Fireworks On Fourth Of July Highlight Family Day at NCC

Safe And Sane Fourth—With Professional Fireworks Display—Attracts Record Family Day Crowd To New Newark Country Club As Golfers Give Way To Picnics

An old fashioned Fourth of July celebration was held last Friday at the brand new Newark Country Club with a record family day attendance. Skyrockets traced golden trails and aerial bombs rocked the night with white explosions; pinwheels, Roman candles, and fountains sprayed their stars on the ground, in the rough.

NRA To Sponsor Tennis Lessons For Fifth Year

Instructions To Start
July 28 For Novices
With Four Week Program

The Newark Recreation Association announced today that tennis instruction for beginners and novices will start July 28. Sponsored by the NRA for the fifth year, instruction will continue for four weeks, ending in a junior tournament.

Russell Givins and Peter Lengemann will be the instructors. Givins is returning for the second year in this capacity, while Lengemann is a first year instructor with the program. Both are members of the championship University of Delaware tennis team.

Given is a ranking Delaware amateur and has reached the finals of the state tournament in this year's tournament. Lengemann, elected captain of the 1958 tennis team, recently won the Wilmington Parks tournament, was a finalist in the Middle Atlantic States tourney, and is a finalist in the state tournament now underway.

The first class will meet at 9 a.m. on Monday, July 28, at the Newark Recreation Association offices at the American Legion building in George Road Village.

Class organization, late registration, and screening will take place before the group adjourns to the courts.

Instructional classes will be held five days a week from 9-12 after the first organization class. All interested persons may contact the Newark Recreation Association for information and registration forms.

Parents Attend Closing Exercises For "Y" Day Camp

July 21-31 Period Open
For Local Registration
At Rittenhouse Park Site

Some 30 parents and friends turned last Thursday afternoon to attend first period closing exercises at the Newark YMCA day camp. The camp is open for local registration at the Rittenhouse Park site.

Frank A. Mullen, Newark YMCA executive, welcomed the visitors and spoke on history of the camp. He also presented the program for the closing exercises.

The Newark YMCA has one day camp open, from July 21-31, for that period with two special events. Registrations are being accepted at the YMCA, 66 East Main Street.

At the Parents Day at the YMCA, the Newark YMCA camping season will be held.

White Clay Bridge Traffic Counting Paddle Installed

As part of its plan to modernize traffic counting equipment at all major highway stations, the Delaware State Highway Department has installed the electric eye counter at the White Clay Creek bridge east of Newark with a treadle-type counter.

Each of the four lanes in the bridge widened Capitol Trail has a treadle similar to the one that actuates traffic signals. These treadles are connected by counter mechanism in a metal box beside the highway.

The principal involved in this traffic counting unit increases the accuracy of the count of traffic passing a given point by a substantial percentage over the former electric eye.

Installation of similar new equipment is planned for other traffic stations along main used highways at a later date, the department said.

Violinist Albin

Violinist Herbert Albin was the featured artist in the second University of Delaware summer school concert offered last Monday, in the University Hall. Accompanied by Albin's father, Albin presented a program of music including selections from Mozart, Dvorak, Paganini, and others.

PRICE FIVE CENTS

Rimmer Awarded Patent For Fiber Processing Plan

Newark Man Receives
U. S. Patent For Work
With Synthetic Fibers

Robert William Rimmer of Newark, the recipient on June 17, 1958 of two United States patents for his "Antistatic Agents For Hydrophobic Fiber."

Mr. Rimmer has assigned these two patents to E. I. du Pont de Nemours and Company.

Nylon, dacron and other water resistant synthetic fibers have poor electrical conductivity, and tend to accumulate electrostatic charges while being processed in the factory or as a finished product.

These electrostatic charges may create annoying conditions. In the textile mill the electrostatic charges are due to repeated friction of the fibers, and may prevent proper spinning or knitting operations.

Various attempts have been made to overcome these limitations by treating the fiber with an antistatic agent whose action depends upon its ability to conduct electricity by ionization. However, Mr. Rimmer reports difficulty has been encountered in selecting an agent that has the necessary antistatic properties and at the same time is durable to washing and cleaning.

The antistatic agent should retain its effectiveness after washing with water, laundering in water with soap, and dry cleaning with organic solvents.

It is the object of Mr. Rimmer's inventions to present a solution to this problem, and he has discovered that certain glycol compositions may be processed to result in antistatic agents which, it is claimed, are of excellent initial strength and of satisfactory durability to washing and dry cleaning.

In his two patents, he describes in detail the methods of preparing these improved antistatic agents, and he also cites examples wherein fabrics treated with them, had good antistatic ratings after a number of washings and dry cleanings.

In addition, the treated fabrics retained the desired properties of softness and pliability and in some cases showed improved resistance to abrasion.

11-Year-Old Boy Wins Ice-Melting Time Test

Some 1,500 contestants attempted to guess just how long the 300-lb. cake of ice in front of Grant's store on Newark's East Main Street, would last in the pre-Fourth of July weather last week.

Jeff Godbey, 11-year-old son of Mr. and Mrs. Gordon C. Godbey, 28 West Delaware Avenue, won the prize by guessing the cake would last in the pre-Fourth of July weather last week.

Stewart Millard, manager of the local Grant store, presented the prize blanket to the young contestant—a pupil at the Central Elementary School. The blanket had been frozen in the big cake of ice awaiting freedom with the Godbey guess of 32½ hours.

Famed Bonnie Prudden Called "Fabulous" By Local Girl As Youngest Class Member

"She's simply fabulous!" Sue Shields said in reference to Bonnie Prudden, on returning home, the daughter of Mr. and Mrs. Joseph A. Shields of Newark. Sue was the youngest in the adult class on physical fitness conducted recently at Springfield College, Mass., by Miss Prudden who gained added fame as the result of a recent series in the national magazine Sports Illustrated.

Sue, a senior next fall at Newark High School, intends to major in physical education.

At Springfield from June 23 to July 3, Sue Shields participated in seven hours of daily exercises and dance routines under the direction of Bonnie Prudden, and learned that 79.9 per cent of American children failed an international standard physical fitness test—facts supported by the now-famous Kraus-Prudden Report which shocked the President, the American Medical Association and the National Education Association alike.

Authors of the report are Hans Kraus, professor of physical medicine and rehabilitation at New York University, and Bonnie Prudden, director of the Institute of Physical Fitness at White Plains, N. Y.

In her current book, "Is Your Child Really Fit?" Bonnie Prudden attacks the American suburban pattern of mechanized, push-button living and of spectator sports which are starving so many people of necessary physical exercise. She stresses the fact that there is no substitute for physical fitness.

The importance of academic achievement is being stressed today, but without a physically fit body, says Miss Prudden, we cannot be mentally or emotionally fit. Discontent, frustration and tension, all by-products of today's fast-paced living, can be conquered only by a strong, healthy body.

Miss Prudden urges that every age group engage in challenging exercises and activities which will lay the foundation for increased national achievement in all areas.

An interesting beginning for Newark might be to administer the test to its own school children and see how they compare with the national findings, Sue Shields suggests.

Safety Session

Captain LeRoy C. Hill, Sr. of the Newark Police Department, discussed safety practices with youngsters at Cleveland Avenue playground.

The local police, in cooperation with the Newark Recreation Association, visited all seven playgrounds in the Newark area in connection with the Safety Week playground theme.

National Citation For Soroptimists

Director Stanley E. Francis (right) of the Newark Recreation Association, presents Mrs. Gertrude Priestley, retiring president of the Newark Soroptimist Club, with a citation from the National Recreation Association for Soroptimist Club promotion of local recreational facilities.

Soroptimist Club Wins National Award For Contributions To Local Recreation

The Soroptimist International Club of Newark has been awarded a national citation for effort in promoting recreation in the community. The National Recreation Association citation was presented in connection with the celebration of National Recreation Month.

This award, first of its kind to be presented locally, is given in recognition of outstanding contributions by individuals and organizations to recreation in their community.

The citation was awarded by the National Recreation Association upon recommendation of its local affiliate, the Newark Recreation Association.

The citation pointed out the most outstanding contribution to recreation occurred in 1957 when the Soroptimists recognized the need for a comprehensive survey study of recreational services and facilities in the Newark area. They assumed responsibility to implement and to undertake the study.

Known locally as the Pangborn Report, this study and its recommendations have been among the most substantial contributions to recreation in Newark.

The Soroptimists have been instrumental in facilitating recommendations of the Pangborn Report, particularly the purchase and establishment of Newark's first public Rittenhouse Park under the call of the Soroptimists.

Friday Square Dancing Planned With Starlight

The monthly square dance sponsored by the Newark YMCA will be held at 8 p.m. this Friday, at the home of Mr. and Mrs. Charles Cooper, Kirkwood Highway, just behind the Old Capitol Trail Motel, with dancing on the tennis courts under the stars.

The event is open to any interested adult for a small admission charge. Refreshments will be available and Ben Willingham will do the calling.

The dance will be cancelled in case of heavy rain late Friday afternoon or early evening.

Cowboys, Indians Feature Frontier Week In Recreation Ass'n Playground Program

Cowboys and Indians and pioneer displays are very much in evidence this week throughout the seven playgrounds conducted by the Newark Recreation Association with a Frontier Week theme.

Special events at the various playgrounds included George Road Village—a pioneer exhibit of guns and bows and arrows, a pioneer play and a pet show; New London—a marbles game with George Road Village; Medill—a horseshoe tournament, hobby show, badminton tournament, a family night, and a pet show and parade; West Park—a family picnic and a pet show; Brookside—a family night, an "everybody's" birthday party, a pet show and parade; Chestnut Hill Estates—a cowboy and Indian party combined with family night, and a pet show and parade; and Cleveland Avenue, a cowboy and Indian scavenger hunt.

Winners for the various Independence Day contests at the Medill playground were Rosie Walker for the prettiest doll; Gary Matthews, for the funniest doll; Cindy Griffiths for the most unusual doll. In the bicycle decoration contest, first prize went to Cindy Griffiths; second to Buster Watson, and third to Billy Mills.

At West Park Place, prize-winners in the red, white, and blue party included the Eppes family, and Sally and John Hannum and Phil Megness. Tom Worrell won first prize in the individual category, with second place to Susan Howarth.

In the famous pairs contest, first prize was won by Denise Magniny and Virginia Wilson.

In the hobby show, first prizes in the different categories went to Phil Megness, Denise Magniny, Theresa Campbell and Carmelita Turner; second prizes to Sally

Total Of 100 Open 2nd Period Camp In YMCA Program

Frank Mullen Reports
Record Enrollment For
Day Camping In Newark

With 20 campers back from the first two-week session, the Newark YMCA day camp had an even 100 campers and staff on hand Monday to begin its second two weeks.

Eric Laub has been added to the senior staff (fifth grade and up) and Mary Gauger is assisting with boys and girls in grades one and two.

This enrollment is the largest in the history of the Newark YMCA day camp. Frank A. Mullen reports.

The camp counselors, headed by Director Bill Breslin, organized their "tribes" Monday into groups of nine to 11 campers. Such names as Apache, Fox, Delaware and Cheyenne are familiar words at the Rittenhouse Park site. The youngest tribe headed by Marilyn Woodhouse has five-year-old Asha Iyengar from India, as a member of the White Buffalo tribe.

Stress is placed on participation by the individual camper. The children say their own grace at mealtime, make up the honor guard for the flag ceremony, and different campers serve as buglers. Each tribe builds its own campsite which serves as headquarters for the two-week period.

The camp is operated for boys and girls 5-13 from 9:15 to 2:30 each day at Rittenhouse Park.

The Newark YMCA, a Red Feather agency, will conduct one more camping period, July 21-31. This session will include "Christmas in July," a possible overnight, and other special events.

Tom Waters Aids In Brandywiners' New Production

Thomas J. Waters, a recent graduate of the University of Delaware is serving as an assistant director for the Brandywiners' production of "The Pirates of Penzance" in rehearsal at Brecks Major.

A dramatics major, he won campus recognition as actor, director and playwright, was voted the best actor in a supporting role in 1956 and best actor in a major role in 1957 in a poll conducted by the student newspaper.

He directed "Ourselves" by Pan, The Boor, the trial scene from Saint Joan and a staged reading of his own original three-act play, Martina, and served as stage manager for the 15th annual children's theatre tour and the 1957 Delaware Play Festival.

Last year, he was a special assistant for publicity and promotion at the Brandywine Music Box and assistant to the director for the production of "Wish You Were Here."

Waters resides with his wife and daughter at 113 Orchard Road, Newark.

Schmertz Streamlines Building Methods With Saving at Tanglewood Development

Streamlining a building operation pays off for the home buyer, according to Robert J. Schmertz, president of Robit Corporation, developers of Tanglewood on Route 273 near Newark.

Work has begun on the first section of split-level homes at the Tanglewood development and Schmertz has initiated the system which brought him a high degree of building success in New Jersey.

Just across the way from Route 273 on Harmony Road, Robit has established its "mill" where high-powered tools, radial saws and other equipment are employed in preparing lumber for each individual home.

Working on the theory that getting a house under-roof quickly makes it easier for workers to progress without threats of hold-up by rain or other natural causes, the Robit management cuts its lumber and assembles frame-works at the mill.

The necessary material is then transported by fork-lift to the site of the house under construction. Every item is plainly marked and carpenters are able to assemble sidewalls, partitions, window and door-frames in record time. Just as soon as possible, roofers get to work—and again the forklift is employed to raise shingles to the roofs.

All of these time saving features, according to Mr. Schmertz, make it possible to pass on considerable savings to the home-buyer.

His method of operation in New Jersey was highlighted some months ago in a ten page spread in "American Builder," which pointed out that through the high efficiency employed, Schmertz' crews have been able to put four houses a day under roof.

Mr. Schmertz said yesterday that his Tanglewood homes are meeting with wide acceptance. Featuring the Johns-Mansville Seven Star protection materials, he expected to have at least 50 homes ready for occupancy near Newark this fall.

Representatives of the First State — And the 49th!

Congressman Harry G. Haskell, Jr. (R-Dei), representing the first state of the Union, discusses the passage of the Alaska statehood bill with the Governor of the 49th state-to-be, Mike Stepovich.

Merit Pay Increases Awarded 52 of 77 Municipal Employees

City Manager Presents Five-Year Plan For Meritorious Raises; Council Requests Armory Use For Recreational Program, Police Work; Tax Assessment Appeals Heard

Salary and wage increases for meritorious work were awarded 52 of the 77 municipal employees this month. City Manager J. J. Salovea announced in presenting a merit increment plan for a five year period; a resolution was approved, requesting allocation of the Newark Armory for local police and recreational use; and two appeals of current city building assessments were heard at the regular meeting of Newark City Council last Tuesday night.

Merit raises for city employees included all but 25, and of these who failed to receive a pay increase, 15 were ineligible because they had not been employed for the required six months.

Doctors, Dentists Plan Professional Building For City

Ground-Breaking Planned
By August, Occupancy By
December For 8 Offices

A new professional building to serve residents of the Newark area is being planned by a group of Newark doctors and dentists. A building permit has been issued for the building which will accommodate eight doctors' offices and provide ample parking space for patients.

The exterior of the building will be constructed of pre-cast stone and brick, with interior plans calling for a finish of mahogany and featuring no-glare glass and air-conditioning throughout.

One of the newest and most important features of the project will be the installation of X-ray rooms which are completely shielded for the protection of patients, and which will carry the latest in equipment and facilities.

Bids for the project will be accepted in the next few weeks, and sponsors of the new building plan to award the contract and break ground by the first week in August. Complete occupancy is anticipated by the first week in December.

The professional building, first to be erected in the Newark area, will be located at 117 East Main Street. Francis E. B. McCann, rental agent for T. B. O'Toole, Inc., 61 East Main Street, Newark, is in charge of arrangements for rentals and management of the building.

Little League Tag Day Scheduled For July 18

The annual Little League Tag Day will be conducted in Newark on Friday, July 18, Mrs. Edmund Yarrington announced today.

Proceeds from annual Tag Day contributions are used to finance the Newark Little League program, which this year includes nine teams instead of the previous eight teams.

Little Leaguers in uniform will solicit donations to their program with tags to be worn by contributors.

Schmertz Streamlines Building Methods With Saving at Tanglewood Development

Streamlining a building operation pays off for the home buyer, according to Robert J. Schmertz, president of Robit Corporation, developers of Tanglewood on Route 273 near Newark.

Work has begun on the first section of split-level homes at the Tanglewood development and Schmertz has initiated the system which brought him a high degree of building success in New Jersey.

Just across the way from Route 273 on Harmony Road, Robit has established its "mill" where high-powered tools, radial saws and other equipment are employed in preparing lumber for each individual home.

Working on the theory that getting a house under-roof quickly makes it easier for workers to progress without threats of hold-up by rain or other natural causes, the Robit management cuts its lumber and assembles frame-works at the mill.

The necessary material is then transported by fork-lift to the site of the house under construction. Every item is plainly marked and carpenters are able to assemble sidewalls, partitions, window and door-frames in record time. Just as soon as possible, roofers get to work—and again the forklift is employed to raise shingles to the roofs.

All of these time saving features, according to Mr. Schmertz, make it possible to pass on considerable savings to the home-buyer.

His method of operation in New Jersey was highlighted some months ago in a ten page spread in "American Builder," which pointed out that through the high efficiency employed, Schmertz' crews have been able to put four houses a day under roof.

Mr. Schmertz said yesterday that his Tanglewood homes are meeting with wide acceptance. Featuring the Johns-Mansville Seven Star protection materials, he expected to have at least 50 homes ready for occupancy near Newark this fall.

Representatives of the First State — And the 49th!

Congressman Harry G. Haskell, Jr. (R-Dei), representing the first state of the Union, discusses the passage of the Alaska statehood bill with the Governor of the 49th state-to-be, Mike Stepovich.

City Manager J. J. Salovea announced in presenting a merit increment plan for a five year period; a resolution was approved, requesting allocation of the Newark Armory for local police and recreational use; and two appeals of current city building assessments were heard at the regular meeting of Newark City Council last Tuesday night.

Merit raises for city employees included all but 25, and of these who failed to receive a pay increase, 15 were ineligible because they had not been employed for the required six months.

A salary and wage merit increase plan covering all city job classifications, with pay raises scheduled at intervals of the first six months, first year, and annually through a five year period, as prepared and presented by the city manager, was referred to the finance committee for recommendations. Councilmen William M. Doyle, and William R. Gregg are to work with Committee Chairman C. Vernon Steele in reviewing the proposed plan.

As the result of recent public notice by the Delaware National Guard, offering state armory facilities for community or other group use, a resolution was directed to Governor J. Caleb Boggs, Adjutant General Joseph J. Scannell, and General John B. Moore, as members of the Delaware State Armory Board, urging allocation of the Newark Armory for local police headquarters, and for recreational use by the City of Newark. Council adopted the resolution with unanimity.

Assessments Appealed
But two appeals concerning current building assessments were registered, and in hearings as the assessment appeal board, council deferred action on the appeals of Edward A. Knight, 25 Lenape Lane, Silverbrook, and Robert E. Stevens, 103 Cheltenham Road, Oaklands, pending a report from the city building inspector on the two houses for which excessive assessments are claimed.

A proposed ordinance establishing minimum housing standards for the City of Newark, and providing for their administration and enforcement, as proposed June 24, 1958, by the Newark housing committee, tentatively was approved at the first reading, while the second reading of a proposed ordinance to establish unpaid water charges as a lien against property, was withheld pending preparation of an amendment to provide more municipal workability.

The installation of a sanitary sewer line to serve 200 lots in Cherry Hill, 92 lots at Nottingham Green; 12 lots at Sunray Farms, and 130 lots at Fairview, owned by Leon N. Weiner, president of Franklin Builders, developers or Nottingham Green.

Weiner and Eugene Delle Donne, Fairfield developer, offered to install the first leg of the sewer line in the Cherry Hill area, at an estimated cost of \$29,000, with the provision that the city refund the cost of this installation within one year providing 50 dwellings had been erected to be served by the sewer.

City Solicitor John P. Sinclair is to report on assessment possibilities for the Cherry Hill area, and the proposal is to be submitted to the City Planning Commission for recommendations.

Councilman William Coverdale cited an ordinance requiring monthly meetings of the planning commission—a body which had announced plans to adjourn for two months this summer. The mayor is to request the commission to meet before the next session of council.

A special meeting with council and the developers of Fairfield and Nottingham Green had been scheduled for next Wednesday night at 7:30.

Residential Streets
Mr. Weiner also requested an amendment to Newark sub-division regulations, reducing the minimum width requirement for certain residential streets from 30 to 26-ft., and stated the intention of Franklin Builders to pass along attendant savings of \$100 to \$150 per house, to home buyers. To justify his request, Weiner cited acceptance of the 26-ft. minimum street width in other states and municipalities, including Delaware, for less thickly populated residential areas with individual houses where off-street parking was provided. It was announced that Director of Public Works J. Francis Neide agreed with the proposal, and the recommendation was referred to the planning commission for approval.

Harold Wootton, president of the Newark Junior Chamber of Commerce, presented Mayor Frank M. Durnall with a check from the Jaycees for the purchase of waste cans for city streets, and Councilman George M. Wilson presented the mayor with a black walnut gavel that Wilson had had made from the stair railing of the recently razed Knoll-Newark and University of Delaware landmark.

The mayor expressed his appreciation for both gifts, and concerning the gavel, smiled "I hope I never have to use it."

Concerning a request from Albert M. Aiken, that the alley be closed beside his house at 18 Haines Street, the city manager is to contact Aiken for approval to pave rather than vacate this roadway.

(Continued on Page 6)

News of Bear

Mrs. J. Leslie Ford, Correspondent
Phone EA 8-6484

Miss Ada Johnson of Willow Run spent Tuesday last week with her sister, Mrs. Hayward Haines, and family. Billy Haines is much improved from a fall out of his father's barn.

Mr. and Mrs. Al Astolfi and family, and Mrs. George Moore and family spent Tuesday of last week at Rehoboth Beach.

Mrs. Fannie Dasher and Mrs. Reece Sheets spent Tuesday of last week with Mrs. Edith Dasher of Wilmington.

Bear 4-H Club played the Pen-cader 4-H baseball team last week with Bear winning, 23-3.

Bear 4-H Club met on Wednesday night last week at the home of Mr. and Mrs. George Moore. Plans were made to hold their annual picnic at Holloway Beach on Saturday, Aug. 9.

The Ford and Barr reunion will be held on Saturday, July 26, at the home of Mr. and Mrs. George Moore. Dinner will be served at 12:30, with a business meeting and games in the afternoon, and ice cream and cake served at 4 o'clock. Relatives and friends are invited without further notice.

Mrs. Mamie Palmer is spending 10 days on a trip to Nova Scotia. Mrs. Ellen Snyder is spending some time with her daughter at Houston, Tex.

Mr. and Mrs. Neal Hambleton of Chevy Chase, Md., spent the week-end with her parents, Mr. and Mrs. Pierce Fox.

Mrs. George Moore, Mrs. Neal Hambleton, Miss Anita Fox, and Mr. and Mrs. Charles Moore attended the Landon and Moore wedding in New Castle Methodist Church on Saturday.

Mrs. Bertie L. McCoy, widow of John T. McCoy, aged 80 years, died at the Morgan Nursing Home, Chesapeake City, Md., last Friday morning.

Mrs. McCoy, postmistress for a number of years in Bear, was born in Lancaster County, Pa., and was the daughter of the late Mary L. and George F. Runner.

Surviving are two sisters, Eva N. Nesbitt, Nottingham, Pa., and a sister in Chester, Pa. Services were held Monday from the R. T. Jones Funeral Home in Newark with interment at Rocksprings Cemetery, Lancaster, Pa.

John Craig, Jr., has been released from the Army and expects to enter college in the fall.

Questions and Answers

Q—I named my mother as the beneficiary of my GI insurance policy, and indicated that the money be paid to her in a lump sum. Would she have the right to change to some other method of payment if she desired?

A—Yes. She could choose to receive the GI insurance payments under any of several installment plans available.

Q—Does the fact that I am getting VA compensation for a disability incurred in Korea automatically entitle me to vocational rehabilitation training?

A—No. The law requires that a disabled veteran in need of training to overcome the handicap of his disability. If need were established in your case, you would be permitted to train.

Q—I plan to sell my GI house and let the buyer take over my loan. If the VA grants me relief from liability, does that mean that GI loan entitlement will be restored?

A—No. Release from liability does not mean that your entitlement will be restored. VA restores entitlement only under certain conditions, and then only when the loan is paid off so that VA is no longer liable on the guarantee.

Q—If I take on-the-job training under the Korean GI Bill, will I receive the same rate of allowance throughout my course?

A—No. Under the law, GI allowances for on-the-job trainees must be reduced at four-month intervals, as the training progresses.

Norman C. Abbott Heads Rural Letter Carriers

Norman C. Abbott of Georgetown was elected president of the Delaware Rural Letter Carriers Association at the recent annual convention at the Seaford Country Club. Other officers elected were William B. Naylor of Townsend, vice president; David Speicher, Bridgeville, secretary-treasurer, and F. P. Burkhardt, Dover, and H. E. Atkins, Milton, members of the executive committee. Walter Mills of Greenwood is holdover member of the committee.

Mitchell Offers Advice For "Hungry" Alfalfa

"Is your alfalfa hungry", asks William Mitchell, extension agronomist at the University of Delaware. You should be getting 400 pounds of 0-15-30, plus borax, on your alfalfa during the year Mitchell says. It is best in two servings to keep the alfalfa from gorging itself on potash which is a bad habit of alfalfa.

A spring course of 200 pounds and another 200 pounds after the second cutting is a good distribution to get the most efficient use of potash. Mitchell says even if you forego the fertilizer on your alfalfa, be certain to apply the borax. Alfalfa absolutely requires 16 to 20 pounds of borax per year on most Delaware soil.

Aid Your Freezer With Defrostings Specialist Advises

Get The Most Out Of It
Patricia Middleton Says
With Periodic Defrosting

With your freezer rapidly filling up this summer, Miss Patricia A. Middleton, extension home management specialist at the University of Delaware, suggests that you get the most out of it.

Defrost before there is more than one-half inch of frost on the refrigerated surfaces of your freezer. Under ordinary conditions, defrosting once a year is enough. If humidity is high or if the freezer is opened often, it may be necessary to defrost two or more times during the year, Miss Middleton says.

You can remove frost deposits while the freezer is in operation by scraping the surfaces. Special scraping tools are on the market, or a broad stiff spatula or putty knife may be used. Frost may be caught on papers or cloths as it is scraped off, or it may be collected from the bottom of the freezer with a dust pan and whisk broom.

If deposits of ice have formed or if a complete cleaning is needed, you may have to disconnect the freezer and remove all food. Miss Middleton recommends piling the packages as compactly as possible and wrapping them in insulated material such as newspapers or chilled blankets to prevent thawing. Scrape as much frost and ice off the surfaces as possible. Cold water, never hot, hastens melting. An electric fan placed so it will blow warm air into the freezer will help in melting the ice. Remove ice as it loosens, but do not chip it off with an ice pick or other sharp tool that might damage the coils.

After defrosting, wash with a solution of two tablespoons baking soda in one quart of water. When defrosting and cleaning are completed, connect the freezer and let it run for about 45 minutes before putting the food back in, advises Miss Middleton.

Pre-School Group Plans Remodeling For "Schoolhouse"

Members of the board of directors of the Brookside Pre-School Association were conducted through the Lutheran Church in Chestnut Hills to learn remodeling possibilities of the newly acquired "schoolhouse" at 16 Davies Avenue, following the monthly meeting of the board last week. Roland Gray arranged the tour.

R. D. Lambert, equipment chairman, reported that pre-school equipment had been transferred from previous quarters at the Community Building and Kingswood-of-Brookside Methodist Church, with the assistance of Robert Saltzman, Walter Hewes, and Albert McKennon.

Norbert Mueller, building chairman, reported on progress made in readying the Chestnut Hills house for use in September. Volunteers are needed to help with the work, he said.

Mrs. William Diveley, registrar, reported openings in the pre-kindergarten group.

Knowledge, like timber, is best when well seasoned.

Green Meadows 4-H Club Conducts Demonstrations

Mary Woodmansee was chairman for the "Make It Good!" demonstrations about fair exhibits, for the June meetings of the Green Meadows 4-H Club, with Edith DeLong, Phoebe Fassig, and Ray Johnson assisting in demonstrations.

The junior division meeting was held at the home of T. W. Skripps; the senior meeting, with Betty Ann Stevens.

Lucile Desmond was appointed sunshine chairman, responsible for thank you notes and get-well cards, and a committee of Lynn Mercer, Alan Beldyk, and Betty Mendenhall was chosen to plan a club trip.

The Hockessin-Yorklyn Lions Club in cooperation with the National Volunteer Fire Company is sponsoring a swimming pool at the Yorklyn Pool. The pool is located at the intersection of the Yorklyn and Hockessin roads. The pool is open to all ages and is supervised by the Yorklyn Pool Committee. The pool is open from 10 a.m. to 6 p.m. daily. The pool is open to all ages and is supervised by the Yorklyn Pool Committee. The pool is open from 10 a.m. to 6 p.m. daily.

was held last evening at Sunny Hills School. Paul Cochran had the program of recreation and the meal was in charge of Fred Osborne. Samuel Chambers, the new president, announced the appointment of chairmen for the coming year, with William H. Naudain, attendance; D. W. Williams, membership; William Butler, program; W. D. Marsey, finance; F. Osborne, meals; Robert Yearsley, convention; Carl Roehm, boys and girls; Lloyd Russell, greeters; Wallace Gebhart, sight conservation; R. B. Walker, Jr., agriculture; I. Fletcher Walker, Lions information; Paul Cochran, bulletin; Herbert Chandler, education; Kenneth L. Berry, health and welfare; Robert Martin, safety; Fred H. Smith, community improvement.

Mr. and Mrs. Carl Roehm of Duncan Road, will entertain members of the cast of "Laughter on the Levee," the annual Lions Club production, Saturday evening at a picnic on the lawn of their home. Mr. Roehm directs the performances each year.

Mr. and Mrs. William H. Naudain of Little Baltimore, entertained at a Porter family picnic on the Fourth of July, which is also the date of the birthday anniversary of Mrs. Vivian Porter Ball. Those present were Mr. and Mrs. W. H. Naudain, Karen, Chipper, and Jeff Naudain; Mrs. T. W. Porter, Mr. and Mrs. Richard Porter, Harry, Philip, and Dawn Porter, Mr. and Mrs. Calvin Ball, Vicki and Patty Ball, Mr. and Mrs. David Rambo, Ronnie and Crystal Rambo; Mr. and Mrs. Willard D. Ball and daughter Vivian, and Billy and Sandra Naudain.

The Hockessin Monthly Meeting of Friends, voted last Sunday to enlarge the present First Day schoolroom and to lay a hard surface driveway through the burying grounds. The new addition to the rear of the building. The property committee comprising T. Clarence Marshall, chairman; Mrs. Marshall, Mr. and Mrs. John C. Mitchell, Mr. and Mrs. W. Lewis Phipps, Mr. and Mrs. George E. Pope, Mr. and Mrs. Leroy Stephenson, Mr. and Mrs. Henry R. Tattall, will have charge of both improvements.

Delegates named last Sunday to attend the meeting of Western Quarter, Society of Friends, on July 19 at West Grove, Pa., were M. Elizabeth McCord, Mr. and Mrs. T. C. Marshall, Mrs. Wayne Elliott, Mr. and Mrs. Paul W. Mitchell.

The Helping Hands Circle will hold its annual outing on July 17 at Port Herman, Md. The Mite Circle has cancelled its meeting for July. Sidney La Fountain attended a recent session at Camp Pecocombe, near Chestertown, Md.

The Rev. Willard F. Robinson will serve as camp director from Aug. 24 to Aug. 29. Mr. and Mrs. Edward Pierson, Jr. and their daughter, Ellen, of Cooper Farms, with Mrs. Edward Pierson of Old Post Road, and Lynn Pierson of Roselle, have returned from a three weeks motor trip to California.

Katharine Jones Advises Relief For Tired Backs

Much of the "tired-back" can be taken out of washing by mounting your front-opening automatic washer or dryer on a platform, according to Katharine Jones, New Castle county home demonstration agent. To "stop the stoop," Miss Jones says the U. S. Department of Agriculture research kitchen has developed a wooden platform, built to hold any machine that does not have to be bolted to the floor.

To reduce vibration the platform should be bolted to the floor and possibly to the wall.

Limestone Presbyterian Church
The Rev. Luther M. Bicknell, former pastor of Olivet Presbyterian Church, will speak here this Sunday at 10 a.m. Sallie Evans will substitute as pianist for services in the absence of Cynthia Harmon, who will be on vacation.

The sign at the entrance of Harmony Grange Hall where worship is held, has been changed to announce the summer worship hour of 10 a.m.

The Wimodausis Home Demonstration Club will have echoes from the short course at its July meeting next Wednesday at 1 p.m. at the home of Mrs. Amos Laurence in

NOTICE OF REDUCTION OF CAPITAL OF NATIONAL MORTGAGE AND INVESTMENT CORPORATION
The National Mortgage and Investment Corporation, a Delaware corporation, pursuant to the provisions of Section 241 of the General Corporation Law of the State of Delaware, has reduced its capital to the extent of Six Thousand Four Hundred Sixty-Four Dollars (\$6,464.00) by re-tiring One Hundred Eighty-Five Thousand Three Hundred Fifty-Two (185,352) shares of the preferred stock of this corporation, owned by this corporation, the capital in respect of said preferred stock being heretofore fixed in accordance with law at Seven Dollars (\$7.00) per share.

Pastor Announces Methodist Church Summer Schedule

The summer schedule of the Methodist Church in Newark includes a July series of sermons by the pastor on "Modern Man Looks Upon The Face of God," and the continuance of identical services at 9:30 and 11 a.m., and only one session of the church school at 9:30 during July and August.

Dr. John J. Bunting, Jr., minister of the church, will present a July series of sermons as follows: July 13, Archibald MacLeish: "J. B." a play based upon the Book of Job; July 20, Herman Melville's "Moby Dick"; July 27, two modern poets, W. H. Auden and T. S. Eliot, "Pagan Despair and Christian Hope."

Guest organist during July and August will be Miss Denise Lee Games of Wilmington. Miss Games is majoring in the organ at the University of Delaware.

Miss Deborah J. Kieffer will be the soloist in July and Kenneth C. Wilson will be soloist in August. Both have studied music at the University of Delaware.

The air conditioning and amplifying system, recently installed, are now in operation. An infant nursery is provided at both 9:30 and 11 a.m. services.

Wilmington. Mrs. Carl Miller, president, and Mrs. Charles Kane will report.

Mr. and Mrs. Peter Edwards and family of Kirkwood Highway and Mr. and Mrs. Charles McVaugh and family are on a vacation trip to Yellowstone National Park.

St. John the Beloved Catholic Church at Sherwood Park has gone over the top by exceeding its goal of \$100,000. There is \$312,889 reported in pledges. J. Edward Davidson is general chairman. Team 2 led by John Sargeant brought in the largest amount in the campaign which opened June 8. Over 700

Christiana Calling

Sylvia P. Jones, Correspondent
Phone: EA 8-7413

The Christiana Cub Scout annual family picnic is scheduled for this Sunday at Brandywine Springs Park. Picnickers will meet at the Methodist church in Christiana at 1 p.m., each family bringing lunch. Construction began Friday for the addition to the Methodist church at the rear of the present structure.

Activities of the Christiana Methodist Youth Fellowship have been discontinued until September.

The Rev. Donald A. Crosby of the Christiana Presbyterian Church left Tuesday for New York State, where he will attend a week-long ministerial conference on missions. During his absence the 11 a.m. worship service on Sunday will be under the direction of Duncan C. Anderson, church elder.

Among the local children at Happy Valley Camp, Port Deposit, Md., this week are Jon Speck, Susan Searles, and Jacqueline Jones. Mrs. Florence Blest, Smalley's Dam Road, has been appointed to a four-year-term on the Christiana school board, succeeding Lewis Buckingham, whose term expired June 30. The appointment was made by the Hon. Andrew D. Christie, New Castle County, resident judge of the Superior Court of Delaware.

A former president of the Christiana-Salem PTA, Mrs. Blest has been active locally in PTA, church and community projects for the past 10 years. Her son Tommy is a June graduate of Christiana School.

Fall activities of the Ladies Auxiliary of the Christiana Fire Company were revealed at the last

Auxiliary meeting in the firehouse, when a check for \$1,000 was presented to the fire company. A special guest on that occasion was Mrs. Fred Brown, president of the New Castle County Ladies Auxiliary of Volunteer Firemen's Association.

Delegates will be sent to the annual Auxiliary convention in Smyrna on Sept. 19 and 20. Also, a "Luncheon is Served" program is planned for Sept. 22 in the firehouse.

Personals

Mrs. D. C. Crosby and Mrs. Mary Thorp of Christiana and Mr. and Mrs. James Crosby and sons of Birchwood Park, left Thursday to motor to Sandusky, O., to visit Mr. and Mrs. Albert Thorp, Young Mr. and Mrs. Crosby returned home Sunday. Mrs. Thorp and Mrs. Crosby remained in Ohio for a two week visit with their children.

Mrs. J. B. Aiken of Washington, D. C., was a weekend guest at the home of her aunt, Mrs. H. A. Phelps, East Main Street.

Mr. and Mrs. E. J. Hughes and daughter Penny have returned to their home in Harmony Hills following a week in Cleveland, where Mr. and Mrs. Hughes were delegates to the National Education Association convention.

Patti Ann Laws, 2½-year-old daughter of Mr. and Mrs. Robert M. Laws, has returned home following treatment for a heart ailment at the University of Pennsylvania Hospital.

Twenty-two members of the family of Mrs. H. A. Phelps met for a Fourth of July picnic at the home of Mr. and Mrs. Albert Jones.

Farmers Advised To Claim Refunds For Gasoline Tax

Farmers who have not applied for refund of federal gas tax on the gasoline they use on the farm should do so, according to Edward H. Schabinger, New Castle County agricultural agent.

Farmers who applied last year (for the year ending June 30) are now receiving application form 2240 to make application for refund for the coming year which started July 1.

Mr. Schabinger says farmers who have not applied before can get form 2240 on request at the county agent's office in Newark.

The claim for refund must be returned to the district director before Sept. 30, or the claim will not be paid Mr. Schabinger warned. Accurate records must be kept for verification.

Internal Revenue Service publication No. 408, "Farmers Gas Tax Refund," will give complete information on refunds. Copies are available at the Internal Revenue office and the county agent's office, he said.

Newark, Delaware, Thursday, July 10, 1958

IT COULD BE YOU

When you see a fire engine go roaring by, you may wonder for a second or two "can it be headed for my house?" Then you dismiss it from your mind. You might not be so complacent if the figures on fire losses were placed before you in big red letters.

During 1956, there were 865,561 reported fires in communities of 2,500 or more population which means that a fire started every 37 seconds.

Almost everything you own, from a house down to a television set, costs twice as much today as it did a comparatively few years back.

In most cases, even though you are carrying double the insurance you carried 15 years ago, you would still be out of pocket in replacing the things destroyed by fire. Your best protection is to see that every possible hazard around your property is reduced to the minimum.

It is cheaper to call in an electrician or furnace man to make needed repairs and replacements than it is to call the fire department—and the Aetna Hose, Hook, & Ladder Company volunteer firemen work without pay, too!

Newark Recreation Ass'n Playgrounds Cleveland Avenue First In A Series

The Cleveland Avenue playground is visited by some 150 children daily. They participate in sports, quiet games, sand box play, arts and crafts, and a wide variety of special events under the direction of Perce Ness and Dorothy Gray, Newark Recreation Association staff members.

The play area was first established in 1951 as the result of the generosity of John Szymlik. Mr. Szymlik, now known as John Smith, was a farm hand as a boy in Austria. He worked long hours and had little time for play. Remembering his own youth, and that of his own fine children, he loaned this vacant plot of land to the Newark Recreation Association for use by youngsters of his neighborhood. It has been in use ever since.

The area was 2½ acres in size and with the cooperation of the Curtis Paper Company and Delaware Power and Light Company, another 2½ acres was played with very limited facilities for that first play season. Gradually, as result of joint neighborhood and NRA effort, the playground now has a set of swings, a swinging gate, basketball court, softball diamond and sand box. While the area has basic equipment,

it is staffed by two experienced directors who are long on ingenuity and program ideas.

Through the efforts of neighbors and staff, additional improvements will be made this year. A new soft-wall backdrop will be erected by Ness and the older boys, while a group of fathers are interested in building a sandbox with shelter. A major project is the clearing of an area for shade and puddle pool beside the small brook flowing through the playground.

The program thus far has attracted over 100 different neighborhood youngsters. The Famous Persons Costume party, in celebration of Independence Week, saw Abe Lincoln, Clara Barton, and other personages congratulate Uncle Sam, who in reality was Kenney Vincent, the winner.

To help carry out this program a Junior Leader Corps has been set up with Tom Malin, Lee Cataldi and Connie Lusardi as leaders.

The rules of safe play and their enforcement consists of Connie Lusardi and Tom Malin, co-captains; Fred Mullen, Jeanie Thomas, Terry Morrison, Pat Vivod, Elaine Hunt and Barbara Hawkins.

as athletic and recreation director for the mentally handicapped before joining the NRA staff. A native of Seaford, Del., he is 22 years old and a senior at the University of Delaware, majoring in psychology.

Dorothy Gray, assistant director served in this capacity at Cleveland Avenue last year. She has been associated with the NRA for two years and is a junior at Covenant College, Mo.

Vacation Drivers Warned To Guard Against Accidents

Delaware Safety Council
Officials List Hazards
For Vacationing Motorists

Vacation motor travel is big business—approximately 84 per cent of all vacation trips made in this country are made by automobile.

That fact was cited yesterday by two automobile club executives, who warned of the many traffic accidents that can occur as motor travel booms—Charles W. Lawson, executive secretary of the Delaware Automobile Association, and William P. Markland, manager of the Delaware Motor Club. Both are directors of the Delaware Safety Council, which is promoting safety in vacation driving as part of the Traffic Accidents campaign.

"Every year more and more of us take to the open road during the summer months," they said. "And each year, more of us manage to get ourselves injured or killed in traffic accidents while on our vacations."

The two executives said that there are many contributing causes to vacation-time traffic accidents. They are:

1. Speed. Because many vacationists try to cover too much territory in too short a time, speed is an important factor. Nearly three out of 10 drivers in fatal traffic accidents are violating a speed law at the time of the accident.

2. Alcohol. People on vacation are likely to be in a holiday mood and frequently their pursuit of a good time includes drinking. Unfortunately, too many of them don't realize the danger of driving after drinking. In nearly one-third of the fatal traffic accidents a driver has been drinking.

3. Vehicle condition. A car with worn tires, inefficient brakes, or any other mechanical shortcoming can bring about a serious accident. About 5 per cent of the cars involved in fatal traffic accidents are found to have one or more unsafe conditions.

4. Fatigue. Driving while fatigued is a foolish practice indulged in by vacationers who won't take time out to get sufficient rest. About one out of 13 drivers involved in fatal traffic accidents are found to be in a physical condition that could be a contributing factor in the accident. In about two-thirds of these cases the drivers are fatigued or asleep.

5. Weather. Failure to adapt their driving to weather conditions brings grief to many vacation drivers. In about 1 out of 8 fatal accidents the weather is rainy, snowy or foggy. Rain is present in about one-half of the bad weather cases.

"Don't turn your vacation dream into a nightmare," they said. "Let safety guide you all the way along your highway holiday. Drive to arrive alive!"

Those African natives who beat drums to scare off evil spirits are objects of scorn to smart American motorists who blow horns to break up traffic jams.

Separated Wives, Widows Offered Social Security

Some aged wives and widows who are separated but not divorced from their husbands, could be receiving monthly social security benefits on the basis of their husbands' work, if they would come in and file application. Myron Milbourn, district social security manager, said today.

A 1957 change in the law did away with the requirement that a wife must be living with, or supported by her husband when she files application, and that a widow must have been living with or supported by her husband at the time of his death.

"Aged wives and widows who believe they can qualify for benefits as a result of this change in the law should contact us promptly to determine what their rights are," Milbourn concluded.

"The difference between modern and old-fashioned educational methods is simply a matter of which end of the child you pat."

20th Running of \$50,000 Oaks To Launch Distaff Big Three

Delaware Park To Offer First In Distaff Big Three Series This Saturday, With \$50,000 Test For 3-Year-Old Fillies Over Distance Of A Mile And One Furlong

Delaware Park's quarter-million-dollar Distaff Big Three series, the biggest jackpot in the world for female racehorses, gets off to a flying start this Saturday with the 20th running of the \$50,000 Oaks at a mile and a furlong for 3-year-old fillies. The series will be completed by the \$40,000 New Castle Stakes and the \$150,000 Delaware Handicap, richest of all distaff races, on the next two Saturdays.

Much of the interest in the Oaks hinges on the annual question: Is there a sophomore filly capable of not only winning this important stake, but possessed of sufficient speed, stamina and courage to overpower the older fillies and mares to be met in the New Castle and/or Delaware Handicap?

The New Castle

The New Castle is a test of a mile and a sixteenth, while the climactic Delaware is at the classic distance of a mile and a quarter. With Delaware Park's racing dates newly lengthened this year, the Distaff Big Three events are run later than before—and this is an advantage for the younger hopefuls, giving them more time to mature and reach peak strength. As a matter of record, the Delaware Handicap has been won by a 3-year-old five times in 20 runnings.

Practically all of the leading sophomore fillies in training are eligible for the Oaks, headed by mighty Calumet Farm's A Glimmer and Mrs. C. Ulrick Bay's Idun, last year's champion of the juvenile lassies. A Glimmer, whose now-retired stablemate Princess Turia won the 1957 Delaware Handicap, has a string of four straight victories going for her, including Belmont Park's famed Coaching Club American Oaks.

Among other notable nominees are Big Effort, Movitate, Stay Smoother, Craftiness, Dixie Miss, Bug Brush (all stakes winners this season) and many another only slightly less esteemed.

The Oaks last year was captured by Claiborne Farm's Bayou, a triumph which helped that filly to be unanimously voted queen of her age and sex at season's end.

Braves Stop Phils To Take American Little League Lead

Gene Garrett's No-Hit No-Run Game Assisted By Rain At End of Five

Standing Thru July 8	Won	Lost
Braves	4	1
Phils	4	2
Dodgers	2	2
Indians	2	3
Cubs	0	4

The Braves took the lead away from the Phils in the Newark American Little League last Tuesday night as Gene Garrett hurled a no-hit, no-run game for the Braves' 2-0 victory, with an assist by the rain.

Garrett set the Phils down in order for the first four innings, when two of the Phils reached base via a walk and an error in the fifth, Pete Heuberger cut down a runner on an attempted steal to retire the side.

The Braves hit Harry Saunders for two singles and five doubles, but could score only twice.

In the second inning, Fred Van Name walked, advanced to third on Dick K'Burg's double, and scored on George Speicher's infield out.

In the fifth, Buster Kennard scored on Ricky Cronin's two-base blast.

The Phils opened the sixth with two runs, but rain called a halt to the game and the score reverted to the 2-0 count at end of the fifth inning.

Darkness called a halt to the Braves-Dodgers Monday game, with the score tied at five runs after seven innings. Ricky Cronin and Nick Blassotto were relieved after their six inning limit stints, by Brave Van Name and Dodger Corky Deck.

Last Thursday, Gene Garrett of the Braves bested Corky Deck of the Dodgers in a 3-1 pitchers' duel, with Garrett giving up five hits to Deck's four.

Nick Blassotto hit a homer in the sixth for the lone Dodger run.

The Cubs face the Braves tomorrow evening; the Phils play the Cubs on Monday; and it's the Indians vs. Dodgers, Tuesday; the Cubs vs. Dodgers Wednesday.

Richards, Young To Meet For NCC Championship

Defending Champion Sank Richards will meet Gibby Young for the Newark Country Club championship over a 36-hole route this Saturday, beginning at 10 a.m. at the local golf course.

In the semi-finals, the champion defeated Ed Richtell, 3-1, while Young stopped Chaucery Dean, 4-2.

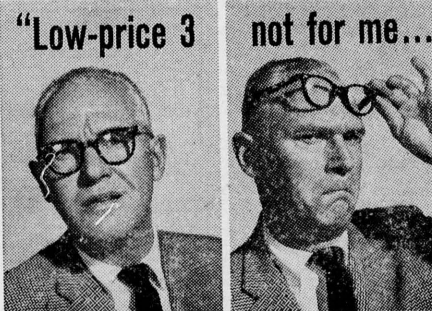

Cannoles—Ware Duo Win NCC Ladies Golf

Eloise Cannoles and Margaret Ware won Scotch Foursome honors in the Ladies Day feature last Tuesday at the Newark Country Club. The winners carded a net 61 to take the event.

Next Tuesday, the Newark Country Club women golfers will be hostesses for women visitors from Penns Grove, Kennett Square, and Rock Manor, Chairman Mary Hagerty reported yesterday.

"If history repeats itself in the atomic age, it may make a long story short."

National Champion Misses Buoy Turn To Finish Fourth

Newark's national champion Randy Eastburn finished fourth in the hydroplane races at Pleasantville, N. J., last Saturday, misjudging a buoy on the turn.

Leading the field at the turn, Eastburn was momentarily blinded by a sheet of spray in the rough water, turned inside the marker, and had to go around again.

Eastburn, who won the national championship at Cambridge, Md., last year with his Newark-built speedster, is not scheduled to race this weekend, since the nearest competition is at Norfolk, Va.—a long haul from Newark.

perch and trout—that were coming over the side from all angles.

We hooked and brought to boat-side, an ugly sting ray of some 30 pounds—backed the hook out with a wooden disgorger while holding the stinger by the lower jaw with a pair of pliers—and killed the monster with Billy Richards' impressive hunting knife which was made to order, but untested in such butchery.

The Big One

And then we tied into the big one that never did show. During the early rounds with the big ray, the boys tied into good sized sharks that tangled things up astern, and in some confusion we boated a tangle of line and shark while holding the surging surf rod and ray with the other hand. After too long a time, we purposely broke the line on what must have been a 100-pounder.

The boys were disheartened by this, but we'd have been out there yet if we hadn't terminated things. As it was, we had missed a lot of productive fishing time as the big ray swam around and around the boat.

Billy Richards won all three prizes—for the biggest trout, for the first fish—and for our total catch of less than a dozen trout which fell short of the earlier, adult forecast in an effort to stimulate a little more juvenile enthusiasm for the trip on the big water.

With Doc Calder the next day, the two of us failed to match the catch of the youngsters. Strikes were few and far between, and we were happy to settle at last for a

"I like to catch eels," young Richards said, rapidly working up a head of enthusiasm in contemplation of some past activity at Slaughter Beach. "They really give you a fight, and they don't get off like trout," he said. "I hate to catch trout," he added with another dubious look at the broad bay.

Defensively, the other Billy spoke up: "Wait'll you catch a big trout, or one of these sharks here at Kitts. You won't think so much about eels, then. These sharks are big and really give you a battle," he said.

Once started, conversation continued unabated. Billy followed suit after he had scoured a small thumb on the line porched from the small reel in the wake of a surging shark.

Things were a bit on the dull side at first, but fish appeared with the rising tide, and for some spirited half hour, the man was kept busy unhooking the boys' fish—sandy

Both boys started fishing with light bait casting rods, but Billy Richards shifted to a surf rod after the adult skipper of the three-man crew had caught a couple of impressive sharks on similar heavy tackle, and the other Billy followed suit after he had scoured a small thumb on the line porched from the small reel in the wake of a surging shark.

Babe Ruth League All-Stars Practice For State Tourney

Raymond, Hageman Aid Newark Squad In Drill For Test With Smyrna

The Newark Babe Ruth League All-Stars are engaged in their second week of practice for the state tournament, aided by University of Delaware baseball coach Harold Raymond, and by "Moose" Hageman, a former professional ballplayer.

The Newark All-Star squad will play the Smyrna All-Stars at the Newark High School diamond on Saturday, July 19, at 1:15 p.m., with a rain date of July 23 at 6 o'clock. The winner of the Newark-Smyrna test will meet the winner of the Brandywine-East-West division of New Castle County for the state title on July 26.

Delaware's state champions will play the Albany, N. Y. regional tournament, and if successful, compete in the finals at Vancouver, B.C.

Standings thru July 8

Newark Lumber	9	1
Bank of Delaware	4	6
Continental	4	7
Curtis Paper	3	8

League-leading Newark Lumber strengthened their first place position in recent play by defeating Continental, 6-2, and swamping the Bankers, 17-1.

Alan Adams pitched a no-hitter for the Lumbermen, with Art Carney hitting a home run for the victors.

The Bank of Delaware nine beat Curtis, 5-3, in a game featured by the stellar pitching of two 13-year-olds—Tom Van Kirk, for the Bankers, and Alan Ely for the Papermen.

Continental clipped Curtis, 14-13, with Keister the winner, and Don Frank the loser, in a free-hitting contest with triples by Essick, Thorpe, Starkey, and Briggs.

A pair of trout, a pair of perch, and a trio of small flounder.

There were plenty of sharks, though, as usual.

National Dodgers, Major League Giants Continue Undefeated In Pony Loop

The National League Dodgers and the Major League Giants continued their undefeated streaks for top billing in each league, as the Dodgers squeezed by the Cards, 9-8, and clobbered the Phils 3-7, while the Giants scalped the Braves, 19-6, and took the Tigers, 21-6.

The Toronto Maple Leafs were topped in a 14-2 contest by the Montreal Royals in the International League. This was the first defeat for the Toronto team which is in first place with a 5-1 record. Toronto defeated the Bisons in a 5-3 game to retain their position, and Montreal handed the Syracuse Chiefs their third defeat, 12-7, in last week's play for a two-way split for second place with 2-3 records.

The American League was all tied up at the end of last week's play. The first place Yankees dropped two games—to the Orioles, 21-11, and to the Red Sox, 12-6—to share second rating with the Indians, with 4-4.

The Orioles' win put them in first place with a 4-2 record, but a 16-15 loss to the Indians, left them only a half game in front. The Red Sox defeated the Indians, 12-11, for a 3-4 record, and a game to make up.

In the Indian-Oriole game the Orioles were in front by 12 runs until the third when Stamatoff drove in three Indian runs with his triple. This launched the Indians off to eight runs in the third, three in the fourth, two in the fifth and three in the sixth for the 16-15 win.

100 Girls Enroll At Camp Minquil For Day Program

Mrs. Thomas L. Worrell, director of the Minquil Day Camp on the Christiana in Rittenhouse Park, has a total registration of 100 girls—80 Brownies and 20 Intermediates. The intermediates will have their own special unit.

The camp meets for an eight-day session, July 21-24 and 28-31, with emphasis on nature projects.

Mrs. Worrell and Co-Director Mrs. Robert P. Farny, will be assisted by unit and co-leaders with Mrs. Walter Calvert, Mrs. Helen Dinger, Mrs. W. J. Eissing, Mrs. Joseph Fernandez, Mrs. Kenneth Lauterbach, Mrs. Robert Lloyd, Mrs. Charles McCloud, Mrs. Mitchell Pierson, Mrs. Louie Richardson, Mrs. Franklin Schealer, and Mrs. George Tull.

Mrs. David Abercrombie will be camp nurse.

Mowing Procedure Cited By Barwick For Lawn Grasses

Proper mowing is important in encouraging the growth of permanent lawn grasses and discouraging undesirable weeds, according to Ralph Barwick, ass't county agricultural agent.

Whatever the height of your lawn, frequent mowing is needed to avoid cutting off too much top at one time, the agent says. Too heavy a cut weakens grass plants, slowing growth. If a small amount of top clippings can be left to add organic growth is removed at one time, the matter to the soil. Heavy clippings should be removed or they will smother the grass.

Cool-season grasses such as bluegrass and fescues should never be mowed to less than one and one-half inches high. Closer mowing, especially in hot weather, will weaken or even kill these grasses, opening the way for invasion by weeds and crabgrass, Mr. Barwick explains. Crabgrass needs lots of sun and its germination and growth are slowed by taller-growing permanent grasses.

All mowers can be adjusted for height of cut, but the means of adjustment depends on the type of mower, the agent says. On most rotary mowers, height of cut is fixed by adjusting the wheels on the mower frame. Adjustment of the roller on reel-type mowers usually determines the height of cut. Adjustments should always be made and checked on a flat surface—a concrete walk or floor.

It makes no difference what kind of a mower you use—hand, power, reel, or rotary—but it should be sharp enough to cut the grass evenly without bruising and tearing the leaves, the county agent advises.

What the best and wisest parent wants for his own child, that must the community want for all its children.

Music Circus Stars

Jim Oliver, Sybil Lamb, and Lloyd Thomas Leech play the leading roles in "Fledermaus," which opens at the Brandywine Music Circus, Concordville, Pa., on Tuesday, July 15. The sparkling Strauss operetta will play for one week at the Brandywine big-top through Sunday, July 20.

"When a man gets away with telling his wife where to go, she probably asked for directions." —Franklin P. Jones.

Economy is half the battle of life; it is not so hard to earn money, as to spend it well. —Charles Haddon Spurgeon

NO TRAFFIC DEATH IN DELAWARE over the Long Fourth of July Holidays — none over Memorial Day Holidays.

If people can stop killing on holidays when thousands more cars are on the highways, why can't they drive sanely the rest of the time?

The tireless efforts of our fine highway patrolmen to make our highways safe, is paying off. There is no fun or satisfaction in killing some innocent person.

Practice SAFETY FIRST ALL THE TIME in DRIVING, IT PAYS. BE A GOOD SAFE DRIVER AND YOU WILL BE HAPPIER.
