New Gym Drive Over The Top Following Last Minute Efforts

Successful Completion of Campaign
Cited as Greatest Single Achievement
of the Delaware
Student Body

WORK BEGINS IMMEDIATELY

At a dinner given Tuesday evening which was attended by all student and faculty campaign workers and many of the alumni solicitors, it was announced that the gym campaign was officially ended. The total amount subscribed was reported as \$45,553. This amount is considered sufficient to guarantee the project according to present plans.

Mr. A. J. Taylor, who is in charge of the drawing of plans for the new structure, when asked what prospects were for an early start, stated that the architect was now engaged in completing all details and would be ready to receive bids within a few days. Excavation for the foundation will commence within a few days if nothing unforeseen develops. When questioned by Dr. Hullahen as to when the student body could expect to take its first plunge in the new pool, Mr. Taylor refused to even hazard a guess, but he was emphatic in stating that the building would be rushed just as fast as is consistent with good work.

TRAINING COURSE IN MOTION PICTURE INDUSTRY INTRODUCED

Los Angeles, Cal. (by New Student Service)—Utilitarians who have been spending a few happy years berating the universities for their failure to deal in the practical may now be of good cheer. The inevitable has come to be, and the University of Southern California, keeping step with the march of civilization, has introduced a four-year course of training for motion-picture industry.

The specified course of study includes architecture and fine arts, technique of cinematography, and composition, literature and criticism. As outlined the study will deal with the technical phases of the motion picture industry. Hollywood has not yet been mentioned in connection with the cultural innovation.

The New York World gives proof of its interest in Southern California's venture by submitting a proposed curriculum. This, in part, follows:

"CINEMA 3a. Understudying. How to substitute for Rin Tin Tin without running foul of the dog-catcher. 1 hour a week. Prof. Lon Chaney."

"CINEMA 2b. Osculation. While some instruction is given in theory this is primarily a laboratory course. During the first semester the student will work under the direction of the instructor; during the second he will be required to perform one original experiment, to be not less than 100 feet in length. 8 hours a week, to count as 4. Prof. Richard Barthelmes."

In the meantime registrants in the new course might begin their work by studying "The Drop Kick," with Richard Barthelmes and the college men who were selected last spring in a nation-wide search for cinema talent.

Syracuse Forbidden to Dismiss Girl Student

"Not the Syracuse Type" Held
by Court to be Insufficient
Reason

Syracuse, New York (By New Student Service)—She was not the "Syracuse type," and "there had been rumors," so Miss Beatrice Anthony, almost a year ago, was asked politely to withdraw from the university. She did, but not content with the meager explanation offered her by Syracuse deans and assistant deans, she took the matter to court and thereby started an interesting bit of litigation that is far from ended.

The university, ordered by a supreme court justice's decision to reinstate the banished student who wasn't the "type," has made ready for extended combat. With no more explanation than it offered when it took its first step in the ouster epic, it has entered an appeal from the decision in Miss Anthony's favor. Hostilities, (Continued on Page 3.)

Strong St. John's Team Invades New- ark Next Saturday

Blue Hen Chicks Determined to
Strike Winning Stride At Hamp-
den-Sydney In Preparation

Coach Rothrock and his squad left Newark early Thursday for a three-day week-end down in Virginia. On Saturday they face a rather unknown quantity when they tackle Hampden-Sydney College at Hampden-Sydney. Thus far, the Southerners have received no publicity in this section and their strength is undetermined. Should they prove to be a capable combination, the Blue and Gold will have its hands full as the varsity squad is handicapped at present by injuries. Green and Boyer will probably watch the game from the sidelines, while Scorp Barton will start the game handicapped by an injured leg which may necessitate his removal early in the fracas. The lamentable accident in which Kane figured during the Ursinus game makes it impossible for him to hold down his usual berth on the line. Just what damage the blocked kick did to his eye has not yet been determined. It is sincerely hoped that a complete recovery for the game freshman is possible.

The student body is already looking forward to the coming encounter with St. John's College of Annapolis. Delaware has suffered four straight defeats at the hands of the Annapolis eleven, only one of which was really deserved. Time and again a superior Delaware team has suffered intolerable treatment at the hands of Lady Luck and the referee which resulted in St. John's victories. A real dyed-in-wool Jinx pursues them on every attempt to stage a comeback. This season the team has a fighting determination to light on the old Jinx and smoke him out. Regardless of the results of the Hampden-Sydney contest St. John's will have eleven wild cats on their hands when they hit Newark on Saturday, the twenty-second.

Advance reports indicate that the Johnnies pack a scoring wallop. Last Saturday saw them crush the Gallaudet College eleven by a 20-0 count.

STUDENT COUNCIL DANCE WELL ATTENDED

On the evening of October the eighth the first informal dance given by the Student Council was held in the Commons of Old College. The dance started promptly at eight-thirty and a merry crowd of some seventy-five couples or more filled the floor soon to fall into the rhythmic swing of Lloyd Shorter's Snappy Eight. The music was excellent throughout the program and it is needless to say that after the last tune had been played everybody left the hall after having spent a most enjoyable evening. The patronesses included: Mrs. George E. Dutton, Miss Serene Templeman, and Mrs. Joseph J. Rothrock.

CHEER-LEADING SOON TO BECOME RESPECT- ABLE VOCATION

The Student Council is considering the awarding of some honor to the cheer leaders. It is realized that the position of cheer leader is not taken seriously enough, no praise is given them and they are not recognized as being capable in the leading of cheers. It is rumored that the reward of a varsity lettered sweater will go to each varsity cheer leader. It is further announced that try outs will be held for all Freshmen desiring to become cheer leaders.

PHI KAPPA PHI PREPARES TO ELECT NEW MEMBERS

Professor W. A. Wilkinson and Dr. Eastman are busy just now averaging grades, reading material and investigating reports on the men and women of the Senior Class. They are preparing for the elections to the Phi Kappa Phi Honorary Society which will be held within the next few weeks. There is quite a bit of work attached to the selection of the lucky members as the expectant Seniors will have to wait a few more weeks before their hopes are confirmed—or crushed.

Delaware College to Have Glee Club New Member of Faculty Loses No Time in Forming Musical Organization

It seems that Delaware College is at last going to have a Glee Club. Several times before it has been tried, but thus far it has always failed. This year, however, Professor George M. Berry, a new member of the English department, has taken hold and under his leadership the project is sure to succeed.

Prof. Berry is well equipped to direct the students in this project. He is a graduate of Syracuse University, has done graduate work at Harvard and teaching in the College of Forestry at Syracuse. While at Syracuse he was in the University Glee Club for two years, and sang for one year in the Syracuse Tabernacle Church. During last summer he sang in the choir at East Genesee Presbyterian Church, in the same city.

As a solid foundation for his success as a vocalist, the Glee Club's new director studied voice with Professor Lowell Mable Welles, at Syracuse for the two years, 1925-1926, and during the summer of 1927.

Prof. Berry, though only a young man, has had a great deal of experience in directing work with boys and young men, aside from chorus work. During his vacations, for nine years, he has been with the Y. M. C. A. (Continued on Page 4.)

Bertrand Russell To Speak At First Assembly Of Year First Of A Series Of Unusual Fine Letters

Dr. Benner has been unusually fortunate in obtaining one of the intellectual leaders of the times to inaugurate the lecture series for the collegiate year, 1927-28.

The Hon. Bertrand Arthur William Russell, philosopher, mathematician, and educationist, who will speak on "Education and the Good Life" at College Hour, Wednesday, October 19, is well known as a brilliant author as well as a public speaker. He is too well known to readers of contemporary literature and the better magazines to need any introduction. Mr. Coney, university librarian, however, for the benefit of those who might care to better understand the man before hearing him speak, has placed on a special table in the Reading Room a selection of his books and magazine articles for those who are interested.

Following are some of Mr. Russell's popular books and articles, which are available at the Library:

"What I Believe."
"Proposed Roads to Freedom."
"Scientific Method in Philosophy."
"Mysticism and Logic."
"Things That Have Moulded Me," (Continued on Page 4.)

A special dispatch to The Review from Virginia, announces the safe arrival of the Blue and Gold eleven at Hampden-Sydney. Glasser and Staats disappeared immediately upon arrival but were later located wrestling with a couple of hamburgs in a lunch car. They complained of short rations in the diner!

By Newservice, Inc.

Annapolis, Md.—St. John's College is already looking forward to the Delaware game at Newark which will be featured as usual on the "Johnnies" schedule. Team will grind hard all following week in a determined effort to achieve fifth straight victory over their University of Delaware rivals. The locals are all set after a 20-0 victory over Gallaudet.

As The Review goes to press word is received that the total subscribed toward the new gym has risen to \$45,901. It is hoped that mail subscriptions will account for the full \$48,000 by the beginning of next week.

Plans for Drama Course Already Well Defined

First Play Scheduled for
December Tenth

This year the policy of the English Department in the joint dramatics course for both colleges, generally known as E 51 will be the revival of American plays, the purpose being to afford a competent performance of little known works in our early theatre. The first production will be of "The Contrast" or "Money Makes the Mare Go," by Royall Tyler. This play is the first native comedy produced on the professional stage in the United States and had its first performance in New York in 1787 at the John's Street Theatre. It is a very amusing comedy of manners in imitation of Sheridan and Goldsmith, very much akin in spirit to the "School for Scandal." It is particularly distinguished for the fact that it introduces for the first time the character of Jonathan, the professional stage Yankee who has been such an important type in American melo-drama ever since. The play is full of contemporary references and rich in comedy, particularly satire on those Americans who are trying to ape European manners.

The performance will take place December 10, in Wolf Hall. The cast will be organized within the next two weeks and rehearsals will start immediately thereafter. Try-outs for students who have not heretofore been enrolled in E 51 will be conducted at Delaware College on Tuesday, the 18th, and Women's College on Thursday, the 20th. Anyone desiring further information about the course may consult Professor Matthews at his office.

DR. HULLIHEN TO ATTEND INSTALLATION AT LAFAYETTE

A dispatch from Lafayette College states that Dr. Hullahen has been honored with an invitation to attend the installation ceremonies accompanying the official inauguration of Dr. Ellis as the new president of that venerable institution. More than 120 noted educators from all sections of the East are expected to be present.

Active Season on Tap for Debating Society

New Plan Calls for Greatly En-
larged Active Membership to
Handle Enlarged Schedule

The Debating Council urges that all men interested in debating should appear for a try-out tonight (Friday) in Wolf Hall at 8:00 p. m. It is not necessary to come with a prepared speech, as an extemporaneous talk can serve as a sufficient test. The Debating Council is now in charge of Professor Lewi instead of Professor Matthews, under whose able leadership this organization made such wonderful strides last year.

The Council's members for the coming year are Philip Cohen, President; Laurence Elliott, Secretary and Treasurer; Joseph Craven, Samuel Handloff, Leslie Moore, and Isaac Quillen. A larger schedule than that of former years is hoped for this year. Negotiations are already under way for a dual debate with Washington College to take place in November. The Debating Council is also trying to arrange dates with Georgetown, Swarthmore, and Haverford.

A plan for debating, which has never been tried here before, is to be used this year. If at all possible, no man will participate in more than one debate, the object of a fresh team each time being to give as many men as possible debate training and debate experience. It would seem that this plan would result in the loss of more debates, but it has been proved in other colleges that it doesn't work out that way.

Heretofore, debates have never received a fraction of the support which is accorded athletic teams. To avoid such repetition, debates are to be given a place on the college calendar in the hope that they will not fall on the nights of other events and that the college as a whole will take interest in this worthy activity.

J.-V.'s Take A Beating And Get Locked Up!

"Jail-Visitors," Beaten and Sore,
Run Afoul The Law In West Ches-
ter Due To Peculiar And
Unfortunate Accident

WHOLE SQUAD BEFORE MAGISTRATE

Coach Doherty's Junior Varsity eleven travelled to National Farm School yesterday on an adventure that was ill-starred from the start. After absorbing a 26-0 defeat at the hands of the heavy and powerful Farm School eleven, the boys were unfortunate enough to figure in a rather serious accident in which a woman riding in a passing car received a badly bruised eye. It is charged that the lady in question received her injury from an apple supposed to have been launched from the bus in which the team rode. Thus far nothing has been proven besides the fact that the bus contained some apples. The fruit was gotten at the Farm School upon the invitation of the manager of the National eleven and thrown into the bus to eat on the return trip. But National School generosity spelled disaster! Somewhere along the road, as the Stiltz bus passed another car it is alleged that an apple was thrown from the bus that seriously injured the complainant's eye. At West Chester the team was stopped by a squad of policemen who hailed Pete Stiltz and Coach Doherty before a magistrate. The whole squad was later marched in and each individual grilled by the injured party's lawyer. Just how the apple found its way into the passing car no one knows, but everyone concerned is firm in their denial of any malicious intent. It is possible that someone carelessly tossed an apple that did the damage from a window of the bus. Both conveyances were travelling at a fair rate of speed in opposite directions which is entirely sufficient according to physical laws to account for the terrific impact against the injured one's eye, without assuming that the missile was intentionally thrown. It is hoped that the injury is not as serious as at first supposed. Just what action will be taken by the injured party is not known.

As for the football game—it was all Farm School. The Delaware eleven was handicapped by a lack of organization in their first encounter. National placed a fast, well-drilled team on the field that averaged close to 180 pounds per man. They could hit the line or run the ends with equal ability. Captain Riggins and his men put up a game battle but were unequal to the task. He and his running mate, Squillace, played stellar roles.

The second half saw a determined, fighting team wearing the yellow jerseys. About the middle of the third quarter Fred Creamer replaced Rose at quarter. Fritz immediately opened up an aerial attack that was spell-binding in its brilliancy and accuracy. It is very doubtful whether Frazer field will ever see another attack to equal it. Ten straight passes, thrown with machine-like precision from Creamer found their way into the waiting arms of Dave Loveland. Two passes failed and three more were completed, making a total of twelve out of fifteen passes that gained yardage for the locals. Once Loveland was downed just seven yards from the Ursinus goal. A smash at the line yielded about a yard and then a forward grounded over the goal line. This gave the ball to Ursinus on their own twenty-yard line, but at this juncture of the game Delaware was smashing the Ursinus attack to pieces and consequently Ursinus soon lost the oval again. Delaware again worked the ball down into the Bears' territory and again had chances to score, which failed to materialize by inches.

HONOR SYSTEM IS DECLARED PERFECTED

Berkeley, Calif.—(IP)—Honesty is the order of the day at the University of California.

While colleges and universities throughout the country have been proclaiming the honor system a failure, the system has been so perfected at this institution that the rule requiring a written pledge at the end of each paper has been rescinded by the Associated Students.

California's famous "honor spirit," the campus code against unfair tactics in tests came under fire last year when an epidemic of cheating threatened the recall of the "gentlemen's code."

Certain faculty members demanded that a more effective system be instituted, and asked that the rule requiring professors to leave the room while examinations were in progress, be cancelled.

Believing that this step seriously threatened the existence of the honor system, and student self-government, a protest was made by student leaders. A conference between students and faculty was held, and the result was a more perfect working out of the system which led to the pronouncement of success this week.

Ursinus Bears Nose Out Delaware In Fast, Exciting Game

Brilliant Run By Elusive Moyer
Turns The Trick

Last Saturday afternoon Captain Bill Reybold's University of Delaware football team lost their first game to Ursinus College, 7-0. A sixty-yard run by Moyer, opposing quarterback, in the first period, which placed the ball on the three-yard line was instrumental in bringing about the defeat of the locals. Moyer raced through the entire Blue and Gold team with the exception of Taylor, who cut across the field and succeeded in stopping him after a fleet zit of scampering. Moyer seemed to accomplish this run with ridiculous ease and had the stands wondering how he did it.

Outside of the Moyer dash, the game was fought on about a par and it may be truly said that Ursinus won the game on a break. The Bears came down with a heavy, well-experienced team and after the first few minutes it was quite plain that they knew what the game was all about. Delaware fought on the defensive throughout the first half, having considerable trouble stopping the elusive Moyer on his dashes around the end. However, the Delaware line played splendidly, fought back for every inch, and held Ursinus time and again. In the second quarter the Collegeville eleven forced Delaware down to the shadow of their goal post but here a magnificent defense was displayed, and Ursinus lost the ball when another touchdown seemed inevitable. During the first half Delaware failed to gain enough ground to plant a tree, the end runs simply wouldn't function and it was common for Delaware to punt on the third down.

The second half saw a determined, fighting team wearing the yellow jerseys. About the middle of the third quarter Fred Creamer replaced Rose at quarter. Fritz immediately opened up an aerial attack that was spell-binding in its brilliancy and accuracy. It is very doubtful whether Frazer field will ever see another attack to equal it. Ten straight passes, thrown with machine-like precision from Creamer found their way into the waiting arms of Dave Loveland. Two passes failed and three more were completed, making a total of twelve out of fifteen passes that gained yardage for the locals. Once Loveland was downed just seven yards from the Ursinus goal. A smash at the line yielded about a yard and then a forward grounded over the goal line. This gave the ball to Ursinus on their own twenty-yard line, but at this juncture of the game Delaware was smashing the Ursinus attack to pieces and consequently Ursinus soon lost the oval again. Delaware again worked the ball down into the Bears' territory and again had chances to score, which failed to materialize by inches.

Another shining example of good football was shown by the Delaware line during this half. Ursinus backs were nailed for losses repeatedly, Barton and Glasser proving a constant thorn in their sides. Max Glasser never played better for Delaware than he did Saturday. Max did everything a good end was supposed to do and then came back and did more. His work in every branch of the game was spotless. Barton was only a stride or two in back of Max. His work was also first rate. Boyer and Reybold played good football defensively.

NEW COURSE UNDER PROFESSOR LEWI

The latest innovation in the academic line at Delaware College is a course in debate and public speaking to be known as English 79. It is another one of the curricula improvements that the college owes to the advent of instructors who are interested in student activities. Such a course will doubtless take its place beside English 51 as an attempt to create interest in the working out in a practical manner of our literary theory. Professor Lewi will give the new course. It is his hope that material for the debating club will be uncovered during the course of the term, as he is devoting much of his time to foster this new extra-curricular activity.

TRY THIS ON YOUR FORD

Delaware's football team sets out to show its wares on foreign soil tomorrow. That should be a signal for a general round up of any sort of collegiate conveyance from which a final effort can be coaxed. It is the duty and pleasure of everyone who possibly can to follow the Blue and Gold eleven to Hampden-Sydney and give them the support that they need to win. Cuts are allowed for emergencies—football games away from home are emergencies. We've got a snappy, well-drilled fighting team. All they need is plenty of support and the scene is all set for a flood of victories. Get out the old snorter and tune'er up. Borrow a spare, clean up the timer and with the addition of a generous shot of "Darktown corn" in the tank you oughta' make it. Which tank—and how!

A WOMEN'S COLLEGE PAPER?

The Women's College has reached an age and a size that would justify the publication of a paper all its own, independent of the "Review." The staff can readily see that this would be an improvement over the previous "Reviews"; in fact, that anything would be better than the old arrangement. But the staff feels that this year will see a great change for the better—a better "Review", better Women's College representation thereon, and better news.

The responsibility of publishing a paper is great, and nothing to be undertaken as a picnic—in a holiday mood. Since the two colleges carry on together, the one chance for cooperation and ensemble work that exists between the men and women; it seems a too serious matter to break it off so suddenly. It has really never had a fair trial. Things at the Women's College have not been handled in as orderly a fashion as they may be handled, and as the staff this year hopes to handle them. But the staff cannot do it all. It is your paper, girls, get behind it. If you want a better paper, give it encouragement in the form of your subscription, and the "Review" will be what you make. It lies within your power to make it what you want it to be.

OUR ALMA MATER

There are few college anthems more beautiful than our own from a purely artistic comparison and certainly none more beautiful to us for sentimental reasons. But what utterly horrible abuse it has suffered during the past few years! The current renderings of it during our first two pep fests were an insupportable outrage to anyone who respects this most beautiful of tributes to Delaware. Again, we think that it is used rather too frequently. "Familiarity breeds contempt." We may be wrong, but we feel that the Alma Mater is something to be sung only upon appropriate occasions—as a solemn and fitting windup, for instance to a good pep fest. Once is enough—the psychology is good (ask Dr. Crooks!). Quality, then, rather than quantity is our aim. The question is how to get the quality? Here we have an appeal to make. Could not Mr. Berry, who has so enthusiastically undertaken to form a glee club at the University, drill us all in the proper way to sing the Alma Mater? Perhaps it would be possible to have a college hour devoted exclusively or at least partly to this. And while on the subject we would like to express our deepest gratitude for the splendid way in which Mr. Berry has plunged into the work of "putting Delaware on the musical map," as he so aptly expressed it. We indeed appreciate one coming among us who finds it possible to take a real live interest in such a worth-while activity. We are perfectly confident of Mr. Berry's ultimate success. The student body has for a long time wanted a good glee club. All we lacked was a leader. Ladyluck has sent us one and we earnestly hope that the response to his appeal will be a generous one.

STUDENT COUNCIL NEWS

On the evening of Friday, October the twenty-first, a "pepfest" preparatory to the football game on the twenty-second with St. John's, is to be held in the Lounge of Old College.

Announcement is now made that sometime in the near future Charles Green, '25, and Kenneth Givan, '26, will hold a Freshman Song Meeting. The purpose of this meeting is to teach the Delaware Songs the way they should be sung and to furnish entertainment with their own song and wit.

**Advice To The
Lovelorn**

Edited by Louella Loganberry

Dear Boys and Girls:

After repeated urging by the editor, I have consented to undertake the task of advising you concerning those little matters which constantly arise following your frequent visits to the "Half-Way House." So "when ever your best friend won't tell you"—ask Louella. The benefit of my years of experience on the road is yours for the asking. Address all communications to Louella Loganberry, c/o Univ. of Del. Review. Now that the Library steps are getting colder and colder each night, I surely expect to receive piles of them.

Lovingly,

Louella.

P. S. Even before this service was officially announced I received the following which I now answer:

My Dear Miss Loganberry:

I am a Freshman 19 years old and not unattractive. Down home I have several boy friends, but since I came to Delaware all my popularity seems to have disappeared. I have had several dates with boys but they never ask to see me again. Please tell me what to do, for I am so miserable.

Louella.

My dear Lonely:

Don't you worry, dear; all the other girls will soon be in the same boat. The R. O. T. C. has been ordered to China.

Louella.

P. S. Have you tried Listerine?

Dear Louella Loganberry:

I am very pretty and 20 years old. All the men and professors in College like me. I am very dumb, though, and cannot seem to pass my courses. My professors tell me that I can pass my courses if I want to. What shall I do?

Beautiful but Dumb.

I cannot answer you in any place as public as this column. Write me another letter inclosing a self-addressed, stamped envelope, and do nothing until you hear from me.

Louella.

ATHLETIC GOODS

909 Market—900 Shipley
Wilmington, Delaware**Ursinus Bears Nose Out Delaware**

(Continued from Page 1.)

Creamer and Loveland starred on the offense with their forward passing. Both of them looked great.

For the visitors Meyer naturally starred, but he was ably supported by Benner and LaClaire. The Ursinus line threw back every attempt of any Delaware back to pierce it.

In summing up the game it can be said that Delaware put up a game against a heavier opponent and lost simply because the gods of fortune were against her. As a result of the game Boyer, Green and Kane are out with injuries. Kane was seriously cut in the eye when he blocked an attempted placement kick in the third quarter. Stunned and half-blinded he continued to play until he was forced out by Captain Reybold. It was a remarkable bit of courage on the part of the Freshman tackle. The line-up:

Delaware	Ursinus
Glaser.....	L. E..... Faust
Kane.....	L. T..... Black
Reese.....	L. G..... Jolt
Reybold.....	C..... Schell
Boyer.....	R. G..... Metcalf
Staats.....	R. T..... Helfrich
Barton.....	R. E..... Donaldson
Rose.....	Q. B..... Meyer
Taylor.....	L. H. B..... Jeffers
Laclair.....	R. H. B..... Loveland
Butler.....	F. B..... Benner

Score by Periods

Delaware	0	0	0	0	0
Ursinus	7	0	0	0	7

Substitutions—Delaware: Draper for Taylor, Flinn for Butler, Russo for Boyer, Green for Kane, Taylor for Flinn, Kane for Green, Nobis for Kane, Creamer for Rose. Ursinus: McGavrey for Metcalf, Stein for Rerfrick, Mink for Young, Johnson for Donaldson, Schink for Mink. Referee—Gilbert, Williams. Umpire—Posel, Princeton. Head linesman—Cornog, Swarthmore. Time of periods—15, 12, 15, 12 minutes.

HOPE FOR INTELLECTUALS

Berkeley, Cal. (By New Student Service)—Women who have spurned membership in Phi Beta Kappa because of its reputation as a bar to matrimony need to reconsider. The professors at the University of California have completed a study of the comparative matrimonial advantages of the "dumb" and the bright girls, and their conclusions show the grades of the married students to be a shade higher than of the unmarried. Women Phi Beta Kappas at the University, from 1874 to 1910, were found evenly divided in the married and single groups. Feminine scholarship is expected to advance in proportion to the importance of this announcement.

Young Hopeful Says—

There are a lotta fellows
And quite a few girls
In College
Who think that crabbing
About their college paper
Is quite the proper
Thing to do.

In order that no one
Would ever suspect that
They would stoop to
Such a level as
To appear enthusiastic
It is considered by some
Much more proper
To be critical
Or to be bored

Whereas
Our idea of a
Real big timer
Is one who can boast
Occasionally without
Joining Kiwanis
Such a person
Is credited with
Knowing his groceries.

Parker Phillips, President, announces that the Engineering Society will not function this year. The taking over by the Engineering School of the work carried on by the Society is given as the reason. The officers of the society are the same as last year.

Dr. Eastman, faculty advisor to the Wolf Chemical Club, states that in the near future a meeting of the club will be held at which time officers will be elected and plans made for the club's activities this year.

Major Glassburn is now laying plans for the functioning of the student Officers Club again this year. An active program will be arranged if the necessary co-operation is forthcoming from the advanced R. O. T. C. men.

FRATERNITY NEWS

Kappa Alpha—The K. A.'s will hold an informal dance at Old College on October 22, at which time the Beta Epsilon Chapter will be presented with a loving cup. The cup, to be presented by Frank Meyer, provincial councillor of the Eastern District of the Kappa Alpha Fraternity, denotes the highest efficiency obtained among the eight chapters of the Eastern Province. Jimmy Wilson, president of the local chapter, will receive the cup.

Sigma Phi Epsilon—A dance will be given at the S. P. E. house on the evening of October 22. It is hoped that the party will be an informal celebration of the outcome of the St. John's game, to be played on that afternoon.

Theta Chi—The Oxen announce another snappy fight card for Wednesday evening, arranged by Promoter "Tex" Heindle. The feature fight brings together "Windy" White and "King" Coale, "the little lover of Theta Chi." Four fast rounds to a decision. In case of a draw—White gets the woman!

Syracuse Forbidden To**Dismiss Girl Students**

(Continued from Page 1.)
now adjourned, will recommence probably in January.

When Miss Anthony could get no more explanation than the curt "not the type" for her summary dismissal she appealed to the court. The university, however, was not inclined to expand on its original statement, seeking refuge and authority in the pledge, acknowledging attendance to be a "privilege and not a right," which all Syracuse students must sign. On this pledge the defense rested, refusing to consider explanations necessary.

The court thought otherwise, and Justice Edward N. Smith declared the pledge void and without legality, and the university, as a semi-public institution acting without authority in dismissing without stating the cause. With one judicial stroke great rejoicing was brought to many students and great sorrow to many deans.

But the university is tenacious. From Chancellor Charles W. Flint down to the merest official flunkie, the university's right to unqualified dismissals is still a matter of firm faith, despite Judge Smith to the contrary. So the fight goes on, and in the meantime Miss Anthony, rudely separated from her educational career at the beginning of her senior year, awaits the final word from on high. She wanted to spend a year in teaching after graduation, "but," she said, "if this keeps up much longer I shall be an elderly woman before it is finished."

Delaware College to Have Glee Club

(Continued from Page 1.)

camp at Syracuse, first as a junior leader, then as leader, then as assistant director, leading in many different phases of camp life. He brings a great deal of enthusiasm with him to Delaware, and hopes that the Glee Club will not only be a source of enjoyment to the students but that they may soon become trained to give creditable concerts, where the public of Delaware may hear them. He plans to use only a high quality of music, because he believes that the students will enjoy it more, and that only the use of such music will justify the serious thought that he plans to give to the undertaking.

The first meeting was held on October 4, when tryouts were held. At the second meeting officers were elected. The president is C. N. Hesselburg; vice-president, J. T. Challenger; secretary-treasurer, M. MacAllen; librarian, L. Brannon; accompanist, Carl Budin; and manager, Virgil VanStreet.

Everyone is urged to come and try out. Rehearsals are to be held on Monday and Thursday evenings from 6.45 to 7.45, in the auditorium in Wolf Hall. Should Prof. Berry be able to attract enough of the available material in the school to the club, concerts involving interesting trips will not be difficult to arrange.

From the Lyrics

DAWN AT SEA

All that there was to meet my eye
Was sky and sea and sea and sky
And one lone seagull swinging by.

It seemed no sun had ever shone—
I stood and watched an hour, alone—
The changes in that monotone.

The cold gray seaweed drifted past,
A golden streak slipped down the
mast,

And then the sun was up at last!
—Stuart Palmer, in the Wisconsin Magazine.

THE CONVERT

Lie quietly, desire:
A long time your flame
Has made my flesh a pyre,
My name an ugly name.

Lie helplessly, desire;
You are tightly bound.
God and I conspire
How you may be drowned.

Lie patiently, desire:
We are not so bold.
I may have need of fire,
For God's love is cold.

—Louise Anderson.

A STUDY IN PRAGMATISM

Philosophers may addle their wits
To find the All in One, the One in
All;
Jargonize the universe to bits,
Stalking the metaphysical.

They may prove that Time is, or is
not,
And that Space is a categorical
notion,
Dame Truth a hybrid polyglot,
And Love a Freudian emotion.

But I shall wind my watch at nights,
Each morning race to catch the
street cars,

Vote for democratic rights,
And smoke Republican cigars!
—By Herbert Drennon, in the
Carolina Magazine.

TO THE FRINGED GENTIAN

Thou blossom, bright with autumn
dew,
And coloured with the heaven's own
blue,

That openest when the quiet light
Succeeds the keen and frosty night;

Thou comest not when violets lean
O'er wandering brooks and spring
unseen,

Or columbines, in purple dressed,
Nod o'er the ground-bird's hidden
nest.

Thou waitest late, and com'st alone,
When woods are bare and birds are
flown,
And frosts and shortening days por-
tend
The aged Year is near his end.

Then doth thy sweet and quiet eye
Look through its fringes to the sky,
Blue—blue—as if the sky let fall
A flower from its cerulean wall.

I would that thus, when I shall see
The hour of death draw near to me,
Hope, blossoming within my heart,
May look to heaven as I depart.
—William Cullen Bryant.

To smoke wisely and well, choose Camels

THERE'S an irresistible reason for choos-
ing this famous cigarette. Not for its
popularity alone, but for that superior
quality that produces it.

Camel wins its prestige with modern
smokers by forthright value. It is rolled
of the choicest tobaccos that money
can buy, and its blending is the taste
and fragrance triumph of tobacco
science.

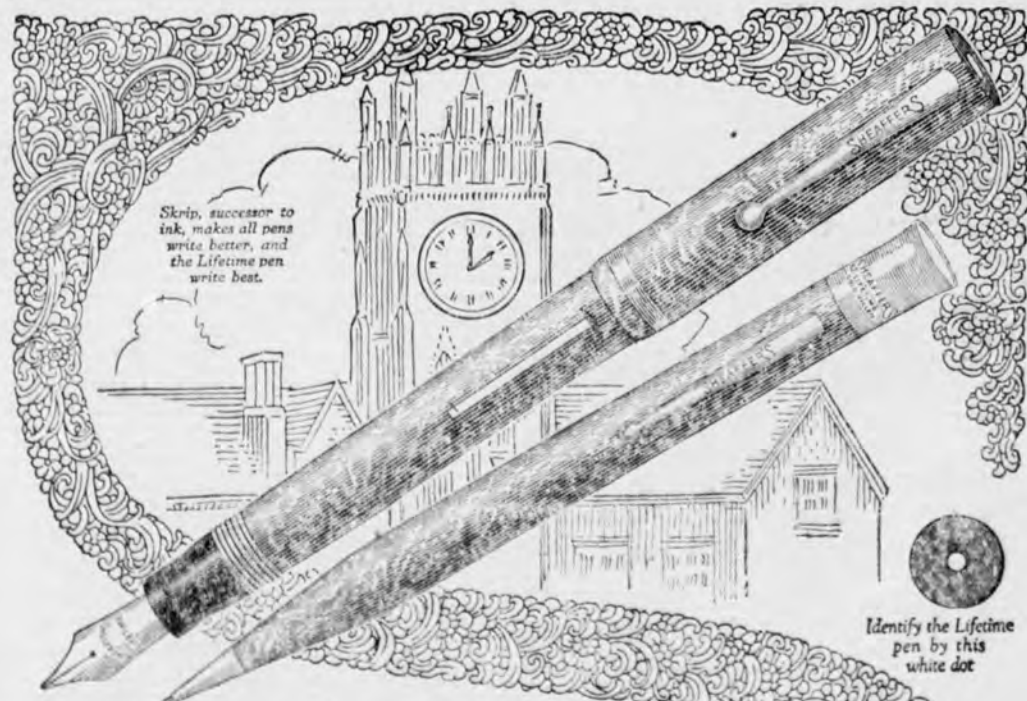

The Camel smoker is tobacco fit. He
has the best, with no scrimping or denial
of cost. There are no four-wheel brakes
on Camel; no brakes at all. It is full
speed ahead, straight for quality.

Select Camel for smoking pleasure,
and you'll join distinguished company.
Particular, modern smokers have elected
it on the principle of superiority.
