

## RACE TRACK WILL CLOSE SATURDAY, MONDAY

Two "Off Days"  
Will Permit  
Meet To End  
On July 4th

Delaware Park will be closed Saturday, June 16 and Monday, June 18, the two "off" days of the current racing season.

The local track will be closed on Saturday in a neighborly gesture to the Pimlico which will stage the annual \$50,000 added Preakness as the feature attraction of a star-studded racing program which will also see the Pimlico Oaks and another stake race run at "Old Hilltop".

Delaware Park will close also on Monday to permit its current thirty-day meet to end with the July 4th program, giving the track five days of racing plus two holidays—Independence Day and July Fourth.

The second of Delaware Park's rich racing programs will be run next Thursday, June 15, when three-year old and up fillies will compete over one mile and one-sixteenth for the New Castle Stakes, \$15,000 added.

The third \$15,000 added stake event will be the Sussex Handicap for three-year olds and upwards, at a mile and a quarter, on Saturday, June 23.

## SCOUTS AID IN PAPER COLLECTION

Approximately  
20,000 Pounds  
Are Obtained

The local troops participated in the annual General Eisenhower Paper Drive Campaign conducted by the Boy Scouts of America. Troop 56 collected approximately 20,000 pounds of paper. Charles Eastman was the leader of the drive for this thirty-two Scouts, who collected from two boys to four points, and Conrad Lewis assisted in the transportation from these collection centers. Gerald Gilligan made the general arrangements for the local campaign.

Now that Scouts have completed the paper collection, they ask that those who continue to save paper, for their organizations are taking up the task of collecting it. Dr. George Beatty, Jr., Vice-President of the Junior Chamber of Commerce, advises that the Chamber is working out plans for intensive paper salvage program to begin within the next few weeks.

## ST. JOHN'S S. PICNIC

Service Mens  
Mass Sunday

The 1:30 A. M. mass at St. John's R. Church next Sunday will be for the spiritual and spiritual welfare of members of the parish in the armed services, and to children having perfect attendance will be made at a Sunday school session.

During the month of June, the St. John's R. Church will hold a family picnic at the home of the Rev. Norman E. Batterby, are Gerald Gilligan, Nelson and William Doyle.

During the month of June, the St. John's R. Church will hold a family picnic at the home of the Rev. Norman E. Batterby, are Gerald Gilligan, Nelson and William Doyle.

## St. John's R. Church Service Mens Mass Sunday

The 1:30 A. M. mass at St. John's R. Church next Sunday will be for the spiritual and spiritual welfare of members of the parish in the armed services, and to children having perfect attendance will be made at a Sunday school session.

## "Here's Your Infantry"

A 60 mm Infantry mortar is put into action by a demonstration crew as one of the Infantry weapons exhibited to the public during the 7th War Loan "Here's Your Infantry" tour of 600 cities by 25 teams of four boys and one adult leader. Corporal George W. Steinke, of Chicago, Illinois, who holds the Silver Star for gallantry in action and the Combat Infantryman Badge for exemplary conduct in action. Eight is the runner, Technical Sergeant Charles E. Kelly, of Pittsburgh, Pennsylvania, holder of the Medal of Honor, the nation's highest military decoration for extraordinary heroism in action, the Silver Star, the British Military Medal, and the Combat Infantryman Badge. In the rear is Private First Class Andrew Osenkowski, of Detroit, Michigan.

## INFANTRY EXHIBIT HERE NEXT TUESDAY

Army Unit  
To Stage A  
7th War Loan  
Show Here

"Here's Your Infantry", presenting the public with a ringside view of the American infantrymen in action, with specially trained teams to demonstrate battle tactics in a realistic attack on an enemy pillbox by using various infantry weapons, including the deadly flame thrower will be staged at Frazer Field next Tuesday evening, June 19, beginning promptly at 7:45. William E. Holt, chairman of the 7th War Loan in Newark, announced last night.

Admission to the exhibition is supposed to be by bond purchase. Bonds will be on sale at the gate. Those who have already bought bonds in the 7th War Loan drive may call at either bank, the postoffice or wherever they purchased them, and request tickets to see "Here's Your Infantry".

Staged by one of twenty-eight Army units putting on similar exhibits throughout the country in support of the 7th War Loan, the team will give the exhibit in Newark has on it a Newark soldier, Pfc. William O. Grant whose wife, Pearl M. Grant, lives at 36 Prospect Avenue.

Pfc. Grant wears the Purple Heart for heroic action in the European Theatre of operations and is a member of the touring unit giving these exhibitions in this section of the country.

## NO LION MEETING

Members Hear  
Mexican Consul

No meeting was held this week by the Newark Lions Club as their weekly dinner session was dispensed with to permit members to attend the joint meeting of the Rotarians and hear the Mexican Consul General Herrera discuss the United States good neighbor policy at the Country Club on Monday evening.

Lions will hold their regular dinner meeting next Tuesday promptly at 6:15 at the Country Club when A. F. Foder will be program chairman for the evening. Full attendance is requested at this meeting.

Newly elected officers of the club will be inducted at the next business meeting which will be held on Tuesday evening, July 3. Retiring officers are: Fred C. Evans, president; Lion Tamer, and Frank M. Smith, Tail Twister. Other incumbent officers were re-elected to other positions.

## WELCOME RECEPTION PLANNED FOR "IRON MIKE" SUNDAY

Newark will extend official welcome to Major General John W. O'Daniel on the lawn of the Memorial Library, University of Delaware, at 5 o'clock, Sunday afternoon. In case of rain the ceremonies will be held in Mitchell Hall.

Word was received Wednesday night that General O'Daniel would arrive in Wilmington at 4:30 Saturday afternoon after having spent several days with General Patton's party in Denver, Los Angeles and other western points where receptions were held in their honor.

Preparations for welcoming General O'Daniel home are being made by the Mayor's Welcoming Committee. The Rev. Andrew W. Mayer will deliver the address of welcome, Sunday afternoon, with Dr. W. O. Sypherd acting as master of ceremonies.

## CHILDREN'S EXERCISES AT CHURCH SUNDAY

Recitations  
Are Given By  
Children Of  
Sunday School

Annual Children's Day exercises were held at the Presbyterian Church on Sunday before a large attendance of parents and friends. A feature of the program was a skit in four scenes depicting the story of Marcus Whitney, a missionary in the Oregon Country, by Nancy Lewis, Dianne Carr, Stephanie Worrlow, Annette Ely and Phyllis Baker, all members of Miss Melissa Baker's junior class.

Other features of the program included recitations by: David Van Pelt, Carolyn Chalmers, Esther Beckoff, Barbara Dale and Fred Rohm. Group singing and recitations in the Beginners Department by: Paul Carlin, Enola Jane Newton, Stephen Rice and Francis Rinehart.

Primary Department recitations by: Margaret Lacher, Jane Ely, Lennie Loudis, Bill Douglas, Thomas Clifton Carlin, Peggy Jane Morton.

Junior class recitations: Lester Lewis, Gail Symington and Billy McCaulley. Other recitations: Roberta Wood, Joanna Miller, Johnny Miller, Jack Lacher, Mary Ann Little, David Mackey, Bob McAlpine, John Mavromatis, Sue Ware, Julia Wood, Virginia Lanier, Gail Barker, Sam Smith, Jack McDowell, Dorothea Kakavis and Margaret Young.

A solo, "Praise Him", was sung by Bob McAlpine. Judy Colburn was announced with Dorothy Draper, Dianne Laux, Vera Jane Osterhof and Georgia Lee Webster as ushers.

Assisting in arranging the program were: Miss Jennie Smith, Miss Ann Smith, Mrs. Ray McMullen, Mrs. Cooper, Melissa Baker, Helen Krapf and Helen Eastman. The platform and decorations committee consisted of: Ann Chalmers, Sara Steele and Helen Krapf. Flowers and greens were furnished by Mrs. Claude Hearn and Mrs. Daniel Krapf.

## \$93,000 IS RAISED SO FAR IN 7TH

Goal Near As  
Drive Enters  
Final Stage

Local progress in the 7th War Loan Drive is coming along satisfactorily. William E. Holt, Chairman of the Newark campaign, said this week, with approximately \$93,000 having been raised thus far in the house-to-house canvass for which the Newark goal has been established at \$125,000.

With a few weeks yet to go it is hoped that Newark will again to over the top in all departments of its campaign. The house-to-house goal is causing most concern to the committee, however, and residents are urged to buy bonds as never before.

Workers in this department are requested to make every effort to solicit every home in their zone and make reports promptly. The committee in charge of the 7th War Loan will appreciate it if workers and zone captains will submit their reports as soon as possible. The committee will receive reports each Monday, Wednesday and Friday evening at the Elliott Building, East Main Street.

Newark has never yet failed to go over the top in these campaigns and the mighty 7th will be no exception if everyone does their part.

## MEXICAN CONSUL ROTARY SPEAKER

United States  
Good Neighbor  
Policy Discussed  
By Herrera

President E. Newman Rose conducted the weekly dinner meeting of the Newark Rotary Club, at the Country Club, Monday evening, with members of the Newark Lions Club and other notable guests in attendance.

Herbert Mobley was program chairman for the evening and introduced Ernesto Zorrilla Herrera, Mexican Consul General, who spoke to those present on the U. S. - Mexican good neighbor policy and to from the United States.

Mr. Herrera said that Mexico's contribution to this policy is not so highly publicized as it is in our country. Many Mexican boys are fighting with the United States, he said, with about 200,000 Mexicans being sent to the U. S. annually to work on railroads.

Mexican education standards have been elevated in the past few years, Mr. Herrera stated, with the future of Mexico dependent upon her children. In Mexico, he said, education is built upon a democratic foundation.

Among guests at the meeting were: Norman E. Batterby, Edward F. Matthews and Earl A. Alexander, Newark; H. R. Gibb, W. H. Kendall and H. G. Schlosser, Wilmington; W. B. Ewing, Jr., and J. Ralph Edwards, West Grove and Harry L. Belles, Johannesburg, South Africa.

## CITATION AWAITING O'DANIEL ON RETURN

"Iron Mike" Is  
Expected Home  
Latter Part  
Of This Week

"The Conspicuous Service Cross of Delaware" will be presented to Newark's own Major-General John W. (Iron Mike) O'Daniel upon his return to his native state sometime this week, it has been reported here. There is a probability that the presentation may be made at the "Here's Your Infantry" exhibit on Frazer Field next Tuesday evening as General O'Daniel is expected to return to Newark the latter part of this week, although this is unconfirmed.

The general, who fought through the African, Italian and German campaigns, that took him into the veritable center of Nazism, telephoned his aunts, Miss Nellie B. Wilson and Miss Etta J. Wilson, 313 East Main Street, from Boston last Friday, saying that he was enroute to Denver and Los Angeles with General Patton's party where receptions were being arranged for the group. Mrs. O'Daniel went to Los Angeles to meet her husband and they are expected to return to Newark together as soon as conditions will permit.

The last time General O'Daniel was home was in December when he returned from the front for a very brief period then hastened to rejoin his division. More complete details of his background, experiences and career will be published in a later edition of The Newark Post as the information was lengthy and received too late for complete publication this week.

## VACATION CLASS OPEN

The Vacation Bible School began Monday morning at the Presbyterian Church in charge of the pastor, Rev. H. E. Hallman, and will continue for four weeks, closing on Friday, July 6. Those who were unable to attend the first week can start next week. Or, any who can only attend for part of the course are welcome to come for as long as they are able.

The course includes Bible study and memory work with interesting opening and closing exercises, all presented in an appealing manner to the children. Parents generally agree that, in addition to the spiritual benefits derived, they have less trouble with children during the summer after they have attended Vacation Bible School.

## Annapolis Graduate

Midshipman John M. Tierney

Midshipman John M. Tierney, son of Mr. and Mrs. William A. Tierney, Sr., 175 East Delaware Avenue, graduated from the United States Naval Academy, Annapolis, Maryland, June 6.

He is a former graduate of Newark High School, class of '42, where he was active in scholastic and athletic circles. He was on the Yellowjacket football squad for several years.

Midshipman Tierney entered Annapolis in 1942 on an appointment received from Senator Tunnell. Following his graduation from the academy he was granted a thirty day leave before assignment to duty.

## FIREMEN ANSWER 3 ALARMS ON FRIDAY

Two Escape  
Injury When  
Car Burns At  
Ogletown

The Aetna Hose, Hook & Ladder Company reported no local fires during the month of May but began to pay up for their holiday during the first week in June when three alarms were answered last Friday.

The first call was answered when an automobile driven by Joseph Elmer Leidy, of Hatfield, Pa., went out of control on the sharp turn at Ogletown and turned over, caught fire and was destroyed.

Leidy and a soldier, Edward J. Grogh, were able to get out of the wreck before flames reached them. Turning upside down and resting on its top, the car was a blazing wreck when local firemen reached the scene and pumped water on the conflagration from their booster tanks.

At 1:05 Friday afternoon, firemen were called to 26 Kells Avenue where a pile of rubbish behind a garage had caught on fire. No damage was reported.

The third call, Friday, was received at 4:30 P. M., when a child was said to have been playing with matches under a cabin on the property of William Barnard, at Deandale. The cabin was occupied by John Gresham, who was asleep at the time but was awakened in time to escape the blaze.

## BOARD MEETS ON FRIDAY

Superintendent  
Not Yet Named

The Board of Education of the Newark Special School District, composed of Robert S. Gallaher, president, John Pearce Cann, W. Franklin Wilson, and Joseph McVey, will hold their regular monthly meeting at the high school Friday evening, June 15.

No indication has been received that the Board will attempt to name a superintendent for the local district although recommendations may be made and it is possible that some action could be taken at this meeting. Meetings of the Board are public, according to the president and members.

The Newark Post has received communications urging it to exhort taxpayers of the District to write to Judge Frank L. Speakman, Resident Judge for New Castle County, Wilmington, giving recommendations for future appointments to the Board in an effort to get some new, and younger "blood" on the Board.

Terms of present Board members, who are appointed for four year terms, expire as follows: Cann, July 1, 1945; Wilson, 1946; McVey, 1947; Gallaher, 1948. The superintendent is secretary and ex-officio member of the Board.

## ARMY PLANE CRASH NEAR HERE KILLS 7, SUNDAY

C-45 Transport  
Explodes, Burns  
On Morris Farm  
Early Sunday

Seven Army men were killed instantly and a C-45 transport plane demolished to twisted bits of scattered wreckage about 8:30 Sunday morning when the plane, apparently having engine trouble, side-swiped an oak tree fringing on a wheat field and crashed on the farm of former Judge Hugh M. Morris, two and one-half miles East of Newark, near Polly Drummond Hill.

The transport is said to have been the property of the Troop Carrier Command, and had left Pope Field, Fort Bragg, N. C., shortly after 6 A. M. enroute to Trenton, N. J. Residents living nearby heard the missing motor as the plane circled twice evidently trying to find a suitable spot for an emergency landing.

On the second circle, the craft apparently struck the oak tree about fifty feet above the ground and cut a swath through saplings as it hurtled to earth burying one engine deep into the ground and strewn bits of wreckage and humanity through tree-tops and over the terrain of an area of several hundred yards.

One parachute was found lodged in a tree where also was an oversize cap. Other unopened parachutes, bits of clothing and parts of the planes equipment were widely scattered as a result of the explosion which followed the crash. The ensuing fire completely demolished what might have been left of the craft and its occupants.

Bodies of the seven men were taken to an Elmhurst funeral home where identification was being made. Three ambulances, a crash truck and a medical corps headed by Maj. John T. Walke, base surgeon and Capt. Jack Lustgarten, flight surgeon, was detailed to the scene by Lt. Col. Wm. B. Wooten, commanding officer of the Second Ferrying Group at the New Castle Army Air Base.

## SEWING WORKERS NEEDED

Red Cross Also  
Wants Knitters  
For June Quota

Work has begun in the Red Cross sewing rooms on layettes to be sent to babies overseas. The Home Demonstration Club of Glasgow furnished \$43.50 with which to purchase the material and workers are needed to help with the sewing and cutting.

There is also an increased quota of regular sewing garments to be sent to Army hospitals and for distribution to adults and children in countries now being liberated. It is hoped that many who have been making surgicals will now help with sewing and knitting as 132 coat sweaters, 600 mullers and beanies and 2000 bedroom slippers are scheduled for immediate production.

The army is now taking stock of all surgical supplies in the European Theatre that can be shipped to the Pacific and accordingly has cancelled the order for June and July surgicals so that after the present supplies are completed there will be a temporary lull in production of surgicals.

The rooms will be open only on Tuesday, until further notice.

## 1st Communion. S. S. Awards Given At St. John's Church

Fifteen children of the parish of St. John's R. C. Church received first communion in the class of June 3. They were: Mary Buckley, Joseph Lehman, Rose Mary LePara, John Mank, Phyllis Manning, Norvean Murphy, Flore Nardo, Mary Ann Patterson, Thomas Ross, Francis Skillman, Maureen Stout, Catherine Street, Maria Theresa Ross, Francis Gistl, Louise Sanborn, and Martha Lona Daly.

Perfect Sunday School attendance rewards will be presented to sixteen children at the exercises held at St. John's Sunday morning. Children who will receive the awards are: Rita Aulen, Barbara Robinson, Theresa Duffy, Dorothy Aulen, Gertrude Tierney, Jean Stiltz, Clara Robinson, Joan Stiltz, Agnes Tierney, Betty Gregg, Peter Stiltz, John Mank, Mary Ann Patterson, Marguerite Tierney, Robert Daly and Joseph Duffy.

## Malatesta Cement Contracting Is Accepted As Standard By All Customers Within 20-Mile Radius Of Wilmington

Quality of workmanship and the use of superior materials assures the full measure of satisfaction for customers of Malatesta, Inc., 1044 North du Pont Street, Wilmington.

The cement contracting enterprise has established itself as a reliable and conscientious business because David Malatesta had the foresight to install methods and means of service that stood the test of time.

Sidewalks, driveways, floors and

other large areas covered with solid, enduring cement by Malatesta methods, while curb setting included in the scope of activity, also.

Established in Wilmington 32 years ago, Malatesta, Inc., has been at its present location a dozen years. During its long span of service the firm has enhanced its standing by a capable roster of activity and uses the best of accepted methods to assure continued satisfaction for all.

Within 20 miles of Wilmington the Malatesta concern has built its reputation. Pre-war years found it ready and willing to serve all who called on it, but the limitations imposed by war affected every line of endeavor and Mr. Malatesta, while not looking for additional business, is out to serve as many established customers as he can.

Post-war plans call for an even more extensive activity than was provided in the past.

## Army Doctors Make Discovery

To have been the experience of army doctors that an unusual combination of good work on the part of the army and a unique drug has been found to cure a variety of ailments, including eczema, psoriasis and other skin diseases, is a discovery that is being hailed as a major medical advance.

The discovery was made by army doctors at the Walter Reed Army Medical Center in Washington, D. C., and is being tested in a series of experiments at the Army Medical Research and Development Command in Washington, D. C.

The drug, which is known as "VICTORY" and is a combination of various chemicals, is being tested on a large number of patients at the Walter Reed Army Medical Center and at the Army Medical Research and Development Command.

The discovery is being hailed as a major medical advance because it is the first time that a drug has been found to cure a variety of ailments, including eczema, psoriasis and other skin diseases.

## MANY REYNOLDS CONVALESCENT HOME ATTRIBUTES WIN WIDE RECOGNITION IN CARE OF VARIETY OF ITS CASES

Careful planning is seen in all activities at Reynolds Convalescent Home, 609 Delaware Avenue, Wilmington. The location was planned, the scope of service was planned and equal consideration went into the methods of caring for folks who make it their temporary or permanent home.

Mild mental cases are admitted, while post-operative and post-natal patients likewise find comfort and every convenience here. Chronically ill persons get more out of life despite their conditions at Reynolds Convalescent Home for it offers them ideal surroundings

and the full range of consideration they need.

Centrally located, Reynolds Convalescent Home combines the attributes of excellent professional practice with the home-like atmosphere and comfort one expects at his own fireside.

There is nothing about the place that has the appearance of an institution. It is a home for those who want to get well quickly or, in cases of the chronically ill, it represents a headquarters for every attention they require.

Mrs. Kathryn Reynolds planned the

whole thing. She has a great personal interest in helping others and has made the most of every opportunity to provide amply for those placed in her charge. She gives special attention to the diet of every patient. She invites those who make their home here to retain their personal physicians.

For 10 years Mrs. Reynolds has been identified with her present line of endeavor and has instituted methods and measures of serving that are regarded as standard in the work.

The home opened for patients in August of last year.

## STABILITY OVER SPAN OF 37 YEARS WINS NEW CASTLE TRUST CO. PUBLIC APPROVAL AND FULLEST CONFIDENCE

The financial institutions of America were prepared for any emergency measure that would be found needed when this nation was called on to defend itself against aggression. For New Castle Trust Company this was not a new situation. The banking house on Delaware Street, New Castle, has been doing business since 1908 and its records have many bright spots in the darkest days of depression and war, showing that the bank has always held to strict conservatism.

Serving the general and business public well, New Castle Trust Com-

pany has been a boon to the region as a whole for it is the type of bank that folks can depend on. Providing well for three generations of residents, the institution has seen many changes in the life of the region during its long career and through the use of financial and business methods that please everyone has rounded out an impressive scope of service.

A member of the Federal Deposit Insurance Corporation, the New Castle enterprise has the deposits of its customers insured individually up to \$5000.

Total assets are \$2,882,000, with capi-

tal at \$50,000, surplus of \$50,000 and undivided profits totaling \$31,000.

Loans are made under FHA plans to help householders. The interest of the bank in maintaining the best standards in all departments of its work is seen to a further extent in this phase of its work.

Horace L. Deakynne serves as president, with James T. Lison, vice-president, and Frank H. Long, secretary and treasurer.

A courteous, efficient personnel has long been an asset to New Castle Trust Company.

## GROSS PRIVATE HOSPITAL 12-YEAR RECORD APPRECIATED BY REGION

A continuing service for the benefit of Wilmington and its environs has gained for Gross Private Hospital the acclaim of the medical profession and laity during the 12 years the institution at 817 West Street has been compiling its record.

Medical, surgical and obstetrical cases are admitted with every care and consideration given to assure maximum comfort for the patient. There is a spirit of neighborliness about the hos-

pital that helps folks cheer up and get a better outlook on the situation even when they don't feel well.

Three brothers, all medical doctors, direct the hospital. Drs. A. J. B. A. and E. R. Gross have combined their interests in the institution to place it on its present tier of acceptance.

Gross Private Hospital is the type of institution that is doing a two-fold job today, for not only is it a valued

element in the community and its environs, but it is prepared to meet wartime emergencies. When war came suddenly on the national scene the hospitals of America were quickly prepared to meet emergencies.

Fortunately, the enemy attacks on our shores have been limited to a few submarine shells and some paper balloons. But is a relief to know that such institutions as Gross Private Hospital are in our midst.

## SONOTONE OF WILMINGTON HEARING AID DISTRIBUTOR FOR FAMOUS INSTRUMENT

It has often been said Sonotone offers HEARING not just a hearing AID.

Thousands can attest to this since the popular instrument has enabled them to do a better job for Uncle Sam and find contentment and enjoyment from social and business activities.

Sonotone of Wilmington is the local distributor for the famous unit with Israel Handelman as manager, a post

he assumed two years ago with jurisdiction over state-wide activities for Sonotone Company. Mr. Handelman has been with the firm 10 years.

A unique service plan is stressed by Sonotone, which is individually fitted. Throughout the years wearers of the unit are assured of the best of service for this is part of the understanding and guarantee when the instrument is

purchased.

Clients find Mr. Handelman and his aides always ready and willing to serve them at their homes or in his office. Exactness is much in evidence as Sonotones are made to suit the personal requirements of each person. Offices are at 607 Medical Arts Building, 601 Delaware Avenue.

## Day Convalescent And Nursing Home Gives Full Attention Good Food And Care Contribute To Recovery Of 'Guests' To Special Requirements Of Patients As Its Atmosphere,

A friendly atmosphere—more of the big family type—and a daily menu that quickens the appetite and gives it a better appreciation of good food are but two of many attributes of the convalescent home of Mrs. William C. Day, 3 Wister Street, Claymont.

Men and women find the enjoyable spot a good place to recover if they are in the post-operative or general convalescent stage, while many folks just in need of a rest make it their temporary home.

Mrs. Day is an alumna of the University of Maryland in the Class of '28

and a registered nurse. She established her convalescent home last October to provide a distinctive service and has succeeded in elevating it to a place of acceptance among the medical profession and public alike that is a tribute to her ability and interest.

The many elements she installed in the home at the outset helped place it at once on a tier of recognition that was deserved. From time to time new factors have been added and the location is now known to scores of families as the place their loved ones spent an enjoyable recovery.

No mental or contagious cases are admitted, of course, but aged and infirm persons and others who will make it but a temporary stopping off place on the road to complete recovery find at the Day convalescent home the things that help them to get back in business and social stride once more.

Mrs. Day is always the genial host with a keen understanding of her "guests" and an equally keen desire to serve them well. It is a pleasure to visit a relative or friend at the Day location, for everyone is treated as a guest.

## Imperial Washable Wallpapers Distributed Over Region By Thomas Co.; 25-Year-Old Firm Showrooms Open Daily

Names, backed by quality products, hold the attention and esteem of the public for years. Such a name is Imperial—when applied to washable wall-

papers.

Linked closely with the acceptance of the famous wallpapers in the Wilmington metropolitan area is Thomas Wallpaper Company, 103 Market Street, which has served as distributor for the famous products over a span of many years.

Established in Wilmington a quarter of a century ago, the Thomas enterprise

has been at its present location for all but a decade of this period.

Showrooms are open daily from 9 to 1 and 2 to 5. Saturday closing time is noon.

Seven months ago Howard Gifford was appointed manager and has demonstrated what he has learned about wallpapers and pleasing the public during his six years with the Thomas Company. Equipped to give advice and aid in every way possible, Mr. Gifford has the confidence of all who rely on the

concern.

Thomas Wallpaper Company has a reputation that is composed of the permanent success elements people appreciate. Its efforts are aimed at pleasing everyone and this ideal has helped it to gain the recognition and commendation it deserves.

Imperial washable wallpapers are real time savers for the home or place of business and Thomas Wallpaper Company is ready to demonstrate their qualities.

## Improvement Of Residential And Business Properties Is Stressed In Daily Service Program Of A. Fortunato

Commanding a place of esteem in its own line of endeavor and among customers throughout the Greater Wilmington area, the firm of Agostino Fortunato has a reputation spanning the last 25 years in which it has accomplished a great deal for the benefit of those who want the best.

Home makers and business property owners are extensive in their praise of the work of the firm at 1337 West 4th Street, for it has left no stone unturned in its quest to maintain a superior serv-

ice for the benefit of customers all over the district.

Mr. Fortunato has been allied with his present work for 35 years. During this period he has made a study of changing needs and conditions and has added the best of modern trends to his scope of service.

Thoroughness probably accounts for more of the firm's success than anything else. Mr. Fortunato gets a great deal of personal satisfaction out of do-

ing the job well and seeing how happy his customers are when it is finished. Through this personalized angle he is equipped to continually outdo past attainments.

Building in the post-war years is going to outdo any previous era and Mr. Fortunato will be among the first to provide a more extensive service of home improvement and modernization. Homes, business houses and industry will count on him as never before.

## DELAWARE SAND AND GRAVEL RELIED ON BY CONTRACTORS FROM VARIOUS SECTIONS OF STATE AND ENVIRONS

Reliability that means so much in the present press of wartime endeavor is not a new attribute of Delaware Sand and Gravel Company for the firm on Grantham Lane, New Castle, has a record of accomplishment behind it that reflects the interest of the management in making every phase of service wholly dependable.

Road contractors comprise the main portion of the firm's clientele with sand and gravel supplied in large quantities to them. Roads of all kinds throughout the state area and its environs have been built with the aid of materials supplied by Delaware Sand and Gravel

Company.

Practically from the start of its career in 1938 the firm was thought of in the light of an enterprise that was capable and willing and the years have only added further proof to this original impression.

James Dellaversano and his son and daughter, Joseph and Mary, direct the business. The senior member of the family is the owner with his son serving as general manager and daughter as bookkeeper.

Quality is an outstanding characteristic of the concern because the management has made it so. The contractors

who rely on the firm's supply of sand and gravel know it as the best available. It is prepared for their use by workers who know how to accomplish their tasks.

The business methods of the enterprise are as complete and thorough as the trade policies, which means that the customers of Delaware Sand and Gravel Company are assured of a continuing consideration despite the many difficulties that have affected the business and all others since war came.

Post-war plans call for an even wider range of endeavor in the interest of contractors.

## Delaware Hide And Fur Co. Helps War Effort With Range Of Service Aimed At Conservation and General Demands; Partners Direct Enterprise Which Was Launched In 1920

An enterprising and progressive firm with its facilities aimed at helping to win complete victory as soon as possible is Delaware Hide and Fur Company, 112 Walnut Street, Wilmington.

During the present conflict the essentials which the concern buys and sells are in greater demand than ever before. Through conservation, the company has kept pace of the requirements of Uncle Sam while backing in every way the needs of the home front.

Raw furs are purchased by the company as are hides and wool. Capable management has accounted for much of the standing of the business in both

peace and war, but with the market in great need of products the firm has widened its scope of activity to better serve those who call on it.

Since 1920, Delaware Hide and Fur Company has been an important influence in its own line of endeavor and has kept up with all departments of the field, in addition, it offers a stabilizing influence on the business life of the region.

Tried and proven principles that have stood the test of time are stressed by Delaware Hide and Fur Company. Its work is conducted to bring the

greatest amount of satisfaction to its customers and assure a place of prominence for the business.

Depression, pre-war boom and the conflict have not swayed its standing heads from their course.

Nathan Margolin, president, has been in the field since 1926. Assisting him in directing the business are Samuel William Sklut, brothers, with 14 and five years experience, respectively.

Post-war years will find the company back in direct service for the benefit of its private customer list.

## Van Demark And Lynch Provides Complete Engineering Scope For Clients In New Castle County And Vicinity; Partner Heads Firm Actively While Other serves With U. S. Army

Reliability that has brought recognition from firms and individuals who want only the best of service is provided by Van Demark and Lynch, 421 North Broom Street, Wilmington, which has kept a scope of endeavor available in civil engineering and surveying that is regarded by many as being in a class by itself.

Ernest S. Van Demark and Frank Lynch established the business eight years ago. Mr. Van Demark continues to direct the program of the concern capably while Mr. Lynch is now Major Lynch, United States Army. He has been in the service four and a half

years.

An alumnus of Tufts College with 33 years' experience in the profession, Mr. Van Demark is equipped to provide a full roster for real estate men, corporations, architects and builders. Helping property developers to lay out their areas, designing sewer systems and similar services dealing with civil engineering and surveying in all departments are maintained as integral parts of the work of Mr. Van Demark.

Major Lynch, University of Delaware graduate who has been in the profession 19 years, will return to the partnership when the war is over. He has many copious endeavors are planned that happy era soon to be realized.

Throughout New Castle County and its environs the firm provides a complete service and in its complete range of work has found much of the recognition it deserves. The many commendable aspects of the partnership have elevated it to a pinnacle of acceptance that has built confidence in large quantities.

Van Demark and Lynch has kept a civic duty, too, for in the beautification plans of properties and developments all over the area the partnership has played an important part.

## Mill and Industrial Supplies Distributed Over Region By Hudson Supply Co. Find High Favor With Customers; Since 1882 Firm Has Held To Standards Of Permanency

There have been many economic changes on the American scene since 1882, with most of them having their influence and affect on the Wilmington metropolitan area. During this long span of time, Hudson Supply Company has kept its standards up to par and its service in the distinctive class to win the commendation of firms and individuals.

Standard brand names have long been its chief stock in trade. Even now, with wartime shortages bringing unprecedented difficulties in the procurement of needed tools and equipment, the hardware firm has a selection of items that is unique.

Located at 117 Market Street, Wilmington, Hudson Supply Company has to its credit a faithful and sincere wartime service plan with its exacting scope of endeavor aimed directly at helping out on the home front as much as possible.

For 28 years its record has been enhanced at its present address—with two war periods served in this period of time.

Throughout Delaware and nearby New Jersey, war plants are served by Hudson Supply Company. The concern serves as distributor over the region for Cleveland twistdrills, Keystone lubricants, Plymouth rope and other famous names in mill and general industrial supplies.

Hudson Supply Company has always had competent management and a single factor has been outstanding in its success. Through the efforts of A. T. Hudson, president and treasurer, and J. H. Spruance, Jr., secretary and manager, it has succeeded in developing and progressive through depression, boom times and war.

Mr. Spruance took over his post office in 1939.

Heavy hardware of all kinds is available, with tools for mechanics doing important work for Uncle Sam and the general public in stock.

Hudson Supply Company has always had competent management and a single factor has been outstanding in its success. Through the efforts of A. T. Hudson, president and treasurer, and J. H. Spruance, Jr., secretary and manager, it has succeeded in developing and progressive through depression, boom times and war.

Mr. Spruance took over his post office in 1939.

## Harvey C. Fenimore Is Auctioneer of Vast Experience; His Address At Price's Corner, 5 Miles West Of City Known As Auction Headquarters To Hundreds Of Patrons

Auctioneering is an old profession. No one knows how far back into antiquity goes the history of the man with the stentorian tones, but if the cavemen had something to barter the chances are some enterprising individual came forth to put the "sale" across for them.

Few have the proficiency or long record of service that belongs to Harvey C. Fenimore, on Old Lincoln Road (Highway No. 2) five miles west of Wilmington at Price's Corner.

For decades the location has been known as an auction headquarters and the result of capable endeavor on the part of Mr. Fenimore has brought the

place its greatest fame.

He has full facilities to conduct any auction here, but some of his customers ask that he conduct sales directly on the premises of their homes, farms or business houses. Selling the contents of estates or houses, land and just about anything, Mr. Fenimore has long been known for his fair dealing and the above-board manner in which he conducts his business.

The result of capable and conscientious effort has been to elevate the firm to a place of esteem in the life of the area and promote the best interests of

the customer in every instance.

Thirty years ago Mr. Fenimore ended his present line of work and the ensuing years have added to his knowledge of the best ways to serve the public. Capable and aggressive has made the most of his opportunity to enhance his reputation for doing work well.

Price's Corner took on new greater significance under his guidance, for when Mr. Fenimore came owner and began auctioneering off at this long-established location 25 years ago he made an important step in the right direction.

## Dual Plan Of Mortgage Service Corp. Is To Provide Well For Customers And Keep Standards Of Endeavor At Peak; Staff Sergeant J. Edwin Ratledge, Pres., In Army 3 Years

Co-operation has built much of the reputation of a Wilmington firm in a not uncommon line of endeavor and added to its prestige for the job being done.

Mortgage Service Corporation had its beginning five years ago in Wilmington and moved to 200 West 10th Street two years later. The full worth of the plan of endeavor of the enterprise is found in the manner in which it has co-operated with property owners, banks and the FHA in securing suitable mortgages. There is a fairness and friendliness in the dealings of the firm that has gained it a place of individuality and

distinction. To say that it has won its recognition on service is putting it mildly; it has actually gained prestige and continued approval through the plain American way of doing things.

Being courteous and efficient at the same time is a creed with the office and its services are appreciated by all with whom it has dealt.

Augmenting the general mortgage securing and related services is a complete insurance department. Helping folks to get the right amount of protection is a chief interest of Mortgage Service Corporation.

The insurance business has experi-

enced some new and unusual developments in the war years but the Mortgage Service Corporation is prepared to meet them. A full advisory service in this department has been a major asset to the

J. Edwin Ratledge, president and conscientious endeavorer, has been with the firm as its president, but during the war years he has been in the Army and now serves as a sergeant of Engineers in the United States Army.

Miss Florence M. Mount is the able secretary and treasurer of the firm.

## WYE CORP. READY WITH CASH LOANS ON AUTOS OR PERSONAL SIGNATURES

Will soon pile up when any source of revenue is lost or money is required to meet taxes or unexpected indebtedness. Policy find convenient, helpful service available at Wye Corporation, 1112 King Street, Wilmington. This subsidiary of Maryland Credit-Finance Corporation has been a boon to many in the present period of heavy taxation. Homeholders wishing to make repairs on their homes or families in need of medical, surgical or dental attention know they can get cash at Wye Corporation.

J. F. Feeney, Manager, is always available to help folks with financial problems. He has won a host of friends as a result of his sincere and thorough endeavor in their interests.

Mr. Feeney has been manager of the local branch since September. He joined the company 10 years ago.

Wye Corporation has had a Wilmington office since 1939. The parent company was founded in 1920 with home offices in Easton, Md. Wye organization

has branches in Baltimore, Salisbury, Chester, Pittman, and Philadelphia.

Maryland Credit-Finance Corporation has had an office in Wilmington since 1924.

Friendly service always available and the courtesy and willingness of the manager and personnel to assist a client help a great deal. All transactions are confidential with loans made on automobiles or signatures.

## PUBLIC DONATIONS AND ENDOWMENTS MAINTAIN HOME OF MERCIFUL REST

Outstanding in its service to humanity is Home of Merciful Rest for Incurables, Lovering Avenue and Union Street, Wilmington.

Female incurables are accepted at the home which was established 42 years ago and has been hailed as one of the greatest benefactors for helpless and helpless that this area has ever known.

Endowments and public contributions keep the home in operation. It has

a commendable record of public service to its credit and every dollar received helps advance it still further.

Mrs. Mabel Furr served as assistant superintendent for 18 months before taking over the superintendency completely a year and a half ago. She was graduated from Delaware Hospital in 1914 and has been identified with the profession of nursing ever since.

She brought managerial experience and a thorough understanding of her

office into use when she assumed the superintendency and has maintained an exacting standard for the benefit of inmates.

Home of Merciful Rest for Incurables has followed the policies of its originators in keeping to the ideals of help for those who are desperately in need of it. Care and comfort are stressed with every consideration given to make more enjoyable the lot in life for those who live at the home.

## Wicacoe Riding Club Brings New Pleasure To Saddle Folks With Well-Groomed Horses and Miles Of Good Bridle Paths; Many Expert Riders Have Been Developed Under Guidance

Men and women find relaxation in back riding for it provides them with an opportunity to get out of doors and enjoy the sport which is recommended highly for its health values.

Wicacoe Riding Club, 41st Street, east of Market, Wilmington, has given its aid to fulfill the demands of patrons from all over the metropolitan district during the last few months. Establishment under present ownership last October, the club has included just about everything the visitor could expect to find in the time spent in the saddle was most enjoyable.

Youngsters get a great thrill out of visiting the Wicacoe location for they are given every attention and taught how to ride just like adults. No one is a stranger to the saddle very long at Wicacoe for the program stresses getting them into the swing of things as expert equestrians.

Phoning for reservations in advance is a good idea, for there is usually a waiting list to use the beautiful mounts. Plenty of bridle paths in the immediate vicinity afford visitors to Wicacoe Riding Club an opportunity to enjoy their turn in the saddle in comfort and

safety. Conveniently located, the club is justly proud of the fact that many of its patrons are men and women engaged in war work or some other essential service on the home front. In providing them with relaxation and enjoyable hours out of doors, the club is doing its share to keep up public morale and health.

John W. Sabin is president and Olan G. Jones serves as vice-president. They are interested in boarding and buying horses, giving advice and helping everyone to learn more about horseback riding.

## Ward Parking Lots And Refreshment Stands In Favor With Public; Good Food And Best Service Have Gained Esteem For Enterprise In Face Of Wartime Conditions

Serving the public at any time is not an easy task, but the methods used by Ward, Inc., have found such favor that others have patterned after them to advantage. Cars are parked safely on Ward lots. Good food is served at concession booths and refreshment stands under the Ward banner.

Small fairs have placed their approval on the work of James P. Ward and his service at the Wilmington Ball Park, 826 King Street, 827 French Street and 1106 French Street.

In addition to the ball park food concession, the Ward firm maintains a refreshment stand known popularly as Blue and Gold on West Chester Pike near Johnson's Corner.

The national pastime wouldn't be complete without a sandwich and a bottle of "pop," so Mr. Ward takes care of the "inner man" of the fan while he cheers on the local entry.

Established in Wilmington seven years ago, John P. Ward, Inc., has a record of public service that is unexcelled. Parking lots are operated by the firm at Wilmington Ball Park, 826 King Street, 827 French Street and 1106 French Street.

This is a task of large proportions, for the demand is greater than ever before and facilities, food and help not as available as it was in the pre-war years.

Headquarters of the organization are at 1106 French Street. Mr. Ward directs the business personally and ascertains that the customers get good food and service even in the face of wartime conditions.

September 1, 1944, found another change taking place as the name of the firm became Pippin and Kinnamon, Inc., with Mr. Pippin as president and Dorsey B. Kinnamon in the role of vice-president.

Post-war plans will find an extensive service available here.

## Pippin and Kinnamon, Inc., Has Full Scope Of Insurance For Personal And Business Coverage; S. Thomas Pippin Now Giving Full Time To Chief Executive Office Of Firm

The public got a new appreciation of insurance when war came and through the efforts of capable and reliable firms throughout the nation the coverage necessary for all general wartime protection was made available.

Pippin and Kinnamon, Inc., has an extensive background in the field and the confidence of a host of clients in the Wilmington area. Recently, it announced that S. Thomas Pippin, president, would give his full time and attention to the chief executive capacity and thus afford his clients a service of even greater scope.

He severed other business connections to devote full time to the office and customers are appreciative of this important move.

Personal and business policies of all types to cover just about every requirement are contained in the complement of the enterprises at 310 Equitable Building, 9th and Market Streets, Wilmington. But the work of the concern goes beyond this to include a general insurance survey service. This time and money-saving plan has been accepted as standard by clients all over the area.

In 1920 the business had its beginning

as Armand, Durant and Company, Inc., and gained a reputation for capable endeavor. Its record of service in the early years was impressive, but it remained for Mr. Pippin to become head of the business in 1928 and lift it to new heights of public acceptance.

September 1, 1944, found another change taking place as the name of the firm became Pippin and Kinnamon, Inc., with Mr. Pippin as president and Dorsey B. Kinnamon in the role of vice-president.

Post-war plans will find an extensive service available here.

benefited particularly from the road-building department and many of the fine highways in the state stand as a credit to the work of Petrillo enterprise.

Throughout Pennsylvania and New Jersey the name Petrillo means the best in road building elements and construction.

Estimates are given on any contract, while the advisory service of the Holly Oak firm is equally important to clients.

## Newton's Chick

THINK AHEAD Post war competition in the hatching industry will bring profit to the supply rack owners and hatcherymen who have better quality chicks.

Newton New Hampshire and Barred Rocks are not only bred under the R.O.P. program for the usual production qualities; but they are also pedigree bred according to an extensive private program for meat quality such as depth of keel, breast width, color of flesh, rapid growth and feathering. ## Newark Grades Purchase \$12,915 In 7th War Loan

The sale of Bonds and Stamps in grades one to six for the 7th War Loan totaled \$12,915.00. The sales were conducted by the 6-C class of the Newark School which also bought the most Bonds and Stamps. All twenty elementary rooms took part in the drive with the sales by grades as follows: Primary—1A, \$300.00; 1B, \$325.00; 1C, \$300.00; 1D, \$800; 2A, \$100.00; 2B, \$100.00; 2C, \$600.00; 3A, \$250.00; 3B, \$100.00; 3C, \$275.00; 3D, \$825.00; Intermediate—4A, \$100.00; 4B, \$650.00; 4C, \$625.00; 5A, \$275.00; 5B, \$375.00; 5C, \$425.00; 5D, \$1,000.00; 6B, \$800.00; 6C, \$3,250.00. The total stamp sales totaled \$1,540.00.

Grade 6C had a perfect record for January, February, March, April, and May while grades 2C, 3D, 5D, and 6B deserve honorable mention for having a large percentage of buyers each week. This project aroused a great deal of interest and gave the children real experience in handling money and keeping accounts.

## GRATUITIES COME HIGH

"American workmen are watching their pay checks and today they find a substantial and growing difference between their rate of pay and what is taken home," says David B. Robertson, President of the Brotherhood of Locomotive Firemen and Engineers. "We wonder if such government procedure will eventually give a rate of pay of \$60 a week to the man in the cab of a locomotive and permit him to take home only \$10 a week."

Brother, you have asked a question which has a simple answer: The more the man in the cab or the man on the street expects the government to do for him—in other words, the more handouts he seeks on the theory that the government can do something for him which he cannot do for himself, or which cannot be done by his fellow citizens—the less he will have left in his pay check, regardless of its size.

Government can give the individual nothing in the shape of gratuities, which it first does not extract from him by the taxation route. The more it gives, the higher the taxes.

And it makes no difference whether the gratuity be called social security, free electricity, food subsidies, socialized medical care, or whatnot—the cost will come out of the pay check, and the less the individual will be able to do for himself.

## UNFORGIVABLE NEGLIGENCE

Shortly before the Christmas holiday, the people of a Western city heard the wail of fire sirens. At first they thought nothing of it. The sirens whine every day in large cities. But this was different. Rig after rig wheeled out of station houses and went shrieking through the streets. First aid cars and police sirens screamed in the wake of the fire engines. The news spread that a school was burning—a grade school housing four hundred students. Foreboding and horror clutched at thousands of hearts. Disaster and tragedy were written on thousands of faces. But fortunately, cool thinking and rigid fire drills paid off. Four hundred children returned home safely. An entire city breathed a sigh of thankfulness.

In that narrowly averted tragedy there is a lesson. The school was a firetrap, yet lethargy and unwillingness to add a few dollars to local tax bills kept the school in use. Throughout the nation similar schools are being used every day.

If we are so careless as to permit a single child to attend school in a building that by all standards of modern construction is unsafe, what can we expect in other aspects of fire prevention?

Thousands of persons die in the flames of burning buildings each year. Each year responsible authorities strive harder to drive home the simple lesson of caution. The people of at least one city which nearly lost hundreds of its youth through unforgivable negligence, may now realize how much remains to be done.

## WE LIKE OUR DOCTOR

Sixty-six per cent of the American people consider their physicians tops, both professionally and personally, according to a nation-wide sampling of public opinion conducted for the magazine Medical Economics. The remaining 34 per cent either had no opinion in the matter or cited characteristics of their doctors which they found objectionable. Six per cent objected to the physician's personality. 4 per cent said he rushed patients too much. 3 per cent challenged his personal competence, 3 per cent called him indifferent. Other faults mentioned were too varied for classification. The main thing is that 66 per cent found nothing to dislike about their physician. Another point of outstanding importance is that only 3 per cent challenged their doctor's competence.

The good things said about the doctors summed up to what one might expect in an independent system of medicine where the success of a doctor depends upon his ability and character. They included pleasant manner, professional competence, thoroughness, promptness, friendliness, politeness, easy to talk to, sympathetic, helpful, cheerful, not pompous, etc.

Contrast such a personalized medical service with socialized medical systems where the patient becomes a cog in an impersonal machine. The human relationship between the American doctor and his patient is one of the greatest assets of medicine. It should never be debauched by political tinkering.

## FROM THE EARTH TO YOU

How gasoline and lubricating oil come from the raw product, petroleum, has never ceased to be a cause of wonderment to the motorists. Since the war, discussion of oil has increased and the curiosity of most of us is even greater.

In response to this rising interest, the Petroleum Industry War Council has published what it calls a "flow chart" which traces oil from the time it leaves the well until it reaches the consumer. It shows the oil being pumped to the surface of the earth. It follows it through scores of machines and chemical processes that break crude petroleum into countless derivatives forming bases for everything from cosmetics to asphalt. In its simplest form the process of petroleum refining consists of heating the crude oil in a still to its boiling point, passing the vapors from the boiling oil through condensing pipes, and condensing the vapors into liquids. Every 100 gallons of crude oil yields approximately 44 gallons of gasoline, 36 gallons of fuel oils, 8 gallons of miscellaneous products, 6 gallons of kerosene, and 3 gallons of lubricants. The remaining 3 gallons is loss.

One of the most dramatic tales of his tragic era of war will be the story of the production and transportation of oil to our fighting forces, to say nothing of the home front. It will be a story of hundreds of ships, endless miles of pipeline, thousands of railroad tank cars running night and day. It will be a story of sweating, worried men laboring in desert sands and teeming offices. It will be a story in which the word defeat is unknown. It will be a story toward which this country will always be able to point with pride. It will be the story of American enterprise.

## NEW AUTOS AUTHORIZED BY W.P.B. THIS YEAR

### Manufacturers Permitted To Place Orders For Materials

Production of 200,000 passenger automobiles this year was formally authorized last week by the War Production Board, carrying out decisions reached at WPB-industry conferences a week ago.

Tied to the authorization, however, was a stipulation that the industry must find its own materials in the "free market"; that it could not be accorded materials priority.

At the same time, the War Production Board released the facilities of the nation's distillers for a one-month liquor-making "holiday" in July.

The facilities have been devoted to the production of industrial alcohol for war purposes.

Under the automobile production authorization car manufacturers are permitted to place orders now for materials, delivery to start after July 1. Henry P. Nelson, WPB coordinator for the automotive industry in the reconversion effort, said few if any manufacturers would be able to get cars off the assembly lines before October 1.

Nelson added that WPB had been advised by Chester Bowles, head of the Office of Price Administration, that rationing of new cars would continue until essential users' needs can be met. Nelson expressed it as his own opinion that rationing could be terminated by next January 1.

Nelson said the exact date that each car maker will begin production after July 1 would depend upon his own individual circumstances with respect to tooling up and the availability of materials and facilities. He added that WPB probably would authorize production of 400,000 cars during the first quarter of 1946 and probably 2,000,000 vehicles by the end of the industry's first year of production.

Practically every manufacturer, Nelson said, plans to get back into production first with the body types he can get with the least delay. He said there had been no decisions yet respecting retail prices of the new cars.

## Garden Notes

### Succession Plantings

Now is the time for all gardeners to plan on succession plantings in their gardens. Succession planting is necessary in order to always have a crop at the right stage of development to eat. You will have better quality vegetables if you will plant a little at a time, but at various times. All gardeners should make second plantings of sweet corn and beans right away.

It's time to set out plants for sweet potatoes, eggplants, and peppers.

Now is also the time to make plans for the fall garden. Plantings for the fall garden need to be made about the first part of July, and that means getting out

## Pedestrian Protection

NON-DRIVERS

9 out of 10 pedestrians killed didn't drive! Non-drivers fail to realize that it takes time to stop even at moderate car speed and that drivers have many things to watch. By crossing at corners, never from behind parked cars, you give both yourself and the driver a break!

—AAA Safety Features.

plants as well as seeds. In order to have plants for the most important fall crops, you need to plant the seed in your garden within the next week. The most important late vegetables that should be started now with seed in order to have plants for setting are: cabbage, broccoli, cauliflower, and brussels sprouts. You can raise all the plants you need for any of them from one small package of seed.

## STRONG — NEWLIN

**WEDDING SOLEMNIZED**  
The wedding of Dorothy Armstrong, daughter of Mr. and Mrs. M. Armstrong, and the bridegroom, Mr. C. Newlin, U. S. Army, was solemnized at the home of the bride's parents, Mr. and Mrs. G. Newlin, of Unionville, Pa., on Saturday afternoon, June 9, at 4 o'clock.

The Rev. Thomas Episcopal Church, the Rev. Andrew Meyer, rector of the church, officiated and Mrs. Arthur J. Meyer, church organist, played the wedding music.

The bride wore a gown of green and white tulle and white gladiolus. The bridegroom wore a white tuxedo. The ceremony was given in marriage by the Rev. Andrew Meyer, rector of the church. The bride's mother, Mrs. G. Newlin, wore a white French batiste with three-quarter length sleeves and a high collar and a deep yoke. The bridegroom wore a white tuxedo with a high collar and a deep yoke. The ceremony was given in marriage by the Rev. Andrew Meyer, rector of the church.

The bride's mother, Mrs. G. Newlin, wore a white French batiste with three-quarter length sleeves and a high collar and a deep yoke. The bridegroom wore a white tuxedo with a high collar and a deep yoke. The ceremony was given in marriage by the Rev. Andrew Meyer, rector of the church.

The bride's mother, Mrs. G. Newlin, wore a white French batiste with three-quarter length sleeves and a high collar and a deep yoke. The bridegroom wore a white tuxedo with a high collar and a deep yoke. The ceremony was given in marriage by the Rev. Andrew Meyer, rector of the church.

The bride's mother, Mrs. G. Newlin, wore a white French batiste with three-quarter length sleeves and a high collar and a deep yoke. The bridegroom wore a white tuxedo with a high collar and a deep yoke. The ceremony was given in marriage by the Rev. Andrew Meyer, rector of the church.

The bride's mother, Mrs. G. Newlin, wore a white French batiste with three-quarter length sleeves and a high collar and a deep yoke. The bridegroom wore a white tuxedo with a high collar and a deep yoke. The ceremony was given in marriage by the Rev. Andrew Meyer, rector of the church.

The bride's mother, Mrs. G. Newlin, wore a white French batiste with three-quarter length sleeves and a high collar and a deep yoke. The bridegroom wore a white tuxedo with a high collar and a deep yoke. The ceremony was given in marriage by the Rev. Andrew Meyer, rector of the church.

## Marion G. Wood Naval Trainee At Great Lakes

Marion Gaylord Wood, 30, husband of Mrs. Sarah Leora Wood, 115 Lovett Avenue, Newark, Delaware, is receiving his initial Naval indoctrination at the U. S. Naval Training Center, Great Lakes, Illinois.

His recruit training consists of instruction in seamanship, military drill and general Naval procedure. During this period a series of aptitude tests will be taken by the recruit to determine whether he will be assigned to a Naval Service School, to a shore station or to immediate duty at sea.

When his recruit training is completed, the seaman will receive a period of leave.

## PERSONALS

## Contagious Diseases In State Show Gain

With scarlet fever and chicken pox leading the list, 30 cases of contagious diseases were reported by the State Board of Health for the week ending Saturday, May 19. The total showed an increase of eight over the previous week.

Eight scarlet fever and six chicken pox cases were recorded in the period. Mumps with five and tuberculosis with four were next in prevalence. Wilmington had only one case of chicken pox, scarlet fever and mumps but all of the tuberculosis reports. In addition to these, the report for Wilmington, New Castle, Kent, and Sussex Counties includes three whooping cough cases and one each of diphtheria, measles, meningitis and typhoid fever.

These cases bring the total for the year to 878, as compared with 863 for the same period last year.

## Increased Cigarette Supply Seen In 2 Weeks

The supply of cigarettes for civilian smokers will be increased at least 15 per cent within the next two weeks, Joseph Calamia, president of the Retail Tobacco Dealers of America, Inc., said last week.

Calamia said he based his estimate on surveys among manufacturers and wholesale distributors. Cut-backs in Army orders and slightly improved manufacturing conditions, he added, will make the additional cigarettes available.

The tobacco dealers' official said that another 60 days would see a more substantial improvement in the civilian supply, but that the increase would be gradual.

## WAC Enlistment Age Limit Reduced To 38

War Department has reduced from 50 to 38 years the enlistment age limit of the Women's Army Corps.

It also announced that women who enlisted after May 12 would have to serve one year in the WAC before they became eligible for discharge because their husbands were demobilized from the armed forces. Those who enlisted before May 12 may be discharged upon request if their husbands are discharged from any of the services.

About 8,000 WAC's are eligible for discharge.

## RITTENHOUSE AT NORFOLK

Commander Ellis Brooke Rittenhouse, USN, recently reported to the Naval Training Station, Norfolk, Va., to receive a course of instruction for duties aboard a new destroyer of the Atlantic Fleet.

He is the son of Mr. and Mrs. Arthur C. Rittenhouse, of Newark. Commander Rittenhouse is married to the former Margaret Chloe Pulleine, of Marysville, Kansas. They have two children, Ellis, 5, and Susan, 3.

## 2 Million Passenger Tires Allotted For June

Two million passenger car tires—an increase of 500,000—will be available in June, but that amount still will fall short of meeting demands.

The increase in next month's ration quota will "help a lot", said OPA ration chief Max McCullough. He added, however, that a backlog of 500,000 to 600,000 applications for casings, low inventories and a seasonal increase in tire failures will make the quota inadequate.

OPA estimates that a 2,000,000 allocation will have to be maintained several consecutive months before any new tires can be made available to "A" card drivers.

## PROTECT YOUR GARDEN

To stop birds from robbing your pea patch lay old pipes, hose or cable cord along the rows or through them in any manner to give the appearance of snakes and the birds will be frightened away.

This truly works as tried by Mrs. Joseph Beatty who has submitted this helpful suggestion for helping your garden.

## White Clay Creek Church Promotion Day Sunday

The regular service of worship of the White Clay Creek Presbyterian Church will be held Sunday, June 17th, at 11 A. M. "The Spirit of Prayer" will be the topic of the morning sermon; the second in the series on the subject of Prayer. Hendrick A. VanDyke will conduct the morning service and the choir will provide music.

Promotion Day Exercises will be held in the Sunday School when it meets at the regular hour of ten o'clock. Members of the primary department will be advanced to the Junior section and Junior members will be advanced to the newly organized Intermediate group. The lesson topic this week is entitled "Christ Proclaims the Good News".

## CLASSIFIED

### Lost

RATION BOOK NO. 4 Anna R. Simmons, R. D. 2, Newark, Delaware.

RATION BOOK NO. 4 Sophie P. McVey, 222 S. College Avenue.

Today is Flag Day, by presidential proclamation. We sincerely hope that Old Glory flies from every rooftop in Newark in commemoration, not only of the day, but the principles for which the Stars and Stripes have always stood.

While we're on the subject of special 'days', we might as well mention some others in the immediate future. First, there will be town clean-up days next Wednesday and Thursday. We are hopeful that they will extend the scope of these clean-up days to include Delaware Park. We could stand a couple of good clean-up days out there.

General Manager Brian Fields writes that the track will again hold six War Relief days. . . . think we'll write and ask him if he couldn't squeeze just one little 'Ware Relief Day' in along with them.

Then, not far off, is Father's Day—June 17. This has a highfalutin, sentimental appeal that falls far short in reality. Just imagine devoting an entire day . . . all of twenty-four hours of it . . . to Father's Day. We think it's highly over publicized and drastically underdone. They could observe Father's Day three hundred and fifty two days out of the year and then the poor devils wouldn't be compensated for the beatings they take over the same period of time. . . . Hey Lou—doesn't that qualify us for membership in "The Underprivileged Husband's Club"?

We hope you folks enjoy reading this tripe for, just to tell the truth, it isn't always easy to be witty although it's not (hard for us to be half that way). Wonder if Doc 'T' has a spare room.

Just got a V-Mail letter from Corporal John E. (Snaps) Fisher, former projectionist at the State Theatre, now projected into Uncle Sam's Army and currently stationed at Naunhof, Germany.

Dated May 29 and received June 10, his letter says (in part): "Just finished reading April 26 issue of The Post containing your column. How about naming it, 'Facts By R. T. W.' . . . It does a fellow good to read his home-town paper. Hope the nags at Delaware Park are treating the boys right. . . . what are you doing for a place to loaf, now that Sarg Frazer has closed up shop?"

I guess the paper store will get all the pin-ball experts, now. Tell all the boys I said 'hello' and tell my good friend Mrs. Dickey I still think she is with the wrong party (politically), as ever—"Snaps".

A good thought for the day is: "When men speak ill of you, live so nobody will believe them".

We read somewhere that love letters enclosed in red envelopes go through the mails at half rate in South America. In North America, love letters going through the mails often cost double.

The crash, explosion and burning of the C-45 transport plane, in which seven Army men were killed near Polly Drummond Hill early Sunday morning, was one of the most distressing scenes we have ever witnessed.

Just the thought of these men, said to be on their way home on furlough, killed instantly, their bodies dismembered, burned, and scattered over the wooded area for hundreds of yards, was enough to bring tears to the eyes of even a hardened newspaperman.

Bits of bodies, the strewn, twisted wreckage, unopened parachutes, clothing hanging from trees—all were mute evidence of the terribly swift disaster that brought an abrupt end to careers of seven Army men as nearby residents ate their Sunday morning breakfast and otherwise began their Sabbath Day activities.

No official announcement has yet been made by the Newark Special School District Board relative to naming a superintendent of schools, and assistant superintendent, for this district. Although it is presumed that some action may be taken at the Friday, June 21, (TOMORROW EVENING) meeting of the board—to be held at the high school.

We are of the opinion that anyone appointed to either of these positions should be carefully investigated, seriously considered and thoroughly approved by representative constituents of the school and district, as well as the Board, before their appointment, or election, is made official.

John Pearce Cann and Robert S. Gallaher, both Board Members, have told us that Board meetings are OPEN TO THE PUBLIC. We're probably wasting breath and effort, BUT we firmly believe that such appointments as these are of vital interest to parents of school children . . . or SHOULD BE. We think that responsible residents of the Newark District, who are interested in our schools and who should be interested in correcting some of the unsatisfactory conditions that are always discussed when parents get together, should ATTEND THE MEETING OF THE BOARD TOMORROW EVENING and make their thoughts, opinions and recommendations known to the Board.

The Board should be interested in carrying out constructive wishes of taxpayers of this school district. They should consider their opinions, if meritorious. They should conscientiously try to find and appoint desirable officials who can AND WILL enhance standards of our schools.

IF parents are not sufficiently interested in the progress of their children to SEE that these things are done, then they should cease private prattlings of discontent and be satisfied with conditions imposed on them by their own meek submission.

Will YOU be there?

#### \$8,068.310 IN TOLLS

In 19 years before Gandy bridge between Tampa and St. Petersburg was taken by the government, tolls of \$8,068.318 were collected.

## STEEPLECHASE EVENTS TO BEGIN AT DELAWARE PARK NEXT MONDAY, JUNE 20<sup>th</sup>

**Spring Maiden 'Chase Is First Stake Event Scheduled Over Jumps, On June 22; \$10,000 "Georgetown Handicap To Be Run June 27th**

Wilmington, Delaware, June 7, 1945—With the new valuation of \$10,000 added in each of its two principal jumping events, Delaware Park has assumed a steeplechasing leadership in the spring, such as is enjoyed in the fall by the Belmont Park autumn meeting and the United Hunts. Delaware's steeplechasing this season will begin on June 20th, according to an announcement by Racing Secretary Edward J. Brennan, and the two main events will be the Georgetown Steeplechase Handicap and the Indian River Steeplechase Handicap, now the next richest races in the country after the Grand National in October at Belmont and the Temple Gwathmey in November at the United Hunts.

### Lewis A. Seth Is Named Harness Starter, Judge

Lewis A. Seth of Elkton, Md., has been named judge and starter of harness racing in lower Delaware by the Delaware Trotting Association, succeeding the late Clayton C. Elliott of Bridgeville.

The new official is well known in harness racing. He owned and raced a stable of his own at one time. During the past two years he has been starter at Newark, Dover, Vandyke, and Chestertown. His new field will include Laurel, Roxanna, Pittsville, and Cambridge tracks.

## WAR RELIEF PURSES TO BE RUN AT RACE TRACK

**Contributions Of \$100,000 Are Assured By War Relief Days**

Delaware Park has again received permission from the Commission of Internal Revenue to conduct six \$10,000 War Relief purses during the current meeting, thus assuring that Delaware Park's 1945 War Relief contribution again will exceed \$100,000. This permission was first granted in 1944 because the track is prevented by its state law from running "War Relief Days" such as have become customary at other racetracks. In 1944 Delaware Park's total War Relief contribution was \$102,024.

For the current meeting the first War Relief purse was Monday, June 11. The conditions governing this and the other five such awards provide that Delaware Park shall put up the money and that the owner of the winning horse shall have the right to designate which of four named charities shall receive the cash. The charities are the same as in 1944 and are the American Red Cross, United Service Organizations, Inc., United Seamen's Service, Inc., and War Prisoner's Aid, Inc. The subsequent dates for the War Relief purses are Friday, June 15, Tuesday, June 19, Friday, June 22, Monday, June 25, and Friday, June 29. In each of these six races the regular purse is \$2500, to which has been added \$1500 in War Bonds, such amounts to be retained by the winning owners. The \$10,000 for War Relief is, of course, above and beyond both the \$2500 purse and the \$1500 War Bond bonus.

In the past, Delaware Park has followed the practice of giving the full amount permitted by the corporate income tax law, which is based on 5 percent of the company's income. In 1945 Delaware Park again will give that sum of money in addition to the \$60,000 which will be disposed of as defined above. It is conservatively estimated therefore, that the Delaware Park 1945 War Relief contribution will exceed \$100,000.

Regular meeting of Habib Temple No. 205 at Wilmington Saturday night—June 16.

Nomination of Officers at Osceola Lodge No. 5, Knights of Pythias next Monday night.

**Be Seen' You**

### Preakness Day Pot Of Gold Will Pass \$160,000 Mark

A jackpot expected to pay off a minimum of \$100,000 in perhaps the richest stake day of American turf history will be dangling from the end of a Maryland Jockey Club rainbow at old Pimlico on Preakness Day, June 16, and the scramble for top prizes will be terrific.

The four big stakes will offer: Approximately \$90,000 gross for the Preakness; \$30,000-added for the Nursery. And, to make it so much better, the Jennings Handicap, a \$5,000-added event, also will be run that single day of racing. Then, there are three overnight events at \$2,500 each.

## PLAYGROUND LEAGUE HAS FOUR TEAMS FOR SURE

**Start May Get Underway By Next Week**

The summer playground baseball league under the sponsorship of the Rotary Club and with Mr. Joseph Bryan as committee head has made progress to the point where there are four teams ready to start play with possibly a fifth joining soon.

The age group still remains the same with boys 10 to 14, inclusive, eligible and no boy 14 allowed to pitch. A schedule and more complete rules of play will be presented at a meeting with the committee chairman and the managers of the teams. The managers are requested to contact Mr. Bryan by phone after six o'clock in the evening and before Saturday. The meeting will probably be held early next week with the start getting underway in the latter part of the week.

The four teams are: South Side Wildcats, managed by Danny Hamilton, Northern Eagles, run by Eugene Schaen, Western Pirates, managed by Art Mayer, and the Northern Hawks, with Don Truet plotting. The fifth team, also from South Side, would be managed by Charles Manning. The league should be very close with not only the Northern Eagles and the South Side Wildcats having the inside rail, but also continue the keen town rivalry last seen when the league functioned two years ago. One of the rulings which the players should know now is that after playing with one team, no boy can switch to another team, and another is that upon reaching the age of 15 years a boy is no longer eligible to play.

Delaware is fortunate in that its racing laws permit substitution of a flat race for a steeplechase. The New York racing law forbids this, and thus in event of a cancellation, only seven races are permitted.

The leading jumpers of the country are among the eligibles for Delaware's two \$10,000 stakes, the names including M. A. Cushman's Rouge Dragon, Kent Miller's Elkridge, Lt. Comdr. Baynard Sharp's Knight's Quest, Mrs. F. Ambrose Clark's Royal Archer and Invader, I. Bieber's Ahmisk and Frederick 2nd, Lt. G. H. Bostwick's Sussex, Mrs. E. DuPont Weir's Burma Road, Miss Ella Widener's Iron Shot, T. T. Mott's Floating Isle and Ossabaw, and Mrs. Henry Obre's Beneksar.

### POOR GLORIA

A total of \$4,363.098 remained in the estate of Gloria Vanderbilt di Cicco on January 1, 1945, her guardians reported.

### 1946 AAA Program Topic Of Meeting Here Tuesday

Barton T. Hopkins, chairman of the New Castle ACA, announces that on Tuesday evening, June 19, at 8 o'clock, there will be a meeting at the Newark office of the ACA. The 1946 program will be the topic of this meeting.

The Agricultural Adjustment Administration is endeavoring to determine all farm practices which should be performed to improve the soil and increase production.

Interested persons are invited to attend and bring any suggestions they may have to make the 1946 program of more value to the farmer.

## LEGION FARES WELL IN PRACTICE GAME; LOSING OUT BY ONE RUN, 3-2

**Pitching And Outfielding Seen As Coach Cage's Chief Worry Along With Lack Of Long Ball Hitters Second Practice Game For Monday**

The American Legion baseball team of 1945 had its first petitive test Tuesday when they met and lost by one run to local players.

The game, played in the practice spirit, was loose in spots provided Coach Howard Cage with some information not out in regular practice sessions. The general fielding ability of the team is quite good with first baseman, Benson, of New York.

## FLETCHER MADE FULL COLONEL

**Former U. of D. Athlete With 91st Division**

George E. Fletcher, son of Mr. and Mrs. Albert E. Fletcher, 144 West Main Street, a former U. of D. athlete and brother to Wm. (Flash) Fletcher, former Newark Post sports editor, has been recently promoted to the rank of full colonel.

Serving with the 91st, Powder River, Division of the Fifth Army in Italy, Colonel Fletcher is a staff officer of the division now stationed in Trieste. He has been with the 91st since 1943 and was recently awarded the Legion of Merit for his work.

Col. Fletcher is a graduate of Wilmington High School, Staunton Military Academy and West Point where he won varsity letters in lacrosse and football. He graduated from the academy in 1931. Before going overseas he trained ski and mountain troops in Washington and Colorado.

Fletcher's wife and daughter, Cynthia, live in Wilmington.

## DELAWARE FARM FRONT THIS WEEK

### Hog Support Prices Until September 1

100-pound top limit on weight of hogs which support prices are effective until September 1, 1945. The support price for hogs will be \$10.00 per hundredweight, Chicago basis, good and choice barrow and other hogs regardless of weight.

Government's price-support subsidy program for 1944-crop dry edible beans scheduled to expire June 30, has been extended to permit subsidy payment until August 31, 1945. The extension provides continuation of the program until the beginning of the new crop, products dealers and producers holding stocks for seed in case of the new crop, and providing retaining stocks to serve until the new crop is harvested.

OPA have announced that prices for 1945 crop sweetpotatoes will be increased 17 cents a bushel, the ceiling price average to \$2.38 per bushel over the season at Louisiana, basing point, compared to \$2.21 last year. The increase is effective for increased production.

OPA has announced that the output of farm machinery production quota limitation and related repair parts have been removed, effective July 1.

conversion pricing program under which most peacetime goods return to the market will sell at 1942 prices has been outlined by the Administrator. Four major objectives of this program were stated: Continued prevention of inflation; half of the inflationary pressures of the last war occurred after the Armistice; (2) to make possible production; (3) to encourage production; and (4) to relax price controls as soon as inflationary danger is removed in each commodity field.

OPA has extended the program on farm-stored loan what which can be accepted for delivery by CCC under conditions of limited transportation and facilities. Farmers who extend and store wheat until April 30, will earn storage payments of 5 cents per bushel. If delivery is made to that date proportionate storage payments will be earned to cover the full storage period. Storage payments will be made at the end of the storage period. The wheat loan program for 1945 wheat, similar to that for 1944, has been announced.

OPA's special legume seed program designed to take care of proper distribution of seed as well as to help in production. If all producers sold to their neighbor's, farmers in areas where seed cannot be produced get none and liberated countries would get none. So poundage of seed on red clover, alfalfa, and all other made only when the seed is sold to commercial dealers. Payments are one and a half cents for red clover and two and a half cents for alfalfa, harvested and sold to dealers.

## RATIONS ON "B" GAS COUPONS INCREASED

### Windshield Display Of Stickers Rule Is Rescinded

About 35 per cent of the nation's 8,563,200 B-card motorists were qualified for more supplementary gasoline when the ration ceiling was raised to 950 miles a month, June 11.

The OPA estimated that there are about 3,000,000 B card holders whose essential occupational driving needs exceed current regional ceilings.

The uniform maximum of 650 miles will replace those prevailing top allotments to B-motorists:

In the East, 325 miles a month; Midwest, 475 miles; Far West, 400 miles.

"The amount of increase for eligible B-card holders varies with their occupational driving needs, but in no case may their total rations exceed the new ceiling," said OPA rationing chief Max McCullough.

He advised B-motorists already getting what they need—such as home-to-work drivers—not to apply for increases "since their applications will have to be rejected."

These drivers will receive, however, the 50 per cent increase in A-rations effective June 22.

OPA urged B-drivers seeking increases to mail their applications to local ration boards, rather than present them personally.

The agency also announced that motorists no longer are required to display gasoline stickers—the A, B, C and T windshield markers.

In another section, OPA announced that B-6 and C-6 supplementary gasoline coupons will not be good for consumer use after June 30. It said the few remaining coupons which expire after that date may be exchanged at ration boards for new stamps.

## MEDAL TO SGT. AIKEN

### Conduct Award Made In Italy

The Replacement and Training Command, Italy — Sgt. Norman G. Aiken, son of Mrs. Mabel G. Aiken, 45 Kells Ave. was awarded the Good Conduct Medal for "exemplary behavior, efficiency and devotion to duty" in a formal ceremony held recently at the Infantry Conversion Training Center.

Sgt. Aiken is a member of the cadre of the Infantry Conversion Training Center, one of the many training installations under the supervision of The Replacement and Training Command General.

Sgt. Aiken has served over 24 months overseas, wears the Europe-Africa-Middle East theatre ribbon and a battle participation star. Before entering the service Sgt. Aiken was employed by the A & P Tea Company.

He attended Newark High School prior to entering business, is 27 years old and is a brother to "Ace" Aiken, Yellowjacket football star of several years ago, now also in the service.

### Services Announced As Bible School Opens

The third annual Daily Vacation Bible School of the Bible Presbyterian Church opened on Monday morning at 9:00 a. m. It is being held at the Century Club Bldg., Corner Haines Street and Delaware Avenue. All children between the ages of 3 and 15 years are cordially invited to join the school.

The regular services of the church will be held on Sunday. The Bible School under the direction of H. Floyd Yarnall, supt., will begin at 10:00 o'clock. The Morning Worship will follow at 11:00 when the subject will be "The Desire of All Nations". The Evening Services will be held at 7:00 p. m. when the pastor will continue the study of the "Revelation".

### Graduation Exercises At Christiana School, June 6

Received too late for publication last week is the account of graduation exercises held at the Christiana School, June 6, when diplomas were awarded to: Doris Abrams, Charles Burge, John Castelow, Robert Jackson, Earl Laws, Etal Meeds, Mary Reynolds, Joseph Stevens, Raymond Thorp, Harold Vincent, Wilma Walther, Jack Warriner, Norman Wilson, and Audrey Dorman.

Scholarship awards were made to: Sandra Sweetman, Carol Thorp, Patricia Miller, Carol Sweetman, Eleanor Murray, Alice Lockard, Rebecca Resume and Raymond Thorp.

These receiving Citizenship awards were: Virginia Abrams, Alice Amoroso, Bernice Wapnarek, Nancy Thorp, Anita Thorp, Florence Wapnarek, Ruth Ann Lockard and Etal Meeds.

### LESSON — SERMON

Subject of the Lesson-Sermon on Sunday, June 17, will be "God The Preserver of Man", in Wilmington, First Church of Christ, Scientist, at 1201 Van Buren Street; Morning Service 11:00 A. M., Sunday School 11:30 A. M., Wednesday evening Service 8:00 P. M.

## June 20, 21 Designated Monthly Clean-Up Days

Next Wednesday and Thursday have been designated as town clean-up days for June by the Town Council. Residents are requested to place their rubbish in containers in front of their homes early Wednesday morning as the trucks will make only one collection in each section of town.

Residents are asked not to put their rubbish out after the trucks have passed. Property owners also are being requested by the Town Council to cut weeds on vacant lots before they go to seed. Cutting weeds not only enhance the appearance of property but aids in the prevention of disease carrying ticks.

## MAIL CLERK EXAMS ARE ANNOUNCED

### Written Test Required Of Applicants

Examination for Substitute Clerk-Carrier, Post Office Service, has been announced by the Third U. S. Civil Service Region, according to Mr. Singles, Local Civil Service Secretary at the Post Office. Salary is \$65 an hour, which includes additional compensation, and place of employment will be at any first-class post office in the states of Pennsylvania and Delaware, excluding the post office in Pittsburgh, Pennsylvania.

Applicants will be required to take a written test. They must be citizens of or owe allegiance to the United States and be physically capable of performing duties of the position. Minimum age 16; there is no maximum.

Further information and application forms may be secured from Mr. Singles at the Post Office. Applications will be accepted until the needs of the service have been met, and arrangements regarding the examination may be made with Mr. Singles.

Veterans, who are given preference in Federal employment, are urged to apply.

### PENCADER SCRAP COLLECTION

The members of the 4-H Club of Pencader will collect scrap paper within the next two weeks.

The collection will cover the territory from Buck Bridge to Couch's and from Moss' garage to the Maryland line.

Everyone is asked to have the paper tied and ready.

## LEON RYAN GRADUATES

### Enlists In Coast Guard

Leon H. Ryan, Jr., son of Mr. and Mrs. Leon H. Ryan of Sunray Farms, Nottingham Road, was graduated from the Admiral Billard Academy, New London, Conn., preparatory school, on Sunday, June 10. The annual competitive drill and dress parade preceded the graduation exercises.

While at Billard Academy, which is a Naval prep school, young Ryan was active in competitive athletics and was a member of the school's varsity football, basketball and baseball squads.

Prior to entering Billard Academy, Ryan attended Newark High School where he played football and basketball.

He is now enlisted in the U. S. Coast Guard Reserve stationed at Manhattan Beach, N. Y.

Mr. and Mrs. Leon H. Ryan, Sr., attended his graduation at New London on Sunday.

### Thermometer Hits 88 On Monday, Hottest Day Yet

Monday was the hottest day so far this year with a top temperature of 88 degrees.

This was one degree above the unseasonable hot spell which was climaxed with a high of 87 on March 29.

The shower in the early evening broke the heat, but brought the thermometer down to only 73 at midnight. The relative humidity was 95 per cent at 8:30 yesterday morning, according to the New Castle Army Air Base. It dropped to 59 by 2:30 p. m. and had climbed back to 70 at 8:30 p. m.

## Pleasant Valley Students Sell \$982.15 In War Bonds

Pupils of the Pleasant Valley School, Iron Hill, have reached the \$982.15 mark during the 7th War Loan Drive. This brings the record to 327.1 per cent of their \$300.00 quota. Purchases during the year total \$2,153.

One third of the fifteen pupils enrolled are on the honor roll for the sixth marking period. Three pupils with straight "A's" are on the first and two with all "A's" except one, and that a "B", are on the second honor roll. On the first honor roll are Marjorie Brown, grade six; Betty Jane Zietl, grade two; and Maya Zietl, grade one. On the second honor roll are Harry McCormick, grade two; and Frederick Jester, grade one. Perfect attendance pupils are Mary Ellen Brown, Barbara Benner, Marjorie Brown, and Frederick Jester.

### Plane Crash

Continued from Page 1

The Aetna Hose, Hook & Ladder Company responded after being notified that the C-45 had burned following the explosion and members of the company stood by to assist the air base personnel. The cause of the crash was not immediately revealed and was under investigation by a board of Army officers. Names of the victims also were not made public until identification was made and relatives notified.

Frank Reed, R. F. D. 3, was eating breakfast when the plane roared over his house. A few seconds later he heard it crash and ran to the scene. Robert Greenplate, a farmer of Pleasant Hill, was getting his days milk supply ready for market when he heard the crash and explosion and also hurried to the field. Mrs. Paul Cochran is said to have been the first person to notify officials at the air base. Coroner James F. Hearn described the crash as one of the worst mass disasters he had ever seen.

### WEE - TOT SHOP

#### INFANTS AND CHILDRENS WEAR

Including everything for the infant to 14 years old. Hand-made Maderia dresses, slips and pillow-cases. Sweaters and bonnets. Blankets. Complete Layettes. Pretty Spring and Summer Dresses for Girls.
