Mr. George S. Messersmith,
The Mexican Light and Power Company, Limited,
2a Calle de Gante No. 20,
Mexico, D. F.

Dear Mr. Messersmith:

My heartiest congratulations to you on the Mexlight common dividend! While there is no doubt that the utmost credit is due to Mr. Draper and other members of the management team, it is perfectly obvious that they built on a foundation laid by your tireless and skillful efforts. Nor am I without a strong suspicion that the building job since April 19 would not show, on a complete knowledge of the facts, strong traces of your fine Italian hand.

With very best personal wishes,

I remain

Very sincerely yours,

Charles S. Jeffrey
