceanographic Commission; the Inter-American Development Bank, the Department of Interior; the States of Delaware and Hawaii; NOAA's National Ocean Service; the National Research Council; the US Country Studies Program; Coastal States Organization; and the Maritime Administration, among others.

#### **Special Programs with other institutions**

**Secretariat to the Ocean Governance Study Group:** A network of leading marine policy scholars and advisors that conducts scholarly analyses and organizes conferences, publications, and briefings on options for improving ocean governance in the United States and internationally.

**Cooperative Exchange Programs:** 1) the North American Partnership in Marine Policy/Coastal Zone Management Education, an exchange program among selected higher education institutions in Canada, Mexico, and the U.S.; and 2) the U.S./Europe Consortium, an exchange program involving six university partners and seven other partners in the U.S. and Europe representing government, non-governmental organizations and the private sector, all expert in the area of marine policy and coastal management.

**Intergovernmental Oceanographic Commission (IOC), UNESCO.** The Center is collaborating with IOC in implementation of an IOC program in integrated coastal management, in a global web service on ICM, and in the conduct of a number of capacity building efforts in various countries.

**Marine Affairs and Policy Association.** The Center played a leadership role in the formation of this professional association to promote education and research in the marine policy field.

**International Centre for Coastal & Ocean Policy Studies.** Close collaboration exists with ICCOPS in following the implementation of UNCED agreements.

**Publications:** The Center's extensive program of publications and conferences includes the international journal *Ocean & Coastal Management*, published 12 times a year by Elsevier Publishers in Oxford, England. Newsletters published by CSMP include *Ocean & Policy Network News*, *Exchange News*, *US/Europe Connections*, and *the Coastal Courier*.

**Conferences:** The Center regularly hosts conferences and workshops and sponsors a speaker program.

### **CENTER FOR TEACHING EFFECTIVENESS**

The Center for Teaching Effectiveness, a central faculty development unit is dedicated to promoting excellence in learning and teaching at the University of Delaware. To this end, the Center sponsors a series of faculty colloquia, roundtables, workshop sessions, and seminars to present and discuss current issues, ideas and developments in higher education. Two teaching consultants are available to support teaching staff by providing private, confidential consultations, and to assist junior and senior faculty and teaching assistants with individual and collaborative projects for teaching improvement. Departmental groups and committees draw on the consultants expertise for sessions on special topics. Each year, proposals for improvement-of-instruction grants are solicited from regular full-time faculty and professional staff with comparable teaching responsibilities. All proposals receive careful evaluation by a faculty advisory committee which then makes recommendations for funding. A number of small grants are also provided each year for departmental instructional development and special projects. The Center offers a fall orientation conference for all teaching assistants and supports departmentally based, discipline-specific teaching assistant training programs. The *Handbook for Teaching Assistants* is available to all instructors. The Center's two online newsletters, focused on issues in higher education – "About Teaching" and "Teaching Excellence," – appear several times a year. For more information, please see <http://www.udel.edu/cte>

### **COOPERATIVE EXTENSION SYSTEM**

The Delaware Cooperative Extension System is part of a nationwide system whose mission is to enable people to improve their lives and communities by developing learning partnerships that put knowledge to work. It serves as an educational resource to the people of Delaware for extending research results and advances in technology and is administered through the College of Agriculture and Natural Resources.

A major thrust of the Cooperative Extension system is to target programs to address critical issues. The accelerating expansion of technology, the deteriorating economic situation in portions of the agricultural sector, and the dynamic social conditions faced by many Americans, rural and metropolitan, require Extension to reassess priorities and continuously adapt programs and activities to meet needs.

Undergraduate students find opportunities to work with Extension to gain practical experience in dealing with the public and in providing information to the public on a wide variety of agriculturally related topics.

### **DELAWARE BIOTECHNOLOGY INSTITUTE**

The Delaware Biotechnology Institute has been created to develop a biotechnology center of excellence in Delaware. The Institute is a partnership involving state government, the publically-funded institutions of higher education (Delaware Technical & Community College, Delaware State University, and the University of Delaware) and area industry whose business interests are in some way impacted by the technologies of the life sciences.

The mission of the Institute is to promote economic development, create high quality jobs, promote biotechnology-based education, and engage in leading-edge scientific discovery. To carry out the scientific discovery mission, a multidisciplinary and interactive research facility has been built and is now operational. The core disciplines will be Molecular Biology, Genomics, Computational Biology/Computer Science, Proteomics/Structural Biology, System Modeling and Simulation, and Biomaterials. To execute the educational mission, new academic programs are being developed at University of Delaware partner institutions throughout the state, ranging from an associate degree program to graduate level study. For more information, please contact the Institute at (302) 831-4888. For more information, please see <http://www.dbi.udel.edu>

### **DELAWARE CENTER FOR TEACHER EDUCATION (DCTE)**

The Delaware Center for Teacher Education (DCTE), part of the College of Human Services, Education and Public Policy, strengthens both pre-service and in-service teacher education, improves access for the education community to the University's teacher education and professional development programs, and supports the state's efforts to enhance teacher and professional development in line with new state content standards and accountability requirements. In addition to administering the Alternative Routes to Teacher Certification program and providing staff support for the Delaware Mentoring Council, DCTE includes the following units, described in the chapter on Undergraduate Programs in the College of Human Services, Education and Public Policy: Office of Teacher Recruitment; the Education Resource Center; the Office of Clinical Studies; the Office of Community and School Volunteers; and the Office of School to Work. Three professional development projects are housed in DCTE; the Delaware Writing Project, the Delaware Reading Project, and the Delaware Social Studies Education Project. For further information about DCTE, call (302) 831-3000 or visit the web site at <http://www.udel.edu/dcte/>.

## DELAWARE EDUCATION RESEARCH AND DEVELOPMENT CENTER

The Delaware Education Research & Development Center, part of the College of Human Services, Education, and Public Policy, provides research services and support to assist educators in policy analysis and program evaluation. The R&D Center's primary mission is to inform thinking and action in Delaware education through research on and dissemination of both local and national best practices. To this end, the R&D Center provides information about the condition of educational systems in the state as well as provides research support to further educational reform in Delaware. For further information, e-mail [ud-rdc@udel.edu](mailto:ud-rdc@udel.edu), call (302) 831-4433 or see <http://www.rdc.udel.edu>

## DELAWARE GEOLOGICAL SURVEY

The Delaware Geological Survey was established by an Act of the General Assembly in 1951 and is organized as a unit of the University. This arrangement reflects both the research orientation of the Survey and the need for practical applications of geology throughout the state. The Survey is charged with the systematic investigation of the geology, mineral, and water resources of Delaware and with the advisement of state and local agencies, municipalities, industries, and individuals concerning these matters. In fulfillment of this charge it conducts a program of geologic research, exploration, and service. The Survey's staff, under the direction of the State Geologist, is appointed by the University.

Survey programs are coordinated with a number of state agencies, and the Survey serves, by statute, as the state's cooperator with such federal units as the U.S. Geological Survey, Minerals Management Service, and the Delaware River Master. Liaison and counsel are provided to other appropriate governmental and technical units through various appointments held by the State Geologist and other members of the scientific staff. The new Delaware Geological Survey Building was completed in 1989. Because of its proximity to Penny Hall and the Department of Geology, students may benefit from association with Survey geologists and their research projects. In addition, some of the geologists participate in teaching programs and may serve on graduate student committees.

The research results of the Delaware Geological Survey are published as Bulletins, Reports of Investigations, Geologic and Hydrologic Maps, Atlas and Miscellaneous Map Series, Special Publications, Open File Reports, and journal articles. Well records, sample library, and other data collections are additional resources available to the scientific community and the general public at the Delaware Geological Survey Building. Many publications are available on the web. For further information, contact the Survey or the DGS Earth Science Information Center at (302) 831-2833, by E-mail at: [delgeosurvey@udel.edu](mailto:delgeosurvey@udel.edu), or on the web at <http://www.udel.edu/dgs/dgs.html>.

## DELAWARE TRANSPORTATION INSTITUTE

The Delaware Transportation Institute (DTI) is a joint venture between the University of Delaware and the Delaware Department of Transportation (DelDOT) that provides a university-wide, multidisciplinary program of transportation-related research and educational and instructional activities. DTI identifies research opportunities for faculty and staff researchers and coordinates research opportunities with DelDOT and others. The objective of DTI's research program is to improve the development and operation of transportation systems, policies, and programs that serve Delaware and the nation. For more information, please see <http://www.udel.edu/DTI>

## DISASTER RESEARCH CENTER

The Disaster Research Center (DRC), the first center of its kind in the world, was established in 1963 and relocated to the University of Delaware in 1985. DRC engages in sociological research on individual, community, and organizational preparation for, response to, and recovery from natural and technological disasters. Since its inception, DRC teams, mostly made up of graduate students supported by the Center, have undertaken more than 600 different field studies, including a number outside the United States. Current and recent funding has been provided by the National Science Foundation, the Federal Emergency Management Agency, and the multidisciplinary Center for Earthquake Engineering Research. The resource collection of the center, numbering over 40,000 items, is the world's most complete collection on the social and behavioral aspects of disasters. More information about DRC, including its list of available publications, can be obtained by writing the Office Coordinator, Disaster Research Center, University of Delaware, Newark, DE 19716, or by calling (302) 831-6618. DRC's home page can be accessed through <http://www.udel.edu/DRC/>

## THE FINANCIAL INSTITUTION RESEARCH AND EDUCATION CENTER (FIRE)

The Financial Institution Research and Education Center focuses the efforts of the College of Business and Economics on issues relevant to the financial services industry in Delaware. FIRE's resources provide grants to Delaware's College of Business and Economics faculty to produce analyses of problems relevant to the financial services industry which will be of value to executives within the industry and to public policy officials throughout the state. The center uses some of its resources to expand the availability of courses about the management of financial institutions, securities and insurance, and other fields. The center offers continued professional education to students and faculty through workshops, seminars, and publications. FIRE also serves as a research resource to the state banking and insurance commissions. For more information, please see <http://www.be.udel.edu/centers/fire.html>

## HISTORY MEDIA CENTER

The Center provides history graduate students and history education students with the use of, and instruction in, electronic media for teaching and research. The Center's resources include: computers and scanners for the electronic manipulation of images; pre-recorded video-tapes; and 190,000 slides covering images in American, European, and World history.

## INSTITUTE FOR PUBLIC ADMINISTRATION (IPA)

The Institute for Public Administration (IPA), part of the College of Human Services, Education and Public Policy, links the resources of the University of Delaware with the management and policy information needs of public and nonprofit organizations in the Delaware Valley. IPA has a 28-year legacy of providing innovative expertise and assistance to local, state, and regional governments. The Conflict Resolution Program and the Water Resources Agency, both housed under IPA, as well as the International Union of Local Authorities's (IULA) Office for Research and Training increase the breadth of its outreach.

IPA faculty, staff, and graduate students work closely with administrators and elected officials on a variety of public policy issues. Ongoing focus areas include legislative research and development, public finance, water resource management, municipal plan-

ning and land use, leadership, economic development, and education management. IPA also offers workshops, forums, certificate programs, and professional training seminars.

IPA manages the student internship program for the College's School of Urban Affairs and Public Policy. Under this program, graduate students have completed internships in government, non-profit, and private agencies. The Legislative Fellows program, also managed by IPA, offers qualified undergraduate and graduate students the opportunity to assist legislators through non-partisan research of critical issues such as educational reform, land use planning, and environmental concerns. For further information, call (302) 831-8971 or visit the IPA web site <http://www.ipa.udel.edu>.

---

## **INSTITUTE FOR TRANSFORMING UNDERGRADUATE EDUCATION (ITUE)**

The Institute for Transforming Undergraduate Education (ITUE) is committed to continuous improvement of undergraduate education through faculty development and course design. ITUE actively promotes the development of critical thinking, problem-solving, communication, and teamwork skills in our students. To meet these goals, ITUE advocates effective use of instructional technology combined with active learning strategies, including problem-based learning. Undergraduate students at UD benefit directly from the reform activities of ITUE, a nationally recognized leader in bringing problem-based learning to the undergraduate curriculum.

ITUE Faculty Fellowships are awarded annually following a review of applications in early spring. During a week-long summer session, Faculty Fellows receive hands-on experience in employing active learning and web-based approaches. In addition, Fellows receive small grants to help facilitate their course transformations. Additional follow-up sessions are scheduled throughout the academic year, including a second week-long session in January.

For further information, please contact Professor George Watson (302) 831-6677 or Barbara Duch (302) 831-2066; e-mail: [ud-itue@udel.edu](mailto:ud-itue@udel.edu) or visit <http://www.udel.edu/itue/>

---

## **INSTITUTE OF ENERGY CONVERSION**

The Institute of Energy Conversion (IEC), established in 1972, is a laboratory devoted to research and development of thin-film photovoltaic cells. Fundamental material and device research is carried out in parallel with process engineering studies and analysis of film deposition processes.

The Institute has a staff of some 23 professional and support personnel. This number is augmented each year by programs providing partial support for faculty, visiting scientists, and graduate and undergraduate students. Professionals from the Institute jointly supervise graduate students in Chemical Engineering, Electrical and Computer Engineering, Materials Science and Engineering, Mechanical Engineering, and Physics for their Master's and Ph.D. degrees. Additionally, professional staff lecture in undergraduate courses as well as supervise undergraduate research projects. For more information, please see <http://www.udel.edu/iec/>

---

## **MATHEMATICS & SCIENCE EDUCATION RESOURCE CENTER (MSERC)**

The Mathematics & Science Education Resource Center (MSERC), part of the College of Human Services, Education, and Public Policy, exists to help Delaware's K-12 mathematics and science teachers implement new content and performance standards in their classrooms. MSERC serves as an information center for mathematics and science education activities, both within the University and through-

out the state, and plans and offers a professional development program for K-12 mathematics and science teachers.

Through MSERC Delaware teachers have access to the latest curricular materials, the latest software and technology, and the latest assessment tools, as well as to expertise in all these areas, on a year-round basis. MSERC's professional development programs are scheduled so that teachers can attend easily (some are held in public schools) and are sequenced so that teachers can begin at a point appropriate to their experience and their pupils' needs.

MSERC also collaborates with local school districts, the Department of Education, and other agencies and groups dedicated to enhancing mathematics and science education in Delaware. For more information, please see <http://www.udel.edu/mserc/>

---

## **OFFICE OF EDUCATIONAL TECHNOLOGY (OET)**

The Office of Educational Technology (OET) supports instructional and desktop computing across CHEP; provides technological leadership to academic programs throughout CHEP and the teacher education programs in CHEP and across campus; and offers contract- and grant-supported services for technology integration to partners in CHEP initiatives, such as K-12 schools, non-profit groups and government agencies. OET sponsors two annual programs: the Summer Institute in Educational and Assistive Technologies for inservice K-12 teachers and the New Arc Academy for 4th to 7th grade students with a focus on math, science and technology. For more information, visit the web site at <http://www.udel.edu/oet/>.

---

## **UNIVERSITY OF DELAWARE PRESS**

The University of Delaware Press publishes books in many scholarly fields and disciplines. These books reach a world-wide intellectual and academic community. Presently its major strengths are in literary studies, art history, interdisciplinary studies of the family, and history, including the life and culture of Delaware and the Eastern Shore. The press offers assistantships to qualified graduate students and internships to qualified undergraduates. These students work with the chair of the editorial board and the managing editor to learn the day-to-day operations of a scholarly press. Students typically work 5-10 hours a week, as the budget allows, and may represent the press at annual conventions and meetings of scholars and academics. Interested students and contributors should contact the chair, Dr. Donald C. Mell, University of Delaware Press, 326 Hullen Hall, telephone (302) 831-1149 or visit the web site at <http://www.udpress.udel.edu/udpress/>

---

## **WATER RESOURCES CENTER**

The federally created center supports research through the academic departments on the water-related problems of Delaware. Faculty in agriculture, engineering, and the physical and social sciences conduct research on water supply, water quality control and management, and water resources planning. Grants are awarded to faculty on a competitive basis, and graduate students may be supported as research assistants or interns. Traditionally, more than half of the research funds have been used for student support. For more information, please see <http://ag.udel.edu/dewrc/> or contact the director of the Water Resources Center, Dr. Tom Sims, [jtsims@udel.edu](mailto:jtsims@udel.edu).

# FLEXIBLE PROGRAMS PROMOTE LIFELONG LEARNING

- **Take Courses Throughout the State**
- **Flexible Programs Abound in Continuing Education**
- **Part-Time Study to Fit Your Lifestyle**
- **Distance Learning Brings the Campus to You**
- **Learning Should Last a Lifetime**
- **Competitive Students Can Start Early**
  - **College Enrollment Program for Advanced Pre-College Students**
  - **Forum to Advance Minorities in Engineering**
  - **Governor's School for Excellence**
  - **UD Summer College**
  - **Upward Bound**
  - **Upward Bound for Math/Science**

## **TAKE COURSES THROUGHOUT THE STATE**

Primarily for Delaware resident undergraduates, the University of Delaware Parallel Program is made up of three satellite campuses of the University located at Delaware Technical & Community College sites in Dover, in Georgetown, and in Wilmington. The program is the responsibility of the Associate Dean for Academic Affairs in the College of Arts and Science. For information, call (302) 571-5395.

Parallel students are full citizens of the University:

- They receive University of Delaware identification cards, entitling them to all academic, cultural, and recreational privileges that Newark campus students enjoy.
- They may participate in all activities that Newark students do—musical groups, theatre productions, clubs, and intramural sports. Because of an NCAA residency requirement, however, Parallel students may not participate in NCAA-sanctioned sports.
- Their courses are University of Delaware courses taught by University of Delaware faculty. Students taking Microeconomics, for example, use the same text and syllabus and take the same exams no matter what campus they are on—Newark, Dover, Georgetown, or Wilmington. And many Parallel faculty teach on the Newark campus as well as on the Parallel campuses.
- If they meet the requirements of the major, Parallel Program students may be admitted into any major offered by the College of Arts & Science. They may also be admitted as Arts and Science, Undeclared, students, choosing a major at a later date.
- They receive University of Delaware transcripts.

And, as a result of a partnership agreement between the University and Delaware Technical & Community College (DTCC), Parallel students are also full citizens of DTCC:

- They receive DTCC identification cards, entitling them to all academic, cultural, and recreational privileges that DTCC students enjoy.

- They may participate in all activities that DTCC students do. And because of the same NCAA-residency requirement, Parallel students may participate in NCAA-sanctioned sports at DTCC.

Under the partnership agreement, the University is responsible for all academic programs and services, and DTCC is responsible for providing space and support services. Also, as a result of this unique agreement, tuition for students on Parallel campuses is significantly lower than for students on the Newark campus.

Students enter the Parallel Program in a variety of ways:

- They select the program when they apply for admission to the University.
- Admissions counselors think their chances of academic success are greater if they begin on a Parallel campus because they will be in smaller classes and receive more individual attention than they might on the Newark campus.
- They move to a Parallel campus from the Newark campus.

Once they are in the program, students must spend at least two full semesters there. Parallel students are expected to continue on the Newark campus after their fourth semester in the program. The timing of their move to the Newark campus is determined in consultation with the assistant dean at their site. To move to the Newark campus, Parallel students participate in a relocation process that contains four relocation criteria. The relocation criteria serve as a guideline for potential success and include:

- Completion of ENGL 110 with a grade of "C-" or better.
- Completion of the first college-level math course required for the intended major if it is MATH 114 or MATH 115 (i.e., Education and Nursing majors would be exempt from this math requirement).
- Accumulation of 24 credits.
- 2.5 cumulative G.P.A.

On the Dover and Georgetown campuses, students may complete all the requirements for a baccalaureate degree in selected majors—criminal justice, general agriculture, hotel, restaurant and institutional management, and liberal studies.

## **FLEXIBLE PROGRAMS ABOUND IN CONTINUING EDUCATION**

The Division of Continuing Education extends the University of Delaware's academic resources to citizens throughout the state through credit courses, certificate programs, nondegree short courses, public lectures, art exhibits and other cultural events, summer institutes, travel programs and conferences. Programs are taught or conducted by University faculty members and by outstanding professionals in the community.

The Division offers the following certificate programs:

- Business and Technical Writing
- Community Policing
- Computer Applications
- E-Commerce
- Information Technology Leadership
- Legal Assistant
- Nonprofit Management
- Project Management
- Quality Management
- Small Business Leadership and Management
- Supervision and Leadership
- Training and Employee Development
- Webmaster
- Women's Studies

In addition, the Division of Continuing Education provides program development and instructional design support to area businesses, government agencies, and professional associations to help meet their educational and training needs. The Adult Center for Continuing Education Student Services (ACCESS) provides career counseling, educational planning, academic advisement and administrative assistance to current and potential Continuing Education students. (See the Resources for Students chapter.) For more information, call (302) 831-2741 or see <http://www.udel.edu/ce>

## **PART-TIME STUDY TO FIT YOUR LIFESTYLE**

Undergraduate students are classified as part-time if they register for fewer than 12 credit hours in the fall or spring semester. Part-time students may be either matriculated (i.e., accepted into a specific degree program) or non-matriculated. Non-matriculated students may enroll through the Division of Continuing Education for credit courses to provide personal enrichment, or to keep up-to-date in their fields. Both daytime and evening courses are available to Continuing Education students.

Matriculated students can earn degrees through part-time evening study by completing classes that fit their schedules. In Wilmington and in Newark, undergraduate degrees available through part-time study include: Accounting, Chemistry, Computer and Information Sciences, Criminal Justice, Engineering Technology, English, History, Leadership and Consumer Economics, Psychology, Sociology, and Women's Studies. In southern Delaware, part-time students can earn Bachelor's degrees in Liberal Studies/Humanities, Liberal Studies/Social Sciences, Criminal Justice, and General Agriculture. Distance learning students may complete a degree in Hotel, Restaurant and Institutional Management or a Baccalaureate for Registered

Nurses. Students must apply for admission to these programs through the Office of Admissions.

For more information on degree programs for part-time undergraduate students, contact the Division of Continuing Education, (302) 831-1114 or see <http://www.udel.edu/ce>

## **DISTANCE LEARNING BRINGS THE CAMPUS TO YOU**

**UD** Online/Distance Learning provides non-traditional students with greater access to credit and noncredit courses at the University, through instructional television and the Internet.

Each semester, selected courses are taught in the University's instructional television classrooms, where classes are either videotaped or delivered via the Internet. Videotapes, if applicable, are mailed to students registered as individuals or as work-site participants throughout the region. As an alternative option students may now choose a CD ROM format for specific courses. Examinations are proctored at designated work-sites and various University locations.

Live, interactive courses also are available via a two-way video and audio link between the Newark campus and the William A. Carter Partnership Center on the Delaware Technical & Community College campus in Georgetown. In addition, selected graduate engineering courses are available via satellite through the National Technological University (NTU).

Core courses in the Baccalaureate for Registered Nurses (BRN) major are available through the UD Online system, with enrollment limited to students who have been accepted in that major. Additionally, the Master of Science in Nursing with a concentration in Nursing Administration is now available through distance learning. UD Online courses also cover the core curriculum in the undergraduate Hotel, Restaurant and Institutional Management (HRIM) program. Another master's degree program offered through distance learning is the Master of Mechanical Engineering supported by Engineering Outreach. In addition to offering these programs, many elective and support courses are available which fulfill requirements for other degrees.

A toll-free telephone number (1-800-597-1444) is the distance student's link to the University's administrative and academic departments. For more information, please see <http://www.udel.edu/ce/udonline/>.

## **LEARNING SHOULD LAST A LIFETIME**

The Academy of Lifelong Learning, sponsored by the Division of Continuing Education, provides more than 150 college-level, non-credit courses each semester, as well as seminars, travel, cultural and social events, and other learning and enrichment activities for retired individuals 50 and over. Academy activities are planned and taught by Academy members. The northern Academy is located in Arisht Hall on the Wilmington Campus, the southern Academy in the Biden Center in Lewes, Del. For more information, please see <http://www.udel.edu/ce>

## **COMPETITIVE STUDENTS CAN START EARLY**

*The College Enrollment Program for Advanced Pre-College Students* allows academically advanced and highly motivated students to pursue college-level course work on a part-time basis before graduating from high school. After obtaining approval from their guidance counselors, students may enroll in University classes during fall, spring or summer session. Concurrent enrollment allows students to supplement high school work with more advanced material, pursue interests, or build on special talents. Credits become part of the stu-

dent's permanent record at the University and may be applied toward a university degree. For more information, call the ACCESS Center at (302) 831-2741 or see <http://www.udel.edu/ce/access.html>

**The Forum to Advance Minorities in Engineering/UNITE/MERIT/University of Delaware (FAME/UNITE/MERIT/UD)** is a pre-college initiative to increase the effective participation of underrepresented minority (African American, Hispanic, Native American) high-school students (post 10th & 11th graders) in the applied sciences and engineering professions. The College of Engineering, with support from FAME Inc. and other organizations, offers a five-week academic enrichment program in the summer for talented minority high school students with demonstrated potential for success in applied science and mathematics areas. The curriculum includes, but is not limited to, course work in mathematics, science, English, and engineering design. For further information, call (302) 831-6315.

**The Governor's School for Excellence** is a one-week summer program that brings together academically and artistically talented Delaware high school students who have completed their sophomore year. Students live in residence halls on the Newark campus and attend either the academic program—consisting of discussions, lectures, debates, and films revolving around a specific theme—or the visual and performing arts program, which provides tutorial instruction with a noted artist and culminates in a performance or public display of work. Information is available through Delaware's secondary schools or by calling the Division of Continuing Education at (302) 571-5239 or see <http://www.udel.edu/ce>

**UD Summer College** allows motivated high school students who have completed their junior year to expand their educational experience through college-level study at the University. During the five-week program, students live in supervised dormitories, take freshman-level courses taught by University faculty, and participate in a variety of social and cultural extracurricular activities, including out-of-town trips. Students select two classes from a curriculum of

traditional and innovative courses. On successful completion of the courses, they earn regular University credit, which many colleges and universities accept as transfer credit. Apply by April 17 if financial aid is requested or otherwise by May 1. For more information, call the Summer College Office at (302) 831-6560 or see <http://www.udel.edu/summercollege/>

**The Upward Bound Program** at the University of Delaware, housed within the Academic Services Center, is a year-round program designed to serve 50 eligible high school students who reside in New Castle County, Delaware. This program provides students with a variety of academic enrichment and academic support services. Through participation in the University of Delaware Upward Bound Program, students learn the necessary academic skills needed to enroll in a college or university. Upward Bound is a comprehensive program divided into two phases – academic year and summer residential. Funded by the U.S. Department of Education, this program is free of cost to selected participants. For more information, please contact the Academic Services Center for Pre-College Programs, George Evans House, 5 West Main Street, Newark, DE 19716, (302) 831-4102.

**The Upward Bound Math/Science Program** at the University of Delaware, housed within the Academic Services Center, is designed to serve 40 eligible high school students who are U.S. citizens or permanent residents. Students who have completed the 9th grade from Delaware, Maryland, and Pennsylvania, are invited to participate in this residential summer program, and continue with monthly workshops during the academic year. Participants live on the University of Delaware campus for six weeks, studying various topics in science, mathematics, English and Latin. This program is designed for students who are from low-income or first-generation college backgrounds, and it is free of cost to eligible applicants, thanks to funding from the U.S. Department of Education. Call (302) 831-6373 for more information.

# FEES AND FINANCIAL AID

- What UD Fee Policies Apply to Me?
- What is the Cost of Attending UD?
- Who is Considered a Delaware Resident?
- What Does It Cost to Live on Campus?
- What Should I Know About Living on Campus?
- What About Meals?
- How Much Will Meals Cost?
- What Other Fees Should I Know About?

- How Do I Pay My Bill?
- What Happens If I Miss My Payment?
- Do Members of a Student's Family or Senior Citizens Qualify for Tuition Discounts?
- Can Veterans and Their Dependents Obtain Assistance to Attend UD?
- Are There Discounts for Delaware Teachers?
- How Do I Apply for Financial Aid?

## WHAT UD FEE POLICIES APPLY TO ME?

Student tuition and fees, established by the Board of Trustees, apply equally to all students. These fees represent approximately 34 percent of the University's general revenues. Additional revenue sources include state appropriations, donations, endowment income and federal appropriations.

Each student is responsible for understanding and complying with University policies and for paying established fees, which are updated regularly in catalogs, fee-payment materials, and on the University's Web Site. Application for admission, as well as subsequent registration, constitutes acceptance of these terms. The University reserves the right to revise its policies, fees and other charges. Any revisions to policies or rates apply to all students. In most cases, the University provides advance notice of such changes.

## WHAT IS THE COST OF ATTENDING UD?

The University of Delaware offers an affordable choice to students seeking a private-quality education at a public price. A full-time student who chooses to live in a standard multiple room on campus, with a seven day meal package, will pay \$4,911 per semester/\$9,822 per year (Delaware resident) or \$9,286 per semester/\$18,572 per year (non-resident). Winter and Summer Session fees are additional. Please see details below on 2000-01 tuition, room, and meal fees, which are subject to change for the 2001-2002 academic year. (Fees and expenses for the Continuing Education programs are published separately.)

## TUITION (Per Semester)

Charges are the same for courses taken for credit or as an auditor (listener).

| # of Student<br>Credit Hours | DELAWARE RESIDENT |           | NON-RESIDENT  |           |
|------------------------------|-------------------|-----------|---------------|-----------|
|                              | Undergraduate     | Graduate  | Undergraduate | Graduate  |
| 1                            | \$ 188.00         | \$ 251.00 | \$ 553.00     | \$ 737.00 |

| 17                           |                   |           |               |           |

### — Tuition for Additional Credit Hours —

There is an additional charge as shown below for undergraduate registration in excess of 17 credit hours.

| Credit Hours | DELAWARE RESIDENT | NON-RESIDENT  |
|--------------|-------------------|---------------|
|              | Undergraduate     | Undergraduate |
| 18           | \$ 188.00         | \$ 553.00     |
| 19           | 376.00            | 1,106.00      |
| 20           | 564.00            | 1,659.00      |
| 21           | 752.00            | 2,212.00      |

**MBA Students** – Tuition rates for graduate students classified as Masters of Business Administration or Masters of Economics/Business Administration.

| Tuition Rates                      | DELAWARE RESIDENT | NON-RESIDENT |
|------------------------------------|-------------------|--------------|
| Per Credit Hour                    | \$ 316.00         | \$ 737.00    |
| Full-Time (9 or more credit hours) | \$2,845.00        | \$6,630.00   |

**Graduate Student Sustaining Fee** – Master's Sustaining is \$250.00. Doctoral Sustaining is \$375.00. (Read more about Sustaining Status in the chapter on Academic Regulations for Graduate Students.)

Full-time tuition covers registration for 12 to 17 credits per semester for undergraduates, and 9 to 12 credits per semester for graduate students. All full-time undergraduate students pay the full-time tuition charge, which includes regular course, laboratory, library, athletic and recreation facility fees. In addition to semester bills, students should be prepared to pay about \$600 per year for books and supplies, and \$1,300 for transportation and miscellaneous other expenses.

## WINTER SESSION TUITION (2001)

### TUITION RATES — Per Session

| Credit Hours | Delaware Resident |          | Non-Resident    |          |
|--------------|-------------------|----------|-----------------|----------|
|              | Undergrad         | Graduate | Undergrad       | Graduate |
| 1            | \$188             | \$251    | \$ 553          | \$ 737   |
| 2            | \$376             | \$502    | \$1106          | \$1474   |
| 3            | \$564             | \$753    | \$1659          | \$2211   |
| 4            | \$752             |          | \$2212          |          |
| 5            | Maximum Tuition   |          | Maximum Tuition |          |
| 6            | \$846             |          | \$2489          |          |
| 7            |                   |          |                 |          |

**Tuition for Master of Business Administration and Master of Economics/Business Administration Students.**

|  | Delaware Resident | Non-Resident |
|--|-------------------|--------------|
| per Credit                                   | \$316             | \$737        |
| No maximum applies to Graduate Level courses |                   |              |

## SUMMER SESSION TUITION (2001)

### TUITION RATES — Per Session

| Credit Hours | Delaware Resident   |          | Non-Resident        |          |
|--------------|---------------------|----------|---------------------|----------|
|              | Undergrad           | Graduate | Undergrad           | Graduate |

**Tuition for Master of Business Administration and Master of Economics/Business Administration Students.**

|  | Delaware Resident | Non-Resident |
|--|-------------------|--------------|
| per Credit                                   | \$316             | \$737        |
| No maximum applies to Graduate Level courses |                   |              |

## WHO IS CONSIDERED A DELAWARE RESIDENT?

To qualify as a Delaware resident for tuition purposes, the student or parent of a dependent student must have been domiciled in Delaware for at least twelve consecutive full months as of the first day of class in which such classification is sought.

A determination of status for tuition purposes is made when a student is accepted to the University or when he or she first enrolls as a Continuing Education student. Questions concerning residence status, especially in complicated situations such as military service, custody or guardianships, should be directed to the Admissions Office (undergraduates) or Graduate Studies Office (graduate students) at the time of application. Students seeking a change in classification after enrolling at the University must complete an application form.

For more complete information regarding this policy or to obtain an application, contact the Registrar's Office at (302) 831-1280, visit the Student Services Building or see <http://www.udel.edu/Registrar/residency.html>.

## WHAT DOES IT COST TO LIVE ON CAMPUS?

### HOUSING RATES 2000-2001

| Residence Hall | Academic Year | Per Semester |
|----------------|---------------|--------------|
|----------------|---------------|--------------|

#### Traditional\*

|                   |         |         |
|-------------------|---------|---------|
| Standard Multiple | \$2,920 | \$1,460 |
| with bath         | \$3,090 | \$1,545 |
| Economy Single    | \$3,160 | \$1,580 |
| Standard Single   | \$3,470 | \$1,735 |
| with bath         | \$3,720 | \$1,860 |

#### Pencader

|        |         |         |
|--------|---------|---------|
| Double | \$3,090 | \$1,545 |
| Single | \$3,720 | \$1,860 |

#### Ray Street

|        |         |         |
|--------|---------|---------|
| Double | \$3,270 | \$1,635 |
|--------|---------|---------|

#### Christiana

|                 |         |         |
|-----------------|---------|---------|
| 1/4 2-bdrm apt. | \$3,310 | \$1,655 |
| 1/2 1-bdrm apt. | \$4,140 | \$2,070 |

#### Conover (Family and Graduate Housing)

|             |             |             |             |
|-------------|-------------|-------------|-------------|
| 2-bdrm apt. | \$770/month | unfurnished | \$750/month |
| 1-bdrm apt. | \$680/month | unfurnished | \$670/month |

#### College Towne (Graduate Housing)

|             |             |             |
|-------------|-------------|-------------|
| 1-bdrm apt. | 1 occupant  | \$690/month |
|             | 2 occupants | \$345/month |
| 2-bdrm apt. | large bdrm  | \$420/month |
|             | small bdrm  | \$370/month |

#### Graduate House (Graduate Housing)

|             |             |
|-------------|-------------|
| Single Room | \$385/month |
|-------------|-------------|

\*Rooms in air-conditioned residence halls on the mall are an additional \$50 per semester, per student.

## WHAT SHOULD I KNOW ABOUT LIVING ON CAMPUS?

### On-Campus Undergraduate Housing

New admitted students and returning on-campus students automatically receive residence application information. Returning students who have previously lived off-campus may obtain applications from Housing Assignment Services, 5 Courtney Street, or may use the online application at <http://www.udel.edu/housing/>.

Freshman students are required to live in University housing or at home with a parent or guardian. Requests for exceptions to this policy along with an explanation of the student's situation must be submitted in writing to Housing Assignment Services. Returning and transfer students may live in the University residence halls, their own homes, fraternity/sorority houses, or in the local community in facilities of their own choosing. Listings of some current off-campus housing options are available at <http://www.udel.edu/hcs/offcampus/main.htm>.

The purchase of a meal plan is mandatory for undergraduate students living in all residence halls except the Christiana Towers apartments.

Freshmen and returning students who meet published deadlines for housing application are guaranteed on-campus housing. Students whose housing applications are received after published deadlines are not guaranteed housing but will be accommodated as space permits. On-campus housing is available for single transfer students, although demand is often greater than the number of spaces available.

Housing assignments for students are based on a computerized set of student-selected preferences and other criteria specified in application instructions. While an effort is made to satisfy each student's housing preference, the University cannot always fulfill requests for certain spaces or areas. You will need to pay the full cost for your assigned room or apartment, whether or not you received the type of housing you requested. See the Student Life and Activities chapter in this catalog for a description of residence hall facilities.

To apply for a residence hall space, new students submit the completed room application, along with a \$100 deposit, to the University Cashiers' Office. The deposit is credited toward the academic-year residence hall charges. New freshmen and transfer students who cancel their housing applications for the fall semester in writing on or before May 31 will receive a partial deposit refund of \$50. Students who cancel after May 31 will forfeit the entire deposit.

Returning students submit the application with a \$200 deposit, to be credited toward the academic-year residence hall charges. Returning students who cancel their housing applications for the fall semester on or before April 15 will receive a partial deposit refund of \$100. Returning students who cancel after April 15 will forfeit the entire deposit.

The deadline for cancellation for the Winter Session and/or spring semester is December 20 for all students.

After the Binding Date (July 1 for fall semester; December 20 for Winter Session and/or spring semester), there is no refund of the deposit and additionally students are obligated to pay for the entire cost of the space assigned to them for the remainder of the academic year (see Housing Agreement).

#### **Undergraduate Student Housing Agreement**

Your submitted *Housing Agreement* is binding for a specific academic period, generally until the end of the spring semester. For example, if you submit the agreement in the middle of fall, it's binding until the end of the following spring semester. You will be charged for the room or space from the effective date of your *Housing Agreement* through the end of the academic year specified on your application, unless Housing Assignment Services releases you from the agreement. Students who submit an application and agreement after the beginning of any semester will pay a prorated portion of the semester charge determined by the date of occupancy. On the date at which the *Housing Agreement* becomes binding (July 1 for fall semester and December 20 for Winter Session and/or spring semester), you are obligated to pay for the full cost of the housing even if you elect not to use it. The binding date for students who move into university housing mid-term is the date of application. Details are available in *The Official Student Handbook* (<http://www.udel.edu/stuhb>).

#### **Graduate and Family Housing**

University-owned graduate student and family housing apartments and rooms are offered on a first-come, first-served basis based upon the date of application for housing. On-campus housing is not guaranteed. See the Student Life and Activities chapter in this catalog for a description of university housing facilities. Those who choose to live off-campus may obtain listings of some current housing options from Housing Assignment Services, <http://www.udel.edu/hcs/offcampus/main.htm>.

Information and applications for on-campus graduate student housing are sent upon admission and may also be obtained online at <http://www.udel.edu/hcs/housing/rental>. A \$200 security deposit in United States funds is required with the application. Students are required to sign a *Graduate Student and Family Housing Agreement*, which obligates the student from the date of signature through July 31 of the following year, as detailed in *The Official Student Handbook* (<http://www.udel.edu/stuhb>). The deposit will be held until the end of the leasing agreement and will be refunded to the student minus any damages to the unit.

For additional information, please write or call Housing Assignment Services, 5 Courtney Street, Newark, Delaware 19716 (302) 831-3676; e-mail: [grad-family-housing@udel.edu](mailto:grad-family-housing@udel.edu).

#### **Official Student Handbook and Cancellation Policy**

When you submit an application for university housing, you agree to comply with the terms of the *Housing Agreement*, all rules described in the *Official Student Handbook*, and any other policies pertaining specifically to your assigned space. Housing Assignment Services reserves the right to reassign you to another space if (1) you violate any provision, policy, rule or regulation; (2) to protect the health and safety of others; and/or (3) to make sure that University resources are used prudently. Typically, you will receive at least 24-hours' notice of reassignments.

Cancellation of the *Housing Agreement* is permitted only under specific or exceptional circumstances and must be approved by Housing Assignment Services. If you wish to be released from an *Agreement*, you should submit a written request to Housing Assignment Services. Rebates of charges or penalties are detailed in the *Student Housing Agreement* or the *Graduate and Family Student Housing Agreement*.

#### **Eligibility for University Housing**

Students may reside in university housing only if they are properly registered and in good academic, financial, and disciplinary standing with the University. Academic eligibility requirements for residence in university housing are as follows:

- Single full-time undergraduate students must be registered for at least 12 hours of academic credit in the fall or spring semesters.
- Graduate students must be registered for at least 9 semester hours of academic credit or be on sustaining status

Students who drop below the eligibility requirements may petition the Manager of Housing Assignment Services for permission to continue to live in university housing for the remainder of the term of the *Housing Agreement*. The rules, regulations, charges, and services for University housing may be changed mid-year and without prior notice.

#### **WHAT ABOUT MEALS?**

Four 'all-you-care-to-eat' dining halls offering a wide variety of menu choices are available across campus: Russell on East Campus, Rodney on West Campus, Kent on Central Campus, and Pencader on Laird Campus. Dining Services also provides numerous snack and meal locations, including campus food courts, food stands, convenience markets, concessions carts, delivery, and fine dining at the Blue and Gold Club. A registered dietitian is on-hand for free personal consultations regarding special dietary needs.

#### **DINING PLANS FOR STUDENTS IN RESIDENCE HALLS**

A wide variety of dining plan options are available for undergraduate students living on campus. **All students living in residence halls are required to purchase a dining plan for each semester/session. Dining plans are optional for students living in the Christiana Towers apartments.**

Each dining plan includes a specific number of weekly meals to be used in any of the four dining halls, plus a special number of "points" per semester. Using points, students can buy food at campus food courts, food stands, convenience markets, concessions carts, as well as delivery, and at the Blue and Gold Club. Additional points may be purchased at the Value Transfer Stations in the Trabant University Center, Perkins Student Center, and the Library Commons, or at any University Box Office, the Cashiers Office, or the outside drop slot at the Student Services Building. **Unused points from summer session, fall semester and/or winter session may be carried over to the next semester/session. At the end of the spring semester, however, all unused points are forfeited and have no refundable value.**

Dining plans are valid and billed on a per semester/session basis. For residence-hall students with a *Housing Agreement*, the effective dates of the housing and dining agreements are the same.

#### DINING PLANS FOR STUDENTS LIVING IN THE CHRISTIANA TOWERS APARTMENTS, GRADUATE STUDENTS, MARRIED STUDENTS AND COMMUTERS

Selection of a dining plan is optional but for those students in this category who like the convenience of cashless purchases for dining services, the following options are available:

**Option 1:** Students may select any dining and/or points plan. The deadline for changes or cancellations coincides with the published change-of-registration deadline for classes. The minimum purchase for a Christiana Towers Apartment & Commuter Points Plan is \$150, but the student may purchase any amount over that minimum. **Unused points balances may be carried over from summer session to fall semester, winter session and/or spring semester. All unused points are forfeited at the end of the spring semester and have no refundable value.**

**Option 2:** Instead of purchasing additional points, you may want to consider opening a UD1 FLEX or the UD#1 CARD w/MAC® to expand the purchasing capabilities of your UD#1 CARD on and off campus. FLEX gives students campus-wide cashless purchasing power at ALL dining locations, at more than 50 campus services, including the bookstore, the library, laundry machines, and the Student Services Building. Unused FLEX balances carry over from semester to semester and are fully refundable upon closing the FLEXible spending account. MAC® is accepted at select on and off campus locations. For more information, call UD1-CARD (831-2273), the WSFS Bank branch at the Trabant University Center at (302) 831-4400, or send an e-mail to: [ud1flexoffice@udel.edu](mailto:ud1flexoffice@udel.edu).

#### SELECTING AND CHANGING DINING PLANS

The Housing/Dining preference form available on the web, allows incoming students to make an initial selection of dining plans. This selection can be changed, however, by completing the Choose or Change form, which is enclosed in the estimated semester/session bill. If the student makes no selection, he or she will automatically be billed for the plan providing 12 meals per week plus \$160 in points.

After the student arrives on campus, dining plan selections may be changed one time between the day that classes begin until the published change-of-registration deadline for classes. NOTE: The fall dining plan selection will automatically be reassigned for spring unless the student makes a formal request to change, using the Choose or Change form.

#### CANCELING DINING PLANS

Requests to cancel a *Dining Services Agreement* for the current semester or session must be made in person at the Student Services Building. Dining plans may be canceled only if:

1. A student is released from the *Housing Agreement*.
2. Cancellation is warranted for medical reasons that are document-

ed by the Student Health Center and after consultation with the Dining Services registered dietitian.

3. Residency is in the Christiana Towers apartments, the Graduate House, College Towne/Conover apartments, or off-campus, **and the request is made by the academic drop/add deadline.**

If the *Dining Services Agreement* is officially canceled, the student's account will be credited based on a proration of unused dining plan meals for the remaining days in the term less two weeks (14 days), plus the value of any unused points. Any credit balance in the student's account may be transferred to a UD1 FLEX account. For sessions or programs other than the fall or spring semesters, applicable refunds will be calculated in proportion to the semester refund schedule.

#### ACCESSING DINING FACILITIES

A student's UD#1 CARD or cash must be presented for any Dining Services transaction. The UD#1 CARD is not transferable; it can only be used by the person to whom it is issued.

#### LOST UD#1 CARDS

The University accepts no responsibility for lost or stolen UD#1 CARDS. It is the student's responsibility to report a lost UD#1 CARD as soon as possible by dialing UD1-CARD (831-2273), to prevent unauthorized use. The student will be required to use his or her UD PIN to suspend their UD#1 CARD when using this CARD service line. Replacement cards are issued by the UD#1 CARD office in the Student Services Building.

### HOW MUCH WILL MEALS COST?

#### DINING FEES 2000-2001

| Plan | Value per Semester                     | Cost/Semester |
|------|--|---------------|
| 1    | Any 19 meals/week plus \$ 20 in points | \$ 1,196      |
| 2    | Any 18 meals/week plus \$ 40 in points | \$ 1,196      |
| 3    | Any 17 meals/week plus \$ 60 in points | \$ 1,196      |
| 4    | Any 16 meals/week plus \$ 80 in points | \$ 1,196      |
| 5    | Any 15 meals/week plus \$100 in points | \$ 1,196      |
| 6    | Any 14 meals/week plus \$120 in points | \$ 1,196      |
| 7    | Any 13 meals/week plus \$140 in points | \$ 1,196      |
| 8    | Any 12 meals/week plus \$160 in points | \$ 1,196      |
| 9    | Any 11 meals/week plus \$180 in points | \$ 1,196      |
| 10   | Any 10 meals/week plus \$200 in points | \$ 1,196      |
| 11   | Any 9 meals/week plus \$220 in points  | \$ 1,196      |
| 12   | Any 8 meals/week plus \$240 in points  | \$ 1,196      |
| 13   | Any 7 meals/week plus \$260 in points  | \$ 1,196      |
| 14   | Any 6 meals/week plus \$280 in points  | \$ 1,196      |
| 15   | Any 5 meals/week plus \$300 in points  | \$ 1,196      |

#### Commuter & Christiana Plans

|  |       |
|--|-------|
| a. 50 block meals                        | \$285 |
| b. Any 3 meals/week plus \$260 in points | \$772 |
| c. Points (\$150 minimum buy-in)         | \$150 |

### WHAT OTHER FEES SHOULD I KNOW ABOUT?

**Determining Date for Tuition Charges.** Tuition charges are based on registrations made before the end of the late-registration, free drop/add period (the first two weeks of the regular semesters or the first four days of Winter/Summer sessions). Full charges are made for course addition and/or withdrawal thereafter.

**Rebates for Tuition Charges.** Full rebates of tuition charges will be offered for courses dropped by the end of the late-registration, free drop/add period. **NO REBATES OF TUITION** will be made for courses dropped thereafter.

**Fee for Changes in Registration.** Students can make registration changes without fee, and with a full rebate of tuition, prior to the start of classes and during the late-registration period. After the first two weeks of classes, however, a charge of \$20 will be assessed once per semester when a student initiates a request to change from one class or course section to another, drops or adds a course, changes to or from the pass/fail option, or changes to or from auditor status. **In addition to this fee, all students will be charged tuition for any course dropped after the late-registration period.**

**Summer/Winter Session Registration Fee.** All students who register for summer or winter sessions are assessed a \$15 Registration Fee per session. In addition, there is a \$15 General Fee charged for each summer session.

**Part-time Students.** Undergraduate Delaware residents who enroll for fewer than 12 credits pay a \$188\* fee per credit hour. Undergraduate nonresidents who enroll for fewer than 12 credits pay \$553\* per credit hour. Courses taken as an auditor are included in the credit-hour total. A \$15 registration fee is charged to part-time students each semester. All students are assessed this fee during summer and winter sessions.

**Comprehensive Student Fee.** A mandatory \$51\* fee is assessed to all full-time undergraduate students each semester.

**Student Center Fee.** A mandatory fee is charged to full-time students to cover amortization of bonds used in the construction of the new student center and renovations to the Perkins Student Center, as well as operating costs of these student centers. The fee is \$50 per semester, during fall and spring semesters.

**New Student Orientation Fee.** Newly matriculated undergraduate students (including transfers) are required to pay a \$60\* fee for the New Student Program and New Student Orientation, regardless of their participation in these activities.

**Special Recording Fee.** The University charges a fee for the following processing and recording transactions:

- Advanced placement credit (\$15)\*
- Transferring credit earned at other institutions following admission (\$25)\*

**Student Health Service Fee.** Every semester, a mandatory \$146\* fee is assessed to all full-time matriculated students, entitling them to use the Health Service during that period. Part-time matriculated students are eligible to use Health Center services by including the fee with their semester payment, or they may use the Health Center on a fee-for-service basis. A separate winter session health fee (\$40\*) is automatically assessed all full-time students enrolled in winter session course work. Full-time students not enrolled in winter session may use the SHS on a fee-for-service basis or by paying the winter session health fee. During the summer session(s) all full-time and part-time students are eligible to use the service on a fee-for-service basis or by paying an optional \$54\* summer session charge, which allows use of the SHS during the summer period.

**Student Medical Insurance.** An optional accident-and-sickness insurance plan, administered by University Health Services, Inc., is available to all admitted students. This insurance does not cover medical services offered in the Student Health Service. International students and students whose parents live outside the continental United States are required to enroll in the insurance plan offered through the University, or provide proof of equivalent coverage. Information detailing the medical coverage is mailed to students. It is also available in the Student Health Center.

**Credit by Examination Fee.** Credit may be awarded when a stu-

dent demonstrates proficiency in a subject-matter field by passing an examination arranged with the department. A \$50\* per credit hour fee is charged in advance to cover administration and recording costs.

**Video-based Courses Fee.** Students enrolled in video-based academic courses should contact the FOCUS office (302) 831-1074 for fee information.

**Independent Study Fee.** Students enrolled in a regular academic program who earn credit by working on an independent research or reading project must pay the appropriate tuition charge.

**Student Teaching Fee.** Students enrolled for Student Teaching (EDDV 400 or IFST 459) will pay \$75\* per semester in addition to the regular tuition charge.

**Transcript Fee.** Prepayment of \$5\* is required for each official transcript. Transcripts cannot be released until all outstanding financial obligations are met. One week is normally required to process any transcript request, which must be made in writing by the student.

**General Fee for Changes and Replacements.** A nominal charge, not exceeding \$20\*, is assessed for such transactions as changes in residence-hall rooms (after the first two weeks of each semester) and replacement of lost identification cards (at any time).

**Graduation Fee.** Candidates for an advanced degree are expected to file a completed Application for Advanced Degree with the Office of Graduate Studies and to pay a graduation fee by the stated deadline for Summer, Fall, or Spring degree conferral. The graduation fee is \$35 for master's candidates and \$95 for doctoral candidates.

## HOW DO I PAY MY BILL?

**All** University fees and expenses are due by the published deadlines for each semester or session. In general, tuition, room and meals are due about one month before the start of each semester. A University tuition-and-fees payment packet, listing estimated semester expenses, and a fee-payment form are mailed to each student at least six weeks in advance of the start of each semester.

*If the tuition-and-fees payment packet and the fee-payment form do not arrive in the mail for any reason, the student is responsible for obtaining these materials from the Account Services Office. It is also the student's responsibility to make any necessary adjustments to the bill, and to return the fee-payment form to the Cashiers' Office with any required payment. A fee-payment form must be completed and submitted by all students, even if financial aid, graduate contract, or other credits may cover the total semester charges. Graduate students on contract must submit payment for the Student Health Fee and Student Center Fee with their fee payment form by the deadline.*

All payments made by check or money order should be made payable to the "University of Delaware." Receipts are issued for payments by check or money order only when specifically requested. The net total, or the first installment of University fees and charges, together with the completed fee-payment form, is due by the date specified in the instructions in the fee payment packet.

A dishonored check that has not been cleared by the payment deadline does not constitute payment. The University charges a \$25\* service charge for dishonored checks. Moreover, students who submit dishonored checks may be required to make future payments by cash, money order or certified check.

For a \$50\* service fee, students whose credit remains in good standing with the University may pay semester bills in accordance

\*Fee approved for the 2000-01 academic year. Subject to change for the 2001-02 academic year.

with the installment plan table. The University issues a monthly statement to each student. But, installment payments are due by the dates specified, whether or not the student receives a statement. The dates listed below are approximate.

| Fall Semester |     | Spring Semester       |     |
|---------------|-----|-----------------------|-----|
| August 1      | 25% | By the date specified | 25% |
| September 20  | 25% | February 20           | 25% |
| October 20    | 25% | March 20              | 25% |
| November 20   | 25% | April 20              | 25% |

The Installment Payment Plan is only one of the payment options offered through the University. The Delaware Plan is a comprehensive financing program for matriculated students. A Guaranteed Prepaid Tuition Plan allows families to pay cash up to the full amount necessary to prepay up to four years of full-time tuition at the current full-time tuition rate. For further information on The Delaware Plan, call the Account Services Office at (302) 831-2126.

Students are billed individually for any loss, breakage, or damage of University property and for such incidental charges as library and parking fines. These bills are due upon receipt. Failure to pay them may result in the following penalties for nonpayment.

### WHAT HAPPENS IF I MISS MY PAYMENT?

- IF THE UNIVERSITY DOES NOT RECEIVE A STUDENT'S FEE-PAYMENT FORM AND REQUIRED PAYMENT BY THE SPECIFIC DATE EACH SEMESTER, ADVANCE REGISTRATION MAY BE CANCELLED.
- If any fees, fines or miscellaneous payments are not received by due dates, the student may be dropped from the University. Subsequent registration will be refused and transcripts, diplomas and other information concerning attendance at the University will be withheld. Reinstatement requires payment of the amount due and compliance with the usual readmission procedures.
- Students are responsible for collection agency fees, attorney fees, court costs and other costs and charges necessary for the collection of any amount not paid by the due date.
- Students who fail to make payments by the due date may be denied the privilege of using the installment payment plan in future semesters.

**Late-Payment Fee.** Any student who fails to submit the fee-payment form and any required payment to the Cashier by the specified date will be charged a \$40\* late-payment fee. New students who are admitted too late to pay by the established fee-payment date, as identified by the Admissions Office, will not be charged a late-payment fee if they make payment by the new fee-payment date assigned to them.

Any student who does not submit a fee-payment form and any required payment before the first day of classes will be charged a \$55\* late-payment fee. A student who chooses the installment payment plan and then does not pay the second, third and final installments when due or fails to pay the required percentage of his or her bill will be assessed a \$25\* installment penalty for each such installment.

### DO MEMBERS OF A STUDENT'S FAMILY OR SENIOR CITIZENS QUALIFY FOR TUITION DISCOUNTS?

**Sibling/Parent.** Every full-time, matriculated student is entitled to a Sibling/Parent Tuition Credit of \$100 if he or she has one or more

siblings or parents who is also a full-time matriculated undergraduate at the University for the same academic year. To receive this tuition credit, the eligible students must submit a Sibling/Parent Tuition Credit form to the Cashiers Office by the fee-payment deadline for spring semester. These forms are available in December in the Student Services Building. For determination of eligibility, see the Sibling/Parent Tuition Credit Policy distributed with the form or contact the Account Services Office.

**Senior Citizens.** Every matriculated student who is a Delaware resident, 60 years of age or older, may take credit courses on a space-available basis without paying tuition. Such students must cover the cost of books, laboratory supplies, and shop fees. For further information, contact the Admissions Office at (302) 831-8123.

### CAN VETERANS AND THEIR DEPENDENTS OBTAIN ASSISTANCE TO ATTEND UD?

The University of Delaware is approved for veteran attendance under Chapters 30, 31, 32, 34, 35 and 106 of Title 38, Code of Federal Regulations. Veterans interested in obtaining benefits under these regulations should contact the University Veterans Affairs Clerk in the Student Services Building Monday-Thursday 8 a.m.-4:30 p.m. at (302) 831-8987.

### ARE THERE DISCOUNTS FOR DELAWARE TEACHERS?

Delaware public school teachers, as defined below, are exempt from the payment of all regular summer session course charges. The Delaware teacher tuition exemption does not apply to FOCUS video-based courses. FOCUS tuition and fees must be submitted with registration. They must submit a Fee Payment Form and pay the summer general fee, student center fee, any room and board fees and, where applicable, application, diploma, or graduation fees. Failure to submit a Fee Payment Form by the date specified will generate a late fee and risk cancellation of registration.

The term "Delaware public school teachers" refers to those under legal contract to serve the public elementary and secondary schools of the state as teachers (regular, provisional, temporary or substitute), instructional aides, guidance counselors, librarians, or nurses, and administrative personnel who regularly supervise the above, but excluding other employees in staff administrative positions. Delaware public school teachers who have so served at least half-time (90 days) during the previous academic year, or who have legally obligated themselves as full-time during the succeeding academic year, are eligible for this exemption. Details regarding methods of establishing entitlement are contained in the Summer Session bulletin.

Those in doubt about their classification as Delaware public school teachers should obtain clarification from the Account Services Office, (302) 831-2126, before registering.

### HOW DO I APPLY FOR FINANCIAL AID?

Graduate students should also read the chapter "Graduate Fellowships and Assistantships" in this catalog.

At the University of Delaware, scholarship and financial assistance

\* Fee approved for the 2000-01 academic year. Subject to change for the 2001-02 academic year.

programs focus on the student. Whenever possible, the University strives to remove financial barriers to higher education, and to attract students with exceptional academic promise. The University works in partnership with families to make a University of Delaware education possible.

Financial assistance programs represent a bridge between the family's ability to pay and the cost of higher education. The University distributes its financial support in the form of scholarships based on academic excellence and need-based packages consisting of grants, loans, and employment opportunities. While the Office of Undergraduate Admissions focuses on merit awards for incoming freshmen, the Office of Financial Aid works with families in the allocation of need-based support.

**How to Apply for Financial Aid. Entering Students**—Financial aid applications should be submitted early in January, before the student enters fall-semester classes. The Financial Aid Office holds all personal and family financial information in the strictest confidence. Admissions decisions are not influenced in any way by a student's eligibility for financial aid. To apply for financial aid, a student and his or her parents should take the following steps:

- Complete a Free Application for Federal Student Aid (FAFSA) and send it directly to the address on the envelope included with the form. (Forms may be obtained from high-school guidance counselors.) Ask to have a copy of the analysis sent to the University of Delaware (institution code #001431). Applicants may be required to submit Federal Income Tax Forms for both themselves and their parents to the University's Financial Aid Office. A statement of Selective Service Registration Compliance also may be required.
- Apply over the Internet with FAFSA on the Web. Go to [www.fafsa.ed.gov](http://www.fafsa.ed.gov) and follow the on-screen instructions to fill out the application. Extensive online help is available.

**Renewal and Other Candidates**—All students must reapply for financial assistance each year. Awards may be offered for subsequent years, depending on available resources, the need of the applicant and the student's continued enrollment in a degree program (with at least half-time status). **Continuing Education students are not eligible for financial assistance.** All upperclass applicants must follow the same application procedures outlined above for entering freshmen. The Department of Education will mail Renewal Applications to students in December. Students who do not receive a Renewal Application should obtain a FAFSA from the Student Services Building.

**Deadline.** The priority deadline for financial assistance applications is May 1 prior to the year for which aid is requested. Students are encouraged to submit the FAFSA form **before February 15** in order to meet the May 1 priority deadline. Applicants who apply after May 1 cannot be guaranteed consideration for aid and may be assisted only to the extent that funds are available.

**Notification of Aid.** A final Notification of Aid, describing the sources and amounts of aid awarded, will be sent to the student before University charges are due. After the student receives notification, he or she must sign and return the appropriate copy. Failure to return the signed copy to the Financial Aid Office will result in the forfeiture of financial assistance.

**Financial Aid Recipient Withdrawals.** Students who are recipients of Title IV federal financial aid funds and whose enrollment terminates through official withdrawal must have their financial aid award reviewed for adjustment. Title IV federal financial aid funds are as follows: Federal College Work Study, Federal Perkins Loan, Federal Supplemental Educational Opportunity Grant, Federal Pell Grant, William D. Ford Federal Direct Loan Program, and the Federal Direct PLUS Loan Program. The Nursing Loan Program is also a federal financial aid program.

Financial aid eligibility is based on the cost of education (tuition, mandatory fees, housing, meal plan, books, etc.) incurred for the entire semester and is contingent upon completion of that semester. Upon withdrawal, federal regulations mandate that the cost of education be reevaluated and appropriate adjustment(s) of financial aid awards processed.

Federal regulations regarding Title IV refunds are being revised. Please refer to [http://www.udel.edu/bill\\_coll/TITLEIV.html](http://www.udel.edu/bill_coll/TITLEIV.html) for updated information, or contact the Office of Scholarships and Financial Aid at (302) 831-8761 with questions or concerns.

**Failure to Withdraw Officially.** Students are required to adhere to the University's official withdrawal policy when terminating their enrollment prior to the end of a given term. Failure to officially withdraw will result in the cancellation of any federal financial aid program funds previously awarded for that term. Federal regulations require that funds for ineligible recipients be returned to the financial aid program accounts. Students will be billed for semester charges.

**Financial Aid for Students with Previous Baccalaureate Degree.** A student who completes his or her first baccalaureate degree is not eligible to receive either a Federal Pell Grant or a Federal Supplemental Educational Opportunity Grant. It is a student's responsibility to indicate receipt of a first baccalaureate degree when completing the Free Application for Federal Student Aid (FAFSA).

**Satisfactory Academic Progress.** Federal Title IV assistance programs require students to maintain progress toward a degree. These federal programs include the Federal Pell Grants, Federal Supplemental Educational Opportunity Grants, Federal Perkins and Nursing Loans, Federal College Work-Study Program, and Federal Direct Loans (Subsidized, Unsubsidized, and PLUS). Undergraduate satisfactory progress for financial aid purposes requires:

- a. Completion of a degree within six years of full-time attendance or its equivalent;
- b. a cumulative grade point average of C (2.0) after 60 or more attempted hours; and
- c. successful completion of 67 percent of credit hours attempted.

Academic records will be reviewed at the end of each spring semester. Students who fail to make satisfactory progress will be ineligible for financial assistance.

**Student Consumer Rights and Responsibilities.** A student who receives financial aid from the University has the following rights:

- To know the costs of attendance to the institution; to know all available sources of Financial Aid; to be informed of all aspects of the Financial Aid package awarded, including determination of need and disbursement of aid; to know the academic expectations of the institution; and to know the institution's refund policy.

A student also has the following responsibilities:

- To apply for aid by the established University deadline; to report any outside awards to the University Financial Aid Office; to remain in good academic standing and make appropriate academic progress; to comply with loan repayment schedules established; and to report any changes in family or student financial status to the Financial Aid Office. Financial Aid recipients also are responsible to report to the Dean of Students, the Student Loan Office and the Financial Aid Office when they withdraw from school.

For additional financial aid consumer information, stop by the Student Services Building, or call (302) 831-8761. The Account Services Office, the Undergraduate Admissions Office, the Graduate Studies Office, and several University publications can also provide pertinent information about the University's financial aid programs.

# RESOURCES FOR STUDENTS

## ONE-STOP SHOPPING AT THE STUDENT SERVICES BUILDING

The Student Services Building on Lovett Avenue on the Newark campus provides students with "one-stop shopping." At this facility, students can quickly and easily complete a wide range of administrative tasks, including registering for courses, changing course selections, obtaining I.D. cards, parking permits and unofficial transcripts, printing copies of their course schedules, tuition and fee payment, financial aid, flexible spending accounts, and long distance telephone service.

---

## THE RICH RESOURCES OF THE UNIVERSITY LIBRARY

The University of Delaware Library includes the Hugh M. Morris Library, where the main collections are housed, three branch libraries on the Newark campus — the Agriculture Library, the Chemistry Library and the Physics Library — and a fourth branch, the Marine Studies Library on the Hugh R. Sharp Campus in Lewes, Delaware.

The collections parallel the University's academic interests and support all disciplines. Books, periodicals, microforms, government publications, electronic databases and software, maps, manuscripts, media, and Internet access provide a major academic resource. Library staff members provide a wide range of services, including assistance

with electronic library resources, reference assistance, interlibrary loan, instructional programs, and assistance to users with disabilities.

Over 2,400,000 volumes of books and journals, and more than 3,100,000 items in microtext are included in the collections, which are broadly based and comprehensive, with emphasis on the social sciences, humanities, science and engineering. Special Collections include the Delaware Collection; the Unidel History of Chemistry Collection; the Unidel History of Horticulture & Landscape Architecture Collection; manuscripts, such as the papers of Emily Coleman, Tennessee Williams and William Butler Yeats; and archives, including those of *American Poetry* and the Bird and Bull Press. The Library is a depository for publications of the U.S. Government and for all patents issued by the U.S. Office of Patents and Trademarks.

The Library is a member of the Association of Research Libraries, the Center for Research Libraries, CIRLA (Chesapeake Information and Research Library Alliance), and PALINET, through which it is connected online to OCLC, the Online Computer Library Center.

The Morris Library provides seating for approximately 3,000 special purpose space for computer-based systems, direct access to various computer facilities for Library users, a periodical reading room, a Special Collections area including an exhibition gallery and a reading room with a controlled environmental system for rare materials, a microcomputing center, a media area and viewing room, and special equipment and areas to assist the visually impaired.

The University of Delaware Library home page on the World Wide Web (<http://www.lib.udel.edu/>) offers access to many of the

Library's electronic resources, including DELCAT, the University's online catalog. DELCAT may also be accessed via dedicated workstations in the Libraries, through the University computing network, and via the Web from anywhere in the world.

The Library provides online electronic access to more than 170 Library Networked Databases, which include the *Encyclopedia Britannica*, journal article references and abstracts, full-text electronic articles, and government information. Library Networked Databases contain hundreds of thousands of references and summaries of the contents of journals. Library networked databases also include more than a dozen large full-text databases including *Expanded Academic ASAP*, *Business Index ASAP*, *LEXIS-NEXIS UNiVerse*, *Health Reference Center*, and *JSTOR*, which contain online entire articles from thousands of journals. Most Library Networked Databases are accessible from residence halls, offices and buildings throughout the University, and to University users from off-campus using a computer modem to access UD computing accounts. The Library Web page serves as a gateway research tool and provides access to electronic resources on the World Wide Web, including those licensed for UD faculty, staff, and students. To assist users in navigating the World Wide Web, the Library has created more than 90 subject web pages in academic disciplines. Each subject web page includes a "Guide to Internet Resources" which points to a selection of some of the best web sites in each subject area.

For further information, call (302) 831-2965. For Library hours, call (302) 831-BOOK (2665), or check the library web site (<http://www.lib.udel.edu/>).

---

## OUR CAMPUS COMPUTER NETWORK HELPS YOU LIVE AND LEARN

---

The information technology resources available at the University of Delaware are unparalleled. The University's commitment to providing a superior technology environment enables students and faculty to pursue academic studies and to conduct the business of campus life with ease and efficiency.

Students use a wide range of technology in their academic work. In all disciplines students will probably use electronic mail, word processing, and tools to search the Internet for information. Many academic departments have dedicated computer labs to teach students discipline-related applications. These include the humanities, social sciences, physical sciences, business, engineering, agricultural sciences, marine studies, education, human services, nursing, and health and exercise sciences.

All University classrooms are connected to the campus network, enabling faculty to use a wide variety of multi-media services and devices in their teaching. Many classrooms have connections at student seats to facilitate use of laptop computers. Instructional video is broadcast by the University television network and many classes include special viewings as part of course requirements.

Students can connect their own computers directly to the campus network from their residence hall rooms. Off-campus students can dial-in to the network from all regions of Delaware. Several general access computing sites (<http://www.udel.edu/sites/>) are available for student use on campus, and these have network ports to connect laptop computers. The Morris Library carrels also have network ports.

## Answers to Your Questions About Computers on Campus

*Where can I get information about computer hardware and software?* The Technology Solutions Center (TSC) can help you decide which computer products are best suited to your needs. You can study literature from vendors and try out the systems on display. The TSC (located in Room 002B Smith Hall) is open Monday

through Friday from 8:00 a.m. to 5:00 p.m. You can call the TSC at (302) 831-8895, send e-mail to [tsc-info@udel.edu](mailto:tsc-info@udel.edu), or browse its web site at <http://www.tsc.udel.edu/>

*What computer should I bring to campus?* The University offers full support for both Windows 95 and 98 and Apple MacOS 8.1 or later systems. If you plan to bring a computer to campus, you should bring one that meets the University's current minimum configuration. Because computing technology is changing rapidly, please refer to the TSC's website at <http://www.tsc.udel.edu/> or call (302) 831-8895 for the most up-to-date information regarding minimum system requirements.

If your computer does not meet the minimum specifications, it is not likely to work in the University environment and you will not be able to avail yourself of University support.

If you are buying a new system, buy for the long term. Each year, the technology enables you to do more sophisticated tasks. However, the new tasks you will need to use in two or three years may require more computing power than today's low-end computers. If you are buying a new computer, here are three key factors to consider:

- CPU speed: Try to purchase a computer with a CPU rated at 700 Mhz or faster and either Intel's Pentium III or later, or a PowerMac G4 system, to further lengthen your system's life.
- Memory: 128MB is the minimum we recommend. Make certain that, if your system only has 128MB of RAM, you can upgrade it to 256MB or more later in your college career.
- Expansion slots: Make sure that your computer has at least one expansion slot in case you decide to add extra features later.

*How do I connect my computer to the campus network?... It depends!*

**On campus** – Every residence hall room is wired for connection to the network. You will need a standard 10 Base-T cable to connect the Ethernet adapter in your computer to the wall plate in your room.

**Off campus** – You can connect to the network using a telephone modem. Using "Point to Point Protocol" (PPP) software, you can dial in and access the network over your existing telephone line. PPP gives off-campus students full access to the university's network and the Internet.

*How can I get the network software that I need?* The software you need to connect to the campus network, whether you live on or off campus, is available to members of the University community for a nominal fee and is sold at the University Bookstore. The instructions for setup are included in the packets sold at the Bookstore. *Note:* If you own a Windows 95 or 98 computer, you don't need to purchase any network software. However, you must configure the network software already on your computer to work with the campus network.

For further information about Information Technologies, call the IT Help Center at 831-6000 or check the web site at <http://www.udel.edu/help/>.

---

## VISIT THE ASSOCIATE VICE PRESIDENT FOR CAMPUS LIFE WITH STUDENT LIFE ISSUES

---

The Office of Campus Life is directly responsible for overseeing crisis management, the Judicial System, and Residence Life. In addition, the office can approve student-initiated withdrawals from the University and serves as an advocate for students who are having any problems which might impact their educational progress. You can contact the office at (302) 831-8939 or (302) 831-2116.

## ACADEMIC ADVISEMENT TO KEEP YOU ON TRACK

**A**cademic advisement is available to matriculated undergraduate students through faculty affiliated with the student's major and through advisement centers in the undergraduate colleges (see the online list of advisement centers at <http://www.udel.edu/catalog/current/advcenters.html>). Academic advisors can help students with course selection, choice of major, maintaining progress toward a degree, career goals, and selection of graduate or professional schools. All freshmen are required to consult with an advisor and obtain the advisor's approval for course selection during advance registration. Academic advisors can also provide referrals to support services for students who need help with personal, medical, or other issues. **Successful undergraduate students tend to be those who meet with their advisors at least once each semester.** To find out who your faculty advisor is, call your major department or academic dean's office, or go to the SIS+ Personal Access web site at <http://www.udel.edu/Registrar/sispl.html>.

Graduate students usually work one-to-one with their faculty advisor or thesis/dissertation director. In some departments, the student's thesis/dissertation committee members may also provide advisement. The graduate student's advisor is generally agreed upon at the time of admission or soon after.

Current and potential continuing education students should consult the Adult Centers for Continuing Education Student Services (ACCESS – see <http://www.udel.edu/cc/access.html>) for career counseling and interest assessment, educational planning and academic advisement, and administrative assistance. Offices are located in Newark at Clayton Hall; in Wilmington at the Wilmington Campus Student Services Center, at 2800 Pennsylvania Ave., and at the UD Downtown Center at 8th and King Streets; in Dover at the Terry Campus of Delaware Technical & Community College (Room 214, Main Building); and in Georgetown at the William A. Carter Partnership Center on the Owens Campus of Delaware Technical & Community College. Daytime and weekday evening appointments may be arranged by calling (302) 831-2741 in Wilmington/Newark, (302) 741-2793 in Dover, or (302) 855-1630 in Georgetown. Administrative help is available for those planning to register for credit and noncredit courses.

## MAXIMIZE YOUR ACADEMIC PERFORMANCE

**T**he Academic Services Center offers activities that provide undergraduates with extensive academic assistance, through **individual tutoring, group study sessions, mentoring, academic success and study skills workshops, personal and social advising, and referral assistance**, throughout the year. These programs and activities are designed to help students maximize their academic performance while pursuing degree programs.

**Tutorial Services:** Individual and group tutoring are available in a wide range of subject areas. All tutors have faculty recommendations and are screened by the Academic Services Center. In addition to the services mentioned above, the ASC publishes a directory of tutors for students who wish to select and pay for their own tutors. This **Tutorfind** directory is available in the Academic Services Center and is updated regularly.

**Learning Disabilities Services:** Students who have a documented learning disability are asked to make an appointment by calling 831-1639. At that time, staff will review testing and arrange reasonable accommodations for students with documented disabilities. After the initial session, each student is required to make a second appointment to be oriented with regard to the policies and procedures for receiving testing accommodations. A specialized course, EDUC 011, College Intensive Literacy, is available for students with dyslexia and dysgraphia.

**The Summer Enrichment Program**, an academically intensive five-week residential program, is offered to a limited number of incoming freshmen who have been accepted to the University and who would benefit from these academic support activities prior to their first semester. This program enables selected freshmen to become acclimated to the campus, giving them an opportunity to take course work in mathematics, English, and study skills and to participate in a variety of academic support and enrichment activities. Incoming freshmen accepted to the University of Delaware through the Parallel Program also may attend this session through the Summer Qualifier Program to earn a place on the Newark campus. Students demonstrate their readiness to begin their freshman year on the main campus by successfully completing the Summer Enrichment Program.

**The John Henry Taylor Scholars Program** is designed specifically for African American and Hispanic students pursuing baccalaureate degrees in the fields of mathematics and science. John Henry Taylor Scholars are given the opportunity to participate in individual and group tutorials, mentoring, study skills, and enrichment activities. The program is designed to assist academically able students, and it provides opportunities for leadership. John Henry Taylor Scholars are invited to begin their studies in the Summer Enrichment Program.

**The Student Support Services Program** is a comprehensive support service that combines academic pre-advising, tutoring, personal and career counseling, cultural enrichment and personal advocacy for eligible students. The primary objective of the Student Support Services Program is to equip qualified students with the skills and support necessary for academic success and, ultimately, college graduation. The Student Support Services Program is funded by the U.S. Department of Education. Individuals who are first-generation college students, who come from limited income backgrounds and/or who have a documented disability are encouraged to apply.

For more information, please contact the Academic Services Center, George Evans House, 5 West Main Street, Newark, DE 19716, (302) 831-2805 or visit <http://www.udel.edu/ASC/>.

## NEED HELP WITH MATH?

**T**he Math Tutorial Lab provides the following resources for students of Intermediate Algebra (MATH 010), College Math and Statistics (MATH 114, MATH 170), Precalculus (MATH 115, MATH 117, MATH 171) and Calculus (MATH 241, MATH 221). Math problem assistance (limited tutorial assistance in mathematics provided by qualified undergraduate students, graduate students and instructor professionals). Answer or solution manuals to math textbooks of courses mentioned above. Library of Algebra, Precalculus, Trigonometry and Calculus textbooks. Three computer stations with access to web materials. Location: 101C Ewing Hall. The Preparatory Mathematics Program also administers the Math Placement Exam and the Math Proficiency Exam. Information about these exams or other resources can be obtained from the Preparatory Mathematics Program Office at 831-2140. Students who would like information about math tutors should contact the Academic Services Center at 831-2805. Web site information: [www.math.udel.edu](http://www.math.udel.edu)

## IMPROVE YOUR WRITING SKILLS

**T**he University Writing Center offers individualized consultations in writing to University students. Students at any level and from any discipline may attend the Center, at no charge. Students may schedule consultations on a one-time basis, or they may set up a regular course with an instructor. Writing Center instructors work both with writers who need an intensive program to succeed in University course work and with writers hoping to improve a particular aspect of their writing. Consultants are prepared to discuss any aspect of a student's writing:

they can help writers decide on a topic, organize information, revise a draft, document sources, or self-edit for grammar, logic, spelling, word use, and punctuation. The emphasis of writing conferences is on teaching students to revise and edit their own work. In addition, the Center offers advice on prewriting strategies, essay exams, documentation styles, and thesis or dissertation writing.

The Writing Center also offers workshops upon request on such topics as writing research papers, writing in the different disciplines, preparing for essay exams, MLA and/or APA documentation, and using correct grammar and punctuation. International students may also attend the Writing Center for help with their communication skills.

Staff at the Writing Center include experienced full- and part-time faculty and teaching assistants from the Department of English. The Center, located in 016 Memorial Hall, is open from 9:00 a.m. to 12 noon and 1:00 p.m. to 5:00 p.m. Monday through Friday, and from 6:00 p.m. to 9:00 p.m. on selected evenings. Although appointments are not always required, students are encouraged to reserve a time by calling the Center at (302) 831-1168. See the Center's website at <http://www.english.udel.edu/wc/>.

## SUPPORTING THE ACADEMIC SUCCESS OF ALL STUDENTS

Support programs have been established within several of the colleges to assist students majoring in disciplines in which African Americans, Asian Americans, Hispanic Americans, and Native Americans are typically underrepresented.

**A.S.P.I.R.E. (Academic Support Programs Inspiring Renaissance Educators)**, housed within the Delaware Center for Teacher Education, encourages undergraduate minority students to pursue a career in teaching. The program provides students with academic support through regular meetings with their academic advisor. In addition, tutors, study skills classes and study groups are available to ensure students' success. During scheduled meetings with other minority students in the various teacher education majors, students can discuss areas of professional development and mutual interest in a collegial atmosphere. For more information, call (302) 831-1641 or visit <http://www.udel.edu/dcte/aspire/index.html>.

**Fortune 2000** is a comprehensive support program for minority students in the College of Business & Economics. Major components of the program include a comprehensive academic enrichment program and a year-round professional development program. Services include special academic advisement, tutoring and academic monitoring, scholarship information, interaction with faculty and industrial representatives, summer employment opportunities, student organizational participation, business career counseling and mentoring, leadership training, assistance with career/graduate school selection and recognition ceremonies. For further information, call (302) 831-4369 or see <http://www.be.udel.edu>

**NUCLEUS (Network of Undergraduate Collaborative Learning Experience for Underrepresented Scholars)** is an interdepartmental program in the College of Arts and Science. Funded by the Howard Hughes Medical Institute's Undergraduate Biological Sciences Education Program, its goal is to recruit, retain and graduate academically talented minority students majoring in the sciences. NUCLEUS assists minority students in attaining their bachelor's degrees and in entering graduate and health professional programs. Concentrating on mentoring and student advisement throughout the undergraduate career, this program provides comprehensive academic enhancement services. Academic monitoring, community outreach and undergraduate research opportunities create an environment that encourages positive integration and academic achievement. For further information, call (302) 831-3095 or visit our website at <http://www.udel.edu/NUCLEUS>.

**RISE (Resources to Insure Successful Engineers)** assists academically prepared African-American, Hispanic-American and Native-American students in attaining an engineering degree. A key component of the RISE Program is the Summer Academy, which takes place before the freshman year, providing a transitional period for incoming freshmen through a strictly regimented schedule, mandatory study halls and tutoring. Throughout their college experience, RISE students receive tutorial assistance as needed, as well as guidance in time management, academic monitoring, career and professional development workshops, interaction with faculty, student organizational participation and academic achievement recognition. For further information, call (302) 831-6315 or visit <http://www.udel.edu/engg/rise/>.

## ENSURING THAT ALL STUDENTS FEEL WELCOME

The University is committed to creating an educational community that is intellectually, culturally, and socially diverse, enriched by the contributions and full participation of people from different backgrounds. Toward that end, the University seeks to increase the racial and cultural diversity of its student body, faculty, and staff, to create a climate that encourages all members of the University community to respect and appreciate individual and cultural differences, to promote equity for people of different backgrounds in all areas of University life, to develop organizational practices that involve the participation of diverse groups, and to enhance the curriculum by including the perspectives of different races, cultures, and genders. The Commission to Promote Racial and Cultural Diversity (<http://www.udel.edu/diversity/>) guides the University in carrying out these goals. Members of the commission are appointed by the President.

Promoting an improved environment for all students, faculty and staff is a primary goal of the Office of Affirmative Action and Multicultural Programs, which supports the functions of the Affirmative Action Office, the Campus Diversity Unit, including the Center for Black Culture and the Office of Women's Affairs, the Lesbian, Gay, Bisexual, Transgender (LGBT) Community Office, the Hispanic and Latin American council, and the task force and caucuses of the Commission to Promote Racial and Cultural Diversity.

Matters related to discrimination based upon race, ethnicity, gender, class, sexual orientation, disability, religion and acts of intolerance are addressed by this office. The office plans educational workshops for the campus community, drawing upon the talent and experience of faculty and staff. Under the leadership of the Assistant Vice President for Affirmative Action and Multicultural Programs, the office seeks to foster a greater awareness and understanding of issues that will promote an improved environment for students, faculty, and staff. The offices are located in Hullahen Hall, rooms 124 and 305-307. For further information, please contact (302) 831-8735.

## UNDERSTANDING WOMEN'S ISSUES

The Office of Women's Affairs works with the University community to increase awareness and understanding of women's issues, including gender bias in the classroom, acquaintance/date rape and sexual assault, and women's health and career concerns. The office coordinates programs and supportive services that encourage women to develop their intellectual talents, achieve academic objectives, identify long-term goals, and participate equally and fully in society. Support and confidential advice for women with concerns, including sexual harassment and possible grievances, are available. Call (302) 831-8063 for more information or visit <http://www.udel.edu/OWA/>.

The University is committed to achieving equity for women and to responding to their concerns in all University endeavors. The Commission on the Status of Women (CSW—see <http://www.udel.edu/CSW/>), which reports to the President of the University, consists of faculty, staff, and students. The CSW identifies problem areas, makes recommendations for change, and works closely with the Office of Women's Affairs and other units to implement change. Recommendations have been implemented in the areas of safety; sexual assault; sexual harassment; sexism in the classroom; salary equity; child care; and recruitment, promotion, and retention of women. The CSW also initiates programs on women's and gender issues. The CSW sponsors awards and funding programs to recognize women's accomplishments, as well as the accomplishments of those men who work to promote women's issues. This includes the Student Travel Award Program, which provides funding for students presenting scholarly papers and participating in panel discussions.

## IS ENGLISH YOUR SECOND LANGUAGE?

The English Language Institute is a University support service for foreign students who need to improve their language skills for graduate or undergraduate study. The Institute offers six levels of intensive language instruction, which address listening, speaking, reading and writing skills. For graduate and undergraduate students, the Institute offers two courses in English for academic purposes. One focuses on developing the oral/aural skills necessary for such academic activities as note taking, oral presentations, and seminar discussions, and the other emphasizes composition skills necessary for research and college writing and reading skills for improving speed and comprehension. Students in the Institute receive tutoring as well as access to computer-assisted instruction. Additional programs offered by the Institute include a testing preparation course to develop skills strategies for taking the language proficiency sections of such tests as the TOEFL, business English courses, and a PREMBIA program. Private tutoring in language skills also is available. The Institute is located at 189 West Main Street, Newark, DE. For further information, call (302) 831-2674 or visit <http://www.udel.edu/eli/>

## WELCOMING MEMBERS OF OUR INTERNATIONAL COMMUNITY

Foreign Student and Scholar Services offers a support system for students—both undergraduate and graduate, as well as for students in the English Language Institute, and visiting scholars and their immediate families.

Services include immigration regulations, academic and personal counseling, tax laws and cultural adaptation. Information on travel abroad, employment abroad, travel advisories, International Student Identity Cards and Youth Hostel memberships also are available. Foreign Student and Scholar Services is located at 4 Kent Way. For more information, call (302) 831-2115 or visit <http://www.udel.edu/IntlProg/fsss/index.html>.

## KEEPING OUR STUDENTS HEALTHY

The Student Health Service (SHS), nationally accredited by Accreditation Association for Ambulatory Health Care (AAAHC), located in Laurel Hall on the south end of the main campus mall, provides outpatient and in-patient medical services for all undergraduate and graduate students. The SHS is staffed by well-trained, fully licensed professionals. The physician staff are board certified, board eligible, or fellowship trained in the following specialties: family practice, pediatrics, gynecology, internal medicine, sports medicine, and adolescent medicine.

SHS physicians and nurses are available to see patients from 8:00 a.m. to 4:30 p.m., Monday through Friday. On-call physician coverage is maintained for telephone consultation on nights and weekends when the SHS is open. Students may see nurses, nurse practitioners, or physicians by appointment. Students without appointments are screened by a triage nurse; seriously ill patients are seen immediately and may be referred directly for hospital emergency care. Other patients are treated or scheduled for further care based on the urgency of the illness or injury.

Services include X-ray and laboratory testing, surgical treatment for minor lacerations, EKG testing, non-operative orthopedic services, emergency ambulance/medical transport services and consultation and referral for complex medical cases. Out-patient services also include an immunization clinic for allergy injections, routine immunizations and travel vaccines, gynecologic service, and a sports medicine clinic in the Bob Carpenter Sports/Convocation Center. Many prescription and over the counter medications are available in the SHS Dispensary. A number of prescription card plans as well as most major credit cards, checks, and cash are accepted for these medications. The SHS also provides equipment (sharps containers for lancets, needles, etc.) and information on the availability of other services on campus for the handling of infectious medical wastes (e.g., material contaminated with blood or other potentially infectious materials). Through its Self-Care Cold Clinic and Self-Care Wound Clinic, the SHS supports students with educational materials and some complementary over-the-counter medications, providing self-directed care for minor health problems.

The SHS also assists a sexual offense support (SOS) group to help survivors of sexual offense, and to provide educational programs that focus on acquaintance/date rape awareness and prevention.

All full-time students are eligible for these services and are charged the semester and winter session health fee. This fee covers all costs except X-rays, prescription drugs, orthopedic appliances, some special injections, PPD tests, off-campus medical referrals and laboratory testing sent to private labs. The student health fee also supports the mental health services offered through the Center for Counseling and Student Development. Part-time matriculated students can receive health services by paying the health fee for full coverage, or by purchasing a particular service. The University sponsors an optional accident and sickness insurance program for all admitted full- and part-time students. All services listed are provided as of January, 2001 and are subject to change. For more information, call (302) 831-2226 or visit <http://www.udel.edu/shs/>. To ensure confidentiality, do not use e-mail to correspond with SHS practitioners on personal health issues.

## COUNSELING CARE TO MEET YOUR NEEDS

Services at the Center for Counseling and Student Development include individual counseling, group counseling, career development programs, a career library, paraprofessional training, special interest workshops and consultations with University groups and individuals. These services are available to all matriculated students who pay the Student Health fee. The Center is staffed by psychologists, psychiatrists, and counselors who are trained to assist college students achieve their full academic potential, make realistic career and education plans and work toward resolution of personal concerns. At the Center, students may freely discuss, in a confidential and professional setting, any concerns they may be experiencing. The Center also serves as a referral agency by helping students who need specialized assistance to locate appropriate campus and off-campus resources. To make an appointment with a counselor, visit or call one of the campus centers: Room 261, Perkins Student Center (302) 831-2141 or 209 Laurel Hall (302) 831-8992.

## HELPING ATHLETES MEET ACADEMIC GOALS

The University of Delaware is committed to promoting the academic and athletic achievement and personal development of its student-athletes. Toward that end, Student Services for Athletes (SSA)—a comprehensive program of support and life skills development—assists student athletes with making the best possible academic and personal adjustment to the University.

The staff of Student Services for Athletes works closely with coaches, faculty, and student services personnel to help student-athletes balance the demands of their academic responsibilities and participation in athletics. Student Services for Athletes directly assists student-athletes through counseling, academic support, workshops and programs, teaching, and publications.

SSA also serves student-athletes through sponsorship of the student-athlete advisory council and the HENS peer mentoring program. The program serves the professional community through its research, training, and consultation activities, and by publishing and presenting to other professionals providing support services to student-athletes.

The SSA staff is comprised of licensed psychologists, professional staff, graduate students, and interns in both counseling psychology and athletic counseling, all experienced in general counseling issues as well as issues specific to student-athletes.

For additional information, please contact the offices of Student Services for Athletes in 108-G Delaware Field House, telephone (302) 831-4294, or visit the SSA web site at <http://www.udel.edu/Counseling/stuserv4a.html>

## ENSURING ACCESSIBILITY FOR STUDENTS WITH DISABILITIES

Services for students with disabilities at the University of Delaware are designed to provide equal educational opportunities for disabled students and to encourage full participation in University programs. Students with disabilities (other than learning disabilities and/or attention deficit disorder) may contact the Office of the Americans with Disabilities Act (ADA) Coordinator to obtain services, including among others: pre-admission information; individualized needs assessment; readers; note-takers; priority registration; auxiliary aids, such as assistive listening devices, sign language interpreters, cassette recorders, keys to campus lifts; materials on tape; consultation and advocacy; and information and referrals. Further information may be obtained by contacting: Americans with Disabilities Act Coordinator, (302) 831-3670 (Voice) or 831-4563 (TDD), or e-mail to [dfarris@udel.edu](mailto:dfarris@udel.edu), or fax (302) 831-3261, or visit <http://www.udel.edu/ADA/>.

Students who qualify for accommodations as a result of a documented learning disability are encouraged to contact the Academic Services Center at (302) 831-1639 for information about services and the process for obtaining reasonable accommodations. Students with learning disabilities and Attention Deficit Disorder (ADD or ADHD) may be eligible to receive the following services: test accommodations, educational consultation, and referral to other campus or community service providers.

## PREPARE FOR FUTURE SUCCESS WITH CAREER SERVICES

The MBNA Career Services Center offers career planning, experiential, and job placement programs to provide matriculated students with a variety of opportunities to learn about and prepare for eventual careers. Career planning and experiential programs are available to students at all academic levels, while job search services are directed to students in the final year of their degree program. Assistance is also available to alumni.

Career planning programs are available to assist students in preparing for employment. A special workshop series covers such topics as resume writing, vita and dossier preparation, interview techniques, and job search strategies. These and other programs are offered to students and alumni throughout the year. The newsletter Career News is circulated regularly throughout the year to share information about these special programs and other topics of career interest with students, faculty, and administrators. Students also may discuss career-related concerns in individual interviews with professional staff members.

Experiential programs include the Field Experience Program (credit and non-credit), internships, volunteer opportunities, and part-time and summer jobs. Resources are available for locating local, regional, national, and international internship and volunteer placements. Both undergraduate and graduate students may participate in these opportunities concurrently with classes, in the Summer or Winter Sessions, or during leave of absence from the University. Positions relate to a wide variety of academic disciplines. Local internships and part-time and summer jobs in the region are listed online at <http://www.udel.edu/CSC/getexperience.html>.

The Career Resource Center, a comprehensive library of career-related information, contains materials for students to use on site. Resources include books; experiential opportunities; trade publications; employer directories; occupational literature; graduate and professional school information; full-time vacancies; and part-time and summer job openings. Videotapes enable students to experience simulated interviews, learn company background information, and view career programs. Computer terminals in the Career Resource Center provide access to the World Wide Web. The center's home page (<http://www.udel.edu/CSC/>) introduces students to career-related events, job listings, employer information and graduate and professional schools worldwide.

Employment Services, including a Campus Interview Program, Credential Service, Resume Referral Service, Resume Builder, job fairs, and employer information are available to UD students nearing completion of their academic degrees. The Campus Interview Program includes more than 300 business, industry, government, and service organizations who visit the campus annually. An additional 600 employers request students' resumes through the Resume Referral Service. The Credential Service provides a centralized repository for reference materials for students and alumni. In addition, over 1000 new full-time job openings from local, regional, and national organizations reach the Career Services Center weekly.

The MBNA Career Service Center is located at 401 Academy Street. For further information on the Experiential Program or Credential Service, call (302) 831-1232. For general information, call (302) 831-8479, and for information on the Campus Interview Program, call (302) 831-2391 or visit <http://www.udel.edu/CSC/>.

## STANDARDIZED TESTING AT YOUR CONVENIENCE

The Registrar's Office offers GRE, GMAT, TOEFL, and PRAXIS testing at the Computer Based Testing Center located in Alison Hall Room 223. Testing appointments are Tuesdays through Saturdays, including Tuesday and Friday evenings. To make an appointment call the testing center's office at (302) 831-6717 Monday through Friday.

## THE LIFE OF A STUDENT BEYOND THE CLASSROOM

---

**U**nder the leadership of a Vice President, the Division of Student Life shares with the academic units of the University of Delaware the University's commitment to educating our students to reach their highest potential. We expect the educational programs and opportunities we provide, both inside and outside the classroom, to educate our students to become outstanding professionals in the fields they choose to pursue, innovative leaders, and enlightened and responsible citizens of the local community, the state, the nation, and the world. By extending the educational process beyond the classroom, the Division provides opportunities for learning through involvement in student organizations, cultural and social activities, lecture series, and volunteer and community service.

The Division is committed to advocating for the rights and dignity of each student. We recognize that students come to our campus from a variety of backgrounds and with differing levels of experience in self-direction and self-government. Therefore, when difficult situations arise, we stand ready to assist students in finding solutions to their problems through the many services provided by the Division. The Office of the Vice President for Student Life administers (SPAN) the Student Problem Solving Action Network (<http://www.udel.edu/SPAN/>) to assist students in finding answers to their problems.

Generally, all of the University activities are open to both undergraduates and graduate students, but graduate students must pay nominal fees for some activities that are free to undergraduates. A calendar of events of interest to students is published in the campus community newspaper, *UpDate*, and on the UDaily web site at <http://www.mis4.udel.edu/udaily/udaily/>.

---

## STUDENT GOVERNMENT REPRESENTS YOU

---

**T**he Delaware Undergraduate Student Congress (DUSC) is the official student governing body of which all matriculated undergraduate students are considered members. This organization assumes the responsibility of self-government, as delegated by the University faculty and administration. Its overall charge is to identify the needs of students and bring them to the attention of the administration, faculty, and City of Newark government officials. DUSC interprets University policy to the student body and represents the approximately 170 Registered Student Organizations to the university administration.

DUSC consists of six executive officers elected through a campus wide vote. Committee chairs and members provide leadership for a variety of administrative and academic responsibilities. In addition, DUSC appoints student representatives to University faculty, student and Board of Trustees committees. For further information, call (302) 831-2648, or visit the DUSC website at <http://copland.udel.edu/stu-org/dusc/>.

The **Graduate Student Senate (GSS)** presents a forum through which graduate students from all the University of Delaware departments and programs can come together to share information, to represent graduate student opinion, and to discuss issues that affect graduate students. The GSS acts as an advocate for graduate students while fostering collegiality and professionalism. The GSS is charged broadly with several principal duties:

1. To foster a sense of connection among graduate students in all departments.
2. To represent an informed consensus of graduate student opinions and to advocate for those positions.
3. To serve as a forum for discussion of issues that affect graduate students, and as a vehicle for action on those issues.

Each graduate academic program or department is invited to send up to two representatives to the GSS. A list of Graduate Student Senators and other information about the GSS is available on the GSS website at <http://copland.udel.edu/stu-org/GSSenate/gss/index.html>.

## MORE THAN A ROOF OVER YOUR HEAD IN THE RESIDENCE HALLS

**Philosophy.** The residence program is a vital part of the educational mission of the University. The environment is designed to assist students in meeting the developmental challenges faced during the college years, including creating adult-to-adult relationships with parents, gaining a sense of confidence, becoming autonomous, selecting a career, and clarifying values. Professional staff oversee each residence complex. The hall director, assisted by upperclass resident assistants, aids students in developing social, recreational, and cultural programming. Students are expected to be constructive contributors to a positive residence hall community. This responsibility includes both respecting the rights of others and asserting one's own rights. Residence Life staff members play a crucial role in assisting students to develop a positive living environment. Staff members not only help with personal and academic matters, but also work with students so that they share responsibility for upholding policies designed to protect the rights of all individuals.

**Non-Smoking Policy.** To further ensure the health and safety of the University community, all University-owned student housing on the Newark campus will be smoke-free, beginning with the Fall 2000 semester.

**Single Undergraduate Housing.** The University offers a number of housing options to suit the needs of single undergraduates:

- Traditional residence halls contain double rooms, single rooms, and some triple/quad rooms with shared bathroom facilities. A limited number of rooms share adjoining baths.
- The Pencader complex features single and double rooms, each with an outside entrance and direct access to bathroom facilities that serve six or twelve students.
- The Ray Street halls offer suite-style housing with two double rooms sharing an adjoining bath. The Ray Street complex accommodates students in Special Interest Housing communities as well as students not affiliated with these programs.
- The Christiana Towers apartment complex features furnished one- and two-bedroom units with bath, kitchenette, and a living/dining room.

Cable TV, computer network service, and local telephone service are provided in all rooms and apartments. Students provide their own telephones and make arrangements for long distance service with the Student Telephone Service or use telephone credit cards. Common areas for study, recreation, laundry, etc. are available in each complex. Custodial service is provided only for the common areas. The rates include all utilities, local telephone, cable TV service, and computer network connection.

Rooms are furnished with beds, dressers, closets or wardrobes, draperies or shades, study desks and chairs, lighting, and wastebaskets. Students must bring their own linens, pillows, blankets, bedspreads, and study lamps.

All traditional and Ray Street halls are closed during regular vacation periods. Pencader residence halls remain open during vacations, and residents in these buildings may request to remain in their rooms during vacation periods for a nominal additional charge. Christiana Towers apartments remain open during vacations at no additional charge but close, like all other residences, at the end of the spring semester. Students in all areas are required to vacate and remove all personal belongings from their rooms within 24 hours after comple-

tion of their last final examination in the spring semester.

Additional information about on-campus housing can be found online at <http://www.udel.edu/housing/>. If you have questions please write or call Housing Assignment Services at 5 Courtney Street, Newark, DE 19716, (302) UD1-DORM (831-3676), or e-mail UD-Housing@udel.edu.

**Graduate and Family Student Housing.** Housing Assignment Services offers on-campus rooms and apartments to assist graduate students in making the transition to the University and Newark communities. These residences are located near the center of campus.

Single graduate students may choose from one- and two-bedroom apartments in the College Towne and Conover complexes and single rooms in the Graduate House on Lovett Avenue. All apartments are furnished.

Full-time graduate or undergraduate students who want to live with a spouse, children, or other individuals who constitute their family may choose housing in the Conover Apartments. Documentation of the family relationship is required. Most family apartments are furnished.

The occupancy period for graduate and family housing generally runs from August 15 through July 31 of the following year. August rent will be pro-rated depending upon the date of check-in. Monthly rent payments include cable television, local telephone service, computer network service, and all utilities. Students residing in graduate and family housing are not required to purchase a dining plan, although one can be purchased and used in nearby dining halls.

Additional information about on-campus housing can be found online at <http://www.udel.edu/housing/>. If you have questions please write or call Housing Assignment Services at 5 Courtney Street, Newark, DE 19716, (302) UD1-DORM (831-3676), FAX (302) 831-4266, or e-mail grad-family-housing@udel.edu.

## OUR CENTERS OF STUDENT LIFE

The John A. Perkins Student Center and the E. Arthur Trabant University Center provide facilities and services for students, faculty, staff, alumni, and the community. The Centers' services include meeting rooms for campus groups, a number of student lounges, copy center, the Bacchus Theatre, the University Bookstore and Campus Shop, a full-service bank, the Hen Zone, a movie theatre, an information center, travel agency, and an exhibition area. The Centers offer billiards and sports television. There are extensive student dining facilities in the Centers.

Many University extracurricular programs are organized through the Student Centers. The Center staff and the Student Center Program Advisory Board (SCPAB) offer film series, "popular" and classical concerts, theatre productions, art exhibitions, and bus tours to nearby cultural and athletic events.

The offices of several student organizations are located in the Trabant University Center including the Delaware Undergraduate Student Congress (DUSC), the Student Center Program Advisory Board (SCPAB), Resident Student Association, Returning Adult Student Association, and the Commuter and Off-Campus Organization. The Lesbian Gay Bisexual Student Union, WVUD 91.3 FM, and the Review student newspaper are among the student organizations housed in the Perkins Student Center. For additional information, see <http://www.udel.edu/student-centers> or call 831-1036.

## EXPLORE CAMPUS RELIGIOUS OPPORTUNITIES

Recognition is given to the importance of ethical and moral influences in the development of the individual. Students are encouraged to attend the churches of their choice and to contact their own denominational organizations on the campus. Most denominations are represented in Newark or in nearby Wilmington. In addition, there are a variety of registered student religious organizations on campus, including Baptist Campus Ministry, Chabad House, Church and Campus Connection, Episcopal Campus Ministry, Hillel, Intervarsity Christian Fellowship, Korean Campus Crusade for Christ, Latter Day Saints Student Association, Lutheran Student Association, Muslim Student Association, Presbyterian Campus Ministry, Thomas More Oratory, Warriors for Christ, Wesley Foundation, and Word of Life. For further information, contact (302) 831-2428 or see <http://www.udel.edu/student-centers>

## A VIBRANT CULTURAL AND INTELLECTUAL COMMUNITY

The Departments of Art, Music, and Theatre, along with the Trabant University Center, the Perkins Student Center, the Office of International Programs and Special Sessions, the Student Center Program Advisory Board, the Cultural Programs Advisory Board, and the Performing Arts Series offer a variety of concerts, films, theatre productions, and art exhibitions at the University. In addition, International Programs and Special Sessions, the Student Centers, and the Faculty Senate Committee on Cultural Activities and Public Events bring to the campus many outstanding music, dance, opera, and theatre programs. Bus tours are offered to the Philadelphia Orchestra series at the Academy of Music in Philadelphia, to the Metropolitan Opera in New York, and to selected museum exhibits and theatre productions.

The intellectual life of the University community is enriched by the many outstanding visiting scholars and lecturers who are invited to the campus. A well-established Visiting Scholars Program sponsors many of these scholars, who speak to classes and often present an evening lecture for interested members of the community. Students are given several opportunities to talk with these visitors at luncheons, dinners, or in informal conferences.

The Visiting Minority Scholars Program, sponsored by the Office of Affirmative Action/Multicultural Programs, offers lectures and colloquia by Black, Native American, and Spanish-heritage scholars. The Winterthur Program in Early American Culture brings distinguished visiting scholars to the University to spend several days. The Lank Exchange Program encourages the exchange of cultural and scientific knowledge between the University of Delaware and the University of Montreal. Scholars from each university visit the other campus for several days.

During the academic year, many lecture series are offered by academic units throughout the campus, and a number of special university-wide lecture series on topics of national or international interest are sponsored by cooperating units.

For information on all events, call UD1-HENS (831-4367) or visit the UDaily web site at <http://www.mis4.udel.edu/udaily/udaily/>.

## SHOWCASING BLACK CULTURE

The Center for Black Culture was established in 1976 to provide support to Black students at the University of Delaware. The Center develops and implements quality educational, cultural and social programs that foster awareness of Black people from the United States,

Caribbean and Africa. One of the primary goals of the Center is to educate the broader campus community on issues impacting the Black community. Some examples are the Annual Black Arts Festival, Kwanzaa, Opening Ceremony of Black History Month, Gospel-rama and the Affairs of Race in America: A Conversation in Black and White. The Center has served as host of many notable speakers. The list includes: Nikki Giovanni, Cornel West, Bertrice Berry, Jawanza Kunjufu, Dick Gregory, Michael Eric Dyson and Tavis Smiley.

The Center provides leadership and resource support to various student organizations and University departments. The Center houses the Cultural Programming Advisory Board, the Each One Reach One Mentoring Program, the Black Student Union and other Black student organizations. The Center has a conference room, a computer room, a lounge area with library, and a television lounge. The Center is located on 192 South College Ave. For more information, please call (302) 831-2991 or email us at [cbc@udel.edu](mailto:cbc@udel.edu) or visit our website at <http://www.udel.edu/CBC>.

## MUSICAL OPPORTUNITIES FOR ALL STUDENTS

Each year the Department of Music sponsors a full season of recitals and concerts by faculty and student performers. The campus community is invited to attend all performances; most are free, although a small admission fee is charged for some concerts. Information about performance schedules can be obtained by calling (302) 831-2577.

Private study (vocal and instrumental) with a Music Department faculty member is available to full-time undergraduate University students. Non-music majors who pass an audition on advisement day may be accepted for private study either as music minors (2 credits per semester) or through the Music Merit Award Program (1 credit per semester). Freshman honors students who pass the advisement day audition are also eligible for private study (1 credit per semester).

Students interested in performing in a musical ensemble may participate in the Choral Union, Chorale, Collegium Musicum, Opera Workshop, University Singers, Marching Band, Wind Ensemble, Symphonic Band, Jazz Ensemble, University Orchestra, Gamelan, Delaware Steel, and a variety of chamber ensembles. Students need not be music majors, although an audition is necessary for some ensembles. For information on joining a group, call the Department of Music at (302) 831-2577.

The faculty of the Department of Music participate in a number of ensembles including the Del'Arte Wind Quintet, the Faculty Jazz Ensemble, and the Taggart-Grycky Flute and Guitar Duo. Faculty ensembles and soloists perform regularly on campus and may be available for lecture-demonstrations, master classes, or performances. For scheduling information, call (302) 831-8245 or see <http://www.music.udel.edu>

## EXPAND YOUR HORIZONS AT UNIVERSITY MUSEUMS

Two museums on the Newark campus provide a place for a casual visit with friends and parents or for serious academic study of the collections.

The University Gallery, located in historic Old College, presents exhibitions of regional and national importance and is a museum repository for art objects and cultural artifacts spanning the ancient period through the present. The University Gallery provides experiential learning opportunities for students interested in careers in the museum field.

The University of Delaware Mineralogical Museum, located in Penny Hall, is an internationally recognized repository of impor-

tant mineral specimens from around the world. Its mission is to acquire, preserve, exhibit, research, and interpret minerals and related geological materials for the enjoyment and education of students and the community at large.

For information on either museum program contact the Director of Museums: 114 Old College, University of Delaware, Newark, DE 19716. Ph: (302) 831-8242; Fax: (302) 831-8251; URL: [www.museums.udel.edu](http://www.museums.udel.edu).

## THE INK AND AIRWAVES OF STUDENT COMMUNICATIONS

The student publications of the University are the *Review* student newspaper, and The "Voice of the University of Delaware"—WVUD, 91.3 FM radio are professionally managed and operated by University students.

For more information:

- The Review: <http://www.review.udel.edu/> or call (302) 831-2771
- WVUD: <http://www.wvud.org/> or call (302) 831-2701

## JOIN AN ORGANIZATION, OR START YOUR OWN

Over 170 Registered Student Organizations provide leadership experiences and special interest opportunities at the University. Students can choose from departmental clubs, professional societies, cultural associations, recreational, social, and educational activities. A complete list of registered organizations is included in the online *Official Student Handbook* and in the blue pages of the Campus Directory. Call 831-2428 for information or see <http://www.udel.edu/student-centers>

## GREEK IS THE WORD

The Greek Life program at the University has offered students an opportunity to belong to chapters of national fraternities and sororities since 1904. The Office of Greek Affairs and the Student Centers advise all chapters and colonies as well as their respective coordinating councils—the Interfraternity Council, the Panhellenic Council, and the National Pan Hellenic Council. For more information, contact the Office of Greek Affairs at (302) 831-2631; <http://www.udel.edu/GreekAffairs/>.

## BLUE HENS WINNING SPIRIT

The Intercollegiate Athletics Program includes 23 intercollegiate varsity sports, 11 for men and 12 for women, including nationally-recognized programs in football, baseball, men's basketball, men's and women's lacrosse and women's field hockey. All men's and women's programs, except football, compete for overall athletic excellence within America East.

Delaware competes for athletic championships in NCAA Division I. The football program competes in Division I-AA through the Atlantic-10 Football Conference. Delaware also competes for championships as a member of the ECAC and IC4A. In recent years, numerous University athletes have been named Academic All-Americans and seven have been awarded the prestigious NCAA Post-Graduate Scholarship.

The University's athletic facilities are among the finest in the East with the 22,000-seat Delaware Stadium; the Bob Carpenter Center which is a 5,000-seat multi-purpose building that houses the Blue Hen basketball and football programs, as well as some Athletics administrative offices; the 2,000-seat lighted Fred P. Rullo Stadium, an artificial turf facility with two full practice fields that overlap a game field; the Delaware Field House, which includes one of the

region's finest indoor track facilities; the Delaware Diamond; softball field; an all-weather outdoor track; numerous other game and practice fields, and Carpenter Sports Building which is home to the volleyball and swimming and diving teams.

For more information, visit <http://www.udel.edu/sportsinfo> or call (302) UD1-HENS (831-4367) for ticket information.

## THE SPORTING LIFE

The Recreation Services Program contributes to the individual's overall educational experience through high quality programs, newly renovated facilities, and services. This is achieved by providing opportunities for involvement in activities that are physically, mentally, and emotionally challenging, and by helping individuals utilize resources that promote ethical and healthy lifestyle choices. The Recreation Services Program includes the following services for undergraduate and graduate students.

**Open Recreation.** Carpenter Sports Building is open for recreational use Monday through Friday from 12 noon to 1:00 p.m. and 4:00 p.m. to 10:00 p.m. and on Saturday from 10:00 a.m. to 1:00 a.m. (late night hours 8:00 p.m.-1:00 a.m.) and Sunday from 12:00 noon to 10:00 p.m., except when special events are scheduled. Facilities available include a swimming pool, racquetball courts, a squash court, basketball courts, volleyball courts, Student Fitness Center, Outdoor Recreation Resource Center, Employee Fitness Center, and indoor climbing wall. For hours of specific facilities, call (302) 831-2264. A valid University of Delaware I.D. card is required to gain entrance to the building.

**Intramural Programs.** The University provides an extensive intramural sport program for men and women. The Intramural Council, made up of representatives from campus organizations participating in the program and a professional staff member, meet once a week to organize schedules and clarify ground rules for the various sports. Usually, more than half the students compete in some phase of the intramural program. There are leagues and tournaments established for the men's, women's, and coed divisions in the following sports: badminton, basketball, field hockey, flag football, golf, ice hockey, indoor soccer, in-line hockey, innertube water polo, lacrosse, racquetball, soccer, softball, street hockey, table tennis, tennis, volleyball, and wallyball.

**Fitness.** The Fitness Center consists of five facilities across campus: the **Student Fitness Center** in Carpenter Sports Building which contains aerobic equipment, weight machines, treadmills, stepers, total body conditioners and free weights; the **Harrington Fitness Center** on east campus with cardiovascular equipment, single station resistance equipment and a specialized aerobics room; the **Pencader Fitness Center**, located on north campus, with cardiovascular equipment, selected free weights and single station resistance equipment; **Rodney Fitness Center** with state of the art cardiovascular equipment and some weight training equipment; and the **Employee Fitness Center** located in Carpenter Sports Building. The **Fitness Center Programs** offer classes in aerobics, step aerobics, weight training, yoga, aquacise, deep water workout, meditation, walking, personal safety, and self defense.

**Outdoor Recreation Resource Center (ORRC).** The Outdoor Recreation Resource Center consists of the Equipment Rental Center, which provides a variety of outdoor equipment for rent to students and staff; information on local outdoor areas; the Indoor Climbing Wall with supervised instruction and practice to develop and improve one's skills; and outdoor instructional programs in rock climbing, bicycling, camping, backpacking, etc. Programs are offered throughout the academic year. All these programs are scheduled to provide students with a safe learning experience and quality equipment. The

ORRC is designed to help people meet and share outdoor experiences with one another. It can assist both beginners and experienced recreators to further develop their outdoor skills. The program also aims to foster awareness and appreciation of the natural environment.

**Club Sports.** Recreation Services supports a wide variety of student-run competitive club sports. Under the leadership of student officers, clubs organize their own practices and contests against other area clubs. Currently Recreation Services sponsors 17 club sports: crew, equestrian, field hockey, figure skating, men's ice hockey, men's and women's lacrosse, precision skating, men's and women's rugby, sailing, in-line hockey, men's and women's ultimate disc, bowling, women's soccer, and wrestling. To learn how to become involved in a club sport, call the Club Sports Office at (302) 831-6712.

## HELPING YOU STAY SAFE AND SOUND

The administrative office responsible for police and security services on the campuses of the University of Delaware is the Department of Public Safety. Public Safety staff provide 24-hour-a-day response to reports of on-campus emergencies and criminal actions. Reports of emergencies or requests for assistance may be communicated directly over more than 200 "dial-free" campus emergency telephones, or by calling the University Police emergency number: 9-911.

The Police Division of the Department of Public Safety is staffed by men and women who have met the police training certification requirements of the State of Delaware and who exercise full law enforcement authority on the campus and contiguous streets. Staff in the Security Division receive departmental training and assist the University Police by performing non-law enforcement duties.

The most recent annual report of campus crime statistics is included in the online *Official Student Handbook*. A copy is available, upon request, from the Department of Public Safety, University of Delaware, Newark, DE 19716, phone (302) 831-2222 or visit <http://www.udel.edu/PublicSafety/publicsafety.htm>.

## YOUR CAR AND OUR CAMPUS

University personnel (students, faculty, staff, and visitors) are extended the privilege of operating and parking motor vehicles on campus only in accordance with the conditions stated in the publication *Motor Vehicle Regulations*. Copies of these regulations are available online and from the Parking Services Office of the Department of Public Safety. All vehicles parked on campus (other than in the visitors' lots or at activated meters) must be registered with Parking Services and display a current parking permit. This requirement is in force at all times throughout the year.

Car pools are encouraged and car pool permits are available at special rates. Assignment of parking lot privileges will be made at the time of vehicle registration, consistent with the regulations currently in effect.

The University reserves the right to remove and store any vehicle parked on its property that lacks registration or is otherwise in violation of the motor vehicle regulations at the expense of the owner. University parking privileges are subject to revocation for repeated violations of the motor vehicle regulations.

For more information, call (302) 831-1184 or visit <http://www.udel.edu/PublicSafety/parkingservices.htm>.

## IDENTIFY YOURSELF

All students must carry a valid UD#1 CARD (identification card). Privileges accessible with the UD#1 CARD are determined by course enrollment, classification, status, account balances, etc. The UD#1 CARD may be linked to a student's bank account at Wilmington Savings Fund Society and used as a debit card.

New and replacement cards can be obtained at the Student Services Building on Lovett Avenue in Newark, phone (302) 831-2759. Lost/stolen cards should be reported immediately, 24 hours a day, by dialing (302) UD#1 CARD (831-2273). For more information, visit <http://www.udel.edu/Registrar/udcard.html>.
