## COUNCIL MAKES BIG SHAKEUP

### GRADE CROSSING BIDS REQUESTED

WORK TO START  
ON NEW BRIDGE  
EARLY IN JUNE

Building Strides Recorded As  
First Elimination Step  
Is Made

SECOND BIG PROJECT  
Erection of New Chemistry  
Building Waits For  
Settled Weather

Newark continues to take great strides forward in the way of internal improvements, as plans for four more new construction projects are announced. The past few years have seen the erection of many new homes and a gradual filling out of vacant lots. Main Street, especially, has been improved by the new Jackson hardware store, the remodeling of many of the local business establishments and the conversion of the old Opera House into the Academy Apartments.

Bids for the construction of a concrete highway bridge on South College Avenue that will eliminate the dangers of the Pennsylvania Railroad crossing will be opened Tuesday morning, May 12, at the Broad Street station offices of the railroad in Philadelphia.

Costing between \$100,000 and \$110,000, the expense will be borne by the railroad, the state, and the federal government. Work is expected to be started by June 12 and it will be eight or nine months before the project is completed.

Herman Wollaston, local contractor expects to break ground next week for a new apartment house which will be located on Orchard Road, just off Delaware Avenue. The building, which will consist of ten apartments, will contain all modern conveniences and will be constructed of concrete blocks. It is expected to be finished by fall.

Another building is under construction on the site of O'Mahoney's grocery store on East Main Street at Haines. It is planned to use the upper story of this building for apartments while the lower floor will house the new American Legion bowling alleys, which are now situated on Cleveland Avenue.

Work on the construction of the new chemistry building for the University of Delaware will be started as soon as the contracts, awarded last week can be signed, and weather permits.

Contracts totalling \$229,075 for the construction of the building were opened in Wilmington last week.

The construction will be of brick and concrete, with the architecture in keeping with the present university buildings. It will be two stories high in front, but in the back, due to a slope of the ground, the basement under the entire building will make it three stories high. It will be approximately 125 by 125 feet in ground plan size and take about one year to complete.

Request Exhibits For  
Local Art Week Display

Plans for the local observance of State Art Week, which will take place from May 4 to 10, inclusive, are rapidly being formulated.

With public exhibits planned for the Newark Public Library and the University of Delaware's Memorial Library, requests have been sent out for residents to place their prize possessions on display. Creative works, beautiful pieces and prints will be shown principally.

Particular attention will be given to gardens and unusual types of architecture in Newark during the week.

### WILSON BAND AT HI SCHOOL PROM

William (Bud) Wilson

On Friday evening, May 1, dancing enthusiasts, who are planning to be present at the Newark High School Junior Prom, will have the pleasure of enjoying the music of "Bud" Wilson and his orchestra. "Bud," who is well known to music lovers of this town organized his band last fall and since then, his collection of musicians has carved a niche of popularity with their music along the Eastern Shore, especially at Washington College where they have been engaged for every dance held at that school.

Only 19 years of age, "Bud" has had a wealth of experience and is well versed in the art of giving the people the type of music they are sure to enjoy.

Eleven years of intensive piano study started "Bud" out on his musical career and a job with a Baltimore band was the result of faithful years of practice. He played with this orchestra for five years and then organized his own group of musicians.

"Bud" boasts of a ten piece band with Jean Peterson and Bayard O. Perry, Jr., warbling the vocals. Dancing fans are sure to be pleased with a program of "Swing" music from the first selection, "Basin Street," "Bud's" theme number, to the last strains of his sign-off number.

### Legion Entertainment

One of the numerous activities of American Legion Posts throughout the country, which does not often enough come before the public eye, is that which provides for entertainment programs for the disabled veterans in various hospitals every Sunday afternoon.

The J. Allison O'Daniel Post of Newark was fortunate in receiving the cooperation of Joe Fisher and his du Pont Hotel orchestra for its entertainment feature at Perry Point, Md., on Sunday, April 11.

Compliments have been received by the local legionnaires both for the orchestra's work and for the type of entertainment provided.

Fisher, who has had his ups and downs in the musical world, once played at the Green Lantern, near Newark, before receiving a long-awaited opportunity at the du Pont hotel. He is becoming more popular daily.

State and Tri-State officials of the American Legion have complimented the O'Daniel Post for its excellent work.

### DSES BRANCH OFFICE OPEN HERE WEEKLY

Service Inaugurated Yesterday Under Direction of  
Local Head

TO PLACE UNEMPLOYED

The Wilmington office of the Delaware State Employment Service, by means of cooperation of the Newark Town Council, has extended more complete facilities, to Newark and vicinity, by opening a branch office in rooms of the Town Council.

A local resident, Miss Elizabeth McNeal who is a member of the Wilmington staff of the service, yesterday took applications and received employers orders between the hours of 8.30 and 11.30 a. m. Howard P. Young, Director of the Delaware State Employment Service, said that this arrangement would be continued each Wednesday morning so long as sufficient orders are received for workers in local homes, offices, stores, farms or factories. It is expected, however, that local residents will make considerable use of this free service since in the past ten days Miss McNeal has taken orders on which three persons have already been placed at work.

Miss McNeal handled a surprising amount of business yesterday. She received two new orders, made three placements, accepted 27 applications and handled a total of 35 persons.

As an example of the expediency with which orders are handled, Miss McNeal received a call for a farm hand at noon. A man had been hired and was working on the new job at five o'clock.

Although Miss McNeal is a member of the office in the Public Buildings that places workers in professions, clerical work, sales, restaurants and domestic occupations, she will also act as a Liaison Officer between local applicants and employers, for skilled and unskilled labor which for New Castle County is handled at the 6th and King Streets office in Wilmington.

When questioned yesterday about the work, Miss McNeal said that this free service serves as a clearing house for those who are available for placement, and employers who have vacancies. She said that employers needing workers, place orders with the service describing what type of worker is required and the duties he or she is to perform. The office then con-

### WORRILOW TO PRESIDE FOR HATCHERY MEN

State Authorities To Talk At  
County Poultry Meetings  
Next Week

TO DISCUSS PROBLEMS

New Castle Poultrymen are invited to attend either one of a series of two meetings to be held next week in the upper county. Date, place and time of meetings: Wednesday, April 29, Wolf Hall, Newark, 7.30 p. m.; Thursday, April 30, Hockessin Public Schools, Hockessin, 7.30 p. m.

This series of meetings is being arranged by County Agricultural Agent, G. M. WorriLOW, and will be of general interest not only to commercial egg producers, but also to hatcherymen, flock owners who are producing eggs for hatching purposes, and farm flock owners who depend upon their flocks as a supplementary farm enterprise.

The following program includes men who are recognized authorities on the county and state poultry industry.

Dr. R. O. Bausman, Research Economist of the University of Delaware, who has completed a survey covering a period of 3 years on 115 poultry farms in this state, will discuss those factors which determine profit and loss in the poultry business. This discussion will include such factors as size of flocks, date of hatching, percentage of egg production and the percentage of pullets in the laying flocks. He will discuss also the effect of certain management practices on the control of poultry diseases.

H. S. Palmer, Extension Poultryman, will describe the poultry situation in the county and state in comparison with the situation in the New England States. He will discuss also plans for improving the poultry business in Delaware, with special reference to the improvement of breeding flocks for the production of hatching eggs. The subject of developing a market for eggs on a quality basis, thereby opening up new channels of trade will be presented by Mr. Palmer.

H. R. Baker, Poultry Pathologist, of the State Board of Agriculture will be present at each meeting to answer questions in regard to Official State blood testing and flock supervision.

### DELEGATES SELECTED AT SESSION HELD TWO DAYS IN LOCAL CHURCH

Neighboring preachers, the Rev. William H. Leishman, stated clerk, pastor of the Lewes Presbyterian Church; and the Rev. Albert E. Thomas, pastor of the Elkton Presbyterian Church, were elected ministerial commissioners to the Presbyterian General Assembly at Syracuse, N. Y., to be held from May 28 to June 2. The elections which took place on Tuesday afternoon, climaxed a two-day session of the New Castle Presbytery, held in the First Presbyterian Church here.

Ministerial alternates elected are: The Rev. Clyde E. Rickabaugh, of near Newark, first alternate, and the Rev. I. Marshall Page, of Buckingham Church, Berlin, Md., second alternate. At the meeting held on Monday, the Rev. John P. Clelland, of Eastlake Presbyterian Church, Wilmington, asked the Presbytery to omit the celebration of the Lord's Supper because the group is "in sin," as a result of the recent trial of the Rev. Harold S. Laird, pastor of First and Central Church, Wilmington.

Seconded by the Rev. Colin C. Weir, of Brooklyn Terrace, the motion was tabled by a vote of 27-6.

Mr. Laird, who was not present, was convicted of violating a mandate of the general assembly and resigned from the independent board of foreign missions. He has appealed his case to the Synod of Baltimore. Rev. Clelland termed the conviction "uncharitable" and "unjust."

Debate was shut-off when the Rev. Thomas A. Williams moved that the motion be tabled.

On Monday night, the sacrament was held with the Rev. Dr. John Herriek Darling, pastor of Hanover Presbyterian Church, Wilmington, who was elected moderator of Presbytery at the afternoon session, conducting the communion services, assisted by the Rev. William Gibson, of New Castle, a former moderator.

The Rev. Dr. Sydney J. Venable, of Pocomoke City, Md., preached the retiring moderator's sermon. He stressed the more value of spiritual knowledge of God than mere historical facts, which is possessed by nearly everyone in modern civilized countries.

The choir of the Newark Presbyterian Church, host of Presbytery, assisted in the service.

Dr. Darling on behalf of the memorial committee, expressed sorrow at the deaths of Elder R. R. Simmons of Eastlake Church, Wilmington; Elder F. Leonard Wailes of Wilcomico Church, Salisbury, Md.; the Rev. John A. Moore, a member of Presbytery, who died in Florida; and the Rev. Dr. Charles H. Bohner, pastor emeritus of Hanover Church.

### TOWN EMPLOYEES IN MAJOR SHIFT

RECORD ADVANCE  
SALES FOR SHOW

Alison Franklin Manns

Following months of intensive preparation, rehearsals for the E 52 Players presentation of the dramatic masterpiece, "Peer Gynt," which will be offered at Mitchell Hall next Thursday and Friday nights, entered the final stages this week.

While reservations for the 1,200 available seats have climbed to more than 700, topping all former advance sales at Mitchell Hall by a big margin, the cast of forty performers and ten stage hands have been drilling night and day for the last week.

Directed by Dr. C. R. Kase, of the University of Delaware English department, who is assisted by two co-educational students of the Women's College, Miss Bette McKelvey, of Newark, a junior, and Miss Mary Louise Wolfenden, of Media, Pa., a senior, "Peer Gynt" is attracting the attention of theatrical bigwigs in New York, Philadelphia, Baltimore and Washington.

The elaborate and extensive scenery for the bit has been created almost exclusively by Gordon Chesser, of Wilmington, and Allison Manns, of Newark.

Consisting of five acts, "Peer Gynt" embraces fourteen scenes, calling for thirteen changes which have been worked out on a schedule that would do credit to professional handlers.

During the two intermissions and throughout the play, Firmin Swinnen, formerly at the Capital Theatre, New York, and regarded as the leading organist in Delaware, will provide musical effects.

This is the fourth major offering of the college year to be presented at Mitchell Hall. "The Dark Tower" was done by "The Puppets;" the E 52 Players gave "Hell Bent For Heaven;" and The Footlights Club did "Squaring the Circle." Dr. Kase directed all the shows.

In addition to Miss McKelvey and Mr. Manns, other Newark students participating in the presentation are:

Doris Smith, who does a highly intensifying "Dance of the Mountain Queen;" Dorothy Counahan, who plays "Helga;" Charles Davis, assistant publicity director; and Thomas Cooch, a member of the business staff, who also plays two parts.

The complete cast follows:

Peer. Irvin Malcolm; Understudy, Henry Walker; Mads Moen, Blair Ely; His father, William Noonan; Stewart, Allison Manns; Solveig's father, Martin Howard; Aslak, Henry Walker; Mr. Cotton, Harry Watson; Monsieur Ballon, Jean André; Herr von Eberkopf, Carl Bleiberg; Herr Trumpeterstraale, Marshall McCully; Captain, Martin Howard; (Continued on Page 4)

ADD NEW BOOKKEEPER  
Governing Body Reorganized  
As Wollaston and  
Richards Join

Following the quietest local election in years, which proved to be the inevitable calm before the storm, municipal appointments exploded like a bombshell following the annual organization meeting of the Council of Newark Tuesday night.

Three members were sworn into the group by Mayor Frank Collins, who presided. Charles C. Hubert, a re-elected member from the Eastern District; Herman Wollaston, Middle District, and John R. Richards, Western District, both new members, formed the trio inducted into office. Holdover members are George F. Ferguson; Eastern; George E. Ramsey, Middle; and C. Emerson Johnson, Western.

Four major changes were recorded in the make-up of the town's personnel. Replacing Mrs. Laura R. Hossinger, who resigned some weeks ago as secretary-treasurer after having served for fifteen years, Vernon Steele, who has been employed in the office for five years, was advanced to the post.

Miss Alice Kerr, the town's bookkeeper for six years, was replaced by Miss Mary Thomas, South College avenue. Miss Harriet K. Ferguson, 334 East Main street, was named stenographer to succeed Steele. The changes are expected to take effect Saturday.

Merle E. Sigmund, town engineer for more than six years, failed to receive his re-appointment. He was replaced by George C. Price, 27 North College avenue, a graduate of the University of Delaware School of Engineering in 1923. Price, it is thought, will take office on May 1.

Reappointments announced are: attorney, J. Pearce Cann; assessor, Robert Motherall; milk inspector, George L. Baker; alderman, Daniel Thompson; electrician, Joshua Wood; assistant electrician, Jacob Shew; pumping station operator, Arthur Sawers; chief of police, William Cunningham; patrolmen, Leroy Hill and Elmer J. Morrison; meter reader, Elmer Ellison; sewer department, Huey Morris; street foreman, J. L. Clark.

Mrs. Hossinger, who had previously announced her desire to retain her post until the first of May, departed yesterday for an indefinite visit with relatives in Lansdowne, Pa. Immediate changes in the town's offices became necessary by the move.

Move Clocks Ahead One  
Hour Sunday Morning

Before retiring Saturday night, citizens of Newark, do not neglect to move your clocks, watches and sundials ahead one hour. The change from Standard time to Daylight Saving time will occur officially at 2 a. m. on Sunday morning, April 28.

Don't be late for church Sunday, move your clocks ahead!

Synopsis of the Play

"Skidding" is a fresh, sincere picture of American family life, showing Marion Hardy, a modern college girl who falls ecstatically in love with Wayne Trenton just as a career is opening up to her, and the difficulties she has in adjusting her romance. Then there are the two pretty young daughters who chose to marry before they finished their education and want to "Come home to Mother" at the first sign of trouble. Mother Hardy is so upset at the modern tendencies of her daughters, that she goes on strike in order to straighten out her family. Young Andy Hardy is an adorable adolescent lad with his first "case"—a typical Booth Tarkington part. He will keep you in a gale of merriment with his humorous observations. Grandpa Hardy touches the heart with his absent-mindedness and his reminiscences about Grandma; and the white satin slippers he makes for Marion to be married in have a great deal to do with straightening out her love affair. Humor is blended with pathos and a deliciously garnished philosophy. "Skidding" is more significant than the average comedy. It is life.

### Information Gladly Given, Says A. Neal Smythe

"Information was not forthcoming last week," said A. Neal Smythe, publicity chairman of the American Flag Council No. 28, Jr. O. U. A. M., "due to the fact that Colmery, Norton, McMullen and I went down to Cheswold on a fraternal visitation on Monday evening." "Then on Tuesday evening, Springer joined the bunch and we visited Canterbury, where many new ideas proved profitable," Mr. Smythe added.

"While we were away the boys at home were enjoying a nice quiet, peaceful meeting. No one would tell us what went on until we assembled at this last session," Mr. Smythe continued. He laughed, and then said, "Brother Norton gave quite an interesting and amusing account at the session on our two visitations." Mr. Smythe continued: "From all reports given, this past year has been a great year in all lines. State Councilor McMullen has been on the alert and accomplished much. We regret that he goes on the shelf at this time. The whole State Council has profited much in his reign."

Mr. Smythe laughed and said: "We noticed several brothers out at our meeting, with the good wife's consent; I knew it would work if they got the courage up to ask her." "Next week," he grinned, and added, "there will be lots doing so be prepared to stay later because the 'kitty' is looking good now."

"Strangers desiring any knowledge pertaining to our Order are invited to call at the hall on Monday evening to be enlightened," he concluded.

### Dover Cast To Present Play for Newark Lodge

A Masonic play will be given at Hiram Lodge A. F. & A. M., Monday

night, April 27 by a cast from Dover, headed by Past Grand Master J. Wallace Woodford.

The author of the play, Carl H. Claudy, Executive Secretary of the Masonic Service Association of the United States, will attend the meeting.

### Minnehaha Preparing for Soft Ball Campaign

With Albert Lewis as captain and Orville Sidwell as manager, the Minnehaha team entered in the Soft Ball League, is enthusiastically preparing for the coming season. The first practice is called for next Thursday evening, at the high school grounds.

At the regular meeting of the Tribe on Tuesday evening, two pale faces were elected to membership, and will be adopted at the ceremony at the wigwam of Cherokee Tribe next Tuesday evening, when Degree Captain Heavellow will take his Minnehaha Degree team to Wilmington to put on the one-degree ritual.

After the meeting, Captain Vaughn Heavellow took his raising up team to Newport, where they inducted into office the newly elected chiefs of Andastaka Tribe, No. 14.

On Monday night, Captain Heavellow went to Union, and raised the chief of Wawa Tribe, No. 45.

Next Tuesday evening, the Tribe will meet at 7 o'clock, daylight time, in order to get an early start for the trip to Wilmington.

### Eagles To Be Initiated Monday At Christiana

On Sunday, April 26, Ivy Castle No. 23, with members of neighboring castles invited, will attend services at Ebenezer M. E. Church at 11 a. m. Lady Eagles will also accompany the group.

A class of candidates at K. G. E. Hall, Christiana, Delaware, will be initiated by the Ivy Castle Degree team on Monday, April 27 during the regular meeting of Christiana Castle No. 20.

The Salem Young Folks Society will present a play, "Valley Farm," by Arthur Lewis Tubbs, in Fraternal Hall, on Saturday, May 2. The play will be presented at 8:15 p. m. (D.S. T.) Admission will be adults, 25 cents; children, 15 cents.

After the regular meeting to be held May 9 on the second floor of Fraternal Hall, the Ladies of Golden Eagle will conduct a card and bingo party in the regular meeting room.

### Rev. White to Speak, Men's Choir to Sing at Red Men's Home Sunday

The public is invited to services at the Red Men's Fraternal Home next Sunday afternoon, when the Rev. Leonard White, pastor of the Newark M. E. Church, will speak, and the choir of the Men's Bible Class of the same church, under the leadership of Mr. H. J. Gaerthe, will sing.

### Extensive Campaign Here For Lever Bros. Products

Practically every Newark retail grocer and many in surrounding territories are participating in Lever Brothers-Lux Flakes, Lux Toilet soap, Rinso and Lifebuoy soap—"Greater Business Builder Contest" sale this week-end.

Along with the full-page advertisement which appears in this issue of THE NEWARK POST comes the announcement that special prices will effect all four items mentioned.

District Representative R. R. Schonfield has been working in the Newark territory for the past week making arrangements for the sale event which opens today (Thursday).

It was stated by Mr. Schonfield this morning that every store taking part in the event which is listed in the full-page advertisement had a substantial supply of Lever Brothers products. However, the special prices, he said, would prevail only as long as the present stock held out.

## Extension Service

By JOHN H. SKINNER  
Extension Editor  
University of Delaware

To illustrate the operation and objectives of the new Agricultural Conservation program, A. D. Cobb, acting director of the extension at the University of Delaware, has listed several of the questions being asked most frequently together with the answers. This is the first of a series of such questions and answers to appear in THE NEWARK POST.

1. What are the objectives of the 1936 Agricultural Conservation program?

The objectives of the program in 1936 are: To preserve and improve soil fertility; to promote the economic use and conservation of land; to reduce the exploitation, wasteful and unscientific use of soil resources; and, to protect rivers and harbors against the results of erosion.

2. How will the 1936 Agricultural Conservation bring about soil conservation and improvement?

By encouraging farmers to plant soil-building and soil-conserving crops and to adopt soil-building and soil-conserving practices.

3. How are consumers or agricultural products protected under the Act?

The Act provides that due regard shall be given to the maintenance of agricultural commodities adequate to meet consumers' demands at prices fair to both consumers and producers and to the production of supplies of food and fibers adequate to maintain

normal domestic consumption.

4. What is the goal of the program regarding soil-building and soil conserving crops in 1936?

To increase soil-building and soil-conserving crops by about 30,000,000 acres or 30 per cent of the 1930 acreage of these crops.

5. Will the Secretary of Agriculture enter into contracts with the producers under the Agricultural Conservation program?

No!

6. Where may producers obtain information about the program?

From County Agricultural Agents' offices and the county and community committees.

7. From what funds will payments to farmers be made?

The Soil Conservation and Domestic Allotment Act authorizes annual appropriations by the Federal Government of not more than \$500,000,000. The amount available for the 1936 program is approximately \$470,000,000.

8. How will farmers receive payments from the funds appropriated?

For 1936, payments to farmers will be made direct from the Federal Government. After the states have enacted the necessary legislation and have submitted approved plans (not later than 1938) the funds are to be allocated to the states and payments to farmers are to be made by the states.

9. How are allocations to the states to be determined?

The Act provides that: "in determining the amount to be apportioned to each state, the Secretary shall take into consideration the acreage and value of the major soil-depleting and major export crops produced in the respective states during a representative period and the acreage and productivity of land devoted to agricultural production (including dairy pro-

ducts) in the respective states during a representative period."

10. Who is to administer the program?

The Agricultural Adjustment Administration, the State Agricultural Extension Service, a State committee composed of producers, and county and community committees.

(Another list of questions and answers will appear in this paper next week.)

### Choral Group Presented Cantata at Last Meeting

Members of the Newark Century Club were delightfully entertained at a meeting held on Monday, by the Choral Group of the club, which rendered "The Lady of Shalott," by Tennyson which has been set to music by Wilfred Bendall.

Solo parts were taken by Mrs. Richard Cooch and Mrs. P. K. Musselman, assisted by the chorus, which is composed of Mrs. Donald Dutton, Mrs. Perry Arnold, Mrs. Paul Lovett, Mrs. Reid Stearns, Mrs. Lee Lewis, Mrs. Robert Spencer, Mrs. A. D. Cobb, Mrs. J. D. Counahan, Mrs. James Hastings, Mrs. Harry Davis, and Mrs. George Schuster. The Choral Group was directed by Mrs. T. D. Mylrea and accompanied by Miss Nell Wilson. Before the cantata, Mrs. Cobb read "The Lady of Shalott."

During the business meeting which preceded the cantata, Mrs. James Hastings and Mrs. William Evans were re-elected to the Board of Directors.

Mrs. George Sinclair, club representative of the Town Library, gave her report for the year which stated that the Library Commission had received 159.50 from the Century Club, \$1,000 from the town, \$500 from the state, \$200 from the Business and Professional Women's Club of New-

ark, and \$25 from the Newark Chapter of the Women's College Alumnae Association. She also reported that 6,428 books had circulated since the re-opening of the library.

Miss Elizabeth McNeal, of the Delaware State Employment Association, announced that she would represent the association in Newark on Wednesdays at the council office.

Dr. C. R. Kase, of the University of Delaware, director of the E 52 Players next production, "Peer Gynt," gave a short talk on the play.

On Monday, May 4, the club will meet at the rooms of the Delaware Historical Society in Wilmington at 2.30, where Mrs. Anna Lincoln, Curator of the Historical Society will explain the historical significance of some of the exhibits there. Members of the club, who have not cars available that day are requested to get in touch with Mrs. R. O. Bausman.

### Presbyterian Missionary Group Holds Meeting

Miss Leta Waters, president, presided at the meeting of the Women's Missionary Home and Foreign Society of the Newark First Presbyterian Church, held at the home of Mrs. F. E. Strickland last Thursday evening. Devotionals, which included prayers and singing of the hymn, "Throw Out the Life Line" was followed by a business meeting during which reports were given by delegates, Mrs. Harold Tiffany and Mrs. Charles Steel.

The guest speaker of the evening was Mrs. Charles Eastman of Wilmington. A solo by Mrs. Hugh S. Smythe; and a duet by Mrs. Lee Lewis and Mrs. Smythe, accompanied by Miss Nell Wilson was followed by the Lord's Prayer and benediction.

## A CULTURAL COLONY

Too few people in the town of Newark and vicinity appreciate the many cultural advantages offered them by an institution like the University of Delaware. The school and its countless opportunities for mental and social development, other than routine classroom work, are taken for granted by the major portion of the citizenry—and are passed up.

It is so in almost every locality, merely following the adage of the grass being greener in the other fellow's back yard. People regard close-at-hand advantages with an air of skepticism to go in search for similar things in fields afar.

If, for instance, the forthcoming production of the E 52 Players happened to be offered at the Playhouse in Wilmington, played by strangers and widely publicized according to the talents of a professional press agent, it is highly likely that a sizeable number of Newark's dramatic partisans would pay a high tariff to view the presentation.

"Peer" Gynt will grace the Mitchell Hall stage on both Thursday and Friday nights of next week at less than popular prices. Advance sales indicate that it will be well attended. Reservations are being received from distance points in adjoining states. The answer is simple. "Peer Gynt," a classical script that offers complications for staging, has not been produced more than twelve times in the last 25 years anywhere.

Dr. C. R. Kase and his student associates have worked for months to perfect the play which is attracting people to Newark from New York, Philadelphia, Baltimore, Washington, and intervening places.

It is to be hoped that local people reverse the order of things in this instance, viewing something at home which should be seen, and which probably will not be attempted again anywhere for many years.

## MERMAID

A reception was given in honor of the Rev. T. O. M. Wills and Mrs. Wills last Thursday evening at the parsonage of the Ebenezer M. E. Church. Mr. Wills was returned to this pastorate for the fifth consecutive year. Mrs. Mary Lynch, president of the Ladies' Mite Society, arranged the affair. The program was as follows: Greetings by Rev. William H. Revelle, pastor of Hockessin Church, the Rev. David Wood, pastor of Crumpton Circuit, Mr. George Denney of Marshallton M. E. Church; welcome addresses by G. T. Knotts, representing the official board, Mrs. Elsie Davis, president of Young People's Society, Leonard Nelson, superintendent of Sunday School, and Mrs. Lynch; presentation of a purse of money by Mrs. Annie Atwell, response by Mr. and Mrs. Wills; original poem, "Greetings for 1936," by Mrs. Anna Cameron; a welcome recitation by Anne Beyerlein; violin solos by Dorothy Little accompanied by her sister, Miss Kathleen Little; accordion solos by Miss Dorothy Thornton; selections by a male quartet composed of Charles and Earl Lynch, Charles and Paul Nelson; vocal solo by Mrs. Luetta Brown, reading by Miss Sara Pennington; vocal solo by Mrs. Wills. The society furnished the refreshments of cake and ice cream. The pastor and his wife were also given a pantry shower and a new oilstove for the kitchen.

Last Wednesday evening, a program given by the Newark Chapter, Future Farmers of America, under the leadership of Mr. John Phillips, was presented at the meeting of Milford Cross Roads P. T. A. Raymond Beyerlein was in charge. A play, "Never Too Old to Learn," was a feature. Victor Leikton played his accordion. Selections on the trumpet, accordion and saxophone were given. Mr. Phillips in a talk, explained what the F. F. A. means to the boys in high school. The association and the chapter arranged to hold a strawberry festival jointly on the school grounds early in June. A nominating committee was appointed as follows: Mrs. A. Cameron, Mrs. E. Johnston, Miss Alma Johnston.

Mrs. L. H. Pennington has been confined to her bed for the past week with the grippe.

Sunday guests at the Pennington home were: Miss Helen Pennington of Morrisville, Pa., Mr. Walter Petry of Trenton, N. J., Miss Louisa Haines of Philadelphia, and Dr. M. B. Pennington of Wilmington Homeopathic Hospital.

Chiefs of Wawa Tribe, No. 45, I. O. B. M., were raised to their stumps on Monday evening by Deputy Great Sachem Vaughn Heavellow of New-

ark and his staff. They are: Prophet, Harley Eastburn; Sachem, Vernon Kee; Senior Sagamore, Donald Hoopes; Junior Sagamore, Norman Crumpler; Chief of Records, Ralph Kee; Keeper of Wampum, Ralph Buckingham; Collector of Wampum, Samuel Eastburn; Sannaps, Leslie McCormick and William Mitchell; Warriors, William Chambers, Howard Croft, Carl Connell and Delbert Smith; Braves, Fred Stanley, Herbert McCann, Theodore Mendinhall, Wilmer Wilkinson; Guard of Wigwam, A. H. I. Eastburn; Guard of Forest, Frank Mote, Sr. The ceremonies were followed by a social hour and refreshments.

Donald Eastburn, youngest son of Mr. and Mrs. Ferris Eastburn, is ill with the grippe.

The monthly meeting of the White Clay Creek Improvement Society will be entertained by Mr. and Mrs. George Alleorn on April 30, instead of April 29.

## Employment Service Branch Opened by Local Woman

(Continued from Page 1)  
suits its files, which contains complete information on its applicants and has recorded the details of the applicant's former employment. Then a selective group that meets the employer's requirements is sent in such quantities as the employer may wish, to such a place and at such a time as is convenient. By this means, the employer is assured that he has the opportunity to make his selection from a large number of available qualified workers; yet much time is saved since the employer interviews but a few of the better qualified.

The policy of the service is to make placements on the basis of the applicant's qualifications rather than on the need of the applicant for work. In this respect, it differs from a relief agency, although about one-quarter of the applicants are those who are on relief. Last year the Sixth and King Street office placed many farm hands in the vicinity of Newark, and it is expected that many orders will be received for farm hands this spring.

## Business Women's Club To Hold Meeting Tuesday

## THE Electricity OF CREDIT

Bank credit has often been likened to electricity. It, too, requires a "complete circuit," and will not venture out until it knows it has a way back.

A manufacturer, for example, has orders. He needs money to buy raw material, to pay his taxes, etc., to fill those orders. The banker makes the loan because the money will automatically find its way back to the bank when the orders have been shipped.

This will be the award given to the holder of the lucky number present at the time of the drawing at the theatre tonight (Thursday, April 23). The management of the theatre will open the doors early to accommodate those wishing choice seats. The winners of the \$1 prizes last Thursday were: Mrs. Harvey Gregg, Miss Helen Goole, Miss Elizabeth Dawson, Mrs. Helen Ewing, and Mr. Olin Harvey, all of Newark.

## CROSS WORDS belong in puzzles

But unfortunately there are many of them in the home where haphazard water heating methods pit the members of the family against each other for bath time . . . and where it is a toss-up whether Mother will wash the dishes or Sister will shampoo her hair.

Maybe . . . possibly . . . sometimes . . . occasionally . . . they're all good words, but the big puzzle to us is why you put up with their indefiniteness at the faucets.

Your answer probably will be—"because it costs too much to get the perfect service of the automatic gas water heater." And we're glad you mentioned it . . . for it's a mistaken idea. . . . with the new improved gas water heaters the average family pays only about 10c a day for this perfect service. Your time in attending your present unsatisfactory equipment is worth more than that.

### SPECIAL LONG-TERM OFFER

For a limited time you can buy an automatic gas water heater for 95c down and as little as \$1.00 a month. Get full details today of the economy of the automatic gas water heater.

Support the Teams

Whether or not Newark fans realize it, they are on the sports spot. And while they rest on the period the reputation of their home town rests there with them.

It's opening day for independent baseball here this week-end and it should mean a lot more to every civic-minded resident of the town than mere baseballs, runs and errors. It means, for one thing, another chance for Newark people to cooperate behind a great game that draws its followers from all walks of life.

Baseball, along with golf and other sports in lesser degrees, has become an integral part in the lives of most American people. It plays its part with annual consistency in most communities, but in Newark it has followed an existence of cycles. Local interest has been hot one year and cold the next. Teams have been prosperous in some seasons and slovenly poor in others.

"THE ROAMER"

Comparative Matter

Outside of one team from Wilmington in the New Castle County League, Newark will outrank every rival town in size in both the aforementioned loop and the Bi-State circuit. Yet the majority of these towns—Glasgow, Providence, Perryville, Havre de Grace, Aberdeen and Bel Air—have been consistent in their yearly support of baseball.

Teams have been developed for seasons on end without interruption in those communities, while Newark has been up and down, and in and out of leagues a dozen times.

The Newark Cardinals and Veterans of Foreign Wars teams have carried on, season after season, bringing some measure of respectability to the town despite a wholesale lack of public support.

But other Newark teams, some of which were mighty good aggregations, have come and gone.

Result Inevitable

The reputation gained by Newark in other communities as a result of this situation is anything but flattering. "Can't take it," is the way Newark is regarded in rival communities. They hold that this town and its people are endeavoring to kid themselves into thinking that they are superior, in many respects, to other sectors, but when it comes to producing things in opposition or cooperation with other towns, Newark lacks plenty.

So, the coming baseball season should mean more than baseballs, runs and errors, we repeat. It's Newark's big chance to disprove an in-and-out reputation, and not a wholly undeserved one, which exists in the minds of people in neighboring vicinities.

Fans can do their part by supporting either or both outside leagues operating here and that support can best be registered by the dropping of two-bit pieces into the collection plate. The "lemme-in-fer-nothing-I-did-this-fer-th-team" gang and the "fence peepers," who are usually the most critical of every promotion, won't help the situation. Don't be classed with those groups unless Newark actually is what other communities think it is.

Old King Baseball will climb aboard the pedestal for independent teams in this immediate sector this week-end when no less than three circuits, involving Newark starters, swing into action for the 1936 season. Stealing a march on the rest of the field, the New Castle County loop opens here Saturday with the Newark Vets engaging Hillcrest at Continental Field. The order is reversed on Sunday when the Vets journey to Hillcrest for a return game.

Six teams make up the circuit. In addition to the Vets and Hillcrest, Glasgow, the Wilmington A. A., Five Points and Fort duPont have cast their fortunes with the organization.

The Bi-State League's opening takes place on three fronts Sunday afternoon. Manager Jackie Bridgewater's new combine squares off at Continental Field against a revamped and greatly strengthened Elkton team, piloted by Joe Charshee, Elk Mills star of former years.

Big doings are expected at both Havre de Grace and Bel Air, where Perryville and Providence, in turn, are listed to do battle. The game at the race track center involves the 1935 champions and their post-season opponents from Perryville.

Providence takes a combination of players, who have been gathered principally from Elk Mills and Rising Sun, in addition to holdovers from the 1935 Papermaker crew, to Bel Air. Freddie Baldwin is leading the latter club, which represents Aberdeen and the Harford county seat. The team will play Sunday ball at Bel Air and Saturday ball at Aberdeen.

Ellis Cullen's Newark Twi-Light League opens at Continental Field at six-thirty Monday. The Fibremakers play Roy Hill's Junior American Legionnaires in the curtain riser. National Fibre and the Newark Cards meet on Tuesday, and the Newark Vets battle St. John's Church on Wednesday. The circuit will operate three nights a week with all games being played at the Continental layout.

Following a meeting of the directors of the local Bi-State League team tonight at the Washington House, a final gathering of the loop's heads will be held tomorrow night at the Howard Hotel, Elkton. Contracts will be approved and playing rosters issued at that time.

Three Bi-State teams swung into informal action last Sunday. Newark bowed, 7-6, at Federalsburg when Argo issued four straight passes in the ninth to break a deadlock. Paul Whiteman, with a perfect day at bat and due to a great three-inning hurling exhibition, was particularly outstanding for the Jackets.

Providence played great baseball to down Perryville, 5-4, in a practice session at duPont Field. Warpole led the attack against Taylor Biles' charges while Lucas and Goidley were leading hitters for the Pandours.

Soft Ball League Plans  
Opening Games on May 4

The opening date for the 1936 pennant race in the Newark Soft Ball League was set for May 4, it was decided at a meeting at the local high school last Monday night.

Four teams were represented at the session. Another meeting will be held at the high school next Monday evening at 7.30.

BOWLING TITLES  
AROUSE ROLLERS  
GAME OF TENNIS  
RISING RAPIDLY

Now that two league titles have been carried off by Elkton teams—the Elkton M. E. Church crew besting the Newark Country Club for honors in the Monday Night loop, and the Elkton Business Men marching home with a conquest over the National Fibre array in the Wednesday Night circuit—bowlers in the Tuesday Night and Church Leagues are entering the home stretch at the American Legion alleys.

The U. S. Engineers from Chesapeake City hold a short advantage over Elkton, first half champions, and it looks like an all-Maryland scrap for the Tuesday Night crown. Fair Hill holds a short edge over Ebenezer for the right to meet the First Presbyterians for the Church League bunting.

Ernie Smith, who has been going great guns all year, is stealing the show in the sweepstakes events. He is listed with the leaders in all three forms of competition and tops the field in the All Events number with a total of 1,809 pins.

He is rolling with the Continental Diamond Fibre outfit in the five man team contests, which tops the heap; he is running one-two in the doubles; being paired, in turn, with Ernie Cornog and Sam Slack; and he ranks third in the individual tests behind Bowlsby and Trivits.

A special match has been arranged for the Legion alleys Saturday night when the Florists Club of Wilmington engages Walter Powell's "Chefs." The Newark team will be composed of leading pinsters in competition here.

(Sports Correspondent)

Golf and baseball, two sports which have won for themselves an acknowledged place in the realm of athletics, find themselves being rapidly overtaken by tennis, another warm weather game.

Until a few years ago, tennis was regarded by the public-at-large as a sport largely associated with pink tea and lawn parties, and no self-respecting he-man would risk disgrace by being seen with a tennis racket in his hand. It was a sport in which it was desired to preserve the elegance of not appearing to produce any violent effort. To off-set this idea, however, came the advent of Bill Tilden, and his slashing all-court game. It was then that speed and deception became the matters of primary interest.

It was discovered that there was more in this game of tennis than just hitting a ball over the net and, at the same time keeping it within the bounds of the court. One learned that correct shot execution required technique.

As a result of the discovery that tennis is not an effeminate game and there was more to it than mere ping-pong, tennis has as many devotees as any sport today.

Internationally, tennis is the leading sport. A team is selected every year to compete for the coveted Davis Cup. To date the United States has won the trophy ten of the twenty-nine years it has been in the competition. While the hopes of bringing the Davis Cup back to the United States this year are somewhat slight, the crop of players looks so good that it is certain the cup will be brought back to this country within the next few years.

And so with the return of spring, let's get out the old racquet, string it up and return to the tennis wars.

By CUE KEELEY

Fred Brown, Port Deposit, and Tommy Riale, Rising Sun, remain deadlocked for the Tri-County Pocket Billiards League lead as a result of important victories registered last night.

Struggling through a hard-fought match at Jimmy Martin's State Academy, Brown managed to outlast the local proprietor, 125-108, in a match that was tighter than a sailor on shore leave. Riale, meanwhile, was off to a great start at his own ball-wick and breezed to a 125-87 verdict over Jack Fossett, Newark's second entry in the loop. It was Fossett's sixth consecutive setback.

In staying off a great uphill fight by Martin, who rallied bravely at the end of the battle, Brown ran his winning streak to eight matches. He hasn't lost since Fossett stopped him here in the opening clash of the campaign.

Both Riale and Brown sport records of eight victories against a single defeat. The Rising Sun star's loss was dealt out by his leading rival.

The pair clash next Thursday night at Brown & Cunningham's Royal Academy, Port Deposit, in the deciding game of the race. All attendance marks for a meeting of the kind are expected to go by the boards.

Riale defeated Brown last year, two matches to one, for the Cecil County professional crown in a great series, and followers of the two are anticipating a tight contest next week.

With prize money being offered for the champion, high run and best game, Riale has a great opportunity to march off with all the cash. His recent 15-inning victory over Phil Kurtz of Aberdeen, wherein he registered runs of 41 and 43, practically assures him of the latter two awards. A victory next week will make it a clean sweep for the popular little veteran. But Brown, a former Newarker, is determined to reverse the climax of 1935.

FLASHES

By BILL FLETCHER

THE BLUE HEN baseball team succeeded in pulling a game out of the fire which almost proved to be its sixth set-back in six starts. Five straight defeats on a disastrous southern trip during the spring vacation set the college boys off to a bad start but the 5-3 victory over Pratt may be the innovation of a new era.

"BILL" FLETCHER

Two local boys led the swatters with two hits apiece as the entire team was limited to eight safe bingles.

Bob "Dizzy" Greenwood, was called into the role of relief hurler as Deaver weakened in the ninth, while sporting a two-run lead. Bob succeeded in holding the visitors to one run to clinch the game. Deaver, however, was credited with the victory. THE TRACK TEAM initiated its season by out-throwing and out-running the medicine men from Johns Hopkins.

Don King the shuffling half-miler who looks as if he's going to stumble every step he takes, captured his specialty in the time of 2:12.1. Don was tricken with an attack of appendicitis last year, something which has handicapped his track career no little, but he's infested with an overdose of intestinal fortitude guts, that is worth a lot more than any other part of his make-up.

## 25 YEARS AGO IN REVIEW

April 19, 1911

Immediately after the adjournment of Council, which had met to effect organization, the special meeting was called to order.

Mr. Frazer presented a resolution discontinuing the services of the attorneys for Council in the Light and Water lease case.

It was not possible to secure the resolutions for publication at this time but they embodied at length a review of the "alleged leasing of the plants at an illegal meeting of Council." It spoke of the case and amount of \$750 having been already paid to attorneys for defense of Council. The issues of the recent election were decided against the actions of last Council and the new members were elected to carry out these wishes.

Secretary was instructed to notify Messrs. Hastings and Richards that their services were no longer required.

Dr. Steel called for yeas and nays. All voted in favor of the adoption of the resolution except Dr. Steel and Mr. Rose. With this new phase of the situation, Council adjourned.

### Lenten Weddings

Wedding bells are ringing in Newark! Professor Thomas Sturgis of Delaware College and Miss Sarah Coach, Newark, were married in the Episcopal Church at 4 this afternoon.

Mr. Louis Thomas and Miss Norma Wright are to be quietly married at the bride's home tonight.

The marriage of Miss Edith K. Brokaw, only daughter of Mr. and Mrs. Cornelius Brokaw, and Professor Harold E. Tiffany, of Delaware College, took place at the home of the bride's parents near Fair Hills on Wednesday, April 12 at six o'clock.

A Newark couple, Mrs. Edward Laurence Smith, matron of honor, and Mr. George D. Kelly, best man, were prominent in the ceremony. Mr. Edward Laurence Smith was one of the ushers.

The many Newarkers at the wedding included: Dr. W. Owen Sypherd, Mr. and Mrs. Edward Laurence Smith, Miss Louise E. Sentman, Mr. Charles L. Penny, Mr. George D. Kelly, Jr., Mr. and Mrs. Hosea R. Smith, Miss Mary R. Johnston, Mr. Albert R. Strahorn, Miss Martha Strahorn, Mr. A. F. Fader, Mr. and Mrs. George T. Johnston, Dr. and Mrs. Charles F. Dawson, Mr. Joseph M. McVey, Mr. Floyd W. Wingett, Mr. William H. Scott, Mr. S. R. Carswell, Mr. E. G. Brown, and Mr. G. N. Groff.

### OBITUARY

#### Edwin Clendennin

Died, Sunday morning, after a brief illness, at the Red Men's Fraternal Home, Edwin Clendennin, aged 71 years. His death removes the last member of the family of Daniel and Maria Clendennin.

Until last October, Mr. Clendennin lived on his farm in Pencader Hundred. At that time, because of feeble health, he sold his farm and entered the Fraternal Home. Elder John Eubanks will conduct funeral services in Welch Tract Cemetery this afternoon.

### New Council Sworn In

The Council room at the Hose House was crowded last night to witness the installation of the new Council. Everyone seemed on the alert in expectant mood. Several citizens who had never attended a meeting of Council were present to see the beginning of the new administration.

At eight o'clock, Dr. Steele and Mr. Rose, holdover members of the Council, made their appearance. George Kelly, secretary of the Council, was present to turn over the records.

A few minutes past eight, the new members, followed by several friends, filed in and were immediately sworn in by Alderman Lovett. President of Council Hossinger immediately announced that nominations were opened for officers for the ensuing year.

Those named were: Secretary and Treasurer, S. B. Herdman; Collector of Taxes, S. B. Herdman; Alderman, Leonard W. Lovett; Chief of Police, Allan Reed; Street Supervisor, Alexander Perry; Assessor, Hon. Andrew L. Fisher; Attorney, Charles B. Evans.

Mayor Hossinger appointed the following committees: Street Committee, Messrs. Wilson, Morrison, Steel; Light and Water, Messrs. Frazer, Morrison, Lutton; House, Messrs. Lutton, Frazer, Rose; Board of Health, Dr. Kollock, Jonathan Johnston, L. L. Curtis, Prof. Penny, W. H. Kennedy.

and he's the kind of a runner that pulls his heart out in the last two hundred yards. Every facial muscle showed the strain he was forcing his body to undergo. We saw him come from behind to take the run with his stumbling stride, that looks as if he is loafing, but, next time just look at his face and you'll see how hard he's working for his speed. He's not what you'd call a brilliant runner, but he'll put out every calorie he has stored up.

A CLEAN SWEEP of the pole vault by the Blue Hens was realized with T. S. Hill ascending a mere nine feet, three inches to top the event. The future doctors evidently feel more at home with a carving knife in their hands, rather than a bamboo rod.

T. S. is another one of those boys that works like hell to improve. We saw him practicing last year in his first attempts with the pole. He didn't look so promising—stride all off, and more times than not, he's crash into the bar with the height around seven feet. He's kept working, however, and this year does ten feet consistently—with high hopes of reaching ten feet by the next meet. Just another example of stick-tuiness.

THE COUNTRY CLUB DANCE . . . very happy crowd . . . K. M.)

THE NEW BOWLING alleys which will be erected on East Main street will have apartments over them. We are inclined to think the inhabitants of said apartments will have a little trouble keeping their date with "old man Morpheus" every night since bowling isn't the quietest sport in the world. We might add, however, that it will be so quiet "you can hear a pin drop." (Please forgive.)

WITH THE INTEREST in ping-pong sweeping the country and also growing in Newark, it behooves us to suggest a town tournament. Through the kind cooperation of Dr. and Mrs. Francis H. Squire, we are in a position to offer the hall of the Kells Printing Company as a location for the matches. Success of this tournament would depend entirely on your interest and cooperation—so what do you say?

## CAMPUS CAPERS

Circus Park, just south of Elkton, was the scene of a grand blow-out last Thursday night when the Seniors of Delaware went down and "took over" the place. About nine o'clock it was finally evident that the three "talented" dancers tripped in the tears of a few of our Collegians and the manager, "Sandy" Tamargo, was prevented only by the bravado of the banqueters from summoning the aid of the khaki clad employees of the State. Of course the evening was not complete until nearly everybody in the dorms was interrupted from a good night's sleep by the clamor of the funsters when they returned early next morning.

The unconventional practice of sliding down poles while decked in a tuxedo was initiated last Friday night at the annual Formal Dance presented by the K. A. fraternity. The main trouble lies in the fact that the tuxedos won't stand more than one or two trials.

Alex Bartha and his twelve musicians, playing for the dance, gave an excellent account of themselves and earned the admiration of everybody present. His biggest attraction was an electric guitar which, when hooked to an amplifying system, produced a most surprising affect.

Champlin, a future member of the K. A. house, received the cup for be-

### Declamation Winner

MISS EDITH COUNAHAN  
Miss Counahan, daughter of Mr. and Mrs. James D. Counahan of Newark, a junior at the Newark High School, won the first prize in the New Castle County declamation contest, Friday night, in the Claymont High School. Miss Counahan had as her topic, "Steel," by Joseph Auslander. This is the second year in succession that Miss Counahan has won the cup and has the distinction of being the first to take the cup to Newark. She took third place at Dover last year in the state contest.

ing the best pledge. More power to you, Champlin.

Enrolled in the University is one Clyde Prestowitz. Another fact: it has been brought to mind that he is in love. The "object of his affections" proves to be a Miss Lillian Lang, very charming. It is rumored that Clyde has "popped the question." Lastly, everybody tells me he is a woman hater. The old bug bites them all, sooner or later.

"American justice is extinct," quoth Mike Malefatio last Monday. Mike and his friends were loafing along at about sixty-five down the du Pont Highway on their way to school this week in his big Buick sedan when one of those tiny motorcycles forced him over to the side. When the poor boy had finished explaining the "cop" agreed to let him off easy and ONLY charged the speeder with the small sum of \$13.50. Among his nine friends Mike was able to collect about .85 (if we know the boys).

Women's clubs and neighborhood organizations may reduce expenses in work against moths by pooling their needs and purchasing insecticides in quantity from local dealers or manufacturing chemists. Naphthalene and paradichlorobenzene, two of the safest and best materials for protecting fabrics in storage against moth injury, can be obtained in this way.

### Six Calves Awarded 4-H Members At Bredalbluk

Six New Castle County 4-H Club members were awarded pure bred calves donated by the following farms: Bredalbluk Farms, two calves, and one from each of the following: Foxden Farms, Newark; Chambers Rock Farm, Newark; Cowview Farm, Glasgow; and the Winterthur Farm of Wilmington.

Presentations were made Saturday at the Bredalbluk Farms as the result of the recipients standing in the annual 4-H Club Achievement Contest of New Castle County, sponsored by the New Castle County Chapter of the Order of the Link.

Raymond Beyerlein of Newark, won first choice of the calves; Miriam Wilson of St. Georges, second choice; Edgar Jaquette of Newark, third; Earl Lynch of Newark, fifth, and

## X-RAY SYSTEM reveals vital hidden differences INSIDE low-priced cars!

You see with your own eyes the vital features that manufacturers LEAVE OUT of their low-priced cars but POINT TO WITH PRIDE in their higher-priced cars!

The X-Ray System will show you things that you've never seen before . . . vital, hidden differences INSIDE the low-priced cars. And it will show you, beyond all doubt, that Nash "400" and LaFayette are the ONLY cars in the low-price fields that are engineered, powered and

lubricated exactly like the highest-priced cars. That they will run "sweeter" and keep their new-car "feel" long after other cars have failed.
