Rec. 24/9

53

with Mason at Wellesley &  
 took a night train to Wash-  
 ington Sunday. I am here  
 for the hearings before the  
 "Committee on Un-American  
 activities" of the House for  
 which Sumner Welles and I  
 have been called for  
 Wednesday Sept. 24.  
 I have spent the day

reading the State Dept.  
 records again, and to -  
 mention Lemmer Wells &  
 I will have to spend going  
 also the records together.  
 We hope the hearings may  
 be ended Wednesday even -  
 ing.

If they are ended  
 Wednesday evening, I will  
 spend Thursday and Friday  
 in the office in Kans

York, if they are not  
 needed until Thursday,  
 it would serve no  
 purpose by being in New  
 York just for Friday.

In any event I will  
 be at the office in New-  
 York on Monday next &  
 by that time we may  
 have some of the  
 material from Mexico  
 City for the application

4  
to the Export Import Bank,  
I shall keep in touch with  
the office in the meantime,

While I am here this  
week, I shall lay some  
further background for  
the credit with Lovatt  
and Armour.

I talked with Donald  
Dan Cas on the telephone  
today and am glad to

Metropolitan Club  
Washington, D. C.

Know that you got off  
to the farm and do hope  
you can stay there longer  
this time. It is a wonder-  
ful time of the year in that  
part of the world - and you  
can keep in touch with  
things there, and at the  
same time get a good  
rest and change. I do  
hope you will really

make a good dog there  
this time.

I will keep in touch  
with the office, and they  
will always be able to  
reach me.

Love & good wishes  
to you & Mother & Edna,  
in which Marion would  
join if she were here,  
Much truly yours,  
George.
