THE STATE OF OHIO, EXECUTIVE DEPARTMENT, }
Columbus, January 14, 1861. }

SIR:—In obedience to the request of the General Assembly of this State, I transmit herewith a copy of the Joint Resolutions of that body, adopted on the 12th inst., relative to the condition of the Country, and pledging the power and resources of Ohio for the maintenance of the Constitution and laws of the General Government, by whomsoever administered.

I have the honor to be, your obedient servant,

WILLIAM DENNISON.

JOINT RESOLUTIONS

Of the General Assembly of the State of Ohio, passed January 12, 1861.

Resolved, By the General Assembly of the State of Ohio, as follows:—

1. That the people of Ohio, believing that the preservation of the Unity of Government that constitutes the American people one people, is essential to the support of their tranquility at home, of their peace abroad, of their safety, of their prosperity, and of that very liberty which they so highly prize, are firmly and ardently attached to the National Constitution and the Union of the States.

2. *That the General Government cannot permit the secession of any State without violating the obligations by which it is bound, under the compact, to the other States and to every citizen of the United States.*

3. That, whilst the constitutional rights of every State in the Union should be preserved inviolate, the powers and authority of the National Government must be maintained, and the laws of Congress faithfully enforced, in every State and Territory, until repealed by Congress or adjudged to be unconstitutional by the proper judicial tribunal; and all attempts by State authorities to nullify the Constitution of the United States or the laws of the Federal Government, or to resist the execution thereof, are revolutionary in their character, and tend to the disruption of the best and wisest system of government in the world.

4. That the people of Ohio are inflexibly opposed to intermeddling with the internal affairs and domestic relations of the other States of the Union; in the same manner and to the same extent as they are opposed to any interference by the people of other States with their domestic concerns.

5. That it is the will and purpose of the people of Ohio to fulfil, in good faith, all their obligations under the Constitution of the United States, according to the spirit and intent thereof; and they demand the faithful discharge of the same duty by every State in the Union; and thus, as far as may be, to insure tranquility between the State of Ohio and the other States.

6. That it is incumbent upon any States having enactments on their statute books, conflicting with or rendering less efficient the Constitution or laws of the United States, to repeal them; and it is equally incumbent upon the General Government and the several States to secure to every citizen of the Union his rights in every State, under that provision of the Constitution which guarantees to the citizens of each State all the privileges and immunities of the citizens of the several States, and thus inspire and restore confidence and a spirit of fraternal feeling between the different States of the Union.

7. That the Union-loving citizens of those States who have labored, and still labor with devotional courage and patriotism, to withhold their States from the vortex of secession, are entitled to the admiration and gratitude of the whole American people.

8. That we hail with joy, the recent firm, dignified and patriotic special message of the President of the United States, and that the entire power and resources of Ohio, are hereby pledged whenever

necessary and demanded, for the maintenance under strict subordination to the civil authority, of the Constitution and Laws of the General Government, by whomsoever administered.

9. That the Governor be requested to forward, forthwith, copies of the foregoing resolutions to the President of the nation, and to the Governors of all the States of the Union, and to each of the Senators and Representatives in Congress from this State, to be by them presented to each branch of the National Legislature.

Attest,

R. C. PARSONS,

Speaker of the House of Representatives.

R. C. KIRK,

President of the Senate.

AN ORDINANCE

To dissolve the Union between the State of Alabama and other States united under the compact styled "The Constitution of the United States of America."

WHEREAS, The election of Abraham Lincoln and Hannibal Hamlin to the offices of President and Vice President of the United States of America, by a sectional party, avowedly hostile to the domestic institutions and to the peace and security of the people of the State of Alabama, preceded by many and dangerous infractions of the Constitution of the United States by many of the States and people of the Northern section, is a political wrong of so insulting and menacing a character as to justify the people of the State of Alabama in the adoption of prompt and decided measures for their future peace and security, therefore,

Be it declared and ordained by the people of the State of Alabama, in Convention assembled, That the State of Alabama now withdraws, and is hereby withdrawn from the Union known as "the United

States of America," and henceforth ceases to be one of said United States, and is, and of right ought to be a Sovereign and Independent State.

SECTION 2. Be it further declared and ordained by the people of the State of Alabama, in Convention assembled; That all the powers over the Territory of said State, and over the people thereof, heretofore delegated to the Government of the United States of America, be and they are hereby withdrawn from said Government, and are hereby resumed and vested in the people of the State of Alabama.

And as it is the desire and purpose of the people of Alabama to meet the slaveholding States of the South, who may approve such purpose, in order to frame a provisional as well as permanent Government upon the principles of the Constitution of the United States :

Be it resolved by the people of Alabama in Convention assembled, That the people of the States of Delaware, Maryland, Virginia, North Carolina, South Carolina, Florida, Georgia, Mississippi, Louisiana, Texas, Arkansas, Tennessee, Kentucky and Missouri, be and are hereby invited to meet the people of the State of Alabama, by their Delegates, in Convention, on the 4th day of February, A. D. 1861, at the city of Montgomery, in the State of Alabama, for the purpose of consulting with each other as to the most effectual mode of securing concerted and harmonious action in whatever measures may be deemed most desirable for our common peace and security.

And be it further resolved, That the President of this Convention, be and is hereby instructed to transmit forthwith a copy of the foregoing Preamble, Ordinance, and Resolutions to the Governors of the several States named in said resolutions.

Done by the people of the State of Alabama, in Convention assembled, at Montgomery, on this, the eleventh day of January, A. D. 1861..

WILLIAM M. BROOKS,
President of the Convention..

EXECUTIVE DEPARTMENT, RICHMOND, }
January 20, 1861. }

SIR:—I have the honor to transmit herewith, Resolutions adopted by the General Assembly of Virginia on yesterday.

Very Respectfully,

JOHN LETCHER.

PREAMBLE AND RESOLUTIONS:

Adopted by the General Assembly of Virginia, January the 19th, 1861.

WHEREAS it is the deliberate opinion of the general assembly of Virginia, that unless the unhappy controversy, which now divides the States of this Confederacy, shall be satisfactorily adjusted, a permanent dissolution of the Union is inevitable; and the general assembly, representing the wishes of the people of the commonwealth, is desirous of employing every reasonable means to avert so dire a calamity, and determined to make a final effort to restore the Union and the Constitution, in the spirit in which they were established by the fathers of the republic: Therefore,

Resolved, That on behalf of the commonwealth of Virginia, an invitation is hereby extended to all such States, whether slaveholding or non-slaveholding, as are willing to unite with Virginia in an earnest effort to adjust the present unhappy controversies, in the spirit in which the Constitution was originally formed, and consistently with its principles, so as to afford to the people of the slaveholding States adequate guarantees for the security of their rights, to appoint commissioners to meet on the 4th day of February next, in the city of Washington, similar commissioners appointed by Virginia, to consider, and if practicable, agree upon some suitable adjustment.

Resolved, That Ex-president John Tyler, William C. Rives, Judge John W. Brockenbrough, George W. Summers and James A. Seddon are hereby appointed commissioners, whose duty it shall be to repair to the city of Washington, on the day designated in the foregoing resolution, to meet such commissioners as may be appointed by any of the said States, in accordance with the foregoing resolution.

Resolved, That if said commissioners, after full and free confer-

ence, shall agree upon any plan of adjustment requiring amendments of the Federal Constitution, for the further security of the rights of the people of the slaveholding States, they be requested to communicate the proposed amendments to Congress, for the purpose of having the same submitted by that body, according to the forms of the Constitution, to the several States for ratification.

Resolved, That if said Commissioners cannot agree on such adjustment, or if agreeing, Congress shall refuse to submit for ratification such amendments as may be proposed, then the commissioners of this State shall immediately communicate the result to the executive of this commonwealth, to be by him laid before the convention of the people of Virginia and the general assembly: provided, that the said commissioners be subject at all times to the control of the general assembly, or if in session, to that of the State convention.

Resolved, That in the opinion of the general assembly of Virginia, the propositions embraced in the resolutions presented to the Senate of the United States by the Hon. John J. Crittenden, so modified as that the first article proposed as an amendment to the Constitution of the United States shall apply to all the territory of the United States now held or hereafter acquired south of latitude thirty-six degrees and thirty minutes, and provide that slavery of the African race shall be effectually protected as property therein during the continuance of the Territorial government, and the fourth article shall secure to the owners of slaves the right of transit with their slaves between and through the non-slaveholding States and Territories, constitute the basis of such an adjustment of the unhappy controversy which now divides the States of this confederacy, as would be accepted by the people of this commonwealth.

Resolved, That ex-president John Tyler is hereby appointed by the concurrent vote of each branch of the general assembly, a commissioner to the President of the United States, and Judge John Robertson is hereby appointed, by a like vote, a commissioner to the State of South Carolina, and the other States that have seceded, or shall secede, with instructions respectfully to request the President of the United States and the authorities of such States to agree to abstain, pending the proceedings contemplated by the action of this general assembly, from any and all acts calculated to produce a collision of arms between the States and the government of the United States.

Resolved, That copies of the foregoing resolutions be forthwith telegraphed to the executives of the several States, and also to the President of the United States, and that the governor be requested

to inform, without delay, the commissioners of their appointment by the foregoing resolutions.

JOINT RESOLUTIONS

Adopted by the Legislature of Tennessee.

Resolved, by the General Assembly of the State of Tennessee, That this General Assembly has heard with profound regret of the resolutions recently adopted by the State of New York, tendering men and money to the President of the United States, to be used in coercing certain sovereign States of the South into obedience to the Federal Government.

Resolved, That this General Assembly receives the action of the Legislature of New York as the indication of a purpose upon the part of the people of that State to further complicate existing difficulties, by forcing the people of the South to the extremity of submission or resistance; and so regarding it, the Governor of the State of Tennessee is hereby requested to inform the Executive of the State of New York, that it is the opinion of this General Assembly that whenever the authorities of that State shall send armed forces to the South for the purpose indicated in said resolutions, the people of Tennessee, uniting with their brethren of the South, will, as one man, resist such invasion of the soil of the South at all hazards and to the last extremity.

Speaker of the House of Representatives.

RESOLUTIONS

Adopted by the Legislature of Pennsylvania, January 24, 1861.

JOINT RESOLUTIONS RELATIVE TO THE MAINTENANCE OF THE
CONSTITUTION AND THE UNION.

WHEREAS, A Convention of delegates assembled in the city of Charleston, in the State of South Carolina, did on the twentieth day of December, in the year of our Lord one thousand eight hundred and sixty, adopt an ordinance, entitled "An ordinance to dissolve the union between the State of South Carolina and other States united with her, under the compact, entitled the 'Constitution of the United States of America,'" whereby it is declared that the said Union is dissolved :

AND WHEREAS, It becomes the duty of the people of Pennsylvania, through their representatives in this General Assembly, to make known what they consider to be the objects sought, and the obligations and duties imposed by the Constitution ; be it therefore,

Resolved, by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, and it is hereby resolved, That the Constitution of the United States of America, was ordained and established as set forth in its preamble, by the people of the United States, in order to form a more perfect union, establish justice, insure domestic tranquility, provide for the common defence, promote the general welfare, and secure the blessings of liberty to themselves and their posterity, and if the people of any State in this Union, are not in the full enjoyment of all the benefits intended to be secured to them by the said Constitution, if their rights under it are disregarded, their tranquility disturbed, their prosperity retarded, or their liberties imperiled by the people of any other State; full and adequate redress can, and ought to be provided for such grievances, through the action of Congress, and other proper departments of the National Government.

2. *Resolved*, That the people of Pennsylvania, entertain and desire to cherish the most fraternal sentiments for their brethren of other States, and are ready now, as they have ever been, to co-operate in all measures needful for their welfare, security and happiness, under the Constitution which makes us one people. That while they cannot surrender their love of liberty inherited from the founders of their State, sealed with the blood of the Revolution, and witnessed in the history of their legislation, and while they claim the observance of all their rights under the Constitution, they nevertheless

maintain now, as they have ever done, the Constitutional rights of the people of the slaveholding States, to the uninterrupted enjoyment of their own domestic institutions.

3. *Resolved*, That we adopt the sentiment and language of President Andrew Jackson, expressed in his message to Congress, on the sixteenth day of January, one thousand eight hundred and thirty-three: "That the right of the people of a single State, to absolve themselves at will, and without the consent of the other States, from their most solemn obligations, and hazard the liberties and happiness of the millions composing this Union, cannot be acknowledged; and that such authority is utterly repugnant, both to the principles upon which the general government is constituted, and the objects which it was expressly formed to attain."

4. *Resolved*, That the Constitution of the United States of America, contains all the powers necessary to the maintenance of its authority, and it is the solemn and most imperative duty of the government, to adopt and carry into effect whatever measures may be necessary to that end, and the faith and the power of Pennsylvania, are hereby pledged to the support of such measures, in any manner, and to any extent that may be required of her, by the constituted authorities of the United States.

5. *Resolved*, That all plots, conspiracies and warlike demonstrations against the United States, in any section of the country, are treasonable in their character, and whatever power of the government is necessary to their suppression, should be applied to that purpose without hesitation or delay.

6. *Resolved*, That the Governor be, and he is hereby requested to transmit a copy of these Resolutions to the President of the United States, properly attested, under the Great Seal of the Commonwealth, and like attested copies to the Governors of the several States of this Union, and also to our Senators and Representatives in Congress, who are hereby requested to present the same to the Senate and House of Representatives of the United States.

RESOLUTIONS

Proposing Amendments to the Constitution of the United States.

Resolved, By the General Assembly of the State of Tennessee, That a Convention of Delegates from all the slaveholding States should assemble at Nashville, Tennessee, or such other place as a majority of the States co-operating may designate, on the fourth day of February, 1861, to digest and define a basis upon which, if possible, the Federal Union and the Constitutional rights of the slave States may be perpetuated and preserved.

Resolved, That the General Assembly of the State of Tennessee, appoint a number of delegates to said Convention of our ablest and wisest men, equal to our whole delegation in Congress; and that the Governor of Tennessee immediately furnish copies of these resolutions to the Governors of the slaveholding States, and urge the participation of such States, in said Convention.

Resolved, That in the opinion of this General Assembly, such plan of adjustment shall embrace the following propositions as amendments to the Constitution of the United States.

1. A declaratory amendment that African slaves as held under the institutions of the slaveholding States, shall be recognized as property, and entitled to the *status* of other property, in the States where slavery exists, in all places within the exclusive jurisdiction of Congress in the slave States, in all the Territories South of 36 deg. 30 min. in the District of Columbia, in transit and whilst temporarily sojourning with the owner in the non-slaveholding States and Territories North of 36 deg. 30 min., and when fugitives from the owner, in the several places above named, as well as in all places, in the exclusive jurisdiction of Congress, in the non-slaveholding States.

2. That all the territory now owned, or which may be hereafter acquired by the United States South of the parallel of 36 deg. 30 min., African slavery shall be recognized as existing, and be protected by all the departments of the Federal and Territorial Governments, and in all North of that line, now owned, or to be acquired, it shall not be recognized as existing; and whenever States formed out of said Territory South of said line, having a population equal to that of a Congressional District, shall apply for admission into the Union, the same shall be admitted as slave States, whilst States North of the line formed out of said territory, and having a population equal to a Congressional District, shall be admitted

without slavery, but the States formed out of said territory North and South having been admitted as members of the Union, shall have all the powers over the institution of slavery possessed by the other States of the Union.

3. Congress shall have no power to abolish slavery in places under its exclusive jurisdiction, and situate within the limits of States that permit the holding of slaves.

4. Congress shall have no power to abolish slavery within the District of Columbia, as long as it exists in the adjoining States of Virginia and Maryland, or either, nor without the consent of the inhabitants, nor without just compensation made to such owners of slaves, as do not consent to such abolishment. Nor shall Congress at any time prohibit officers of the Federal Government, or members of Congress whose duties require them to be in said District, from bringing with them their slaves, and holding them as such, during the time their duties may require them to remain there, and afterwards take them from the District.

5. Congress shall have no power to prohibit or hinder the transportation of slaves from one State to another, or the Territory in which slaves are by law permitted to be held, whether that transportation be by land, navigable rivers or by seas.

6. In addition to the Fugitive Slave clause, provide, that when a slave has been demanded of the Executive authority of the State to which he has fled, if he is not delivered, and the owner permitted to carry him out of the State in peace, the State so failing to deliver, shall pay to the owner the value of such slave, and such damages as he may have sustained in attempting to reclaim his slave, and secure his right of action in the Supreme Court of the United States, with execution against the property of such State and the individuals thereof.

7. No future amendment of the Constitution shall affect the six preceding articles, nor the third paragraph of the second section of the first article of the Constitution, nor the third paragraph of the second section of the fourth article of the Constitution; and no amendments shall be made to the Constitution which will authorize or give to Congress any power to abolish or interfere with slavery in any of the States by whose laws it is, or may be, allowed or permitted.

8. That slave property shall be rendered secure in transit through, or whilst temporarily sojourning in, non-slaveholding States or Territories, or in the District of Columbia.

9. An amendment to the effect that all fugitives are to be deemed those offending the laws within the jurisdiction of the State, and
