

## 'Little Red Riding Hood' Children's Theatre Production Opens On Campus

The storybook characters of "Little Red Riding Hood" came to life last night as the E-52 University Theatre opened its eighth Children's Theatre production. The show will be presented again at Mitchell Hall this afternoon at 3 p. m.

The show is especially designed for children but it is also enjoyed by adults. The play runs continually for approximately 1 1/2 hours; parts of the scenes are played in front of the main curtain while a new set is being placed.

Under the direction of Herman D. Middleton, technical director, three complete sets have been built for the show. Sets are the exterior of Red Riding Hood's house, forest scene and the interior of grandmother's house. The two house sets have been designed to fit within the forest set in order to save time during the changes.

After the Friday matinee the company will load a truck and travel to the Playhouse in Wilmington for two matinees tomorrow afternoon. On Wednesday a tour of lower Delaware and Maryland will begin. On arriving back in Newark on Saturday night the sets will be stored until the next weekend when the show will be taken to New Castle, Delaware and Avondale, Pennsylvania.

Dr. C. Robert Kase is directing the show with Liz Parkhill as assistant director. Kathy Jordan, a freshman, has the title role of the little girl who is almost

### ROTC Plans Review, Awards Ceremony

The annual review and awards ceremony of the Reserve Officers Training Corps Cadet Regiment, University of Delaware, will be held on Thursday, May 5, in front of Memorial Library at 2 p. m. The announcement made by Dr. John A. Perkins, President of the university, also stated that fourteen cadets will receive awards and honors at this annual review.

Many dignitaries, both military and civilian, will witness the parade in front of Wolf Hall on the campus.

Two woodcutters, Dick Stewart and Irv Rinard, warn Red Riding Hood, Kathy Jordan, not to stray from the path on her way to grandmother's house.

## Senior Class Plans Seven Events For Weekend, Which Begins June 2

This year's Senior Weekend will consist of seven events. These events will be dispersed over four days, June 2, 3, 4 and 5, and will be culminated by the Graduation Exercises on Hullen Hall lawn on Sunday, June 5, at 3 p. m.

The chairmen for this weekend are Dick Saunders and Martha Thomas.

The weekend will begin Thursday with the Senior Ball. Dancing will be from 9 until 1 for members of the senior class and their guests. Freddy DeFurio and his Melody Kings will play for the occasion. On Friday there will be a class party at the Italian American Club in Kennett Square. A combo will provide the necessary music. On Saturday a picnic will be held at White Crystal beach. The co-chairmen for the picnic are Joanne Wood and Jimmy Flynn.

Sunday, June 5 begins with Baccalaureate Exercises. The sermon will be given at 11 a. m. by Rabbi Herbert E. Drooz M.H.L. of the Congregation Beth Emeith in Wilmington. If it rains, the service will be held in Mitchell Hall.

(Continued on Page 11)

### French Department To Show Film May 6

A French film entitled "Topaze" will be presented by the modern language department on Friday, May 6, in Mitchell Hall.

The first show will be at 1:15 p. m. and the second at 3:15 p. m. The story was written by Pagnol and the movie itself is in French with English subtitles. Interested students should watch for posters or check the campus calendar to find out where it will be shown.

## Dr. George N. Shuster To Speak On May 5 At Honor's Day Rites

Dr. George N. Shuster, President of Hunter College, will speak at the Honors Day ceremonies on Thursday, May 5, at 11 a. m. The purpose of Honors Day is to give public recognition to those students who have distinguished themselves scholastically.

Dr. Shuster, a delegate to the UNESCO, has served in many government positions, including advisor to the US delegation to the London Conference on international education in 1945.

The faculty committee, Dr. Ardwin J. Dollo, Milton G. Young,

Miss Mary G. Hines, Dr. C. Vernon Lewis and Dr. Clyde R. Richards, who are planning the program, disclosed that there are about forty students to be honored.

### Mr. King To Lead UD Concert Band In Outdoor Musical

The first of two outdoor concerts will be presented at 4 p. m. Sunday, May 1, on the north steps of Memorial Library by the University of Delaware Symphonic Band.

Under the direction of J. Robert King, the program of the 74-member group will mark the fifteenth such presentation in the history of the band.

The concert includes various types of symphonic band compositions from the literature of original band works. The general public as well as the student body is invited.

Band arrangements for the Sunday concert include: "The Loyal Legion March" by Sousa, "Second Suite for Military Band in F" by Gustav Holst, "Brayada" by Curzen, "Chorale Prelude in E minor" by Reed, "American Folk Rhapsody" by Grundman, "Overture for Band" by Mendelssohn, "Deep River Suite" by Erickson, "Washington and Lee Swing" by Allen, "Campdown Races" by Foster and Richardson, "Hi-falutin' Hoe Down" by Simeone, "Selections from Guys and Dolls" by Loesser, and "Our Regiment March" by Van Dyke.

The program of Delaware spring concerts, as well as the symphonic band itself, had its beginning under the supervision of Director King. The university

### Engineering Societies To Publish 'Slipstick' First Week In May

"Slipstick," the engineers' magazine which is published once yearly, will be issued at the end of the first week in May. At present it is at the printers.

Co-edited by Garry Hoffman and Gary Gill, the composite will appear in pamphlet form and will have a decorative cover design by Stan Crewe. The illustration will be called "Hands of the Future" and will show hands symbolizing the four engineering societies on campus: AIEE, ASCE, ASME and AICHE.

"Slipstick" is dedicated to Mr. David L. Arm, former Dean of the School of Engineering, and will contain a letter which he wrote expressing his views on engineering. Some of the other articles in the magazine are as follows: an article on petrochemicals, an article by the placement bureau, articles by the different engineering societies and two articles the Bell Telephone cross-country dialing system.

"Slipstick" staff members include Earl Beck, Brad Barnes, Bob Madison, Stan Crewe, Jim Harrington and Roger Fulling.

**NOTICE**  
Due to the Honor's Day ceremonies and the ROTC Awards Program Thursday, afternoon classes have been re-arranged. The 11 a. m. classes will start at noon, leaving one hour for the Honor's ceremonies. Twelve o'clock classes will start at 1 p. m. At 2 p. m. classes will again be suspended for the ROTC program. After this, 1 p. m. classes will be held at 3 p. m., 2 p. m. classes at 4 p. m. and 3 o'clock classes will begin at 5 p. m.

Among the many prizes to be awarded this year are a number of gifts from interested alumni and friends of the university. Several awards of varying values, but totaling \$500, will be presented under the title Delaware Memorial Bridge Prizes.

Another prize is the \$100 William M. Francis Prize in engineering, to be presented to the senior engineering student who, in the opinion of the engineering faculty, has achieved outstanding scholarship, leadership and service and shows promise of future attainment.

(Continued on Page 12)

### May Day Festival To Feature Dances Of U. S. And Europe

"Postcard Previews" will be the theme of the annual May Day to be presented May 14 at 2:30 p. m. on the south campus lawn.

George Sommers will provide the music for the May Day Dance to be held Saturday from 8 to 12 p. m. Tickets are \$2.25 per couple if bought in advance and \$2.50 if bought at the door.

Jack Mealey is the chairman of the affair. A journey through Europe and the United States will be symbolized by dances representative of each section. In the May Day festivities these will be triggered off by a postman who visualizes his post card deliveries.

The dances of each dorm are as follows: Warner seniors, May Pole Dance; Sussex, California; Cannon, New York City; Johnston, Miami; New Castle, Paris; Topsy, Turvy, Boletus, Holland; Smyth, Echoes of Hawaii, Western Hoedown, Mardi Gras; computers, England; modern dance club, Austria; junior physical education majors, Scotland.

At this time the May Queen, Peggy Tighe, will be crowned by her Maid of Honor, Patty Ingram. Sally Ann Lewis is senior duchess, while Joann Wood and Charlotte Phillips are senior attendants. The May Day Court includes Barbara Taylor as junior duchess, with Joan Rus-

## Jake Smith Appoints Gearhart and Starkey To Primary Positions on 1956 Yearbook Staff

Ed Gearhart and Bill Starkey will be the editor-in-chief and the business manager, respectively, of the 1956 Blue Hen. Both were appointed by retiring editor Jake Smith, and they officially took over their positions last week.

Ed Gearhart

Hailing from Wilmington, where he attended Mt. Pleasant High School, Gearhart is a junior majoring in chemical engineering. A member of Sigma Phi Epsilon social fraternity, he has been an active participant in inter-fraternity and varsity sports during the past two years. His acting ability was brought out in the recent IFC Playbill. He holds the post of senior marshall of Sig Ep for next year.

Starkey, also a member of Sig Ep, is a sophomore business administration major from Prospect Park, Pa. He is a graduate of Glen-Nor High School where he was business manager of the year book "The Chiefton." In addition to his position as assistant comptroller of his fraternity, Starkey is active in varsity and intramural sports.

Bill Starkey

## Get Acquainted Roundabout Approach To Becoming Teacher

By Janet Bonin

Before Dr. Cyrus Day decided upon English as his major field, he tried his hand at various other kinds of work. For two years he studied engineering at the Massachusetts Institute of Technology. From there he transferred to Harvard where he obtained his bachelor's degree in English in 1923. The next six months he traveled abroad. It was there that he began to appreciate Gothic architecture and Renaissance art.

Upon his return to the United States, Dr. Day tried business in Wall Street as a runner and quotation boy in his grandfather's brokerage firm. He found, however, he was reading books instead of the financial news on the train commuting to New Jersey.

He matriculated at Columbia University and received a master's degree in English. Dr. Day then taught at the University of Texas. Following this, he received his Ph.D. from Harvard and had a Traveling Fellowship in England for a year. He came to Delaware in 1931, where he has been ever since, with the exception of one summer when he taught at the University of California in Berkeley.

Dr. Day's favorite course is "Great Dramatics from Aeschylus to O'Neill." Three years ago he imitated Agamemnon's death cry in this course and popular demand has required repeat performances each year since. Another course that he likes is "Great Books of World Literature."

Dr. Day has published six books and numerous articles. Three of his books are on English literature and three are on how to tie sailor's knots. He is now working on a critical study of the plays of Eugene O'Neill.

Dr. Day's hobbies are acting, yachting, tennis and wishing someone would discover a cure for baldness.

In line with his hobby of acting, Dr. Day appeared as guest actor in the E-52 production of "Life With Father" in 1950. "Father," in the play, is Dr. Day's great uncle. According to Dr. Day, he learned how to lose his temper at his father's knees, so the part was quite natural.

Dr. and Mrs. Day live in Newark and have two children. Their son attends the junior high school in Newark.

## Prominent Lecturer To Teach At UD Summer Session

A noted anthropologist and social biologist at Rutgers University, Dr. Francis Ashley Montagu, will present the course, "The Nature of Human Nature," during the 1955 summer school. Dean William O. Penrose, director of summer school, announced today.

In addition, Dr. Montagu will deliver lectures as a part of the summer session's Wednesday evening lecture series.

An authority on legal and scientific problems relating to race, Montagu is a native of London, England. After attending the Universities of London and Florence, he came to America and received a Ph.D. degree from Columbia University in 1937. The English scholar became a naturalized citizen of the United States in 1940.

During his study of anthropology, Montagu has held such positions as research associate of the British Museum of Natural History, curator of physical anthropology of the Wellcome History Medical Museum, assistant professor of anatomy at New York University, associate professor of anatomy at the Hahnemann Medical College and Hospital in Philadelphia and chairman of the department of anthropology at Rutgers University.

In addition, he has served as visiting lecturer of the department of social sciences at Har-

## Hedger Leaves Post Of IFC Presidency To ATO's Jim Myers

James W. Myers of Alpha Tau Omega fraternity will serve as president of the Inter-Fraternity Council for the coming year, Spen Hedger, past president, announced last week. The new president took office last Monday following recent elections.

The other newly elected officers are: Thomas Metz of KA, vice president; Randall Christensen of Sigma Nu, treasurer; and Alfred Walter of Theta Chi, secretary.

Myers hails from Wayne, Pennsylvania, and is a junior in the school of Arts and Sciences. He has been a delegate to the IFC

Jim Myers

during the past year and served on the IFC rushing committee.

In addition to his IFC work, Myers held the position of vice president of his fraternity, participated in intramural sports and was a member of Men's Chorus. He also had one of the roles in ATO's winning play in last month's IFC playbill.

Metz, in addition to his new post as vice president of IFC was recently re-appointed to his office as treasurer of Kappa Alpha for the second time. A junior from Camden, Delaware, he has in past years done extensive work on Mitchell Hall productions.

A sophomore from Milford, Delaware, Christensen is a member of Sigma Nu. He has served as a delegate from his fraternity to IFC during the past year.

Walter, a Theta Chi pledge, is a freshman engineering student from Glenolden, Pennsylvania.

## SS Qualification Test To Be Given May 19

The second Selective Service College Qualification Test will be given on the university campus, Thursday, May 19. It will be given for the benefit of those students who missed the April 21 test.

The closing date for registration for this exam is March 9. Application blanks may be obtained in room 112 Hullen Hall, from Dr. Wilfred A. Pemberton, Assistant Dean of Students.

ward, senior lecturer of the Veterans Administration and lecturer for the New School for Social Research.

## Tony Mitchell Award To Honor Best Actor In UD Performances

The first annual Tony Mitchell Acting Award will be presented on Honors Day, May 5, to a student who has done an outstanding job in one or more Mitchell Hall performances during the past year.

The award, a gold key made up by the L. G. Balfour Company of Philadelphia is similar in design to the one used by the "Footlights Club," a dramatic organization at Delaware in 1924, before the E-52 University theatre came into existence.

The committee for the selection of the recipient of the award is composed of Mr. Herman Middleton and Mr. Thomas B. Pegg, members of the dramatic department faculty.

"It is the first time I can remember that any award of this kind has ever been given," stated Dr. C. R. Kase, chairman of the department of dramatic arts and speech. Dr. Kase also emphasized that the award will not necessarily go to a member of E-52.

Tony Mitchell was a student who was killed in an automobile accident on April 1, 1954. At the time of his death, he was vice president of E-52 in which he had been an active participant in plays throughout his college career. His last major performance was in "The Importance of Being Earnest" which was produced in Mitchell Hall last Spring.

Money for the award was contributed last year by faculty and students of the university and friends of Mitchell in a spontaneous campaign headed by Glenn Dill, a former Review editor-in-chief, and presently sports publicist for the university.

It is expected that the present fund is sufficient to carry the award for ten or twelve years, according to Dr. Kase.

## Newman Club Plans Annual Picnic, May 1 At Port Herman, Md.

On Sunday, May 1, the Newman Club will hold its annual picnic at Port Herman, Maryland. Preceding the picnic is a Communion Breakfast at 10 a.m. in Old College.

The group will leave for Port Herman at 1:30 p.m. from Commons. There is to be a wiener roast, softball, swimming and boating at the beach. Activities have been planned by a committee consisting of chairman Shirley Tibbet, Nick Mergo and Pat Friello.

The purpose of the Newman Club is to provide a Catholic student organization on our campus in order to instruct and stimulate interest in the doctrines of the Catholic Church. Other functions sponsored by the Newman Club are a Fall Communion Breakfast and an annual dance.

## Alpha Chi Sigma Sponsors Weekend

The Beta Kappa Chapter of the Alpha Chi Sigma fraternity is sponsoring its second annual high school weekend on Saturday, April 30. The program will begin at 10:30 a. m. in Brown Lab Auditorium.

The purpose of this function is to acquaint the prospective college student with the environment to which he will be exposed, should he decide to major in chemistry or chemical engineering. There will be conducted tours through the laboratories, and talks given by the heads of the departments of chemistry and chemical engineering, Mr. L. P. Shannon, manager of the Extension Division, duPont Company, will deliver a talk entitled, "Let's Look at Tomorrow."

## SN, AEPI, PKT Plan Weekend As Greeks Continue Frolicking

Sigma Nu Alpha Epsilon Pi and Phi Kappa Tau social fraternities will open their annual weekends tonight with formal dinner-dances, marking the second of three weeks of such fraternity affairs.

Following the dinner at the

## Fraternity Re-Elects Goodman As Master Of Alpha Epsilon Pi

Robert Goodman, a junior majoring in political science, was re-elected master of Alpha Epsilon Pi Fraternity for the coming year on April 5.

This is the first time in the thirty-two year history of the Rho Deuteron chapter that a brother has been re-elected master for two terms. Besides being president, Goodman, a Wilmingtonian, has held several other offices in the fraternity. He was house manager and lieutenant

Robert Goodman

master. His other extra-curricular activities include Hillel, junior class council and intramural sports.

Other officers elected are: William Wolson, lieutenant master; Sidney Kugler, scribe; and Charles Sloin, exchequer.

Bill Wolson, a sophomore political science major from Chester, Pennsylvania, participates in intramural activities. He was steward of AEPI this year.

Sid Kugler, a sophomore from Rockville Center, New York, is a history major. His activities include: present social chairman of AEPI, Hillel, Varsity basketball and intramural sports.

Charley Sloin, who lives in Trenton, New Jersey, is a sophomore pre-dental major. He is fraternity house manager.

## Placement Bureau Announces Vocational Library Services

by Ginny Redding

A new service has recently been added to the long list of aids already offered by the Placement Bureau to those students seeking employment. The long line of bookshelves which one may now see in one of the offices in Purnell Hall, appeared only recently, but at the present time houses a considerable volume of material collectively known as the Vocational Library.

Here, one may find literature obtained from some 500 companies and organizations, listing such things as: job opportunities within these respective fields, products which the company manufactures, training programs, employee benefits and all general information required by the prospective employee. Indeed, some of these pamphlets have been issued with the student specifically in mind, for they provide overall introductions designed for the person relatively unacquainted with company policies, employment procedures and the like.

In addition to this material, the library also carries listings of job opportunities in government service, plus reference books such as college directories

and job classification indexes. There is also a file of business magazines, which contain non-partisan information regarding a large number of companies.

Since companies usually send literature to the college prior to the campus visits of their representatives, the collection of pamphlets and brochures was acquired gradually. However, since its organization last December, the library has been deliberately expanding its material with gratifying results. During this coming summer, members of the Placement Bureau will be busy working upon a cross-index for their files which will list specific jobs offered by all of these companies, grouped according to definite fields. Mrs. Geraldine Wyatt, Director, concluded her remarks by stating: "We feel that with these new facilities to house the information, we can better serve the student body. . . it is sincerely hoped that undergraduates will make use of it prior to the time they become seniors. We will be very glad to have them visit us," she added, with the suggestion that the coming months would be an excellent time to do so.

## Dr. Harry Wiseman Joins Engineer Staff

Dr. Harry A. B. Wiseman, who recently has been associated with the National Research Council of Canada, is a new member of the university's civil engineering faculty.

Dr. Wiseman attended the University of Manitoba at Winnipeg, Canada and received his bachelor's degree at the University of Saskatchewan. From 1947 to 1949, he served as a teaching fellow and instructor in the Department of Mechanical Engineering at the State College of Washington, Pullman, Washington. He left the northwest to assume similar teaching and research duties in the Department of Engineering Mechanics at Penn State University from 1949 to 1954.

A member of the American Society of Civil Engineers and an associate member of Sigma Xi, Dr. Wiseman has been author or co-author of seven technical publications since 1952. He will hold the rank of associate professor at Delaware.

## Dr. Walter Woodfill Accepts Guggenheim Foundation Grant

Dr. Walter L. Woodfill, assistant professor of history, has been granted a leave of absence for the coming academic year to accept a fellowship from the John Simon Guggenheim Memorial Foundation for study in England, according to an announcement made by Dr. John A. Perkins, president of the university.

The Delaware historian will leave the university shortly after commencement exercises in June and travel by air to Paris, where he will make a brief visit prior to setting out for London.

The purpose of the fellowship is for the continuation of studies of seventeenth century English music which Dr. Woodfill has been making. He has already completed one book on this subject entitled "Musicians in English Society from Elizabeth to Charles I," which was published by the Princeton University Press in 1953.

The John Simon Guggenheim Memorial Foundation has announced Fellowship grants totaling \$968,000 to assist two hundred forty-eight Americans to carry on their studies in many fields of cultural endeavor.

The Foundation's Fellowships are granted to men and women without distinction on account of race, color or creed, who have demonstrated high capacity for original scholarly research and artistic creation. Scholars carrying on research in all fields of

knowledge and artists engaging in creative activities in all the arts are assisted in their studies by the Foundation.

## National Association Elects Dean Hocutt As New President

John E. Hocutt, Dean of Students at the University of Delaware, has been elected president of the National Association of Student Personnel Administrators. The Delaware dean succeeds President John H. Stibbs, Dean of Students at Tulane University.

Election of new officers for 1955-56 was held at the 37th Anniversary Conference of the national organization at Purdue University, April 17-20.

Dean Hocutt came to the University of Delaware in 1952 from the College of William and Mary, Williamsburg, Virginia, where he held the positions of dean of men and associate professor of chemistry.

A graduate of William and Mary, where he held a scholarship for three years, Dean Hocutt received his master's degree from Ohio State University. He is a member of Phi Beta Kappa, Omicron Delta Kappa, and Sigma Nu.

Prior to his election as president of the National Association of Student Personnel Administrators, he had held positions as vice president and chairman of Commission III for the Training and Development of Student Personnel Administrators. He served as program chairman for the recent Purdue meeting.

## Alpha Zeta Elects Smith Chancellor

Ron Smith was elected chancellor and five pledges were initiated at recent meetings of Alpha Zeta, honorary agricultural fraternity.

Smith, a junior ag major from Wilmington, is a member of Kappa Alpha fraternity. He has been active in intramural sports during the past year and is a graduate of P. S. duPont High School where he played varsity basketball.

The other new officers for the coming year are: Jim Toomy, censor; Bob Ferguson, scribe; Orlando Houston, treasurer; and Joe Camp, chronicler.

The newly initiated members are: Jack Wenner, Jack Waddington, Charles Patterson, Yorke Rhodes and Dave Woodward.

## URC Presents

# Truth and Knowledge Guide Man

(This is one in a series of articles representing the various religious groups on campus. The series is sponsored by the University Religious Council.)

By Harry Rawstrom

The words, "What do you know?" form an expression we come in contact with most every day. They are used in a variety of ways, from that of a greeting or exclamation to a question on an examination. Today, I have the privilege of sharing with you something I know in order to leave you with thoughts on "What do you know?"

For instance, in the field of aquatics I know that physical laws which govern floatation and motion must be applied properly to produce desired actions in swimming and diving. There are no secrets or tricks to the skills of swimming and diving; physical laws control the action, and a knowledge of these laws indicates what corrections, if any, should be made. So, it appears to be in all things; when we know the basic truth of a subject, our knowledge can be stated clearly and simply, and a proper course of action is indicated by the application of this truth.

It has been stated that it is the ideal of education to enable the individual to live in truth. No doubt there are many truths we will not get to know during our lifetime, but since we are

interested in education, we should make an effort to discover truth, particularly as it relates to getting along in his world. (For example, we can all learn to be good neighbors if we work at it.) However, preparing oneself to exist solely in world experiences is a shallow concept, and the search for truth has little significance if it is not to be rewarded with lasting results. A minister has expressed it this way:

"The Christian contribution to the philosophy of life is the assurance that Christ gives that death is not the journey's end. Rather it is a transition, a change in the life that is eternally going on."

Since eternity is ahead, it is reasonable to spend some time looking for the laws that govern our future. Such truth is in the Bible, and it is a most comfort-

ing experience for a Christian to understand a truth such as Paul states in the eighth chapter of his letter to the Romans: "For I am persuaded that neither death nor life, nor angels, nor principalities, nor things present, nor things to come, nor height, nor depth, nor any other creature shall be able to separate us from the love of God, which is in Christ Jesus our Lord."

Have you the assurance of knowing the laws that govern your future? "What do you know?"

## Bill Scott To Attend Modern Arts Fest

William C. Scott, a senior drama major, has been nominated as a delegate to the Intercollegiate American Arts Festival by Dean Francis H. Squire and Miss Harriet Bailey, chairman of the art department. The conference is being held this week end at Barnard College, a section of Columbia University.

The festival's theme concerns the non-literary arts in Modern America. These arts include painting, architecture and drama. Ben Shahn, prominent modern painter and Lloyd Goodrich, director of the Whitney Museum, will speak on modern American painting.

Other speakers include Philip Johnson, noted architect, Henry Russell Hitchcock from the Smith College Museum of Art and Norris Houghton co-producer of the Phoenix Theatre. There will also be an assembly in which modern dance, drama workshop and folk song groups will perform.

## Dr. Carl Bridenbaugh Speaks At Winterthur

Dr. Carl Bridenbaugh of the University of California's department of history spoke at the final Winterthur lecture program of the 1954-55 season in Wolf Hall Auditorium on Wednesday, April 27 at 8:15 p.m. His topic was "Newport, Virginia and the Arts."

Professor Bridenbaugh is a well-known writer on American history, as well as a teacher, with nine books to his credit, five of which he authored, one jointly and the remainder of which he edited. One of his early works, "Cities in the Wilderness," received the Justin Winsor Prize from the American Historical Association.

## Dr. C. E. Hinchey Acts As Consultant

Dr. Clarence E. Hinchey, superintendent of schools for Montclair, New Jersey, will be the guest consultant for the graduate seminar in educational administration held from 9 a. m. to 4 p. m. on Saturday at the University of Delaware.

The Saturday program is the sixth of seven such meetings this year under the general supervision of Dr. Matthew Pillard, associate professor of education. The final seminar has been scheduled for May 7.

A native of Michigan, Dr. Hinchey served for fifteen years as a teacher of physical sciences and principal of junior and senior high schools in that state.

Who's There

## On Honor's Day

Each year at Honor's Day the audience is usually comprised of faculty members, parents and those students who will receive the awards. However, there is a conspicuous absence of one important group — the general student body.

Some schools alleviate the problem of poor attendance by requiring all students to attend such programs. This has never been the policy at Delaware and we hope it never comes to be. If such a policy were enacted, the students would term it "unfair." On the other hand, what is more unfair to the students who are honored than to receive their awards before several hundred empty chairs?

The object of the program is to honor members of the student body who have been outstanding in scholastic and extra-curricular activities. It seems only fair to us that the rest of the student body would also honor the recipients of the awards by attending the ceremonies.

One of the biggest gripes on the campus by some students is that they don't know what is going on around the university. Here's a chance for everyone to find out "who's who in honors" at Delaware.

RDV

## Taken For Granted

JACK GRANT

By this year of 1955, the evidence is plentiful that Russian Communism has bred on the poverty of nations. We need only to look at the free world today and see that Communist infiltration is most dangerous where standards of living are low. Is it not reasonable, then, that free men should initiate means towards a general uplifting of their economic standards?

Although one need not exert much effort in order to criticize the Marshall Plan, yet the over-all effect of this program has been infinite when compared to its cost to the American people in taxes. When Mr. Nezh Manyes spoke before our International Relations Club only recently, he expressed how his country, Turkey, used American aid so effectively in combating Communism infiltration. Today Turkey is one of our staunchest allies. Without American aid Communism may have been disastrous not only for Turkey but also for Italy, Greece and Western Germany.

Still there is a better means than direct monetary aid for bolstering the economies of friendly nations. Leaders of many of our allies have often expressed their need for increased international trade. This is not to advocate free trade, for under this condition the United States would probably benefit more than those with whom she traded. Yet the United States should not initiate or maintain high tariffs which stifle increased international trade with our allies, for these conditions greatly hamper the economic development of free nations.

A few years ago, three-quarters of all American aid was directed to Europe. Since the end of the Marshall Plan in 1952, it is now possible for much of this aid to be directed to Asia where the Communists are concentrating their efforts.

Would it not be wise to use this aid by establishing terms of trade favorable for our Asian allies even at comparative loss to the United States? The process can be slow and of a nature that would in no way harm the American economy. The long-run economic benefits for the United States might be manifested many times over in new markets for American industrial production. The victory for democracy would be immeasurable.

At the time this was written President Eisenhower was speaking vigorously before an Associated Press convention in New York City on behalf of his proposed legislation concerning international trade. He said that "two way trade is an avenue towards peace and plenty for nations of good will." He asked that over the next three years our tariffs be reduced 15 per cent.

Is this asking too much? The life of democracy is in the balance and this increased international trade could be of more benefit than a million man hours of negotiating with the Communists. The time is long past for the United States to use its economic supremacy more efficiently in the strengthening of the free world.

## Impressions

by Nancy Stewart

It has been decided that Smyth Hall, for the most part, will not be strictly a freshman dormitory next year. Here are some opinions concerning placement in the dorms and coeds room drawing:

**Natalie Rand:** I think it's a good system but I do think that all the freshmen should be together.

**Mary Ann Nowak:** The present room drawing system is very fair, but, in my opinion, the freshmen girls should be together.

**Valerie Steinmetz:** I don't think that it's necessary for the freshmen to be all together in one dorm. The system works at other colleges and there's no reason why it won't work here. As for the room drawing system, I think it could be improved.

**Ruth Garrett:** I think it's a good idea to have the dormitories mixed because the underclassmen benefit from having the upper classmen live with them. The room-drawing system is as fair as possible.

**Helen Wilgus:** I think that the freshmen should be together for the first year, maybe with a few junior advisors so that they can get to know the members of their own class. They benefit from the leadership of the upper classmen. I think the room-drawing system is much more efficient this year.

**Nancy Alvarado:** I think the freshmen should all be together because there are lots of adjustments to make and the room-drawing system is efficient. The freshmen should have last choice.

**Cynthia McCue:** I think it's an excellent idea that the freshmen be separated because they can adjust themselves faster when they are living with the upper classmen.

## Placement Bureau

Summer Jobs for Women

The Hot Shoppes, drive-in restaurants in Washington, D. C., have summer positions for women college students. Complete information and applications are on file in the Placement Bureau, Purnell Hall.

Attention All Junior Women

The Women's Army Corps has now established a summer program for college women who have completed their junior year. It is a six weeks training program held at Fort McClelland, Alabama. There is no obligation following the summer program to remain in the WAC or to return to the Corps following the completion of your senior year at college.

Young women are enlisted at the grade of Corporal. For the summer program they receive \$100 a month plus all other expenses.

Should a young woman decide, after the summer program, that she wishes to join the WAC following her graduation, she is permitted to report six weeks later than the normal starting date.

Information can be received from the Placement Bureau, Purnell Hall.

## Students To Discover Activities Of Interest When They Look!

By Janet Bonin

The Cultural Activities Committee provides for numerous activities here on campus, but there are many activities which do not come under this committee. Possibly many more students would avail themselves of these opportunities if they knew more about what is offered.

Dr. R. S. Hillyer, who is a well-known American poet, and recently appointed to the English Department, has held readings of his poetry in Brown Hall Lounge on Monday evenings during the winter months. Dr. Hillyer has published numerous volumes of poetry including one that won the Pulitzer Prize for poetry in the 1930's. In addition he writes for the *New Yorker Magazine* and the *New York Times*.

Another activity is the Winterthur lectures, a series of lectures on American culture, and its relationship to the culture of Europe. Some of the lectures have been given by Professor Kenneth Murdock of Harvard, and Mr. Edward P. Richardson, Director of the Art Institute in Detroit, Michigan. This is the

first time that a group of scholars has spoken on this theme. It is hoped that these lectures will be published in a book in a field which has not as yet been touched.

Art exhibits are arranged once a month in the Memorial Library. Mr. William Brown, assisted by Raymond Lewis, installs these exhibits. In addition, the art department has a seminar library on the third floor of Robinson. In it there are reproductions and originals of paintings and sculpture. There are also books and the latest art magazines. Notices about art exhibits in this area are posted there every month. This gives students an opportunity to keep up on contemporary artists. The library is new this year.

There have been two major musical activities on campus in the past five years—contemporary and traditional music festivals. The contemporary festival is a two-day affair, bringing contemporary American composers to the campus, who speak to the music appreciation classes and to the music majors. The two

# Fraternally Speaking

## Alpha Tau Omega

Last Saturday evening several of the brothers and their dates held a beach party at Red Point. Everyone present had a fine time, didn't they Yorke?

The pledges, under the supervision of their president, Dave Norcross, are preparing for the annual pledge party this Saturday night. It is an Esquire Party, with entertainment provided by the pledges.

Speaking of pledges, Bill Orlando, Earl Graham and Joe Ford have formed "The Club 18." If anyone wishes to join, please contact Mr. William McCafferty. The brothers have raised a fund to buy pledges Dave Norcross, Jack Fitch and Don Miller a road map of Baltimore. Also, pledges Bill "Earthquake" Fisher, Cliff "Five bucks says you can't get me one" Johnson, Jim "Casino" Davis and Bob "Shake hands (side-ways)" Woodruff were seen wandering around the house at ten o'clock Sunday morning. How did that ever happen, Bird?

The chapter congratulates Brothers Stan Crewe, Earl Beck, Dick Perry and Garry Hoffman for their election as officers in ASME, and also Jim Myers who is the new president of the Inter-Fraternity Council. Thumbs up.

John Baker

## Delta Tau Delta

The Delta's biggest week end has passed, and without reservation, we can report that it was the best year yet! Many thanks go to Jack Davidson for excellent planning. Jack did a little private planning as he presented his Delt badge to Lois Nonemaker. Best wishes to you both!

Incidentally, there's a new name on campus this week—Mrs. Peggy Y. Tanyer—Yes, Al went ahead and took one of the biggest steps of his life last Saturday, and by the looks of this observer, Al and Peggy both agree. What a week end for the Tanyers, eh wot?

The Delt gals didn't surprise anyone, though, on Saturday night, as they put on a tremendous party as usual. To top it off they gave us a Glenn Miller Limited Edition Volume—60 selections—as a gift. This will be a great replacement to "Open Up Your Heart" and "His Rose of Calvary," to which we have been dancing in recent months.

We topped this off with a great blast in Maryland at Bill Moore's Saturday night and add to this a picnic in real "Brigadoon" country on Sunday afternoon, in which L. P. Lore got all wrapped up. With a dash of charm, as we congratulate Betty Ireland as being 1955's "Delt Queen."

Bob Wilson

## Sigma Phi Epsilon

Over the weekend Sig Eps from thirteen neighboring chapters invaded our campus for the first annual District Three and Four Conclave.

All the brothers feel they gained valuable information from the conclave. During the

weekend we initiated a new brother. He is Edward Richard Buckley from Wilmington, Del.

On Sunday evening the "Sig Ep chorus" traveled to Middletown to serenade the boys of St. Andrews School. The Hoopemobile provided speedy transportation to the "opera hall." On the trip down, the mobile looked as if it needed a complete overhaul. However, on the return trip it showed signs of new life.

Congratulations are in order for the intramural track team which carried home two trophies. It's up to Coach Conrad and his "clubbers" now. Best of luck to all the varsity athletes who are giving their time and talents for the sake of the university.

Dick McKelvey

## Kappa Alpha

The brothers wish to congratulate Ray DeVries and Dave Tompkins on their respective nominations as editor-in-chief and news editor of the Review, and also to Dick Stewart who is now vice president of E-52.

At our Confederate Banquet last Friday, we were quite honored to have Dick Schafer, province commander, as our guest. Toastmaster Don Goodridge presented the following with awards: John Papaioanu, the Goober Gorman Perpetual Liars Trophy; Jim Marvel, outstanding pledge; Dick Saunders, outstanding senior; and Ed Hoffman, Will Fisher Memorial Trophy.

Peggy Tighe presented our new KA Rose for the forthcoming year, Margie Scott with the crown and a bouquet of roses. Another KA Rose was added that night as Jim "Bevo" Bueche gave his pin to Marie Potocki. Congratulations!

"Uncle Billy-Bones" gave all the kiddies a big thrill with his fairy tale stories. Also George Cavey did pantomimes for a few songs using an old forgotten article, the handkerchief.

Abie, Stoney, Mouse and the rest of the girls were seen decked out in their Bermudas at Dr. Lewis' cottage last Sunday. A few people "splashed" this column. Nancy Stewart and Nancy Alvarado took the lead and went swimming. Then Camel, Duke and Tony Brown followed. Later Rock and Betsy went for a dip. All came in rather blue.

Ed Braniecki

## Alpha Epsilon Pi

Your roving reporter went the rounds today: Abe is studying Esquire. (You never send me flowers). Stan is studying Stan. Steve is sleeping all day so he can wake up in time to catch the late late show.

The balloon-ball tournament is progressing rapidly.

Charlie had his ears lowered. Alvin is still telling the one about Tom, Dick and Harry, and they're going to make him stop it. Roddy is fixing his car again. Where's the Scotch tape? Jerry Spivack is practicing knife throwing and warns all brothers to yell before entering his room. Bobby is washing the blood off his whip after the last work day. Sid is learning to type by the Columbus system: discover

the key and land on it. Who's been stealing Spiros' pictures? Gordon hasn't been looking well lately. Anybody got a match? Don't worry, Tom, in case the trophy doesn't come in time, I hid the rope.

All the apes are looking forward to the big weekend parties, banquets and balls. Question of the week: Where will the phantom strike next?

Hillel Handloff

## Pbi Kappa Tau

It seems as if all the brothers took off for places unknown last weekend with brothers going north, south and west of our thriving metropolis of Newark.

Don Rau now claims that the southern hospitality is unbeatable after his trip to the University of Louisville, Kentucky, for the Phi Kappa Tau Convention. He has an invitation to go down to see the Kentucky Derby.

Brothers Anderson, Ferguson, O'Neil and Frey had a ball at the Phi Tau Domain Conference at Penn State. After the meetings they had a typical "coke" party which ended up in a tremendous party-hopping party. Do they love swell parties! It seems a shame that some of the party ideas cannot be incorporated at Delaware.

In the northern scene were seen Hap Cook, Dick Garrett and Bruce Stewart on a Lacrosse trip to play Hofstra. At the present time Hofstra has one of the strongest teams in the nation. The small Delaware team did not do too well, except for, Dick Garrett, who did outstanding work in the goal cage by making twenty saves. Also seen at the game was "Harold Cookstein."

Bruce Stewart

## Sigma Nu

This week finds twenty-two new initiates sporting proudly their five arm star. The new brothers are Frank Buhl, Larry Burrows, Paul Claccio, Charles Crompton, Jim Crothers, John DeStefano, Paul Flood, Wayne Fuhr, Dick Harris, Dale Hill, Don Jost, John Kane, Dick Lewis, Gerald Moore, Craig Pepper, John Spargo, George Stephens, Bill Timmons, William F. Walker, William G. Walker, Frank Waller, and Jim Zawicki.

The new brothers were initiated at the Newark Masonic Temple last Saturday afternoon. The banquet, a turkey dinner, was highlighted by the awarding of the Clarence A. Short award for Sigma Nu's outstanding freshman pledge to Don Jost.

A new award this year, the Hugh and Jack Dougherty award for the senior who best exhibits the spirit of Sigma Nu, was awarded to Brad Barnes.

After the initiation and banquet many of the brothers journeyed to the University of Pennsylvania for the annual Skimmer Day. Last Saturday also found various brothers on the lacrosse team sprawled on the field after a valiant defeat dealt by the hands of the men of Hofstra. Kidding aside boys, nice going and good luck in your next game.

"Pete" Warren Green

## Theta Chi

I can't figure why, but the University of Pennsylvania became a Mecca for UDeIs last weekend as everybody skimmed.

Seen skimming were many adventurous OXen. Brothers Krussman and Swartout arrived early and paid rapt attention to all of the races while fighting off scores of Penn bird doggers. Brothers Oves, Stenger, Scone, Thomas and Drinko and pledges Jarome, Facciotti, Eroh, Pollack and Nevada led the history making contingent from Theta Chi.

Pledges Pollack and Facciotti and Brother Stenger helped keep the university hospital in business, but Mike Nevada is credited with the line of the year: "Do ya' have any sodas left?"

Amidst screams and shrieks from South Campus, the little OXen set out to find their tapes. The first day out, explorers (below the knee) Lou Morris, Terry Byers and John Duffy found five name tapes for a high one-day total.

The brothers have taken to culture in a big way since pledge. De La Cuesta introduced them to that Arabian classic, "Twenty-nine Night," by Chekh Nefyaoui. Finally, I'd like to mention the names of Hal Muir, Bud Bullock and Dick Zuzek who have done nothing spectacular

lately but just want their names mentioned.  
Len Drinko

## Pi Kappa Alpha

Viva La PIKA! That was the watchword over the weekend for all the brothers and their dates. Needless to say it was jubilant, exuberant and much too short.

The weekend started Friday night at the Newark Country Club with a formal dance. The decorations were good, the music better and the company in good spirits. Former pledge Obie Goff saw to it that there were no serious faces at the dance by having a party both before and after the dance.

During the evening the dream girl trophy was presented to Mrs. Jane Thompson. Brother Wilson gave a speech and all the brothers sang the dream girl song.

On Saturday there was a picnic at Conkill's farm near Newark, which eventually moved to Rehoboth. Even without the cooperation of the weather on Sunday morning, everyone had a terrific time.

Sunday at noon the party moved again; this time to the Lewes Yacht Club. The food and drinks were good, thanks to Brother Reese Savage. All things accounted, it was a great weekend.

M. W. Riker

## Look for the Spalding "Tennis Twins" Wherever Top Tennis Is Played

There are good reasons why Spalding's tennis twins are used in more major tennis tournaments than all other tennis balls combined.

Top players want a tennis ball that can take rough treatment... and give uniform performance set after set. They pick the Spalding and the Spalding-made Wright & Ditson over all others for uniform wear and better bounce qualities.

Put the best ball in play for your best game. The pick of top tennis men... Spalding's famous tennis twins.

Your dealer has them now.

## Health Center Series Offers Advice On Human Relations

A new discussion series planned by the Student Health Center in cooperation with the Dean of Students' Office counseling service has given University of Delaware students an opportunity to discuss some basic problems in human relations.

Dr. Jerome Kay, well-known Wilmington psychiatrist, who also teaches at the University of Pennsylvania Medical School, conducted the second of five weekly discussions on Wednesday, April 27, at the University of Delaware. These meetings are for women students. The next program will be held on May 4 in Warner Hall Hilarium. The two later meetings on May 11 and 18 will be devoted to problems suggested by the men.

As a consulting psychiatrist for the Student Health Center, Dr. Kay spends one afternoon each week on the Newark campus to counsel individual students. Last year he spoke on the subject, "Some Fundamentals of Psychiatry," but this is the first time that the entire student body has had the chance to attend meetings under his supervision.

"I believe these discussions will provide an unusual opportunity for our students to become exposed to psychiatry and what it offers to the average person in terms of helpful counseling," Dr. Keppel explained. "Too many people today consider the psychiatrist a person who works only with the mentally ill at one of our state institutions."

According to Miss Margaret Black, counselor in the Dean of Students Office, nearly all of the students who will assume the responsibility of junior counselor next year are attending the meetings in order to equip themselves for their important duties as student advisers.

## Monsanto Awards Scholarship to UD

The University of Delaware has recently received an award from the Monsanto Chemical Company to be used for a scholarship for an undergraduate majoring in chemical engineering. The scholarship is to cover tuition costs, and is to be awarded on the basis of both merit and need.

The university is one of fifty-three colleges and universities which received an award from the company under an expanded program to encourage scientific education. A total of seventy-two awards, including fellowships, undergraduate scholarships and cash grants were given.

## Campus Agencies Help 200 Students With Summer Jobs

Nearly two hundred students will receive assistance in finding jobs this summer from the cooperative efforts of the University's Business Guidance and Placement Bureau and Dean of Students Office.

"Although the overall job picture is not as promising as it was in 1953, opportunities for technical students are increasing," Mrs. Geraldine M. Wyatt, director of the Placement Bureau, disclosed today.

Included in the technical category are engineers, chemists, physicists and mathematicians.

"In past years, most companies have been interested only in those students who had completed their junior year," Mrs. Wyatt explained, "but today more and more companies are developing summer job programs, some of which include sophomores and students who have completed their freshman year. One company is even offering a six weeks' work program for boys who must spend part of the summer at R. O. T. C. camp."

"The employment quota is comparatively small with each company, but more companies are becoming interested in contacting qualified students through this means," Mrs. Wyatt said. "This effort reflects the great need for technically trained employees in industry," she added "because summer work programs undoubtedly cost money. The advantage of such training periods is that they provide an opportunity for the companies to know prospective full time employees and for the students to learn about the companies."

"Scholarship is the factor in which employers are most interested," Mrs. Wyatt reported. "Most of the technical students sought must rank in the upper ten per cent of their class or, in other words, have a dean's list scholastic index."

"Salaries for these undergraduates are excellent," Mrs. Wyatt declared, "ranging from \$275 to \$325 per month. Students at Newark at 12:30 p. m.

Campus Photographers To Win  
Cash For Good 'Shuttering'

"Campus stand-outs" is the subject of a nation-wide photography contest for collegiate photographers recently announced by the sponsor, Campus Merchandising Bureau, Inc. for Liggett & Myers Tobacco Company, makers of Chesterfield and L & M filter cigarettes.

Any student on campus may enter the contest and cop his share of the \$1,000 prize money offered for the best photographs and captions describing a typical collegian. Photographers may submit as many entries as they wish and may win more than one prize. Entries must be the original work of the contestant and submitted in his own name.

Rules for the contest are as follows: entries must be made up of one 8 x 10 glossy photograph and a suitable caption not to exceed six words; the name and address of the photographer and each of the students in the photo must be included on a single sheet of paper attached to the photo; both photographer and students in the photograph must be reg-

istered at this college;

All entries must be mailed to Campus Merchandising Bureau, Inc., 299 Madison Avenue, New York 17, New York, and must be postmarked no later than midnight, May 16, 1955. The subject of the photograph must be a personality stand-out, an individual student representing a campus type.

Judges will pick the winning photographs and captions based on these qualifications: good, clear picture, suitable for reproduction; appropriate caption; and photographer's originality in illustration technique. Winners will be notified by mail.

The prize money is to be awarded to student photographers as follows: \$100 each for the top five award-winning photographs; second prizes of \$50 each for the next six best entries; and 20 prizes of \$10 each to those achieving honorable mention. There are 31 chances to win and the best photos will be used in advertising for L & M cigarettes.

Co-eds Fashion Clothes For Show

It's styling time for the Home Economics Fashion Show. Nancy Procius, Pat Taylor and Marjorie Lockett (left to right) are shown above preparing for the annual show.

Clothing designed and produced by University of Delaware coeds will be displayed to the public on Tuesday, May 3, at 8 p. m. when the members of the Junior Tailoring class of the university present the Annual Home Economics Fashion Show.

The style review, entitled "Fortune in Fashion," will be conducted by undergraduates in elementary and advanced clothing, flat pattern design, draping and tailoring courses. The show will be held in Room 200, Allison Hall.

The 1955 fashion show, the first to be presented in Allison Hall, will feature student models.

Jane Clay, of Wilmington, and Patricia Taylor, of Dover, are serving as co-chairmen of the production. Nancy Procius, a junior from McKeesport, Pennsylvania, heads the script committee. Phyllis Fisher, of Newark, and Mildred Minner, of Harrington are responsible for properties and invitations, respectively. Patricia Collins will handle modeline, while Marjorie Lockett is in charge of publicity.

Cultural Activities

(Continued from Page 4)  
days are climaxed by a concert of the music of the guest composer.

The traditional festival features Mozart, Brahms, Mendelssohn and Saint Saens. The purpose of this festival is to bring a cross section of one composer's music.

On the first and third Sundays in May, the University Band presents outdoor concerts. This gives members of the student body, faculty and townspeople a chance to get to know the literature for symphonic band.

Through liaison arrangement with Columbia University, the music department brought two contemporary operas to the campus. The cast and director were from New York City, and the Delaware Symphonette provided the music.

The debating club began in 1953, after an interval of several years without it. During the year, it prepares to debate the national college question. During the debating season from November to April they took part in the tournament held in this area, participating against Temple, New York University (Washington Square), Johns Hopkins and Hofstra. Any student who wishes is eligible to join the debating club.

1954—Roll-out of America's first jet transport, the Boeing 707

Progress is a Boeing-career hallmark

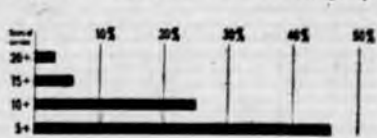

From the earliest days of aviation, Boeing engineers have produced an impressive number of trend-creating "firsts"—including the 707, America's first jet transport, shown above.

Boeing's 38-year history of Research, Design and Production progress has continuously opened up new career opportunities for engineers. Today Boeing employs more engineers than even at the peak of World War II.

At Boeing you'd work with engineers who developed: The world's first all-metal, 3-mile-a-minute commercial transport. The first pressurized airliner. The first effective four-engine bomber (the B-17). Today's fastest operational bomber (the six-jet B-47). The even more advanced B-52 eight-jet global

bomber, and the 707, America's first jet transport. Boeing engineers continue to design "years ahead," doing research on nuclear-powered aircraft. They are also developing a new Air Force defense weapons system, based on the Boeing F-99 Bomarc pilotless interceptor. These long range programs project Boeing progress far into the future.

One measure of the satisfaction of Boeing careers is given in the chart below. It shows that 46% of Boeing engineers have been with the company

for five or more years; 25% for 10 or more years, and 6% for 15 or more years.

Here are other advantages: Boeing promotes from within and holds regular merit reviews to assure individual recognition. Engineers are encouraged to take graduate studies while working and are reimbursed for all tuition expense.

Of technical graduates at Boeing, 28% hold Mechanical Engineering degrees, 24% Electrical, 19% Aeronautical, and 9% Civil. The remainder is comprised of other engineering graduates, physicists and mathematicians.

For further Boeing career information consult your Placement Office, or write: JOHN C. SANDERS, Staff Engineer—Personnel Boeing Airplane Company, Seattle 14, Wash.

## UD Mile Relay Team To Run In Penn Relays

Today Track Coach Ken Steers will send a mile relay team to run in the Penn Relay Carnival in Philadelphia. The team will be chosen from among Jim Flynn, Dante Marini, Neal Keough, Charlie Skinner and Clyde Louth.

Last Saturday, Delaware's varsity cindermen lost a nip-and-tuck decision to Swarthmore College at Clothier Field in Swarthmore, Penna. The 63½ to 61½ victory gave Swarthmore a 2-1 log for the season. Delaware is still in search of its first victory in dual competition after suffering an initial setback by Lehigh.

The Blue Hens were in the lead up to the final event, until Garnet javelin thrower Al Lee took a second, giving Swarthmore the 2½ point margin of victory. Delaware's only double-winner was sophomore Clyde Louth who took a first in the mile and 2-mile runs.

Swarthmore had a two-time winner in Ed Sheath who set a new Clothier Field record of 0.50.3 in the 440. In addition, he took first honors in the 220 in 0.22.7 to remain undefeated in these two events this season.

Other Delaware firsts were registered by Bill McWilliams in the pole vault with a jump of 11 feet; high jump, tie between Dick Saunders and George Houghton both of Delaware, with a jump of 5'6"; javelin throw with Tom Oves chucking 164'9" and shot put with Steve Butcher heaving 43'2.5".

## Delaware's Tennis Team Loses 6-3 Verdict to F&M Meet St. Joseph's April 30

Delaware's varsity tennis team journeyed to Franklin and Marshall College, where they lost a 6-3 verdict to the Diplomats, on Wednesday, April 20.

The only Blue Hen winners were Charley Thompson, third singles, Tom Hopkins, fifth singles and the combination of Roland Corson and Al Woodruff in their doubles.

Last Saturday, the team lost number two of the current season against Johns Hopkins, 7-2, here in Newark. Junior Walt Jebens and sophomore Roland Corson were the only members of the Delaware team to score victories in the event. Jebens, a previous varsity letter winner, topped Dan Switkey 6-6, 6-3, 6-2, while Corson beat Pete Bower 8-6, 6-3.

Saturday the Hen varsity tennis team will meet St. Joseph's of Philadelphia on the home court.

## Buckwalter and Green Maintain Pace In Hitting and Pitching Departments

As the season approaches the midpoint, Gary Buckwalter and Dallas Green are still pacing the team in hitting and pitching.

Dallas Green, the Hen's strike-out ace, is leading the Delaware pitching staff in every major pitching department. In compiling this impressive record, Dallas has struck out an average of 14 batters in each of his winning efforts. Green has added Johns Hopkins to his list of defeated teams. "Bud" Kimmel looked impressive in his outing against Washington College de-

## Sigma Phi Epsilon Virtually Clinches Intramural Trophy

As of the first intramural sport event, excluding track, it looks as if Sigma Phi Epsilon will win the Intramural Cup. The closest competitor is Sigma Nu, a long 79 points away. Kappa Alpha is a far third trailing the second place fraternity by 132 points.

The standings:

Sigma Phi Epsilon	842
Sigma Nu	763
Kappa Alpha	631
Phi Kappa Tau	491
Alpha Tau Omega	442
Theta Chi	367
Pi Kappa Alpha	293
Delta Tau Delta	222
Alpha Epsilon Pi	65

First round playoffs have been completed in the fraternity badminton league. Dean Steele of ATO has beaten both Myers (ATO) and Moore (DTD) to be the first man to reach the third round playoffs.

Other matches were:

Steele (ATO) over Parson (SN)  
Mathews (SPE) over Collings (TC)  
Schall (PKT) over Corson (KA)  
Rodgers (SPE) over McCurdy (TC)

Hornberg (PKT) over Gorney (ATO)  
Sharp (SN) over Jibens (DTD)

Tuley (SPE) over Grant (DTD)  
In badminton "B" Al Coccione (Renegades), Tom Jenkins (Panthers), and Jack Waddington (Panthers) are the only players to date to reach the second round elimination.

Intramural softball starts this week. Last year's champions, Alpha Tau Omega, is going to have a pretty hard time keeping the cup from the other teams. Games are going to be played at Delaware Stadium. There is plenty of parking, so let's see everybody out there cheering for their respective teams. Games will be played at 6 p. m.

Sigma Phi Epsilon came out on top in the intramural track meet last Saturday. Sig Ep clinched the meet by taking first place in the 880 and 440 yard relays and in the 100 yard dash. The order of finish was SPE—59, TC—40½, SN—31½, KA—16, ATO—8, Independents—5.

Summaries:

100 yd. dash: Redding (SPE), Walton (Ind.), Jarome (TC), Larman (SPE), Candeloro (Ind.) 10.8  
440 yard dash: Taylor (SN), Heal (TC), G. Skinner (SPE), Christenson (SN), Ladd (TC) 56.5

(Continued on Page 9)

## Blue Hens Baseball Nine To Oppose Muhlenberg Away This Afternoon

Blue Hen ace pitcher Dallas Green at work on the mound. This fire-balling righthander has a 3-0 log so far this season.

Having boosted their record to a respectable 6-4-1 log, the Delaware Blue Hens will travel to Muhlenberg this afternoon to play the Mules in a game which was postponed from last Monday. Tomorrow the Hens take on Haverford at Frazer Field in a regularly scheduled contest.

This past Wednesday Delaware gained its second victory in a row and achieved its 6-4-1 record by dumping Swarthmore 7 to 1. Big "Moose" Morrow toed the slab for the Hens and picked up his second victory in four starts. The "Moose" was razor sharp, striking out 7 men and walking only 1 in the 7 innings he worked.

Carmen Cella and Ray Hoopes were the big stickmen for Delaware. Cella had a pair of singles in 5 trips to the plate and scored once. Hoopes drove in two runs with his third-inning single.

The Hens salted the game away in the third inning when they exploded for 5 big runs. After this uprising Morrow coasted along for seven innings. Pete Green and Jerry Bacher finished up by pitching the final two frames.

Last Saturday the Hens played host to Johns Hopkins and pounded out a 5 to 1 victory. Righthander Dallas Green was practically the whole show as he set the visitors down with only (Continued on Page 9)

## ROTC Rifle Team Defeats Both Duquesne University And Saint Mary's College

The University of Delaware ROTC Rifle Team defeated Duquesne University and St. Mary's College (Texas), while losing to Utah State Agricultural College this week.

The University of Delaware scored 1864 points, Duquesne scored 1824 points, St. Mary's scored 1819 points and Utah State scored 1871 points.

The competition this past week completed all postal matches to be fired by the University of Delaware ROTC Rifle Team. The season total showed 16 victories and 17 losses for the year.

In addition, the results of the Second Army Area ROTC Intercollegiate and Intercollegiate Rifle Matches of 1955 revealed that the University of Delaware team ranked 21 out of the 415 teams entered.

## Lacrosse Team Meets Penn; Tait Stars As Hens Bow 17-10

Tomorrow Captain Dick Knoll will lead the lacrosse team in a fairly evenly matched contest with Pennsylvania. Coach Milt Roberts expects to bring home a victory, although the Quakers are slight favorites.

Washington College showed their Middle Atlantic Championship form last Wednesday as they defeated the Hens 17-10. Bob Tait, with 5 goals in the first half and a total of 8 in the game, was the backbone of the Hen attack.

The champs showed their form in the third quarter when they scored 7 goals while holding Delaware scoreless. Dick Garrett, Hens' star goalie, made 22 saves to help keep the score respectable.

Last Saturday Delaware traveled to Hofstra and were welcomed by having a 19-1 defeat hung on them.

Hofstra, the third-ranked team in the nation, completely outplayed the outclassed Hens.

Alex Whitney with an assist from Bob Tait, saved the team from being shut-out by scoring the lone Hen tally in the last quarter.

In the opening match of the season, sophomore Bob Tait led the Blue and Gold to a hard fought 5-5 decision over Swarthmore.

Tait was the leading scorer with three goals but it was Ronnie Haines' goal in the last 30 seconds of play which won the game. Jim Holden and Alex Whitney accounted for the other two goals.

Delaware's second opponents were the "Engineers" from Lehigh. Led by their captain, Dick Sperry, who shot a par 71, the Lehigh's linkmen blanked the Hens 9-0.

In the first match of the season Delaware's linkmen went down to defeat against Drexel 6-3 on the Newark C. C. Both teams won three individual matches, but Drexel captured the three best ball points. The three Hens to taste victory were Captain John Faraone, Chauncey Dean, and Chuck Talpey.

The medalist for the day was Drexel's captain Mike Di Venanzio who carded a 72.

Summaries:

Grant Morrow (H) defeated John Faraone (D) 4-2. John Allen (H) defeated John Kelly (D) 1 up in 19. Best ball — Haverford.

Robert Schultze (H) defeated Tom Parvis (D) 6-5. Stark Seamans (H) defeated George Batchelor (D) 2 up. Best ball — Haverford.

Joe Green (H) defeated Chauncey Dean (D) 2-1. Jack Wilentz (H) defeated Dick Sutton (D) 2-1. Best ball — Even.

## SPOTLIGHT ON SPORTS

By FRANK GAROSI

On the surface it would seem that Hofstra's 19-1 shel-  
lacking of Delaware's lacrosse team is slightly out of pro-  
portion to the relative size of the two schools.

However with four (4) lacrosse coaches and the nation's  
third-ranked lacrosse team Hofstra goes in for the ancient  
Indian sport in a big way. What football is to Notre Dame,  
what baseball is to Flatbush, what tennis is to Australia,  
what rum is to Jamaica — that's what lacrosse is to  
Hofstra.

A couple of interesting sidelights on the Hofstra-Del-  
aware match: Hen mentor Milt Roberts played under  
Hofstra coach "Howdy" Myers' tutelage when he starred  
in college . . . Not only did the Dutchmen rack up 19  
goals but Hen goalie Dick Garrett actually turned in 20  
saves besides — to keep the score down . . . This is the  
third straight year that Hofstra has scored 19 goals  
against the Hens.

Any resemblance between Frazer Field and a golf course  
is purely the opinion of the outfielders — but on May 4  
the Delapem Club will transform the field into a simulated  
course in preparation for a golf clinic which they are  
sponsoring.

Betty Hicks, nationally known women's golf pro star,  
will give demonstrations to the spectators and deliver a  
lecture. This diminutive female Ben Hogan was runner-up  
to the fabulous "Babe" Zaharias in the Women's Na-  
tional Open and is consistently ranked among the top five  
women golfers.

Lack of depth on the track team has been a serious  
handicap this season. Only 19 trackmen are available to  
compete in the 13 events which constitute a track meet.  
Since there are generally three men entered in each event  
this means that there are 19 men to put into 39 places.

The obvious answer is that Delaware has been entering  
only one or two men in some events — which is of con-  
siderable help to our opponents.

An afterthought — it doesn't take much school spirit  
to go out and support a winning team, but it does take  
loyalty to back a losing one.

## Blue Hen Of The Week

Towering 6'5", Dallas Green  
has a 3-0 win-loss record, the  
best this season, as a result of  
his beautiful pitching last Sat-  
urday against the Johns Hop-  
kins' nine.

Dal, who bats left and throws  
right, has gained excellent con-  
trol over the ball this year. With  
this control he struck out 17 and  
allowed 2 hits and one run in  
the first inning last Saturday.  
He walked only three men. Dur-  
ing the game Dal batted in one  
run by hitting a double in the  
seventh. In all three games, he  
pitched for the entire time.

Previous to the Johns Hopkins  
game, this 190 pound junior  
pitched a 2-1 win over Lehigh.  
He struck out 11 and walked  
three. In his first game, in  
which the Delaware nine defeat-  
ed Fairleigh-Dickinson 9-2, he  
struck out 15. He struck out a  
side in the third, seventh and  
ninth, and he walked four.

His total record thus far in  
three games is 43 strike-outs, 10  
hits and 4 runs. Dal's greatest  
pitching asset is his speed, and  
a good curve ball. Recently  
many major league scouts have  
noticed Dal's abilities on the  
mound. He is interested in mak-  
ing pro baseball a career in pre-  
ference to his academic field of  
business administration.

Dal is a good hitter. He hits  
a long hard ball and has been  
leading the team in extra-base  
hits. He has a total of 6 hits, 6  
runs batted in and 4 strike outs  
for an average of .250.

A graduate of Conrad High in  
Wilmington, Dal was a four let-  
terman and an outstanding  
baseball player before he came  
to Delaware. Last year as a so-  
phomore, he pitched 2 wins and  
3 defeats. He is a member of  
Sigma Nu and a star forward on  
the Delaware Quintet.

## Blue Hen Nine

(Continued from Page 8)  
2 hits. Green raised his 3 game  
total of strikeouts to 42 by fan-  
ning 17 bewildered Hopkins  
batters.

The Hens well-balanced attack  
was led by "Zeke" Zaiser with a  
single, a sacrifice and two runs  
scored.

On Wednesday, April 20, Wash-  
ington College came to Newark  
and administered a 3-1 defeat to  
the Hens. "Buddy" Kimmel went  
to the hill for Bob Siemen's  
charges and turned in a credit-  
able 5-hit performance for the  
six innings he worked.

Kimmel was plagued by Wash-  
ington's third baseman who  
pounded out three hits and bat-  
ted in all three runs. Dallas  
Green had a run producing tri-  
ple and Ray Hoopes had a pair  
of safeties to pace the Hens'  
offense.

## Whitey Burnham To Speak Tonite At Annual Banquet Of Referee's Association

Alden H. Burnham, coach of  
soccer and wrestling at the Uni-  
versity of Delaware, will be the  
guest speaker tonight at the 31st  
annual banquet of the Eastern  
Pennsylvania and District Ref-  
eree's Association, an organiza-  
tion of soccer officials.

The Delaware coach plans to  
base some of his remarks on the  
philosophy of the late Dr. John  
D. Brook, former coach and pro-  
fessor at Springfield College.

Members of the Pennsylvania  
group, one of the best organized  
referee's associations in the na-  
tion, officiate at professional,  
amateur and collegiate soccer  
contests in the Eastern Pennsylv-  
ania and Delaware area.

A member of the Delaware  
physical education staff since  
1948, Burnham was a player on  
the Springfield College soccer  
team, national champions in  
1946 and 1947. He was also run-  
ner-up in the badminton double  
championships of the Southeast-  
ern A.A.F. Flying Command.

Burnham serves as vice-presi-  
dent of the All-American Sele-  
ction Committee for the National  
Soccer Coaches' Association. The  
immediate past president of the  
Newark Methodist Choir, he is  
also a member of Kappa Delta  
Pi, the Delaware Association for  
Health, Physical Education and  
Recreation and the American As-  
sociation for Health, Physical

You finally meet the campus  
queen—on graduation day!

And then you find her sunbathing  
next to your house on the bay...

M-m-man,  
that's PURE PLEASURE!

For more pure pleasure... **SMOKE CAMELS!**  
**No other cigarette is so rich-tasting,  
yet so mild!**

P.S. No other brand has ever been able to match the pure pleasure in Camel's exclusive  
blend of costly tobaccos — one of the reasons why Camels are America's most popular cigarette!

B. Z. Reynolds Tobacco Co., Winston-Salem, N.C.

## Naval Officer To Discuss NOCS With Graduating Men

Lieutenant (junior grade) D. R. Gallagher, U. S. Naval Reserve, representing the Office of Naval Officer Procurement in Philadelphia, will be on the University of Delaware campus on May 3, 1955, to discuss the Navy's Officer Candidate School with members of the graduating class.

Any college graduate, or any senior whose graduation is less than six months away, may now apply for this program regardless of his college major.

Mr. Gallagher will be at the University of Delaware on May 3, 1955, from 10 a. m. to 3 p. m. He will have literature on this program and will interview and answer the questions of interested seniors.

The Navy's Officer Candidate School is located at Newport, R. I., and selected candidates will be ordered there for a four month course. Upon successful completion of the course, Officer Candidates will be appointed as Ensign or Lieutenant (junior grade), depending on age, in the U. S. Naval Reserve and required to serve three years of active duty.

Line officers will be ordered to appropriate billets and staff corps officers will be given additional indoctrination under the supervision of their corps.

Qualified Unrestricted Line Officer Candidates desiring flight training can submit their requests prior to being commissioned.

## Children's Theatre

(Continued from Page 1)  
Tricked by a wolf. Judy Kase, a very familiar face to the Mitchell Hall stage this year, plays the young wolf who thinks he is smarter than men and Liz Parkhill takes the part of the old grandmother wolf. Elaine Steuber portrays Red Riding Hood's mother and Bobbie Miruk has the part of the spry grandmother. The two woodcutters are Irv Rinard and Dick Stewart. Understudies are Susanne Kozak and George Cavey.

## URC Sponsors Dorm Discussion Groups

To further religious consciousness on the Delaware campus, the University Religious Council is sponsoring informal discussions in the women's dormitories on May 2 to May 5 at 10:10 p. m.

Each dorm will have a local religious leader to act as moderator. The Reverends R. Andrews, H. Hughes and P. Cook, Rabbi L. Gewirtz, Father F. Cornley and Miss Mary Ann Sharron will be these chairmen.

The dormitories and the dates of the discussions are as follows:

Warner — Monday, May 2  
Smyth — Tuesday, May 3  
Cannon — Wednesday, May 4  
New Castle — Wednesday, May 4  
Topsy — Thursday, May 5  
Sussex — Thursday, May 5

Gay Wilmore of the Student Christian Movement in Philadelphia will come to observe the next URC meeting on May 9, at which time officers will be elected for 1955-56.

All representatives for URC for next year must be elected by the member-groups by this time in order to be nominated for a URC council.

## Phi Kappa Phi To Initiate 26 New Members On Thursday

Twenty-six new members will be initiated into Phi Kappa Phi, honorary scholastic society, on Thursday, May 5, in Warner Hall Hilarium.

Following the initiation, Dr. George Shuster of Hunter College will speak to the group. After the speech a reception is to be held in the Women's Faculty Club Room.

Phi Kappa Phi is an honorary society which gives recognition

to the top five percent of the senior class for scholastic achievement.

The new members are: Eleanor Bernhard Briggs, Sarah Powell Caldwell, Carole Collins, Carlos Augusto de la Cuesta, Mary C. Dougherty, David Reed Ewing, Cynthia D. Fiery, Audrey Frazier Whitby, Keelin Tillman Fry, Jr., Margaret Ellen Fullerton, Charlotte Fern Goodley, Robert W. Gutekunst, Anne Kathryn Herbst, George Lewis Houghton, Joan Elizabeth Lloyd.

Alvin Joseph Major, Jr., Lois Marie McKay, Janet Louise Morris, Paul Seidenstat, Frances Elizabeth Stafford, Evelyn Anne Strawbridge, Edward Joseph Taylor, Alta Ruth Warrington, Carolyn Joyce Weimer, Eleanor P. Wilderman and Sara Jean DeVries.

## Commuters Elect Riley President For Coming Year

Shirley Riley was elected president of the Commuters' Club for the coming year at its regular meeting held on Monday night, April 18.

A sophomore, Miss Riley hails from Wilmington where she attended Wilmington High School. She has been active in the Commuters' organization during the past year, having handled publicity and participated on its basketball team. An education major, she is a member of DSTA and will be a Junior Counselor next year.

Shirley Riley

The other newly elected office holders are: Isabelle Fisch, vice-president; Gwen Roberts, corresponding secretary; Roberta Reusing, recording secretary; Dorothy Long, treasurer; Margaret Custis, historian; Barbara Thurston, publicity; and Joanne LaFontaine, Women's Executive Council.

The Commuters' Club is now planning its picnic for Sunday, May 15, to be held at Rock Hall, Maryland.

### NOTICE

The Camp Unit of the New York State Employment Service wishes to remind college students that the closing dates for hiring summer camp counselors are rapidly approaching. However, there are still many jobs open on all levels—for general as well as special counselors. Write or apply in person to Miss Muriel Sobel, Camp Unit, 119 Fifth Avenue, New York, 3, N. Y.

### NOTICE

Found: Bracelet on South campus before spring vacation. Notify Box 216.

## Delaware Students Attend Convention For Civil Engineers

Thirteen Delaware students attended the sixteenth annual student chapter convention of the American Society of Civil Engineers on April 24 and 25 at Bucknell University.

Students who went were: William T. Regester, Ralph B. Snowberger, William J. Smith, Henry R. Kreh, John L. Sipple, Alfred W. Layton, Irvin K. Richter, William C. Craig, Albert Davis, John R. Williams, Clark Carbaugh, J. E. Bullock and Burlin B. Barnes. Arthur L. Jarvela and Vohnnie Pearson were the instructors who attended the conference.

Schools of Philadelphia, Lehigh Valley, and Delaware areas participated. The convention, lasting from registration on April 24 to the afternoon of April 25, was highlighted by a presentation of papers by seven students from the different universities. The convention was addressed by various dignitaries from Bucknell.

## Camp Rodney Offers Many Summer Jobs

Rodney Boy Scout Camp offers a total of thirty-one job openings for men from ages 16 through 21 for this summer according to information received last week by the office of the Dean of Students.

Employment begins on June 26 and will continue for ten weeks. Workers will receive room, board, salary and 36 hours off every two weeks.

The jobs include all phases of camp life from watermaster to bugler - orderly. The applicants for the positions of watermaster will receive extra training beginning June 19.

Interested men should contact the office of the Dean of Students.

## Western Electric field engineers supervise installation of complex electronic equipment made for Armed Forces

Marco Polo had nothing on Western Electric's field engineers. They travel the world to advise on use, installation and maintenance of the electronic equipment we produce for the Armed Forces... like radar bombing systems, anti-aircraft fire control systems, and the Nike guided missile control system.

Western Electric is called upon to make these things because of its vast experience with highly complex electronic equipment as the manufacturing unit of the Bell System. It's a job that presents an unending challenge to our engineering staff.

Western product and development engineers are responsible for turning out some 50,000 different items annually for the Bell System—everything from tiny transistors to giant bays of electronic switching equipment. Shown is one stage of transistor manufacture.

It's "tops" all around!

# Annual History Conference To Be Held Here Tomorrow

The annual conference of the Institute of Delaware History and Culture will be held at the University of Delaware Satur- day, April 30. The principle speaker for the conference will be Dr. Walter Heacock, Director of Research and Interpretation, Eleutherian Mills-Hagley Founda- tion. Dr. Heacock will speak at Wolf Hall Auditorium at 10:30 a. m. and will tell the story of industry on the Brandywine. At 12 noon there will be a lunch- on at Old College. The confer- ence will include a tour of the Eleutherian Mills-Hagley Founda- tion at 2 p. m.

Dr. Heacock received his B A at Furman University and his Ph.D. at the University of Wisconsin. He has taught as a profes- sor of history at Furman and William and Mary and also served on the staff at Colonial Williamsburg. In April 1954 Dr. Heacock became appointed Di- rector of Research and Interpretation by the foundation.

The Eleutherian Mills-Hagley Foundation, under the direction of Luther D. Reed, was recently established for the purpose of developing a historical indus- trial site and museum area along the Brandywine Creek near Wil- mington, Delaware, where the DuPont Company was founded. Included in the area are many old mills of various kinds that made this a leading industrial region during the nineteenth century.

In addition to the fine histor- ical work being done, two \$1800

# Alumni Fund Heads Toward New Mark

Richard D. Groo, director of alumni relations, has announced that the alumni fund is headed for an all-time high this year. Contributors to date show an increase of 125 over a compara- ble period last year.

With 19.5 percent or 1655 former students contributing \$7,500 so far, the fund is ex- pected to exceed last year's record of 23.8 percent contributing \$1,000.

The classes of 1905 and 1907 lead with 94 and 95.5 percent respectively.

Co-chairmen of this year's fund are John J. Pearce, '39, and Louise Jackson, '24. Groo and Ruth E. Durstein, alumni secre- tary, are coordinators of the pro- gram.

# New SGA Installed At Annual Banquet

Dinner for old and new mem- bers of the Student Government Association was held on Thurs- day April 28, at Old College. Installation of the new members preceded the meal.

Stan Lowicki, newly-elected president of SGA, gave a short acceptance speech, stressing the fact that the representatives should guide the students. Lowicki remarked that "strong leaders make weak people, while strong people don't need a strong leader."

Dr. John A. Perkins, Presi- dent of the university, spoke on the relationship between the SGA and the administration.

# Summer Jobs

(Continued from Page 6)  
the graduate level can expect slightly higher pay scales."

"Whenever possible we have found that students should take positions relating to their particu- lar field of study," Mrs. Wyatt said, "even if it means ac- cepting a job away from home. Such jobs help them in their fu- ture study and often prove val- uable in their later efforts to se- cure permanent positions."

Both Mrs. Wyatt and Milton R. Roberts of the Dean's Office, reported that jobs for non-tech- nical students are scarcer than in previous years. These jobs include camp counseling, sec- retarial work, sales, resort work, baby sitting, construction, farm work playground and amuse- ment work and production man- ufacturing.

One of the largest employers of non-technical people is De- laware Park, where some sixty to seventy Delaware students are hired during each racing season.

Depending upon the hours of employment, non-technical sal- aries range from \$200 to \$260 per month.

# Senior Weekend

(Continued from Page 1)  
Luncheon will be held in Kent Hall. Tickets are \$1.50. Gradu- ation will begin at 3 p.m. The speaker will be Alfred Hector, who is the president of the Fed- eral Reserve Bank of Philadel- phia.

In case of inclement weather graduation exercises will be held in Carpenter Field House. If the weather permits, everyone is welcome to attend the exercises; but in case of rain, each senior will be allotted only four tickets. The President's Reception will be held at 4:30 p.m. in Warner Hall. If the weather is unfavor- able, it will be held at Old Col- lege.

Detailed instructions will be sent to all seniors at a later date.

# Graduate Lecture Features Geothermal Developments

Dr. Olaf P. Bergelin, professor of chemical engineering at the University of Delaware, present- ed a graduate lecture, entitled "Current Developments in Geo- thermal Power and Application to Home Heating," on April 25.

The lecture offered explana- tions concerning the recovery or obtaining of heat from geother- mal sources, the main three of which are volcanoes and hot springs, the sun and the earth and air by means of a heat pump. Methods of obtaining heat and energy from these geo-

thermal sources have been under development.

One of the most interesting methods of obtaining heat from the air is that of using a heat pump, which, in the terms of a layman, is an air conditioner which "runs backwards". Air, in winter or summer, contains a certain amount of heat, and a heat pump is capable of extract- ing this thermal energy. Pumps of this type are in use, to a limited extent, in Florida; use in northern areas is restricted due to the size of the unit required.

Luckies lead all other brands in colleges—and by a wide margin—according to an exhaustive, coast-to-coast college survey. The No. 1 reason: Luckies taste better.

## Tibbett Attends Collegiate Women's Meeting In Kansas

Shirley Tibbett, newly elected president of Women's Executive Council, attended the National Conference of Intercollegiate Association of Women Students held from April 6 to 10 at the University of Kansas, Lawrence, Kansas.

The national conference is held every other year for the purpose of uniting the coeds at different universities and colleges and setting up a governing body and for the purpose of helping them solve any problems that arise.

Ernestine Glibreth Carey, co-author of "Cheaper By the Dozen" was one of the guest speakers. She spoke on "Enjoying the Family" illustrating her talk with anecdotes of her family. Other speakers included Harry Lunn, president of the National Student Association, and Dr. Arthur Adams, president of the American Council on Education.

The program for the conference to which 317 girls from 112 schools had come, consisted mainly of large lecture groups with speakers which broke up into small workshop groups.

Miss Margaret Habein, Dean of Instruction at Rochester University, gave a lecture each day before the workshop programs. The general topic for her speech-

was "These Things We Can Do." To examine the university's leadership, to give opportunity of leadership to all who wish it, to create a broad span of activities and to be alert to needs and interest of college women were some of the points she stressed. She also emphasized the fact that college women should concern themselves with what is going on in the world. They should see what they intend to do with their education.

Although the group here is not as yet associated with the Association of Women's Students, it will only have to go through the formality of changing its name from Women's Executive Council to the above, as the system of the governing body, etc. is the same as of the AWS. Shirley, as official representative from here, went as an observer to see whether the university should join.

## U. S. Marine Corps Officer To Visit Delaware Campus

Captain E. H. Utley, the Marine Corps Officer Procurement Officer, will be at the University of Delaware on Thursday, May 12, 1955, to discuss opportunities for students to earn a commission as a second lieutenant in the U. S. Marine Corps. Captain Utley will be located in the basement of Memorial Library during his visit between the hours of 9 a. m. and 4 p. m.

## Band Concert

(Continued from Page 1) music instructor first organized the instrumental group nine years ago, directing the first outdoor program one year after the band's beginning. Since that time, two spring concerts have been held annually on the Delaware campus, usually on the first and third Sundays in May.

When first organized, the Delaware Symphonic Band contained 32 members. Since its origin, the musical organization has more than doubled in size.

The instrumentation and quality of arrangements have progressed also. "We're playing works now that are far more difficult than was the case in the past," King stated. "The program this year consists of true symphonic band works—Compositions originally written for such a band.

"Also, the instrumentation of the band is much fuller. At the present time, we have all the instruments necessary for really good symphony music."

The Delaware band director added that the improvement enjoyed by the organization in the past few years has resulted, in part, from the intensive training received by the student musicians in the summer band camp. Also, qualified student musicians are attracted to the University of Delaware by the numerous concerts presented by the group each year in high schools of the state and surrounding communities.

## ¿Habla Espanol? If So. Then Try Eor Scholarship

Spanish students will have an opportunity to win a number of prizes, including a \$100 tuition scholarship to the University of Delaware, in the annual State-wide Spanish Contest. The test will be held in Room 220 Hullen Hall on the University of Delaware campus at 4:10 p. m., Friday, May 6.

Through its department of modern languages and literatures, the university is cooperating with the Delaware Chapter of the American Association of Teachers of Spanish and Portuguese in sponsoring the contest, which last year attracted about seventy entrants.

Awards will be announced on May 22. The contest is open to all students of Spanish in the state. Application for entry in the contest must be received by the University's Modern Language Department not later than April 30.

## May Day

(Continued from Page 1) sell and Margaret Scott as attendants; Joan Ross as sophomore duchess with Meg Andreas and Barbara Cubberly as attendants; Nancy Jo Bringham as freshman duchess with Doretta Mueller and Joan Hollingsworth as attendants.

May Day is co-sponsored by Women's Executive Council and the Women's Physical Education Department.

Heading the various committees are June Andreas, publicity; Pat Thompson, costumes; Jane Williams, properties; Shirley Day, programs and ushers; Jane Frederick, business; Grace Harrison, dance; Norma McClellan, theme co-ordinator; Joanne Chandler, music; Charlotte Phillips, art and posters; Elaine Hanlon, may pole.
