Dear friend -

Messersmith

Thanks so much for your letter.

I shall not fail to give the President
& Secretary the information you have
given me which is so interesting &
for which they will I know be very
grateful to you.

We are having a rather rough
crossing to South America but I want
to send you just this word to say
I have Mrs. Hieseman in Berlin. Her
address is Mrs. Kathie Hieseman,
Bismarckstrasse 99
Berlin - Charlottenburg.

Her telephone number is 313477

I told her the next time you come
to Berlin she would hear from you.
She intends to spend part of August
in Switzerland but if she hears from
you when you will be in Berlin,
she would return as soon as to be there
when you are. Anything you can
do for her will be very much
worth while (with Dr. Schocht)
not only for her but in the end
in the general interest.

I approach my difficult

with very mixed feelings
 but will do my best. I need not
 tell you how grateful I am to
 you for what you said to me,
 and if I find the strain too
 great I shall not hesitate to
 let you know - for I know
 your generous thought grows
 out of an understanding and
 friendship which I cherish so
 deeply.

With best wishes to you and
 your wife & family from us

with, & looking forward to
seeing you at home in a few
months,

Very truly Yours,

J. W. M. S. M. S.
