FEB 18 1958

Dear Bernice -

Just a word to tell you that the Maryswoods
are back and we were happy to have such good news
of you all, and to know that Kettie has got on
so well.

We are still having some coolish days
here but on the whole good weather.
Marion is well. I'm still bothered with
my troubles, but aside from losing too
much weight which I can't afford, the treatments
I am having seem to be helping. The Kettie
fever business is slow and I can assure
not a happy one.

Marion joins in all love to you all,
and the family, and specially to Kettie.
I hope to write more at length very soon.

Always faithfully
George
