50 Broadway  
New York 4, N.Y.

Dear Jimmy:

I wonder if you have seen the report of the American and Foreign Power Company for 1948. I looked over this copy of their Annual Report during the week-end and it is not at all in bad form. I am merely bringing your attention to it as you may be interested in looking at it.

Marion and I are thinking of you all every day. I found a telegram at the house yesterday on returning from lunch at the Golf Club and I hoped it was a telegram announcing the birth of the baby, but it was just some routine matter and Marion and I were much disappointed. I know it must be very upsetting to you all and particularly to June to have this delay but I suppose in many ways it is normal. In any event, I hope by the time this letter reaches you the baby will have arrived and that June is fine. With much love to you, June and your mother and Edna.

Faithfully yours,

George S. Messersmith

P.S. I got your handwritten letter which I have destroyed. What you tell me is interesting and I appreciate your keeping me informed. I am keeping your father fully informed on developments in Spain and Argentine as far as it is in my power. I have not heard from him directly for some time.
