## OVERSEAS MAIL MUST BE SEALED

### Greeting Cards Must Carry First Class Postage

Persons mailing Christmas greeting cards or other mail to soldiers or sailors overseas are warned that such must be sealed and bear first-class postage instead of local rates. Postmaster C. E. Rittenhouse advised today.

A deluge of cards and unsealed mail bearing only local postage already has been received at the Newark Post-office. Mr. Rittenhouse stated, which will not be deliverable unless the senders call at the post office, identify their mail and pay the additional postage required.

Ordinarily, unsealed greetings require only third class postage. But postal authorities are not permitted to accept such mail for overseas delivery. All overseas mail MUST be sealed and bear first-class postage.

If those who have mailed such material unsealed wish them to be delivered they will have to visit the Newark Post office at once to reclaim and pay the additional postage on their mail, otherwise they will be sent to the dead letter office.

A seventy-five year old safe, unopened for the past seven or eight years, was forced open by a safe expert from Washington at Town Council offices last Friday and revealed a number of interesting documents.

Other old records and papers consisted of financial reports dating back to around 1924 when the Town owed about \$300,000.

# UNIVERSITY HOUR TALK ON NAZISM

Robert Norton Is Speaker For January Event

The initial feature of the current University Hour program was given at Mitchell Hall, December 1, when Mrs. Bella Fromm, author of the book "Blood and Banquets" and a contributor to "Coronet" and the "Red Book" spoke on "I Saw The Rise of Nazism". In the development of her general observations, Mrs. Fromm made several significant observations. She warned that present Nazi military leaders should be expelled to sign peace terms, when they are arranged, to preclude their being a World War III in later years. Only by the admission of complete military defeat does Mrs. Fromm see the myth of German invincibility destroyed in the eyes of the German people.

The next feature of the University Hour will be an address by Robert Norton, Far Eastern expert, on Monday evening, January 24, when he will speak on "How Strong is Japan." Admission to University Hour programs is free. The public is invited.

## How About That!

By Ruth Safran

When, in the course of human events, you chew on an unsuspecting thermometer and it zooms up to 104 degrees—and a little black-haired nurse from the plant infirmary humors for a while your Hamletian soliloquy "to go to bed or not to go" and registers you anyway for a trundle bed with lots of white sheets, rustling nurses, periodic draws on a thermometer and colored pills . . . there is naught to do but give yourself up to the luxury of the grippe.

Newly released from said vigil . . . with legs not taking kindly to standing up . . . your reporter finds herself reportless this week.

Sure there were write-worthy characters in the same ward. The gal next to me in her late twenties: "I aint used to goin' ta bed without my doll-baby", she kept repeating. Even when she had a girl-friend in doll-baby slept in the middle. Which was probably a good thing because once doll-baby's "mama" went to sleep with chewing gum in her mouth and it landed in doll-baby's hair instead of the guest's.

And the other girl across the room who stared curiously at a glass of tomato juice: "What fer they give the this", she asked with a disgusted air. "I aint goin' to drink this dern of jelly."

Then there were a couple of girls who talked seriously about the work they wanted to get back to.

But most of the time you didn't get to study your roommates. Either they were sleeping or you were.

'Nuf said.

# SHOTS

by Ed Prince

People in general, myself included, usually "squawk" at some time or other in their lives at sports writers for the various articles they insert in their columns. But I for one am thoroughly cured. When I was asked to substitute for "Sure Shot" this week, I readily agreed as I thought it would be easy. However, after sitting up half the night, I am no further advanced than I was in the beginning.

I thought you might be interested in knowing what has happened to the various coaches and players of Bill Murray's undefeated teams of 1941 and '42. Of the fifty-odd players that were on these championship squads, only one is left in school and he is expected to be called very shortly. To begin with Lt. (j. g.) Emery Adkins, line coach and head basketball coach at the University has been seeing a little bit of this country. He was stationed first at Iowa Pre-Flight school in the physical training program, but has been transferred from there to Florida and expects to be there about two months. From there he will in all probability be transferred to Louisiana.

Lt. Norman Lord, end coach and Freshman Basketball coach, was at Camp MacKall, N. C., doing physical training work, but since then he has been attending school in Lexington, Va. He is studying athletics, recreational activities, and dramatics. I can't imagine Norm standing in front of a group of men leading them in songs. I'll bet there is some real close harmony.

Paul Hart, Delaware's plunging full-back, played quarterback for the Pre-Flight School at Chapel Hill and started all their games. From all accounts, he played as brilliantly for them as he did for the Blue Hens.

Tony Stalloni, Gerry Doherty, "Buck" Buchanan, and Walt "Moose" Marusa, are over there in the thick of things. The Japs and Germans will sure run into trouble if they stack up against any one of these four. But I imagine the Axis will have as much trouble getting through them as Delaware's opponents did back in '41 and '42.

Marty Pierson played right tackle for Worcester Tech at Worcester, Mass. They beat Harvard 13-0. Marty blocked a kick in the R.P.I. game and scored a touchdown.

Billy Cole, Wade Pitt, Bill Bodley and John Banks have all taken up flying. To date, none of them have wrecked any planes.

"Bogey" Bogovich, Delaware's first All American, is working with the duPont Company over in New Jersey and getting along fine.

Lt. Bill Laurelli, the Blue Hens stellar guard and captain of the wrestling team is at Camp MacKall, N. K., doing recreational work.

Walt Paul, Tri-Captain of the undefeated 1942 eleven is in Alabama. He said that they worked almost as hard there as Coach Murray did last year. "Steve" Romanik is somewhere in England. He finds time occasionally to play a little basketball.

"Al" Newcomb, the other Tri-Captain of last year's team, along with Marvin Zeitz and "Art" Millman are stationed here at the University in the A.S.T.P. program.

"Ed" Carullo and "Barney" Hancock are Lieutenants in the Army now. They took their preliminary training at Camp Davis, N. C.

Danny Wood is in the Army Engineers at the University of Missouri. Danny wanted to know if I could use him this year on the basketball team. He scored the grand total of 2 points last year playing on the Junior Varsity. I wrote and told him that he would in all probability be a star this year if he came back.

"Bugs" Baer is expecting to be sent out of the country. "Bugs" took his basic training at Camp Qualde, Cal. Phil Doherty was expecting to be shipped out the last time we heard from him.

Amie Crowley, Delaware's baseball captain, is across and getting along fine. He says he is getting plenty to eat and gets to see a movie occasionally.

"Red" Hogan is in the Air Corps out in Kansas. "Red" has seen quite a lot of the U. S. since he's been in the Army and thinks the Army life is swell.

Ens. Connie Sadowski, voted the outstanding athlete in class of 1942 has now been assigned to a ship. He played several basketball games while at port. He took his preliminary training at Great Lakes.

Well, that is about all the news. Let us hope that this war will be over soon and we can get back to the good old days once again and see the University of Delaware once more "On The March" to another undefeated season.

## HUBERT MELRATH NAMED AS LOCAL MANAGER OF LEGION BOWLING ALLEYS

### Oxford Kegler Assumes New Duties Here Wednesday as League Schedules Near End of First Half; Directors Accept Megilligan's Resignation

The Board of Directors of the American Legion Bowling Alleys, at 138 East Main Street, have announced a change in the management of the alleys, effective Wednesday, December 8.

Hubert Melrath, of Oxford, Pa., has accepted the position vacated by the resignation of James Megilligan and began upon his new duties yesterday. Melrath is a young man of excellent reputation and has a substantial background of bowling experience to admirable fit him to handle the local alleys capably.

The directors of the alleys are sure that local bowlers will find the new management to their liking and as league bowling will soon be at its peak, every effort will be taken to continue the present schedules.

Mr. Melrath is thoroughly familiar with the operation of bowling alleys, having had a number of years active experience on Oxford alleys. He is an excellent bowler himself and will conduct the local hardwoods on the same high principals as they have been operated for the past several years.

League bowling is currently scheduled five nights each week with several new teams competing this year. More bowlers are participating than at any time in the history of local enterprise. The eight local alleys are kept busy each evening from seven o'clock until closing time.

It is thought that several changes recently effected will alleviate the pin-boy difficulty that has been prevalent for the past several weeks. The directors wish to convey their appreciation to the bowlers for the gracious manner in which they have accepted the lack of pin-boy service in the past and to assure them that every effort has been made to satisfactorily overcome this difficulty.

James Megilligan has been manager of the local alleys since they opened for the present fall season, last September. He succeeded Morris Adams who had previously conducted the local alleys for more than five years and who was one of the out-standing bowlers of this section. Adams resigned this summer when he was inducted into the U. S. Army.

Currently there are thirty-two teams taking part in the five leagues now competing in the first-half of the season. The Thursday night league is the largest with eight teams while the Monday, Tuesday, Wednesday and Friday night leagues each consist of six teams.

One complete new league, the Bio-chemical League is bowling for the first time this year as a group. It is unique in that it has appropriate names for individual teams such as: Electrons, Vitamins, Microbes, Bios, Ions and Enzymes.

Another new group is composed largely of war workers competing on Thursday nights under such banners as: Rockettes, Newettes, Newark Country Club, Trouble Makers, Town Chicks, Pick-Ups, Alley Cats and Blue Hens.

## STAR PICKS MYTHICAL ALL-STAR ELEVEN

Members of the Newark High School Yellowjacket football squad fared pretty well at the hands of an unidentified sports writer who, in the Sunday Star, went out in the proverbial limb and published his choices for the mythical All-Star team composed of players from nearby high schools.

Heading the list of Newark players was indomitable Joe Talucci who played bang-up ball all season and would have been an All-Star selection on anybody's mythical team. Len George gained recognition as fullback to complete the Yellowjackets placements on the first eleven. Buddy Cataldi, Brandon Davis and Wells, the N.H.S. stalwart at right guard were chosen on the second team.

The Delaware Frosh placed four men on the first team with none mentioned on the second squad. The Frosh selections were: Vincent, Zink, Prucino and Bowlius. P. S. duPont placed three players on the first team with Howard and Wilmington High landing one each to complete the roster.

First and second team selections named by the Star are:

## Staff Sgt. Mencher Reports For Duty At Atlantic City

# CHRISTMAS SHOPPERS

### This Is A Wartime Christmas

Do your part to make Christmas shopping as pleasant as possible for yourself and for others.

Thousands of Wilmington men and women are engaged in vital war work or essential civilian industries, and of necessity, must travel in morning and evening rush hours.

Christmas shoppers will help eliminate the transportation congestion during these critical periods by:

Shopping early to avoid a last minute rush, and arranging to shop between ten and three or after 6:30 when stores are open in the evening.

Doing this will make your shopping easier and will help to relieve the load in rush hours.

No! You don't need coupons for electricity

**T**HAT'S RIGHT — you don't need points or coupons—there's no rationing of electricity. Not that it is any less important than food, fuel or shoes. Electricity is vital—it has often been called the life blood of war production.

At the present time, we have adequate capacities to meet all foreseeable needs. However, your Government is asking you to use electricity wisely. Any reduction which you can

safely effect will reduce the amount of fuel needed to make it. This means fewer freight cars needed for hauling, fewer man hours for handling. Thus, when you save electricity you release critical materials—fuel, transportation and man power.

What you save—multiplied by millions of other Americans—makes an important contribution to the war effort.
