

Pike Creek Valley Developers Free Of Current Legal Action

Presidents Of Three Civic Groups Opposing Original Development Plans, Issue Joint Statement In Support Of Present Restrictions With Demand For Conformance

In a joint statement issued this week by the presidents of the Polly Drummond Hill and North Mill Creek associations, and the Council of Civic Associations of Mill Creek Hundred, Leonard T. Haag, Lyle G. Hartman, and F. R. Griesinger announced that no immediate legal steps are planned to contest rezoning for the Pike Creek Valley Development, but that the associations will maintain surveillance of developers' conformance with zoning restrictions.

"After extensive review and careful consideration, the associations have decided that no further legal steps will be taken at this time to contest the rezoning for the Pike Creek Valley Development or the legality of the contract entered into by the developers," the civic group leaders stated.

"Of course, the associations and their members will be watching the course of developments carefully in the coming months and years and will not hesitate to seek legal redress if the developers transgress the law or their own undertakings made in the various hearings."

Rezoning Anticipated

"The associations recognized from the outset that the lands in the area would be rezoned. The associations took the position that the 'blank check' originally requested for minimal rezoning would have been an error. The associations' position was sustained by the Levy Court which did not, in fact, grant 'blanket' minimal rezoning, but did grant only certain definite rezoning to the developers. The Levy Court obtained a master plan which the developers say is legally binding upon them and which will insure that the plans of the developers are carried out."

"So far as the Levy Court is concerned, the associations will look to it for the institution of appropriate action necessary to provide the fire, police and sanitary protection. It is expected that the Levy Court will act promptly so that these supporting facilities are planned and constructed well in advance and are not simply forced into existence by the inconvenience created."

"So far as the developers are concerned, the associations, representing as they do present residents of the area, have the right to be concerned that their plans for a planned and well-interacted community will work out even better than they themselves have anticipated."

He stressed the need for recognition and friendliness, citing the example of a banker who gave up driving to work after making friends in a walk through the neighborhood, and of a costly hospital bill "paid in full with two glasses of milk" by a surgeon who had been befriended by the patient.

Joseph A. Carneval, general chairman for the fund drive to be conducted Feb. 1 to March 15 in an effort to obtain \$160,000 to provide an indoor swimming pool at the Alice P. Smyth Center YWCA, discussed the pending campaign and need for the pool at a dinner meeting in the Newark YWCA building last Thursday night.

Carneval, manager of the General Foods distribution center near Newark, expressed optimism for success of the fund drive, citing the need for such a pool in the community, and its worth to all contributors.

"We have had 2 1/2 per cent of our goal pledged here tonight," he said.

Mrs. John R. Fader delivered the invocation; and Mrs. Edward Ginther, Smyth Center committee chairman, introduced special guests.

Elsie West of the YWCA explained the need for extended facilities in Newark, citing this area as the fastest growing in northern New Castle County, and the YWCA growth from 14 women and three children in 1955, to 900 paid members.

Hannah Stevens discussed the proposed pool progress for varied age groups, with accommodations for some 12,000 pool appearances annually, and 2,500 of class registrations.

Mrs. Sylvester Rennie, president of the Wilmington YMCA, reported progress to date, with an investment of \$193,427.01 in the present Smyth Center. She said that the 1962-63 campaign "was not as successful as we had hoped," in accounting for the proposed campaign for the pool with administrative expenses to be "less than \$2,000."

Anticipated expenses for the pool facilities include \$85,800 for building construction; \$35,000 for the remodeling of apartments for pool locker rooms; \$29,700 for the pool, pumps, and filters; \$7,500 for landscaping and paving; and \$4,000 for lockers, diving board, and other pool equipment.

Assisting Carneval with the drive will be Mrs. Melville G. Kershaw and Mrs. Walter A. Dow.

DST Construction Expenditure Mark Expected For 1965

Diamond State Telephone Company construction expenditures in 1965 will reach a record high of \$13,547,000—about \$53,500 for each business day of the year—W. D. Gillen, president of the company, announced in a year-end statement.

This figure, representing an increase of nearly \$3 million over last year, will make 1965 the 14th consecutive year in which the company's construction outlays will have exceeded \$3 million, Gillen said.

"In addition, purchases of supplies and services by the Diamond State Company and Western Electric Company, manufacturing and supply unit of the Bell System, will benefit hundreds of firms in all sections of the state," Gillen added.

During 1964, the two companies bought more than \$3 million worth of goods and services from 850 Delaware suppliers.

Reductions during the year in charges for private line voice and teleprinter grade channels resulted in additional savings of \$85,500 a year for certain business customers.

REAL HELPING HAND

CORPORATIONS ARE GOOD NEIGHBORS!

Donations by private business corporations to charitable causes such as the United Funds—which help the needy at the community level—and to national organizations like the American Cancer Society, Red Cross, American Heart Association, have reached an annual rate of better than a half billion dollars.

In 1962, according to figures just made available, business corporations made contributions totalling \$536 million. Moreover, corporations deserve credit for a goodly part of the \$819 million in charitable donations made by foundations in the same year since much of the money so dispensed comes from corporate earnings paid into the foundations.

The generous cooperation of corporations provides concrete proof of their belief that one of the surest ways to meet health and welfare needs is through voluntary action, particularly at the local level, and not through government hand-out.

Problems Of Weather, Cost Of Business To Be Featured With Farm & Home Week

The cost of staying in business, and the weather—two big problems facing Delaware agriculture—will be featured at the 1963 Farm and Home Week on the University of Delaware campus in Newark.

The annual event sponsored by the school of agriculture, will be held Feb. 9-11.

Topics related to the farm business include cost reductions in dairying; Delaware farming in the 70's; pesticides in farming; and market changes for the next 10 years.

A session planned for Thursday, Feb. 11, will cover problems of obtaining adequate moisture for crop production under Delaware conditions. Topics include water resources in Delaware; lessons from weather records; irrigation of corn and soybeans; and the use of plastic pipe for sub-irrigation.

Dr. Francis Davis, meteorologist on WFIL-TV, will answer the big question—What's Wrong With The Weather.

Several specialized areas will be discussed, including Delmarva's hatching egg industry; asparagus production; wildlands management; dairy production; fruit, and home gardening.

An evening session on community beautification is planned for Feb. 10. Topics include beautification in planning and developing cities; garden club support for home beautification; a program for municipal shade trees.

A regular feature of Farm and Home Week is the light horse session scheduled for Carpenter Field House the evening of Feb. 11. Monte Foreman, California equestrian will present a practical demonstration in training the riding horse.

Letters To The Editor

Dec. 30, 1962
Sincere gratitude for the Newark Post during my tour in the Army. It arrived regularly in both Korea and Ft. Leonard Wood, Mo. Your newspaper in many ways has been and will be "Newark" for me. Thank you again.

Jan. 8, 1963
I want to take this opportunity of expressing my sincere thanks to the many persons and organizations who made possible the work of the Newark Area Welfare Committee during the past year.

To the Boy Scouts of America, particularly Dr. Gerald Cole, chairman of special projects, and Melvin Hunter, Scout executive of the Capitol Trail district, for their very successful efforts in our food collection of Dec. 12, 1962.

To Mrs. John Cray, Tag Day chairman, and the many volunteers who helped on Tag Day, Dec. 16. The fact that the people of Newark did not respond as generously as usual this year is no reflection on the work of these devoted volunteers.

To Mrs. J. Harvey Dickey, chairman of Welfare activities, without whom I do not believe the Newark Area Welfare Committee could function, and to the many volunteers and agencies who have helped during the year, and particularly packing food baskets at Thanksgiving and Christmas.

To Mr. Francis Neide and the Council of the City of Newark for their unflinching cooperation and help at all times.

To Mrs. Donald Dutton, chairman of the Thrift Shop—her principal assistants, Mrs. C. Robert Kase and Mrs. H. Griffith Jones, and the numerous volunteers who have helped to operate the Thrift Shop.

To the officers and directors of the Newark Area Welfare Committee who have given freely of their time and efforts, particularly Mrs. Louis Brown, public relations chairman; Mrs. Richard D. Groo, secretary; and Mr. A. E. Tomhave, treasurer.

To all others not mentioned by name, who generously contributed in money, time and work, and who made it possible for the Newark Area Welfare Committee to serve our less fortunate neighbors.

Sincerely,
Kenneth C. Lambert

been issued for contractors to clean up mud deposited by their equipment on city streets.

Concerning expansion plans for the Evangelical Lutheran Church, Folsom said "I feel some plan is needed for the entire block" (on East Main Street) and the matter was referred to City Planning Director John Griesbaum and the planning commission.

The planning commission and council have been remiss in not solving this," Councilman LeRoy C. Hill, Jr., said concerning the city's \$100 offer for the Hurlock property on Holton Place with the erection of municipal power poles and lines.

Miss Hurlock had asked \$1,600 for the property, and had requested underground power line installation. "The poles went up without consultation," she said, "and they all say nothing can be done about it."

McMullen Cautions Drivers On Wintertime Hazards

Slippery roads, poor visibility and more hours of darkness are the three hazards of winter driving, a safety official reminded Delaware drivers yesterday.

Richard H. McMullen, president of the Delaware Safety Council, noted that rain, snow and sleet result in extremely dangerous driving conditions, and their hazards can remain.

Unexpected icy patches should be watched for on hills, curves and shaded spots.

STATE EXHIBIT

Judging by interest shown by visitors to the State of Delaware exhibit at the Mid-Atlantic Sports, Travel and Vacation Show this week at Baltimore's multi-million dollar Civic Center, the First State can expect an unusually large influx of tourists and vacationists from Maryland and the District of Columbia this spring and summer, the Delaware State Development Department reports.

Snow Removal
Sunday is a day off for most people, but street crews for the City of Newark responded to the snowfall last Sunday and performed a great job of clearing the streets and keeping them clear as some 7-in. of the white flakes continued to fall throughout the day and until late at night.

City Manager J. Francis Neide and his aides are to be congratulated for the smooth operation of every necessary municipal service—things that many of us take for granted with too little appreciation for satisfactory results.

Former baseball player and Delaware duck hunter J. Harvey Dickey has the head of a horned Texas jack-rabbit mounted upon a plaque on the wall of his sun porch on South College Avenue in Newark—and after some prompting, Mr. Dickey revealed that the horns were faked in a surprise give from an old powder company friend in the Lone Star State. But they look real enough.

And just recently, after viewing the Dickey jack-rabbit, we read an Associated Press dispatch in a daily paper in Jackson, Tenn., reported that "a rabbit with three horns had been brought to his office."

Tennessee's Claude Rheams described the cottontail shot on New Year's Day by a 12-year-old hunter near Trezevant, Tenn., as having horns "curved like sheep horns, spread across its head."

Mr. Rheams reported that the horns were about 1-1/4 in. long and appeared to be real.

"Rabbits ordinarily have no horns at all," the AP added with an educational touch of natural or unnatural history—"not even Texas jack-rabbits."

Maybe, J. Harvey Dickey, the horns on that stuffed Texas jack of yours are real after all.

And speaking of rabbits—plain cottontails with no horns—Lieut. J. Earl Lynch of the Newark Police Department, a beagle bush beater with enthusiasm second to none, bagged a total of 17 rabbits in Delaware during the recent hunting season.

But it was a sad season for Earl Lynch. Queenie—a 12-year-old veteran bugle-baying beagle of the rabbit runs for the Lynch family—was caught in a steel trap while hunting, and was missing for two days.

Old Queenie finally tore free and came home—severely injured—and the last stop on the long rabbit trail was a merciful one at the veterinarian's.

Donald, son of Mr. and Mrs. Harold Hochstatter of Moses Lake, Wash., became a lifetime member of the National Rifle Association of America at the age of four months.

As his father wrote NRA, "my wife and I feel a sense of responsibility for the safety of our son and the lives and property of others. Perhaps we have a sense of duty to help preserve his constitutional right to keep and bear arms. Or perhaps it is the desire of every parent to see his or her interests reflected in the interests of their children."

Donald was born last April 16, and his father graduated from Washington State University in May. Among Mr. Hochstatter's graduation gifts were various sums of money which totaled the amount necessary to purchase lifetime NRA membership. He, therefore, decided to buy a gift of lifetime membership for his young son, and as a hunter, outdoorsman and gun fancier, selected a lifetime membership in NRA.

A non-profit organization, the National Rifle Association was formed in 1871 to educate and train citizens of good repute in the safe and efficient handling of firearms.

Among its many programs is the NRA Hunter Safety Course that has 2 1/2-million graduates. This public service activity has been an important factor in the constant decline of

Yellowjacket JV's Beat Mt. Pleasant In Wrestling Test

Billy Wagman at 120-lbs., and Matt Zeisberg at 165, scored pins for Coach Andy Marcantonio's Yellowjacket junior varsity wrestlers last Friday night, as the Jayvees defeated the Mt. Pleasant junior varsity matmen 37-15 in the Newark High School gym.

John Collins and John Boyer won six points apiece for Newark when Mt. Pleasant forfeited the 95 and 103-lb. events, and Newark forfeited the 112-lb. class match to lose a quick six points.

Wagman pinned his opponent in the third period of the 120-lb. event, and Mike Roberts won a 4-1 decision in the 127-lb. match.

Newark's Dan Jones won an 8-2 decision at 133, and Creighton Bedow took a 6-3 nod at 138 to give Newark a 26-6 edge.

Barry McMillan lost a 2-0 decision at 145, and the Yellowjacket Jayvees swept the next three events.

Bob Taylor won a 5-2 decision at 154-lbs.; Zeisberg pinned his 165-lb. opponent in the second period; and John Ingold won a 3-0 decision at 180-lbs.

The visiting junior Knights won six points when Newark forfeited the final, unlimited event.

In an opening exhibition match—an exhibition with no scoring because of unofficial weights—Newark's Bill Thompson pinned his opponent in the second period.

Rawstrom's Hens Set Swim Marks With Third Win

Delaware's swimming team set two Blue Hen records at Gettysburg on Tuesday in defeating the Bullets 54-41.

Coach Harry Rawstrom's mermen won their third in five meets with a record-breaking performance in the 400-yard free-style relay, final event on the program.

Combining to set a mark of 3:33.4, were Ed Johnson, Steve Stockwell, Gary Henderson and Aubrey Clemmens.

The previous standard was 3:36.2 set last week at home against Lehigh. Co-Captain Eddy Johnson broke his own school mark for the third straight meet, winning the 200 butterfly in 2:16.4. This time replaced the previous mark of 2:22.6.

Delaware's frosh team downed Gettysburg, 54-37.

Rawstrom's varsity swimmers met Lehigh at Taylor Pool this Saturday at 2 p.m.

hunting accidents. Education, and not legislation, is the answer to firearms safety.

The Hochstatters are insuring that Donald will begin his education in firearms safety the moment he picks up his first primer—The American Rifleman magazine.

With Americans living longer each generation, Mr. Hochstatter has made a good buy for his son. It is estimated that Donald will receive 840 copies of The American Rifleman. At present costs, this amounts to \$420.00—over four times the cost of the NRA lifetime membership.

Who knows, maybe Mr. and Mrs. Hochstatter have given their young son the incentive that will result in his presenting them with a gold medal won in the shooting events of the 1964 Olympic Games. Surely, no champion ever got an earlier start.

Fessenden's Vikings, Fulghum's Jackets Lose Three Straight In BHC Basketball

Winless in the three-game-old Blue Hen Conference basketball season, Coach Bill Fessenden's Christiana Vikings lost a 69-31 test to the visiting Mt. Pleasant cagers last Friday night and were wallowed by the Redskins at Conrad by an 82-42 count last Tuesday evening.

Coach Francis Fulghum's Yellowjackets have found the going tough, too, losing 91-40 at Brandywine on Friday, and dropping a 69-53 home stand against the DeLaWarr visitors on Tuesday. And the Newark High cagers are in quest of their first victory of the campaign.

Tom Chidester and Fred McCullough with eight and seven points each paced the Viking scorers in the loss to undefeated Mt. Pleasant.

Hens Face Bullets Saturday At Home After Eighth Loss

In thicket of their second victory after an eight-game drought, Coach Whiz Wisniewski's Delaware basketball team faces Gettysburg in a home stand this Saturday at Carpenter Field House at 8:30 p.m., and the Hens entertain Western Maryland next Tuesday night at the same time on the home court.

Outscored 34-30 from the playing floor, Rutgers used the foul line to turn back Delaware, at New Brunswick last Tuesday night.

The Hens trailed by 31-14 but with a real rally in the last half, were behind only 69-75 with 2:21 left.

At this point, Rutgers started to play keep-the-ball, causing the Hens to foul.

The Scarlet Knights, who ended their season record at 6-6 with this win, displayed uncanny accuracy from the foul line, killing any hope the Hens had.

Rutgers' Ralph Rob Lloyd, who had a 26-4 average going into the game, tied all scorers with 21 points. He made seven of eight foul shots, extending his consecutive foul conversion streak to 36 before he missed his eighth and last attempt.

Delaware's Capt. John Hines scored with 21 points, and accounted for nine rebounds and three assists.

In the freshman opener, Rutgers won 97-92, breaking Coach Dave Sytko's two-game win streak.

"Conrad was too strong in the heavier weight classes," Coach Kilmek said. "And Carl Eddie Lee was winning with less than a minute left, when he lost his match on a third period takedown."

Coach Ken Kilmek's Christiana Matmen Lose Conrad Opener; Pete Bazzell Stars

Pete Bazzell, who won a 2-1 decision over Ralph Simpers last Saturday after losing 4-3 to Simpers in the recent YMCA state meet, was named by Coach Ken Kilmek as his outstanding wrestler as the Vikings lost a 23-15 opening meet to Conrad at the Christiana High School gym in Blue Hen Conference competition.

Monte Baldwin of Christiana won a 5-4 decision over Conrad's Eddie Catts at 95-lbs., and Viking Ken Reed dropped a 4-0 decision to Tom Catts at 103-lbs.

Conrad moved out in front with a 6-3 count as Lee Deputy won a 7-4 decision over Christiana's Co-Capt. Eddie Lee at 112, and it was Conrad by 9-3 when Don Dawson decided George Moore 5-4.

Christiana swept the next four events to take a 15-9 advantage with decisions by Co-Capt. Jack Hopper, Glen and Bob Hall, and Pete Bazzell at 127, 133, 138, and 145-lbs.

Hopper won by 4-1 over Bob Nowell; Glen Hall defeated Craig Martin 7-4; Bob Hall stopped Ken Hammonds 8-2; and Bazzell triumphed over his former conqueror.

Coach Paul Billy's undefeated Delaware wrestling team scored its third victory of the season, defeating Swarthmore 18-11 last Tuesday at Carpenter Fieldhouse.

Delaware's frosh team tabbed its second win in three matches, stopping Swarthmore 23-15.

Bob Ruth and Dave Nicoll scored pins for Delaware in the 147 and 177-pound divisions, and Southard Jones—former Newark High School mat star, won a decision over Nussbaum in the 157-lb. division.

Billy's Blue Hens wrestle at Bucknell this Saturday, and at Lafayette next Wednesday.

12-Year-Old Takes Shot After Bites By Two Dogs

John Thompson, 12, is undergoing a series of 14 daily inoculations he must take as a safeguard against rabies after he was bitten by two dogs Dec. 28.

"We had no choice," said John's father, Paul Thompson of Hopkins Bridge Road, Mechanicsville.

"It was either the shot, or take a chance. We couldn't take the chance."

The shots were started Sunday of last week after the family and SPCA officials failed to locate the two dogs who attacked John near his home.
