Newark's Esther Olney - Miss Delaware Prepares For Miss America Competition

During the summer, Miss Delaware has attended the Wilmington School of Charm and Modeling, Theater Arts Studio, for speech, and has improved her poise through innumerable personal appearances, including a two-week promotion trip to New York for the state which included two national television appearances.

Esther has been preparing her talent selection with the aid of Francis X. Spence, teacher; Don Chastaway, pianist; and Chuck Laskin, band leader. Her official hairstylist both here and in Atlantic City is Anthony, of Anthony's, Inc., Wilmington. Many of the state's leading merchants have contributed a wide variety of items for her wardrobe.

Life as Miss Delaware has been hectic, to say the least, but through it all, Esther has been cool, calm and collected—showing remarkable maturity for her 18 years.

The state's tallest Miss America entry (she stands 5 feet, 8 inches), the raven-haired beauty is a 1959 graduate of Newark High School.

Two Newark Boys, Director Of NRA Back From Canada

Black Bear, Fish, Menu Feature 150-Mile Canoe Trip In Canadian Wilds

A big, burly, black bear that came into camp; a 36-in. Great Northern Pike that was returned to the water despite the generally poor fishing; and a final, Finnish steam bath were highlights for two Newark boys—Martin Clancy and Walter Lowthian—along with Stanley Francis, director of the Newark Recreation Association—who were among the 30 Explorers and leaders of the Del-Mar-Va Boy Scout Council participating in a 17-day trip to Canada earlier this summer.

The adventure included a nine-day, 150-mile canoe trip into the northern bush country through the Quebec Provincial Forest.

Young Martin Clancy caught the big pike—at the one time when the fish supply was adequate, when the voyageurs accounted for 14 big walleyes on Connetquot Lake one evening, topped by a 25-inch. And no one dared to choke with the "Y" bones of a northern walleye fillet were on the menu.

"We fished every day, through 150 miles of lake water," Stan Francis reports, "and the fishing was terrible except at Lake Connetquot."

Newark Collection Of Garbage, Trash Initiated Monday

City Employees Collect Refuse As Contract Ends With Commercial Firm

Collection of garbage in Newark by municipal employees began Monday, after expiration of the contract with private trucker Jesse Gorman.

The main difference for most householders is that they must wrap their garbage and place it in a container beside the curb.

The same city crews that have always collected trash are now collecting both garbage and trash at the same time.

Trash was formerly collected once a week by city men, while garbage was collected twice a week in winter and three times a week in summer by Gorman's men.

Now, both types of refuse will be picked up twice a week, all year-round.

Collections will be made Monday and Thursday in the area south of Main Street and southeast of Elktion Road.

They will be made Tuesday and Friday north of Main Street and northwest of Elktion Road.

The rented packer trucks are carrying garbage and trash to the dump near Stanton instead of to the proposed sanitary landfill site.

Equipment will have to be rented to compress and cover the refuse before the landfill can be put into operation, and no equipment rental arrangements have been made.

City Council decided sometime ago to start the landfill with rented equipment so that if it was not successful it could be given up without too great a loss in capital investment.

Last Friday, council passed a zoning amendment to clear the way for use of the landfill site, or any other city-owned property, for "municipal purposes."

Husfelt To Manage Blue Hen Laundry For New Owners

The Blue Hen Laundry in Newark was purchased last Thursday by a group of local businessmen from Ernest and Rennett George, cousins who founded the firm after their return from military service in the Marines and Navy in World War II.

Arthur G. Husfelt, a native of Newark, is the new manager of the firm, with plant, office, and drive-in service window at 27 North Street, and a branch office outlet at 39 East Main.

Complete laundry and dry cleaning service will be offered, with a fleet of pick-up and delivery trucks operating in the Newark area, and four-hour drive-in service is offered at the North Street plant.

The new manager, the son of Mr. and Mrs. George Husfelt, was born on Iron Hill; attended Newark High School, and served as a sergeant in the U. S. Army from 1943 to 1946. He resides with his wife and five children near Stanton.

Active as a baseball player and official in Delaware for a number of years, Arthur Husfelt was most recently employed as a bread route salesman in the Newark area.

Rittenhouse Park To Close Tuesday After Labor Day

Rittenhouse Park will close its seventh season on Tuesday, Sept. 8, the day after Labor Day.

Director Stanley Francis reports that the park has had a "most successful season."

Lifeguards will be on duty from noon until 6:30 p.m. at the swimming area during the week and on Labor Day. The swimming area in the Christiana Creek, which flows through the entire length of the 45-acre park, is maintained by the Newark Recreation Association, adjacent to and behind the Silverbrook development.

Several improvements were accomplished at the park during the season. Through the cooperation of St. Michael's Council, Knights of Columbus, the entrance was graded and seeded, and rustic guard rails erected. The parking lot area has been doubled to accommodate additional traffic, and paths and roadways repaired. The pontoon bridge, destroyed by vandalism in 1958, was rebuilt prior to the park opening in May.

Full-term registrations for part-time graduate and undergraduate students taking courses through the University of Delaware extension division, will be held during the third week in September, Director Gordon C. Godbey reports.

Late registrations will be accepted on payment of a late fee, until Oct. 3, at Room 116, Hullen Hall, on the Newark campus.

Extension classes will begin Monday, Sept. 21, at 7:15 p.m.

11-Year-Old Class B Racer Wins Crown As Grand Champion Of Pushmobile Derby

Entering his first derby competition in the Class B event, 11-year-old David R. Beattie flashed first across the finish line in race after race last Saturday to become the first Class B entry to win the derby in its 13-year history.

Spectators arrived and left in a steady flow but the crowd strung out along the track at Milford Crossroads numbered above 2,000 most of the day as 136 contestants raced for the checkered flag.

David, son of Mr. and Mrs. Francis Beattie of Delaware Heights, won the Charles F. McCool Memorial Award race dedicated to the memory of the late Captain McCool who was head of personnel, plans, and training for the Wilmington Bureau of Police; the William Murray Trophy for the fastest time (32.885 sec.) of the Class B event, and won first place in the Class B event.

In the last race for the derby title, he defeated David Missimer for the championship.

Missimer, 13, of Wilmington, won the Class A event and the Governor Boggs Cup for the fastest time. He was clocked at 21.085 mph in an early race.

Jeannette Chudnosky, 15, of 2107 North Thatcher Street, broke the Powder Puff Derby record twice to take first place. Her record time was 33.15, for which she received the Mayor Eugene Lamot Trophy.

For winning first place, David Beattie received a television set, a watch, and DAP trophy.

Second place David Missimer won a television set, \$500 bond, bike, watch, and DAP trophy.

John Lambert, 11, who finished second in the Class B event, won a bike, radio, watch, \$100 bond and a DAP trophy for taking third place in the derby.

David Molonari, 14, who captured second place in the Class A event and fourth place in the derby received a bike, radio clock, \$50 bond and a DAP trophy.

Winners of the Powder Puff Derby received bonds. Genevieve Conway, 12, of Old Capitol Trail, was second.

Every participant received a prize or award. With each succeeding elimination race the value of the prizes increased. Sporting equipment, pens and pencils, watches and electrical appliances were among the most numerous prizes.

Governor Boggs congratulated the contestants, sponsors and the DAP for a fine showing and expressed the pride of the entire state in this important event.

No serious accident marred the enthusiasm of the crowd, although a few wobbly runs threw a scare into viewers.

Guest From Finland

Ritva Sikaala, a guest from Finland, is shown smiling.

For the coming school year, Newark High School will have Ritva Sikaala from Hameenlinna, Finland as its American Field Service representative.

Ritva is a guest in the home of Mr. and Mrs. Alan Duff, and her "sisters" are Susan and Diana Duff. She hopes to make the theatre her career, following in the footsteps of one of her sisters, Kaija, who is an actress.

Ritva, 17-years-old, will be a senior at Newark High, but upon her return to Finland will have two more years of school.

The Finnish education system requires attendance for 13 years, at the end of which a student has the equivalent of two years of junior college by United States standards.

Miss Sikaala arrived in New York aboard the S. S. Waterman, a Dutch liner, along with 750 American Field Service students.

She has studied four years of English, seven years of Swedish, six years of German; and one year of French.

After Jan. 1, 1960 Ritva will welcome invitations to visit local service clubs.

Foster Warns Motorists Of Labor Day Holidays

"Hold the line on accidents during the frantic traffic of the Labor Day weekend by using extreme caution," Clifford T. Foster, Jr., president of the Delaware Safety Council, urged motorists yesterday.

Foster noted that the annual hustle and bustle of the Labor Day weekend will be a period of about 78 hours of extraordinary dangers on Delaware highways.

"A great many people will be on the roads, many feeling they have to rush to have fun on the final long weekend of summer. Their rushing to have fun can easily spoil all the fun for themselves and many others," Foster said.

Delaware Turkey Growers To Tour New York State

This year, Delaware turkey producers are planning a tour to New York State, according to Ralph Barwick, extension poultryman with the University of Delaware.

The three-day tour is a family type trip with wives and children. The tour will be led by Barwick, who has been on a leave of absence for graduate work at Boston University, returned to his pulpit last Sunday. Church school will resume its fall and winter schedule on Sept. 13 at 9:45 a.m. The life of Paul will be shown by a series of films.

Another new suburban area was opened to the public last Sunday along Newport Gap Pike beyond Hercules Road. Winterbury will feature brick and frame homes built by Longwood Construction Company. There will be about 40 custom homes erected here.

Mr. and Mrs. Richard La Fountain have been visiting relatives in Vermont.

Joyce Wilgus of Georgetown, spent the weekend with Sallie Evans at The Mermaid. The girls are roommates at the University of Delaware and will be members of the sophomore class this fall.

The installation of the Rev. Kenneth Read as pastor of Limestone will take place on Sept. 13 at 7:30 p.m. in Harmony Grange Hall on Limestone Road.

Services will be conducted by the Rev. Donald Douds, pastor of Hanover Presbyterian Church, and former moderator of the New Castle Presbytery. The Rev. Robert Russell, pastor to Presbyterian students at Yale University, will preach the sermon.

The Rev. George Teaz Jamieson, pastor at Red Clay Church, will give the charge to the congregation and the Rev. Luther Bicknell, Sr., of Wilmington, a retired Presbyterian minister, will give the charge to the pastor.

All ministers taking part, participated in Mr. Read's ordination as pastor here.

The Women's Association will hold its first fall meeting next Wed-

nesday at 8 p.m. in the Red Clay Creek Presbyterian Church.

Members of the Centerville Home Demonstration Club will be the guests of the Three-in-One Home-makers next Thursday for a luncheon meeting in the social hall of Ebenezer Methodist Church. Mrs. A. Carl Nelson, Mrs. Joseph M. Brown, Mrs. B. H. McCormick, Mrs. Edward Worrall, and Mrs. Pusey Pemberton are the committee, and Mrs. W. Floyd Jackson and Mrs. John Lynch will have the program.

Mrs. Schultheiss' Father Dies In Hoboken, N. J.

Howard B. Baker, 75, Hoboken, N. J., father of Mrs. Charles H. Schultheiss, of Newark, died Friday at the St. Mary's Hospital, Hoboken, after a long illness.

He had retired from service with the Lackawanna Railroad seven years ago. Other survivors include a son, Arthur W., of Dumont, N. J., and five grandchildren.

Private funeral services were held from the Warwick Funeral Home, 121 West Park Place, Newark, with interment in Ebenezer Cemetery.

First grade bacon is down a penny; second grade bacon is also a penny cheaper, averaging 55 cents a pound. During weekend specials, both grades are cheaper.

Weekend special sales feature pork along with lamb, beef and chicken. No price changes show up on veal.

Eggs are again a real bargain. Grade A medium size eggs are as low as 45 cents a dozen and average 15 cents cheaper than Grade A large eggs. This big supply of medium sizes is expected to last well into the fall season. Medium size eggs weigh on the average only one-eighth less than "large" eggs.

The fresh vegetable picture remains about the same. Tomatoes are beginning to decrease in supply since the season is about over. Sweet potatoes are arriving from near-by areas and prices are ranging from 12 to 23 cents a pound, depending on size and quality.

The "winter vegetables", cauliflower, broccoli, cabbage and onions are just beginning to show up in better supply.

The peach season is fast coming to a close, however, there are plenty of peaches available at reasonable prices on local markets. If you are planning to can, preserve or freeze peaches, do it now.

More different kinds of apples are appearing on the fruit counters now, but the most plentiful is the big, green cooking apple. Other fruits that are plentiful this week are cantaloupes, pears, plums, honeydews, grapes and watermelon. Enjoy watermelon now, as the season is about over.

ABE LINCOLN'S STORY

The following editorial is reprinted from the Macon, Georgia, News:
"The Rural Electrification Administration lives off the fat of the land. This bureaucracy, having done its job in rural areas, would now like to operate in areas within municipal limits.
"To the officials of REA, which borrows from Uncle Sam at two per cent interest money for which Uncle Sam pays four per cent interest, we'd like to pass on this which Abraham Lincoln used to tell.
"I used to know an old codger," Lincoln said, "whose barn burned to the ground. The folks in those parts felt because he'd lost all his earthly possessions. So they brought him presents to set him back on his feet.
"Well, they made such a good job of it that, when they came through, he was far better off than he ever had been before. One day the old man was sitting on the stoop of the cabin his neighbors had built for him and along came a man from down the road with a bag of oats on his shoulder.
"I want you to have these here oats, pardner," said the neighbor, setting the bag down on the front steps.
"I ain't takin' no oats," said the old boy. 'I ain't takin' but money.'
"REA papers may feel free to reprint this story without credit to Abe."

Navy Notes—Assignment Asmara

Flight—Bermuda to The Azores
By William P. Mote

A graduate of Newark High School, Class of 1957, Navy Radioman Bill Mote, son of Mr. and Mrs. William P. Mote, Newark, is stationed at Asmara, Africa, 65 miles from the Red Sea. His articles concerning Navy life will appear from time to time.

After an uneventful trip to Bermuda, we had two hours at this little British island to relax. I first looked through the exchange and then got on the phone in an effort to locate a Ham friend, but the information operator could not be reached. I spent most of the time reading a paper.

The two hours went fast and we once more boarded the plane. The ship sailed down the field and lumbered into the night sky. We climbed out to the East, and soon the bright lights of the island were lost from sight. We were alone in the void.

At midnight we ate. It was a fine steak dinner. We had picked it up in Bermuda and it had been kept hot. After chow, I broke out my map and traced out our flight. Later the crew turned the cabin pressure down a bit. We soon slept.

I woke up several hours later. The sea was below us but far ahead we saw fog. We were soon out of the fog and then into some clouds. A solid wall of white encircled us. Still, we drifted on into the sky.

A little later we started to go down slowly. We knew that the Azores were somewhere ahead. My first look at the Azores was when we skipped between two clouds.

They were a lot larger than I thought they would be. Even through the mist and fog they were beautiful. The navigator really deserved credit for finding them in all that fog. We wasted very little time in further circling and thundered in over the wide beach and into the field.

We taxied over to the terminal, a very Portuguese-looking building, and walked down a covered ramp to the runway. An Air Force bus took us up a hill to the chow hall where we had another steak dinner, this time on the ground. It felt very good to straighten out my legs as I was rather cramped in the plane. This was fun. I decided—10,000 miles I was going and all it

Yellowjackets To Open 9-Game Schedule At Elkton On Friday Night, Sept. 25th

With nearly everything but their enthusiasm dampened, candidates for the Newark High School Yellowjacket varsity and Jayvee squads continue their second week of football practice amid the heat and humidity enveloping the area, as new head coach Bob Hoffman prepares his charges for a nine-game schedule opening with Elkton High School, away, on Friday, Sept. 25, at 8 p.m.

The varsity coaching staff includes Hoffman as Don Miller's successor; Dick Musselman, backfield coach; and Cliff Browning, line mentor. The junior varsity squad will be coached by Andy Marcantonio, former "Little Brown Bear" and star for Glenn Killinger's West Chester Rams.

The squad of candidates for the Newark High School football team is led by 14 lettermen, with Monty Jackson, guard, and Carl Rice, quarterback, as Yellowjacket captains.

Other returning varsity letterwinners include Alan Beldyk, center; Bill Mowil, guard; Rodney Wilson and Merle Taylor, tackles; Les Money, end; Lloyd Wells, quarterback; Maynard Conkey, Norman Neide, Marshall Saunders, and Charley Word, halfbacks; and Fullbacks Bob Burton and Frank Subach.

The Yellowjacket varsity will conclude a nine-game card on Nov. 26 in the traditional Thanksgiving Day clash at Concord, and the Yellowjacket Jayvees will play a five-game schedule, opening Oct. 5 with P. S. duPont at home.

Concordville Tops Brandywine Squad In Polo Series

Norm Taylor maced two goals in the fifth chukker to break a 5-5 tie and give Concordville a one-point lead over Brandywine in the first match of a three-game series last Sunday at the Toughkenamon, Pa. oval.

Harley Williams countered for the local varsity in the final period but Bob Connors scored again for Concordville to clinch the 8-6 win.

With the opportunity to wind up the series with a victory this Sunday at 3 p.m. on the outdoor field, Concordville will mount Richie Jones, Connors, and Norm Taylor, and Fred Fortugno will replace Mike Fontaine.

In an all-out effort to even the series and force a third-match playoff, Brandywine will field Gus Leo, Col. Howard Fair, Harley Williams and E. B. Stewart.

Next Wednesday's 8 p.m. double-header will mark the final arena polo program of the 1959 season.

Sunday afternoon outdoor field matches will continue through Oct. 18.

A task force of bluefish cruised into the Delaware surf south of Bethany Beach last Thursday night to the dismay of migrating mullet and to the delight of Doc Calder who happened to be on the beach for a certain return go with the needle-nosed mosquitoes, and hoped for a first-of-the-season meeting with blues in the white water.

The winged legions were forgotten when the first bluefish slashed at Calder's strip of mullet swinging in the surf, and the action continued for two good hours. When it was all over, Doc had nine nice bluefish stacked on the sand, and had "missed twice that many" he said a bit ruefully.

They're easy to miss! A strike from a snapper blue is about like an electric shock—quick—and the connection is made permanent or you're just jolted. They don't linger after striking.

The rest of the night is best forgotten, according to Young Calder. The blues and all other fish stopped biting, but the mosquitoes just picked up added steam. Mr. Calder withdrew from his sleeping bag by the surf to the confines of his station wagon west of the dunes—rolled the windows up tight, and sweated it out.

Herman Klahr has the answer to that one, though, with mosquito netting in the car window.

Cruising in Assawoman Bay on the Delaware Coast last weekend, Stan and Doris Francis, with little Alice; and "Stump" and Doris Caldwell with young Bruce and Alan, brought home a big bushel of big blue crabs netted in the sandy shallows.

The director of the Newark Recreation Association, and Newark's softball commissioner happily shed all the cares concerned with recent schedules.

Newark Naturalist
Naturalist Horace "Rip" Smith gave Little Bill a large charge of local nature lore last Sunday during a hike along the Christiana.

Brushing away the light covering of leaves on the forest floor, the Iron Man uncovered hundreds of juicy, big fishing worms swarming just beyond evidence of excavating efforts by other fishermen who may or may not have been successful. He gathered mussels from the creek; demonstrated the art of catching frogs by hand; and identified plants and trees for a little boy.

When Rip pointed out a bed of nettles growing in the woods, a recent bit of first hand of mystery was solved for an 11-year-old boy.

"That's the stuff I walked into last week!" he exclaimed in wonder and some relief. "I thought something had bitten me—a snake or some animal, or some bees!" And like too many young fellows, he had wrestled alone with this problem, saying nothing about it until Mr. Smith showed him his first nettle and described what the plant can do.

Both newcomers to the Newark Junior Tournament this year, Connie defeated second-seeded Jeanne Vannoy, and tournament runner up, 6-6, 6-3 in a hard-hitting match, and Jim took the measure of top-seeded Pete Moroz, 6-4, 6-0.

The tourney for girls 15-and-under was won by June Huxtable, 15-year-old daughter of Mr. and Mrs. William F. Huxtable, Radcliffe Drive, who defeated Barbara Bohning in the longest match of the set 5-7, June took the next 8-6. The match was called and in the final set played that evening, June Huxtable won, 6-2. She had defeated Peggy Hoffman, 6-0, 6-1, and won by default from Jill Gracen.

Patricia Livingston, 13-year-old daughter of Mrs. Barbara J. Livingston, South Dillwyn Road, won the 13-and-under championship by defeating Barbara Bohning, 8-6, 8-6. She defeated Kathy Perkins, 6-1; Linda Stimmel, 6-2, and Sally Macuga, 6-4, before meeting second-seeded Barbara.

Barbara Bohning, runner-up in both the 15-and-under, and 13-and-under girl tournaments, the 11-year-old daughter of Mr. and Mrs. W. H. Bohning, Dallam Road, is one of the most improved players of the current season and played in her first tournaments. She defeated Carol Panik, 6-0, 6-0, and Mary Donoho, 6-2, 6-0, in the 15-and-under tourney, and won over Nancy Wirick, 6-2, Arlene Adams, 6-2, and Deborah Brown, 6-0 in the 13-and-under tournament.

Bill Leedom, 13, won the boys tournament by defeating Ed Berg, 6-3, 6-2. Bill is the son of Mr. and Mrs. Richard P. Leedom, Courtney Street. He defeated George Pollack, 6-2; Mike Nelson, 6-4; and Sig Anderson, 6-0.

Ed Berg defeated Ricky Nelson, 6-0, top-seeded Steven Lacey, 6-2, and Jim Brown, 6-0 before meeting Billy Leedom.

The Junior Tennis Tournament was sponsored by the Newark Recreation Association, and sanctioned by the Delaware Lawn Tennis Association. The tournament drew 60 entries.

Elisabeth Young, Bob Angstadt Win Junior Golf Titles

All even after 18 holes of torrid golf, Elisabeth Young edged former state junior girls' champion Joan Aneda on the 19th hole at the Newark Country Club last Thursday to win the local girls' junior championship.

Bob Angstadt, Jr., defeated Fred Emmerson, 5-4, to win the Newark Country Club boys' title.

In second flight play in the junior tournament, Vance Funk topped Charles Pinto, 1-up, and Judy Aneda—sister of Joan, and daughter of Joe the Pro—stopped Mary Lane McBurney, 5-4.

Joan Aneda was girl medalist with 107, while Bob Angstadt fired a medal 86 for the boys.

Junior golfers were honored at an annual luncheon last Thursday at the Newark Country Club, following the championship finals.

The local junior golf program is supported with funds obtained from the McSpadden Open, a tournament inaugurated and sponsored by Doyle McSpadden of the Newark Country Club.

Newark golf professional Joe Aneda conducted a six-week series of golf clinics for the juniors, and Ruth Waggaman was chairman of the junior golf program this summer.

Wide-known figures in the sport from several states will comprise the leaders who will handle the two days of thoroughbred flat racing and jumping on Saturdays, Sept. 12-13, according to William du Pont, Jr., over whose estate at Fair Hill, Md., the races will be run.

Alfred E. Bissell of Wilmington is a member of the race committee, along with Stuart S. Janney, Jr., of Baltimore, former member of the Maryland Racing Commission; Sidney Watters, Jr., once a great rider and now an outstanding trainer; and J. H. Tyler McConnell, secretary of the Hercules Powder Company.

Donaldson Brown and Donald P. Ross, president of Delaware Park, head the honorary race committee, which includes Morris H. Dixon, and Mr. du Pont's sister Mrs. Marion du Pont Scott. Mrs. Scott is one of the best-known figures in the steeplechasing field, and it was her homebred Battleship, winner in 1938 who is the only American-bred ever to win the Liverpool Grand National.

Back from retirement to handle the chore of racing secretary is Edward J. Brennan, Jr., who has a new plan afoot to get many entries and full fields for the six races each Saturday.

Post time will be 3 p.m., and there will be daily double betting on the first and second races through the pari-mutuel machines installed on the grounds.

Fightin' Blue Hen Gridders Begin In Nelson's 9th Term As Delaware

Monday was physical examination day for 52 University of Delaware football players who reported for the beginning of fall drills. Following exams in the morning was a round of picture-taking in the afternoon.

The players donned their practice uniforms Tuesday for the first of formal drills in preparation for their opening game Sept. 26 with Lehigh at Delaware Stadium.

Coach David M. Nelson, starting his ninth year at the helm of the Blue Hens, has scheduled two sessions a day for his charges during the next three weeks with body contact from the outset.

Morning sessions will run from 8 to 10 followed by an hour of blackboard instruction. The men will report again for a full-fledged rehearsal each afternoon from 3 to 5 o'clock.

Fundamentals of running, blocking, tackling and passing will be stressed during the first week under the direction of aides Mike Lude, line coach; Tubby Raymond, backfield coach; and Irv Wisniewski, end coach.

The Blue Hens will be thoroughly drilled on the intricacies of the Nelson-devised Winged-T offense used successfully by Delaware for eight years and gaining in popularity with large crowds throughout the country.

Among the 52 players were 20 lettermen, the largest number of veteran returnees in the Blue Hen's history. The squad also included sophomores up from last year's record under Coach Scott.

Delaware will compete in the Atlantic Conference in its second year of formal play in the three-division league. Conference opponents will be high, Lafayette, Rutgers, and Bucknell.

The Hens registered a 5-3 record over the past five years, with a 5-3 record over the past five years, with a 5-3 record over the past five years.

Governor Declares Safety Emergency With Highway Toll

September Is Proclaimed
Safety Month In Delaware
To Reduce Road Slaughter

Governor J. Caleb Boggs has declared an emergency in Delaware because of a sudden increase in fatal highway accidents, and proclaimed the month of September as "Safety Month in Delaware."

The action was announced by the Delaware Safety Council which was called upon by the governor to launch a campaign to inform the public fully of the causes and remedies for the current highway death toll, and take other desirable steps to stop the slaughter on the roads of Delaware.

Clifford T. Foster, Jr., president of the council, declared that organization is making preparations to conduct such a campaign.

The Governor's Highway Safety Committee and other official agencies were similarly called upon by the governor, who also directed enforcement agencies of the state to cooperate in the campaign.

Governor Boggs said that highway fatalities are 15 per cent above the figures for the same period last year. This increase has come about in recent weeks, he said, "reversing a downward trend in Delaware highway accident statistics for the first half of this year."

"Highway accidents have increased the hazards of public travel on Delaware roads and have become a pressing danger to the health and well-being of our population," the Governor said, adding that with the reopening of schools children will be subjected to increased hazards.

"Highway accidents result from misuse of the public highways by a minority of the motorists using those highways, and such accidents are avoidable," the governor asserted. He also pointed out that last September a high total of 19 highway deaths occurred in Delaware.

The governor issued a proclamation stating that "the public safety is gravely endangered by the recent high level of highway accidents, and that it is essential that all citizens of Delaware and all operators of motor vehicles traversing this state shall exercise extreme caution, and because of this situation I proclaim the month of September as 'Safety Month in Delaware.'"

The 32nd annual reunion of the family and friends of the late Joseph T. and Mary Laws will be held on Labor Day at Port Herman, Md.

A bench show for foxhounds and coon dogs will be held at the Fox Catcher Farm, Fair Hill, Md., on Wednesday, Sept. 16, at 7:30 p.m. All interested in dogs are welcome. The show will be sponsored by the Cecil County Hunt Club, with J. Leslie Ford, president, and Millard McDowell, secretary.
