Foreign Study Hailed As Success

A. G. Wilkinson Back From Europe
Enthusiastic; Introduces New Financial Plan; Prof. Brinton Efficient

Mr. A. G. Wilkinson, Business Administrator of the University of Delaware, has returned from France, and is very much enthused with the work of the Foreign Study Plan of the University. Two more students joined the group in France, making in all 43 students from 18 universities and colleges throughout the United States.

One of the most encouraging features of the work is the manner in which all of the students, without exception, have settled down to their studies. They are at present at the University of Nancy for the summer months and will return to Paris to take the winter courses at the Sorbonne.

Mr. Wilkinson is very much pleased with the complimentary remarks of passengers on the conduct of the party. Several passengers on the S. S. France became interested in the work, looking forward to their sons or daughters joining the group at some future time.

At a dinner tendered Mr. Wilkinson by the University of Nancy, the President congratulated the University of Delaware on the class of students being sent across.

Miss Caroline Fitzwater, of Wilmington, who accompanied the group and is remaining as chaperon for the year, has proved very able and her good influence and help to the students is very marked.

Mr. Wilkinson met a number of prominent men of Paris; Mr. Miles, of the International Chamber of Commerce; Mr. Skinner, the American Consul-General; the Vice-President of the Guaranty Trust Company in Paris; and a number of leading men interested in Education.

These all spoke very highly of the plan as operated by Delaware. It is now no longer looked upon as an experiment but as an established work which will grow rapidly.

Mr. Wilkinson established a system for the handling of the financial end of the work.

He commends very highly the work of Professor Kirkbridge, also Professor Brinton. The latter has proved valuable in his supervision of classroom work and personal help to the students.

Negro Accused Of Killing Man

Brown Charged With Murder Of
Father Of A. Finkernagle Of
Newark; Pal Divulges Secret

Every indication points that a culprit will be brought to judgment for murder committed three years ago. A. Finkernagle of E. Main street, Newark, whose father was murdered three years ago, learned last week that the man who committed the crime was known. Charles Brown, colored, about 35 years, is charged with the murder.

Brown and another man were both in the company of a woman when the murder was committed. Brown, went to the authorities and accused Brown of the crime. He was arrested in Alexandria, Virginia, and will be brought to Harford County for trial soon as the necessary requisition papers are obtained.

The murder was committed about 10 o'clock at night, when two negro men entered the late Mr. Finkernagle's store at Swan Creek and purchased candy and while the aged shopkeeper was in the act of making the change he was ordered to get up his hands and was shot, dying two days later.

When interviewed this week, Mr. Finkernagle of Newark said that a man confessed to the killing of a man about this vicinity, but he would not tell the exact time or place. Whether or no Brown can be convicted on evidence, Mr. Finkernagle was unable to say. However, Brown will be brought from Virginia. The woman who was the reason for the quarrel between the two men will be questioned this week.

Group To Visit Agricultural Show

Alex. D. Cobb and H. S. Palmer, of the University, and Miss Anne B. Moore, of Georgetown, will conduct a group of ten Delaware boys and girls to the Eastern States Exposition, at Springfield, for one week, beginning this Saturday.

These boys and girls are planning to feature one of Delaware's big agricultural enterprises, by putting on an exhibit which will show the methods of growing and the commercial value of the sweet potato. This exhibit will be staged in a log cabin, decorated with sweet potato vines. Preparation of the soil, planting and cultivation will be demonstrated by the boys; while the girls will show methods of using the product. Delicious sweet-potato pies will be made and sold over the counter by the girls, both to show one of the finest ways in which the sweet potato may be served and to help to finance the week's trip.

The group of young people includes: Edith Staples, of Mendenhall; Claudel Cannon, of Bridgeville; Louis Edgell, Greenwood; Elizabeth Rowe, Elizabeth Wilson, Charles Pardee, and Dorsey Kinnamon, Dover; Louise Warner and Frances Sartin, St. Georges; Ernest Weldon, Middletown, and Frank Andrews, Townsend.

J. E. Pryor Is Victim Of Appendicitis

Was Graduated Last June From The
University; Varsity Ball Player;
Good Student

James Earl Pryor, aged 23 years, son of Mr. and Mrs. James R. Pryor, of Delancy's Cross-Roads, six miles from Smyrna, who graduated from the University of Delaware in June, died in a Philadelphia hospital at 5 o'clock Sunday afternoon following an operation for appendicitis. He had been ill but a few days having been taken to the hospital by Dr. Prickett, of Smyrna, late last week.

Young Pryor was best known as a baseball pitcher, he having pitched for four years on the University of Delaware baseball team, and previous to that on the Smyrna high school team. He was a southpaw and recognized as one of the best twirlers that Delaware has had for years. He did most of the box work for the Blue and Gold the past three seasons.

Pryor took the arts and science course, graduating last June. He was also a graduate of the Smyrna high school, entering Delaware in September 1922. While at Delaware Pryor in addition to being a varsity pitcher for several years was also active in many of the student affairs. He was a member of the Phi Kappa Tau Fraternity and president of the Delaware chapter last year. He was also active in the University Y. M. C. A., of which he was president one year. In the summer of 1925, he represented the "Y" as a delegate at a college "Y" camp. He was a member of the Varsity Club of the University.

Pryor was a good student. He was a member of the honorary senior society Phi Kappa Phi, which consists of the ten best students from both colleges.

Word of the death of young Pryor came as a shock to his many friends in this vicinity. He was popular both in high school and college. Pryor had accepted a position for this year to teach at the du Pont High School near Wilmington, where he was also to coach the athletic teams.

He is survived by his parents and three sisters and two brothers. The funeral will be held at 2 o'clock this afternoon from the home of his parents, and interment will be made in Odd Fellows' Cemetery, Smyrna.

UNDERWENT OPERATION

Margaret Murray, the ten-year old daughter of Mr. and Mrs. Levi Murray, was taken to the Homeopathic Hospital in Wilmington last evening and operated on at six-thirty for acute appendicitis. The operation was a serious one, and while the child is recovering, she is still quite ill.

DELAWARE'S WEALTH

The wealth of Delaware is given as \$625,000,000. This is equal to \$2777 per capita.

Japanese Beetles Shun Newark

Squad Of Five Men Fail To Find
Any Of The Bugs About This
Part Of The Country

The "beetle men" swept down and went over the town last week. There was a crew of five men under the direction of Mr. H. G. Watson of Wilmington. It was reported that there was found four of the much discussed Japanese beetles; but when interviewed Mr. Watson reported that in the search there was no official report of finding any of the bugs.

Mr. Watson explained that he and his crew of men had between Wilmington and Dover for their territory. The Japanese beetle, he explained, makes its first appearance about June 15. Between sixty and seventy eggs are laid during the season of the summer months. As soon as the cold weather approaches the beetle dies.

However, the eggs are buried from two to three inches in the ground and, forming a protective cell, they live through the winter and make their appearance as adults the following summer. The beetle, he stated, does not eat the vein of the plant but it eats around the vein and forms a fine network.

Any further information concerning the Japanese beetle can be procured free of charge by addressing a card to the Japanese headquarters in Riverton, New Jersey.

Washington House To Be Remodeled

The Washington House, on Main street, is to be remodeled. The old front porch will be torn down and replaced by a modern store front. Indications are that the building will be one of the most attractive buildings in town.

REPAIRS ON PARK PLACE

Park Place is undergoing repairs. Small stones are already placed and reach half way to the end of the whole street. Two car loads of material have been ordered and it is thought that the whole street will be in complete repairs within a short time.

There is to be a shoulder on each side of the road so that the newly laid stones will not slip away.

Park Place previous to this was in need of repairs. The improvement will be much appreciated by the residents and all others using the street.

PROFIT ON CARNIVAL

Mr. John R. Fulton has completed his report of the Firemen's Carnival. This year the gross receipts were \$12,652.49. The expenses for the running of the carnival and the goods used amounted to \$7,435.91. This makes a net profit of \$5,216.58.

A number of prominent business men helped the carnival this year by means of contributions. Those who contributed were:

F. H. Cooch, \$10; E. L. Richards, \$25; Geo. H. Harter, \$5; Kells, \$10; Newark Lumber Co., \$25.

EASTERN STAR

CARD PARTY

A benefit card party will be held at Fraternal Hall, September 23, under the auspices of the ways and means committee of Newark Chapter No. 10, O. E. S. Bridge and 500 will be played beginning at 8.30 p. m., daylight saving time, and prizes will be awarded. Refreshments will be for sale. Mrs. Leslie T. Truitt is chairman of the committee in charge.

When Dr. Palmer, of the University of Delaware, is going someplace nothing ever stops him.

Last week he was driving down Depot Road at a rather fast clip. There was a sharp report as if a small cannon had gone off.

The back tire of his car went flip-flop. And the tire was flat.

But Dr. Palmer reached his hand through the window, touched the wheel from his cigar and rode on and on. Stop to fix the tire? Not he!

We hope he got there in time!

Meeting Today to De- cide Assistant Coach

The appointment of an assistant coach at the University of Delaware to aid Coach Forstburg in coaching football and other sports will be made this afternoon after a meeting of the authorities of the University.

Ernest R. Miller, of Lexington, Ky., who was recently appointed, has resigned. Mr. Miller's father is very ill and it is necessary for the son to remain at home. However, there is the possibility that the University might hear from Mr. Miller before noon today, when he will give his final answer for the position.

On Frazer Field yesterday there was a rumor that "Huck" Kramer of last year's eleven and picked for All-Eastern center, would take the position of assistant to Coach Forstburg. This has not been verified.

However, the University officials feel that the task is too much for one man and they are particularly anxious to find Coach Forstburg a helper for the training of the student teams.

Doctor H. S. Gabriel Member of Faculty

Dr. H. S. Gabriel is the new member of the faculty in the Business Administration Department at Delaware College. Dr. Gabriel was graduated from Cornell in 1915. He received both his Doctor's and Master's degree from the same institution.

He is the author of a monograph, "Index Numbers of Freight Charges". Dr. Gabriel also attended Harvard and Oxford for a time.

At the University he will begin an extended research on the distribution of Delaware products.

Seventy-Five Year Tooth Priceless Possession

Newark Dentist Finds Many Aged
Molars In One Week; Pie
And Candy Not Harmful

If you want to keep your teeth for a long time move and take up residence in Newark. At the office of a local dentist last week there came three old men.

The first man was eighty-one. He pointed to a tooth and told the dentist that he had that tooth since he was six years old and that now he had decided to have it out. The seventy-five year old tooth was returned to the man and he intends to keep it as a souvenir. The second old fellow made his appearance the same day. He had three teeth out. But he failed to say whether or not his teeth were seventy-five. Anyhow, they must have been ancient.

The third old man was an optimist. He was measured for a pair of false teeth. He said that he believed he had many more years to live, so he thought he might as well use the false ones. He was eighty-one.

All three of the men said that they liked pie and chewie candy. When they liked a certain eatable they enjoyed it.

INJURED WHILE COASTING

Catharine Shellenor, the eleven-year-old daughter of Mr. and Mrs. Ira Shellenor, of West Main street, was painfully injured Saturday morning while coasting down Quality Hill in her express wagon. Several stitches were necessary to close the wound in her leg.

Elizabeth Hall who was with her at the time, escaped with a cut on her head.

AMBULANCE ON DUTY

The Newark ambulance was on duty last Monday night. The daughter of Mr. L. Murray, whose home is across from the Delaware Tea House on the Lincoln Highway, was taken to the Homeopathic Hospital, Wilmington, with an attack of appendicitis. Mr. Null of Newark was the driver of the ambulance.

NEWARK PARTY AT MACHIPONGO

Mrs. Charles Bryan, Mr. and Mrs. Leslie Truitt, Miss Katharine Steel, and Miss Helen Steel, of this town, and Miss Hazel Wrenn and Miss Mary Littlejohn, of Philadelphia, will return today from a fishing trip to Machipongo to which place they motored last Sunday.

Renominate Houston As Representative By Republican Convention

Platform Against Increased Taxes; Party Put
On Record For Law Enforcement;
Nominations Unanimous

Yesterday at Dover the Republican State Convention nominated the following Congressional and State ticket:

For Congress—Robert G. Houston, of Georgetown, Sussex county.
For State Treasurer—Howard M. Ward, of Wilmington.
For Insurance Commissioner—James G. Shaw, of New Castle.
For State Auditor of Accounts—Edward Baker, of Dover, Kent county.

The nominations of Robert G. Houston, Howard M. Ward and Edward Baker was made unanimous, but the Sussex county caucus temporarily upset the slate when Asa Bennett, of Frankford, objected to Sussex county "being left out in the cold," when nominations for Insurance Commissioner were about to close with that of James G. Shaw. He placed in nomination the name of Chester V. Townsend, of Millville, which was promptly seconded by Oliver A. Newton.

The Wilmington and rural New Castle county delegates promptly and solidly voted for Shaw, all but two Kent county delegates voted, and when the voting had been half completed Chester V. Townsend withdrew his name with the consent of Mr. Bennett.

The nomination of Robert G. Houston for Congress, was made by Thomas Ingram of Lewis, who represented the Sussex county caucus. The nomination was seconded by the former Governor William D. Denney for Kent county, former United States Senator L. Heister Ball seconded for the rural New Castle county, and Deputy Judge John F. Lynn for Wilmington, making the unanimous choice of the convention.

Congressman Houston acknowledged the honor bestowed upon him with a brief speech, in which he spoke of the Coolidge administration, and asked the loyal support of the party in Delaware during the next two years if re-elected.

Lieutenant Governor J. Hall Anderson, chairman of the convention, remarked that he had never seen such a hearty expression of confidence in a man nominated for public office.

He expressed the conviction that if the state kept Houston in Congress for the next ten years Delaware would forge to the front in the lower House of Congress.

Howard M. Ward, president of the City Council of Wilmington, was placed in nomination by Mayor G. W. K. Forrest, and seconded by Charles Colburn. Nominations closed on motion of former Governor Denney, making Mr. Ward the unanimous choice of the convention.

Edward Baker, former sheriff of Kent county, was nominated by Mrs. Frank Hall Davis, for State Auditor of Accounts, seconded by Albert Raikes, Senator Charles du Pont Ridgely for Kent, and Dr. Frank Grier for Sussex. He also was made the unanimous choice of the convention.

James G. Shaw, of New Castle, was then nominated for State Insurance Commissioner by Harry Hushebeck, seconded by Boyd McCoy. It was then that former Senator Asa Bennett, of the Sussex delegation, registered his kick for Sussex and nominated Chester V. Townsend, with the result aforementioned.

It was shortly after 12 o'clock, standard time, when Charles R. Grantland, secretary of the Republican State Committee, called the convention to order and introduced Lieutenant Governor J. Hall Anderson, of

ADDRESSES EDUCATIONAL CONFERENCE

Dr. Hullihen, of the University of Delaware, was one of the speakers at the two-day educational conference, which was held in the Wilmington High School last Friday and Saturday.

Dr. Hullihen congratulated the High School on the preparation given to students there for college. He continued: "The greatest failure of the higher institutions of learning has been where they neglected to prepare students for every-day life. I believe that this should be done without sectarianism, and that this feature of training should pervade all branches of such an institution."

Delaware Auto Tags Have Gray Background

Boston "Tech" To Have This Year's
Colors; Requested Of Governor

The Delaware 1927 automobile tags will have a gray background with crimson numerals.

The tags get their color this year after the Massachusetts Institute of Technology. The request for these colors was presented to the governor some time ago by a number of prominent Wilmington men.

Officials have been notified in other states in order that there will be no duplication. The tags go on sale in November. Those who desire the same tag numbers next year that they had this year, it is understood, will be required to pay \$1 in advance.

WATER TESTED

The State Board of Health Laboratory at Dover, made a test of water sent in by Mr. T. H. Willim, of Newark, last Saturday. The total bacteria per cubic centimeter showed by the count method to be 43. There was no gas formation present. The results of the analysis of the Newark water, according to the official report, showed the water to be safe. The test was authorized by Mr. R. C. Beckett, of Dover.

Delaware Day Historic Occasion

Commemorates Ratifying Of The
State Constitution At New
Castle

Delaware observes its Sesqui-Centennial as a state on Monday, September 20. On September 21, 1776, the Delaware Constitutional Convention adjourned from session in New Castle, having adopted a constitution for the three counties which were called since then "The Delaware State."

There will be no display of grandeur in Delaware itself because of the anniversary, but at the Sesqui-Centennial Exposition at Philadelphia prominent Delawareans and natives of Delaware who have long since moved from their state will assemble at the Delaware Building to pay homage to the first state of the Union.

Governor Robert P. Robinson has designated September 20 as Delaware Day and an elaborate program has been arranged. Judge Ignatius C. Grubb will be host at the Delaware Building. Judge Grubb, incidentally, was host at the Delaware Building during the Centennial Exposition in 1876 and was also secretary of state at that time.

The program has been arranged as follows:

In the afternoon, commencing at 2 o'clock, the official exercises will take place in front of the building with Mrs. Donald S. Ashbrook presiding. Mrs. Ashbrook and Mrs. Harry Viven of Bridgeville were appointed by Governor Robinson to arrange for the celebration. Governor Robinson, who was undecided as to whether he will be able to remain at the exercises, will be present and speak for a few moments on the resources and role Delaware plays in the affairs of the Union.

The principal speaker will be John P. Nields, member of the Delaware State Bar Association. It is expected that Rev. Charles H. Bohner, pastor of the Hanover Presbyterian Church, Wilmington, will have charge of the spiritual part of the program. Efforts are being made to secure the Wilmington Police Band for the occasion.

Honor Four Delaware Women

The four women, chosen by the Governor as the outstanding women of the State, will be honored at this time. They are Miss Annie Jump Cannon, Miss Emily P. Bissell, Mrs. Emalea Pusey Warner, and Mrs. Alice du Pont. They were chosen for being prominent in civics, public welfare, the arts, and sciences.

Governor Robinson will request, through the newspapers, that as many Delawareans as possible visit the Delaware Building on that day. Invitations will be issued to every mayor and councilman in the state to be present and represent their municipality. The State Building will be at least a gathering place for all loyal Delawareans and before the exercises are over, the state song, "Our Delaware," will be sung. The words and music will be carried a far distance by amplifiers which are to be installed at the building.

Both the present State Building and the observation of Delaware Day will differ greatly from the building and program at the Centennial when the state was 100 years old. The present State Building, for which the General Assembly appropriated \$25,000, is situated in an ideal location. As one sits on the veranda looking out through white columns, one grasps a comprehensive view of the Sesqui. To the right is the vast stadium resembling the Coliseum of Rome. To the left is the swimming pool. In front is a good view of High street with the old buildings reconstructed.

As one approaches the State Building he sees a low white building, marked with rigid Colonial simplicity. A gravel walk leads to the entrance, on either side of which are flower beds, donated by Mrs. Henry P. Scott. The building was designed by Clarence R. Hope, Wilmington architect. There is no sign that designates the building as that of Delaware, but in front of the entrance are two flags, one the national, the other the state flag. Above the entrance, in bold red—

ELK MILLS TAKES FIRST GAME OF SERIES

AIR-TIGHT
BALL PITCHED
BY McNUTT

Protest Raised by Elkton; Baldwin of Bel Air on Elk Mills Team

Interest is running high in the Tri-County League championship series between Elk Mills and Elkton. Last Saturday afternoon Elk Mills took the first game of the series from Elkton by the score of 6 to 2.

The boys from Elk Mills got on to McGovern of Elkton in the first part of the game. They collected a total of eleven hits before the end of the ninth inning. McNutt of Elk Mills pitched rather a good game allowing the boys from Elkton six hits.

Hanna of Elk Mills smashed out three timely hits; Bland, Kerns, and McNutt each registered two apiece. Irons and Potts were the hitters for Elkton, each making two hits.

Elkton played the game under protest as Elk Mills used Baldwin of the Bel Air team without previously getting the permission of the Elkton club. After an argument the Elkton boys gave in and allowed the game to start. Although the Elkton team played good ball they could not get on to McNutt. His pitching was air-tight and he had wonderful support.

The next game in the series will be played this Saturday at Elk Mills. The score:

BRINTON LANDS MEDAL

Has Score of 87; Match Play Starts Next Saturday

Mr. R. G. Brinton with 87 made the best score in the qualifying rounds for the golf club championship at the Newark Country Club last Saturday afternoon. J. F. Dunn with 88 had the second best score. Most of those competing had an off day, it seemed, as Brinton and Dunn were the only two players whose score was under 90. Those who qualified for the championship cup of the club were as follows:

R. G. Brinton, 87; J. F. Dunn, 88; H. A. Turner, Jr., 91; E. B. Wright, 92; Paul F. Plé, 92; F. C. Houghton, 93; W. O. Sypherd, 93; J. P. Armstrong, 94; E. W. Steedle, 97; E. J. Menery, 97; J. M. Terrell, 99; C. O. Houghton, 104; C. A. McCue, 104; C. H. Hopkins, 105; H. G. Lawson, 106; W. C. Wieser, 107.

The pairings for the first round for the club championship to be played next Saturday follow:

R. G. Brinton vs. C. O. Houghton; C. A. McCue vs. P. F. Plé; F. C. Houghton vs. H. G. Lawson; E. W. Steedle vs. H. A. Turner, Jr.; E. B. Wright vs. J. M. Terrell; W. C. Wieser vs. J. P. Armstrong; W. O. Sypherd vs. C. H. Hopkins; and E. J. Menery vs. J. F. Dunn.

DELAWARE'S MEN IN CAMP

Blue and Gold Warriors Start
Training On Frazer
Field

The University of Delaware's football team started their training camp at 10 o'clock sharp on Monday morning at Joe Frazer Field. About thirty men answered the call, although before Saturday, it is said, there will be forty men.

This is the first time in many seasons that the training camp has held its preliminary camp in Newark. Last year, it will be remembered, the squad worked out at Delaware Beach, and the season prior to that was in Rehoboth. The reason for conducting the training camp in Newark this year, it is reported, is that it will simplify the housing problem and make the showers and locker room available.

Manager Mark Donohue before the opening of the camp sent out invitations to the following men to attend: Lohman, Coppock, Reybold, Glasser, Beatty, Draper, Nobis, Carlson, Reese, Benson, Green, Rose, Sweeney, Thompson, Manus, French, Patchell, Flinn, Loveland, Creamer, Akin, Hill, Wooten, Olandt, Roser, di Joseph, Cathcart, and Reardon. There were a number of new Freshmen who reported.

When interviewed Manager Donohue said he considered that this year's schedule much more formidable than that of last year.

There are a few big gaps that will have to be filled in this year's eleven. By graduation last year Huck Kramer is lost. Kramer was Stony McLinn's choice for All-Eastern center. As yet Coach Forstburg has not been able to find a good center. However, he thinks he can make Reese, tackle of last year's eleven, fit into the place left vacant by Kramer. Reybold who substituted for Kramer last year is also making a strong bid for the position. Graduation likewise took away Torbert, varsity tackle, and Markly and Hanson, ends. The back-

field is hit by the loss of Hubert and Weggenman. These two men were Delaware's hardest line plungers.

It is difficult at this time, Coach Forstburg says, to determine the worth of the incoming Freshmen. However, after the first week of scrimmage he thinks he will be able to name some good material. Three men who are locally famous will enter the University as sophomores. Two of the men will be eligible for the varsity squad, but the third, due to the one-year ruling will not be able to take part in varsity games.

The two who will, no doubt, make the varsity are "Ducky" Carlson and Walt Green. Carlson is of Wilmington High School fame. He went to Delaware for a year and played quarterback in 1923 but did not return the following season. Green hails from Dartmouth. At that place he was the star player on the Freshman team. Fritz Creamer, last year's signal-caller, it is rumored, will not return to college this fall. The quarterback position, then, will be a fight between Carlson and last year's substitute, Rose. Carlson, however, can also play one of the halves and an end position, but his strength is in forward passing. At practice this week he winged the ball farther than any other man on the field. His aim is excellent and he is fast.

The Schedule

Oct. 2—Drexel, at home.
Oct. 9—Ursinus, away.
Oct. 16—Springfield, away.
Oct. 23—St. John's, away.
Oct. 30—Rutgers, away.
Nov. 6—Swarthmore, away.
Nov. 13—Gallaudet, home.
Nov. 20—Haverford, home.

SWIMS RIVER

Bernard Nobis, captain of the University of Delaware's swimming team, proved without a doubt to a number of his college friends at Charlestown, Maryland, last week, that he is in tip-top shape to lead his team in the tank next season.

Nobis, using the backstroke, swam the two miles across the North East river in one-half hour. This time is considered unusually good for the swim and it clearly is evident that it speaks ill for the opponents of the Blue and Gold when they call for this event next season.

Downie Bros. Wild Animal Circus

Gone are the horses from the streets, gone are the old time ways and methods of yesterday. Going also are the old obsolete wooden railroad cars and railroad circuses. This season the well-known Downie Bros. Wild Animal Circus is transporting their entire show on an immense fleet of motor trucks. They will be seen in their entirety one day only, Friday, October 8, at Newark, Del.

In addition to the large menagerie and many trained animals including the herd of performing elephants, groups of lions, tigers, leopards, pumas, horses, ponies, dogs, monkeys are fifty great acts including the Aerial Silverlakes. The Franklin Bros., Steve Oris the Montana Cowboy. The De Homan Family of acrobats. The Mansfield expert sharpshooters. Fiddell Ortega and Vernon West, wire walkers supreme. Vernon Ott and his trained Monkeys. Misses Rojas and Wilson the ladies with the iron jaws.

The big street parade at Noon is a big feature. Certainly the most novel circus parade in the World. In line will be seen forty-nine motor trucks of nearly every standard make and design. Not a horse drawn vehicle in the parade. Of course the bare-

Fonck Takes Trial Flight Over Newark

Captain Rene Fonck, French Ace, flew over Newark last week in his new Sikorsky plane. He plans to make the New York to Paris trip in the same machine. This week Captain Fonck will make an attempt for an altitude record.

While passing over Newark on the way to Philadelphia the radio operator who was aboard sent messages to various stations and booked New York hotel reservations by wireless direct to the hotel.

This was the first time the "New York-Paris" wireless equipment had been used for commercial purposes.

A Prayer

The day returns and brings us the petty round of irritating concerns and duties. Help us to play the man, help us to perform them with laughter and kind faces; let cheerfulness abound with industry. Give us to go blithely on our business all this day, bring us to our resting beds weary and content and undishonored, and grant us in the end the gift of sleep.

—Robert Louis Stevenson.

"Men go to books not—Heaven forbid—for instruction, but for warmth and light, for a thousand new perceptions that struggle intricately within themselves, for the enlargement of their experience, the echo of their discords and the companionship of beauty and terror for their troubled souls. They go to literature for life, for more life and keener life, for life as it crystallizes into higher articulateness and deeper significance. The enlargement and clarification of men's experience—that is the function of literature."—Ludwig Lewisohn.

A Tribute

Seven men are silently and unselfishly serving this community. We speak of those who drive and take care of the ambulance. They receive no compensation for putting their time and skill at the call of anyone, at any time of the day or night. Little glory is theirs and a great responsibility. There is more to their service than the average citizen realizes. Some one of these men is always ready to answer a call. Some one of them must now and then sacrifice a holiday or week-end pleasure trip that a call for the ambulance may not be in vain. One does not hear any of them bragging about it—rarely is it even mentioned.

After a trip has been made, the driver must see that the ambulance is in perfect condition in every respect before he again puts it away. A call at midnight and over muddy roads means that after the trip the driver must wash the mercy car as well as see to it that the automobile is in tiptop running order. It means something to a community to have such men as these who give time, effort, and intelligence freely for the benefit of their fellows.

Thus it is we bring to the attention of the reader the names of Horace Null, William Cunningham, Ira Shellender, William Clancy, Alfred Ewing, Walter Powell, and Thomas Spougel—these are the seven men of whom we speak.

A Citizen's Prayer

From The Newark Post issue of July 27, 1921.

Merciful Destiny for Thy privileges rendered, Kind Nature for Thy blessings bestowed, Friendly Guide and Gracious God for Thy Keeping we, on this day, offer our feeble but sincere thanks to Thee. For the peace of our State and Nation, for the abundant plenty of our harvests, give us this day, to have full appreciation. For the advance in Science, the beauty of Art, the power of the written and spoken Word, make us to realize the fullness of the meaning thereof. For Thy support of the Strong and the succor of the Weak, we bow in gratitude.

Thou hast walked with the Man behind the Plow in the lengthening furrow of the field and followed the Miner's lantern in the depths of the earth. Thou hast given to us to fill the world's granaries and clothe the Nations of the Earth. With the Sailor in the watch tower and with the Master of our Ship of State, Thy guidance has kept us. In the Forum Thou hast given to us the leadership in civilization. For these and this, we thank Thee, and pray to give us the master thought and national strength to execute the Ideal of Calvary's Dream.

With the opportunity of History before us, make our emblem of Liberty be for Truth. When Right and Passion are clashing with Wrong and Reason, make us to give to the World a new meaning of America. By serving Humanity give to us the leadership in the World's peace. Make us to teach that Truth need not be drenched in blood to be pure, and that the Brotherhood of Man is not a student's dream. Holding the balance of battle in Thy Almighty Hand, give us to see the wisdom of honesty among men and nations. For America, for the world and for men, thus we pray.

The Republican State Platform

We, the duly elected representatives of the Republican party of the State of Delaware in convention assembled at Dover on the 14th day of September, 1926, hereby submit to the Republican voters of the State a declaration of the political principles of the party, as well as several measures recommended for legislative enactment.

FIRST, We endorse with the utmost enthusiasm and appreciation the administration of the United States Government under the wise, safe and sensible leadership of President Calvin Coolidge. We approve of his foreign policy and also call special attention to the very able manner in which the financial affairs of the nation have been handled, and to the fact that the skillful management of President Coolidge and Secretary Mellon has resulted in a large reduction of the public debt as well as a sensible lessening of taxation.

SECOND, We thoroughly endorse the action of our Republican Senator, T. Coleman du Pont, and of Representative Robert G. Houston during the recent session of Congress, which we believe has reflected the mature opinion of their constituents regardless of party.

THIRD, We thoroughly appreciate and highly commend the honest, efficient and businesslike administration

of Governor Robert P. Robinson and his associate officials in the State government.

FOURTH, The Republican party in the State of Delaware has always stood for the maintenance of our State rights under the Federal Constitution and we are strongly opposed to the tendency, as exhibited in recent times, to centralize an undue amount of power in Washington, which has the effect of lessening the interest of the individual voter in public affairs and of encouraging a neglect of civic duties—an evil which should be sternly combated.

FIFTH, We reiterate our faith in the system provided by the rules of our party whereby the Republican voters of this State elect delegates who meet in State convention for the purpose of discussing policies, drafting party platforms and selecting nominees for Federal and State offices; and we recommend that the convention system of making nominations should be adopted for the nominees for all county and district offices.

SIXTH, We believe that one of the most important of our national problems is the attention and proper assistance which should be devoted to the interests of agriculture, and we thoroughly agree with President Coolidge and Secretary Mellon that the

Underwood law passed during the administration of President Wilson in 1913. The financial depression following the World War was emphasized until the Democratic party went out of power and the Fordney Protective Tariff bill was enacted in its place in September, 1922, and is still in force.

"From its birth," he said, "the Republican Party has stood unflinchingly for a sufficient tax on imports to equalize the cost of production and thus maintain American standards of living against the pauper labor of Europe. Under the present law more than half our imports are admitted free because they need no protection."

Mr. Anderson commended Congressman Houston for his work at Washington. "No more able or honorable man could be sent to Washington by the Republican party," he said. "His heart has been in his work."

The speaker also lauded the services of Senator T. Coleman du Pont, and praised Senator du Pont for his great gift of 100 miles of boulevard reaching from one end of the State to the other and costing over \$4,000,000, with no strings attached.

Referring to Governor Robinson, the speaker lauded him as one of the finest, cleanest and ablest men the State has ever produced, and spoke of his excellent record in office.

Mr. Anderson said that two of the biggest problems that will come before the next Legislature will be that of good roads and good schools. Political parties he said, hesitated to take a stand on these questions but he personally wanted it known that he stood for good roads and good schools to the limit of our resources. He said Delaware has invested in modern roads \$21,000,000, including the du Pont boulevard gift and that the counties are now burdened with road bonds.

Taxes cannot be raised further, he said and to relieve the taxpayers and the farmers who have had lean years he favored taking money out of the more than three billion dollars of surplus in the state treasury to pay off the county road bonds that fall due the next two years and hoped to see the Legislature pass a law to that effect. He also believed the state should do all that it is able to do financially for the building of schools and advancement of education.

Following temporary roll call and reports from the various caucuses the convention recessed for one hour, reconvening at 2:15.

A telegram was read from Senator T. Coleman du Pont, expressing regret at his inability to serve as delegate, but stating that his health was improving rapidly and that he expected to resume his duties in Washington December 1.

Mrs. Julia H. Ashbrook, as vice-chairman of the Wilmington City Committee, in the absence of City Chairman Isaac R. Brown, called the Wilmington caucus to order in the Opera House. State Senator LeRoy Kramer was elected chairman, Harold S. Creamer secretary and Mayor Forrest vice-chairman of the caucus.

At the rural New Castle county caucus, James G. Shaw, of New Castle, was unanimously endorsed as the candidate for Insurance Commissioner. This followed the action of the Wilmington caucus in naming Howard M. Ward for State Treasurer. The caucus was called to order by State Treasurer Thomas S. Fouracre, of Middletown, chairman of the Second District Committee: S. P. McFarlan, of White Clay Creek Hundred, was made chairman and Harry G. Little secretary.

Robert K. Jones, county chairman, called the Kent county caucus to order. Former Governor William D. Denney was made permanent chairman with Mrs. Frank Hall Davis, also of Dover, secretary Edward Baker, of Dover, was the Kent county caucus selection for State Auditor of Accounts.

Thomas R. Ingram, of Lewes, presided over the Sussex caucus, J. Clarence Lank, of Milton, was secretary. George A. Short, of Georgetown, nominated Chester V. Townsend of Dagsboro, for Insurance Commissioner, and S. Harrington Messick, of Bridgeville, nominated John T. Vandenberg, of Bridgeville. The vote was 32 to 9 in favor of Townsend, and on motion of Mr. Vandenberg the nomination was made unanimous. The caucus adopted a resolution offered by Daniel Burton, of Millsboro, recommending the repeal by the next Legislature of the direct primary law in Delaware, as cumbersome and unsatisfactory, and not to the best interests of the state.

The new Republican State Committee as elected by the various caucuses and approved by the convention, follows:

Wilmington—William J. Highfield, Miss Elizabeth M. Bullock, Charles H. Colburn, Mrs. Carrie M. Pipes, Dr. H. W. Briggs, Mrs. Martha J. Scho-

field, Charles H. Grantland and Mrs. Jennie M. Deakyn.

Rural New Castle—First group, Mrs. Delaware S. Wright and Harry G. Little; second group, General J. Austin Ellison and Mrs. Beatie Whittingham, of Newark; third group, J. Everett Walls and Mrs. Mary O. Money. Committee at large, William Saunders, of Newark.

Kent—Charles Henratty, Smyrna; William D. Denny, Dover; J. H. Stanton, Milford; Alfred Raikes, Dover; Mrs. Frank Hall Davis, Dover; Mrs. Irene Keith, Smyrna; Mrs. Jeanette Buckingham, Dover; and Ruth Weston, West Dover.

Sussex—Dr. Frank L. Grier, George Elzey, George S. Williams, Mrs. Lena Birdie Long, David Boyce, Eunice Messick, Mrs. Lena R. Anderson, Mrs. Harmon.

Following the required adoption of a party emblem and a resolution on vacancies which may occur in the State Committee, the convention adjourned.

WEDDINGS

BROWN-CHALLENGER

A wedding of interest to Newark is that of Miss Dorothy Brown, daughter of Mr. and Mrs. Thomas Morrison Brown of Mount Washington, Baltimore, and John Franklin Challenger, son of Mrs. Herbert Rice, of Claymont, last Saturday afternoon, at the Mount Washington Presbyterian Church, Baltimore.

ALL KINDS OF PEOPLE

Once a capricious insect gayly escaped its environment, and left its fellow-insects behind while it travelled far and wide in regions unknown and uncharted. It chanced to fly dangerously near the face of an artist, a sculptor, as he modeled and plied his clay.

He brushed the insect away. It flew back. There was tenderness, pity, in the heart of the artist as he worked and wondered about himself and about the things he had learned, and about the people he knew and didn't know. But he went on with his work.

He tried to make beautiful the object his hands were passing

over. There was sweat on his face; and, once, he sighed.

He tried to forget the irritating insect that obstructed, flew before, his vision. A low laugh came out of his lips. Once, he yawned. He was tired. He was seldom angry. The insect flew close against his eyes.

"I could but I would not hurt it," he said.

Then he gave a terrific blow of his breath and one of the wings of the insect disintegrated into a fine powder; it was so fragile. The insect fell to the ground, broken.

The artist went on with his work. He failed to even glance at the tiny thing trying to crawl away.

The Hardest Test a Water-Cooled Car Ever Took

Star Four Touring

Driven 100 Miles in Low Gear Without Stopping

NO OIL OR WATER ADDED

WHAT OTHER WATER-COOLED CAR CAN DO THIS?

THE AFFIDAVIT BELOW TELLS THE STORY:

State of Delaware,
County of New Castle.

Newark, Delaware,
September 13, 1926.

Before me the undersigned authority, on this day personally appeared Daniel H. Rutter and Raymond V. Buckingham of Newark, Delaware, who being duly sworn do depose and say that the statements herein made are true and correct.

1. The car used was an ordinary stock car in every detail.
2. The distance the car was run on the test was 100 miles.
3. That it was never stopped, never out of low gear or even coasted.
4. That no oil or water was added during the test.
5. That no adjustment of any kind was made.
6. That at the end of the test the gas, oil, and water were measured.
7. That 10 3/4 gallons of gas were used.
8. That no oil was used.
9. That 1 1/2 pints of water refilled the radiator.
10. At no time did the motor heat or water boil.
11. That the time was 8 hours and 42 minutes.
12. That there was no apparent damage of any nature to the car.

Sworn to and subscribed this 13th day of
September, 1926.—Daniel Thompson, N. P.

(Signed) RAYMOND V. BUCKINGHAM
DANIEL H. RUTTER

NOTE—In low gear the motor would run over three times as fast, consume three times the gas and generate three times the heat, yet it ran cool during the entire run.

Delaware Has 24 Millionaires

There are 11,000 millionaires in the United States, and of that number Delaware has 24, more than its proportionate quota, it is estimated by Joseph S. McCoy, government actuary, United States Treasury, in an article in the current American Bankers' Association Journal, which points out that this means that one person out of every 10,450 Americans has accumulated a fortune of \$1,000,000. Mr. McCoy declares the nation has its first billionaire. The article says:

"Latest preliminary figures by the Bureau of International Revenue indicate that for 1924 seventy-four individuals made returns for income tax whose net income was acknowledged to be in excess of \$1,000,000. This means their entire income, less all allowable deductions. The total net income of these seventy-four was returned at \$154,852,709, an average of something over \$2,000,000 each. Thirty-six had incomes not in excess of \$1,500,000. Incomes in excess of this amount, but not in excess of \$2,000,000, numbered thirteen. Incomes over \$2,000,000, but not over \$3,000,000, were fifteen. There were four incomes between \$3,000,000 and \$4,000,000, three with between \$4,000,000 and \$5,000,000, while three individuals returned incomes in excess of \$5,000,000. These three returned a total income of \$27,955,319, an average of over \$9,318,000.

"In addition to those with annual incomes in excess of a million dollars are the people who are actually worth a million dollars or more, although their income may be much less than a million. An American with one million dollars cash capital invested in government bonds at par, paying the Liberty Loan rate of interest of 4 1/2 per cent, would have an income of only \$42,500. The individual who receives an annual net income of \$50,000 exclusive of personal services, it would seem safe to say, is a millionaire.

More Than Double Since '14

"The Internal Revenue report for 1923 shows that, of 7,698,321 returns, 8,600 were made by individuals whose wealth was probably in excess of \$1,000,000. In 1914 there were probably about 4,500 millionaires in the United States. This number increased to about 6,600 in 1915, to about 10,900 in 1916, and to about 11,800 in 1917, the maximum number of American millionaires at any one time, due probably to war conditions. At the present time there are probably about 11,000 American millionaires.

"The increase in number from 1923 has been caused by the wonderful prosperity of corporate business. This has occupied since the removal of the burdensome excess profits tax that was levied upon corporations as a war measure. This tax produced the largest revenue ever derived from a single source of taxation in a single year of which the world has any record. During 1918 over \$2,505,000,000 accrued from corporations on account of this tax.

"The statistics show the squeezing out of many of our war-made millionaires. By 1923 some 2,800 of these were no longer in the millionaire class, many had even totally disappeared from the list making income tax returns, while others made returns of comparatively small incomes. In 1914 the number of American millionaires was about 45.44 per each 1,000,000 of population. In 1923 it was about 77.30 while today it is about 95.22.

Distribution of Millionaires

"The distribution of millionaires by states for 1923 was: Alabama 26, Arizona 7, Arkansas 24, California 470, Colorado 44, Connecticut 180, Delaware 24, District of Columbia 86, Florida 51, Georgia 42, Hawaii 30, Idaho 1, Illinois 800, Indiana 85, Iowa 33, Kansas 17, Kentucky 32, Louisiana 35, Maine 30, Maryland 129, Massachusetts 610, Michigan 312, Minnesota 110, Mississippi 14,

Like Old Shoes

How much a man is like old shoes! For instance, both a sole may lose; Both have been tanned, both are made tight.

By cobblers. Both get left and right. Both need a mate to be complete. And both are made to go on feet. They both need healing; oft are sold. And both in time shall turn to mold. With shoes, the last is first; with men, The first shall be the last; and, when The shoes wear out, they're mended new;

When men wear out, they're men dead, too.

They both are trod upon, and both Will tread on others, nothing loath. Both have their ties, and both incline, When polished, in the world to shine. And both peg out. And would you choose

Army Enlistments Show An Increase

The popularity of the U. S. Army is increasing.

To support that statement Major General Charles P. Summerall, at his headquarters on Governors Island, N. Y., has announced that enlistments of young men in the Second Corps Area for the month of August far exceeded the figures for the same month in every year since 1922.

A compilation of enlistments in the six recruiting districts of the corps area show that 699 young men were accepted for organizations of the army in Panama, Hawaii, Alaska, the Philippines and China as well as for organizations within the limits of the corps area itself. New York City contributed 253 of this number; Buffalo, 141; Newark, N. J., 133; Syracuse, 92; Albany, 45, and Camden, 35.

In the past four years New York City during the month of August has sent 656 representative young men into the olive-drab uniform of the Army. Buffalo was second with 327. The four other districts were: Newark, N. J., 313; Syracuse, 289; Albany, 150, and Camden, 75.

According to General Summerall, there still are a few vacancies in the garrisons of Panama, Hawaii and the Philippines, and at the posts in New York and New Jersey.

Unselfish Matrimony.—A clergyman whose wife is noted for her extreme plainness was lecturing a Sunday-school class of boys on politeness. "When a plate of apples is passed to you," he said, "never take the best looking one."

From the back row came in a low tone: "I'll bet that's the way he picked his wife."—Springfield Union.

Modern Health Crusade In Delaware

Four thousand public school children of Delaware who won the title of Squire in the Modern Health Crusade last year, started this month on the new course seeking to win the title of Knight, in the competition staged by the Delaware Anti-Tuberculosis Society. Those who failed to complete the Squire course last year are taking it up this fall. Mrs. Edna Palmer Upton, Executive Secretary of the Society told the Sussex County Teacher's Convention at Georgetown on Saturday. In speaking of the work Mrs. Upton said:

"There are many good methods of teaching health. One of these is the Modern Health Crusade. From the results obtained last year we believe this health program will aid the teachers in carrying out the health aim. We know that children learn by action and the Modern Health Crusade has this most fundamental basis.

The child does things, he lives his health teaching, he applies his hygiene course. Action is the keynote. The Crusade program is unique in its equal to the child's imagination, another basic instinct of child life. The Knight, the pageantry and the picturesqueness of the crusade arouse the child's love of imitation. It thus supplies the play instinct.

"Competition and rivalry are vital factors. Children will learn by competition what they will never learn from precept. The recognition that the child's standpoint is the main factor of consideration accounts for the success of the Crusade. Activity, Pageantry, Competition and Awards, these are the four great factors in the crusade program, every one of which is most vital in its appeal to a child's interest.

"It has been generally found that where a teacher will undertake the

SANDWICH FILLINGS

1. Cream cheese, chopped stuffed olives, dash of onion juice, green pepper, salt. Use one jar any kind reliable cream cheese, and one bottle stuffed olives. Mix all together, with enough olive oil to spread easily. Spread between thin slices of unbuttered white bread.

2. One cup chopped nuts, two tablespoons brown sugar, sprinkle of cinnamon, two tablespoons thick sweet cream. Mix and spread between slices of buttered bread.

3. Four hard-boiled eggs, salt, 1/4 teaspoonful vinegar, one tablespoonful sugar, 1/4 teaspoonful olive oil, or enough to mix to a consistency to spread. Chop eggs fine before mixing. Spread between slices of white buttered bread.

4. One quart peanuts ground through food chopper, mix with enough mayonnaise to spread, add a little salt, spread between thin slices of brown bread, or butter thins.

4. Four hard-boiled eggs, chopped fine. Grate one-quarter pound good cheese; add one teaspoonful Worcestershire sauce, dash red pepper, one-half sweet pepper chopped fine. Mix with sufficient olive oil to spread.

6. Grind one-quarter pound of boiled ham and a small onion together. Mix with mayonnaise and spread on thin slices of brown bread.

GET ANYWHERE

A mid-west farmer, after a visit to Congress, summarized his impressions by saying: "It's just like some of these new dances—they make a lot of motions but they never seem to get anywhere."—Judge.

work with even a moderate amount of enthusiasm she will get results. Any health program to be successful must be a living vital part of the whole school curriculum. It should be closely tied up with the other lessons. The stories of King Arthur and his Knights are found in the reading lesson and give a fine background for the Health Crusade. Arithmetic lessons offer an opportunity to work on problems of percentage in gains in weight, etc.

"After the chores have been carefully discussed the daily recording should take only a few minutes, but the opportunity to teach fair play, accuracy, neatness and loyalty should not be overlooked. If the chores are developed gradually, if plenty of time is given in practicing the recording and if the spirit of recording is worked up correctly, there should be little trouble about falsifying records.

"The child does not have anything impossible to win his reward. The chores are simple and it is not necessary to have a perfect record. The first year the title of Squire and the Squire buttons are given to the pupils who for twelve weeks do three-fourths of the chores, or 54 chores a week. The second year the title of Knight is given, the third year Knight Banneret Constant. The Crusade is most successfully used in the third, fourth, fifth and sixth grades. In the rural schools all the pupils may be enrolled if they desire. At the end of the Crusade the pupils take their chore folders home for the parents signature."

No Rain Last Year; Too Much This Year

To those who are complaining of so much rainy weather, we quote from the issue of The Newark Post, one year ago: "The Newark territory is still in the grip of the most severe drought of the year despite the storm which raged here for a few minutes last night."

"Accompanied by continuous lightning flashes, the storm broke shortly before ten o'clock, standard time. . . . In five minutes the rain had ceased. Farmers this morning were of the opinion that the downpour gave little relief."

"Scores of farmhouse wells have been dry for over a week, necessitating the carrying of water from nearby spring houses. A Newark man owning a large farm near town reported to The Post Monday night that for the first time in twenty years a stream on his place has gone dry. . . .

"While the signs during the past two days point to rain, it will take, in the opinion of most farmers, a downpour of several days duration to relieve the parched soil. Meanwhile, fall plowing time is being delayed and the general farm work upset by the drought."

In Training.—Children at Meavy, Devon, are called to school by the beating of a drum. They complain that the exercises doesn't seem to tire teacher's arm.—Passing Show (London).

SICK

Miss Kathryn Holton returned Sunday evening from the Homeopathic Hospital, Wilmington, where she had undergone an operation for removal of tonsils.

Mr. Fred Strickland, who has been ill, is out again.

Mr. William Lasher, who has been ill at his home on South College avenue, is reported as improving.

Mr. S. J. Wright, who has been on the sick list, was reported as much improved last evening.

A skin disease known as impetigo has been prevalent among school children in this town, and parents are warned that the disease is contagious.

Mrs. James Wilson, of Philadelphia, underwent a serious operation at the

Hahnemann Hospital yesterday. Mrs. Wilson was Miss Amanda Smith, of this town.

Delaware Day Historic Occasion

(Continued from Page 2.)
The coat of arms of Delaware
and that is all.

Building Picturesque

The simplicity and restful atmosphere about the place are what has secured the reputation for the building as being one of the best on the Sesqui grounds. There is only one large room, fitted purposely for a rest room. The floor is of brick, laid in patterns which recall the brick floors laid in many of Delaware's cherished old buildings. In the cold weather the comfortable atmosphere will be increased by burning logs on the fireplace.

The ceiling is paneled with a number of small latticed panels, forming a border for three larger and central panels which are decorated with colored hunting, festooned and draped in a central panel. The central panel holds the national colors while the panels on either side hold the state colors.

The exhibits are not ostentatious. Even these are within the realm of Colonial simplicity. Historic paintings and portraits by Delaware artists are hung about the room, the artists being those who have long depicted Delaware's action in the making of the Union. Among the painters are Howard Pyle, Frank Schoonover, and Stanley Arthurs. The story of the Comestoga wagons leaving the du Pont Powder works with ammunition for the American fleet on the Great Lakes during the War of 1812, is told in a canvas by Mr. Pyle. This was the last picture the great artist painted before his death. There are also pictures of Caesar Rodney entering the State House at Philadelphia, also pictures of Old Swedes Church and the Old Town Hall.

On a table in the center of the room is a large bust of the Earl of Wilmington, sculptured by Alice Gage Baker in 1925. The figure is huge and shows intimately the features of the man's face.

70,000 Visitors Sign Register

Industrial, agricultural and commercial exhibits are not shown here, as these displays are in specially reserved buildings. But descriptive folders of Delaware are offered by the University of Delaware, Chamber of Commerce, and other civic organizations.

The Delaware Building was the first state house opened on the Sesqui grounds, and since the dedication on May 30 more than 70,000 persons have visited the building and signed their names on the register. On Labor Day it is estimated that about 1,500 spent some time in the building.

State Representative James C. Hastings, of Newark, who is secretary of the Delaware House Commis-

Friday Jinx Not Altogether American

The Friday superstition, according to the Mentor, varies in character and degree, but it is in most of us. There are some who would never start a long journey, or transact any essential business on Friday. Others—even those that hoot the suggestion that they are superstitious—often find it just "convenient" to postpone until another time anything they consider important.

Yet American history is filled with important incidents that occurred on Friday. In fact, we of the Western Hemisphere would never have come to be what we are if it had not been for a lot of events that happened on Friday.

On Friday, October 12, 1492, Columbus discovered the Western Hemisphere. Land was reported by one of his sailors, Rodrigo de Triana, at 2 o'clock in the morning.

On Friday, March 6, 1498, Henry VII gave John Cabot his commission to pursue the discovery of America, which resulted in the finding of North America.

On Friday, August 22, 1609, Henry Hudson discovered the Delaware River.

On Friday, September 11, 1609, the Half Moon entered New York Bay.

On Friday, August 21, 1620, the Pilgrims sailed from Southampton in the Speedwell.

On Friday, February 22, 1732, George Washington was born.

On Friday, June 16, 1775, Bunker Hill was seized and fortified.

On Friday, October 17, 1777, Burgoyne surrendered at Saratoga.

On Friday, September 22, 1780, Benedict Arnold's treason first came to light.

On Friday, October 19, 1781, Lord Cornwallis surrendered at Yorktown.

sion, is proud of the attendance and the way the building has been kept up. He is at the building every day from 9 o'clock in the morning until 6 o'clock in the afternoon, most of the time receiving visitors.

The register sheets are most interesting and show a cross section of Delaware's population. Already about 1,500 have been filled, and after the Sesqui they will probably go to the state archives. Glancing over the signatures, one sees names representing old Delaware families, Rodney, Clayton, Robinson, Talley, Janvier. Many of those who sign also give their present home and then will designate that they were born in Delaware, for an example, "Mrs. Virginia Alrich Gale, Baltimore, Delawarean by birth."

The register shows visitors from every state in the Union, and from abroad, including Germany, France, and even Japan.—William P. Frank in Every Evening, September 10.

TOO MANY AT THE TABLE

Nobody seemed to take much notice of Green at the office dinner, and he was beginning to feel somewhat bored when he was called upon to make a speech. Green stood up and glanced around the walls of the dining hall, noting with keen relish the works of art that adorned them. Then he began his speech by paying a compliment to the women of the staff. Pointing to the wonderful paintings with outstretched arm, he remarked: "Gentlemen, what need is there of all these painted beauties when we have so many with us at the table?"—Pittsburgh Chronicle-Telegraph.

The Republican State Platform

(Continued from Page 4.)

true interests of the farmer should not be betrayed for the sake of a doubtful political advantage.

SEVENTH, We regard a protective tariff, for which the Republican party has always stood, as one of the principal causes of the prosperity of the past few years. A protective tariff, which insures the stability of American industries and the steady and remunerative employment of American workmen, is vital to both industrial and agricultural pursuits throughout the whole country.

EIGHTH, The Republican party stands for the strict enforcement of all State and Federal laws. It is the duty of every good citizen to uphold and obey the law even if objectionable and unpopular. The remedy of objectors to such laws is to secure their repeal by legislative action.

NINTH, So far as our State, county and municipal governments are concerned, we recognize the urgent need of the application of the methods of systematic economy as adopted by the national government, and we recommend that the incoming legislature, by consolidation or otherwise, should sensibly lessen the total expense of the numerous commissions which have been created in the past.

TENTH, No consideration of advantage will ever make the community deem the slightest tax as a privilege, and for this reason taxation should not be exorbitant or excessive, no matter how worthy its object.

ELEVENTH, We recognize the fact that many of our school buildings require reconstruction or considerable alteration, but we believe that these improvements should be reasonable and without extravagant or unnecessary ornamentation and should be made upon the basis of rigid economy and with due regard to maintenance costs. We further believe that such improvements should be made upon the "Pay as you go" principle, and controlled by legislative action.

TWELFTH, We heartily commend our State Highway Commission for the construction of roads which most strongly appeal to all who have occasion to use them. In the interest of safety, economy and durability we favor the general supervision by said commission of all public roads in the State. As good roads are no longer merely avenues of pleasure, but have become important channels of transportation, we thoroughly approve of the existing legislation in regard to our highways as well as their use and upkeep. We recognize that continued road improvement will increase local taxes and impose on rural communities tax burdens which may become very onerous, therefore, the construction and maintenance of all improved public roads at the expense of the State in connection with the Federal road-building program. We further recommend the assumption by the State of the bonds issued by the several county governments to aid in the construction of our present State highway system, provided that the roads be taken over by the State Highway Commission and the bonds bear no higher rate of interest than the State highway bonds and that they be subject to similar conditions in regard to interest payments and ultimate redemption.

THIRTEENTH, We deplore the ever increasing tendency to crimes of violence, almost always for the purpose of robbery and frequently attended by murder. We confidently trust that the full and prompt punishment of all offenders under the existing penalties of our Delaware laws decrease this class of crime so far as our State is concerned.

FOURTEENTH, We welcome the practical completion of the sea-level canal across our State as part of a comprehensive development of inland waterways which promise lowered transportation charges for products adapted to water-borne traffic and we pledge our representatives in Congress to support a system of inland waterways extending from Cape Cod to Florida, which will not only be an immense gain to commerce, but will afford important protection to our country in case of foreign invasion.

FIFTEENTH, We favor the continuous and enforcement of all laws intended for the protection of women

Vulcanized Fibre Company Picnic

About fourteen hundred persons, officers and employees of the Vulcanized Fibre Company, with their families and friends, enjoyed a picnic last Saturday, which was the treat of the company, of which J. W. Marshall, of Yorklyn, is president, and John K. Johnston, of this town, is vice-president.

The Newark party went to Wilmington by special train, where they were joined at the wharf by those who had come by buses from Wilmington, Yorklyn and Kennett Square. From Wilmington, the trip up the river as far as the new bridge was made on the "State of Pennsylvania." On the return trip, the party landed at Riverview Beach at 2 o'clock, from which place they left at 9:30 for the return to Wilmington. The Newarkers carried off the honors in the baseball game with Yorklyn, winning by a score of 8 to 1.

The committee in charge of the picnic was: Mr. T. C. Taylor, of Wilmington, chairman; Mr. Schumacher, of the Yorklyn plant; Messrs. Harry Chandler and Whitaker, of the two Kennett Square plants; Mr. M. D. Darrell, of Wilmington; Mr. William Marr, of the Paper Mill, Newark; Mr. D. A. McClintock, of the Fibre Mill, Newark.

and children engaged in industrial pursuits, as well as of our effective laws for the protection of the feeble-minded, and believe that the disbursement of adequate funds for their protection has the general approval of the taxpayers.

SIXTEENTH, We recommend the reasonable and proper disbursement of State funds for the rehabilitation and protection of our woodlands and encouragement of the planting of trees on unproductive lands so that the same may be utilized for the growth of timber and conservation of moisture.

SEVENTEENTH, We further recommend that proper steps be taken, as far as possible, for the promotion and conservation of the sea-food products of our State, which are not only highly important in themselves, but upon which a large number of our citizens are dependent for a livelihood.

We submit the above declaration and recommendations to the voters of our beloved State, in the confident belief that one of our main needs is fewer laws and better enforcement of those which now exist.

The officials and members of the Delaware D. A. R. have been invited to be at the Sesqui-Centennial Exposition on Delaware Day, September 20.

The State Regent and the four chapter regents will be among the hostesses. They are: Mrs. J. Pearce Cann, Newark, State Regent; Mrs. Ernest Frazer, Newark, regent of Cooch's Bridge Chapter; Mrs. Anna Bernard, Smyrna, Elizabeth Cook Chapter; Mrs. Walter Morris, Dover, Colonel Haslett Chapter, and Mrs. John Brady, Wilmington, regent of the Caesar Rodney Chapter.

MOVIE BUS PASSES THROUGH

Out On Location To Take Picture: "Extras" Present.

Last week a motor caravan of the Warner Brothers motion picture concern stopped in Newark for a short time. They had been out on location, filming a picture down in Maryland. In the two buses which made up the party were about eighteen "extras" and the camera-men.

RURAL TEACHERS TO HOLD CONFERENCE

The annual conference of rural school teachers of this county will convene Saturday, September 18, at the Wilmington Trade School, Sixth and French streets. Prominent educators will discuss rural school problems.

MINDED HER OWN BUSINESS, ANYWAY

An old farmer was driving a mare that interfered very badly. A passing friend, observing the mare's antics, cried out:

"Say Si, that mare of yours interferes pretty bad, don't she?"

Si paused, spat voluminously, and shrilled:

"Yeh, she interferes, all right; but she don't interfere with nobody but herself!"—Everybody's Magazine.

UNKIND

A drummer, being very fond of corn on the cob, ate ear after ear. Finally the pretty waitress, after she'd brought his fourteenth or fifteenth ear, said tartly:

"Don't you think you would save a dollar or so a day if you boarded at a livery stable?"—Life.

THE PURPOSE OF LAWS

For all laws (said they) be made and published only to the intent that by them every man should be put in remembrance of his debt to More, in "Utopia."

"Man's happiness consists in his being able to preserve his own essence."

CHURCHES

The Methodist Episcopal Church

The Central Church—Rev. Frank Herson, Minister

10 a. m., Session of the Church School. Lesson subject, "Obedience to Law." Building Fund Sunday will be observed.

11 a. m., Morning worship and sermon. Subject, "Christian Ability."

7:30 p. m., Evening worship and sermon. Subject, "God's Call."

The Methodist Men's League will meet on Tuesday evening, September 21, at 7:30.

The Cradle Roll Department of the church will hold its first annual meeting in the lecture room on Thursday afternoon, September 16, at 2:30, daylight saving time. Every mother is invited to be present and bring the baby. Refreshments will be served. The banks will be opened and the proceeds devoted to the building fund. There are 115 babies enrolled. The following program will be presented:

Devotions, the Minister; piano solo, Lydia Kenning; recitation, Mrs. Orville Otter; trio, "Pal of My Cradle Days," the Day children; Duett, Adella and Margaret Dawson; piano solo, Miss Bonnie Walker; recitation, Mrs. Orville Otter.

First Presbyterian Church

Reverend Everett Hallman, Pastor

Sabbath School 9:45, standard time; Morning service, 11:00; Christian Endeavor, 6:45; Evening service, 7:30.

Next Sunday at the morning service the speaker will be Mr. William A. Derstine, who will present the Near East Relief cause. Mr. Derstine is a very forcible speaker, and his address will be the more interesting because he has been engaged in active relief work on the field and has a fund of first-hand information.

St. Thomas' Church

Reverend R. B. Mathews, Rector

The usual morning prayer and service will be held next Sunday at 11 o'clock. According to the request

of the president and faculty of the University, this service will be especially planned for the students, who are cordially invited to meet with the congregation. There will be no evening service until October.

Summit Bridge M. E. Church

Reverend O. B. Wright, Pastor

Revival services are being held in the Methodist Episcopal Church at Summit Bridge, beginning last Sunday, for two weeks. H. W. Davis, of Cooch's Bridge, is directing the music for the services.

Welsh Tract

Elder T. W. Walker, of Camden, New Jersey, who was to have preached at Welsh Tract next Sunday, will be unable to be with the church at that time.

Rock Presbyterian Church

Rally Day will be observed in Rock Sunday School on Sunday, September 26, at 10:30. Special music.

There will be a poultry supper and bazaar at Rock Presbyterian Church on Thursday evening, September 30.

Lodge Notes

Andastala Tribe, No. 14, of Newport, Improved Order of Red Men, will hold divine services at Red Men's Home, at Newark, next Sunday afternoon at 2 o'clock (standard time). A special sermon will be preached to the Red Men by Rev. John L. Sparklin, pastor of the Newport M. E. Church. The choir of that church will sing several selections at the services. Besides members of the order, the public is invited. The members will go to the Home in automobiles.

Hinnehaha Tribe, I. O. R. M.

Minnehaha Tribe, No. 23, I. O. R. M., adopted a class of pale faces last evening and on next Tuesday's sleep, the Degree Team of Manitow Tribe of Wilmington will confer the Warrior's and Chief's Degree. An interesting program is arranged by the committee and a large crowd is looked for. Refreshments will be served.

Mineola Council, D. of P.

Mineola Council, No. 17, Degree of Pocahontas, will be honored by an official visit of Deputy Great Pocohontas.

TONGUE CUT OUT

A dispatch from Nice, France, reports that a woman there, Miss Jacquin, a Belgian, who was recently released from jail on a charge of talking about her neighbors, came into the police station the other day. She stopped and opened her mouth. Her tongue was cut off.

The woman neither reads nor writes. It is practically impossible to find out how the crime was committed.

A warning is being issued, it is said, to all women who talk about their neighbors.
