## POST SUBSCRIPTION DRIVE WILL CLOSE AT 8:00 P. M. ON SATURDAY, OCTOBER 31

Votes Will Be Counted In Public By Judges Selected By the Candidates; 100,000 Extra Votes Given Now; Five Year Subscriptions Give Most Votes

THE NEWARK POST subscription campaign ends at 8 o'clock Saturday night, this week, October 31. The fine prizes consisting of \$500 in cash, as first prize, \$200 cash second, and \$50 cash third, will be awarded as soon as possible after eight o'clock.

There are many people who have not given their subscription to a candidate as yet. Many people have promised to give a candidate a payment and have put it off all during this campaign. Now is the last chance to help your favorite win one of the prizes offered. Pay it today.

All the votes will be counted in public at the office of THE NEWARK POST. Everybody interested in hearing the final counting of votes will be welcome to attend.

The votes will be counted by a group of judges who will be selected by the candidates. As each candidate in the campaign has the privilege of selecting a judge, the votes will be counted in a fair and impartial manner.

All subscriptions placed in the ballot box must be on the regulation report sheet and be accompanied by cash. Candidates have the privilege of retaining their commission if they wish.

Each \$15 on subscriptions will give 100,000 extra votes right up to the close of the campaign Saturday night. These are in addition to the regular votes on subscription payments.

This should be a big week for every candidate in this campaign. Gather in every promised payment. Do not let even one one-year escape you. No one knows how many votes it will take to win, so get every vote you can.

Five year subscriptions, either old or new, give the biggest possible vote credit in this campaign. One five year payment gives in votes what it takes 30 one-year subscriptions to give in votes.

Candidates must be at campaign department of THE POST by 8 o'clock. Two or three minutes is not going to make a difference but five minutes will. Get there on time.

It is not necessary for candidates to be on hand the final night after they have turned in their subscriptions. However, they may remain to hear the counting of votes if they wish to do so.

Just as soon as the final totals have been reached winners will be announced and prizes awarded Saturday night.

If there is anything else not clear to all candidates right now is a good time to ask about it.

Candidate—do not delay, be on hand with your reports of subscriptions Saturday night. Come early.

### Railroad Picture Shown To Lions Club Tuesday

At the regular weekly meeting of the Newark Lions Club Tuesday night at the Deer Park Hotel, a picture concerning the growth of railroads in the United States was shown.

Circulated as a part of an educational program sponsored by the committee on public relations of the Eastern Railroads of the United States, the film was presented by John Edwards, assistant superintendent of the Baltimore division of the Baltimore and Ohio Railroad, and C. Vernon Thomas, public relations department of the same concern.

Joseph M. McVey, president, was in charge of the meeting. Wayne C. Brewer, past president, introduced the speakers.

C. Emerson Johnson, town councilman from the Western District, attended the session as the guest of George Haney.

### Radio Invitations For State Poultry Raisers

An invitation to the 10,000 poultry producers in Delaware to participate in the activities of the Poultry Industries Exposition next week in New York City will be broadcast Monday, November 2, at one o'clock by Warren C. Newton, Bridgeville, through the courtesy of station WDEL.

Mr. Newton is a director and state delegate of the Northeastern Poultry Producers' Council, which sponsors the exposition.

### Arrangements Completed For Admiral Byrd's Visit

Through the efforts of E. Paul Burkholder, president of the State Education Association, and the generosity of Pierre S. duPont, Admiral Richard E. Byrd will be brought to Delaware for two addresses on Thursday, November 12.

In the morning he will speak at the general session of the Delaware State Teachers' Association meeting at Wilmington and in the evening will address a group in the auditorium of the Georgetown Public School.

The evening meeting is being staged by the Georgetown Rotary Club and service groups from throughout the Delmarva Peninsula have been invited to attend.

## MILK PRICES TO BE MADE STAPLE

### Federal Hearing Carded For Philadelphia Nov. 5; Control Sought

The public hearing scheduled by the Agricultural Adjustment Administration on a proposed Federal marketing agreement and order for the Philadelphia milk market, was characterized today by A. H. Lauterbach, general manager of the Inter-State Milk Producers Association, as "the first step toward assuring uniform prices to all farmers supplying milk to the Philadelphia market." The hearing will be held on November 5 at 9:30 a. m. at the Philadelphia Hotel, 39th and Chestnut Streets, Philadelphia.

### Federal Help Needed

Without help from the Federal Government, Mr. Lauterbach explained, it is practically impossible for all producers supplying the Philadelphia market to get the same prices. Milk produced in Pennsylvania is subject to the price regulations of the Pennsylvania Milk Control Board. This Board, however, cannot require the payment of these same prices for milk coming from outside the state. As a result, the Philadelphia milk market receives some milk which comes in from other states at a lower price and this threatens the stability of prices to all farmers selling in that market.

### Milk Control Boards

The announcement of the hearing by the Agricultural Adjustment Administration pointed out that requests for the hearing were made by the New Jersey and Pennsylvania milk control boards, the Allied Dairy Farmers' Association and the Inter-State Milk Producers' Association. The hearing will be conducted jointly by the A. A. A. and the milk control boards of the two states. The program which will be considered at the hearing is designed to complement the effort now being made by the Pennsylvania and New Jersey boards in regulating intra-state milk shipments by providing a means of regulating inter-state shipments in the Philadelphia area which are beyond the jurisdiction of these two state agencies.

The Philadelphia market is supplied by from 10,000 to 11,000 producers. It is estimated that 72 per cent of the supply comes from farmers within the state, 12 per cent from Maryland, 9 per cent from New Jersey, 6 per cent from Delaware, and the remainder from West Virginia and other states.

## LOCAL POLICE GIVE WARNING TO REVELLERS

Student Released Following Arrest; Local Woman Is Slightly Hurt In Crush

Children, incensed with the Halloween spirit, are advised to curb their desires to wreck havoc with the property of Newark residents if they expect to remain law-abiding citizens in the eyes of the police.

The goblins won't get you, but the Newark police force might, so if you're incensed with a prankish spirit, you are advised to refrain from destructive forms of entertainment. Chief of Police William H. Cunningham made it clear that he, Officers Hill, Morrison and extra deputies detailed for duty would be on the job the night of Saturday, October 31. Defacing of property with soap or chalk or other destructive forms of entertainment will not be tolerated.

Released With Warning Following repeated warnings by the police, Harold T. Leary, of Roxana, Delaware, a student at the University of Delaware, was arrested by Officer Leroy Hill Monday night for driving with three other persons in the seat of a roadster. Since it was his first court offense, Leary was released, following a stern reprimand, by Magistrate Daniel Thompson.

Cars Collide Mrs. Helen Boyce, of Newark, received several cuts and bruises when her car, which she was driving south on Academy Street, was struck early Monday morning by an automobile driven east on Delaware Avenue by Ralph Godwin, of near Newark.

According to Chief Cunningham, Mrs. Boyce's car was turned over on its left side, damaging it to the extent of \$75. Mrs. Boyce said she was driving about 12 miles per hour while Mr. Godwin claimed to be going at a rate of 15 miles per hour, according to the report.

The latter's car received damages amounting to about \$25. No arrests were made as the drivers agreed to settle out of court.

### Delaware Engineering Dept. Receives Accredited Rating

According to Dean R. L. Spencer, results of the survey conducted last spring by representatives of the Engineers' Council for Professional Development placed the University of Delaware Engineering School on the list of accredited institutions.

Rigid requirements must be adhered to in order to obtain such a rating.

The accredited program is conducted under authorization to function as the agency of several groups constituting E. C. P. D.: American Society of Civil Engineers, American Institute of Mining and Metallurgical Engineers, American Society of Mechanical Engineers, American Institute of Electrical Engineers, American Institute of Chemical Engineers, the Society for the Promotion of Engineering Education and the National Council of State Boards of Engineering Examiners.

## LEGION HEAD GIVEN PLANS OF NEW 'PASS

Baltimore & Ohio Engineers Submit Blueprints For Proposed Subway

Plans and blue prints for the proposed pedestrian subway to connect Center Street and Cleveland Avenue were received by James Q. Smith, commander of the J. Allison O'Daniel American Legion Post, yesterday.

H. A. Lane, chief engineer of the Baltimore and Ohio Railroad Company, which is cooperating with the Legionnaires in outlining a proposal to lay before the Council of Newark, submitted the plans from the Baltimore headquarters of the railroad system.

The legion post originally introduced the idea in the form of a resolution which Mayor Collins refused to consider in stating that such a project, in order to receive any attention from Council, would necessarily have to be accompanied by a petition from property owners paying taxes in the town.

Plans Are Complete While Smith would not divulge any estimated figures of the cost of the subway as worked out by the B. & O. engineers, he displayed the plans for inspection by interested citizens. The prints call for a subway tunnel six feet wide and seven feet high to pass beneath the tracks about 800 feet west of the Chapel Street underpass and some 1,500 feet east of the North College Avenue crossing.

It has been proposed by the legion to connect the subway with a walk to skirt the Newark Cemetery over land said to be held by the University of Delaware and join Center Street on land thought to be owned by the H. B. Wright Estate.

Northern Connection North of the railroad tracks it is suggested that a walk leading from the subway connect with Cleveland Avenue over the reported property of J. K. Johnston, between houses numbers 109 and 111 east, where an alleyway now exists.

Differences as to the estimated cost of such a project range from under \$5,000, claimed originally by the legion, and \$80,000, advanced by Mayor Collins based on a survey for a thoroughfare made several years ago.

Walter R. Powell, past commander of the O'Daniel Post who retired from office two weeks ago, was honored at the meeting Tuesday night. Several tokens of appreciation for his work and the past commander's pin and badge were presented.

### Card and Bingo Party

On Wednesday evening November 4, a card and bingo party will be held at Odd Fellows Hall, by Mineola Council, No. 17, D. of P. A number of attractive prizes will be given away. The public is cordially invited.

### Miss Hauber Named For Role In Virginia Play

Miss Ethel Flora Hauber, attractive daughter of Mr. and Mrs. Arthur Hauber, Capital Trail, has been selected to take an important part in the first of the season's plays to be presented by Paint and Patches, the student dramatic association of Sweet Briar College, Sweet Briar, Virginia. The play to be given on this occasion will be the Roman farce, "The Haunted House," by Plautus.

## HASTINGS BRANDS SOCIAL SECURITY ACT AS "UNJUST AND CRAZY" MONDAY NIGHT

Senator Fires Tirade Against Measure In Defending Stand Before 1500 Voters At State Theatre; Cannon and Other Candidates Flay New Deal; State Leaders Present; Brewer Extends Greetings

Branding the Social Security Act as "unjust and crazy," Senator Daniel O. Hastings defended his vote against the measure in a fiery speech here Monday night. He topped the list of candidates who appeared at the State Theatre for the Republican rally held under the sponsorship of the White Clay Creek Hundred Committee.

Following the session, Senator Hastings and nearly a regiment of other Republican dignitaries attend a second meeting in Newark at the Pilgrim Baptist Church, New London avenue. More than 1,500 voters attended the two gatherings.

### Needlework Guild Holds Annual Charity Meeting

The annual meeting of the Newark branch of the Needlework Guild of America was held recently at the home of Mrs. Charles B. Evans, 19 N. College Avenue. Mrs. Evans is president of the branch.

The report of the secretary-treasurer showed \$55 in the shoe fund and a total of 400 garments collected. Distribution of the garments will be made among the needy in Newark and vicinity.

Six new members were added during the year and 38 dependent families assisted with shoes and clothing.

## MANY PROGRAMS AT UNIVERSITY

### Calendar Includes Cultural and Entertaining Presentations This Year

Through the efforts of the University Hour Committee of the University of Delaware a variety of musical, dramatic and informative programs have been arranged for the coming year.

### Committee Arranges Program

The committee, composed of Prof. H. K. Preston, Miss Harriet Baily, Dr. Henry Harris, Dr. C. R. Kase, Joseph Scannell and Dorothy Markert, has scheduled such famous men as: Christopher Morley, essayist, author and man of letters; Grant Wood, one of the principal American artists responsible for the movement known as regional art, and Sir Wilmot Lewis, Washington correspondent of the London Times, to appear during the course of the year. Wilmot is known as the dean of foreign correspondents and is as well informed on the European situation as any newspaperman in America.

For those interested in dramatics the calendar includes many affairs of this kind. Following the play, "Fly Away Home," which is being presented by the Puppets Club tonight, there is scheduled a winter and a spring production by the E52 Players, a Footlights Club presentation, a play to be given by the University Drama Group, the Women's College Competitive Plays and the Interfraternity Play Contest.

### Musical Entertainment

Music lovers may also find satisfaction of musical desires at Mitchell Hall this year. Firmin Swinnen, skilled and prominent organist, will give his first concert on Thursday, November 5, and is scheduled in two other instances on the calendar. Through the courtesy of the Newark Music Society, three Curtis Institute Concerts have been listed and the same organization will present the most unique program on the musical calendar, "The Messiah," under the direction of Prof. T. D. Mylrea. Other musical program include: two Glee Club concerts and a Music Department Faculty recital.

University Hour calendars may be obtained at this office or by writing to the University Hour Committee.

### Complete Program

The complete program is as follows: Nov. 5, Organ Recital, Firmin Swinnen; Nov. 10, University Hour, Christopher Morley; Nov. 19, Curtis Institute Concert. Dec. 2, Music Department Faculty (Continued on Page 4)

### State Leaders Present

Wayne C. Brewer, chairman of the hundred committee and a former state representative from this district, greeted the speakers on behalf of Newark and local voters. James R. Morford, city solicitor of Wilmington, roundly criticized the New Deal, stating, "the enemies are at our throats." The United States, he said, "is afflicted with an invader bred of Carl Marx," whose teachings "have been crammed down our throats under the name of the New Deal." Morford introduced the speakers.

He added that the defense of our country was endangered by the un-American dictatorship of the New Deal which was likened to Nazism and the Facisti.

"The New Deal," he stated, "has not come to Delaware and shall not come."

### Cannon Is Present

Speeches, in addition to Senator Hastings' fiery denunciation of the Social Security Act, were made by Col. Harry L. Cannon, who was introduced as the next governor of Delaware; Congressman J. George Stewart, candidate for re-election; Deputy Attorney General George C. Hering, Jr., nominee for the post of lieutenant-governor; and H. Eugene Savery, Wilmington attorney, who appealed to war veterans.

The following nominees were introduced: Warren K. Moore, for re-election as state treasurer; Alexander R. Abrahams of Wilmington, for county comptroller; George R. McDougall, for re-election as register in chancery and clerk of the Orphans' Court; Harry C. Clark, for receiver of taxes; Samuel M. Ford, for sheriff; George E. Ramsey for representative from the ninth district, and George P. Mulder.

Senator Hastings presented a statistical analysis to show that younger persons could gain more by putting the same amount in standard insurance policies than in the New Deal's pension plan. (Continued on Page 4)

### Well Known Organist To Give First Concert Thurs.

Mr. Firmin Swinnen will give the first of three organ recitals scheduled this year under the auspices of the University Hour Committee at the University of Delaware on Thursday evening, November 5, at 8 p. m., in Mitchell Hall.

Mr. Swinnen's recitals have always been among the most popular and well attended numbers on the University Hour program. This year he continues the policy of playing a most familiar number of the classics together with the finest productions of the composers for the organ.

Included in the program for his first recital will be Tschalkowski's "Andante" for his Sixth Symphony, Bach's "Tocatta and Fuga" in D Minor, Schubert's "B Minor Symphony," and Handel's "Organ Concerto."

### Brick Wall Extension Now Being Built On Campus

Concrete has been poured for an extension of the brick wall, which is being built around the University of Delaware campus, from the home of A. E. Tomhave on South College avenue to the Flower Hospital at Delaware avenue and College avenue.

The wall is the gift of H. Rodney Sharp and plans include the complete surrounding of the campus, another step in the beautification of the grounds.

### LIST OF CANDIDATES

This list contains the names of people who are working for a prize in THE NEWARK POST campaign. The first prize is \$500, the second prize is \$200 and the third prize is \$50. Twenty per cent commission is paid to all candidates.

## TIT FOR TAT

A small boy leading a donkey passed by an Army camp. A couple of soldiers wanted to have some fun with the lad.

"What are you holding on to your brother so tight for, sonny?" said one of them.

"So he won't join the Army," the youngster replied, without blinking an eye.

## FOLLOW DELAWARE'S EXAMPLE

Delaware is a small state—but it has big and worthwhile ideas.

One of these ideas is its annual motor vehicle inspection campaign conducted under complete state control. Delaware pioneered this idea.

During two recent weeks 24,000 cars were examined and approved. Thousands of other cars were found defective and orders to correct mechanical hazards were issued. Defective foot brakes proved the most serious cause for rejection, with bad lights second.

In addition, during last year alone the state removed 580 antiquated vehicles and sent them to a well deserved rest on the junkpile.

It is of great interest that, according to Delaware's Secretary of State, there has been an almost complete "right about face" in the public's attitude toward these inspection campaigns. At first, drivers were antagonistic—now the great bulk of them appreciate the value and necessity of inspections and are eager to cooperate.

Every state should adopt the Delaware plan—and keep it up year in and year out. Some states have carried on sporadic, badly organized inspection campaigns, with inadequate facilities, and little good has resulted. Other states have conducted campaigns in which drivers could have their cars inspected or not as they chose. Such campaigns are a waste of time—the drivers with defective machines stay away from the inspection stations.

The mechanically dangerous car is directly responsible for hundreds of deaths and thousands of injuries annually. Its elimination is essential if we are to reduce the ghastly automobile accident toll.—*Industrial News Review.*

## HIS DUE SHARE

It's a far cry from the day when the average farmer raised his produce, sold it for whatever he could, and knew nothing about organization.

Today the up-to-the-minute producer belongs to an agricultural selling cooperative. His cooperative management, elected by the members, helps him to better producing methods. It studies markets, existing and potential. It makes its voice heard in legislation. It bargains with distributors—not in an attempt to overly boost prices, but to see to it that the farmer gets his due share of the eventual consumer price, for what he has to sell. It keeps its members informed on all manner of issues that affect agricultural welfare.

The result is that today's little farmer is in a sounder economic position than yesterday's farmer, big or little.

## LOOK NOW—DON'T WAIT

An ounce of prevention is worth a pound of cure—and one thorough inspection of your property may prevent a disastrous fire.

The cold season will soon envelop much of the United States. Furnaces and other heating devices will be taxed to their utmost. More lights will be used and will be in operation for more hours of the day. Fireplaces will be in service.

To enter the winter season without checking such equipment is to give a hostage to fortune. Many a heating plant has developed an inconspicuous flaw—and fire has resulted. Chimneys are always a potential source of trouble, as are flues and fireplaces. An ancient electric cord may have "worked all right last year" yet be in condition to cause a serious fire today.

If you were wise, you took advantage of Fire Prevention Week, which was observed early in October. You listened to talks, read pamphlets and learned of the more common hazards, how to search for them, and how to eliminate them. Apply that knowledge now.

If you aren't sure that you can properly inspect your property, any insurance agent will be glad to help. So will fire marshals and fire departments. And there is a wealth of printed material which is obtainable for nothing.

In communities where it is possible, have the inspections made by a fireman or a member of the fire marshal's department. He'll know what to look for.

So—don't wait until the snow is on the ground and the temperature is below zero to wonder whether you are safe from fire. Find out now—and if repairs are necessary, have them done immediately by qualified experts.

## Hastings Flays New Deal Here Monday

(Continued from Page 1)

len for representative from the eighth district.

It is time, he said, that young people awoke to the situation. He charged that the burden of supplying funds for the pension system under the social security act is placed on youth in a markedly unfair manner.

"I am against the social security bill because it is unjust and crazy," he declared, "not because I am against provision for old age."

In considering the New Deal, the nominee said it is less a question of what one "stands for" and more a question of what one "stands against."

The principal division between the two major parties, he said, used to be the tariff. He recalled having backed a bill to increase leather tariffs to aid Wilmington manufacturers, including Richard C. McMullen, Democratic nominee for governor, and J. Wirt Willis, nominee for presidential elector on the Independent Republican ticket, both of whom are leather manufacturers.

## Addresses Negroes

After the meeting at the State Theatre Senator Hastings addressed a gathering of 350 Negroes at the Pilgrim's Baptist Church. There he warned that "while 11,000,000 men are walking the streets unemployed, no man's job is safe." He said the President had lowered the value of the dollar to 59 cents. "If he can do that he can make the dollar worth only half a dollar," the Senator declared, predicting that "there will be no real prosperity under the New Deal."

Later Senator Hastings and the Republican nominees who accompanied him addressed a rally of Negro voters at the Mt. Salem U. A. M. E. Church, in Delaware City, where before the Newark rally he and the nominees had held a reception for about 200 party workers and friends in St. Paul's Hall.

## Cannon Raps New Deal Waste

Col. Harry L. Cannon of Bridgeville, Republican nominee for governor, also addressed the rally at Newark. "Delaware," he said, "cannot afford to change an efficient administration for a New Deal."

In order to become convinced of this, he declared, one need only look at "what the national New Deal has done to us, not for us." He said that "Delaware's share of the 13 billion dollar deficit is \$26,000,000." The New Deal, he charged, is taking 40 times as much out of Delaware as it is returning.

## Compares Taxes

Reciting achievements under Republican administrations in Delaware, Colonel Cannon pointed to reductions in taxes and compared real estate taxes "just over the line in Maryland," which he said are four times what they are in Newark.

In the last 10 years, the nominee said, Delaware has spent \$18,000,000 for schools under Republican leadership. If he is elected, he said he would seek restoration of teachers' salary cuts, and would do everything in his power toward a teachers' retirement fund.

Telegrams were received from State Senator Norris N. Wright and John K. Johnston, Republican leader, both of Newark, who were unable to attend.

## News From Hollywood

Charles Boyer, another foreigner (he came from France and conquered Hollywood), is having his troubles these days. Badly in need of a new film (his last American picture was the none too happy "Shanghai"), the release of his most recent picture, "The Garden of Allah" with Marlene Dietrich, is being delayed for a few revisions.

Charles Boyer

Before going into this picture Boyer spent several months working in the film, "Hotel Imperial" also with Dietrich. Production on this was halted mid-way and the film is now collecting dust on the Paramount shelves. But despite his long absence, Boyer's popularity is apparently still near the top. His studio reports he is the recipient of "huge supplies of fan mail" and it is said he recently received a 79-page letter from a girl fan in Omaha, Neb. one that took her nearly three months to write.

Very interesting is the news that Douglas Fairbanks and Samuel Goldwyn are joining forces to star Gary Cooper in "Marco Polo." The picture was planned originally by Fairbanks as a starring vehicle for himself. Remembering his age, however the once bounding star probably decided he could best serve the production in an advisory capacity and leave the emoting to a man of younger years. Basil Rathbone will also be featured and the production will cost an estimated \$1,500,000.

## Grand Prize

Miss Betty Hollingsworth of this town was the winner of the Grand Prize, \$25, offered by the State Theatre last Thursday evening. The winners of the \$1 prizes were: Mrs. Worrall, Mrs. Ida Buckworth, of Elkton, Olive Lomax, Marie Egnor, and Mr. John Philhower.

## State Theatre Briefs

### Friday and Saturday

Inspiring, glamorous, dynamic Fred Astaire and Ginger Rogers come romping, dancing, singing in their smartest adventure, to top their previous hits "Flying Down to Rio," "The Gay Divorcee" and "Roberta." "Top Hat" has a complete musical score by Irving Berlin including five

song hits, to all of which the two stars step electrifying fashion. Supported by a stellar cast of favorite funsters, namely, Edward Everett Horton, Helen Broderick, Erik Rhodes and Eric Blore.

"Hopalong Cassidy Returns" starring William Boyd will please the western fans on Saturday.

## Monday and Tuesday

The appearance together in a picture of Joan Crawford and Clark Gable is an unmistakable sign of screen entertainment above the ordinary run. This popular pair are seen in the film "Dancing Lady," M-G-M's filmization of the widely-read James Warner Bellah novel. From all indications Metro has outdone itself in providing its top notch stars with a vehicle which from a viewpoint of lavishness, spectacular detail and casting strength leaves practically nothing to be desired. The unusually fine supporting cast includes Franchot Tone, May Robson, Winnie Lightner and the world-famed dancer, Fred Astaire. Art Jarrett and Nelson Eddy, well-known radio stars also have prominent roles in the film.

## Wednesday and Thursday

"Murder With Pictures," a mystery yarn will be seen these two days. The story tells of a young girl who with the aid of a newspaper reporter solves the mystery of her father's death and brings the culprit to justice. Lew Ayres, Gail Patrick, Paul Kelly, Benny Baker and Onslow Stevens have the leading roles in the film.

## Over-Head Bridge Past Half-way Mark Says Bader

According to Joseph Bader, construction engineer on the \$115,000 over-head bridge project, the structure is now about seventy-five per cent completed.

Concrete was poured on the deck yesterday and the approach is being set today. The main steel spans were also erected yesterday.

Sixty men are now working on the bridge which is expected to be finished by the first of the year, if weather conditions prove favorable.

ROAMIN' WITH RUTLEDGE

Happy Days

Never overly willing to advance predictions anent the outcome of athletic contests—realizing the uncertainty of sports, players and conditions—we risked our necks several weeks ago, nevertheless, by expressing an opinion that if the 1936 University of Delaware football team broke into the victory column it would be little short of miraculous—or words to that effect.

"THE ROAMER"

The "miracle" we are happy to point out, happened at Frazer Field last Saturday when the Hens smeared a highly favored Randolph-Macon team to break a seven-game losing streak. Not since Washington College was routed last fall has anything stirred the hearts of Delaware partisans like the triumph last Saturday. And the Washington College win was the last on the slate until the vanquishing of the Pennsylvania Poles performing under the banner of Randolph-Macon.

R-W-R

Great Stuff

While reluctant at all times to make predictions, we are always happy to have our journalistic (heh, heh) neck in the noose like it was last week.

In the first place, we have profound admiration for the little band of Blue Hen gridsters—as game and willing a bunch as ever sunk cleat in turf. And, in the second place, our respect for Loyal Clark—who could be one of the really GREAT coaches in the country, if given half a chance—knows no bounds.

Last year, with odds running as high as 5-to-1 against Delaware, Clark surprised the entire football world by stopping Washington College's lengthy winning streak. This year, Randolph-Macon, with practically the same team that swamped the Hens in 1935, was sent back to Virginia—sadder but wiser.

Our hat has always been off to Loyal Clark. It remains that way now and we are happy not to have waited until after a victory to give him any possible boost.

Champs Dine

Down in Perryville last Friday night they celebrated the winning of the Bi-State League championship. President Harry Walters dug deeply into his jeans to furnish a banquet and dance for some twenty-six couples. With State Senator Harold E. Coburn serving as toastmaster, presentations of gold baseballs to members of the team were made by Manager Taylor R. Biles.

The latter part of the affair brought no end of hilarity as Biles, displaying the form usually reserved for ball games, was not too conservative in his remarks and compliments to players.

In closing his floor appearance, Biles stated that he rates the 1936 Bi-State League champions "as good, if not better, than any club that ever represented the Bi-State or Susquehanna leagues." Which is a pretty good boost for the entire loop.

BLUE HENS EXPECT TOUGH BATTLE

Undeclared Opponents Clash At Fort Du Pont Field On Sunday

ST. JOHN'S PROVIDES HURDLE TO SECOND DELAWARE CONQUEST

Fresh from Randolph-Macon Slaughter, Blue and Gold Set To Follow Up; Injuries at Minimum As Squad Goes Through Light Workouts For Tilt

By Bill Fletcher

A taste of the first fruits of victory last week, when Coach Loyal Clark's grid team masticated a highly-favored Randolph-Macon eleven will send a still-hungry host of Blue and Gold warriors to Annapolis on Saturday to meet a less easily digested morsel—St. John's College. The game will get underway at 2.30. Former Highlet At Guard Post

The Johnnies promise to provide a tough meal for the Hens boasting of a strong defense which promises to prove difficult for the Delaware backs to penetrate. Willard Todd, Elk Mills, a former Newark High School star, is playing at a regular guard berth this year for the Annapolis team.

Practically the same team with the exception of Rube Hayman will be at the barrier Saturday. Charlie Swartz, who performed in an outstanding manner in the Southern tilt, will get the call at Hayman's tackle post.

With no serious injuries marring the Hens' prospects of victory, Coach Clark has planned only light workouts for the squad this week.

Although the Johnnies barely eeked out a win over Randolph-Macon, Clark is expecting a real battle at Annapolis on Saturday.

The Line-up

The starting line-up will consist of: Scannell and Daly, ends; Swartz and Drozdov, tackles; Frankofsky and Hodgson, guards and Dillon, center. The backfield will line up with Ryan at the quarterback post, Ramsey and Roberts in the running back positions and George at bucking back.

The turning point in St. John's football campaign is due this week with the University of Delaware game and pessimism still reigns in the Johnnie camp.

Head Coach Dutch Lentz took advantage of last week's open date to scout Delaware in their game with Randolph-Macon and he saw enough good football to realize just what the Johnnies are up against next Saturday.

Delaware Tough

In defeating Randolph-Macon by the decisive score of 19-6, the Hens showed themselves to be the toughest opponent with the exception of Maryland thus far encountered by the lads from Annapolis. Delaware has a big, strong, rugged outfit and they outplayed the Yellow Jackets in every department of the game whereas St. John's were fortunate to eke out a close 6 to 0 victory over the Virginians. Dutch Lentz frankly admits that his charges must play top-notch football in order to continue their impressive record to date.

No Heavy Work

The Johnnies will not do any heavy work this week in order to guard against further injury to the squad. Five members of the starting line-up have been nursing injuries received in the American University game. DeLisio has a badly strained thigh muscle and Fred Buck, Mike Levely, and Sprigg Sands are recovering from battered legs and ankles. All are expected to be ready for the

HARD CONTEST FACES NEWARK ON SATURDAY

Seek Third Win In Clash Against P. S. du Pont; J. V.'s Go Into Action

MEET WILMINGTON FRI.

By LeRoy Carlisle Hill, Jr.

Playing "heads up" football, the Newark High School Yellow Jackets capitalized on the breaks to down a fighting A. I. duPont team, 20-0, last Friday. The Kennett Pikers did not, at any time, have a chance to score while Newark tallied in the second and fourth periods.

Drex Harrington provided the biggest thrill of the game when he intercepted a pass and dashed 75 yards for a score. It was Harrington's first start this season. Brooks also played an outstanding game for the Jackets.

Play P. S. du Pont Saturday

On Saturday the Yellow Jackets will play one of the hardest games on the schedule when they tangle with P. S. duPont. Although P. S. has won only one game, it has furnished stiff competition for some of the best schoolboy teams in this section.

Comparatively, there is little difference since the future opponents sport a 19-0 victory over A. I. duPont.

Coach "Gloomy Gil" Gillespie is working hard to improve the offensive of his club in order to chalk up the third victory.

J. V.'s To Play Wilmington

Coach "Irish" O'Connell is shaping up his charges for their opening tilt with the Wilmington High Jay Vees on the Newark gridiron on Friday, October 30.

FIGURES OF A YEAR

Government statistics indicate that agricultural imports, including substitutes and manufactures, amounted to 67.7 per cent of all 1935 imports for consumption. The value of these imports rose from \$856,585,000 in 1932 to \$1,381,099,000 in 1935.

ENGINEERS RECEIVE STERN TEST AGAINST STRONG FORT MONMOUTH

Visitors Include Powerful Array of Former College Performers In Well Balanced Line-up; Injured Players Ready For Battle; Marine Victory Is Sixth Straight

By "The Roamer"

Handing the doughty Quantico Marines a 14-6 setback for their sixth successive triumph of the season last Sunday, the First Engineers seek their seventh win this coming Sabbath afternoon at the expense of a traditional—as regarded in Army circles—rival from Fort Monmouth, New Jersey. The contest will be waged at the enlarged field at Fort DuPont.

Title Seekers

The visitors this week, who represent the Radio Signal School, bring a delegation of gridders which is flirting with the Eastern Army title. Due to the fact that all students at the school must have graduated from high school or some more advanced institute of learning, the Jersey aggregation boasts of quite a collection of former college players.

Represented in the line-up are: University of Gonzaga, St. Vincent's College, Wisconsin State Teachers College, Manhattan College, and the University of Rochester. Lieut. Tom Robertson, an instructor at the school, plays with the team and carries the torch for West Point.

Show Great Record

The Monmouth team has a perfect record for the campaign, having chalked up three victories in as many starts. The visitors are undefeated, untied and have not been scored against. Facing three powerful semi-pro outfits from northern New Jersey, the Signalmen have flagged the opposition with a total of 64 points against a series of goose eggs.

Last year Fort DuPont eked out a close, 6-0 verdict over Monmouth in a great battle at Asbury Park. Fans are still talking about the sensational 20-19 win the Engineers racked up two years ago at Delaware City over the same Monmouth assemblage. The lead changed hands no less than five times during the melee.

Du Pont Holds Edge

The series was started in 1932 when Monmouth scored their lone victory, 20-0. In 1933 the outcome was a 7-7 deadlock.

While DuPont holds the edge in the set—two victories against one defeat and one game tied—the Jersey-men offer the greatest obstacle between the Engineers and the Eastern Army championship to date.

Coach Captain Chadwick and his corps of assistants have repaired the damage done to the Delaware City squad by the rugged Marines last week. Seven men were injured in the

battle, but several days of rest and some neat emergency repairs have readied the Engineers for the coming clash. Demonstrating the power and color claimed for them, the Marines forced DuPont to come from behind last week. With a varied assortment of well-timed and beautifully executed plays, the Devil Dogs taxed the resources of the DuPont aggregation to the limit.

FLASHES

By BILL FLETCHER

DELAWARE'S ENTRANCE into the win column was done in a decisive and impressive manner that left no doubt in the minds of spectators as to the Blue Hen's superiority over the Virginians.

It was far from a "breeze," however—for the Hens were forced to fight every inch of the way with an "BILL" FLETCHER ever-threatening Randolph-Macon team prepared to cut loose with the first sign of an easing up on the part of the local team.

The boys picked up the stride they relinquished in the third quarter of the St. Joseph's tilt and blasted a highly favored Southern crew all around the gridiron.

FOR THE FIRST TIME this year the locker room was pervaded by a victorious atmosphere—there was a swelling pride noticeable in all the boys and most of all Coach Lyl Clark who was present minus a couple of wrinkles and a few gray hairs, wrenched out during the tilt.

We picked up a few impromptu after-game remarks by team members who were evidently intoxicated by the sweet wine of victory. Said Jack Daly—"It's funny but I feel as fresh as a daisy. After every other game I've felt so tired I could hardly stand, but not today." Sounds as if he had just reached for a Camel.

Captain Jack Hodgson—"Can we go home this week-end, Coach." Sounds like he's reaching for a fraal.

Ernie George—"You know, when Clark tells you to go in there and back—he makes you feel like you could run through the college wall." Don't try it, Ernie.

Coach Lyl Clark—"Nice goin' fellows."

A statement which we endorse wholeheartedly.

TO THE BLUE HEN COACH, the work of Ernie George in his initial varsity appearance at the fullback post was the feature of the afternoon.

Ernie not only supplied the necessary punch in the Blue Hen's offensive but played a whale of a defensive game that assured him of a starting berth at the bucking position in the future.

Clark was also high in his praise of Dick Roberts, and Tommy Ryan and the entire line.

It would be difficult to select individually the stars on the forward wall. Certainly, the defensive play of Daly and Scannell, Blue Hen flanks, left little to be desired while Drodzov, Swartz and Hayman did their share of defensive and offensive maneuvering.

Captain Hodgson, Dillon and Frankosky are also in for their share of orchids.

THE "WHY" OF the University of Delaware's intra-mural sports program is rather completely answered in the statement made by the Physical Education Department which reads as follows: "It is our purpose to present a program of athletic events, broad and varied enough to occupy the interest of all and who are at all athletically inclined. Realizing that participants in such a program vary greatly in ability, uniformity of competition will be assured by providing adequate coaching in the form of student coaches."

"It is unfortunate that most collegiate year activities which after college years, are dropped because of lack of proper facilities, lack of time for adequate conditioning, etc. Wherever possible, such events will be included which have greatest 'carry over' value into later life. The sports we are offering, such as Badminton, Paddle Tennis, Boxing, Wrestling, etc., can be participated in, anywhere and at any time. They are of tremendous value to the individual."

THE STATEMENT CONTINUES: "Individuals, whatever the intention (fraternity, group organization prestige), tend to rush into events without adequate conditioning, thus making themselves vulnerable to systematic and organic strains. We are able to obviate this by demanding preliminary practice sessions, thus assuring some conditioning prior to tournament play."

In conclusion the statement reads: "Realizing also, that attainment without reward is usually a 'flat-tasting' affair, we, through the Student Council, are prepared to offer cups and rings emblematic of individual achievement through group participation. The program has been so arranged

"FAIR WEATHER" BACK SLAPPERS GREET CLARK AFTER FIRST WIN

Blue Hen Grid Mentor Swamped With Torrents of Handshakes After Victory Over Randolph-Macon; Escorted From Field to Gymnasium by Host of Chameleons

By Bill Fletcher

Coach Lyl Clark found himself with more friends Saturday afternoon following the Blue Hens' defeat of Randolph-Macon than he has known all season. Delaware backers (?) swarmed over the victorious coach like bees around a hive immediately following the final whistle and Coach Clark was forced to wade through a deluge of congratulations and handshakes as he made his way to the dressing room.

We expected to talk to a very much pleased coach and we found a very much pleased coach—but the pleasure must have been tempered with the bitter remembrance of his exit from Frazier Field on Saturday, October 10, following the Mt. St. Mary's defeat and the week following that when the Hens bowed to a powerful St. Joseph's eleven.

There were no back slappers then and no one eagerly sought to pump his hand and a rare few gave the defeated coach a reassuring pat on the shoulder—a rare few, indeed.

The others gleefully left the field—many with sneers caressing their hypocritical countenances—many intentionally avoiding the coach—and practically all of them engaging in the common practice of destructive criticism.

Friends Appear

They quickly donned a coat of another color, however, when the last play of Saturday's game had been executed. Lyl Clark saw more alumni, more spectators, more Delaware sport fans in the brief walk to the gymnasium than he has seen all season. They were everywhere—flocking around him like flies around sugar.

But this same group—so enthusiastically in back of the Blue Hens this week would turn sour as milk in the sun should the Delaware team drop the next tilt. If they turned one, they'll turn again. A season of alternate wins would have them spinning like a top.

To any coach the backslapping of these fair weather handpumpers is

not welcome because they're just as easy to see through as glass. We don't mean you, or you—but you probably know plenty of places where the shoe will fit.

Need Support At All Times A coach and a team needs support at all times, whether on a winning streak or winding up on the short end of the scores. Goodwill is more appreciated and means more, however, when the prospects of a good season aren't so bright—it means a lot more.

If Clark has any resentment against these "fair weather friends" he would be entirely justified. No coach has worked harder with limited resources than the Blue Hen grid mentor and the unjust criticism, contemptuous taunts and wholesale deluge of mockery has been entirely uncalled for and is only a projection of the ignorance of the offending group.

Lyl Clark is to be commended for having had enough self-control to refrain from giving those guys a bang on the button—he's too much of a man and a gentleman for that, however—much more of a man and a gentleman than those hypocrites whose expressions changed from sneers to smiles because of a victory.

To Amend Federal Warehouse Act

"As part of the plan for removing the depress a g effect of surpluses, I shall propose an amendment to the federal warehousing act so that reserves of feed, such as corn, can be carried on the farm. Under this amendment the farmer who stores his grain on the farm in such a way as to make it insurable will be entitled to a federal warehouse receipt. He then will be eligible to borrow from any banking agency. He will enjoy the same credit facilities as are available to owners of grain stored in terminal markets."

## DEGREES ARE MADE ON SIX NEW MEMBERS

### Delaware Grange At Newport Receives Candidates; To Visit Churches

#### STUDY GROUPS FORMED

By Miss Emma S. Maclary  
Delaware Grange No. 46, P. of H. in weekly session at Newport on Monday evening initiated a class of six candidates in the first and second degrees, and will confer the third and fourth degrees on the class next Monday evening. Following the initiation, members will enjoy their annual Hallowe'en party. Due to the initiation, this will not be a masked party as is the custom. A program of entertainment appropriate for the season will be arranged.

Mrs. Chandler Gebhart of New Castle, announced that the sum of \$14.75 was realized from the card and bingo party held at their home on Friday evening.

#### Church Day Set

Announcement was made by Robert P. Robinson, worthy state master of the Grange, that the annual "Go to Church" Day for the New Castle County Pomona members had been set for Sunday, November 8. The service will be held in the Hanover Presbyterian Church, Wilmington; members to meet at the church at 7.30.

During the lecturer's hour, Mr. Chandler Gebhart asked members to tell of their particular hobby, and Robert P. Robinson, Sr., whose hobby is fishing, told of some interesting fishing trips he had enjoyed, displayed different types of fishing tackle, etc. Mrs. Robert P. Robinson, whose hobby is taking moving pictures with her own camera, displayed several reels of film taken at Grange meetings.

#### Study Group Formed

Some interesting units of study are now under way at the Krebs School, Newport. The first grade, under the direction of Mrs. Ruby Porter, teacher, is having a unit of work on "The Home," and the pupils have prepared a structure of wood and cardboard large enough for the pupils to enter, and they are now engaged in making furniture, arranging curtains, etc. The group visited the home of Miss Joyce Taylor, a pupil in the first grade, and then fashioned their home accordingly. The second grade pupils, under the direction of Mrs. Margaret Tindall, are studying Newport as a community, and have visited buildings and farms in the vicinity, as well as the police station, firehouse and library buildings in Wilmington, and have erected in their class room buildings representing important buildings of a community. Their activity is based on the study of the community and the part each building plays in its daily operation.

#### School Program

The sixth grade of the Krebs School, under the direction of Miss Edith Patterson, teacher, was in charge of the assembly program at the school on Friday. The sixth grade pupils presented a play "Christopher Columbus, the Discoverer of America." Miss Julia Taylor entertained with a piano solo, and Miss Elizabeth Golden, tap dancer, entertained with several numbers. The Misses Ruth Boyd and Virginia Spence sang a duet.

Children of the Krebs School have been invited to view the moving picture "The Story of Mankind" which is being sponsored by the University Women of Wilmington and will be shown at the Rialto Theatre, Wilmington on Thursday, Friday and Saturday.

#### Business Meetings Held

The Krebs Parent-Teacher Association held its first business meeting of the season in the school house on Tuesday evening, with Mrs. George Kipe, president, officiating. Members of the faculty arranged a program of entertainment. The program of activity for the winter months was outlined by the group.

The Ladies Aid Society of the Newport M. E. Church held its monthly business meeting and social on Wednesday evening at the parsonage, as (Continued on Page 12)

## Highway Department Census Reveals Fact That Out-of-State Cars Pay Heavy Taxes

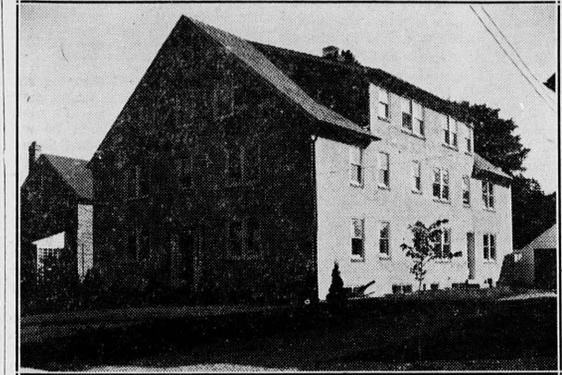

### Trucks Pay Share

The surprising fact that automobile owners from out of this state paid last year over \$750,000 of the gasoline tax raised here and used on our highways, has been revealed from a census of gasoline sales recently conducted by the State Highway Department.

#### Personal Census Made

The figures were secured by a personal census made in 47 representative service stations located in various parts of the state, some small, some large, some in large cities, some in villages, some close to the state lines, others in the center of the state, some on main highways, some on small roads, but being all considered, gave an accurate cross section of all classes of travel and an accurate average of sales. The checks were made at the stations on all sales during the days recommended by the owner as his best sales day of the week and his poorest sales day; thus giving practically two days to each station during the hours also recommended by the owner as being the best time to secure an accurate average of his sales.

## One of Newark's Latest Progressive Strides—The Orchard Road Apartments

The Orchard Road Apartments, Delaware Avenue and Orchard Road

Equipped with practically every available modern development, The Orchard Road Apartments represents another pace in Newark's trend to keep in step with modern progress.

This three-story stucco block building, built by its owner, Herman Wollaston, has ten apartments—three on two floors and one on the other. The apartments on the lower two floors consist of four rooms and bath while those on the third floor have three rooms and bath. Rooms in the basement are provided for the janitor.

Modern developments include: weather stripping, electric refrigerators, gas stoves, tile bathrooms, hardwood floors, wiring for radios, insulation throughout and an incinerator for the disposal of garbage. The building is heated by an oil furnace.

#### Lovett Aids in Equipping

Congoleum laid over the kitchen floors and window shades were supplied by R. R. Lovett, Newark's only furniture store. Mr. Lovett has been located at 162 E. Main Street for the

past twenty-five years and offers to Newark citizens a complete stock of any type of desired furniture.

The Lavashower Corporation, with offices in Philadelphia and New York City, which aided in the equipping of the bathrooms, produces equipment which is startling in beauty and usefulness. The comfort of the woman is finally recognized in a forty inch table lavatory with a roomy storage cabinet within easy reach.

#### Luxury and Comfort

Tub and shower service, as provided under the Lavashower plan, provides luxury and comfort with a foot extension under the lavatory which gives greater length than the ordinary five foot tub. Accidents are eliminated by a flat bottomed tub and support provided by the lavatory.

A beautiful and complete line of brass trimmings is made for the Lavashower Corporation. All exposed parts are chromium plated. Tub and shower combinations are made with four valve or two valve control and with pop-up waste or plug and chain.

## COMPANY E CLUB TO STAGE DANCE

### Annual Hallowe'en Ball Will Be Featured By Dan Gregory's Music

Lieut. Harold T. Perkins, president of the Company E Club, Elkton, announced this week that music for the annual Hallowe'en Ball at the State Armory there will be furnished by Dan Gregory's orchestra.

The dance will take place Friday night from nine until one-thirty. While costumes will be worn by many participants, the committee in charge has announced the mode of dress as informal.

This is the eighth year that Lieut. Perkins has been in charge of dances at the Maryland National Guard headquarters in Elkton. Many people from Newark and vicinity participate regularly in the functions.

Births have gained in California.

## RED MEN WILL ATTEND CHURCH

### To Attend In Body Services At Head of Christiana On Sunday, Nov. 1

Minnehaha Tribe, No. 23, I. O. R. M., by special invitation of the pastor, Rev. Henry G. Welbon, will attend divine services at Head of Christiana Presbyterian Church Sunday next, November 1, at 11 a. m. Rev. Welbon has prepared a special sermon for the occasion. Members of the Tribe are urged to be at Fraternal Hall by 10.15 a. m. Sunday, to go to the church in a body.

#### Indian Chief Entertains

Last Friday evening a number of members of Minnehaha trailed to the wigwam of Manitoo Tribe, in Wilmington, taking with them a paleface to be adopted. The new member of Minnehaha is William Ray Bruen, an Indian trader, who travels all over the United States and Canada, dealing with Indians. He had with him one of his Indian friends, Chief Frank Canoe, an Iroquois Indian from Canada, who gave an exhibition of Indian dances, songs and sign language, both at the meeting in Wilmington and at Minnehaha's wigwam after the meeting on Tuesday evening. The chief gave his demonstration in full Indian costume, and was assisted by Mr. Bruen, who is now located at the Elk River Reservation.

#### Attending Great Council

Several Past Sachems of the Tribe are now at Selbyville, where the Great Council of Delaware is now in sessions. Among those from Newark are Albert Lewis, representative of the Tribe; Past Great Sachem Frank H. Balling; Deputy Great Sachem Vaughn Heavellow; C. Orville Sidwell, and Martin McAllister.

#### IMPORTANT QUESTION

A drill master had finished the last lecture to the men who were soon to take an entrance examination. "The Questions are in the hands of the printer," he concluded. "Now are there any further questions?" After a moment's silence Mr. Zilch piped up, "Who's the printer?"—Missouri Press News.

25 YEARS AGO  
IN REVIEW

November 1, 1911

Basketball At High School

For the past two weeks the candidates for the Newark High School basketball team have been practicing hard. The boys have taken advantage of their outdoor field during the good weather and hope to be far advanced in team work when they start regular in-door practice. By the looks of the schedule which Manager Clark has arranged they will need a good deal of hard, steady practice. The most promising of the candidates who have reported so far are: Homewood, guard of last year's team; Ferguson, captain and star forward last year; Green, Stelle, Buckingham, Murray, Holton, Mackay and Crompton, star player and shortstop of the baseball team.

The first game of the season will be played with the fast Elkton five at Newark; then they will take on the Delaware College freshmen, who have a team which will be rather difficult handling for the High School boys. For the first time Newark hopes to arrange games with both the Wilmington Friends and the Wilmington High School teams.

Committeemen Chosen

The Democrats of Mill Creek Hundred met in Grange Hall, Mermaid, recently and selected county and hundred committeemen.

John T. Mullin was chosen as County Committeeman and the following for the hundreds: First district, John J. Murray, William McCormick, Laurie Othosen.

Program Doesn't Make Sense

"Consider the contradictions in this policy. The administration was trying to hold down the nation's supply of meat by restricting the production of hogs. Last fall it was warning livestock men that there would be increased supplies of cattle on the market this spring. And yet it proceeded to make concessions on Canadian cattle that would bring more of them into this country. Such a program just doesn't make sense."—Alf M. Lesson for November 1

LAW, LOVE, AND TEMPERANCE  
(International Temperance Sunday)

LESSON TEXT—Romans 13:1-14.  
GOLDEN TEXT—It is good neither to eat flesh, nor to drink wine, nor anything whereby thy brother stumbleth.

Rom. 14:21.  
PRIMARY TOPIC—Why We Keep Rules.  
JUNIOR TOPIC—Junior Citizens.  
INTERMEDIATE AND SENIOR TOPIC—What Shall We Do About Drinking?  
YOUNG PEOPLE AND ADULT TOPIC—Law, Love, and Temperance.

Revolution, political disorder, anarchy—these are words which characterize much of the world's news of our day. What should be our attitude toward government? Should a Christian participate in revolts against government? These are questions that stir the hearts of men.

The Bible has an answer, and it is found in our lesson for today. Let us study it with care and seek God's message for us and for our nation in these utterly confusing days.

We consider together a portion of Paul's epistle to the Romans in which, having laid his superb doctrinal foundation, he turns to a practical application. Let us ever remember that while right doctrine is necessary to right living, it is never sufficient to hold the doctrine and fail to permit it to control our daily walk.

Good citizenship of the true type is the result of staunch Christian character. Much of the weakness in our political and social life can be traced to the neglect of the things of God in the home, the school, and the church.

Paul presents the Christian as one who has the right attitude toward his neighbors, and toward his own daily walk. The Christian is

I. Politically-Intelligent and Loyal (vv. 1-7).

Lectures on political economy are well worth while. School children should learn to love and honor their country. But for real intelligent citizenship we must have a study of God's Word. For all governmental authority is dependent on a God-given power. No man has any right to rule over any other man except as God delegates that right to him.

No "divine right of kings" is justified in this passage, but clearly it does teach that government is ordained of God and functions by his providence. To resist such authority is to resist God.

Must we always obey the government? Yes; until it commands us to do that which is clearly contrary to the laws of God. We do not resist or question the authority of any properly appointed governmental agency, no matter how weak, or even wicked the agent may be, as long as he acts as "a minister of God . . . for good." Any government is better than anarchy. But no government has the right to command any man to disobey God.

In our land we have a powerful agency for the correction of governmental weakness and error—the ballot box. Let every Christian use it discreetly and in the fear of God.

Before leaving the passage, note that the Christian does not dodge, "fix," or leave unpaid the taxes which support the government under whose benefits he lives and works. There is too much dishonesty at this point, and we need to correct it.

II. Socially-Honest and Loving (vv. 8-10).

"Love thy neighbor as thyself" and there will be no social dishonesty, strife, and ill-will. Remember the lesson of last week on love—I Corinthians 13.

III. Personally-Clean and Spiritual (vv. 11-14).

The time when our redemption is to be fully completed—that is, when the Lord himself returns—is at hand. We therefore will not live as those who walk in darkness, but as children of the light, clean in life and thought. We will "put on the Lord Jesus Christ."

In these days when almost every wayside store and hundreds of thousands of city buildings have been converted into drinking places far worse than the old-time saloon, when men and women are making drunken sots of themselves, it is indeed time for Christians to raise their voices in protest and to act to protect the boys and girls of America.

But above all—let us win them to Christ, for if they "put on Christ" they will "make no provision for the flesh to fulfill the lusts thereof."

Respect for Parents

Honor your parents in your hearts; bear them not only awe and respect, but kindness and affection; love their persons, and fear to do anything that may justly provoke them.—Rev. W. Craddock.

Good Neighbors

It is a small thing to a man whether or not his neighbor be merciful to him; it is life or death to him whether or not he be merciful to his neighbor.

### Nash LaFayette Introduces 1937 Models

Three distinctive new lines of modern motor cars have been announced by the Nash Motors Company for 1937. Bigger and roomier, smartly styled, each series is a leader in its price class. While retaining all popular Nash features and built to conform to the high Nash standards of quality, the new models have been improved and refined in body, chassis and motor. Every feature adding to safety, comfort, performance and economy has

been engineered right into the 1937 Nash LaFayette cars. Leader of the line is the aristocratic Nash Ambassador Eight. Next in size and price is the Nash Ambassador Six. In the low price field is the Nash LaFayette "400." The car pictured above is the Ambassador Six four-door sedan which is now on display, along with the full line, at the Dennison Motor Company, Main and Haines streets.

### Nash Lafayette Automobiles For 1937 Have Many Luxurious Appointments In Full Line

Bigger and roomier and designed to the public taste in streamlined beauty, three new series of Nash LaFayette automobiles were announced today for 1937.

Three series announced by the Nash Motor Company are:

The Nash Ambassador Eight, aristocratic leader of the Nash line, built on a 125 inch wheelbase, powered by the Nash eight cylinder, valve-in-head, twin ignition motor which develops 105 horsepower, and fitted with luxurious appointments. Base price of this series is only \$855.

#### Generously Designed

The Nash Ambassador six, generously designed on a 121 inch wheelbase, equipped with the Nash six cylinder, valve-in-head, 95 horsepower, twin ignition engine, and, like its companion Ambassador, a quality built car. This series has a base price of \$755.

The Nash LaFayette "400" with a 117 inch wheelbase, 90 horsepower Monior-Sealed motor, a bigness and roominess rare in automobiles of the lowest price field, and appointments in keeping with the high Nash standard. Base price is \$595.

Although all of the 1937 Nash offerings are readily recognized as members of the Nash family, each has distinguishing characteristics.

#### Different Front End

The Nash Ambassador Eight and the Nash Ambassador Six are identical in many respects. Radiator ornaments and treatment of headlamps, however, give different front end appearance, while treatment in decoration of the trunk in the rear also makes for ease of identification.

Upholstery trim of the Ambassadors is another point of variance.

The Nash LaFayette "400" is easily recognized because the bars of its die-cast radiator grille run horizontally instead of vertically, as on the two Ambassador series.

General design improvements on all three lines are many, and bring a

The Roosevelt administration has passed fourteen new tax laws. Under them the poor man pays, but does not know it. They account for the higher living costs.

new and smart styling to the automotive field. Each of the new 1937 Nash series has been designed to conform to accepted streamlining principles.

#### In Graceful Curve

From bumper to bumper, the 1937 models sweep in one graceful curve, with each unit of design playing an important part in the overall beauty of the cars.

Handsome stainless steel strips on the hood are for decoration only, exhaustive tests by Nash engineers having proven that hood louver openings add nothing to engine ventilation.

One piece seamless steel tops not only greatly increase body rigidity and serve as added passenger protection, but also make possible a new beauty in top treatment.

#### Several Design Advances

Increased comfort has been engineered right into the 1937 Nash LaFayette series by several design advances. Seats are wide, and provide ample room for six passengers without crowding. Recessed arm rests in rear seats increase comfort of back

seat passengers. Head room has been increased to a point where it is from one to two inches greater than usually found in a modern motor car. Floor tunnels have been eliminated, providing greater footroom.

In the front compartment, roominess has been increased by mounting the hand brake on the dash.

The popular "sleeping car" feature of the Nash 1936 has been placed on the Ambassador series for 1937, improved and refined. In all 1937 Nash LaFayette cars a six foot four inch double bed may be made up in the back seat in ten minutes. The cushions serve as mattresses, and the back of the rear seat lifts up to provide a clothing shelf, similar to those in Pullman berths.

#### Degrees Are Made On Six New Members

(Continued from Page 9)  
the guests of the Rev. and Mrs. J. C. McCoy. Plans were completed for the annual turkey supper which will be served on November 5, in the Masonic Hall, Newport.

#### Cecilton Speaker

The Rev. J. C. McCoy, pastor of the Newport M. E. Church was the

speaker at the morning service of Cecilton, Md. M. E. Church on Sunday morning, the occasion marking the 117th anniversary of the church. The Rev. McCoy was a former pastor at Cecilton.

Plans are being made for the celebration of the 150th anniversary of Methodism at Newport, and the Rev. J. C. McCoy, pastor, assisted by the anniversary committee, are arranging a program of special meetings beginning November 15, and continuing until November 22, with speakers and special programs every evening.

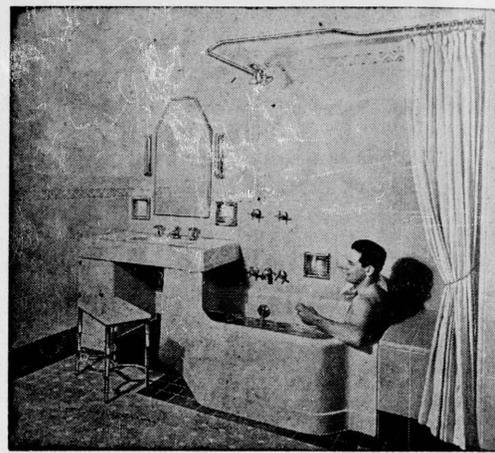

#### Hallowe'en Party Held

The Women's Bible Class of the Newport M. E. Church held a Hallowe'en party in the church house on Monday evening. Husbands and

friends of the members were their guests. Prizes were awarded for the best costumes during a grand march. A program of entertainment was enjoyed, and refreshments served. Members of this class will serve a covered dish luncheon today in the church house.

St. James' P. E. Church Guild will serve their annual turkey supper this evening in the Woman's Club building, Newport.

Mrs. C. W. Maclary has as her guests, her sisters, Mrs. Laura Jones and Mrs. Elizabeth Atkinson of Wilmington. On Sunday, Mrs. Maclary, Mrs. Jones, Mrs. Atkinson and Miss Emma S. Maclary were guests of Mr. and Mrs. Samuel Johnston of near Newark.
