Rappel

December 17, 1959

Mr. George S. Messersmith,
1285 Sierra Paracaima,
Mexico 10, D.F.

Dear George:

You have received with my last letter copies of letters I addressed Peacock and Abs. You know both. In the meantime I received Peacock's reply and as I believe it may interest you I enclose a copy.

Weather is beautiful. We had two rainy days last week-end.

I don't think I should remind John about your matter for the January meeting. He is well acquainted with the situation.

Are you interested in Bertrand Russell? He wrote a new book, "Wisdom of the West", with about 400 illustrations, some in colour. Although Peacock likes Russell he believes this new book to be somewhat tough reading. But if you are interested I could send you another book by him.

I expect your weekly letter!

Much love from all of us to you and Marion.
