How To Help Win The War

Practical Ways Outlined at New Century Club

Community Singing Next Monday

An especially interesting program was presented at the New Century Club last Monday, featuring the meeting being the talk of Professor M. V. Caudell, and piano solos by Miss Sarah Neff, graduate of the Peabody Conservatory of Music, Baltimore.

Miss Caudell in her talk, on the part of the American housewife in winning the great world war, dwelt on the problem of substitution of foods, as the chief work for the winter months.

"The woman's problem," she said, "is to find how to make the war's crops go the farthest; to find ways of substituting other foods for wheat, beef, pork and sugar."

Miss Caudell's appeal, by its simplicity and practicability, won the support of everyone. To her audience of homemakers she addressed the pertinent questions: Are we adapting our ways to meet a condition never before witnessed in the world? Are we making good the claims of the food and displayed in our windows? Are we living up to the slogan, Food will win the war?"

The speaker dwelt upon the importance of releasing wheat, wherever possible for the use of the French people and the armies of Europe, citing five reasons why America must substitute corn here rather than export its widespread wheat abroad. "First," she said, "corn meal ground, does not ship well; second, if corn is shipped whole, new equipment must be provided—other machinery than that used in grinding wheat. Third, the bakers must be given new recipes and taught how to follow them. Fourth, the use of public bakeries in European countries, makes the widespread substitution of corn bread impractical. We all know that corn bread to be palatable must be served hot, and this is impractical with the French system of public bakeries. Fifth, by no means least, France has been until recently, the only breaded country. With all the suffering already there, it is unfair to ask this suffering nation to make a new flavor, and meet the problem of substitution. One cup of flour per person per day will release the extra wheat of the allies need, and this is the patriotic duty that comes to the American woman."

About fats, Miss Caudell said, "We should do with as little butter as we can conservatively. For these represent such large quantities of whole milk, needed by the men in the trenches, and the women in the hospitals, and the children of France. Here 'One buttermilk less a day, or two tablespoons of melted butter' should be the housewives' slogan, the adoption of which will help tremendously in the solution of the fat problem."

Wherever possible," Miss Caudell added, "substitute for sugar, syrup and brown sugar and use the granulated sugar best suited to shipment. The French last year averaged 1.2 pounds per day of sugar; the American people four ounces. Shall we not share with our friends the water?"

Next Monday evening the program is entirely a musical one. The meeting is open to the community and a cordial invitation is extended to all who love the old songs. There will be a short program arranged by Miss Shepard for the school children, and a double male quartette, a quartette of women's voices, and a number of solos. Everyone will be invited to join in the best known songs. The evening promises to be the nearest approach to community singing that Newark has ever known, and a delightful evening is anticipated. The program will be at seven-thirty.

Congressman Fess To Speak Here

Through the efforts of R. P. Koehler, principal of the Newark High School, Congressman F. D. Fess, will deliver his lecture on the International Situation in Newark on January 11th. Congressman Fess as a member of the House Committee on Foreign Relations, is a figure of nationwide prominence and Newark is to be congratulated upon the opportunity of hearing him. The place of the meeting will be announced in a later issue.

WELL KNOWN ATHLETE IN SERVICE

Landon Smart Completes Intensive Aerial Instruction

Among Delaware men first to respond to the call to the colors was L. Landon Smart, student of Delaware College, class of 1917, for two years right end on the varsity football team, and one of the most popular men in college. Smart is now in the Aviation Corps, stationed at Fort Worth, Texas.

Soon after coming to Delaware Smart enlisted in Company E, Organized Militia of Delaware. In July 1916 he went with the Company to the Mexican border. Upon his return the following February he entered the service of the Baltimore and Ohio railroad in the engineering department. Following the declaration of war upon Germany, Smart was recommended by the officers of the Delaware Militia for admission to the First Officers' Training School at Fort Myer, Va. He was accepted, and after spending several weeks in the Field Artillery service qualified for the Aviation Section of the Signal Corps in June 1917, when he was one of 15 men selected from 40 to be sent to the Canadian Training Camp for instruction in aviation.

The young recruit has spent, since last June, four months in the training camps at the University of Toronto, Camp Leaside and Camp Borden, the last the largest training camp in Canada. At the first mentioned he completed the course of instruction in the ground

L. LANDON SMART
Instructor in aviation at Camp Taliaferro, Fort Worth, Texas

school, the mechanism of the machine gun, aeroplane and motor construction, wireless telegraphy and signaling. At Camp Leaside, the course of flying instruction; at Camp Borden, the finishing course, aerial gunnery, scouting machines, bomb dropping from larger machines and photography from machines.

He is now at Camp Taliaferro, Fort Worth, Texas, acting as instructor to fifty men. After six weeks in this capacity he expects a short leave sometime in January, after which he will sail for France, where a commission awaits him, and active service in this important branch of Uncle Sam's army.

Smart leaves a splendid record at Delaware, where he entered the Sophomore class in 1914. He was a member of the engineering society, Varsity football, '14-'15; Track, '15-'16; Class Football, '14; Class Basketball, '14-'15; Class Baseball, '15-'16; Class Track, '15-'16; Vice-president Class Junior year; member Sigma Nu Fraternity.

SCHOOL AFFAIRS TO BE DISCUSSED

At Public Meeting In High School

Arrangements are being made for an evening meeting of the Newark Parent-Teacher Meeting at the High School building on December 20th. Prof. C. A. McCue, president of the Board of Education, will preside at the meeting. Mr. Koehler, principal of the school, will speak, and a member of the Board will explain the co-operative measure recently entered into by the Board and the College. There will also be music by Miss Shephardson. A cordial invitation is extended to all friends of the school.

Thrift Stamps On Sale

Although no organized drive for the sale of thrift stamps in the great nation-wide campaign for two billion dollars in 1918 has been made in Newark, Postmaster Bowen reports a fair response on the part of the people. Thrift stamps have been on sale at the local post-office since December first.

State Commissioner of Education, A. R. Spaid, will be in Newark on Tuesday to assist in the work.

Guests At The Women's College

On Sunday, Bishop Frederick J. Kinsman, who had confirmed a class at St. Thomas' Church, was the guest of the Women's College at dinner. Before he left for his train he joined the girls in singing Christmas carols.

At supper on Sunday the Women's College entertained Bishop William McDowell of the Methodist Church. Those asked to join him at the evening meal were the Reverend Robert Watt, Professor and Mrs. Clarence Short, Dr. and Mrs. George Counts, President and Mrs. Mitchell. The Bishop preached at a community meeting at Wolf Hall in the evening, and the majority of the college girls attended.

WEDDING

Seaman-Moore
Mrs. Nellie Moore and Mr. Chas. Seaman, were quietly married last Saturday, at the Presbyterian manse by the Rev. W. J. Rowan. Mr. Seaman is foreman of the machine department, Continental Fibre Company, and took his bride to his home in Newark.

Freshmen Elect Officers

The Freshman Class of the Women's College has elected the following officers: President, Miss Mary Adams Mitchell; vice-president, Madeline H. Dixon; secretary, Carolyn E. Ray; treasurer, Laura Rodney.

Lecture At New Century Club

The Newark New Century Club has arranged for a lecture to be given at the Clubhouse by Mrs. Robin of Wilmington, on Saturday afternoon, December 15, at three o'clock. It is a review of Dorothy Canfield Fisher's book, "The Bent Twig." The subject is of interest to all, but especially so to parents and educators.

As Dorothy Canfield, Mrs. Fisher gained her literary renown to which she has steadily added as her talents have developed. She is now in France whence she has sent a number of notable magazine articles. These will be remembered for their vivid delineation of the sufferings of the women of Northern France, and for her generous tribute to French educational methods.

Mrs. Robin's analysis of the book is a masterly and sympathetic one, sure to be enjoyed by all who hear it; she has delivered it twice in Wilmington, it having been prepared originally for the New Century Club of that city.

Discussion and comment will be welcomed at the close of the lecture as the theme is one which touches the individual and community alike.

The only charge for admission will be a silver offering at the door.

Class Confirmed At St. Thomas

Rt. Rev. F. J. Kinsman, Bishop of the Diocese of Delaware, visited St. Thomas' P. E. Church last Sunday morning confirming a class of twelve. Bishop Kinsman preached a strong sermon from the text, "All things work together for good to them that love Him," applying the words to the present world situation. "Unless you are stirred by a desire for service in this period of the world's history, you have not realized your manhood or your womanhood," he said. "All the forces of evil seem to be released against the forces of good. But we, as Christian people must believe that the forces of good will triumph. Such is the very substance of our faith."

INSIGNIA AWARDED TO ATHLETES

Banquet Called Off As War Measure

The Delaware College Athletic Council at a meeting held Tuesday night on the recommendation of Coach Baumgartner awarded the "D" to the following for their work in football: Captain Wilson, Manager Bowen, Lauritsen, Stewart, Mackie, Meyers, M. Plam, Marston, McCoughan, Carter, Roach, Tonkin and Loose. The Council decided that in the future instead of awarding a letter to an athlete who earns it each season the large "D" will be given the first year the student makes his letter and each succeeding year that he earns a letter a star will be placed inside the "D," but he can get no more than three stars.

Another change made was the awarding of a minor "D" in place of the old insignia "Del." Those who were awarded the minor "D" this year for football were: Ritz, H. Alexander, Graves, Jones, and Foulk. To get the minor "D" the scrub must have played at least four quarters and must be recommended for it by the Coach.

Because of conditions it was decided not to give the annual banquet this year to the football squad. The letter men will get together before Christmas and elect a captain. It is likely that "Bill" Stewart will be elected.

JAPANESE BAZAAR A GREAT SUCCESS

Charming Evening Arranged By Women Students

In spite of the bad weather that prevailed last Saturday evening, the Japanese Bazaar given by students of the Women's College was a pronounced success. In striking contrast to the wintry blasts that the outsider braved in order to reach the college, was the atmosphere of sunny Japan that prevailed within. The students had spent the morning in transforming the hall and other downstairs rooms, into a bit of old Japan. Purple wisteria hung from a lattice over the doors and from green ribbons strung across the ceiling. Japanese lanterns dangled from the lights, and pink cherry blossoms nestled on the mantels. Prettily trimmed booths in one room were piled with Japanese novelties, pictures, and Christmas cards. In another room were cakes and candy, all made without white sugar. These were also on sale.

Pretty Japanese maids welcomed the guests, sold their wares, or served tea, and cake, or punch. On account of the bad weather fewer people came than were expected, but the bazaar did well considering the disagreeable day.

At intervals during the evening, music was furnished by Misses Hilda Stevens, Catharine Schunder, Laura Rodney, and Mrs. George Dutton. A song of Old Japan was recited by Miss Alice Roop in Japanese costume. Misses Helen Fisher and Esther Dodson, as Japanese girls, sang "Mr. Butterfly." Three little Japanese maids gave a dramatic song, "Mari Saka." They were Misses Laura Rodney, Esther Dodson, and Marie Leantes. Miss Wright gave a Japanese umbrella dance. After the program, the chairs were moved back and dancing proved a sufficient entertainment until ten o'clock.

FIRE NEAR EBENEZER

Neighbors Save Whiteman Dwelling

Newark firemen responded to a call from the home of Mrs. Jefferson Whiteman, near Ebenezer Church, last Saturday, when fire was discovered in the dwelling about seven-thirty. The family had been absent since one in the afternoon. Upon their return fire was discovered in the sitting room, caused, it is believed, by a spark from the stove. The floor in the center of the room was burned and the flames had spread to a buffet which was completely destroyed, following the chimney to the kitchen. The fire had evidently been smoldering for hours, the absence of all draft confining it to one room.

The assistance of neighbors was hastily summoned and a bucket brigade succeeded in extinguishing the fire before the arrival of the local firemen. The loss is covered by insurance.

EXPLOSION AT BETHLEHEM STEEL

One Death And Five Injured

Fire broke out in the shell loading department of the Bethlehem Steel Co. plant at New Castle early this morning, creating a series of explosions, the jar of which was plainly felt in Newark. The fire was discovered under a stairway about eight o'clock. The cause is believed to be accidental. Only eight workmen were in the building at the time and these received warning in time to escape. One death is reported, Theodore Jacobson, chief of police, who was hit by a flying shell, and five were slightly injured.

The Delaware College Ambulance Corps immediately got in communication with the scene of the trouble, offering their services, which, however, were found unnecessary.

Committee Interviews Students

Dean A. R. Cullimore, chairman of the special committee appointed by the Delaware College faculty, last week, to investigate the action of the students in cutting classes, Friday and Saturday following Thanksgiving, said today the committee would make its report to the faculty at a special meeting which will probably be held this evening or Thursday. The committee, as instructed by the faculty, will include recommendations for the guidance of the faculty in dealing with the situation, but what these recommendations will be members of the committee will not discuss.

Dean Cullimore stated that the committee has questioned a large number of students and has practically concluded its investigation, with the exception of making up the report, which it is now working on.

Patriotic Service

Sunday Evening

A patriotic service will be held in the Presbyterian Church next Sunday evening at 7.30, under the direction of the War Work Committee, of which Rev. Dr. U. Franklin Smiley, of Wilmington, is chairman. Hon. D. O. Hastings, of Wilmington, will be the speaker.

Etna Nominates Officers

At a meeting of the Etna Hose, Hook and Ladder Co., Friday night, officers were nominated for the ensuing year. The officers will be elected at the annual meeting of the company in January. Those nominated for the various offices were: President, S. B. Herdman; vice-president, Charles L. Medill; secretary, Charles W. Colmery; treasurer, A. L. Beals, chief, E. Clifford Wilson; fire recorder, Leslie E. Hill; assistant chief, Elmer J. Ellison, Frederick Strickland and Norris S. Worrell; pipemen, Wilmer Renshaw, Harlan C. Herdman, E. J. Bailey, Frank M. Lutton, Harry E. Hill and Benjamin F. Devonshire; assistant pipemen, Guy Gray, J. Clifford Willis, Ralph Barrow, Wilmer Hill, Thomas J. Sporell and Henry Gregg; directors, Ernest Frazer, Robert S. Galaher, E. J. Bailey, Joseph H. Hosinger, Harlan C. Herdman, Norris S. Worrell and Frank M. Lutton.

Grangers Meet In Newark

Annual Convention in Session at Wolf Hall

Seventy-five Delegates in Attendance

The forty-third annual session of the Delaware State Grange Convened in Wolf Hall on Tuesday of this week with 75 delegates in attendance. The session will continue until Thursday afternoon. Worthy Master, Horace L. Dilworth, is presiding at the meetings.

Dr. Mitchell in welcoming the grangers to Delaware College on Tuesday, referred to his pleasure in having the Grangers at the college at this time, owing to the vital importance of agriculture in the world crisis, and because of the generous provision which the trustees of the college have been able to make to advance the interests that grangers represent. "Your presence here shows," Dr. Mitchell said, "the identity in aim between the farm and the college in helping to win the war."

Food, fuel, munitions, and manpower are the four chief factors in the present struggle; and you on the farm stand for the first of these. The Romans conquered the world by the Spanish short sword, but nations locked in moral combat today must rely upon all the forces that make for national integrity, such as the land, mines, transportation, the home, the school, finance, public opinion as well as the government army and navy. The American farmer as regards national defense and international strategy holds a position of significance today never before dreamed of in world affairs. It is the man behind the plow that will probably determine the final issue in this struggle to make democracy safe.

In the budget for the present session," Dr. Mitchell continued, "the trustees of Delaware College have put aside \$76,326 for agriculture. This sum does not include the emergency fund for Extension Work in Agriculture amounting to \$13,300 for Delaware the present year, making a total for Agriculture of \$89,626. As the estimates of income in the budget are purposely put at a low figure, it is altogether likely that more than \$90,000 are being spent the present year on Agriculture through Delaware College. This sum does not include the general courses in Science, History, and Literature which form an integral part of the training of agricultural students."

Since the adoption of the budget system three years ago, the funds available for agriculture have increased greatly. In the budget of 1915 agriculture had \$56,000; in 1916, \$59,560; in 1917, \$69,524; and in the present year \$76,326 plus the emergency fund of \$13,300. That is a signal advance in the funds made available by the trustees for agricultural teaching, re-

(Continued on Page 4)

POPULAR MEETING LAST EVENING

Patriotism Keynote Of The Occasion

Tuesday evening was "Ladies' Night" at the State Grange Convention in session at Wolf Hall this week. Miss Eva Weldon, of West Brandywine Grange, presided, and a program representing the many sided interests of the organization, was ably presented. Following the exercises members of the Grange were entertained in Old College Hall by the faculties of Delaware and the Women's College.

Fine Exhibit Of Corn In Wolf Hall

The New Castle County Corn Show, being held in Wolf Hall in connection with the meeting of the State Grange this week, is pronounced the best ever seen in this county. Seventy-five entries are exhibited. Premiums will be announced late this evening.

Red Cross Plans Great Christmas Campaign

Features Explained by Official at Headquarters

Ten Million new members in a week!

That is the goal the American Red Cross has set for itself in its Christmas membership campaign that is to be launched December 16. Throughout the United States Red Cross chapters are preparing for the enrollment of the new army which is to stand as the organized support of the boys in the trenches.

No man is more deeply concerned in the world war than President Wilson—who is also president of the Red Cross—and this is his proclamation:

TO THE PEOPLE OF THE UNITED STATES

Ten million Americans are invited to join the American Red Cross during the week ending with Christmas Eve. The times require that every branch of our great national effort shall be loyally upheld, and it is peculiarly fitting that at the Christmas season the Red Cross should be the branch through which your willingness to help is expressed.

You should join the American Red Cross, because it alone can carry the pledges of Christmas good will to those who are bearing for us the real burdens of the world war, both in our own Army, and Navy and in the nations upon whose territory the issues of the world-war are being fought out. Your evidence of faith in this work is necessary for their heartening and cheer.

You should join the Red Cross because this arm of the National Service is steadily and efficiently maintaining its overseas relief in every suffering land, administering our millions wisely and well and awakening the gratitude of every people.

Our consciences will not let us enjoy the Christmas season if this pledge of support to our cause and the world's weal is left unfulfilled. Red Cross membership is the Christmas spirit in terms of action.

(Signed) Woodrow Wilson,
President of the American Red Cross.

T. N. Vail Heads Committee

The campaign is to be under the direction of the National Christmas Membership Drive Committee, of which Theodore N. Vail, president of the American Telephone & Telegraph Co., is chairman. Dr. H. N. MacCracken, president of Vassar College, is the executive secretary, and George S. Fowler, of New York, is the business manager of the campaign. The other members of the National Committee are Henry Van Dyke, former United States Minister to the Netherlands; Bishop William H. Lawrence, of Boston; His Eminence James Cardinal Gibbons, of Baltimore; Mrs. Finley J. Shepard, of New York; Mrs. W. G. McAdoo, of Washington; Henry Watterson, editor of the Louisville, Ky., Courier-Journal; Ban B. Johnson, of Chicago; Charles M. Schwab, of Bethlehem and New York; John W. Britton, of San Francisco; Hervey Lindley, of Seattle; Frank N. Doubleday, of New York; John Mitchell, of New York; Benjamin Gratz, of St. Louis, and Dr. Frank M. North, of New York.

The Red Cross has now approximately 5,000,000 members, 4,500,000 of whom have enrolled since a state of war was declared by the United States against Germany. The success of the Christmas membership campaign, therefore, means a Red Cross active list of 15,000,000

men, women, and children. Each of the thirteen territorial Red Cross divisions within the continental United States has had its proportion of the desired 10,000,000 recruits allotted in advance of the campaign. Each of the division managers will appoint a division Christmas membership drive committee to take charge of the campaign under the general direction of the National Committee. Carrying out the systematic plan of action from National Committee to local community, each Red Cross chapter also will appoint a local drive committee under the immediate supervision of the Division Committee. More than 3,000 Red Cross chapters will be engaged in recruiting service.

To Install 50,000 Booths

Many novel features have been planned to give zest to the campaign. There will be special Christmas membership enrollment blanks and Christmas membership certificates which can be used as Christmas gifts. At railway stations, and in public utility offices, banks, department stores, theaters, and other places where people congregate, enrollment booths will be open from the start to the finish of the drive, each in charge of one to three workers in Red Cross uniform. There will be 50,000 of these booths.

Following the proclamation by President Wilson, it is expected that the governors of the States will issue similar appeals to the people of their respective States. Public utility companies, department stores, etc., have planned to insert slips in the bills sent to their patrons and customers on December 1, directing attention to the Red Cross membership drive. National associations, patriotic societies, and federations of churches have been asked to co-operate locally with Red Cross chapters in filling the enrollment sheets. Ministers have been requested to preach Red Cross Christmas sermons on December 16. Heads of colleges and schools are expected to arouse the interest of students and pupils to work for the greater Red Cross at the close of the term preceding the holidays. Throughout the country local and group organizations will devise campaign features of their own in great variety. Various phases of the drive will follow each other in quick succession from December 17 until the chimes on Christmas Eve ring the end of the campaign.

A particularly noteworthy feature of the campaign will be the placing of transparent Red Cross service flags in the windows of homes throughout the country. The display of this flag bearing the Red Cross emblem, will mean that a person in that home is a Red Cross member. Space will be provided on the white field of the flag for additional emblems to indicate the number of members of the household who have joined the Red Cross. Stores, banks, manufacturing plants, etc., will be encouraged to display emblems to indicate the full Red Cross membership in the respective establishments.

Illumination As Climax

Plans have been perfected to make the Christmas Eve ceremonies a fitting climax of the patriotic campaign. At 7.30 o'clock on the night before Christmas it is proposed that a lighted candle shall be placed behind the transparent flag in the window of every Red Cross home. Local chapters will

RED CROSS PLANS
GREAT XMAS CAMPAIGN

(Continued from Page 2)

strive to see that this idea is carried into effect. The candles are to burn until 9 o'clock, and at half-hour intervals during the evening church bells are to be rung to lend impressiveness to the Red Cross ceremony. During the same hours groups of Red Cross workers in every community will march through different neighborhoods singing carols in further acclaim of the spirit of the Red Cross Christmas.

The Red Cross needs the active support of millions whose good will it already has. The big Christmas membership drive was conceived in and will be carried out largely for the purpose of turning passive friends into active workers. And it was a peculiarly happy thought that gave expression to the idea of making this a "Red Cross Christmas." It will be America's first Christmas in this war. It will be a Christmas of serious purpose, when the minds of every one will be turned to the war, to our soldiers in France and in training camps waiting orders to cross the sea, and to our sailors and marines. Thought, too, will rest on the soldiers of our allies and on the suffering peoples in the war zones. That the nation will be in just the spirit at this Christmas time to produce a whole-hearted response to the Red Cross appeal is not doubted.

At the conclusion of the Red

Cross membership drive there will not be any excuse for any one not having become a member. There are hundreds of thousands of persons whose names are not on the Red Cross roll merely by reason of their own thoughtlessness. All these will have the chance and be reminded of their patriotic duty to join the Red Cross. In the words of President Wilson, the people as a whole will be afforded opportunity to show the Christmas spirit in terms of action.

The Quiet Attitude

[Ohio State Journal]

The calm and quiet attitude of mind is the kind that becomes one who believes in God. The busy mind, the clamorous mind, the unsatisfied mind does more harm to religion than the most voluble atheist. The man who is not pestered by trifles or thwarted by the unkindness of others, but who looks serenely out on the fuss of life as if he was above it, and his great vision made the trifles too small to be noticed, is the true representative of God's anointed. However others may complain and break into fury over slights and inconveniences, he is as calm as the blue sky of summer and as happily expressive of the Divine Spirit beyond. When we see a religious man mad and furious and shaking his finger of scorn at a brother, then we know the devil

has driven him away from his attitude, broken his cable and pushed him among the breakers. Dear friend, if you want to be a Christian or any other kind of religious man, you will have to maintain your equanimity even under the most tantalizing surroundings.—(Published by request).

Dramatic Club To Give Play

On Tuesday evening the members of the Dramatic Club of the Women's College will have their first "try-outs" for the play to be presented in the near future, under the direction of Professor J. E. Moore.

To Aid American Prisoners

American prisoners of war in Germany are to be supplied with food and clothing by the American Red Cross. A systematic plan of sending parcels to the German prison camps at regular intervals is being worked out by the War and Navy Departments and the Red Cross, and it is hoped there will be no suffering on the part of our captured fighting men through lack of adequate nourishment and wearing apparel. Parcels will be sent into Germany from the disbursing agency of the Red Cross at Berne, Switzerland, which already has been supplied with 4,500 tons of food for any possible emergency. This food supply comprises 1,800,000 individual rations,

or enough to feed 10,000 men for six months. The food supply to Americans in German prison camps will be the same in quality and quantity as that supplied by the Government to those in fighting service.

There also will be special rations for invalids, consisting of broth, malted milk, jellied chicken, and various valuable helps in con-

valescence. No doubt exists that the system of prison relief planned by the American Red Cross will work out satisfactorily, it having been ascertained that the same sort of relief undertaken by the French and English for their prisoners of war in German has been carried out with small percentage of loss or failure of supplies to reach those for whom intended.

Combine Beauty with Practicability

STRAIGHT FACTS ON
TAILORING

Why wear the other fellow's clothes? Why not be the model for your own clothes? How many men do you know who look right in ready-made clothing? It was not made for them, and no matter how well it looks when first put on, the fact remains that when a suit "settles" it loses its ironed-false-form and caves in here, bags there and wrinkles somewhere else.

L. HOFFMAN

will tailor your suit and overcoat to order at the same price you pay for the "store box" kind; it will not be "just as good"—it will be so much better in fit, style, and individuality that comparison will be impossible. But the price is reasonable.

DECEMBER 12, 1917

GRANGERS MEET IN NEWARK

(Continued from Page 1)

search, and extension work.

The Smith-Hughes Fund and the Legislature have just made available \$10,000 for the practical teaching of agriculture through the high schools of Delaware. While a like sum has been given to Delaware College for the training of teachers in Agriculture, Trades and Home Economics. This fund thrusts agriculture to the fore so far as the Women's College is concerned.

Dr. Mitchell urged the Grangers to visit every room in Wolf Hall, the splendid new agricultural building, before leaving the college, and paid a tribute to Dean Hayward and his staff of workers in the agricultural department of the college.

Wolf Hall was completed in the nick of time, both the ground and the building, costing about \$270,000, being the gift of Mr. Pierre S. duPont to promote scientific agriculture throughout this State and region.

Worthy Master Horace L. Dilworth, in his annual address delivered on Tuesday, pronounced the order in the state in a flourishing condition and told of the meeting of the National Grange at St. Louis in November. He recommended The National Grange

Monthly, published at Springfield, Mass., as a source of inspiration to local orders, and he restated the strong stand of the Grange in regard to temperance, and commend-

ed the rural credit law passed by Congress. Concerning the State Legislature, Mr. Dilworth said, "Never in the history of the State has so much constructive legislation been passed by the Legislature as by the session of 1917."

"It is a common saying," Mr. Dilworth continued, "that the success of the Allies in the war depends upon the farmers of America. Last spring the farmers responded nobly to the call for increased production, planting many additional acres in crops. In growing and harvesting these crops the farmers have been much handicapped by a short of labor due to high wages paid in the munition plants and the conscription of men for the army. Agriculture is very much under-manned throughout the

country. To grow crops with any degree of success requires labor skilled in farm practice, for that reason many attempts by well-meaning people to aid in furnishing farm laborers have proved futile. While re-affirming our loyalty to our country, the Grange should use every effort to keep skilled laborers on the farm where they can better serve this country than in the trenches. Recently, the District Board of Delaware has

shown a commendable spirit along that line.

"The farmers should receive just compensation for their products. It is not just to regulate the price of wheat, hogs or any other product of the farm, unless the fertilizers, the implements, and all other things that the farmers use in their business are regulated in like manner. The Grange should demand of Congress that this injustice be righted."

BUILDING LOTS FOR SALE

ENTERTAINMENT FOR
ARMENIAN RELIEFSmall Admission Charge And
Refreshments Sold

Ladies of the Baraca Class, Newark Presbyterian Church, will give an entertainment and Xmas bazaar in the basement of the church, on Friday evening, the entire proceeds to go for Armenian Relief—a work that enlists the sympathy of Christian people everywhere. Nero killed perhaps a thousand Christians who refused to abandon their faith. The fame of these martyrs is eternal; the church has made saints of them. Now the choice of life with the Crescent or death with the Cross has been offered to hundreds of thousands of Armenian Christians. They have made their choice, and died.

This is the simple story: Before the war there were a million and a half Armenians, in practical affairs the backbone of Turkey. Now there are only seven to eight hundred thousand—almost wholly women and children. For years the public opinion of Europe has operated to restrain the Hohamedan Turks from exterminating these Christian people. True, now and then the Turks did have a carnival of blood; but the powers held these massacres in check. Christian Europe is paying now because, for diplomatic reasons, she permitted the iniquity of the old Turkish Government to be.

When Turkey entered the war Germany was the only restraining hand. And Germany, quite careless as usual about any non-Germanic lives, not only gave Turkey her head with the Armenians but even took part. The young Armenian men had been mobilized. They were brigaded separately from the rest of the troops, sent to the rear and shot in squads and companies.

Then nearly the entire Armenian population was ordered deported to the desert lands along the Euphrates. The caravans started on foot—old men, women and children. On the way Kurdish brigands set upon them, murdering, carrying off the young women. Also Turkish troops attacked them. The rest is horror—mad women drowning themselves with their babies; men and women, tied together in bundles of four or six, pushed into ponds and lakes; caravans digging the graves into which they were about to be shot; rivers choked with corpses so that their courses were deflected—pestholes where the dying lay squirming among the dead. From seven to eight hundred thousand dead is N—Pasha's estimate.

Their only hope for the barest existence is in American charity.

Paying For Liberty Bonds

On November 15, which was the date on which the first installment on Liberty Loan Bonds was due, approximately \$2,400,000,000 was paid in, although less than a third of that amount was due.

In other words, nearly two-thirds of the aggregate subscriptions to the Second Liberty Loan have been paid in full, the purchases not availing themselves of the right to wait until December 15 and January 15 to make their other payments.

SCHEDULE OF MEET-
INGS ANNOUNCEDTeachers' Work During Win-
ter Months

Teacher meetings for teachers in the several counties of the state, have been arranged for the three county superintendents and state commissioner of education for January, February and March, 1918, as follows:

New Castle county—Middletown, Saturday, January 19 and February 9; Newark, Saturday, January 5, January 26, February 16; duPont School, January 12, February 2, February 23; Colored Teachers' Institute at Middletown, January 19.

Kent county—Smyrna, January 5, February 2; Dover, January 12, February 9; Harrington, January 26, February 16.

Sussex county—Seaford, January 26, February 23; Lewes, February 2, March 2; Frankford, February 9, March 9; Georgetown, January 5, February 16.

There will also be two meetings in Sussex county for the colored teachers, one for teachers on the eastern side of the county at Seaford on January 12 and one for teachers on the eastern side, in Georgetown, on January 19. All colored teachers are required to be present at these meetings.

Parent-Teacher Meeting
At Fairview

The Parent-Teachers' Association of Fairview School met Thursday evening, December 6.

The following officers were elected for the ensuing year: President, J. Harvey Davis; Vice-President, Mrs. S. L. Worrall; Secretary, Mrs. L. M. Greenwalt; Treasurer, Charles Knotts; Corresponding Secretary, Miss Lora Little.

The Christmas entertainment will be given at the school Thursday evening, December 20.

Wollaston and Charles H. Jarmon on the Twenty-seventh day of September A. D. 1917, and all persons indebted to the said deceased are requested to make payment to the Administrators c. t. a. without delay, and all persons having demands against the deceased are required to exhibit and present the same duly probated to the said Administrators c. t. a. on or before the Twenty-seventh day of September A. D. 1918, or abide by the law in this behalf.

Address:
WILLIAM P. WOLLASTON,
Newark, Delaware.
WILLIAM P. WOLLASTON
CHARLES H. JARMON
Administrators c. t. a.

held at Dover last Thursday in the governor's office, with all the members present. The meeting was featured by a general discussion as to the selection of a location of a home or colony for Delaware's feeble-minded, both in this State and those being kept in institutions in other states.

Two properties, one in New Castle county, and the other in Sussex county, have been investigated and a request will be made of Dr. Hayward, of the Delaware College Experimental Station, to examine the soil of both properties as to the adaptability for agricultural and other purposes. When this report is received it is likely that some definite action will be taken purchasing one of the two properties in mind.

NEWARK OPERA HOUSE

PROGRAM WEEK BEGINNING

THURSDAY 13th

Edna Goodrich in "Reputation" a drama based on a small Town scandal. Wm. Duncan and Carol Holloway in the 12th chapter "Fighting Trail".

FRIDAY 14th

"God's Country and the Woman" a drama in 8 parts full of thrills, love and pathos, filmed in the mountains of California, featuring beautiful Nell Shipman, Wm. Duncan and Geo. Holt of "Fighting Trail" fame. The scenes are laid in the timberlands of the north, the photograph is beautiful and the water and snow scenes are wonderful. Two showings 7.00 and 8.30

WILMINGTON, DELAWARE

The Store that Saves you Money
SNELLENBURG'S
MARKET AND SEVENTH STREETS

Store Opens 8 a. m.

Closes 6 p. m.

Saturdays 9.30 p. m.

Make this your Christmas shopping headquarters. In our large and complete stock you will find many articles which make ideal gifts and our salesmen will gladly offer suggestions, at your request, as to what would be suitable for "him."

Just Before Christmas

That's a good time to select your winter suit or overcoat. Stocks at that time are most complete, being augmented by daily arrivals of new merchandise that the demands of the holiday shoppers might be satisfied.

Snellenburg Clothes

ARE THE CLOTHES YOU SHOULD BUY

To begin with, they look better; that fact is self-apparent the moment you glance at them, but there's more to a good suit or overcoat than mere "looks." That's where the difference in favor of Snellenburg clothes comes in. They not only look better but they are better—made better, wear better, tailored better. And they cost you less than you would pay elsewhere for clothes not so good.

That's because we make them ourselves, and thus save the middleman's profit—25 to 33 1-3 per cent.

"THE STORE ACCOMMODATING"

PRACTICAL EXPERIENCE WITH FARM TRACTORS

Related At Recent Cecil County Meeting

At a meeting of the Cecil Farmers' Club held last week at Rising Sun, Md., interesting reports of personal experiences with farm tractors were given by farmers present. Edward Balderston reported that they had found the 10-20 tractor purchased in the early summer, fully equal to the claims made for it, doing excellent and rapid work in all kinds of plowing and harrowing. Thirty-five acres of wheat ground was plowed with the tractor this fall, twenty-five of which was sweet corn ground, the crop had been pulled for the canner, and the stalks were turned under thoroughly with double disc harrow and seeded in good order, considering the very wet season at the time of seeding. The tractor was also used for filling the 200 ton silo, with abundant power. It scraped roads, plowed and worked an eight acre orchard with better satisfaction than with teams; ran the binder; the hay loader; plowed and cultivated some sixty acres during the summer, in fact was on the job wherever needed, and not a dollar's worth of repairs during the season.

Mr. Balderson stated, however, that he would not advise the purchase of a tractor, however, unless the purchaser could give it his personal attention or could give the management to one whom he knew was thoroughly familiar and interested with this class of machinery.

Mr. Knoke, who succeeds D. H. Kauffman as county agent, told of his experiences with two 16-35 h.p. tractors, which averaged 14 acres in 10 hours. The Grand-Detour plow was used, four bottom—and we could automatically raise one or all of the bottoms at a time, making it very convenient in passing obstructions.

Recent Chapel Talks

On Monday morning Miss Olga Seifert gave a talk at chapel exercises at the Women's College, on the uses of the banana, dwelling especially on its value as food at this time. On Tuesday there was no address but Kathryn Stevens of Seaford, gave some recitations.

On Wednesday Professor Short was the speaker. He announced that he should talk "shop," and he spoke on the importance of Mathematics as a foundation for other subjects, proving that scarcely anything with which we come in contact in daily life could exist without mathematics.

Professor Winslow on Thursday morning read to the students the old but enjoyable bit from Kate Douglas Wiggin's "Christmas Carol," about the Ruggles' Christmas dinner.

Friday morning Dr. Finley K. Foster spoke to the students about the college paper soon to be issued through the efforts of the Junior Class. Then Miss Mary Dennison, president of the class, gave a brief account of their plans.

Friends Of Welch Tract Meet

The December meeting of the Welch Tract Parent-Teacher Association was a community social, held at the home of the president, Mrs. L. H. Cooch, on the evening of December 6th. Over fifty friends of the school were present.

Mrs. Cooch addressed the meeting for a few minutes on the subject of the consolidated school, after which Miss Winslow, of the Women's College, interested old and young in some of the world's famous pictures. A solo by Mr. Harry Davis closed the program.

The Happy Bride Range

is the best range in the world, Efficiency, Quality, and Price considered. It is just the proper size for the average family, and is built close to home at Royersford, Pa.

For a large range we have the Royal Bride, and for smaller purposes the Home Bride, all made by the same company,

economical in consumption of fuel. They have long fire boxes for burning of wood; they are excellent bakers and of fine appearance.

Also a fine line of heating stoves. Drop in and look them over. You are always welcome.

GOOD NEWS FOR THE COMMUNITY

IN WARTIMES, with Christmas only twelve days away, and deliveries becoming more and more uncertain with every passing hour, it is good news to hear that practical and useful gifts may be bought in the home town, at prices as cheap as the city can offer them.

At Pott's Hardware Store

there's something for the entire family. For the kiddies, we especially recommend coasters, express wagons, and skates; for the housewives, aluminum ware, percolators, carving sets; for the men of the family, robes, blankets, gunner's supplies, shaving sets.

Thomas A. Potts

PERSONALS

On Tuesday evening Miss Winslow lectured before the Women's Century Club at New Castle. Her subject was "Three Painter Monks," and the lecture was profusely illustrated with lantern slides.

Dean Robinson attended last Saturday a joint conference of delegates from New York, Boston and Philadelphia, representing the Bureau of Occupation for Trained Women. Dean Robinson spoke on the subject of the relation existing between the Bureau and Education.

Mrs. M. E. Kirk of Philadelphia, is the guest of her sister, Mrs. Rebecca Wilson.

Informal Dances At Century Club

A series of informal dances under the direction of Mrs. J. P. Wright, have been announced this week, for the benefit of the New Century Club. Dancing will continue from eight to twelve at the clubhouse on the following evenings: December 20, January 11, January 25, February 1, and the last of the series on a date to be announced later. Students of Delaware College are invited to attend the dances. Tickets may be purchased from J. T. Gough. Price per couple, \$1.00.

SIGMA NU HOLDS ANNUAL DANCE

About One Hundred Fifty People Present

On last Friday night the Delta Kappa Chapter of the Sigma Nu Fraternity held its seventh annual dance in Old College Hall. The affair was a brilliant success, and was thoroughly enjoyed by all present.

In all about 150 people were present including the faculty, many local and out of town guests, as well as the members of the chapter. The following ladies acted as patronesses: Mrs. C. A. Short, Mrs. C. C. Spiker, Mrs. C. B. Evans, Mrs. A. C. Mitchell, Mrs. E. Laurence Smith, Mrs. H. Hayward, Mrs. A. R. Cullimore, Dean Winifred J. Robinson, and Mrs. H. Rodney Sharp.

Business Meeting On Friday

The Woman's Auxiliary of St. Thomas Church will hold its monthly business meeting this Friday at 2.30 p. m., in the Parish House, a full attendance is requested.

Student Council Holds Dance

The Student Council held the most successful dance yet given by that body on Thanksgiving evening. The dance was given primarily in honor of the football team which has struggled so loyally thru the whole season. It was thought that the postponement of the game would materially affect the attendance. This proved, however, to be a mistaken idea as there were more couples present that evening than there ever have been at a Student Council dance.

BISHOP McDOWELL VISITS NEWARK

Urges Nation To Work For Fulfillment Of The Task

Services Sunday evening in Wolf Hall were opened by singing, followed by prayer. The Scripture lesson was then read by Dr. Rowan and the speaker of the evening, Bishop Wm. F. McDowell, was introduced by Dr. Mitchell.

Bishop McDowell's text was the story of Jesus' three temptations by Satan. The first temptation of asking Jesus to turn stones into bread, has several arguments in favor of yielding to it; for example, the purpose of satisfying hunger or of making something useful from something useless. But the reasons against yielding overbalanced the arguments. How was Jesus to use his powers? For his own advantages or toward the fulfillment of his task? Just such a question confronts all of us today in the crisis of our nation. If we use our powers for our own advantages it is just so much that we take from our task.

The second temptation of Jesus, in which Satan dared him to cast himself down, to see if the angels would bear him up, gave Jesus the chance to test God's promises from the standpoint of curiosity. We must meet the same temptation today. It brings us face to face with God's promises and how we are going to use them. We must realize that the promises of God will not hold for any one who tests them for curiosity's sake, but will bear the weight of the world when tested in confidence and obedience.

The third temptation, in which Satan proposed to make Jesus lord of all he surveyed if he would worship him, presented an easier way of Jesus' winning his world and of establishing his mission. But here it was wrong for him to win his world by yielding to it. By yielding to this same temptation in the past and present, men and nations fail in their mission. And it was the opinion of the speaker that a great nation of today had gone over to evil in order to gain its ends.

The burden of Bishop McDowell's message was that this story is repeated today in the life of every individual and that the results and rewards are the same. America faces these problems today as a nation. We cannot expect to escape the temptations; but we can resist them in the way of the Master to the fulfillment of the same ends.

Bishop McDowell was thanked for his talk and visit and the meeting was closed by singing and the benediction.

KENNARD & CO.

Useful Christmas Gifts

An unusual demand for useful gifts is apparent. Merchandise of this character is largely featured in our holiday showing.

Umbrellas, Kid Gloves, Fabric Gloves, Lisle and Silk Hosiery, Handkerchiefs, Leather Goods, Neckwear, Knitting Bags, Ribbon Novelties, Pyralin Ivory, Linens, Bedding, Silk and Cotton Underwear, Kimonos, Sweaters, Quilted Vests, Fur Coats, Scarfs, Muffs, Waists and Skirts.

Bear in mind our semi-annual sale of high-grade Suits at pronounced reductions.

We solicit charge accounts from those of established credit, and prepay delivery charges on all purchases within a reasonable distance.

From Christmas to Christmas
Your Gift of Furniture
will be remembered

For furniture not only means lasting pleasure and usage to the recipient but it furnishes and brightens the home—it is really a gift to all.

Therefore you will make no mistake when you select FURNITURE for your Christmas giving. And it need not necessarily be expensive, for there are hundreds of acceptable gifts that are very easy on your pocketbook.

We are confident we can solve your gift problems from this big Christmas stock.

Why not come in and stroll around—there are many suggestions here that hard-to-find gift or a particular person may be among them.

Here are some attractive furniture gifts beautifully made and above all practical gifts that reflect the thoughtfulness of the giver.

Tea Wagons, mahogany and oak, some with glass trays, \$9.00 to \$31.00.

Serving Trays, in mahogany, 18 and 25 inches length, in a number of designs or with cretonne backs, \$1.50 to \$10.00.

A very handsome Tray, in mahogany, has a hand-painted back, very exclusive, no designs being alike, and can be purchased only here, \$7.50.

Book Blocks in solid mahogany, plain or hand carved, \$3.00 to \$10.00.

Piano Benches in mahogany, oak and walnut, lift lid, with music receptacle, \$7.50 to \$15.00.

Brass Costumers, for use with brass beds, in bright or dull finish, \$7.25 to \$11.00.

White Enamel Costumers, \$2.50 to \$4.50.

Fern Boxes, metal lined, \$11.00 to \$12.50, in oak or mahogany finish.

Ladies' Desks in all woods and finishes and a hundred patterns to select from, \$13.50 to \$50.00.

Knitting Tables, solid mahogany, \$12.50.

Toilet Table Benches, in mahogany and oak, cane seat, \$5.00 to \$20.00.

Humidors in oak or mahogany, with porcelain lining and moistening pad, \$5.50 and \$6.50.

Tobacco and Cigar Jars, glass in mahogany holders, \$5.50 and \$6.50.

Mahogany and Glass Ash Trays, 65 cents and up.

Costumers in oak or mahogany finish, \$1.00 to \$10.00, with wood or brass hooks.

Telephone Tables, in oak or mahogany, with stools attached, and some with directory tops, \$9.00 and up.

Sewing Boxes and Sewing Tables, in mahogany, \$7.50 to \$35.00.

Framed Mirror in mahogany frames, very suitable for hall or reception room, \$7.50 to \$21.00.

Mirrors in gilt frames, oval and square, and some with candle sconces, made in correct period designs, \$10.00 and up.

Tabourettes in all woods and finishes, \$1.50 and up.

Music Cabinets in oak or mahogany, many handsome designs, from \$12.00 to \$40.00. These cabinets will all hold music rolls as well.

Record Cabinets, with space for each record and index, in oak or mahogany, \$11.50 and up.

Cedar Chests, a most acceptable gift, from \$13.00 to \$28.00.

Willow chairs and rockers from \$5.75 up.

Wood seat chairs and rockers from \$3.50 to \$40.00, in all finishes.

Foot-rests, a real help to any chair, \$2.50 to \$15.00, in leather and tapestry covers.

A special leather footstool either round or square is marked \$2.75.

In the art department are many useful gifts. Here are a few suggestions:

Baby Blankets and spreads \$1.00 to \$6.50

Balnkets—full size cotton

and wool 3.00 to 30.00

Blankets in Lambs Wool 7.75 to 18.00

Auto Rugs 8.75 to 18.00

Bed Spreads in a variety of fabrics to fit any size bed, \$1.25 to \$10.00.

Complete set of bed room scarfs, per set \$2.50 to \$20.00.

Sewing stands in fancy straw, \$3.50 to \$9.50.

Waste paper baskets in a variety of material, \$.50 to \$8.50. Wood Baskets, \$4.50 to \$8.00.

Utility boxes, matting or cretonne covered in nearly all woods, very useful articles, 27 to 54 inches, \$3.00 to \$15.50. Shoe Boxes, \$3.50 and \$4.50.

An exclusive showing of table linens at a great variety of prices, Table and Piano Runners, \$6.50 and up.

One of the most useful novelties is the Fabric Wardrobe. These are made of Cretonne and fold into a little bundle when not in use. Has room for eight or ten dresses and a slipper bag. \$4.50 each.

Made in Khaki also, just the thing for your soldier friend. \$4.00 each.

There are literally hundreds of gifts in our China Department

You can get here that different unusual gift and it need not be expensive.

There are for example China (hand painted) bed room pieces from \$.25 to \$4.50.

A dozen different sets for Mayonnaise, nuts, celery from \$.75 to \$5.75.

In cut glass always welcome we show the new cuttings, rich, brilliant and distinctive. You can get all dishes, glasses, etc., from \$.60 for a salt and pepper set to a \$15.00 water set.

In this department are some of the new Mahogany novelties, very practical pieces. For instance—

Mahogany nut bowls with nut picks and cracker, \$1.75 to \$3.75.

Mahogany relish dishes with glass tray, \$3.00 set.

Mahogany nut sets with glass dishes, \$5.00 set.

Mahogany Candle Sticks, card trays, etc., \$.60 to \$5.00 each.

If you are considering a rug, there is an immense assortment awaiting your selection

Administer rugs in mat and bureau sizes are \$2.10 to \$6.00.

In room sizes, depending on the size, \$21.50 to \$41.00.

Rag Rugs exceptionally attractive for bed rooms are marked \$.75 to \$18.00, depending on the size.

And if you would give your wife a real present select one of these beautiful Whittall Wilton for the living or dining room.

Teprac grade is marked accordingly to the size, from \$5.50 for the little ones; \$55.00 for the 9x12.

Small Worcester Grad Rugs are marked \$7.00. 9x12 size \$67.00.

And the Anglo-Perisian, the finest Wilton in the small size, \$9.25. 9x12 \$89.00.

Bissells Vacuum Sweepers are marked \$5.50, \$8.00 and \$9.50.

Bissells Sweepers are marked \$3.25 and \$3.75.

There are not many days till Christmas and if you would have the selection and avoid the eleventh hour disappointments, shop now.

We will quickly answer your mail or telephone inquiries—Address Dept. M.

We deliver to many out of town points by trucks.

WHAT HAPPENS TO THE SOLDIERS

Interesting Statistics Compiled By Canadian Government

The Military Hospitals Commission of Quebec has kept an account of how Canadian troops fared in the war, and has compiled some interesting and assuring statistics based upon its investigations and observations.

Addressing Canadian mothers and fathers, the commission says: If your boy goes to the front:

He has 29 chances of coming home to one chance of being killed.

He has 98 chances of recovering from a wound to two chances of dying.

He has only one chance in 500 of losing a limb.

He will live five years longer because of physical training.

He is freer from disease in the army than in civil life.

He has better medical care at the front than at home.

In other wars from 10 to 15 men died from disease to one from bullets.

In this war one man dies from disease to every 10 from bullets. This war is less wasteful of life than any other in history.

Only 10 per cent. of all Canadians disabled for further service have been physically unable to engage in their former occupations.

If your boy is one of the 10 per cent. the government will re-educate him in another vocation at which he can earn a living.

This doesn't mean that war is a danger-free occupation, and that life in the trenches is as comfortable as in the easy chair at home, but it does make it appear less fearsome than it has been painted over here, especially by pro-German Socialists, disloyal pacifists and German-born traitors in America.

MR. MARVEL ADDRESSES LETTER TO RESTAURANT KEEPERS

Urges All To Co-operate In Conservation

Josiah Marvel, acting food director, has issued a warning to all restaurant keepers in the State, setting forth that unless those who have failed to observe wheatless and meatless days conduct their places of business as a patriotic American should, that it may bring upon them as well as the loyal business men the odium of a government license.

Mr. Marvel's letter follows: "Food Campaign Headquarters, Wilmington, Delaware, December 7, 1917. My dear Sir: Some time in October Mr. Herbert Hoover, the Food Adminis-

trator for the United States Government asked me to serve as State Director of the Food Campaign in Delaware for one week, for the reason that no Food Administrator for Delaware had been appointed. At the end of a week it was explained to me that because of an unfortunate situation that had arisen there was a further delay in the appointment, and I was asked to continue, and so from week to week until now.

"It is now explained to me by Mr. Hoover that an appointment of a Food Administrator for Delaware will soon be made and that I will be relieved. I now want to thank the keepers of Hotels, Restaurants and public eating houses for their prompt acquiescence in the suggestion made by me that they observe Tuesdays and Fridays as meatless days and their agreement to observe Wednesdays as Wheatless days as soon as the bakers can provide to take care of them, and meanwhile to observe at least one wheatless meal each day.

"I have been clothed with no legal power whatever—I have simply spoken as one American Citizen to another each working to the same end. You have not waited for orders from any one, you have simply carried out what appeared to be practical suggestion toward helping to win the War, just as patriotic Delawareans may always be depended upon to do. Your ex-

ample has influenced thousands of private families so as to cause food substitution and food conservation to be the rule among the 200,000 people in Delaware.

"I am proud of your attitude as I am proud of all good traits in Delawareans. I trust now that you will all persist in your plans as it may prevent your being burdened with a plan of Government license and Government supervision. If here or there in your business it is found that there is one among you who is not playing fair I feel confident that Patriotism and Public Sentiment in the Community will cause him to mend his ways. It would be a pity indeed if a few selfish or thoughtless ones among you should cause the faithful and patriotic ones to have brought upon them a necessity for a Governmental supervision by a Food Administrator when appointed.

"My relations with you have been pleasant and I hope that your future actions will be such as will shown to the whole world that Delawareans need no incentive to do their duty other than pure American Patriotism and a mainly willingness to share to some extent the burdens of our soldiers who now are or soon will be at the front.

"Josiah Marvel, 'State Director.'

Raymond Hitchcock, Playhouse, December 17, 18, 19

Aesthetic Dancing At W. C. D.

Juniors and Seniors at the Women's College are taking a course in aesthetic dancing under the direction of Miss Bigelow, physical director. The class meets on Friday afternoons. Miss Laura Rodney is accompanist for the dancing.

Germany's Starved Soil

"Prussia is coming to a potato diet, increasing her wheatless days to embrace nearly all the week. The other day a serious discussion was on in the Prussian diet committee, when Herr Hoesch, a conservation member and an authority upon matters pertaining to Germany's food supply, said that every effort must be put forth to increase the production of potatoes, as the grain supply could not be materially increased either during the war or for some time thereafter.

"As temporary causes contributing to the grain shortage were mentioned the lack of draft animals, of labor, and of fuel. But

most significant was the acknowledgement that Germany lacks artificial fertilizers. In this connection it will be remembered that not long ago prominent German statesmen were assuring their countrymen that France, England, and America could not prolong the war because their agricultural resources could not be maintained without commercial fertilizers, the principal sources of which were in Germany.

"The Germans hoped to be able to impoverish the rest of the world by withholding the products of their potash mine, supposed to be the only source of that mineral in

the world. But they overlooked the fact that they also were dependent upon outsiders for the nitrates and the phosphates which are necessary to the making of artificial fertilizers. For a time they were able to makeshift. They imported and stored immense quantities of phosphate from the United States. They put in extensive plants for making nitrogen from the atmosphere. But the one supply played out and the other was difficult to maintain because of shortage of labor and fuel; so now Germany is suffering the penalty she tried to impose upon her neighbors."—The Detroit News.

Whether it is for complete plumbing work for a new house or a small repair job, any service we perform large or small receives the same careful attention and skillful handling. We have the experience, the knowledge and the facilities to do any job right, at the right figures. Get our estimates.

31 D

By order of Fire Chief WILSON

rooms will be figured out in the same way, and the rooms and meals will be furnished at cost without a penny of profit to the corporation. The officials only want to accommodate and please the men at the lowest possible figure.

The Harlan plant is now taking "green-horns," men who know absolutely nothing about building ships, and through schools of instruction at the plant teaching them the various trades. The men are paid a minimum price from the first time they enter the plant. As they become more expert at the work the wages are advanced, the men being paid piece work. If, however, they do not make as much as the fixed price per hour they are paid that wage anyway. For illustration:

Thirty teams who have been working at the plant for not more than four weeks, having been perfectly ignorant of the trade, are now all making more than the price fixed per hour. They are of the average proficiency and their earnings have been as follows:

Team A.	Rate	Rate per hr.
Riveter	\$.48	\$.83
Holder-on33	.60
Heater boy25	.47

In this team the riveter instead of receiving 48 cents an hour made 83 cents an hour. The holder-on, who holds the rivets for the riveter, made 60 cents instead of 33 cents and the heater boy, probably 16 years old, made 47 cents instead of 25 cents an hour. Had this team riveted less rivets than was considered the average for the rate fixed, they would have been paid the rate just the same. The schedule of three other teams follows:

Team B.	Rate	Rate per hr.
Riveter	\$.33	\$1.00
Holder-on33	.70
Heater boy25	.55

Team C.	Rate	Rate per hr.
Riveter38	1.00
Holder-on33	.73
Heater boy25	.56

Team E.	Rate	Rate per hr.
Riveter33	.89
Holder-on33	.68
Heater boy25	.50

An Advisory Committee composed of men from every trade at the plant has been organized and these men meet every Saturday and make reports and suggestions that may aid in making working

conditions more comfortable. Since the re-organization under new management, the Harlan plant, its officers and employees are working for but one purpose, the building of ships as speedily as possible and every workman is doing "his bit" to push the work through.

This Advisory Committee is arranging for a basketball team during the winter and for baseball teams next spring. Sports are going to be a big feature with the Harlan employees next summer. The plant needs men and boys and in addition to offering unusually high wages, is trying to make the side issues, such as sports, restaurant on the grounds, suppers and social affairs so attractive that it may obtain men who will learn trades that will be more in

demand for even ten years after the war than any other line of work in this country.

Those wishing employment can apply at the plant or at the office of the War Emergency Employment Service at Sixth and King streets, which is the Federal Employment Bureau operated under the direction of the government.

Sugar Scarce In Capitol City

Members of the Food Administration at Washington, D. C., now have an added personal reason for urging conservation of sugar:

A recent canvass of retail stores of the city showed that of 22 stores 15 had no sugar. Three had only a small supply of cube sugar in packages. Every store had less than 100 pounds and none had

prospect of an immediate supply. Of three wholesalers and one jobber, two had no sugar. One had a three-day supply.

No relief is promised for at least six weeks, and Washington will be on a short sugar ration until after Christmas at least.

In the Middle West and on the Pacific Coast, where reserve stocks are heavier, dealers generally are responding to the cry for help by placing the same limit on sales in use in the hard-hit Eastern districts—2 pounds to a customer, providing other purchases are made.

Desirable Properties for Sale

Store, with dwelling attached, 40 foot lot adjoining, excellent location. Possession March 1, 1918.

Price reasonable. Also—Dwelling, 8 rooms, with modern conveniences, lot 70 feet front, situated in West end of Newark.

Apply, FARMERS TRUST COMPANY, Newark, Delaware.

 Wilmington, Del.

ANNIE B. LEWIS,
 Executrix.

As the Clock Ticks

Three hundred and fifty telephone calls a second!

That is the average volume in the Bell System day and night, and at certain hours it is more than doubled.

The operating force must keep the "tracks" clear, ready for every cross-town or transcontinental call. In these unprecedented times the importance of each connection is magnified, as is the necessity for steady performance on the part of the operators.

They are counting no effort too great, and they are also counting on the public to appreciate this and to accord them deserved consideration at all times.

 Wilmington, Del.

NEWS OF THE NEIGHBORHOOD

As Reported by Correspondents for THE POST

APPLETON

Be sure to attend the revival services at Head of Christiana Church this week. New members will be welcomed on Friday evening, and on Sabbath morning, December 16, Communion service on December 16, at 10.45 a. m. Pray! Attend! Work! The results are with the Lord.

On last Wednesday afternoon, several ladies met at the home of Mrs. S. T. Kimble to participate in Red Cross work. The following were present: Mrs. H. R. Smith, Mrs. Wm. McCloskey, Mrs. Harvey Lee, Miss Lydia Foard, Mrs. Wm. Lofland, Mrs. Harry Gallaher, Mrs. John Moore, Miss Pearl Barbon, Mrs. S. Teresa Kimble, Miss Kimble.

Appleton Social Club gave an unusually good program at its last meeting. The audience was large and appreciative.

On Thursday evening of last week the cottage prayer service was very helpful. Rev. Mr. Clyde spoke from St. John xv. chapter. On Sunday, Rev. Mr. Williams, of Philadelphia, took part in the church service at Head of Christiana.

GLASGOW

Miss Pearl Huggins is spending sometime with friends at Princeton and Newark.

Mrs. Huggins and Mr. D. A. Ward spent Saturday in Wilmington.

Mr. H. K. Brown has accepted a position at Centerville.

David A. Ward has accepted a position with Bush Company and will leave town on Tuesday.

Mrs. H. L. Dayett, Sr., Mrs. Newton Mahan and Florence Dayett spent Wednesday in Elkton with Mrs. R. A. Deibert.

Florence Dayett entertained her Club members at her home on Tuesday evening. The evening was spent in singing and instrumental music, selections on the Victrola. Later in the evening refreshments, consisting of cold ham, rolls, chicken salad, pickle and coffee, were served. All spent a very pleasant evening.

Business Meeting On Friday

The Newark Auxiliary of the W. H. M. S. of the M. E. Church will meet in the Sunday School room on Friday afternoon, December 14th, at 2.30. Miss Mary Wheeler, of Wilmington, will be the speaker. The Presbyterian society is most cordially invited to be present; also any others interested.

MARY T. WILLIAMS, Secy.

SPEEDING UP THE SHIPS

Harlan Plant Equips Dormitory For Workmen

Constantly urged by the government to "speed-up" their work, ship builders of Wilmington are seeking every man they can get and paying the highest wages ever paid in the shipbuilding industry, in order that as rapidly as possible, ships may be turned out for Uncle Sam. The boats are sorely needed to carry food to Europe for our soldiers and sailors and without the vessels Uncle Sam cannot win this war.

In order to make the single men who are unable to find suitable boarding houses, as comfortable, if not more so than they would at a rooming house, the Harlan plant of the Bethlehem Steel Corporation is making extensive improvements and alterations to the building at 29th and Market streets, formerly the Girls Industrial Home, that the company has leased, which is being transformed into a dormitory, capable of accommodating 132 men.

The building is being furnished with new furniture, shower baths, lounging, reading and smoking rooms and has a dining room that can accommodate 120 men at one sitting. There will be private rooms, rooms for two and others that can accommodate eight and that can accommodate a man and his ten, so that a man can have his choice. In addition there will be newspapers, magazines, tobacco, cigars and cigarettes for sale.

Because the shipbuilding plant is going to conduct the dormitory itself, will reduce the expense. At the end of the week, the bills will be figured up and whatever the cost of the table is, will be divided among the number of guests. This will be done until an average can be arrived at. The cost of the

HEADQUARTERS FOR XMAS

Not "No Giving" but "Useful Giving" is the slogan of the Christmas shopper this year. Even War time economy does not prohibit the giving of useful gifts. And you will find a splendid assortment of this type at Handloff's where Christmas goods have arrived and are being placed on display this week.

And the Kiddies

Whatever happens we must not rob them of happy memories of Christmas Time. Toys of every kind are here—at prices to fit every pocketbook; and in variety to please every youngster.

NEWARK POST

RED CROSS CHRISTMAS

To the People of the United States

TEN Million Americans are invited to join the American Red Cross during the week ending with Christmas Eve. The times require that every branch of our great national effort shall be loyally upheld, and it is peculiarly fitting that at the Christmas season the Red Cross should be the branch through which your willingness to help is expressed.

You should join the American Red Cross, because it alone can carry the pledges of Christmas good-will to those who are bearing for us the real burdens of the world-war, both in our own Army and Navy, and in the nations upon whose territory the issues of the world-war are being fought out. Your evidence of faith in this work is necessary for their heartening and cheer.

You should join the Red Cross because this arm of the National Service is steadily and efficiently maintaining its overseas relief in every suffering land, administering our millions wisely and well and awakening the gratitude of every people.

Our consciences will not let us enjoy the Christmas season if this pledge of support to our cause and the world's weal is left unfulfilled. Red Cross membership is the Christmas spirit in terms of action.

(Signed) Woodrow Wilson,

President of the American Red Cross.

HELP WIN THE WAR

\$4.12 Now Brings You \$5.00 in 1923

EVERY man, woman, and child in Delaware is to be given an opportunity to help win the war through the purchase of Thrift Stamps and War-Savings Certificate Stamps. No investment in the world is so safe or so good as this which yields 4% compounded quarterly. The Government expects to raise \$2,000,000,000 through the sale of these stamps, but it expects to accomplish even greater results in stirring our people up to the necessity for thrift while we are at war.

Our Allies in Europe realized long ago that if we would win against Germany we must put into the fight every available resource and every ounce of energy, of which the nation is capable. America must realize this too.

To bring the lesson home, committees, composed of Delaware's most distinguished citizens, have undertaken to help the Government, and at the same time help the people, to a realization of things as they are. Our Liberty Loans were over-subscribed, our Red Cross and Y. M. C. A. Funds were over-subscribed and apparently America's wealth is inexhaustible.

But money is not enough. The country must have goods and services. The men in the field must be kept supplied, the work from which they have been called must be continued, and no stone must be left unturned to bring victory to the Allied armies.

It is not enough that each should do his or her "bit." Each must do his or her *BEST*.

This Thrift Stamp Campaign was inaugurated with a view to giving every one an opportunity to put forth his best effort. The money is needed only for what it will buy in goods and services. The idea back of the Thrift thought is not that we shall deprive ourselves of essential things, but that we shall forego the non-essentials and shall put forth a little more effort and be a little more saving so that our industries may be devoted to work necessary to the winning of the war.

It is known that Germany is one vast war machine. The whole country is at work and saving. Not a wheel is turning except for war purposes. If we would win against such a machine as that, we must adopt similar methods.

This Thrift Campaign plan is so simple that every one can comprehend it. Twenty-five cents saved will buy a Thrift Stamp, to be pasted on a Thrift Card until sixteen of them have been secured. This makes \$4.00. With the addition of twelve cents during this month and next the card can be exchanged for a War-Savings Stamp, which the Government will redeem on January 1st, 1923, for \$5.00. In February it will take \$.13 to purchase one of these \$5.00 certificates, and the price will be increased a cent a month during the year.

Plans have been made whereby, if the purchaser should need the money, the stamps may be redeemed at any time, but in that case some of the advantage of a good investment will be lost.

Every Post Office, every letter-carrier, and every rural delivery carrier is an agent for the sale of these stamps, and either has been or will be instructed as to the details of the plan.

Committees are being formed in every section of the State. A central committee has been active for some time and it will be only a few days before other committees will be at work. The schools are to be thoroughly organized under the direction of the County Superintendents. Church organizations are to be reached, Fraternal and Secret Societies, business gatherings, and every organization of every kind will be given an opportunity to join in this great work.

It is expected that every bank in the country will become an agency for the sale of these stamps. Already a great many business houses have taken the matter up and have the stamps on sale.

Every agency and every worker will be a crusader in the propaganda of thrift and service, and will preach the Gospel of "Goods and Services," pointing out that the resources of the United States are the ultimate resources of our Allies. They have no present resource beyond their own countries. Their resources have been drained to such an extent that we must step in and keep them supplied.
