Dear Jimmy -

I'm ^{still} not feeling fit and very nervous
 & have no idea what this extreme nervousness
 comes from but I think it must be the
 stomach and intestines. In leaving here
 Thursday a. m. the 6th by air and
 at Washington take train for Boston
 & should be in the New England
 Baptist Hospital Friday morning by
 about 9 a. m. I hope I will not
 have to stay more than a week,
 as I can't bear medicine down here
 long. Will call you from the Hospital
 Friday or Saturday. Hope your father
 continues to improve. Thanks for your
 letter with the clipping about Frank Com.
 Love to you all from us both - Truly yours
 Harry

Please tell Lorie about my plans HZ
