Dear George:

At Mr. Brosens' request I am forwarding to you herewith copy of a memorandum which he sent to me by Mr. Colinet, and which is in part a reply to the note written by you in New York.

In the accompanying letter, Mr. Brosens refers also to a letter from you to him, dated September 26th, giving an excellent analysis of the situation. I believe that I have not received a copy of that letter and would appreciate your sending me one.

As I do not wish to delay the forwarding of the enclosed memorandum, I shall not write you more to-day. I found your two very interesting letters of November 16th on my arrival here, Wednesday night, and I received yesterday your kind message on my birthday for which many thanks.

Cordially yours,

YJ.
