PRICE SEVEN CENTS

## \$480,000 U. D. Research Grant Provided For Coastal Studies

Department Of Defense Provides Funds Under THEMIS Program For Study Of Mid-Atlantic Region Coastal, Oceanographic Environment; Gaiter Heads Research

The University of Delaware has received \$480,000 of a major research grant for an intensive study of the coastal and oceanographic environment in the mid-Atlantic region. The initial grant will fund two years of the research program.

President E. Arthur Trabant announced receipt of the grant from the Department of Defense, which is supporting the work under its THEMIS program. The initial grant and anticipated renewals covering a three-year period are budgeted for \$2,000 and will contribute to institutional growth and development through basic research of an unclassified nature.

Trabant stated that the university is dedicated to development of excellence in coastal and estuarine studies and ocean science and engineering.

"Our marine science coordinating committee chaired by Dr. Franklin C. Daiber and composed of representatives of all colleges and departments involved in the study of the marine environment, functions effectively in guiding long-range university objectives in this area. This grant, and its scope of research, directly complements the two-year National Science Foundation Sea Grant project received last September to support a multi-college research effort devoted to systems engineering and development of commercially valuable marine resources in the Delaware region," Trabant said.

Gaiter heads program Dr. Williams S. Gaiter, associate professor of civil engineering, will serve as manager for the research program. He described the project as the largest yet funded at the university in ocean science and engineering, both in level of financial support and in the breadth of interdisciplinary cooperation.

"The program is an open-ended one which could extend for several years beyond this initial three-year period," he said. Gaiter said that researchers who will participate in the program possess substantial experience in coastal and oceanographic studies, and this program will permit them to extend research work on which they have contributed considerable time over the years.

Individual faculty members working in small research units plan to attack 11 interrelated problems. One of the cornerstones of the program will be earlier studies of Delaware coastal geology by Dr. John C. Kraft, chairman of the department of geology. Kraft, with Dr. Robert E. Sheridan, assistant professor of geology, will collaborate on a study "The Coastal Sedimentary Environment."

Ocean, Bay Frontage Dr. Frederick E. Camfield, as assistant professor of civil engineering, will direct a "Study of Energy Budget in Delaware Ocean Frontage and Bay," in collaboration with Kraft.

"Sampling, Classification, and Mechanical Properties of Soils and Sediments" will be studied by Dr. Robert L. Nicholls, associate professor of civil engineering, and Gaiter.

Dr. Harry W. Wells, associate professor of biology, will continue his investigations of "Soil and Sediment Consolidation and Sand Reefs." His particular concern is for consolidation of beach structures, stabilization of beach sediments, and resistance of reefs to erosive agents.

Submerged vegetation will be investigated by Dr. Jonathan E. Taylor, assistant professor of biological sciences, in his study of "Rooted Aquatics and their Interaction with Sublittoral Sedimentary Processes."

Closely related to Taylor's work will be investigation of "Soil and Vegetation Characteristics of a Low Lying Marsh Fringe-Sand Barrier Coastline" by Leo J. Cotnoir Jr., associate professor of plant science.

Dr. Robert D. Varrin, director of the Water Resources Center of the university, will extend his earlier work with viscous-flow models to include a study of "Groundwater Behavior in the Littoral and Back-shore Marsh Regions."

(Continued on Page Five)

Navy Enlists Six In Area For Great Lakes Training

Quartermaster Bruce Doherty of the U. S. Navy Recruiting office in Wilmington has announced six men from the Newark area enlisted in the Navy during the month of June.

Undergoing training at Great Lakes, Ill., are Jay A. Smith, son of Mr. and Mrs. Roderick M. Smith, 4 Knickerbocker Drive; Lanny R. Phillips, son of Mr. and Mrs. Raymond Phillips, 225 W. 11th St.; and Mr. and Mrs. Edward Cleveland, 3001 Ogletown Road. Danny L. Ratchford, son of Mr. and Mrs. Calvin L. Ratchford, 18 Mitchell Circle; Glenn R. Carroll, son of Mr. and Mrs. Roland W. Carroll, Paterson Lane, and Nicholas A. Tollino, III, son of Mr. and Mrs. Nicholas A. Tollino, Jr., 12 Lawrence Avenue.

### C. of C. President

Alden C. Bugher

Gov. Russell W. Peterson will bring his town-meeting tour to Newark on July 29, Greater Newark Chamber of Commerce President Alden C. Bugher said this week.

Peterson and six of his department heads will respond to oral and written questions from Newark area residents beginning at 8 p.m. in the University of Delaware Student Center.

Peterson said he will also meet with the city council and the city manager.

Ernest J. Kendall Dies At Age Of 74

Former Newark Building Inspector Ernest J. Kendall, 74 of 210 Marshall Street, Kennett Square, Pa., died yesterday in Union Hospital, Elkton, after a short illness. He was a summer resident of Locust Point, Md.

Mr. Kendall had been a resident of Kennett Square for 15 years, and for 29 years was employed as master mechanic at the Pyrites Co. in Kennett Square. He was superintendent of maintenance for 14 years in the Kennett consolidated school district, and building inspector for two years in the City of Newark.

A member of Temple Lodge 54, AF&AM, he was a member and past trustee of Kennett Square Presbyterian Church.

Surviving are his widow, Mrs. Lydia Buell Kendall; a daughter, Mrs. Carson F. Roselle of Newark; three grandchildren; and a great-grandson.

Services will be held tomorrow morning at 10:30 in Kennett Square Presbyterian Church, South Broad Street. Friends may call an hour prior to the services. Interment will be in Evergreen Cemetery, South Stratford, Vt.

In lieu of flowers, the family suggests contributions to the Kennett Square Presbyterian Church Memorial Fund.

Don Sticinski Appointed To U.S. Naval Academy

Newark High School graduate Don L. Sticinski, 17, has received a congressional appointment to the U.S. Naval Academy at Annapolis. Son of Mr. and Mrs. Leo Sticinski of 60 Spring Lake Drive, Don won varsity letters in football, baseball and track as a Newark Yellowjacket, and was president of Student Council and of his junior class.

Quasita Drake Grant Goes To New Jersey Girl

Noreen C. Campbell, Avon-by-the-Sea, N.J., has been awarded the Quasita C. Drake Scholarship for 1969-70 at the University of Delaware.

The Drake Scholarship was established last year through contributions from alumni and friends in honor of a longtime professor of chemistry.

Liana E. Dicou of Thessaly, Greece, was the first recipient.

Marine Charles Scott, Jr. With Cherry Point Group

Marine Charles Scott, Jr., son of Mr. and Mrs. Charles Scott, Jr., 22 Choate Street, Newark, is serving as a member of Marine Air-Craft Group 14 at Cherry Point, N.C.

The mission of the group is to provide anti-air warfare and offensive air support operations to Fleet Marine Forces ashore. The group operates from advance bases, expeditionary airfields, and aircraft carriers.

## Mayer Announces Admissions Office Job Appointments

J. P. Ferguson, Jr. Named Associate Director For UD Admissions, Records Group

Three new staff appointments in the office of admissions and records were announced by Director Robert B. Mayer.

John P. Ferguson Jr. was appointed associate director; Willis J. Stetson, Jr. was named director of admissions; and Thomas R. Harrison was named to the staff as an admissions officer.

Ferguson, a graduate of the U.S. Military Academy at West Point with a BS in engineering is completing requirements for his master's degree in business administration at Delaware.

During six years of military service, he saw combat in Vietnam as a field artillery battery commander, where he was awarded the Bronze Star, the Air Medal, and the Army Commendation Medal. He holds the rank of captain in the inactive reserves.

Stetson, who joined the staff as an admissions officer in 1967, succeeds William R. Baldi, who resigned to take a position at Brandywine College.

A 1963 graduate of the University, Stetson was a member of Sigma Nu and the varsity golf team. He spent a year in the Bell telephone executive training program before entering military service, where he saw combat duty as a platoon leader and executive officer in Vietnam.

Harrison holds a BA in English and a master's degree in guidance from the University of Delaware. He was a member of Theta Chi and a varsity football and lacrosse player, lettering in both sports for three years. He served as an assistant line coach on the varsity football staff and a physical education instructor during his graduate years at Delaware.

## 14 Local Cadets Of CAP At Dover For Encampment

Fourteen of the Newark Squadron are among 100 cadet members of the Delaware Wing, Civil Air Patrol, beginning a week-long encampment last Sunday, at Dover Air Force Base.

CAP cadets will inspect various aircraft assigned to the base, including the CH-3 Jolly Green, the C-133 Cargomaster and the C-141 Starlifter.

A highlight of the encampment will be a Friday flight in a C-141 for the entire 100 cadets and staff.

Member of the Newark Cadet Squadron attending the encampment are Dewey Arnold, Tim Evans, James Frost, Barry Griffith, Kathleen Flegler, Barbara Harrison, Eddie James, Kenneth Jones, Melanie Morrison, Judy Black, Sandra Osborne, Klaus Steslow, Larry Wedeman and Michael White.

## Seven From Newark Area Enlist In Marine Corps

The U.S. Marine Corps Recruiting Office has announced seven men from the Newark area enlisted and training at Parris Island, S.C., during April and May.

The new Marines are Pvt. Harry F. Debenedictis, Wayne E. Cox, William Swope, Steven M. Thomas, Joseph R. McVey, Michael G. Jeffrey, and James R. Chambers, Jr.

## Pvt. John R. Simmerman In Marine "Bell-Call"

Marine Pvt. John R. Simmerman, son of Mr. and Mrs. James H. Simmerman of Todd Estate, Newark, participated in the largest Navy-Marine amphibious operation since 1967 at Camp Pendleton, Calif.

Exercise "Bell-Call," the four-day operation was similar to conditions found in Vietnam.

## Christiana Grad

Airman Arch C. Tiffin, son of Mr. and Mrs. Lyle M. Tiffin of 16 Mattel Lane, Newark, has completed basic training at Lackland AFB, and has been assigned to Sheppard AFB, Texas, for training in the communications field.

Tiffin, a graduate of Christiana High School, attended Goldey Beach Junior College.

## Arch Tiffin

Airman Arch C. Tiffin, son of Mr. and Mrs. Lyle M. Tiffin of 16 Mattel Lane, Newark, has completed basic training at Lackland AFB, and has been assigned to Sheppard AFB, Texas, for training in the communications field.

Tiffin, a graduate of Christiana High School, attended Goldey Beach Junior College.

## Individual Playground Events For Week Supplement Steam Railroad Train Trip

In addition to a ride on the Wilmington Railroad last Thursday, children on the Newark playground participated in their own playground events throughout the week.

The Edna C. Dickey park had a playground dance with Janet Sumner, Martha Fortenaz and Linda Young as go-go girls.

## Ralph C. Krueger Appointed By Gore As Vice-President

Ralph C. Krueger has been elected a director and vice-president, in charge of marketing for W. L. Gore & Associates, Inc. of Newark, manufacturer of wire and cable.

With Gore since 1967, Krueger was first field sales manager, then general sales manager. In his new position he is responsible for all marketing activities of the company including coordination of marketing functions in Gore's subsidiary companies in Scotland and Germany.

Prior to his association with Gore, Krueger was director of marketing for the building products division of DuPont's film department. He retired from this position in the fall of 1967 after 28 years with DuPont.

He is a 1939 graduate of Northwestern with a degree in chemistry. The Kruegers and their three children live in Covered Bridge Farms adjacent to Newark.

## Allen Reports Cut In Federal Funds For Students' Aid

A severe cut in federal aid allocations will drastically impair the University of Delaware's ability to help disadvantaged students in the coming year, according to Edward G. Allen, director of financial aid.

Government allocations are substantially below last year's levels," Allen said. Compared with last year, funds from the National Defense Loan were cut by about \$25,000; the College Work-Study allocation cut by some \$45,000; while Educational Opportunity Grants for incoming freshmen were cut by more than \$11,000, or nearly 50 per cent, Allen said.

"All of these programs are a vital part of our plan to help needy students," Allen pointed out. "And the cut comes at a time when we are expanding our program to recruit promising disadvantaged students."

"Unless additional funds are found elsewhere," he said, "we will find ourselves faced with the problem of a greatly increased enrollment of needy students and less money with which to help them."

## Soil, Water Group For State Headed By Perry Burton

A Sussex County man has been named state drainage engineer and director of the Delaware Soil and Water Conservation Commission.

Perry Burton of Lewes, commission staff member and assistant director since April, replaces Elmer (Pete) Talbert of Georgetown, who retired June 30.

Burton, a former State Highway Department employee, is a registered engineer and has been associated with two dredging firms. His dredging experience is expected to be valuable in the commission's new dredging program which will be in operation by October.

In his new position, Burton will supervise the commission's operations throughout Delaware and work closely with county soil and water conservation districts and the Federal Soil Conservation Service.

Talbert, who has been active in soil and conservation work for 25 years, has served as state drainage engineer and commission director since 1961.

In a retirement letter to Talbert, Dr. William E. McDaniel, dean of the University of Delaware college of agricultural sciences and chairman of the Soil and Water Conservation Commission, said: "During the past 25 years, you have truly been Mr. Soil and Water Conservation in Delaware. Your untiring efforts have left a mark on our landscape which has improved the productive capacity and income of our agricultural producers and resulted in consumer gain through more high quality food at a relatively lower price."

## Charles A. Rowe Painting Accepted For Ohio Show

Charles A. Rowe, assistant professor of art at the University of Delaware, has had a painting accepted for the 34th annual mid-year show of the Butler Institute of American Art, in Youngstown, O.

Rowe's acrylic painting "Penetration of a Void," is among 300 accepted from some 3,000 entries for the show which opened June 29.

## Sick Plants Clinic Slated For Aug. 13 Farm & Home Day

Chairman John Heuberger Invites Growers To Submit Diseased Plant Specimens

Farmers, home gardeners and house plant enthusiasts puzzled by causes and cures for ailing plants will have an opportunity to seek expert advice at the University of Delaware's annual Farm and Home Field Day on Aug. 13, at the Georgetown Substation.

For the eighth consecutive year, Field Day visitors are encouraged to bring ailing plant specimens to a special sick plant clinic where problems will be diagnosed by university agronomy, entomology, pathology and horticulture specialists using microscopes and other diagnostic equipment.

The purpose of the sick plant clinic is to assist farmers and homeowners in identifying and correcting plant problems caused by insects, diseases, weeds, fertility level, varietal choice and other factors that reduce the yield and quality of plants," Dr. John Heuberger, clinic chairman, states.

"Of course the clinic is not limited to agricultural crops," he adds. "In fact, we encourage homeowners to submit turf and ornamental specimens for diagnosis."

"And we certainly welcome any weeds submitted for identification." Field Day visitors should bring entire plants for diagnosis whenever possible, says Heuberger.

"In many instances, we must examine the roots and other plant parts to determine causes and cures for specific problems. In the case of trees and shrubs, however, a branch will be sufficient for diagnosis," Heuberger adds.

If you suspect an insect problem, bring a specimen of the damaged plant and samples of all insects found on the plant.

At last year's sick plant clinic, over 150 plant ailments were diagnosed. These included instances of infestation, chemical deficiency, improper fertilization, weed identification and disease.

Visitors submitted a variety of specimens including corn, soybean and lima bean plants as well as common ornamental and house plants.

Also featured at the 1969 sick plant clinic will be exhibits of scale insects, common plant diseases, poisonous plants, common weeds, soil testing and nutritional diseases.

Field Day visitors are invited to participate in a weed identification contest.

University of Delaware specialists staffing this year's sick plant clinic are Entomologists Frank Boys and Dale Bray; Agronomists Leo Cotnoir and Bill Mitchell; Pathologists Heuberger and R. Walker Miller; and Horticulturists Bob Stevens, Dave Tattall and Vernon Fisher.

## Boy, Bass Swap Places In Canoe After Novel Catch

Ten-year-old Craig Russell traded his place in a canoe with a 13½-inch largemouth black bass last Sunday afternoon.

Craig was paddling the canoe alone some 50-ft. offshore around a point from the headland where Fathers Harry Russell and F. R. Russell, and young Wesley Stafford were finishing up a picnic lunch, when the picnickers were alarmed by a shout from Craig.

Rounding the point in a hurry, they saw the boy standing beside the canoe in which the bass was flopping after it had been flipped aboard by the young angler with a paddle.

The bass was transferred from canoe to the Russell freezer at 208 Saturn Drive in North Star.

## College Of Nursing Receives \$34,634 As Graduate Grant

The University of Delaware college of nursing has received a \$34,634 grant for a program in graduate education for maternal and child nursing specialists.

The initial grant covering the 1969-70 academic year, was made by the Children's Bureau of the Department of Health, Education and Welfare.

Dean Mary K. Carl said that registered nurses with baccalaureate degrees may apply for admittance to the two-year program which leads to a master's degree in nursing with a specialty in maternal and child nursing.

The graduate program covers preparation for the specialized field of maternal and child nursing as well as beginning research skills in this clinical field and for teaching or supervisory positions.

Interested persons may apply by writing to the College of Nursing, University of Delaware.

## Seaman Donald W. Clark With Navy In Caribbean

Seaman Donald W. Clark, USN, son of Mr. and Mrs. Frank A. Clark of 36 Kensington Lane, Brookside, served aboard the USS Fort Snelling in the Caribbean off Puerto Rico in a joint service, amphibious and airborne exercise "Operation Exotic Dancer II."

Elements of Army and Air Force units as well as Naval ships and aircraft and Marine Corps participated in the 14-day operation.

## President Of CHS Class Of '65 Alan Geissinger, Battle Victim

Brookside Parents Lose 21-Year-Old Son In Vietnam On July 11, With 101st Airborne Near Demilitarized Zone; Led Senior Class At Christiana High School

President of his senior class at Christiana High School in 1965, Army Pfc Alan Geissinger was killed in action last Friday in Vietnam. Son of Mr. and Mrs. David Geissinger of 2 Kensington Lane, Brookside, the 21-year-old soldier had been in military service for eight months and in Vietnam for three.

The father received word of his son's death from the Pentagon in Washington last Tuesday night.

A member of the 101st Airborne Division, Alan Geissinger was killed in the A Shau Valley near the Demilitarized Zone, the 87th Delaware serviceman to die in Vietnam.

At Christiana High School, he won the J. Allison O'Daniel Veterans of Foreign Wars Post #75 Award as a graduating senior; was a member of the Viking wrestling team and of the prom committee, and attended the University of Delaware for a year.

Memorial services will be conducted Sunday afternoon at 2 o'clock at Kingswood-of-Brookside United Methodist Church.

In addition to his parents, the Army battle veteran is survived by brother Eric and sister Carol at home; and by his maternal grandmother, Mrs. Mary Gwynn of Hinton, W. Va.

## Honored In New York

Former Executive For Local YMCA Honored At Queens

Former executive director of the Newark YMCA and now executive director of the Central Queens YMCA in Jamaica, N.Y., one of the largest YMCAs in the country, the Rev. Frank A. Mullen has been selected by the Queens County Bar Association for the Liberty Bell Award for outstanding citizenship.

Former recipients of this award have included Dr. Ralph Bunche, undersecretary for the United Nations; Roy Wilkins, executive director of the NAACP; and the late Henry A. Barnes, former traffic commissioner for the City of New York.

Mullen was executive director of the local Y from 1958 to 1960 and is married to the former Ruth Ackerman, director of the local YWCA during that period.

## Former Resident, Marine Of WW-I Robt. J. Boyd Dies

Former Newark resident Robert J. Boyd, 72, died last Friday of a heart attack at his home, 6665 Burlington Avenue, St. Petersburg, Fla.

A U.S. Marine in World War I, Mr. Boyd was vice-president of the Newark Trust Co., predecessor of the Newark branch, Farmers Bank of the State of Delaware, and later served as an officer of Riggs National Bank in Washington. Leaving the Riggs bank, he was financial advisor to the Petroleum Refining Co. in Pottsville, Pa., before retiring to St. Petersburg.

A Mason and a Rotarian, he was an elder of the Presbyterian Church, serving as treasurer of the St. Petersburg church at the time of his death.

He is survived by his widow, Mrs. Louise Boyd, and two sons, the Rev. Robert J. Boyd, Jr., of Richmond, and Richard H. of St. Petersburg; and by six grandchildren.

Services were held Monday in Beach Memorial Chapel, St. Petersburg.

## Marine Sgt. Roger Frantz Wins Meritorious Mast

Marine Sgt. Roger F. Frantz, son of Mrs. Howard Hall of 11 Fairway Road, Newark, was awarded a Meritorious Mast during ceremonies at the Marine Corps Recruit Depot, Parris Island, S. C.

A Meritorious Mast is a personal commendation from the commanding officer for outstanding achievement and ability in the line of duty.

Frantz is a rifle marksman, instructor for the weapons training battalion at Parris Island.

A graduate of Salesianum High School, he entered the service in 1965.

## British Academy Fellow Keeton To Join Faculty

George W. Keeton, a fellow of the British Academy, will join the University of Delaware summer faculty as professor of history to teach two courses during the first session of classes.

Keeton will conduct a class on Norman England and teach a course in English Constitutional History. He is dean of the faculty of law and vice-provost of University College in London.

He is a 1968 graduate of Christiana High School.

He is a 1968 graduate of Christiana High School.

The Hockessin Friends Junior Monthly Meeting has adopted Gustavo Vera, 11-year-old Ecuadorian boy, through the Foster Parent Plan, Inc. of New York City for one year.

This is the second child the local group has assisted. Several years ago, Ana Maria of the Philippines was adopted but she no longer needs assistance.

The new adoptee lives with his mother, elder brothers, and sister in a cane shack with tin roof and earthen floor on the outskirts of Guayquil. He is in the second grade and does average class work.

The total income for this family is \$12.50 per month as the mother is a laundress and the 16-year-old brother, a shoe shine boy.

### English Chairman H. R. Cook Studies Elizabethan Arts

Harry R. Cook, chairman of the English department at Christiana High School, is taking part in an institute for advanced study conducted under a grant from the U.S. Office of Education at the University of Vermont, entitled "The Elizabethan Arts and Culture."

The institute is offering an unusual opportunity to combine study of the literature, arts, and manners of the Elizabethan period with the study of three plays by William Shakespeare in the course of preparation and in finished performances by a professional theater company.

The plays presented by the Champaign Shakespeare Festival as the focal point of the institute are Othello, Winter's Tale, and Richard, III.

Commenting on prospects of his attending the institute, Cook said "I'm looking forward to the excitement of taking Shakespearean literature out of the textbook and putting it on the stage where it belongs."

"When we do this, the relevant Mr. Shakespeare becomes right for today's students because, after all, no other age in history compares with our age like the Elizabethan period."

"Many of their problems are ours today—and William Shakespeare wrote to live, adventurous, exploring people, just like today's high school students," Cook concluded.

Mrs. Stirling Brinkman gave "People of the Bible" and "When Children Ask" in memory of her mother, Mrs. Harriet Brown.

Timothy R. Ward and Karl Brack are spending this week at the Chesapeake Center church camp near Port Deposit Md., sponsored by the Chesapeake Synod.

Volunteers are being sought from this church for Geriatrics Services of Delaware, 1300 North Broom Street, to answer the phone during summer months.

Seventh, eighth, and ninth graders had a fellowship meeting Tuesday evening at the home of Patie Chapman in Valley View.

A family picnic was held recently at the home of Mr. and Mrs. Louis Dempsey, Corner Ketch, to celebrate the birthday anniversary last Friday of his mother, Mrs. Louise H. Dempsey.

Those present were Mrs. N. Thomas Dempsey, Jr., Rodney Dempsey, Mr. and Mrs. Melvin Dempsey and son, Brian, Mr. and Mrs. Ferris H. Dempsey, Gary and Jay Dempsey, Mr. and Mrs. A. Carl Nelson, Jr., Donald, Glenn, and Alan Nelson, Mr. and Mrs. Clarence Harkness, Glenn Dempsey, Kandil, Danny, Karen, and Gena Dempsey, Mrs. Ruth Crowl, Richard, Beverly, and Evelyn Crowl, Mr. and Mrs. Fred Neutz, Mr. and Mrs. James Angelo, Patsy, Jimmy, and Chrissy Dempsey.

Kandil Dempsey is visiting her uncle and aunt, Mr. and Mrs. A. Carl Nelson, Jr., at their home in Chapel Hill, N.C. on their return from a trip to the Corner Ketch area.

**Ebenezer Methodist Church**  
The Rev. Donald L. Chapman spoke last Sunday to Sunday school-teen-agers and at the church services. Dr. Chapman counseled teenagers and drug addicts for the "Teen Challenge" in New York City.

A native of Wilmington, he was ordained by his home congregation of Immanuel Baptist Church last spring. He graduated from P.S. duPont High School, the Philadelphia College of the Bible, and Reformed Episcopal Seminary.

The Young Adult Fellowship will have a covered dish supper this Saturday at 5:30 p.m. at Brandywine Summit Camp with the Rev. and Mrs. Robert Selms as host and hostess.

Following supper, the group will attend the program given by the Continental Singers of California. Cathy Schlosser and Tricia Williams have returned to their homes from spending a week at Camp Pecometh, near Centerville, Md. The camp is sponsored by the Peninsula Methodist Conference.

Wimodensis Home Economics Club will hold its annual picnic and covered dish luncheon next Wednesday at Brandywine Springs State Park at 11:30 a.m. Mrs. Mary Lindsay will conduct recreation.

The Rev. Kent Smith, chaplain of Delaware State Hospital, is preaching this month at Limestone Presbyterian Church.

Members of Union Grange had their annual family picnic last Sunday at the home of Mr. and Mrs. Daniel E. Harris, Penn Manor Farm.

A family covered dish picnic supper will be held next Tuesday at 6:30 p.m. by Union 4-H Club at the home of the leaders, Mr. and Mrs. Ferris Dempsey, Corner Ketch. Meat and rolls will be provided by the club.

**DELMARVA SOYBEAN PROFIT**  
To make soybeans a truly profitable crop in Delmarva, farmers need to get at least the U.S. average of 25-bushels an acre and a price equal to current support levels, according to W. T. McAllister, extension economist at the University of Delaware.

### Proposed Beltway Alternate Routes Offered For City

A citizens group and the City of Newark presented plans last week for the proposed Newark Beltway, and two points were stressed—concern over Christiana Creek, and the College Avenue interchange.

Four alternatives to a state highway department proposal made several weeks ago were presented by the Citizens for a Better Beltway. All four avoided the state proposal to run a major part of the beltway near Delaware Stadium and the Chrysler assembly plant, and another major portion along Christina Creek.

The city plan retained the section near the university and Chrysler, although minimizing property and parkland damage in the Silverbrook and Arbour Park areas, but also avoided the creekbed, swinging out to the Maryland-Delaware line after crossing Elton Road and then either running along the line to just south of Nottingham Road or to the north of Nottingham Road before cutting back north of Fairfield.

One of the citizens' plans called for extending part of the beltway into Maryland and two called for the southern portion to run parallel and adjacent to the John F. Kennedy Memorial Highway.

## News of Bear

Mrs. J. Leslie Ford, Correspondent  
Phone 328-6484

Bear Home Economics Club had its annual picnic on Sunday at the home of Mr. and Mrs. Roger Wooleyhan in Rock Hall, Md.

Mr. and Mrs. George R. Moore entertained 35 of their friends at a cook-out on Sunday evening at their Rockland Farm home in Bear.

Mr. and Mrs. Joseph C. Snedeker of Bear are receiving congratulations on the birth of a son on July 11.

Mrs. Frances Moore spent the weekend at Easton, Md., and at Rehoboth Beach.

Mr. and Mrs. William C. Matthews of Glendale are receiving congratulations on the birth of a daughter on July 10.

Mr. and Mrs. James L. Ford, Jr., of Robscott Manor visited his parents, Mr. and Mrs. J. Leslie Ford, on Sunday.

Mrs. Ann Thacker is a patient in Memorial Hospital after surgery. Her friends wish her a speedy recovery.

Miss Louise Brown, oldest daughter of Mr. and Mrs. Allen Brown of Pleasant Valley Road, underwent surgery in Wilmington General Division. Her relatives and friends wish her a speedy recovery.

The Sacrament of the Lord's Supper will be administered this Sunday at Pencader Presbyterian Church by the Rev. George A. Leukel, pastor.

Miss Judy Moore will sing a solo.

Three new members have joined the church — Mr. and Mrs. Norman Marithe and son Paul James from Slate Lake United Presbyterian Church in Fredport, Pa.

The Sunday school picnic will be held Saturday, Aug. 2, at Locust Point, Md., leaving the church at 10:30 a.m.

The Ford and Barr family reunion will be held Sunday at the home of Mr. and Mrs. Paul Burge at Bear. Dinner will be served at 1 o'clock, with refreshments to follow.

Mr. and Mrs. Quentin Kelly are spending the next two weeks at the seashore.

## 50th Anniversary Of Fair To Be Featured This Year

Plans for this year's Delaware State Fair to be held at Harrington, July 25 through Aug. 2, include special ceremonies marking the 50th anniversary of the annual event.

"We are understandably proud of reaching this important milestone in our history and have a special committee arranging appropriate events for the occasion," said General Manager George C. Simpson.

Tentative agreements have been signed with some of the nation's top entertainment stars to headline the grandstand shows, Simpson said.

They include Eddie Arnold, Al Hirt, Porter Wagner, the Irish Rovers and the Beach Boys.

## OLDER BLOOD DONORS

Americans in good health can be blood donors until they reach age 60 instead of age 61 as in the past. Liberalization of medical standards for blood was announced recently by the American Red Cross and by the American Association of Blood Banks.

## LESSON ON LIFE

The subject of the lesson-sermon in all Christian Science churches in Delaware this Sunday will be "Life." Morning service and Sunday school are at 11, Wednesday evening testimonial meetings at 8 o'clock. Everyone is welcome.

## NHS Dale Mowry Elected President Of Honor Society

Elizabeth L. Carrow of the Newark High School staff, and sponsor of the National Senior Honor Society at the school, has announced society officers for the 1969-70 school year.

Elected for the coming year are President Dale Mowry, Vice-President Lori Teel, Secretaries Jane McFann and Robbin Ashmead, and Treasurer James Berg.

Miss Carrow announced that seniors who graduated in June and who were elected to the Honor Society this past spring are Walter Call, Frank DeSantis, Susan Dickson, Gary Hobday, Diane Homan, Steve Kutz, Larry Kwart, Anne Lomax, Ellen Morton, Ann Purcell, Susan Raybourn, Joanne Sheaffer, Pat Sine, John K. Smith, and Linda Stengel.

Members of last year's junior class who will be seniors next year and who were admitted to the National Senior Honor Society at Newark High School include Robin Ashmead, Pamela Baldini, Patricia Bennett, James Berg, Patricia Billingsley, Jean Calhoun, Giselle Colnoir, Linda Cox, John Gerster, Debra Groo, Laurie Gutzat, Cheryl Hale, Bruce Higley, Fred Kilson, Debra Lutz, Margaret Makeever, Lynn Mankin, Jane McFann, Mary McNutt, Claudia Meece, Genie Merrill, Dale Mowry, William Munch, Margaret Murray, Wayne Musselman, Virginia Powel, Cathy Rosemary, Paula Sherman, Lori Teel, Edward Tupin, Sherry Wertman, and Lisa Watson.

Projects undertaken during the past year by National Senior Honor Society Chapter 529 at Newark High, include free tutoring service, substituting for teachers, ushering at school functions, assisting in district elementary schools with pre-school registration, making home-visit directories, assisting with assembly seating, and the annual trip to New York City on May 1.

Co-sponsor of the Newark High School Honor Society is Gertrude S. Weaver, German and history teacher.

## Grass Can Be Too Green W.H. Mitchell Cautions

Many Delaware lawn enthusiasts are keeping grass too green during the summer, according to Dr. William H. Mitchell, extension agronomist at the University of Delaware.

Too much green color may indicate that grass has been overstimulated with excessive nitrogen, he explains. Although some nitrogen is essential for proper turf growth, an oversupply can lower grass food reserves, shorten the root system and generally weaken the plant. If excessive nitrogen conditions exist, mow grass for frequently taking care to remove no more than 50 per cent of the top growth in a single cutting.

## IN THIS WORLD

## DCIA Contributes \$1,000 For U.D. Irrigation System

Members of the Delaware Crop Improvement Association have contributed \$1,000 toward the purchase of a four-tower Hi-growmatic irrigation system for the University of Delaware Agricultural Experiment Station.

The new system which rotates on a stationary pivot, can irrigate 16 acres of land.

In accepting the grant from Crop Improvement Association President Jim Turburton, Georgetown Substation Director J. Frank Gordy said "We would like to take this opportunity to thank members of the association for their generosity. We are confident that addition of the Hi-growmatic system to our substation facilities will greatly enhance our research program, particularly in the agronomic crop area."

The new irrigation system will be available for public inspection during the University of Delaware's annual Farm and Home Field Day, Aug. 13.

## POULTRY PROFIT

Mid-year poultry placement reports indicate that both egg producers and turkey growers can expect a fairly profitable market this fall and winter, reports W. T. McAllister, extension economist at the University of Delaware.

## LYNN MURRAY, BRIDE OF JAMES REYNOLDS

Miss Lynn Elizabeth Murray and James Michael Reynolds were married July 12, at 6 p.m. in Newark United Methodist Church, by the Rev. Walter Beckwith. A reception followed in the church social hall.

Parents of the couple are Mr. and Mrs. Lawrence R. Murray of Newark and Mr. and Mrs. James P. Reynolds of Las Cruces, N.M.

Maid of honor for her sister was Miss Susan Murray.

Bridesmaids were Mrs. James DeCarlo, Miss Dawn Rowland and Miss Janet Rowlands and Miss Pamela Murray, sister of the bride.

Best man was his son James P. Reynolds.

Ushers were Marc Reynolds, brother of the groom; Larry Murray, brother of the bride; and Michael Bartos.

The bride graduated from Newark High School.

A graduate of Las Cruces High School, the groom attended New Mexico State University, and is in the U.S. Submarine School at New London, Conn.

**MARY VIRGINIA GEORGE TROTH ANNOUNCED**

Mr. and Mrs. Robert H. George III of 30 Gill Drive, Newark, announce the engagement of their daughter, Miss Mary Virginia George, to Daniel Wesley Lentz, son of Mr. and Mrs. Robert D. Lentz of 552 Salem Church Road, Newark.

A graduate of Christiana High School, the groom-to-be attended the University of Delaware and is serving with the Air Force in Okinawa.

Miss George graduated from Christiana High School and is employed by Avon at Newark.

A December wedding is planned.

## MISS RAUM ENGAGED TO ROWAN M. PERKINS

Mr. and Mrs. John R. Raum Jr., 18 South Dillwyn Road, Newark, announce the engagement of their daughter, Miss Patricia Raum, to Rowan M. Perkins, son of Mr. and Mrs. Rowan P. Perkins of 701 Fiske Lane, Newark.

Both Miss Raum and Mr. Perkins graduated from Newark High School and are students at the University of Delaware.

An Aug. 30 wedding is planned.

## SUSAN BAZZEL, BRIDE OF JEFFREY A. SMITH

Miss Susan Margaret Bazel and Jeffrey Alan Smith were married Saturday, June 14, in Newark United Methodist Church, by the Rev. Walter Beckwith.

The ceremony was followed by a reception in the church.

Parents of the couple are Mr. and Mrs. Elmer W. Bazel and Mr. and Mrs. Stanley W. Smith of Newark.

Maid of honor was Miss Karen Heiser and bridesmaids were Miss Elizabeth Clementoni and Miss Kathy McGee of Milford.

Best man was Milton Steltz. Ushers were Peter Bazel, brother of the bride; Joel Smith, brother of the bridegroom; and Kevin McGaughlin.

The bride, a graduate of Christiana High School and the Empire Beauty School, is employed by Dan's Hair Fashions.

Her husband is a graduate of Christiana High School and Wesley College. He attends the University of Delaware, where he is employed.

Following a wedding trip to New York City, they will live in Newark.

## Senior Center Calendar

**Tuesday** — Bowling, 9:30; beginner's bridge, 10 a.m.; Movies "The American Trail" and "Come To Texas" 1:30.

**Thursday** — Social Security consultant, 12:30 film, bridge, games.

**Friday** — Bridge, games.

## Two Princesses Selected At Kent Fair Festival

Judges at the annual Kent County 4-H Dairy Festival, unable to reach final agreement, set a precedent by selecting two girls as Kent County 4-H Dairy Princess for 1969-70.

The two — 14-year-old Susan Bostick of Felton, and Kathleen Wiebel, 15, of Hartly, were chosen from among 14 contestants.

The Dairy Festival is sponsored by Interstate Milk Producers Association and University of Delaware cooperative extension service.

## Gliva Announces Opening Of County Health Office

The new City-County Health Office at 1310 Delaware Avenue, Wilmington, opened July 8, according to Dr. Edward Gliva, deputy state health officer for New Castle County.

Dr. Gliva said the new office will be administrative headquarters for official health services in New Castle County.

## NANCY REGES, BRIDE OF TODD R. MURVINE

Miss Nancy Ann Reges and Todd Robert Murvine were married Saturday, June 7, in St. John the Baptist Catholic Church by the Rev. John Ardizzone.

The ceremony was followed by a reception at the home of the bride's parents.

Parents of the couple are Mr. and Mrs. Bernard M. Reges of Newark and Mr. and Mrs. Robert E. Murvine.

Maid of honor for her sister was Miss Sharon L. Reges and best man was Wayne Dawson.

The bride attended the University of Delaware and will continue studies at Rhode Island College.

Her husband attended the University of Delaware and is serving with the Navy.

Following a wedding trip to Florida, they will live in East Greenwich, R.I.

## Bruce Jacono, 10, Wins 4-H Prize In Electricity

Bruce Jacono of Newark is one of five Delaware 4-Hers receiving first place awards in state 4-H electrical exhibit competition at Harrington.

In club competition, Union 4-H, Newark, placed second, while the Green Clovers of Bear finished fourth.

The state 4-H electric contest is sponsored by Delaware Power & Light, the Delaware Electric Cooperative and the University of Delaware Cooperative Extension Service to familiarize youngsters with basic electricity and safety.

## 4-H Livestock Show, Sale Stated July 25, At Fair

The annual Delaware State 4-H Livestock Show and sale has been scheduled for Friday, July 25, at the Delaware State Fairgrounds, Harrington.

Swine judging will begin at 8 a.m., followed by lamb and steer judging.

Livestock will be sold at public auction beginning at 2 p.m., with animals being offered in approximate order of show placement.

This show and sale will mark the end of the current year's 4-H beef, sheep and goat projects, says University of Delaware livestock specialist Dick Fowler.

## Gravy Quickie For Last Minute Meal

It's a "zip-a-dee-doo" day and perfect weather for a mini-trip. Who could lament that unaffordable vacation when the just-as-much-fun day trip calls for little planning, minimum budgeting, and no packing. Come on, let's go! Where shall it be? The lake, park, or how about seeking out an historical landmark. The choices are endless.

And, Mom, don't worry about dinner. Canned beef gravy sauces up a ground beef and vegetable recipe that's both easy and pleasing. Cut down on last minute preparations by chopping onion and cooking lima beans and corn ahead of time. After your trip, brown ground beef with onion and garlic, then add gravy, vegetables, and seasonings.

What a time saver canned gravy is! Take advantage of the perfectly blended clock-beater by keeping your shelf stocked with canned beef, chicken, giblet, and mushroom gravy.

Accompany your dinner-in-a-dish meal with hot rolls or biscuits. A big juicy watermelon is a great dessert to munch while you reminisce the day's adventures.

## GRAVY QUICKIE

1½ pounds ground beef  
1 cup chopped onion  
2 medium cloves garlic, minced  
1 teaspoon basil, crushed  
2 cans (10½ ounces each) beef gravy

1½ cups cooked corn  
1½ cups cooked lima beans  
½ teaspoon salt  
Generous dash pepper

2 medium tomatoes, cut into wedges  
In skillet, brown beef and cook onion, garlic, and basil until onion is tender. Add gravy, corn, beans, salt, and pepper. Heat; stir now and then. Stir in tomatoes; heat. Makes 6 servings.

## Try a "Souper" Sausage Sandwich for an Easy Supper

These warm summer evenings, you may feel a bit sorry for yourself if you're cooking a hot supper in the kitchen while the rest of the family is enjoying the soft breezes outdoors. No need to cook up a storm! The family will get just as much enjoyment from a hearty hot sandwich as a complete meal.

... especially if you serve the food outdoors.

So get set for easy summer suppers with this "Souper" Sausage Sandwich. Cook sausage, mushrooms, onion, oregano, and garlic until meat is well done.

Add a quick sauce of condensed tomato soup to season and moisten the mixture. Using canned soups for sauces speeds up food preparation and gets you out of the kitchen fast!

Spoon the sausage-soup mixture onto bun halves; add cheese slices and broil. Garnish hot sandwiches with green pepper rings.

Include crisp relishes; celery and carrot sticks and little green onions fresh from the garden.

For hearty eaters, add "chips" (frozen french fries heated and browned in a skillet) wrapped in waxed paper. Add soup, sauce big mugs of chilled spiced cocoa garnished with whipped topping and cinnamon stick stirrers.

## "SOUPER" SAUSAGE SANDWICH

1 pound bulk sausage  
1 can (2 ounces) sliced mushrooms, drained  
½ cup chopped onion  
1½ teaspoons oregano, crushed  
1 large clove garlic, minced  
1 can (10½ ounces) condensed tomato soup  
2 hamburger buns, split and toasted  
4 slices (1 ounce) Mozzarella cheese  
4 green pepper rings

In saucepan, cook sausage, mushrooms, onion, oregano, and garlic until sausage is done. Stir to separate meat. Add soup. Spoon on buns; top with cheese. Broil 4 inches from heat about 5 minutes until cheese melts. Top each with green pepper ring. Makes 4 sandwiches.

## Ways To Defeat Summertime Heat Cited By Coral Morris, Marguerite Krackhardt

Summer's here—but there are ways to beat the heat.

That doesn't necessarily mean making a bee-line for the ocean beach or a cool mountain resort, says Coral Morris, extension home management specialist at the University of Delaware. It doesn't even mean putting yourself in air conditioned isolation.

Use your head, she says. Get ac-

climated—literally—to the climate. You CAN keep relatively cool on hot days and protect your health as well.

Adjust your eating habits. Eat smaller meals more often, recommends Miss Marguerite Krackhardt, university extension nutrition specialist.

Replace fluid lost through perspiration; drink three or four extra glasses of water daily. Cool drinks are low to moderate in calorie content help lower body temperature.

Use a bit of extra salt on your food to replace the amount you lose through perspiration. It's not necessary to take salt tablets unless you're working or exercising exceptionally hard in the sun. Even then get your doctor's permission.

Slow down, warns Miss Morris. Physical activity should be paced because it places an extra load on your heart. If you can, take short rests during the day.

Don't over-exert on your day off just because it's a fine summer day.

## CITY OF NEWARK BOARD OF ADJUSTMENT PUBLIC HEARING

July 22, 1969 — 7:15 P.M.  
The Board of Adjustment will hold a public hearing in the Council Chambers, Academy Building, Main & Acad. Aves. Streets, Newark, Delaware, on Tuesday, July 22, 1969, at 7:15 P.M.

P.D.S.T. to hear the appeal of Delta Upsilon Fraternity and Tau Kappa Epsilon Fraternity, who are requesting the use of Buildings A and B of Ivy Hall Apartments, 400 Wollaston Avenue, as residences for said fraternities.  
Betty J. Stutz, City Secretary

## CITY OF NEWARK DELAWARE CITY COUNCIL PUBLIC HEARING NOTICE

July 22, 1969 — 8:00 P.M.  
Pursuant to Section 402.2 of the City Charter, Notice is hereby given of a Public Hearing in the Council Chambers, Main & Academy Streets, Newark, Delaware, Tuesday, July 22, 1969, at 8:00 P.M. E.D.S.T. at which time the Council will consider the following proposed ordinance:

1. Amending Chapter XIV, Part 2, By Deleting the Bicycle Path.  
2. Amending Chapter XIV, Part 2, By Prohibiting Parking on Certain Portion of Apple Road and by Erecting a Stop Sign on Haines Street at Ashley Road.

3. Amending Chapter XIV, Part 1, By Directing That Only State Maintained Highways be Used by Trucks Weighing 6000 Pounds or Over.  
4. Amending Chapter XIV, Part 1, By Controlling Loading and Unloading of Trucks on Main Street.

5. Amending the Official Map of the City of Newark by Closing Woodhill Drive at its Southern Terminus.  
Betty Jane Stutz, City Secretary

## Lions Elect International President

W. R. Byran of Doylestown, Ohio, was elected President of Lions International at the Association's 52nd Annual Convention in Tokyo, Japan, July 2-5. Serving as the 53rd President of the world's largest humanitarian organization, Bryan leads some 910,000 members in 23,300 clubs located in 145 countries and geographic areas throughout the world.

Lions International is best known for its aid to the blind and sight conservation activities, international relations programs, and its many community service projects. "Unite Mankind Through Lionism" will be the primary theme during the 1969-1970 Presidential Year, with special emphasis on youth programs and the importance of young people in strengthening world understanding.

## Blueberry Season Hailed By Marguerite Krackhardt

Blueberries are in season. These plump poly-polies have a rich blue color and a flavor that's best experienced — not described.

Delicious just as they are with only a dollop of whipped cream or lightly sugared, blueberries make mouth-watering pies, muffins, puddings and pancakes.

Flavor of many fresh fruits and baked dishes can be increased with a handful of blueberries, according to Marguerite Krackhardt, extension foods specialist at the University of Delaware.

Flavor of many fresh fruits and baked dishes can be increased with a handful of blueberries, according to Marguerite Krackhardt, extension foods specialist at the University of Delaware.

## —AND DOUBLE CHECK!

### NEEDED, A CLOSER LOOK

Suppose you went shopping and a clerk piled unwanted merchandise in your shopping cart and then demanded payment for it.

In a way this is what happens to you as a taxpayer. A "shopping cart" overflowing with appropriation bills is perpetually before Congress. Some of them are for programs that might well be considered in the category of unwanted merchandise.

The time to pass judgment on appropriations is before they are spent — not after, and an item-by-item check is absolutely essential. Congress can obtain expert advice and counsel — but the fiscal responsibility as representatives of the people as a whole is with the members themselves.

The only way for a legislative body to get the "fat" out of a booming budget is to insist on having sound information as to value and need. Even when a particular item under discussion is found necessary, it should take its own place in a list of priorities. And this list should have a minimum of three categories, essential current needs, those for the following year, and those that can be postponed still further into the future.

Responsible citizens should put the brakes on profligate spending.

## LETTERS TO THE EDITOR

News coverage of city council meetings does not necessarily always tell all. Reporters do not intentionally delete or omit items. Often, they lack background material or occasionally miss a point or two.

As a member, I feel we should tell all, and especially, tell it like it is. In the spirit of cooperation and assistance rather than that of criticism, I offer the press the following.

Recent coverage by some, reported that "tempers flared" during a meeting while discussing matters of public interest. I was one of those losing composure. Here is what triggered this unfortunate episode.

At a previous meeting the presiding member ridiculed other council members by making a provocative remark that they were "riding a political hobbyhorse." This antagonism did little to promote the required harmony to conduct city affairs, and carried over into the next meeting. I feel most all will agree that any undue assumption of superiority quite naturally will generate unfavorable reaction. There are indications that this is our problem.

Contrary to some reporting of the statements by the presiding member, the questions to be answered will not come from the board of ethics. This board does not set policy, nor do they amend the city charter. This is a council matter. As a policy making body, it is the council that directs the city's chief administrative officer, the city manager, not the board of ethics.

The city manager must and does keep the council informed on all matters concerning affairs of the city. The board of ethics does not tell him what he must do in this respect. It is the majority of council that does.

The city manager recently informed council members that a member was requesting copies of certain information concerning a city code violation that was already in the court being litigated. Apparently these copies were to be given to someone else not officially associated with the city.

The city manager, apparently quite concerned, said he would not do so without consent of the city's attorney. It is this, that is being referred to the board of ethics, not the city manager's personal conduct, or his relationship with all members of council.

The city manager is doing an excellent job. He is not choosing sides on council nor is he doing the bidding of any particular member, and should not. A member criticized his efforts to stamp out the use of drugs in the city by saying he was running a "police state." The same member criticized his efforts in keeping us all informed on city affairs by saying that communications sent by that member to the city manager should not be released to all members, because the sender was not just a member of council, but the "head of the government." Anyone who believes that this simple statement gives superior powers to an elected official is politically naive.

As pointed out during debate, historical facts will back up this remark. Newark does not operate under a "Mayor-Council" form of government. That went out with the old city charter. We are a "Manager-Council" form with a highly trained, highly paid executive running the city, the city manager. This is what the voters approved when they voted for the new city charter.

It is a matter of public record that the powers and duties of any mayor elected in the City of Newark were substantially limited by passage of the new city charter.

How shocking it is to learn that there remain a few in the city that have been manipulating the idea, knowingly or not, that we have extreme power and duties to the office of mayor when the new City Charter was approved by the voters, and not to the city manager.

The basic error here is that when people refuse to face up to the truth they reach some strange conclusions. The result? Government in paralysis.

The fracas that occurred at council is regrettable. However, there are times when such becomes necessary in order to awaken the public to the fact that something is wrong. Council members are certainly entitled to discuss district problems without being accused of "riding a political hobbyhorse" by their constituents demand it.

William M. Coverdale, 2nd District

## Darrel O. Neidigh Funeral Services To Be Held Friday

Darrel O. Neidigh, 71, of 334 East Main Street, Newark, died Tuesday at his home after a short illness. He was a retired high school biology teacher, having taught until five years ago at Jefferson High School, Lafayette, Ind. A resident of Newark for three years, he was a member of the Retired Teachers Association and Ebenezer United Methodist Church. Surviving are his widow, Mrs. Ravalee Neidigh; a son, Darrel O. Jr., of North Star; two sisters, Mrs. Lois Alley of Greensburg, Ind., and Mrs. Trix Martin of Kalamazoo, Mich.; and four grandchildren. Services will be conducted tomorrow morning at 9 at Ebenezer United Methodist Church, with interment in the adjoining cemetery. There will be no viewing. In lieu of flowers, the family suggests contributions to the Delaware Dean Association.

## Dean Edward W. Comings Named Conference Advisor

Dr. Edward W. Comings, dean of the college of engineering at the University of Delaware, has been named to the advisory committee for this year's Middle Atlantic Conference on Engineering Education, Oct. 23-24, at Buck Hill Falls, Pa. The program will include estimates of increased electrical power generating capacity required within the next decade, plans for the electric power industry facing the next century, and challenging careers open to young people in the electric utility industry.

## COASTAL STUDY Energy Transfer

An understanding of the energy transfer from wind to water in the formation of waves will be the focus of studies by Richard T. Field, lecturer in geography, who will perform a "Microclimatology Investigation in a Coastal Area" and Dr. Barry S. Seidel, associate professor of mechanical and aerospace engineering, plans "A Study of Some Factors Influencing the Generation of Water Waves by Wind."

Dr. Kurt P. H. Frey, research investigator and professor emeritus of the department of civil engineering, will be associated with Camfield and Gaither in an investigation of "Nearshore Wave Damping."

Basic knowledge gained in these studies must eventually be converted to engineering design criteria to be of use to man when living and working in the marine environment. This will be accomplished by studies of "Probabilistic Approaches to Analysis and Design of Structures in the Nearshore Zone" by Dr. C. Y. Yang.

These research programs will be carried out both in university laboratories on the campus in Newark and at the marine laboratories field station at Lewes.

dine of any particular member, and should not. A member criticized his efforts to stamp out the use of drugs in the city by saying he was running a "police state." The same member criticized his efforts in keeping us all informed on city affairs by saying that communications sent by that member to the city manager should not be released to all members, because the sender was not just a member of council, but the "head of the government." Anyone who believes that this simple statement gives superior powers to an elected official is politically naive.

As pointed out during debate, historical facts will back up this remark. Newark does not operate under a "Mayor-Council" form of government. That went out with the old city charter. We are a "Manager-Council" form with a highly trained, highly paid executive running the city, the city manager. This is what the voters approved when they voted for the new city charter.

It is a matter of public record that the powers and duties of any mayor elected in the City of Newark were substantially limited by passage of the new city charter. How shocking it is to learn that there remain a few in the city that have been manipulating the idea, knowingly or not, that we have extreme power and duties to the office of mayor when the new City Charter was approved by the voters, and not to the city manager.

The basic error here is that when people refuse to face up to the truth they reach some strange conclusions. The result? Government in paralysis.

The fracas that occurred at council is regrettable. However, there are times when such becomes necessary in order to awaken the public to the fact that something is wrong. Council members are certainly entitled to discuss district problems without being accused of "riding a political hobbyhorse" by their constituents demand it.

William M. Coverdale, 2nd District

EDITOR'S NOTE: Bill Coverdale's letter concerning but one item on the lengthy agenda of last week's meeting of Newark City Council, includes 16 1/2-column inches of news type, while the newspaper report of the entire council meeting in last week's Newark Post was but six inches longer. Many factors in newspaper publication prohibit a blow-by-blow account of a public meeting with many facets. And we had to delete portions of Mr. Coverdale's letter at that.

## Airman Harry Wetzel, Jr. Trained As Mechanic

Airman Harry P. Wetzel, Jr., son of Mr. and Mrs. Harry Wetzel of Newark, has graduated from U.S. Air Force technical school at Sheppard AFB, Tex.

He was trained as an aircraft mechanic and assigned to a unit of the USAF Headquarters Command at Andrews AFB, Md. Airman Wetzel is a 1968 graduate of Christians High School.

## Volunteer Tutor Handbook New Publication Of IRA

The International Reading Association at 6 Tyne Avenue in Newark, announces a new publication "Handbook for the Volunteer Tutor."

The volume is the result of a recommendation by the volunteer tutor committee of IRA that a "booklet devoted to specific aids in reading for those people working in volunteer tutor programs" be published.

Sidney J. Rauch compiled and edited the volume.

(Continued from Page 5)

Bimini Bob Angstadt — out of practice with little or no seagoing experience since his trip to the Bahamas aboard the Young Lady two winters ago — shocked all hands and Hawkeye Dick Pleasanton, by being the first to see a marlin — a great silver and blue bluish that surged half clear of the water some 100-yards off the port beam in feeding on surfacing baitfish — and Dick immediately charmed course to dance baits over the area.

The marlin was still there — and as a bayonet dorsal suddenly surfaced, cutting sickle-like behind a trolling bait, the sea exploded in a white water welter as the marlin took a swipe with its bill at the bait. Bob was satisfied that this lick from its swordhead had done the business — and picking up the bait in its mouth, headed for Portugal with the throttle wide open.

Lee Perry, who had taken a 165-lb. blue marlin last New Year's Day with Dick Pleasanton aboard the Young Lady from its Florida berth at Boynton Beach, found himself in a fighting chair with his hands full of rod and white marlin — but after a reel-smoking initial rush, the smaller cousin of the Florida blue climbed half-way out of the water in a head-shaking bit of thorough thrashing — and tossed Perry's hook to the welts, leaving Lee and line limp indeed.

"I never even saw him!" Mr. Perry groaned, his World War II Navy aviator's eyes having been focused on the line smoking from the reel spool at the time the marlin surged aloft.

Beneath a cloud of shearwaters or sailor gulls working on baitfish hurried to the surface in scattering silver sheets, we picked on another marlin cruising in to launch a series of attacks at several skipping baits — but the big fish simply slashed at the lures without engulfing one — and disappeared in the depths of the deep blue sea while blood pressures of the crew soared dangerously.

Those sailor gulls — or shearwaters to go by the book — were all over the ocean and created something of a problem by diving on, picking up, and tearing carefully rigged ballyhoo and mullet baits.

"I just read in the paper where shearwaters were discovered dead and dying on the ocean off the Delaware-Maryland coast," a bird-watcher in the crew said with some puzzlement.

"No wonder!" Reg Rockwell responded. "Some of these marlin trolls probably carry shotguns." Rocky added with some evident unfriendliness for these offshore shearwater scavengers.

Cap'n Dick hooked and quickly lost a marlin from the rod on the bridge — another arched a great purple-brown back porpoise-like in rising and driving down on the fluorescent, hookless teaser splashing like a dolphin in the white wake of the Young Lady — and then Bimini Bob was in the fighting chair with the marlin of the day.

Line whistled from the reel against the heavy star drag, and incredibly far astern, the blue-white marlin jumped half clear of the water in a geyser of foaming ocean, settling back to fight strongly in a series of submarine surges while Mr. Angstadt began to regain a bit of line the hard way.

Behind the transom, the marlin hurtled clear of the water, its rapier bill all too closely evident — and then Bob the Mate had the leader — the fish was hauled alongside — tagged and released.

It was Bob Angstadt's first marlin, despite some fabulous fishing among the Islands with wahoo, sailfish, barracuda, amberjack, dolphin and kingfish, when other members of the crew had tangled with marlin, both blue and white — and the former Navy flyer was impressed — and breathless.

"Have a cold one, Dad." Young Bobby, an Army lieutenant just returned from Vietnam battle hospitalization, grinned broadly.

After three solid strokes from six marlin in the baits, we came into Ocean City late that afternoon with a Woods Hole Oceanographic Institute white "T" and red pennant flying to indicate a marlin tagged — and somewhere, some day, someone may tangle with that marvelous marlin again.

## Airman Frederick Kingdon Completes Basic Training

Airman Frederic W. Kingdon, has completed basic training at Lackland AFB, Tex., and has been assigned to Keeler AFB, Miss., for training in communications electronics systems.

Kingdon, a 1967 graduate of Christians High School, attended the University of Colorado. His father, Frederick W. Kingdon, resides at 5 Monterey Drive, Newark.

## Edwin P. Neilan Initiated As Beta Gamma Sigma

Edwin P. Neilan, Wilmington business and civic leader, has been initiated by the University of Delaware chapter of Beta Gamma Sigma honor society.

Election to Beta Gamma Sigma is considered the highest scholastic honor a student or practitioner in business can win.

Neilan is president and board chairman of the Bank of Delaware.

## PUBLIC SALE

OF VALUABLE MERCHANDISE  
This is to serve as public notice that there will be a public sale of a 1968 Plymouth 2 Door Hard Top, on the premises of Short's Garage, The Causeway and S. Market Street, Wilmington, Delaware at 9:00 A.M., Tuesday, July 22, 1969.

This automobile is being sold to satisfy a lien obtained by way of a conditional sales contract which has been assigned to the Farmers Bank of the State of Delaware, and who is the holder thereof. It is being sold to satisfy the said Bank's claim under said conditional sales contract against William A. Sigmund.

# LEAVE THE COUNTRY.

Of all the ways America can grow, one way is by learning from others.

There are things you can learn in the Peace Corps you can't learn anywhere else.

You could start an irrigation program. And find that crabgrass and front lawns look a little ridiculous. When there isn't enough wheat to go around in Nepal.

You could be the outsider who helps bring a Jamaican fishing village to life, for the first time in three hundred years. And you could wonder if your country has outsiders enough. In Watts. In Detroit. In Appalachia. On its Indian reservations.

Last year, for the first time, Peace Corps alumni outnumbered Volunteers who are now out at work overseas.

By 1980, 200,000 Peace Corps alumni will be living their lives in every part of America.

There are those who think you can't change the world in the Peace Corps.

On the other hand, maybe it's not just what you do in the Peace Corps that counts.

But what you do when you get back.

The Peace Corps, Washington, D.C. 20525. 

ADVERTISING CONTRIBUTED FOR THE PUBLIC GOOD

# ...But what if we DON'T build the Safeguard ABM?

The answer is lodged in facts that may not show up as often as they should on newspaper front pages and in TV news broadcasts! It is concerned with the serious step-up in Russian missile production... with a world in which the Communists have taken the lead in nuclear weapons... and with the single non-Communist, non-military threat that may prove to be the cause of our downfall.

**MAKE NO MISTAKE.** At this very moment the Soviet Union already is well ahead of the U.S. in overall strategic missile strength. The most urgent matter before the Congress and the American people today is deciding what to do about it.

The American Security Council urges that all of the facts be given careful consideration... and believes that a carefully reasoned evaluation of those facts leads to a single, irresistible conclusion: America needs to begin building a Safeguard ABM missile defense system at once.

## COMPARISON OF STRATEGIC MILITARY TRENDS

Although the American gross national product is almost twice that of the Soviet Union, the USSR has for years been spending up to 3 times more than we have in strategic military forces. The current trend warns us that the Russians will have spent up to \$100 billion more than us on strategic weapons between now and 1975.

At this moment the total of Soviet strategic missiles is estimated at 2,750 compared with our own 1,710 (including ICBMs, intermediate and medium range missiles and sub-launched missiles). We're not building any more missiles. They are! But that's not the whole story. By 1975 the Soviets will, at the present rate, have deployed close to 500 mammoth SS-9 nuclear rockets with 20 to 25 megaton warheads. Each missile will be about 25 times more powerful than our own present Minuteman missiles — each will be about 1,000 times more powerful than the Hiroshima bomb.

The Soviet Union has a missile defense. We do not!

## THE SOVIET UNION'S MOTIVES

It no longer is necessary to "suppose" that the Russians are aiming for strategic military superiority. We now know that their objective is clear strategic superiority because they have already passed the balance point and are still building at a rate that suggests an all-out war economy. In both word and deed, the Russians have shown that they regard the world struggle as a fight to the finish — a fight that the Soviets intend to win at any cost. Not a single political or military authority has been able to offer any reasonable explanation for

the current Russian buildup of staggering destructive power, except in terms of deliberate, coldly calculated aggressive intentions...

...like the Soviet intentions and what followed in Czechoslovakia... Cuba... Vietnam... the Berlin Wall... Hungary... Poland!

The facts about this threat to our security have been carefully studied by a special Committee of distinguished Americans appointed by the American Security Council. Members of the Committee are outstanding experts in their respective fields. They include two Nobel prize winning scientists; the developer of the H-bomb; the developer of over-the-horizon radar; a former chairman of the Joint Chiefs of Staff; the general who headed the development of our own ICBM forces; the present head of the A.E.C.'s weapons division at Los Alamos; a former commander of the Strategic Air Command; a former chairman of the Atomic Energy Commission; a former commander of the Polaris Submarine fleet and 20 other such authorities whose combined credentials clearly establish them as the most qualified independent group ever to study this complex problem. None of them are "armchair strategists." They know what they are talking about. We believe their collective voice should be heard by every American!

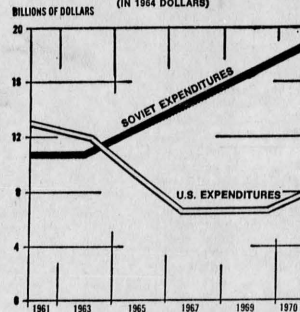

**THE ASC COMMITTEE'S RECOMMENDATION**  
The Committee has presented its findings and conclusions in the form of a highly readable 72-page book which, summed up, tells us this:

"An American ABM system is the soundest insurance for peace—and AGAINST war—that the United States can buy in 1969 for its security and protection in the 1970's."

The Committee urges that a dependable Safeguard ABM system can and MUST be built at once. Their report observes, "far from being an offensive weapon, the ABM is, in reality, insurance against war. It may well be, in fact, the single most important step the United States can take toward a real and lasting peace at this moment in history."

...and they further emphasize that ABM has become a symbol of our determination to keep America strong. All major defense decisions in the next decade will probably be affected by the acceptance or rejection of ABM on Capitol Hill in the next few weeks!

## Comparison of U.S. and Soviet Strategic Forces Expenditures

Can anything stop us from building a workable Safeguard ABM System? Just one thing: A LACK OF NATIONAL RESOLVE. It is ironic that—not technology... not "hardware"... not money... but our failure to pull together for a strong America might be the single factor responsible for our downfall.

As a matter of plain common sense, the Russians will have us either by violence or by blackmailing us with the threat of violence, if we allow them to increase their nuclear superiority. History does not reassure us with a single instance of an aggressor nation that restrained itself, once that nation believed it could start a war and win!

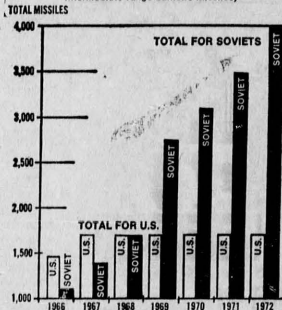

## WHAT YOU CAN DO—RIGHT NOW!

The Committee's 72-page book on the ABM and the Russian missile threat is written simply, in non-technical language. It will provide every concerned American with the facts he needs to decide about the Safeguard ABM system. You—and your children—should have and read this book.

You can order a copy simply by mailing the form below.

## Comparison of Total U.S./Soviet Strategic Missiles

(ICBMs, Sub-launched missiles, medium range ballistic missiles, Intermediate range ballistic missiles)

**BUT YOU SHOULD DO MORE.** Tell your congressman how you feel about Safeguard. Call, wire, write, but be sure to make your voice heard! (If you do not know the names and addresses of your Senators or Representative, call your local newspaper. They will be glad to give you this information.)

## GIVE SAFEGUARD YOUR FINANCIAL SUPPORT

Equally important, you can help protect yourself, your family and your country by sending the largest contribution you can, together with the form below, so that we can use this money to purchase more advertising space, and to otherwise get the facts about Safeguard and the missile gap — to every corner of America.

The American Security Council was able to fund the basic study but needs broad citizen support for its "Operation Safeguard" educational program. Thousands of citizens have already helped pay for ads like this. But thousands more concerned Americans must help. Please mail the form below—with your check—today.

## What is the American Security Council?

The American Security Council is a non-profit research and educational association dealing solely with national security problems. The ASC is bipartisan and seeks the best qualified experts whether they be Republican or Democrat, liberal, moderate or conservative. This broad spectrum of participation is reinforced by the cooperation of 358 colleges and universities and 189 membership organizations representing millions of Americans in a separate series of studies called *Peace and Freedom Through Cold War Victory*. By selecting experts on the basis of qualifications rather than political leanings, every ASC study has been accurate in its basic predictions. For example, the two preceding ASC studies on the changing strategic military balance accurately predicted the present adverse strategic military balance. These were prepared at the request of the House Armed Services Committee and published by that committee in 1967 and 1968. These studies are possible only because experts on ASC committees understand the need and donate their services. Please help back these dedicated Americans.

## Former U.D. Cross Country, Track Coach Ken Steers Retires As Phys Ed Chairman

University of Delaware cross country coach for 20 years and track coach for 15, Dr. D. Kenneth Steers left the university last week as chairman of the men's physical education department, with vacation time continuing through his official retirement date of Aug. 31.

Steers coached the Blue Hen harriers through the 1965 season, and stepped out as track coach after the 1960 campaign.

His cross country teams compiled a 75-49-1 record, and his Delaware track squads were 44-33.

He coached Middletown High School from 1932 to 1943, before coming to the university.

At Middletown, Steers coached one of the state's best schoolboy trackmen, Vernon Reed. Reed won the National Interscholastic Indoor long-jump championship at Madison Square garden in 1937.

As Delaware track coach, Steers produced two undefeated teams, in 1953 and 1960, and also turned out three teams which lost only

one meet. From 1952 through 1960, none of his teams went below 500.

Steers' Blue Hen stars include Bill Rosbold, half-mile and mile; Tom Baylis, quarter-mile; Cliff Browning, pole vaulter and long jumper; Carl-Olaf Homen, mile and two-mile; Mario Stalloni, javelin; Marion Davidson, dashes, and Wes Stack, mile and two mile.

Homen and Stack were two of his top cross country runners.

Steers' 1962 team gave the Hens their first Middle Atlantic coast country championship. His teams won 22 straight dual meets, from the 1963 campaign.

Born in Creston, Ia., Ken Steers received his bachelor's degree at Illinois in 1930; a master's degree at New York University in 1947, and a doctor's degree from Temple in 1956.

His teaching at the university was interrupted by service in the Army during World War II. As a private, he served in the European theater, where he was awarded the combat infantry badge, the ETO ribbon with three battle stars, and the Bronze Star. He rejoined the university in 1945.

Steers has been president of the Middle Atlantic Colleague Track and Field Association the Delaware

# THE NEWARK POST

EIGHT

The Newark Post, Newark, Delaware, Thursday, July 17, 1969

## Mrs. Winton Wins Club Championship In Newark Golf

Mrs. Clifford Winton won the Newark Country Club women's golf championship with the final 18 holes of the 72-hole, four-day event played last Thursday on the local links.

Mrs. John N. McDowell took second place in the club championship tourney, and Mrs. Harry McCavans finished third.

A field of 18 started in the tournament for the Newark Country Club women's golf title.

Mrs. McDowell was the defending champion.

## Unitas Visits In Newark As Quarterback Club Exec

Jonny Unitas, famed quarterback for the Baltimore Colts, visited Newark recently as vice-president for Quarterback East, Inc.

Unitas sampled food at his firm's Quarterback Club on South College Avenue, with young David Walston, son of Mr. and Mrs. Richard Walston of Newark, who were dining there at the time.

And David, with plenty of food in his tummy, had more stars in his eyes at meeting the Colt's legendary No. 19.

## Andy Hauty, Don Johnson Set Five Pool Records

Five pool records were set in the Newark Suburban Swimming League Saturday when Fairfield Crest defeated visiting Newark Country Club 369-196.

Andy Hauty, 15, of Newark, set three records in the 15-and-over age group. He won the 100-meter freestyle in 1:01.9, the individual medley in 1:13.9 and the 50-meter butterfly in 1:17.7.

Other records were set by Donnie Johnson of Fairfield in the eight-and-under group. He won the 25-meter breaststroke in 24.9 and the 25-meter backstroke in 19.7.

## Bob Woerner Wins Race Of Three-Miles At Conrad

Delaware's Bob Woerner won a three-mile race at Conrad High School last Sunday night in 15:58, beating Delaware Track and Field Club teammates Gary Reader and Ron Niblett.

Lou Coppens of the Penn Athletic Club, winner of the Caesar Rodney half marathon, set a Middle Atlantic record in winning the 10-mile test in 53:53.

## Statler, Ingram, Russell Win ABC Golf Handicap

Woody Statler, Walt Ingram and John Russell, by matching cards with two other teams, won the week-end ABC handicap golf event with the low net 59 at the Newark Country Club.

Sweeping low gross honors with 69 was the team of Dick Bauer, John Stone and Carroll W. Mumford, Jr.

Association of Health, Physical Education and Recreation, the Delaware chapter of American Association of University Professors, the Faculty Club, the Newark Rotary Club and the Newark Recreation Association.

He married the former Frances Finck of Rossville, Ill., an Illinois classmate.

## World Champ At Mile-And-A-Half

Overall, owned by Mrs. Helen Buck of Far Hill, N. J., who owns the world's champion record for a mile and a half, will be spotlighted at Brandywine Raceway this Saturday night, in the \$25,000 Adios Harry Free-For-All Invitational Pace.

The champion will oppose among others, Miss Conna Adios world's champion pacing mare.

Del tampo, one of the best trainer-drivers in the sport, will guide Overall.

Alabama Bob Armstrong, Cap'n Dick Pleasanton's new mate aboard Young Lady, handled that 60-lb. guided missile marlin as though the great spearfish with the lethal rapier was a harmless, toothless

son David riding the flying bridge

## Marty Armstrong Gets Hole-In-One At Junior Amateur

Marty Armstrong of Newark scored a hole-in-one while playing in the Delaware Junior Amateur Golf Tournament at Kennett Square, Pa., on Tuesday last week.

Marty shot his ace on the 185-yard second hole with a No. 5 wood while playing in the fourth flight.

Rich Osberg of Hercules defeated John Horst of the host club 3-2 to win the junior title.

## Mrs. McDowell, Mrs. Smith Win In Ladies Day Golf

Mrs. John N. McDowell and Mrs. Charles Smith won the Ladies Day odd and even golf event last Tuesday at the Newark Country Club.

Mrs. Brandon Davis and Mrs. Russell Menard took second place, and Mrs. Howard Armstrong and Mrs. Wesley Barrows, third.

## Staiger's Nottingham Club Wins Over North Star

The undefeated Nottingham Swim Club coached by Chuck Staiger, handed North Star their first defeat of the season last Saturday, with a final score of 277-242.

Nottingham Green had five triple winners—Jeff Foulk, Betty Richiell, Chris Murphy, Barbara Tucker and Suzanne Mangold.

North Star had two triple winners with Craig Russell and Patty Brill.

of the Young Lady, we left Capt. William Bunting's dock at Ocean City, Md., early last Friday morning with Bob and Bobby Angstadt, Lee Perry and Reggie Rockwell for a go at the white marlin in the deep blue water offshore — and some 37-miles out of the White Marlin Capital of the World, began trolling an assortment of ballyhoo, mullet, eels, and strip bait skipping from four lines tethered by clothespins snaps to a pair of outriggers, with a tight line trailing from a rod on the bridge.

## "Gold Roll" For Distaff Side To Begin With Delaware Park New Castle Stakes

Delaware Park's "gold roll" for fillies and mares swings into action this week with Saturday's \$30,000-added New Castle Stakes leading the way.

This mile and a sixteenth test annually serves as the final major prep for the two-weeks-later \$100,000-added Delaware Handicap, the mile and a quarter classic which always has an important part in deciding the No. 1 distaff horse of the year.

Down through the years, only four winners of the New Castle have gone on to capture the longer and richer Delaware 'Cap. They were Princess Turia in 1957; Quill in 1960; Airman's Guide in 1961; and Open Fire in 1966.

Last year, the speed-packed Plucky Pan came close to turning the trick. She took the New Castle but had to settle for second money

in the Delaware behind the famed and now retired Politely. Of the 51 eligibles for both the New Castle and Delaware at a single nomination fee, 11 are three-year-olds, including such stars as Shuvee, Gallant Bloom, Double Delta, Hail to Patsy and Symona 2nd.
