SB # 97.

April 12, 1984

To the Senate of the  
132nd General Assembly  
of the State of Delaware

With the concurrence of its sponsors, I am returning to the Senate without my signature Senate Bill 97, which is entitled:

"AN ACT TO AMEND DELAWARE CODE,  
TITLE 16, AS IT RELATES TO THE  
REGULATORY PROVISIONS CONCERNING

PUBLIC HEALTH FOR RESIDENTIAL  
FACILITIES FOR DEVELOPMENTALLY  
DISABLED PERSONS."

The basic intent of the bill is to give the Board of Health the authority to license rest homes, nursing home and related facilities for the care of one or more developmentally disabled persons.

However, the language of Section 4 of the bill may be construed to go beyond this licensing function and give the Division of Public Health additional, far-reaching responsibilities over developmentally disabled persons. Such a broad extension of responsibilities goes far beyond the intent of the legislation.

In addition to the Division of Public Health, the Advisory Council for the Coordination of Services to the Handicapped has expressed reservations about this provision.

I understand a corrected version of the bill - Senate Bill No. 411 - has passed the Senate and will soon be introduced in the House, assuring that the licensing function will be addressed.

Accordingly, I return Senate Bill 97 without my signature.

Respectfully submitted,  
Pierre S. du Pont, IV  
Governor

Mr. James W. Lutrzykowski  
Exec. Assistant to Secretary  
Department of Transportation  
Dover, DE 19901

RE: Proposed Legislation

H. B. 513

Noxious Weed Control

Dear Mr. Lutrzykowski:

The following is offered per your request of May 3, 1984 to Mr. Watson Baker concerning control of noxious weeds.

The annual cost for weeds that fall into the category of noxious weeds, i.e., Johnsongrass, Canada Thistle, Kudzu, Japanese Fleece Flower and Multiflora Rose, normally encountered on highway right of way, currently totals about \$55,000.00.

In effect, this legislation would require the Department to maintain spraying equipment "on-call" throughout the growing season or mow all roads often enough to prevent the development of an inflorescence (seedhead) on weeds not yet specifically named!

The additional cost burden is difficult to project, but I would estimate the total cost to exceed \$200,000.00, exclusive of the additional mowing costs involved by such a requirement.

If you have any questions or need additional information, please let me know.

Very truly yours,  
DIVISION OF HIGHWAYS  
S. Joseph Lesley  
Roadside Development Manager

May 14 1984

Hon. E. Stuart Outten

Legislative Hall

Dover, Delaware 19901

Dear Stuart:

We appreciate the opportunity to clarify for you our position regarding H.S. 1 for H.B. 510, relating to the Tax Rate Upon Reassessment of Taxable Properties Within a Municipal Corporation.

Our objection to this Bill is that it overrides Municipal Charters and Home Rule as well as the authority of the elected officials who know the situation in their community better than others. There is the mistaken notion that following reassessment, the tax rates are always increased. This is not necessarily so, and in a number of instances, the tax rate is lowered. Furthermore, if tax rates following a

reassessment were increased more than necessary to provide essential services, the voting public can change that situation in each annual election.  
I hope this clarifies our position for you and that you will not support H.S. 1 for H.B. 510 because of this infringement upon local municipal authority and those elected to carry out the provisions of their Charter.

Sincerely,  
CRAWFORD J. CARROLL  
Mayor, City of Dover

WHEREAS, J. Caleb Boggs remains cheerfully active among us and has attained the senior status of 75 years of age; and

WHEREAS, Governor Boggs is with us in these chambers today, as friendly and down-to-earth and easy to talk with as he was throughout his illustrious career, which saw him sit in the seats of the mighty, but never lose sight of his rural beginnings in Cheswold, nor of the everyday men and women who returned him again and again as their voice in either Dover or the nation's capital; and

WHEREAS, J. Caleb Boggs has led a life of exemplary service to the ideals of our democracy, standing up and fighting for it in times of challenge as an officer of our armed forces, from which he retired with the rank of General, and as a stalwart champion of liberty, wherever duty called him; and

The Honorable William A. Oberle, Jr.

House of Representatives

Legislative Hall

Dover, DE 19901

Dear Representative Oberle:

The purpose of this letter is to confirm my discussion with you regarding H.B. 547, dealing with the membership for the Governor's Council on Police Training.

At a recent meeting, the Council on Police Training endorsed an additional member be added to the Council, namely, the President of the Regional Chiefs of Police Association. Since your bill surfaced, I have taken an unofficial poll of the Council members. The majority feel the two additional police chiefs would overload the Council with law enforcement representation. The Council will support your bill, if amended, to include the President of the Regional Chiefs Council and making total Council number ten with seven members needed for a quorum.

I plan to be in Legislative Hall on the week of May 29 should you need any further clarification.

Very truly yours,  
James L. Ford, Jr.

Chairman  
Council on Police Training

Dover, DE 19901

Dear Speaker George:

Attached to this letter is a copy of the Report of the Insurance Task Force Committee which I had the privilege of chairing during the present session of the General Assembly.

The report is brief but lists the important activities and legislative conclusions of the Task Force.

Free and Donald M. Clark; and J. Patrick McCann, of the State Insurance Department, Robert J. Voshell, Director of the Division of Motor Vehicles; Hal X. Rhoads, State Farm Insurance Company; former Representative Clifford B. Hearn, AIA, and Francis J. O'Neill, PIA. It has been a pleasure and an education to serve with these gentlemen.

It is my hope that the Speaker and the members of the House will extend the life of the Task Force which was created by House Resolution 51.

Sincerely,  
Charles P. West  
State Representative  
41st District

The Task Force Committee Report

This is a report prepared for Rep. Charles West, Chairman of the Insurance Task Force Committee, which was established as a result of House Resolution 51, dated 4/13/83.

INTRODUCTION:

MEMBERS OF THE COMMITTEE:

Rep. Charles P. West, Chairman  
Rep. Rodney Dixon, Co-chairman  
Rep. Gerald A. Buckworth  
Rep. Kevin W. Free  
Rep. Donald M. Clark  
J. Patrick McCann, Insurance Department  
Robert J. Voshell, Director, Dept. of Motor Vehicles  
Hal X. Rhoads, State Farm Insurance Company  
Clifford B. Hearn, Esq., AIA  
Francis J. O'Neill, PIA

The Committee held several meetings, discussing all aspects of insurance. It concentrated on problems that needed immediate legislative attention as expressed by public concern. All areas of the insurance industry were represented. The Committee, after identifying the problem areas and discussing solutions, drafted legislation in sub-committee and reported to Chairman West. Several of its recommendations were introduced as legislation. They are:

- HB 567 - which increased the death benefit under the No-Fault provision (PIP).
- HB 657 - defines occupancy and vacancy under homeowners' policies,
- HB 678 - addresses the uninsured motorist problem with regards to availability to insureds,
- HB 665 - which restricts homeowner's cancellation on certain property insurance contracts,
- HB 666 - NAIC Model Act regulating boiler insurance,
- HB 663 - modernizes the insurance rating system by placing it on a more competitive basis.

The Insurance Department's responsiveness to consumer complaints was also discussed. It was determined that the Department has a very effective consumer complaint program which, within the legal restraints placed on the Department, deals effectively with the public. HB 665 submitted by this Committee will help the Department be more responsive on complaints involving property insurance cancellations. This bill contains provisions for mandatory show-cause hearings and fine provisions. Another area which may result in future legislation is the uninsured motorist problem. The subcommittee is still continuing to study this problem and may come up with a practical suggestion that may go a long way to help solve this difficult concern.

The Committee was made up of a group of dedicated professionals who worked well together toward the common goal of meaningful legislation that is responsive to the public need. The Speaker may wish to consider re-appointing this group as a permanent task force.

July 2, 1984

To the Delaware State Senate  
of the 132nd General Assembly  
of the State of Delaware

On June 30, 1984 I received Senate Substitute No. 1 for Senate Bill No. 454 which is entitled:

"AN ACT MAKING APPROPRIATIONS FOR THE EXPENSE  
OF THE STATE GOVERNMENT FOR THE FISCAL YEAR  
ENDING JUNE 30, 1985; SPECIFYING CERTAIN  
PROCEDURES, CONDITIONS AND LIMITATIONS FOR THE  
EXPENDITURE OF SUCH FUNDS; AND AMENDING CERTAIN  
PERTINENT STATUTORY PROVISIONS."

I have today approved this Act. Pursuant to the authority conferred in Article III, §18 of the Delaware Constitution, however, I have stricken the appropriation in lines 3 and 4 on page 8 of the bill.

This section of the bill which I have line item vetoed would appropriate \$20,000 to the Budget Office for use by the Controller General to conduct a correctional officer staffing pattern study. Such a study already is being conducted by the Commissioner of Corrections and will be completed this fall. Accordingly, the appropriation is unnecessary.

Because the General Assembly may, if it should so elect, exercise its authority to override the Executive Line Item Veto, I return Senate Substitute No. 1 for Senate Bill No. 454 as approved except as

disapproved by distinct line item. Nevertheless, in accordance with Article III, §18 of the Delaware Constitution all of the bill which stands approved is now law.

Respectfully submitted,  
Pierre S. du Pont, IV  
Governor

July 2, 1984

To the Senate of the  
of the 132nd General Assembly  
of the State of Delaware

I am returning without my signature Senate Bill No. 356, as amended by Senate Amendment No. 1, received June 28, 1984 and which is entitled:

"AN ACT TO AMEND CHAPTER 29, TITLE 24  
OF THE DELAWARE CODE RELATING TO  
REAL ESTATE BROKERS AND SALESMEN."

This bill would prohibit condominium associations and time-sharing developers from selling condominium units unless they first retained a licensed real estate agent to represent them, or unless the developer or all of the members of the condominium association first obtained a license themselves.

Presumably, the rationale behind this bill is that the public needs the protection of a licensed real estate agent when leasing, time-sharing or buying condominiums. But the bill does not ensure that the buyer will be represented by a licensed agent, rather it requires that the seller - the condominium association or time-sharing developer - must hire an agent. That agent's duty will be to protect the seller's interests, not the buyer's, and thus the bill promises no protection for the public.

Enactment of this legislation also would result in the anomalous situation of preventing condominium owners from associating for the purpose of leasing or selling their units while permitting homeowners to do so. Homeowners can do so under 24 Del. C. Section 2902(b)(2), but the amendment to this bill expressly prevents the application of that provision to a condominium association.

There has been no showing of a compelling need for this legislation, and, in the absence of such a showing, I am returning Senate Bill No. 356 without my signature.

Respectfully submitted,  
Pierre S. du Pont, IV  
Governor

July 3, 1984

To the House of Representatives  
of the 132nd General Assembly  
of the State of Delaware

On June 28, 1984 I received House Bill No. 315 as amended by House Amendments No. 1 and 2, which is entitled:

"AN ACT TO AMEND CHAPTER 100, TITLE 29 OF THE  
DELAWARE CODE TO PROVIDE PENALTIES FOR VIOLATIONS OF  
THE FREEDOM OF INFORMATION LAW."

House Bill No. 315 would amend the State Freedom of Information Act, allowing state courts to impose civil fines against any participant in a meeting who knows that such meeting is held in violation of the Act. The bill would also cause custodians of public records to be subject to a \$50.00 fine for each day access to such records is denied even though the custodian was in good faith following the instructions of her superior. Finally, it would permit the Superior Court to award attorney's fees in addition to the civil fine.

While I have no quarrel with the amount of the fines which House Bill No. 315 would authorize, I am troubled by the prospect of courts awarding attorney's fees against agencies or their staff found to have participated in an illegal meeting. A \$50.00 civil penalty is reasonable enough, but attorney's fees might easily approach thousands of dollars, which seems patently disproportionate to the offense involved. I am also disturbed because the bill paints with an extremely broad stroke, potentially subjecting secretaries and clerical workers to fines and onerous attorney's fees. For example, clerical staff responsible for public records would risk civil penalties for improperly denying access to such records. But what constitutes a public record is an issue not always free from doubt, for it hinges upon whether such records contain public business conducted by a public body -- terms which have given rise to perplexing and protracted legal wrangles under the Act. Thus, because of the ambiguity surrounding these issues it strikes me as unfair to impose fines and attorney's fees against staff and clerks who in good faith withhold records or attend meetings found later to abridge the Act. My view in this matter is fortified by the knowledge that there are ample remedies, including injunctions, mandamus, and declaratory judgments, to assure compliance with Delaware's Freedom of Information Act.

Therefore, I am returning without my signature House Bill No. 315 as amended by House Amendments No. 1 and 2.

To the House of Representatives  
of the 132nd General Assembly  
of the State of Delaware

On June 27, 1984 I received House Substitute No. 1 for House Bill No. 420 as amended by House Amendments No. 1 and 2, and Senate Amendment No. 2, which was entitled:

"AN ACT TO AMEND CHAPTER 31, TITLE 15 OF THE

DELAWARE CODE TO PROVIDE FOR NOMINATING CONVENTIONS  
FOR STATEWIDE ELECTIVE OFFICES."

This bill would abolish the existing method of nominating candidates for statewide office by direct popular primary and establish a convention system under which candidates would be chosen by the vote of members from the political committees of the respective political parties.

In 1820, Thomas Jefferson wrote the following in a letter to William Charles Jarvis:

"I know no safe depository of the ultimate powers of the society but the people themselves; and if we think them not enlightened enough to exercise their control with a wholesome discretion, the remedy is not to take it from them, but to inform their discretion."

Jefferson's advice is as true today, and should be taken to heart by those who distrust the people, those who would take from them the power to choose their leaders and place it in the hands of political committees.

Accordingly, I am returning without my signature House Substitute No. 1 for House Bill No. 420 as amended by House Amendments No. 1 and 2, and Senate Amendment No. 2.

To the House of Representatives  
of the 132nd General Assembly  
of the State of Delaware

On June 21, 1984 I received House Bill No. 425 as amended by House Amendments 1, 2, 3, 4, and Senate Amendments 1, 5 and 9, which was entitled:

"AN ACT TO AMEND TITLE 24 OF THE DELAWARE CODE  
RELATING TO OCCUPATIONS AND PROFESSIONS; AND  
PROVIDING FOR THE REGULATION OF PERSONS PRACTICING  
DIETETICS AND NUTRITION."

This bill would create a Board of Dietetics and Nutrition which would be responsible for establishing and administering requirements for persons practicing dietetics or nutrition in Delaware. Its avowed purpose is to regulate the nutrition counselling profession in the interest of the safety and welfare of the general public.

Despite its laudable objectives, however, House Bill No. 425 is strikingly underinclusive, for it exempts from coverage a range of persons employed in public and private institutions as nutrition counselors. However, if our objective is to ensure that the public generally can safely place its trust in those holding themselves out as experts in diet and nutrition, there is no reasonable basis for exempting dietitian consultants in our public schools or government offices from the same standards of training to which other dietitians shall be held. An Act important enough to protect adults receiving nutrition information ought at the very least to offer that same protection to our youth in schools and colleges.

Aside from its lack of comprehensiveness, House Bill No. 425 suffers from at least two technical flaws. First, the officially engrossed bill which I received fails to include part of House Amendment 4 authorizing the Dietetics Board to convene special or emergency meetings. Second, the bill failed to garner a two-thirds majority vote, even though a two-thirds vote is required under Article IV, §28 of the Delaware Constitution when a bill enlarges the criminal jurisdiction of an inferior court. House Bill No. 425 authorizes the imposition of fines against persons convicted of unlawfully practicing dietetics or nutrition, thus expanding the misdemeanor jurisdiction of the Court of Common Pleas. As a result, a two-thirds majority vote was required, which it failed to receive in the Senate.

For these reasons, I am returning House Bill No. 425 as amended by House Amendments 1, 2, 3, 4 and Senate Amendments 1, 5 and 9, without my signature.

To the Delaware State Senate  
of the 132nd General Assembly  
of the State of Delaware

I am returning without my signature Senate Bill No. 44 which I received on July 10, 1984, and which is entitled:

"AN ACT TO AMEND SUBCHAPTER I, CHAPTER 5, TITLE 7  
DELAWARE CODE, RELATING TO LICENSE FEES FOR  
NONRESIDENTS."

Senate Bill No. 44 would institute a reciprocal pricing mechanism for non-resident hunting licenses in Delaware, requiring non-residents to pay a license fee equal to that charged by their native state when such a fee is greater than Delaware's fee. However, the presence of several flaws in the bill convinces me that it should not be signed at this time.

There are more than one hundred private licensing agents in the State, each of whom would be required under this legislation to confirm the licensing fees for practically every state in the Union. In 1983, hunting licenses were sold to individuals from more than forty-five different states. To require small, individual licensing agents to check the fees of numerous and often distant states will be an enormously time-consuming, costly and burdensome task, especially since hunting license fees change frequently in some of the larger states. In addition, the individual outlets would be forced to decide on a case-by-case basis whether a particular state's licensing fee should include the cost of various hunting stamps, special registration charges and other particularized costs associated with each state's licensing scheme. I also note that the bill would become effective immediately, even though Delaware's license year commenced July 1. The absence of a delayed implementation date would mean that thousands of licenses printed and distributed to local agents, many of which have already been sold, would have to be recalled and reprinted in order to comply with Senate Bill No. 44's mandate.

Because of the expense and burden to which local licensing agents would be put and the significant administrative problems which would be caused by its immediate implementation, I am returning Senate Bill No. 44 to the Senate without my signature.

Respectfully submitted,

To the Delaware State Senate  
of the 132nd General Assembly  
of the State of Delaware

On July 10, 1984, I received Senate Bill No. 301, as amended by Senate Amendment No. 2 and by House Amendments Nos. 1, 3 and 4, which is entitled:

"AN ACT TO AMEND CHAPTER 20, TITLE 15,  
DELAWARE CODE, RELATING TO THE  
REGISTRATION OF VOTERS."

This bill would require the New Castle County Department of Elections to appoint at least two registration officers to sit at each motor vehicle inspection station in the county, for the purpose of being available to accept applications to register to vote, to change party affiliation, or to change name, address or other information essential to comply with voter registration procedures. In short, this bill would require the establishment of year-round, full-time registrars at the Division of Motor Vehicles inspection lanes in New Castle County.

The fiscal note attached to this bill projects an FY'85 cost of \$88,443. If this legislation promised a significant increase in number of registered voters, then such a cost might be justifiable. But such a benefit cannot reasonably be expected as a result of this legislation.

Registration offices exist in each county. Mobile registration is mandated in Delaware in each senatorial district within 30 days of the last date for registration before a general election. A simple registration by mail exists which can easily be activated by a phone call to the Department of Elections. With all of these alternatives available, the assignment of additional personnel to yet another remote location seems unwarranted.

For these and other reasons, I am returning Senate Bill No. 301, as amended by Senate Amendment No. 2 and by House Amendments Nos. 1, 3 and 4, without my signature.

Respectfully submitted,

July 20, 1984

To the Delaware State Senate  
of the 132nd General Assembly  
of the State of Delaware

On July 10, 1984, I received Senate Bill No. 408, as amended by Senate Amendment No. 2, which is entitled:

"AN ACT TO AMEND SUBCHAPTER III, CHAPTER  
20, TITLE 15, DELAWARE CODE, RELATING TO  
REGISTRATION BY MAIL."

This bill purports to "simplify" the process by which a qualified elector can register by mail to vote. The key provision in this bill would require the State Elections Commissioner to "prescribe a uniform mail registration form" which could be obtained "by in person (sic), telephone or mail request from any department of elections office and from prominently displayed dispensers for such registration forms placed throughout the state."

Under the present law any qualified person can obtain a registration form simply by telephoning or writing to the local department of elections, or by appearing in person at the office of the local department. In response to a telephone or written request, the department within three days must send the registration form to the address given by the requestor. The individual then fills out and returns the completed form to the department, which registers the voter after reviewing the form and, if necessary, conducting an inquiry to verify the information provided by the applicant.

Senate Bill No. 408 would dramatically alter this process by making registration forms available in "prominently displayed dispensers ... placed in public places throughout the state." This would result in the wholly-unregulated mass distribution of the actual signature cards which are used at the polls to verify proper registration. The potential for vote fraud in such a system is enormous.

By eliminating any requirement that registration forms be distributed in response to individual requests, Senate Bill No. 408 also negates the protections against vote fraud which currently exist in the mail registration law. Under 15 Del. C. Section 2012(b), for example, a third party may apply for registration by mail for someone other than himself, but to do so he must sign a prescribed form and specify the name and address of the person who wishes to register. This safeguard is eliminated by Senate Bill No. 408, however, since there is no provision for limiting or verifying the proper distribution of the individual registration forms through the "prominently displayed dispensers ... in public places throughout the state."

In the guise of simplifying the mail registration process, this bill removes important procedural safeguards which have been in the mail registration law since it first was enacted. Whether this bill really simplifies the process is debatable, furthermore, since someone wishing to register need only telephone the local department of elections to obtain the form. There is no indication that this legislation is necessary, and there is every indication that it is fraught with risk for our elections system.

For these reasons, I am returning Senate Bill No. 408, as amended by Senate Amendment No. 2, without my signature.

To the House of Representatives  
of the 132nd General Assembly  
of the State of Delaware

On July 9, 1984, I received House Bill No. 606 which is entitled:

"AN ACT TO AMEND CHAPTER 84, TITLE 11 OF THE DELAWARE  
CODE RELATING TO THE DELAWARE POLICE TRAINING PROGRAM."

Environmental protection officers and marine police officers, charged with enforcing laws, regulations and orders of the Department of Natural Resources and Environmental Control, would be required by House Bill No. 606 to attend the Delaware Police Training Program or another approved program and to receive certification from the Council on Police Training.

I am advised that virtually all of the Department's enforcement officers have in fact received police training and education in the State Police Academy or in similarly structured programs. House Bill No. 606, however, fails to include a grandfather clause accepting the training these officers have already received. Because of that oversight, officers who have already completed an approved program may be forced once more to attend the Academy and fulfill its requirements. But even more importantly, I have deep concerns regarding the inflexibility of the bill as it is presently drafted. It may require for example, that casual and seasonal personnel granted special arrest powers be sent through an expensive and, relative to their length of hire, lengthy training program.

Since I endorse the concept of education and training in police enforcement skills for these enforcement personnel, the Secretary of the Department of Natural Resources and Environmental Control and the respective supporters and sponsors of House Bill No. 606 are invited to work together to fashion legislation that will avoid the above-mentioned problems. In that spirit, therefore, I return House Bill No. 606 to the House of Representatives unsigned.

To the House of Representatives  
of the 132nd General Assembly  
of the State of Delaware

Because of a drafting oversight I am returning House Bill No. 639 as amended by House Amendment

No. 1, received on July 10, 1984, without my signature. The bill is entitled:  
"AN ACT TO AMEND CHAPTER 66, TITLE 18, DELAWARE CODE  
RELATING TO LINE-OF-DUTY DEATH BENEFITS."

This bill would increase from \$50,000 to \$100,000 the line-of-duty death benefits payable to certain categories of State employees and other persons. Unfortunately, it mistakenly neglects to amend Section 6607 of Title 18, a provision that absolutely forbids the State from paying death benefits above \$50,000 to the beneficiaries of any covered person. As a result of this oversight, House Bill No. 639 as amended by House Amendment No. 1 will not bring about its intended result and, therefore, I am returning it to the House of Representatives without my signature.

To the House of Representatives  
of the 132nd General Assembly

On July 12, 1984, I received House Bill No. 668 as amended by House Amendment No. 1 and Senate Amendments No. 2 and 3, which is entitled:

"AN ACT TO AMEND TITLE 6, CHAPTER 21 OF THE DELAWARE CODE  
RELATING TO ANTITRUST VIOLATIONS AND TO ANTIBID-RIGGING  
PROVISIONS CONCERNING CONTRACTS FOR AND IN CONNECTION WITH  
PUBLIC WORKS AND ALSO CONCERNING CONTRACTS FOR AND IN CONNECTION  
WITH THE PURCHASE BY GOVERNMENTAL AGENCIES OF ITEMS, MATERIALS,  
COMPONENTS, EQUIPMENT, GOODS, SUPPLIES OR SERVICES OTHER THAN  
SERVICES OF A CONTRACTOR."

This bill would amend the State Antitrust Act, creating a subchapter that will prohibit conspiracies to commit various forms of bid rigging. Civil penalties, together with certain equitable remedies, are also made available to enforce the Act.

One section of the bill erroneously refers to 29 Del. C. §6901(7) for the definition of "highway and heavy projects". Section 6901, however, actually defines "securities". Because of the confusion this error will likely cause, I am inclined not to sign the bill, a view which in fact is shared by the proponents of this legislation. Accordingly, I am returning House Bill No. 668 as amended by House Amendment No. 1 and Senate Amendments No. 2 and 3 without my signature.

To the House of Representatives  
of the 132nd General Assembly  
of the State of Delaware

On July 12, 1984, I received House Bill No. 90 as amended by House Amendments No. 1, 2 and 4, which is entitled:

"AN ACT TO AMEND TITLE 24, DELAWARE CODE, RELATING TO  
EX-OFFENDERS AND THE RIGHT TO PURSUE AN OCCUPATION OR  
TRADE."

This bill would prohibit state regulatory agencies from denying ex-offenders the right to practice a profession, occupation or trade solely because the ex-offender committed a crime, and so long as the ex-offender meets certain conditions and is otherwise qualified.

Various boards, commissions and state agencies are responsible for regulating the right of qualified persons to practice certain trades or occupations in Delaware. Their primary objective is to protect the general public from unsafe practices and to insure minimum standards of practitioner competency. However, House Bill No. 90, as amended by House Amendments No. 1, 2 and 4, would intrude on the authority of such agencies to carry out these objectives. The bill effectively removes a board's authority to refuse a license based on an individual's previous conviction of a crime in this State or any other jurisdiction. Nevertheless, the bill recognizes two general categories in which a criminal record may be relied upon to deny a license: (1) with respect to ex-offenders applying for licenses to install security alarm systems, and (2) with respect to persons with drug related convictions who seek admission to drug dispensing professions such as pharmacy or nursing.

My reasons for not signing House Bill No. 90, as amended by House Amendments No. 1, 2 and 4, are twofold. First, while the exceptions already noted are reasonable as far as they go, the bill inadvertently overlooks other exceptions which I am confident the sponsors would want to include. Surely the Department of Administrative Services, for example, should have the discretion to deny a special license to sell deadly weapons to an individual convicted of violent crimes involving the use of a deadly weapon. And just as certainly the Commission on Adult Entertainment Establishments should have the authority to withhold a license from one convicted of promoting prostitution or other sex-related offenses.

Second, to the extent that a prior conviction alone is an impediment to obtaining a license, the executive pardon power is an available method for assisting ex-offenders in gaining a fresh start in life. The pardon power, moreover, is tailored to individual circumstances, and incorporates safeguards designed to assure fair results for deserving individuals.

It is somewhat incongruous, of course, that our prison system attempts to rehabilitate inmates by instructing them in trades for which they may be unable to obtain a license because of their criminal record. This legislation would correct this problem. But although it expresses a commendable desire to

banish the automatic disability that frequently afflicts ex-offenders, House Bill No. 90, as amended by House Amendments No. 1, 2 and 4, inadvertently and unnecessarily compromises our equally important objective of protecting the public welfare. Because I believe it can and should be redrafted to answer these concerns, I am returning House Bill No. 90 as amended by House Amendments No. 1, 2 and 4.

Respectfully submitted,  
Pierre S. du Pont, IV

H. B. #601.

September 29, 1984

To the House of Representatives  
of the 132nd General Assembly  
of the State of Delaware

On September 21, 1984, I received House Bill No. 601, which is entitled:

"AN ACT TO AMEND CHAPTER 63, TITLE 29  
OF THE DELAWARE CODE RELATING TO THE  
COMPOSITION OF THE BUDGET COMMISSION."

This bill would replace the Auditor of Accounts with the Lieutenant Governor as a voting member of the Budget Commission. Under this legislation the Auditor would remain on the Commission, however, as a non-voting member.

The ostensible need for this legislation is a supposed conflict of interest in having the Auditor serve on the Budget Commission. I fail to see such a conflict, but if indeed one exists, then the Auditor should be removed from the Commission entirely and not become a non-voting member. If the Auditor feels that a matter before the Commission presents him with a conflict of interest, he simply can decline to vote on the proposal.

Because this legislation does not remedy the alleged problem it addresses, I am returning House Bill No. 601 without my signature.

Respectfully submitted,  
Pierre S. du Pont, IV  
Governor
