E-52 Alumna Stars In UDG Production

Phyllis Wood Anderson, an alumna of the E-52 Players, will play the leading female role in the University Drama Group's production of "Bell, Book, and Candle," which began a three-night run in Mitchell Hall Thursday night.

In college, Phyllis Anderson played the title role in "Candida" for the Players, as well as the role of Mrs. Gibbs in "Our Town" and one of the leads in "Flight to the West." This will be her first appearance on the Mitchell Hall stage since playing her roles for the Players. She has, however, been active in the Wilmington Drama League productions, playing the leading roles in "Patty Cannon" and "Private Lives."

Mr. Herman Middleton, technical director of the E-52 University Theatre, is directing "Bell, Book, and Candle," this being his second directing assignment for the University Drama Group, his first being "Light Up The Sky" several seasons ago.

"Bell, Book, and Candle" had a highly successful run of 263 performances during the 1950-51 season in New York, and it was rated as one of the ten best plays of that year. John Van Druten, its author, also wrote the popular "I Remember Mama" and "The Voice of the Turtle."

Brooks Atkinson of the New York Times described the current comedy as "completely enchanting... a wonderfully suave and impish fantasy." It is a play about modern witches. The author assumes that a few modern people can cast spells and perform feats of supernaturalism. Gillian Holroyd, of the fashionable Murray Hill district in New York, is one of them.

A very attractive young lady, she casts a spell over an unattached publisher partly to keep him away from a rival and partly because she is attached to him. He falls head over heels in love with

Honor Fraternity Campus Installed

On Sunday, February 7, the Alpha Chi Chemistry Club of the university was installed as the Beta Kappa Chapter of the Alpha Chi Sigma Fraternity. More than 100 members of the fraternity were present. Chapters in Washington, Baltimore, Philadelphia, Wilmington, the University of Pennsylvania, the University of Maryland, George Washington University and the University of Virginia were represented.

The Alpha Chi Sigma Fraternity is composed of both graduate and undergraduate students in the fields of chemistry and chemical engineering, as well as members of professional chapters. Its purpose is to foster an active safety program, to promote fellowship among chemists and chemical engineers, and to aid its members in their work in the field of chemistry.

Co-eds Urged To Participate In Miss Delaware Contest

Attractive University of Delaware co-eds are encouraged to participate in the Miss Delaware contest currently being conducted in Wilmington by the JayCees and the Wilmington Sunday Star. Entries should be made as soon as possible to the JayCees.

The Miss Delaware pageant, to be held February 27 at 8 p.m. in the Hotel DuPont's Gold Ballroom, will determine the girl who will represent the state both in the Miss America contest and in the Cherry Blossom festival in Washington, D. C.

The state winner will receive a

Music Club Hears Ormandy Conduct Academy Concert

The Music Club of the University of Delaware sponsored a concert party Saturday evening before examination period. The group traveled to the Academy of Music in Philadelphia and attended an evening of music by the Philadelphia Orchestra under the direction of Eugene Ormandy.

One of the highlights of the program was the first performance in Philadelphia of "Three Pieces for Orchestra" by Virgil Thomson conducted by the composer. Mr. Thomson, a music writer for the *Herald Tribune*, explored the unusual qualities of the different instruments to express the mood of his pieces.

On the same program the group heard Mozart's Symphony No. 41 in C Major and Tchaikovsky's Concerto in D Major for Violin and Orchestra. The guest violinist for this concerto was Nathan Milstein.

Arrangements for the evening in Philadelphia were made by Merle Knotts, president of the club; he was assisted by Frank James, Shirley Hanby and Nancy Samples.

This marks the first time that the Music Club has arranged for a night at the concert as a part of their regular activities. Plans are in progress for similar future trips. Students are invited to join the group at future concert parties whether or not they are active members of the Music Club.

Delaware Alumni News Gets Publication Honors

"University News," the University of Delaware alumni publication, was judged the best among college alumni publications is District 4 of the American College Public Relations Association, which met at White Sulphur Springs, W. V., recently.

Elbert Chance, assistant to the director of public relations at the University of Delaware, attended the meeting.

The "University News" is edited by Dick Groo, alumni secretary and Henriette Miller, alumnae secretary.

Morris Harvey College at Charleston, W. Va., and Mary Baldwin College of Staunton, W. Va., tied for second place.

three hundred dollar scholarship, a complete wardrobe, a trophy, a week in Washington, a week in Atlantic City and innumerable other things such as attending as an important personage nearly every important function in the state of Delaware for the entire year. Liberal awards will be presented to the state runners-up as well as to the winner.

This year for the first time the two contests, Miss Delaware and the Cherry Blossom Princess, have been combined, with both titles

(Continued on Page 10)

Student Failures Drop 40 Per Cent In Past Semester

Officials of the University of Delaware have announced that there were 40% fewer students dropped from the University's rolls due to academic failure than at this time last year.

In commenting on this marked improvement in student effort and results, attention was directed to an increased emphasis on faculty counseling, the annual parents conferences and letters to parents. Dean Francis H. Squire, said that, "a number of those students who have been dropped may be granted readmission to the University later following a period of maturing experience."

List of first term straight A students:

Phoebe J. Adams, 370 Lenox Avenue, South Orange, New Jersey; Martin A. Apostolico, 321 Woodlawn Avenue, Wilmington, Delaware; Marvin S. Balick, 1722 North Scott Street, Wilmington, Delaware; Jane F. Banks, 700 West 22nd Street, Wilmington, Delaware; Boyd McCoy Cook, RD No. 2, Elkton, Maryland; Doris Frances Davis,

Miss Mary Kaleel Is Mademoiselle Board Member

The University of Delaware will be represented this year on *Mademoiselle's* national College Board by Mary Rose Kaleel. She is one of the 700 students who competed with applicants from colleges all over the country to win a place on the Board, according to *Mademoiselle*.

As a College Board member, she will represent her campus and report to *Mademoiselle* on college life and the college scene. She will complete three assignments that will help her explore her interests and abilities in writing, editing, fashion, advertising, or art, in competition for one of twenty Guest Editorships to be awarded by the magazine at the end of May.

The Guest Editors will be brought to New York for four weeks next June to help write, edit and illustrate *Mademoiselle's* 1954 August College Issue. Their transportation will be paid to and from New York and they will receive a regular salary for their work.

In addition to their work on the magazine, Guest Editors will interview outstanding men and women in their chosen fields to help clarify their career aims, will visit fashion showrooms, publishing houses and advertising agencies and will be *Mademoiselle's* guests in a round of party and theatre-going.

Thirty-Five University Students Are Graduated

February final examinations marked the termination of undergraduate days for 35 Delaware seniors.

The school of education graduated 16, 12 women and four men. Next was arts and science, with 10 men and one woman. Additional February graduates included six men in agriculture, one man in engineering, and one woman in home economics.

Diplomas will be presented to these graduates at commencement exercises in June of this year.

Rush Period Begins

Fraternities Open Houses For Annual Pledge Drive

Approximately 370 freshmen will get their first glimpse at the inside workings of nine University of Delaware national fraternities when the 1953-54 rushing campaign starts Monday.

The two-week program will begin with smokers at Theta Chi, Phi Kappa Tau, Delta Tau Delta, and Kappa Alpha on Monday night at 8 p.m. The following night Sigma Phi Epsilon, Alpha Tau Omega, Pi Kappa Alpha, Alpha Epsilon Pi, and Sigma Nu will entertain prospective rushees.

After the first two nights, the schedule set up by the Interfraternity Council allows each house to have two smokers and two houseparties. The only night which all houses will be open is the final houseparty before the two-day silent period. Each fraternity will be open to rushees all day, every day, until the silent period. This permits both the rushees and the fraternity members a better chance to know each other.

A rushing directory prepared by Interfraternity Council President, Frank Serpico, is being distributed to freshmen this week. The booklet, which is published each year by the IFC, contains the names of all members and pledges of each fraternity. The directory also lists all of the rushing rules set up by the university and IFC.

The hectic two-week rushing period will be followed this year, as in the past, by a silent period of two days. During this silent period, both the rushees and the fraternities will make their final choices.

At the end of the silent period, all freshmen who wish to join a fraternity will enter their first (and possibly second) choice at the office of the Dean of Students.

The Review offers this list of "do's" and "don'ts" to all students who intend to rush.

The "do's":

(Continued on Page 8)

U. Of D. To Give Debate At New Castle Air Base

The debating team from the university will present a debate for the officers and men of the New Castle County Air Base on Thursday, February 18. Dr. Ray E. Keesey announced that the subject will be "Should the United States Adopt a Policy of Free Trade." This same topic was debated by the team in the Novice Debate Tournament held at Temple University on December 5th.

The program will be one hour long. There are two speakers for the affirmative and two for the negative, and each will speak twice. Dr. Keesey will act as chairman, introducing the debaters.

Middle Atlantic Group To Evaluate University

A twenty-three man evaluation committee of the Middle Atlantic States Association will visit the University of Delaware campus for three days starting Monday.

Headed by chairman J. C. Warner, President of the Carnegie Institute of Technology, the committee will read background material prepared by each of the university's schools, observe student life, and interview students and professors.

The purpose of the committee is to determine whether Delaware will retain an accredited university

status. A report of the committee will also reveal any phases of college life and opportunities which Delaware may lack.

The background material was prepared by each of the university's five schools. Two other reports were also prepared: one containing information on the university as a whole, and another on the athletics. This material was prepared from standard questionnaires issued by the Middle States Association. It ranges in detail from library expenditures to a comparison of the university with other schools.

Irish Ambassador Speaks To Majors In Political Field During Recent Visit

Political science majors were treated to expert comments on the development of the constitution of Ireland and on the growth of the British Commonwealth at a meeting with His Excellency, John Joseph Hearn, Ambassador from Ireland to the United States, during a recent visit to the university.

Accompanied by a group of prominent Delawareans, many of whom are of Irish descent, the ambassador was greeted on his arrival by Dean Francis H. Squire and Dean Bessie B. Collins. A formal greeting by Dr. Perkins in the President's office followed, with the introduction of Dr. Colburn, Provost; Dean Carl J. Rees, and Professor Paul Dolan of the political science department.

After meeting with the political science students and Dr. Dolan, Ambassador Hearn and his party attended a showing of a film on the university in Mitchell Hall.

Dean Bessie B. Collins and Dean Francis H. Squire greet His Excellency, John Joseph Hearn, Ambassador from Ireland as he arrives for a visit to the university and a meeting with Political Science majors.

University Theatre Starts Rehearsal For Spring Show

"A Connecticut Yankee," the musical comedy by Richard Rogers, Herbert Field, and Lorenz Hart, went into rehearsal in Mitchell Hall this week for production on March 18, 19, 20, 25, and 26.

Given by the E-52 University Theatre in collaboration with the Music Department, the show will be directed by Thomas B. Pegg of the Department of Dramatic Arts and Speech, with Bertram D. Gable of the Music Department as music director. Herman D. Middleton of the dramatics department is technical director and Miss Elizabeth F. Crooks of the Music Department is in charge of choreography.

It was previously announced that "Miss Liberty," the musical by Irving Berlin and Robert Sherwood, would be the spring production, but the E-52 Players were unable to procure the rights to it.

"A Connecticut Yankee," based on Mark Twain's immortal classic, (Continued on Page 9)

Exams Announced For Prison Jobs

The United States Civil Service Commission has announced an examination for Prison Library Assistant for positions, paying \$3,410 a year, in Federal penal and correctional institutions in various cities throughout the country. Men only are desired.

To qualify, applicants must have had appropriate education or experience and must pass a written test. Further information and application forms may be secured at many post offices throughout the country or from the U. S. Civil Service Commission, Washington 25, D. C.

Applications will be accepted by the Board of U. S. Civil Service Examiners, Bureau of Prisons, U. S. Penitentiary, Leavenworth, Kansas, until further notice.

King To Direct Varied Delaware Band Concert

The first concert of the year by the University Symphonic Band will be presented in Mitchell Hall on Thursday, February 18, at 8:15 p.m. The concert, under the direction of Mr. J. R. King, will offer a variety of music from the field of original band music. In addition to a few standard marches, the band will play music by such outstanding composers as Morton Gould, Ralph Vaughn Williams, Gustave Holst, Claire Grundman, and George Frederick Handel.

This group of seventy players will tour the state of Delaware during the months of February, March and April, and will also present several outdoor concerts in May.

The concert on February 18 is open to the public without charge.

Applications Are Available For Alumnae Scholarships

Miss Dorothy E. Markert, chairman of the University of Delaware Alumnae Association Scholarship Committee, announced today that all applicants for Alumnae Association scholarships should apply for awards through the Dean of Students Office in Hulliher Hall on the Newark campus. Deadline for entering freshmen application is March 1 and for upperclass application is May 1.

These scholarships have been made available through the annual University Development Fund, Reunion Class Gifts, the sponsoring of the E-52's Children's Theater production in the Playhouse last year by the Alumnae Association, and friends of the university. The following scholarships are available for entering freshmen women: Winifred J. Robinson Scholarship, to be awarded to an applicant from Delaware; Everett C. Johnson Scholarship, to be awarded to an out-of-state applicant and Emalea P. Warner Scholarship, to be awarded to either a Delaware or out-of-state resident.

Holders of these awards, which are valued at \$400.00 for one year, must live on campus for the year of the award.

At their 35th reunion on the Newark campus last spring, the class of 1918 established a scholarship which will be awarded to an entering freshman, regardless of place of residence, who may live on the campus or commute.

For the second year, Miss Markert also announces that the Edgemoor Alumnae Chapter will award a \$150 scholarship through the university to an entering freshman who resides north of

(Continued on Page 9)

Vet Offspring Get Educational Funds

The State of Delaware has provided funds for the education of the sons and daughters of veterans of World Wars I and II who died while in military service, or who later died from disease, wounds or disabilities resulting from such service.

To be eligible for such a grant-in-aid not to exceed \$500 for a given student for any one year, a University of Delaware student must have been a resident of the State of Delaware at least twelve consecutive months prior to making application for this assistance. Furthermore, the student must be at least 16 years of age and not older than 21 years of age at the time educational benefits are granted. If the student reaches 21 years of age before completion of the four years of college study, the aid may be continued until completion of the four year course.

Any student who meets the qualifications for this assistance may obtain information regarding the procedure for applying from Dean Hocutt, Room 118, Hulliher Hall.

Week Of Religion Emphasis Planned By Religious Group

The University Religious Council and the Wesley Foundation have completed plans for Religious Emphasis Week which begins February 28.

On Sunday evening, February 28, the program will begin with a vesper service in Mitchell Hall at 7:30 p.m. The A Capella Choir will sing and Dr. John B. Oman will speak. Dr. Oman has received his B.S. and S.T.B. degrees from Temple, his S.T.M. degree from Lutheran Theological Seminary in Philadelphia, and his D.D. from Temple University.

The Westminster Foundation will also sponsor a speaker on Thursday, March 4, at College Hour. His topic will be "Man's Ultimate Responsibility." Following College Hour, a luncheon will be given for all interested students, faculty, and clergy in the west wing of Commons.

During the week, the individual religious organizations will hold their own meetings. They will also sponsor resource persons on Monday and Tuesday afternoons at 4:30 p.m. in the women's dormitories and again at 10 p.m. in the men's dormitories and fraternity houses to lead discussions. Interested persons are urged to attend.

Home Ec Annual Open House Is February 19

The annual Home Economics Club open house for high schools in the state will take place on Friday, February 19, at the University of Delaware. Co-chairmen of the event are Charlotte Goodley and Joanne Yerkes.

The group will be welcomed by Dean Bessie Collins, Dean of Women, and Dean Irma Ayers, Dean of the School of Home Economics. Marjorie Shank, president of the club, will preside. Following the general meeting, there will be a tour of the campus and informal discussion groups, with upperclassmen and instructors present to answer questions. A tea will conclude the event.

The program is held each year to acquaint high school students with the Home Economics Department. Several hundred girls are expected to participate.

Loudis And Morgan To Give Chamber Music Programs

Anthony J. Loudis, chairman of the University of Delaware Music Department, and guest artist Virginia Morgan will present the first of five special chamber music programs in the Hilarium of Warner Hall on the Newark campus, Monday evening, February 15, at 8 p.m. Three of these programs, scheduled for alternate Monday evenings, will consist of sonatas for violin and piano and will feature Mr. Loudis and Mrs. Morgan as the performing artists.

Mr. Loudis' long association with musical activities in Delaware is well known, but Mrs. Morgan is a comparative newcomer to the state, having arrived last summer with her husband who is employed in the Photo Products Division of the DuPont Company.

Dr. Reed To Take Second Semester Sabbatical Leave

The history department has announced that Dr. H. Clay Reed, professor of history at the university, will be on sabbatical leave during this second semester. Professor A. H. Able of the English Department, meanwhile, has returned to the university to resume his teaching duties after a leave of absence of one semester.

Dr. Reed, who has been associated with the U. of D. for about 30 years, is going to continue his studies on the history of counterfeiting. He is also planning to finish his book *History of Crime and Punishment in New Jersey*.

Other books written by Dr. Reed include, *Delaware, A History of the First State*. He was co-editor of *The Burlington Court Book*, a record of Quaker jurisprudence in west New Jersey.

Dr. Reed has been connected primarily with United States history while at the university.

Taking Dr. Reed's position during this semester is Dr. Clifton Yearley, Jr., from Baltimore. Dr. Yearley received his doctorate from Johns Hopkins University in 1953. He has taught in McCoy College, the American History extension division of Johns Hopkins. He also taught at Lasky Prep School in Baltimore and the Baltimore Public Schools, adult education division. At Delaware, Dr. Yearley will teach American History Survey and European Civilization, 1815 to the present.

Professor Able, who was on (Continued on Page 8)

Alpha Tau Omega Chooses Holveck As New President

Art Holveck, a junior mechanical engineering student, was recently elected president of Alpha Tau Omega fraternity. Holveck, former president of the class of '51 at Wilmington High School, succeeded Bill Phillips as head of the fraternal group.

In addition to his position of

ART HOLVECK

prexy, Holveck serves as vice-president of the ASME, secretary of the Inter-fraternity Council, and a member of the University of Delaware band.

Other men elected include "Reds" Pollitt, Worthy Chaplain; Tom Hopkins, Worthy Keeper of the Exchequer; Dean Steele, Worthy Scribe; Stanley Crewe, Worthy Keeper of the Annals; Jim Myers, Worthy Usher; and Carl Schupp, Worthy Sentinel.

Hopkins and Schupp are varsity tennis men, Steele is a soccer letter-winner and Crewe is a member of the ASME.

New Physical Education Building At Muhlenberg War Heroes Dedication

Memorial Hall, the new \$650,000 physical education building on the Muhlenberg College campus, was dedicated last Saturday afternoon.

Dedicated to Muhlenberg alumni who lost their lives in World Wars I and II and in Korea, the new structure will accommodate 3,556 fans for intercollegiate basketball and wrestling and has adequate facilities for Muhlenberg's expanding intramural and physical education programs.

Following the dedication ceremony, a reception was held for guests in the new building. In the evening, two basketball games were scheduled between the junior varsity and varsity teams of Gettysburg and Muhlenberg.

Wednesday marked the opening game in the building as the Mules played the University of Mexico.

Expert Continues Winterthur Series

Nina Fletcher Little, one of America's most distinguished authorities on American paintings, will lecture on "Patriotic China for the American Trade" on February 16 in Wolf Hall at 8:15 p.m.

Mrs. Little, who is associated with the Boston Museum of Fine Arts, will be the first visiting scholar sponsored by the Winterthur program this semester. She will use slides to illustrate her talk.

Besides lecturing throughout the country and writing a number of monographs related to early American paintings, Mrs. Little has also written several books. The subject of one book is old Brookline, Mass. houses, where she is now residing; another book is written about American decorative-wear paintings.

Topics for the other lectures to be sponsored by the Winterthur program during the term include "The Enlightened Liberalism of Thomas Jefferson" on March 10 and "Architecture in Philadelphia during the Colonial Period" on April 13.

Mrs. R. F. Adams, secretary of the Winterthur programs, stated that since all the programs are open to the public, all students interested in early American culture are urged to attend these lectures to be held in Wolf Hall.

Memorial Library Receives Volumes From Dr. Sypherd

The Memorial Library of the University of Delaware is the recent recipient of approximately one thousand volumes from the personal library of Dr. Wilbur Owen Sypherd, university professor emeritus.

The collection represents a large part of Dr. Sypherd's working library, containing much of the source material which he has used in his own writing, including not only books but photostat facsimile sources.

Forming a part of this gift for instance is a large portion of his Jephthah and Chaucer collections, suggesting two of his best known works, "Jephthah and His Daughter" and "Studies in Chaucer's House of Fame."

Also included in the gift are excellent collections of Quiller-Couch and James Russell Lowell, besides many single volumes which reflect the broad interests of the donor. Many of the titles are new to the university library and help to fill long recognized gaps. Others provide second or third copies of frequently used books and are therefore welcome acquisitions.

Dr. Sypherd's long association with the university makes this gift of especial interest. An alumnus of the university, he did his graduate work at the University of Pennsylvania and Harvard and came back to Delaware to serve variously as professor of English, as librarian, and as president. In whatever capacity he has served, his interest in the library has been unflagging.

As head of the English department (Continued on Page 10)

Study Abroad, Inc. Offers Openings

Are you interested in travel abroad? If so opportunities are offered in both sea and air transportation by Study Abroad, Inc., and by the International Air Transport Association.

Students and teachers can travel to Europe without cost by serving as counselors on the educational and recreational staff of the one-class ship *Castel Felice*. This ship will sail for Havre, Southampton, and Bremerhaven June 30 from New York and return August 23.

For those who prefer air travel IATA offers tours for students of journalism and current affairs under the leadership of Dr. Earl English, from the University of Missouri. An Art-Theatre Music Tour and an Industrial Tour are other choices. Prices range from \$695. Detailed information on these tours may be obtained from Travel and Study Inc., 110 East 57th St., New York 72, N. Y.

UDG Opens Three-Night Run

Arlyn Osborne as Miss Holroyd is confronted by Alan Duff as Sidney Edlitch in the current production of *BELL, BOOK, AND CANDLE* which is being presented in Mitchell Hall this Thursday, Friday, and Saturday evenings. Student Activities Cards may be presented at the Box Office for reserved seats.

(Continued from Page 1)
her at once and wants to marry her. But witches, unfortunately, cannot fall in love, and this minute imperfection leads into a number of difficulties. Ultimately the lady breaks off with her companions in witchery, preferring the normal human love offered her by the attractive publisher, Shepherd Henderson, but before the happy conclusion of the romance.

A featured member of the cast of "Bell, Book, and Candle" is Pye-wacket, a Siamese cat. Cast for this part is "Honey," belonging to Mr. and Mrs. Hugh Gibb, members of the Drama Group. By an odd coincidence, this will be "Honey's" second appearance in a John Van Druten play, as he played in "I Remember Mama" given at the high school in Newark last year.

Playing opposite Phyllis Anderson is John P. Sinclair in the part of the unattached publisher, Shepherd Henderson. Gillian's flighty aunt, also bewitched, is played by Arlyn Osborne. Two newcomers to the Drama League, playing their first roles on the Mitchell Hall stage are Ernest Sutton as Nicky Holroyd and Alan Duff as Sidney Edlitch.

"Bell, Book, and Candle" is on the regular university theatre season for which all undergraduate students may obtain admission free. All students can obtain tickets at the box office in the afternoons from 3:30 to 5, or in the evening before the show.

President Perkins Discusses UNESCO At Rotary Meeting

John A. Perkins, president of the University of Delaware and United States Representative on the executive board of UNESCO, discussed that organization and explained and defended its program and objectives at a luncheon meeting of the Wilmington Rotary Club in the Hotel DuPont recently.

The university President said that, "At the international council table — the Executive Board of UNESCO — one is accused of being

so concerned with budgets and dollars that the arts and culture and science of mankind are left to wither instead of flower. While there is concern at home lest UNESCO may have a Communist on its staff, some of my colleagues from other countries on the Executive Board — and they are very solid citizens to a man — are concerned lest America has become so preoccupied with investigations and book burning that it has lost sight of the rule of law and our traditional respect for freedom and individual rights. Foreign scholars do not always understand the intricacies of our governmental system. They are alarmed by headlines and fail to understand that individual United States senators do not determine national policy."

Dr. Perkins discussed several of the "persistent accusations" which are heard in this country against UNESCO. Referring to alleged communist influence within that body he said, "Let me remind you of an old adage: you can tell something about a man by the enemies he makes. You might apply that to an organization too. Russia, as a member of the United Nations, is eligible to belong to UNESCO. I suspect Communist Russia fully realized that it was not wise to reveal the limitations of its materialistic philosophy in an organization devoted to education, science and culture whose true devotees

(Continued on Page 9)

American Institute Offers Four Year Tuition Awards

A scholarship covering four years tuition at any American college or university chosen by the recipient has been established by the American Institute of Management, a non-profit foundation devoted to the study and improvement of management practices and policies.

The scholarship will be awarded annually as a prize for the best biographical essay or "profile" of a living American submitted to the Institute and found acceptable for publication in the "National Biographic," a publication sponsored jointly by the American Institute of Management and the Educational Division of "Who's Who in America."

Mr. Jackson Martindell, President of the Institute, stated that the purpose of establishing the scholarship is to acquaint today's students with the qualities and achievements which have enabled others to earn prominence and recognition. Rules governing awards are as follows:

1. Any student now in college is eligible to compete for this year's four cash awards. Payment of four years' tuition will be made, including reimbursement for prior tuition beginning with the freshman year. Additional awards will be made for 2nd, 3rd, 4th, and 5th prizes. These awards range from \$500 to \$150.

2. Biographies must be about a person listed in either the 1952-1953 "Who's Who in America" or the succeeding edition to be in circulation by March 1, 1954. They (Continued on Page 9)

Sussex County Division Joins Education Council

The Education Research Council has announced that the Sussex County Education Association has joined its membership. The purpose of the council is to coordinate and disseminate educational findings and to undertake research that will be useful to Delaware teachers.

The council was initiated by the New Castle County Division of the DSEA and has invited the teacher associations throughout the state to affiliate. Mrs. Babette B. Urice is executive-secretary of the council, and her office is in the School of Education at the University of Delaware. Dean William O. Penrose and Dr. Matthew J. Pillard of the University of Delaware are co-chairmen of the Education Research Council.

Katharine Gibbs School Grants Full Scholarships For College Senior Girls

Two national scholarships for college senior girls are again offered for 1954-1955 by the Katharine Gibbs School. These awards were originally established in 1935 and are in memory of Mrs. Katharine M. Gibbs, founder and first president of the school.

Each scholarship consists of full tuition of \$620 for the secretarial training course, plus an additional cash award of \$500, totaling \$1,120. Winners are chosen by the scholarship committee on the basis of college academic record, personal and character qualifications, and potentialities for success in business.

Each college or university may recommend one candidate, and each candidate must have this official endorsement. Students who may be interested in trying for one of these Katharine Gibbs awards may obtain full information from the dean or the personnel office.

Candidates For '55 Advised To Take Med. School Exam

Candidates for admission to medical school in the fall of 1955 are advised to take the Medical College Admission Test in May, it was announced today by Educational Testing Service, which prepares and administers the test for the Association of American Medical Colleges.

These tests, required of applicants at almost every medical college throughout the country, will be given twice during the current calendar year. Candidates taking the May test, however, will be able to furnish scores to institutions in early fall, when many medical colleges begin the selection of their next entering class.

Candidates may take the MCAT on Saturday, May 8, 1954, or on Monday, November 1, 1954, at administrations to be held at more than 300 local centers in all parts of the country. The Association of American Medical Colleges recommends that candidates for admission to classes starting in the fall of 1955 take the May test.

Application forms and a Bulletin of Information, which gives details of registration and administration, as well as sample questions, are available from pre-medical advisers or directly from Educational Testing Service, Box 592, Princeton, N. J. Completed applications must reach the ETS office by April 24 and October 18, respectively, for the May 8 and November 1 administrations.

Delmelodians Aid Drive By Recent Jazz Concert

Jim Hoey, president of Beta Sigma Circle of Omicron Delta Kappa, announced that approximately \$73.00 was received from box office receipts of the recent jazz concert by the Delmelodians in Mitchell Hall.

The university dance band under the direction of Miss Jean Durgin contributed their services for the benefit of the Campus Chest drive. The band provided an evening of varied selections—dance numbers and original jazz renditions as well.

The additional revenue brought the total campus collections to nearly nine hundred dollars. The money, currently on deposit with the student government, will be delegated to various charities.

PLACEMENT BUREAU

INTERVIEW CALENDAR FOR WEEK OF FEBRUARY 22
Deadline for signing up: WEDNESDAY, FEBRUARY 17

Date	Company	Classifications
Monday, Feb. 22	HERCULES POWDER CO.	MECHANICAL & ELECTRICAL ENGRS.

President's Report I:

Ability And Opportunity

[The following passage has been reprinted from the President's Report on the 1952-53 academic year at the University of Delaware. The editors of the REVIEW, with the approval of President Perkins, have endeavored to select portions of the Report in which they feel students may and should find significant and of particular interest to them as students. Further selections will appear in future issues of the REVIEW.]

[An] immediate need is for a better coordination of guidance efforts between the early secondary school years and the time of entrance into college. In that way every young person with a keen mind may be directed toward college where that exceptional mind can be brought to its optimum development for the good of society as well as himself. A youth with intellectual talent who happens to be born into a family that is poor or one lacking in appreciation of the importance of training a good mind in a collegiate environment must not be allowed to go to waste. It has been reliably estimated that of the top 500,000 young people of intellectual promise, about 100,000 never finish high school. Let us face other startling facts. Of the top quarter of all young people whom we would define as potentially good college material, only 40 percent of young persons in terms of college aptitude, less than half go to college.

I should like to propose that at least in the state of Delaware the university and the schools work together as one to identify talent. Let us eliminate this waste of our most precious national resource. Where necessary, guidance personnel should be implemented to do home visiting to impress upon the parents of the gifted child, whatever the parent's outlook or resources may be, that that child be directed toward all the educational opportunity his or her talent warrants. This means, too, if we are not to develop aspirations that are to go unfulfilled, that a program of scholarships based upon need as well as ability be expanded so that lack of money will not constitute a barrier to talent.

Much progress can be reported with respect to the availability of scholarships at the university. During the present school year 253 students are being given financial help in the form of scholarships or grants-in-aid. These funds come from gifts by individuals, alumni and friends, who recognize the importance of scholarships and from funds provided by the legislature within the university's general appropriation. The university is also giving part-time employment to 98 students. Persons and agencies outside the university are aiding 77 of our students. In improving the scholarship situation a satisfactory start has been made, but more funds for this purpose are still desperately needed.

This past year the administration of all scholarships awarded by the university directly has been brought within the Dean of Students' office. Thus some needed uniformity of policy is assured and the possibility of duplication of aid to some students while others deserving aid might be overlooked entirely was eliminated. This next year a diplomatic effort should be made to encourage persons and agencies outside the university now aiding our students to permit the university to recommend recipients of these awards or, at least, to consult with the Dean of Students' office regarding candidates being considered. Until this is done, there is a possibility students will receive aid from two or more sources without one benefactor knowing what another is doing. There may be, too, a multiplicity of standards in making scholarship awards and for retaining them.

SGA News

Treasurer's Report

There is a balance of \$4429.43 in the SGA account, \$977.96 in the Social Fund, \$6202.75 plus \$10,000 in Bonds in the Sinking Fund.

Mr. David Leuering, ex-secretary of the World United Service, spoke to the SGA about Campus Chest Drives. He presented four basic principles for the success of a Campus Chest Drive. These principles were: 1. The drive must have unified backing by the student body and administration; 2. The drive must have status and importance; 3. A committee must be formed several months in advance of the drive that realizes the importance of their work; 4. The organizational structure must be good and inform the students as to where their money is going.

Mr. Leuering suggested the second week of the spring semester as being a good time for the drive.

The Student Union showed a loss of about \$80 for December due to being closed during vacation. The record player has been fixed.

Buddy Williams is being contacted for the Junior Prom. A novelty band will also be contacted. George Shearing is willing to play for two concerts on April 26th for \$1100. A motion was made, seconded, and passed that we contact George Shearing about the Jazz Concert and guarantee a maximum of \$600.

(Continued on Page 10)

Financial Aid

Students currently attending the university who wish to apply for financial aid (scholarships, grants-in-aid, employment) for 1954-55 may obtain the necessary application forms at the Office of the Dean of Students, room 118, Hullahen Hall. It should be noted that students wishing to apply for Teacher Education Scholarships, or for renewal of these scholarships for 1954-55 should submit their applications by March 1. Other applications must be completed by May 1.

Students now holding scholarships and other forms of aid who wish to apply for renewal of this aid for 1954-55, may obtain application forms at Dean Hocutt's office.

Down Beat Star Time

Some people wondered what Joni James was going to do for an encore after "Why Don't You Believe Me." Well, here's what happened. Within eleven months, Joni sold nearly 6,000,000 records; her club appearances and one-niters last year broke attendance records, and brought her a five-figured weekly salary; MGM Records awarded her four gold records (which represent a record selling over a million copies.)

Before "the record," Joni James (nee Joan Babbo) worked in small midwest clubs. It was while she was appearing at the Vine Gardens in Chicago, that radio and TV merchandiser Roy Rodde heard her and signed her to a personal management contract. He landed a record date for Joni, and she had her first real taste of success when her "You Belong To Me" made the "most-played" lists in Chicago. But, as often happens in the record business, a more-established star jumped on the same tune, and Jo Stafford's version all but pushed Joni's record into obscurity.

But then came "Why Don't You Believe Me," an overnight hit for Joni, and since then her records have appeared consistently on all the best-seller lists.

POP INTERNATIONAL: London's Palladium has signed Perry Como to an August date. It will be his first personal appearance in years, outside of his regular radio and TV commitments. Singers Johnnie Ray, Frankie Lane, Nat Cole, and Guy Mitchell also plan to play the London hall. Speaking of London, the new dance called the Creep, which originated in the English capital, is catching on here in the states. Proponents of the new dance style call it somewhat of a reverse tango step, done in a relaxed, graceful fashion.

Fifty towns across Finland

JONI JAMES

named streets or parks in honor of Jan Sibelius on his 88th birthday. . . The Juilliard School of Music, in a festival of British music, presented the first performance of the Masque, *Britannia Triumphant*, since its premiere in 1637.

And the last international note comes from Russia. After having banned jazz from Russia for many years, the Russian commissars have now applied the edict to all Hawaiian guitar music. Hey, comrades, lei off!

Da Vinci Reproductions Are Exhibited In Univ. Art Gallery

An exhibition of 150 reproductions of Leonardo Da Vinci's drawings is now being shown in the art gallery in the University of Delaware Library on the Newark campus. The exhibition is open to the public during library hours through February 14.

To celebrate the 500th anniversary of the birth of Leonardo Da Vinci, UNESCO assembled this exhibition for circulation within its Member States. The American Federation of Arts, at the request of the United States National Commission for UNESCO, has undertaken circulation of the exhibition in this country.

The prints were chosen from an original selection made by Adolfo Venturi for the publication on Leonardo produced by the Commissione Vinciana. More than two-thirds of the present exhibition is based on the collection of drawings in the Royal Library at Windsor Castle. This group, originally left to Leonardo's favorite pupil, Francesco Melzi, found its way to England through the great collector Thomas Howard, Earl of Arundel, and by the end of the seventeenth century it was in the English Royal Collection. The album forms the greatest single collection of drawings by Leonardo the artist, as opposed to Leonardo the scientist or the engineer. The greater part of the earlier drawings were reproduced from Museum collections in Europe, as well as from smaller private collections in Europe and America.

The reproductions are arranged in four groups. Group 1 contains studies for Madonna compositions, the *Adoration of the Magi*, and for related works. The drawings were made during Leonardo's first Florentine period, 1469-c. 1481. Group 2 includes the largest series of drawings in the exhibition: detail studies for the versions of the *Virgin and Child with St. Anne*. Studies and portraits of women, and for masques are also included.

Group 3 contains studies for other famous works of Leonardo's maturity: the *Last Supper*, the *Sforza* and *Trivulzio* monuments and the *Battle of Anghiari*, with a number of drawings of horses; studies of anatomy and proportion; and, finally, the series of catastrophes and deluges. Group 4 comprises a selection from the allegorical and satirical drawings and from the caricatures; drawings of some of Leonardo's inventions as a military engineer; and drawings of rock formations, landscapes, maps, and plants.

Several Faculty Members Serve St. Thomas' Parish

Dr. J. Fenton Daugherty, former Dean of Men and now professor of physics, has recently been elected senior warden of St. Thomas' Episcopal Church in Newark. Prior to this he served as treasurer of the parish and as secretary of the Standing Committee of the Diocese of Delaware.

Other university faculty members who are currently serving on the parish vestry include Dr. John Barrett, Dr. Herbert Dorn, Dean Carl Rees, and Mr. J. Robert King.

Dr. Rees, who has also served as treasurer of the parish is currently serving as an assistant treasurer of the diocese. Mr. King of the university music department, is an active participant in church work and is director of music. Dr. Barrett is the adult leader of the Young People's Fellowship.

Other faculty members who are active members of St. Thomas' Church include Dean Francis Squire, Dr. David Bushnell of the history department, and Mr. Henry Lee of the music department.

U of D Agriculturists Take Part In School

Several faculty members of Delaware's School of Agriculture are joining educators from the state universities of Maryland and New Jersey in a fieldman's school being held today and tomorrow by the Tri-State Packers' Association at Rutgers University.

Those participating from the university are E. P. Brasher, E. M. Rahn, Dr. H. W. Crittenden, Dr. R. S. Cox and W. A. Connell. Their talks are based on research conducted at the Delaware Agricultural Experiment Station.

Quota Club Gives Scholarship Grant In Audiology Field

Carl J. Rees, Dean of the School of Graduate Studies, has announced a new scholarship award for a Delaware graduate interested in the field of audiology. The grant, valued at \$500, has been made available by the Quota Club, an organization composed of business and professional women.

In offering such a scholarship, the members of the Quota Club recognize the need for teachers to instruct the deaf and hard of hearing in this area. Terms of the scholarship state that the recipient of the award should preferably be a resident of Delaware and a graduate of the university. He or she may be either a graduating senior or a teacher now in service.

It is expected that the student would undertake graduate study at one of the institutions of higher learning recognized for its training of teachers in audiology. The student would be expected to return to the state of Delaware following the completion of the graduate course to teach in Delaware for a minimum of two years.

Chamber Music

staff member of Station WHEC in Rochester.

Shortly after her arrival in Wilmington, Mrs. Morgan renewed her association with Mrs. Jane Cornwall, a friend and former classmate. She was invited to participate in the recent program at Delaware, "Aspects of New England Culture," and joined Mr. Loudis and Mrs. Cornwall in an instrumental trio by contemporary composer Thomas Donovan, who was one of the visiting artists. Plans for the coming concert series were initiated at that time.

The opening program consists of three sonatas by Mozart, Brahms, and Beethoven. Works by César Franck, Claude Debussy, and Ernest Bloch will be featured in subsequent performances.

Sonata No. 17 in A Major Mozart
Sonata No. 5 in F Major (The Spring) .. Beethoven
Sonata No. 2 Opus in A Major Brahms

Dean Carl Rees Announces DuPont Awards For 1954 Summer Sessions

Dean Carl J. Rees, director of the University of Delaware summer session, has announced an award of \$2500 from the Committee on Fellowships and Grants of E. I. du Pont de Nemours and Company.

This sum will provide funds for 12 science fellowships for the 1954 summer session.

Each fellowship will carry a stipend of \$115 for living expenses and in addition will provide tuition. A committee of the faculty will be appointed to award the fellowships.

These grants made available by the Du Pont Company are all in the area of the natural sciences. They are designed primarily for teachers in service in the sciences

and are based upon a special curriculum of graduate studies leading to the master's degree in education.

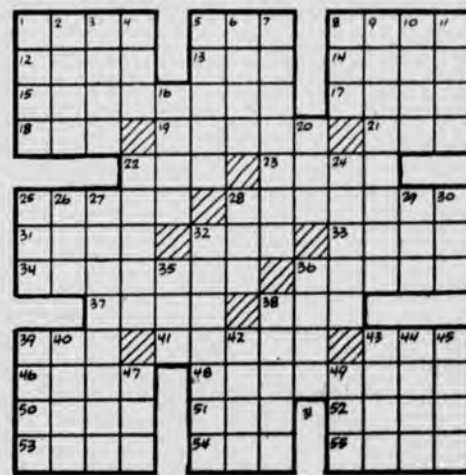

This special course of study specifies that a minimum of 24 credit hours of the 30 hours required be taken in science itself. The students will be required to distribute this work among three of the natural sciences.

Four of the fellowships are available to Delaware teachers and the remaining eight for teachers outside the state of Delaware.

In this program a definite attempt is made to integrate the sciences so that they may be studied as they appear naturally.

Hen Matmen Meet Ursinus After Whipping Swarthmore

Tomorrow the Hen matmen will travel to Collegeville, Pennsylvania, to meet Ursinus, after beating Swarthmore by a score of 19-13 in a pre-vacation encounter.

In the Swarthmore meet, Ed "Strangler" White scored a pin in his first collegiate wrestling match and co-captain Jerry Angulo backed him up with another five pointer to lead "Whitey" Burnham's grapplers to a sound victory.

Dale Boyd, the team's leading scorer, led off with a 6-0 decision win and the Hens were never headed as Bill "Reds" McCafferty won his second straight decision, followed by the pins by White and Angulo.

Bruce White succumbed to veteran 159 pounder Clem Holstee of the Scarlet, and the improving Gene Holland came back to score an easy 8-3 decision over Floyd Patterson.

Co-captain Vince Stallone and heavyweight Tom Oves both dropped their matches as Swarthmore rallied but was unable to overcome the Hens' early lead.

Ursinus is one of the toughest remaining opponents on the schedule. Ursinus boasts of such stars as Eddie Dawkins, defending Middle Atlantic champion who reached the quarter finals in the nationals last year; captain Al Paolone, outstanding 130 pounder; and frosh Vinny Padula, former Pennsylvania district champion who captained Upper Darby last year.

The Boyd-Dawkins match will be of special interest, as they are undoubtedly the two best 123 pounders in the Middle Atlantic area. Boyd has lost only one match in the last two years, while Dawkins is undefeated in two years of dual meet competition.

Summary:
123 lb. class: Boyd (D) dec. Tamin (S) 6-0.
130 lb. class: McCafferty (D) dec. Hawes (S) 4-3.
137 lb. class: E. White (D) pinned Loring (S) 3:54.

147 lb. class: Angulo (D) pinned Selue-ria (S) 6:58.
157 lb. class: Hostie (S) pinned B. White (D) 4:52.
167 lb. class: Holland (D) dec. Peterson (S) 8-3.
177 lb. class: Bode (S) dec. Stallone (D) 7-3.
Heavyweight: Beattie (S) pinned Oves (D) 4:35.

How the Wrestlers Are Scoring			
	Pins	Dec.	Pts.
Boyd	2	1	13
Holland	1	1	8
McCafferty	0	2	6
B. White	1	0	5
E. White	1	0	5
Angulo	1	0	5
Stallone	0	0	0
Oves	0	0	0
Bratton	0	0	0
Lotter	0	0	0
Totals	6	4	42

Frosh Grapplers Score Shut Out

Delaware's high-flying Freshman wrestling team set a new school record when they put a 32-0 kalsomine job on the Swarthmore yearlings shortly before the mid-year vacation. This was the first time a Hen wrestling squad ever blanked an opponent.

Match captain, Bill Bauer, who scored a 9-0 shutout, 137 pounder Bob Hall, 147 pounder Steve Vorhees and heavyweight Jerry "the Bear" Weiss all extended their undefeated and unscored on records.

Pete Gohn, fast-moving 177 pounder, and Weiss both scored pins for the Blue Chicks. Jack Wenner, Jim Horn and Don Donzi contributed the remaining three wins in the record breaking performance.

The Chicks meet Muhlenburg a week from tomorrow.

Summary:
123 lb. class—Horn (D) dec. Rubin (S) 8-5.
130 lb. class—Bauer (D) dec. Filippides (S) 9-0.
137 lb. class—Hall (D) won by forfeit.
147 lb. class—Vorhees (D) dec. McMinn (S) 7-0.
157 lb. class—Donzi (D) won by forfeit.
167 lb. class—Wenner (D) dec. Oakley (S) 8-6.
177 lb. class—Gohn (D) pinned McGrady (S) 5:16.
Heavyweight—Weiss (D) pinned Gertler (S) 1:08.

MERMEN POST 4-0-1 RECORD IN INITIAL HALF OF SEASON

Don Miller, football star, who is equally adept on the basketball court will be in the thick of the battle tomorrow night with P.M.C.

Kinch And White Lead Hen Cagers Into Homestretch

Delaware returned to the Southern Division of the Middle Atlantic Conference Monday night when they met Ursinus. This was the first of a long series of conference games for the Blue Hens. Only the future game with West Chester is not included in league play.

Following Ursinus, Swarthmore invaded Carpenter Field House for a game on Wednesday night. Swarthmore has had two good scorers in Cooper and Hallberg. Pre-game forecasts listed the offensive of the Pennsylvania club being slightly better than that of Delaware while their defense was less in comparison.

Tomorrow night the team goes

to P.M.C. for another league game. The Cadets with a record of 4 and 6 are experiencing a mediocre season; they should prove somewhat effective on their home floor, however. With Ambrosini leading P.M.C.'s attack at a 14 point clip, the Cadets have shown considerable scrap against other league teams, and promise to do the same against Delaware.

Frank White and Jim Kinch are currently leading Delaware's scoring. This scoring has been somewhat limited with the formidable outside competition experienced in the past. With Delaware once again back in their own league, their record of four wins against nine defeats should improve.

At the halfway point of the current swimming season, Coach Harry Rawstrom has led his team successfully through four victories and one tie. This is the only team on the winter sports schedule that has been able to post such a record.

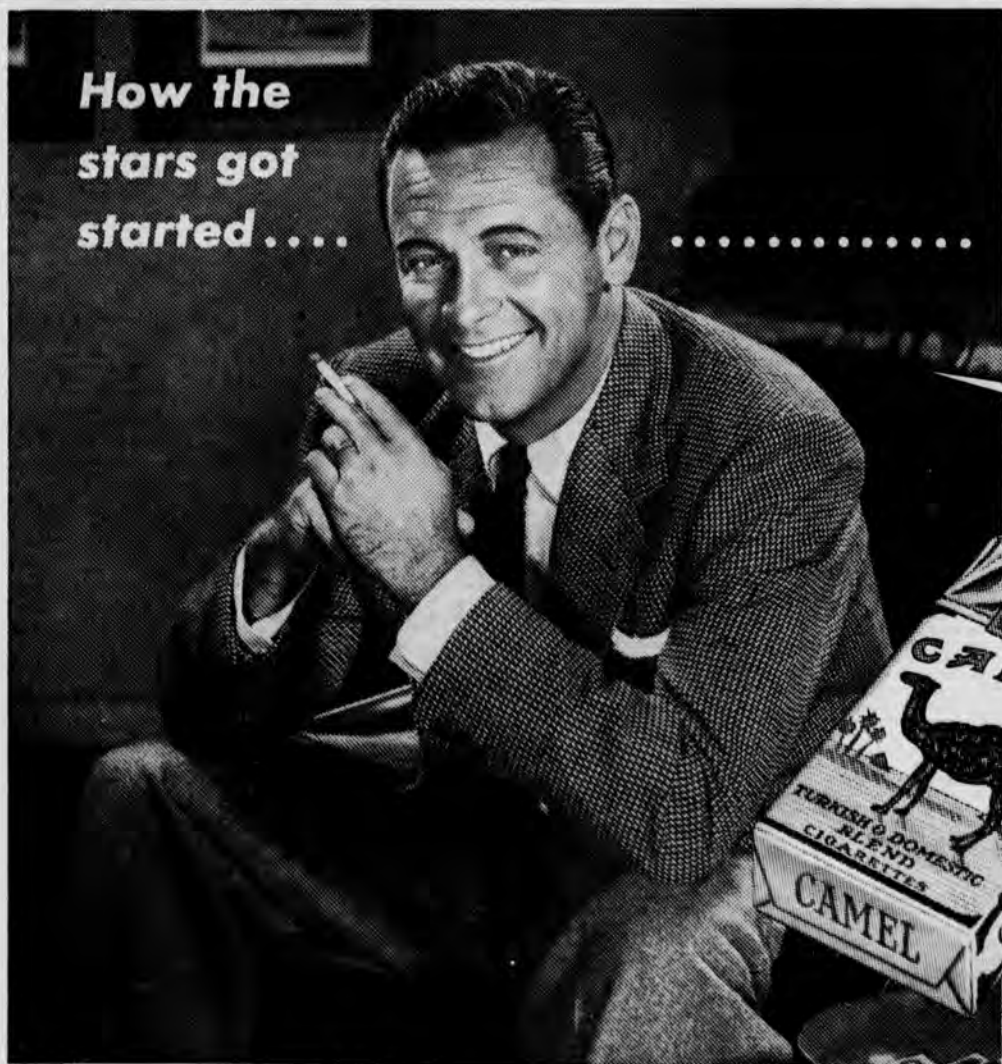

The lone tie is represented by the draw with Lehigh last January 9. The four time Middle Atlantic championship team was forced to win the final relay in order to tie the Hens. The first meet of the season saw Lafayette fall before Rawstrom's powerful "splash machine" by a score of 62-22. The next victory was the "Explorers" of LaSalle College by a 50-34 score. Then the Blue and Gold took a trip to the city of "Brotherly Love" and handed Temple University a one-sided 63-21 defeat.

The most recent victory for the home team took place just before exams, when Captain Bob Wagner took the team up to Eddystone and routed Pennsylvania Military College 67-17. The Blue Hens captured nine firsts and tied for the other in the 100 yard freestyle.

The Eddystone pool was a 20 yard pool varying from the usual 25 yards in which most meets are swum. This was the first time since 1949 that Delaware has participated in "short pool" meet, and six new records were set. The new records stand at: 300 yd. medley relay, Ted Zutz, Tony DiMario, Dick Goodley, 2:24.3; 220 yd. freestyle, Lorin Krusberg 2:26.7; 200 yd. backstroke, Ted Zutz, 2:11.1; 120 yd. individual medley, Tim Duff, 1:24.6; 60 yd. freestyle, Fred Freibott, 5:25.2, the last record broken by Lorin Krusberg stood for over 25 years.

This Saturday afternoon will produce more action in Taylor Pool as the Hens tackle Gettysburg in a series which was started back in 1931.

How the stars got started....

WILLIAM HOLDEN says: "My Dad, a chemist, wanted me to follow in the business. But I got the play-acting bug in school and college. I was in a small part at the Pasadena Playhouse when they picked me to test for 'Golden Boy'. I never worked so hard in my life. But the success of the picture made it worth it!"

CAMELS AGREE WITH MORE PEOPLE THAN ANY OTHER CIGARETTE!

The Armchair Umpire

BY CHARLES WILLIS

Coach Fred Emmerson's quintet will be aiming for victory number seven in sixteen outings tomorrow night over P. M. C. on the Cadet court. The Hens downed the Chester squad in their first encounter, 76-48, on January 9. Next week, however, the Blue and Gold tangle with two of their toughest opponents, West Chester and Drexel. If the Hens beat the Dragons, who are undefeated in conference play, Delaware will be favored to repeat as conference champs for the third consecutive year. Defense continues to be the strong point of this year's squad. In the fifteen games thus far the Hens have limited the opposition to a 56 point average per game. This average includes the contests against Penn, Temple and St. Joe's.

Harry Rawstrom's unbeaten mermen return to action tomorrow afternoon against Gettysburg in Taylor Pool. In seeking the fourth straight victory since the Lehigh tie, the Hen mermen will be striving to improve their individual performances in preparation for the rugged Penn meet on March 3 and the Middle Atlantic Championships on March 6.

Sports Publicist Elbert Chance has recently compiled a complete history of football at the University of Delaware. This eleven-page booklet contains highlights and scores of Delaware eleven's from 1889, when the Blue and Gold met their first opponent, to the past 1953 campaign. The initial gridiron contest in 1889 was played against the Delaware Field Club of Wilmington with the locals coming out on the short end of a 74-0 count. The Hens finished the season with a 1-1-1 record.

Delaware has been on the receiving end of several thrashings down through the years as well as imposing a few of their own on hapless opponents. The University of Pennsylvania soundly defeated the Blue Hens in 1919, 89-0, and again in 1921 by the same score. On the other hand, Delaware shellacked William and Mary in 1915 by a 93-6 count and crushed Washington College 61-0 in 1946. The arrival of Bill Murray in 1940 began the evolution of Delaware football fortunes. Since 1940 Delaware teams have turned in a winning 72 percentage, including a 26 game undefeated streak. In overall standings the Blue Hens have won 207 games, lost 221, and have tied 39.

Blue Hen Of The Week

For this week, the Review has chosen Armand J. Angulo, as its selection for the Blue Hen of the Week. Commonly known as Jerry, he is co-captain of the Blue Hen wrestling team. This is Jerry's tenth year of competitive wrestling of which most has been in the 147 lb. class. Jerry hails from Upper Darby High School. While here at the university, Jerry was undefeated as a freshman and for the last two years has been a consistent winner. Last year he finished fourth in the Middle Atlantic. In the last match for the Blue Hens, Jerry pinned his foe from Swarthmore.

Jerry has also won fame in the rowing field. For the last six years, Jerry has been a life guard at Ocean City, New Jersey, and for the last two years he and his partner, Tom Oves, have been rowing champs of Ocean City in the doubles, and in 1952 they were South Jersey Champs.

Jerry who is recorder of Sigma Nu fraternity is a Pre-med student who has been on the dean's list every semester. Also, during the spring, he plays attack on the lacrosse team, and in between time he finds time to be president of the Varsity Club. So it's congratulations to Jerry Angulo, Blue Hen of the Week.

Frosh Coach Gives Call For Baseball Candidates

Freshman baseball coach, Gene Stauber, has issued a call for candidates for the 1954 season. The first squad meeting will be held in the new classroom at Carpenter Field House on Tuesday, February 16, at 4:30 p. m.

Last season, Stauber's charges posted a 4-2 record and turned up several good prospects for this year's varsity. Games have already been scheduled with West Chester JVs, Drexel Frosh, Pennsylvania Frosh, Navy Plebes, and other games are now being booked by Robert F. Siemen, assistant director of athletics.

Intramural Basketball

In the intramural basketball leagues, Pi KA leads in the fraternity league with a 4-0 record, being closely pressed by Theta Chi (5-1). Sigma Nu "B" (6-0) is out in front of the northern division, followed by the Shafter (5-2), who have a tight hold on second place. In the southern league, the IBC's sport an un-

blemished record with six wins, while the Newmans hold down second place with a 4-1 record.

There's plenty of "head room" for you at Boeing

If you are a senior in any field of engineering, it would be advisable to consider the advantages of a career at Boeing after you graduate.

Boeing, for instance, makes a policy of "promoting from within." Regular merit reviews give you steady opportunity and recognition. And in a company with a growth record like Boeing's, there's always plenty of "head room" to move into.

Another advantage at Boeing is career stability. Boeing has grown practically continuously during its 37 years of operation. Today Boeing actually employs more engineers than even at the peak of World War II.

Still another Boeing advantage is the variety of experience and contacts available to you here. Boeing is constantly alert to new materials and techniques, and approaches them without limitations. Extensive subcontracting and major procurement programs—all directed by engineers—give you contacts with a cross section of American industry. Aviation, in fact, is unique in its variety and breadth of application—from applied research to production design, all going on at once.

At Boeing you'd work in Seattle, Washington, or Wichita, Kansas—two fresh, modern cities with a wide variety of recreational facilities, fine shopping and residential districts, and universities

which provide excellent graduate study courses. The company will arrange a reduced work week to permit time for this study and will reimburse tuition upon successful completion of each quarter's work.

There are openings in all branches of engineering (mechanical, civil, electrical, aeronautical, and related fields) for DESIGN, PRODUCTION AND RESEARCH. Also for servo-mechanism and electronics designers and analysts, and physicists and mathematicians with advanced degrees.

For further information, consult your PLACEMENT OFFICE, or write JOHN C. SANDERS, Staff Engineer—Personnel Boeing Airplane Company, Seattle 14, Wash.

BOEING

(Continued from Page 1)

1128 West 3rd Street, Wilmington, Delaware; Audrey Elise Delano, 112 Gibson Avenue, Liftwood, Wilmington, Delaware; Keelin T. Fry, 216 North Broom Street, Wilmington, Delaware; Birjam R. Holmberg, East Landis Avenue, Vineland, New Jersey; Joanne M. Koller, 359 Hamilton Avenue, Trenton, New Jersey; Robert E. Krewatch, 157 East Cleveland Avenue,

Newark, Delaware; Lorin R. Krusberg, Route 4, Elkton, Maryland; Lois M. McKay, 404 West 35th Street, Wilmington, Delaware; Edith Ann Priestley, 224 Beverly Road, Newark, Delaware; Janet Rae Shaw, 2009 Delaware Avenue, Wilmington, Delaware; Edward J. Taylor, 119 Cypress Street, Kennett Square, Pa.; Lois Jane Wittchen, 8 Yale Road, Wilmington 4, Delaware.

Perhaps, the most impressive of these 4.0 records was that of Audrey Elise Delano a first semester freshman. Miss Delano graduated from the P. S. duPont High School last June. While in high school, she was secretary of the Student Council for two terms, first officer of the Leader Corps for two terms, president of the Future Teachers of America, captain of several in-

tramural teams and on the honor hockey team.

Rushing

(Continued from Page 1)

1. Be yourself and appear at your best at all times.
 2. Try to become acquainted with the younger men in the house.
 3. Keep in mind that joining a fraternity is done only once in a lifetime.
 4. Enjoy yourself during rushing.
- The "don'ts":
1. Forget to become thoroughly familiar with the rushing rules.
 2. Rush and decide—take your time.
 3. Pledge a fraternity because of one or two friends.
 4. Listen to derogatory compar-

Cornelia V. Mylrea Directs Culture Corner Of Bookstore

Mrs. Cornelia V. Mylrea assumed her duties at the University of Delaware bookstore in the basement of the Memorial Library in March of 1949, and her arrival marked the beginning of the trade book section of the store which has become familiarly known among her colleagues as the "Culture Corner."

The university's Cultural Activities Committee had investigated the possibilities of such an addition to the bookstore as early as 1948, and several members of the committee had visited other institutions such as Swarthmore and Columbia where similar book sections were being successfully operated. Eventually, through the efforts of the committee, about \$2,000 was appropriated to establish a section of worthwhile non-textbooks, and under Mrs. Mylrea's supervision the project has prospered until it is now completely self-supporting.

In the beginning selections were made from a list of basic books supplied by the National Association of College Stores, of which the Delaware Bookstore is a member. Other suggestions were offered by members of the English Department and by the librarian, William D. Lewis. As the section increased its scope of activity, the Art Department suggested worthwhile prints and reproductions of art masterpieces which were related to courses taken by the students. Recently, standard works for vocal, piano, and organ students have been added upon the recommendation of instructors in the Music Department. During the expansion of the section, colorful book plates and campus scenes were added to the sale items.

To provide interest in the new departments, shelves were installed and a special display table was set up to encourage students to browse through the offerings. Few of the so-called "best sellers" were included among the books, but a number of outstanding art, music, fiction, and non-fiction volumes in the lower price range were readily available. Among the most popular selections were juvenile books which have proved to be the best selling items in the section.

Recognizing the fact that expensive, standard-sized books, go out of print after two to three, or at the most, five years, Mrs. Mylrea made arrangements to purchase the cheaper paper-bound reprints which are offered by Penguin, Mento, Signet, Anchor and other similar publishers.

After almost five years of intensified work, Mrs. Mylrea believes that the Trade Book Section has reached its most desirable level with regard to student interest and participation. The surface, however, has only been scratched so far as the city of Newark is concerned. Although printed notices have occasionally been distributed to some interested residents, many Newark book lovers are not aware that a fine selection of varied publications is available in their own community. The interest of Newark citizens is not only invited, but encouraged. The bookstore is open Monday through Friday from 8:45 a.m. to 12 noon and 1 to 5 p.m.

Reed And Able

(Continued from Page 2)

leave of absence last semester to do research work, will again teach English Bible, Business English, Contemporary Novel in England and America, and Senior Seminar in English.

Associated with the university for about 15 years, Professor Able took his leave so that he might travel through the southwest of the United States. He also attended the Modern Language Association meeting in Chicago.

Dr. Walter Woodfill, history professor, in addition to his duties at Delaware, will teach English Constitutional History at Princeton University, this semester.

IT'S ALL A MATTER OF TASTE

I've tried so many cigarettes,
All brands from A to Z—
But nothing beats that better taste—
It's Lucky Strike for me!

Charlene Bernstein
State University of Iowa

When you come right down to it, you smoke for one simple reason . . . enjoyment. And smoking enjoyment is all a matter of taste. Yes, taste is what counts in a cigarette. And Luckies taste better.

Two facts explain why Luckies taste better. First, L.S./M.F.T.—Lucky Strike means fine tobacco . . . light, mild, good-tasting tobacco. Second, Luckies are actually made better to taste better . . . always round, firm, fully packed to draw freely and smoke evenly.

So, for the enjoyment you get from better taste, and only from better taste, Be Happy—Go Lucky. Get a pack or a carton of better-tasting Luckies today.

If you're the kind of guy that hates
To see his money part,
Here's a tip to save you dough:
Buy Luckies by the carton!

Allison Danzig
Cornell

**Where's your jingle?**

It's easier than you think to make \$25 by writing a Lucky Strike jingle like those you see in this ad. Yes, we need jingles—and we pay \$25 for every one we use! So send as many as you like to: Happy-Go-Lucky, P. O. Box 67, New York 46, N. Y.

In all the campus coffee shops
Where students congregate,
You'll hear this oft-repeated phrase:
"Smoke Luckies—they taste great!"

son of students' high school and college grades.

University president John A. Perkins has donated the use of his office to the committee during their visit to Newark.

The members of the committee are made up of deans, professors, and officials of other accredited Middle States universities.

The various sections of the committee will include the following:
Organization and administration: President Irwin J. Lubbers, Hope College, Michigan (serving also as observer for the North Central Association.);

Finance: Elmer W. Glick, Treasurer, Lehigh University;

Plant, equipment and maintenance: Frank Q. Lane, Business Manager, Stevens Institute;

Library: Joseph H. Brewer, Associate Librarian, Queens College;
Special areas: Student personnel services—Douglas F. Miner, Director Student Personnel and Welfare, Carnegie Institute; Admissions, records, etc.—Emma E. Deters, Registrar, University of Buffalo;

Program and instruction: Alfred D. Donovan, vice-president, Seton Hall University;

Liberal arts: Dean Ben Euwema, Pennsylvania State University; Dean William E. Cadbury, Haverford College; Ernst Berliner, chairman department of chemistry, Bryn Mawr;

Agriculture: Assistant Dean Russell B. Dickerson, Penn State; Professor Norman F. Childers, Rutgers;

Home Economics: Professor Alma Roundbush, N. Y. State College, Buffalo; Professor Kathleen Rhodes, N. J. College for Women;

Engineering: Dean George Granger Brown, University of Michigan; Professor John B. Wilbur, M.I.T.;

Dean Harold L. Hazen, M.I.T.; President Jess H. Davis, Stevens Institute;

Education: Professor R. D. Mathews, University of Pennsylvania; Professor Francis C. Rosenkrantz, New York University;

Graduate: Dean R. E. Kirk, Polytechnic Institute of Brooklyn;

Extension: Edward L. Keller, Director of Extension, Penn State;

Athletics: Miner and Glick, named above.

Scholarship

(Continued from Page 2)

Wilmington city limits, but within the state. Mrs. Jack S. Cashell of Edgemoor Gardens is president of the chapter.

The following scholarships are available for upperclass women: three awards named in honor of the class of 1933, 1938, and 1948 who established these scholarships at their reunions on campus last May. The class of 1928 also established a scholarship named in memory of Professor James A. Barkley for which upperclassmen majoring in history may apply.

Through the generosity of Miss Alice P. Smythe of Wilmington, the Alumnae Association will again be able to award a scholarship to an upperclassman. Miss Smythe, instrumental in the founding of the Women's College, has continued to show her interest in the education of women during the years. The university has honored Miss Smythe by naming the new women's dormitory Smythe Hall.

The Wilmington Chapter of the Alumnae Association will also give a scholarship valued at \$500 through the university to an upperclassman. The amount of the award was increased last year. Mrs. A. Gray Magness is president of the Chapter.

AIM Scholarship

(Continued from Page 3)

should emphasize that persons contributor to society.

3. Style and content will be considered by the judges if the biography is suitable for publication. Manuscripts should be from 6000 to 8000 words, typewritten, double or triple spaced, on 8½ by 11 inch paper. The biography should be submitted in triplicate by May 15, 1954 in order to be considered for next year's award.

4. Applications to compete for the scholarship must be submitted on or before February 15, 1954. A letter of notification is merely required with the subject of the biographer. The applications should be addressed to Scholarship Committee, American Institute of Management at 125 East 38th Street, New York 16, N. Y.

Connecticut Yankee

(Continued from Page 2)

first opened in New York in 1927. A completely new version of the musical ran for 135 performances on Broadway during the 1943-1944 season.

It is this latter version, com-

pletely revamped to conform to the tastes of modern day theatre-goers, which will be given here. The show's list of well-known songs include, "Thou Swell" and "My Heart Stood Still."

The story tells of how a young man, knocked unconscious by his girl friend at a party before his intended wedding, awakes to find himself in King Arthur's court—more than 1400 years earlier. While in Camelot our young dreamer introduces several scientific phenomena to the people of the court and becomes involved in a very hectic love triangle.

Students are still needed to work on the production committees.

Those interested should contact Mr. Middleton in Mitchell Hall, Bob Waples or Jean DeVries.

UNESCO

(Continued from Page 3)

know so well that freedom of the intellect underlies all it does."

Dr. Perkins, continuing his justification of the broad aims and objectives of UNESCO, asked his listeners, "How could any self-respecting nation like our own conscientiously refrain from parti-

cipating in the work of an international body whose objectives lie so close to those of our nation?" He proceeded to answer this question by saying, "Peace is our primary goal. The axiom of UNESCO is: 'Since wars begin in the minds of men, it is in the minds of men that the defenses of peace must be constructed.'"

"In some moments of disappointment in UNESCO's undertakings," Dr. Perkins continued, "its friends should be its greatest critics. I fall back upon this inevitable question. If we are to have for the world what we in America have found so good (unless the rest of the world can have it too our future is limited), what other approach is there?"

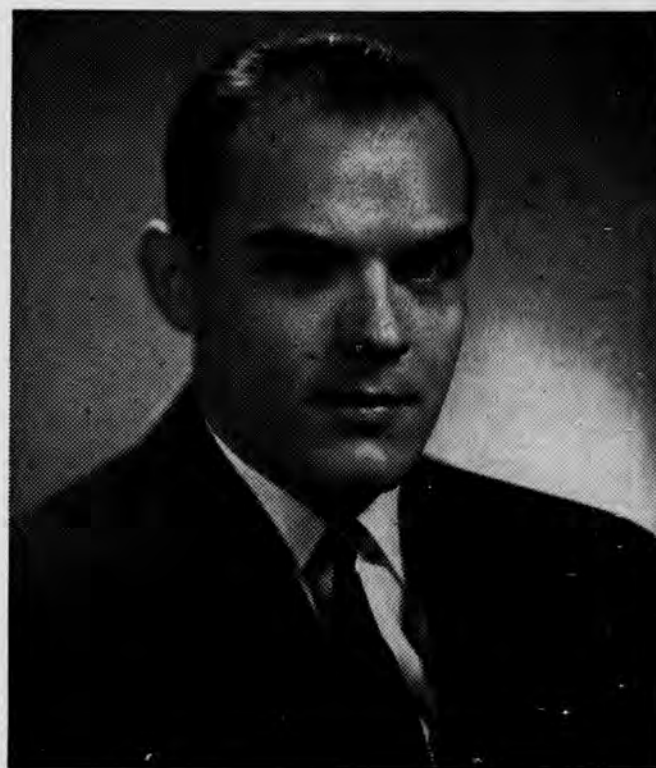

Dr. Perkins was elected president of the University of Delaware in 1950 and to membership on the executive board of UNESCO in 1953.

A CAMPUS-TO-CAREER CASE HISTORY

"The interview was the tip-off"

Ed BURTNER, '52, watched the way job interviews were conducted before choosing his job. Let him tell you how it worked out.

(Reading time: 31 seconds)

"During the spring of '52—my last year at the University of Maryland—I was interviewed by a number of companies. I was about to get my B.S. degree in accounting.

"It seemed to me that there was a great deal to be learned from the way I was interviewed. Bell System interviewers took their time about job offers. They didn't rush me or themselves.

"I had two talks with the Bell interviewers and then was invited to meet and talk with department heads. Not only did they get a chance to look me over, but I also had an opportunity to get a closer look at their operation. I figured if the Bell System was that careful in selecting its men, it is careful in other things. The interview was the tip-off.

"That's why I'm working here in Washington, D. C., for one of the Bell Com-

panies—The Chesapeake & Potomac Telephone Company. My first job—after general training—was supervising a billing unit with 20 employees.

"Since then I have assisted on internal audits in all departments. I've helped with special studies for management and have become better acquainted with operations of the entire company. Now I'm working on the general books as an accounting supervisor.

"That Bell System interview has certainly meant a lot to me."

Ed Burtner is moving forward. His experience is typical of the engineering, physical science, arts and social science, and business administration graduates who join the Bell System. He went with an operating telephone company. There also are opportunities with the Bell Telephone Laboratories, Western Electric and Sandia Corporation.

or 1/2 of the total fee. A committee of Ted Zutz, Nancy Peck, Paul Hodgson, Martha Thomas, Bill Harkins and Wayne Kirklin was ap-

pointed to work with Dr. Lane's Cultural Activities Committee on the details.

Senior

Graduation announcements will go on sale on January 18, 1954.

Junior

Booster money from the Junior Musical is still coming in.

Freshmen

The officers have met and set up committees for the rest of the year.

Old Business

The seating plan for the SGA-

Administration Banquet has been turned in. Clarence Fulmer, Principal of the Wilmington High School, will speak on Current Events.

New Business

It was brought up that music was

desired in the dining halls. It was explained that this has been discussed before and, due to the expense and the noise created, had been decided against.

Marilyn Haley and Bill Annonio were nominated to replace Pat Lecron as Arts and Science Representative. Bill Annonio is the new Arts and Science Representative.

A motion was made, seconded, and passed that the meeting be adjourned.

Miss Delaware

(Continued from Page 1)

automatically going to the winner of the one pageant.

The Washington festivities will occur from March 31 to April 5; the Atlantic City Miss America contest will be held from September 6 to September 13.

The Washington trip features a multitude of activities, meeting Mrs. Eisenhower, attending balls and riding on the Delaware float prepared by the Delaware Development Association. Miss Lois Alava, Miss Delaware of 1953 and a former Cherry Blossom Princess from the University of Delaware has commented that the Washington trip serves as excellent preparation for the Miss America pageant, serving to instill additional poise and confidence.

Girls need not necessarily be Delaware residents if they are in attendance at the University of Delaware. Eligibility requirements do specify that she be between 18 and 25 years old, and never married, divorced, or had a marriage annulled. Contestants will be judged on the basis of poise, personality, talent and appearance.

Prospective entrants should not be discouraged by the inclusion of talent among the list of factors. This can consist of any display such as speeches, readings, piano recitals, etc.

Library Volumes

(Continued from Page 3)

ment, he was largely instrumental in building up the library's holdings in English language and literature, and although he disclaims the credit, it was during his term as librarian that the foundations were laid for an excellent reference collection.

No longer actively engaged in teaching, Dr. Sypherd is still a familiar figure on the university campus, and is an almost daily visitor to the library where he continues his study and his writing.

He resides at 222 Dallam Road in Newark.

College Men! Fly with the Finest in the Air Force

**QUALIFIED APPLICANTS WIN WINGS
AS AIR FORCE LIEUTENANTS,
EARN OVER \$5,000 A YEAR!**

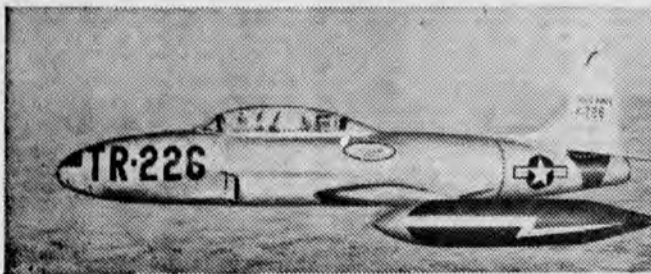

1. Pilot training begins at Lackland Air Force Base, where Aviation Cadets get 3 months of officer indoctrination.

2. It's a hard grind, but Cadets also find time to relax.

3. In primary training the Cadet flies his first planes, a Piper Cub, and this T-6. Later he will fly the more advanced T-28.

4. After flying conventional planes, he moves on to jets... going up with an instructor in this T-33 trainer.

For a fast, exciting and rewarding career, make your future in the sky as an Air Force pilot. As a college student, you are now able to join that small, select band of young men who race the wind in Air Force jets. You'll have the same opportunities to learn, advance and establish yourself in the growing new world of jet aviation.

Fly as one of the best

The pilot training you get in the Air Force is the best in the world—the kind that makes jet aces. You'll learn to fly the fastest, latest planes in the air—and fly them safely and well. Those who look to the skies will look to you for leadership and confidence.

Into a brilliant future

You'll graduate as an Air Force lieutenant, earning over \$5,000 a year. Your Air Force wings will serve as credentials for important positions both in military and commercial aviation. Air Force wings mark you as the very best in the flying profession.

6. Then winds up his training with the latest and fastest planes in the air.

7. He's tested those silver wings . . . And won the respect and admiration that go to every jet pilot in the United States Air Force! From now on he'll rule the skies in an Air Force jet.

How to qualify for Pilot Training as an Aviation Cadet!

To qualify, you must be at least a high school graduate. However, you will be of more value to the Air Force if you stay in college, graduate, and then volunteer for training. In addition, you must be between the ages of 19 and 26 1/2, and in top physical condition. If you think you are eligible, here's what you do: Take your high school diploma or certificate of graduation together with a copy of your birth certificate down to your nearest Air Force base or recruiting station. Fill out the application they give you. If you pass your physical and other tests, you will be scheduled for an Aviation Cadet Training Class.

WHERE TO GET MORE DETAILS:

Contact your nearest Aviation Cadet Selection Team, Air Force ROTC Unit, or Air Force Recruiting Officer. Or write to: Aviation Cadet, Headquarters, U. S. Air Force, Washington 25, D. C.

Fraternally Speaking: The Greeks...

Sigma Phi Epsilon

Everyone is back at the Sig Epsilon house ready to start the new semester. Considering the grind of the exams, everyone made out fairly well. Tension was eased by repainting parts of the house. Special credit must be given to Ray Hoopes for spending his entire vacation directing the renovation. Our thanks to Tessie Cicone for inviting us to her party. It was a great blast, and everyone had a swell time. Among those present were Brothers Danielle, Herman, Goodrich, Kelleher, and Hoopes. Assistant bartenders were pledges Moore and Keough. Several U. of D. girls also attending were Norma McClellan and Shirley Tibbitt.

Delta Tau Delta

After the ordeal of final exams, the Delt shelter seemed very empty. By Tuesday most of the brothers were a long distance away, resting up for the second semester.

Dave Menser and Clint Starks went on a little fishing trip—as far as fish are concerned, they were unsuccessful.

Several other brothers took a little jaunt to New York City—led by Brothers, Wilson, Brown, Davidson, and Lore took over the big city for two days. They joined forces with brothers Pollock, Rice and Beh at the G. A. Everyone had a liquid time, thanks to the boy who paid the bill—Larry Lore, winner of \$150 on the "Quick As A Flash" TV show. Panelist Faye Emerson recognized Larry as the average Delt when she remarked that she was "glad such a nice-looking young man won."

Congrats to Kay Valentine and Art Hodges on their pinning. Lots of future happiness, kids.

Pi Kappa Alpha

For the first time since September, all the Pi Kaps are caught up in the book work. This situation will be lucky if it lasts past this week.

As is usual following a vacation, we haven't been able to catch up to all the returning Pikes to find out what happened to them over the days off. We heard that Bill duBell and his Lafayette-six did considerable baby-sitting in Drexel Hill with Jean DeVries.

The Pikes' starting five has built up quite a record on the basketball court, having lost none of its games. The team includes brothers Frank Serpico, Steve Butcher, Tom Redfield, Jock Henderson, and pledge Vince Landi. If we have forgotten anyone, we will include them next week.

Sigma Nu

To be or not to be above the All Men's Index, that is the question! We can always count on the Ag. and P. E. majors to bolster that.

Brothers Bob Green, Tom Hopkins, Bob Manolakis, and Charlie Paski toured Peter Stuyvesant's city of three islands: stereophonic sound microscopic seats in a theatre's second balcony, jazz at Eddie Condon's rendezvous with the new Mickey Jelle, filet mignon, and an autographed picture of Mike Hammer all added together equal three fast days and beaucoup pesos.

Two "Take the High Ground" twins, Ray Haley and Dick Nye, have received commissions in Uncle Sam's military machine; Delaware's ROTC will never forget them.

Between semesters brothers Jay Williams, Tom Parvis and Jack

Harper worked vigorously in putting the fraternity house into top condition.

If you happen to see someone running up and down campus clad only in swimming trunks, it isn't a new member of the polar bear club, but Hugh Martin, the golden one, proving to everyone that he did spend some time on the Florida beach.

Kappa Alpha

With the first semester gone, we are anxious to start in anew. There were some things that happened during the fall and winter which are quite memorable. Dave LeCrone won the intramural handball championship, the football team finished first in the football league, and at present the basketball team is going great guns. The cross country team spent many hours training for the big race. The course was from the KA house to the Deer Park, or somewhere around there, and back. The team claimed that the coffee served up there is really terrific and naturally helped spur them on. In varsity sports Fred Freibott has established three records in swimming.

The excursions to Baltimore en-

abled us to meet some very interesting personalities. Some of the members had a chance during semester breaks to renew old times with some of their friends down there. Judge McWhorter, Jim Roberts, Dick Dare, Dick Saunders, and Bill Keene represented us after exams.

We are hoping to bring home more laurels in wrestling, boxing, softball, and tennis. Dick "Grunt" Dare seems to be in good shape for wrestling, and Gil "Wait till the next round" Farrow will try his luck at boxing.

We would like to send belated best wishes to Jay Rowland and Paul Hodgson who were recently pinned.

Alpha Tau Omega

Epsilon Rho elected new officers recently. The new regime consists of the following men: Art Holveck, Worthy Master; Reds Pollitt, Worthy Chaplain; Tom Hopkins, Worthy Keeper of the Exchequer; Stan Crewe, Worthy Keeper of Annals; Dean Steele, Worthy Scribe; Jim Myers, Worthy Usher; and Carl Schupp, Worthy Sentinel. Congratulations to them all.

The Alpha Taus finished the fall

semester social season with a bang last week-end. The Military Ball was one of the best dances in a long while. Saturday night we had a terrific house party. Our thanks go to Brother and Mrs. Bob King and to Mr. and Mrs. Pete Francis for serving as chaperones.

Phi Kappa Tau

Phi Tau has hit its stride in intramural basketball, winning its last three games. Pledges Don Eipper and Dave Woodward have sparked the team to a 3-1 record. The last victory was over Delta Tau Delta.

The annual Military Ball was welcomed by all, with John Fernandez and Lois West, and Hap Cook and Pat Metzler among those attending from Phi Tau.

Alumni "Corky" Clendaniel bid a final farewell as he left for Army life in Texas.

Which Phi Tau Romeo, commonly known as "cutie," has that "lovable" face and rosy cheeks that appeal to the girls?

HUGHES Cooperative Fellowship Program for

MASTER OF SCIENCE DEGREES

Purpose

The Hughes Cooperative Fellowship Program has been established to enable outstanding graduates to pursue work for the Master of Science degree while employed in industry and making significant contributions to important military projects.

Eligibility

Eligible for consideration are students who will receive the B.S. degree during the coming year and members of the Armed Services being honorably separated and holding B.S. degrees. In either case the field of the B.S. degree must be:
ELECTRICAL ENGINEERING
PHYSICS, OR
MECHANICAL ENGINEERING
The awards will be made to applicants who have evidenced outstanding ability and some degree of creativeness. They must also possess traits enabling them to work well with others.

Citizenship

Applicants must be United States citizens for whom appropriate security clearance can be obtained, as their work in the Hughes Laboratories may be related to National Defense projects.

Universities

Applicants must be able to meet the requirements for admission to graduate standing at the University of California at Los Angeles or the University of Southern California.

Program

Participants will be employed at Hughes full time in the summer and 25 hours a week during the university year while pursuing half-time graduate work.

Recipients will earn five-eighths of a normal salary each year. This salary will be determined by the individual's qualifications and experience, and will reflect current salary practices in the electronics industry. Salary growth will be on the same basis as for full-time members of the scientific-engineering staff. Recipients will also be eligible for health, accident and life insurance benefits, as well as other privileges accruing to full-time staff members.

Salaries

Tuition, admission fee, and required books at either the University of California at Los Angeles or the University of Southern California, covering the number of units required to earn an M. S. degree, will be provided.

Sponsorship

For those residing outside the Southern California area, actual travel and moving expenses to this area will be allowed up to 10 percent of the full starting annual salary.

Travel Expenses

If a sufficient number of qualified candidates present themselves, as many as 100 Fellowships will be awarded each year.

Number of Awards

Candidates will be selected by the Committee for Graduate Study of Hughes Research and Development Laboratories.

Selection of Candidates

Application forms should be obtained immediately. Completed applications must be accompanied by detailed college transcripts.

Application Procedure

Address correspondence to COMMITTEE FOR GRADUATE STUDY

HUGHES RESEARCH AND DEVELOPMENT LABORATORIES

Calver City, Los Angeles County, California

Story Contest Is Open To College Newspaper Staffs

Student awards, consisting of summer employment on the editorial staff of *Newsweek* Magazine at full salary, will be offered to winners of the magazine's recently announced news story writing contest.

The awards will be given to the three college newspaper editors or reporters who submit the best stories concerning some phase of the International Forum program, a weekly feature of the NBC-TV Kate Smith Hour. Winners, in addition to obtaining actual working experience on a major news magazine, will receive traveling expenses to and from New York.

A copy of the college newspaper in which the submitted story appeared must be sent to The Awards Committee, *Newsweek* Magazine, 152 West 42nd Street, New York, New York, on or before April 1, 1954. The stories will be judged on the basis of general excellence by an Awards Committee comprised of Ted Collins, International Forum moderator; Theodore F. Mueller, *Newsweek* publisher; Henry T. Heald, Chancellor of New York University; Sarah Blanding, President of Vassar College; and Fred Hechinger, Education Editor of the N. Y. *Herald Tribune*.

Winners will be notified in May, and their names will be announced on the International Forum program.

College Unions Promote Campus 3-B Competition

Washington State College—Nation-wide collegiate competition in the 3-Bs of billiards, bowling and bridge is getting terrific additional impetus this year through increased activity of the Association of College Unions.

Unions are sprouting fast among the campuses of the country and use of the unions is also increasing, the Association finds. The A. C. U. is stimulating nationwide competition in these fields in recognition of the greater numbers of collegians who are getting their enjoyment in such fields as these. The games committee is this year embarking upon a program which will bring more forcibly to the attention of the college population the country over the opportunity to enter tournaments in billiards, bowling and bridge.

Billiards, decades ago, had the stamp of highest social approval. Some such times for this 'family type' sport may be returning. Paced by co-ed interest, movement toward the billiard tables operated on campus is becoming a major tide.

J. C. Ohaver, assistant manager of the Purdue University is to be in charge of this year's billiards tournament for which entries are now being sought. A co-ed pocket billiards division will be played at the same time as the men's tournament.

Godbey Pleased With Extension School Registration

Mr. Gordon C. Godbey, associate director of the university extension, expressed his satisfaction with the total of 1,866 persons registered for second semester by terming it "our best for second term extension courses." Courses began last Monday night.

The work of the extension division also includes campus conferences and specialized training courses for business, industrial and professional groups.

Some 80 registrations have been accepted for non-credit work, and an increase of about 100

registrations is anticipated by Mr. Godbey.

Included in the university extension registration are a number of graduate students who are completing their studies while holding regular jobs.

Mr. Edward Turnberger, speech and hearing therapist for the Delaware State Board of Health, is conducting "Introduction to Speech Correction" on Tuesday evenings in Seaford.

A course in "News Analysis" is being conducted on Monday evenings in Wilmington by Mr. Clar-

ence Fulmer, principal of Wilmington High School. Mr. Fulmer is well known as an authority on current events.

After a four-year absence, "Patent Laws for Chemists and Engineers" has been returned to the extension curriculum. This course helps to determine what ideas are patentable. The patent lawyer for the Du Pont Company, Mr. Carl W. Mortenson, is conducting the course on Tuesday evenings in Wilmington.

A new course in "Applied Experimental Psychology" is being

taught by Dr. T. Lawrence Smith on Thursday evenings.

"Current Practices in Theater Production," taught by the Department of Dramatic Arts and Speech, is being presented in order to provide higher standard of production in community theater projects.

In addition to the courses mentioned, a wide variety of other courses, many of them paralleling courses offered on campus, are included in the curriculum of the extension division.

Liggett & Myers Tobacco Co. says . . .

FOR more than thirty years we have used research day in and day out learning about tobaccos and cigarettes in the public's interest.

Continuously we and our consultants have analyzed, experimented with and smoked all kinds of tobaccos . . . especially Southern Bright, Burley, Maryland and Turkish cigarette tobaccos.

Our own cigarettes and competitive brands have been submitted to the most exacting scientific scrutiny including thousands of analyses of millions of pounds of tobaccos.

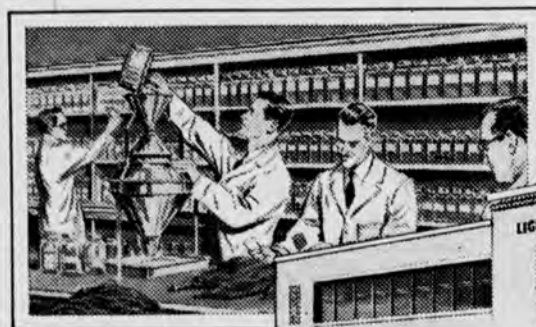

From all these thousands of analyses, and other findings reported in the leading technical journals, our Research Department has found no reason to believe that the isolation and elimination of any element native to cigarette tobaccos today would improve smoking.

For four years we have maintained in the smoker's interest an intensified larger scale diversified research program. A half-million dollar 30-ton machine, the world's most powerful source of high voltage electrons, designed solely for our use has tested tens of thousands of cigarettes. This program has already given to us direct and significant information of benefit to the smoking public.

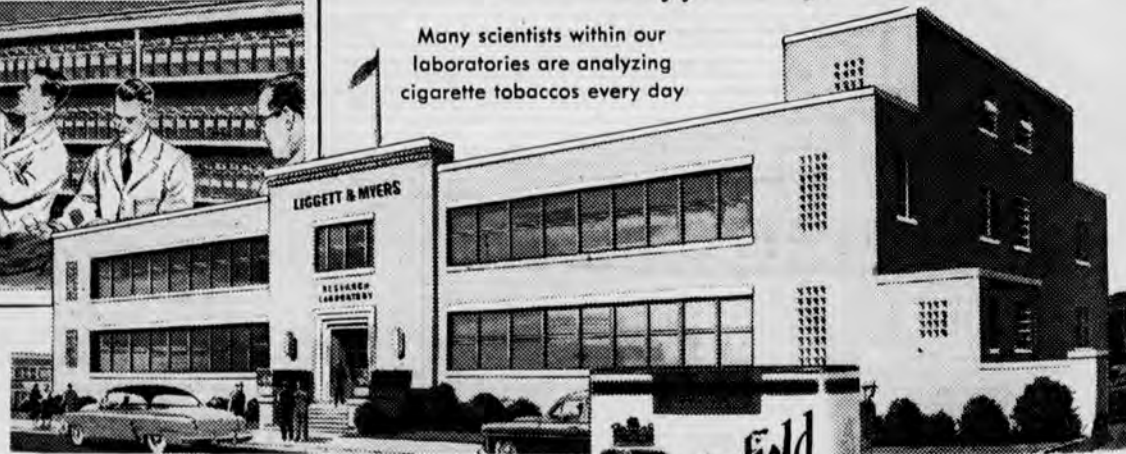

Our consultants include Arthur D. Little, Inc. of Cambridge, Massachusetts, "one of the largest and most reputable industrial research organizations in the country" (From *Business Week Magazine*) and eminent scientists from leading universities.

Today the public can confidently choose from a variety of brands—by far the best cigarettes ever made by the tobacco industry.
