Perkins Inducted As New President; Greeted By Many Key, Charter Presented In Mitchell Hall Ceremony

The inauguration of Dr. John A. Perkins as 21st president of the University of Delaware took place here Friday afternoon.

Dr. Perkins was given the key to the University as a symbol of his responsibility. He was also given the charter and by-laws by Hugh M. Morris, president of the Board of trustees, who formally inducted Dr. Perkins. Other speakers who greeted the new president were Gov. Elbert N. Carvel, Dr. Augustus H. Able on behalf of the faculty, Samuel J. Talucci for the students, and Milton L. Draper and Mrs. T. Muncey Keith for former students.

In his speech to the assemblage, Dr. Perkins said: "We begin by serving new needs; we prosper so long as we are mindful of them and accommodate them." He advised the faculty to experiment in effective teaching methods and to discover how students learn in order to increase academic standards and personal satisfaction. He pointed out that the most important group on a campus today is the student body, whose function is to participate by studying and learning.

After turning over to the new president a large brass key and copies of the University's charter and by-laws, Judge Morris pledged the support and loyalty of the trustees.

Governor Carvel offered his congratulations and officially welcomed Dr. Perkins to the state.

Dr. Able, speaking for the faculty, assured the President of the "trust and confidence" of the faculty.

Samuel J. Talucci of Newark, president of the Student Government Association, welcomed the President on behalf of the students.

"On behalf of the student body of our University, I wish to extend to you, Dr. Perkins, a most hearty welcome."

"I welcome you personally and also welcome your high regard for student opinion, your encouragement of student self-government, and your keen interest in student welfare."

"These are in the democratic tradition of the land-grant college. And today, when democracy is under

Military Ball Features Delmelodians

On Wednesday, May 2, 1951, Dr. and Mrs. John A. Perkins will be at home to the Junior Class for tea, from 3:00 - 5:00 p. m.; on Wednesday, May 9 to the Sophomore Class from 3:00 - 5:00 p. m.; and on Wednesday, May 16, from 3:00 - 5:00 p. m. to the Freshman Class. The President's home is "Belmont Hall", located on West Main Street, opposite 204 West Main.

Who will be Queen of the Military Ball? Tomorrow night this question will be answered at the fifth annual Military Ball, being held in the Women's Gym from eight till twelve. The Queen will be chosen by a special committee and crowned by Governor Carvel. The Delmelodians will furnish the music for the military formal sponsored by the Scabbard and Blade, national military society.

Jim D'Angelo is serving as general chairman of the ball with Al Graves as second in command. Colonel Joseph B. Hafer, new professor of military science and tactics at the University, will be the honored guest of the evening. Other guests include the Governor, President Perkins, and high-ranking personnel of the Second Army District.

The ball is limited to ROTC students and veterans and is to be a non-corsage affair. Class 'A' uniforms must be worn by the military students while veterans may either wear uniforms or come formal.

Tickets are \$2.40 per couple and will be on sale today and tomorrow morning in the basement of the library. They are being sold by representatives in the dormitories and fraternities, and will be on sale

tomorrow night at the door.

Chairman D'Angelo announces that everything is in readiness and the only thing necessary to make the ball a success is your participation.

S. G. A. Installs New Officers; May Day Plans Announced

By SALLY MOORE

President John A. Perkins addressed a meeting of the new and retiring Student Government Associates last Thursday in Brown Hall Lounge. Perkins' speech was part of the installation ceremony for the newly elected members.

He discussed the role of student activity and self government in college life and its relation to student's future careers. Proceeding Perkins' statements, Sam Talucci, retiring president, installed the new members.

Dick Wells, Social Chairman, announced that plans for the May Day formal, to be held May 12, in conjunction with Alumnae Homecoming, were progressing. The music will be furnished by Buddy Williams, from eight until twelve. Tickets will be \$2.40.

Bill Levis, newly-elected Engineering Representative, reported that the All-School Picnic has been set for May 13, at the farm of Claus Drobeck. A motion was passed authorizing a \$25 loan and a \$25 appropriation to cover the picnic expenses. All clubs, social groups, and individuals will be invited to the affair on a "bring your own refreshments" basis.

Bill Nicoll and Lois Deiss reported on their recent trip to the National Student Conference on Human Relations in Higher Education, at Earlham College, in Richmond, Indiana. The convention was held March 29-31. Nicoll and Miss Deiss were sent by the S.G.A. as Delaware's representatives.

Temple Theater Director Judges 9th Play Festival

Professor Paul Randall, director of the theater at Temple University, has been named as the critic-judge for the Ninth Delaware Play Festival, which will be held April 27 and 28 in Mitchell Hall.

Professor Randall will evaluate all of the twenty plays in the festival. School plays are on a non-competitive basis. All groups will give one-act plays or cuttings of longer plays.

A graduate of Ohio Wesleyan University, Professor Randall holds the degree of Master of Fine Arts from the Yale Drama School. He is one of the nation's best known college theater directors.

The play festival is sponsored by the Delaware Dramatic Association and the University Dramatic Center.

ATO Takes IFC Cup; E. Chance Sparks Original Production Musical Score, Fight Play Parlay to Win Trophy

The Alpha Tau Omega Fraternity won the coveted Inter-Fraternity Playbill and Songfest trophy during the annual IFC Playbill and Songfest last Wednesday and Thursday, April 18 and 19. All the fraternities on campus entered into competition for the cup, which is awarded on the basis of the best "all-around" performance of acting and singing. This is the second time that ATO has won the trophy since the award was started in 1948. Sigma Nu won in 1948, ATO in 1949, and Kappa Alpha won last year.

Chance Writes Play

ATO presented "Torch of Victory", an original play by Elbert Chance of ATO, who also directed the play. The play was based on the story of a young prizefighter's championship fight.

Bob Hopkins directed the ATO's singing, which had "Themes from Musical Comedies" as its theme. Songs from "South Pacific", "Annie Get Your Gun", "Rose-Marie", and "Northwest Passage", plus two fraternity songs were featured.

Judges Present Cup

Judges for the Playbill and Songfest were Dr. Frederick Parker of the Sociology department, Mr. Marvin Fennema of the Music Department, who is director of the A-Cappella choir and University Men's Chorus, and Mr. G. Taggart Evans of the University Drama Group. Dr. Parker presented the trophy to Clark MacWright, President of ATO, following the final performance on Thursday evening. Second and third place winners will be announced this week by the judges.

Francis Hammond, President of the IFC, and Dick Okonow, the Vice President, welcomed the capacity audiences on Wednesday and Thursday nights respectively. They thanked Turner Edge and Bill Tammany for assisting and coordinating the handling of properties and lighting and Roy Soukup for acting as general chairman of the IFC Playbill and Songfest Committee.

4 From Rifle Team Qualify As Experts

Four members of the University of Delaware's rifle team qualified as National Rifle Association expert riflemen, as the team completed its schedule of firing for the year.

Three others qualified as sharpshooters. Other members of the team will be eligible for competition next season.

The team fired postal matches in competition with the University of Oregon, Norwich University, of Pittsburgh, and Utah State University, as well as a shoulder-to-shoulder match with Pennsylvania Military College, and additional shooting in the National Intercollegiate Rifle Match. The team showed steady improvement throughout the season, according to Sergeant Wicker.

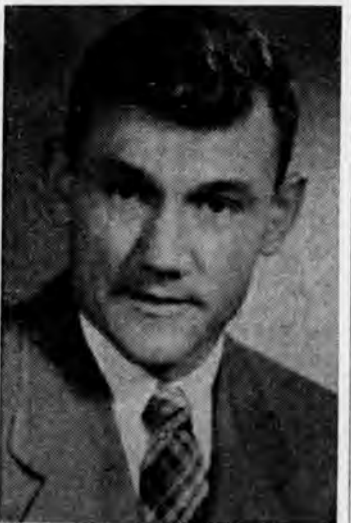

George Bradley Is 1951 Winner Of Alpha Zeta Fellowship Prize

George A. Bradley, a senior in horticulture at the University, has been chosen as the 1951 winner of the National Alpha Zeta Fellowship Award.

The fellowship is awarded annually to one senior man, selected from candidates from the forty-seven Alpha Zeta (honorary agricultural fraternity) chapters in the United States. The selection is made by a committee headed by the High Chancellor of Alpha Zeta, on the basis of leadership, character, scholarship, and service to agriculture.

Bradley is a member of the Delaware Alpha Zeta chapter, and has been outstanding in both scholastic and extracurricular activities. He is a candidate for bachelor's degree in agriculture with distinction in June, having a scholastic average of 3.5 out of a possible 4.0. His college activities are: captain of the Cross Country Team, member of the Track Team, treasurer of Alpha Zeta, Varsity Club member, co-editor of The Needle and the Haystack (student publication), Omicron Delta Kappa, and Agri-

cultural Club. He now holds an undergraduate service scholarship.

GEORGE A. BRADLEY

School and Local Theaters to Perform

Nineteen schools and community theatres will participate in the Eighth Annual Play Festival in Mitchell Hall this Friday and Saturday, April 27 and 28. The schools participating are Wilmington High School, Newark High School, Seaford, Tower Hill, Georgetown, Dover, A. I. Dupont, Laurel, Ursuline Academy, Warner Junior High, Friends School, Bridgeville, Brown Vocational School, and Conrad High School. Also, five community groups will perform. They are: the Arden Players, Salisbury Players, University Drama Group, Walnut Street Y Players, and the Wilmington Drama League. It is estimated that over one hundred people will act on the Mitchell Hall stage this weekend. Although the high schools will be non-competitive this year, each school will receive an award. In addition to these, competitive awards will go to the community theatres. Also, four awards will be given to schools with the highest audience participation. Admission to all nineteen performances is \$5.00 and all students interested in seeing their home town perform are invited to attend. The schedule may be found in Mitchell Hall.

Planning For Next Year

We are all very aware that the present school year is rapidly slipping away. Just a little over a month separates us from another summer vacation or summer school. But are we aware that we must begin to plan now for Delaware's best year ever in 1951-52?

Bill Hearn, new president of the S.G.A., has called a meeting of all club officers for Tuesday, May 15; its details will be announced later. The purpose of the meeting will be to plan next year's activities and calendar. Most of the details will be worked out during the summer and early fall, but this pre-planning session will assemble ideas and suggestions from all clubs that plan activities for next year. It is important that between now and the time of the general meeting each club discuss its plans and send to the meeting its president or some qualified representative to present the club's written and verbal suggestions and plans.

Definite improvements can be made in the coordination of students' activities. Now is the time to recommend them. We suggest that the great number of social events during the end of the spring semester be redistributed throughout the year so that students will have more time for study during the last critical weeks of the spring semester. We suggest that a thorough study of meeting nights be made to eliminate many conflicts. We suggest that a uniform fraternity meeting night be established and that intramural sports be scheduled so that they do not conflict with fraternity meetings. We suggest that more informal record dances be held to fill otherwise empty weekends. Let's have a student sponsored College Hour at least every other week.

These are but a few suggestions that could be carried out under the direction of the S.G.A. and the Coordinator of Student Affairs. If you have others, give them to the proper authorities, and ATTEND THE MEETING ON MAY 15. D. K.

Theatre Review

By GIL KOFFLER

The question: "How can *A Tree Grows In Brooklyn* be made into a musical comedy?" was entertainingly and, at times, hilariously answered in Philly recently. The best-selling Betty Smith novel has been altered and abridged, of course, to fit into a musical comedy form, but the humor and the sadness are as vivid and the characters are as sharply delineated as in the original book.

A Tree Grows In Brooklyn shows every sign of becoming a great success. It is playing to packed houses, it is getting tip-top reviews, and it is being warmly received by engrossed audiences (the death of one of the characters is met with groans from the audience). This seemingly fortuitous chain of events is actually the result of some shrewd planning. The main constituents of any musical are the music and singers who can put it across. *A Tree Grows In Brooklyn* has both. A number of excellent songs are equalled in quality by the voice of Johnny Johnston.

Acquiring a successful professional singer for the male lead was a smart move, and one that many shows employing "croakers" might well heed.

Another sign of musical comedy know-how is the abundance of novelty songs with a risqué touch, and a singer-comedienne to do them justice. In this department Shirley Booth is unexcelled, and delivers an hilarious pair of songs explaining her sexual aberrations. The crowning glory is a scattering of very funny dialogue, mostly centered around the marital doings of Cissy (Shirley Booth).

The comedy of the show is strongly opposed by the intense tragedy in the life of the Nolan family; and here, I believe, is the musical's one weakness. Overly long and depressing scenes leading up to Johnny's death are frequently inserted, until finally the observer develops a "who cares" attitude. But whatever faults are present here are more than counterweighed by the sparkling comedy and snappy music. *A Tree Grows In Brooklyn* will probably grow nicely on Broadway, too.

Letters to the Editor

Dear Sir:

While the parking facilities at the University are limited, I feel the existing facilities could be improved. Neither of the following two suggestions will create more space, but both should increase the efficiency of the present system.

1.) Reverse the present entrance and exit directions of the Robinson-Warner driveway. With the present set-up, the driver must enter the hazardous blind turn where neither pedestrians nor other cars can be seen until the car is completely within the gateway. In addition to being dangerous, probably 90% of the cars entering here are travelling south on South College Ave. so it is much closer to the Robinson Hall parking lot to turn in at the present exit.

2.) Using paint, mark off car-length sections along the University side of South College Ave. from the Infirmary to the Psychological Services Center. Due to improper spacing of the cars, 1/2 to 3/4 car-length spaces can be found along this area at almost any hour of the day. By proper spacing, every inch of this badly needed space could be utilized.

Sincerely,
Lou Shannon

Editor
The Review
University of Delaware
Gentlemen:

We of the Rally Committee feel that the decision of the Military Department to hold R.O.T.C. battalion drill last Thursday at 1 p. m. was not in the best interest of the student body. For that matter, other departments should not be allowed to schedule tests or classes for this hour, nor should there be class or club meetings then. That hour was originally set aside by the school administration as College Hour.

What is to be done? Are we going to let the one hour a week when all students could assemble get away from us? The Rally Committee plans to attack the problem in this way. First, we plan to organize a committee of students representing the S.G.A., IFC., The Review, W.A.A., O.D.K., Tassel, Varsity Club, Rally Committee, and the faculty. We want student opinion. Questionnaires will be made available to everyone. Then, a varied and interesting program will be organized and put into effect next fall. With the co-operation of everyone, College Hour will be a symbol of student pride in the University.

Sincerely,
Don Reath,
Chairman of Rally Committee

C'est La Vie

By NORM SETTER

DAFFYNITIONS:

Fraternity—A hush, hush organization where men gather to talk about women at which when you become the biggest drinker, you also become president of.

Sorority—A hush, hush organization for women—only this is impossible because who ever heard of women being hush, hush.

Home—A place where you are treated the best and complain the most.

Housemother—A person who knows the score and keeps you from doing the same.

College—A place for young people to go after the beaches close.

Late—A device used by fast coeds who go out with slow guys.

Import—A desperation device used when even a late doesn't help.

Half Breed—A Bostonian with a cold in one nostril.

Infirmary—An institution which firmly believes that any remedy is better than none, especially if it comes in pill form.

EXPERIENCE NO TEACHER:

QUICK magazine reports that the following people were picked up for drunkenness in Los Angeles: actor John Agar who was charged with drunk driving for the third time and a Vernon Twitchell, author of a book called "Living Without Liquor."

Every Man For Himself:

Teacher: (warning her pupils against catching cold) "I had a little brother seven years old, and one day he took his new sled out into the snow. He caught pneumonia and three days later he died."

There was silence for ten seconds. Voice from the rear: "Where's his sled?"

CONFUCIUS SAYS:

Modern woman putting up such a false front, man never knows what he is up against.

—THE DAVIDSON

The baseball season brings a rash of baseball stories. One of the most popular subjects of such stories is the former Dodger Babe Herman. Once Babe bought himself a handsome, white Palm Beach suit. He was showing it off, when Mrs. Wilbert Robinson, wife of the late Dodger manager, remarked to him: "My, but that's a beautiful suit. It makes you look cool." . . . "Thanks," mumbled Herman, "You don't look so hot yourself!"

—Quick

THEN THERE'S THE ONE:

About the girl who was so dumb, she thought that VAT 69 was the Pope's telephone number.

—C'est la vie.

Inside the Dust Cover

By JIM BURRI

It is written that in the year 1604 B.C. one Phorigus, scribe in the court of the Pharaoh, had occasion to refer to some old papyrus scrolls that were stored away, and finding them in deplorable condition due to the accumulated dust of the years, made a sort of sack of sheepskin for the scrolls and thus invented the dust cover. This original may now be seen in the Afghanistan National Museum at Kabul.

The coming into fashion of the type of book commonly seen today presented new problems. It was not until 460 A.D. that an enterprising monk, Benedictus O'Flaherty, discovered how to wrap a parchment around a book and make it dust proof. In those days, books were always laid flat, never marshalled in straight, upstanding rows as in the present-day bookcase. This ingenuity kept the books clean. Today, it remains only for some bright person to invent a dust cover that covers the top of a book, the removal of which is easier than blowing the dust away before opening.

However, it wasn't until the early 1800's that a callow, young publisher's clerk in Philadelphia, whose name has been lost to us, got the idea of putting advertisements, pictures, and the all too familiar blurb on a dust cover. There is a rumor that this person died of ptomaine poisoning contracted at Bookbinder's while dining with some literary friends.

Since then, authors have deplored and publishers enjoyed the institution of the dust cover. Dust covers today are, of course, notorious for their stress on the lightly or unclad wench, choice bits of dialogue or narrative, and general self-lauding of the book and the author.

Editor's note: A dust cover is the removable paper cover on books. This is the first in a series of articles on books.

Will the person who removed a suitcase from a 1951 Dodge on Saturday, April 14, please return papers by mail to the Secretary, Chemistry Department. No questions asked.

Will Play May Day

BUDDY WILLIAMS

'Neath the Arches'

By TOM O'DONNELL with JACK FAIRCHILD

If it wasn't for the part of introducing this column, we could really jump in and get things rollin' for this is what always stops us. We hear from all the leading journalists that you just gotta have a beginning at the start of a column. There's just no gettin' around it. Well I'll be darned... we're started. Since we've started let's get along with the social events, shall we dance?

Speaking of dancing, did you get to the BOWERY Ball? You didn't? Well how unfortunate, because you missed seeing some of Theta Chi's old favorites like Dean Toda and Shirley Cannon, Doug Greenfield and Alice Gorney, and Nancy Waples with Ray Wright. We also saw Don Kiddoo, new prexy, squiring our own Cherry Blossom Queen Alice Martin, Vince Bacceta and Joanie McCain, "Smilin' Jack" Messick and Jane Wagner, and Al St. Clair with Maggi Pyle. Besides that you missed those two phonies Dev McCarthy and "Fritz" Hartmann hammin' up the limelight on two inches of sawdust. Hats off to the decorations which among

other things made this one of Theta Chi's finest.

Now we glide across the dance floor to the KA's French House Party given by the pledges. The costumes were Frenchier than French. Seen "cherez-ing les femmes" were Dave Kirby, Dick Armour and Walt Swenhardt, and what femmes "Ava" Ferguson, Ann Magee and Jeannette Smith. Peeking over a garter at us, we saw Dick Winter and Florence Twiford, Tex Williams and Ann Cooke, Alumni George Frederick and wife, Bill and Betty Norton and real special guests B. J. Kinder with Ken Chapman. Along the entertainment lines "Knarf" Swain emceed a star studded show featuring "Hic" Runkle and Jim Hoey rendering Le Jazz Hot, and Ronnie Dodd with his uke.

IDLE CHATTER: "Diz" Phillips dieting for week-end of May 11th... "Crash" Morris seen Saturday nite in Wilmington at 8th and Orange... Bob Thompson and Shirley Forman engaged... Paul Catts elected Commander at Sigma Nu... Jack Buechele gracing

Union Township with presence last week-end... "Diz" Day finally giving the fairer sex a break... Dr. Dolan and his machine journeyed to Washington to watch the Supreme Court. "Flea" Greenstein leading the contingent... Ship Wreck Mural at Pike's Peak progressing nicely... "Double Bubble" Roseberry waltzing rather nicely at the roller skating party... Sub committee meeting at Carl Lasker's after the Bowery Ball... Sigma Nu banquet last Saturday following initiation of 23 pledges. Regent C. E. Palmer guest speaker... Dear Newmanites, please come on time for breakfast, you annoyed the waiters at Kent Hall... Hurrah!! Willis Hoch finally 21. Watch out D.P. ... Roarin'

THE DU PONT DIGEST

The Brains Behind the "Electric Brains"

How Du Pont Research engineers apply electronics to chemical manufacture

When you hear that a scientist works for a chemical company, it's natural to assume he is a chemist. Oddly enough, the Du Pont Company employs about as many engineers as chemists for normal technical work. Many are chemical engineers. But when it comes to basic research on instrumentation—a very important activity—both chemists and chemical engineers are in the minority.

This fundamental work is largely carried out in a laboratory of the Engineering Department, where electrical engineers, physicists and other scientists are deeply involved in electronics studies. They have some amazing devices to their credit—devices for monitoring industrial operations continuously and automatically.

Some of their ideas are spurred by a need in an existing plant. But the design of a new one may also lean heavily on novel instruments. Take, for instance, a new Du Pont plant that uses cyanides. Of course, these compounds are very poisonous. So

when the plant was being designed, engineers were aware of the importance of detecting accidental contamination of the cooling water. In fact, the whole question of getting into production hinged on the problem of dealing with plant effluents.

Chemical-electronic watchdog

Once the only way to detect a fraction of a part per million of cyanide

Fred R. Studer (left), B. Met. E., Rensselaer Polytechnic Institute 1950, examines a Pressure Strain Recorder with Allen R. Furbeck, E.E., Princeton 1939.

was to raise fish in water containing plant effluents. But this required a staff of experts to check constantly on the health of the fish. It was too slow and inaccurate. So the engineers developed a "chemical-electronic watchdog." Twenty-four hours a day, it automatically analyzes for cyanide to one part per million. If an excessive amount is present, it rings an alarm bell. Periodically, the machine pumps cyanide through itself to be sure it is registering. All the plant men have to do is take readings occasionally and fill the tanks with reagents once a week.

This is just one of many electronic devices developed by Du Pont research engineers. Others—ranging

DID YOU KNOW...

While Du Pont is the largest manufacturer of diversified chemicals in the U.S., its share of the total chemical business is only about seven per cent. It has one to fifteen major competitors for all its major product lines.

Richard G. Jackson (left), B.S. in Ch. E., Columbia 1942, and Gregory L. Laserson, Ph.D. in M.E., Columbia 1949, test an Infrared Gas Analyzer which may be used to continuously analyze and control any infrared absorbing gas in a mixture.

from ultraviolet gas analyzers and multivariable recorders to nylon denier gages—play a vital part in improving production methods. Many of them not only "observe" continuously, but automatically correct anything that goes wrong.

Research engineers at work

The term "research engineer," by the way, is a loose one. It may refer to an electronics engineer working on a new photo-multiplier circuit—or a physicist using his optics and spectrophotometry in designing a color-matching instrument. It may cover the activities of a physical chemist developing a continuous turbidimetric analysis—or a mechanical engineer evaluating a pneumatic servomechanism.

For the versatile young scientist, instrumentation research offers a fine opportunity to turn his talents into faster, better and safer production in the chemical industry.

W. A. A. Announces Officers For '51-'52 Jane Evans Pres.

By ARLENE McGEE

Probably a lot of you actively interested members already know the results of the last week's W. A. A. election, but there are bound to be some of you who have not heard the news; so for your benefit, here goes. Congratulations are in order for Jane Evans, President; Arlene McGee, Vice-President; Joan Greenfield, Secretary; Julie Richardson, Treasurer.

Jane is a P. E. major from Had-donfield, New Jersey. Ever since her freshman days she has been very active in W. A. A. affairs. Besides participating in the sports program, she has efficiently managed both table tennis and basketball tournaments. In the summertime, Jane can be found basking on the sands in Ocean City, New Jersey with her favorite "white" man.

Arlene McGee is also a junior P. E. major hailing from Milford, Delaware. She too has been an active W. A. A. participant—athletically, in a host of sports, and executive as W. A. A. Publicity Chairman for two years. Among her other notable accomplishments are Allison Club President, Kappa Delta Pi Secretary, and Girls' Sport's Editor of The Review. Arlene is the gal with the "G. E." sultan.

Joan Greenfield, a sophomore P. E. major from Wilmington, Delaware, is another well-qualified veteran W. A. A. member. She was co-manager of equipment this year, surely you saw the sign on the door—"Beware, room under new management", as well as a star player in various sports. Joan was also elected Vice-President of her class for the coming year which adds another notch in her belt of success.

Julie is a freshman Home Ec major from Swarthmore, Pa. You can usually see her buzzing around south campus with a lacrosse stick in tow. She is freshman representative to the D. A. A. Executive Council and co-manager of lacrosse this year.

We think the new officers are tops—nice and capable too! With your support they'll make a winning combination.

Chick'n Chat

By ARLENE McGEE

This week the activity on lower campus is centering around the W. A. A. banquet to be held Tuesday, May 1st, at 6:30 p. m. All girls are invited to attend the affair, which will be held in Kent Dining Hall. The program will consist of the presentation of W. A. A. awards, introduction of new officers and a lively talk by Miss Bertha Lawrence (guaranteed to make you laugh). Don't forget to check the W. A. A. bulletin board to see if you are eligible to get an award. A list of W. A. A. members has been posted with the number of points each one has earned. To get your gold W. A. A. pin you must have 90 points. 150 points are required to receive the guard which goes with the pin.

★ ★ ★

We need girls and more girls. May Day is less than 3 weeks away and practice has begun in earnest. This is one time where quantity as well as quality is needed to insure a successful program.

★ ★ ★

To date the Juniors are leading in the archery marathon. Remember that each end (set of 6 arrows) that you shoot and record on the score sheets provided, will give you practice for the tournament and help your class win the marathon.

The class tournament will be held soon, but girls must have shot at least six ends during the marathon to be eligible to participate. The top 10 scorers of the tournament will combine with the men to form teams and shoot in a co-ed tourney.

Lacrosse practices are being held on Mondays and Wednesdays at 4:00. Co-managers Bobby Baker and Julie Richardson would like to see more people come out; and softball is still being played evenings after dinner.

Tennis matches can be played off any time the courts are free.

This Week's Sports

BASEBALL: Johns Hopkins, April 28.

GOLF: Lehigh, April 26
Johns Hopkins, May 2

LACROSSE: Rutgers, April 28

TENNIS: Swarthmore, April 28
Lafayette, May 1

TRACK: Penn Relays, April 28
Swarthmore, May 2

Cindermen Win Over Johns Hopkins With 6 First Places

The Delaware thincads, although taking only six first places in the 14 events, defeated Johns Hopkins 75-51. Hopkins had some outstanding performers but no depth. The frosh team also won 63-57.

Delaware's firsts were taken by Stan Hughes in the mile, Don Vane, in the two mile, and Harry Loose in the 220 yard low hurdles. In the field events, Bill McWilliams won the broad jump and was in a three way tie for first in the pole vault with Curt Turner and a Hopkin's man, Bill Dick, Ray Haley, and Ray Salamone were first, second, and third, respectively, in the javelin, for a clean sweep.

Earl Gremm, M.A.C. 880 champion won his event in the very fast time of 1:58.5. The highlight of the afternoon was the freshman mile. Charles Manger of Hopkins followed Roger Fouracre for the first two laps and then took the lead on the third, glided slowly away from the pack and finished strong for a 4:27.9 mile. This is probably the fastest mile ever run on Frazer Field. Fouracre, after finishing second in the mile, won the two mile in 10:43.5 for a new freshman record.

This week the mile relay team, composed of Jim Jones, Harry Loose, Bill Evans, and Tom Baylis, will run in the Penn Relays. The team will run in a class mile relay on Friday and the M.A.C. mile relay on Saturday.

Lower Merion Routs Frosh Stickmen, 9-1

The frosh stickmen dropped their first game of the season to a rough Lower Merion squad last Wednesday, April 17. The score was 9-1.

The game, although lost, showed coach Harry Rawstrum the rough edges on his hard fighting boys. The attacking part of the team came closest to meeting Rawstrum's standards. The attack was taken care of by Big Jim Schaubel, Battling Jerry Angulo, and Fighting Kirk Banks. On the defense side, we found Ken Corrin, Vaughn Fox, John Hukill, George Chalupka, and Dick Thomas. Norman Williams played center and Pat Morris stood guard. In the midfield, we had such stalwarts as Bill Early, Charles Koenig, Vernon Lemex, and John Pederson.

Last Monday, the junior stickmen took on Sanford Prep in a scrimmage. Coach Rawstrum reports that he was pleased with the results, and expects a successful season.

Local Professor's Article Translated Into Japanese

An article by George H. Henry, associate professor of education at the University of Delaware, which appeared in an educational magazine, is being translated by the U. S. Department of State into the Japanese language. The translated article will be used in that country's educational program.

The article, entitled "The Group Process as Idea," was published by "Educational Leadership" in the April, 1951 issue.

Slugging Hens Knock Mules; Sink Middies in Diamond Frays

"Shack" Martin's nine made it six wins in eleven starts when the Blue Hens topped Muhlenberg 12-7, in a twenty-two hit slugfest on the Allentown diamond, April 21. The Hen pitcher, sole southpaw Lew Wright, though hit for ten safeties, is credited with the win . . . thanks to the fine offensive support from his teammates. Wright struck out five Mules.

The Hens, led by Charlie Abrams in the slugging department, blasted four Muhlenberg hurlers for twelve hits. Abrams had three for five, including one triple.

Delaware was held scoreless in the first three frames, but let loose in the fourth, fifth, and seventh with eleven runs, each Delaware hit counting a run.

3rd Defeat for Del. - from Lafayette

A Lafayette Leopard, in the person of Gordon Leslie, cost the Delaware Martinmen their third setback in seven intercollegiate contests. The 7-5 nipping was Lafayette's third win in five games up at Easton on April 18. With

Delaware leading by three runs in the sixth, Leslie tripled with two Leopards on, and then scored on an error to knot the count. In the eighth frame, with a man on second, Leslie doubled to call home the winning run. Another Lafayette two-sacker brought the seventh run across.

Gene Quinn started for the Leopards, but after three scoreless innings ran into difficulty when Delaware made six straight hits to score four runs in the fourth inning. John Bosco relieved Quinn, and did good work on the mound for the rest of the game.

Pete Carlson went all the way for Delaware and held Lafayette in check until the sixth. Carlson had allowed three hits until the sixth, but weakened to be hit for seven more safeties in the final innings. The rangy Delaware hurler struck out six and walked five.

Annapolis

The United States Naval Academy was pounded to the tune of 15 hits by the Delaware nine and a number of Navy errors. The Blue Hens defeated Navy, April 18, at a count of 13-5.

With the Middies leading 5-4, the Delaware nine forged ahead in the eighth with three runs, completing the setback with an additional six-run blast in the final inning.

Bill Shockley went the entire distance for Delaware. Yielding ten hits, the Delaware hurler struck out five and passed six on balls.

Golfers Beat W. Chester; Lose Close Match to Penn

The U. of D. golf team defeated West Chester last Wednesday at the Newark Country Club by a score of 6-3. Pie, Watson, D'Angelo and Harris turned in victories for the home team; Eisenman and Guenveur lost close matches.

On Friday, the Delaware linksmen lost a tough one to Penn at Valley Forge Country Club. The score, 7-2, is not indicative of the way the match went. There were four extra hole matches. D'Angelo won 1-up in 19 holes. Guenveur lost 1-up in 20 holes. Harris lost 1-up in 19 holes. Watson and Pie lost best ball 1-up in 19 holes and Eisenman also lost a close match. Guenveur and Harris teamed up to take best ball.

Dance Club Performs For Delaware Festival of Arts

The Modern Dance Club of the University will present an exhibition at the Women's Gymnasium next Thursday. They will repeat the program at the Pierre S. duPont High School on Tuesday, May 1.

The program at the high school will be part of the Delaware Festival of the Arts, being arranged there by Frank M. Beymer of the school's music department.

Swan Continues To Lead Lacrosse Team To Victory

By DORRANCE BARRELL

Delaware's Blue Hen lacrosse team continued its winning ways last week as it rolled up victories over West Chester and Lehigh. Journeying to the teachers' college, Milt Roberts' stickmen had little difficulty against West Chester who fell victim to a one-sided 14-6 Hen win. Delaware was slow in getting started, but once warmed up, played to victory in a somewhat raggedly-played game. The "Swoose"—Don Swan—scored seven times, with Haight West and Penny Morris leading the midfielders with two goals each. Gil McCurdy subbed for regular goalie Walbeck and turned in a good performance in the nets.

Close Fray

Saturday the Hens faced Lehigh on a sunny Frazer Field and came out on top of a close 5-4 score. Hard-driving Lehigh now has fallen to the University of Delaware two years in a row by a one-goal margin; last year the Engineers bowed by a 7-6 score.

Lehigh broke the ice when Chick Kuss tallied in six minutes of the initial period. Delaware's West tied things up with his marker in the waning minutes of the same quarter. The second quarter found Swan the only scorer on either side, making the count at half-time 2-1.

Walbeck Stars

A goal by Lehigh evened matters early in the third quarter. Swan racked up the next two tallies for Delaware after which Kuss collected another goal for the opposition. With the score book now reading 4-3, Don Cherr passed to Dan Cappel who then rifled a shot past the Lehigh goalie. Chick Kuss, a thorn in the side of the home team all afternoon, scored the final goal of the game with five minutes left to play. Incidentally, Goalie Carl Walbeck of Delaware was outstanding in his stops and clearing throughout the game.

Milt Roberts' squad meets Swarthmore (away) Wednesday and Rutgers (home) Saturday at 3:30 p. m. These two contests will be real tests for Delaware.

Fouracre Sets Pace As Frosh Trackmen Beat Johns Hopkins

The Delaware frosh track team started its season with a 63-57 win against Johns-Hopkins frosh last Saturday, April 21.

Not only did the team take first place but Roger Fouracre, continuing his successful cross country season, broke the 2 mile freshman record. The former record was set by D. Vane last year in the time of 11:00.7 against Lehigh. Fouracre's time was 10:43.5. The summaries: mile—1. Manger, J. H., 2. Fouracre, D., 3. Gluck, D., 4:27.9; 2 mile—1. Martin, J. H., 2. Reyhold, D., 3. Cherr, J. H., 3:53.8; 100—1. Heck, J. H., 2. Bristow, D., 100—1. Heck, J. H., 2. Bristow, D., 120 H. H.—1. Glackin, D., 2. Ditch, J. H., 185; 880—1. Manger, J. H., 2. Reyhold, D., 3. Holcomb, D., 2:04.8; 220—1. Heck, J. H., 2. Bristow, D., 3. Crumlish, D., 23.0; 2 miles—1. Fouracre, D., 2. Logan, J. H., 3. Gluck, D., 10:43.5; 220 L. H.—1. Glackin, D., 2. Birtch, J. H., 3. Walz, J. H., 27.6; Javelin—1. Palomba, D., 2. Walcott, J. H., 3. Birch, J. H., 162; Discus—1. Wallin, J. H., 104.7; Shot—1. Wallin, J. H., 2. Palomba, D., 3. Gluck, D., 38.1; 2. Palomba, D., 1; Br. Jump—1. Thompson, J. H., 2. Bristow, D., 3. Santos, D., 18'10 3/8"; Pole Vault—1. Aughey, D., 2. Bradford, D., 9'9"; High Jump—1. Schoeffler, D., 2. Crumlish, D., and Thompson, J. H., 5'4".

Jr. Honor Students Are Feted by Tassel

The junior women who were on the dean's list the first term of this year were entertained at tea on Thursday, April 26. The tea was given by Tassel, the senior women's honor society, at four o'clock in Warner Hall. Its purpose was to honor those juniors for their scholastic achievement. Jean Jamieson, president of the society, explained to the guests the activities of Tassel and informed them that it was organized to give recognition to women for their leadership, scholarship, and service to the University.

Schpeen Is Elected Math Club Prexy

At the last meeting of the Mathematic Club, held on April 17, 1951, officers were elected for the year 1951-52. The election was conducted by Neal Rothman, '51, who is the outgoing president.

The new officers of the club are: President, Gerald Schpeen; Vice-President, Verna Lair; Recording Secretary-Treasurer, Joyce Taylor; and Social Chairman, Florence Twiford. The faculty sponsor of the club is Edith A. McDougale.

LOST

Key chain with six keys, Wednesday, April 18, in Mitchell Hall. Please return to University Lost and Found or place on hall table in Turvey Hall.

NOTICE

Any student who plans to live on campus during summer school, should reserve a room as soon as possible. Sussex and Warner will be open the first session but Warner ONLY, the second session.

Campus Interviews on Cigarette Tests Number 19...THE WEASEL

"Who do they
think they're kiddin'?"
*I invented
double talk!"*

No wonder he blew his stack! All this double talk about quick cigarette tests was a flagrant infringement on his patent rights! They couldn't fool this character with "one-puff"—"one-whiff" experiments. Millions of smokers have reached the same conclusion—there's just *one* real way to prove the flavor and mildness of a cigarette.

It's the sensible test—the 30-Day Camel Mildness Test—which simply asks you to try Camels as your steady smoke... on a pack-after-pack, day-after-day basis. No snap judgments needed! After you've enjoyed Camels—and only Camels—for 30 days, we believe you'll *know* why...

**More People Smoke Camels
than any other cigarette!**

THE NEW FRATERNITY PRESIDENTS

Pi Kappa Alpha

DONALD SHANNON

Pi Kappa Alpha Fraternity has recently selected Donald Shannon to serve as its President for the 1951-52 term.

Don, a junior majoring in political science, has a noteworthy activity record, which includes his being a member of the Photography Club, the Gymnastics Club, the Delaware Rifles, and an active participation in Intramural Boxing during '48, '49, and '50. In addition, Don is Secretary-Treasurer of the Men's Chorus and Secretary of Interfraternity Council.

Delta Tau Delta

TOM O'DONNELL

Delta Upsilon Chapter of Delta Tau Delta fraternity has installed Thomas F. O'Donnell as its president, for the term 1951-1952.

O'Donnell is a graduate of Salesianum High School in Wilmington. He is a pre-law student majoring in history-political science. He holds membership in the Newman Club and the E-52 Players. He also acts as business manager for the Delmelodians, University dance band, and is a member of the Student Government Association Social Committee. He also served on the junior prom committee.

Alpha Tau Omega

CLARK MACWRIGHT

In a recent election of officers, H. Clark MacWright was chosen as Worthy Master of Alpha Tau Omega Fraternity for the coming school year.

A political science major of the class of '52, Clark acts as head football manager, is a member of the Gold Key Society and Student Union Policy Committee, serves as editor of the Blue Hen Tau and Publicity Chairman of the S.G.A. Social Committee, and participates actively in intramural sports.

Clark is a graduate of Columbia High School in Maplewood, New Jersey.

Theta Chi

DONALD B. KIDDOO

Donald B. Kiddoo has been elected President of Theta Chi Fraternity for the coming year, 1951-1952.

Don, a junior majoring in mechanical engineering, has just been chosen to fill the important position of editor of the *Review*, after completing two and a half years of meritorious service as head of the Sport Staff and News Staff.

A member of the Gold Key Society, the Engineering Association, Tau Beta Pi, and head basketball manager for last season, Don is a 1948 graduate of P. S. duPont High School in Wilmington.

Phi Kappa Tau

RICHARD WILLIAMS

In a recent induction of officers, Richard "Bud" Williams was installed as President of Phi Kappa Tau Fraternity for the year 1951-52.

"Bud", a former Navy man with two years of service, entered Delaware in September '48. A junior majoring in electrical engineering, he served as alternate to the Interfraternity Council during the past half year.
