Engine Housed At Christiana Saturday

Governor Richard C. McMullen spoke at Christiana last Saturday afternoon, during the celebration marking the housing of the new apparatus of the Christiana Fire Company. He stated that the firemen do a great work which ranks next to that of the police. He gave a history of fire-fighting in Delaware. The Rev. Richard M. Green, pastor of the Christiana M. E. Church, introduced the speakers. Lieutenant-Gov. Edward W. Cooch spoke somewhat of the historical significance of Christiana. He stated that George Reed, one of the signers of the Declaration of Independence, was born in one of the old taverns of the town.

Lauds Rural Companies

William J. Lutz, Chief Engineer of the Dilmington Bureau of Fire, gave a review of firemen's work and stated that the city of Wilmington is

times past took care of the rural fires but this was no longer necessary, as the rural companies were doing very efficient work.

John K. Johnston, of Newark, in behalf of the Aetna Hook and Ladder Company of Newark, presented the Christiana Fire Company with the new apparatus. The Newark Fire Company gave to the company a special set of lights for the front of the new truck. Rev. Green accepted both for the Christiana Fire Company. Brief talks were also given by George Walters, president of the Christiana Fire Company and by John Moore, president of the County Firemen's Association.

Firemen Parade

Preceding the speaking, a street parade was held with the following firemen and companies participating: Hooksett, Mill Creek, Hived, Talleyville, Cranston Heights, Five

Points and Newark. The procession was headed by the first piece of fire apparatus housed in the Christiana headquarters more than 15 years ago. The Continental Band of Newark, The Talleyville Ladies' Auxiliary, Drum and Bugle Corps and the Cranston Heights Band, furnished the music.

John Burge is chief of the Christiana Fire Company. The committee on arrangements consisted of the following: Thompson Eastburn, chairman, George Walters, David Cleavely, John Burge and Isaac Thorpe.

Five hundred guests enjoyed the refreshments which were served by the Christiana Ladies' Auxiliary. A bonfire was built outside of the town at the conclusion of the celebration and the Christiana Fire Company gave a demonstration of its fire-fighting efficiency with the new apparatus.

Convocation

Three requisites; purpose preparation and practice were cited by Dr. Fred Pierce Corson, president of Dickinson College, as necessary for a successful life at the Convocation exercises of the University of Delaware on Monday.

Held in Mitchell Hall, the exercises officially opened the college year and permitted 17 students who had completed work during the summer to receive degrees.

Objective Or Purpose
"The first requisite of every successful life is the obtaining of an objective or purpose," Dr. Corson said.

"The second requisite is preparation as it is necessary to solve the problems that one encounters on his way toward his objective. This preparation should especially develop accuracy and initiative. Individual initiative is the basis of American freedom and its use differentiates American from a citizen of a communist or fascist nation where regimentation is paramount.

"Finally there is practice or need of applying the knowledge you obtain to the problems which arrive after you leave college."
Dr. Corson also pointed out that possession and position which are the outward symbols of success, do not always denote a successful life, for one may have them without having developed his native powers to the utmost.

Degrees Conferred
Dr. Walter Hüllihen, president of the university, who presided over the exercises, conferred degrees on 16 undergraduates and one graduate student.

Dean Winifred J. Robinson of the Women's College, presented the following from that school for degrees: Miss Mildred Argela McCabe, bachelor of arts and Madeleine Dorell Brown, Hazel May Cross, Lulu Boys Harvey, Gladys Mae Hopkins, and Norma Sarah Smarte, who received degrees of bachelor of science in education.

Mrs. Harvey, a graduate of the Wilmington High School, class of 1933, completed her four-year college course by extension work and summer schools. She has three grown sons and a daughter.

Dean Charles A. McCue, of the School of Agriculture presented the following candidates for degrees from Delaware College in the absence of Dean George E. Dutton, who was ill at his home: Merritt Burke, Jr., George William Cooke, Jr., James Edward Davidson, with honors; Thomas Willey Keithley, Jr., Herbert Leigh Rice, Jr., Howard Nehemiah Stayton, Jr., and James Spruance Tipka.

Those receiving the degree of bachelor of science in agriculture were Frank Alpheus Elliott, Jr., Vincent Louis Mayer and Alton Samuel Truitt. A degree of master of arts was conferred on Henry Warner Welbon.

Address Of Welcome
In his address of welcome, Dr. Hüllihen said:

"We are looking forward to a year of hard and interesting work together — and, facing as we do, conditions within our nation sufficiently critical to cause deep concern, may I not express the hope and belief that it will be a year in which we will devote to the purpose for which we are here — to fit ourselves through thought and study for the serious responsibilities of citizenship."

Faculty Changes
Dr. Hüllihen announced the following promotions: Dr. James Christos Kakavos, to the rank of assistant professor of bacteriology; Maj. Reamer W. Argo, C. A. C. U. S. A., to the rank of professor of military science and tactics and chairman of that department, succeeding Maj. Donald L. Dutton, who has been transferred to the Staff and Command School at Fort Leavenworth, Kan.; Dr. Edwin Colby Byam, to the rank of professor of modern languages; Dr. Cyrus Lawrence Day to the rank of associate professor of English.

The following new faculty members were announced:
Miss Elinor Ware, Ph. D., Yale, replaces Dr. Elizabeth Dyer on leave, as instructor in chemistry at the Women's College.

Miss Martha Mason, class of 1936, M. A., University of Vermont, 1937, will be assistant in chemistry at the Women's College, replacing Miss Elizabeth Ballard.

Walter C. Wilson, A. M., Clark University; R. C. Journey, instructor in economics.
Walter Lederer, Ph. D., Heidelberg, has been added to the staff in economics. He formerly taught at Hunter College, New York City.

Theodore H. Friedenberg, M. B. A., University of Pennsylvania, replaces Sidney Hoffman, who was unable to continue teaching this year.

Automobile Salesmen Attend Conference
George M. Haney, manager of the Wilmington Auto Sales Company of Newark, and Robert M. Thompson, sales manager, attended a meeting of 500 Buick dealers and guests at the Penn Athletic Club, Philadelphia, yesterday.

A preview of the 1938 line of Buick automobiles was given by H. W. Curcio, president of the Buick Motor Company. The affair was staged under the direction of John J. Costello, Philadelphia zone manager.

Arrested by Chief of Police William H. Cunningham and Officer LeRoy C. Hill last Thursday night, two youths were held under \$1,000 bail each by Magistrate Benjamin Eubanks on theft charges.

The boys are Willard Philhower, 19, of Cowntown, Md., and Roland Simpers, 17, of near Newark.

Police investigation started following complaints registered by the Feder Motor Company that parts were being taken from used cars stored on private property.

According to officials of the company, tires, wheels and other parts were being taken in growing quantities until the practice became an expensive nuisance.

Police are said to have secreted themselves near one of the lots (Please Turn To Page 8)

Gifford In Regional
And State Tests

Joseph Chalmers, a winning member of the Newark High School Future Farmers of America judging team, left Tuesday morning to represent the state association at the Eastern States Exposition. Chalmers will be a member of the milk judging team.

Arthur Gifford, another member of the Newark chapter, will go to the national convention of the F. F. A. Association to represent the state in judging work at Kansas City, Mo. in October.

Both boys won the trips by being high individual members in a state contest and also won as a team.

The F. F. A. Association is an organization of boys studying vocational agriculture at the Newark High School. The chapter is to be complimented on having two boys on the state teams in the regional and national contests.

Be Submitted
Friday Night

A. B. Eastman, chairman of the flower show committee, today placed emphasis on the fact that all entries for the sixth annual display must be submitted Friday night between the hours of six and ten o'clock.

The limit has been set in order that the judging can be started early Saturday morning. The contest is staged yearly by the Newark Garden Club.

Specimen exhibits will be judged by Miller Speakman and Howard E. Ball, officers of the Delaware Dahlia Society and the baskets, bowls and artistic arrangements will be judged by Mrs. Irving Warner, president of the Wilmington Garden Club.

Despite unfavorable weather conditions this summer, a large number of exhibits is anticipated. The flowers will be on display Saturday from one to ten o'clock and on Sunday from one to six o'clock. There will be no charge for admission.

Campaign

The candidates in The Newark Post's subscription campaign are starting this week to show strength and many of them have already had votes placed to their credit in the list. This is bound to help those who show they have actually started in the campaign.

The campaign department of the Post is open each Wednesday and Saturday nights from 7 to 8 for the benefit of anyone wishing to call at the office then rather than during the day office hours. In fact candidates are asked to report their subscription at least Wednesday and Saturdays during the campaign.

Prizes For Everybody

There will be a prize for everybody in this campaign. You just cannot lose. You must get something for whatever effort you make. A twenty percent commission is paid to each and every candidate who hands in even one subscription to The Newark Post in this campaign. Therefore everybody gets a prize of some kind.

This twenty percent commission means you can start working today and get paid at night. You do not need to wait a minute for your money. One dollar out of every five is yours right away. And on top of all this every vote issued on these same subscriptions will count for you on the final prizes of the campaign, October 23rd.

Nothing To Lose

What have you to lose? Certainly you can lose nothing but your spare time. The twenty percent commission would much more than pay for your gas and oil used during this campaign. Then you have the opportunity of earning a new Chevrolet or a cash prize for yourself. It is right up to you and now is the time to decide to enter. Nominate yourself today.

Who is working in your section? Is there anyone near you who has started to work for one of the valuable prizes offered? Right now is the very best time to enter while everybody is talking about the big offer.

You can win yourself a new \$671 Chevrolet automobile purchased from Wilmington Auto Sales Company of Newark and candidates are asked to call and see this car. If you do not care for a new car you may choose \$500 in cash prize providing you are awarded first prize in this campaign on Saturday night, October 23rd.

Additional Prizes

Also, there will be \$200 cash offered as prizes. Anyone of these fine awards may be yours just for getting subscription payments to The Newark Post. Any payment of \$1.50 or more will give votes. Votes issued on subscription payments will never change during the entire campaign, but extra votes will change.

Right now and until 6 o'clock Saturday night, October 2nd, each and every amount of \$15 worth of subscriptions will give you 200,000 extra votes. You may have just as many of these big ground gaining ballots as it is possible for you to get. And of course the more you get of them the more sure you are of sharing in the fine prizes.

Starting on Monday morning, October 4th, immediately after the 200,000 extra vote ballot offer closes, you will only receive 150,000 extra votes on each \$15 in subscriptions. This offer lasts but one week.

More Extra Votes

Then will come another week of only 125,000 extra votes on the \$15 amounts and during the closing week only 100,000 extra votes are to be given. Positively there will be no changes or any other extra votes of any kind offered during the campaign.

This fact can mean but one thing for those willing to work and anxious to win. You are not going to allow even one of these big 200,000 vote ballots to escape you. You are going to put every possible moment to the work of getting subscriptions as fast as you can so that when October 2nd comes around you will be able to say that you have done the very best you could for yourself.

And you can win first prize. There are no strings attached to winning. It is liable to be won outside of Newark, or it may be won (Please Turn To Page 8)

FARMERS
MEET HEREEastern States
Group Selects
Local Church

Newark has been selected by the Eastern States Farmers' Exchange as one of 78 places in New England and the Middle Atlantic States where regional meetings will be held this fall. The meeting here will be held in the Newark M. E. Church on October 13, beginning with a luncheon at noon. H. Wallace Cook, fieldman in charge of the session, announced this week.

Twenty-eight similar meetings held last year were so well liked by farmers attending that the cooperative association decided to provide an opportunity for even more people to participate this fall.

Explain Association

The purpose of the forthcoming meeting is to give members a clearer understanding of the aims and accomplishments of their own purchasing association. Discussions will bring out much information on efficient and up-to-date farming practices. Several people from this section will participate in the speaking program.

More than 70,000 farmers are now members of the Eastern States Farmers' Exchange, which last year purchased for them nearly \$18,000,000 worth of supplies.

CHICKEN PATTY SUPPER

A chicken patty supper will be given under the auspices of the Newark M. E. Church in the church dining room on Thursday, September 30.

Grange Groups Completing Plans
For Booster Night Celebrations

By Robert M. Yearsley
Lecturer, Delaware State Grange
On Booster Night, September 30, the Grange goes on parade with all agricultural people looking on. Booster Night is observed by most of the 8,000 Granges in 35 states.

Special programs are in order and Granges open their halls for members and friends, inviting all prospective members to attend. The past year has seen a record growth in Grange membership and influence. The influence of the Grange the coming year will be in direct proportion to the size and activity of its membership.

Hold Card Party
Centre Grange will hold a card party in I. O. O. F. Hall, Centerville, on Friday evening. Proceeds will be used to purchase new tables. Mrs. Jennie Donoghue is chairman; Mrs. Eva Thatcher, Mrs. Marion T. Frederick and Mrs. Sue S. Carpenter are members of the committee in charge.

Booster Night will be observed and an appropriate program will be given in charge of the lecturer, Mrs. Florrie Frederick. Six new candi-

FARMERS
TO BALLOTStabilization Of
Potato Crop To
Be Answered

E. H. Shallcross, of Middletown, president of the New Castle County Agricultural Conservation Association, announced today that commercial potato growers of this county are being offered throughout the 1938 conservation program, an opportunity to more effectively stabilize their acreage and help prevent future surpluses or deficits of potatoes. Next year's program is being developed to provide for goals of soil-depleting crop acreage, and also for goals for certain individual soil depleting crops.

A referendum will be held among producers who normally harvest three acres or more of potatoes, in order to determine whether a majority of these growers favor the establishment of a potato goal in 1938.

Meetings Scheduled

Meetings will be held on Tuesday, September 28, at the following places in the county: Newark-county agent's office (voting hours 8 A. M. until 8:30 P. M.); Middletown-Shallcross Brothers office (voting hours 8 A. M. until 6 P. M.); for the purpose of having growers vote on the referendum.

Payments

Should the referendum be approved the program tentatively outlined, it is anticipated that the farmers would be paid on an acreage approximately equal to their 1936-37 (Please Turn To Page 8)

ENGINEER
IS SPEAKERLions Told Of
Education By
Faculty Member

"College-bred is not a four-year load," stated Professor W. Francis Lindell of the engineering department, University of Delaware, in an interesting address before the Lions Club at the Newark Country Club Tuesday evening. Professor Lindell was the guest of Leon W. Case who introduced the speaker. Wayne C. Brewer, president of the service group, officiated at the meeting, which was attended by four members of the Kennett Square Lions Club, headed by Knowles R. Bowen, formerly of Newark and a graduate of the University of Delaware.

"Education cannot be measured in dollars and cents, but it can be cashed in on in later life," Mr. Lindell said in opening his talk. "Education is the step to organize men to accomplish things for the benefit of the human race."

Military Engineers

In dealing with the ideals of education Mr. Lindell remarked, "control and direction are the things sought and the persons themselves accomplish the end."

Reviewing the history of engineering the speaker pointed out that military engineers came first then, as the profession spread through civil life, civil engineering was born. Mechanical, chemical, electrical, and other forms of engineering were developed later as their needs became apparent.

Four branches of engineering are taught at Delaware, he said. Chemical, civil, mechanical and electrical, with a big registration being made in the first-named this year.

Boys register for courses in cycles, Mr. Lindell indicated. "When radio was first being talked about there were a great number of embryo electrical engineers. Immediately after the war there were a great number of boys seeking to become chemical engineers. The cycle has revolved to that point again."

Delaware History

Engineering is a mixture of theory and practice through which boys are given tools with which to work, it was shown. "A boy's brain is his best tool. Regardless of how much or how little a boy retains from his (Please Turn To Page 8)

Improved SUNDAY SCHOOL LESSON

Dean of the Moody Bible Institute
at Chicago

Lesson for September 26

GOD IN THE MAKING OF A NATION

LESSON TEXT—Deuteronomy 8:1-19.
GOLDEN TEXT—Beware, that thou forget not the Lord thy God, in not keeping his commandments, and his statutes, which I command thee this day.—Deuteronomy 8:11.
PRIMARY TOPIC—To Help Us Remember.

JUNIOR TOPIC—The Giver of Gifts.
INTERMEDIATE AND SENIOR TOPIC—God in the Making of a Nation.
YOUNG PEOPLE AND ADULT TOPIC—God in the Making of a Nation.

God in the making of the nation of Israel—this has been our general subject for a number of months. In this concluding lesson we meet up with a solemn warning that even though God's mighty works have been revealed on behalf of a people, it is possible for them to become proud and self-confident, forgetting him whose they are and whom they should serve, and perishing in their rebellion and sin.

I. "Beware That Thou Forget Not the Lord" (vs. 12-17).

How could this people who had come up out of slavery and been led "through that great and terrible wilderness" (v. 15), who had been fed by God's hand, who had received "water out of the rock of flint," who had become a great nation by his grace and blessing, now forget God? It would seem unbelievable, but we do not know ourselves. We need this warning as badly as Israel. "Shout a shout 'Beware!' from coast to coast as this lesson is taught, for America is forgetting God. Space does not permit a review of the appalling facts here, but they are enough to make one's heart sick with sorrow and fear for the future of our nation.

II. "Lest . . . Thou Say . . . My Power" (vs. 12-17).

How trenchant and altogether fitting are the words of Scripture. Nothing could describe our times more succinctly and accurately than v. 17. Men are glorying in their ability to do things. Science has made mighty strides forward. Industry has brought forth so many striking developments that a single company is able to present as a reflection of its own work a veritable "House of Magic."

We honor those who by skillful hand and brilliant brain produce excellent and thrilling results. But our question is, How many are there who say, "God has done this thing. He gave the strength and the skill. His is the honor?" Some there are who thus recognize him, but they are few indeed. Their name is legion who say in their heart, "My power and the might of mine hand have gotten me this wealth" (v. 17). God, forgive us, cleanse us, and give us grace to walk humbly before Thee!

III. "Remember the Lord . . . He . . . Giveth Thee Power" (v. 18).

Joseph Parker points out that a deep conviction of the fact stated in v. 18 "would turn human history into a sacrament." He says, "What a blow this text strikes at one of the most popular and mischievous fallacies in common life—namely, that man is the maker of his own money!" He makes a stirring plea (see People's Bible, Vol. IV, p. 133) for bringing God, who has been "crushed like a rose leaf in the Bible," out into the market place, into the office and the warehouse, for if man will make "his warehouse into a church," he will never turn the church into a warehouse.

Would that we could once and for all do away with all "Sunday religion," and bring the gospel of grace and the laws of God into the office, the factory, the school, and the home, for every day and every incident and transaction of life.

IV. "If Thou . . . Forget . . . Ye Shall . . . Perish" (vs. 19, 20).

Reading this passage in the light of our knowledge of what did happen to Israel, we agree that the warning was needed, even though it was not heeded. Shall we then dismiss the matter with perhaps an expression of regret that they so disobeyed God and missed his blessing? If we do we make the most important point in our lesson, for the fact is that our nation is just as dependent on God, and in just as much danger of forgetting him and perishing.

God punished even his chosen people in the day that they forgot him. Let not America think that she will escape if she goes on her way, forgetting God. We plead again, as we did last Sunday, for a deep going revival among God's people, and a renewed zeal for the salvation of lost men and women. Thus we pray, "God save America!"

On Giving Alms

In giving of thy alms, inquire not so much into the person, as his necessity. God looks not so much upon the merits of him that requires, as into the manner of him that relieves; if the man deserve not, thou hast given it to humanity.

Submissive Will

The will can only be made submissive by frequent self-denials, which must keep in subjection its sallies and inclinations.

When arrested for hitting his wife with a hoe, Julio Rodriguez, a California farmer, denied the charge, declaring he used a shovel.

When he got behind in his alimony payments, Roy W. Swanson of Chicago offered his wife a cemetery lot in lieu of cash.

At the assembly exercises in the Krebs School on Friday, a "Constitution Day" program was presented under the direction of the eighth grade pupils. Kenneth Varel presided at the session. The group sang "America," which was followed by a reading — "The Making Of The Constitution" by Miss Julia Taylor. The preamble to the Constitution was recited by Miss Rita Lully, followed by singing "Star Spangled Banner" by the school children.

Shifts Made

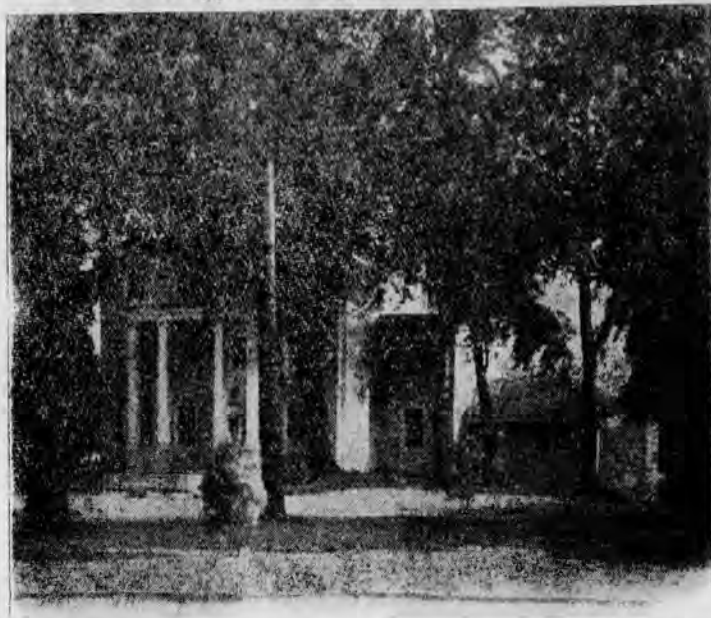

Due to a very large enrollment in the first and second grades at the Krebs School there has been a rearrangement of pupils, with Mrs. Porter teaching a pair of the first grade; Mrs. Wharton teaching part of the first and second grades, and a portion of the second grade being taught by Mrs. Grace Jaquette.

The Rev. J. C. McCoy, pastor of the Newport M. E. Church, had as his subject on Sunday morning "The Voice of God." Evening services were resumed, the topic being "The Straight and Narrow Way." Rev. McCoy announced that the exercises in connection with the laying of the corner stone for the church addition will be held on next Sunday morning, Sept. 26. Dr. W. A. Wise of Wilmington, will be the speaker at the corner stone laying.

Society Meets

The Ladies Aid Society of the Newport M. E. Church resumed its fall meetings with a business session and social on Wednesday evening at the home of Mrs. Amanda Sayers.

Baird Biology Building Dedicated At Dickinson

With the enrollment of 557, including three foreign exchange students, Dickinson College, Carlisle, Pa., opened its 155th academic year with exercises in Butler Hall last Thursday.

The central event of the opening day's ceremonies was the formal dedication of the Baird Biology Building, named for Spencer Fullerton Baird, graduate of Dickinson, world-famous ornithologist and ichthyologist, and one time secretary of the Smithsonian Institution. Dr. Ira N. Gabrielson, chief of the Bureau of Biological Survey of the United States Department of Agriculture, delivered the address, while Boyd Lee Spahr, Philadelphia attorney and president of the Dickinson Board of Trustees, received the keys to the building.

Making the dedicatory address at the opening of the Baird Building, Dr. Gabrielson lauded the work of Spencer Fullerton Baird in organizing biological research under government auspices and in training research workers. Baird was "the greatest biologist and field naturalist that this country has produced," declared Dr. Gabrielson, who heads a bureau which grew out of Baird's own work, "and his guidance is still the inspiration of ever-new generations of naturalists."

The Baird Biology Building, which is the first major improvement to the Mooreland campus, acquired by the college in 1932, contains the offices

classrooms, laboratories and museum of the department of biology. The large three-story building, with basement, outbuildings, and garden, is devoted exclusively to the use of the department.

One instructor was added to the faculty this year. Dr. William Drum Gould, formerly dean of the college and professor of history and political science at Iowa Wesleyan College, who took up his work as associate professor of history and political science at Carlisle last week. A graduate of Wesleyan University, Dr. Gould holds a doctor's degree from Boston University and for the last eight years was a member of the faculty of the Iowa Institution.

200,000 Extra Votes

Will be given on each \$15 worth of subscriptions to **THE NEWARK POST** until 8 P. M. Saturday, October 2nd. After that date a big reduction comes and only 150,000 extra votes will then be issued on each \$15 amount.

NOW IS THE TIME TO ENTER

The Newark Post's subscription campaign to win one of the fine prizes offered. You can get as many subscription payments as some one else. You have the right to enter and win and now is the time to make up your mind.

\$671 MASTER
CHEVROLET COACH

Purchased From Wilmington Auto Sales Co., of Newark

20% COMMISSION Will be paid to all candidates on each dollar collected and paid right away. No delay to have some extra cash.

THE PLAN IN BRIEF

The object of the distribution is two-fold; primarily to increase the already large subscription lists of The Newark Post, to collect arrearages and advance subscriptions, and at the same time afford our friends and readers an unparalleled opportunity to profit in a big way, through their spare time during the next few weeks. So it is a plan that works both ways and to the ultimate good of all concerned.

In order to gain this end quickly and advantageously, one of the most valuable and attractive lists of prizes ever offered by a newspaper in this section of Delaware has been made ready for distribution among those who participate most heartily.

Ambition and energy are the only requisites of success. The plan adopted is the fairest and most impartial conceivable. There will be no "double" vote offers, extra vote inducements whatsoever inaugurated during this competition, other than what has been announced in this issue. Neither will there be any long term subscription accepted. The plan of the campaign is straightforward and simple and is fully outlined in this announcement.

Let it be understood at the very outset that this is not a "beauty" or "popularity" contest, but a strictly legitimate competitive proposition for enterprising men and women, and boys and girls, and one in which no element of chance enters. One feature of this competition is the fact that there will be no losers in this race.

How to Enter the Campaign

The first step in order to become a candidate and compete for a prize is to clip the entry blank appearing elsewhere, fill in your name and address and mail or deliver to the Campaign Department of the Newark Post, Newark, Del. This coupon entitles you, or the person whom you might nominate, to 10,000 FREE votes. These votes are given you as a starter, and speed you on your way to win. Only one such nomination will be accepted for each candidate.

How Votes Are Secured

The next step is to call on or write the Campaign Department for a free working outfit consisting of an official receipt book, copies of The Newark Post and other information relative to launching an active drive.

Thus equipped, you have but to go to your friends and neighbors, relatives and acquaintances, and have them pay up a subscription to The Newark Post through you. THAT'S ALL THERE IS TO IT. However, you will never win anything unless you make the start; and while it will not be a very difficult matter to capture one of the big prizes, nevertheless it is necessary that you start early. You must plan out your campaign the same as any successful business man plans out his work for a season, and above everything else, let no one discourage you . . . stick to it and finish. Anything worth having is worth striving for. A few short weeks and you have earned real money.

It takes votes to win. The fastest way to get votes is by securing new and renewal subscriptions to The Newark Post. On each subscription turned in a certain number of votes are issued, varying according to the amount paid and during which "period" same are received at the Campaign Department. See schedule of votes elsewhere.

Early Start Means Easy Finish

The advantage of an early start are manifest; Not only do you have the FULL TIME in which to secure the winning votes but now and up to and including October 2nd you will receive the maximum schedule of votes on subscriptions, and also, the first in the field will undoubtedly get the "cream" of votes and subscriptions, while those who put off entering until a later date will have to take what is left.

Don't lose valuable time waiting to "see what the other fellow is going to do", but pitch right in and show the "other fellow" how to do it.

VICTIMS OF FUTURE ACCIDENTS

I'm starting a new club. It's the V. F. A. A.—Victims of Future Automobile Accidents.

Instead of going out and getting hurt haphazardly on a sunny Sunday afternoon and coming home with any old injury, we V. F. A. A. boys will try to name our injury in advance, and we may give medals to members who come nearest to calling their shots.

I'm going out for a concussion-of-the-brain ribbon. I've already made arrangements for two months in the hospital and have sent myself some flowers, and have set aside a thousand dollars for expenses. (We V. F. A. A. members have to pay ourselves our own losses—and we pay it in advance so it will hurt more.)

The whole point is, we think it's smarter to plan our accidents than simply to have accidents as most boobos do. All we have to do is to drive carelessly for about 20 seconds on a curve or hill or straightaway. I'm planning to have my accident by passing some cars going up a hill.

Want to join? Here's the menu. Take your choice. Last year, according to The Travelers Insurance Company, non-fatal injuries in automobile accidents were as follows:

	Persons Injured
Fractured Skull	12,530
Fractured Spine	1,700
Other Fractures	74,310
Concussion of the Brain	14,320
Severe General Shock with Contusions and Lacerations	133,770
Shock (less severe) and Shakes	531,660
Internal Injuries	13,430
Other Injuries (Sprains, Dislocations, Wrenches, etc.)	108,330
Total	895,280

HOME EDUCATION

"PAGE THE POLICE"

JACK WOOTEN

In her zeal to find bargains, Mrs. Wilson had lost Tommy, her five-year-old son. While she was frantically searching for the child, Policeman Bates was trying to console the distraught boy who had slipped away and wandered a block up the street from the department store where his mother was shopping. But the officer was not making much headway. For Tommy was "scared almost to death." He was frightened both because he was lost and because he was face to face with that "bugaboo," his mother had taught him to fear.

"Don't do this," and "Don't do that," Mrs. Wilson had told Tommy hundreds of times. "If you do the policeman will get you and put you in jail."

Policeman Bates believed. That was the reason why Policeman Bates was having so much difficulty in getting the barest information out of the boy as to who he was, where he had come from and why he was aimlessly wandering around by himself.

Finally, the officer gave up and sent the youngster to headquarters in the hope that the Chief might get better results.

The child was even more frightened when he saw the police official. Those brass buttons, instead of being a consolation, almost threw him into hysterics. He shrank away from the kind man as if he had been a huge monster and the golden braid on his coat a symbol of destruction.

Terrified Tommy

The more the Chief tried to console him, the more terrified Tommy became. His sobbing reverberated throughout the room, and when the officer made a move to touch him

he screamed as if he were coming out of a dreadful dream.

Mrs. Wilson, herself, was not afraid of policemen. Once when a burglar had entered her home, she had immediately thought of the "cops." In making her own way in a strange city one day she had promptly sought the aid of a "blue coat."

And so, after vainly searching for her lost child and nearly losing her mind with the thought that something terrible had happened to Tommy, she finally remembered that she was a taxpayer and that the police were servants of the public. Accordingly, she went to headquarters, and there found Tommy.

Trust and Admiration

Now, of course, all the misery that poor Tommy had suffered would have been avoided had Mrs. Wilson taught Tommy to admire and trust policemen instead of teaching him to dislike and fear them. In her eagerness to make the boy behave and in order to stifle some minor annoyances, she had destroyed his confidence in one of the chief mediums of civilization's protection.

Parents are short-sighted indeed who impress on their children the idea that officers of the law are "big bad wolves" or that they are pitiless men whose business it is to punish little boys and girls. It is very much worth while to teach them that the kindly policeman "with his gold braid and big brass buttons" is their friend.

Woman Bluffs Thieves

Bandits attempting to rob the home of Mrs. Elizabeth Campbell, 103 of Belfost, Ireland, were warned by her 70-year-old daughter they "would not get out alive," if they entered. The thieves fled.

RESOLUTION

Sept. 15, 1937

Newark Delaware

On the passing of our Prophetess, Ann Sidwell to the happy hunting ground, Mineola Council No. 17, Degree of Pochontas, has lost a valuable and sincere Sister.

Be it resolved that this Council has lost a member who was willing and ready at all times to perform any duty wherein this organization, which was near and dear to her, was involved.

And: Therefore be it resolved, that the members of this Council stand in silent meditation for one minute out of respect and in memory of our departed sister.

Be it further resolved, that this resolution be spread on the minutes of Mineola Council No. 17 for this sleep, a copy sent to the bereaved family and a copy to the local newspaper for publication.

Bowen-Carswell Nuptials

The wedding of Miss Eleanor A. Bowen and Robert M. Carswell was solemnized by the Rev. H. B. Phelps in St. Thomas Church this afternoon at 3 o'clock.

Miss Bowen, daughter of Mr. and Mrs. Levi Bowen, is a graduate of Newark High School and has a host of friends in this locality who extended their best wishes.

Mr. Carswell is a graduate of Delaware College, now connected with the Wilmington City Engineering department.

Mr. and Mrs. Carswell will reside in Wilmington.

New Teacher in Grammar School

In order to relieve the crowded conditions in the Grammar School, the Board of Education has arranged for an "overflow" grade.

Miss Anna Stolz, of Columbia, Pa., a graduate of Millersville Normal School, entered upon the duties as teacher on Tuesday with 24 pupils from the seventh and eighth grades, enrolled.

Football Prospect At Delaware

Coch McAvoy will put the Delaware College squad through another hard week of training to get them in shape for the first game of the season next Saturday with Lehigh, which will be played on the latter's gridiron. The first home game will be with Lebanon on October 12.

There is much disappointment because of the failure of Kyle, the former Wilmington High School star, reporting for practice. His mother is said to object to him playing football. It is thought that if Kyle should get in the game it would round out a fairly good backfield as Coach McAvoy is much concerned over the backfield now. Harshman, who was at Penn-State last year is sure to make one of the half backs, and Archie Dean looks promising for the other. In case Kyle should report he would likely be placed at full and Carswell put on the line. This would greatly strengthen the line.

The scrimmage work which started last Friday is putting the players in condition faster than other kind of practice. Coach McAvoy gave the candidates a blackboard talk on Monday night.

Coch William J. McAvoy of Delaware College, attended a meeting of the Inter-Collegiate football rules committee at the Manhattan Hotel, New York, on Saturday night. Coaches from many other colleges were also present and they were consulted in the matter of some of the rules of the game.

PERSONALS

Senator Charles R. Miller, Republican nominee for Governor was in a Newark visitor last Saturday.

Dr. Murray of Penderick Stock Farm has purchased a 1933 Cadillac. Mr. James Longfellow has returned from a trip to Quebec and points of interest in Canada.

Mrs. Mary B. Donnell, Miss Edith Pyle, Mrs. Rachel Shepherd and Miss Shepherd are attending the State W. C. T. U. convention now in session at Smyrna.

Mr. and Mrs. John Strahorn and children of Annapolis, Maryland, were recent guests of C. W. Strahorn.

Mrs. Laura Paxson is spending some time at Atlantic City.

Mr. and Mrs. R. L. Springer of Cleveland Avenue, spent last week visiting friends in Harrisburg, Lancaster, Columbia, Newtown and Philadelphia. They were very much pleased with their trip and enjoyed the fine scenery which they passed through.

Mrs. Warren Lamborn and two children and Miss Emma Welch of Mount Cuba are spending the week with Mr. and Mrs. H. W. Evans.

Ad. Thomas was a Baltimore visitor Thursday and Friday of last week.

Harry S. Proctor and S. W. Cook of Chicago, were recent guests of Ad. Thomas. Mr. Proctor made the trip in his 114 H. P. National racing car.

Mrs. James Russell of Manchester, Iowa, is visiting Mr. and Mrs. J. P. Wilson.

Mrs. M. J. Strickland of Franklinville, N. J., is visiting her daughter, Mrs. John B. Crossman.

SUSPICIOUS EXIT

Walking up to the ticket window of a Market street moving picture theatre, last night an excited individual informed the young woman within the inclosure that his wife was in the theatre with another man and that he was going to kill both of them as soon as they came out. The stranger's declaration was heard by several persons, a crowd collected and there was much excitement for a time.

The young woman ticket-seller then notified the manager of the theatre, who mounted the stage and announced that a man was outside waiting to kill his wife and the man who was with her. The manager advised the couple to leave the theatre by the rear exit, and within ten minutes 11 couples had hurried from the theatre by way of the back door.

Deaf Dog Learns To Obey Master's Sign Language

A six-year-old Pomeranian dog, owned by Louis Mow of Everett, Wash., has mastered the sign language. The dog has been deaf since it was six months old.

From simple movements of Mow's fingers the dog will obey such signals as "come" and "go," "stop barking" and "sit 'em, Tip!"

William Ebb, a World War veteran living in Los Angeles, has been reported dead by the government so many times he has retained a lawyer to prove he is alive.

THRONGS ATTEND SERVICES

Day's Meeting Held Sunday At Ebenezer

By Sara A. Pennington
Mermaid, Sept. 22 — Large congregations attended the Homecoming services on Sunday in Ebenezer M. E. Church. Many visitors were former members who came and spent the day at the little church.

The speakers were: Dr. Harvey Francis Green, headmaster of Pennington School for Boys at Pennington, N. J., who spoke on "Our Nation's Greatest Needs"; Dr. Joseph Schubert, pastor of the First Baptist Church at Downingtown, Pa., who had as his subject, "The Angel's Lily"; and Miss Maude Parsons, a returned missionary from China who described the life of the people in western China. Miss Parsons was stationed for five years at Suining in the province of Szechuan. Her work was among the Chinese women and girls. Miss Parsons was under the Women's Foreign Missionary Societies of the Foreign Board of the Methodist Church.

Special music was sung by members of the church choir during the past 25 years and the junior choir at the evening service when an old fashioned hymn sing was conducted by the Rev. David Wood of Crumpton, Md. Among the old favorites were: "Ivory Palaces," "Abide With Me," "Bringing In the Sheaves," "Ninety and Nine," and "Lead On O' King Eternal." The soloists were Miss Sarah Revelle, the Rev. Mr. Wood and Mrs. T. O. M. Wills. The Rev. T. O. M. Wills presided at each service.

Dinner Served

Dinner and supper was served in the basement to all members and visitors by the church women.

A reunion of the old choir members was held following the afternoon service.

Mr. James Little was given a birthday party recently at the home of his son and daughter-in-law, Mr. and Mrs. J. C. Little at Fairview in honor of his eightieth birthday anniversary. He received many gifts.

Those present were: Mr. and Mrs. Samuel Little, Mr. and Mrs. John Kirk, Mr. and Mrs. Herman Cook, Mr. and Mrs. Elwood Sheldon, Mrs. Harriet Whitman, Mr. Henry Whitman, Mr. William Little, Miss Lora Little, Mr. and Mrs. O. E. Taylor, Mr. and Mrs. Walter Trader, Mr. and Mrs. A. T. Buckingham, Mr. and Mrs. Newton Brackin and sons, Mr. and Mrs. James Little, Mr. and Mrs. J. C. Little.

P. T. A. Meets

Milford Cross Roads Parent-Teacher Association held its first fall meeting last Wednesday night when it was announced that this school was one of the six to receive art recognition in the state last year. Committee chairmen appointed were: program, Mrs. Leonard Nelson; health, Mrs. Anna Cameron; ways and means, Mrs. Herman Cook. The association planned for a bingo party to be held at the school on October 1, for the dental work.

At the monthly meeting of the Ladies' Mite Society of Ebenezer Church last Thursday night, plans were started for the annual chicken and oyster supper to be served in the church basement on Thursday evening, October 14.

Mr. Charles H. Rubencame of Milltown, celebrated his ninety-third birthday anniversary on Tuesday. Mr. Rubencame, a retired farmer, has lived his entire life in Mill Creek Hundred. He is Harmony Grange's oldest living past master and its only living affiliated charter member. He has two daughters, Mrs. E. H. Woodward and Miss Mary Rubencame, a grandson, Charles R. Woodward and two great granddaughters, Marian and Doris Woodward. He enjoys fair health but failing eye sight has forced him to give up reading.

The Young Women's Bible class of Red Clay Creek Church was entertained by Mrs. Marion Klair last Wednesday night.

Mrs. Leonard Nelson, Mr. and Mrs. George Schneider have returned from visiting relatives in Minneapolis, Minn.

Barbara Whitman, two years old daughter of Mr. Henry Whitman, was able to return from the Homeopathic Hospital Saturday where she was treated for burns on her arm and leg. She fell against a bucket of boiling water which overturned on her last Wednesday.

Attend Fair

Local people who attended Reading Fair last week were: Mr. and Mrs. Harry Brackin, Mr. Irvin G. Klair, Mr. Harvey Ball, Mr. Leslie Derickson, and Mr. E. H. Woodward. Mrs. Bertha Arnold and Miss Annie E. Klair have been entertaining relatives from Atlantic City.

Mrs. Mary Arnold and Mr. Merritt Arnold resumed their studies at the University of Delaware on Tuesday. Mrs. Elwood Sheldon spent several days recently at Ocean Grove, N. J.

An attendance contest is in progress at Ebenezer Sunday School which will terminate on October 10, "Rally Day." A feature of this program will be the presentation of the religious drama "Samuel, the Servant of the Lord" which was given at the Harvest Home celebration last month.

Mr. Calvin Mendenhall of Chadds Ford, Pa., was a week-end guest of Mr. and Mrs. J. W. Pennington.

WASHINGTON NEWS

FROM OUR CONGRESSMAN
WILLIAM F. ALLEN

SPECIAL SESSION —

Chances are about even for a special session in November. There is still the belief that farm legislation and wage and hour legislation should be acted upon before January. A special session in the Fall would help to do away with some of the important legislation which would otherwise have to be taken up at the regular session.

TAX READJUSTMENT —

The entire tax structure of the country is being studied and President Roosevelt is planning to recommend to Congress a readjustment of taxes. These changes will include a revised processing tax that would be borne by individual commodities for which new taxes are expected to be voted at the next session, and a tightening of taxes now existing, in such a way that there will be no possible chance for modification of the capital gains tax or the tax on the undistributed portion of corporation earnings.

EDUCATION —

Nearly a half billion dollars have been expended by the Federal Government in support of public education in the States in the last four years. The Federal Government has always provided some assistance to States in supporting public education. In the coming session there will be much taken up in regard to education. The Harrison-Black-Fletcher education bill which was proposed at the last session may be the base of a permanent system. The bill was reported favorably by the Senate Committee on Education and will be pressed for enactment at the next meeting of Congress.

CCC EMPLOYMENT —

Civilian Conservation Corps enrollees have been obtaining private employment this summer at a faster rate than during any previous time since the Corps was established in the Spring of 1933. Official figures disclose that during July a total of 13,865 enrollees asked for and obtained honorable discharges to permit them to accept jobs offered them while they were at work in the forest, park and erosion control camps.

SICKNESS INSURANCE —

A fight is about to be staged by Senator Robert F. Wagner for the poorer classes again. Boosted by his successful housing bill fight, he will make a nation-wide attack on the insecurity that comes from sickness among the working classes. It is believed he is planning to introduce an amendment to the Social Security Act at the next Session in order to round out its program. Details are not known as yet but it will deal with hospital and free medical care for workers.

WAR SITUATION —

The Neutrality Act was still being held off by the President, although the Far East situation continues to look bad. He issued a statement warning Americans who insisted on remaining in China that they do so at their own risk. American merchant vessels were cautioned by the State Department against entering a "danger zone" although the coast of China which was created by the Japanese blockade. Warning was also issued to ship owners of this country against attacks of unidentified submarines, aircraft and surface vessels on shipping in the Mediterranean. They were told that the U. S. had made no plans to protect American shipping in that region.

SOCIAL SECURITY —

Eighteen States have set up public welfare agencies in the last six months to

LAND'NBERG

By Mrs. John Jagger
Landenberg, Sept. 22 — Postmaster and Mrs. T. Joseph Sheehan entertained last week the Misses Nellie and Julia Moynihan, Peggy Sheehan, Cline Burke and Virginia Hara all of Brockton, Massachusetts.

Mr. and Mrs. Herbert Rose of Singers have been visiting at the home of Mr. and Mrs. Hugh Gibson.

Mr. and Mrs. William Huffell spent the week end with their son and family, Mr. and Mrs. Philip Huffell of Wilmington.

Mr. and Mrs. A. B. Frey and family, were Sunday dinner guests with their daughter and son-in-law, Mr. and Mrs. Norman Brown of Oxford.

William W. Crossan entered upon his new duties at Chester on Monday. He has been station agent at Landenberg for thirty-one years. His brother Charles Crossan is now stationed at Landenberg until an appointment has been made.

The Mullen families held a reunion in the community hall on Sunday.

Local Red Men To Parade Saturday

Members and friends of Minnehaha Tribe No. 23, I. O. R. M., will compete in a parade to be held at Convention Hall, Philadelphia, in conjunction with the Golden Jubilee of the Degree of Pochontas. Those taking the trip will leave Fraternal Hall at four o'clock.

Tonight, a delegation composed of Mesdames Elsie Wideman, Edna Brown, Thelma Cheadle and Mr. and Mrs. Frank Balling, will attend the Golden Jubilee. The ladies will spend the remainder of the week in Philadelphia where they will attend the sessions, representing Minnehaha Council No. 17.

Choral Group To Start "Messiah" Rehearsal

The choral group of the Newark Music Society will give the "Messiah" this year just before the college recess, as usual, and is considering plans to sing a second work in the spring. Any singers who care to join, and who have sufficient musical ability to learn the "Messiah", should get in touch with the director, Professor T. D. Mylrea. Rehearsals will start immediately.

by a producers' referendum), 3,100,000 to 3,300,000 acres; all other soil-depleting crops, 145 to 155 million acres; a total of 275 to 285 million acres of all soil-depleting crops.

Under the previous program separate rates were established for conserving crops and for the carrying out of each soil-building practice. Under this plan a producer calculated his payment at the end of the crop year by applying these separate rates to each acre devoted and to each practice performed. In 1936, however, the maximum payment for each producer will be calculated at the beginning of the crop year and the attainment of the soil-depleting and soil-building goals

will be set as conditions of full payment. Each producer will know what to do on his farm for complete cooperation. This change should result in a greater degree of compliance and in consequence make the program more effective from the standpoint of soil conservation and economic use of the land.

Miss Elizabeth Blades Child, Women's College, class of '37, will be part-time instructor in the department of fine and applied arts, replacing Miss Edith M. Eigner, who has been married.

G. Culbert Webber, Ph. D., University of Chicago, replaces J. C. D. Harding, deceased, as instructor in the department of mathematics. Capt. Thomas L. Waters, C. A. C., U. S. A., graduate of the U. S. Military Academy and of the Coast Artillery School, assistant professor of military science and tactics.

Anthony Loudis, A. M., Teachers' College, Columbia University, music in both colleges.

Floyd Doughty, graduate of Western Maryland, will replace J. Shilling as assistant coach of football. F. H. Leuschner, who replaced Hoke Palmer for the second term of last year, has been appointed extension poultry specialist and instructor in poultry husbandry, replacing Mr. Palmer, who has been forced by illness to give up his regular teaching work.

Dr. Arthur A. Mencher succeeds Dr. W. M. Johnson as medical adviser for students of Delaware College.

Dr. Hullahen also announced that the Foreign Study headquarters in Paris have been moved to a three-story building which has been rented for three years on the Avenue de l'Observatoire near the Luxembourg Gardens and convenient to the Sorbonne.

Professor Svedborg of the University of Upsala, Sweden, Nobel prize winner in chemistry, will be the guest of honor at the dedication of the chemistry building Oct. 15-16. He will come from Sweden for this occasion.

The invocation and the benediction were pronounced by the Rev. George W. Cooke.

Question Before Farmers

Farmers who vote will be voting on the question as to whether the establishment of potato goals with payment based thereon will be practical and desirable in stabilizing the acreage planted to potatoes in commercial areas.

County Agricultural Agent Worrlow asks farmers to recognize that the establishment of goals will not eliminate the fluctuations in production and prices caused by variations in yields due to growing conditions, and that improved methods of marketing must be developed to take care of problems arising from excessively large crops caused by high yields.
