## Edward S. Overman To Direct U. D. Urban Services Project

Vice-President George M. Worrlow Announces Program To Deal With State Population, Industrial Expansion Problems Under \$500,000 Grant From Ford Foundation

Vice-President George M. Worrlow at the University of Delaware has announced the appointment of Dr. Edward S. Overman as director of the newly-established urban services project—a pioneering effort by the university to help Delaware communities deal effectively with problems associated with the state's population and industrial expansion.

Dr. Overman will be administratively responsible to the university and a \$500,000 grant from the Ford Foundation will finance the project over an initial five-year period. President John A. Perkins also announced.

Overman comes to the university from the University of Tennessee where he was professor of political science and associate director of the university bureau of public administration.

Major Step  
President Worrlow observed the establishment of the urban services project represents a major step for the university in fulfilling its role as a land-grant university.

He believes that the goal of a university serving a total state should be foremost. Our research and extension programs long have made the university's resources available to rural areas. This urban counterpart of successful programs will help serve all the people of Delaware.

Overman's demonstrated ability and his wide range of experience in metropolitan and urban problems make him an appropriate choice for this assignment.

He said that the new project meant an attack on Delaware's urban problems through consulting services by urban experts, specialists, and research assistance.

Of course, many more problems relating to urban expansion in Delaware than he can hope to solve in the initial five-year period, Worrlow said. "At the same time, we expect to move ahead and work cooperatively with public officials at all levels of government, and with business and civic organizations, educational institutions and other groups in delineating major urban problems; in selecting agencies to participate; in planning detailed approaches to these problems."

Virginia  
Overman by birth and a graduate of the University of Virginia, he also received his Ph.D. from the University of Virginia. Overman has devoted most of his professional career to research, teaching and service in the field of urban administration.

Receiving his doctorate in urban administration from the University of Virginia, Overman joined the University of Delaware as a research assistant. He was employed by the Delaware State Bureau of Public Administration and the Delaware State Bureau of Urban Planning.

Overman is married to the former Nancy Loving. They have three children—Nancy Elizabeth, Edward Samuel, 10; Susan Marie, 10; and John Harvey, 8.

## Saindon Stresses Need For Support Of Lion Projects

Newark Lions Club Head Cites Eye, Dental Care As Major 1961 Projects

At the September business meeting of the Newark Lions Club, President Al Saindon stressed the importance of continued financial support for the two major projects of the club—eye examinations and glasses, and dental care for school children whose parents cannot afford such service.

Charles M. Cooper is responsible for these activities in cooperation with local physicians and public school officials.

Additional projects of civic and social significance are being investigated by the major activities committee, with Rickard Loftman, chairman.

In order to provide funds for these activities, the club voted to conduct another fruit cake sale in November, and to sponsor a community-wide sale of the new 50-star American flags.

Flags in three sizes with staff and brackets will be offered to the public through door-to-door solicitation and at one or more Main Street and shopping center locations. Purchasers will receive copies of instructions on the proper display of the flag and a list of days on which the flag should be displayed.

Richard Higgins, chairman of the ways and means committee will be responsible for these projects.

The Lions Club accepted an invitation from the Newark Scriptorium Club to join in sponsoring a dinner meeting at the Newark Country Club on Oct. 24, recognizing United Nations Day. The Lions will share the expenses of a speaker, and will have their wives as guests.

Saindon announced that the governing body of the Lions District 22-D and his staff would make his annual official visit to the Newark club on Oct. 7.

Saindon appointed chairmen to arrange visits to neighboring Lions clubs—Wilmington, Wayne Brewer; Brookside, Richard Higgins; Mill Creek, P. D. Smith; New Castle, Wayne Wimberly.

Robert McAlpine, chairman of the boys and girls committee is to arrange for the usual cooperation with the NRA Halloween Mardi Gras committee.

Visitors from the Wilmington Manor Club were Donald F. Murtagh, Maynard Reinhold, Warren Flowers, and Miles Krieder.

Certificates of educational development were awarded by Science Research Associates, a Chicago-based firm serving education, industry and government through applied behavioral sciences.

Last March, NEDT exams were administered to 266,000 students in 9th and 10th grades across the nation. Certificates are provided for students scoring in the top quarter of each state's participants, by grade.

The tests were in English, social studies, mathematics, natural sciences, and word usage.

"A special aim of the program," Dr. Kutz added, "is to enable parents and educators to provide realistic guidance and motivation for high school youngsters."

Recipients include: Nick Brashy, Joseph Brothers, Anthony Clark, John Collins, Jill Conlan, Jo Ann Dawson, Susan Deppert, Jane Fletcher, Joseph Fisher, Patricia Gallagher, James Goddard, David Gore, Judith Hall, Douglas Hein, Gary Henderson, John Henderson, Theodore Jones, Jr., Joyce Koria, Michael Kubicko, William Lackie, Harry LaSalle, Guy Loftman, Judith Lynch, Daniel McCann, Susan Moroz, Jonathan Owens, Carol Perkins, Robin Powell, Joseph Reinhardt, Louie Richardson, Margaret Schulz, Grace Singles, John Southard, David Stone, Thomas VanKirk, Frank Weinberg, and Ronald Wirick.

Water Witch Chief LeBrun To Address "Y" Luncheon  
Mrs. Clarence L. Smith has announced that next Wednesday's luncheon program at the Alice P. YWCA Center, will feature "A Fire In Your Home," by Pierre L. LeBrun, deputy chief of Water Witch Fire Company of Port Deposit, Md., and an instructor at the Glenn L. Martin College of Engineering at the University of Maryland.

LeBrun will give a demonstration of fires—their causes and prevention. Luncheons begin at 11:45 and are open to the public at no charge. A beverage is provided, and a nursery is available for children.

Mrs. Donald Thomas and Mrs. W. R. Gregg are in charge of arrangements, with Mrs. Wayne Wimberly, hostess.

## City Wins Award For Pedestrian Safety

From left to right, J. James Ashton, manager of the Delaware Safety Council, observes presentation of the AAA "No Pedestrian Death" Certificate by William P. Markland, manager of the Delaware Motor Club, to Newark Chief of Police Arthur S. Haussler, while Newark City Manager J. Francis Neide witnesses the ceremony at the Delaware Safety Council's recent annual traffic safety award luncheon.

The City of Newark was honored for a fatality-free pedestrian record for the year 1960.

On Oct. 27, the three artists will compare their media under the general heading of "art."

Stoney's work with films has been in the area of social interpretation. He won first and second American Film Festival honors in 1960.

A member of the National Sculpture Society, Parks has won two Tiffany Foundation awards and holds a Birmingham Arts Foundation grant for the study of animal forms in nature.

Stryker, an ex-cowpuncher, ex-gold miner and ex-economics instructor, is chief of the historical section of the Farm Security Administration. He directed a photographic history of the United States during the thirties.

County HD Council Officials Headed By Mrs. Hofnagle  
Mrs. Ross Hofnagle has been elected president of the New Castle County Home Demonstration Council.

Other officers are Mrs. Warren Baker, vice-president; Mrs. Thomas Knowles, secretary; and Mrs. Bradley Vernon, treasurer.

Mrs. Harold Stanley was elected delegate-at-large and Mrs. Millard Reed, alternate. Chairman of the nominating committee is Mrs. Edward Berg.

Mrs. Chester Ewing, outgoing president, announced the officers would be installed during the morning session of Achievement Day at Agricultural Hall on Oct. 26.

Mrs. James Newnam, program chairman, reports that Dr. Davis Duhman, Delaware ophthalmologist, who recently graduated from the 82d Airborne jump school at Fort Bragg, N. C.

Dianich received his paratrooper wings after completing four weeks of ground and aerial training which included five parachute jumps.

The 82d Airborne Air Corps (STRAC) unit, maintains an immediate readiness force for airborne deployment in any area in the world.

Dianich entered the Army last February. He is a 1958 graduate of Newark High School, attended the University of Delaware, and is a member of Sigma Phi Epsilon fraternity.

Open House To Feature Meeting Of Medill PTA  
The Medill School PTA will offer an open house program next Wednesday after a brief business meeting at 7:30 in the school.

New officers of the PTA will be introduced, refreshments will be served, and parents will have the opportunity to visit teachers in their classrooms.

Local Rotarians Receive NORAD Report For Satellites and Unidentified Aircraft  
Eight unidentified aircraft were detected approaching North America in the 24 hours ending last Monday night, and in five cases jet fighters were sent out to identify them, the Newark Rotary Club was informed last Monday in a long-distance telephone call from the North American Air Defense Command (NORAD) headquarters at Colorado Springs.

The phone call climaxed a program on "Seconds for Survival" presented by John Moore of the Bell Telephone Laboratories.

The NORAD spokesmen said there were no reports of unidentified submarines in the 24-hour period, but 30 Russian trawlers—six south of the Aleutians, six near Newfoundland, and 18 east of Cape Cod, were identified.

In space there were 111 objects circling the earth. Of these 31 were satellites—30 American and one Russian. The other 80 orbiting objects were "space junk" ranging from bolts. Two of these objects were spent rocket casings to nuts and Russian and 78 American.

## Dynamic Reading Class For Speed Initiated At U.D.

New Technique Offers 10-Fold Improvement In Assimilation Rate

A new speed program which can increase reading rate three to 10 times has been initiated at the Reading-Study Center, University of Delaware school of education.

The course began last week, and is being conducted by Mrs. Evelyn Wood, a student of the Evelyn Wood Dynamic Reading Method. Mrs. Wood was invited to join the school of education staff last spring, and subsequently trained teachers to prepare for the one-semester program.

Also being taught commercially to aid business and professional people, speed reading has produced increases in word-per-minute rate while maintaining comprehension.

According to Dr. Russell G. Stauffer, director of the Reading-Study Center and acting dean of the school of education, "Tremendous concentration is required in mastering the technique."

Stauffer emphasized that the program does not advocate a hasty, cursory manner of reading, but rather develops an ability to devote full attention to the printed page. Application of speed reading skills enables a student to ignore distractions and check mind-wandering.

Delayed recall—the degree of ability to remember material read months or years previously—is reportedly as good or better than that by conventional reading methods.

A selected group of undergraduate and full-time graduate students, in addition to faculty members has been picked for the program.

Freshmen were required to have been in the top 15 per cent of their high school class, or have made a high school average of 88; a total college board score of 1050; or a total National Merit score of 25.

Classes are meeting for two 90-minute sessions each week, and students are expected to practice daily for at least one hour.

The Reading-Study Center staff has explained to students that the program is not a panacea for all problems of comprehension, but merely a tool for more efficient reading.

The course is intended simply to increase ability to assimilate and organize material.

The speed reading program is the latest in a series of projects undertaken by the Reading-Study Center, which was established in 1950 to help students in diverse areas of learning.

## Restaurant Integration Move Cited As Out Of U.D. Province

As Land Grant State University, Dean Hocutt Reports, Objectives Are Providing Higher Education, Research, Not Dictation Of Morals, Community Problem Solution

"As a land grant state university, the objectives of this institution are the providing of higher education for its students and the carrying on of related research," Dean of Students John E. Hocutt stated this week concerning a petition reportedly signed by some 125 faculty members in a campaign against segregation in local restaurants.

"Therefore, the University of Delaware cannot be sectarian or partisan, nor does it dictate the morals and the solution of community problems," Dean Hocutt continued. "What position the City of Newark takes on this issue is a matter for local government, local businessmen, and the citizens of the city to determine."

"My position is that so long as university students act on this matter in an orderly and dignified manner without violating university regulations, this is their privilege," Hocutt concluded.

William F. Ames, associate professor of mechanical engineering, and John C. Wriston, associate professor of chemistry, said 125 instructors have signed a petition they have been circulating against segregation.

Ames said only two or three have refused to sign the petition—"one because he likes to eat at one place and another because he feels we are using the wrong approach."

The petition states that the members "urge the abolishment of segregation in restaurants and eating places in Newark and surrounding areas. We further agree not to patronize restaurants which segregate on the basis of race, color, or national origin."

Five graduate students began the campaign against racial discrimination in local public eating places this summer and have since received support from the Newark Ministerial Association. Undergraduate students have joined the campaign, which is also supported by the Review, the undergraduate student newspaper.

Annual Fund Drive For Newark LWV Slated Oct. 9-14  
League of Women Voters of Newark will conduct its annual finance drive, Oct. 9-14.

"This is not a community-wide campaign," according to Mrs. Charles Hober, who is directing the solicitation this year.

"A relatively small group of interested persons, concerned with the growth of the community and with increased citizen participation in government are asked to make a contribution to the league," Mrs. Hober said.

Work of the league on local, state and national levels is supported not only by dues and gifts of members, but also by contributions of public-spirited men and women who consider contributions to the league an investment in democracy.

The league is a non-partisan organization and dues are kept to a minimum in order that no one will be excluded.

The Newark league will continue its study of planning and zoning in the Newark area, and will work for achievement of a plan for Newark's orderly growth and development.

"Reapportionment of Newark's voting districts is now attained, and many hours of league work went into urging a more equitable representation for city government," a league spokesman reports.

The government of New Castle County will also be studied this year; a study of means to finance education in Delaware will be continued; and nationally, United States foreign policy, particularly economic policy, will be studied.

"The Delaware River Basin compact has been signed into law, and the Newark league can claim a share of pride in this achievement," the local league reports.

A briefing breakfast for solicitors in the finance drive will be held at the home of Mrs. Hober next Monday at 10 a.m.

Ginn, Zeisberg Lead Organization For Indian Guides  
Secretary H. Truitt Ginn of the Newark YMCA and Millard Zeisberg, chief of the Newark Indian Guide Nation, led organizational tribes to Newark elementary schools, beginning Tuesday of this week at West Park Place School, followed by Jennie E. Smith School on Wednesday. Fathers and sons from Gallagher, Eden and Christians will have organizational meetings at the Christina School today.

The date for Brookside Elementary School is Oct. 10, and the tentative date for Central and Medill is Oct. 12.

All organizational meetings begin at 7:30 p.m., with Chief Zeisberg explaining the program, and a special tribe putting on a mock meeting. Little braves will be entertained with Indian stories, slides and movies.

The "Y" Indian Guides is a program for the busy but thinking father who is concerned lest someone else become the hero and confidant of his son. As the name indicates, the program of Y-Indian Guides is based upon the lore of the American Indian.

Just as the colorful life of the Indian revolved around the wigwam or tepee, so tribal meetings are held in rotation in homes of the braves.

## Trivits Presents Explorer Post 352 With Legion Flag

Awards Night for Explorer Post 352 sponsored by St. Andrew's United Presbyterian Church, was conducted last week at the church in Brookside with presentation of an American Flag by the American Legion post of Newark.

John Trivits, American Legion post commander; Leon Case and Frank Springer presented the flag to James B. Goddard, Explorer post president.

The Rev. Herbert Hoefling, pastor of St. Andrew's, presented the unit a post flag from the sponsoring institution, and Boyd Ulrich, post committee chairman, presented an Explorer emblem for the flagpole.

Eighteen merit badges were presented by William Morton, assistant district commissioner.

William E. Uphoff presented six boys with Skipper certificates, and Mel Hunter, district executive, presented four one-mile swim awards.

Sandy Graham, who had been elected by the post, received his invitation to attend the next Order of the Arrow.

Recreation Ass'n Display Scheduled At BSA Exposition  
Some 40,000 persons are expected to visit Brandywine Raceway this Friday and Saturday for the Delaware-Va Council, Boy Scouts of America Exposition, with 300 booths, demonstrations and special features.

An invitation to all Red Feather agencies to participate, has been accepted by the Newark Recreation Association, which will be represented with a booth display of services offered in the greater Newark area.

Representing the association will be Dr. and Mrs. G. Fred Somers, Donna Parker and Glenn Smoot.

The display will include craft from summer playgrounds; articles made by the adult classes during the fall and winter programs; pictures featuring the overall programs of the association; and a continuous slide projection of the recreation program offered during the entire year.

In cooperation with the Delaware-Va Council, the Newark Recreation Association invites the people of the Greater Newark Area to attend the Seating Exposition and enjoy the various activities and displays offered during the two-day program.

Newark Marines At Camp Lejeune  
Camp Lejeune, N. C. — Lining up in mass formation, the 16th Rifle Company, Marine Corps Reserve, comes to attention just prior to stepping off in a twilight parade recently at Camp Lejeune, in field training for the Delaware Marines.

## Public Offered Lecture Series At U. D. With Three Artists In Different Fields

An opportunity to meet and hear three artists who work in different fields will be offered through the University of Delaware extension division this fall.

"Three Faces of Art," a lecture series open to the public without charge, will bring to the campus George Stoney, director, writer and producer of films; Charles Parks, the only full-time sculptor in Delaware; and Roy Stryker, still photographer.

Stoney will launch the series next Thursday in East Hall at 8 p.m. Parks will appear on Oct. 19, and Stryker, on Oct. 26.

On Oct. 27, the three artists will compare their media under the general heading of "art."

Stoney's work with films has been in the area of social interpretation. He won first and second American Film Festival honors in 1960.

A new advertising and public relations agency incorporated as Evans, Dill and Company, with offices at 1009 Washington Street, Wilmington, has been organized by Richard R. Evans and Glenn Dill.

The two men were associated with the Gallagher, Evans and Dill, Inc., advertising firm that has been in existence in Wilmington since 1954.

Evans is a graduate of Newark High School and Pennsylvania State University, and has held advertising positions with the Wilmington Sunday Star, Channel 12 TV, and Sears, Roebuck and Company.

Dill, a native of Millford, and a graduate of the University of Delaware, worked in the public relations department of the university before entering the agency field.

Former Rose Bowl performer for the Big Ten champions of Michigan, "Whiz" Wisniewski, end coach for the Fightin' Blue Hens of Delaware, substituted for Philadelphia Eagle Star Tommy Brookshier last Monday as guest speaker for the Newark Touchdown Club.

Brookshier wound up in Newark, N. J., instead of at the Newark Country Club.

Wisniewski cited player enthusiasm as a major factor in the Hens' successful play this season, and concerning the Buffalo game during which he was away on scouting duty, said "I couldn't believe it when I heard the half-time score."

Father Campbell of Salesianum will be the guest speaker next Monday at the noon luncheon of the Newark Touchdown Club at the Newark Country Club.

**Patricia Middleton Cites Causes For Fuse Failure**  
Patricia Middleton, extension home management specialist at the University of Delaware suggests that next time a fuse blows, you check to see what is causing the trouble before putting in a new fuse.

First, you may have a short circuit in one of your appliances. Or you might have too many lamps and appliances operating on the same circuit.

Either situation will cause too much electricity to pass through your household circuit wires.

**Library At NHS To Open Oct. 21 For Saturday Use**  
The library at Newark High School will be open to secondary school students on Saturdays from 9 to noon, beginning Oct. 21.

In announcing the Saturday morning library plan, Dr. Frederick B. Kutz, high school principal, pointed out that many students who carry maximum academic loads have little time during the school day to use library facilities.

The Saturday morning program will be under the direction of Mrs. Mildred Cleaves, high school librarian.

This program marks the district's second attempt to extend library services beyond the regular school day.

Last year, the high school library was opened on a trial basis on Wednesday evenings. Lack of student participation terminated evening hours.

School officials indicated hope that Saturday morning hours would bring greater student participation.

**POOR SEAL, MAJOR FACTOR IN HOME CANNING SPOILAGE**  
A poor seal causes about 80 per cent of the spoilage in home-canned foods, reminds Mr. Katharine Jones, home demonstration agent for New Castle County.

One common cause of a poor seal is the use of non-standard jars. Some of these have an irregular size mouth which prevents formation of an airtight seal.

Because lids vary in methods of sealing, it is essential to follow the manufacturer's directions for the lid used.

For information on canning fruits and vegetables, write the County Extension Office, Agricultural Hall, Newark.

## Wheat Marketing Quotas Approved For 1962 Crop

Approval by farmers of marketing quotas for the 1962 crop of wheat, means that growers in commercial wheat-producing areas will have a broad program available for their next wheat crop to help adjust production and increase farm income. Jacob Zimmerman, state agricultural stabilization and conservation committee chairman reports.

Preliminary returns from the Aug. 24 referendum showed that 79.4 per cent of the total 265,886 growers voting approved marketing quotas for the 1962 wheat crop. Since this is more than the necessary two-thirds, the 1962 wheat program provided by recently enacted legislation will be in effect.

## FALL OPENING

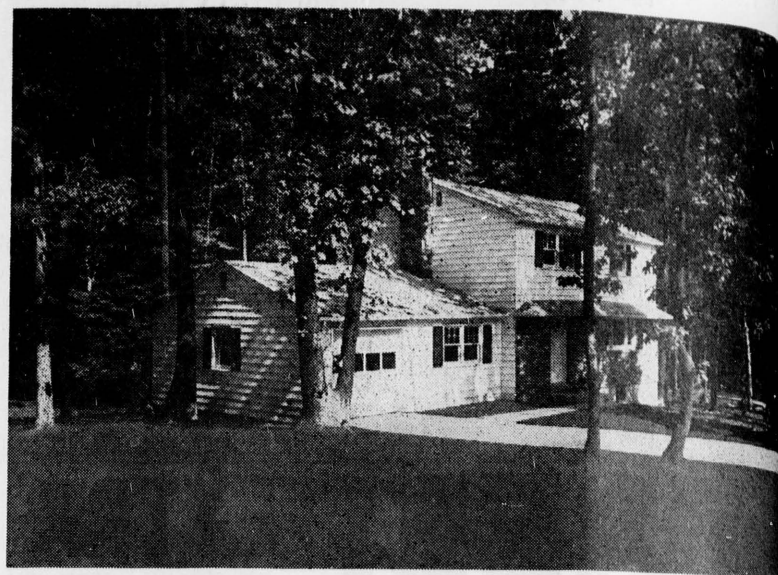

of Newark's  
newest home

"It takes a heap o' livin' in a house to make a home" . . . these famous words by Edgar A. Guest are true enough, but we might add, "it takes a heap o' plannin' to make a house that you can have a heap o' livin' in". Open this weekend, and ready for your inspection, are two sample houses in Newark's newest development . . . "ARBOUR PARK". Planned and constructed with care by A&D Builders, you'll see at a glance that these homes, one a two story Colonial, one a Rambler, are made for living . . . pleasant and gracious living. As soon as you drive into "ARBOUR PARK", you'll know it's the right place . . . your first impression will be trees . . . full grown, unmolested, majestic trees that seem to say . . . "Welcome to Arbour Park". Your new home in ARBOUR PARK can be of your own design or you may choose from the many plans available . . . your new home will be located on a full half-acre lot that insures the privacy and spaciousness that you've been wanting. ## FIRE PREVENTION WEEK

Governor Elbert N. Carvel this week urged all Delawareans to cooperate fully with the state's volunteer and professional firemen in the prevention of fires.

Pointing out that "of all the elements of danger to which we are exposed, fire annually inflicts one of the costliest in lives and in property damages," the chief executive stated that "this loss of life and of property can be reduced if we join in a concerted effort to reduce the hazards that exist in many homes, in commercial buildings, and in public places."

Governor Carvel noted that Fire Prevention Week, which is observed Oct. 8-14, affords Delawareans "an opportunity to change good intentions into positive action by eliminating all hazards that could lend themselves to preventable, destructive fires."

The chief executive concluded: "Delaware is proud and appreciative of all those brave men, who, as firemen, have consistently rendered service in her behalf."

Newark is proud and appreciative of her Aetna Hose, Ladder Company volunteer fire-fighters. Let's help them next week—and every week!

## Seaman Gene Brasher, Jr. Back From Pacific Duty

Aboard the ammunition ship USS Haleakala when the ship returned to her home port at Concord, Calif., on Sept. 8, after completing a cruise with the Seventh Fleet in the Western Pacific, was Seaman Eugene P. Brasher, Jr., son of Mr. and Mrs. Eugene P. Brasher of 130 Winslow Road, Newark.

After reporting to the Western Pacific, the Haleakala conducted operations during the crisis in Laos; visited Hong Kong; and while in Japan, the crew competed against basketball and baseball teams representing colleges in the Kobe area.

## Letters To The Editor

Sept. 20, 1961

To The Editor:  
On behalf of the more than 6,000 girls and boys who participated in our statewide education-recreation program, we express our heartfelt gratitude to those that have made this possible—to the various civil, fraternal, and sportsmen's organizations throughout the state that served as regional sponsors—the site chairmen, safety wardens, conservation wardens of the Game & Fish Commission—to all those who gave of their time, talent, facilities and funds to make this endeavor a reality and the fourth year of our field program exciting, attractive, and rewarding to the youngsters.

Gov. Carvel, Lt. Gov. Lamont, U. S. Senator Boggs, several members of our legislature and many other prominent citizens took the time to be with our youngsters at the annual banquet held in their honor, and present the trophies and educational awards.

These wonderful children were impressed with the spirit of the occasion, and all Kings and Queens received Sportsmanship Awards for their personal achievement in outdoor activities.

I would like to interpret our dedicated purpose and motives. King Solomon wrote: "Train up a child in the way he should go; when he is old he will not depart from it."

According to Solomon's wisdom, the tree will grow as the twig is bent.

Former President Hoover's observations on the value of fishing: "All men (and children) are equal before the fishes. Fishing is even more than the eternal Fountain of Youth. An Assyrian tablet says: 'The Gods do not subtract from the allotted span of men's lives the hours spent fishing.'"

Indeed, the fisherman retains the

spirit of youth.

We have awakened to the fact that the youth of our nation needs guidance. Our theory is: Fine character and good citizenship are a by-product of wholesome recreation. Fishing is recreation with animation. Delinquency and fishing are not compatible.

Our program provides valuable opportunity to inculcate in children a love for fishing, good sportsmanship and nature. If we accomplish this, the future will be secure. There will be less need for more laws if children grow up obeying the code of good sportsmanship.

The "brotherhood of rod and line" shall perpetuate our American heritage, be a factor and major determinant in our concern and fight against juvenile delinquency. Yes, even more, a sincere philosophy that can serve mankind in good stead in relation to the menace of communism.

## Dave Nelson's Unbeaten Blue Hens Seek Third Victory On Saturday At Lafayette

Coach Dave Nelson's Fighting Blue Hens will meet Lafayette College at Easton, Pa., this Saturday at 1:30 p.m., and the Leopards coached by Jim McConlogue, have a win over Muhlenberg and a loss to Penn on their 1961 record. Lafayette lost to the favored Ivy League Quakers in a 14-7 thriller.

Though there is ample speed in the Lafayette backfield, their starting backs are among the smallest in the East.

Fullback John Franco is the largest of the regulars, standing 5-8 and weighing 175 pounds.

Halfbacks John Contarino and Dave Ahouse are 165 and 155, and Quarterback Chuck Zurelli stands 5-6 and weighs 150 pounds.

There is greater size among reserves, but these ranks are filled with injuries and question marks.

Contarino has proved to be the most dangerous breakaway threat, romping 85 yards to score in the 14-13 win over Muhlenberg.

Ahouse went 65 for a touchdown against Penn, and Halfback Walt Doleschal, who beat Delaware last year with a 30-yard field goal, has been on the injured list, but may displace one of the other halfbacks this Saturday.

The line, too, is small, and there is a lack of experience at most positions. Guard Pete Lehr, co-captain with Doleschal, is considered the top lineman. He weighs 180.

Coach McConlogue has 20 lettermen, but has not been optimistic about his team.

The Hens have been at varying strength thus far because of key injuries, and a steady parade of standouts has been moving from the disabled list to the field and back again.

In the quarterback spot—considered a strong point before the first game—Gary Hebert and Chuck Zolak are out of action. Triple-threat Hebert suffered a knee ailment in the Lehigh game; and sophomore passing star Zolak sustained a broken collarbone against Buffalo that may sideline him for five to six weeks.

Halfbacks Karl Lorenz and Vic Niemi are doubtful performers for Saturday.

Fullback Tom Michaels returned to action in the Buffalo contest.

Delaware's tentative starting lineup has Ollie Baker and Dick Broadbent at ends; Dick Evers, and Capt. Bill Grossman, tackles; Tom Skidmore and Earl Ritchie, guards; Johnny Scholoto, Wilmington, center; Ted Kempinski, Wilmington, quarterback; Mike Brown, Wilmington, and Joe Slobojan, Glenside, Pa., at halfbacks; and Ron McCoy, Smyrna, fullback.

For the Maroon and White, probable starters are Bob Gursky and Bill Rutledge, ends; B. Leclinton and Jay Geiger, tackles; Peter Lehr and Vince Villani, guards; Marty Shane, center; and Zarelli, Ahouse, Contarino and Franco, backs.

Lettermen are Gursky, Rutledge, Leclinton, Lehr, Villani, Contarino and Franco. Ahouse is a sophomore.

The Lafayette-Delaware rivalry began in 1914 and each team has won seven of 14 games.

The Leopards have taken three of the last four, including a 3-0 victory in 1960.

## Eight

### Coach Ken Steers Has 5 Lettermen For Hen Harriers

Coach Ken Steers' Delaware cross-country team, winner of seven in eight meets last year, has five lettermen among a squad of 12 facing Lehigh in the Oct. 11 opener over the White Clay Creek course.

All five lettermen are Delawareans, with Wes Stack, senior from Seaford who missed most of last season with a collapsed lung, as captain.

Other lettermen are senior Jay Lutz, juniors Paul Quinn and Dave Riggins, all of Wilmington; and Roy Jernigan, a junior from Elsmere.

There are three freshman award winners moving up to the varsity—Mike McGilney, Bridgeport, N. J.; Gerry Raggsdale, Newark, and Lee McMaster, Wilmington.

No 1960 lettermen were lost through graduation, although Coach Steers reported that leading scorer Wayne Callaway will not be running this year, because of other campus activities.

Callaway led the team through a season marred only by a one-point loss to powerful Swarthmore.

The return of Stack, an outstanding performer as a sophomore, is expected to compensate for Callaway's absence.

"He'll win again for us this season," Steers said.

Other members of the varsity are senior Chester Stachek, Smyrna, and Mark King, Claymont; and Major White, sophomore.

All home meets take place at the White Clay Creek course. The schedule:

Oct. 11—Lehigh, home; 21—Temple, Swarthmore, away; 24—Washington College, Susquehanna, away; 27—Johns Hopkins, home.

Nov. 1—Upsala, home; 8—PMC, home; 14—Albright, home; 17—Middle Atlantic, away.

### Kremer, Gaglia, Meyer Score For NHS Harriers

Eddie Kremer, Joe Gaglia, and Gerry Meyer finished third, fourth and fifth in the season opener for Coach Ray Ciesinski's Yellowjacket cross country team last Tuesday at Rockford Park in Wilmington. The Green Knights won the meet, 29-27.

The Yellowjackets were in an undefeated campaign.

Richard Hawthorne, Jonathan Owens, and Bob Davies finished eighth, ninth, and 10th for Ciesinski's Harriers.

The Yellowjackets face Wilmington High at 3:30 today, and run against Conrad next Thursday.

and with Dick Ware out New London Road, we're still shy a "couple of good shots" Ralph Barrow has experienced. The doves were few and far with Mr. Marou, and with R. T. Ware the dove was strictly singular—and far away, too.

However, Bob Townsend reports some early dove-shooting success near Lewes, along with some real near shooting in the Sussex salt marshes for variety.

Last Sunday afternoon in the surf south of Rehoboth, Johnny Dollins had that first bluefish on the beach before he had rigged up the second rod, and at the top of the tide the fishing was fairly fast.

**Double Blues**  
And 12-year-old John had all the best of it, following that first three-quarter pounder with a double-header—a real twin bill of bluefish—and adding a single for a beautiful foursome before Gibby Young, Billy Waggoner, or Billy's father had caught a fish.

"That boy's a fisherman!" Mr. Young said with respect—and some envy, too.

Gibby, firing a spinning rig far out over a blue sea ruffled by an east wind with a heavy white surf thundering onto the beachhead, had his innings, too, coming up with four nice blues, including a double-header to match young John.

There were plenty of small blues in the area, and they quickly demonstrated what had appeared to be an ample supply of filleted butterfish bait. With no desire to trudge through that Sahara of sand to the car for a trip back to Pleasant Mr. Young's bait store, he filleted two of the smallest blues—and young John's evident distress was partially alleviated when he was assured that the two bluefish were using for bait were those that Mr. Young had caught. Gibby, happily, was unaware of this development until sometime later—and then the two butchered blues had been replaced.

But only replaced. For a grim while, with the fishing dropping off with the tide, it appeared a pair of blues had been sacrificed for nothing.

We managed to catch two more and headed home at sunset with an

## WORLD SERIES HIGHLIGHTS

DO YOU REMEMBER the last time the Yankees and the Dodgers met in a World Series, in 1956, when in the fifth game a 6' 4" right-hander mowed down 27 Brooklyn batters consecutively, achieving the only perfect game in Series history? He was, of course, Don Larsen, and as the recently-published World Series Encyclopedia points out, he delivered the first Series no-hitter in 307 games. Only one batter had as many as three balls called on him.

## "Pony" McAtee Favored For Hall Of Fame In National Poll For Top Racing Riders

If all goes according to form, as race horse fans say, John Linus (Pony) McAtee will be installed as the 17th member of the National Jockeys Hall of Fame in November.

Some 1,200 sportswriters and broadcasters across the nation are participating in the annual balloting to elect another rider to the shrine housed at venerable Pimlico Race Course.

McAtee, who rode from 1914 through 1930 with a lifetime winning average of 16 per cent and a healthy \$2,306,002 won in purses, was runner-up in last year's voting which made Johnny Loftus the 16th member of race riding's elite.

Thus, the little Celt, now in his sixties and living in retirement in New York, is the "favorite" in a field which also includes Albert Johnson, Charley Kurling, Joe Notter and Fred Taral.

McAtee, born in Secaucus, N. J., got his first victory of note in 1916 in one of the nation's top races when he won the Preakness on Damrosch.

He went on from there to ride three winners of the Futurity, Champagne, Saratoga Special, Flash, Hudson and Brookdale stakes.

He won the Demoselle four times and the Kentucky Derby twice. In the latter he gained his single most famous victory—skipping Elmer Van Dusen to victory in 1929 over

**Coon Dog Field Trial Slated At Connell Farm**  
A coon dog field trial will be conducted this Sunday at Ray Connell's farm, with M. D. Nutter as sponsor and Ronnie Ayers, field marshal. Nutter's hounds will not compete.

The events will be held under Eastern Field Trial rules, with a regular entry deadline of 10:01 a.m., and a double entry fee time limit of 1:01.

Follow signs off Route 273 at Fair Hill, Md., and off Route 896 at New London, Pa.

**Glen Taylor Wins Tourney With 69 In DP&L Golf**  
Glen Taylor of Newark won the Delaware Power and Light Company annual blind bogey golf tournament at Rock Manor last Saturday.

Taylor, a Newark Country Club golfer, scored a 69 to win the DP&L tournament and receive a replica of the large, annual trophy upon which are engraved the names of each year's winner.

eight-minus-two-plus-two bag of blues—all even again.

Joe Raymond, fishing with seven-year-old Joe, Jr., at Stone Harbor, N. J., on the Raymonds' recent family vacation, cast his rod and reel overboard in an overly enthusiastic effort.

That was bad enough, but not the worst of it. Borrowing Joe, Jr.'s reel and rod, Big Joe made another cast in an effort to hook his own tackle from the bottom—and all of Little Joe's line snaked off the reel spool to join the father's tackle. The line had not been tied to the spool.

## Delaware Defeats Buffalo By 36-12 For 2nd Straight

Joe Slobojan Heads Hens In Total Offense, Scores Third Quarter Touchdown

Fans of Delaware's Fighting Blue Hens were treated to an offensive show last Saturday reminiscent of Delaware's great Lambert Cup-winning 1959 team.

The Hens made it two in a row for an undefeated season by trouncing favored Buffalo 36-12 in a game of outstanding individual performances.

Led by sophomores and other new faces, the Newark gridders piled up a 30-0 halftime lead and coasted to the wire.

The Bulls, victors over Gettysburg and Boston University, were held to 37 yards rushing, and seldom threatened.

Joe Slobojan again headed ground-gaining and total offense columns. A junior starting for the second time, the 160-pound Glenside (Pa.) native carried the ball 19 times for 79 yards. He also sped 32 yards for a third quarter touchdown, snagged an 11-yard pass, and intercepted a Buffalo aerial.

Slobojan, who appears to be a contender for All-MAC halfback honors, repeated his fine performance in Delaware's opening win over Lehigh, in which he made a 62-yard punt return.

Two other fleet halfbacks—sophomores Mike Brown and Johnny Wallace—were crowd-pleasers for the second straight week.

Brown tallied 56 yards rushing, scoring a touchdown and showed his heels to baffled Buffalo defenders all afternoon.

Wallace, from Pitman, N. J., caught three passes for 84 yards, including a 43-yard touchdown spiral from Chuck Zolak. He returned two kickoffs for a total of 53 yards, and was successful in four of five PAT attempts.

The quarterbacks were not to be outdone. Sophomore Zolak looked like an old hand in his first appearance, connecting on three of five pass attempts for 64 yards, including the TD toss to Wallace. His fine showing, however, was marred by the broken collarbone suffered in the first half. The Donora, (Pa.) resident may be lost to the team for five or six weeks.

Coach Dave Nelson, adding the loss of Zolak to the earlier loss of quarterback Gary Hebert, inserted defensive specialist Fred Rullo at the position after the Hens had moved well in front. Rullo, from Glenside, Pa., did a commendable job in unfamiliar shoes, completing two of five passes for 19 yards. Two other Rullo aerials were intercepted.

Ted Kempinski, a graduate of Salesianum, and a Lehigh game star, threw only three passes, but completed a 33-yarder and scored the game's first touchdown on a one-yard quarterback sneak.

End Tom Harrison, also a Salesianum grad, returned a kick-off 55 yards for a second period touchdown, and his wingman counterpart, Dick Broadbent of Wilmington,

caught two passes for 21 yards and was a defensive standout.

Delaware rolled up a 257-yard total offense to the Bulls' 163. Buffalo out-gained the Hens in passing, however, 146 yards to 116. Delaware made 12 first downs, Buffalo seven.

## QB Mike Sinclair Fires Two TD As Yellowjackets Lose To P.S.

Newark Quarterback Mike Sinclair threw two touchdown passes on a 40-yard pass-play to lead the Yellowjackets to a 14-0 win over the five for the TD.

Late in the fourth quarter, Don Keister, a transfer from Newark, threw a 40-yard pass to lead the Yellowjackets to a 14-0 win over the five for the TD.

The victory gave the Yellowjackets a 2-0 conference record.

Playing for the Yellowjackets were Don Keister, a transfer from Newark, and Mike Sinclair, who threw two touchdowns.

## Frosh, Two Sophs Win Scholarships In Jacobs Grants

James G. Gregg, a 1961 graduate of Conrad High School, has been awarded a Harry and Esther Jacobs B'nai Brith Scholarship for his freshman year at the University of Delaware.

Jacobs Scholarships for 1961-62 were awarded Linda Sue Hirschfeld and Jack M. McKelvey, of Wilmington.

Miss Hirschfeld, a sophomore majoring in Spanish, held the same award last year and established an outstanding academic record.

McKelvey, also a sophomore, is a psychology major with a "B" average for his first two semesters.

Both are graduates of P. S. Dupont High School.

The first Jacobs Scholarship was established by Wilmington Lodge 470 of B'nai Brith in 1959, and is made on the basis of academic merit to graduates of Delaware high schools.

George Shofman is chairman of the scholarship fund committee for B'nai Brith, and the University of Delaware selects the winner each year subject to final approval of the committee.

E-52 Productions. For Current Year To Begin Oct. 19.

A new season of production that includes works by two modern French playwrights has been announced by the E-52 University Theatre.

The production which will open the season on Oct. 19, is Jean Giraudoux's modern comedy and allegory of ethics "The Madwoman of Chailot."

Another in the university series of laboratory theatre programs is dedicated to the Irish literary renaissance, and will feature two original Abbey Theater one-act plays, tentatively scheduled for Nov. 7.

The next major production, commemorating the Civil War centennial will be an enactment of Robert Sherwood's "Abe Lincoln in Illinois."

For its third major production, E-52 will present Jean Anouilh's "Antigone." Written in 1942, Anouilh's play is a modern version of the Greek tragedy of the same name.

The play contains a very pointed profile of an inhuman dictator. Ticket information may be obtained by writing the E-52 University Theatre, or by calling Mitchell Hall.

## Registration Open For YWCA Classes In Foreign Speech

Registrations are still being taken for conversational German, French, Russian and Spanish at the Alice P. Smyth YWCA Center in Newark.

Mrs. C. Robert Bauer, program chairman, reports that Mrs. Hans Lebach will teach beginners German on Wednesdays from 7 to 8 and intermediate German conversation from 8 to 9 p.m.

Mrs. A. Stewart Holbeck will teach both Spanish and French. Intermediate Spanish will be taught on Tuesdays from 7 to 8, with French from 8 to 9 p.m.

Mrs. W. Sacknowski will teach a class in Russian for beginners who have some knowledge of the language on Thursdays from 7:30 to 9:30 p.m.

Registration is still open for classes in Home Care of the Sick and Injured, Lamp Shades, Beginners Bridge, Graphic Arts, Sliminastics, Trim Gym, Volley Ball, Beginners Sewing, Square Dancing, Oil Painting, Golf, Bowling and children's dance classes.

There will be a nursery for children to school age, on Tuesday, Wednesday and Thursday during class hours, according to Director Mary Dabolin.

Survivors Sought For Pay By Social Security Act.

"We are still looking for survivors of workers who died before 1940, who may be eligible for monthly payments," states Myron Milbourn, manager of the Wilmington social security office.

The original Social Security Act provided benefit payments only for retired workers. When the law was changed in 1939, no provision was made to pay monthly benefits to the survivors of a worker who died before 1940.

Due to recent changes in the law, payments can now be made to widows of workers who died after March 31, 1938, and before Jan. 1, 1940.

Science Enrollment Sets Record In Public Schools.

More students are enrolled in science courses in the public schools of Delaware than ever before, declared Dr. Howard E. Row, assistant state superintendent in charge of secondary education.

"Although all schools have made a noticeable improvement in science offerings and teaching during the past several years, some high schools are still too small to do the kind of job that is needed today," Row said.

Delaware Schools Progress In Language-Mindedness.

Delaware schools are becoming language-minded, according to Annette Emgarth, state supervisor of modern foreign languages.

In 1959, when the "Status of Modern Foreign Language Teaching in the Public Schools of Delaware" was published, there were only two commercially installed laboratories in the public schools and one at the University of Delaware.

"Now we have 15 foreign language laboratories, or almost eight times as many as we had two years ago," Miss Emgarth said.

Care Of Elms Suggested After "Crotchety" Year.

Elm trees are apt to get "crotchety" at this time of year, and it spells more than bad humor.

The American elm, buffeted by summer storms when carrying a heavy burden of branches and foliage, may have suffered a split crotch. This favorite tree, with its weak V-shaped structure, is particularly susceptible to such injury.

Before winter gales set in, this damage should be corrected, warns A. F. Rumph, Davey field representative.

Sheathed in ice after a sleet storm, the elm may come crashing down.

Life expectancy is increasing—you can expect anything these days. Life takes on a sombre hue when you think too much of you.

## NRA Offers Solution To Boys' Question "What To Do After School?" With Games

"Many junior and senior high school boys have asked the question 'What can we do and where can we go to enjoy ourselves after school?' The answer to this question has been solved," the Newark Recreation Association reports in initiating an after-school program for both junior and senior high boys, beginning next week.

Next Monday, and continuing each Monday thereafter, a program of supervised games will be conducted in the NRA building at 315 Delaware Circle from 3 to 5 p.m. for junior high boys. Games will include checkers, chess, pinocle and table tennis.

Beginning Oct. 12, this program will be offered senior high boys each Thursday, same time and place.

## Edna P. Crompton Dies In Hospital; Funeral Yesterday

Private services were conducted at 2 p.m. yesterday at the R. T. Jones Funeral Home in Newark for Mrs. Edna Pearl Crompton, who died Sunday in the Memorial Hospital after a month's illness.

Mrs. Crompton lived at 79 East Delaware Avenue, Newark.

Interment was in Newark Methodist Cemetery.

A native of Webster Springs, W. Va., Mrs. Crompton lived in the Newark area for 20 years. She was a member of Newark Methodist Church.

Surviving are her husband, Leroy Crompton; a daughter, Sandra Lee, 13; a sister, Mrs. Florence Zimmerman, Elmsboro; five brothers, Earl Payne, Fort Knox, Ky., Elmer, Roswell, N. M., Ernest, Charlestown, W. Va., Harry, Madison, O., and Russell Payne, Hyattsville, Md.; and a number of nieces and nephews.

## Laura Furey Scott Dies At Age Of 89 At Nursing Home

Mrs. Laura Furey Scott, 89, widow of William T. Scott, died last Thursday in the Devine Nursing Home, Elton.

Mrs. Scott lived near Newark, and spent most of her life in the Appleton, Md., area.

Surviving are two nieces, Mrs. Charles Miles of Newark, and Mrs. Walter Davis of Kemblesville, Pa., and several nephews.

Services were conducted Monday at 2 p.m. at the R. T. Jones Funeral Home, with interment in Head of Christiana Cemetery.

## 3,512 Pupils Participate In School Insurance Plan

Students participating in the accident insurance program made available through the Newark PTA Council, total 3,512 for the Newark school district.

Mrs. John Cray and Mrs. Gordon Keppel, chairman of the council insurance committee for the year, reports that the number of students taking complete coverage for 52 weeks has increased this year, with 94 students participating in this plan, while 3,418 students have taken coverage only during school hours.

Harry Crisman has written the group policy for the Newark schools.

## Cy Liberman Addresses Dessert-Coffee For LWV

The Newark League of Women Voters conducted a dessert-coffee at the Newark Country Club last night with Cy Liberman, political reporter for the Wilmington Morning News, speaking on "Delaware Constitutional Revisions and Other State Goals."

Mayor Durnall, members of the Newark City Council and Planning Commission; City Manager J. Francis Neide, and Charles C. Grubb were special guests of the league.

Mrs. Joseph R. Perkins, president of the local league, explained that due to the growth of Newark and of the league, the dinner has become too unwieldy.

"This year we're offering a good dessert and a good speaker, and we certainly hope to see all of our friends there," Mrs. Perkins said.

Registration is the only prerequisite for the program. There is no charge.

Initial registration for junior high boys will be held Monday, and for senior high boys, next Thursday—at the NRA Building.

All junior and senior high school boys of the Newark school district are invited to participate.

## Change In Shoe Styles "Good News" For Women

Good news for those who have suffered through current styles in women's shoes is reported by M. Katharine Jones, New Castle County home demonstration agent, who says that for the first time in three years, designers have taken a more sensible look at "la femme's" footwear.

Miss Jones says styles range from the pointed toe of the past several seasons to the broad, squared toe; there will be more "in-between" heels than in many a season, and there are three "style families" in the silhouette picture—the pointed toe, the crescent or narrow, flattened oval and squared toe.
