- Continental European Studies
- East Asian Studies

The College of Arts and Sciences represents a range of academic disciplines and contributes to the general and professional education of all undergraduate students at the University. The College offers major programs leading to the Bachelor of Arts, Bachelor of Science, Bachelor of Arts in Liberal Studies, Bachelor of Fine Arts, and Bachelor of Music, as well as associate (two-year) degrees.

Undergraduate students enrolled in the College of Arts and Sciences may choose from a number of degree programs and options designed to permit flexibility in the pursuit of their educational goals, within guidelines or requirements established by the faculty. These formal requirements ensure that all students in the college complete courses representative of each of the major disciplinary groupings in the College: Arts and Humanities, Culture and Institutions Through

- Economics
- English
- Fine Arts and Visual Communications
- Foreign Languages and Literatures
- Geography
- Geology
- History
- Irish Studies
- Jewish Studies
- Journalism
- Latin American Studies
- Legal Studies
- Liberal Studies
- Linguistics and Cognitive Science
- Mathematical Sciences
- Mathematics and Economics
- Medical Humanities
- Medieval Studies
- Military Science-Army ROTC
- Music
- Neuroscience
- Philosophy
- Physics and Astronomy
- Political Science, International Relations, and Public Administration
- Psychology
- Religious Studies
- Sociology and Criminal Justice
- Theatre
- Women's Studies

Time, Behavioral and Social Sciences, and Natural Sciences and Mathematics.

The intent of these requirements is to provide students appreciation of the materials and methodologies of each area and to foster awareness that the works of an artist, historian, novelist, sociologist, and physicist may all be equally valid representations of reality. In the process, students develop a heightened understanding of all aspects of human environment, intellectual curiosity, respect for fact, perception of the complexity of truth, skill in reasoning, and concern for integrity and logical consistency, and acquire perceptions, skills, and attitudes to assist them in achieving a full and satisfying life. In addition to the requirements listed for the various degrees, students must fulfill the general University requirements for baccalaureate degrees listed in the all-campus Academic Regulations for Undergraduates section of this catalog.

For more information about the College of Arts and Sciences, please visit the college web site at www.art-sci.udel.edu/

ADVISEMENT

Students who have declared majors will be assigned an advisor who is a faculty member in the appropriate department. University Studies students are advised by the professional staff of the University Advisement Center located at 102 Elliott Hall. All freshman students who have earned less than 28 credit hours are required to seek advisement during preregistration for the spring and fall semesters. All other students are strongly encouraged to meet at least once each semester with their academic advisors.

Preprofessional advisement committees are available to advise students who plan to study dentistry, law, medicine, social work, or veterinary medicine. Dean's Office personnel will be glad to direct students to appropriate faculty members.

GENERAL DEGREE REQUIREMENTS INFORMATION

PASS/FAIL GRADE OPTION. Courses to fulfill degree requirements may not be taken pass/fail unless they are offered only on a pass/fail basis. Students may elect to take one course per semester pass/fail. A total of no more than 24 credits may be taken pass/fail for a Bachelor's degree and no more than 12 credits for an Associate's degree. For more detailed information on the pass/fail grade option, see the chapter on Academic Regulations.

PHYSICAL EDUCATION. A maximum of two credits of HESC 120 may be counted toward the required minimum credits of all degrees in the college.

DUPLICATE CREDITS. Credits may be counted only once toward a degree. Courses repeated to improve a passing grade may not be counted a second time toward the minimum total credit hours required. Certain courses offered in a sequence will not be counted toward a degree if taken in reverse order of difficulty, e.g., FREN 105 course would not be counted if taken after FREN 107; similarly, MATH 115 would not be acceptable if taken after MATH 221.

Certain other courses have sufficient overlap of content, although taught at different degrees of difficulty, that credit would not be offered for both courses regardless of the order taken. For instance, credit will be offered only once for the following pairs of courses: MATH 221 and MATH 241, MATH 222 and MATH 242.

COURSE OF STUDY OPTIONS

SINGLE MAJOR. A departmental major consists of at least 30 credits with the specified and elective courses determined by the individual department.

Several departments, e.g., English and History, have a number of internal options or specializations. To round out the departmental major, students may be required to take a designated number of credits of related work determined in consultation with a faculty advisor.

The faculty of the college have ruled that for the Bachelor of Arts degree, a maximum of 45 credits with the same departmental prefix may be applied to the total number of credits required for the degree. A cross-listed course will be considered a part of the 45 credit total, regardless of which prefix a student used to register for the course.

Students who choose a single major will normally have a number of "free elective" credits. Considerable thought should be given to the best use of these elective credits.

DOUBLE MAJOR. This involves fulfilling the major requirements of two Bachelor of Arts or two Bachelor of Science majors. The advantage of a double major is that the student is able to develop and demonstrate strength in each area covered in the undergraduate program. Admission to double major status requires the approval of both departments and the dean(s) of the college(s). The minimum grade necessary in all courses required for the double major is the same as that needed for a single major in that degree program.

INTERDEPARTMENTAL MAJOR. Students whose goals and interests heavily involve materials from two departments but do not extend to all aspects of each subject area may work out and submit for the approval of both departments and the dean of the college an interdepartmental proposal. More detailed instructions on the Interdepartmental Major are available in the Advisement Center and Dean's Office, but basically this major involves a minimum of 21 credits from each department with another nine credits that may be distributed in a number of ways. Examples of departments frequently combined in such programs are Communication and English or Political Science and Economics. With the approval of the other college or department, one area of the interdepartmental major may be from outside the College of Arts and Sciences. The interdepartmental major always leads to the Bachelor of Arts degree.

A minimum grade of C- is normally required in all courses constituting the 21 credits of each area, and a C average is necessary for all the 51 credits in the interdepartmental major.

AREA STUDY. Opportunity is provided for students interested in pursuing a broader field of study such as Comparative Literature, International Relations or Latin American Studies. Students majoring in International Relations are required to take 51 credits distributed among appropriate departments. Thirty of the 51 credits must be earned with at least a C- grade, and a C average is required for the total of the 51 credits.

MINORS. In addition to the major, students may also elect to complete one or two minor programs. Departments offering a minor set their own requirements, but these always include at least 15 credits of course work. A minimum grade of C- is normally required in all courses for a minor. (See the list of minors in the front of this catalog.)

BACHELOR OF ARTS

This degree, offered by all departments of the College of Arts and Sciences (see chart on p. vi), is awarded to those students who follow a broad course of study and is designed to provide a liberal education. For this degree, students must complete a minimum of 124 credits, composed of requirements for general education, required courses in a major, and elective courses. A grade of C- is required in all major courses. No more than 45 credits with the same departmental prefix (including cross-listed courses) may be counted toward the total required for the degree.

CORE CURRICULUM

CREDITS

UNIVERSITY REQUIREMENTS

ENGL 110 Critical Reading and Writing

(minimum grade C-) 3 ENGL 110 will be taken by all students as freshmen, except by students who have otherwise demonstrated the skills taught in that course. A score of 710 or higher on the SAT-II Writing Test will be a satisfactory demonstration of basic writing skills. ENGL 110 must be completed by the time a student has earned 60 credits Students who transfer into the College of Arts and Sciences with 45 credits or more must complete this requirement within two semesters.

MULTICULTURAL COURSE

BACHELOR OF ARTS COLLEGE SKILL REQUIREMENTS Writing: (minimum grade C-)

3 A second writing course involving significant writing experience including two papers with a combined minimum of 3,000 words to be submitted for extended faculty critique of both composition and content. This course must be taken after completion of 60 credit hours. Appropriate writing courses are designated in the semester's Registration Booklet. (See list of courses approved for second writing requirement, page 91-93)

Mathematics:

0-4 (one of the following four options with a minimum grade of D-) OPTION ONE:

MATH 113 **Contemporary Mathematics**

(designed for students who do not intend to continue the study of mathematics

OPTION TWO:

MATH 114

MATH 170	College Mathematics and Statistics (designed for students who do not intend to continue the study of mathematics)
MATH 115	
or	
MATH 171	Pre-Calculus
	(designed for students who intend to continue the study of
	mathematics)

OPTION THREE:

Successful completion of any mathematics course at or above the 200-level except MATH 201, MATH 202, MATH 205, MATH 250, MATH 251, MATH 252, MATH 253, MATH 266, MATH 300 or MATH 450.

OPTION FOUR:

Successful performance on a proficiency test in mathematics administered by the Department of Mathematical Sciences. (0 credits awarded)

The math requirement must be completed by the time a student has earned 60 credits Students who transfer into the College of Arts and Sciences with 45 credits or more must complete this requirement within two semesters

Foreign Language:	0-12
(with a minimum grade of D-)	

Completion of the intermediate-level course (107 or 112 or 214) in an ancient or modern language. The number of credits needed and initial placement will depend on the number of years of high school study of foreign language. Students with four or more years of high school work in a single foreign language may attempt to fulfill the requirement in that language by taking an exemption examination through the Foreign Languages and Literatures Department (see page 123)

COLLEGE BREADTH REQUIREMENTS (MINIMUM GRADE OF D-) These requirements apply to all College of Arts and Sciences Bachelor of Arts

degrees, except for the Bachelor of Arts in Mathematics Education, for which the number of credits in each group is different than below. See page 142 for these requirements.

Group A . Analysis and appreciation of the creative arts and humanities. Twelve credits of courses representing at least two departments or appropriate instructional units

Group B The study of culture and institutions over time Twelve credits of courses representing at least two departments or appropriate instructional units

Group C. Empirically based study of human beings and their environment. Twelve credits of courses representing at least two departments or appropriate instructional units

Group D 13 The study of natural phenomena through experiment or analysis. Thirteen credits of courses representing at least two departments or appropriate instructional units and including a minimum of one course with an associated laboratory

If the grade earned is sufficient, a course may be applied toward more than one requirement (e.g., breadth and major requirements), but the credits are counted only once toward the total credits for graduation. If all but one course in a group has been taken in one department or program, a course cross-listed with that program will not satisfy the distribution requirement. For a complete list of the courses which fulfill breadth requirements, see pages 93-98.

BACHELOR OF SCIENCE, BACHELOR OF FINE ARTS, **BACHELOR OF MUSIC**

Students whose goals indicate a high level of concentration or specialization may elect to fulfill requirements for the Bachelor of Science degree offered in a number of majors (see chart on p. vi). Similar degrees are the Bachelor of Fine Arts, with a heavy concentration on studio work, and the Bachelor of Music, with its own areas of specialization. Curricular details for all of these degree programs can be found in the sections devoted to the individual departments.

BACHELOR OF ARTS IN LIBERAL STUDIES

An option that offers a great deal of flexibility is the Bachelor of Arts in Liberal Studies (B.A.L.S.). The degree is designed for students who have need and justification for developing their own undergraduate major program within the 124-credit minimum. For requirements, see the listing under Liberal Studies in the alphabetical listing of majors in this chapter.

ASSOCIATE DEGREES

The nonterminal degrees of Associate in Arts (A.A.) and Associate in Science (A.S.) may be awarded upon application; students must apply before completing 75 credit hours. Information regarding admission requirements and eligibility for the associate degree programs may be found in the Undergraduate Admissions section of this catalog. Academic advisement is available in the Academic Advisement Center, 102 Elliott Hall.

The Associate in Arts represents completion of the first half of a Bachelor of Arts program: the Associate in Science, the first half of a Bachelor of Science program. Specific requirements follow:

ASSOCIATE IN ARTS REQUIREMENTS

If any of the course requirements are satisfied through proficiency tests or exams, elective credits must be substituted to make up 60 hours. Courses taken to fulfill specific group, math, or language proficiency requirements must be taken for a regular grade, not pass/fail

CURRICULUM	CREDITS
UNIVERSITY REQUIREMENTS Writing ENGL 110(minimum grade C-) or Exemption	
Multicultural Course (see p. 62-65)	3
SKILL REQUIREMENTS Mathematics (one of the following) MATH 113 or MATH 114 or MATH 115 or Successful completion of any mathematics course at or above the 200-lev MATH 201, MATH 202, MATH 205, MATH 250, MATH 251, MATH 25 253, MATH 266, MATH 300 or MATH 450 or	vel except
	0.4
Foreign Language Elementary Level or Proficiency Test (0 credits awarded)	0-4

-

BREADTH REQUIREMENTS

Courses in each of the groups A-D must be taken in at least two departments. If all but one course in a group has been taken in one department or program, a course cross-listed with that department or program will not satisfy the distribution requirement.

Group A. Creative Arts and Humanities	9
Group B. Culture and Institutions through Time	9
Group C. Humans and Their Environment	9
Group D. Natural Phenomena At least one course in Group D must be a laboratory science.	0

ELECTIVES

After required courses are completed, sufficient elective credits must be taken to meet the minimum credit requirement for the degree. Students may opt to take one free elective course per semester pass/fail, but the total number of credits taken on a pass/fail basis may not exceed 12, excluding courses that are graded pass/fail only. Courses numbered below 100-level do not count toward a degree.

ASSOCIATE IN SCIENCE REQUIREMENTS

If any of the course requirements are satisfied through proficiency tests or exams, elective credits must be substituted to make up 60 hours. Courses taken to fulfill specific group, math, or language proficiency requirements must be taken for a regular grade, not pass/fail.

CURRICULUM	CREDITS
UNIVERSITY REQUIREMENTS Writing ENGL 110(minimum grade C-) or Exemption	
Multicultural Course (see p. 62-65)	
SKILL REQUIREMENTS Mathematics (one of the following) MATH 221-222 or MATH 241-242	6-8
Foreign Language	0-4

Required if there is a language requirement for the corresponding Bachelor of Science degree. One of the following: Elementary Level or Proficiency Test (0 credits awarded)

BREADTH REQUIREMENTS

Courses in each of the groups A-D must be taken in at least two departments. If all but one course in a group has been taken in one department or program, a course cross-listed with that department or program will not satisfy the distribution requirement.

Group A. Creative Arts and Humanities 9	
Group B. Culture and Institutions through Time	
Group C. Humans and Their Environment	
Group D. Natural Phenomena 12 At least one course in Group D must be a laboratory science	

ELECTIVES

After required courses are completed, sufficient elective credits must be taken to meet the minimum credit requirement for the degree. Students may opt to take one free elective course per semester pass/fail, but the total number of credits taken on a pass/fail basis may not exceed 12, excluding courses that are graded pass/fail only. Courses numbered below 100-level do not count toward a degree.

DEAN'S SCHOLAR PROGRAM

The Dean's Scholar Program exists to serve the needs of students whose clearly defined educational goals cannot be effectively achieved by pursuing the standard curricula for all existing majors, minors, and interdepartmental majors sponsored by the University. Driven by an overarching passion or curiosity that transcends typical disciplinary bounds and curricula, a Dean's Scholar's intellectual interests may lead to broad interdisciplinary explorations of an issue or to more intense, in-depth studies in a single field at a level akin to graduate work. In consultation with faculty advisors and the Associate or Assistant Dean of their college. Dean's Scholars design an imaginative and rigorous individual plan of study to meet the total credit hours required for graduation. Dean's Scholars in Arts and Sciences and in Agriculture and Natural Resources may qualify for Honors Degrees. Contact the Assistant/Associate Dean in the college or go to: www.udel.edu/deansscholar/ for more information and the application.

LIBERAL ARTS/ENGINEERING

These five-year programs combine work in liberal arts and engineering and lead to the simultaneous awarding of a Bachelor's degree in Arts and Sciences and a Bachelor's degree in the appropriate engineering field. For complete details on these programs, see the Arts and Sciences–Engineering Curricula section, p. 189.

TEACHER EDUCATION PROGRAMS

The College of Arts and Sciences offers teacher education programs for students who wish to prepare themselves to be certified teachers in Delaware or in other states and the overseas dependency schools. For secondary certification (high school, junior high school, middle school), programs are offered in biology, chemistry, earth sciences, English, foreign languages (French, German, Italian, Latin, Russian, Spanish), mathematics, physics, and social studies (anthropology, economics, geography, history, political science, psychology, and sociology). For K-12 certification, teacher education programs are offered in music (instrumental, keyboard, voice) and Foreign Languages.

Each degree program in teacher education requires a certain minimum GPA for enrollment in EDUC 400, Student Teaching, a course required for the degree. The appropriate teacher education program advisor (see list on p. 205) should be consulted for the exact GPA requirements and other policies concerning qualifications for student teaching.

See Teacher Education Programs in the College of Human Services, Education and Public Policy section of this catalog for more information, including a list of program advisors.

PRE-LAW

Students interested in admission to law school are free to major in any subject they choose. Because no single major is preferred for entry to law school, the University provides advisement and information about law school admissions through the Pre-Law Advisement Committee. The Committee's members come from different disciplines across campus, so students have a choice of advisors. The Committee is a member of the Northeast Association of Pre-Law Advisors and regularly receives and circulates information from the American Association of Law Schools. UD students enjoy a rate of acceptance into law school that is higher than the national average, according to figures released by the Law School Admission Council. The Career Services Office provides information on internships, summer job opportunities, and volunteer opportunities in the legal profession, and sponsors an annual Law School Fair, usually held in September. There is also an active Pre-Law Student Association, which sponsors field trips and guest speakers.

For more information, consult the Advisement Committee's bulletin board on the third floor of Smith Hall or the Pre-Law web site at www.udel.edu/prelaw. Questions may be addressed to Committee Chair Professor Leslie Goldstein, 458 Smith Hall, telephone (302) 831-1931, or by e-mail to committee advisors listed at the pre-law web site.

PREMEDICINE AND PREDENTISTRY

Preparation for admission to professional schools in medicine, dentistry, and related fields must include specific course work in biology, chemistry, physics and mathematics. Although many preprofessional students major in biology or chemistry, because these disciplines include the science training required, nonscience majors are acceptable and, in fact, encouraged by many professional schools.

Preprofessional students usually begin their career-related course work in the first semester of the freshman year in order to complete the relevant courses before taking professional aptitude tests as juniors. Early academic advisement is essential to ensure that the preprofessional curriculum requirements are met. The Health Sciences Advisory and Evaluation Committee coordinates advisory services for all students preparing for admission to health-related professional schools. Call (302) 831-2282 for information or consult the Preprofessional Programs website at:

www.udel.edu/ Biology/premed/home.html

The University participates in a cooperative medical education program with the Medical Center of Delaware and the Jefferson Medical College of Philadelphia, sponsored by the Delaware Institute for Medical Education and Research. Under the terms of this program, up to twenty students who are Delaware residents will be accepted for admission to Jefferson Medical College. A portion of the clinical training of these students takes place in the Medical Center of Delaware. Information on application to this program may be obtained from the office of the Associate Chair of the Department of Biological Sciences.

The University of Delaware also participates with Jefferson Medical College in the Medical Scholars Program which permits selected students to begin their medical education while undergraduates at the University (see below).

MEDICAL SCHOLARS PROGRAM

This unique premedical program is jointly sponsored by the University of Delaware and the Jefferson Medical College in Philadelphia and serves to prepare students to deal with society's changing health care needs. Providing for a balanced education in liberal arts, sciences and professional studies, the curriculum includes traditional courses in science and mathematics as well as in the humanities, ethics, social sciences, economics, political sciences and health policy. Problem-based instruction, group discussions and practica in clinical settings are unique aspects of the program. Medical Scholars work toward a Bachelor of Arts in Liberal Studies degree and receive conditional acceptance to the Jefferson Medical College as early as their sophomore year at Delaware after completing at least a year in an interest group. For more information contact the faculty coordinator at (302) 831-8195 or consult the Medical Scholars web site at:

www.udel.edu/MedScholars.

FIELD STUDIES OPTION

Many students may benefit from a semester devoted to a carefully planned field studies program away from the campus. Opportunity is available under this option to develop an academic program involving field research and data collection or involving associated work in a government organization or private company. Such an academic option must be developed in detail with an academic advisor. More information is available from the Dean's Office, to which proposals should be submitted by October 15 or by March 15.

COURSES APPROVED FOR SECOND WRITING REQUIREMENT

NOTE: Only the sections designated in the Registration Booklet as satisfying the Arts and Sciences Second Writing Course apply. Only a limited number of courses, when transferred from another institution, will satisfy the second writing requirement.

MAJORS AND MINORS

Every attempt has been made to present an accurate description of the curriculum requirements in the programs that follow. However, programs and policies may be changed during the academic year, and students are advised to check with the department concerned or the Academic Advisement Center, Room 102, Elliott Hall, 831-1281, for the most current information.

AFRICAN STUDIES

.

Telephone: 302-831-1858 Web: www.udel.edu/AreaStudies/africa.html

The African Studies Minor has been designed to provide an intellectually coherent program of study based upon regularly offered courses in several different fields in the humanities and social sciences. This program is intended to enhance a student's undergraduate major.

MINOR IN AFRICAN STUDIES

.

The minor requires eighteen credit hours drawn from the courses below. Students must take six of the following courses selected from at least four different departments. In addition, in consultation with the program director, students may count toward the minor courses taken during the UD winter session programs in Ghana and South Africa.

ANTH 333 Peoples of Africa
ANTH/ARTH 457 Survey of African Art
ARTH 204 Art, Power and Architecture in Africa
ARTH 206 Introduction to Art and Architecture in Africa
ARTH 420 Seminar in African Art
BAMS/HIST 331 History of the Caribbean I
BAMS/HIST 332 History of the Caribbean II
ENGL 382 The African Novel
FREN 455 African Francophone Literature and Cinema
FREN 457 The Francophone World
FREN 458 Aspects of Francophone Literature
FREN 459 Negritude, Antillanite, Creolite
HIST/BAMS 134 History of Africa
HIST 330 Peasants and Revolution in Africa
HIST 394 Africa Since 1960
HIST 395 Pan Africanism
HIST 397 History of South Africa
HIST/WOMS 439 Women and Revolution in Africa
HIST 440 Seminar in Africa Under Colonial Rule
HIST 475 The End of the French Empire
NTDT 452 Issues in International Nutrition
POSC 433 African Politics
POSC/BAMS 439 Southern African Politics

Substitutions for the above courses may be made with permission of the program director. Independent studies and special problems courses may also count toward the minor with the director's approval

AMERICAN MATERIAL CULTURE STUDIES

Telephone: (302) 831-1535 http://materialculture.udel.edu

The College of Arts and Sciences offers an undergraduate minor in American Material Culture Studies, emphasizing hands-on research both in the classroom and the field. The minor engages students in the documentation and interpretation of the material world from the intimate environments of the home to the historical development of regional landscapes. Particular attention is paid to the international cultural and social contexts shaping the American material world from the colonial period to the present. The interdisciplinary minor makes use of the University's rich resources in material culture studies including the University Museums, Center for Historic Architecture and Design, the Paul R. Jones Collection, and the Museum Studies Program. The requirements for the minor include an internship and original research project.

MINOR IN AMERICAN MATERIAL CULTURE STUDIES

The minor in American Material Culture Studies requires 18 credit hours distributed as follows: Three core courses and an additional three courses must be selected in consultation with and approved by the student's minor advisor. These courses should represent major topic areas in American material culture studies. All three additional courses must be selected from outside the requirements of the student's majors and outside his or her other minors. All courses included within the minor must be completed with a grade of C- or better.

Core Courses	Credits
ANTH/AMCS/ Introduction to Material Culture Studies	3
AMCS 402 Research and Writing Seminar (prerequisite: AMCS 216)	3
AMCS/MSST 464 Internship	3
The internship must be completed no later than the student's next to last sem study Approved students with written permission may substitute ART 408.	ester of
Area Courses	9

An additional three approved courses (9 credits) to be chosen from recommended offerings in American material culture studies by the departments and programs below. Two of these courses must be at the 200-level or above. The third course must be at the 300-level or above. Courses must be selected from outside the student's major and represent at least two different departments/programs from the following:

Anthropology, Art Conservation, Art History, Black American Studies, Consumer Studies, English, Geography, History, Museum Studies, Sociology, Women's Studies.

ANTHROPOLOGY

Telephone: (302) 831-2802 www.udel.edu/anthro

The Department of Anthropology offers undergraduate major programs in Anthropology, including an Honors Degree option, and in Anthropology Education. In addition, interdepartmental majors with other departments are possible, and an Anthropology minor is also available.

Anthropology is the study of humans and their works. The field includes both the comparative study of worldwide variations in culture and the development of humankind from prehistoric to contemporary times. Anthropology at the University of Delaware encompasses three distinct but interconnected fields of study: social and cultural anthropology, physical or biological anthropology, and archaeology. Social and cultural anthropologists undertake holistic comparative studies of communities throughout the world, studying their art forms, religions, social organizations, and political and economic institutions. Physical anthropology addresses itself to the evolutionary differentiation of primates, the emergence of hominid populations, primate behavior and processes of adaptation in modern populations. Archaeological work is directed toward recovering the physical remains of prehistoric and historic communities and retracing their many different forms of cultural development and adaptation.

The undergraduate program at the University emphasizes a variety of subspecialties in social and cultural anthropology, but provides, nevertheless, a broad perspective on the fields of archaeology and physical anthropology. Because the department is devoted primarily to undergraduate instruction, students can take advantage of many opportunities to work closely with the faculty and to participate in small seminar classes. Courses are enriched by visits to museums and special exhibits in neighboring cultural centers, by films, and by local field inquiry.

DEGREE: BACHELOR OF ARTS MAJOR: ANTHROPOLOGY

CURRICULUM

Grade of C- o	r better required in major, major related, and professional studies

courses.

To be eligible to student teach, Anthropology Education majors must have a GPA of 3 0 in their major and an overall GPA of 2.75. They must also pass a teacher competency test as established by the University Council on Teacher Education. Students must consult with the teacher education program coordinator (see list on p. 205) to obtain the student teaching application and other information concerning student teaching policies

CREDITS TO TOTAL A MINIMUM OF 124

HONORS BACHELOR OF ARTS: ANTHROPOLOGY OR ANTHROPOLOGY EDUCATION

All Honors Degree Candidates must complete the following:

- All requirements for the B A. in Anthropology or Anthropology Education. All of the University's generic requirements for the Honors Baccalaureate degree (see p. 45 of this catalog). 2

INTERDEPARTMENTAL MAJORS

An interdepartmental major, for students having interests in two areas, requires 21 credits each in anthropology and in one other department as well as 9 credits of related work. The following areas are required by the Anthropology Department:

- 3 Credits in biological anthropology
- 3 Credits in archaeology

- 9 Credits in social and cultural anthropology
- 12 Credits at the 300-level or above
- 3 Credits of any 48X Tutorial

A 48X Tutorial satisfies a 300+ requirement as well as any three credits in a subdiscipline (e.g. ANTH 486 would also satisfy three of the nine credit hours required in social and cultural anthropology).

Students should consult with their advisors for additional information on interdepartmental majors

MINOR IN ANTHROPOLOGY

Students wishing to minor in anthropology must complete 18 credits in anthropology courses distributed as follows: 6 credits in 200-level courses and 12 credits in 300- and 400-level courses.

ART CONSERVATION

Telephone: (302) 831-3489 http://www.udel.edu/artcons/

The Art Conservation Department offers an undergraduate major leading to the Bachelor of Arts, with two separate concentrations. Both concentrations focus on interdisciplinary study in chemistry, studio arts, and art history or anthropology with a focus on art conservation. Students must choose either the concentration in Pre-Graduate Studies for Art Conservation, which prepares students for graduate-level study in a formal academic conservation program, or the concentration in Collections Care, which prepares students for a more general art-related career, focusing on collections management and care. An Honors Degree option is available in both concentrations

Working closely with an advisor, the students elect a concentration as well as coordinated courses in the Departments of Anthropology, Art, Art History, Chemistry and Biochemistry, and others. During their junior or senior years, majors are required to participate in one or two on-site internships in local conservation laboratories. Specialized courses in the historic development of art materials and techniques and the general philosophy and practice of art conservation and preservation are also required. Students in this program must earn a minimum of a C- in all required courses.

Conservation encompasses interdisciplinary approaches to the study and care of art and other cultural property. Conservators are professionals who have the specialized knowledge and skills in the arts, sciences, and other fields that enable them to undertake scientific studies on objects, stabilizing the structure and reintegrating the appearance of deteriorated cultural artifacts, and establishing the environment in which artifacts are best preserved. Often, conservators specialize in some particular material or group of objects such as paintings, art on paper, textiles, library and archival artifacts, photographs, archeological or ethnographic materials, sculpture, furniture, or decorative objects. Conservation demands a broad knowledge of many subjects in the sciences and humanities, the astuteness to make sound judgments, the development of excellent manual skills, and the temperament and ability to carry out precise work.

ELECTIVES

After required courses are completed, sufficient elective credits must be taken to meet the minimum credit requirement for the degree.

HONORS BACHELOR OF ARTS: ART CONSERVATION (Both Concentrations)

Students wishing to receive an Honors B.A. in Art Conservation must complete:

 All requirements for the Bachelor of Arts degree in Art Conservation.
 All of the University's generic requirements for the Honors Baccalaureate degree (see p. 45 of this catalog).

The Honors credits required in Art Conservation include ARTC 301 and ARTC 302 and courses in such collateral disciplines as Anthropology, Art History, and Chemistry.

The Art Conservation Department will offer ARTC 301 and ARTC 302 for Honors credit in conjunction with the regular section. Students enrolled for Honors credit will be responsible for additional assignments and activities, including in-depth investigation of art and artifact technology and deterioration using visual and microscopic analysis, individual meetings with the instructor and local conservation professionals focused on current issues relating to the care and preservation of cultural property, and on-site assessment of the condition and collection care practices of local cultural institutions

Students seeking an Honors degree will normally be expected to take ARTH 153/154 for Honors credit. Those in the Pregraduate Study Concentration will normally be expected to take CHEM 103/104 or (at least some of) CHEM 111/112 and CHEM 119/120 for Honors credit. For the Honors Degree with Distinction, the Honors Thesis (UNIV 401/402) will involve 6 credits of advanced-level research in Art Conservation studies.

ART HISTORY

Telephone: (302) 831-8415 http://www.udel.edu/ArtHistory

The Department of Art History offers programs of study for majors and minors. Although majors may concentrate on the art of a particular time period or region, the program is designed to provide broad experience spanning many centuries and cultures. Because art history is an interdisciplinary field that extends into other areas of culture, the major includes work in such related disciplines as anthropology, studio art, English, history, languages and literature, music, philosophy, and theater.

Art History is concerned with the historical development of visual artifacts in relation to cultures and societies. The Department

offers courses in nearly every area of art history, including European and American painting, photography, sculpture, and architecture from antiquity to the present, as well as African, Islamic, and Tibetan art. The faculty of the Department collaborates with the Winterthur Programs in Early American Culture and Art Conservation, as well as with faculty in Museum Studies and Material Culture. Visits to museums from New York to Washington are scheduled in connection with many art history courses. The University Gallery houses a collection of original works of art and offers internship, research, and exhibition opportunities for students.

DEGREE: BACHELOR OF ARTS MAJOR: ART HISTORY		
CURRICULUM CREDITS		
MAJOR REQUIREMENTS (33 credits minimum; 45 credits maximum)		
Two (maximum) 100-level ARTH courses		
Four courses at the 200-level or above, one each in 4 of the 5 following areas 12 1. Before the year 1400 2 1400-1700 3 1700-1900 4 1900-present 5. African, Asian, Islamic, or Latin American art		
ARTH301 Research and Methodology in Art History		
Art history courses at the 300-level or above		
Art History seminar at the 400-level		
Other ARTH courses at 200-level or above		
ENGL202 Biblical and Classical Literature		
Any advisor-approved 200- or 300-level History course		
Nine credits, with the advisor's approval, from appropriate courses in the following areas:		

Anthropology, Studio Art, Education, English, History, Foreign Languages and Literature (other than that used to satisfy the College's foreign language requirement), Music, Philosophy, and Theatre. A second History course, a Studio Art course, and a foreign language literature course are recommended.

ELECTIVES

After required courses are completed, sufficient elective credits must be taken to meet the minimum credit requirement for the degree.

CREDITS TO TOTAL A MINIMUM OF 124

HONORS BACHELOR OF ARTS: ART HISTORY

The recipient must complete:

- All requirements for the Bachelor of Arts degree in Art History.
 All of the University's generic requirements for the Honors Baccalaureate
- degree 3 The student's grade point average for courses in the major must be at least
- 3 50 at the time of graduation.

MINOR IN ART HISTORY

The minor in art history requires 18 credits of course work, including at least four courses at or above the 200-level. Students must distribute their courses among at least three different key areas of art history according to the areas for the major requirements: Before the year 1400; 1400-1700; 1700-1900; 1900-present; African, Asian or Islamic art

Several courses in art history may be applied toward fulfilling Group A and B requirements in the College of Arts and Sciences

BIOLOGICAL SCIENCES

Telephone: (302) 831-2282 www.udel.edu/bio

The Department of Biological Sciences offers two degrees with five majors. A B.A. degree may be earned in Biological Sciences, Biological Sciences Education and an Honors B.A. degree may be earned in Biological Sciences. A B.S. degree in Biological Sciences may be earned with a concentration in Biotechnology, Ecology & Organismic Biology, or Cellular & Molecular Biology & Genetics and an Honors B.S. degree may be earned in Biotechnology. In addition the department offers two minors: Biological Sciences and Computational Biology.

The department participates in an interdepartmental B.S. degree in Environmental Sciences and, with the Department of Psychology, an interdepartmental B.A. degree in neuroscience. Students interested in marine biology are encouraged to take advantage of courses and research opportunities in the Department of Biological Sciences and the University's College of Marine Studies.

BIOLOGICAL SCIENCES DEGREE PROGRAMS

During the freshman year, biological science majors for the B.A., B.S., and Biological Sciences Education degrees ordinarily take courses in biology, chemistry, English, foreign language, and mathematics through calculus. Students must consult with their faculty advisors to select wisely from the variety of advanced courses and electives available to sophomores, juniors and seniors.

Many opportunities exist for research experience with a faculty member. In addition, an opportunity for teaching experience exists. Up to 4 credits of research or independent study (BISC 366, 466, or 666) may be counted toward the 33 credits required for the majors in Biological Sciences or Biological Sciences Education. Some biologyrelated courses in other departments may be counted toward the major (limit 6 credits).

A grade of C- or better must be obtained in all biology courses that are used to satisfy the requirements for the Biological Sciences B.A., B.S., and Biological Sciences Education degrees. A grade of D (not D-) or better must be obtained in chemistry, physics, and mathematics courses required for the Biological Sciences majors and minor. Biology courses at the 100-level may not be counted toward these degrees.

CONCENTRATIONS IN ECOLOGY & ORGANISMIC BIOLOGY AND IN CELLULAR & MOLECULAR BIOLOGY & GENETICS

Biology is an extraordinarily broad discipline and specialization in more focused areas has become desirable for increasing numbers of students. The B.S. concentrations in Ecology & Organismic Biology and in Cellular & Molecular Biology & Genetics maintain large portions of the traditional B.A. degree while offering the opportunity for highly motivated students to pursue a somewhat narrower curriculum. These concentrations require more credit hours in the major and there are two additional requirements. First, a student must have a GPA of 3.0 in selected courses for admission to the degree (see details at the beginning of the statement of requirements for each concentration). Students will typically apply in the spring of their sophomore year. Second, a senior thesis based on original research must be completed and defended. The thesis may also be used for the Degree with Distinction and Honors Degree programs.

CONCENTRATION IN BIOTECHNOLOGY

The Bachelor of Science degree in Biological Sciences with a concentration in Biotechnology is a four-year program that emphasizes laboratory courses/experiences in various aspects of molecular, cellular, and physical biosciences. It is intended for students who hope to be employed in a laboratory setting after graduation and for those who will be continuing their education at the graduate level in a related discipline.

During the first two years at the University, students interested in biotechnology generally take the same courses as those pursuing a B.A. degree in biological sciences. Students are not admitted into the program until the fall semester of the third year. Students apply for admission in the spring of the sophomore year. Admission is usually limited to 15 students per class. A minimum grade-point index of 2.5 is required for application.

Eligibility for admission to the junior year of the Biotechnology program will be based on the following criteria:

- 1. Minimal cumulative index; first three semesters 2.5
- 2. Minimal index in the sciences; first three semesters 2.5
- 3. A grade of C or better in BISC 207, BISC 208, BISC 401 and BISC 300 (or other bio course if BISC 300 is not taken).
- 4. Within the pool of eligible applicants, admission into the program will be determined by academic achievement, and priority will be given to full-time University sophomores with a stated interest in obtaining employment in biotechnology or in pursuing a graduate degree in a related discipline.

COOPERATIVE EDUCATION PROGRAM

Through the cooperation of area businesses, industry, and government agencies, students may integrate their academic study with practical work experience. Co-op positions are available during any semester, including winter and summer sessions, for academic credit. Students register for BISC 244 (1-9 credit hours). Credits earned in this pass/fail course count toward graduation but not toward the 33 credit hours needed for the major in biological sciences. Placements vary from part to full time and may be salaried or on a volunteer basis.

Information about this program may be obtained from the Career Services Center or the Biology Advisement Office, telephone (302) 831-2282.

To be eligible to student teach, Biological Sciences Education students must have a GPA of 2.75 in their biology major and an overall GPA of 2.5. They must also pass a teacher competency test as established by the University Council on Teacher Education. Students must consult the teacher education program coordinator (see list on p 205) to obtain the student teaching application and other information concerning student teaching policies.

A grade of D (not D-) or better must be obtained in Chemistry, Physics, Mathematics, and Geology courses required for all Biological Sciences majors and minor

CREDITS TO TOTAL A MINIMUM OF 124

HONORS BACHELOR OF ARTS: **BIOLOGICAL SCIENCES OR BIOLOGICAL SCIENCES** EDUCATION

The recipient must complete:

- All requirements for the Bachelor of Arts degree in Biological Sciences or in **Biological Sciences Education**
- All of the University's generic requirements for the Honors degree (see p 45 2 of this catalog)

UNIVERSITY AND COLLEGE REOUIREMENTS FOR ALL **BIOLOGICAL SCIENCES B.S. CONCENTRATIONS**

CURRICULUM

UNIVERSITY REQUIREMENTS

ENGL 110	Critical Reading and Writing		
	(minimum grade C-)		3

Three credits in an approved course or courses stressing multi-cultural, ethnic, 3 and/or gender-related course content (see p 62-65)

COLLEGE REQUIREMENTS

3 Writing: (minimum grade C-) A second writing course involving significant writing experience including two papers with a combined minimum of 3,000 words to be submitted for extended faculty critique of both composition and content. This course must be taken after completion of 60 credit hours. Appropriate writing courses are normally designated in the semester's Registration Booklet. (See list of courses approved for second writing requirement, page 91-93)

Foreign Language: 0-12 Completion of the intermediate-level course (107 or 112 or 214) in a given language. The number of credits needed and initial placement will depend on number of years of high school study of foreign language Students with four o more years of high school work in a single foreign language may attempt to fulfill the requirement in that language by taking an exemption examination

BREADTH REQUIREMENTS (See page 93-98)

A total of twenty-one credits from Groups A, B and C is required with a minimum of six credits in each group

The six credits from each group could be from the same area

Group A: Understanding and appreciation of the creative arts and humanities

Group B: The study of culture and institutions over time

Group C: Empirically based study of human beings and their environment

CREDITS TO TOTAL A MINIMUM OF 124

CREDITS

Physics: PHYS 201/202 Fundamentals of Physics	8
Math: MATH 221 Calculus I	3

VI. Upper Division Requirements:

Choose IWO	Courses from the following list: (AI LEAST ONE MUST BE A BISC.
COURSE)	
BISC 602	Molecular Biology of Animal Cells
BISC 654	Biochemical Genetics
BISC 679	Virology
BISC 656	Evolutionary Genetics
BISC 615	Vertebrate Developmental Biology
BISC 665	Advanced Molecular Biology and Genetics

- BISC 673 BISC 693 Topics in Immunogenics Human Genetics
- CHEM 648 Memebrane Biochemistry
- ANSC 670 Principles of Molecular Genetics

Any additional 6xx laboratory course taken above the minimum of three may also count towards the upper division requirement.

A grade of D (not D-) or better must be obtained in Chemistry, Physics and Mathematics courses required for all Biological Sciences majors and minor.

HONORS BACHELOR OF SCIENCE: **BIOLOGICAL SCIENCES - BIOTECHNOLOGY**

CREDITS

- The recipient must complete: 1 All requirements for the Bachelor of Science degree in Biological Sciences -**Biotechnology**
- All of the University's generic requirements for the Honors degree (see p 45 2 of this catalog)

MINOR IN BIOLOGY

The required courses for the Minor in Biological Sciences are:

BISC 207 and 208

Two courses from: BISC 300, 302 (or 321) 306 (or 276), 401, 403

Additional BISC courses at the 300 level or above to total 19 credits in biology.

CHEM 103 and 104 (or CHEM 101 and 102) CHEM 213 (or 321)

The requirements include any of the necessary prerequisites for the required courses. A grade of C- or better is required in all biology courses taken for the minor, and a D (not a D-) is required for all non-biology courses for the minor.

MINOR IN COMPUTATIONAL BIOLOGY

The minor in Computational Biology consists of 21 credit hours in the Life and Computing Sciences. A grade of C- or better must be earned in all required courses. Besides required courses, students wishing to minor in Computational Biology must complete a senior thesis, either by registering for UNIV401 and UNIV 402, or through department sponsored research (e.g. BISC 466, independent study) One Life Science and one Computing Science faculty member must direct the research. The senior thesis committee must be composed of the two

CREDITS

research directors and one additional member chosen in consultation with the two research directors. At least one of the members of the committee must be a faculty member in the Department of Biological Sciences. The course requirements for the minor including all prerequisites for the courses are as follows:

BISC 401	Molecular Biology of the Cell 3 (Prerequisites: BISC 207, CHEM 103, CHEM 104, one semester of
ANSC 644	organic chemistry)
CISC 220	Bioinformatics 3 Data Structures 3
	(Prerequisites: CISC 181 or CISC 120 and CISC 105)
	(Corequisites: MATH 210 or MATH 242)
CISC 437	Database Systems 3
	(Prerequisite: CISC 220)
MAST 634	Marine Biochemistry
	(Prerequisite: Permission of the Instructor)
Senior Thesis	· · · · · · · · · · · · · · · · · · ·

BLACK AMERICAN STUDIES

For information, contact the program secretary, 417 Ewing Hall (302) 831-2897.

Black American Studies focuses on the study of Black Americans and their ancestry. Although a major in Black American Studies is not available, special arrangements within the Bachelor of Arts in Liberal Studies degree program are possible. An undergraduate minor in Black American Studies is available for those students wishing to pursue related careers in this area.

The program is designed to present a comprehensive study of the origins, conditions, and experiences of Black Americans using the perspectives and techniques of various disciplines in the humanities and social sciences. It explores the social, political, and economic roots of contemporary problems, seeking to relate them to the major value systems in this country and the world. Integrated with other disciplines in all appropriate phases of education, Black American Studies has meaning for present life and is useful for future learning. The program serves as a catalyst for multi-ethnic and cultural understanding.

Black American Studies is an interdisciplinary program with its basic content in the social sciences and humanities. The program involves regular course offerings that deal with historic, cultural, and social phenomena of people of African descent. Students from diverse disciplines utilize Black American Studies courses to fulfill general requirements as well as to supplement their majors. The interdisciplinary and multidisciplinary nature of the program allows flexibility for students seeking the relationships between their respective majors and Black American Studies.

MINOR IN BLACK AMERICAN STUDIES

Students applying for the minor in Black American Studies must have completed at least one semester of full-time study at the University with a grade-point average of at least 2.1. The minor requires 18 credits, including BAMS 110, 304, 306, and one BAMS elective at or above the 300-level with the approval of an advisor, plus 2 more BAMS courses.

Alternative arrangements for a minor in Black American Studies are available but must be approved in advance by a program advisor and the director Students may arrange alternative course selections, provided that at least 15 of the 18 credits toward the minor carry BAMS designations, that no more than 6 credits of the 18 differ from the basic program, and that at least 9 credits of the program are at or above the 300-level.

Advanced students who have shown the potential for doing research in a particular area may participate in independent study and special projects on an individual or group basis. Suggested prerequisites for advanced classes in Black American Studies include BAMS 110, 205 and 206.

CHEMISTRY AND BIOCHEMISTRY

Telephone: (302) 831-2465 www.udel.edu/chem/index html

The Department of Chemistry and Biochemistry provides five undergraduate degree options: B.A. in Chemistry, B.A. in Chemistry Education, B.S. in Chemistry, B.S. in Chemistry with concentration in Environmental Chemistry, and a B.S. in Biochemistry. Honors Degree options are available in the B.A. in Chemistry Education, the B.S. in Chemistry, and the B.S. in Biochemistry. Minors in Biochemistry or Chemistry are also available.

DEGREE: BACHELOR OF ARTS MAJOR: CHEMISTRY

CURRICULUM

or PHYS 207/208 Fundamentals of Physics I and II

To be eligible to student teach, Chemistry Education students must have a GPA of 2.75 in their chemistry major and an overall GPA of 2.5. They must also pass a teacher competency test as established by the University Council on Teacher Education. Students must consult with the teacher education program coordinator (see list on p. 205) to obtain the student application and other information concerning student teacher policies.

CREDITS TO TOTAL A MINIMUM OF 124

HONORS BACHELOR OF ARTS: **CHEMISTRY EDUCATION**

The recipient must complete:

- All requirements for the Bachelor of Arts degree in Chemistry Education All of the University's generic requirements for the Honors Baccalaureate degree (see p. 45 of this catalog) 2
- Note: At least eight of the twelve credits described in the University's generic

requirements for the Honors Degree must be in CHEM courses. The remaining four credits must be in a required course in a related technical area, e.g., BISC, MATH, PHYS, EDUC CHEM courses at the 600-level or higher may be considered as Honors courses

The additional requirement of a grade point index of at least 3.30 in chemistry courses at the time of graduation

DEGREE: BACHELOR OF SCIENCE MAJOR: CHEMISTRY

CURRICULUM	
UNINTROPHY DECUMPENARNITE	

UNIVERSITY REQUIREMENTS

ENGLIIU	Critical kedaing and vyrning	
	(minimum grade C-)	3
Three credits in	an approved course or courses stressing multi-cultural, ethnic,	
and/or gender	r-related course content (see p 62-65)	3

COLLEGE REQUIREMENTS

Writing: (minimum grade C-) 3 A second writing course involving significant writing experience including two papers with a combined minimum of 3,000 words to be submitted for extended faculty critique of both composition and content. This course must be taken after completion of 60 credit hours. Appropriate writing courses are normally designated in the semester's Registration Booklet (See list of courses approved for second writing requirement, page 91-93) ENGL 410 highly recommended.

0.12 Foreign Language: Completion of the intermediate-level course (107 or 112) in a modern foreign language. Number of credits needed and initial placement will depend on number of years of high school study of foreign language. Students with four or more years of high school work in a single modern foreign language may attempt to fulfill the requirement in that language by taking an exemption examination.

BREADTH REQUIREMENTS (See p. 93-98)

A total of twenty-one credits from Groups A, B and C is required with a minimum of six credits in each group

The six credits from each group could be from the same area Group A. Understanding and appreciation of the creative arts and humanities Group B: The study of culture and institutions over time

Group C: Empirically based study of human beings and their environment.

MAJOR REQUIREMENTS

Minimum 45 credits total in CHEM

- PLSC 608 Environmental Soil Chemistry

CREDITS TO TOTAL A MINIMUM OF 124

Candidates for a B S. in chemistry must achieve a cumulative GPA of at least 2.00 for all chemistry courses taken. Repeated Chemistry courses will be counted only once in the calculation of the chemistry GPA The calculation of the chemistry course GPA (2 00 minimum required for graduation) for candidates for the B S degree in Chemistry or Biochemistry will not include grades earned for lower level subdisciplinary courses taken after a higher level course in the same subdiscipline has been taken and passed with a grade of C or higher. Likewise, freshman-level

courses may not be used by upperclassmen as GPA enhancers after those required for graduation have been taken. CHEM 342 and CHEM 100 will be regarded as exceptions to the foregoing prohibitions, since their subject matter coverage is considerably different than that found in higher level courses.

Example: A grade earned in CHEM 214 subsequent to a C or better grade earned in CHEM 527 (or CHEM 641/642) would not be counted in the chemistry GPA calculation for B.S. chemistry or biochemistry majors.

DEGREE: BACHELOR OF SCIENCE MAJOR: BIOCHEMISTRY

Any three of the following: CHEM 220/221 (or CHEM 437/438) CHEM 321 (or CHEM 331/333) CHEM 457/458 CHEM 418/445 (or 443/445) CHEM 527 or 641 Students must have a minimum grade of C- in each course counted toward minor.	4-5 4 4

COMMUNICATION

Telephone: (302) 831-8041 www.udel.edu/communication/index html

The Communication Department offers an undergraduate major program in Communication, with concentrations in Interpersonal Communication and in Mass Communication. An Honors Degree option is also available.

The major in communication is designed around two central goals: increasing knowledge about communication processes and their impact on society, and developing communication skills and competencies. In pursuing these goals, the Department of Communication has adopted a social and behavioral science orientation toward the study of human communication. All majors study communication in a wide variety of contexts, including interpersonal and mass communication in both mediated and face-toface settings. A broad spectrum of classes enables students to critically analyze communication as well as recognize their own ethical responsibilities to self and community. The communication faculty is also committed to turning theory into effective skills for speaking, critical thinking, writing, and media production so that academic knowledge and experience extend beyond the classroom into future opportunities for students.

Students enter this major as communication interest majors. A 2.0 overall GPA is required to declare the communication interest major. Communication interest majors must complete the four core courses: COMM 245, 256, 301 and 330. Based on their GPA in these four courses, the top 100 students will annually be allowed to matriculate into the communication major.

Students who major in communication will work with their assigned faculty advisor to plan a program of courses that leads to the degree of Bachelor of Arts.

DEGREE: BACHELOR OF ARTS COMMUNICATION MAJOR: CONCENTRATION: INTERPERSONAL COMMUNICATION

CURRICULUM

See page 88 for University and College requirements.

MAJOR REQUIREMENTS

NOTE: All 4XX communication courses may be limited to COMM majors. COMM 245, 256, 301, and 330 comprise the four core courses in the communication interest major COMM 245 Mass Communication and Culture 3

COMM 250	Electronic Communication Skills
COMM 256	Principles of Communication Theory
	Introduction to Communication Research Methods 3
• COMM 330	Communication and Interpersonal Behavior
COMM 341	Theories of Interpersonal Communication
	Public Speaking 3
Three courses	(nine credits) chosen from the following list of courses:
COMM 417	Communication and Management of Conflict
COMM 421	Intercultural Communication

- COMM 440 Topics in Interpersonal Communication COMM 442
- Topics in Organizational Communication COMM 452 Communication and Persuasion
- COMM 456 Communication in Organizations

COMM 485 Analysis of Face-to-Face Communication

Six to 15 COMM elective credits

for a total of not less than 34 nor more than 45 COMM credits. These may be taken from the other concentration, from above listing, or from the following:

Interpersonal Communication Electives

COMM 343 Topics: Interpersonal Communication

Politics & Media Communication Electives

COMM 319 Topics: Politics and Broadcast Journalism

- COMM 340 Politics and the Media

HONORS BACHELOR OF ARTS: COMMUNICATION

The recipient must complete:

- All requirements for the Bachelor of Arts degree in Communication.
- All of the University's generic requirements for the Honors Baccalaureate 2 degree (see p. 45 of this catalog)
- Nine of the Honors credits in the major must be at the 300-level or above 3 and must include at least one 400-level COMM course

COMPARATIVE LITERATURE

Coordinator: Professor Judy B. McInnis Foreign Languages and Literatures Telephone: (302) 831-2597 E-mail: jmcinnis@udel.edu

Both an undergraduate major and a minor in Comparative Literature are available. The aim of the program in comparative literature is to allow students to study literature in an international and intercultural relationship, across boundaries of nation and language. Comparative literature embraces the study of literary themes, forms, movements and relations, as well as the interrelations of literature and other disciplines. The program offers the student the opportunity, with the aid of an advisor, to construct a program reflecting individual areas of interest.

Students majoring or minoring in comparative literature must have a command of at least one foreign language at the advanced elective level. It is strongly recommended that majors pursue a second foreign language at least through the intermediate level. Students planning to go on to graduate work in comparative literature would be well advised to include work in a classical language in their program. Majors are expected to make use of their command of foreign languages in comparative literature courses.

In addition to the courses designed specifically for students specializing in comparative literature, the program offers a number of courses in cooperation with other departments (English, Foreign Languages and Literatures, Anthropology, Philosophy, etc.); these courses should be of interest to most students.

DEGREE: BACHELOR OF ARTS MAJOR: **COMPARATIVE LITERATURE**

CURRICULUM

CREDITS

See page 88 for University and College requirements.

MAJOR REQUIREMENTS

CMLT 202 Biblical and Classical Literature 3 (ENGL 205 or 206 or CMLT 316 may be substituted with advisor's approval) CMLT 207 Great Writers of the Western World: 1100-1700. 3 CMLT 208 Great Writers of the Western World: 1650-1950 3

Comparative Literature courses or courses in related fields 9 approved by the advisor

Nine credits in each of two national literatures studied in 18 the original text with at least three credits at the 400-level

ELECTIVES

After required courses are completed, sufficient elective credits must be taken to meet the minimum credit requirement for the degree.

CREDITS TO TOTAL A MINIMUM OF..... 124

MINOR IN COMPARATIVE LITERATURE

The minor requires a minimum of 18 credits, as follows:

- 1. Core courses in comparative literature (6 credits) Two of CMLT 202, 207, or 208
- Foreign literature courses (6 credits). Advanced elective-level courses studied in the original text.
- Advanced English or Advanced CMLT course (3 credits)
- Approved related area course (3 credits)

COMPUTER SCIENCE

Telephone: (302) 831-2712 E-mail: ugradprgm@cis.udel.edu www.cis.udel.edu

The Department of Computer Science offers four-year undergraduate programs leading to one of three degrees. The Bachelor of Arts degree in Computer Science is intended for students who want the breadth of a liberal arts education with a major in computer science. The Bachelor of Science degree in Computer Sciences provides a strong technical education in computer systems, software development, computational applications, and theory of computation. The Bachelor of Science degree in Information Systems is designed for students who want to apply expertise in computer science to the solution of business problems. In conjunction with the University Honors Program, the Department also offers a program of study leading to an Honors B.A. or an Honors B.S. Honors students are strongly encouraged to become involved in faculty research projects. The B.A. degree requires a minimum grade of C- in every CISC course used toward the major.

Courses are also provided for students in other areas who desire an understanding of the application of computers to the subject of their major interest. The Department offers minors in bioinformatics and computer science. In many courses, problem solutions require the use of computers located throughout campus. These computers are available to undergraduate students for use with both coursework and research.

DEGREE: BACHELOR OF ARTS MAJOR: COMPUTER SCIENCE

See page 88 for University and College requirements

MAJOR REQUIREMENTS

CISC 181	Introduction to Computer Science (Assumes some prior programming experience. Students without prior experience should first take CISC 105.)	3
CISC 220	Data Structures	2
	Dala Siruciores	5
CISC 260	Machine Organization and Assembly Language	3
CISC 280	Program Development Techniques	3
	its of Computer Science numbered 301 or above, approved by th sor	
MATH 210 MATH 241	Discrete Mathematics I Analytic Geometry and Calculus A	

Minimum grade C- in the CISC courses. Minimum grad C- in MATH 210 for students who wish to take CISC 301

ELECTIVES

CURRICUIUM

After required courses are completed, sufficient elective credits must be taken to meet the minimum credit requirement for the degree.

CURRICULUM

UNIVERSITY REQUIREMENTS

ENGL 110	Critical Reading and Writing (minimum grade C-)	3
Three credits and/or gende	in an approved course or courses stressing multi-cultural, ethnic, er-related course content (see p. 62-65)	3
		. 3

Writing: (minimum grade C-) A second writing course involving significant writing experience including two papers with a combined minimum of 3,000 words to be submitted for extended faculty critique of both composition and content. This course must be taken after completion of 60 credit hours. Appropriate writing courses are normally designated in the semester's Registration Booklet (See list of courses approved for second writing requirement, page 91-93)

BREADTH REQUIREMENTS (See page 93-98)

Six credits from each of the following groups. 18 Group A: Understanding and appreciation of the creative arts and humanities.

Group B: The study of culture and institutions over time.

Group C: Empirically based study of human beings and their environment.

ELECTIVES

In addition to the required courses, sufficient credits must be taken to meet the minimum credits required for the degree.

CREDITS TO TOTAL	A MINIMUM OF	
------------------	--------------	-------------

HONORS BACHELOR OF ARTS: COMPUTER SCIENCE

HONORS BACHELOR OF SCIENCE: COMPUTER SCIENCE

HONORS BACHELOR OF SCIENCE: INFORMATION SYSTEMS

For these honors degrees, the recipient must complete:

- All requirements for the corresponding regular degree program: Bachelor of Arts in Computer Sciences, the Bachelor of Science in Computer Science, or the Bachelor of Science in Information Systems.
- 2. All of the University's generic requirements for the Honors Degree (see page 45 of this catalog).
- Note: Graduate courses in CISC numbered 600 or above will count as Honors courses in the major.
- The student must have a cumulative grade point index of at least 3.4 at the time of registration for UNIV 401.

MINOR IN BIOINFORMATICS

A minor in bioinformatics consists of a total of 21 or more credits in the Life Sciences and Computer and Information Sciences, including BISC 401, ANSC 644, CISC 220, CISC 437, and CHEM527 A grade of C- or better must be earned in all required courses for the minor.

Besides these required courses, students wishing to minor in Bioinformatics must complete a senior thesis (6 credits), either by registering for UNIV 401 and UNIV 402, or through department sponsored research (e.g., CISC 466, Independent study). One Life Science and one Computer and Information Science faculty member must direct the research. The senior thesis committee must be composed of the two research directors and one additional member chosen in consultation with the two research directors.

MINOR IN COMPUTER SCIENCE

A minor in computer science consists of a total of 15 or more credits including CISC 181, CISC 220, and CISC 280 Students without prior programming experience should take CISC 105 first. Six additional credits of CISC at the 200-level or above should be chosen with the advisor's approval. Note that the College of Arts and Sciences requires a grade of C- or better in all courses counted towards a minor.

CONTINENTAL EUROPEAN STUDIES

Coordinator: Professor James Brophy
History
Telephone: (302) 831-0795
E-mail: ces-areastudies@udel edu
www.fllt.udel.edu/continental european.html

An interdisciplinary major in Continental European Studies, including an Honors option, is offered jointly by the Departments of Foreign Languages and Literatures, History, and Political Science and International Relations. The B.A. program in Continental European Studies prepares undergraduate students as Europeanists; accordingly, it gives students a focused knowledge of the history and political institutions of a particular European country (e.g., Italy) in a general European context, together with the linguistic skills required to engage in a rigorous program of research or graduate-level studies in the target country and to discharge their future professional responsibilities competently and successfully. Students will acquire a unique cultural perspective of the target country, combining several disciplines into a sharply defined major.

Students enrolled in this program will enhance their knowledge and their experience with the civilization of the country they propose to study, and provide themselves with the tools they will need in such future undertakings as graduate school, government or other international agencies, international law, or commercial enterprises with an international orientation.

CREDITS

Students in other majors who wish to change their major to Continental European Studies must have a minimum grade point average of 2.3. Students transferring into the major from outside the University of Delaware will have their transcripts evaluated on a case-by-case basis

Study abroad is strongly recommended for students in this program.

DEGREE: BACHELOR OF ARTS CONTINENTAL EUROPEAN STUDIES MAJOR:

A minimum grade of c- is required in all courses.

CURRICULUM

See page 88 for University and College requirements

MAJOR REQUIREMENTS

Foreign Languages and Literatures: 12 credit hours of work at the 200-level and above in a European foreign language (French, German, Italian, Russian, or Spanish), as follows: 3 credits at the 200-level 3 credits at the 200- or 300-level 3 credits in continental literature at the 300-level 3 credits in continental civilization at the 300- or 400-level History: 12 credit hours of work in History courses as follows: HIST 101 or 102 Western Civilization 3 additional credits of History at the 200-, 300- or 400-level 6 additional credits of History at the 300, or 400-level The 200-, 300-, and 400-level History courses will be drawn from courses such as

the following, depending on the student's specialization: HIST 210, 241, 245, 250, 339, 342, 343, 344, 345, 346, 347, 348, 350, 351, 352, 353, 354, 355, 356, 357, 358, 359, plus 400-level History courses, with the prior approval of the advisor

12 credit hou	nce and International Relations: rs of work in Political Science courses, as follows: Comparative Politics
POSC 310	llowing two courses: 3 European Governments East Central European Politics
POSC 432 POSC 441 POSC 442	lowing:

Nine credits of work in any combination of courses in the foreign language, History, Political Science, or in related fields (such as Art History, Geography, Music), all with the prior consent of the student's advisor. The Honors thesis or Degree with Distinction thesis can be included in this category

ELECTIVES

After required courses are completed, sufficient elective credits must be taken to meet the minimum credit requirement for the degree

CREDITS TO TOTAL A MINIMUM OF 124

HONORS BACHELOR OF ARTS: CONTINENTAL EUROPEAN STUDIES

The requirements for the Honors B.A. in Continental European Studies are:

- All requirements for the B.A. in Continental European Studies. 2 All the University's generic requirements for the Honors Degree (see page 45 of this catalog). The Honors credits in the major shall come from at least two different participating departments, and shall include at least two courses at the 300-level or above
- The cumulative grade point average for all courses in the major must be at least 3 400

EAST ASIAN STUDIES

CREDITS

3

For information, contact: Professor David Pong, 224 Munroe Hall dpong@udel.edu (302) 831-2371 or visit www.udel.edu/AreaStudies/asia.html

An interdisciplinary major in East Asian Studies, including an Honors option, is offered jointly by several departments in the College of Arts and Sciences. In addition, a minor in East Asian Studies is available.

The B.A. program in East Asian Studies prepares undergraduate students as East Asian studies specialists; accordingly, it provides students with training in the history, political institutions, and culture of a particular East Asian country (e.g., China or Japan) in a general East Asian context, together with the linguistic skills required to engage in a rigorous program of research or graduate-level studies in the target country, and to discharge their future professional responsibilities competently and successfully. Students will acquire a unique cultural perspective of the target country, combining several disciplines into a sharply defined major.

Students enrolled in this program will enhance their knowledge and their experience with the civilization of the country they propose to study, and provide themselves with the tools they will need in such future undertakings as graduate school, government or other international agencies, international law, or commercial enterprises with an international orientation. Students in this program may choose a second major offered by such departments as art history, economics, history, music, philosophy, and political science

Students in other majors who wish to change their major to East Asian Studies must have a minimum grade point average of 2.3. Students transferring into the major from outside the University of Delaware will have their transcripts evaluated on a case-by-case basis

Study abroad is strongly recommended for students in this program

HONORS BACHELOR OF ARTS: EAST ASIAN STUDIES

The requirements for the Honors B.A. in East Asian Studies include:

- 1 All requirements for the B.A. in East Asian Studies.
- 2. All the University's generic requirements for the Honors Degree (see page 45 of this catalog) The Honors credits in the major shall come from at least two different participating departments, and shall include at least two courses at the 300-level or above
- 3. The cumulative grade point average for all courses in major must be at least 3 400.
- 4 For the Honors Degree with Distinction in East Asian Studies, the six credit hours of thesis would be in addition to the 31 or 32 credit hours required for the major, to yield a total of 37 or 38 credit hours.

MINOR IN EAST ASIAN STUDIES

This is an interdisciplinary minor program for students wishing to focus their interests on East Asia as an enhancement and complement to their undergraduate majors. Students will declare the minor in either East Asian Studies without Language or East Asian Studies with Language. For information, contact Professor David Pong, 224 John Munroe Hall, dpong@udel.edu, (302) 831-2371.

EAST ASIAN STUDIES MINOR WITHOUT LANGUAGE

Number of credits required:		
-----------------------------	--	--

A minimum grade of C- is required in all courses

6 credits in two disciplines from the following courses in the humanities: ARTH 155 Asian Art

ARTH 161	Art in East and West
FLLT 380	Topics: Japanese Culture in Translation
MUSC 206	Music of China, Korea, and Japan
PHIL 310	Chinese Religion and Philosophy
	the following courses in the social sciences: Fast Asian Civilization: China

1101 107	Lusi Asian Civilization. China
HIST 138	East Asian Civilization: Japan
HIST 270	History of Modern Asia
HIST 390	History of Modern Southeast Asia
POSC 312	East Ásian Political Systems

6 credits from the following courses in economics, history, linguistics, and political science:

East Asian Economic Systems
Modern China: 1600-1920s
China Since 1900
History of Modern Japan
History of Modern Vietnam
China and the West
Seminar in Asian History
Politics in China
Politics in Japan
China and the World
Southeast Asia and the World

Substitutions for the above courses may be made with permission from the program director. Independent studies and special problems courses may also count towards the minor with the director's approval. The course list will be updated as new courses become available.

EAST ASIAN STUDIES MINOR WITH LANGUAGE

The minor in East Asian Studies with Language consists of the 18 credits of requirements for East Asian Studies without Language plus completion of either CHIN 107 or JAPN 107 or their equivalents in transfer credit or by successful performance on a proficiency examination. The number of credits required for this minor therefore ranges from 18-30, depending upon the student's language placement.

ECONOMICS

Telephone: (302) 831-2563 www.be.udel.edu/economics

Students enrolled in the College of Arts and Sciences may earn a Bachelor of Arts degree by majoring in Economics or in Economics Education. These majors have the same group and language requirements as other Bachelor of Arts programs offered in the College of Arts and Sciences. Students in the Economics major have the option of selecting a concentration in Applied Economics or in Economic Theory and Econometrics. In addition, students may choose a major in Mathematics and Economics leading to the Bachelor of Science degree; see separate listing in this chapter.

Both a Bachelor of Arts and Bachelor of Science degree are available to students enrolled in the College of Business and Economics. The group and language (Bachelor of Arts) or quantitative proficiency (Bachelor of Science) requirements for students enrolled in the College of Business and Economics are described in the College of Business and Economics section of this catalog.

A minor program in economics is also available through the College of Business and Economics.

Economics, a social science, analyzes the market and nonmarket production and allocation of goods and services. The problems associated with society's effort to prosper in a world possessing finite resources provide the focus. Students majoring in economics will be advised by the faculty of the Department of Economics within the College of Business and Economics.

DEGREE: BACHELOR OF ARTS MAJOR: ECONOMICS

CURRICULUM

See page 88 for University and College requirements.

MAJOR REQUIREMENTS

	n all required ECON courses.
ECON 151 ECON 152	Introductory Microeconomics: Prices and Markets 3 Introductory Macroeconomics: National Economy 3
ECON 300	Intermediate Microeconomic Theory
ECON 301	Quantitative Microeconomic Theory
ECON 302	Banking and Monetary Policy.
ECON 303	Intermediate Macroeconomic Theory
- , - ,	
or above the 4	400-level

or ECON 301 ECON 302 ECON 303 Five Economic or above the 4 MATH 201	Quantitative Microeconomic Theory 3 Banking and Monetary Policy 3

ELECTIVES

After required courses are completed, sufficient elective credits must be taken to meet the minimum credit requirement for the degree.

CREDITS TO TOTAL A MINIMUM OF 124

A minimum standard of C-is required in MATH 114 or 115, and in both MATH 201 and 202. All majors must take at least one 400-level economics elective that

CREDITS

applies the material taught in the required intermediate micro (ECON 300 or 301) and macro (ECON 303) economic theory courses. At least one 400-level economics elective that cannot be an econometrics course (ECON 422, 423, or 4151

Credit will not be allowed for both courses of any of the following sets of corresponding courses: ECON 311 and ECON 411; ECON 344 and ECON 444; ECON 332 and ECON 433; ECON 360 and ECON 463; and ECON 381 and ECON 483; and ECON 390 and ECON 490 Departmental requirements and course descriptions are subject to continual revision. Up-to-date statements of requirements, course descriptions, and departmental policies are available in the department office.

DEGREE: BACHELOR OF ARTS MAJOR: ECONOMICS CONCENTRATION: APPLIED ECONOMICS

The requirements for the major in Economics must be met. The following requirements must be met in place of the requirement for five economics courses, with at least two at the 400-level:

ECON 422/423 Econometric Methods and Models I and II
ECON 822/823 Econometric Theory/Seminar in Econometrics
Two Economics courses at the 300- or 400-level
(but not ECON 403, ECON 405 or ECON 408)
One Economics course at the 400-level, or at the 600-level by approval (but not ECON 403, ECON 405 or ECON 408)
Twelve credits of course work in the quantitative area, including the following 12 ACCT 261 Introduction to Business Information Systems II (prerequisite ACCT 160)

Six credits in MATH at or above the 200-level (except MATH 201, MATH 202, MATH 205, MATH 250, MATH 251, MATH 252, or MATH 253)

Any one of the following: ACCT 208, BUAD 306, BUAD 346, BUAD 446, BUEC 430, BUEC 431, ECON 415, ECON 422, ECON 423, ECON 426, MATH 300, CISC courses at or above the 300-level

DEGREE: BACHELOR OF ARTS ECONOMICS MAJOR: CONCENTRATION: ECONOMIC THEORY AND ECONOMETRICS

The requirements for the major in Economics must be met.

The following requirements must be met in place of the requirement for five economics courses, with at least two at the 400-level: ECON 422/423 Econometric Methods and Models I and II		
or ECON 822/823 Econometric Theory/Seminar in Econometrics		
Three Economics courses at the 300- or 400-level		
Two additional 400-level courses in economic theory, chosen from ECON 406, ECON 426, ECON 430, ECON 441, ECON 443, ECON 461, ECON 463, or graduate level courses in economic theory by approval. A mathematics course at the 300-level or above may be substituted for one of the 400-level courses in economic theory		
Twelve credits of course work in the quantitative area, 12 ACCT 261 Introduction to Business Information Systems II		

Introduction to Business Information Systems II ACCT 261 (prerequisite ACCT 160)

Six credits in MATH at or above the 200-level (except MATH 201, MATH 202, MATH 205, MATH 250, MATH 251, MATH 252, or MATH 253)

Any one of the following: ACCT 208, BUAD 306, BUAD 346, BUAD 446, BUEC 430, BUEC 431, ECON 415, ECON 422, ECON 423, ECON 426, MATH 300, CISC courses at or above the 300-level.

Grade of C- or better required in all required major, major related, and professional studies courses

To be eligible to student teach, Economics Education students must have a GPA of 3.0 in their major and an overall GPA of 2.75. They must also pass a teacher competency test as established by the University Council on Teacher Education. Students must consult with the teacher education program coordinator (see list on p. 205) to obtain the student teaching application and other information concerning student teaching policies

CREDITS TO TOTAL A MINIMUM OF 124

HONORS BACHELOR OF ARTS: ECONOMICS OR ECONOMICS EDUCATION

The recipient must complete:

- All requirements for the Bachelor of Arts in Economics or in Economics Education in the College of Arts and Sciences.
- All the University's generic requirements for the Honors Degree (see page 2 45 of this catalog)
- The courses in Intermediate Microeconomic Theory and Intermediate 3 Macroeconomic Theory must be taken in Honors sections.
- Courses in Economics at the 600 level or higher may be considered as Honors courses.

ENGLISH

> Telephone: (302) 831-2361 www.english.udel.edu

The English Department has a widely varied undergraduate program. In the undergraduate literary studies major, students can study literature in English from Britain, America, and around the world. Undergraduates may elect concentrations in creative writing, journalism, film, drama, ethnic and cultural studies, or business/technical writing, or they may elect the program in English education.

Students may declare or withdraw from a concentration at any time. To be eligible to take News Writing and Editing (ENGL 307)

students must have received a B or better in ENGL 110. Admission to the Creative Writing concentration is contingent upon successful completion of an introductory level writing workshop in poetry, fiction, or script writing, submission of a dossier demonstrating the quality of writing in at least one genre (poetry, fiction, script writing), and recommendation from a creative writing faculty member. To be eligible to student teach in the English Education program, students must maintain a minimum overall grade point index of 2.75 and 3.0 in the major

Journalism concentrators undergo intensive training in written journalism and serve on the staff of the University newspaper, The Review, in connection with their study. A number of undergraduate journalism concentrators also gain internship experience with local newspapers, TV stations, and other organizations. The film concentration includes courses in history and theory of film as well as film and literature, Black cinema, and other subjects. The drama concentration allows students to earn the English degree with an emphasis on the study of the theatre and its literature. The ethnic and cultural studies concentration emphasizes multicultural literatures in the Americas, folklore, and media studies. The program in business/technical writing is designed to prepare students for positions as professional writers or editors in industry and government. This concentration requires internships of qualified students. The major in English education prepares students to teach English in the secondary schools (grades 7-12). Graduates of this program receive the B.A. in English and are eligible for teacher certification in 27 states and the Overseas Dependent Schools System.

The department regularly offers a series of creative writing courses both comprehensive and tailored to individual student needs. Courses in writing poetry and fiction are available at all levels. and the department publishes the literary magazine Caesura. In addition, the students give poetry and fiction readings, both with the faculty and by themselves.

The following courses may not be counted toward the English major or minor: ENGL 200, 204, 210, 301, and 365. ENGL 307, 308, 309, 310, 407, 408, and 409 may be counted only as part of the journalism concentration; ENGL 312, 410, 413, and 464 may be counted only as part of the concentration in business/ technical writing; and ENGL 384 may be counted only as part of the English education program.

EDUC 430	Classroom Management

Grade of C- or better required in all required EDUC, ENGL, and LING courses.

To be eligible to student teach, English Education students must have a GPA of 3.0 in their English major and an overall GPA of 2.75. They must also pass a teacher competency test as established by the University Council on Teacher Education Students must consult with the teacher education program coordinator (see list on p. 205) to obtain the student teaching application and other information concerning student teaching policies.

ELECTIVES

After required courses are completed, sufficient elective credits must be taken to meet the minimum credit requirement for the degree.

CREDITS TO TOTAL A MINIMUM OF 124

HONORS BACHELOR OF ARTS: ENGLISH

DEGREE WITH DISTINCTION IN ENGLISH OR ENGLISH EDUCATION

Eligible students may elect to pursue the Honors degree in English or the Degree with Distinction. To earn an Honors B.A. Degree in English (all concentrations) or in English Education, the recipient must complete:

- All of the requirements for the B.A. degree in English (and, where appropriate, concentration requirements) or in English Education.
- 2 All of the University's generic requirements for the Honors Degree
- Nine of the Honors credits in the major must be in ENGL courses at the 300 level or above, and these must include at least one ENGL 480 seminar course.

MINOR IN ENGLISH

The English Department also offers a program leading to a minor in English. The course of study for the English minor includes ENGL 202, 205, 206, 324 and two additional courses in literature and composition above the 200-level. One course must be in British Literature or Cultural and Theoretical Studies, and one course must be in American Literature. By earning 15 credits in recommended courses at the 300-level, a student may minor in Irish Studies. Required courses include ENGL 351 and HIST 373 A student may also minor in Medieval Studies.

FINE ARTS & VISUAL COMMUNICATIONS

Telephone: (302) 831-2244 http://www.udel.edu/art http://DEsigners.art.udel.edu

The Department of Fine Arts & Visual Communications is a studio-oriented department offering a wide range of visual arts activities and subject areas. Passing a portfolio review is required for admission to the major. The department offers undergraduate majors in Art (Bachelor of Arts), Fine Arts (Bachelor of Fine Arts), and Visual Communications (Bachelor of Fine Arts). The B.A. degree requires 42 credit hours minimum of art courses and 51 credit hours maximum. The B.F.A. degree requires 72 credit hours minimum of art courses and 86 credit hours maximum. All grades in art courses

must be C- or better. Admission to the B.F.A. is contingent upon submission of a portfolio of slides and/or original work after completion of the freshman year, a minimum of 18 credits of foundation courses and a 2.66 GPA in studio art courses. A limited number of students are admitted to the B.F.A. degree programs.

Foundation studio art courses are taken in the freshman year. The Foundation Colloquium is taken both semesters of the freshman year. Art concentration, art studies, and art electives are taken in the sophomore through senior years. Art 416 and Art 417 are only required of B.F.A. majors and are taken in the senior year. Art History courses may be applied toward both the art major requirement and a breadth requirement, but credits are counted only once toward the total credits for graduation.

The art or fine arts major may select a concentration in ceramics, painting, photography, printmaking, or sculpture. The visual communications major may select a concentration in advertising design, applied photography, graphic design, illustration, or interactive design. The courses of study are designed to prepare the student for professional practice in the student's chosen area of concentration.

The department enjoys an excellent reputation and has a Macintosh-based computer site within the department, including imaging and layout software, scanners, and color printers. The proximity of the University to major cultural centers of the northeastern United States provides students with easy access to important museums and galleries and allows for an outstanding program of visiting artists.

ART 280	Beginning Photography	www.fllt.udel.edu
ART 331 ART 333	Intermediate Painting Figure Studio	MODERN. The B.A. in Foreign Languages and Literatures leads
	DESIGN CONCENTRATION	to concentrations in French Studies, German Studies, Italian Studies,
ART 302	Graphic Design I. 3	Russian Studies, Spanish Studies, and Three Languages. In addition,
ART 303 ART 304	Graphic Design II	the department co-sponsors joint majors in History/Foreign Language
ART 304 ART 307	New Media Desian 3	and in Political Science/Foreign Language. Honors Degree major programs are also available in Foreign Languages, Foreign Language
ART 403	Portfolio Preparation 3	Education History/Earsign Languages and Earsign
ART 403 ART 405 ART 407	Portfolio Preparation I	Education, History/Foreign Languages, and Foreign Language/Political Science. Minors are offered in French, German,

Italian, Japanese, Russian, and Spanish and in French Studies, German Studies, and Spanish Studies. Foreign Language Certificate and Honors Foreign Language Certificate programs are offered for students in majors other than foreign languages.

To prepare students to speak, understand, read and write the language they are studying, the Department of Foreign Languages and Literatures uses proficiency-oriented communicative approaches to language learning. Many of the elementary/intermediate courses are team taught, and there are special programs for students at this level who want to continue their language/culture study abroad. A high-tech Foreign Language Media Center is available for student use

All majors and minors are encouraged to spend at least one semester, one winter session, or one summer of study in a country in which the foreign language is spoken natively.

ANCIENT. The B.A. in Foreign Languages and Literature leads to a concentration in Ancient Greek and Roman Studies. A minor and an Honors Degree program are also offered. This program provides a liberal education in the fullest sense of that term by giving one the means to identify a problem, solve it without losing sight of its larger implications, express the solution clearly, and persuade others of its validity. Students of classical antiquity learn habits of accuracy and clarity of expression and in the process grapple with the universal ethical, social, and political problems.

FOREIGN LANGUAGE TEACHER EDUCATION PROGRAMS

The Department of Foreign Languages and Literatures administers the B.A. program in Foreign Language Education leading to certification for teaching French, German, Italian, Latin (including a concentration in Classics), and Spanish in grades K-12 or in secondary schools only. Those students pursuing teaching certification are encouraged to study in the country where their particular foreign language is spoken. Information on study abroad programs is available through the Department of Foreign Languages and Literatures.

PLACEMENT AND DUPLICATE CREDIT

Students intending to enroll in a foreign language course will be placed according to the number of years of previous study of that language. As a general rule, students with fewer than two years of high school foreign language or the equivalent will be placed at the 105 level, students with two or three years will be placed at the 106level, and students with more than three years will be placed at the 107-level. Exceptions to this rule can be made only upon the recommendation of the Foreign Language Placement Advisor

No credit will be granted for a 100-level course if the student has already successfully completed a 200-level course or a course higher in the 100-level sequence in the same language, e.g., credit for a 105 course will not be given if a 106 course has already been successfully completed

Skipping Courses: Students are advised that once they begin their foreign language courses at the 100-level, they are not permitted to skip courses in the sequence (for example, students are not permitted to move directly from 105 to 107). The prerequisite for each 100-level course must be observed.

It is important to note that only 15 credits of the same elementary/intermediate language will be counted towards the degree.

STUDY ABROAD

In addition to several University-sponsored semester programs abroad in such locations as London, Paris, Granada (Spain), and Edinburgh (Scotland), some programs abroad are specifically designed for students of foreign languages.

For the advanced foreign language student, the Department of Foreign Languages and Literatures sponsors fall semester programs

in France (Paris), and Spain (Granada), and spring semester programs in Costa Rica, Spain (Granada) and Italy (Siena). Beginning and intermediate-level students may participate in winter and/or summer session programs in Argentina, Brazil, Costa Rica, Ecuador, France, Germany, Greece, Italy, Japan, Martinique, Mexico, or Spain.

Students majoring in French, German, Italian, and Spanish are expected to spend a semester abroad, and minors are strongly encouraged to do so.

Please consult the main office of the Department of Foreign Languages and Literatures for further details on all programs.

RESIDENCY REQUIREMENT

At least 15 hours of courses acceptable for credit in the major language and literature, including at least 6 credits at the 400-level, must be taken on campus or as part of a semester abroad program sponsored by the Department of Foreign Languages and Literatures. In the case of the three-languages major, at least 12 of the hours must be taken in Language One on campus or as part of a semester abroad program sponsored by the Department of Foreign Languages and Literatures.

MISCELLANY

Special Interest Housing: Foreign language students who wish to practice their linguistic skills in an informal setting may elect to live in a residence hall housing students with a special interest in a foreign language and culture. In addition to providing an opportunity for daily conversation in the foreign language, these residences sponsor relevant cultural events.

Credit by Examination: Students may receive up to 6 credits by examination for language courses at the 200-level and above, including but not exceeding one "conversation" class. Native speakers may not receive credits for courses in conversation.

Language Proficiency: For information concerning language proficiency see Requirements for the Degree of Bachelor of Arts, under College of Arts and Sciences.

Waivers or Substitutions: Waivers or substitutions for any requirements may be requested by seeking recommendation of the advisor and approval of the department chair.

HONORS BACHELOR OF ARTS: FOREIGN LANGUAGES AND LITERATURES; FOREIGN LANGUAGE EDUCATION; **HISTORY/FOREIGN LANGUAGE;** FOREIGN LANGUAGE/ POLITICAL SCIENCE

The following B.A. Degrees may be taken as Honors Degrees:

- Foreign Languages and Literatures Concentrations: Ancient Greek and Roman Studies, French Studies, German Studies, Italian Studies, Russian Studies, Spanish Studies, Three Languages
- French Education
- German Education
- Italian Education Latin Education (including Classics concentration)
- Spanish Education
- History/Classics, French, German, Russian, or Spanish French, German, or Spanish/Political Science

HONORS DEGREE REQUIREMENTS

To receive the B.A. Honors degree, students must complete the following:

All requirements for one of the degrees listed above

- All the University's generic requirements for the Honors Degree (see page 45 of this catalog)
 - At least six of the Honors credits in the B.A. in Foreign Languages and Literatures or the B.A. in Foreign Language Education must be at the 300-level or above.
 - For the Honors Degree with Distinction, the Honors thesis for the B.A. in Foreign Language Education degrees will normally be written in the target language. With the prior approval of the thesis director and the Department Chair, the thesis may be written in English.
 - For the joint degree with History, at least six of the Honors credits in the major must be at the 300-level or above.

CREDITS

4. For the joint degree with Political Science, the Honors credits in the majors shall come from both participating departments, and shall include at least two courses at the 300-level or above The cumulative grade point average for all courses in the major must be at least 3.400.

DEGREE: BACHELOR OF ARTS MAJOR: FOREIGN LANGUAGES AND LITERATURES CONCENTRATION: ANCIENT GREEK AND ROMAN STUDIES

This concentration requires the choice of one of the following options: Civilization and Culture, Ancient Greek and Latin Language and Literature, Latin Language and Literature. Students must see their advisor or the Associate Chair of the department to choose one of these options. Specific requirements for these options can be viewed on-line at www.fllt.udel.edu/lang/classics/programs.htm; paper copies are available at the department office, 326 Smith Hall.

CURRICULUM

See page 88 for University and College Requirements.

MAJOR REQUIREMENTS

Nine credits on Ancient Greek and Roman authors or topics chosen from among the following FLLT courses:

FLLT 202 (Biblical and Classical Literature), FLLT 316 (Gods, Heroes, and
Monsters: Classical Mythology), FLLT 322 Topic: (In Love and War: Greek
Tragedy), FLLT 322 (Topic: Antiquity through Modern Eyes), FLLT 320/322/330
(variable topics, genres, periods, and authors).
Six credits in Ancient Greek or Latin at the 200 level or above

ELECTIVES

After required courses are completed, sufficient elective credits must be taken to meet the minimum credit requirement for the degree

CREDITS TO TOTAL A MINIMUM OF......124 NOTE: See your advisor or the Associate Chair of the department for the specific program of study requirements. The majority of the specific course requirements are generally at the 300-400 level depending on the student's program of study option.

DEGREE: BACHELOR OF ARTS MAJOR: FOREIGN LANGUAGES AND LITERATURES CONCENTRATION: FRENCH STUDIES

Specific requirements for this concentration are described below. These requirements can also be viewed on-line at: www.filt.udel.edu/lang/french/frenchstudies.html. Paper copies are available at the department office, 326 Smith Hall.

CREDITS TO TOTAL A MINIMUM OF 124

MINORS

FOREIGN LANGUAGE MINORS: An advisor on minors for each language will help students tailor the chosen minor program to their needs. A minor in a foreign language requires a minimum of 18-21 credits at the 200 level or above, as follows:

ANCIENT GREEK AND ROMAN STUDIES: 18 credits as follows: 6 credits in Latin and/or Greek at the 200-level or above, 6 credits in FLIT courses focusing on the literature and/or culture of ancient Greece and Rome, at least one of which must be at the 300-level (e.g. FLIT 316 Gods, Heroes, and Monsters; FLIT 330 Roman Rulers and Rebels; FLIT 322 Greek Tragedy; FLIT 202 Biblical and Classical Literature, FLIT 320/330 Society and Spectacle in Ancient Greece and Rome; FLIT 322 Antiquity through Modern Eyes; FLIT 322 Greek Comedy), and 6 credits from related disciplines (at the 200-level or above, at least one of which must be at or above the 300-level) reflecting the students' particular interests in the classical world and selected with prior approval of the advisor (ANTH, ARTH, FLIT, GREK, HIST, LATN, PHIL, POSC, THEA).

CHINESE: 18 credits including 15 credits in CHIN courses at the 200 level or above, with at least 6 of those credits at the 300 level or above, plus 3 credits in a China-related FLIT course.

FRENCH: 18 credits above the 100-level including FREN 211, FREN 301 and 302, one course at the 300 or 400-level, and one other 400-level course. **GERMAN:** 18 credits above the 100-level including GRMN 311, one other 300-level course, one 400-level literature course, and one other 400-level course. **ITALIAN:** 18 credits composed of ITAL 211 or 212; two additional courses at the 200, 300 or 400-level; one 300-level literature course; one 300 or 400-level course course; and one 400-level course.

JAPANESE: 18 credits; including 15 credits in JAPN courses at the 200-level or above, with at least 6 of those credits at the 300-level or above, plus 3 credits in a Japan-related FLLT course

RUSSIAN: 18 credits composed of two Russian courses at the 200-level; three courses at the 300 or 400-level, one of which must be a 400-level course; and 3 credits of related work (e.g., Russian history, political science, art, music, etc.). **SPANISH:** 21 credits including SPAN 200, SPAN 201 and an additional 200-level course; two 300-level courses (one must be a Survey of Literature) and two 400-level courses (one must be a literature course).

FOREIGN LANGUAGE STUDIES MINORS: The Foreign Language Studies (FLS) minor (in French, German or Spanish) requires participation in a UD Department of Foreign Languages and Literatures sponsored semester abroad program. See the Foreign Languages and Literatures Study Abroad Coordinator for details and prerequisites Credit requirements for the FLS minors are as follows:

FRENCH STUDIES MINOR

FREN 2xx, 3xx, 4xx		 	6
FREN 306 or 406	-1	 	3

Minors in Spanish Studies are required to take at least one literature course at the 300-level or above $% \left({\left[{{{\rm{T}}_{\rm{T}}} \right]_{\rm{T}}} \right)$

Note: A student cannot receive both a Spanish Minor and a Spanish Studies Minor.

FOREIGN LANGUAGE AND HONORS FOREIGN LANGUAGE CERTIFICATES

The Foreign Language Certificate Program and the Honors Foreign Language Certificate Program are intended to enhance the international dimension of the baccalaureate program for students in majors other than foreign languages by providing them with some first-hand knowledge of a foreign language and a foreign culture.

Students pursuing a major in the Department of Foreign Languages and Literatures or a minor in the language of the certificate are not eligible for these certificates.

To earn a B A degree with a Foreign Language Certificate in Chinese, French, German, Italian, Japanese, or Spanish, a student is required to complete a designated sequence of four courses at the 200- and 300-levels. This is accomplished through a combination of two courses taken during Study Abroad Sessions in China, France, Martinique, Germany, Italy, Japan, Spain, or Latin America, and two courses taken on the Delaware campus. A qualified student must complete the designated sequence of four 200- or 300-level French, German, Italian, Japanese, or Spanish courses with no grade below a C

To earn a B.A. degree with an Honors Foreign Language Certificate in French, German, Italian, Japanese, or Spanish, a qualified student must:

- Complete the designated sequence of four 200- or 300-level French, German, Italian, Japanese, or Spanish courses with no grade below a B-.
- 2. Take all four of these courses for Honors credit.
- Achieve a 3.000 cumulative grade index by the time of completion of the course requirements.

The Honors Foreign Language Certificate can be earned in addition to other kinds of Honors Certificates. Honors courses taken in the sequence leading to the Honors Foreign Language Certificate can also be applied toward those required for other forms of Honors recognition.

GEOGRAPHY

Telephone: (302) 83	31-2294
www.udel.edu/Geo	graphy

The Department of Geography offers B.A. programs in Geography and Geography Education, as well as a minor in geography. The Department also co-sponsors the B.S. degree program in Environmental Science, and participates in other interdepartmental opportunities.

Geographers investigate processes that explain the location of human and natural phenomena, as well as the interactions between people and their environment. A broad range of interests characterizes geography and reflects its position simultaneously in the natural sciences, social sciences, and humanities

Students who major in geography may, if they choose, specialize. The department has an excellent program in climatology, for instance, and research may be undertaken through its Center for Climatic Research. Other areas include environmental studies, biogeography, conservation, cultural-historical geography, urban geography, and geomorphology. Skills in Geographic Information Science (GIS), cartography, and spatial data analysis are also studied by geography majors. Students are required to take an introductory sequence of courses to provide a common background for all majors. During the senior year, majors may, at their option, undertake a research paper under the direction of their program advisors. A detailed brochure describing the geography program and requirements is available upon request from the department office.

BACHELOR OF SCIENCE IN ENVIRONMENTAL SCIENCE

Complementing the B.A. programs in Geography, the Geography Department, in cooperation with the Geology Department, the Department of Biological Sciences, and the College of Marine Studies, offers a B.S. degree in Environmental Science. The program emphasizes a broad scientific understanding of the character, function, and analysis of environmental systems. It is hoped that Environmental Science B.S. students will be able to contribute to society's understanding of and solutions to problems that arise from the human occupance and use of the environment.

INTERDEPARTMENTAL AND DOUBLE MAJORS

An interdepartmental major, for students having interests in two areas, requires 21 credits each in geography and in one other department in the college, plus 9 more elective credits approved by both departments. Of the minimum of 21 credits in geography, a student must take 9 credits from the foundation level, of which one course must be from the Physical Geography area, one course from the Human Geography area, and one course from the Methods area. Nine more geography credits must be taken at the 300/400-level. The remaining three geography credits may be chosen from any 200-, 300-, or 400-level course.

Students may also declare a double major with another department in the College of Arts and Sciences, provided they satisfy the requirements of both geography and their second major field. Departmental requirements for the double major are identical to those for the major.

Grade of C- or better required in all required major, major related, and professional studies courses

To be eligible to student teach, Geography Education students must have a GPA of 3.0 in their major and an overall GPA of 2.75. They must also pass a teacher competency test as established by the University Council on Teacher Education. Students must consult with the teacher education program coordinator (see list on p. 205) to obtain the student teaching application and other information concerning student teaching policies

CREDITS TO TOTAL A MINIMUM OF 124

HONORS BACHELOR OF ARTS: **GEOGRAPHY OR GEOGRAPHY EDUCATION**

The recipient must complete:

- All requirements for the Bachelor of Arts degree in Geography or Geography Education. All of the University's generic requirements for the Honors Degree (see p 45
- of this catalog).
- One of the courses used to satisfy the Geography major requirements must 3 be GEOG 445

MINOR IN GEOGRAPHY

A minimum of 18 credits of course work in geography must be completed for a minor Nine credits must be taken at the foundation level, with three credits from each of the foundation areas (Physical Geography, Human Geography, Methods) Nine more geography credits must be taken at the 300/400-level

DEGREE: BACHELOR OF SCIENCE MAJOR: ENVIRONMENTAL SCIENCE

CURRICULUM

CREDITS

9

UNIVERSITY REQUIREMENTS

Critical Reading and Writing
(minimum grade C-) 3

Three credits in an approved course or courses stressing multi-cultural, ethnic, and/or gender-related course content (see p. 62-65)

COLLEGE REQUIREMENTS

Writing: (minimum grade C) A second writing course involving significant writing experience including two papers with a combined minimum of 3,000 words to be submitted for extended faculty critique of both composition and content. This course must be taken after completion of 60 credit hours Appropriate writing courses are normally designated in the semester's Registration Booklet. (See list of courses approved for second writing requirement, page 91-93)

Foreign Language: Completion of the intermediate-level course (107 or 112 or 214) in a given language. Number of credits needed and initial placement will depend on number of years of high school study of foreign language. Students with four or more years of high school work in a single foreign language may attempt to fulfill the requirement in that language by taking an exemption examination

BREADTH REQUIREMENTS (See p. 93-98)

Group A Understanding and appreciation of the creative arts and humanities At least two areas must be represented.

Group B The study of culture and institutions over time. At least two areas must be represented

0 Group C Empirically based study of human beings and their environment At least two areas must be represented

MAJOR REQUIREMENTS

GEOL 107	General Geology
BISC 207/20	08 Introductory Biology I and II
GEOG 220	Meteorology 3
GEOG 250	Computer Methods in Geography
BISC 302	General Ecology

GEOG 412	Physical Climatology 4
GEOL 303	Earth Surface I: Surficial Processes
MAST 482	Introduction to Ocean Sciences.
ENSC 450	Proseminar in Environmental Science
One course fro applied to this simultaneously	
BISC 312	General Ecology Lab
GEOL 306	Earth's Lithosphere II: Field Geology
ENSC 425	Environmental Field Methods
GEOG 451	Microclimatology

MAST 621 Coastal Field Biology **MAST 464** Marine Science Summer Internship (at least 3 credits) MAST 468 Undergraduate Research (at least 3 credits)

Two additional courses from within one of the following three areas of concentration:

Atmospheric Environment

Atmospheri	c Environment
GEOG 343	Climatic Geomorphology
GEOG 420	Atmospheric Physics
GEOG 423	Atmospheric Dynamics
GEOG 451	Microclimatology
GEOG 453	Synoptic Climatology
GEOG 456	Hydroclimatology

Biological Environment

BISC 306	General Physiology
BISC 300	Introduction to Microbiology
BISC 495	Evolution
BISC 637	Population Ecology
BISC 641	Microbial Ecology

Geological Environment

GEOL 300	Earth's Materials I: Minerals
GEOL 302	Earth's Materials II: Rocks
GEOL 304	Earth's Surface II: Stratigraphy
GEOL 305	Earth's Lithosphere I: Structural
GEOL 306	Earth's Lithosphere II: Field Geology
GEOL 307	Earth's History I: Paleobiology
GEOL 308	Earth's History II: Earth System Science
	. ,

Marine Environment

ENWC/MAST	[314 Comparative Terrestrial and Marine Ecology
	Marine Geology
GEOL 434	The Geology of Coasts
MAST 602	Physical Oceanography
MAST 621	Coastal Field Biology
MAST 627	Marine Biology
MAST 646	Chemical Oceanography

Two additional courses taken from the following list or from the courses listed under the four areas of concentration above 8-12

. . . .

At least one c	ourse must be outside the chosen area of concentration.
BISC 301	Molecular Biology of the Cell
BISC 317	Tropical Ecology (Costa Rica)
BISC 321	Environmental Biology
BISC 660	Environmental Physiology
CHEM 213	Elementary Organic Chemistry
CIEG 331	Introduction to Environmental Engineering
ENWC 620	Behavioral Ecology of Insects
FREC 450	Topics in Environmental Law
GEOG 230	Humans and the Earth Ecosystem
GEOG 235	Conservation of Natural Resources
GEOG 236	Conservation: Global Issues
GEOG 255	Applied Climatology
GEOG 272	Map and Air Photo Interpretation
GEOG 320	Water and Society
GEOG 330	Biogeography
GEOG 357	Paleoclimatology
GEOG 372	Geographic Information Systems
GEOG 422	Resources, Development, and the Environment
GEOG 449	Environment and Society
GEOG 471	Advanced Geographic Information Systems
GEOG 474	
GEOG/MAS

Earth Science

GEOL 113

GE GE

GEOL 416	Paleoecology
GEOL 421	Environmental and Applied Geology
GEOL 428	Hydrogeology
GEOL 446	General Geochemistry
GEOL 453	Elementary Geophysics I
GEOL 454	Elementary Geophysics II
GEOL/GEOG	482 Physical Geography of Cold Environments
MAST 606	Ocean and Atmospheric Remote Sensing
MAST 620	Energy Policy and Administration
MAST 670	United States Ocean and Coastal Policy
MAST 671	Coastal Processes and Management
MAST 678	Coastal and Maritime Law
PHYS 208	Fundamentals of Physics II
PLSC 204	Introduction to Soil Science
POSC 350	Politics and the Environment

With the exception of related work, all courses in the major require a grade of Cor better

	42/243 Analytic Geometry and Calculus 12 04 General Chemistry 8
PHYS 207	Fundamentals of Physics I
or	
PHYS 201	Introductory Physics I
One of the fol	lowing five courses:
MATH 302	Ordinary Differential Equations
MATH 349	Elementary Linear Algebra
MATH 450	Statistics for Engineering & Physical Sciences
STAT/ENSC 4	75 Statistics for Environmental Sciences
STAT 657	Statistics for Earth Sciences

ELECTIVES

After required courses are completed, sufficient elective credits must be taken to meet the minimum credit requirement for the degree.

CREDITS TO TOTAL A MINIMUM OF 127

GEOLOGY

Telephone: (302) 831-2569 www.geologyudel.edu

The Department of Geology offers major programs leading to B.A. degrees in Geology and in Earth Science Education. The Department offers major programs leading to B.S. degrees in geology (including concentrations in Geophysics and in Paleobiology), and a minor in geology. Environmental Science majors can earn a minor in geology while earning a B.S. in Environmental Science.

Advanced undergraduate geology students are encouraged to undertake research under the supervision of the faculty, in areas such as geochemistry, geophysics, petrology, micropaleontology, mineralogy, stratigraphy, and structural geology. As an additional resource, the Department maintains close ties with the Delaware Geological Survey, the College of Marine Studies, and the Department of Geography through collaboration in the Environmental Science major. Student projects and employment opportunities are often available through the Delaware Geological Survey (www.udel.edu/dgs).

In view of the close relationship between geology and other disciplines, interdepartmental and double majors are encouraged. Various interdisciplinary programs within the field of geology are also possible: for example, geochemistry, geophysics, or paleobiology.

MINOR IN GEOLOGY

The minor consists of at least 18 credit hours in geology. The requirements are: GEOL 107 or GEOL 105 and 115, or GEOL 113; plus additional courses at the 300- 400-level to obtain the remaining credits to reach a total of 18.

For Environmental Science majors, the requirements for the minor in Geology are GEOL 107, or GEOL 105 and 115, or GEOL 113; GEOL 303; at least one other GEOL course at the 300-level; plus additional courses at the 300- and 400-level to obtain the remaining credits to reach a total of 18.

MINOR IN COASTAL AND MARINE GEOSCIENCE

A minimum of 18 credits of course work in Coastal and Marine Geoscience must be completed for a minor. The following courses are required (within the stated options); others can be added (as listed below) to obtain additional credits in related disciplines.

HISTORY

Telephone: (302) 831-2371 www.udel.edu/History/hist/

The History Department offers several options to its undergraduate students. In addition to the regular major, students can choose a concentration in American, European, Global, or Policy history. In conjunction with the College of Human Services, Education and Public Policy, it offers a History Education program for those choosing careers as secondary school social studies teachers. Collaboration with the Department of Foreign Languages and Literatures has resulted in a major combining languages with the history of the regions in which those languages are spoken. Together with the Department of English, the History Department administers a History/Journalism concentration. Honors Degree options are available for all majors and concentrations. The department also maintains an advisory program for prelaw students majoring in history.

The department encourages interdepartmental or double majors that enable a student to develop competence in two areas, such as history and art history, or history and literature. A Degree with Distinction is also possible. An advisor in the History Department can provide details.

ELECTIVES

CREDITS

After required courses are completed, sufficient elective credits must be taken to meet the minimum credit requirement for the degree.

Honors Degree: An Honors Degree option is also available

CREDITS TO TOTAL A MINIMUM OF 124

HONORS BACHELOR OF ARTS: HISTORY (ALL CONCENTRATIONS); HISTORY EDUCATION; HISTORY/FOREIGN LANGUAGE

To receive the B.A. with Honors, students must complete the following:

- All requirements for the B.A. with a major in History, History Education, or History/Foreign Language.
- All the University's generic requirements for the Honors Degree (see p. 45 of this catalog)

For all the History degrees/concentrations, including the joint degree with a Foreign Language, at least six of the Honors credits in the major must be at the 300 level or above.

MINOR IN HISTORY

CREDITS

A student may minor in history by taking 15 credits as follows:

HIST 101	the following
HIST 102	Western Civilization: 1648 to the Present
HIST 103	World History I
HIST 104	World History II
HIST 205	United States History
HIST 206	United States History

Three HIST courses at or above the 300 level (excluding HIST 491 and 493)

Many history courses fulfill Group B requirements of the College of Arts and Sciences.

9

CREDITS

IRISH STUDIES

A student may minor in Irish Studies by earning 15 credits in recommended courses, all at or above the 300-level. Required courses include ENGL 351 and HIST 373. For further information, contact Professor John Montano at (302) 831-0804 or Professor Kevin Kerrane at (302) 831-8992.

JEWISH STUDIES

Telephone: (302) 831-3324 E-mail: cjs@udel.edu www.udel.edu/jsp/index.html

The Jewish Studies Program administers the undergraduate minor in Jewish Studies. The minor examines the impact of Jewish thought and culture in all fields of Western and non-Western civilization. This involves the study of the texts, language, history, and culture of the Jewish people in a variety of environments and in historical and contemporary contexts. As an academic discipline, Jewish Studies concentrates on its own inner continuities, as well as the ways it has affected, and been affected by, its host cultures.

MINOR IN JEWISH STUDIES

The interdisciplinary minor in Jewish Studies requires 16 credits. Students must take a minimum of 16 credits from the selection of Jewish Studies courses offered by the Jewish Studies Program [JWST] or cross-listed with another department. The one credit course, JWST 201: Issues and Ideas in Jewish Studies, is the only course required for the minor. Jewish Studies courses are cross-listed with a number of departments including philosophy, English, sociology, history, political science, anthropology and foreign languages. Only 3 credits of Hebrew language and only 3 credits from courses offered during Israel winter session courses can be counted toward the minor. Three credits of independent course credit can be counted, with approval of the Director of the Jewish Studies Program.

JOURNALISM

The undergraduate journalism program is centered in the Department of English but reaches beyond it. There is no separate journalism major, but there are concentrations in journalism for English, History, and Political Science majors. Students majoring in other areas such as communication often take journalism courses to enhance their degree programs. The journalism courses are primarily practice-oriented and are aimed at preparing the interested student for a position in some phase of reporting, writing, or editing for newspapers, magazines, radio, or television. For details, see English and History in this catalog.

LATIN AMERICAN STUDIES

http://www.udel.edu/Area Studies/latam.html Latin American Advisor: Dr. Cynthia Schmidt-Cruz, 433 Smith Hall, Phone: 302-831-0439. Email: csc@udel.edu

The Latin American Studies Program offers both a major and minor designed to prepare undergraduate students for careers relating to Latin America. This interdisciplinary program provides students with comprehensive training in Spanish language as well as Latin American literature, history, politics, geography and anthropology.

Many career opportunities are open to students who major in Latin American Studies. Because of their linguistic training and indepth knowledge of the area, graduates of the program often find employment in government, including the foreign services, as well as in international business and banking, social work, educational organizations and non-governmental organizations that work extensively in Latin America. In addition, graduates are well prepared to pursue advanced degrees in Latin American Studies.

ELECTIVES

After required courses are completed, sufficient elective credits must be taken, in consultation with the student's academic advisor, to meet the minimum credit requirement for the degree.

Language Requirement

In addition to the 33 credits required of the major, students must complete SPAN 201 or demonstrate equivalent proficiency. Course work in Portuguese is also recommended.

Study Abroad

Study abroad at a Latin American site for either a semester, or a winter or summer session, is highly recommended. The Costa Rica spring semester is designed for Latin American Studies majors and minors. In selecting courses for the major, students are encouraged to meet with the Latin American Studies advisor and choose courses that together reflect a regional (e g Mexico, Caribbean, Central or South America) or topical (e.g. colonialism, development, culture) focus. Substitutions for specified courses may be made with permission of the Director of Latin American Studies so long as the same disciplinary distribution is maintained.

CREDITS TO TOTAL A MINIMUM OF 124

HONORS BACHELOR OF ARTS: LATIN AMERICAN STUDIES

All Honors degree candidates must complete the following:

- All requirements for the B.A. in Latin American Studies
- 2 All of the University's generic requirements for the Honors Baccalaureate degree (see page 45 of this catalog)

MINOR IN LATIN AMERICAN STUDIES

Purpose

This is an interdisciplinary program designed to provide undergraduates with an organized focus for their interests in Latin America. The program is designed to enhance, rather than substitute for, a student's disciplinary major

Program Requirements: A minimum of 18 credits is required from the following courses, selected from at least four departments: HIST 135, 336, 430, 477 GEOG 226 SPAN 303,304, 326, 415, 430, 464 ANTH 265, 323, 337, 338, 375, 380 ARTH 232, 419, 440 PORT 208, 315 POSC 426, 431, 450

Language Requirement

In addition to the 18 credit minimum, students must complete SPAN 107 or demonstrate equivalent proficiency on a placement test Equivalent competence in Portuguese will be allowed. The study of both languages is strongly encouraged

Study Abroad

Study abroad at a Latin American site for either a semester, or a winter or summer session, is highly recommended. The Costa Rica spring semester is designed for Latin American Studies majors and minors.

Advisement and substitutions

Substitutions for specified courses may be made with permission of the Director of Latin American Studies so long as the same disciplinary distribution is maintained.

LEGAL STUDIES

Director: Professor Sheldon D. Pollack
Administrator: Maryanne Brown-MacKay
Office: 219 McDowell Hall
Telephone: (302) 831-0367
Web: www.udel.edu/Legal Studies/
Email: legal-studies@udel.edu

The minor in Legal Studies provides undergraduate students with the opportunity to explore the law from an interdisciplinary perspective. The law is central to theories and research in the social sciences, business, philosophy, and public policy. Courses concerned with law are available in a variety of departments including political science, sociology, communication, economics, history, accounting (business law), finance (corporate governance), food and resource economics (environmental law), marine studies, philosophy, (jurisprudence), education and urban affairs

The minor program provides coherence and guidance in the study of law in at least four ways. First, each student minoring in Legal Studies is provided with an advisor who guides the student in constructing a coherent program. Second, the minor provides students with an opportunity to examine the law from a variety of discipline perspectives. Third, the program offers both a substantive introduction to law and an interdisciplinary introductory course in legal studies. Finally, it offers an interdisciplinary capstone experience with a senior seminar that requires a research paper.

This program is designed for any student who is interested in examining the law and its influence on society from a variety of perspectives. Legal studies is not a "pre-law" program, and it does not offer para-legal training. However, the program is a suitable minor for those who plan to pursue professional training. For information on Pre-Law Advisement, see page 90

In addition to offering a minor in Legal Studies, the program sponsors faculty seminars, a lecture series in the law, a student conference and research paper competition, and films.

LIBERAL STUDIES

This degree differs from the regular Bachelor of Arts degree in that it requires 60 credits at the 300-level or higher. The most significant difference from the more conventional degree, however, is that, instead of a major, students pursue a sequence of courses of their choice that are consistent with their stated educational goals.

Admission into the Bachelor of Arts in Liberal Studies is determined by the College Faculty Senate Committee on Special Academic Programs, which reviews student proposals and approves them or makes suggestions on improving or strengthening them. To be eligible to apply to the program, a student must have a cumulative grade index of 2.25 and must have completed no more than 75 credit hours at the time of the application. The committee looks for proposals that are cohesive and realistic, designed to afford the student knowledge in some broad, interdisciplinary field or focused more narrowly and in greater depth on one theme and, in general, involving course combinations that would not be feasible within one of the standard degree options. A minimum of 39 credit hours must be related to the main theme of the BALS. project and a minimum grade of C- must be earned in these core courses. Course templates are available for students interested in creating programs in Classical Studies, and in selected other areas. Students who are accepted into the Medical Scholars program complete a major in Liberal Studies using the Medical Scholars template.

Advisement and planning are essential in formulating such a proposal. Students are urged to seek advice from faculty members and the Dean's Office as they work on drawing up their programs. The screening committee requires the applications to carry the signature of at least two faculty members including the candidate's advisor. Proposals should be submitted to the Associate Dean of the College of Arts and Sciences by October 15 or by March 15. Application forms and further information are available on the web at: www.art-sci.udel.edu/

HONORS BACHELOR OF ARTS: LIBERAL STUDIES

The recipient must complete:

- 1 All requirements for the Bachelor of Arts in Liberal Studies degree.
- 2. All the University's generic requirements for the Honors Degree (see page 45 of this catalog).
- The student's BALS advisor will designate Honors Courses that will count as courses in the major.

LINGUISTICS AND COGNITIVE SCIENCE

Telephone: (302) 831-6806 www.ling.udel.edu/ling/

The Department of Linguistics offers two minors at the undergraduate level: one in Linguistics and one in Cognitive Science. The department also has course templates for individualized Bachelor of Arts in Liberal Studies degrees in Pre-professional Speech Pathology, and in Cognitive and Linguistic Science. The department offers courses in Linguistics and Cognitive Science at the introductory, intermediate, and advanced levels in both applied and

UNDERGRADUATE

theoretical areas. Many of the courses fulfill the Group A, Group C, and Group D General Education Requirement in the College of Arts and Sciences as well as the University's Multicultural Requirement.

MINOR IN LINGUISTICS

	nguistics requires 18 credits, distrib Introduction to Linguistics		;
LING 407 LING 409	owing: Phonology I Syntax I Structure of English Semantics I	3 _	1
Any four addi at the 300-lev	tional LING courses, two of which r el or above	nust be	2

Special problems courses and courses other than those specified above must have approval of the Undergraduate Studies Committee of the Department of Linguistics.

MINOR IN COGNITIVE SCIENCE

For more information, contact the Department of Linguistics Telephone: (302) 831-6806 Website: http://www.ling udel edu/cogsci

Cognitive Science studies the computational and representational structure of the mind by combining linguistics, philosophy, computer science (especially artificial intelligence), and psychology. Courses for the minor in cognitive science focus on three areas: (1) broad foundational issues in linguistics, psychology, and computing; (2) more specialized issues in mental representation, computation, theoretical linguistics, and epistemology; (3) problems in cognition, data processing, language and formal representation that are related to students' particular interests.

The minor is administered through the Department of Linguistics. It requires 18 credits, distributed as follows (most of these courses have prerequisites, as listed): A. **All** of the following:

CGSC 270 LING 101 PSYC 100	Introduction to Cognitive Science Introduction to Linguistics General Psychology	
B One of the CISC 105 CISC 106 CISC 181	following: General Computer Science General Computer Science for Engineers Introduction to Computer Science (restriction: programming experience) (coreq: MATH 115, MATH 171 or MATH 241)	3
C. One of the LING 409 LING 491 CGSC 480 CGSC 340	Syntax I (prereq: LING 101)	3
D. One of the PSYC 310 CGSC 314 CISC 220 CGSC 681 PHIL 205 EDUC 462 LING 610	following: Sensation & Perception (prereq: PSYC 309) Brain & Behavior Data Structures (prereq: CISC 181) Artificial Intelligence (prereq: CISC 220 & 310) Logic Language Acquisition Syntax II (prereq: LING 409)	3

any of the courses not chosen under C

No more than 3 courses may be from a single department

PRE-PROFESSIONAL SPEECH PATHOLOGY AND COGNITIVE AND LINGUISTIC SCIENCE

Students who wish to prepare for graduate or professional work in Speech Pathology and Communication Disorders may follow a course of study drawing on linguistics, speech science, psychology, neuroscience, and biology. This will include courses in acoustics, physiology, psycholinguistics, normal and abnormal development, and a variety of other scientific and clinical fields. Those wishing to study Cognitive and Linguistic Science may follow a course of study integrating language, computing, and thinking: in particular, introductory courses in linguistics, computer science, and psychology; a formal foundations course to provide the requisite mathematical underpinnings; and courses in some area of specialization, such as language development, computational modeling, or mathematical and logical foundations of cognitive science. Students interested in these areas may pursue a Bachelor of Arts in Liberal Studies degree. Templates of courses for each of these options are available from the Department Advisors will work with students individually to design courses of study appropriate to the students' needs and the requirements of the fields.

CONFERENCE INTERPRETATION PROGRAM

Within the Department of Linguistics, the Conference Interpretation Program occasionally offers an intensive course in simultaneous and consecutive interpretation during the summer session. Coursework includes: basic theoretical constructs, preinterpretation exercises, consecutive note-taking and note-reading, public speaking skills, simultaneous interpretation, self-monitoring techniques, short-term memory strategies, ethics, scenario writing and role playing. Candidates must have a good working knowledge of English and at least one other language in order to enroll. Prospective students are urged to contact Professor Nancy Schweda-Nicholson of the Department of Linguistics regarding the language combinations for future seminars.

MATHEMATICAL SCIENCES

Telephone: (302) 831-2653 www.math.udel.edu/

The Department of Mathematical Sciences administers major programs in Mathematical Sciences leading to the Bachelor of Arts or the Bachelor of Science, as well as a major program in Mathematics Education leading to the Bachelor of Arts for those students preparing for careers teaching secondary school mathematics. A minor in mathematics is also available. The Department also participates in a B.S. degree program in Mathematics and Economics (see separate listing in this chapter).

The Department of Mathematical Sciences also provides courses for others who need to use mathematics and statistics in their careers, be it engineering, science, medicine, or management.

Since mathematics is a highly structured discipline, careful attention must be paid to prerequisites. A successful mathematical sciences major must complete several courses in the major each year to graduate within a reasonable time frame. The Department of Mathematical Sciences carefully monitors student progress and will drop from the major any student not making satisfactory progress in the program. A normally matriculated student majoring in the Department of Mathematical Sciences is not making satisfactory progress if he or she: (1) has not successfully completed a required Mathematical Science course by the beginning of the third semester; or (2) has not successfully completed MATH 245 by the end of the fourth semester; or (3) has failed to successfully complete any required Mathematical Science course for two consecutive semesters. Consistent with the program requirements, "successfully complete" means to earn a grade of C- or better. A student not making satisfactory progress may petition the department to remain as a major when there are extenuating circumstances.

Departmental requirements and course descriptions are subject to continual revision. Up-to-date statements of requirements, course descriptions, and departmental policies are available at the departmental office or its website.

CREDITS

0-12

COURSES FOR OTHER MAJORS

The three-semester calculus sequence MATH 241-242-243 is the traditional basis for programs in the physical sciences and engineering. Students with a sound preparation in calculus are encouraged to enroll in MATH 242 to avoid repetition of known material. Students with advanced placement are automatically placed in MATH 242, and others should follow the advice given during new student orientation.

The calculus sequence MATH 221-222 and finite mathematics course MATH 230 are designed for students in the biological, behavioral, management, and social sciences. Trigonometry is not a prerequisite for these courses. Requirements in mathematics preparation for these programs vary greatly; thus students with preparation in trigonometry, a high aptitude for mathematics, or an expectation of pursuing more quantitative aspects might seriously consider taking MATH 241-242 as an alternative to MATH 221-222.

The sequence MATH 251-252-253 is designed for prospective elementary school teachers and is restricted to declared majors in the appropriate programs of the College of Human Services, Education and Public Policy.

Students who need further preparation in algebra and trigonometry prior to a 200-level course should take MATH 115 or MATH 117 MATH 113 and MATH 114 serve to establish minimal skill levels for students not expecting to continue at the 200-level. MATH 113 may not be appropriate for some majors. Students should check with their department advisor for the correct mathematics requirement.

Ordinarily, credit is not given for 100-level courses that follow successful completion of 200-level courses. Credit for corresponding courses from different tracks will be given only upon approval of the chair: e.g.,

- MATH 114 and MATH 115
- MATH 210 and MATH 230
- MATH 221 and MATH 241
- MATH 222 and MATH 242
- MATH 302, MATH 341, and MATH 351
- MATH 342, MATH 349, and MATH 352

DEGREE: BACHELOR OF ARTS MAJOR: MATHEMATICAL SCIENCES

CURRICULUM See page 88 for University and College requirements

MAJOR REQUIREMENTS

A grade of C	- or better is required for major courses and related work. Students aration for MATH 242 should begin with MATH 241	
MATH 210	Discrete Mathematics 1	
MATH 242		
MATH 243 MATH 245	Analytic Geometry and Calculus C	
MATH 268	Perspectives on Mathematics	
MATH 302	Ordinary Differential Equations 3	
MATH 349	Elementary Linear Algebra	
MATH 350	Probability Theory and Simulation Methods 3	
Nine credits of mathematics at the 300 level or above MATH 308, MATH 379, MATH 380, and MATH 382 are not applicable 9		
ENGL 312	Written Communications in Business	
CISC 181 and	Introduction to Computer Science	
CISC 220	Data Structures	
(Students with no previous experience in a programming language should start with CISC 105)		
Any substitution must be approved by the department Undergraduate Studies Committee.		

ELECTIVES

After required courses are completed, sufficient elective credits must be taken to meet the minimum credits requirement for the degree, with at least 79 credits outside Mathematics

HONORS BACHELOR OF ARTS: MATHEMATICS

The recipient must complete:

- 1. All requirements for the Bachelor of Arts degree in Mathematics
- 2. All of the University's generic requirements for the Honors Baccalaureate degree (see page 45 of this catalog).

All Mathematics courses below the 600-level in which the student takes an Honors component may be counted toward the minimum 12 hours of Honors credits in the major required for the Honors degree. All Mathematics courses at the 600-level or higher may be counted toward the same 12 credit Honors course requirement.

DEGREE: BACHELOR OF SCIENCE MAJOR: MATHEMATICAL SCIENCES

CURRICULUM

All Mathematics courses at the 600-level or higher may be counted toward the same 12 credit Honors course requirement

MINOR IN MATHEMATICS

A student seeking a minor in mathematics must obtain permission from the chairperson or his designee in the Department of Mathematical Sciences. Course requirements consist of a total of 18 credits in MATH courses offered by the Department of Mathematical Sciences, to include 9 credits above MATH 302 In order to count toward the minor, a grade of C- or better is required. MATH 341 and MATH 351 are not considered above MATH 302 since they are comparable courses from a different track. However, MATH 342 or MATH 352 may be counted as above MATH 302, provided MATH 349 is not included in the count.

One of MATH 300 or MATH 450 may be counted toward the 18 credits in MATH courses required for the mathematics minor Courses which are cross-listed with a

Mathematical Sciences MATH course may also be counted toward the minor Courses in mathematics education (e.g., MATH 379, 380, 382) may not be counted toward the minor

MATHEMATICS AND ECONOMICS

The College of Arts and Sciences administers an interdisciplinary major program in Mathematics and Economics leading to the Bachelor of Science degree. The major, with courses taught by faculty in the Departments of Economics and of Mathematical Sciences, provides a strong background in mathematics for students in economics. Students graduating with this degree will be well prepared for graduate studies in economics or in mathematics.

Substitutions may be arranged with the permission of the faculty coordinator, provided that the required disciplinary distribution is maintained.

MILITARY SCIENCE – ARMY ROTC

Telephone: (302) 831-8213 www.udel.edu/armyrotc/

The mission of the Military Science – Army ROTC program for undergraduates is to produce leaders of character to serve in the nation's defense. The cornerstone of the leadership program is developing self-confidence, teamwork, responsibility, professional ethics, and the development of all aspects of leadership.

Students at the University of Delaware can earn a commission as a Second Lieutenant in the U.S. Army upon completion of the military science program and a baccalaureate degree. The normal four-year ROTC program requires the completion of eight onesemester courses, totaling 12 credit hours, and successful completion of a five-week leadership camp during the summer prior to the senior year. Many challenging and fun training events are scheduled.

ROTC PROGRAM

The ROTC program consists of two major subsets – the Basic Course and the Advanced Course. Both courses are straightforward rather than conceptual and tend to be small (25 or less) with much personal interaction between the cadre and the students.

Basic Course – for freshmen and sophomores. A series of four 1-credit classes that are open to all students with no military obligation. Student instruction includes basic leadership skills, orientation to the US Army, time management and other academic skills, decision making, and adventure training opportunities (rappelling, land navigation, etc.).

Faculty and the advanced course cadets form support groups and act as mentors to the basic course students, providing assistance and a positive environment. Students enrolled in the basic course can compete for 2- and 3-year scholarships that will pay full tuition/fees and provide stipends.

While the Army may not be for everyone, and some of the Basic Course students decide not to continue in the Advanced program, they all unequivocally state that the ROTC Basic Course instruction provided them with excellent life skills, abilities, and confidence.

Advanced Course – for juniors and seniors leading to a commission as a Second Lieutenant. This series of four 2-credit classes involves advanced practical leadership and military skills training, including a five-week summer training camp at Fort Lewis in the State of Washington. Students are paid and all travel, medical needs, lodging, and meals are provided while attending Advanced Camp.

No military obligation is incurred until the beginning of this phase. Once the student satisfactorily completes all ROTC requirements and graduates from the University, he/she receives a commission in the US Army (Active Duty or Reserve status).

Army ROTC Benefits

Four, three, and two-year scholarships are awarded to deserving ROTC students each year. Scholarships provide for total tuition costs (in- or out-of-state rates), up to \$17,000 per year, plus a \$600 book allowance and a tiered stipend which starts at \$2500 annually. All these benefits may be combined with other scholarship benefits. The Military Sciences Department has additional scholarship incentives worth over \$70,000 to award to freshman through senior cadets for academic excellence. Typically, 100% of all UD ROTC students are on some type of scholarship incentive.

Many of the graduating cadets elect to go on Active Duty to put their ROTC leadership training into practice. The annual salary for a new Second Lieutenant exceeds \$35,000.

For those cadets who request and receive Reserve Forces duty, many receive better civilian jobs (increased pay and responsibility) because of the practical leadership training and experience they gained in the ROTC program.

Most UD degree programs accept all 12 military science credits toward graduation. Exceptions are those in the College of Engineering and in the Departments of Medical Technology, Nursing, and Nutrition and Dietetics, each of which accepts 4 credits. ROTC credits can be applied toward a leadership minor.

MUSIC

Telephone: (302) 831-2577 www.music.udel.edu/

The mission of the Department of Music is to provide the best educational opportunities for our music majors' professional development as performers, educators, and scholars. We seek to provide optimal resources for significant musical growth through departmental ensembles, private study, and academic music courses available to the general student and others of the University community. We provide opportunities for cultural enrichment to the University community and its constituencies, as well as leadership and support to music educators and other professional musicians in the region.

The curricula for undergraduate students majoring in music lead to the degrees Bachelor of Music and Bachelor of Art. The programs in the degree Bachelor of Music are directed to those who intend to become professional musicians. They offer opportunities to major in Music Education, Theory/Composition, or Applied Music (band or orchestral instruments, piano, classical guitar, and voice). The degree Bachelor of Arts offers the opportunity for professional study in music within a liberal arts context. The degree Bachelor of Arts with a concentration in music management studies provides additional opportunities preparing students for administrative careers within the not-for-profit and for-profit sectors of the music industry. All programs in music provide effective preparation for graduate study.

A minor in music is available in applied music, church music, musical studies, jazz studies or music management studies.

Entering majors are expected to demonstrate a high level of musical achievement and aptitude. Placement auditions and musicality tests for those students who wish to enter in the fall semester should be completed by June 1 of the preceding spring and must be completed before acceptance is granted. Acceptance to the University does not indicate acceptance as a music major. Students who transfer from accredited colleges are placed in appropriate levels of music theory, literature, and applied music according to the results of tests given at the time of transfer.

Part-time music majors must have the permission of the department chair to enroll for private study.

Credit for large ensembles, as required by various curricula, is given only for participation during the fall and spring semesters. The Department of Music requires the successful completion of a Sophomore Review before continuation as a music major. Detailed information about these and other aspects of curricular policy is published in the Department's *Student Handbook*, available online at www.music.udel.edu/current/.

For the general University undergraduate, the department offers courses in the fundamentals of music, music literature, and class study of voice and organ. All courses in the department are available to any University student who meets course and department prerequisites. Some music courses may be taken as partial fulfillment of breadth requirements in the College of Arts and Sciences. Private study is also available to freshmen in the University Honors Program and to other non-majors, on a space-available basis, through the Music Merit Program. Auditions for these programs are held during the first week of the academic year by arrangement with the department office. A variety of performing organizations are available to all University students: marching band, wind and jazz ensembles, orchestra, choral groups, the early music ensemble, opera workshop, steel band, and various chamber ensembles.

The department is a leader in the development and implementation of instructional technology. It is an accredited institutional member of the National Association of Schools of Music.

DEGREE: BACHELOR OF ARTS MAJOR: MUSIC

CURRICULUM

See page 88 for University and College requirements.

MAJOR REQUIREMENTS

No more than 45 credits of Music courses may count toward the degree.

HONORS BACHELOR OF ARTS: MUSIC

HONORS BACHELOR OF MUSIC: THEORY AND COMPOSITION

The recipient must complete:

- All requirements for the Bachelor of Arts in Music or the Bachelor of Music in Theory and Composition
- All the University's generic requirements for the Honors Degree (see page 45 of this catalog).

MINOR IN MUSIC

A minimum grade of C- is required in each course for music minors

MUSIC MINOR: APPLIED MUSIC-PRINCIPAL INSTRUMENT

This title represents all applied music minors, the actual titles of which include the name of the instrument of study (e.g. Applied Music–Bassoon). A list of applied music minors can be found in the chart on page ix in the front of this catalog, or can be obtained from the Department or the Academic Advisement Center.

The Applied Music minor is for nonmusic majors with some musical background who wish to continue their musical training on a more formal basis or music majors who wish to receive formal training on an additional instrument. Places in the minor program are dependent upon the total load of the applied faculty member involved Admission into the Applied Music minor is determined by audition and musicality testing. The requirements are:

MUSC 175 Class Piano Not required of persons minoring in Applied Music–Piano.	1
MUSC 153, 154, 253, 254 Private Study: BA/Minor Lessons will be 1/2 hour per week and will include a repertory class Ensemble Ensemble and private study must be taken concurrently. (See Ensemble Polic the Department of Music Student Handbook) Music Minors with principal instrument of piano, organ or guitar must refer to the Department for require ensembles.	.4 cy in
MUSC 185 and 195 Ear Training and Sight Singing/Harmony I	5

Music Literature/History	3
(MUSC 101 and 102 do not fulfill this requirement. Any other music history cou	irse
will do_)	

MUSIC MINOR: CHURCH MUSIC

The minor in Church Music is directed to the university student who wishes to learn about fundamental aspects of the field of church music. The minor is open to music majors as well as non-majors with appropriate background in keyboard and musical studies. Admission requires departmental approval, based on audition The program comprises a sequence of courses focusing on historical information, skills, and practical experience relative to the field of church music. Upon completion of the minor, many students will be prepared for positions as church musicians.

MUSC 212 History of Liturgy and Hymns MUSC 291 Practicum in Church Music	
Ensemble (taken concurrently with applied study) MUSC 212 History of Liturgy and Hymns MUSC 291 Practicum in Church Music	3
MUSC 292 Organ Improvisation and Service Playing (Prerequisites: MUSC 185 and 195; and two semesters of organ study, or permission of the instructor)	2
MUSC 400 Internship	-3
TOTAL CREDITS 19-2	1

MUSIC MINOR: JAZZ STUDIES

The Music Minor in Jazz Studies offers a concentrated study of the history, theory, and performance elements of the field of jazz. It is directed towards two groups of students: (1) The non-music major who desires a focused study of jazz and its performance techniques; (2) Music Majors who wish to round out their education in music with a structured study of jazz. For this group, the Minor is an important component in a comprehensive education in Music. The requirements are:

MUSC 181, 182, 281, 282, 283 Private Study: Jazz Styles/Tech	10
MUSC 116 (four semesters), MUSC 321 Ensemble	5
MUSC 197 Jazz Harmony	3
MUSC 207 History of Jazz	.
TOTAL CREDITS	21

MUSIC MINOR: MUSIC MANAGEMENT STUDIES

The minor in music management studies examines the theory and practice of core principles in both the nonprofit and the for-profit sectors of music. The minor is intended for music majors who wish to broaden the scope of their studies and enhance their career options; and non-music majors with a foundation in applied music and/or music theory who wish to develop administrative careers within the music industry.

Students who are not also music majors must successfully complete (with a grade of C- or better) at least 8-11 credits of specified music courses, including a sequence of music theory courses, before declaring the minor or registering for the core courses listed below. A musicality test will be required for placement in music theory classes. The advisor for music management studies must approve the selection of music courses. Students interested in the minor in Music Management Studies are strongly urged to seek advisement from the music department no later than their sophomore year. Curriculum sheets for this minor are available in the music office. More information about requirements for this minor may be found at: www.music.udel.edu/current/non-majors.html All students selecting the minor, both music majors and non-music majors, will complete a core component of 10-12 credits as follows:

	EDITS
	Internship 1-3
MUSC 309	Patterns of Patronage 3
MUSC 389	Elements of Music Management 3
MUSC 388	Principles of Music Industry Practice
	CREDITS

MUSIC MINOR: MUSICAL STUDIES

The Musical Studies minor is for nonmusic majors who wish to increase their knowledge and understanding of the history and theory of music. No audition is required for admission into the Musical Studies minor. The requirements are:

MUSC 185 MUSC 195 MUSC 211 MUSC 311 or	Ear Training and Sight Singing I Harmony I Introduction to Music History Music History: 400 - 1600

TOTAL CRI	DITS	8-19

NEUROSCIENCE

E-mail: northmor@udel.edu

This interdepartmental major between Biological Sciences and Psychology is designed for students with an interest in the interdisciplinary field of neuroscience. The major prepares students for graduate programs in neuroscience, neuropsychology, physiology, and pharmacology, and for positions in pharmaceutical and biotechnology companies. It also provides preparation for professional programs in medicine, physical therapy, and related areas.

In this interdepartmental major students first learn the fundamentals of biology and psychology and then concentrate on courses that examine the structure and function of the nervous system and its relationship to behavior. Detailed instructions regarding an interdepartmental major are available from the Departments or the University Advisement Center.

PHILOSOPHY

Telephone: (302) 831-2359 www.udel.edu/Philosophy/default.html

Philosophy provides training in basic methods of reasoning, both clear thinking procedures for everyday decision making and more formal techniques of logical analysis. It examines fundamental issues and ideas about our knowledge and values. It furnishes a critical perspective on the methods and results of other disciplines.

A major, a minor, or a concentration in philosophy is a useful background for many careers including the teaching of philosophy. Majors often go on to graduate work in other Arts and Sciences disciplines, as well as to further schooling in law, theology, education, data processing, or business. In general, philosophy offers all students opportunities to develop their critical and analytical skills. The American Philosophical Association's national headquarters is on the Delaware campus www.apa.udel.edu/apa/.

DEGREE: BACHELOR OF ARTS MAJOR: PHILOSOPHY

CURRICULUM

CREDITS

See page 88 for University and College requirements.

MAJOR REQUIREMENTS

Both of the fo PHIL 301 PHIL 303	llowing History of Philosophy courses
One of the fo PHIL 105 PHIL 205	llowing Logic courses 3 Critical Thinking Logic
One of the fo PHIL 201 PHIL 203	llowing Ethics courses
One of the fo PHIL 305 PHIL 306 PHIL 320	llowing Epistemology courses
PHIL 305 PHIL 315 PHIL 330	llowing Metaphysics courses 3 Twentieth Century Philosophy Metaphysics Philosophy of Mind
One three-cre One three-cre	Senior Seminar

Note that PHIL 305 can be used to satisfy either the requirement in Epistemology or the requirement in Metaphysics, but not both. A student who takes PHIL 305 must take at least one additional course from one of those two categories.

ELECTIVES

After required courses are completed, sufficient elective credits must be taken to meet the minimum credit requirement for the degree.

HONORS BACHELOR OF ARTS: PHILOSOPHY

The recipient must complete:

- 1. All requirements for the Bachelor of Arts in Philosophy
- 2. All the University's generic requirements for the Honors Degree (see page 45 of this catalog)
 - a At least six of the twelve Honors credits required in the major must be at the 300-level or higher
 - b At least three of these Honors credits must be in either PHIL 301 or PHIL 303.

MINOR IN PHILOSOPHY

A minor in philosophy requires a minimum of 15 credits, consisting of PHIL 105 or 205; PHIL 301 or PHIL 303; an additional 300-level PHIL course; and two PHIL electives.

PHYSICS AND ASTRONOMY

Telephone: (302) 831-2661 www.physics.udel.edu/

The Department of Physics and Astronomy offers an undergraduate major program leading to the B.S. in physics, with the option of a concentration in astronomy/astrophysics, chemical physics, or materials physics. A concentration in Geophysics is offered as an option within the B.S. degree in Geology (see the Geology section of this chapter). There are also majors leading to the B.A. in physics and to the B.A. in Physics Education, as well as a minor in physics.

The department maintains a balanced program of instruction for students who wish to acquire some understanding of physics as part of their cultural background, as well as for those who require training in physics in preparation for engineering or scientific careers. Intermediate and advanced courses are offered for students who plan teaching or research careers in physics or related disciplines.

The research activity of the staff of the Physics and Astronomy Department and of the staff of the Bartol Research Institute, which is affiliated with the University of Delaware and housed in Sharp Laboratory, is diverse and substantial. Undergraduate participation in research is encouraged

DEGREE: BACHELOR OF ARTS MAJOR: PHYSICS

CURRICULUM

CREDITS

See page 88 for University and College requirements. Note: MATH 241 Analytical Geometry and Calculus A satisfies the Mathematics Skills College requirement and is strongly recommended as the first math course for physics majors, unless the placement exam suggests differently

MAJOR REQUIREMENTS

Ordinarily, no more than four credits from among PHYS 201 and 207 may be counted toward graduation requirements; similarly no more than four from among PHYS 202, 208 Students interested in majoring in Physics who have taken an introductory sequence other than PHYS 207/8 should consult with a member of the Physics faculty to consider the need for additional introductory courses, for which some additional credit toward graduation may be given with permission of the Physics chair.

PHYS 207/208 Fundamentals of Physics I and II (strongly recommended) 8

PHYS 201/202 Introductory Physics I and It

Twenty-two credits in Physics, of which fifteen must be at the 300-level or higher
One of the following
or MATH 221/222 Calculus I and II

ELECTIVES

After required courses are completed, sufficient elective credits must be taken to meet the minimum credit requirement for the degree

EDUC 430 Classroom Management
SCEN 491 Teaching Science in Secondary Schools
A grade of C- or better is required in all required PHYS, MATH, CHEM, EDUC,
and SCEN courses.

To be eligible to student teach, Physics Education students must have a GPA of 2.75 in their physics major and an overall GPA of 2.5. They must also pass a teacher competency test as established by the University Council on Teacher Education. Students should consult the teacher education program coordinator (see list on p. 205) to obtain the student teaching application and other information concerning student teaching policies.

CREDITS TO TOTAL A MINIMUM OF 124

HONORS BACHELOR OF SCIENCE: PHYSICS (All Concentrations)

The recipient must complete:

- 1. All requirements for the Bachelor of Science Degree in Physics
- 2. All of the University's generic requirements for the Honors' Baccalaureate Degree.
- 3. At least 8 of the 12 Honors credits required in the major must be in Honors PHYS courses. The remaining Honors credits in the major may come from related courses required for the major.

Note: Courses at the 600-level or higher in physics in excess of the 600-level courses required for the BS degree may be considered as Honors courses.

HONORS BACHELOR OF ARTS: PHYSICS

The recipient must complete:

- 1. All requirements for the Bachelor of Arts Degree in Physics
- All of the University's generic requirements for the Honors Baccalaureate Degree
- At least 7 of the 12 Honors credits required in the major must be in Honors PHYS courses. The remaining Honors credits in the major may come from related courses required for the major.

Note: Courses at the 600-level or higher in physics may be considered as Honors courses

HONORS BACHELOR OF ARTS: PHYSICS EDUCATION

The recipient must complete:

- 1. All requirements for the Bachelor of Arts Degree in Physics Education
- All of the University's generic requirements for the Honors Baccalaureate Degree
- At least 7 of the 12 Honors credits required in the major must be in Honors PHYS courses. The remaining Honors credits in the major may come from related courses required for the major.

Note: Courses at the $60\dot{0}$ level or higher in physics may be considered as Honors courses

MINOR IN PHYSICS

Students in other majors can declare a physics minor, consisting of PHYS 207-208 plus 9 credits from PHYS courses at or above the 300-level. Students considering minoring in physics should consult the physics associate chair for advice or prerequisites for these courses and for assignment to an advisor.

POLITICAL SCIENCE, INTERNATIONAL RELATIONS, AND PUBLIC ADMINISTRATION

Telephone: (302) 831-2355 www.udel.edu/poscir/

The Department of Political Science and International Relations administers undergraduate programs in political science and an interdisciplinary major in international relations.

POLITICAL SCIENCE

Students may earn a Bachelor of Arts through major programs in Political Science and in Political Science Education, and through a joint program with the Department of Foreign Languages and Literatures in French, German, or Spanish/Political Science. Honors degree options are available for all degrees. A minor in political science is also available.

Political science majors acquire a broad introduction to the study of government and politics within a liberal arts tradition. All majors are required to complete a set of core courses that provide an introduction to political science, American government, global politics or political theory, research methods and a capstone experience. Beyond the core courses, majors may choose to specialize in one of five concentrations, or to major in political science without a concentration. In both cases, students are required to take their remaining credits at the upper level (300- and 400-level). Course work for both major options with or without a concentration helps students develop analytical and written and oral communication skills and prepares them for a wide array of careers (including law) and active citizenship. Political science majors are strongly encouraged to take advantage of many experiential learning opportunities including internships, independent research under faculty supervision, study abroad, or service learning. Detailed explanations of major requirements and experiential learning opportunities are available in the department office.

UD students who wish to change their major to political science must have completed POSC 150 with a grade of C- or better and completed at least 12 additional hours of University courses. Students must have a minimum of a 2.3 cumulative grade point average to change their major to political science. Students transferring into the major from outside the University of Delaware will have their transcripts evaluated on a case- by-case basis.

The department maintains an advisory program for pre-law students and for students interested in government service.

DEGREE: BACHELOR OF ARTS MAJOR: POLITICAL SCIENCE

CURRICULUM		

See page 88 for University and College requirements

MAJOR REQUIREMENTS

Core Course	es for the Major:	
POSC 150	American Political System	3
POSC 151	Exploring American Politics Introduction to International Relations	l
POSC 240	Introduction to International Relations	3
POSC 300	Data Analysis for Political Science	3
POSC 220	lowing courses: Introduction to Public Policy Comparative Politics	3
POSC 285	Currents in Political Theory	

Students must choose one of the following options:

Class, Ethnicity and Politics

Race and Politics

Option One: Major Without Concentration

Eighteen credits distributed as follows: 18 - nine credits from POSC courses at the 400-level - nine credits from POSC courses at the 300- or 400-level Within these eighteen credits, the courses must represent four of the five fields listed below: (Detailed list of courses available from department office.) a. American Government and Politics b. Comparative Government and Politics c. International Relations d. Public Administration and Public Policy e. Political Theory
Option Two: Major With Concentration Students may choose from among five concentrations: (1) American Politics, (2) Global Studies, (3) Politics and Journalism, (4) Public Law, (5) Public Policy and Public Administration.
American Politics Concentration The following course is required for the concentration and will fulfill one of the core courses required of all majors: POSC 220 Introduction to Public Policy 3
One of the following 3 POSC 301 State and Local Government POSC 303 Public Administration POSC 313 American Foreign Policy Five courses from the following two fields, with at least two courses taken in each field and at least two courses taken at the 400-level 15
Mass Behavior POSC 320 Parties and Interest Groups

POSC 441	Problems of Western European Politics by Country	
or		
POSC 442	Problems of Western European Politics	

3 additional courses at the 300 or 400-level with at least 2 at the 400-level and at least 2 in the area of International Relations

One of the following language options:

French
FREN 2xx, 3xx, 4xx (prior to semester abroad;
FREN 255 recommended) 6
FREN 3xx, 4xx 12
FREN 4xx (literature) (Newark campus only)
German
GRMN 2xx, 3xx, 4xx (prior to semester abroad;
GRMN 255 recommended) 6
GRMN 3xx 4xx 12
GRMN 4xx (literature) (Newark campus only) 3
Spanish
SPAN 2xx, 3xx, 4xx (prior to semester abroad;
ŚPAN 255 recommended) 6
SPAN 3xx, 4xx
SPAN 4xx (literature) (Newark campus only)

The following courses taken abroad count toward the French, German, or Spanish/Political Science major: **Political Science**

POSC 441
French
FREN 306 or FREN 406
FREN 308
FREN 355 or FREN 455
HIST 339
German
GRMN 306 or GRMN 406
GRMN 308
GRMN 355 or GRMN 455
HIST 339
Spanish
SPAN 306 or SPAN 406
SPAN 308
SPAN 355 or SPAN 455
HIST 339

ELECTIVES

After required courses are completed, sufficient elective credits must be taken to meet the minimum credit requirement for the degree.

Admission and Financial Aid. The departments of Political Science and International Relations and Foreign Languages and Literatures will jointly make decisions regarding admission of students to the program and recommendations for financial aid

HONORS BACHELOR OF ARTS: FRENCH, GERMAN, OR SPANISH/POLITICAL SCIENCE

Students wishing to complete an Honors B.A. in French, German, or Spanish/Political Science must:

- Complete all requirements of the B.A. in French, German, or Spanish /Political Science
- 2. Complete all the University's generic requirements for the Honors Degree (see page 45 of this catalog)
- The Honors credits in the major shall come from both participating departments, and shall include at least two courses at the 300-level or above
- 3. Achieve a cumulative grade point average for all courses in the major of at least 3.400.

MINOR IN POLITICAL SCIENCE

The required 15 credits for a minor in Political Science are as follows:	
POSC 150 American Political System	
One additional POSC course at the 200-level or higher	
One additional POSC course at the 300- or 400-level	
Two additional POSC courses at the 400-level	

The three additional POSC courses at the 300- and 400-level should be taken in two of the five fields below:

- a. American Government and Politics
- b Comparative Government and Politics
- International Relations
- Public Administration and Public Policy Ч
- Political Theory

INTERNATIONAL RELATIONS

International Relations (IR) is an interdisciplinary major in the College of Arts and Sciences with core (25 credits), concentration (18 credits), and regional specialization (9 credits) requirements. Students must choose one of four concentrations and one of six regional specializations, as detailed in the curriculum below. An honors degree option is available.

Area Studies Programs: Students whose regional specialization is Africa, East Asia, or Latin America should give serious consideration to adding one of the university's Area Studies programs: African Studies, East Asian Studies, and Latin American Studies. Course work in these area studies programs will allow students to develop much richer and deeper knowledge of these regions. Moreover, most of the courses approved for the Regional Specialization within the International Relations major are also approved as fulfilling the Area Studies requirements thereby facilitating a minor or double major with an area studies program.

Study Abroad, Internships, and Undergraduate Research: International Relations majors are strongly encouraged to consider a study abroad experience as a part of their program. Students participating in study abroad programs not only enrich their education through exposure to foreign cultures, but often have the opportunity to take courses, internships, and undertake other educational experiences abroad not otherwise offered in University of Delaware course lists. In many instances, these courses may count towards IR Concentration and Regional Specialization requirements. Similarly, internships and undergraduate research experiences offered from the Newark campus may be applied to IR Concentration and Regional Specialization requirements. Students should check with the IR Program Director when enrolling in study abroad courses and

ARTS AND SCIENCES

programs, internships, and undergraduate research programs to determine if the specific course, program, or educational experience meets a particular IR major requirement, or, if some major requirement might be waived by means of study abroad, internships, or undergraduate research programs.

Transfer Students: Students changing their major to international relations must have completed POSC 240 with a grade of C- or better and completed at least 12 additional hours of university courses. Students must have a minimum of a 2.3 average to change their major to international relations. Students transferring to the major from outside the University of Delaware will have their transcripts evaluated by the director on a case-by-case basis.

DEGREE: BACHELOR OF ARTS MAJOR: INTERNATIONAL RELATIONS

HONORS BACHELOR OF ARTS: INTERNATIONAL RELATIONS

A candidate for the Honors Bachelor of Arts in International Relations must:

- 1. Fulfill all requirements for the B.A. in International Relations.
- Fulfill all the University's generic requirements for the Honors Degree (see page 45 of this catalog)

The Honors credits in the major shall come from at least three different departments represented in the International Relations curriculum.

PSYCHOLOGY

9

Telephone: (302) 831-2271 www.psych.udel.edu/

The department of Psychology offers a B.A. degree with a major in psychology, a B.A. degree with a major in Psychology Education, a minor in Psychology, and an interdepartmental major between psychology and biology with an emphasis on neuroscience.

Psychology is a biological, behavioral, social, and applied science, whose theories are integral to an understanding of ourselves and our place in the world. Students first learn the fundamentals of biology and psychology and then concentrate on courses that examine the relations of the nervous system and of cognitive and social processes to behavior. Detailed instructions regarding an interdepartmental major are available from the Department or the University Advisement Center and Dean's Office.

The courses offered by the Department of Psychology provide students with an understanding of the principles of behavior, of the scientific methods used to derive and add to those principles, and of appropriate ways in which to apply such knowledge. Experimental psychology seeks to isolate in the laboratory the basic processes involved in neural systems, learning, perception, social behavior, personality development, thinking, etc. Applied psychology focuses on methods used to approach problems in settings such as industry, government, and the general community, as well as in the field of mental health. The many aspects of theoretical, experimental and applied psychology are represented in the introductory and 300-level courses, and more advanced courses enable students to pursue special interests in greater depth. Many courses offer experience in laboratory or field research. Laboratory experiences include the study of cognitive, learning, perceptual, physiological, developmental and social processes, and the investigation of clinically interesting phenomena. Facilities are also available, both on campus and at nearby institutions, for computer modeling of psychological processes and for data analysis

A grade of C- or better is required in all required PSYC, EDUC, HIST, and major related courses.

To be eligible to student teach, Psychology Education students must have a GPA of 3 0 in their major and an overall GPA of 2.75. Students must also pass a teacher competency test as established by the University Council on Teacher Education Students should consult the teacher education program coordinator (see list on p. 205) to obtain the student teaching application and other information concerning student teaching policies

ELECTIVES

CREDITS

After required courses are completed, sufficient elective credits must be taken to meet the minimum credit requirement for the degree.

CREDITS TO TOTAL A MINIMUM OF124

HONORS BACHELOR OF ARTS: PSYCHOLOGY OR PSYCHOLOGY EDUCATION

The recipient must complete:

- All requirements for the Bachelor of Arts in Psychology or in Psychology Education
 All the University's generic requirements for the Honors Degree (see page)
- 2 All the University's generic requirements for the Honors Degree (see page 45 of this catalog).

MINOR IN PSYCHOLOGY

A minor in psychology requires 18 credits including PSYC 100; PSYC 207; PSYC 209; one course chosen from PSYC 310, 312, 314, 316, 320, 340, or 344; one course chosen from PSYC 350, 370, 380, 386, or 390; and any three credits in psychology (with the following restrictions except 301, 303, 325, and 334).

Religious Studies

Telephone: (302) 831-8077 E-mail: AFOX@udel.edu www.udel.edu/Philosophy/RelStud/

The Religious Studies undergraduate minor is described as "interdisciplinary" because it involves work in three or more different departments. The general requirements include 15 credits from a list of approved courses. These must include PHIL 204 (World Religions) and at least two courses at the 300-level or higher in any of the three departments listed. For enrollment forms, course substitutions or exemptions, or a list of the approved courses, contact Professor Alan Fox, Department of Philosophy.

CREDITS

SOCIOLOGY AND CRIMINAL JUSTICE

Telephone: (302) 831-2581 www.udel.edu/soc/

The Department of Sociology and Criminal Justice administers separate undergraduate programs in Sociology and in Criminal Justice.

SOCIOLOGY

The sociology major is designed to provide students with a broad understanding of the dynamics of society and social relations. The curriculum include core courses in social theory and research methods and emphasizes flexibility by allowing students to design a program that fits their particular needs and objectives. There are also concentrations in Emergency & Environmental Management, Health Services, Law and Society, and Social Welfare. Students changing to the Sociology major from other programs at UD must have a GPA of 2.0 or better.

Field Experience: One important feature of the sociology major program is a field experience in the emergency & environmental management, health services, law and society, and social welfare concentrations. Each field experience involves placement of students in various organizations and departments related to their area of interest, including city offices and agencies, hospitals and other health care organizations, human services and welfare agencies, and law offices and research bureaus. These field placement programs are offered during the winter session and involve four hours of pass/fail course credit. This credit is considered part of the student's related studies requirement.

Over a five-week period students are placed in the field between 120 and 180 hours, depending upon the nature of the work and the need of the student. In addition, students in each field placement meet in a weekly seminar (for five weeks) to discuss and analyze their experiences

Advantages of the Field Experience Program

- Provides preprofessional training within selected areas of the student's choice.
- Offers future job-related experience with academic supervision and for academic credit.
- Includes certification of these concentrations by the department, which may be beneficial in obtaining employment.
- Offers increased flexibility for the student by allowing choices among various focused, directed concentrations.

DEGREE: BACHELOR OF ARTS **MAJOR:** SOCIOLOGY

CURRICULUM

See page 88 for University and College requirements

MAJOR REQUIREMENTS

SOCI 201	Introduction to Sociology	
SOCI 301	Introduction of Sociological Research	
SOCI 312	Theories of Society	

Seven Sociology courses with no more than 9 credits at the 200-level $% \mathcal{S}_{\mathrm{red}}$. 21 At least 6 credits must be at the 400-level or higher, but cannot be fulfilled with 400-level directed study courses (466) or internship courses (464, 410, 412, 441, 442)

Five courses in related subjects 15 chosen in consultation with the advisor, normally from among the following departments: Economics, Black American Studies, Criminal Justice, Geography, History, Philosophy, Political Science and International Relations, Psychology, and Statistics

ELECTIVES

After required courses are completed, sufficient elective credits must be taken to meet the minimum credit requirement for the degree

A grade of C- or better is required in all required SOCI, EDUC, HIST and major related courses

To be eligible to student teach, Sociology Education students must have a GPA of 3.0 in their major and an overall GPA of 2.75. Students must pass a teacher competency test as established by the University Council on Teacher Education. Students should consult the teacher education program coordinator (see list on p. 205) to obtain the student teaching application and other information concerning student teaching policies

CREDITS TO TOTAL A MINIMUM OF 124

HONORS BACHELOR OF ARTS: SOCIOLOGY (All Concentrations)

- Students wishing to receive an Honors B.A. in Sociology must complete: 1. All requirements for the Bachelor of Arts degree with a major in Sociology, and where appropriate, concentration requirements (see www.udel.edu/soc/concentr.htm)
- All of the University's generic requirements for the Honors Baccalaureate 2 dearee
- 3 Twelve credits of honors courses in Sociology. At least six credits must be at the 300 level or higher

MINOR IN SOCIOLOGY

The minor in sociology requires SOCI 201 plus 15 credits in sociology, with at least 9 credits at or above the 300-level. SOCI 301 or 312 is required or an equivalent course in another social science discipline, such as PSYC 309, 405, ECON 422, 426, MATH 205, POSC 302, 434 or 435

CRIMINAL JUSTICE

The Criminal Justice major program is structured around a core of criminal justice courses on such topics as law enforcement, the judicial process, juvenile justice, corrections, and the criminal law. The Criminal Justice curriculum includes courses in sociology, political science, psychology, and at least one foreign language.

Students may become criminal justice majors in one of two ways. First, any incoming freshman or transfer student may choose criminal justice as a major. These students are expected to demonstrate both the ability and the commitment to perform well in all of their course work. Those who do not should meet with their advisor to discuss ways to improve their study skills and/or the possibility of selecting another major. Second, matriculated students who have already declared another major or who presently are undeclared may transfer into the Criminal Justice Program after they have completed a minimum of 30 credit hours and if their overall cumulative average at the University of Delaware is at least 2.3

Double Major. With the permission of the dean of the college and the department chair a student may combine their academic and professional interests in complementary fields by fulfilling requirements for two majors such as criminal justice and English (for a career in journalism), criminal justice and chemistry (for a career in forensic science), criminal justice and political science (for a career in court administration), criminal justice and psychology (for a career in corrections), or criminal justice and sociology (for a career in social work or related fields).

Residency Requirement. At least 15 credits of courses applicable to the Criminal Justice major (courses with a CRJU prefix) must be taken at the University of Delaware.

DEGREE: BACHELOR OF ARTS MAJOR: **CRIMINAL JUSTICE**

- 2. All of the University's generic requirements for the Honors Baccalaureate degree.
- Twelve credits of honors courses in Criminal Justice. At least six credits must be at the 300 level or higher.

THEATRE

CREDITS

Telephone: (302) 831-2201 www.udel.edu/theatre/

The B.A. in Theatre Production is designed for those students who are interested in learning about the production areas of the theatre, i.e., scenery, lighting, properties, sound, stage management, and costumes, and who desire the opportunity to explore these production areas through the prescribed course work and laboratory experiences of a major while pursuing a liberal arts education. Students' practical experiences in the production areas described above will include participating in the behind-the-scenes aspects of the production of plays of the Professional Theatre Training Program (PTTP, the department's graduate-level conservatory).

The Theatre Department also offers a theatre minor designed to deepen the student's appreciation of the theatre as an art form within the context of a liberal arts education. Theatre coursework provides students with a beginning foundation for theatre appreciation, focusing on the art and craft of theatre making.

The Theatre Department also provides the University with a variety of general education courses in theatre designed to expand appreciation of, and future participation in, theatre. Students interested in performance opportunities should contact one of the amateur theatre groups on campus: E-52, Harrington Theatre Arts, or Khulumani Theatre Troupe.

WOMEN'S STUDIES

Telephone: (302) 831-8474 www.udel.edu/WomensStudies

Women's Studies is designed to foster knowledge of the rich heritage, challenges, and concerns of women. The program offers a B.A. degree in Women's Studies, with an Honors Degree option and a minor in Women's Studies. In addition to being a unique field of study with its own philosophies, methodologies, and materials, both the major and the minor in Women's Studies provide vehicles for reexamining the traditional scholarly disciplines in order to identify and correct misinformation and unexamined assumptions about "women's place" in human history. In the process, Women's Studies challenges disciplines, and requires an understanding of the interplay among gender, culture, race, sexual orientation and class in human experience.

This program offers introductory core courses, upper-division courses, seminars, and colloquia. An internship is also available that provides students an opportunity to integrate what they have learned in the classroom with the practical competencies that can only be gained from actual experience. Both the courses and the internship introduce and analyze areas of scholarship and knowledge that have largely been excluded from conventional disciplines.

Women's Studies majors may choose to complete a concentration in Women in Global Perspective. This concentration offers specialization in an area of inquiry that will better equip students to enter a work world where global awareness is increasingly valued.

Interdepartmental majors and double majors are also options. No minimum grade point average is required to begin, but students must not be on probation at the time.

DEGREE: BACHELOR OF ARTS MAJOR: WOMEN'S STUDIES
