

A LIST OF UNIVERSITY OF DELAWARE THESES FOR
MASTER'S AND PROFESSIONAL DEGREES DE-
POSITED IN THE UNIVERSITY LIBRARY

- ABBOTT, JOHN NELSON. *The operation of alternating-current single-phase multiple-unit cars.* E.E. 1931.
- ALLEN, ALVAN. *Quantitative methods of estimating diphenylamine in smokeless powders.* Ch.E. 1927.
- ALLEN, ALVAN. *The relation of the viscosity of an electrolyte to its conductivity.* M.S. 1923.
- ANDERSON, JOHN W. *A report upon the application of synchronous condensers for power factor correction.* E.E. 1923.
- BAKER, GEORGE LOUIS. *A study of factors influencing the strength of pectin jellies.* M.S. 1925.
- BAKER, HENRY RAYMOND. *Infectious enteritis of poultry: its etiology and treatment.* M.S. 1924.
- BARTLEY, OLER AMMON. *Church pension plans: a study in economic security.* M.A. 1935.
- BAUSMAN, ROBERT OTIS. *A study of the marketing of wheat in Delaware.* M.S. 1925.
- BENSON, WILMER KERSEY, JR. *A study of the preparation of instruction for the college machine shop.* M.E. 1937.
- BERLIN, AARON SAMUEL. *Reactions of p-bromophenyloxosaccinimide.* M.S. 1934.
- BERLIN, AARON SAMUEL. *The reaction of carbon monoxide on butane.* M.S. 1934.
- BERLIN, ALBERT. *The foreign policy of Hamilton Fish.* M.A. 1934.
- BINDER, HARRY BEAR. *The solubility of phthalic acid in sodium phthalate solutions.* M.S. 1931.
- BLUMBERG, LEO. *Embrittlement of steel.* M.E. 1927.
- BLUMBERG, LEO. *Refrigeration.* M.E. 1927.
- BLUMBERG, LEO. *Shop testing of transformers.* E.E. 1919.
- BOWER, MARCY JACQUETTE. *Load flow and its relation to system design.* E.E. 1933.
- BROWN, DANIEL AINSLEE. *The hydrolysis of oxalic esters.* M.A. 1937.
- BROWN, HARVEY NEWTON. *Contributions of institutionalism to American economic thought.* M.A. 1934.

- BUDIN, CARL. *The foreign policy of the United States in relation to the Hawaiian islands.* M.A. 1933.
- CANNON, EDWARD WHITNEY. *A study of the induction motor; with an appendix treating operations on complex numbers and application of the Fourier's series.* M.S. in E.E. 1931.
- CANTWELL, GARRETT REED. *A study of the economic production of zinc sulphate from low grade zinc ores.* Ch.E. 1923.
- CARSWELL, CHARLES WORTH. *A report upon the foundation for the anchorages of the Delaware river bridge connecting the cities of Philadelphia, Pa., and Camden, N. J.* C.E. 1923.
- CLARK, JAY HAROLD. *A study of the flowers of impatiens sultani, Hook; with special reference to variation in the number of spurred sepals.* M.S. 1923.
- COGHLAN, CHARLES ANTHONY. *Bromination of cyanophenylpyruvic esters.* Ch.E. 1933.
- COGHLAN, CHARLES ANTHONY. *Heat transfer studies of hydrogen-nitrogen mixtures.* M. of Ch.E. 1940.
- COLLINS, AMOS BARNES. *The theory, testing, and operation of transformers.* M.S. 1933.
- COLLINS, CHARLES WALTER. *The natural history of several native and exotic species of Calosoma.* M.S. 1913.
- COOL, HATTIE VIRGINIA. *The relationship of intelligence and achievement to social adjustment.* M.A. 1941.
- DENNEY, MRS. MARION LOUISE. *The smuggling jurisdiction of vice-admiralty courts in Pennsylvania, 1697-1707.* M.A. 1939.
- DEVALINGER, LEON. *The development of local government in Delaware, 1638-1682.* M.A. 1935.
- DIMMICK, MRS. OLIVE (HEISER). *The progressive education movement: its history and philosophy with special reference to secondary education in the United States.* M.A. 1941.
- EWBANK, ROY. *Cytological studies of soy beans and cowpeas.* M.S. in Ag. 1926.
- EWING, MARVIN LESTER. *Methods of financing highways.* M.S. 1927.
- FLYNN, JOHN HAMES, JR. *Illumination design.* E.E. 1940.
- FORD, MARGARET HEALY. *An experiment in character education in an elementary school.* M.A. 1940.
- FRENCH, JOHN EDWARD. *The separation and reunion of the Methodist church.* M.A. 1940.

- GALE, RICHARD HARRIS. *Potentiometric titrations of dibasic acids in dioxane-water mixtures.* M.S. 1941.
- GALLAGHER, FRANCIS CHARLES XAVIER. *The reciprocal trade agreements program as a policy of American foreign trade development.* M.A. 1940.
- GILLESPIE, WILLIAM KLINE. *A study of insurance for participants in high school athletics.* M.A. 1941.
- GRIER, ALBERT OLIVER HERBERT, JR. *Small steam turbines.* M.E. 1931.
- GUM, GEORGE MASSEY. *The measurement of small direct currents and voltages.* M.S. 1933.
- HAM, HAROLD RUDMAN. *A report upon the transmitting qualities of Holstein-Fresian dams for total milk yield and butter-fat percentage.* M.S. 1924.
- HARDING, BETTY CRAIG. *A comparison between the four Gospels (authorized version) and a few representative modern biographies of Christ.* M.A. 1940.
- HEDGER, FRANK HOWARD. *The ternary system: water, cobalt chloride, acetone.* M.S. 1927.
- HITCHENS, EMORY DALLAS. *Development of local government in Delaware, 1776-1831.* M.A. 1941.
- HOBSON, RICHMOND PEARSON. *Design for a continuous plate-girder bridge.* C.E. 1939.
- HOEY, WILLIAM BIGELOW. *Photometry and its application to locomotive headlighting.* E.E. 1922.
- HUDSON, HAROLD FRANCIS. *The supply and demand factors involved in the training and recruitment of office personnel in the metropolitan area of Wilmington, Delaware.* M.A. 1941.
- ICKLER, HERBERT. *The planning and construction of an oil refinery.* C.E. 1931.
- JONES, CHARLES A. *Fundamental distillation studies.* M.Ch.E. 1941.
- JONES, RALPH WILLIAM. *A comparison of the methods of design of concrete arches, and the design of a 65-foot, earth filled, reinforced concrete arch.* M.S. 1927.
- KNEELAND, RALPH FOLGER, JR. *5-alkyl β -substituted 5-ethyl barbituric acid derivatives.* M.S. 1933.
- KOON, RAY MILTON. *A histological study of peach yellows.* M.S. 1923.

- KREWATCH, ALBERT VICTOR. *The national rural electric project: three years of researches and engineering developments (1929-1932)*. E.E. 1933.
- KURTZ, FRIEDA. *Bahrs und Schnitzlers dramatisches werk*. M.A. 1934.
- LEWIS, LLOYD HAMLIN. *Design of a complete storm water sewer system for the Ninth ward of Wilmington, Delaware*. M.S. in C.E. 1933.
- LINN, GORDON LEE ERNEST. *A description of a 600-lb. pulverized fuel boiler and 150-lb. back pressure turbine, with the operating tests and experiences*. E.E. 1936.
- LYNCH, CECIL CAMERON. *A study of the halides of zinc*. M.S. 1927.
- LYNCH, HAROLD. *Development of the modern elementary school*. M.S. 1941.
- MANNS, MARSHALL McDOWELL. *A preliminary study on the influence of the pH and certain ions on the soil flora in a Sassafras loam*. M.Sc. 1928.
- MAXWELL, JOSEPH PIERSON. *Automatic periodic reclosing and service restoring of electrical feeders*. E.E. 1924.
- MCGURK, CLYDE EARL. *The Chesapeake and Delaware canal*. C.E. 1939.
- MCWHORTER, FRANCIS HOHN. *Acidity in fruit jellies*. M.S. 1923.
- MCWHORTER, PURNALL LYNCH, JR. *The effect of non-dissociating solvent on ionization and electrolytic solution pressure*. M.S. 1925.
- MITCHELL, WILLIAM TERRY. *The causes of cracking in raw-water ice*. M.E. 1925.
- MUNROE, JOHN ANDREW. *Relations between the Continental Congress and the Delaware legislature, 1776-1789*. M.A. 1941.
- MURDOUGH, CLARK F. *Cooperative marketing in the United States*. M.A. 1938.
- PARUSZEWSKI, CHARLES LOUIS. *Government policy in labor disputes*. M.A. 1934.
- PELTON, WARD CLEVELAND. *The effect of additions of acids and alkalis upon the hydrogen-ion concentrations of certain soils*. M.S. in Ag. 1925.
- PENCE, MERVILL O. *A farm management survey of the Seaford area, Sussex County, Delaware*. M.S. in Ag. 1925.

- PHILLIPS, CLAUDE ELLIS. *Influence of fertilizers and lime on the yield maturity and composition of soybean seed.* M.S. in Ag. 1923.
- PIERSON, WILLIAM HENRY FRANK. *Revolutionary Mexico from 1910-1917.* M.A. 1936.
- REYNOLDS, WILLIAM ALEXANDER. *Belt conveyor system for ore crushing plant.* C.E. 1919.
- ROGERS, DANIEL. *Color control and decolorization of sugar solutions used in the chemical industry.* Ch.E. 1940.
- ROSENBERG, EDWARD FRANK. *5-alkylamino derivatives of isoamyl barbituric acid.* M.A. 1930.
- ROSS, HOWARD DE HAVEN. *The constitution for our commonwealth.* M.A. 1897. Printed, Wilmington, 1897.
- RUNK, CHARLES RAYMOND. *The effect of the different degrees of fineness of limestone upon decomposition of organic matter in the soil.* M.S. in Ag. 1923.
- RUSSEL, RAYMOND. *The nitrogen status in fertility plot work as interpreted by the parallel sampling method.* M.S. 1931.
- RUSSO, JULIO. *Truck type switching equipment for sub-stations.* E.E. 1925.
- SARCHET, BERNARD R. *Flooding velocities in packed towers.* M.Ch.E. 1941.
- SAWIN, MRS. DOROTHY M. *Recent developments in modern Denmark.* M.A. 1940.
- SAWIN, NANCY. *The British empire: its development and extent.* M.A. 1940.
- SAWIN, PHILIP QUIGLEY. *Causes of the Civil war from 1850-1860.* M.A. 1939.
- SCHAFFLE, ALBERT E. *Age-grade studies of the public schools of Wilmington, Delaware.* M.A. 1923.
- SHUSTER, GEORGE MURRAY. *Power-factor correction in industry.* E.E. 1936.
- SPILLER, GEORGE SCHNAIR. *5- β -Methylxanthogenethyl-5-isoamyl barbituric acid.* M.A. 1938.
- STEWART, HELEN BLACK. *The negro in Delaware to 1829.* M.A. 1940.
- STILES, EVERETT WESTCOTT. *Electrical control in industry.* E.E. 1934.
- STRAZZELLA, ANTONIO FRANCESCO. *The electrification of modern limestone quarries.* E.E. 1934.

- STUART, ARCHIBALD PAXTON. *Barbiturates containing large alkyl radicals.* M.S. 1941.
- TOMHAVE, ARTHUR EDWARD. *A report upon the influence of the plane of protein intake upon the rate of growth of young pigs.* M.S. 1923.
- TUNNELL, ALBURY KNIGHT. *Mechanical equipment used in the manufacture of paints and varnishes.* M.E. 1938.
- VIOHL, HERBERT KURT WETHERELL. *Industrial and power plant piping.* M.E. 1928.
- WEAVER, DAVID WILLIAM. *A water survey of Delaware.* M.S. 1928.
- WEBSTER, SARAH MAUD. *Teaching democracy in the high school English class.* M.S. 1941.
- WELBON, HENRY GARNER. *A history of Christian education in Delaware.* M.A. 1937.
- WILLIM, ED, JR. *A study of the influence of feeding cod liver oil upon the growth of Holstein heifers.* M.S. in Ag. 1932.
- WILLIS, MARION A. *A study of wheat lodging as influenced by variety, and fertilizers.* M.S. in Ag. 1925.
- WILSON, MATSON ALLAN. *Standard specifications for highway construction.* C.E. 1939.
- WOODMAN, EUGENE ROSS. *Design for a car transfer bridge for the Deepwater plant of E. I. duPont de Nemours & Co.* C.E. 1928.
- WOODROW, CHARLES WHITNEY. *The raw materials and manufacture of pyroxylin lacquers and enamels.* C.E. 1931.
- YOUNG, HOWARD POLLOCK. *Traffic survey of Wilmington, Delaware.* M.E. 1934.
