# DETERMINED TEAMWORK

---

The athletic teams at the University of Delaware offered a unique perspective to university life. With each season arrived a new starting lineup with new and old faces intermixed. Wins and losses varied from season to season as well as the opponents played.

Many teams this year had winning seasons. The football and basketball teams were again successful as in recent seasons. The football team made it to the third game of the NCAA 1-AA Championship. The basketball team advanced a step further from last season by playing an intense game against the Louisville Cardinals. Even though the Cardinals advanced to the next round, the final score was 76-70 despite the Hens flurry of activity to tie the score in the last minutes of the game.

Other teams had impressive seasons as well. The

first year on a college yearbook staff . . . first year as a college yearbook editor . . . previous yearbook experience in high school . . . belongs to the School of Business and Economics . . . freshman year.

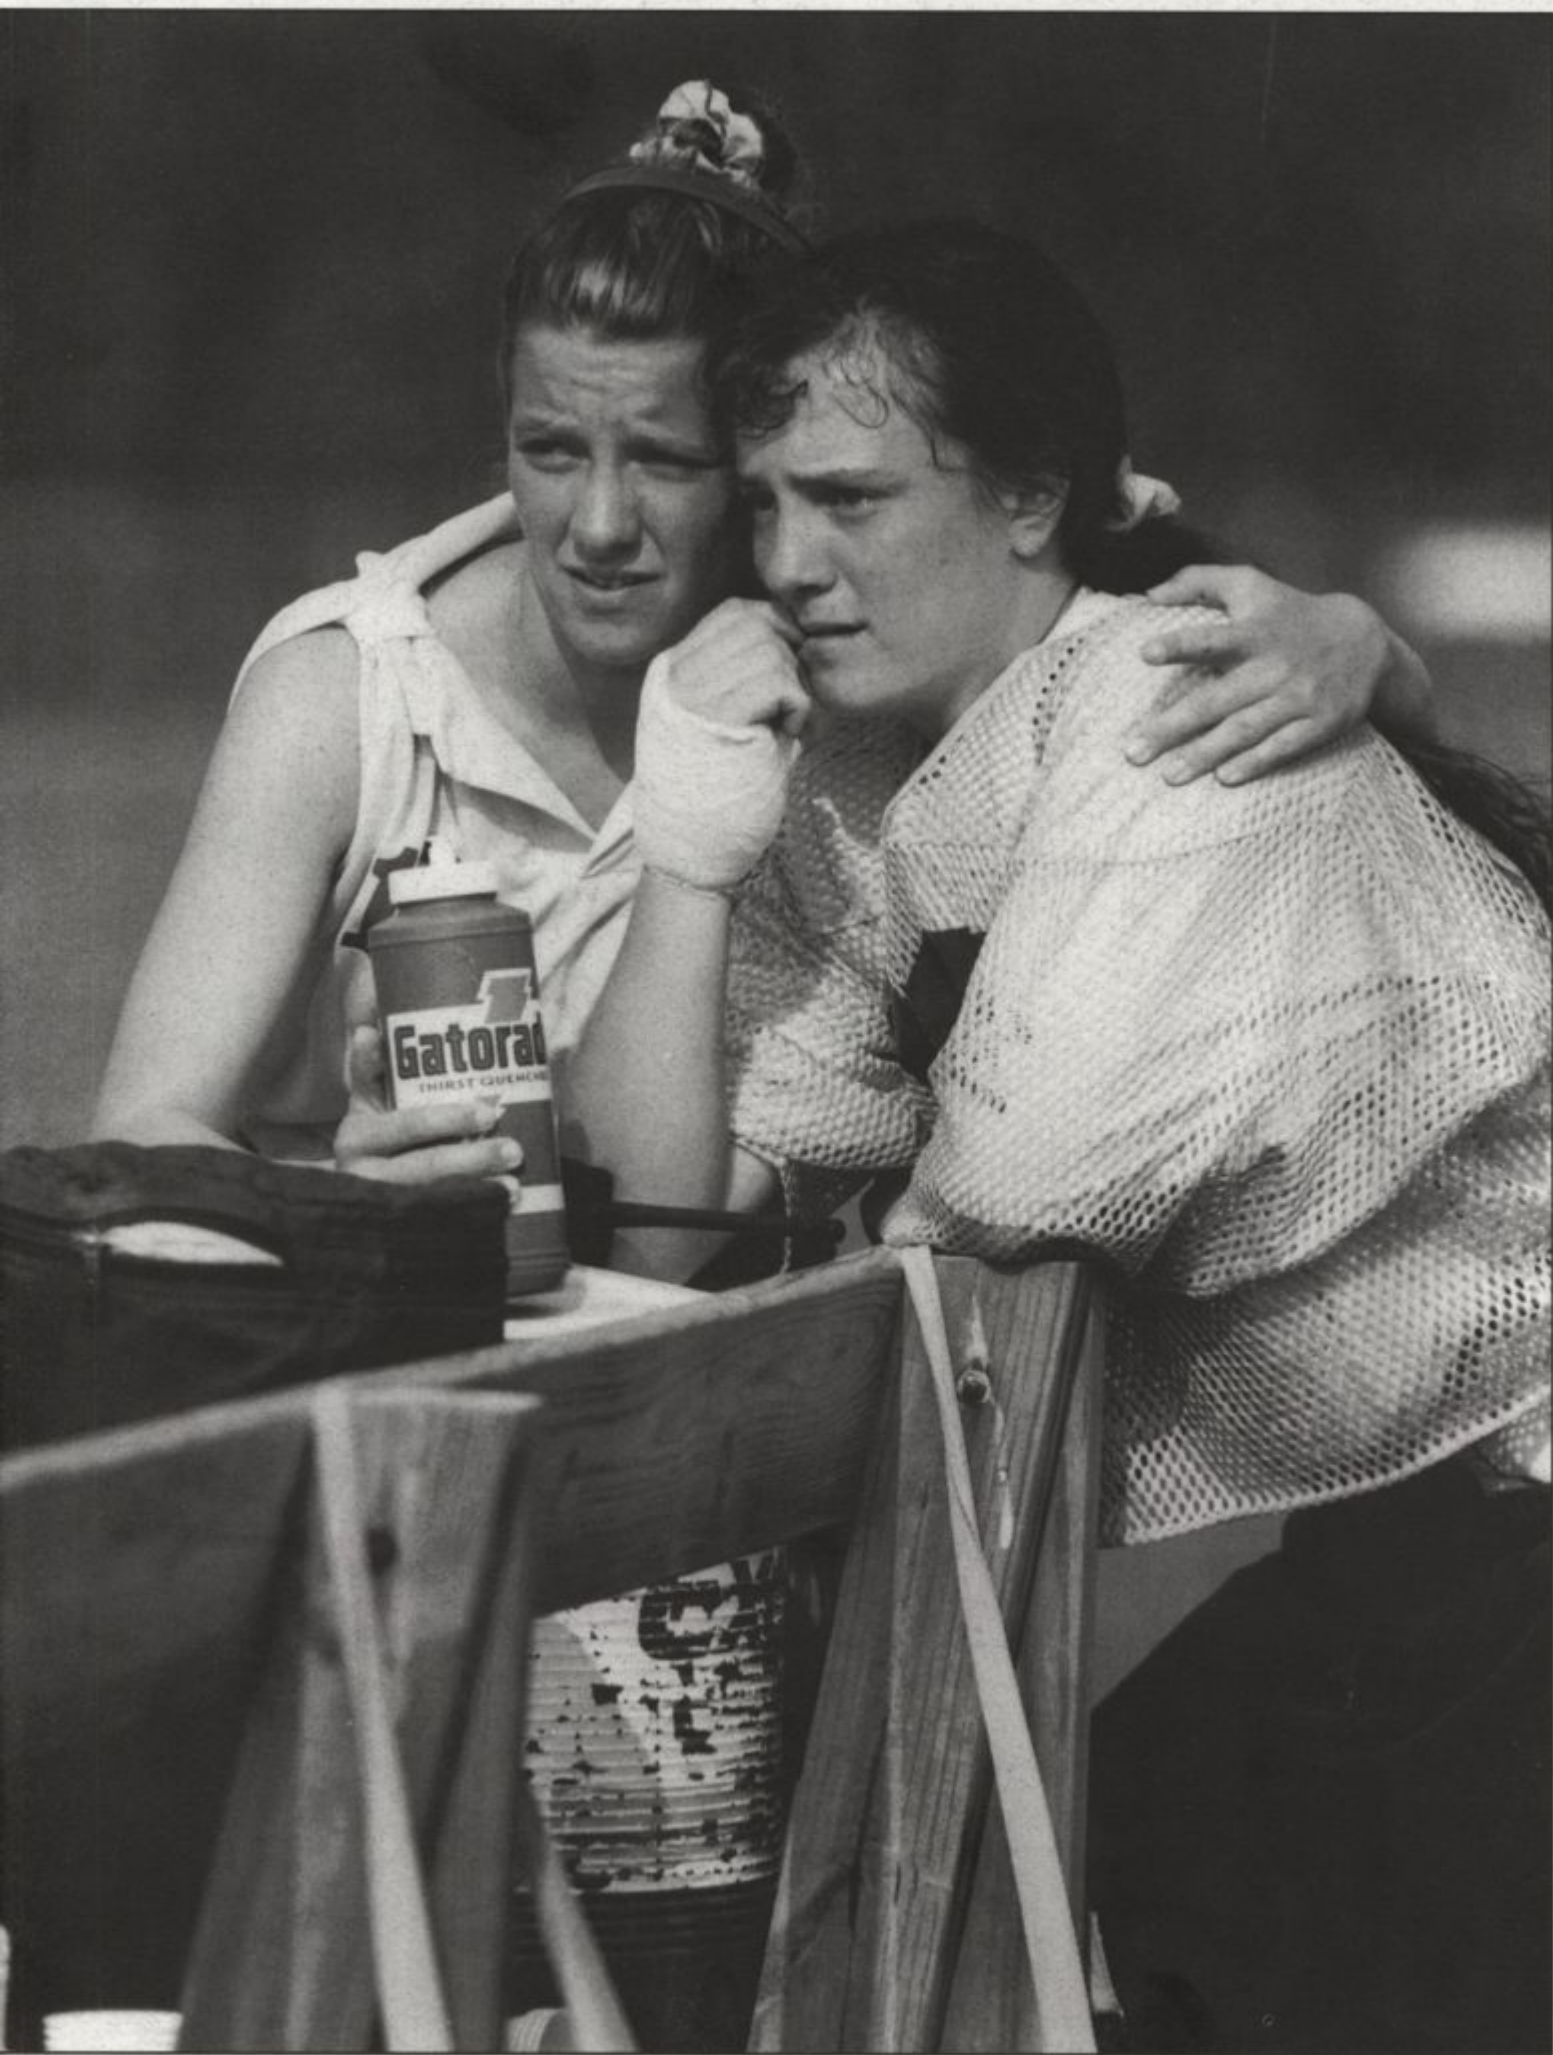

volleyball team won the North Atlantic Conference and qualified for post-season play for the first time in their playing history. The track teams of the university, despite injuries, had members place high in major competitions.

More important than the overall records accumulated

by these sports teams was the desire and commitment towards excellence. Teamwork, patience, determination, and positive attitudes were vital to strengthen a team. Building a truly "winning" team took time, and began with the incredibly dedicated individuals playing on the field, in the court, or in the water. Wherever these individuals practiced and played, they were winners for their unique and commendable effort.

Teamwork and communication were important to the success of the athletic team. Two players consulted each other as they watched the game with intensity.

### football

This year's Fightin' Blue Hen Football team was something to see. This unique team started slowly with inauspicious wins over the University of Massachusetts and the University of Rhode Island and suffered an embarrassing loss to the Division II team of West Chester University. Despite the slow start, the Blue Hens came on with significant wins over Villanova University and won the Yankee Conference Championship outright. They also participated in the NCAA I-AA Championship, beating Samford University and Northeast Louisiana, who were rated #1 for most of the season, finally losing to Marshall University, the eventual National Championship winners.

The coaching staff commented that this year's team was one of the best teams in the history of the University of Delaware. Leading this team were a number of truly excellent players: Bill Vergantino (Sr.), Mark Hrubar (Sr.), Scott Griemsmann (Sr.),

Dan Cooper (Jr.), and Daryl Brown (So.). Bill Vergantino completed his career as a four year starter and broke several of the University's records. Mark Hrubar finished his career as an outstanding defensive lineman. Coming into his own was Dan Cooper, as an excellent spread receiver. Daryl Brown was an exceptional running back who completed the season as the leading ground gainer.

Scott Griemsmann, a three year defensive tackle starter, was injured in pre-season play and was out for the year.

With Tubby Raymond at the helm, more years of entertaining and winning seasons are sure to be a part of the University of Delaware tradition.

— Stacey Lush

# P ositive Attitudes field hockey

The Delaware Field Hockey team had a rough season this past year, going 6-12 overall. They started the season on September 10th with a 2-1 win over Ursinus. Unfortunately, their luck did not hold out throughout the entire season.

Two key players, Kelly Hollinger and Brenda Lear did their best to get the Hen's ahead this past season. Senior, Kelly Hollinger helped pick up a big win over Vermont with a final score of 9-2. The nine goals scored in this game tied a UD record and set an NAC record that was formerly held by Northeastern with six, for most goals scored in a game. Of these nine goals, Kelly Hollinger had seven of them, including a hat-trick. Sophomore Brenda Lear tried to bring the Hen's to victory against the Lady Dragons of Drexel, converting a penalty stroke to a goal. Unfortunately, the Drexel team was able to score twice in the last two minutes of the game.

One impressive win this past season was against Northeastern (1-0), who was ranked number one in the NAC and number five in the nation. Drexel's Lady

Dragons proved fiercer than they seemed to the Blue Hen team, who were prevented from playing in the NAC Tournament this past season because of their 1-3 loss against Drexel.

Five graduating seniors will be greatly missed this upcoming season: Kelly Hollinger, Cassie Herr, Arlene Gregory, Alex Speiss, and Jennifer Daggett. The University of Delaware team had been made stronger because of them.

The University of Delaware Field Hockey team had a uniquely good attitude this past season. According to their coach, Marybeth Holder, this team was "in" every game and they never gave up.

# Bump, set, spike

## volleyball

The 1993 Blue Hen volleyball team has a lot to be proud about. This year's team was extraordinarily talented, winning, for the first time, The North Atlantic Conference championship. They also reigned over their own home tournament for the first time since 1977, their second time ever and qualified for national level, post-season play for the first time since 1979.

Among this team of winners, four key players rise above the rest: Jill Graber (Captain), Jerelyn Lawson, Sarah Fowler, and Phoebe Folke. Jill Graber broke three Delaware records this year, with most assists in a season (1440), most assists in a match, against both Drexel and Penn (52), and most career assists (2,403). Jerelyn Lawson holds positions on five out of six of Delaware's all-time career record lists. She achieved first in career blocks (416), fourth on the dig list (730), sixth on the perfect pass list (513), fifth on the kill list (928), and ninth on the service ace list (928). Sarah Fowler led the team's record this year with 987 kills. She also led the team with 270 perfect passes and is fifth on the perfect passes all-time list (626) as well as getting 526 digs this season, achieving second place on the all-time dig list (1,039). Phoebe Folke led the team in blocking 193 balls, breaking the former record for the most blocks in a single sea-

son. She also made third place on the all-time list with 359 blocks.

Injuries were few this season, with only three major losses. Freshmen Emily Rome and Sue Diener lost considerable playing time this season and K.T. Nieradka was out for the season after suffering a knee injury in her 14th match.

This year, morale was kept high by many key wins, among them, the UMBC Invitational, the Navy Forrester Classic and their own Invitational tournament in the newly opened Bob Carpenter Sports Center. Winning the North Atlantic Conference for their first time ever and qualifying for post-season play at the National Invitational Volleyball Championship in Kansas City, Missouri will not be forgotten soon!

Congratulations are in order for the Blue Hen Volleyball Team this year. The outgoing seniors, Graber, Lawson, Fowler, and Folke will truly be missed. They have contributed much to the program in their careers and will be hard to replace.

— Stacey Lush

## men's soccer

The Men's Soccer team had a tough season this year, going 2-16 for the season. Coach Loren Kline said, at the start of the season, that the team would be a young one, with many of the starters from the season before graduating and Senior Captain Cheyney Meadows out for the season because of knee surgery during the summer. Because of these factors, the Soccer team was not as experienced as it could have been, but fared rather well for its situation.

One key win this past season was against UMBC at 1-0. UMBC had come up against Delaware with only one loss and was ranked highly in their division. Sophomore Mike Nash scored the winning goal mid-way through the second half. Mark

Puican, goalkeeper, was able to keep Delaware on top, with 10 saves during that game.

An exciting game against Hartford was lost, 2-3 in overtime. The Hartford team ended up the NAC Champion and NCAA Tournament team this past season. Delaware had tied up the game at one in the first period off a header from sophomore Andy Bullard and was given a lead by Mike Nash in the second half. Hartford was able to tie from a penalty kick against Delaware and won in the first overtime period.

Senior Captain, Mark Puican had over 83 saves this past year and was ranked second on Delaware's all time list. He will be missed this upcoming season, but the young Delaware team, with its now ex-

perienced players, are looking forward to a fresh start.

The University of Delaware team was truly unique this year due to the relatively young age of the players. Of fourteen letter winners on the team, nine were first time lettermen and six were freshman.

## Women's Soccer

The women's soccer team got off to a slow start losing their first four games, but ended the season with five victories.

The Hens offense was dominated by senior, Jenna Blackmon and sophomore, Kristy Hendrickson. Blackmon was named NAC player of the week for her outstanding play in Delaware's victory over Towson State on Saturday, October 3rd. Her superior offensive abilities will be greatly missed next year. She finishes her soccer career at Delaware with 11 goals and 25 points. These impressive numbers placed her second on the university's career

goal list and third on the career points list.

Kristy Hendrickson lead the Hens offense with seven points this season. Hendrickson's powerful presence will inspire the team to excel next year.

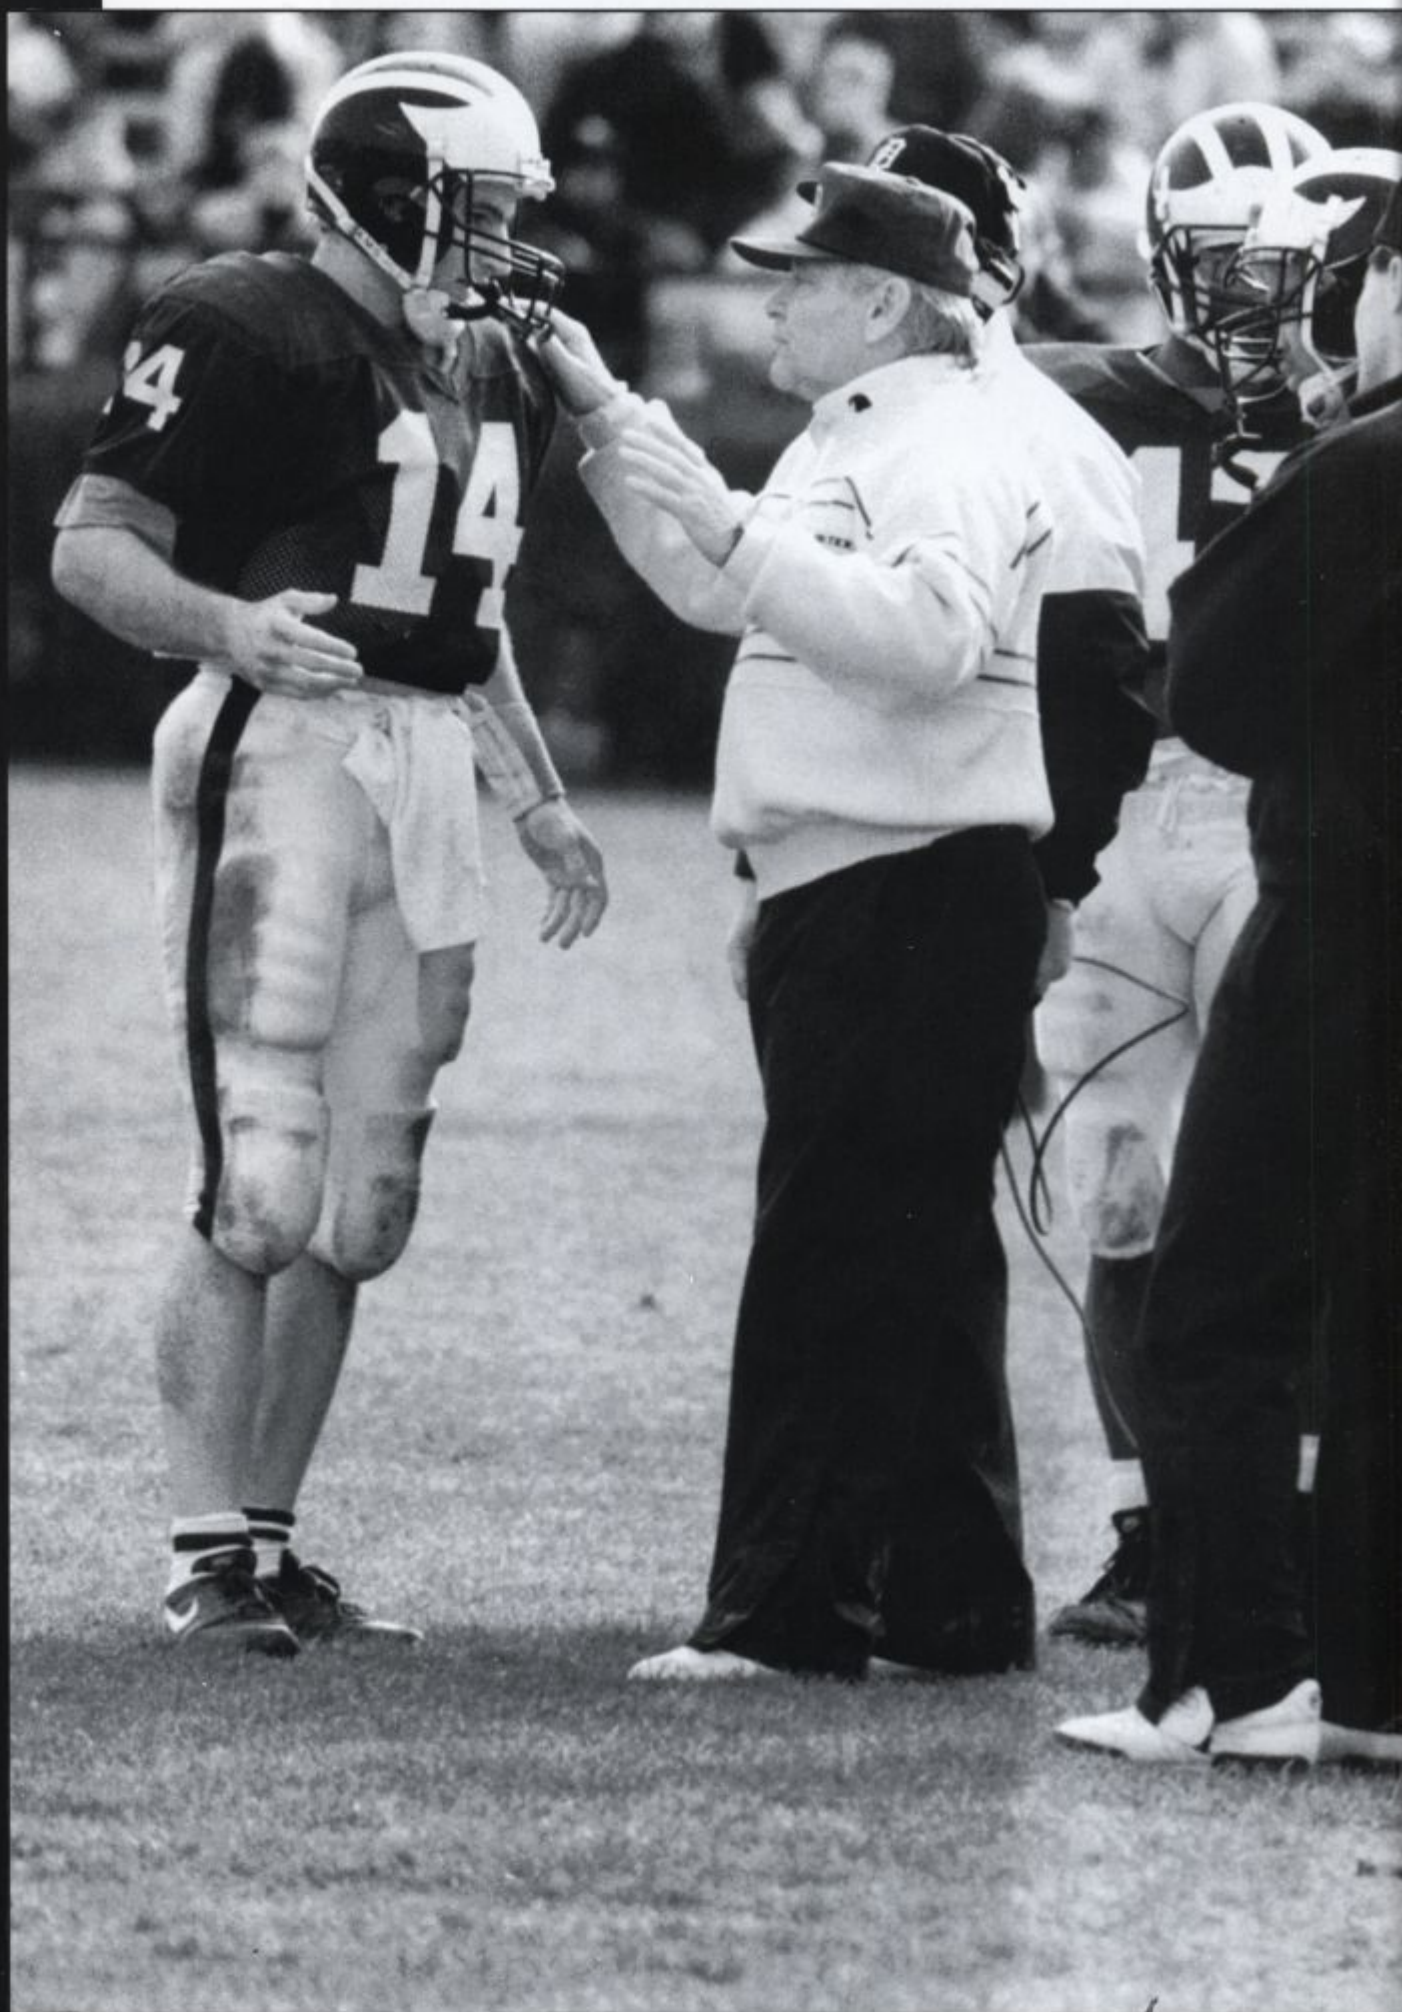

This year, new comer Nichole Shea is truly a unique addition to the squad. Shea earned NAC Rookie of the week for her excellent efforts against Lasalle and St. Francis. She shinned with five points on the season.

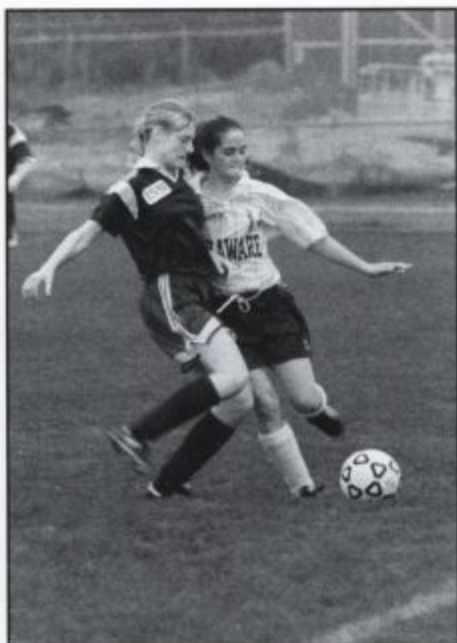

Christy Hendrickson brings the ball towards the goal.

# *Concentration*

# Spirit and dedication

## women's tennis

The new additions to this year's tennis team were not only the three starting freshman, but also the new coach, Laura LeRoy. The past experience of the Delaware alumni helped to bring the talent of the young players together as a team. With Coach LeRoy, the women's tennis team planned to expand their practice time and their season through the spring. This added practice allowed them to be more competitive with the more difficult schools.

Throughout this past season, there were key wins at all of the positions. Freshman Kate Brune was named Athlete of the Week because of her success on the court. Captain Julia Kratzer, a junior, who held the second singles position, was always in high spirits, to keep the team positive, and stayed encouraging, whether the match was won or lost.

This team's spirit and dedication proved very successful, when they beat Villanova for the

first time since 1987, this past season. This young team will be looking forward to a lot of growth and improvement during the next few seasons.

**Roster:** Allison Ashurst, Kate Brune, Judy Faillace, Krista Getty, Amy Gupko, Julia Kratzer, Laura White, Mary Wolfenden, Megan Zusi

# Stepping Up

## Women's Indoor track & field

The Women's Indoor Track and Field Team had a good season this past school year. With Lynn Degelmann (SR), 400m runner, Carmen Matteis (SR), sprinter and jumper, Marnie Giunta (SR), mid distance runner, and Jill Riblett (SR), mid-distance runner, leading the team, the university track and field was in good hands.

Unfortunately, there were some injuries this season. Both Carmen Matteis and Marnie Giunta were kept from several meets throughout the season. Matteis had a knee injury that restricted her abilities and made her drop from a long jumping event she could have

scored in during the NAC Championship. Giunta received a stress fracture, which caused her to miss all but her last two meets, where she could have scored with Delaware's record-setting 3200 meter relay team.

Several contributing team members will be graduating and will be missed in the upcoming season: sprinters, Carmen Matteis, Lynn Dyelmann, Lora Matteis, and Jaoui Tweed and distance runners, Jill Ribblett, Marnie Giunta, and Angie Lyden. Although the graduating players will be missed, upcoming and returning players will fill the gaps to create another winning team.

## AC Champs Again

### Men's Basketball

This year's Blue Hen Basketball team is due a hearty congratulations! This team clinched their second straight North Atlantic Conference tournament title and second straight NCAA berth, with a 67-64 NAC final win over Drexel on March 10, to win the title as one of the very best University of Delaware basketball teams ever. The Hens, second year members of the NAC, were 6-0 all-time in NAC playoff action and were only the second No. 3 seed to win the NAC title in 14 years. The Hens also achieved their second straight 20-win season and entered the NCAA tournament with a 22-7 record. Prior to last

season, Delaware had never won 20 games in a single season or advanced to the NCAA tournament in 86 years of basketball.

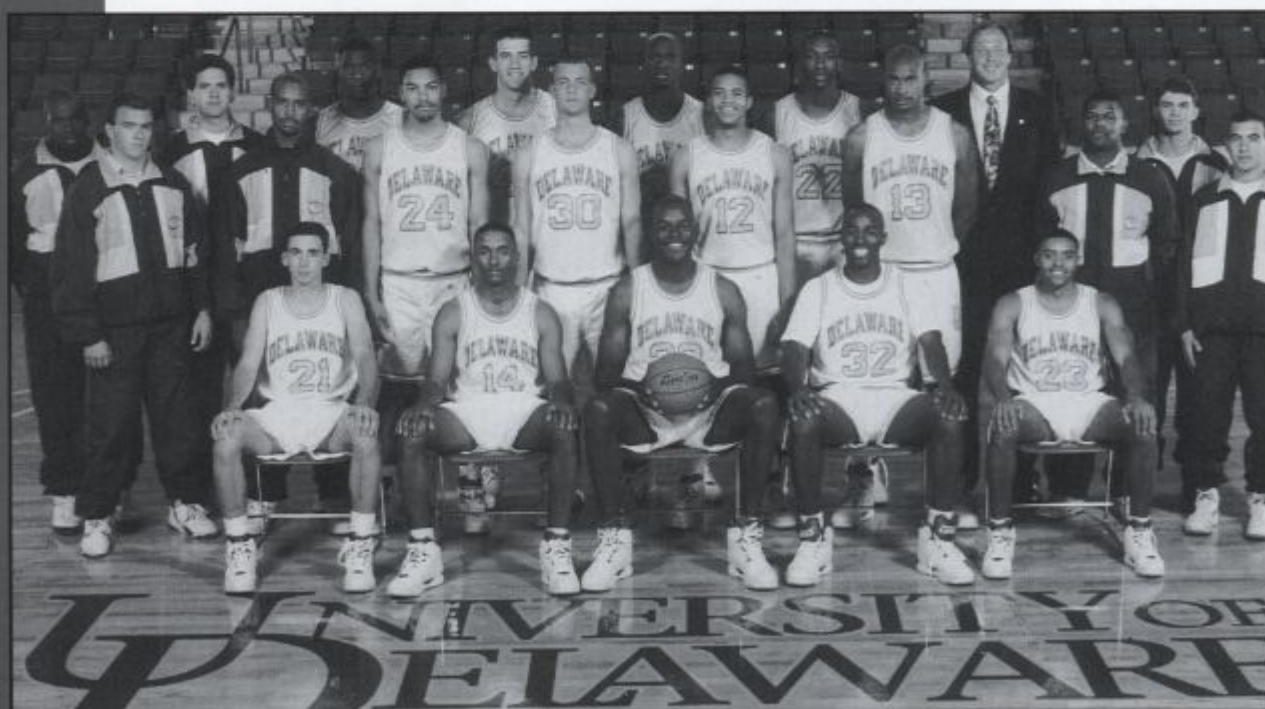

A few key players on this year's team were Spencer Dunkley (SR), Anthony Wright (SR), and Brian Pearl (SO). Dunkley has proved himself to be a very valuable player, ranking 11th on the UD all-time scoring list with 1,142 points, first in both rebounds (909) and blocks (194), and 4th in free throws made (316) and attempted (471). Wright, despite two bulky knee braces from reconstructive surgery, earned 2nd team all-NAC honors and ranks 6th on the UD all-time scoring

list with 1,214 points, 3rd on the career steal list with 157, and is the 12th UD player to reach 600 career rebounds (621). Pearl, a second year starter and second-team all-NAC player, gained recognition this season due to his tough and aggressive style of play. He is already ninth on the UD career assist list with 268.

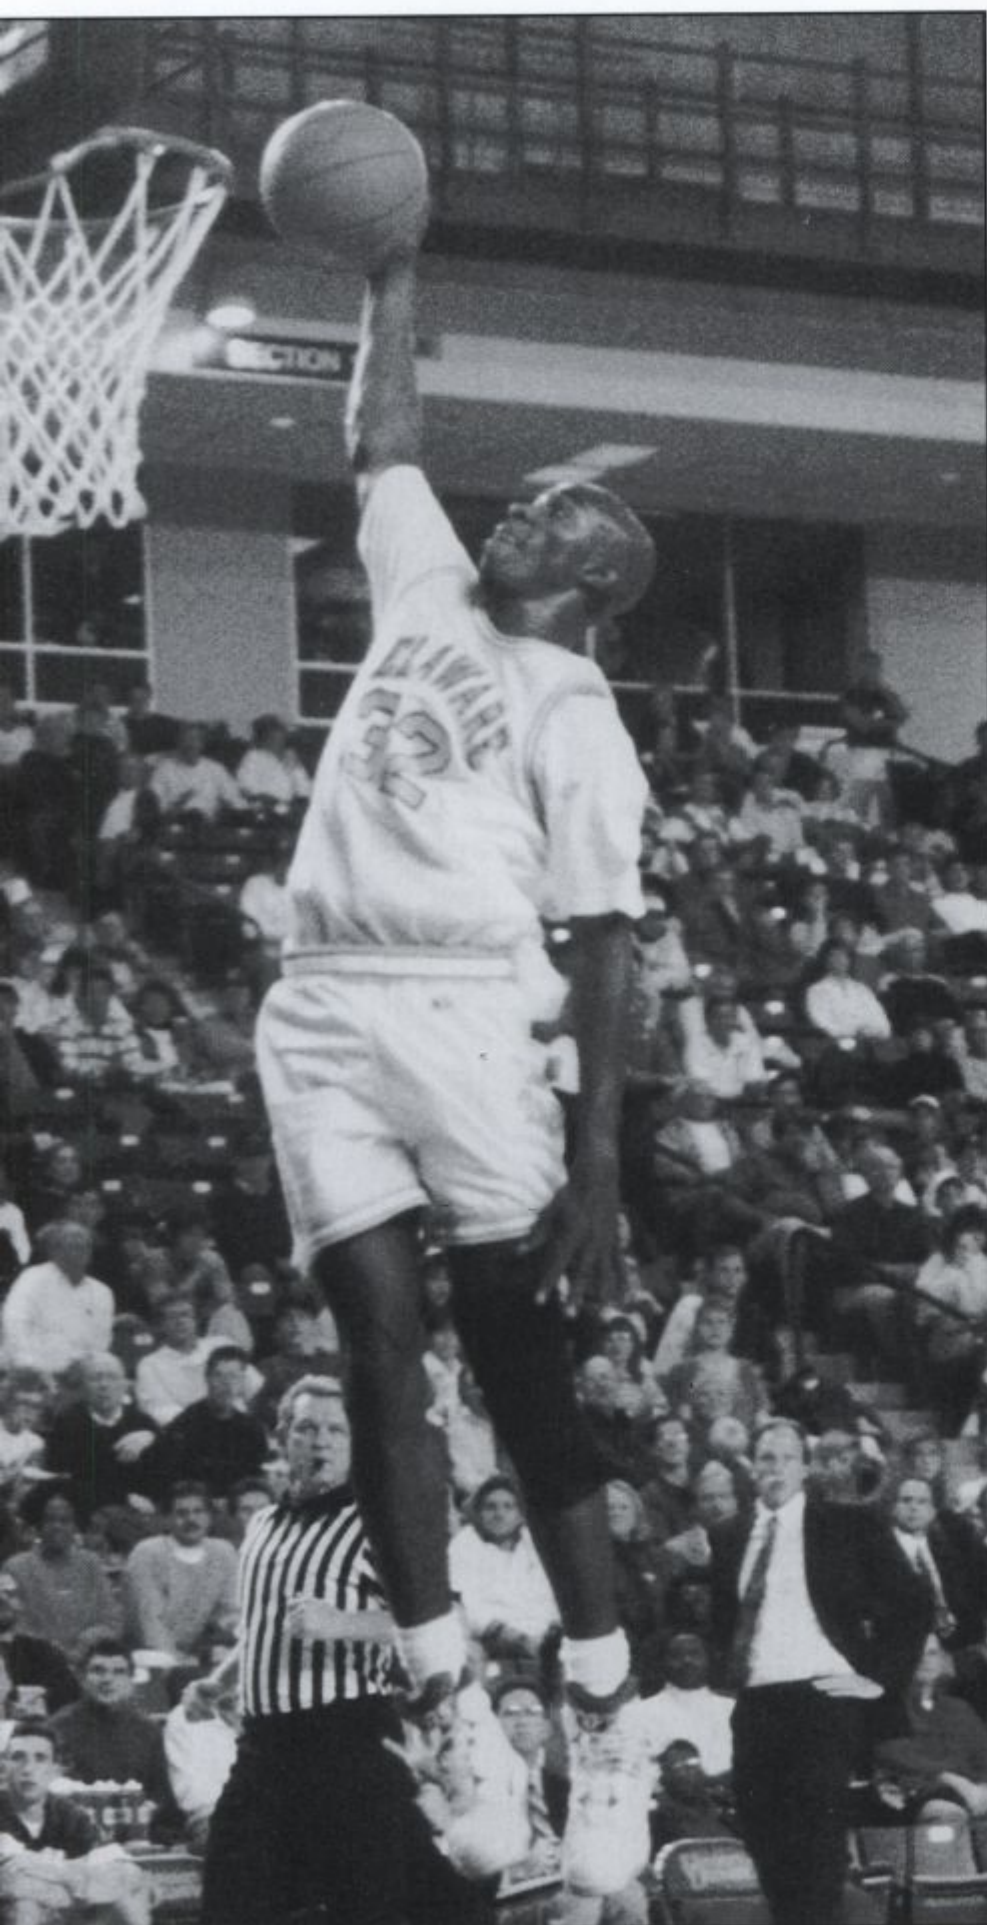

Good luck to the upcoming UD men's basketball teams, they'll have tough records to beat from this season's team!

## Women's Basketball

This year's Women's Basketball team had a good season with an overall record of 17-11, 8-6 at the North Atlantic tournament, 1-1 at the Pitt tournament, and a 1-1 record at the NAC tournament.

Five key players from this past season are Molly Larkin (SR), Jen Lipinski (SR), Denise Wojciech (FR), Colleen McNamara (SO), and Merel van Zanten (JR.). Larkin, this year's co-captain, is a three year starter and became the ninth player in the history of the Women's Basketball team to reach 1,000 points. Lipinski, also co-captain, is a quick guard who leads with her intense defensive play. She is third on Delaware's all time 3-point field goal list with 33. Wojciech, just starting out this season, is a true point guard and a strong shooter and solid defender. She ended the season with an appointment on the NAC All Rookie Team. McNamara is a strong overall player and gained rookie of the year last season and was on the second Team All Conference this year. Van Zanten is a good inside player who has been able to play very well this

season without any injuries! The entire team, as well, were unafflicted by mishaps on the court.

Some key wins were against: Hartford in the playoff game (73-64), New Hampshire at home (73-67), Temple at home (74-53), and Boston University at BU (76-70) during overtime. Important losses were against: Vermont, three times, especially during the NAC semifinals and Penn at home (59-70).

Both Molly Larkin, co-captain and most valuable player, and Jen Lipinski, co-captain, will be greatly missed in the upcoming seasons. Larkin's outstanding leadership qualities in addition to her intense playing ability and Lipinski's 3-point shooting ability and tremendous guard play will not be easily replaced.

This team's uniqueness was a togetherness and family attitude that is not often found as strongly among a team. Because of this and three full time starters returning for the upcoming season, the Women's Blue Hen Basketball Team should be looking forward to an excellent season!

## Swimming

The University of Delaware Swimming and Diving teams recently completed the 1992-93 swimming and diving season with conference championships at the University of Maine and Easterns at the University of Buffalo.

This season was the 67th year of competitive swimming for the Delaware men and the 21st year for the women. The men's team had a great season with a final team record of 6-5 and a 4th place finish in the NAC.

Outstanding performances in the NAC meet were turned in by Clint Tracy, Mike Servant, Pete Holcroft, and Kyal Hackett, all members of the record setting 200 Free Relay (1:24.81). Mike Brown lowered his own school record in the 100 back to 53.26.

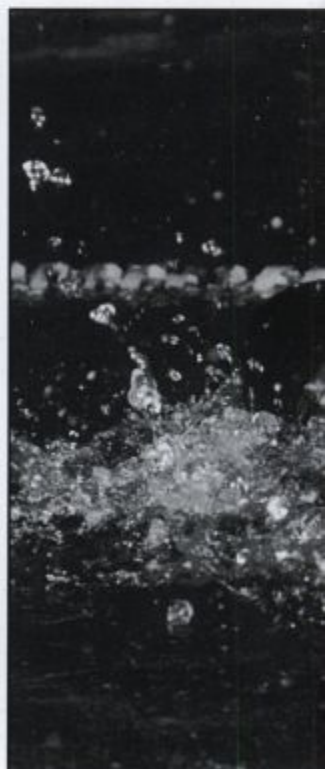

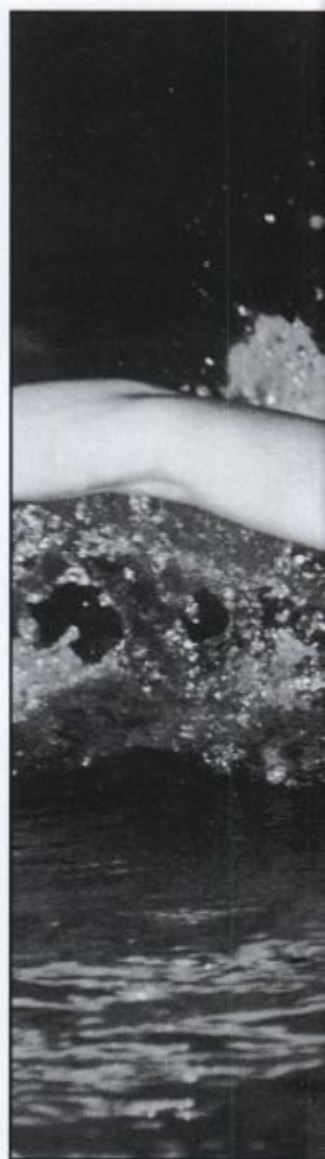

The women's team ended up the season with a 5-6 record and had one of the best showings in the conference for such a young team setting five new school records and qualifying 13 women for Easterns. The school records were established by Chris Helon-

dovitch (100 FR-53.36), and Kim Castellanos (100 BK 1:00.26, 200 BK-2:09.32, 200 IM 2:09.72, 400 IM 4:39.47).

The 1992-93 team has been one of the most mature, responsible, and dedicated teams that I have ever worked with in the 12 years of coaching collegiate swimmers. There was not a single member of the team that did not have true hopes of winning the conference this year. Our training took a step upwards and the athletes responded favorably to the tough regiment needed to be winners.

Our graduating seniors for the men's team include Ross Blanchard, Bill Rash, Jeff Richards, Mike Servant, and Clint Tracy. Women's team members who will be graduating include Rachel Berkowitz, Michelle Carns, Liz Coogan, Chris Helondovitch, Emily Magee, Jennifer Mattson, Barbi McKee, and Liz Wilson. We will greatly miss this outstanding group of highly skilled dedicated student-athletes.

The breast-stroke is a deceptively simple-looking stroke — until you try it. Hand and leg coordination was essential.

#### Men's Scoreboard
