Newark opens hearts & wallets to aid needy

By MARK CORRIGAN

MCCRIGAN@CHES PUB.COM

The Newark Area Welfare Committee once again brought together businesses, organizations, communities, and individuals to promote the "spirit of giving" by hosting their Christmas Basket Program for needy families and senior citizens in the greater Newark area. The group, with a host of volunteers and supporters, packed, loaded, and distributed 336 food baskets on December 16, 17, and 18, at the First Newark Presbyterian Church.

Polly Sierer, President, Newark Area Welfare Committee cited a large number of the groups who donated not only items to the cause, but their valuable time, as well.

The Accounting and Purchasing departments of AstraZeneca volunteered

four hours either collecting and sorting food or assembling and packing food baskets. Bank of New York employees helped lift hundreds of cases of food along with six Delaware School for the Deaf students and six University of Delaware baseball players and their pitching coach, Mike Ranson. The youth group of Unitarian Universalist Fellowship, volunteers from United Methodist, First Presbyterian, Head of Christiana Presbyterian, St Johns/Holy Angels, and St. Thomas Episcopal churches collected, sorted, packed, and carried heavy food boxes. Individuals from the Newark Senior Center, a Bible study group, a bridge club, and employees of the Deerfield Golf Club worked side by side with home schooled children and their parents, and family groups of

Newark's Main Street national semi-finalist

By DOUG RAINEY

DRANEY@CHES PUB.COM

Newark's Main Street is in elite company.

The Downtown Newark Partnership has been named a semi-finalist 2011 Great American Main Street Awards. The 10 semi-finalists were selected from a nationwide pool of applicants and now move to the final round.

The National Trust for Historic Preservation will present this year's five winners at the Main Street Awards Ceremony during the National

Main Streets Conference in Des Moines, Iowa this spring.

"I think we have a good shot," says Maureen Roser, administrator for the Downtown Newark Partnership. Roser noted that the city's central business district made the list on its second try.

The partnership and the city have a lot of work ahead in preparing a final entry. While Roser expects little trouble in getting letters of support for the downtown effort, she is looking for a company or organization to produce a video that

Hens, Eagles meet in Jan.

By JON BUZBY

JONBUZBY@HOTMAIL.COM

Delaware quarterback Pat Devlin has said all along the reason he transferred from Penn State his junior year is for the opportunity to win a national championship. Now, the senior will get his chance.

The University of Delaware punched its ticket to the NCAA Division 1-AA championship game for the third time in eight years with a 27-10 win over Georgia Southern Saturday afternoon in front of 10,317 noisy fans at Delaware Stadium.

Georgia Southern's highly-touted triple-option attack stymied the Hens at first, but the UD defense quickly hunkered down and not only stopped the Eagles' offense, but forced five turnovers while doing so.

"They have a tendency to fumble a lot because of that offense," defensive lineman Chris Morales, whose fumble recovery in the fourth quarter sealed the win for the Hens, said after the game. "We just took advantage of it."

After struggling offensively on its first two series, senior quarterback Pat Devlin hit a wide open Mark Schenauer in the back of the end zone to cap a 16-play, 85 yard drive to give the Hens a 7-0 lead they would never

relinquish.

"We struggled at first," Devlin, who completed 14 of 20 passes for 137 yards and two touchdowns, said after the game, "but we righted the ship. We ended up scoring 27 points and our goal is to score 24."

Anthony Bratton played what coach K.C. Keeler called the point position against the Eagles' triple-option attack and recorded a career-high 14 tackles, while Paul Worriow chipped in with 12.

Delaware (12-2) will now take on the top-seed Eastern Washington Eagles (12-2) on January 7 in Frisco, Texas, in the title game. Eastern Washington defeated defending NCAA champion Villanova 41-31 in the other semifinal. Frisco is a suburb of Dallas.

"They had to tell me who we were playing," Keeler said after the game of the Hens' next opponent. "I was just so focused on this game."

Keeler, who is making his eighth trip to a title game as a head coach (five with Rowan), said after consulting with several coaches who have been to bowl games that the coaching staff decided to let the players head home for the holidays and report back on Dec. 28 for practice. He

could help the city move into the finals.

The recognition comes after a lengthy effort to revitalize downtown, which underwent a serious decline in the 1980s as competition from outlying shopping areas took its toll.

The Greater Newark Partnership was formed in the 1990s to address various issues, including retaining and attracting merchants, marketing Main Street, architectural design and parking. It is comprised of the University of Delaware, local businesses and the City of Newark.

Despite a severe economic downturn, downtown has seen tens of million dollars in investment in renovated buildings, as well as an influx of retailers and restaurants. The partnership reported 15 new businesses came to downtown in the past year, including seven restaurants, seven retailers and one bank. More businesses will open in downtown next year, including a new bookstore for the University of Delaware.

The partnership has also

added other programs, the most recent being a gift card promotion that offered a \$25 gift card with the purchase of \$250 from a participating merchants.

Roser emphasized that the partnership will not rest on its accomplishments, but will continue to work to improve signage, parking and other concerns on Main Street.

The other 2011 Great American Main Street Awards semifinalists are:

- Downtown Beloit, Inc., Beloit, Wisconsin
- Boyne City Main Street Program, Boyne City, Michigan
- Durant Main Street, Durant, Oklahoma
- Farmland Downtown Historic District, Farmland, Indiana
- Downtown Fort Pierce, Fort Pierce, Florida
- Hobart Main Street, Hobart, Oklahoma
- Old Town Lansing, Lansing, Michigan
- Main Street Marshfield, Marshfield, Wisconsin
- Silver City Main Street Project, Silver City, New Mexico

The winners will be select-

ed by a national jury composed of former award winners, community development professionals, representatives from government and foundations, and journalists who are active in community economic development and historic preservation.

"Community leaders and local volunteers have dedicated their time over many years to bring profound, positive change to their communities. These semifinalists have demonstrated a commitment to building sustainable, vibrant Main Streets with successful

businesses and exciting events that can weather this recession," said Doug Loescher, director of the National Trust Main Street Center. "They are models for others to follow."

GAMSA semifinalists and winners demonstrated achievement in the process of strengthening their downtowns and commercial districts based on the following selection criteria, according to a release from the group:

- Active involvement of the public and private sectors;
- Broad-based community support for the revitalization effort;
- Quality of achievements over time;
- Innovative solutions to significant problems;
- Commitment to historic preservation;
- Evolving track record of successful commercial district revitalization;
- Comprehensive revitalization effort: activity in all four points of the Main Street Four-Point Approach® to commercial district revitalization;
- Economic impact of the revitalization program; and

• Successful small business development.

Established in 1980, the National Trust Main Street Center® helps communities of all sizes revitalize their older and historic commercial districts. Working in more than 2,200 downtowns and urban neighborhoods over the last 29 years, the Main Street program has leveraged more than \$44.9 billion in new public and private investment.

Participating communities have created 370,514 net new jobs and 82,909 net new businesses and rehabilitated more than 199,500 buildings, leveraging an average of \$25.36 in new investment for every dollar spent on their Main Street district revitalization efforts, according to the group.

With headquarters in Washington, DC, nine regional and field offices, 29 historic sites, and partner organizations in 50 states, territories, and the District of Columbia, the National Trust for Historic Preservation provides leadership, education, advocacy and resources to a national network of people, organizations and local communities.

On Wednesday Dec. 15, Newark Police officers were called to the 300 block of Bent Lane, in the Nottingham Green neighborhood, for a report of a suspicious person.

While enroute to the call, officers learned that the suspicious person was inside of an enclosed rear porch of the residence and was knocking on the victim's door.

Officers arrived on scene and located the suspect in the victim's backyard. The suspect was immediately taken into custody. While searching the suspect, officers located a Taurus 9mm handgun, two loaded handgun magazines and burglary tools. During the course of the investigation it was determined that the suspect was attempting to break into the victim's residence and that the handgun the suspect possessed was recently reported stolen from a home in Limestone Acres.

Dollar General robbed

New Castle County Police are investigating a robbery of the Dollar General Store located in the Brookside Shopping Center, south of Newark.

On Tuesday at 7:35 p.m., County Police responded to store, located in the unit block of Marrows Road, for a report of a robbery. When police arrived, they contacted the female victim who reported she was just accosted and robbed by an unknown male subject.

The investigation has revealed the victim was helping a patron at the front register, when an unknown male subject entered the store. As the patron was leaving, the subject approached the store employee and demanded money. The

victim grabbed an undisclosed amount of money from the register and handed it to the subject. The suspect then fled out the front door in an unknown direction.

The suspect was described as being in his 30s, between 5'6" and 5'8" tall, with a medium build. He was wearing blue jeans, a dark colored jacket with a hood and his face was concealed.

Two injured in crash

Investigators from the New Castle County Police Traffic Services Unit are currently investigating a single car crash that occurred early Sunday morning that left two 19 year-olds from Newark hospitalized. According to investigators, alcohol and black ice are thought to be contributing factors in the crash.

At 2:00 a.m., County Police and Paramedics were called to Upper Pike Creek Road, in an area between New Linden Hill Road and Grandville Road, for a personal injury accident. When Officers arrived, they found a 1999 Buick LeSabre had crashed into a tree and sustained heavy front end dam-

age to the driver's side of the vehicle.

The male driver sustained a head injury and was transported to the Christiana Hospital, where he was admitted for observation. A female passenger suffered a broken ankle.

The investigation indicated the driver, Jarrett Avena, was traveling northbound on Upper Pike Creek Road when he approached a slight curve (right) in the roadway. His car then traveled across the roadway and crashed into a tree.

The crash remains under investigation.

Man pleads guilty

David C. Weiss, United States Attorney for the District of Delaware, announced that a Newark-area man pled guilty to child exploitation charges. Joseph Starkey, age 31, Newark, pled guilty to transfer of obscene material to a minor, in violation of federal law. Starkey, who will be sentenced by United States District Judge Sue L. Robinson on March 24, 2011, faces a maximum sentence of ten years in prison and three years of supervised release. He also will be required to register as a sex offender in any jurisdiction in which he lives, works, or attends school.

In April 2010, Starkey came to the attention of a Special Agent of the Pennsylvania Attorney General's Child Predator Unit, who was posing online as a 13-year-old girl. Using the screen name "oneluckyguy79," Starkey

engaged the fictitious minor in a number of video chats during which Starkey repeatedly masturbated via a web camera.

During the chats, Starkey attempted to persuade the fictitious minor to send him nude pictures. Starkey also offered to purchase a web camera for the fictitious minor and offered tips on how to hide a web camera from her parents. Starkey has been detained since his August 19, 2010 arrest.

"While we cannot give back the innocence to those who were abused and exploited, we can make sure that justice is served," said John Kelleghan, ICE special agent in charge of Homeland Security Investigations in Philadelphia. "HSI and its law enforcement partners stand vigilant to protect the most vulnerable among us, our children."

Alcohol suspected in crash

Investigators from the New Castle County Police Traffic Services Unit are currently investigating a single car crash that occurred last Thursday morning and left a 19 year old Newark-area male hospitalized. According to investigators, alcohol is thought to be a contributing factor in the crash.

At 2:23 a.m., County Police and Paramedics responded to the intersection of Powder Horn Drive and South Gerald Drive, in the development of Fox Chase. The development is off Route 273, near the Christiana

Skating Center.

When officers arrived, the operator was found to be semi-responsive and trapped in his 1999 Dodge Intrepid that was observed to have heavy front end damage. The operator had to be extricated from the vehicle by rescue personnel.

The male driver was transported to the Christiana Hospital and admitted to the intensive care unit with internal injuries and severe head trauma. The investigation has revealed the driver, Jacob Brown, was traveling northbound on South Gerald Drive when his car traveled across the roadway and crashed into a tree at the intersection of Powder Horn Drive.

The crash remains under investigation. Charges are pending.

Florence Dill

Florence C. (Panico) Dill, 92, lately of Newark, died peacefully on December 13, after a short illness.

She was the eldest child of Giovanni "John" Panico and Mary (Ivone) Panico, born in Norristown, Pennsylvania on May 17, 1918. Florence graduated from Norristown High School in 1935 and thereafter moved to Wilmington with her family. She married Paul N. Dill of Denton, Maryland and New Castle in 1942, shortly before he returned to fight in the Pacific Theater during World War II. They had two sons before Paul was recalled into the Korean War after two years at home. He was declared "missing in action" in 1950 after fighting with the 31st Infantry Regiment of the Seventh Infantry Division near the Chosin Reservoir.

Florence raised their sons and taught at St. Anthony of Padua grade school for over 25 years. She is fondly remembered by her many former students as an inspirational teacher. In 1977 she

earned her bachelor's degree from the University of Delaware. For 10 years after retiring from St. Anthony's, she went on to teach children and young adults with special challenges and disabilities at the Mary Campbell Center and Elwyn Institute. Florence was a longtime member of St. Anthony's parish and was a member of the Blessed Virgin Mary Sodality and the Italian Culture Club. She also volunteered her time with the Ministry of Caring and proudly represented Post No. 2 of the Korean Veterans Association, which was named for her late husband.

She was predeceased by her parents, John and Mary; her husband, Captain Paul N. Dill; her brother, Vincent Panico and his wife, Beatrice "Bea"; her sisters-in-law, Margaret "Peg" Panico and Geraldine "Gerry" Panico; and many beloved friends. She is survived by her sons; P. Michael Dill and his wife, Donna (Stigliano), and John S. Dill and his wife Mary (Shea); her grandchildren, Stefanie Little and her husband Bryan, Ryan Dill, Sean Dill, Patrick Dill and Katie Dill; her sister, Connie Mantyla and her husband Thomas; and her brothers Peter Panico and his wife Marie, John Panico and Richard Panico and his wife, Phyllis; as well as her two great-granddaughters, Emma and Tess Little.

A Mass of Christian Burial was celebrated at St. Anthony of Padua Church, 9th and DuPont Sts. in Wilmington, on Friday, December 17. Entombment followed in Cathedral Cemetery.

Teams go into national title game with 12-2 records

► BUZZY, from 1

noted that other coaches warned him of the team becoming stale with several weeks between games. He also said the Hens would welcome the time to heal from several nagging and lingering injuries to key players.

In addition to staying fresh and getting healthy, in order to be successful in Frisco, the Hens must play mistake-free football like they did on Saturday by limiting penalties and taking care of the football. As Keeler said heading into the Georgia Southern game, "The one thing you know about your opponent at this point is that they are good."

Delaware has won seven national titles — in 1946, 1963, 1971 and 1972 through wire-service polls and 1979 and 2003 via NCAA playoffs — and it's clear that this team has the talent and leadership to win the school's eighth.

The coaches and players all expect to win. And the fans expect them too as well.

And who can blame them. After all, it is why Devlin came here.

Christiana hoops team brings wealth of experience to court

The Lady Vikings had a taste of what the atmosphere of the basketball state tournament is like last year, and despite a first-round loss, the experience gained is certain to pay off for a team with three returning starters from that 12-6 squad.

"Three of the starters will be playing their third year together," said assistant coach Paul Freeland. "The girls got a taste of the tournament last year and will work hard to get back this year."

Those returning starters are senior guard Cari Callaway (16 points, 5 assists, 3 steals per game), junior guard Kasheema Boyer (11 points, 6 rebounds), and senior Khadigha Corbett (6 points, 4 rebounds). They will be joined by sophomore Charnae Lusby, who started a few games last year and according to Freeland is expected to step in as the third guard, and senior Cindy Leeuwen, a post player who will be relied on to rebound and play defense.

"We have to play together as a team," Freeland added. "Our strength this year will be our guard play so we will need to take care of the ball and limit turnovers."

Christiana's record stood at 2-2 — wins against Mount Pleasant and Glasgow with losses to Concord and Howard — going into its home game Monday against Delcastle.

MARK CAMPBELL, UD ATHLETICS MEDIA RELATIONS PHOTO

UD quarterback Pat Devlin gets his chance to play for a national title.

"This is a great group of girls to coach because they are always willing to listen and learn, and they practice hard every day," Freeland said.

Glasgow High boys off to fast start on the hardwood floor

The Dragons are off to a 2-1 start heading into the week including a thrilling four-overtime 94-87 win over rival Christiana. In that game, freshman guard Mahir Johnson had a team-high 23 points, including converting 11 of 13 free throws.

According to assistant coach Jeremy Jeanne, the Dragons will rely on a young crop of players this season, including two other freshmen, Kyle Coleman and Tyrell Sturdivant, in addition to Johnson. Juniors Lucke Pouthison and Malachi Seney will anchor the Dragons' backcourt.

"We are a young team that works really hard," Jeanne said. "They want to learn and get better. We have a bright future."

Glasgow (4-2) recently played in the Kappa Classic, where the Dragons lost to Preparatory Charter High School (Pa.) but then rebounded to defeat Caravel Academy 72-67. Johnson had a game-high 23 points and Pouthison added 13 in the win.

IN OUR SCHOOLS

DSD offers community service classes

This year the Delaware School for the Deaf, near Newark, is offering two Community Service Learning classes. These classes are geared toward helping students learn how to apply their academics to their everyday life by giving back to their community.

So far this year, the Service Learning II class has participated in Cupcakes for a Cause in conjunction with Bing's Bakery to raise almost \$200 for kids with cancer. The students sold coupons for Boscov's Friends Helping Friends Event to raise money for the Junior/Senior class and worked to help Boscov's decorate for the event. Students also did face painting, cooking demonstrations and hospitality food and drink for customers. In addition, students have been working with Bing's Bakery on an ongoing basis to fold boxes for them for the holiday season. DSD students learned about veterans and made connections with community hotels to collect two large boxes of personal toiletry items which were donated to our local VA hospital. The students also took a tour of the hospital and distributed "thank you" and "get well" cards to the patients. Currently, also wrapped presents at Boscov's to raise money for needy families in the deaf community and running an Adopt-A-Family

Delaware School for the Deaf student working at Boscov's.

program as well.

The Community Service I class has been coordinating the school wide Paper Recycling Program. They have collected over 6 tons of paper so far earning money for the School Wide PBS program while studying recycling in general. Students learned how to recycle paper and make their own and taught younger classes how to do it during a Family Night. DSD students sponsored a workshop on carseat safety and are coordinating a car seat recycling program. Furthermore, students also worked on a community food drive for the Newark Welfare Committee Holiday Food Drive. The students

dropped off flyers to different developments and then returned a few days later to pick up bags left on the doorsteps. They culminated this activity with putting the foodboxes together on December 17th alongside the other individuals on the larger committee.

All in all, students are benefiting from the varied service related experiences. Not only do they plan the projects with due dates and time lines, but they make contact with community agencies - networking and building future relationships. Over the years, community support for the Delaware School for the Deaf has been immeasurable and giving back to our community is one small way we can say "thank you," according to a release from the school.

Students help out Food Bank

Earlier this month, middle school students, teachers, and parents from Glasgow Christian Academy went to the Food Bank of Delaware to volunteer. This community service project was sponsored by the FCCLA club and the Student Government. The students collected 486 pounds of non-perishable food to donate to the Food Bank. The students washed and sanitized coolers, stacked them on pallets for storage, and sorted through donated food.

Turnaround plans outlined for Glasgow, Stubbs

The Christina School District will soon submit final draft plans for its two Partnership Zone schools, Stubbs Elementary School and Glasgow High School, and is currently working with the Delaware Department of Education (DOE) on revisions to proposals. Final drafts were submitted to DOE by December 22.

The plan would result in Glasgow High being organized into three academies for students.

The schools are under a state partnership agreement that requires major changes, due to student performance issues.

Design Teams made up of parents, staff, union representatives, a board liaison, and community members have spent the last three months developing a reform plan for each school that meets Delaware Department of Education requirements as well as requirements mandated through the Federal Race to the Top Grant overseen by the U.S. Department of Education. Each school will receive up to \$700,000 per year for up to 3 years to implement the plans. More detailed information about each plan follows:

At Stubbs Elementary School, the plan proposes the first early Science, Technology, Engineering, Math (STEM) model in Christina, and would implement a Project-Based Learning (PBL) approach. If the plan is approved, Stubbs

Elementary School would be provided with ongoing support by a Partnership Zone Technical Assistance Team made up of staff from the District and the Department of Education, as well as a STEM Advisory Committee. In addition, Stubbs Elementary School is one of three Community Schools in the Christina School District, a community-based partnership between Christina, Children and Families First, and JP Morgan Chase. Students at Stubbs will also benefit from Extended Learning Time, which will focus on creating a more effective school day to better meet the academic, social, and enrichment needs of Stubbs students.

At Glasgow High School, the proposed plan would create the first high school in the Christina School District that is organized into three smaller Academies, each with a focus geared to college and career readiness, student engagement, and sustained academic success. The three Academies proposed for Glasgow are STEM (Science Technology Engineering Math), Business and Entrepreneurship, and Humanities and the Arts. As part of its proposed plan, Glasgow High School would also implement a Project-Based Learning (PBL) approach in many subject areas.

Academies would begin with 9th and 10th grade students in Fall 2011, and add

grades 11 and 12 in following years

Students in 11th and 12th grade in Fall 2011 would continue their current course of study towards graduation, and would receive additional support towards academic success and college and career readiness

Academies would expand

to serve 9th -11th grade in Fall 2012, and 9th -12th grade in Fall 2013

If the plan is approved, Glasgow High School would be provided with ongoing support by a Partnership Zone Technical Assistance Team made up of staff from the District and the Department of Education, as well as a STEM

Advisory Committee. In addition, Glasgow will implement new initiatives to support a positive school climate at Glasgow. These include school-wide team training in Positive Behavior Support (PBS), cultural competency training, and classroom management training. Students at Glasgow will also benefit from Extended Learning Time,

which will focus on creating a more effective school day to better meet the academic, social, and enrichment needs of Glasgow students.

Girl Scout cookie sales drive nearly here

By JANE BELLMEYER

JBELLMEYER@CECILWHIG.COM

Around the time most people are finishing off the last fruitcake from Christmas, Girl Scouts will be gearing up to take orders for their annual cookie sale.

Girl Scouts of the Chesapeake Bay Council, which includes all troops on the Delmarva Peninsula, will begin this year's cookie sale Jan. 8, according to spokeswoman Liz Farrell.

Although Girl Scouts of the USA offers 11 flavors in total, some flavors are only available in certain areas of the country.

This year, the 15,500 Girl Scouts in the 14 counties that make up the Delmarva Peninsula -- including 1,300 in Cecil County -- will offer six

varieties, or the Super Six.

"We came up with the Super Six after looking at sales figures for the most popular cookies," Farrell said Wednesday. "We want to deliver what people want."

The Super Six that will be sold locally include the peanut butter and chocolate Tagalongs; the underappreciated shortbread Trefoils; Do-Si-Dos, which are two oatmeal cookies surrounding a peanut butter-flavored layer; the donut-shaped caramel and coconut Samoas; Lemon Chalet Creams, a sandwich cookie that combines cinnamon-ginger spice with lemon cream; and everyone's favorite Thin Mints.

All of the varieties, which still sell for \$3.50 a box, are made with all-natural ingredients and contain no preservatives or trans-fats.

Farrell said 85 percent of the council's Girl Scouts participate in the annual sales campaign, which promotes life skills such as goal setting, planning, marketing, budgeting, record keeping, community relations and a sense of responsibility and achievement.

"It's a wonderful program and a core critical fundraiser for Girl Scouts," she said, adding that last year's sale raised a combined \$3 million for troops in the Chesapeake Bay Council, which is headquartered in Newark.

Those proceeds fund the council's annual budget, provides resources for camp maintenance, trips and activities and support scholarship programs from Girl Scouts heading to college, Farrell said.

In recent years, the council also has undertaken "Operation

Taste of Home," which gives customers the option of making tax-deductible cookie purchases for local charities and military personnel serving overseas.

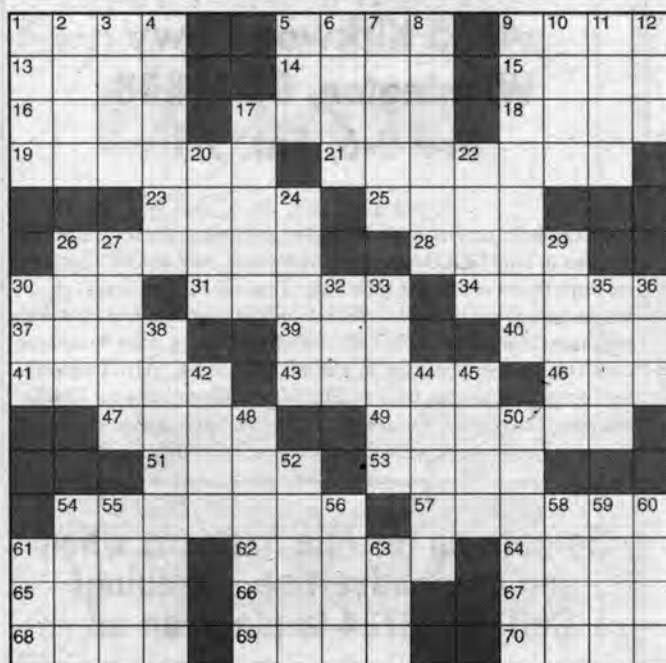

Farrell said donated cookie purchases made through Operation Taste of Home now represents more than a quarter of the council's total annual sales.

The program also has shipped more than a million boxes of the tasty treats to soldiers in Iraq and Afghanistan through Dover Air Force Base.

"This region has been very supportive," she said.

Anyone who is interested in purchasing Girl Scout cookies, but does not already know a Girl Scout, can be directed to the council's nearest saleswoman by visiting www.girlscoutcookies.org.

Caffe Gelato owner honored by UD

The University of Delaware's Department of Hotel, Restaurant and Institutional Management (HRIM) has announced that Ryan German, a UD alumnus and owner of the popular Newark restaurant Caffe Gelato, has been selected its 2010 Renaissance Award winner.

HRIM has presented the Renaissance Award annually since 2006 to an individual who furthers town and gown relations by making Newark a better place to live and learn.

German joins past winners Newark Mayor Vance Funk; David E. Hollowell, UD executive vice president and treasurer emeritus; fellow restaurateur Bob Ashby; and Bill Sullivan, managing director of Marriott's Courtyard Newark at the University of Delaware hotel.

This year's Renaissance Award was presented during a special dinner held Friday, Dec. 3, at HRIM's Vita Nova Restaurant in the Trabant University Center.

A graduate of UD's Alfred Lerner College of Business and Economics, which houses HRIM, German is the owner of Caffe Gelato and a managing partner of the Newark Development Group.

He is the past board president

of the Friends of the Newark Free Library, and also served on the board of directors for the Newark Arts Alliance. Currently he serves on the boards of directors of the Downtown Newark Partnership and the Delaware Theatre Company and is the 2011 chairman of the Delaware Restaurant Association.

German frequently hosts fundraising dinners for organizations such as the Newark Day Nursery, the Newark Arts Alliance, the Newark Symphony Orchestra, the Newark Morning Rotary's Shoes that Fit Initiative, the American Cancer Society, the Boys and Girls Club of Delaware, Girl Scouts of America, the Leukemia and Lymphoma Society, Kids with Confidence, Pike Creek Running Club and the Delaware Rugby Foundation.

In addition, he has organized the first annual Waffle Cone 10-Miler, which benefits the Newark Empowerment Center of the Friendship House.

Bob Nelson, chair of the Department of Hotel, Restaurant and Institutional Management, has said the department takes special pride in the Renaissance Award, which was established by his predecessor, Fred DeMicco,

as a way to honor someone who exemplifies community service in the city of Newark.

The names of the winners are prominently displayed on a plaque in the HRIM office to serve as examples for students in the department.

The award dinner raises money to support an HRIM stu-

dent who works on projects to benefit the community at the city of Newark's Office of Planning and Development.

"What makes the Renaissance Award special is that it recognizes an individual's efforts to improve the quality of life in Newark, while putting a student in a position to do the same," Nelson said.
