## EXHIBITORS SIGN FOR MIDSE. SHOW LOOR SPACE

### Local Merchants Are Urged To Participate In Event

Plans for Newark's Third Annual Merchandising Show and Food Exchange to be staged at the Newark Armory on March 14, 15 and 16 are well under way with more than half the space already sold, according to information received from George F. Johnson, general chairman for the show, yesterday.

Exhibitors who have had booths at previous shows have welcomed the opportunity to participate in the event this year, said Mr. Johnson, while several new ones have signed for space some have not yet been heard from.

A meeting of the show committee was held at the Battery E. Armory yesterday night to discuss plans for the upcoming event. It was decided that prizes will again be awarded in accordance with music by a high school orchestra for afternoon and evening sessions. A program will be arranged designating certain sessions for school children, colored schools, organizations, with prizes being offered at each session.

The door will again be open from 10 a. m. until 10:00 p. m. daily with admission and souvenirs offered to exhibitors. The Delaware Power Light Company will sponsor a cook-school for ladies with the competent Mrs. Mary V. Gambeau again demonstrating the culinary art. School exhibits of art, home economics, manufacturing and other items will be actively arranged in the balcony. Lieutenant R. C. Ramsey and members of Battery E. National Guards, cooperating to make the affair a better and better event than ever before. The Armory will be attractively decorated for the occasion.

Exhibitors who have already contracted for booth space include the Continental Diamond Fibre Company, National Vulcanized Fibre Company, Power Power & Light Company, Bond Ice & Coal Company, New-Lumber Company, E. J. Hollingsworth Co., Wilmington Auto Co., Sinclair Oil Co., Jacksons Hardware Co., Betty Flower Shop, Stanton Company and Archie Peel, contractor and painter.

Room space for the event is being rapidly and local merchants and manufacturers interested in participating should contact Mr. Johnson without delay if they wish to obtain space for the show.

## IONS HEAR BOYS LEADER

Newark Lions Club celebrates Education Week this week by recommending themselves to good citizenship patriotism in keeping with their motto of "Liberty, Intelligence, Our Own Safety."

Ex D. Cobb was program chairman for the Tuesday dinner meeting held at the country club and provided an agent speaker for the occasion in S. Downey, assistant State Boy's Scout from Maryland who spoke on "4-H Club Grows Up," outlining activities of 4-H Club members and valuable training they receive from affiliation.

County Agent J. Z. Miller, of Elkton, also a guest at the meeting and urged to members. President M. Haney presided over the program. John R. Fader, captain of the bowling team reported on the standing.

Superintendent of Schools C. E. Fader will be in charge of the program at next Tuesday's meeting.

## PATRIOTIC PROGRAM AT CLUB

### National And State Flags Are Presented

The American Citizenship Committee, of which Mrs. Robert J. Boyd is chairman, was in charge of the Newark New Century Club meeting, held in the club house on Monday.

A special feature of the program was the presentation of the national and state flags. Master Richard Cobb sang "God Bless America." Mrs. Boyd presented the national flag, which was a gift from one of the club members. Mrs. T. D. Mylrea, club president accepted the flag on behalf of the club and the members joined in a salute to the flag and singing of "The Star Spangled Banner." Mrs. W. A. Wilkinson read "The Name of Old Glory" and Mrs. George Hyde read "The Flag of our Country."

A quiz was conducted by Mrs. Paul D. Lovett, who gave a brief history of the seal of Delaware. The club members joined in singing "Delaware." A reading of "My Country 'Tis of Thee" was given by Mrs. G. Taggart Evans. A "quiz" was conducted by the committee chairman on the "Constitution of the United States" and special music was furnished by Miss Marcella Skinner who played two piano solos.

At the conclusion of the program tea was served by the Mrs. R. W. Heim and her committee.

The furniture study group will meet on Monday at the home of Mrs. J. M. Cherpak.

### Carl J. Rees Awarded Doctor's Degree Saturday

Carl J. Rees, a member of the mathematics department at the University of Delaware, was awarded the degree of doctor of philosophy by the University of Pennsylvania at a mid-year convocation of University Council at the Irvine Auditorium on Saturday.

Approximately 900 graduates from 20 states received degrees in course, and seven honorary degrees were conferred at the convocation, the second in a series of major events on the program of the University of Pennsylvania's bicentennial year.

### HOLLIDAY BUYS BULL

The American Guernsey Cattle Club, Peterborough, N. H., reports that a registered Guernsey bull has been sold by Helena Z. Wildolz to Norman Holliday of Newark, Del. This animal is Elm Creek Sir William 282039.

## \$877.27 IN RELIEF FUND

Newark contributions to the Finish Relief Fund soared to \$877.27 yesterday as a check for \$138.50 was received from the University of Delaware representing donations received from students, faculty members and employees of the institution.

Other contributions received were Charles Benedict, Karl Krim, A. Kestola, Presbyterian Sunday School class and miscellaneous cash deposited in the box at the town council office.

This final spurt was a crowning achievement for Newark and aided materially in sending the Delaware total over the \$25,000 mark. Although no further active campaign is being waged for funds they are still badly needed and will continue to be received at the office of The Newark Post and town council.

## ALUMNI REUNION TO BE HELD SATURDAY

### E. K. Hibshman To Be Speaker At Annual Banquet In Old College

E. K. Hibshman, executive secretary of the Alumni Association of Pennsylvania State College, will be the principal speaker Saturday, at the annual mid-winter reunion of the University of Delaware Alumni Association.

Mr. Hibshman, who is also the immediate past national president of the American Alumni Council, will speak on the subject "Alumni-University Relationships."

The reunion program includes an inspection by the returning alumni of several new buildings on the campus between the hours of 3:00 and 5:00 P. M. as well as a basketball game in the evening between Brooklyn Poly and the University of Delaware.

The feature event of the occasion will be a banquet in Old College at 6:00 p. m. M. L. Draper, president of the General Alumni Association, will serve as toastmaster and in addition to Mr. Hibshman's talk there will be music and other entertainment and the introduction of invited guests. Among the guests are expected former Judge Hugh M. Morris, president of the University's Board of Trustees; Dr. Walter Hüllihen, president of the University; Walter W. Bacon, mayor of Wilmington; and Clement B. Hallam, executive editor of the Wilmington News-Journal papers.

Another item of importance which has aroused much interest is the fact that the report of the nominating committee will be submitted to the alumni body at the dinner. This committee, of which Philip H. Marvel, Maplewood, N. J., is chairman, will submit its list of candidates for officers of the alumni association for the year 1940-41.

A large attendance is anticipated as many reservations have already been received from alumni throughout Delaware, Pennsylvania, New Jersey, New York, Maryland, and the District of Columbia.

## Preview Of Population Census Is Given By F. Allyn Cooch, Jr.

"If every family would devote the conversation at one single dinner hour to a discussion of the coming census of population, it would be a great convenience to the family, and an aid to the community and to the Government," F. Allyn Cooch, Jr., area manager of the census for this district, announced yesterday.

### Will Visit Every Home

"The census man is coming to every home early in April," said Mr. Cooch. "And some member of each family should be designated by the family to act as spokesman when the census taker comes, and give all the information required about every household occupant, even including roomers and hired help who live in the household." According to Mr. Cooch, these are the facts that the census man will call for about every household:

House number and street.

Home owned, or rented; home value, if owned; monthly rental, if rented; Live on farm? (Yes or no)

Name of every person in household and relationship to head of family; sex, color or race; age last birthday; single, married, widowed, or divorced.

Whether attended school or college since March 1, 1940; highest grade completed.

State or country of birth.

Citizenship of any foreign-born.

Where did each person live five years ago, that is on April 1, 1935; (this is to get a study of internal migration.)

### Employment Facts

To get complete facts of employment and unemployment, each person 14 or over, must say whether at work for pay or profit in private industry during week March 24-30. If not working for private industry or non-emergency work, or regular government work, whether working for WPA, NYA, CCC same work. If neither at work nor assigned to public emergency work, each person must say whether or not he is seeking work; if not seeking work, whether he had a job or business from which he is temporarily away.

Each person not at work or not seeking work must say whether engaged in home housework, in school, unable to work or "other."

### Others Employed Sought

All persons employed by private industry or on regular government work are required to give the number of hours worked the week of March 24-30, and those seeking work and those assigned to public emergency work must state the duration of their

## IRA BRINSER DIES FROM ACUTE HEART ATTACK TUES.

### Former Head Of Newark Schools Found Dead In Bed

Ira S. Brinser, superintendent of public schools at Sunbury, Pa., and formerly superintendent of Newark Public Schools, from 1926 to 1934, was found dead in bed at his home in Sunbury at 1:50 p. m., Tuesday, February 20.

His death had occurred at about six o'clock Tuesday morning but was not discovered until about eight hours later when George Amerman called at the residence to investigate his unexplained absence from school. Upon entering the house Mr. Amerman saw Mr. Brinser's hat and coat and, sensing something wrong, went into the bedroom where he found the educator dead in bed.

Dr. John W. McDonnell, family physician of the Brinsers since they had been in Sunbury, had never been called upon to examine Mr. Brinser for a heart condition and he was apparently in rugged good health. He had been perspiring freely, but otherwise was in normal condition on Monday night when he visited his wife, the former Hannah Lindell, of Newark, at a Sunbury hospital.

Mr. and Mrs. Brinser were still rejoicing over the birth of a daughter, born to them on Thursday, February 15. The baby had been named Margaret Josephine and was their only child.

Mr. Brinser's many friends and former associates here were greatly shocked by the news of his sudden death. He had seemed in excellent health and high spirits only a few days ago when he happily announced the birth of the baby and that Mrs. Brinser and the child were getting along splendidly.

Mr. Brinser was fifty-one years old. He was born in Londonderry township, Dauphin County, Pa., on September 12, 1889, where he began his career as a teacher in a rural school.

## STUDENTS VIEW FILM AT STATE

### "The City" Given By College Hour Committee Tuesday

"The City," a documentary picture, was presented by the College Hour Committee to the students of Delaware College on Tuesday, in the State Theatre.

This film, the most noteworthy of documentary films produced today, portrays the chief problems confronting our cities today, and gives a glimpse of the city of the future. It is the fourth of a series of documentary films presented at the university, and follows such unusual productions as "The Spanish Earth," "The Plough That Broke The Plains," and "The River." The College Hour Committee at a recent meeting decided to sponsor, in addition to the usual weekly programs attended by the student body, extra programs which may be of special interest to certain groups of students.

The first such program will be a short talk by Lieutenant P. D. Mills, of the United States Coast Guard, on Tuesday. This talk, a description of the Coast Guard and its academy at New London, Conn., will be illustrated by sound motion pictures.

On March 5 the committee will present George Dangerfield, former literary editor of "Vanity Fair" and contributor to the "Saturday Review of Literature," "The Bookman," and other literary publications. He will speak on the subject, "Books That Count."

On Tuesday, April 16, the Lincoln University Glee Club will present a concert during the College Hour. This glee club will be remembered for a concert which it presented last year at the University.

## CALDWELL AT ROTARY

Dr. Robert G. Caldwell was the guest speaker at the Monday night dinner meeting of the Newark Rotary Club held at the Deer Park Hotel. The subject of his address was "The Prisoners' Aid Society and Penology in Delaware."

Dr. Caldwell is a director in the society and quite an authority on penology. He said, in part, "Although the Prisoners' Aid Society of Delaware operates in an unofficial capacity, its services rendered to discharged prisoners, its endeavors in the field of education and legislation mark it as an important adjunct of the penal system."

Dr. Thos. F. Manns presided over the meeting, Allan Jones led the group in singing with Miss Ann Hamilton accompanying on the piano.

### Motor Bureau Open Nights For Tag Sales

The Wilmington office of the State Motor Vehicle Department, at 3 Concord Avenue, is now open evenings from seven until nine o'clock to issue 1940 registrations and license tags.

The move was made necessary following a ruling denying magistrates the privilege of issuing plates as they have in former years. No business other than registrations and licenses will be handled by the office during the above hours.

The office is open during the day from 9 a. m. until 5 p. m.

Miss Ann Martyn, Haines, St., spent last week end in Phila.

## BUILDING OF PROPOSED LABORATORY STARTS SOON

### Plans Indicate \$160,000 Plant For Franklin Institute Here

Evidence is being felt daily of the influx of new residents to our community as preparations for the Franklin Institute research laboratory to be established on the old Maxwell property, recently purchased by Irene du Pont, progress.

Soundings of the soil to determine the best location for the proposed \$160,000 building have been under way for some time. A member of the architect's office was in Newark yesterday to confer with officials on plans for the proposed construction. It is thought that ground will be broken for the new plant in the immediate future or as soon as weather conditions will permit.

The establishment of the laboratory is no longer conjecture but now an established fact. An announcement to this effect was recently published in a Philadelphia newspaper although no local confirmation has been received for publication.

Already persons connected with the laboratory have begun purchasing homes and renting property in and near Newark. Real estate agents and the local newspaper office have been visited by representatives of families who expect to move here during June or July to ascertain the type and number of homes and apartments available for purchase and rent.

It is to be hoped that persons owning such property will cooperate with these newcomers to the extent of promoting the community and its industry by making living quarters available at reasonable rentals or purchase prices rather than take advantage of the newcomers by putting a prohibitive price upon their property.

The establishment of the laboratory here is a credit to our town and a move that may well pave the way for other industries to follow if we can offer acceptable locations and favorable facilities in keeping with Delaware's advantageous tax rates.

## HOSIERY MILL EMPLOYEE DIES

Frank Matirko, aged 32, died of heart attack in Philadelphia on Monday while on the way to a hospital in an ambulance. He had collapsed while trying to extricate his car from a snow-drift.

The deceased, accompanied by his wife, Grace, was visiting his parents, Mr. and Mrs. Charles Matirko, when he suffered the attack. He had been suffering from heart trouble, it is understood for some time prior to his death.

Besides his wife, Mr. Matirko is survived by one son, Robert, 6 years old. He had been employed at the Dania Hosiery Mills for the past several months and resided at 273 East Main Street. He was born and spent his youth in Philadelphia. Funeral services were held there on Tuesday.

The monthly meeting of the Stanton P.T.A. which was postponed from last Thursday night due to bad weather conditions and impassable roads, will be held Thursday evening, Feb. 22d. The feature of the entertainment will be a patriotic play by pupils of the 5th and 6th grades.

### "Mind" To Be Subject Of Lesson-Sermon Sunday

"Mind" will be the subject of the lesson-sermon to be delivered at the 11 o'clock service Sunday morning at the First Church of Christ, Scientist, Park Place and Van Buren Street, Wilmington. An evening meeting will also be held at eight o'clock.

## PLAYBILL PROGRAM PLANNED

### To Be Given At Mitchell Hall On March 14

The Footlights and Puppets Clubs of the University of Delaware announce the presentation of a Playbill Program on Thursday evening, March 14, in Mitchell Hall. This program, composed of three one-act plays, is the third program of this season.

Tryouts for the plays on this program were held on Monday afternoon, February 19. "Hyacinth Halvey," by the Footlights Club of the Puppets Club of the Women's College. The Footlights Club of Delaware College will present "The Giant's Stair" by Wilbur Daniel Steele. The third play will be presented by a guest dramatic group.

"Hyacinth Halvey," by Lady Gregory, is one of the delightful plays written for the Abbey Theatre of Dublin, in an effort to further the cause of the Irish Renaissance. This comedy concerns a weak-minded but virtuous youth, Hyacinth Halvey, who steals a dead sheep from a butcher of Cloon, only to find that his mischievous deed has helped the butcher rather than hurt him.

The other play, "The Giant's Stair," concerns a sheriff who tries to involve in a murder two women, one a strong kindly character, the other a highly neurotic personality. The scene of this drama is laid at a farm in a mountain valley, where the wind howls continually, echoing like footsteps on the "Giant's Stair," the alluvial path descending from the rocky mountain.

Jane Trent and Edward Cooch, officers of the two organizations, are in charge of the program. Miss Trent will be remembered for her performances in "Much Ado About Nothing," "It Can't Happen Here," and as the kindly Mrs. Webb of "Our Town," the successful production with which the

## TO ATTEND MEETING

### Eastern States Members To Go To Convention

Several men from New Castle County are planning to attend the twenty-second annual meeting of the Eastern States Farmers' Exchange, scheduled to be held at Springfield, Mass., on Tuesday.

Among those who expect to participate in this yearly get-together of their cooperative purchasing association are: John D. Reynolds, Middletown; H. C. Millikan, Newark; Capt. H. Wallace Cook, Elkton; J. Wilmer Fennimore and Joseph C. Hutchison, Townsend; and Lee C. Hoeffcker and Harry V. Appleby, of Bear.

Advance reports show that 1939 was the biggest year the exchange has had in total volume of commodities taken by members. At the Jan. census, membership was found to be 90,000. Ten years ago, when Eastern States was just starting its "teens," it had 30,000 members.

Latest report on membership from the various states is as follows: Maine 8,176; New Hampshire, 5,012; Vermont, 8,166; Massachusetts, 20,223; Connecticut, 9,425; Rhode Island, 2,280; Pennsylvania, 32,570; Delaware, 2,581; and Maryland, 1,249.

E. 52 Players opened their season.

Mr. Cooch has appeared in several Playbill production and has portrayed roles in "Excursion" and "It Can't Happen Here."

## IRA S. BRINSER

Tragedy stalked the Brinser household early Tuesday morning and claimed the jubilant father of a five-day old, only daughter and the husband of a fine, lovely and devoted wife. Newark has lost a staunch friend and benefactor; Sunbury, Pa., has lost an exemplary citizen and outstanding educator; the world at large has lost a true American endowed with the love of country, family and fellow-man in the untimely passing of Ira S. Brinser.

Many local friends and former associates were shocked by the unbelievable news received here Tuesday afternoon as they were sharing the exuberance of the Brinsers over their newly born daughter, Margaret Josephine, born last Thursday.

Ira S. Brinser was well known, highly regarded and greatly beloved in Newark where he spent a number of years as Superintendent of Public Schools and made a host of friends by his untiring efforts, devotion and loyalty. He was largely responsible for placing Newark schools on a sound, progressive educational basis and was an outstanding figure in Eastern and national educational circles.

Although Mr. Brinser's career has been abruptly ended in its ascendancy, his upright principles and high ideals will leave their influence wherever they had been put into practice.

Newark is saddened by the blow and mourns the passing of a fine man, true gentleman and benefactor of any community that had been graced by his presence. We extend heart-felt sympathy to Mrs. Hannah L. Brinser whose life must now seem empty and devoid of purpose but who surely has been blessed by years of companionship with such a man as Ira Brinser and a daughter who bears his name.

## JOB WELL DONE

Tribute is due John R. Fader, recently deposed Superintendent of State police, who has been succeeded by Norman R. Purnell, of Sussex County, a veteran in the ranks and a capable and efficient officer.

Mr. Fader served as head of the State Police just two years and two weeks, having received his appointment on February 1, 1938. He was dismissed on Friday, February 16, 1940. A prominent Democrat and former Speaker of the House of Representatives, John R. Fader reflected credit upon the Town of Newark in the discharge of his duties.

He served the State well despite his youth and lack of experience in succeeding C. C. Reynolds, who had been in office for fourteen years prior to Mr. Fader's appointment. Upon taking office Mr. Fader said, "I will strive to make the state police department as efficient as possible . . . concerted action at all times against automobile speeders and reckless drivers, instead of periodic drives is the thing that will make Delaware highways safe for the average motorist."

We believe that he fulfilled that pledge to the letter. We think that he did a good job. We believe that we voice the sentiment of Newark when we say we are proud of "Dutch" Fader and feel it a privilege to call him a friend and fellow-citizen. We welcome him back to private life among us.

We also extend greetings and congratulations to Norman R. Purnell, his successor. Our cooperation in the promotion of the state police department and highway safety is assured at all times.

## AWARDED RECOGNITION FOR SERVICE

For fifteen years C. Vernon Steele has served this community as Scoutmaster and Assistant Scoutmaster. During every week of these many years he has spent hours of his time in furthering a cause in which he has an unwavering faith.

He has received no financial remuneration at any time during his period of service and has on many occasions borne the expense of personal equipment and "out-of-town" trips in the Scouting Service. His only reward has been the satisfaction of a job well done.

In grateful recognition of this outstanding service, nearly one hundred citizens of Newark made contributions toward the purchase of a fine watch and chain which were presented to Mr. Steele by Dr. T. A. Baker, of the local Troop Committee, at the Annual Scout Dinner held at the Methodist Church, last week.

The people of Newark have a justifiable pride in their community. The able and unselfish service of Vernon Steele has done much to make Newark a better place in which to live.

## NEWARK'S PREMIER ATTRACTION

The third Annual Merchandising Show and Food Exhibit will be held at the Newark Armory on March 14, 15 and 16. Preparations for the event are progressing rapidly under the able supervision of the committee in charge of arrangements.

The annual Merchandising Show is Newark's premier attraction. Figures show that more than 12,000 persons visited the Armory last year to view the exhibits on display there. The show is staged jointly by the Newark Chamber of Commerce and Battery E. It is a local affair for local merchants and manufacturers and, as such, is deserving of their patronage and fullest cooperation.

No one event in Newark attracts greater attention or more visitors to our town. It is to be desired that Newark merchants eliminate the necessity of inviting out-of-town competitive participation by cooperating themselves and make reservations for floor space at the earliest possible moment.

## SUPPORT THE P.T.A.

That sufficient interest is not being shown in meetings and activities of the Newark Parent-Teacher Association was pretty well evidenced by the number of members in attendance at the meeting held last week.

True, the weather was bad. But, townspeople would have experienced no serious difficulty in getting to the meeting. A pitiful handful of people were present to hear a well prepared vocational program on which R. A. Tobias, of St. Louis, Mo., was the principal speaker.

There is a definite need for the Parent-Teachers organization in our community. It has a large roster of membership but too few take an active interest in the proceedings. The functions of this body are of far-reaching importance to every parent of a school-age child. They should consider it their duty to themselves, their children, the schools and the community to become active in such an organization.

The March meeting of the P.T.A. will be held a week earlier than usual, on Thursday, March 7, which is the second Thursday instead of the usual third week meeting night. It is hoped that an appreciable increase in attendance will be noticed.

## Weekly Sermon

### God's Quest For Souls

By Rev. James F. Harrison, Director of Principal Christian Work Moody Bible Institute, Chicago.

The gospel of Christ is the power of God unto salvation. The gospel, and the gospel alone, can lift men and women from sin and raise them to the very highest plane of living. The gospel alone can bring joy and satisfaction into the lives of those who though not sunk in deep sin, are sinners nevertheless.

"Gospel" means good news, and it is good news indeed that "Christ died for the ungodly. For scarcely for a righteous man will one die: yet peradventure for a good man some would even die. But God commendeth his love toward us, in that, while we were yet sinners, Christ died for us" (Rom. 5:6-8). And "to him that worketh not (for salvation), but believeth on him that justifieth the ungodly, his faith is counted for righteousness" (Rom. 4:5). One has simply to accept the purchased pardon on Calvary's cross. "Blessed are they whose iniquities are forgiven, and whose sins are covered."

God moves in strange and wondrous ways sometimes to bring souls to a knowledge of His Son, as the following letter received from a mission worker will prove:

"Yesterday we were having our usual evening prayer service when a man came to the door. He said that he had left his home four years ago because of domestic troubles, and that he had not seen his mother for that length of time. He went to Chicago, and while there became so discouraged he decided to end it all. He purchased a bottle of poison, went to a hotel and attempted to take his life. But as he fell from the effect of the drug, his arm caught in the telephone cord. The switchboard operator endeavored to reach him on the telephone, but when she failed, sent a man to his room, who found him on the floor. He was taken to a hospital. While there several of your Bible students came and prayed for him. Prayers were answered, and the man regained consciousness. Exceedingly angered that he had not died, he cursed and defied God, asking the students not to pray for him.

"After leaving the hospital he decided to hitch-hike home. While en route, he became greatly troubled about his salvation. He stopped here, wondering whom he should consult. Picking up a newspaper he read the advertisement of the Bible Institute we conduct at our mission, which reminded him of the Bible students. Immediately he came to our mission and inquired the way of salvation. His heart was ready, the seed had been sown, and he poured out his heart to God for forgiveness and cleaning.

"He asked me to write and tell your students that he has surrendered his life to God. He is wondrously saved." Christ says, "Come unto me, all ye that labor and are heavy laden, and I will give you rest," and "him that cometh to me I will in no wise cast out."

"Art thou weary, art thou languid, Art thou sore distressed? 'Come to Me,' saith One, 'and, coming, Be a rest.'"

"Hath He marks to lead me to Him, If He by my guide?"

"In His feet and hands are wounds, And His side."

"If I ask Him to receive me, Will He say me nay?"

"Not till earth and not till heaven Pass away."

## FOOD for THOUGHT

### By CHARLOTTE SPENCER

Nutritionist, State Board of Health

Now is a good time for every restaurant, cafeteria, and housewife to check their dishwashing methods. Colds and other infectious diseases are very common, and are easily spread from one restaurant patron to another or from one member of the family to the other members. Every eating place, whether a restaurant or a private home, can become a public health problem unless precautions are taken in dishwashing.

After the dishes have been scraped and washed in hot soapy water, there are three methods of rinsing recommended by Mr. R. C. Beckett, the state sanitary engineer. Any of these methods will disinfect the dishes.

The first and probably the easiest method is to scald the dishes by rinsing them thoroughly with boiling water. Only water which is actually boiling is safe for rinsing dishes this way. Tap water is not hot enough.

A second simple method is to cover the dishes with water which is steaming hot and allow the dishes to remain covered for two minutes.

The third recommended method is a little more unusual. A chlorine solution is added to a cold or lukewarm rinsing water. There are several solutions on the market or a solution can be prepared from chlorine of lime. The correct amount of chlorine is 50 parts of chlorine per million parts of water. This amount can be determined by the use of chlorine test papers which turn color when immersed in a chlorine solution. Once the correct amount of chlorine has been determined by the use of these test papers, the same amount can be added to each rinse water. The amount of chlorine needed to disinfect dishes is not enough to affect the taste of food served from the dishes. Further information about suitable chlorine compounds and test papers can be obtained from the State Board of Health.

Most homes will probably find it most convenient to disinfect their dishes by hot water. Places which serve larger numbers such as restaurants, school cafeterias, and hospitals may prefer to use the chlorine method if their hot water or steam facilities are limited.

Unless there is a large supply of clean towels, it is more sanitary to drain the dishes than it is to wipe them. A convenient way is to have a wire basket which fits into the pan of rinsing water and which can be lifted out.

No one would knowingly infect another with a cold. Careful dishwashing methods can help you from spreading colds unknowingly.

**Social To Be Staged By Christian Endeavor**

A social for the benefit of missionary work will be staged by the Christian Endeavor Society at the First Presbyterian Church of Newark on Saturday night. Members of the committee in charge are: Catherine Waters, chairman; Thomas Griffin, Helen Eastman, Mary Alice Hancock, Lynn Preston, Alice Irvin, Paul Lovett, and Donald Huston.

## Intercepted Message

February 21, 1940

Wm. H. Cunningham,  
Chief of Police,  
Newark, Delaware.

Dear Sir:

Many thanks for your efforts in securing the life-size caution dummies placed on each side of the Main Street and Academy Street intersection for the first time yesterday.

They should prove a valuable asset in helping to regulate traffic at this busy crossing place of school children.

Gratefully yours,

### Pennsylvania Freight Wrecks Near Elktown

Wreckage of a seven refrigerator car freight train on the main line tracks of the Pennsylvania railroad between Newark and Elktown tied up all through traffic on that line for several hours Monday.

The southbound freight derailed seven cars a mile north of Elktown at 6:30 o'clock in the morning. Wrecking crews worked frantically to clear one northbound and one southbound track by mid-day to partially restore traffic. In the meantime all through traffic had been routed over the B. & O. tracks.

Officials will conduct an investigation to determine the cause of the wreck. No one was injured.

## 825 WHEAT CROWERS TO RECEIVE PAYMENTS

10 Cents Per Bushel To Be Paid By AAA On Normal Yield

Approximately 825 commercial wheat growers in New Castle County will receive a total of about \$55,000 in parity payments from the Agricultural Adjustment Administration this year provided their plantings do not exceed their AAA acreage allotments, it was announced here today.

Payments to be made to New Castle County farmers were estimated by M. Worrlow, county agricultural agent, and secretary of the New Castle County Agricultural Conservation Association, following the announcement that the AAA will pay 10 cents per bushel on the normal yield of each producer's acreage allotment. The nation's total 1940 appropriation for parity payments to wheat farmers is \$27,100,000.

### Increase Buying Power

Parity payments are made in an effort to bring the American farmer's buying power to the 1910-1914 level. The 1940 Appropriation Act provided for these payments to be made on the five basic crops—cotton, corn, wheat, rice and tobacco—if the 1939 average prices of these commodities were less than 75 per cent of parity, or the 1910-1914 prices as they related to price levels of commodities which farmers must buy. All crops qualified growers for payments except tobacco, the prices of which were above 75 per cent of parity. The appropriation providing for parity payments on the four remaining crops totals \$225,000,000.

The 825 farmers cooperating with the Agricultural Conservation Program are growing a total of approximately 552,000 bushels of wheat on 27,000 acres in New Castle County.

Besides these price adjustment payments, farmers who cooperate in the 1940 AAA Farm Program, and plant within their acreage allotments, will receive agricultural conservation payments at rates previously announced.

## FIVE YEAR CHICK FEED EXPERIMENT

Protein Level Important In Poultry Feeds

Because the cereal grains which make up the bulk of poultry feeds do not contain enough protein, they must have other feed stuffs added that have a higher percentage of protein. To find just what protein level in the growing rations grows the best pullets from the standpoint of weight, mobility, feathering and subsequent production, A. E. Tomhave, acting head of the Department of Animal Industry at the Delaware Experiment Station, has conducted an experiment for five years so that complete information would be available to Delaware poultry producers.

Professor Tomhave has summarized the results of his five-year tests in a magazine bulletin entitled, "Protein Levels of Rations For White Leghorn Poultry," available to all interested Delaware poultrymen from the Delaware Agricultural Experiment Station, Newark.

During the complete experiment, Professor Tomhave discovered, for instance, that lowering the protein level of the growing ration for White Leghorn chicks below 18 per cent previous to eight weeks of age results in lower weight of pullets at 20 weeks of age. He found also that lowering the protein level of the growing ration for White Leghorn chicks from 16 to 14 per cent previous to 17 weeks of age results in lower weight of pullets at 20 weeks.

Additional helpful facts revealed on feeding of chicks and pullets, Tomhave made some more or less "surprise" findings that are covered in the bulletin. On one of these he summarizes:

"Following pullets on range from 10 to 20 weeks does not result in lower weight per pullet at 20 weeks compared with confined birds." Tomhave's concluding recommendation suggests that for best results in raising White Leghorn pullets, the growing ration should contain 18 per cent protein for the first eight to 12 weeks and 16 per cent protein from 12 to 17 weeks of age on until the growing ration is fed.

## SAFETY HINTS

### MOTORISTS

When the driver ahead holds out his hand, don't take it for granted that he is signalling correctly. Maybe he intends to stop, or turn right, or turn left, or maybe he is just pointing out the beauties of the countryside. The Delaware Safety Council advises you to slow down—stop, if necessary—until you are sure what the driver ahead intends to do.

Ninety Three thousand people were killed in accidents last year. This figure tells a tragic story. It gives full impact to the countless little paragraphs you read in the newspaper every day—telling about John Brown, who took a chance on a scaffold and fell, or Jim Smith, who tried to beat another car to an intersection, or Mary Jones, who stood on a rickety chair to reach a pantry shelf. All of them sacrificed their lives to carelessness. In addition to the ninety-three thousand persons killed in accidents last year, the National Safety Council points out that eight million eight hundred thousand and persons were injured and the total economic cost was three billion three hundred million dollars. This toll is all the more staggering when you realize that it is unnecessary. The Delaware Safety Council urges all Delawareans to resolve to be more careful during 1940.

### MR. MOTORIST—

If you want to get the greatest enjoyment out of motoring, take that chip off your shoulder.

The Delaware Safety Council urges you to keep your sense of humor when another driver cuts across from the left hand lane to make a right turn, or noses into the parking place you wanted. Don't let it ruffle you.

Your journey will be safe, and surprisingly pleasant, if you will regard these drivers with the same indulgence you do a selfish and ill-mannered boy.

## I don't like SUCKERS!

• Nothing makes me madder, when I sneak off for an afternoon's fishing and dunk my hook in a likely hole, than to get fast to a sucker. To my way of thinking, that's not fishing.

I know there are folks who like to fish for suckers. Well, they can have them, and more power to them. But not for yours truly!

I feel the same way about "suckers" in a business way, too—and my business is selling Ford cars and trucks.

Some people are just natural-born "suckers" for fancy claims and trick phrases when they set out to buy a new car or truck. I'd rather not do business with them.

The man or woman I want to have dealings with knows value. He (or she) isn't bowled over by fast talk or high-falutin' adjectives and adverbs. She (or he) has a brain, and uses it to figure out just what's what, whether it's a question of a can of salmon or a car.

I don't believe in high-pressure selling or high-pressure buying. But I can say this about Ford products to you or the Angel Gabriel:

"I don't know of any car that gives more for the money than the cars Henry Ford builds. I don't know of any cars I'd rather sell, and stake my entire reputation on."

And some time, I'd like a chance to tell you why.

I thank you!

## EVENING OF MUSIC MARCH 7

Rehearsals Now  
Being Staged  
For Presentation

Rehearsals for the Evening of Music which will be presented by the Department of Music of the University of Delaware on March 7, are already being actively carried on. With the assistance of musicians and music groups from Wilmington and Newark, Prof. Anthony Louis is hoping to give a notable performance of three musical treatments of the Bible story of Joseph and his children—Christina's celebrated seventeenth-century simple musical setting, an overture and one chorus from Handel's famous eighteenth-century oratorio, and an aria and two choruses from Lamentations. The twentieth-century cantata-pantomime, Christina's oratorio, which was first produced about 1850, marks practically the beginning of the oratorio as a musical form. It was given in New York City by the Society of the Friends of Music in 1839, and it will also be presented late in March by the Bach Society of New York City. Handel's oratorio, first produced in 1741, has often been presented by large choral groups. Saminsky's work, which was written in 1928, uses the medium of the dance to supplement the usual choral recitative, and arises of the old oratorio form. The Prelude to this cantata, or, as it might be called, opera-ballet, was presented at the Conservatorio Santa Cecilia in Rome in the spring of 1929.

A brief introductory talk on the history of musical treatments of the Bible story will be given by Prof. W. O. Sypherd of the Department of English. A cordial invitation is extended to all lovers of good music to attend this performance.

## TO EXAMINE STRAWBERRY PLANTINGS

Search To Be  
Made For Insects  
And Diseases

As soon as weather permits, S. L. Hopperstead, assistant plant pathologist at the University of Delaware and survey inspector with the State Board of Agriculture, will start examining strawberry plantings for the appearance of growth-retarding diseases and insects. This protective service aids both the purchaser of plants and the nurseries that produce them. It diseases and insects are allowed to spread unchecked, whole acre plantings may turn out to be worthless, resulting in replacement troubles for nurserymen and lost time and crop returns for growers.

All plants sold in Delaware must be certified free from diseases, say Hopperstead, as well as being declared free of insect pests. He explains:

"Certificates will not be issued if plants are infected with red stele, spring and summer dwarf or root knot. Should other diseases or insects be found on plants, fields may be condemned if, in the opinion of the inspector, the vigor and quality of the plants is greatly reduced."

Growers who wish to have plants inspected before setting for their own protection are urged by Hopperstead to write him at the University of Delaware. Plant growers are also requested by Hopperstead to write at once giving their full address and size of plantings to be examined. When persons interested in having the inspections made contact him now, this plant disease expert can arrange a schedule for inspections when weather allows, field work. There is no charge for the inspections.

"Only by having every plant producer and grower cooperate to the fullest extent," points out Dr. T. F. Matton, Extension Plant Pathologist at the University of Delaware in commenting on the strawberry inspection work, "will we be able to stamp out troublesome pests that only mean loss of profits to growers who do not take advantage of inspection service."

### To Our Queen—

Once again in the middle of this winter atmosphere we at W.C.D. elect our May Queen for this year's May Day celebration. She is Theresa Schreppel, of Middletown, a senior and a very attractive girl. Theresa has had a very active college career—she was president of her class last year, she is president of the non-resident girls this year, and she has been a member of the May Court for the last two years, as a Sophomore Assistant and as the Junior Daphne Election. She is now in order for the selection of the Maid of Honor who will also be a senior.

The theme of May Day this year is the Greek myth of Pandora and the box of evils which she loosed upon the world because of her curiosity. Dances by the students will carry out the theme in pantomime.

Garry Tyler is the general chairman of the arrangements. She will be assisted by Emmeline Stevens, co-manager; Sarah Peasey, business manager; Wanda Taylor, research; Elva Wells, music; Patricia Stoen, posters; Jane Hastings and Sara Baldwin, publicity. Don't

John and Garry French, make-up; Phil Wood, pandemonium; and Kay Rosen, that, propellers.

### Mitchell Hall—

Quoted from the bulletin board in Science Hall. Rehearsals nearly every afternoon. Russ Willard and Miss Press being very clever and very English.

Blanche Lee, dancing around as a gay and flighty middle-aged. Pounding from the basement, resounding through the whole building as new scenery goes up. The whole staff gathered around the new band-saw, all trying to work it.

Jack Neeson concocting new downings from old. Phyllis Wood taking over the director's while Dr. Kane meets with committees. Publicity, make-up, costumes—all hands working hard.

Everyone sipping a cup of tea at four o'clock. "Take a rest, have some tea," says Dr. Kane. "It gets you in the English mood for 'The Circle'."

Tonight at eight-fifteen o'clock the E.M. Players will present Maugham's "The Circle" in Mitchell Hall, and confidentially rehearse show that it will be a good show.

Local Woman  
Gives Hints  
On Table Sets

"Tasteful hospitality, if touched off with guile and individuality, can be just as successful as a larger and more elaborate party in which a great deal of money is spent," Mrs. M. B. Sampson, of Newark, stated in a recent talk before Philadelphia clubwomen and decorative experts.

Winner of first prize in Mademoiselle Magazine's table decoration contest, sponsored by the Liberty-Owens-Ford Glass Co., Mrs. Sampson, who moved here recently with Dr. Sampson from Philadelphia, was guest of honor at the meeting.

"I like low table centerpieces, whether the party be large or small," Mrs. Sampson emphasized. "If the guests are to be seated, then naturally a low centerpiece is good because it makes it possible for everyone to see everyone else and thus the party remains one group."

"I think one can get all sorts of attractive ideas for table centerpieces by studying flower windows. We may not be able to afford many of the expensive arrangements we see in the windows but they do give us ideas which can be worked up at simpler form," she held in conclusion.
