Mr. George S. Messersmith
Chairman of the Board
The Mexican Light and Power Co.Ltd.
Mexico City, Mexico

Dear George:

I appreciate very much your keeping me informed on the major problems of the Company, either through letters addressed directly to me or through copies of letters and memoranda, that you are sending to the World Bank, to Toronto or to third parties.

As these letters and copies do not always indicate to whom you are sending copy thereof, it is not always possible for me to ascertain to what extent you are keeping Brussels directly informed on these questions. I would, therefore, appreciate it, if you would ask your secretary to indicate on the documents I am receiving here, if copy is sent to Brussels.

Cordially yours,

D.N.Heineman
