DANIEL WESLEY WOOD

1921 — 1978

Dan Wood was a scholar and a gentleman. He brought the gifts of high intelligence and a keen, incisive mind to his important post as advisor to three university presidents and the Board of Trustees in more than 20 years of service to his alma mater. Matriculating to the University of Delaware in 1941 after graduating with honors from Franklin & Marshall Academy, he distinguished himself as a scholar and an athlete. After two years of college, he left to serve in the armed forces during World War II. He saw action as a combat infantryman and was wounded in the invasion of France. After the war, he returned to college, graduating in 1947 and winning election to the Pi Mu Epsilon honorary mathematics society and the Kappa Delta Pi education honorary. He also was an outstanding football player on the U. of D. team that won the Cigar Bowl in Tampa, Florida, in 1947. He earned a master's degree here in 1948 and then did advance study at University College in Exeter, England and the University of Pennsylvania. In his many years of service to Delaware, he taught in the College of Education, served as administrative assistant to the dean of that college, administrative assistant to the president, university secretary, and at the time of his death, university secretary and executive assistant to the president. He was an excellent administrator, a friendly and charming companion, and a champion of good scholarship and his alma mater. He gave a life to the University of Delaware and helped to make this school the fine institution that it is.
